

## School Bond Issue Carries In Light Voting Saturday

Light voting in the school bond election last Saturday found the bond issue carrying by a heavy majority, as well as the other propositions on the ballot.

The bond issue which was the third proposition on the ballot received 68 votes for and 2 against. The first proposition, regarding the tax rate carried 67 to 3 while the second proposition, regarding the assumption of bonds, carried 69 to 2. A total of 74 votes were cast.

The bond issue was in the amount of \$40,000 and the money derived therefrom will be used to complete the grade school building, as well as provide a lunch room at the grade school and a vocational agriculture shop and class room and a band room at the high school.

## Sub-Station At Lone Star In REA Plans

A sub-station for the Lone Star community is provided for in the \$300,000 allotment received by the Floyd County Rural Electric Cooperative last week according to L. W. Chapman, manager. The Lone Star project will include the sub-station and supporting lines to handle 52 additional irrigation wells. It was reported. The program at Lone Star will relieve an overload situation at Aiken also and allow a number of new wells to be added there, it was explained.

In addition to these a total of 101 new domestic users scattered over the five counties served by the cooperative will be added. The cooperative serves families in Floyd, Hale, Briscoe, Dickens and Crosby.

Mr. Chapman said that the directors hoped to be ready to use the new lines in the spring of 1949, but were not sure that this was possible, due to steel shortages and other factors.

## PTA Rummage Sale Set For Saturday

At the P. T. A. meeting held Tuesday night, it was voted to have a rummage sale next Saturday, Nov. 15 in front of Mrs. Dorsey Baker's accountant office on South Main Street.

The money derived from the sale will go toward completing the funds needed to purchase a projecting machine for the school. The treasurer reported that a net profit of \$812.42 was made from the Halloween Carnival, half of which was given to the Band Mothers' Club for band equipment, and the remaining \$406.21 will be used toward purchasing the projecting machine for visual education in the grade school. At least \$500 will be needed for this purchase leaving about \$100 yet to be raised.

Mrs. E. A. Bonner was named chairman of the rummage sale arrangement committee and she has asked the cooperation of each parent in sending in good used clothing such as coats, sweaters, suits, dresses and etc. Anything that might be sold, it was pointed out that it would not be necessary to have the things cleaned and pressed, but of course, the better condition they are in, the better they will sell.

### Leave Clothing at Truett Variety

Leave your clothing and other articles for the sale at Truett Variety Store Friday if possible. If you can't get them in by then have them in front of Mrs. Baker's accountant office, next door to Maier Food Store by Saturday morning. "What things that are not sold this Saturday will be sold the following Saturday at the same place."

The P. T. A. has purchased a good used piano from funds in the treasury raised previous to this year.

The cooperation of most parents has been splendid and if you will take time to sort out the good outgrown clothing and bring it in for the sale Saturday, the P. T. A. project for the year will be completed.

## Crusade Rally At Lubbock Next Week

A Crusade Rally in the interest of the Crusade for Christ in the Methodist church schools will be held at the First Methodist Church in Lubbock next week. Delegates from churches in Northwest Texas will be present and on Thursday, Nov. 20 at 2:30 p. m. there will be a called session of the Northwest Texas Annual Conference.

Delegates from the local Methodist church will attend.

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, NOVEMBER 14, 1947.

NUMBER 10

## Longhorns Play Matador In Last Home Game Tonight

The last home appearance of the Lockney Longhorns this season will find them out there tonight trying to stop Bonner Nelson, fleet little Matador halfback, who is the leading scorer for the Matador Matadors.

The Longhorns will be in good shape for the game. Coach Curtis Kelley said, and he is expecting the locals to have their hands full with the Motley County boys.

Matador hasn't won a game this year in district play but that doesn't mean they won't be out there fighting to win one tonight. Coach Kelley pointed out. The Matadors have been defeated in a number of very close games. The Crosbyton Chiefs beat them last Friday 13 to 12 after Matador had led for three quarters. Floydada just eased by them 14-7.

The game will be called tonight at 8 o'clock. Officials will be Preston Johnson, Goodwin Bray and Rusty Baccus.

Starting line-ups for the two teams will probably be as follows:

Lockney Longhorns		
Player	Pos.	Wt.
Calvin Pyle	LE	160
Jack Adams	LT	168
Roy Glover	LG	169
Donnie Bybee	C	150
Red Daniels	RG	158
Ewell Dee Kelley	RT	195
Joe Keeter	RE	155
Robert Logan	QB	155
Wyman Guthrie	HB	160
Robert Quisenberry	FB	165
Bobby Carthel	HB	145
Matador Matadors		
Wayne Spray	LE	150
Norman Spray	LT	170
Bobby Thompson	LG	130
Leo Archer	C	140
Garland Rattan	RG	165
Don Bradley	RT	155
James White	RE	140
Bonner Nelson	LH	145
Colonel Garth	FB	145
R. L. Gelseke	QB	150
Albert Marshall	RH	150

## Spook Show At Plains Tonight

According to advance information, a merry madhouse of streamlined spooks will take charge at the Plains Theatre tonight at 10:30 when "Spook Scandals" will be presented. The show is said to bring spine shudders to the most sophisticated.

Two entirely different and complete performances will be presented, according to J. B. Seale, manager of the theatre. Each will feature a stage show and a horror film to match with the first starting at 10:30 and the second at 12:15.

The witching hour of midnight is the logical time for a series of experiments into the realms of hobgoblins and other eerie denizens of the nether regions and the advent of a group of "Glamour Girls" promise some unique phases of spook-mania. Due to the very nature of this special all the ladies should have escorts, it was said.

"Spook Scandals" the stage show, is entirely original and promises fast and furious sequences of hilarious hysteria from start to finish. In conjunction with this amazing spectacle of fright and frivolity, both the 10:30 and 12:15 shows will feature a full length film entirely different at each performance in keeping with the theme of screams and chills and ghostly happenings.

## Council Prohibits Shooting Fireworks In Business District

The City Council passed an order this week prohibiting the shooting of fireworks anywhere in the business district or at any public gathering. Mayor R. L. Maggard announced Wednesday.

Mr. Maggard said that considerable complaint had been received because of the shooting of fireworks and that local people must obey the order.

Mr. and Mrs. W. R. Visage of Portales, New Mexico were here Saturday visiting with friends.

HENRY NEIL SCHACHT

## Henry Neil Schacht Awarded Trip To Chicago Club Meet

As a reward for winning the state 4-H garden contest Henry Neil Schacht, son of Mr. and Mrs. Henry Schacht who live just west of Lockney, has been awarded an all-expense paid trip to the National 4-H Club Congress in Chicago November 29 through December 4, it was announced this week.

Henry Neil, who was a 1947 graduate of Lockney High School and now a freshman engineering student at Texas Technological College, has been active in 4-H club work for the past eight years. He won the state garden contest in 1945 and was given a \$100 war bond as an award. In addition he has won many other recognitions in his 4-H club work in past years.

He will be one of the delegation of 14 boys and girls who will attend the national congress from Texas. J. W. Potts and Lorene Stevens, state 4-H Club leaders of the Texas A. & M. College Extension Service, will accompany the delegation. Texas' representatives will go to Chicago in two groups, one from Dallas and the other from Amarillo. Henry Neil will probably go with the Amarillo group which will leave Friday, November 28.

The possibility that other Floyd County boys will make the trip to Chicago was emphasized in news releases from College Station, which said that Jackie Gene Brock and Earl Edwards Jr., both of Floydada, were still in the running in contests which would entitle them to the trip if they should win. Brock is in the Leadership contest and Edwards is in the achievement contest.

The award in the garden contest was donated by the Allis-Chalmers Company.

## Damp Weather Stops Cotton Harvesting

Although moisture was not sufficient to be of any benefit to growing things, it was enough Thursday to stop cotton harvesting in this area. Clouds were heavy and gave the appearance that Floyd County could expect rain at any moment, but not enough had fallen up to Thursday afternoon to make any mark on a rain gauge.

Meanwhile gins were getting a breathing spell for the first time in several weeks. The three gins at Lockney had ginned around 5800 bales up to Thursday noon with estimates that from one-half to one-third of the crop was still in the field.

## Meeting Called To Organize Dramatic Club Tuesday Night

A meeting will be held next Tuesday night, Nov. 18 at the American Legion home at 8 p. m. for the purpose of organizing a dramatic club to be known as "The Little Theatre" according to an announcement made by Mrs. Derrell Wood this week.

All those interested in such a club are invited to attend the meeting.

Mr. and Mrs. Devroe Boggs of Brady are visiting Mr. and Mrs. Bill McAninch and other relatives here this week.

## FRED JONES CASE IS REVERSED WED.

The murder conviction of Fred Jones, Floydada groceryman, was reversed Wednesday by the Court of Criminal Appeals at Austin. Jones was sentenced to death by a Hale County Court early this year.

Jones' conviction had been on a charge of murder in the fatal shooting Oct. 27, 1946, of H. C. Love, Jr., and employe in the grocery store operated by Jones and his wife at Floydada.

The appeals court's opinion noted that defense offered the explanation that the killing followed an evening of heavy drinking on the part of Jones during which Jones discovered that an illicit relationship existed between his wife and Love.

"There is no indication in the record from either side that there had been any bad feeling between the parties and no explanation is given for the killing other than that by the defense," the appeal court's written opinion said. "If the defense is fabricated, the state has failed to produce any affirmative evidence to so indicate."

Jones is held in jail at Lubbock.

Judge C. D. Russell of 64th District Court said upon learning of the appeals court's action that he would transfer the case from Hale to some other county for trial. "We had too much trouble getting a jury in Hale County before," he said.

## New Oil Test Near West Floyd Line

A new wildcat oil test to explore around 7500 feet has been announced for a location just over the line in Hale County. The location will be about 11 miles southwest of Lockney.

It will be Standard Oil Co. of Texas No. 1 Joe Kelleher and is located in block 97, league 3, Callahan County School Land. That puts the prospect 1,950 feet from the north line of league 3, and 660 feet west of the east line of Hale County.

The venture is to start making hole in the near future using rotary tools.

Several Lockney people, including Raymond Meriwether, Clyde Applewhite, D. D. Langford and O. C. Harris own land in the vicinity of the new test.

The Standard Oil Co. test in South Floyd County had reached 2,842 feet in depth the past week end and was drilling ahead, reports stated. It is located in Blanco canyon, about 6 1/2 miles southeast of Floydada.

## Two Are Killed Near Plainview Wednesday

A Plainview railroad grade crossing crash resulted in the deaths of two men early Wednesday.

Victims of the crossing crash at Plainview were identified as A. R. Brown, 29, of Roswell, and Samuel L. Travis, 29, Wichita Falls.

The accident happened at 4:40 a. m. Wednesday, when a 1940 Buick convertible in which the two were riding was struck broad-side and demolished by a Santa Fe freight train at the grade crossing on the edge of Plainview, on the Petersburg highway.

The two were employed by the Warren and Bradshaw Drilling company of Tulsa, and were apparently enroute to Plainview from the Petersburg oil field. The train was outboard and gaining speed when the crash occurred.

## New Arrivals

Born to Mr. and Mrs. Lelon Fields, on Friday night at a Floydada hospital, a son who weighed five pounds, 14 ounces. He has been named Michael Rex. Grandparents are Mr. and Mrs. Jess Williams and Mr. and Mrs. W. H. Fields.

Eugenia Lynn, daughter of Mr. and Mrs. Gavin Marr of Olton, arrived Saturday, November 8 at a Dimmitt hospital. She weighed 7 lbs. 7 oz. Grandparents are Mr. and Mrs. E. Marr of Lockney and Mr. and Mrs. Hugh Alexander of Olton.

## Fate of Road Program To Be Decided November 22

The fate of the county road building program will be decided by the qualified tax-paying voters of Floyd County Saturday week, November 22, when they go to the polls and cast their ballots for or against the \$300,000 road bond issue.

Described by backers of the bond issue as just "a start" in the building of a county-wide network of roads to serve practically every section of the county, the present program calls for 46 1/2 miles of hard-surfaced roads to be built under the Highway Departments plan of the county paying three fourths of the cost and furnishing the right-of-way while the state department pays one-fourth, furnishes the engineering and assumes maintenance of the road

## Grand Jury Returns Three Indictments

The Grand Jury meeting at Floydada Wednesday of this week returned three bills of indictment. District Attorney John Stapleton said Thursday.

Homer E. Stultz, a trucker, was indicted on a hot check charge. Evidence showed that Stultz had given a hot check to C. J. Taylor of Lockney some time ago. The check was for a quantity of hay and was in the amount of \$94.

James Lee Smith, colored, was indicted for murder of Cummings Butler, also colored, on October 5. Butler was killed in an altercation near Barwise in Southwest Floyd County.

Jack Leaverton was indicted on a charge of aggravated assault on the person of J. C. Colvin Sr.

The jury was unable to agree in the trial of Jess Shurbet, charged with a second offense of driving while drunk. The case was heard Monday in 110th District Court at Floydada and the jury reported Tuesday morning to Judge Alton B. Chapman that they were unable to agree.

In County Court this week, two men charged with drunken driving pleaded guilty and were fined \$100 and costs each. One gave his home as Lockney and the other gave Crowell as his home.

## Legion Clears \$334 On Home Talent Show

The Landrum Post of the American Legion came out with a \$334 profit on the "Cornzapoppin'" home talent show and related events presented here Wednesday and Thursday nights of last week, it was reported to The Beacon.

In the baby contest, Donna Lynn Record, daughter of Mr. and Mrs. C. L. Record was named Queen of Toyland and presented a loving cup. Sandy Downs, son of Mr. and Mrs. Harland Downs, was crowned as King of Toyland and also presented a loving cup. Other prizes were given to contestants as follows: second, Larry Don Golden; third, Randy Baccus; fourth, Danny Joe Barber.

The home talent play drew a large crowd. Members of the Legion Post expressed their thanks for the co-operation shown by local business houses and others in helping to make the event a success.

## County Council To Meet Saturday

The County Home Demonstration Council will have its regular meeting Saturday afternoon, November 15, at 2:30 o'clock, according to announcement made this week by Miss Lella Petty, home demonstration agent.

The meeting will be held in the county court room in Floydada.

Visitors in the home of Mrs. Olive Myers and Mr. and Mrs. Wiley Mudgett Sunday included Mrs. Mudgett's sister, Mrs. Horace Miller, Mr. Miller, their granddaughter, Mrs. Lewayne Drury, Mr. Drury and children and Mr. Ed Drury, all of Olustee, Oklahoma.

after completion. This 46 1/2 miles include the following:

In precinct 2 the road proposed is the Rock Creek road running north from Lockney with cutoffs going to Sterley and Lone Star. The road will be paved only to the Lone Star gin according to a map released by James F. Potts, resident highway engineer. The mileage is given as 14.5.

In Precinct 1, a road running west from Floydada to Sand Hill thence south to Harmony has been selected. The mileage on this road is given as 15 miles.

In precinct 3 the road selected is one running east from highway 207 to Cedar Hill, a distance of six miles.

In precinct four two roads have been selected, one a two mile extension south from the Lakeview store and the other a road south from Dougherty nine miles into the Antelope community.

The State Highway Department has unofficially approved the Rock Creek road and possibly the Sandhill road, it was reported. Approval of the other proposed roads is being sought by the county officials at this time.

The fact that some sections of the county are not being served under this road program will hurt the chances of the bond issue to some extent. However, backers of the program are urging that these sections "go along" on this issue with the promise that other roads will be built as soon as possible to provide the ways and means.

Several meetings have been held at Aiken school house with the idea in mind of getting the road running north from Aiken through the Providence community paved. This road extending about 12 miles to the county line serves a rich irrigated section of the county and has a heavy traffic count. The road running south from Lockney through Pleasant Valley community is also a heavily traveled road and one that should be paved as soon as possible. The trick community is another thickly settled section of the county that has no paving and badly needs an outlet in wet weather.

In precinct 5, the people of the Center community are asking for a hard surfaced road connecting them with Highway 207 and residents under the "Cap" are urging the extension of the road from Cedar, should it be paved, on to the Motley county line.

Some areas in Precinct 4 will also be left out in the present road program.

Officials have stated that a levy of 20c on the \$100 valuation will pay the interest and retire the principal of the bond issue. As is pointed out in an advertisement sponsored by the Floydada Junior Chamber of Commerce this week, this would not amount to more than \$11.52 per year per section on the highest valued land in the county and would run as low as \$2.56 per section on land in some parts of the county.

## Thursday Markets

Poultry	
Fryers, lb.	30c
Heavy Hens, 4 lbs. and over	18c
Light Hens, under 4 lbs.	14c
Cocks, pound	8c
Eggs, current receipt, per doz.	51c

**CAUSES OF RISE IN PRICES BEING STUDIED**

The hottest domestic issue at the present time is the high cost of living. And, like all issues which come home with direct personal impact to tens of millions of people, it has been confused by all kinds of conflicting charges and counter-charges, and by arguments which contain more passion than fact.

The Congressional subcommittees which have been holding price hearings in a series of key cities throughout the United States, have produced a mass of testimony from consumers, labor leaders, commodity dealers, retailers and others. Some of this testimony, as was to be expected, is hardly enlightening—for instance, the hearing in an Eastern city was enlivened by a labor official who said categorically that wages had nothing to do with prices. On the other hand, a great deal of it has been thoughtful, intelligent and factual. It is serving, at least in part, to clear up the fog surrounding the price problem.

Particular attention has been directed at the cost of food, for the simple reason that it has gone up faster and farther than anything else except taxes. But that doesn't

**SCHOOL DAYS**

By DWIG

mean that the farmer is a profiteer. He has been caught, as the evidence shows, by extremely stiff jump in his overhead. Farm labor is at an all time high. The cost of feed and other supplies is several times the prewar figure. The Department of Agriculture recently stated that the cost of running a farm is now at "unprecedented high levels," and will go still higher in 1948. Further rises are forecast in the prices of seed, feed and fertilizer. So no valid hope for lower food costs can logically be held.

The operation of the grain exchanges has been the cause of a major controversy. President Truman made the headlines with his charge to the effect that "exorbitant" in grain was partly responsible for high prices. The heads of the prin-

cipal grain exchanges, while acceding to the President's request that margins be increased, have presented effective rebuttals. One of them pointed out that speculation is an integral factor in all agricultural operations, from the time seed is planted until the crop is sold. All of them feel that the biggest problem in the grain market now is the fact that U. S. crops of corn and oats are well below past estimates, while foreign demand is still at abnormally high levels. The exchanges, they say, are an effective and essential media for bringing buyer and seller together on a supply and demand basis.

Still another important point made at the hearings is that government announcements concerning food shortages have in themselves contributed to inflation by exciting and frightening consumers. Housewives buy in excess of current needs, and shortages appear. Demand out runs supply and prices rise unnecessarily. Government interference with food economy was also sharply criticized.

As usual, labor said high industrial profits were a big inflationary influence, and industry retaliated by pointing to current record wages. Some impressive testimony in this field was given by two reporters for a financial newspaper which has conducted a nationwide study of building costs. They said twenty per cent of the housing dollar could be saved by removal of restrictive union policies and cited such practices, according to the INS report, "as limiting width of paint brushes, discouraging apprentice training, refusing to handle factory-assembled materials and general work slowdowns." They added that local building codes are often at fault for requirements which needlessly waste time, money and materials.

Retail business has come out of the hearings undamaged. Practically all of the evidence submitted concerning this part of the distribution machine indicates that markups are as low or lower than under OPA or in prewar times, and that profits per sale are very moderate. The retailer too is faced with the universal problem of high wages, rents, taxes and everything else. Most of those testifying said that they raised pri-

ces with great reluctance, and only when no other course was open.

The factor of taxation, as a cost of living item, is probably much more important than the average man realizes. According to a University of Washington research bureau survey, living costs went up 74 per cent between 1939 and now. Food rose 96 per cent, clothing 72 per cent, furnishing 82 per cent and housing 59 per cent. Taxes, by contrast, rose 300 per cent. Another survey shows that the Federal tax bill is now greater than the national food bill.

During the hearings, many consumer groups demand a return to rationing and price control. This demand has met a cold reception in top government circles. President Truman observed that it would result in a "police state". Others have said that it would dangerously cut production in many lines, and create an enormous black market.

Finally, it is evident that almost everyone thinks his prices are right—but the other fellow's are too high. That attitude may be natural, but it undoubtedly makes a solution to the cost of living problem, if there is any solution, infinitely tougher. We all like to cast the blame while accepting none of it ourselves.

GO TO CHURCH MONDAY

**ARMY WILL EXPEDITE DEPENDENTS' MOVEMENTS**

Washington, D. C.—Army personnel undergoing transfer from Italy to the European command will be joined as promptly by families now in the United States and for whom transportation has been requested. The Department of the Army has announced.

Owing to uncertainty over the duration of the stay of U. S. forces in Italy many officers and enlisted men of the first three grades have been without their families for extended periods. The withdrawal of American troops from Italy and the transfer of many to Germany and Austria makes it possible to expedite the reunion of these men with their families.

### Farm Law Course Taught At A&M

College Station.—The student of agriculture when he leaves Texas A&M College will have a good fundamental conception of the legal system under which he lives, if he takes advantage of the farm law course, now in operation at the college.

The farm law course was installed at the beginning of this term, and runs for each semester, 18 weeks, after which a new class takes up the course. It is taught by Prof. J. Wheeler Barger, of the agricultural economics department. Classes are

held three times a week. Prof. Barger also holds classes at Dallas every other Monday, and the students being those of the United States Department of Agriculture.

There are 14 students in the course at the college, all of whom are seniors. The Dallas class has 18 students.

The course takes in such subjects as the law of tenancy, leases, rents, crops, agency, property, ownership, classifications, limitations of ownership and other subjects.

Mr. and Mrs. Brice Allen and daughters of Crosbyton spent Sunday with Mr. and Mrs. J. B. Allen and family.

"Fair, fast and final" is the way 4,000 buildings will be sold to the general public at Camp Bowie on November 17. Buildings offered in this sale include barracks, recreation, supply, administration, storehouse, officers quarters, mess halls, maintenance buildings, hutments and various types. All structures are to be removed from the camp site by purchasers. The sale will be fair in that you have the same chance as your neighbor to buy one or as many buildings as you desire and all awards will be made to the highest bidders. The sale will be fast in that you can bid, pay and carry your purchases away the same day or later if desired. The sale is final in that all sales are on an "as is, where is" basis, subject to War Assets Administration rules and regulations and terms and conditions of sale.

Quantities of recreational equipment, hardware, textiles and a limited amount of photographic items will be available to both priority and commercial channels at fixed prices until November 28 through the Customer Service Center of the Grand Prairie office of War Assets Administration. Inspection may be made at locations until the sale closes. Most

**ON THE NOSE . . .** Goal-keeper, in a recent soccer match at Paris, France, assumes a prayer-like pose, perhaps imploring the ball to go away as he safeguards his goal. So what happens? The ball socked him right on the nose.

of the items offered are at various locations in and around San Antonio, only a small portion being at the Corpus Christi Naval Air Station. Included are mosquito bars, tent files, tents of various kinds, axes, compasses, food-meat chopping machines, photo lamps, floodlight filaments, lamp guards, flying winter jackets and junior drafting machines. The items are offered on an "all or none" or on minimum and maximum basis.

As wide open to the public as the plains of West Texas is the non-priority sale of 248 buildings at Dalhart Army Airfield and its Auxiliaries Nos. 1 and 2 to be held November 25 and 26. Along with such buildings as dormitories, apartment, pump house with motors, recreation, barracks, mess halls, warehouses and officers quarters will also be offered hogproof fencing, barbed wire, picket fencing and lattice fencing. Buildings are to be sold with all the fixtures they now contain. Inspections may be made between November 17 and 24 any time from 8:00 a. m. to 4:30 p. m., Saturday and Sunday excepted.

A part of war surplus miscellany

originally valued at \$186,500, and recently offered in a War Assets Administration sale appeared headed for export to foreign markets. An exporting company purchased 12 of 45 lots offered at high bid on a non-priority basis. The materials comprised a wide variety of surplus ranging from lumber and auto supplies to wire cables and aluminum sheeting.

Marking a new era in Texas industry, the multi-million dollar one Star Steel plant near Daingerfield, completed near the end of World War II, rumbled into continuous pig iron production last week under privately managed, independent operation. At ceremonies commemorating start of production, Robert M. Littlejohn, administrator of War Assets Administration, hailed the operation as particularly gratifying since pig iron is in such short supply throughout the country. The company holds a three-year lease with option to buy the plant from WAA. All of the first iron output of the plant is destined for the Federal Housing Authority and will go into new housing throughout the country, according to E. B. Germany, company president.

War Assets Administration is preparing to clear airfields throughout the country of 405 surplus aircraft including 29 Stearman trainers at the Dallas Naval Air Station, by means of a fixed price sale to Veterans and other buyers opening November 12. Veterans may buy from November 12 through December 3. Remaining planes will be offered to other priority groups until December 11, when the residue will go on sale to the general public. Public inspection of planes at all locations has been scheduled for November 16 and 17. The WAA has lowered prices on virtually all of the surplus craft in order to speed their transfer to private owners. All of the aircraft are divided into two categories, set-aside planes which may be purchased for personal use by anyone possessing honorable discharge papers from World War II, and non-set-aside planes which may be purchased by veterans who have been issued WAA aircraft purchase certificates.

Seven buildings from the Dalhart Army Airfield and two auxiliary fields were recently purchased by West Texas and Panhandle public schools and cities in a recent priority sale of structures. The sale was held by WAA's office of real property disposal. Schools purchasing were Cotton Center in Hale county, Stratford high school, and Dalhart public schools. Cities purchasing were Dumas and Sunray. At a later date the remaining buildings will be advertised for public bidding and sale for off-site use.

#### ELMER SHACKELFORD STRUCK BY LIGHTENING

Elmer V. Shackelford, FW&D agent at Goree, Texas, and former agent here, was struck by lightning Friday morning, Oct. 21, while on duty. The lightning struck the denot and followed the electric wiring around to the agent's desk, striking Mr. Shackelford on the top of the head, he reports. He was unconscious for some time and was treated at a Wichita Falls hospital. He returned home Thursday but will be unable to work for two weeks, the doctors advised. He is a brother to Mrs. J. L. Dagley.

# Longhorns Beat Whirlwinds

Milton Zimmerman and Clinton Mitchell, two Longhorn football stars of 1941 and 1942, who lost their lives in World War II, would have been proud of the Longhorn gridiron squad last Friday night. You see the 1947 Longhorns dedicated that ball game to Zimmerman and Mitchell and defeated their traditional foe, the Floydada Whirlwinds, 6 to 0.

Playing before a large crowd, estimated at around 3,000 people, the Longhorns completely outplayed the Winds in every department. The score is not really an indication of the difference in the two teams. The Longhorns ought to have won by three touchdowns.

In a short ceremony before the game Band Director George Atwood played "Taps" in memory of the two boys to whom the field was dedicated. Clinton Mitchell was the son of Mr. and Mrs. Elmer Mitchell, former residents of Sterley, but now living in California. He was not only a football star but a star track man, going to the state meet two years in succession and running second only to the sensational Charlie Parker. He died on two Jims in a tank charge against Jap positions. Milton Zimmerman, was the son of Mrs. T. F. Anderson of Lockney of Lockney and lost his life in France. He was noted for his plunging in football as well as all around play. He was rated as the best fullback in Class A seen in this district in years.

The field will be known as the Mitchell-Zimmerman field as a result of the dedication service Friday night.

The game started with the Whirlwinds receiving the ball on their own 10 yard line. The ball carrier was downed on the 14. The Winds ran one play and then fumbled with a Longhorn recovering on the Floydada 21. The locals were unable to gain and Floydada took over on their own 19. After a series of downs and fumbles by both teams, the Longhorns took the ball on the Floydada 44 and started a drive toward their opponents goal. They drove to the

Floydada 5 where a fumble lost the ball. The Whirlwinds kicked and Carthel returned the kick to Floydada's 31. The Longhorns drove to the Floydada 25 where they lost the ball on downs. On the next series of play Bobby Carthel intercepted a pass and returned to the Floydada 41. An exchange of downs found the ball in Lockney's possession on their own 47 yard line. From this point the Longhorns took the ball down to Floydada's 14 from which point Bobby Carthel passed to Joe Keeter over the goal line for a touchdown. A try to plunge for the point failed. The score: 6-0.

The Longhorns immediately threatened to score again but time ran out on them. Floydada received the ball and immediately Donnie Bybee, Longhorn center intercepted a pass on the Winds 31 yard line. A pass from Carthel to Wyman Guthrie was completed on the Floydada 4 yard line. One plunge at the line netted three yards. Then the Longhorns in a hurry to make the score before time was out, ran a play with Robert Quisenberry carrying the ball over the goal line, but an offside penalty and the backfield in motion nullified the score. The half time whistle blew and half ended 6-0.

The last half was played mostly in midfield with neither team making much threat. Floydada drove to the Lockney 45 yard line one time in the third quarter but lost the ball on a fumble there. This was the closest the Whirlwinds came to the Longhorn goal line all evening.

In the last few minutes of the game, a Longhorn punt rolled dead on the Floydada 5. After the Floydada punt Bobby Carthel returned the ball to the Floydada 17 but time ran out again and that was the ball game.

Statistics showed that the Longhorns had 5 penetrations to none for the Winds and the locals lead in yardage gained 268 to 87.

With all linemen playing a great game, probably the standout for the Longhorns was Joe Keeter, right

end, who caught the pass for the touchdown and who also went down fast on every punt, giving the Whirlwind safety very little chance to return the ball. Both Keeter and Pyle, left end played great defensive ball. Red Daniels, the right guard was also an outstanding defensive player. Kelley, Adams, and Shearer, tackles, as well as Glover at guard and Bybee at center filled their positions very creditably.

In the backfield, the offense was divided among Robert Quisenberry, fullback, Bobby Carthel, half and Wyman Guthrie, half. Quisenberry averaged about 4 yards per try, while Carthel kept the Winds in hot water all night with his punt returns. Guthrie starred on reverse plays. Bob Logan, blocking back, filled his position exceptionally well, clearing the way for his team mates and playing a good defensive game. J. D. Williams and Jimmy McGowen, who substituted in the backfield also played heads up ball. Williams made a number of nice gains, filling in at Carthel's position.

Guthrie was outstanding on defensive at his line-backer's position. He usually closed the holes in the Longhorn line and kept the Winds passing attack bottled up.

The Winds didn't complete a single pass all evening and had two interceptions. The Longhorns completed three passes, one for a touchdown and one for a near score.

Assistant Coach John Hansord is credited with the fine defensive play of the Longhorns, since he has charge of that department.

For Floydada Grigby and Hart were outstanding on offense while Jarboe, right guard for the Winds was a pain to the Longhorns on defensive. He broke the Longhorn line a number of times and ruined good plays.

This was the Longhorn's fourth district win against no defeats while the Whirlwinds have two losses chalked up against them and have won two games.

**Results of Other Games**  
Last Friday night the Crosbyton Chiefs defeated the Matador Matadors 13 to 12. The Chiefs trailed until the last quarter when they pushed over a touchdown from the four yard line.

Tuesday, Armistice Day, Paducah defeated Ralls 13 to 6. The Ralls team led until the third quarter when Paducah tied the score. The Dragons then pushed across another counter in the fourth quarter to ice the game away.

Spar was defeated by Munday in a non-district game 34-0.

Jerry Mudgett, Mr. and Mrs. Ray Mudgett and girls of Slaton visited Mr. and Mrs. Wiley Mudgett and Mrs. Clive Myers and family. Mr. and Mrs. Wiley Mudgett returned to Slaton with them where they will spend the winter. Mr. Mudgett, who has been ill the past month, is some better.

Mrs. Melvin Cooper and children accompanied Mr. and Mrs. Clarence McCandless and children to Amarillo Sunday where they spent the day with relatives.

Curtis Kelley, Marvin Cox, Joe McCallum and Floyd Horton attended the football game at Paducah Tuesday afternoon between Paducah and Ralls.

A hick town is a place where it's cheaper to feed your neighbor's chickens than to have a next-door enemy.

A married man's wife finds his things for him; a bachelor knows his are on the floor.

**EXCHANGE STUDENT** . . . Hermann Nickel of the Berlin suburb of Dahlem is first German exchange student to come to the U. S. since the war. Pronounced free of Nazism, he will study at Union college, Schenectady, N. Y.

## Hospital News

Rev. L. L. Brought, Methodist pastor at Alken, was treated Saturday for a finger injury.

Mrs. B. F. Terry is continuing to improve.

Simona Susita, Mexican girl who underwent a major operation last week, is doing fine. She will be released within a few days.

Becton Potts will probably be released within the next day or two. He has been receiving treatment for a shoulder injury he suffered last Saturday morning when he fell against a tractor hitch at his place north of town.

Little Sharolyn Morgan, daughter of Mr. and Mrs. Glenn Morgan was released Thursday after several days of medical treatment.

Doyle Fowler, son of Mr. and Mrs. Luther Fowler, was released first of the week after medical treatment.

Mrs. Della Willmon underwent minor surgery Friday. She was released from the hospital Saturday.

Miss Ludell Colvin underwent a tonsillectomy Tuesday of last week.

Those attending the Texas Baptist convention at Amarillo one or more days this week included Mrs. Gilbert Bean, Mrs. Hilburn Casey, Mrs. H. B. Strickland, Mrs. Harmon Handley, Mrs. W. S. Rexrode, Mrs. Edgar Hays, Rev. and Mrs. E. J. Cobb, Rev. and Mrs. Clay Muncy.

Mr. and Mrs. C. O. Roberts.

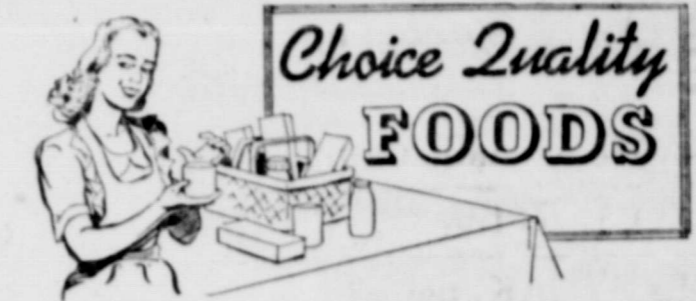

Mrs. Mae Baldwin of Whiteface spent last week here with Mrs. Lottie Love and other friends. Mrs. Baldwin taught in the Lockney schools last year.

**SOCIETY**

**WMS Luncheon and Mission Program To Be Held Monday**

The Baptist Missionary Society will have a covered dish luncheon next Monday at the home of Mrs. Wesley Hay at 12:30 followed by a missionary program on "Peoples of Africa".

The following program will be given: Bible Study, Mrs. C. O. Roberts; "Meet the Africans—Slave or Free?" by Mrs. Harmon Handley; "African his bed several days with the flu.

Religion", Mrs. Wesley Hay; "Southern Baptists in Africa", Mrs. Guy Sams; "Good News of African Baptists", Mrs. Ed Whitfill; "The Christmas Season", Mrs. Carl Weathers; Song, "Joy to the World", Mrs. E. R. Hays.

All the ladies of the church are invited to attend and become new members of the Missionary Society if possible. At a recent meeting the Ruth Moss Circle and the Lottie Moon Circle were redivided for the new year's work and a drive is being launched to enlist many new members.

J. W. Watson has been confined to his bed several days with the flu.

**Party Honors Tots On First Birthday**

Mrs. B. L. McAninch and Mrs. J. H. Cooper honored their children, Gary Bob McAninch and Carol Cooper with a party observing their first birthdays, Saturday afternoon from 3 to 5 o'clock at the Cooper home.

The house was decorated with chrysanthemums. The two white birthday cakes with one candle each were cut and served with pink ice cream. Balloons were given as plate favors.

The tiny guests included Carlton Ray Bilbrey, Jerry Don Cummings, Johnny Chandler, Barbara Chandler, and the honorees, Gary and Carol.

Mothers present were Mrs. Johna Bilbrey, Mrs. Lewis Cummings, Mrs. J. H. Chandler, Mrs. Carl Chandler and Kathy, Mrs. Raymond Thornton and the hostesses.

Pictures of the party group were taken.

**Mr. and Mrs. Rogers Entertain With Party**

Mr. and Mrs. R. C. Rogers entertained a number of friends Wednesday night of last week with a forty-two party. Refreshments of sandwiches, fruit jello with cake and coffee were served to the following:

Mr. and Mrs. Clyde Lucas and Linda, Mr. and Mrs. Carl Weathers and girls, Mr. and Mrs. Fred Morris, Mr. and Mrs. Roy Morrison, Mr. and Mrs. Lenroy Weathers and Carol, Mr. and Mrs. Joe Roach and Steve, Mr. and Mrs. Bill Thompson, Mr. and Mrs. Tommy Weathers, Mr. and Mrs. Wilburn Swift and Orrin and the hostesses.

Those receiving prizes for high and low score were Mrs. Tommy Weathers and Carl Weathers.

Mr. and Mrs. Lewis Martin of Plainview spent last weekend here with her parents, Mr. and Mrs. F. R. McLeod and family. Mrs. Martin is the former Una Wayne McLeod.

**Homecoming For Floydada Students Set For Thanksgiving**

Thanksgiving Day will be celebrated by students of Floydada High School both past and present, on the familiar grounds of their alma mater. Members of the band and pep squad have been very busy making plans for gala homecoming festivities on that day.

All ex-students may register either Wednesday night, November 26 or Thursday afternoon, November 27. Wednesday night's activities will begin with a gigantic bonfire and an arousing pep rally. The bonfire will be formed in a box shape, the corners being telephone poles. A huge Bulldog will be burned to ashes atop the bonfire. The bonfire will be held at 6:30 p. m. on a vacant lot near the High School grounds.

Upon leaving the bonfire everyone will go to the high school auditorium where the pep rally will be held. A homecoming program will be presented.

Thursday morning events will consist of a breakfast for the ex-band members, a coffee for ex-pep squad girls and a parade by the Spur and Floydada high school bands through the business section of the town.

The breakfast will start at 8:00 a. m. From 9:00 until 10:00 a. m. a coffee will be given for the Green Peppers.

The parade, made up of the Spur Bulldog Band and the Floydada Whirlwind band, the Floydada Pep Squad and floats will march through the business district and down Main street to high school. A homecoming queen, representing the student body, will reign over the entire homecoming festivities and will be crowned during the half at the game. The queen will be elected by the student body and will be announced next week.

The feature attraction of the homecoming will be the annual football battle between the Whirlwinds and Spur. This promises to be an excel-

lent display of gridiron feats. All ex-students of Floydada High, their husband, wives and families are urged to attend this homecoming.

Mr. and Mrs. J. W. Spradlin spent the week end at Pike, Texas where they attended a home coming at the Methodist church and visited relatives.

Little Tim Ross McCoy, son of Mr. and Mrs. Clarence McCoy underwent a tonsillectomy at a Floydada hospital Monday. He is doing nicely at his home.

**NOTICE TO THE PUBLIC**

To all those who brought food to the J. H. Williams home at the death of Mrs. W. V. McAda: Your dishes are at the McAda home and due to the fact that there are no names on them, we are unable to return them. Please notify us or call for them.

The W. V. McAda Family

Mr. and Mrs. David Garlington of South Plains attended the Baptist Convention at Amarillo Wednesday night.

**LET'S KEEP OUR ROAD BUILDING PROGRAM ROLLING!**

OUR INDUSTRY AND OUR SCHOOL SYSTEM DEMAND THAT WE GO FORWARD!

Floydada Junior Chamber of Commerce, an organization of young men who believe in the future of Floyd County and its institutions, wants to urge the people of Floyd County to keep permanent road-building construction under way in our county. We believe that we need to supply the funds that will make this possible when we go to the polls Saturday, November 22.

We are for the program mapped out, after due consideration, by the State Highway Department and the Commissioners Court of Floyd County, because we recognize the fact the authorities have to have a beginning place and a program to work from. There are other important Farm-to-Market roads, of course. We ought to have them built and must have them built. In fact, we ought to have many more miles of good, hard-surfaced roads right now. But we do not have them and never will have them until we make a start. So, in saying we are for these road-building plans we do not say we are against any other roads that the people need. We are in favor of starting now on a road building program.

At this time the Highway Department says they can and will help us with continuing a Farm-to-Market Road Building program. This program will stop when the Lakeview Road is finished, for at least two years, unless we take positive action to prevent it. The Highway Department of the State of Texas pledges the State to (1) Handle all engineering; (2) To make the road contracts and supervise all work; (3) To maintain the hard surfaced roads that are built; and (4) to pay one-fourth of the construction costs. This means that the county will get the benefit of the services and the partnership of the Greatest Road Building and Maintenance Organization in our nation at half price. We take no chances on losing! We will be the big winners!

**FLOYD COUNTY IS DEVELOPING BEYOND OUR FONDEST DREAMS: OUR COMMERCE AND INDUSTRY DEMAND GOOD ROADS; OUR SCHOOL CHILDREN MUST HAVE A WAY TO GET TO SCHOOL!**

At present our road system is being maintained at heavy cost but on a non-permanent basis. Everything a Commissioner does to make the roads passable in his precinct must be done over the next time it comes a rain. We are moving dirt over and over from year to year the route we are going now. These roads must be maintained this way until we can do better. But every mile we get transformed into a better road and turned over to the State of Texas to maintain is one mile less that the Commissions Court will have to maintain on a hand-to-mouth basis.

**LET'S START NOW FOR A PERMANENT ROAD BUILDING PROGRAM IN FLOYD COUNTY**

(This advertisement underwritten and sponsored by the Floydada Junior Chamber of Commerce, an organization of young taxpayers who want to build a future in a growing and forward-looking county.)

**"IT RUNS LIKE A NEW ONE!"**

Means more

Farm products

It's widely known that more hours of light will increase egg production. Good farm lighting increases other farm production, too.

The efficiency and dependability of low cost farm lighting makes working conditions more favorable in the barns, tool house, work shop and feed room.

We'll plan a lighting system especially for your farm. No obligation, of course.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

We have nothing to sell but good electric service.

Coach Curtis Kelley, accompanied by Mrs. Kelley, and Mr. and Mrs. Marvin Cox went to Amarillo Sunday to attend the A. A. U. Boxing meeting to help make plans for the Golden Gloves schedule for Region 1.

Mr. and Mrs. Brice Allen and daughters of Crosbyton spent Sunday with Mr. and Mrs. J. B. Allen and family.

### Miss Cloyd Is Honored With Dinner

Miss Joyce Cloyd, bride-elect of Talmadge Price, was honored with a dinner Thursday evening in the home of Mrs. Jimmy R. Black in Plainview.

Dainty floral designed napkins with a bride painted on them were the plate favors.

After the dinner gifts were presented the honoree.

Guests were: Mesdames Lola Cloyd of Amarillo, Robert Cates, Milton Hunt; Misses Berla Allen, Vaneta Dagley, Katherine Dyson, Virginia Tate, Charlene Black, Helen Hardman, Loretta James and Ramona Rouses.

Mr. and Mrs. Walter Whorton and son, Billy of Lubbock spent the week end here with his mother, Mrs. E. M. Whorton.

### Lawson Visits Purina Farm

Bill Lawson, manager of the Consumers Fuel Association here, returned Friday from a visit to the 738 acre research farm of the Ralston Purina Co. at Gray Summit, Missouri. Bill went with 225 other Texas feed dealers on a special train, leaving the previous Saturday night. The farm is one of the largest privately-owned livestock and poultry research projects in the world, with more than 45,000 birds and 3,000 animals being studied each year. Lawson saw the grade-stock dairy herd which has double production under the program of careful sanitation, sound management, good breeding and good feeding.

### CARD OF THANKS

We want to thank our friends and neighbors for their kindness during the illness of our husband and father. May God bless each of you.

Mrs. E. M. Lawson and children

We invite you to bring us your watch when it needs repair. Our dependable service will please you.

### ENGRAVING

We do all kinds of Jewelry Engraving. You will be pleased with our work.

### Silver and Gold Plating

We have a connection whereby we can get your old hollowware replated. Ask us about it.

See us when you plan to buy jewelry. We can help you.

**K. W. Cook**  
Jeweler

### Love at 60 Puts Swiss on Trial For War Crimes

### Business Leader Is the First Non-German to Face Allied Court.

NUERNBERG, GERMANY. — Love at 60 has put Paul Haeffiger in the prisoner's dock charged with high war crimes that could cost him his life.

Tall, bent and nervously excited, Haeffiger looks like what he was—a high grade, top-flight executive. He is one of the 24 men charged with directing the fabulous L. G. Farbenindustrie, heart and brains of Hitler's industrial power.

He has another distinction—he is the first non-German to be a defendant here.

That point may be debatable because Haeffiger has a dual citizenship. He is Swiss by birth and the Swiss government never cancelled his citizenship. But that gets into the story of Haeffiger and love at 60.

### It Was Like This—

His record goes about like this: with his native Swiss talent, command of four languages and high ambition, Haeffiger became a high paid Farben man while still in his 20s. By 1934, he was complaining that his income of 91,000 marks (\$30,000) a year was too low.

From the Swiss side of the border, he handled Farben's huge-magnesium interests. Nothing wrong with that, so far.

In 1934, when he was a full-blown expert, he became Swiss consul at Frankfurt, serving without pay, but retaining his connection with I. G. Farben. He held this post four years, until 1938, and then plunged into the greatly expanded Farben work as the war approached.

In 1941, Germany was top dog. Haeffiger applied for and obtained German citizenship, surrendering his Swiss passport.

Haeffiger rode with the Farben train until the end could be seen early in 1945. But then he fell in love and married—for a third time.

Arrested by U. S. Germany collapsed. Here was Haeffiger, still a Swiss citizen, but also a German citizen by choice.

He could not go to Switzerland, a safe haven, unless he abandoned his new German wife. He refused to do that.

In 1946 he ran into the same German official who had granted him his German citizenship in 1941. Haeffiger gave it back to him, didn't want any part of it. That seemed to solve his personal problem but it did not open the Swiss border to his wife.

Then he was arrested by U. S. war crimes prosecutors. He engaged a Swiss attorney to defend him.

But his fortune is frozen in Switzerland and the attorney said he would have to ask the Swiss government to make funds available for the defense.

This puts the Swiss on a spot: If they unfreeze for Haeffiger, a man thrice decorated by Hitler, what happens to all the other frozen accounts of known Nazis?

The Swiss consul in Frankfurt said his government hasn't any interest in Haeffiger, at least officially. As far as it is concerned, he is on his own defending himself as a German.

### GUESTS HERE

Dr. and Mrs. John Cobb and children spent Sunday with his brother, Rev. E. J. Cobb and family. Dr. Cobb brought the Sunday morning message at the Baptist church. The John Cobbs are now living in Corpus Christi where Dr. Cobb is connected with the Baptist college.

WANT ADS GET RESULTS

### IN APPRECIATION

It would seem remiss of duty if I were to fail to thank each of you, who have been so thoughtful of me since I have been sick and since my strength is yet limited, I'll take this method of doing it.

To Dr. Foster and all of the personnel of the hospital, your untiring service, far beyond the line of duty, has helped me over the roughest time of my life.

To the Baptist Church, the Eastern Star, the W. M. S., the T. E. L. Class as well as the different clubs and the many friends who sent me flowers, I would say that each beautiful flower you sent whispered hope and good wishes to my tired heart, and will always be a green spot in my garden of memories.

To all who sent cards and letters and lent me books, they were a source of unending joy, and have

helped me pass the forty days which I have been in bed.

To Brother Cobb and the pastors of the other churches, your visits and kindly words of encouragement were a source of great help and pleasure.

Since doctors tell me that I have yet perhaps a year before my heart is well again, I still covet a place in your prayers and good wishes, that I may yet be well and return in good measure if not to you, to someone else, some of the many nice things that have been done for me and mine.

Sincerely,  
Mrs. Boyce Kenady

Mrs. E. A. Cox returned home Wednesday after attending the funeral of her brother at Oglesby. She visited in Waco while she was gone. Mrs. Marvin Cox met her mother in Lubbock and accompanied her home.

- Yellow gold hair — Doris Murdoch
- Zealous — Red Daniels

By request we have started a question and answer column. Here is our first offering. It is to be called "The Informer".

Dear Informer,  
Something terrible has happened! Its awful! Its ghastly! I certainly shan't live over it. HE passed me the other day and didn't speak. What shall I do? I've contemplated suicide, but sleeping pills make me sick and upstairs windows make me nervous. What can I do?  
J. F.

Dear J. F.  
Did you ever try barking at him?  
The Informer

Dear Informer,  
I have little sister trouble. "It" causes me more trouble every day. "It" gets in my lipstick (which I swiped from my mother) and "It" needs to be exterminated. — any ideas?  
M. M.

Dear M. M.  
You might see the druggist. They say chloroform is helpful.  
The Informer

Football Game  
I don't suppose that there is much use in telling you about that wonderful football game last Friday night. It seems that you were all there to witness it. The field was a colorful sight with all the bonfires surrounding it. The weather colder, but the attendance better than at any game his year. After listening to Mr. Reeves in assembly, no one could help but feel that we would win the game. The assembly program was our best of the year. The chorus sang and we had a talk from Mr. Reeves, the first of the year. He told us of the football squad dedicating this game to Clinton Mitchell and Milton Zimmerman. We heard

**BACK IN CIVILIAN DRESS . . .** Reconverted to her prewar splendor, the SS Queen Mary again is ready to resume her luxury trade, plying between Southampton and New York. The 81,235-ton liner served as hospital and troopship.

from the coaches and captains. There is not much more to say except that we have the best football team, the most loyal student body, and the most wonderful faculty anyone could wish for.

Our football queen, Lena Sue Pylant will be crowned prior to the Matador Lockney football game tonight. This is our last home game so lets all be there to cheer the Longhorns to another victory.

### Tricks For Girls

**RAINBOW BELTS** — Sew long pieces of multi-colored rick-rack together, leaving long tasseled edges at each end. Have it as wide or narrow as you wish. You'll find it makes a very attractive belt that goes with everything.

**SOMETHING FOR MOTHER** — On your mother's birthday and other occasions make out a dozen or so little tickets good for one dishwashing, "one dusting of the living-room", and any other tasks you can think of and put them in an envelope alongside her other gifts. Any time she gives you a ticket, redeem it at once.

**FORMAL SLIPPERS** — Everyone is wearing comfortable ballet slippers with their formals. Stitch sequins to your slippers and you'll be stepping out in style.

**HERE'S A CORKER** — Cork placemats make solid pinup boards for our room. They will save your wall from many a thumbtack mark, and they are nice enough for that favorite picture of you know who.

**PLATTER MAGIC** — Surprising your gang at the next meeting for dancing to the latest jive by serving your cookies or popcorn in dishes made from discarded records. Soften the records in a slow oven for a few minutes and gently mold them over a tin plate or over cans until you have the shape you wish.

Mr. and Mrs. W. B. Sanifer and Billy spent Sunday in Lubbock with Mr. and Mrs. Thurman Brown.

Bill Allen attended the W. T. S. C. HSU football game in Canyon Friday night.

## Watch Your Kidneys!

**Help Them Cleanse the Blood of Harmful Body Waste**  
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.  
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.  
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nationwide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**HUNTRESS AND THE RHINO . . .** At an age when most girls are just beginning to take jobs as baby-sitters, Virginia Walton Brooks, 14, of Memphis, Tenn., is already a veteran African big game huntress. While on a safari in Kenya Colony, East Africa, with her parents, Mr. and Mrs. Berry Boswell Brooks, the girl knocked over this fearsome-looking rhinoceros. She also bagged a six-ton elephant, the largest shot since the war, plus a zebra or two.

## ENLISTMENT STOP DISTURBS ARMY

Washington, D. C.—The Army General Staff is greatly disturbed by a further drop in enlistments. Although Chief of Staff Dwight D. Eisenhower and Army procurement officials have been concerned for some time over failure to enlist 30,000 men a month, they felt that the situation might improve. This optimism was dispelled when reports from the field showed that enlistments totaled only 21,159 during September. This was 1,947 short of the August figure.

In Oakland, Calif., 200 women were sworn in to serve as policemen in case of emergency. If nothing else, they'll arrest attention.

A psychiatrist says the unmarried are considerably more likely to go crazy.

Definition of a budget: Telling your money where to go, instead of wondering where it went.
