WHAT THE BIG PUMPS ARE DOING

The Making Over of the Portales Valley is Now in Process—Every Well Will be Thoroughly Demonstrated During the Big Water Carnival in Portales.

It is perhaps not known even to our own people in and around Portales just what the irrigation wells are doing to make over Portales and the Portales Valley. There are some 56 wells now completed and connected with the power house, though only about 44 are using the water. All but five of these wells have been pumped and therefore more or less fully developed. These five, for the most part, filled up with fine sand and need either to be flushed out or to have the solid casing pulled and perforated casing inserted. Some of the wells at first believed to be hopeless failures, as for example the Morris well, are now among the best in the Valley. The difficulty was found to consist in the fact that the large solid casing had slipped down and cut off the under flow. At considerable cost Mr. Morris pulled his casing and inserted perforated casing with the result that this well is now delivering 1400 gallons of water per minute.

On the other hand, it may be doubted if the whole southwest is anything to equal the water which is being pumped from the west of these wells.

The J. E. Morrison well, one mile out, is one of the most remarkable wells we have ever heard of. To begin with, the well-driller's "log" shows that it has 80 feet of water bearing sand and gravel. On putting the pump on this well, it began yielding some 1000 gallons of sand and water and after being pumped several days, it now has capacity to deliver 1400 to 1600 gallons per minute, and if the pumps were larger, there is practically no limit to the capacity of this well.

The G. W. Carr well is another of the wonder-wells of the Portales Irrigation project. On beginning to pump this well, which is located some 3 miles out, the draw-down was 18 feet and delivered only 750 gallons per minute. Mr. Carr would have sold out for a long time, but after some few days of pumping, this well climbed up to 400 to 1600 gallons per minute with only 11 feet draw down. Mr. Carr immediately climbed up to the top-most rung of the ladder and has been sitting up nights counting his money and watching the water flow.

The Servis-Tyson well is another one of the best wells to be found anywhere. At first this well, located 5 miles out, did not promise much. But after some days pumping, this well also jumped up to 1400 gallons per minute. The gentlemen have about 100 acres now under the water and are getting ready to sow a large acreage in alfalfa.

The Lindsey well which is located one-and-a-half miles out and which was one of the test wells, is now delivering 1200 to 1400 gallons per minute.

The Elliot well is another of the test wells, the last one and the

best one to be tested. This well, located some ten or eleven miles out, began to deliver 1470 gallons per minute so soon as the pump was installed and connected. As Mr. Elliot is an experienced irrigator and had somehow kept his crop growing until the precious water came, he has something to show in this year's crop. The Flue Anderson well is located in the same neighborhood with the Elliot well as is also the Farnham well and many others. It is giving its owner from 1200 to 1400 gallons per minute and is running out over a growing crop which Mr. Anderson has refused \$15 per acre for already.

The Priddy-Sledge well is a half mile out on the School Section between the cemetery and town. It is delivering about 1200 gallons per minute—all the irrigators can handle.

But why try to recount what all these wells are doing? Messrs. Neer, Fairly, Merrill, Langdon Gregg and a dozen others have wells which are the equal of any pumping proposition in the southwest. This week the big water shows to be held and Portales will no doubt see people come from far and near to witness the most unique water exhibit ever given in the southwest.

C. COURT MEETS RECESS SESSION

Commissioners Court in Recess Session Transacts Much Routine Business; Election Judges Are Appointed.

That "Arbitrary" Ruling

Our esteemed contemporary, the Portales Times, was evidently very much confused in its write up of the county democratic convention; while the Herald makes due apologies for a failure to mention the county republican convention which met in Portales last week and nominated candidates for the constitutional convention. Our failure was an oversight, due largely to the absence of the editor who made a trip to the Pecos Valley, leaving Portales Wednesday.

The Times declares Chairman A. B. Seay's ruling in excluding the proxies, handed in Monday morning was "arbitrary." We desire to take issue with the Times on this point, not for the sake of discussion but in the interest of truth and fairness and because it was upon the ground of this ruling that the C. C. & Co., found its pretext for bolting the very convention which it had inaugurated and run rough-shod over the people.

REASONS FOR THE RULING

There were three good and sufficient reasons for ruling out the proxies handed in at the Monday morning's session of the convention.

A motion was passed unanimously on Saturday night, asking that all proxies be handed in and filed with the secretary Saturday night. Now we submit that, unless this motion were rescinded, the chair had no choice in the matter and could only rule out the proxies which were foisted upon the convention at the opening of the adjourned session Monday. Was it not a little "nervy", to undertake so make the convention swallow these proxies in the face of such a motion?

The report of the credentials committee had been heard and the committee discharged on Saturday night. How, then, could the convention pass upon the proxies? The credentials committee must be re-appointed and the whole convention wait again the report of this committee before taking even one vote—since the convention voted by roll call—or else the convention in a committee as a whole in executive session must stop further proceedings and take up these proxies and pass upon them. But as the convention had passed this order of business and as both sides had been put on notice, by the motion passed Saturday night, it was preposterous to ask the convention to go back, re-appoint a credentials committee or go into executive session in order to pass upon proxies which were brought up there Monday and filed in the face of the expressed and unanimous will of the convention.

If the proxies of Floyd, Charlotte and Taiban could be turned over to the Compton crowd, in the face of the motion passed Saturday night and in the face of the fact that the credentials committee had already made its report and had been discharged, then what was to hinder two men or even one man, on each side from sending all the delegates away on Sunday and getting their proxies and coming up to the adjourned session Monday and voting every one of them? There is absolutely no difference in principle, and neither one is fair or allowable. The delegates knew the contest was close. They were sent to the convention to stay there until it was over. They voted on the motion to file all proxies Saturday night. Then why did they leave? If they had to leave, why did they not file their proxies Saturday night? Did they want to force the chairman to rule them out so that they would have an excuse to bolt and try to tear up the democratic party? Who worked up this convention scheme and run it over the people? And, who are the people that jumped at the first pretext to bolt and now are gone out proclaiming themselves the only true, original and Simon-pure democrats? Let all true democrats beware.

ALL VOTERS MUST REGISTER.

All voters who expect to participate in the election September 6th for the selection of delegates to the constitutional convention must register their names in books provided for that purpose within the next two weeks. The registration books are open in the several voting precincts, those for the Portales precinct being at the court house. Every voter should see that his name is properly entered upon the books in his voting precinct, else he will be disfranchised in this important election. Do it now!

HOUSE BURNS.

Monday night while the family were away for the night, the house and contents, of Mrs. Mann, postmistress at Mann store, was supposedly struck by lightning at any rate caught on fire and burned, nothing being saved.

W. C. Lightfoot, who for some time past has been employed in the G. L. Reese law office as stenographer and who has proven himself a worthy and honorable citizen, left Sunday for Albuquerque, where he has accepted a position with A. Fleisher Realty Company.

Mr. and Mrs. Grover Brock left today for a visit to relatives in San Angelo and other Texas points.

BENEVOLENT ASSOCIATION MEETS.

At the Methodist church last Monday afternoon the Benevolent Association held its second meeting. The committee on the drafting of a constitution and by laws for the association reported its work and the matter left to a future meeting for adoption. A motion was passed to ask the other benevolent societies to cooperate with the Benevolent Association in its work.

Mesdames Hart, Reagan, Austin and Wolforth were appointed a committee to solicit members. Some other matters received attention, after which adjournment was taken until two weeks hence.

This association has for its object a systematic charity work and, like all systematized work, more can be accomplished than in the old haphazard way of handing out your dimes and quarters. All cases of needed help will be reported to the association who will investigate and give just the help needed.

This is another good move in the right direction and should have the hearty co-operation of all our citizens.

Mr. and Mrs. H. C. Moody returned to Nocona yesterday after a visit of some days with their sons, Sterling Moody and J. B. Priddy. They were accompanied to Nocona by Mrs. Moody and the children.

OLDMAN OPTIMISTIC.

B. D. Oldham, the man behind the fort at the First National bank of this city and generally considered one of the best authorities on financial conditions in our section of New Mexico, in speaking with a Journal representative yesterday said that he believed that we would witness one of the most prosperous years in our history next year. He believes that the general summer rains which are falling all over New Mexico at this time, although too late to add any considerable amount toward making good crops for the present year, certainly must indicate as other like years before in this country have, that next season we are to reap a bumper harvest. Mr. Oldham belongs to the optimistic class that has contributed so much toward the development of this new and raw section of the great plains country. He sees no cause to become alarmed over the apparently dull season, when crops are not their best and when general industrial conditions are apparently at a stand still. Other authorities

view the matter in the same light. We know that we have the things which go to make up the best counties and the best cities, in our section of this new state to be, and in Clovis. While they appreciate the fact that the year through which we have just passed was a very discouraging one in many respects to many individuals and to some few trades and business undertakings, it is not an indicator of the conditions which have prevailed before and which are likely to be with us often afterward. The people here as a whole understand this and this understanding is a long stride in the direction of a solution of the difficulty.—Clovis Journal.

NOTED SPEAKER COMING.

Democratic Chairman, A. B. Seay, has received notice that on Monday, August 22, Hon. John Z. White of Chicago will address the citizenship of Portales and Roosevelt county. Mr. White is sent out by state chairman, W. B. Walton of Albuquerque.

In the District Court, Cause No. 477, Roosevelt County, N. M.

Henry Rankin, as trustee of the Elida Mercantile Co., a bankrupt, Plaintiff vs. H. A. Shannon and Mrs. A. W. Shannon, Defendants.

In an action brought by said plaintiff against the above named defendants, a final decree was rendered by the district court aforesaid, on the 14th day of April, A. D., 1910. Whereby the defendant H. A. Shannon was found to justly owe the plaintiff the sum of one thousand four hundred and sixty-one and ten one hundredths (\$1,461.10) dollars with six per cent per annum interest thereon since December 14th, 1908, which with interest to Sept. 14th, 1910, will amount to \$1,600.00 and, whereas, by said decree the lien in the plaintiff's favor on the property described below, was foreclosed and said property ordered sold for the satisfaction of the indebtedness mentioned, together with all the cost, and the sheriff of Roosevelt county was appointed, with the usual powers of a master, to sell such property as in said decree is provided.

Therefore, in consideration of the premises, notice is hereby given that the undersigned, as such sheriff and master, will by virtue of said decree, sell at public vendue to the highest bidder, for cash in hand, on Wednesday, the 14th day of September, 1910, at the hour of 12:30 p. m., the following described property, to-wit:

The undivided ten-twenty-first (10-21) interest of the defendant, H. A. Shannon, and all the right, title and interest of said defendant, H. A. Shannon and Mrs. A. W. Shannon, or either of them, in and to lot number nine (9) in block seventeen (17) of the town of Elida, N. M., according to the plat of said town on file with the probate clerk and recorder of said Roosevelt County together with all and singular the improvements, hereditaments and appurtenances thereunto belonging or appertaining. Such sale to be made before the court house door of Roosevelt County, New Mexico.

In witness whereof said sheriff has hereunto subscribed his name on this the 18th day of July, 1910.

R. A. Bain,
Sheriff Roosevelt Co., N. M.

NOTICE OF SHERIFF'S SALE

NO. 575.
In the District Court of Roosevelt County, New Mexico.

The First National Bank of Portales, N. M., Plaintiff, vs. H. G. Justice, Emma E. Justice, Coleman Justice, Tom Justice and Max Justice, Defendants.

Whereas on the 10th day of June 1910, the plaintiff in the above entitled cause recovered a judgment against the defendants, H. G. Justice and Emma E. Justice in the sum of \$627.96, and costs of suit amounting to \$18.55, which said judgment was obtained upon the promissory notes of defendants, executed and delivered by them to the plaintiff, and also, upon the same date the said plaintiff obtained a judgment and decree against said defendants, H. G. Justice, Emma E. Justice, Coleman Justice, Tom Justice and Max Justice, foreclosing a mortgage lien upon the north-west twenty-five (25) feet of lot numbered three (3) in block numbered twelve (12), in the town of Portales, New Mexico, the said lot having a twenty-five (25) foot frontage on Main Street and extending back that width the full depth of said lot according to the plat of said town now on file in the Recorder's office of Roosevelt county, New Mexico, together with all improvements now or hereafter thereon, which said mortgage was of even date with said promissory notes and given by said defendants for the security of said notes; and,

Whereas, it was directed by the court in said decree that the sheriff of Roosevelt county, N. M., after due notice, sell said described property to satisfy said judgment, interest amounting to \$24.28 at date of sale, costs of suit and accruing costs.

Therefore, by virtue of said judgment and decree, I, R. A. Bain, Sheriff of Roosevelt county, N. M., will on the 6th day of October, 1910, at the hour of 2 o'clock p. m. of said day at the east front door of the Court House in the town of Portales, N. WE MUST PAY FOR WHAT WE EAT

Various reasons have been assigned for the prevailing high prices of foodstuffs. The city press is disposed to account unanimously for the high prices of meat and other necessities to the constantly increasing wage scale of organized labor, and the labor organs, always biffing some ignis fatuus, turn around and blame the trusts, which they liken to the vampire bat and in ringing editorials on the abuses of plutocracy tell their readers of the millions the meat trust is stealing daily from the farmers and customers. As a remedy these labor organs plead for more intelligence and unity among the people.

Henry George foresaw danger ahead for the country when all the people attained a high degree of intelligence. He saw in the graduate of an endowed college a man who might not be content to make an honest living on a small apple tract, which would require his own labor and attention to provide comfortably for himself and family. The pioneers who settled the country were not, as a rule, quite so intelligent as they are now and as they had no time to be given up to acquirement of knowledge on such abstruse subjects as trusts, labor organizations, or the power of ballot in the hands of beggars or to weep over the fact that God made the land for the people.

The more educated and the more intelligent the people the more dreamers apparently we have in the country. No man is accounted intelligent today who is not able to make a living without manual labor. Parents who are anxious to see their sons go through college and come out equipped for a professional life have much to do with discouraging farm life and adding to the woes of congested centers and the high prices that are puzzling the minds of the professional class. The fact is the prices of farm products, high as they are, are not high enough. Country people have no fault to find with the prevailing high prices.

If the meat trust is to blame for the high prices at which cattle, sheep and hogs are now selling it is to be praised, not condemned. A mutton chop may seem high for those who spend their time in joy rides and racing about in automobiles and to that other class who spend their time addressing socialistic and anarchistic meetings in the parks and backrooms of five-cent beer joints but to the sheepmen who receive \$7.00 a head for his marketable lambs, he is perfectly willing that the excooriated meat trust should be allowed something for skinning the lamb. There is still vacant land in the west for those who want to eat meat, but cannot do so on account of the high price, but to the majority of them death through starvation in the city is preferable to life on the farm. While some of the joy riders and socialistic orators are busying themselves with some solution of the problem a few earnest men and women are coming west and taking up homesteads and W. C. Brown is very busy in New York state getting worthy people back on abandoned farms. The question will solve itself in the evolution of time for America is not ready to starve its hundred million people for some time yet. In the meantime those who eat must pay the cook.—Field & Farm.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be found on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by Pearce & Patterson.

CLOVIS PEOPLE SEE PORTALES.

J. S. Fitzhugh, Chas. E. Dennis, R. A. Baxter, Attorney Ryan, W. D. McBee, Cash Ramey and T. J. Mabry attended a portion of the session of the Roosevelt county democratic convention called to meet in Portales August 6th for the purpose of naming three candidates for delegates to the constitutional convention. All of the party excepting Baxter and Ramey came down on the afternoon train Saturday, and Mr. McBee who went down the day before, rode into the irrigated town on a local freight, landing about nine o'clock in the morning. Their purpose was to get there in time to hear it all, and, as Charlie Dennis expressed it, "in time to see the slate fixed." This was perhaps the warmest meeting of its kind ever held within the walls of the Roosevelt county court house. The Compton and the anti Compton factions, as they have been called, were allied against each other, contesting and fighting for every inch of ground which each came to possess, and at times the crowded hall was almost thrown into a panic. The entire proceedings were sufficient to make the Clovis visitors congratulate themselves that they were so fortunate as to live in a community where the voice of the people was given a chance to be heard, and where the old antique method has been supplanted by that valuable instrument of the people, the primary.

"How much better and fairer the primary is" remarked one of the Clovis democrats as he stood with hat in hand and his coat up on his arm in the crowded and

hot convention hall, where every onlooker was elbowing for his dear life to see when the blow might be struck, who would be the contesting parties.

The Clovis party returned to the city on another local freight which left Portales at four in the afternoon, having spent an enjoyable time with the good people of Portales, and having learned to more appreciate the advantages of modern methods in party government.—Clovis Journal.

VAN WINKLE'S LUCKY DAY.

Monday August 8th was a lucky day for W. W. Van Winkle that being the day he received the democratic nomination for delegate to the constitutional convention, then rushed home in a good and much needed rain and the next morning had born to him and Mrs. Van Winkle a big bouncing girl. Van is big and broad shouldered and carries his honors well.

AND STILL THEY COME.

The report of the Santa Fe land office made public for the month of July, shows that 20,000 acres were taken up under various public land entries, showing that there is no falling off in the immigration to New Mexico for the Santa Fe office is only one of six in the territory.

The Henderson boys, Berry, Eagle, George and Frank, from various points in Texas, also Mrs. Baker are here with their father, J. P. Henderson, who is quite ill.

Miss Ione Austin is visiting Miss Ethel Crawford at Eiland this week.

CASE NO. 623.**

In the district court of Roosevelt county New Mexico.
The Savings Bank of Melrose, Plaintiff, vs. Chas. D. Fields, Daisy L. Fields, et al, Defendants.

To the defendants, Chas. D. Fields and Daisy L. Fields.

You will take notice that a suit has been filed against you in the District Court for the Fifth Judicial District of New Mexico, in the county of Roosevelt, in which The Savings Bank of Melrose is plaintiff and yourselves and Tom J. Taylor and Fannie P. Taylor are defendants.

That the general objects of said suit are to collect the sum of \$238.50, evidenced by a certain promissory note given by you to plaintiff and dated the 5th of April 1909, and secured by a real estate mortgage upon the N. E. 4th of section 25, Township 1 North, Range 31 East N. M. P. M. Roosevelt county, N. M. duly signed and acknowledged by you, which was due and payable on the 5th day of October 1909, and to foreclose said mortgage, together with attorneys' fees for foreclosing same, and for such other relief as the court may direct.

You are further notified that if you fail to appear and answer or plead in said suit on or before the 17th day of September 1910, the plaintiff will take judgment by default against you and will apply for the relief demanded in its complaint.

The name and business address of plaintiff's attorneys is McBee & Hoenshall, Clovis, New Mexico.

Witness my hand and the seal of said court at Portales, New Mexico, this 29th day of July 1910.

"DOES IT RAIN OUT HERE?"

For thirty months much of this plains section of Eastern New Mexico has suffered from a great and almost continuous drouth. Of course there have been spots which have received more or less rain during that time; but as a rule, what rain fell was easily and readily soaked up by the parched and thirsty earth. After a good rain or two in the spring and two or three showers since, "the fountains of the deep" appear to be broken up here of late and the floods, so long and so badly needed are falling over all parts of Roosevelt and adjoining counties. Ten days ago two insignificant clouds came together in the vicinity of Portales and perhaps two and a half inches of rain fell in two hours. Later on the same night, a wider extending rain fell westward from Portales.

Then Wednesday, Thursday, Friday, Saturday, Sunday, Monday and Tuesday nights good general rains fell all over this section of the county. The streets in Portales have been well nigh impassible for several days except on horseback or in a vehicle and it looks as if the "big water show" was about to be drowned out by a bigger one from above.

CLEAN UP THE FILTH.

Why don't you clean up the filth around your back doors, barns and outhouses? Don't you know it means disease and loss financially and physically? Don't you know that after these heavy rains the flies will breed and feed and fatten and swarm in every section of town, spread fever in the homes, bring disease and death to your loved ones and give your town a big black eye? Well clean up then! Do it now!

Artistic and permanent dental work attracts. Dr. Worth is prepared to serve you. Call at his office on North Main St. 24tf

J. P. Deen of the Joyce-Fruit Co. left on the north-bound Tuesday.

EXPRESSION OF THANKS.

I desire not only to thank the delegates and people of Roosevelt county for the support given me and the nomination conferred upon me in the recent county Democratic Convention but also to say that this support and honor are all the more appreciated because, owing to sickness in my home, it was absolutely impossible for me to make a canvass of the county as I would have done otherwise. I am glad to say, however, that my folks are now practically well and I am therefore free to go any where over the county and to the best of my ability help the democratic party to victory at the polls September 6th.

W. W. Van Winkle.

Mrs. Brown, the matron at the Portales Sanitarium, and her daughter, Miss Winifred, returned Tuesday from a visit to Commerce, Texas. Mrs. Brown's stay was cut short by illness, she having contracted fever directly after leaving here, and she hastened back to Portales and entered the sanitarium as a patient.

Walter Brandon, business manager of the Herald, left Tuesday for Canyon City, Texas, his old home, where he hopes to do some good advertising the Water Carnival among the people who are in attendance there at the annual reunion of Confederate Veterans, which opened there the 16th and closed the 18, the opening day of the big water show here.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food; when this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by Pearce and Patterson Pharmacy.

L. B. Tucker went to Abilene, Texas, leaving yesterday, to carry his son back where he has been under treatment.

NOTICE TO LAND OWNERS

I have connections with eastern capitalists, whom I believe will, on my representation, buy your irrigated and other land in the shallow water belt. If you desire to dispose of a part, or the whole of your land at a reasonable price, I will use my best efforts and influence to obtain buyers, without expense to you.

Yours truly,
T. J. Molinari, Portales, N. M.

GOOD NEWS.

MANY PORTALES READERS HAVE HEARD IT AND PROFITED THEREOF.

"Good news travels fast," and the hundreds of bad back sufferers in Portales are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

J. T. Sandoval, 115 Ortiz St., Santa Fe, N. Mex. says: "I have used Doan's Kidney Pills off and on for two years and they have done me a world of good. A dull pain in the small of my back, sometimes extending into my bladder, caused me a great deal of suffering, particularly when I took cold. I was bothered mostly in the winter and in addition to the pain in my back, there were symptoms of inflammation of the bladder. The kidney secretions were highly colored and when passed were attended with a scalding pain. I never used another remedy that acted as satisfactory as Doan's Kidney Pills. They proved to be just the medicine my case required and the complete cure they brought has led me to recommend them on more than one occasion."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by Pearce & Patterson Pharmacy.
