

Legionnaires Protest Closing of McKinney

Ranger's Carl Barnes Post, of the American Legion recently protested by resolution the closing of the Veterans Administration Hospital in McKinney.

The resolution is to be filed with Speaker of the House, Sam Rayburn.

The local post protested closing of the 1,500 bed McKinney unit on the protest that hospital facilities are not sufficient in this immediate area, thus delaying medical assistance to many veterans.

The Pathfinder

By Lee Harr

"How's the missus?" one old cudey was overheard asking another.

"Well," came the reply, "she ain't talking to me and I ain't in no mood to interrupt."

Far and near, upsets among the major football powers were the rule instead of the exception Saturday and no doubt Pathfinder suffered considerably from the results of many of the contests—and we were protesting the .750 season average so closely.

Nevertheless, may as well check the damage.

In area games, which we should have stuck with and kept our fingers out of the Southwest Conference pie, we hit a perfect score.

For, you see, Cross Plains took Gorman, Albany overran Merkel, Graham blasted Seymour and Breckenridge trounced Childers.

In the Southwest Conference, things are mighty bleak indeed. In fact, we took only one team correctly by choosing Baylor over Washington.

TCU, Texas and Rice all disappointed us. So with five correct predictions and three "wrong" ones, percentage dropped to a miserable .625. As a defeated football team will say "wait until next year," we say, "wait until next week."

If the Bulldogs advance into the Class A state playoffs this winter, fans can expect as much trouble again from Deer Park, the perennial Class A power as was anticipated during the 1953 campaign. The battle between the Deer and the Bulldogs failed to materialize that year however, as Deer Park went down in defeat before the meeting.

Of course, its history now that the Bulldogs went on to beat Luling in the finals at San Marcos.

But, Deer Park is looking even stronger this season. The Deer are undefeated in five games this season and very little competition is expected in the remaining district play.

All told, there are still 14 undefeated, and undefeated teams, not to be disqualified that someone will have to reckon with once the playoffs begin rocking along.

These 14 squads include Springlake, Ralls, Ozona, Albany, Chillicothe, Iowa Park, Lewisville, Quitman, Lindale, Deer Park, Industrial, Bandera, George West, and Rockport.

In the District 8-A race, which will furnish the opposition for the District 7-A winner, Albany and Haskell seem to be building up to decide among themselves who will go into post-season competition.

Both teams have a perfect 2-0 season record but Albany holds a 5-0 record over Haskell's 4-1.

No doubt, Haskell's records will be a little poorer after the two teams meet.

HOODOO-IT-YOURSELF
Homemade robot outfits cause these frauleins to make an apprehensive detour on the stairs of a Frankfurt, Germany, school. The children are dressed for their parts in a pageant, and not for Halloween.

who require treatment from wounds suffered in war.

Legion posts attempting to block the closing of the hospital contend that McKinney is located within a 200-mile radius of over 5 1/2 million persons, and that no better medical attention can be given veterans than through the arrangement with Southwestern Medical Foundation.

The federal government has a \$5,750,000 investment in the hospital while the city of McKinney has another half million invested. The local post sees no reason why the hospital should be discarded with the same debts to be accrued in another place.

Qualifying their statements of inadequate veteran's facilities, spokesmen said that 4,716 veterans whose physicians had recommended hospital treatment were unable to be admitted in 1954 in the McKinney and Dallas Veterans' Administration hospital due to the lack of beds.

A portion of the McKinney hospital, if closed, would be moved to the Dallas hospital, but space limitations would prohibit the use of a great percent of the equipment—including beds.

During 1954, an average of 305 veterans were turned away from the McKinney and Lisbon Hospitals each month due to the lack of beds. Strategists have agreed that the area is growing so rapidly that within five years other hospital facilities will be required to supplement the present existing facilities with McKinney included.

Transmission Stressed In Pontiac Showing

The new 1956 Pontiac models which go on display in Colby Pontiac's showrooms Friday, October 21, introduce a General Motors "first," a completely new Hydra-Matic transmission. Called Strato-Flight Hydra-Matic by Pontiac engineers, the new transmission is designed to provide smoother, quieter shifting of gears.

The Pontiac Strato-Streak V-8 engine, introduced last year, is larger in 1956 with horsepower up to 227 in the Star Chief and 205 in the 870 and 807 series. Fifteen new body styles, longer by 2.4 inches, include six "hardtop" Catalinas, three of them four-door and three two-door. "Hardtop" models are available in all three series, the Star Chief, 870 and 860.

There is a choice of 57 new colors in "Vogue" two-toning or solid colors. Interiors utilize new fabrics and leather in a wide range of colors.

"Pontiac is proud to be the first to introduce a big and vital General Motors first—Pontiac's new Strato-Flight Hydra-Matic transmission," R. M. Critchfield, General Motors Vice President and General Manager of Pontiac Motor (Continued On Page Five)

Cattle Rustling Curb Planned In County

A concerted campaign to curb cattle thefts has been opened, according to A. C. Yeager of Eastland, special ranger for the West Texas Ranchers Association.

Counties within the scope of its activities include Eastland, Callahan, Shackelford, Stephens and Palo Pinto.

"There have been a number of cattle thefts lately," said Yeager, "and we are doing our best to set up an effective control against them."

He said that many cattle trucks are being stopped and checked. Yeager said that close cooperation was being extended by the sheriff's departments and other local authorities and Ranger Jim Riddle of Breckenridge.

He called attention to legislation which requires permits for transporting livestock and the keeping of complete stock records, and said that as safeguards they will be carefully enforced.

Following is Article 1444a, concerning permits for transporting livestock:

"Any person who is the driver of any truck, automobile or other vehicle containing any livestock or domestic fowl which is upon or being driven upon any land of which said driver is not owner, lessee, renter or tenant, or which is upon or being driven upon any highway, public street or thoroughfare, who fails to have in his possession and exhibit to any person or peace officer upon demand

Peanut Harvest Expected To Reach 20 Bushels Per Acre

General Recovery From Drouth Seen

Early reports spotted over Eastland County are overshadowing peanut production records set here in the past few years in both grade and yield.

Drouth stricken for the past four years, the county is expected to partially recover from a major slump this fall with a peanut harvest that averages around 20 bushels to the acre with a grade of around 68 percent.

Even though the early reports

are incomplete they cut a large swath through the county indicating a general trend in the fall production.

Highest yield was reported on the H. L. Sims farm near Rising Star where a crop that averaged 24 bushels per acre were harvested. The grade was 72 percent.

Henry Hines of Carbon produced an average of 18 bushels with a 69 grade. Lynden Hartman, Eastland, averaged 20 bushels as did J. A. Graham of Gorman. Hartman's grade of 71, however, topped Graham's mark by three percentage points.

L. E. Melton of the Cheney Community, averaged 22 bushels and J. C. Donaldson of the Kokomo Community took 20 bushels an acre from his crop.

TIPTOE TIME — Rosemary Gilligan, 1955's Tulip Queen, has her toe tips snuggled against some of the tulip bulbs in the season's first shipment from Holland, as it arrives at a Hoboken, N. J., pier.

Ranger Man Elected State Union Head

Donald Hofer, time keeper, warehouseman, for Sinclair Pipeline Co., at Ranger for the past eight months, was elected general chairman and vice president of the Sinclair Pipeline Worker, Oil, Chemical and Atomic Workers International Union, CIO, Houston local 4-227.

Hofer was elected by a 240-1 margin.

He was formerly general co-chairman until the recent election Saturday. He has been an employee of Sinclair for the past nine years.

The post covers all Sinclair Pipeline members in the state of Texas.

Hofer recently met in Independence, Kansas with international representatives of the CIO and also the Sinclair Pipeline Co. to negotiate labor terms.

He also returned in August of this year to complete negotiations that were not finished in the earlier meeting.

Assembly At College Hears Musical Show

A musical program, arranged by Mrs. R. L. Hamrick, was presented at the most recent student assembly at Ranger Junior College.

A boys' quartet composed of Leslie Campbell, Bobby Martins, Bubba Cantelone and Tommy Stark sang "Tenderly" with Martins accompanying at the piano and Al Lopetich on the bass violin.

Composed of Bennie Hatfield, Dan Mitchell, Eddie Joe Jones and Alvin Rodgers, a string quartet played "Georgia Steel Guitar" and "Drugging the Bow."

Jo Ann Crier, accompanied by Fred Baumgardner at the piano, sang two numbers, "Wake the Town and Tell the People," and "Love Is a Many Splendored Thing."

The Dixieland Band under the direction of Letschpe concluded the program by playing several numbers. Members of the band are Dave Jenkins, Duke Dixon, Sherry Ann King, Diane Ervin, Martins, Joe Haynie and Charles Yarbrough.

Haynie acted as master of ceremonies.

Promotion In Senior Staff Noted In Guard

Promotion of senior staff officers of the Forty-Ninth Armored Division held interest of Texas National Guard officers and men stationed in Ranger, Col. Harley B. West of Dallas has been named assistant division commander by Maj. Gen. Albert S. Johnson, division commander, to succeed Brig. Gen. John W. Naylor of Ft. Worth who is retiring after a colorful military career which dates back to 1914.

To succeed Colonel West as the new chief of staff General Johnson named Lt. Col. James D. Scott, also of Dallas, who has been division operations and training officer. Maj. Comer Clay of Ft. Worth, formerly assistant to Colonel Scott is the new operations and training officer.

Each of the officers has worked his way up through the ranks of enlisted men and has served overseas with combat units.

In civilian life General Naylor is widely known for his writing and other activity in the petroleum industry. Colonel West is enrollment director and assistant executive for Blue Cross - Blue Shield of Texas and Major Clay is a professor of government at Texas Christian University. Colonel Scott has been on active duty with the Forty-Ninth since 1948.

The Forty-Ninth Armored Division (Continued on Page 2)

Early Planning Of C-C Banquet Displays Urged

The Ranger Chamber of Commerce urged this week that all industry within this locality begin plans for displays to be shown at the annual banquet here Nov. 3.

Theme of the event this year will be "Industrial Appreciation," thus the need for the displays.

Also, those who make or build products are asked to display their wares at the event. Arrangements for these displays may be made by calling Buck Wallace or the Chamber of Commerce.

Dr. L. D. Haskew, vice-president of the University of Texas, will be the principal speaker for the banquet this year.

FOR SHORT ORDERS—Mrs. Myrie Gunssaulis, of Fort Scott, Kan., puts this miniature of an old-fashioned range to good use. Its electrically heated oven is just the thing for making breakfast toast, and two-element top can be used for at-the-table cooking.

45-0! Rams Smash Fumbling Rangers

Capitalizing on 10 fumbles, the San Angelo Rams rolled to an easy 45-0 victory over the Ranger Junior College Rangers at San Angelo Saturday night in the opening Pioneer Conference tilt for both teams.

San Angelo's first two scores, within the opening five minutes of the contest, were practically gratis efforts coming via the fumble for the Rangers during their second offensive play after the opening kickoff on their own 15 yard line and the Rams scored four plays later to take the lead they never relinquished.

Practically a duplication on the second kickoff, the Rangers fumbled on their second offensive play for a second time—this time with the Rams gaining possession on the Ranger 20.

On the fourth down, Charles Martin passed two yards to Norman Roberts for the first tally. Clyde McLean plunged from the one yard line for the second and Skeet Williams passed to Tommy McAdams for 58 yards and the third.

After a scoreless second period, Williams went around end for 13 yards to hit pay dirt in the third quarter.

In the fourth period, touchdowns came on an eight yard run by Kenneth Scott, a pass from Williams to Roberts good for 63 yards, and a one-yard plunge by Scott.

During the first half, Ranger moved to the San Angelo's one-foot, two, five and nine yard lines, but the Rams, throwing up a stonewall defense threw back the Ranger offensive efforts. On the first attempt, the Rangers

Lt. McAfee's Funeral Wed. At Gordon

The body of Lt. Charles Lee McAfee will arrive in Mineral Wells at 9 p.m. Tuesday and funeral services will be held at 2:30 p.m. Wednesday at Gordon.

McAfee was killed Thursday night in the crash of an Air Force training plane near Moody Air Force Base, Valdosta, Ga. He is the son of Mr. and Mrs. Charles T. McAfee of Mineral Wells, formerly of Gordon; a nephew of Mrs. Jim Boggus and Fred Hbley both of Eastland; a cousin of J. B. Boggus and nephew of George L. Minick, both of Ranger, and grandson of Mr. and Mrs. J. W. Minnick of Gordon.

Lieutenant McAfee was born at Iraan, was graduated from Gordon High School and attended Abilene Christian College two years. He entered the Air Force in January 1954.

Besides his parents, he is survived by a sister, Dorothy McAfee, a student at Abilene Christian College, and a brother, Thomas McAfee of the home address, Mineral Wells.

"It is provided that the provisions of this act shall also apply to slaughtered livestock and fowls and butchered portions thereof."

Chevrolets Go On Display Here November 4

Climaxing a sales year that promises to set new all-time records for the automobile industry, Chevrolet will introduce 1956 passenger cars Friday, November 4, in Ranger at Anderson Chevrolet Company.

The new models will go on display simultaneously at dealer showrooms across the country. Although details have been withheld, the company has reported the forthcoming line is the most diversified in its history.

W. E. Fish, general sales manager of Chevrolet, predicted one of the company's most successful retail showings.

"This is the biggest day of the year for Chevrolet dealers," Fish commented, "and they traditionally go all out to make it a memorable occasion for the people who visit their showrooms."

"Special entertainment, decorations and favors are an accepted policy by thousands of dealers. The expense in showroom trim alone will run well over \$3,000,000. Dealers want to be certain that the background and setting of the new cars do justice to their many improvements."

A feature at many showings this year will be demonstration rides in a duplicate of the car that clipped a full two minutes off the Pikes Peak hill climb record. The officially certified mark was set in September with a heavily disguised 1956 model.

Great Day At Fair For County 4-H'ers

Tired but happy Eastland County youngfolk and the adults who accompanied them came back to Eastland Saturday night, after the 4-H jaunt to the giant State Fair of Texas at Dallas.

The countenances on the 4-H bus included: Don Wilson, Carbon; John Willson, Carbon; Larry Morrow, Rt. 2, Gorman; Jack Calloway, Rising Star; Tony Jordan, Eastland; Frank Weise, Rising Star;

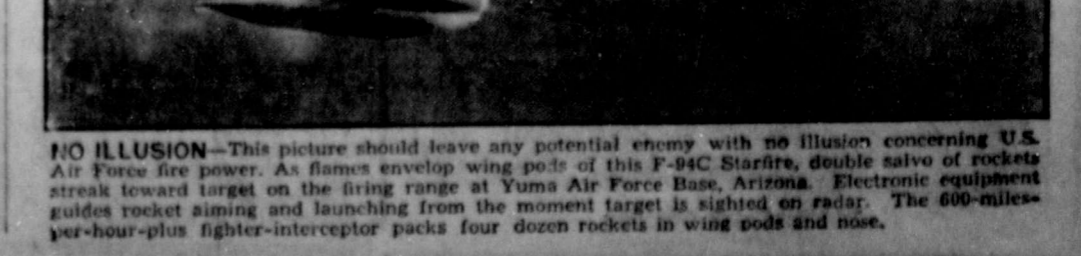

Heavy Pioneer Activity Set Saturday Night

The Pioneer Conference title chase gets underway in earnest this Saturday as four of the five loop teams are scheduled to engage in league competition.

The Arlington State Rebels with three consecutive victories over tough non-conference opponents will play the steadily improving Schreiner Institute Mountaineers at Arlington in the first league game for both teams. And at Stephenville the Tarleton State Ploshboys, defending conference champions, will face the Ranger Junior College Rangers who were beaten by San Angelo, 45-0, in the opening conference game of the season last Saturday.

The Rebs, playing at home, will be slight favorites over the Mountaineers who won against Claco, 19-0, last week. Arlington State defeated the Cameron Angies, who had previously routed five consecutive opponents, by a 14-13 margin at Lawton, Oklahoma, last

Farm Bureau To Meet Thursday In Scranton Gym

A community meeting of interest to all Farm Bureau members and their friends will be held in the Scranton High School gymnasium Thursday evening, Oct. 20, at 7:30, according to T. C. Cozart, Farm Bureau director who will act as host for his community. Local talent will furnish the entertainment and refreshments will be furnished by the County Farm Bureau. All Farm Bureau members and their families and friends are urged to attend this meeting.

Ranger Members Attend Meet Of Delta Kappa Gamma, Cisco

The Delta Kappa Gamma sorority met Saturday afternoon at the Club House in Cisco with about 25 attending from Eastland, Ranger, Cisco, Clyde, Cross Plains and Baird. Mrs. Bernice Carter of Cisco, president of the chapter, presided at the meeting. Mrs. Minnie Hill of the business department of Cisco Junior College and Miss Olga Fay Ford, an English teacher in the college, gave the program on the subject, "Professional Growth Through Association."

Cheaney HD Club To Participate In Achievement Day

Plans for educational and craft exhibits to be displayed at the annual Achievement Day event Nov. 12 in Eastland, were discussed at the Thursday afternoon session of the Cheaney Home Demonstration Club. Miss Billingsley, County Home Demonstration Agent, was unable to attend the meeting. Exhibits will be based on work which has been done in carrying out the 1955 program, including braided rugs, upholstering, canned tomatoes and juice, pickles, crafts, pictures, safety and fire prevention, three-day food supply and gifts for Christmas. Cheaney Club members will choose selections from the list which best suits their accomplishments for the year. They will also participate in the bake sale in connection with the event. Mrs. R. W. Gordon, hostess, served coffee and cake at the close of the meeting. The next meeting will be held Nov. 10.

Colorful Household Gloves Are Styled to Fit

BY EDNA MILES

THE grudge that most housewives have against household gloves is that they don't fit. They grant that they're necessary, that gloves protect the hands and keep them from roughening. But, they say, they're clumsy to wear and it's difficult to handle things with them on.

Actually, they should fit. So news of household gloves that are streamlined for fit (and pretty, too) is welcome. You try on these gloves just as you do your dress gloves. They're made of neoprene, are completely washable and resistant to oils, acids, caustics and greases.

Styling has been added to fit. There's a glove in ebony black, there's a fabric-lined glove in delicate pastels and there's a glove in celestial blue.

You should make a habit of wearing your household gloves whenever you do dishes, whenever you do any housework hard on your hands. In addition, keep your favorite hand cream or lotion handy on a shelf in the kitchen for a good creaming several times a day. No manicure can pretty up hands roughened by heavy housework and lack of care.

Fit to wear, that's the news in household gloves. Homemaker has chosen this pair, after trying on several sizes.

Heavy-

(Continued from Page One)

week. Despite a home field advantage, however, the Rebels will have to be at their best to beat Schreiner which has improved tremendously since falling before Victoria, 46-0, in the season opener.

Tarleton State, 28-25, victors over a strong Hardin-Simmons freshman team last week, will be favored over Ranger. The Plover boys have four victories and only one defeat on their record thus far this season. Led by Gary Berry, league's leading runner, the Stephenville team appears certain to make a strong bid for the loop crown again this year.

San Angelo, now leading the league in conference play, goes to Corpus Christi this Saturday to play Del Mar, one of the two undefeated junior college teams in the state, in a non-league tilt. The Rams now appear to be the major hurdle in the path of other loop teams as they launch their conference campaigns.

This lamp is burning the "DIRTY BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER REFINED GULF NO-NOX, the clean-burning super fuel

Gulf No-Nox burns clean. Here's proof: Note the black deposit on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part which Gulf refines out in making new NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now—in your own car, see how new NO-NOX can give you more miles per gallon in the kind of short-trip, stop-and-go driving you do most.

Gulfpride Select works clean. Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulfpride Select is further refined by the Alchlor Process—removing up to 15% more of the carbon-formers, in B... C contains the new super-refined oil that gives you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service.

Together they give you thousands of extra miles of new-car performance... new-engine economy

Gulf now brings you not just a gasoline... not just an oil... but a great new gasoline and a great new motor oil which, working together, boost each other's efficiency. This new Gas-Oil Team will help your car retain all the horsepower you paid for— help you enjoy thousands of extra miles of new-car performance. Now that fall changeover time is here, switch to Gulf's great new Gas-Oil Team to get more miles per gallon—more miles per quart... plus complete engine protection.

Get the new super-power team

PROCLAMATION By President of United States

WHEREAS the United States of America was one of the Nations instrumental in establishing the United Nations in an effort to save succeeding generations from the scourge of war; and

WHEREAS it is the consistent policy of the Government of the United States to encourage and support the work of the United Nations in that effort; and

WHEREAS the United Nations has entered on its tenth year of unrelenting labor toward realizing the hopes of mankind for an ordered world based on the supremacy of reason and justice; and

WHEREAS the General Assembly of the United Nations has resolved that October 24, the anniversary of the coming into force of the United Nations Charter, should be dedicated each year to making known the aims and accomplishments of the United Nations and has called on the Governments of all Member States especially to commemorate the tenth anniversary of the establishment of the United Nations;

N O W, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby urge the citizens of this Nation to observe Monday, October 24, 1955, as United Nations Day by means of community programs that will demonstrate their faith in, and support of, the United Nations and that will create a better public understanding of its problems

and of its aims and achievements. I also call upon the officials of the Federal, State, and local Governments, the United States Committee for the United Nations, representatives of civic, educational, and religious organizations, and agencies of the press, radio, television, and motion pictures, as well as all citizens, to cooperate in appropriate observance throughout the country of this tenth anniversary of the United Nations.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

(Signed)
DWIGHT D. EISENHOWER
By the President:
John Foster Dulles
Secretary of State.

Countian Name Considered For New Air Base

The name of a Ciscoan who lost his life in the Korean conflict is one of four still under consideration by the Strategic Air Command as a name for the new Air Force base at Abilene. The deceased Ciscoan whose name is being considered was Lt. Col. Walter S. King.

The Air Force reported recently that the list of names suggested for the Abilene base had been narrowed to four — Col. King, Lt. Col. W. E. Dyess from Albany, Lt. M. L. Fitzgerald from Abilene, and Sgt. G. W. Uranch, Jr., from Abilene.

Mrs. Casey Is Buried Tuesday At Leroy, Tex.

Mrs. Naoma Rebecca Casey, who died in Fort Worth Sunday night, was laid to rest after a graveside service at Leroy, Tex., Tuesday afternoon. The funeral was held at Hamner Funeral Chapel, Eastland, Monday afternoon, conducted by the Revs. L. A. Sublett, Raymond Anderson, J. L. Ware and L. R. Moseley.

Mrs. Casey, who lived at 1023 E. Main, Eastland, was taken ill while visiting her son, George Casey, in Fort Worth, and died about the time of arrival at a hospital there. She was a member of the Baptist Church.

Her husband died several years ago. She is survived by a number of other relatives including six children — Francis, Clarence, James E. and W. E. Casey, all of Eastland, and George Casey of Fort Worth, and a daughter, Mrs. Lee Hogan, of Eastland.

HOSPITAL NEWS

Newly-admitted patients at Ranger General Hospital include: Mrs. C. M. Knolton, Ranger, medical; Geneva McGee, Ranger, medical; Jack Moody, Gorman, medical; Rev. S. R. Grace, Caddo, medical; and Mrs. A. E. Dobbs, Eastland, surgical.

New patients at West Texas Hospital include: Glen Clifton of Austin; RJC student; Mrs. Jess Blackwell of Lubbock and June Davis, son of Mr. and Mrs. S. A. Davis, Rt. 3, Cisco.

CHICAGO—The world's first "technological circus" featuring huge earthmovers like this 37 ton scraper with beautiful girl jockeys, singers, dancers, aerialists, elephants and horses is presented four times daily at General Motors' fabulous Powerama, the big free show on Chicago's lakefront through Sept. 25. The "world's fair of power" has 253 exciting exhibits of power in action plus GM "dream cars," the "Kitchen of Tomorrow" and a fashion show. It will be open daily from 10 a.m. to 11 p.m. and Sundays noon to 11 p.m.

First Baptist Revival Continues; Breakfast Meetings Held at 7 A.M.

Both morning and evening services continue to bring larger groups of people to the revival. The singing and music has been an added spiritual blessing. The plain, scriptural, and well-presented messages can be understood by the children as well as proving to be of great spiritual value to the adults.

The breakfasts served at 7 a.m. are for the purpose of giving those who work an opportunity to attend the morning services. Of course there is a wonderful Christian fellowship, and everyone is welcome and invited to come down at 7 and the services are concluded promptly at 7:30.

Band Members Are Entertained At Stephenville

Mr. and Mrs. Sam Houston and members of the Stephenville High School band were hosts to members of the Ranger High School band at a party last Friday evening.

Attending from Ranger were Jerry Bob Greer, Jackie Neeley, Don Deffebach, Ronnie Juniper, Dale Creager, Dale Cozart, Frankie Lancaster, Robert Maddux, Charles Horton, Nadine Pitts, David Anderson, Don Adams, Norma Mace, Dorothy Hagar, Mary Kay Bush, Jimmie Mae Miller, Annabeth Deffebach, Linda Black, Marinell Shockey, Charlotte Baker, Mollie Mitchell, Elpidia Gonzales, Mary Ellen Deffebach, Barbara Bray, Barbara Nichols, and Patsy Shaffer.

Sponsors were Mrs. H. A. Shockey, Mrs. Arthur Deffebach and Jack Mace.

Doctors, Guests Entertained On Terrell Ranch

Dr. and Mrs. T. C. Terrell of Fort Worth entertained members and guests of the Five-County Medical Society and Auxiliary at a barbecue on the Terrell Ranch near Ranger Sunday evening.

They were assisted in serving by Dr. and Mrs. P. M. Kuykendall of Ranger and by John Thurman, who had charge of the barbecuing.

Dr. Stubblefield of Baird, president of the Society, presided over a short business session. About 100 persons attended the barbecue including Dr. and Mrs. W. P. Watkins and Dr. and Mrs. R. E. Headlee and the Kuykendalls from Ranger and guests from Eastland, Cisco, Baird, Abilene, Brownwood, Breckenridge, Graham, Clifton, Comanche, Mineral Wells, and Fort Worth.

TO SEE CHEVY

T. J. Anderson, Bill Anderson, Owen Bray and W. J. Arterburn are in Fort Worth today where they will see a preview of the new 1956 Chevrolet.

HERE FOR FUNERAL

Mrs. Ollie Langerak of San Francisco, Calif. and Delbert Maxen and family of Downey, Calif. were here to attend funeral services for their brother.

1920 Club To Meet Thursday

Members of the 1920 Club will meet at 3:30 p.m. Thursday, Oct. 20 at the Community Club House for a safety program entitled "Tips on Travelers".

Roll call will be answered with safety suggestions to travelers. Mrs. J. S. McDowell will be program leader for the day. Mrs. M. L. King will discuss "Tips on Foreign Travel" and "How Do Automobile Clubs Help Travelers?" will be Mrs. Charles Hummel's topic.

HERE FROM MIDLAND

Mr. and Mrs. Hamilton E. McRae of Midland visited Mrs. M. H. Hagaman over the weekend.

They also visited Mrs. John D. McRae in Eastland.

HERE FROM SOUTH TEXAS

Mr. and Mrs. Lee Harr had as their weekend guests his brother, Fred Harr of Eagle Pass and Miss Faye Marie Pohl of Brownsville, both students at San Marcos.

AAUW To Meet In Ashton Home

The American Association of University Women will hold their next regular meeting in the home of Mrs. Price R. Ashton at 7:30 p.m. Thursday, Oct. 20.

The program will include "The American Indian in Art and Music" by Mrs. Walter Daniels and Mrs. Jettye Ballenger will discuss "The American Indian in Literature."

ATTEND LIBRARY CONFERENCE

Mrs. W.D.R. Owen, Ranger librarian, and Mrs. George Robinson attended a district library conference in Snyder Saturday.

Mrs. Lula Grace Erdman, Texas novelist, was the guest speaker.

GOODRUMS HAVE GUESTS

Mr. and Mrs. T. J. Goodrum of Houston and J. L. Goodrum of Dayton, Tex. visited last week in the home of Mr. and Mrs. J. H. Goodrum and Fannie Lee.

Announcing the Fabulous '56 Pontiac

Introducing A BIG AND VITAL GENERAL MOTORS "AUTOMOTIVE FIRST!"

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

With all that's newest in glamour—and all that's greatest in "go"—the fabulous '56 Pontiac, now on display, awaits your hands on the wheel. And when you drive it, you will get the biggest thrill in all your motoring experience—because this car is really loaded! The big and vital General Motors "First", which heads its long list of look-ahead features, couples the two most advanced high-performance developments in the industry:

1. An all-new, big-bore Strato-Streak V-8 engine that puts 227 blazing horsepower at your toe-tip.
2. A completely new Strato-Flight Hydra-Matic* that delivers this terrific "go" with a smooth surge of power at any speed. You now sweep from take-off to top performance with the ease of a sailplane. You slow down for traffic, speed up for passing, or gun for a high hill with the changing pressure of your toe on the accelerator the only sign of effort. You may have had it smooth before—but never like this! It literally must be experienced to be believed. That's plenty—but there's much more to make this a date to be long remembered.

There's smart, new beauty and luxury for America's most distinctive car. There's the safety of big brakes and road-hugging length... the security of a smooth new ride and sure-footed cornering. There are many, many other things which mark this beauty as the glamorous pattern for tomorrow's cars. But come in and see for yourself. Take a long look at the six luxurious new Four-door and Two-door Catalina hardtops. Sample the results of its fabulous General Motors "First". Sure as you enjoy thrilling action, here's your next car!

Cozby Pontiac
PINE & RUSK RANGER PHONE 2251

SEE AND DRIVE IT! ON DISPLAY TOMORROW

1956 PONTIAC 870 Four-Door Sedan More Powerful—The popular Pontiac 870 four-door sedan offers more power and higher performance in 1956 with its bigger 205 h.p. Strato-Streak V-8 engine, and an improved Hydra-Matic transmission that gives smooth economical performance. Displacement of the 1956 Strato-Streak V-8 has been increased to 316.6 cubic inches and compression raised to 8.9:1. Exciting new colors in "Vogue" two-tone, sumptuous interiors and new styling features add new beauty to the four-door sedans, available in all three series. These new cars will be on display at Cozy Pontiac in Ranger on Friday, October 21.

Transmission—

(Continued From Page One) or Division, said today. "In over two million test miles this revolutionary transmission system demonstrated smooth, effortless shifting. This new Strato-Flight Hydra-Matic transmission combined with Pontiac's more powerful V-8 engine will give Pontiac owners a new experience in positive efficient performance. There is no interruption in transmitting power to the rear wheels and gear action is barely noticeable. This positive action insures unhampered acceleration for quick, safe maneuvering.

"The longer and lower look of Pontiac's new body styles combine with big-car riding comfort in the new series", Critchfield pointed out. "The rich colors of Pontiac Vogue two-tones are picked up in the luxurious interiors. Exciting new fabrics are colorful with durability, cleanability and slide-ability."

Foremost among the mechanical improvements in the 1956 Pontiacs are the new Strato-Streak V-8 engines—bigger and sturdier than ever and upped in horsepower to 227 in the Star Chief series and 205 in the 870 and 860 series. The upsurge in horsepower comes from the increased displacement, higher compression ratios up to 8.9:1, and improved carburetion.

STRICTLY FRESH

THIEVES in Meriden, Conn., stole a \$275 set of drums. Officials can't find 'em. The boys skeddaddled to beat the band.

Thief made off with two beehives containing about 60 bees and 160 pounds of honey in Grabd Rapids, Mich. There's one miscreant who's bound to get stung with his ill-gotten gains.

Fellow across the desk from us had an in-law manipulate his mighty sore back and says that now it's in prime condition. Most of our relatives give us a pain in the same region, and there's no cure we can think of that won't put us away for several years, at least.

Police in St. Petersburg, Fla., arrested a fellow for vagrancy who was living under roots of a huge tree, where he had a cozy

Insurence is available from many companies at a relatively low cost to protect you from liability and provide anyone you might injure with the necessary funds to secure proper medical treatment.

Legal hazards are the costly ones, and common sense and a study of the USGA rules and customs will help you avoid them. (This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Most golfers are only too familiar with sand and water hazards. However, the game involves some legal hazards as well. These won't add strokes to your score, but can be far more costly.

The courts have held that a golfer has a legal obligation, to exercise ordinary care to prevent injury to others. Before hitting, it is a player's duty to give a "timely warning" to persons he knows are in line, or close to the line, of intended flight of the ball. Therefore, a healthy yell of "fore" is of far more importance than most golfers realize.

The courts have recognized that the average golfer cannot control the direction or destination of his ball. They have therefore held that a golfer assumes the risk that he might be hit by a ball which is sliced or hooked into the fairway on which he is playing. A golfer injured by such a hit could not recover for his injuries.

Courts have also held that if it is impossible to anticipate that a fellow golfer might be injured by a shot, there is no liability. A situation such as this might arise when a ball is hit at right angles to the intended line of flight as would happen if the ball were hit off either the toe or shank of the club.

A person standing at right angles to the person hitting is in a position of relative safety, and it is not possible for the hitter to anticipate his ball will take such a line of flight.

Generally, to avoid the legal hazards of golf for injury to others, study the rules and customs of the United States Golfers Association. Above all be courteous on the course. Give the players in front of you a fighting chance to get out of the range of the ball. Wait until other players are completely out of line or have left the green which is your objective, before you hit. If there is anyone in line of your shot always yell "fore" before you hit.

Insurance is available from many companies at a relatively low cost to protect you from liability and provide anyone you might injure with the necessary funds to secure proper medical treatment.

Legal hazards are the costly ones, and common sense and a study of the USGA rules and customs will help you avoid them. (This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Homecoming At Gorman Draws Many 'Exes'

Approximately 150 ex-students of Gorman High School attended the second annual homecoming celebration there, climaxed with a football game between Gorman and Cross Plains, Saturday. Cross Plains won, 38-0.

Homecoming festivities began with registration. A luncheon was held at 12:30 in the school cafe-

teria followed by a business session. All officers of the Ex-Students Assn. were re-elected. They include Don Baze, president; Mrs. Kate Allen, vice president and program chairman, and Mrs. Louise Rankin, secretary-treasurer.

Each class represented told anecdotes of their former years in Gorman High School. Four were present from the Class of '29.

The 1929 class was the largest ever to graduate from Gorman. There were 43 grads that year.

The grads pointed out that 1928 was the best year the school ever had on the gridiron.

That was the year Gorman beat Winters in a bi-district game, but lost to Anson 6-0 in regional play.

A pep rally was held downtown Saturday and Mrs. Mary Margaret Daniels, graduate of the Class of '46, was crowned Homecoming Queen. Janie Thompson, football queen, and Mrs. Daniels were presented at halftime Saturday night. Miss Thompson, a junior student, is the daughter of Mr. and Mrs. J. O. Thompson.

LOOK WHO'S NEW

ROUGH 'N' READY — Full-length, fleece-trimmed raccoon greatcoat is a budget item when upkeep is considered. It is said to launder nearly as easily as a good nylon dress. In brown, with beige or tan lining, it has adjustable roll collar and deep, coin-box pockets. New Yorkers had the first peek at this eye-opening creation.

"An executive is a man who can take two hours for lunch without hindering production!"

Good Neighbors

WHAT is it that makes a neighbor a "good neighbor"? Sometimes it's the thoughtfulness of a surprise cake handed over the back fence. Sometimes it's a smile, or a gesture that lets you know there's a friend near who's always ready to lend a helping hand just because it's the natural thing to do. In short, being a good neighbor is simply the business of putting the Golden Rule into everyday practice. Since it began operation in 1871, the Texas & Pacific Railway has been blessed with some of the finest neighbors anyone could want. During our eighty-four years we have received many surprise "cakes over the back fence" from our good neighbors who wanted to show their appreciation for the part T&P has had in the growing Southwest. We are grateful, too, for the friendly and understanding support of our neighbors through the years. Good neighborliness is a two-way track, however. As a good neighbor always should be, we have tried to be interested... in a practical and understanding way... in the well-being of those with whom we live and work. Down through the years, the folks at T&P

have extended a hand of fellowship to their neighbors... in good times as well as in times of disaster. In 1953, for example, a prolonged drought parched farms and ranches of many areas of the West. Our farming and ranching neighbors needed help... and T&P joined with other railroads and the Federal Government in providing that help. The railroads of the West cut in half their rates on feedstuffs to the drought-stricken areas. This reduction was equivalent to a contribution of 20 million dollars, for that is the sum these railroads gave up as a result of the rate reductions. No other transportation agency made any contribution whatsoever... through rate reductions... to the farmers and ranchers. Only the railroads heeded their call for help. We're proud of the way our Southwestern neighborhood has grown, and we're thankful that we've been able to grow with it. Even though the region we serve now has become an industrial and agricultural empire, the spirit of the good neighbor still exists... and is as important now as it was in the pioneer days.

W. G. VOLLMER President

Maraschino Cherries Top Desserts With Taste-Treat

BY DOROTHY MADDOX

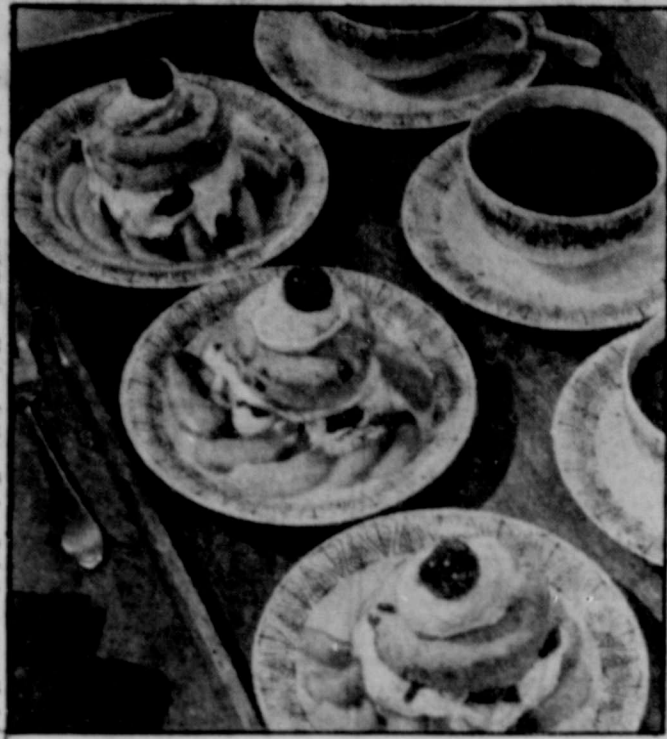

WHEN you want to make a fruit dessert look particularly colorful, use a few maraschino cherries to decorate it. These cherries, incidentally, have a delightful flavor and can be used as one of the ingredients, as well as a decoration.

Cherry-Peach Shortcake (6 servings)

One and one-half cups sifted, all-purpose flour; 2 teaspoons baking powder, 1/4 teaspoon salt, 1/4 cup shortening, 1/2 cup milk, 1/4 cup chopped maraschino cherries, well drained (about 10 cherries); 1 cup heavy cream, whipped; 2 teaspoons sugar, 1/2 cup quartered maraschino cherries (about 20 cherries); 3 cups sweetened, sliced peaches or drained, canned peaches.

Cherry-Apricot Cobbler (4-6 servings)

One-quarter pound marshmallows (about 16 marshmallows); 1 cup water, 1 tablespoon cornstarch, 1 cup quartered maraschino cherries, well drained (about 40 cherries); 1 No. 2 1/2 can apricot halves, drained; 2 teaspoons lemon rind, 2 tablespoons lemon juice, 1 1/2 cups biscuit mix, 1/2 cup chopped walnuts, 1/2 cup milk, maraschino cherry halves.

Peach shortcake is topped with new interest when maraschino cherries are used to brighten this ever-popular dessert favorite.

Combine biscuit mix, walnuts and milk; mix until blended. Drop by tablespoonfuls on top of cherry-apricot mixture. Garnish with cherry halves. Bake in hot oven (450 degrees F.) 20 minutes, or until biscuit is golden brown. Serve warm.

High-Fat Diet—Ace Villain In Heart Disease?

The incidence of coronary heart disease, varying widely in different countries, seems related to food habits. In America, where fat intake is high, heart disease and its allied circulatory ailments account for more deaths than all other causes combined.

Doctors have long known that the greatest danger to the heart is an accumulation in the coronary arteries of a fatlike substance called cholesterol. Though essential to the body, cholesterol in excessive arterial deposits narrows the blood channel and starves the cells of the artery itself. The end result may be a blood clot.

Examining the possibility that high-fat diets may lead to this condition, Blake Clark reports in the November Reader's Digest the findings of recent investigations. His article is condensed from Farm Journal.

Dr. Axel Keys of the University of Minnesota found that 40 years ago fats provided 30 percent of Americans' total calorie intake; today fats provide 40 percent. Checking diets in Italy, England and Spain, where the incidence of coronary heart disease is much lower than here, Dr. Keys found a significantly lower fat intake.

Similar parallels were revealed in Sweden, Norway and elsewhere. Among the Bantu people in South Africa, who get only 15

per cent of their calories from fats, only one death was attributed to coronary disease in a series of 224 autopsies on men 50 to 70 years old. In Japan, where the rice—and fish-eating people have one of the lowest fat diets in the world, seriously diseased coronaries occur only one tenth as often as in the United States.

These implications do not mean that a low-fat diet is a guarantee against heart trouble. Unalterable factors are involved, like heredity, age and sex. But something can be done about diet. The article suggests eating less fried foods, taking salads with little or no dressing, drinking skim milk instead of whole milk, and spreading bread with jam or jelly rather than butter.

Authorities warn, however, that fat is essential and we should not reduce fat intake to the level of the Bantus or Japanese.

Niagara Falls may become nothing more than a long series of rapids in a "short time," according to experts. When erosion at tip of the falls reaches a strata of soft rock upstream, erosion will speed up. The "short time"—perhaps in 1000 years.

More than 20,000 persons have been killed in bitter fighting touched off some three years ago in Nairobi, Africa, by the fanatic Mau Mau terrorist society, according to official estimates.

A spray has been developed which temporarily kills the pain of a youngster's cuts and bruises. Shown at the recent American Academy of Pediatrics Convention in Chicago, it is packaged in a pressure-type can, similar to a bug-bomb.

The Army paid all of President Eisenhower's medical expenses while he was in the Fitzsimons Army Hospital in Denver, Colo. However, it billed him \$1.10 per day for his food, according to Army officials.

One of the noisiest spots in any of the oceans is off San Diego, Calif., according to a Naval Electronics Laboratory spokesman. Untold numbers of shrimp snapping their claws make the racket. Submarines can often evade detection by electronic equipment under cover of the noise.

CHESTER L. MAY
Chester L. May Named To Board American Gas

Chester L. May, senior vice president, Lone Star Gas Company, Dallas, was elected a director of the American Gas Association today at the 37th Annual Convention of the Association in Los Angeles. He was elected for a two-year term, expiring in October, 1957.

The American Gas Association is the national trade association of the fifteen billion dollar gas industry. Its membership includes the leading gas utility and natural gas pipe line companies, as well as gas appliance and gas equipment manufacturers from the United States and Canada. Nearly 4,000 delegates are attending the three-day meeting which is being held in Los Angeles in connection with the annual convention of the Pacific Coast Gas Association, October 17, 18 and 19.

Mr. May pioneered the Southwest in building natural gas distribution systems. His entire business life of about 40 years has been spent in the gas industry. Today he directs distribution operations in company owned and operated gas systems in 445 cities, towns and communities in Texas and Oklahoma. He was elected senior vice-president of the company in January, 1954, climaxed a distinguished career started in 1910, with the job of cleaning gas meters with a wire brush.

STOP FEEDING WORMS!

USE PALATABLE NEW REDCHAIN 3D3 CADMIUM HOG WORMER

Red Chain 3D3 CADMIUM HOG WORMER is an entirely new worming feed. Contains a new drug, cadmium anthranilate, never before used for hogs... the safest effective hog wormer ever developed.

- SAFE • Red Chain 3D3 Cadmium Hog Wormer is remarkably safe for pigs. Does not make them sick, or lose appetite.
- EFFECTIVE • When properly used will remove more than 90 percent of round worms.
- ECONOMICAL • Costs only 7c to 12c per pig. Worm-free pigs gain faster, less feed.
- CONVENIENT • Give as the only feed for 72 hours. Nothing else to do.
- PALATABLE • Is not distasteful to pigs... they stay right "on their feed."

Maraschino Cherries Top Desserts With Taste-Treat

BY DOROTHY MADDOX

WHEN you want to make a fruit dessert look particularly colorful, use a few maraschino cherries to decorate it. These cherries, incidentally, have a delightful flavor and can be used as one of the ingredients, as well as a decoration.

Cherry-Peach Shortcake (6 servings)

One and one-half cups sifted, all-purpose flour; 2 teaspoons baking powder, 1/4 teaspoon salt, 1/4 cup shortening, 1/2 cup milk, 1/4 cup chopped maraschino cherries, well drained (about 10 cherries); 1 cup heavy cream, whipped; 2 teaspoons sugar, 1/2 cup quartered maraschino cherries (about 20 cherries); 3 cups sweetened, sliced peaches or drained, canned peaches.

Sift flour, baking powder and salt together. Cut in shortening with pastry blender or 2 knives until mixture is like coarse meal. Add milk and 1/4 cup cherries and mix well.

Turn out on lightly floured surface and knead gently. Roll or pat out to 1/2-inch thickness. Cut with floured 2 1/2-inch biscuit cutter.

Place on baking sheet and bake in very hot oven (450 degrees F.) 10 to 15 minutes, or until golden brown. Cool. Combine cream, sugar and 1/2 cup cherries. Mix well.

Cut biscuits in half and arrange peaches on bottom halves. Top with half of cream and remaining biscuit halves. Spoon remaining cream mixture over biscuits and garnish with whole cherries.

Cherry-Apricot Cobbler (4-6 servings)

One-quarter pound marshmallows (about 18 marshmallows); 1 cup water, 1 tablespoon cornstarch, 1 cup quartered maraschino cherries, well drained (about 40 cherries); 1 No. 2 1/2 can apricot halves, drained; 2 teaspoons lemon rind, 2 tablespoons lemon juice, 1 1/2 cups biscuit mix, 1/2 cup chopped walnuts, 1/2 cup milk, maraschino cherry halves.

Combine marshmallows and 1/2 cup water; cook over low heat until marshmallows are melted. Combine cornstarch and remaining 1/2 cup water; mix well. Gradually add to hot marshmallow mixture and bring to a boil; cook until thickened; stir constantly.

Add quartered cherries, apricots, lemon rind and lemon juice. Turn into 1 1/2-quart casserole.

Peach shortcake is topped with new interest when maraschino cherries are used to brighten this ever-popular dessert favorite.

Combine biscuit mix, walnuts and milk; mix until blended. Drop by tablespoons on top of cherry-apricot mixture. Garnish with cherry halves. Bake in hot oven (450 degrees F.) 20 minutes, or until biscuit is golden brown. Serve warm.

per cent of their calories from fats, only one death was attributed to coronary disease in a series of 224 autopsies on men 50 to 70 years old. In Japan, where the rice-and fish-eating people have one of the lowest fat diets in the world, seriously diseased coronaries occur only one tenth as often as in the United States.

These implications do not mean that a low-fat diet is a guarantee against heart trouble. Unalterable factors are involved, like heredity, age and sex. But something can be done about diet. The article suggests eating less fried foods, taking salads with little or no dressing, drinking skim milk instead of whole milk, and spreading bread with jam or jelly rather than butter.

Authorities warn, however, that fat is essential and we should not reduce fat intake to the level of the Bantus or Japanese.

Niagara Falls may become nothing more than a long series of rapids in a "short time," according to experts. When erosion at lip of the falls reaches a strata of soft rock upstream, erosion will speed up. The "short time" — perhaps in 1000 years.

More than 20,000 persons have been killed in bitter fighting touched off some three years ago in Nairobi, Africa, by the fanatic Mau Mau terrorist society, according to official estimates.

A spray has been developed which temporarily kills the pain of a youngster's cuts and bruises. Shown at the recent American Academy of Pediatrics Convention in Chicago, it is packaged in a pressure-type can, similar to a bug-bomb.

The Army paid all of President Eisenhower's medical expenses while he was in the Fitzsimons Army Hospital in Denver, Colo. However, it billed him \$1.10 per day for his food, according to Army officials.

One of the noisiest spots in any of the oceans is off San Diego, Calif., according to a Naval Electronics Laboratory spokesman. Untold numbers of shrimp snapping their claws make the racket. Submarines can often evade detection by electronic equipment under cover of the noise.

CHESTER L. MAY

Chester L. May Named To Board American Gas

Chester L. May, senior vice-president, Lone Star Gas Company, Dallas, was elected a director of the American Gas Association today at the 37th Annual Convention of the Association in Los Angeles. He was elected for a two-year term, expiring in October, 1957.

The American Gas Association is the national trade association of the fifteen billion dollar gas industry. Its membership includes the leading gas utility and natural gas pipe line companies, as well as gas appliance and gas equipment manufacturers from the United States and Canada. Nearly 4,000 delegates are attending the three-day meeting which is being held in Los Angeles in connection with the annual convention of the Pacific Coast Gas Association, October 17, 18 and 19.

Mr. May pioneered the Southwest in building natural gas distribution systems. His entire business life of about 40 years has been spent in the gas industry. Today he directs distribution operations in company owned and operated gas systems in 445 cities, towns and communities in Texas and Oklahoma. He was elected senior vice-president of the company in January, 1954, climaxing a distinguished career started in 1910, with the job of cleaning gas meters with a wire brush.

High-Fat Diet—Ace Villain In Heart Disease?

The incidence of coronary heart disease, varying widely in different countries, seems related to food habits. In America, where fat intake is high, heart disease and its allied circulatory ills account for more deaths than all other causes combined.

Doctors have long known that the greatest danger to the heart is an accumulation in the coronary arteries of a fatlike substance called cholesterol. Though essential to the body, cholesterol in excessive arterial deposits narrows the blood channel and starves the cells of the artery itself. The end result may be a blood clot.

Examining the possibility that high-fat diets may lead to this condition, Blake Clark reports in the November Reader's Digest the findings of recent investigations. His article is condensed from Farm Journal.

Dr. Ascel Keys of the University of Minnesota found that 40 years ago fats provided 30 percent of Americans' total caloric intake; today fats provide 40 percent. Checking diets in Italy, England and Spain, where the incidence of coronary heart disease is much lower than here, Dr. Keys found a significantly lower fat intake.

Similar parallels were revealed in Sweden, Norway and elsewhere. Among the Bantu people in South Africa, who get only 15

STOP FEEDING WORMS!
