

**CHATTERGRAMS**  
BY JEAN SUITS

**ANOTHER BASEBALL PLAYER MAKES GOOD**—a radiator cap. This writer's baseball career was cut short last Tuesday a. m. when she was pitching the ball to a—league player and Lol! What we have here—the top of a Plymouth (free advertising) radiator ornament broken off clean as a whistle. The car was parked at the curb and I threw a curve thus causing the breakage. Imagine my embarrassment. I then thought of my mother's caution to never play with the big boys and for the first time realized the full significance of her warning, but too late. The big boys tell me the stakes aren't high if you want to play. But who wants to play—any more!

The "Brains" of this publication predicted that our freshly graded streets would allure the rain from the clouds if anything could since Lockney has never improved the avenues and boulevards yet without bring moisture. The rain was exceedingly nice even though the adults had to spend several hours explaining to the children that the water falling wasn't coming from the sky but from the yard.

This is an age of survival of the fittest. The guy that can hit back the hardest, put out the least, and take in the most is classed as an "A number One" business man. But nobody likes a hard business man so why be one. Since we have to live on this earth with fellowmen and earn our very existence from them, why not relax and take it easy by helping those who are less fortunate than we in some way if it is nothing but an encouraging word. Remember, you didn't bring any money in with you the day you were born and you can't take any out. So figure out for yourself the percentage. We are here for such a short time and I don't believe its worth striking our fellowman a foul blow just for a few dollars when there are so many honest means of making money.

What will the gals think of next as a means of showing off their knee action and form? A girl recently appeared on a beach in Florida wearing a bathing suit made out of silkstocking material. Here's hoping it was service weight because the chiffon would prove conclusively that women never had any thing to hide in the first place. And to keep the male species guessing is half of the battle—says Grandma when she's talking to me!

There is nothing that tugs at the heart strings with a greater force than the fate of the little boy who is asked to remain after school within the subdued portals of his home on the afternoon his mother entertains the Ladies Aid Society and play his piece on the piano like a little man. While on the vacant lot within hearing distance the gang is playing a hot game of baseball with their strong est competitors of the year! The irony of fate—the evils of music.

After listening an unlimited time to the wails of Mrs. Jones about the lumbago in her back and Mary's croup to the cute things Helen said when she was only 2 years old, the little boy was still sitting next to the piano anxiously awaiting his turn to entertain.

"Strike One, Strike Two, Strike Three!" rang out the clear strong voice of the umpire.

Boy oh boy but Dan was sure fanning 'em out this afternoon. It seemed that his mother never would call on him to play. If he didn't get to perform by the time his team got in town again he was just gonna walk out there what 'cause he promised the captain that he'd be there—

"Strike One, Foul!"

"Now, sonny, you may play 'The Ripple of Spring' for the ladies."

Although sonny did every thing but ripple through spring he thumped along the keys for a few minutes and ended with a sigh and a discord. The only real spring was toward the door just as his team were pulling off their gloves and coming to town!

VOLUME 34

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, MAR. 14 1935

NUMBER 27

## .57 INCHES OF SNOW AND RAIN

### Irrigation Acreage Will Be Doubled

**The Baker Pump Co. Installs Fourteen Peerless Pumps Past Two Weeks. Others To Follow Next Few Months**

**Heads Consumers Board**

WASHINGTON... Mrs. Emily Newell Blair (above), is the new chairman of the Consumers Advisory Board of the NRA to succeed the late Mrs. Mary Harriman Runney.

**MRS. CHESHIRE, 67, CLAIMED BY DEATH TUESDAY**

**Funeral Rites Held Wednesday At Church of Christ; An Old Timer Resident of Floyd County**

Death claimed Mrs. D. Chesshire, 67, at the home of her son, L. E. Chesshire, 1406, 23rd Street, Lubbock, at 4 p. m. Tuesday following several weeks of illness. Mrs. Chesshire is an old timer of Floyd County having lived here over twenty years. She was carried to the home of her son Monday.

The Crager Funeral Home brought the body here from Lubbock Tues. night. Funeral rites were held Wednesday afternoon at 2:30 at the Main Street Church of Christ with Bro. Liff Sanders of Lubbock officiating.

Mrs. Chesshire is survived by her widower; one daughter, Miss Minnie Chesshire of Flagstaff, Ariz.; four brothers, Elbert McBride of Duke, Okla.; Holland McBride, Whitesboro, Walker McBride, Perryton; and two sisters, Mrs. Hattie Dennison and Mrs. Sallie Watson, both of Britton, Okla.

Pall bearers for the funeral were Floyd Huff, Herman Coleman, Lester Honea, Joe McCollum, Reuben McGilvary, and Hugh Counts.

Flower girls were Mrs. Honea, Mrs. Waller, Mrs. Floyd Ewing, Mrs. T. H. Moore, and Mrs. H. P. Coleman.

**MISS ROWENA EWING ACCEPTS POSITION IN PLAINVIEW**

Miss Rowena Ewing has accepted a position as second grade teacher in the Highland Park Ward School at Plainview and will probably begin teaching Monday. She is to fill the vacancy of the regular teacher who departed recently.

J. W. Jones, superintendent, said that no substitute had been selected yet to fill the place of Miss Ewing at the grade school. It is hoped that one will be secured within the next few days.

This is Miss Ewing's second year as second grade teacher in the Lockney schools.

The Baker Pump Co. has installed 14 Peerless irrigation pumps the past two weeks in Floyd county and the South Plains quite a few more will be installed as the spring and summer months pass. Pumps have been installed for the following the past two weeks:

C. E. Westerman, Lorenzo; Ben Brandis, Lockney; W. H. Crawford, Lockney; Kelly Webster, Lockney; Hugh Counts, Lockney; Pete Shurbet, Lockney; W. H. Massie, Becton; Owen Powell, Becton; Travis Tubbs, Lubbock; S. L. Eason, Abernathy; C. P. Hesse, Hereford; M. T. Howell, Plainview; C. M. Floners, Tulia; Roy Fadden, Olton. Pumps for these may have been installed with the exception of Hugh Counts and we understand his will be installed Friday.

Across under the irrigation ditch is the about doubled this year in the Lockney territory so far and we are of the opinion that quite a few more wells will be put down in time for this year's crop.

Irrigation is the only sure way to farm in this country, and if you can possibly do it you should put down a well now and take the chance. A well on your farming operation is a well worth a pump cost just a little more than an ordinary automobile, and everybody buys automobiles because they are a necessity but they are no more a necessity than an irrigation well on your farm.

**SENATE CONFIRMS APPOINTMENT OF JOE MCCOLLUM**

Joe McCollum, postmaster for Lockney, received a communication today stating that his nomination as Postmaster for Lockney was confirmed Tuesday by the Senate. He will receive his commission in a few days which will be for a term of four years.

Mr. McCollum has been acting postmaster for about seven months, having been recommended for appointment by Congressman Marvin Jones as acting postmaster during a recess of Congress, and now the final confirmation. Mr. McCollum was appointed in the place of Homer Howard, who served as postmaster under the Republican administration for about twelve years.

**COTTON COMMITTEE ANNOUNCES DATE OF MEETINGS**

F. L. Brown, local committee man for Aiken, Irick, Pleasant Valley and Muncy, on cotton contracts, announces that he will at Aiken Monday, Lockney Tuesday and Irick Wednesday. At Lockney you will find him at Frank Perkins office. All those wishing to sign cotton contracts should contact Mr. Brown at the above named places. He asks that you bring along figures that you signed up on the Bankhead Bill if it is possible to do so as this will save considerable time and trouble in perfecting a new contract.

Mrs. Martha Mann is recovering from a recent illness.

**FLOYD COUNTY COWS TO BE TESTED FOR T. B.**

**Work Will Begin About April 1st. Ten Veterinarians Will Do The Work**

Preliminary arrangements for the testing of all the cattle in Floyd County for tuberculosis have been made to start the work sometime about the 1st of April. Glen A. Lindsey, county agent, announces.

J. G. Porter, inspector of the Bureau of Animal Industry in charge of all testing in West Texas, was at Lubbock the latter part of last week making arrangements for the work in this county.

At the time of his visit the crew of ten veterinarians who will work in this county were working in Farmer county. From Farmer the crew will go to Lynn County and from there come to Floyd County. Porter said that as soon as they could determine when work would be finished in Lynn County a supervisor would be sent to Floyd county to make definite plans for the details of the work. The supervisor will be here one week before actual testing will begin.

There will be no charges to the owners of the cattle for having the animals tested. The county will furnish ear tags which will cost \$9 a thousand and will furnish a lariat rope for each veterinarian, which will be the total cost to the county. This means that the county will be able to get all the cattle in the county tested for T. B. at a total cost of about \$100 which will be paid by the county.

The condemned animals, those who have T. B. will be appraised and paid for.

**LOCKNEY BOYS DEBATE WIN TOURNAMENT AT DICKENS OVER WEEK-END**

The Lockney High School boys debate team won first in a debate tournament held at Dickens last Friday and Saturday which included fourteen leading South Plains teams.

The team debated six different times with Lorenzo, Dickens, Floyd, Girard, Crosbyton, and with Girard again in the finals. They were presented with a beautiful silver cup.

The boys' team is made up of Chester Carthel and Hall Nall.

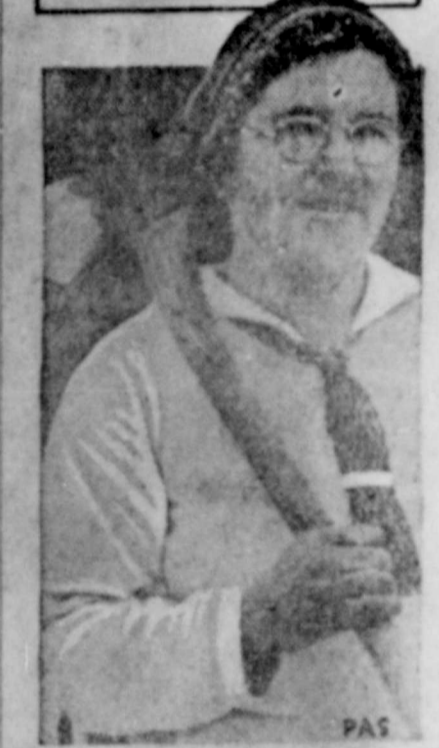

The girls' team consisting of Mary Margaret Ridings and Mary Alice Baker, freshmen, won two of their debates and lost three. Neither of these girls have ever debated before while Chester Carthel was the interscholastic debator last year. Hall Nall has never had any debating experience prior to this time.

Coach G. D. Tate says he is awfully proud of the teams this year and holds a strong belief that they will make a number 1 showing during the Interscholastic League meet.

**FASHION SHOPPE TO MOVE TO MULESHOE**

Mr. and Mrs. Howard Cox will move the Fashion Shoppe to Muleshoe Sunday and Monday where they hope to be open for business by Saturday. Mr. and Mrs. Cox have operated the shop here for the past six months but believe that Muleshoe offers a better location for their business.

**Champ Wood-Chopper**

WILTON, N. H., Miss Marion Zuck (above), retains her title as the champion woman wood-chopper of the world. After winning the 1935 title in the winter carnival here she issued a challenge to out-chop all comers.

**FUNERAL RITES HELD TUESDAY FOR MRS. NIXON**

**Pioneer of This Country Dies At Her Daughter's Home Monday**

Funeral rites were held Tuesday afternoon at 4 o'clock for Mrs. M. E. Nixon, 80, who is a pioneer of this section of the country having lived here over twenty years. She died Monday night at the home of her daughter, Mrs. Marvin Taylor, with whom she lived.

Services were held at the Lockney First Baptist Church with Rev. L. A. Shaw, pastor officiating. The Crager Funeral Home had charge of all arrangements. Burial was in the Lockney Cemetery.

Mrs. Nixon is survived by two sons, Noah Nixon of Eldorado, Okla., and Henry McDonald of Sunset, Texas; and three daughters, Mrs. Marvin Taylor and Mrs. Joe Johnston, both of Lockney, and Mrs. Bob Carter of Silverton. Pall bearers were J. B. Allen, Clyde Hill, L. A. Leonard, Wad Thompson, John Griffith and Royce Williams.

**JONES RE-ELECTED FOR 3RD TERM AS SUPERINTENDENT**

J. W. Jones was reelected as superintendent of the Lockney school for the year of 1935-1936 making his third term in that capacity. The school board reelected him at a meeting last week.

This year is Jones' seventh year to teach in the Lockney schools. He was principal of high school prior to being superintendent.

**Parts Of County Receive More And Other Sections Less Much Benefit To Wheat**

A heavy fog settled over Lockney and surrounding communities Sunday night about 8:30 and by eleven o'clock it had turned into rain and continued for about an hour registering .45 of an inch.

At eight-thirty Monday morning it began spitting snow and as the morning passed the fall became heavier, melting almost as fast as it hit the ground but piled up moisture to the extent of .12 of an inch, making a total of .57 inches for Sunday night and Monday morning.

This moisture will be of immense benefit to wheat, but will hardly be sufficient for listing of ground for row crops such as cotton and maize.

At Lone Star we understand they only received about a quarter of an inch, but at Sterley and South Plains good rains were received, and in the Cedar Hill community reports indicate the fall was very heavy, putting quite a bit of water in what is known as "Randolph Lake" in that community and on the Randolph ranch.

Floydada reports .78 of an inch and to the southwest and south of Lockney good rains were received with some snow.

Last year on the 24 and 25 of March we received one and one-half inches of rain and snow, so this rain and snow came just a little bit earlier this year and that may indicate we will receive additional moisture in March which will be out of the ordinary.

**P. T. A. TO PRESENT PLAY FRIDAY EVENING**

"Adventures of Grandpa" 3 act comedy will be presented Friday evening, March 15, at the grammar school auditorium under the auspices of the grammar school P. T. A. The play is under the direction of C. E. Blount grade school principal. Proceeds will be used to buy books for the library.

**GIRL'S VOLLEY BALL TEAM GO TO RALLS**

The Lockney High School Volley ball team under the direction of J. W. Jones will play Ralls tonight on the latter's court. Ralls will return the game next Tuesday night here in the gymnasium.

# THE LOCKNEY BEACON

Established 1902

Published Every Thursday

TOM SUITS, PUBLISHER  
J. L. SUITS, EDITOR  
JEANE SUITS, ASSOCIATE EDITOR

Entered April 14, 1902, as second class matter at the postoffice at Lockney, Texas, by act of Congress, March 3, 1879.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Beacon will be corrected gladly upon its being brought to the attention of the publisher.

We have been reading and waiting for the past two years to see just what was going to be the outcome of all of this centralization of business in Washington. We have just about come to the conclusion that entirely too much business is being centralized in Washington and handled by our Government for the good of the country. Take the banking and loan business for instance. Practically all of this business is being handled out of Washington. Our farming is being done by remote-control from Washington. Our cattle, hog and dairy business is handled from Washington. They tell us how to conduct our business from some department located in Washington. It is not necessary for one to use his own grain for anything. There is no use in developing ones business ability if our Government is going to do all our thinking for us. We believe some things should be under Federal control. But these United States are mighty big to undertake to do all the commercial and agricultural business from one central point for an indefinite period of time. The more our Government gets into business the more our people will be inclined to quit conducting business of all kinds and depend on the government. That has been proven time and again. There must be an incentive to build and develop ones self from an intelligent and financial standpoint if we are to have good citizenship and a thrifty country. We believe the time is almost at hand when the brakes should be applied gently, and gradually slow down on government control. We can get too much of that kind of legislation for the good of the country according to our opinion.

In a way, the long-awaited decision of the supreme court in the gold clause case shows how ardent money is still worshipped as a god by millions of Americans. Despite the fact that it didn't change the status of the dollar, insofar as purchasing power is concerned millions awaited that decision of the court almost hysterically, as excited as they would wait the outcome of a World War. Money has no value, no matter what the supreme court rules, unless it brings happiness to the person who has it. Except for the comforts and luxuries of life desired by himself and family and the aid and comfort he can buy for others, no man finds any sensible use for money. It was the desire to "grab" and an insane desire for money that did more than anything else to throw this country into the terrible depression it is now gradually emerging from. Until men and women cease their worship of "the golden calf," until they realize that honesty, industry, kindness and helpfulness are of far greater value than a gold standard, a silver standard or any other monetary standard, then just so long will there be more misery in the world than there should be. Teach the growing boy that money has absolutely no value unless it is expended in promoting these things, and you have taught him one of life's greatest lessons.

The chief indoor sport among the women of Lockney and vicinity just now is planning a few flower beds for the growing season, but a few weeks away. Nothing so much emphasizes the summer season as summer flowers, and to be able to grow them and have them for decorations about the house, where their beautiful color and fragrance will lift the spirits in any room, is an added satisfaction to growing them. Experts in floriculture point out that many ornamental plantings will not allow much cutting because of disrupting the appearance of the flower bed itself. For that reason they suggest planting flowers in parts of the vegetable garden where they will not be in the way. Feminine tastes run to flowers as naturally as a duck takes to water, and if you want proof of it just keep your ears open at this season of the year

when two or more women get together to talk over their plans for spring.

One of the leading insurance companies of the United States reports a decided increase in the number of people killed during the first six weeks of the present year. Last year the total fatalities reached the staggering figure of 36,000. At the present rate this number will be far exceeded in 1935. Already the blame for this tremendous increase in the past fourteen months is being laid at the door of the drunken driver and in many parts of the country campaigns to rule this sort of the menace off the road are under way. The courts are also cooperating with police departments in the prosecution of drunken drivers, and as a rule heavy sentences are being imposed. But the problem is a long way from being solved. It seems that there still are several million Americans who have yet to learn that alcohol and gasoline will not mix.

And is Huey Long mad, or is he mad. The Senate Postoffice Committee reported that Long had not produced facts or evidence constituting a proper case for investigation of Postmaster General Farley. Hooley told interviewers that the Senate wasted time in sending his resolution to the post office committee. It should have sent it to Farley. He also put them on notice that the fight had just begun and "Farley was on the way out," or words to that effect. Why someone don't put their fist in that shysters face is a mystery to us. He rants around like a half-baked nit-wit.

A groom is a man who thinks he has reached that station in life when all the buttons will be on his shirts.—Trail Dust in Matador Tribune.

Pari-mutuel race-horse betting is a great gambling scheme. The operators of such a concern get a rakeoff on all bets made, and to palacate the people a rake-off in the form of a tax is also paid to the state. It is no different in principle from the old-time gambling house that was found over the old rat-row saloon. These gambling houses were outlawed a long time ago and so was gambling on horse races, but a couple of years ago this pari-mutuel scheme was legalized, and since then the people of Texas have lost their millions on the races. Legitimate business has suffered and the gambling has had its demoralizing effects upon the victims. Yet the legislature hesitates to abolish this nefarious scheme. There must be a powerful lobby at work in its behalf. We wonder if any of the boys in the house or senate are on the pay roll.—The Lynn County News.

It is reported that a Gray County farmer came through Miami Sunday afternoon with his combine hitched behind a truck. Some body yelled at him to know where he was going and what he was doing. He yelled back that he was trying to follow his wheat crop.—The Miami Chief.

Gov. Tingley of New Mexico has vetoed a bill to legalize slot machines, and gives his reason, which is in line with complaints of many school authorities in Texas that slot machines, more than any other gambling device, entice school children. In some places it is said that school boys gamble away their lunch money playing slot machines.—The Terry County Herald.

## ---and the Worst is Yet to Come

Miami, Florida, is still crowded and prospects are that the winter season will last three or four weeks longer. The winter season is the same thing to Miami as a good cotton crop fall is to a West Texas town—"Get it boys, while it's here."—Marshall Formby of Miami who writes for the Asper-hunt Star.

No wonder we had two of the worst dust and sand storms Sunday and Monday in west Texas history. What else could be expected with all those mothers-in-law gathering in Amarillo? We have heard of mothers-in-law that could raise more "sand" than that, but we are not personally acquainted with them. The Olton Enterprise.

**IT'S A GREAT LIFE**  
Imagine how a poor editor feels after receiving the following letter: "Please send me a few copies of the paper containing the obituary of my aunt. Also publish a glowing clipping of the many good things my niece who lives in Uetina, And I wish you would mention your local or classified, if it don't cost anything, that I have two bull calves for sale. As my subscription is, out please stop the Press as money is too hard to waste money on newspapers." Well, anyway, he was polite to start with and said "please"—Clipped

**"Light Stuff"**  
(Reading Time 2 Minutes.)

During the five minutes he was dead a Boston man claims he went to heaven and returned. And here in Lockney some people boast if they go 60 miles an hour.

A police judge says women now do seventy per cent of the driving But men still hold the steering wheel.

Two thousand dollars a year is better than \$10,000. Those who have \$2,000 can keep up with their neighbors.

The average Lockney man lives one-third of his life without sin. You see, he spends that much of his life sleeping.

Nature adjusts everything. In that part of the country addicted to chewing tobacco, the weather is always mild enough to keep the car windows down.

Japan simply cannot understand why China should not be tickled pink very time it pushes a bayonet into her ribs.

The life of a bachelor must be just one undarned thing after another.

If men feel sorry for the husband and women feel sorry for the wife, they both got what they deserved.

No wonder middle-class people are the best. They don't need vice to enable them to escape their misery or forget their bore-

dom. /  
If you want to get some important news across to a Lockney woman just tell it to her husband confidentially.

No wonder fool drivers can't avoid collision when steamships can't do it with a whole ocean to dodge in.

Just because a man is successful you have no right to rob him. Only congress has the right to do that.

When a Lockney woman is housecleaning she realizes that they now have machines to do everything but the dirty work.

Still another hardship modern Lockney kids escaped that their parents knew was sulphur and molasses along about this time of year. Give legal advice now. Just tell your client that the government can't make him do it.

Scientists are men who find ways to prolong life while inventing machines to shorten it.

A Chicago man is cutting a new set of teeth at the age of 85, he is probably getting ready for the early roasting ear season.

Brains alone won't help you unless you carry a pretty heavy stock of brass.

The thing that nations need most to keep them out of war is something to laugh over.

If clothes make the man, then what kind of animal is he when he takes a bath?

**TWENTY-EIGHT THOUSAND FARMERS SIGN 1935 CORN HOG CONTRACTS**

Twenty-eight thousand Texas farmers have signed the new 1935 corn-hog adjustment contract. This is an increase of more than 25 per cent of signers over last

**Ends Aching Sore Muscles**  
For longer lasting, quicker relief, use Ballard's Snow Liniment which contains active ingredients to give a more than local action, thus bringing a surge of warm blood to soothe congestion and more quickly soothe away the pain from aching muscles, sprains, strains, lumbago and lumbago. Ballard's Snow Liniment, 30c and 60c (adv)  
LOCKNEY DRUG CO.

**GAINED 20 POUNDS IN TWO MONTHS**  
"Up to two months ago my stomach was in such a bad condition I could not even take a cup of coffee in the morning without being in distress for two or three hours. I bought a bottle of your Emulsion and it helped me from the start, so much so that people thought something had happened to me all of a sudden.  
"Since then I have used six bottles and now I can get up in the morning and eat corned beef and cabbage, my stomach is in such good condition."  
—E. H. Knobloch, 1855 Lincoln Ave., Chicago, Ill.  
Milks Emulsion restores healthy, natural bowel action.  
This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Wonderful for weak, sickly children. You are urged to try Milks Emulsion. Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Mr. and Mrs. Wren Cross and son, Wren Allen, of Post and Mrs. A. R. Meador of Slaton were Sunday guests of Mr. and Mrs. E. E. Dyer. Mrs. Cross will be remembered here as Miss Mary Nell Meador, a former resident of Lockney.

A Satisfaction - - - Well Founded

There is a degree of a well founded satisfaction in the knowing that when you have a thing done, it is done in the right way, and by a responsible institution.

The old wash-day drudgery can be scratched off from your book of worries by letting us do your laundry work.

The most modern methods of sanitation and the use of modern machinery are some of the worthwhile things to consider when you let us do your laundry work.

Pick-up and Delivery Twice a week for Lockney

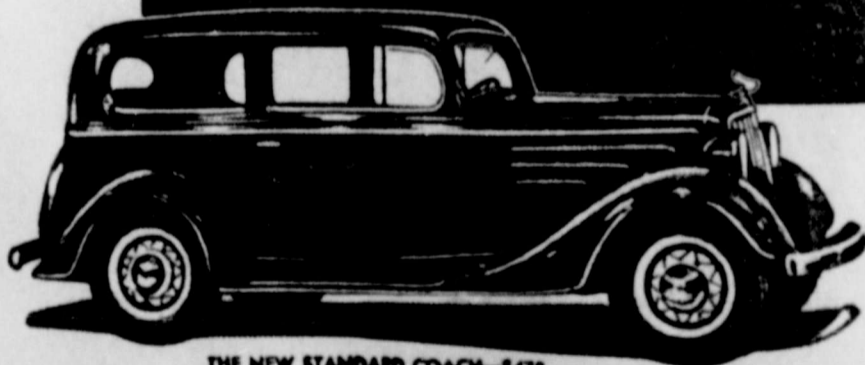

Leave your order at the Baker Hotel Floydada Steam Laundry

It is our honest conviction that -

THE NEW CHEVROLETS offer the finest combination of high quality, low prices and low operating costs Chevrolet has ever offered to the American public

NEW STANDARD CHEVROLET

World's lowest-priced Six... giving the most brilliant performance and greatest operating economy ever offered by Chevrolet...

THE NEW STANDARD COACH-475 \$465

NEW MASTER DE LUXE CHEVROLET

The aristocrat of low-priced cars... longer, even larger, beautifully streamlined... the only car regardless of price that brings you all of the following quality advantages...

THE NEW MASTER DE LUXE COACH-525 \$560

And so, when you decide to buy your new car, may we suggest that you see and drive the 1935 Chevrolets. Then this will become your conviction, too. You will discover that Chevrolet has gone well beyond its highest standards of the past to make these the most desirable cars in Chevrolet history.

twenty grand-children also survive. One step-son, Walter B. Thompson of Spearman, Texas died four years ago.

Mrs. Thompson with her family moved to Floyd County and settled in Aiken community in 1911 and remained there 11 years.

She became a Christian at the age of 15 and joined the Missionary Baptist, of which she was a member at the time of her death. She was a faithful companion, a devoted mother, a true sister, a sacrificial and unselfish friend. It was always one of her greatest desires to help others and she was true to her church and her God. She was laid to rest in the Eldorado Cemetery.

BILL WINGO MAKES HONORARY SOCIETY

Mr. and Mrs. W. H. Wingo of the Lone Star Community have just received notice of their son, Bill's, election to the honorary Freshman Scholarship Society at the University of Texas.

Mr. and Mrs. J. L. Suits and two daughters, Jean and Jerry Nell, and Miss June Guthrie were visitors in Lubbock and Slaton Sunday.

THE DEPRESSION HAS ONE THING TO BRAG ABOUT AN' THAT'S ITS BUMPER CROP OF PESSIMISTS EACH YEAR.

### GOOD THINGS TO EAT

#### Resurrect Your Relish Dish

Do you relish your food in both meanings of the word? That is, to explain this weak attempt at word-play, do you eat with gusto or "relish" and also serve yourself some of those appetizing tidbits known as "relishes"? If you have abandoned the custom, seek in your china closet, resurrect that dish and "compote" and begin all over again!

Relishes are numerous as garishes in the slush and much more exciting. More than one sketchy and uninteresting meal has been transformed into what the roadside stands call a "tasty bite" by the addition of a bright and piquant relish (remember those spiced peaches, those pickled peppers?) Tart and spicy relishes are usually most popular, but the sweet ones are delicious with

meat and fowl. The only rule is that relish be in direct contrast to the food it accompanies, in flavor, and texture.

Lucky is the homemaker who has a shelf full of homemade picadillo, chow chow and preserves—but luckier yet is she who will take a minute to mix up some of the freshly made variety, such as these given below.

#### Relish Suggestions

Celery curls are among the more usual relishes, or celery stuffed with a mixture of cream cheese, Roquefort cheese and a little onion.

Pickled beets (try adding hard boiled eggs to the beet pickles) are another favorite. Crisp cucumbers sliced or strips, pickled in French dressing are old-timers, and olives radishes, pickled onion tomatoes and pickles are on every

bodies list. Crystallized ginger (ever try it in tea?), salted unta and stuffed dates are dessert relishes, and sauce of cranberries or apples are relish and dessert in one. But try these!

#### Old-fashioned Cole-Slaw

(For The Fish Dinners)  
1 green pepper (chopped)  
1 teasp. salt  
2 tbsps. vinegar  
Dash of pepper  
Shred cabbage finely, add chopped pepper, and onion juice. Sprinkle with salt, sugar and pepper and moisten with cooked dressing according to taste. Mix well and serve cold in individual dishes. To make dressing: Mix 3 tablespoons sugar, 1 teaspoon salt, 1 1/2 teaspoons prepared mustard, 1 1/2 tablespoons flour, 2 1/2 tablespoons vinegar. Cook ingredients, which have been mixed in order given over hot water. Stirring constantly, until thick. Add 1 tablespoon mazola and blend thoroughly. Cool.

#### January Conserve

(A Sweet Relish for Fowl)  
1 cup dried apricots  
1 pkg. pasteurized dates  
4 cups cold water  
1 cup sugar  
Juice of one lemon  
1/2 cup chopped walnuts  
Wash the apricots, cover with two cups of cold water, let soak overnight. Add the pitted dates and two cups of water. Cook until the fruit is very soft. Add sugar and lemon juice, and simmer over low heat to the consistency of jam. Add chopped nuts and cook for 5 minutes. Cover with hot paraffin when cold. Fill 2 half pint jars.

#### Molded Garnish of Rice

(Excellent with Cold Meat Platter)  
2 cups cold cooked rice  
1 tablespoon gelatin  
1/2 cup cold water  
2 cups boiling water  
1 tablespoon green pepper  
1 tablespoon vinegar  
1/2 cup ripe olives  
1/2 cup cucumber pickles  
1/2 cup celery  
1/2 cup cottage cheese  
1/2 teaspoon salt  
1/2 cup cucumber  
Soak the gelatin in cold water. Dissolve in the boiling water. Cook. Be sure pickles, olives and cucumber are finely chopped. When this begins to set, fold in the other ingredients. Pour into a mold. Chill until set. Serve on lettuce with tart salad dressing as cold meat accompaniment. 7 servings.

#### Vegetable Relish

(Relish and Salad Combined)  
Cut celery, which has been washed and crisped, into thin match-like strips; cut raw carrots into similar strips and marinate both in Roquefort Cheese dressing and serve cold in individual relish dishes to accompany either fish or meat dish. To make dressing: Blend 1/3 cup mazola, 1 1/2 tablespoons vinegar, 1/2 teaspoon salt 1/4 teaspoon paprika and 1/2 teaspoon sugar. Place in a stoppered bottle, and chill thoroughly. Before serving shake vigorously until oil and vinegar blend to form thick emulsion. When ready to pour over celery and carrots add 1 ounce mashed or crumbled Roquefort cheese to the mixture.

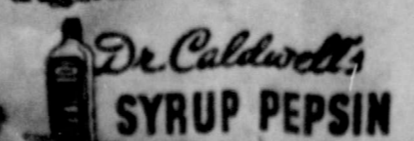

Mr. and Mrs. G. H. Phenix and son, Guy, and Gerald Sams were visitors in Lubbock and Tahoka Sunday afternoon.

### CONSTIPATION Can be Helped!

(Use what Doctors do)

Why do the bowels usually move regularly and thoroughly, long after a physician has given you treatment for constipation? Because the doctor gives a liquid laxative that can always be taken in the right amount. You can gradually reduce the dose. Reduced dosage is the secret of real and safe relief from constipation.

Ask your doctor about this. Ask your druggist how popular liquid laxatives have become. The right liquid laxative gives the right kind of help, and the right amount of help. When the dose is repeated, instead of more each time, you take less. Until the bowels are moving regularly and thoroughly without any help at all. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, and these are natural laxatives that form no habit—even in children. Your druggist has it; ask for—

### Of Interest to Women

Designed in sizes 11, 13, 15, 17 and 19. Size 17 requires 3 3/4 yards of 54 inch material for jumper and 1 1/2 yards of 35 inch material for blouse with short sleeves. With long sleeves in blouse 2 1/2 yards are required.

#### SLIM SILHOUETTE

Pattern 8385: The younger generation has taken the slim princess silhouette for its particular pet, and with good reason, for this style was made for the slender figure of youth. The design sketched is one of its most popular examples, because the separate blouse gives one an opportunity for a great deal of variety. The jumper itself has the panel from shoulder to hem in the back only and varies the scene in front by the single line, which may be a closing or only simulated, and which ends in a pleat at the lower edge. This closing line is accented by its smart button trimming. The blouse with its charming soft collar and puff sleeve is trimmed with machine pleating.

The jumper could be made in plaid or plain woolen and the blouse of white or harmonizing silk, or cotton. For PATTERN, send 15 cents coin (for each pattern desired), your NAME, STYLE NUMBER and SIZE to Patricia Dow, (LOCKNEY BEACON) Pattern Dept., 115 Fifth Avenue, Brooklyn, N. Y.

#### FEEDING OUT LAMBS FOR EASTER MARKET

One hundred lambs are being fed for the 1935 Easter market by Colin Walton of Castro county whose successful feeding enabled him to win the grand championship with his load of 88 winter lambs at a stock show in Fort Worth last year, according to E. W. Thomas, county agricultural agent of Castro county.

#### ANNOUNCEMENTS

The Beacon is authorized to carry the following names as candidates for City office, subject to the action of City Election, April 2, 1935.

- For City Marshal: BARLOW HILL
- For City Secretary: MRS. J. H. ANDERSON, MRS. ELLEN BELYEU, MRS. W. O. (Bill) DOWNS

#### NOTICE TO CREDITORS OF ESTATE OF MRS. FANNIE CHILDERS, DECEASED

Notice is hereby given that original letters testamentary upon the Estate of Mrs. Fannie Childers, Deceased, were granted to me, the undersigned, on the 25th day of February, 1935, by the County Court of Floyd County, Texas. All persons having claims against said Estate are hereby required to present the same to me within the time prescribed by law. My residence and Post Office Address is Box 157, Lockney, Texas.

W. R. CHILDERS, Executor of Estate of Mrs. Fannie Childers Deceased

Because of unusual skill in feeding and the use of Southdown bucks on Rambouillet ewes, Walton's lambs weighed 86 1/2 lbs. at the age of five months. The lambs were dropped mostly in October and run on wheat pasture with the ewes until the last 30 days before the show. They were fed threshed milo, oats and spelt in self feeders until the latter part of the feeding period when they were fed ground feed twice daily. The lambs had free access to a mixture of equal parts of salt and bone meal and were fed bundle sorghum along with their dams when taken off the wheat.

The 83 lambs consumed 7200 pounds of milo, 1600 pounds of oats and spelt and 784 pounds cotton seed cake which all cost \$11.22. Walton sold 50 head

weighing 90 pounds at 14 cents making \$630.00, and 38 head weighing 82 pounds at 10 cents making \$311.60, totaling \$941.60 for the lot.

### "I HAVEN'T HAD A COLD IN FIVE YEARS"

"In the old days I used to dread the coming of winter. I was always getting colds—feeling about half alive—trying to work with my body aching and every nerve on edge. Then a friend told me about McCoy's Cod Liver Oil Tablets with their marvelous vitamins A and D. I started to take them five years ago and I haven't had a cold since that time. McCoy's tablets put new life in folks! build up resistance so anyone can laugh at cold germs. They make weak, skinny people strong, steady-nerved and vigorous. They're wonderful!"

Get the genuine McCoy's Cod Liver Oil Tablets from your druggist today. Don't waste money on imitations. Ask for McCoy's.

Rev. I. N. Demy says: I have found nothing in the past 20 years that can take the place of Dr. Miles' Anti-Pain Pills. They are a sure relief for my headache.

Sufferers from Headache, Neuralgia, Toothache, Backache, Sciatica, Rheumatism, Lumbago, Neuritis, Muscular Pains, Periodic Pains, write that they have used Dr. Miles' Anti-Pain Pills with better results than they had even hoped for.

Countless American housewives would no more think of keeping house without Dr. Miles' Anti-Pain Pills than without flour or sugar. Keep a package in your medicine cabinet and save yourself needless suffering. At Drug Stores—25c and \$1.00

# Why the FORD V-8 is a Sensible FARM TRUCK

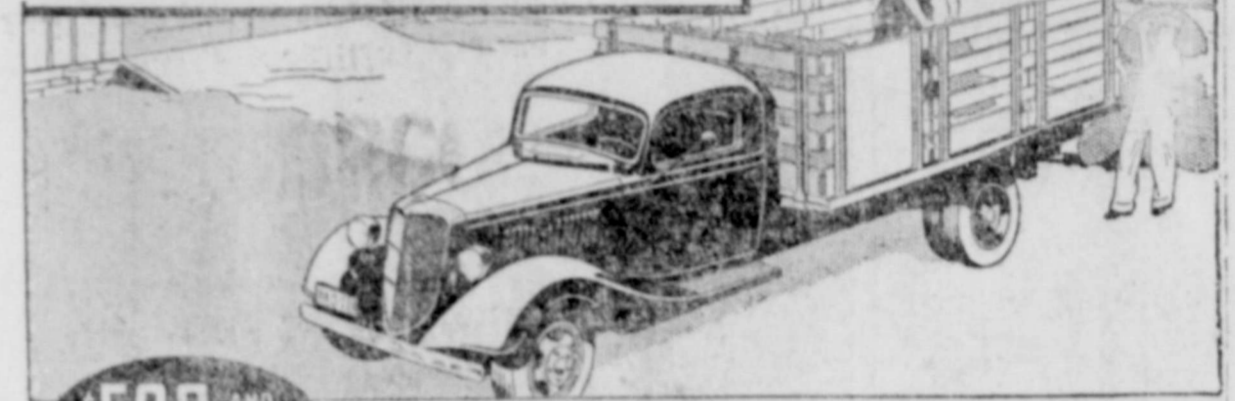

Ford V-8 Trucks have a reputation for hauling more tons, more miles with more satisfaction and at less cost. Ample power, excess strength and remarkable ability of the Ford V-8 Truck insures continued performance on the toughest jobs.

On any road with any load Ford V-8 trucks are consistent profit earners because of these advanced features:

1. V-8 engine with 80 full horsepower
2. New forward load distribution
3. New, stronger front axle
4. Full-floating rear axle
5. Heavy duty four speed transmission
6. New, larger, centri-force, torque converter
7. Improved cooling
8. Comfortable, insulated cab
9. Rib-cooled self-centering steering
10. Torque tube and radius rod suspension
11. New spring suspension
12. New truck style—comfortable coupe type cab

Call any Ford dealer for an "on-the-job" test. You drive it with your own load and check the results. There is no obligation except to yourself.

AUTHORIZED FORD DEALERS OF THE SOUTH WEST

THE NEW FORD V-8 TRUCKS for 1935 More than ever America's Great Truck Value

# Horse and Mule Feeders

THE GRAIN AND HAY CROPS IN THE UNITED STATES ARE SHORT

Scientific feeding tests have demonstrated that these feeds can be replaced by—

## Cottonseed Meal & Hulls

In many localities thousands of horses and mules have been fed through the winter on nothing but hulls and meal,—in most cases a mixture of 1 part meal and 5 or 6 parts hulls with 1 1-2 lbs. of salt added to each 100 lbs. of meal.

ONE POUND OF MEAL IS EQUIVALENT TO 2 POUNDS OF CORN OR OATS

With recent reductions in cottonseed meal and hulls prices it will be found more economical to feed these products than imported feed stuff although it is not recommended that hulls replace other roughage entirely, where mules or horses are being worked daily, they may well be used in a part of the daily ration.

We will be glad to furnish anyone who is up against the problem of feeding their workstock, as well as their dairy animals, as economically as possible, Feeding Bulletins containing rations that will combine properly with, and conserve, valuable Home grown feedstuffs.

Trade your cottonseed for meal—Pound for Pound.
