

# Figures Released On New Grain Program

Castro County grain sorghum farmers will have the opportunity this year of participating in a relatively involved program aimed at limiting production and at the same time increasing agricultural income.

Farmers will receive a price support of \$1.89 per hundred for grain sorghum.

The basic ingredients of the plan are: Farmer Jones has been planting 250 acres of grain sorghum in Castro County. The government wants him to curtail his production this year so he is offered incentives to not plant as much as in the past. He is asked to cut back his acreage 20 percent and for this he will receive a payment for the acreage he does not plant and will receive a price support of about \$1.89 per hundred (national average is \$1.93). For the acreage he does not plant, Jones will receive half the support price for his estimated loss in yield. Castro County's average production has been set at 4,088 pounds per acre. Jones decides to leave out 20 percent of his 250 acres which is 50 acres. For these 50 acres he does not plant, the government pays him half of what he would have made by planting it all figuring he would have produced 4,088 pounds per acre.

Thus his production on these 200 acres would amount to 204,400 pounds. Since he receives half the support price on the production he would receive a payment of about \$1,931.58 before he ever planted a seed on his remaining 200 acres.

Jones could lay out 40 percent of his land (100 acres) and be eligible for 60 percent of that support price on his unplanted land. Thus he would receive \$4,635.29 for the acreage he would not plant.

If Jones decides he doesn't want to participate in the program, he can grow all the grain sorghum he likes and sell it on the open market.

This is a hypothetical case used for illustration only. Purpose of the program is to try to cut back grain production to where it will equal demand.

Each farmer can figure out his individual acreage and payment roughly by taking the number of acres planted last year, deducting 20 percent, and multiplying the number of acres diverted by 4,088 to find the production with which he will be credited as curtailing. Since he will be paid half the support price on this acreage then he can multiply his unproduced poundage by 94.5 cents per hundred, which is how the support price is found out what his spring payment will be.

A farmer wishing to lay out 40 percent of his acreage may receive 60 percent of the price support for his diverted acreage.

A farmer, with 25 acres or less may retire all of these under the program.

Castro County, incidentally, is second only to Parmer County in the Panhandle-South Plains area in the per-acre production of grain sorghums. Parmer county's average was 4,267 pounds per acre.

Essentially, a Castro County farmer will receive \$38.63 per acre for laying out 20 percent of his acreage or 46.35 per acre for 40 percent.

Non-compliance with the feed grain program will have no influence on a farmer's qualification for price supports in the oil seed crops, cotton or wheat.

Each farmer will receive in the near future a notice of his farm base, minimum acreage reduction required for participation, maximum permitted acreage for planting, payment rate per acre on retired land conservation requirements on layout acres.

If farmers want to, they can forego the payment for laid-out acreage and plant on this land such crops as sesame, castorbeans, safflower or sunflower and market these crops. They will receive the full support price for the grain sorghum they produce.

By accepting the payment farmers must put their diverted acreage in conservation crops which cannot be marketed. Grazing on retired land will be permitted only on wheat planted for harvest in 1962.

The feed grain legislation has four purposes. It is to increase farm income; prevent further build-up of the feed grain surplus and reduce it if possible; help assure the consumer of fair and stable prices for meat, poultry and dairy products and reduce the ultimate feed grain program costs to taxpayers.

The program is voluntary and applies only to 1961. All field corn, and grain sorghum whether for grain, fodder or silage are covered and cooperators are being asked to reduce their 1961 plantings of these crops by at least 20 percent below the 1959-60 average acreage.

Cooperating farmers will be eligible for other support prices also. These include \$1.20 per bushel for corn, 92¢ per bushel on barley, 62¢ for oats and \$1.02 per bushel for rye. The non-cooperator will not be eligible for price support on any of these crops. His production would have to move at market prices. He cannot depend upon the government price support nor his neighbor's production adjustment to hold up the market price.

Cooperators, if they choose, may receive payments in the form of negotiable certificates which represent (See GRAIN, Page 7)

# Dimmitt Wheat Growers Buy Elevator From Local Firm

Dimmitt Wheat Growers, Inc. announced this week that the corporation had purchased the grain elevator portion of Dimmitt Gin and Elevator Company.

This purchase ups the capacity of the giant Dimmitt Wheat Growers to 4,640,000 bushels, counting rural receiving stations.

The announcement was made by Aaron Isaacs, secretary and general manager of the co-operative elevator, Dimmitt Wheat Growers will take possession of the Dimmitt Elevator on June 1, 1961.

The Dimmitt Elevator was sold by its owners, J. C. and W. W. Gilbreath, Bob McLean, Jack Miller, G. L. Willis, Allie Mae Willis and Carl Kemp. The Dimmitt Elevator is located in southeast Dimmitt and consists of 1,500,000 bushels of storage in a concrete elevator and steel flat storage unit. It was organized as the Dimmitt Gin Company in 1953 and in 1954 the elevator business was added and the name changed to Dimmitt Gin and Elevator Company.

Dimmitt Wheat Growers did not purchase the office and scales of Dimmitt Elevator, but announce they would have a new office and scales ready for wheat harvest. An office will be maintained only during harvest seasons.

# Beet Growers, Grain Meeting Here Monday

A combination meeting of grain sorghum producers and sugar beet growers will be held Monday night April 17th at the High School auditorium beginning at 8 o'clock.

There will also be a formation meeting of a Castro County Irrigation Gas Users Association.

Lee Benefield, president of the Texas Sugar Beet Growers Association from Hereford, will be the main speaker at the sugar beet portion of the program. There will also be a report on the membership drive which has resulted in more than 100 members. Businessmen members of the organization are especially urged to attend by the association since a general summation of its accomplishments will be made.

Charley Hill, secretary of the Castro County ASC, will explain all aspects of the administration's new feed grains program.

A conflict with other meetings caused the two groups to decide to hold their simultaneously.

**CAR STOLEN**  
A 1956 black Chevrolet automobile belonging to Pie Montgomery was stolen Tuesday night and has not been located.

# Editor at Canadian Sees Dark Side of John Birch Society's Survival Proposals

Ed Note: In place of our regular column this week, we are printing an editorial published recently by Ben Ezzell, editor of Canadian (Tex.) Record. We reprint it here for whatever it may shed on this controversial issue.

By Ben R. Ezzell  
Editor of The Canadian Record  
What is the John Birch Society? A number of people have asked the question since we made our casual mention of the name in our columns two weeks ago.

It's possible... even probable... that you've never heard it before. It's also possible... even probable... that you're going to hear a great deal of it before we're through.

It is... according to its founder an absolute ruler, a wealthy New England manufacturer named Robert H. W. Welch... an arch enemy of international communism... our only hope of defeating communist domination of the United States.

Its avowed goals, as set forth by its leader, are to achieve "less government, more individual responsibility, and a better world."

That's a program which most of us, if you're average patriotic Americans, can agree with wholeheartedly.

But the methods by which Welch, through the John Birch Society, proposes to achieve these goals will... if you're an average patriotic American... raise the hair on your head.

He proposes, in essence, to establish an American dictatorship... with Robert H. W. Welch its head.

A few nights ago in a neighborhood, by special invitation, I went and heard the founder of the John Birch Society deliver a two-hour address in which he outlined a threat of communist domination in America and his plans to defeat it. This was in the form of a film which is shown to all prospective members of the John Birch Society as the first step in their assimilation.

In it, Welch first reviews the unstable progress of communist conquest around the world... then presents his program for conquering it.

His premise is simple: The communists, he declares, are already on the way along in their master plan for world domination. They have, Welch declares, already taken control of the government of the United States. This, he says, is the only thing left for patriotic Americans to do is to come and undermine the government.

To do this, Welch continues, we must have an organization... a leader. "We have the organization," he declares, indicating the John Birch Society, "and I am its leader."

Anticipating any doubts, Welch quickly admits that he may not represent a free choice. "I may not be the person you would have chosen," he tells his audience. "I may not even be the person I would have chosen. But I am the only person who is available and my way is the only way. There is no choice."

Having established himself as a leader of the crusade, Welch then makes it clear to prospective John Birch Society members that he will exact absolute loyalty and unquestioning obedience.

By his own estimate, a communist-fighting organization like the John Birch Society needs "a hard-boiled, dictatorial and dynamic boss." Welch obviously thinks he is it. He has all the qualifications for dictatorship. He is tough, able, persuasive, dynamic... and fanatical.

Welch, in fact, sees nothing wrong with dictatorships. He addresses dictators. "The only non-communist governments left in the world today," he declares in his filmed speech, "are a handful of small nations..." and he mentions admiringly, the government of the Dominican Republic under dictator Trujillo, and that of Nicaragua under Somoza, to name a couple.

He wastes no admiration on democracies, however. "Democracy," he says, "is merely a descriptive name, a weapon of demagoguery, a perpetual fraud."

The John Birch Society is not, in any sense, democratic. "Direction will come from the top," Welch tells his prospective converts. There is to be no arguing with his decisions, and no debate. "We have no time for useless parliamentary procedures," he declares.

"We are going to cut through the red tape and parliamentary prior patches and roadblocks of confused purpose with direct authority at every turn. The men who join the John Birch Society... are going to be doing so primarily because they believe in me and what I am doing and are willing to accept my leadership anyway. We are going to use that loyalty, like every other resource, to the fullest possible advantage." In event any rugged individualism crops up in the John Birch membership, Welch says provision has been made to take care of them. Presumably he means to smother them... not liquidate them.

"We are not going to have factions developing on the two-sided every-question theme," Welch

# JayCeers Name Pete Wright New President

The Dimmitt JayCeers wound up a week of spirited intramural political campaigning and elected Pete Wright, local Soil Conservation Service work unit supervisor, as president for the coming year.

Named as second vice president was Bob Dulaney, farmer and spraying service operator.

Third vice president of the civic organization is Larry Allen, a newcomer to the JayCeers. He is manager of the Western Auto Store here.

Secretary is Bill Barnett, local medical laboratory technician.

Present president Ewing Mathis was chosen to be the club's new treasurer. Mathis is secretary of the Plainview Production Credit Association.

Fred Bruegel, local farmer and elevator operator, was elected state director.

New directors elected were Rayphard Smithson, local farmer; Jack Miller, attorney; and Bob Crawford, manager of Panhandle Compress and Warehouse.

The new officers will be installed at the annual JayCee banquet here this month.

# Cancer Crusade Begins April 16

The annual American Cancer Society Drive will be held in Castro County during the week of April 16-22.

Jim Hays, drive chairman, urges all citizens of the area to contribute to the cause. Anyone wishing to make a donation should mail it to Jim Hays, Cancer Crusade Chairman, Dimmitt, Texas.

Castro County has consistently met its quota in drives to combat cancer, the nation's number two killer, one spokesman of the group said.

Any cancer patient is welcome to sickroom needs maintained by the society. These include beds, dressings, and other necessities.

# Cotton Meeting Set for Tuesday At Court House

A county wide cotton meeting will be held Tuesday night, April 18 at 8:00 p.m. in the Community Room in the basement of the court house, according to Charles Hotel, County Agent.

# John Birch Society Co-ordinator Says His Group Stands Falsely Accused

"The John Birch Society has one big aim, and that is to educate the people of the United States about the evils of Communism," so said General William L. Lee (ret.) before a capacity crowd at the American Legion Building Thursday night.

Lee was speaking before a zone meeting of the American Legion at the invitation of the zone to give the John Birch Society's viewpoint in the present growing controversy over its tactics in fighting communism.

The controversy began, General Lee said, when the Communist publication "People's World" in San Francisco "began a deliberate smear campaign. Then a reporter for Time magazine, who spent three hours with our national director Robert Welch, wrote a very erroneous article which created a storm of controversy. It was very poor reporting. Now we have been torn into by many hack journalists of this area. I receive anonymous phone calls at night and at odd hours during the day and have to listen to people without the backbone to give me even their names who call me dirty names and chew me out."

"We are not a secret organization," the retired Air Force General continued. "It is a free organization and membership and actions of the members are strictly voluntary. Mr. Welch is no dictator... we have to have a head man, but we govern within our society only by persuasion."

"Until now there has been only one organization dedicated to the cause of fighting communism to save our country. Our organization is the first dedicated to stopping the communist conspiracy. We have chapters everywhere. The Birch Society area co-ordinator went on, "in Amarillo, Muleshoe, Hereford and all over the area. Chapters are made up of about 20

# John Birch Society Co-ordinator Says His Group Stands Falsely Accused

people. When they get bigger than that, we form two chapters where there was only one. We have to be dedicated so we study hard all the time."

As a rebuttal to the talk made by the Birch Society area co-ordinator retired General Lee, the Dimmitt American Legion will sponsor a talk by J. L. Munro, professor of government from Texas Tech. The public is invited to hear Munro speak beginning at 8 p.m. Thursday, April 27th at the regular monthly Legion meeting. "It is a well-read and learned individual and should be able to give us a good account of his side of this controversy," local Legion Commander Dr. Carl Page said this week.

Books available about communism in the world and in the United States. We write letters to our congressmen. We tell them if they don't do like we say we will vote them out of office in the next election. We also write the newspapers in our continuing effort to educate the public about the communists who are threatening to take over our country."

"The Communists," he said, "have taken over 43 countries since 1945 and dominate one-fourth of the world and one-third of the people. They are now making great progress in Latin America. In Old Mexico there are 185,000 hard-core Communists dedicated to overthrowing our way of life."

"Communists count on ignorance and apathy of the American people in their drive to take over the United States," General Lee said. "It is our duty to fight this ignorance and apathy."

About the Birch Society, the General added that "we are not partisan and non-sectarian. We are not secret. We try to keep the names of members from being made public because we don't want to do like we say we will vote

# Monia Dell Hunter Take Talent Contest Honor

Miss Monia Dell Hunter was asked to enter a talent show sponsored by the Natior Talent Association. She was one of 5 participants playing the piano chosen to go to Amarillo.

In Amarillo she was given another musical phase to perform. In this contest she was chosen an alternate to go to Santa Fe, New Mexico. Participants in the show were from various towns in this area.

Monia Dell is a freshman business major at West Texas State University. She is the daughter of Mrs. Rachel Hunter.

# JayCeers to Sell Light Bulbs Here

The Dimmitt Junior Chamber Commerce will conduct a door-to-door light-bulb sale in Dimmitt Tuesday evening, beginning at 7 o'clock.

Under the direction of Crawford, the JayCeers will make house-to-house calls selling packages of light bulbs for \$2 per package. Retail cost of the bulb argument would be about \$2.40, Crawford said, so they will represent good value to buyers.

# John Birch Society's Survival Proposals

Who is this man who is making a serious bid to become an American dictator?

Robert H. W. Welch is a prominent Boston businessman, a former vice-president of the National Association of Manufacturers and for seven years a member of the NAM board of directors. He was born in North Carolina, graduated from the University of North Carolina, attended the U. S. Naval Academy for two years and graduated from Harvard Law School. At 60 years of age, he has retired from business (candy manufacturing) to devote his whole time to the John Birch Society and his bid for power.

And by the very attack of his approach... his demand that loyal Americans follow his orders implicitly, and give of their time and their money to bring about the destruction of the United States and create in its place, a dictatorship to be headed by Robert Welch... he might succeed.

He has succeeded, certainly. In attracting thousands of followers all over the nation. The society membership lists are secret... but there are indications that the John Birch Society may have 100,000 members or more. Welch's initial goal was one million members. Since he launched the Society at Indianapolis on December 9, 1958, he has scaled down that requirement... and now he thinks he can accomplish his goals with a much smaller membership.

"We have found out," he told a Boston Herald reporter last summer, "that what we can accomplish through small chapters is immensely greater than we thought."

There is evidence, in this area at least, that these "small chapters" are beginning to flex their muscles... perhaps an indication that the organizational period is about over and the society is ready for real action.

A nationwide example is the campaign to impeach Chief Justice Earl Warren... a man who, Welch asserts outright, is an avowed communist. The anti-Warren campaign originated with the John Birch society, and is being actively encouraged by it, according to members... although it has been taken up and is being abetted by other anti-communist action groups, such as the committee for Individual Freedom. This committee, which is active in Canada, may not be affiliated with the John Birch Society, but is obviously under its influence.

More immediate to the Panhandle area is the pressure campaign being waged by John Birch Society members on ministers of certain prominent Protestant churches in Amarillo and Pampa... a campaign which has some aspects of Ku Klux Klan operations of the past. In view of Welch's insistence on "control from the top," it is almost certain that these localized pressures are being carried on at the great man's direction.

John Birch Society chapters (probably several in each instance) are active both in Pampa and Amarillo.

There is, apparently, no John Birch Society chapter in Canadian as yet... though there are John Birch Society members here and the organization has been discussed locally.

How does the John Birch Society spot communists? Welch has a pat (See EZZELL, Page 7)

# JayCee-Ettes to Stage Volleyball Tournament Here

The JayCee-Ette volleyball tournament was set to begin Thursday night at 6:30 p.m. with C and C Pump Company of Dimmitt and Cox Butane of Hart playing the ladies games. The Dimmitt JayCee's Garage of Olton in the Cee No. 1 team was set to play Men's division.

The games this year, Thursday, Friday and Saturday nights, will be held in the new gymnasium in the North Grade School Building.

Starting time for games each night will be 6:30 and continuing until around 10:30.

Admission will be charged spectators at 25 cents for children and 50 cents for adults. Children under 6 will be admitted free. With 20 teams entered, this will be the biggest volleyball tournament yet for the JayCee-Ettes. First, second and consolation trophies will be awarded the winning teams in both the ladies and men's brackets.

Teams entered are the Flag Women from Flag; Dimmitt Sheet Metal; Bob's Super Market; Lilly's Cafe of Hart; Earth Farm Chemical; Honeybees of Springlake; Springlake Beauties; Farmers State Bank of Hart; Cox Butane of Hart; C and C Pump Company of Dimmitt; Joyce Beauty Shop of Tulla; Flag men of Flag; Dimmitt JayCees No. 1 and 2; City Drug of Earth; Hunter Gil of Dimmitt; Gray's Garage of Olton; H and S Produce of Hart; Hart Grain Company and Dimmitt Wheat Growers.

# John Birch Society Co-ordinator Says His Group Stands Falsely Accused

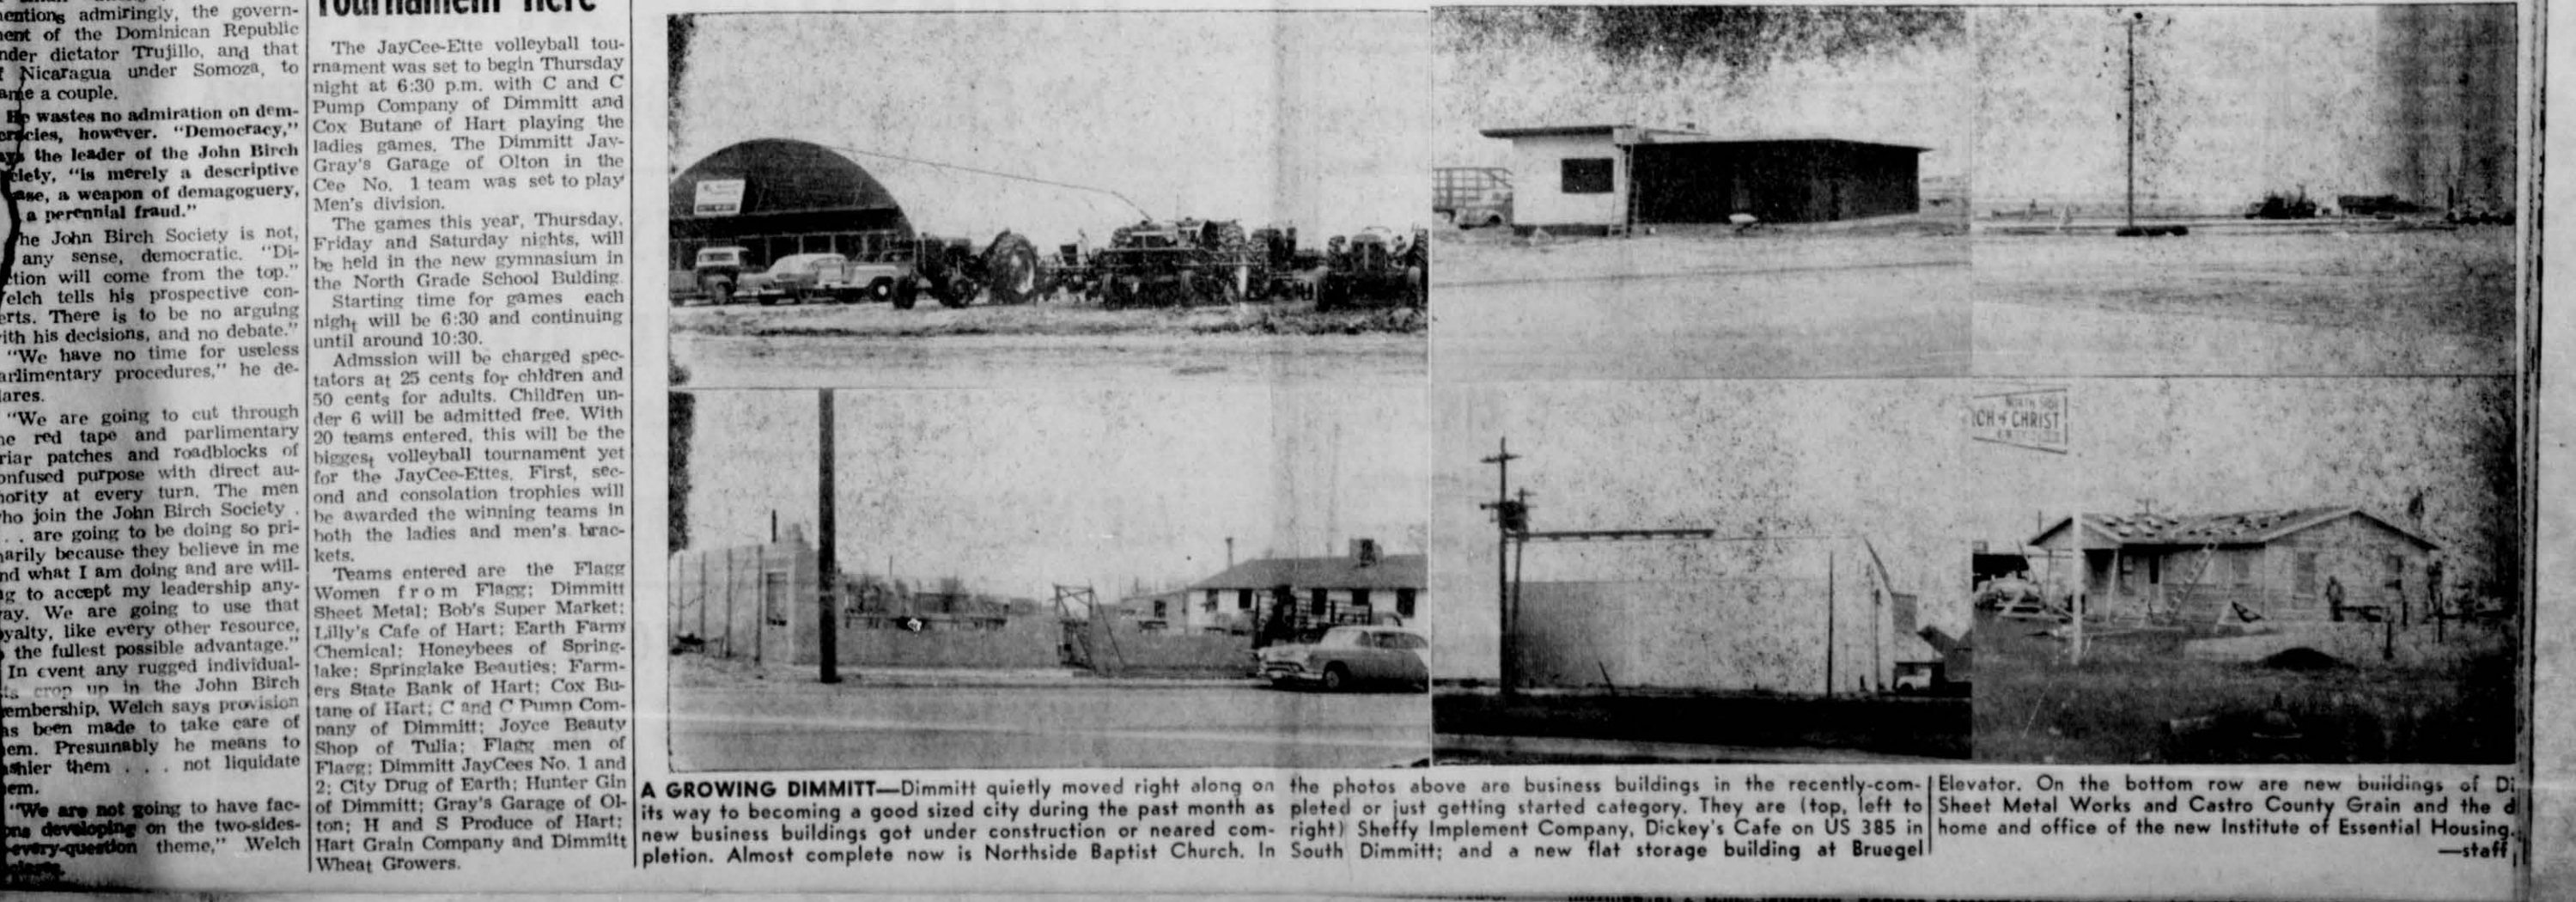

"The John Birch Society has one big aim, and that is to educate the people of the United States about the evils of Communism," so said General William L. Lee (ret.) before a capacity crowd at the American Legion Building Thursday night.

Lee was speaking before a zone meeting of the American Legion at the invitation of the zone to give the John Birch Society's viewpoint in the present growing controversy over its tactics in fighting communism.

The controversy began, General Lee said, when the Communist publication "People's World" in San Francisco "began a deliberate smear campaign. Then a reporter for Time magazine, who spent three hours with our national director Robert Welch, wrote a very erroneous article which created a storm of controversy. It was very poor reporting. MR. COTTON FARMER
MAY WE MAKE THIS SUGGESTION.
before delinting, have your seed germinated
both at 78 and 65 temperature. We have
both at no cost. 1960 seed have fair germin-
ation but very low in vigor. We suggest sav-
ing your 1960 seed for a later planting if nec-
essary. If your ginner can't furnish you with
strong seed we have a few Lamesa grown
Gregg that are very reasonable in price.

A PROFITABLE COMBINATION . . .

LIQUID FERTILIZER
Applicator - Cultivator

GAUGE-WHEEL DRIVE UNIT—This is just one of the many types of
Liquid Fertilizer Applicator-Cultivator units you'll find at your local
Liquid Fertilizer Dealer. A highly versatile piece of equipment—with
it you can fertilize before you plant, you can rig-up to fertilize and
plant at the same time, side-dress and cultivate, and you can even
apply insecticides as you cultivate and side-dress. See your local Liquid
Fertilizer dealer and let him show you how easy it is to own a multiple-
use unit.

THE WORKHORSE—This tank takes the work out of fertilizing. It is
loaned to the farmer to haul his fertilizer to the field. Mounted on the
tank is a pump and gasoline motor. The nozzle, which weighs about
fifteen pounds, on the end of the hose, is the heaviest thing the farmer
has to lift when he is loading his Liquid Fertilizer applicator. Why be
old fashioned in modern day farming . . . use Liquid Fertilizers and let
pumps and motor do the work for you. Liquid Fertilizer is never under
pressure and it is not dangerous to handle.

SEE YOUR LOCAL LIQUID FERTILIZER DEALER IN THIS AREA:

Mr. and Mrs. Harvey Warren Garrison Make New Home in Lubbock

Mr. and Mrs. Harvey Warren Garrison were married March 25 in a candlelight ceremony performed in First Methodist Church of Olton, Rev. E. O. Browner of Big Springs directed the double ring service.

The bride is the former Miss Joyce Elaine Curtis, daughter of Mr. and Mrs. H. R. Curtis of Olton. The bridegroom's parents are Mr. and Mrs. S. L. Garrison, Rt. 2, Hereford.

The couple stood under an archway of white gladioli and pink roses interlaced with greenery. Baskets of white gladioli and pink roses decorated the church and the ends of the pews were tied with colorful bows and candles.

White gladioli and pink roses decorated the church and the ends of the pews were tied with colorful bows and candles.

The bride wore a formal bridal gown of hand-clipped Chantilly lace over silk organza. Seed pearls and sequins dotted the fitted bodice which featured long, tapering sleeves. The bodice skirt with a pouff back, fell into a chapel train. Her fingertip veil of imported French lace was held in place by

ring bearers were Ronnie McCracken of Tulla and Jimmy Don Davidson, Quitaque, also cousins of the bride.

Jerry Hodges of Hereford served as best man. Groomsmen were Bob Bowden, Hart, and Allen Consider, Hereford. Don Curtis, brother of the bride, served as junior groomsmen.

Ushers were Freddie Davidson of Quitaque and Winfred Hair of Olton.

White gladioli and pink roses decorated Fellowship Hall of the church where the reception was held immediately following the ceremony.

Iona Tanner of Olton registered the guests. Mrs. Billy Gallion of Hart, Sandra Nelson of Alexandria, Va. and Judith Chester, served at the reception table.

For a wedding trip to Colorado and New Mexico, the bride chose a dress of navy blue silk linen with white accessories. She wore the orchid from her bouquet.

The bride's mother wore a pale orchid dress with white accessories and the groom's mother wore a dress of beige with matching accessories.

The couple are at home at 2419 13th Lubbock, Texas. They are both Freshmen in Texas Tech.

### First Christian Church News Items

Attendance last Sunday at the First Christian Church approached the Easter high. Bible School attendance was 52, the same as on Easter, much above the membership of the church, Minister Bedford W. Smith stated.

"Bachun, the Place of Weeping" will be the sermon at the 10:50 a.m. worship service, and "When the People Had no King" the 6:30

a tiara of sequins and seed pearls. She carried a white Bible topped with pink rosebuds, centered by a white orchid.

The something old something new traditions were carried out by Mrs. Delmer Givens, organist and Richard Betz, vocalist, provided wedding selections. Mr. Betz sang, "Through the Years" and "Wedding Prayer."

Mrs. Paul Noyes of Hart Camp served as matron of honor. Misses Sue Coleman of Wilson and Lavean Oliver of Hallway acted as bridesmaids and Sharon Garrison, sister of the groom, attended as junior bridesmaid. They wore pale rainbow colors. They carried a long stem pink rose.

The candlelighters were Debbie Funderburk of Corpus Christi and Jo Beth McCracken of Tulla, cousins of the bride. Flower girls were Pam Garrison of Hereford, sister of the groom and Patty Funderburk, Corpus Christi, cousin of the bride.

OFFICIAL PUBLICATION OF DIMMITT HIGH SCHOOL STUDENTS

## Seniors Are Set For Final Weeks at D.H.S.

Ready, set, go! say the seniors because their last six weeks at Dimmitt High School promises to be anything but dull!

The class officers met last week to select committees for writing the class will, prophecy and history. The many activities for the rest of the year were discussed and at a class meeting on Friday, as the excited group talked about Senior Day and parties, parties, parties, Stanton, class president, declared that whether we have anything else, there is going to be plenty of food involved.

The fun begins this Friday, April 4, at 7:45 when the seniors will be the guests of the First Baptist Church at a "Roundup". The colorful girls and western gents are planning on a big time.

Friday, April 21, is the next important date on their calendar. A hay ride to Dickie Reinhardt's home where they will have a wicker roast is a sure thing for that night. Homemade ice cream — this is a special treat planned for the occasion.

If you drive by the park sometime on the afternoon of May 5th, you can be sure that it will be full of so called "kids". The seniors have decided to revert to their childhood and observe "kid day" at the Church of Christ. — Hamburger fry on that date.

Talk to several of the junior or senior boys and they will tell you that they're getting their dates early for the Jr.-Sr. Banquet on May 13th. Although the seniors can't seem to find out a single detail about the program, menu, theme, they are looking forward to the banquet as one of the highlights of the year.

On May 19th the seniors will meet before school for the Methodist breakfast. Senior Day will begin in this way and after the traditional senior assembly, the class will head for Mackenzie Park for a day of food and fun. If they survive the sun burns and effects of over-eating, the group will entertain the juniors with the annual Sr.-Jr. Party the next night, May 20th.

Baccalaureate is set for Sunday night, May 21, in the high school auditorium. The grand finale to the past twelve years, commencement, is to be on Tuesday, May 23rd.

## JUNIORS VICTORIOUS

Usually Dimmitt High is vacant over the weekends. Last week-end was unusual, though. It was quite a popular place as the crowd flocked in for the volleyball tournament, which was held Friday and Saturday. The tournament was held to help the Student Senate obtain money for the two "hoped-for" exchange students for next year. Everyone enjoyed this sport very much.

Friday afternoon at 4:00, the Freshman and Sophomore girls clashed, with the Freshmen coming out on top.

At 5:00, the Junior and Senior girls tangled and the Juniors won. They went on to play the Patterson Spikers (all women) at 7:00 to win once again. At 8:00 Saturday they gained first place after defeating the Freshmen.

Friday at 4:00 found the Senior and Sophomore boys playing and the Seniors came out on top. At 5:00, the Junior and Freshmen competed and the Juniors came out on top, but only to lose to the faculty at 9:00. Saturday, the Seniors and Faculty tangled and the strong faculty team won.

The outcome of the whole tournament was:

GIRLS: Juniors — 1st place  
 Freshmen — 2nd place  
 Faculty — Consolation

BOYS: Faculty — 1st place  
 Seniors — 2nd place  
 Sophomores — Consolation.

## NOW HEAR THIS!

The journalism department requests all persons who have not paid in full for their annuals to see that their final payment is made by May 1. The annuals are expected to arrive between the 1st and 10th of May. All final payments must be made prior to this time so May 1st has been set as the deadline. High School students may turn in their money to the journalism department. Children in both grade schools are asked to bring the money to their teachers.

Anyone who bought a supplement must buy an envelope from Mrs. Lindsey's office, and address and stamp it. This is also to be given to the annual sponsor. In this way the staff hopes to easily and quickly mail your supplements to you in June when they arrive.

## D.H.S. Beauty In R.E.A. Contest

The F. H. A. chapter of Dimmitt High School has chosen a pretty sophomore for their entry in the Miss R. E. A. contest. Who is this beauty? — Donna Beyer, of course.

Donna is a 16 year old sophomore, she has green eyes, dark brown hair, and a beautiful smile.

The contest will be held April 27 in Hereford in connection with the annual R. E. A. meeting. Other schools competing in this contest will be Bovina, Friona, Hereford, and Dimmitt. The contestants will appear before the judges in both bathing suits and formal and will be judged on beauty, face and figure, poise, achievements, and ability. The winner will go to the state R. E. A. contest to compete for the state wide Miss R. E. A. title.

The contestants from Dimmitt have walked off with the honor for the past two years. They were Georgene Hughes and Zetha Ivey.

To Donna we wish to say congratulations! and the very best of luck!

## Spotlight on Seniors

One of the senior class's versatile beauties is high lighted this week. Georgene Hughes has represented Dimmitt in many different things this year. This talented seamstress was a district winner in "Make It Yourself With Wool" contest and she was privileged to enter the state finals. Besides brains, Georgene has won several beauty contests. She was Miss Deaf Smith REA last year and she won third in the state REA contest. Georgene also took a third in Miss Grain Sorghum of the Nation.

This senior was secretary of the Pop Club last year, and is vice president this year. Georgene has been a hard working member in FHA for four years. To show their appreciation for such a wonderful senior, the Sr. class selected her as their candidate for homecoming queen.

Georgene starts off a busy school day by going to bookkeeping then proceeding to plane geometry, American History and last but not least English IV. When not in school, Georgene always finds time to sew, which is her favorite pastime. After finishing Texas Tech, she plans to become a fashion designer.

Georgene's pet peeve is two-faced people. Among her favorites are a Lincoln car, turquoise, steaks and bowling. She especially likes singer Della Reese and song "On The Rebound". The movie, "Imitation of Life", actress Sophia Loran and actor Tony Curtis are her favorites in the Hollywood Circle.

Georgene believes that honesty is the most important quality a person should have.

Georgene is the daughter of Mr. and Mrs. George C. Hughes Jr. She was born on February 28, 1943 in Blue Mountain, Arkansas.

## Kissin'

### Boys, It Shortens Your Life

Every individual has a decision to make as to whether he or she wants to live a long frustrated life with no kissing or a blissful short-lived life due to indulging in the sport. Kissing does cause a shortening in a person's life span.

From the Colorado Daily comes a report that scientific research shows that kissing not only passes on germs and infectious diseases, but the pituitary gland at the base of the brain is heavily affected.

Adrenocorticotrophic hormone (ACTH) produced by the pituitary stimulates the adrenal gland in releasing chemicals which aid in destroying white blood cells. Life span is reduced when the blood pressure is raised, the heart beats faster, and the alveoli in the lungs dilate to provide more oxygen.

Reduction of a person's life span has been measured by scientists and one normal unpassionate kiss will shorten a person's life by 3 minutes.

Think of the dangers of a passionate kiss — five minutes less to live. Persons who start participating in this world famous sport early in life may have days taken from their lives.

taken from the Texas Tech Torador

## The Woman Is Required To Pay

The Future Homemakers of America began their observance of National F. H. A. Week Sunday morning as 55 members attended church services together at the First Baptist Church. This was the beginning of our so-called "Twirp Week". The word twirp means "The woman is required to pay" and this explains what goes on during "Twirp Week".

Eyes were blinded as flashes of red and white were seen Monday morning. The F. H. A. colors are red and white, and each Future Homemaker was required to wear red and white or pay a fine of 10c to the F. H. A.

Privilege books were purchased by the boys of D. H. S., as they wanted to be sure that they received as many free cokes, candy, malts, and etc. as they could.

Each F. H. A. member was required to wear a talking license. If caught in the act of talking to a boy without a license, a 10c fine was paid.

Tuesday was observed as "Good Deed" day, Wednesday was the Tea for the 8th grade, Thursday was Teacher Appreciation Day, and Friday was Slave Day.

Many girls were seen loaded down with books, and others were trying to think of boys to ask for dates.

This was only the beginning of "Twirp Week". More about the outcome later!

## Mysteries of the Mind

Part Ten  
 By Joe H. Cowen

Albert Robinson was sound asleep one night late in June, 1959, when he had a disturbing dream. In his dream he seemed to be watching as a stealthy figure broke into his place of business in Atlanta, Ga.

Robinson awoke with a start. The dream had been so vivid that he shook his wife and told her that he was going to leave the house to check on his business, a grill on Crumly St. When Robinson arrived at the grill, he reported later to Patrolman E. A. Samples and D. L. Prince, he found that his dream was true. The door to a stock room had been forced open by a burglar, who then had attempted to enter the building by forcing another door. He failed, or was frightened away by Robinson's arrival.

## Aw, Please! Would'ja Go?

These boys aren't wasting any time in taking advantage of Twirp Week. The couples shown are: Mike Chaney and Rubye Clingingsmith, Jimmy Campbell and Gaynell Tate, and Connie Goodwin and Stanley Nelson.

## SKITS

The speech classes under the direction of James Bates proudly presented two skits that showed a lot of hard work Thursday morning.

The two skits, one of a happy home, the other an unhappy home, were enjoyed by the ones who attended the area P. T. A. convention held at the Methodist Church. As the applause rang, the excited cast breathed a sigh of relief and pride. Many days of hard work had gone into making up and writing the skits, casting the play, and practicing. To prove how much the parents and teachers liked the plays, they are going to print them in their P. T. A. year book.

The cast for the "Unhappy Home", presented by Speech II were James Powell — the father; Martha Catoe — the mother; Pia — the daughter; and Billy Joe — the son. Steve Wesson and Robny Buckmaster were the student directors. Amy McSpadden did makeup for both classes.

The cast for the "Happy Home" were Jerry Blackwell — the father; Sandra Lively — the mother; Deborah Buckmaster — the daughter; and George Wall — the son. Mack Thompson and Zandra Barnes were the student directors.

## Limelight Lad—

"Say Cadillac!" These will be the words of our new annual photographer next year. He is being trained by our present photographer, Joe Cowen.

This talented person is Steve Wesson. He has already proven himself to have much photographic talent, and we are depending on him next year.

Steve is a member of the Junior class. He is active in the Thespian Club and he is serving as treasurer. Steve was elected as Most Likely to Succeed his Sophomore year. Congratulations! Steve Wesson on being selected as Limelight Lad of the week.

## Mission Accomplished

Student body, our troubles and worries are over. The Texas and American flags have been most graciously donated by the Dimmitt Bobcat Band. Our sincere thanks goes to this group. The flags will be presented in an assembly at a future date.

Our Texas and American flags should be and remain meaningful to each of us. We are tomorrow's leaders, and we should train our minds in such a way that our American Heritage is a precious and honorable memory.

## THE SNOOPER

This unpredictable weather certainly is hard on snoopy ole' ladies like me. Alright — so there, I've admitted it, I'm snoopy, but I certainly had a hard time seeing anyone this weekend. My binoculars fogged over and I lost my spectacles too. I looked as hard as I could and now I have a terrible eye strain.

Well before this terrible plight overtook me, I was out Friday night getting exercise at the volleyball tournament. They said I was too old to play, but I made a good floor sweeper. I did such an outstanding job that they immediately put me on the downtown detail. Had to change brooms, of course; but soon I was on my merry way as I swooshed by Sharon Lilley and Kelton, Gene Bradley and Sheri, Ronnie and Georgene, Jean and Larry, Eloise and Jerry, Kay Williams and Gerald, Zandra and Carl Lee, Donna and Lowell and Pia and Charles.

Everything was going fine until that stupid sweeping machine got out of control and I was steered away to Hereford. As the sweeper flew down main street I strained to see Carolyn Godfrey and Cecilia McSpadden with H. S. Fuller, and Larry Womble of Hereford. Karen Howell and Sandra Lively with their Hereford dates didn't escape my notice, either. Finally the machine got straightened out and I headed back to Dimmitt and home because it was late. I was surprised to see Tommie and Keitha and Mary out so late returning from a concert in Lubbock.

Saturday when I was shopping in the "windy city" (Amarillo) — a big gust of wind took me and my umbrella right off Polk Street and blew us out to the Amarillo Relays where I saw Sandra Schreck with Carole and Mrs. Cowert watching Jim run in the relays. If I'd had a black cat and a tall hat, I suppose the outfit would have been complete. Anyhow as I was on my way home, I bumped into the ice arena and saw Larry and Jean and Pia and Darless ice skating. I swooped over Hereford and saw Nancy Carole and Joe Wright at the "Stunt Night" of Stanton Jr. High. That was pretty hard to do because it was dark and they were inside a building. No wonder I have eye strain — a little more straining revealed Sheri and Kenneth Frye, Janiece and Kelton, Carolyn Godfrey and H. S. Fuller, Cecilia and Larry Womble all in Hereford.

One fast sweep over Olton revealed Eloise and Jerry Varner there and finally I approached Dimmitt. To my alarm the wind died suddenly and I landed right on top of LaDawn Kemp and stabbed her date, Dubby George, with my umbrella. I dusted myself off and started home in time to see Gene Bradley and Sharon Thomas, Dean Lilley and Kay Williams, Pegene and Gary, Deborah and Gerald, Kathy and David Shannon, Sharon Lilley and Jim Axe, and Mike Chaney and Rubye Clingingsmith, who looked so moon-struck they almost ran over me. I guess that's what going steady does for you.

Sunday turned out to be a beautiful day; so I went up to Amarillo to see that cute little Dan True and talk about the weather for next week. He wasn't at home but he had gone to see "Gone With The Wind". The title reminded me of a previous episode the day before, but I decided to brave the storm and go in to see him. I got inside and found everything very dark. After stumbling over James Powell and Nicky Newton from Hereford and straining to see Ronnie Bofkin and Mary up in the balcony, I finally found Mrs. True. She said that Dan had gone home to retread his over shoes; so I knew bad weather was on the way. I dejectedly returned home, but found everyone in high spirits. Glen Bradley and Jan Brown were

## To Drink or Not to Drink!

Mr. Siberman of San Antonio, Texas informed and entertained the student body of D. H. S. in an assembly Thursday, April 6, 1961. The purpose of this assembly was to awaken young people to the danger of smoking and drinking. "The more you drink the more you have to drink to get the same amount of pleasure." Mr. Siberman also states that 1% of alcohol in the blood is fatal.

Among other disadvantages to smoking such as less vitality, shorter life, less appetite, the average smoker spends about \$100 per year on his habit.

After the talk, a film about smoking was shown.

MI 7-3488 For Printing

## Bobcats Place In Relays

Contesting in the Amarillo Relay finals Saturday April 8, from Dimmitt were Jim Cowser and Glenn Boozer.

Jim had a tough time placing third in the 440. Glenn failed to place in the 220.

Dimmitt runners were in division one, other schools in this division came from school B, A, and AA. In division two were schools in class 3A and 4A.

Dimmitt's next track meet will be in Amarillo Saturday, April 15. This will be a District Meet.

## LEAGUE MEET

The Interscholastic League Contest was held Saturday, April 8 in Canyon. Our students competed with students from Canyon, Tulia, Dalhart, Friona, and others. Miss Monzingo, Miss Knox, Mrs. Gollehon, Mr. and Mrs. Newman, and Mrs. Robinson attended the contest with the numerous student entries.

The Dimmitt students made a fine showing, and we were indeed proud to have so many winners.

In the science division, Keitha Davis won first place, Mac Strother won third place, and Larry Green fourth place. In essay writing Tommie Allen won first place while Jean King won third place in the shorthand division. Jack Thompson was a fifth place winner in the typing division. Tommie, Keitha and Mac will compete in the area contest April 22 at Lubbock.

Dimmitt High School not only wins in sports, drama, and music. It also wins academically; thus proving to be a school of well-rounded students.

The Interscholastic League Contest for Band, Track and Field, and American and World History are coming April 13, 15, and 27 respectively. We wish all three departments lots of luck in their contests.

enjoying a tennis game.

My eyes were very strained now after crying over the good show and the disappointment at not seeing Dan so I was barely able to make out the couples together. However I did see Gene and Sheri, Darless and Tommie, Jean and Larry, Sammy and Sharon, Sharon Lilley and Chuck, Deborah and Kay Moore, Kay Williams and Gerald, and Stanley and Contie. Kathy and Roy Battles, Gaynell and Jimmy Campbell, Carolyn Day and Jimmy Barber and Eloise and Jerry Varner. Also Kitty and Jerry, Janette Hathaway and Johnny Stanford, Beth Cleaver and Gene, Stanton and Earlyne, Marlos and Willa Mae, Sammy and Sharon, and Sharon Corlea and Edwin Thomas.

Now my eyes really hurt and I don't know what the weather will do. Oh, well, I might as well go polish my binoculars. Maybe something will happen!

Monday: Battered and died sweet potatoes, jelly, hot rolls, but Tuesday: Fried cat of mashed potatoes, brownie, gus, honey butter, same Wednesday: Harry II, tuce, onion, sliced peaches, punch halves, this is bun, milk. Thursday: Lins bread, ham, buttered peas, beet, peach pie, other, milk. Friday: Salsas whole potatoes, egg, fruit section, cat, milk.
