Arlington State Annexes Pioneer Conference Flag

The closest Pioneer Conference basketball season in the six-year history of the league was finished Tuesday with the Arlington State College Rebels winning the championship by downing their traditional rivals, the Tarleton State "Howboys, 79-70.

The victory gave the Rebels, coached by T. J. Tinker, their third loop title in five years. San Angelo was the 1955 champion. This year the Rams tied Schreiner Institute, each with a 5-3 win-loss record, for second place.

Individual scoring honors for the season were won by Bill Kline-man, Schreiner's fancy shooting forward. In season play he had 172 field goals and 139 free throws for a total of 483 points in 31 games. In conference competition he scored 172 points on 50 field goals and 52 free throws.

Ranger's Bubba Canuteson, with 139 points in eight games, was the league's second high scorer with a 17.4 average. He posted a 14.8 average in overall season play, third highest in the conference.

Last Half Surge Trims Rangers, 79-67, Tuesday

Coach Stan Burnham's Ranger College Rangers ended the basketball season in Ranger Tuesday night with a 67-79 loss to the strong Schreiner Mountaineers.

It was the eighth conference loss of the season for the Rangers who were hard hit by injuries, sickness and graduation.

The rough-and-tumble Mountaineer, who wanted blood with their score, held a 37-34 halftime (Continued on Page Two)

Religious Survey Planned By Pastors Here

The Ranger Ministerial Alliance will meet Saturday at 10 a.m. in the library of the First Baptist Church to devise final plans for the Religious Survey to be conducted here March 11-25.

The city and surrounding area will be divided into two zones with a minister in charge of each zone and he will be assisted by the number of "Survey Workers" needed to complete the survey in three Sundays. There are some 1500 families in the city proper.

There should be at least 200 people from all the churches to go afIELD to complete this very important job, in the shortest length of time.

Special Survey information (Continued on Page Two)

Scouting University Planned At Cisco

The University of Scouting, conducted semi-annually for all leaders and other interested persons in the Boy Scouts of America, will be held at Cisco in the First Presbyterian Church beginning March 6.

Other meetings will be held March 12, 19, 26 and April 12. Each meeting will begin at 7:30 p.m.

Dr. Chief Brown, Cisco, chairman of Leadership Training in the North District of the Comanche Trail Council, will serve as director of the training courses.

"This is a five-night training program in all three phases of

Bargains In Good Used FARM TRACTORS RANGER FARM STORE Phone 808

METHODIST CHOIR—The Choir of the First Methodist Church here will perform at both the morning and evening worship services Sunday. Sunday morning the group will sing "Let all the Earth in Concert Sing" and will be accompanied by Mrs. David Fickrell on the violin. Numbers to be presented Sunday night will be "My God and I" and "The Battle Hymn of the Republic." Officers of the choir are Floyd Killingsworth, president; Marjorie Maddocks, vice president; Melba Creager, secretary-treasurer; Mrs. Arthur Deffebach, librarian; Fred Baumgardner, director; Mildred Balch, organist and Mary Ellen Deffebach, pianist.

SWEET ARRANGEMENT—If you have a nice taste in flowers, you'd enjoy this floral offering. Blossoms of sugar and a vase of almond paste are placed on display at a pastry and confection show in Paris, France, by master confectioner Jean DeBlieux.

Services For J. E. Dillard Held Today

Funeral services for J. E. Dillard, 86, who died Tuesday night in a Ranger hospital, were held at 2:30 this afternoon at Killingsworth Funeral Chapel with Rev. Ralph Perkins, pastor of the First Baptist Church, officiating.

Interment was at Evergreen Cemetery.

Mr. Dillard was born March 21, 1869 in Missouri. He moved to Breckenridge in 1925 and to Ranger in 1930 and has lived in and around Ranger since that time.

He was a retired farmer and a member of the First Baptist Church.

He is survived by one son, J. W. Dillard, Ranger; two daughters, Mrs. Sarah Woods, Blackwell, Okla., Mrs. Myrtle Williams, Red Rock, Okla., 19 grandchildren and 41 great grandchildren.

Pallbearers were J. C. Carter, J. C. Kelley, L. B. Cozart, Austin Guess, Loyd Nails, Homer Langford.

Scouting and will be of particular help to those working in Cubbing, Scouting and Exploring," stated Dr. Brown.

These courses are national accredited and certificates will be issued the leaders completing their work.

"This opportunity provides our leaders with the best instructors in our area and we are most anxious that all committee members, den mothers, interested parents and unit leaders avail themselves of this experience," stated local Scouters.

Reservations to attend one of the three courses, will be received by Dr. Brown through Monday noon.

All sponsoring organizations responsible for Scouting units are urged to have representation in this training program.

City Due Third Five Percent Fire Insurance Penalty Hike

Costs Based On 1952 Loss Ratio

Fire insurance rates in Ranger are due to take another five percent jump effective April 1, Mrs. D. E. Pulley, local insurance representative here, said today.

Mrs. Pulley said that the information was revealed by the state agent of the Commercial Assurance Co., and that the announcement would soon come from the State Insurance Commission.

She said that the rate had increased by the maximum five percent each year since 1952. The 15 percent penalty as it has now grown during the past three years is the maximum penalty, however, and now cannot exceed that figure.

Oil News

New Wildcat Location Staked Near Nimrod

Location for a new Eastland County wildcat has been staked five miles southwest of Nimrod by T. A. Kirk and H. L. Neeb of Abilene.

It will be No. 1 G. T. Dawkins, spotting 1,436 feet from the north and 1,604 feet from the west lines of D. Padlock Survey. Proposed depth is 3,200 feet with rotary.

Completed in the regular field three miles northeast of Eastland was Tabor, Coleman and Carr of Midland No. 1 Bill Merton, Section 6, Block 6, ETRR Survey.

Daily production was five barrels of 39 gravity oil, plus 20 per cent water. It pumped from perforations at 1,429-52 feet. Total depth was 1,516 feet, with casing run to bottom.

Plugged at 1,480 feet was W. L. Meadows, Jr., of Midland No. 1 Mrs. L. C. Webb, et al, wildcat one mile northeast of Olden in Section 1, HT&B Survey.

"Not Guilty" Plea

Whisky Case Set In District Court

The trial of Mrs. Lola Harris of Ranger, charged with possession of alcoholic beverages for sale, was transferred to the 91st District Court after Mrs. Harris entered a plea of not guilty in Judge Hart's county court at Eastland Wednesday morning.

District Attorney Joe Nusselle directed Mrs. Harris, Negro, to appear at 9 a.m. March 6 for hearing but explained that it would probably be two or three days later before her case was heard because of another case scheduled first on the docket.

Judge Hart would have set punishment Wednesday morning if a plea of "guilty" had been entered. But the defendant's plea of "not guilty" automatically transferred the case to the higher court.

Nusselle explained that punishment, if convicted, could amount to a fine of not less than \$1 and not more than \$1,000 or a jail sentence of one day to one year or a combination of both.

Mrs. Pulley explained the reason for the hike:

"In 1952 there were a total of \$33,392 premiums sold in Ranger and the loss paid out by various insurance companies was \$129,633. The credits or penalties are based on the loss ratio of five years of experience, and until 1948 when the year 1952 is not included, we can expect the 15 percent penalty."

The State Insurance Commission sets a standard figure for the premium cost on a given amount of fire insurance but they also allow provision for the credits or penalties as determined by the loss ratio.

Penalties cannot exceed a five percent gain over any year but they can drop by more than five percent each year which may be possible after 1952 is removed from the five year experience rating here.

From records maintained since 1945, Mrs. Pulley pointed out that the city had only a six percent loss ratio in 1945, the lowest loss on the records that dated back 19 years, as compared to the 588 percent, in 1952.

However, the loss ratio here was so great in 1952 that fire insurance premiums that cost \$10 in a city where no penalties are in force now amount to \$15 here for the same amount of insurance.

Methodists To Hear Wilson Guest Tonight

Division heads, team captains and team members and wives of the three groups of the Stewardship program now in progress at the First Methodist Church will meet at 7 p.m. tonight for a dinner.

The group will give reports on visitations.

Wilson Guest will be guest speaker for the occasion.

SOLDIERLY PRECISION—The hills of San Francisco serve as a backdrop for the ranks of the 64-man honor guard of the 24th Infantry Division. The photograph was made when the guard visited this country; normally the members are with their fellow infantrymen manning front-line defenses in Korea.

Tornado Warning System Set For West Texas

In an effort to eliminate much of the confusion which follows a storm warning announcement, the recently organized West Texas Weather Warning and Observation Service is seeking to set up an effective civil defense and disaster organization to serve all West Texas.

At an instruction meeting held at the West Texas Utilities Lyle Lake Auditorium near Abilene this week, Department of Public Safety and U. S. Weather Bureau officials explained the steps in advising people what to do when a tornado is sighted, as well as how to organize the observer corps in each community.

In future weather reported the term "alert" will not be used. Conditions indicating a possible tornado will be reported as a "severe weather forecast" until the tornado is actually sighted by a civil defense observer. It will be important that all communities cooperate to trace the complete path of the storm and to give eye-witness accounts to the weather bureau radio dispatcher, the group was told.

Radar does not actually register the winds of a tornado but does trace the extent of moisture in the form of hail or rain that accompanies any storm.

College Group Has Musical Program Here

The popular music group under the direction of Al Lotzpeich and the Rangoans furnished the assembly breakfast orders for the assembly held at A&M College recently, according to word at the county agent's office.

The grocers received 24 places out of a possible 51 to cop nearly 50 per cent of the entire show. The winning pecans at the county show at Cisco last December were entered in the state show. This has been the practice for the past few years, it was said.

B. B. Freeman, pecan grower and nurseryman, Rt. 1, Ranger, was the leading winner of the Eastland County delegation with eight ribbons to add to his collection.

He got second on both his Burketti and Western Schley entries. He got second on the Mahan, San Saba Improved and second on the heaviest pecans in the show, which incidentally were the Mahan entry which weighed out 29.9 nuts to the pound. He also won second on his Sinaris and the Success-Barkett cross and third on the nuts with the best kernel.

Ellis Cooper, Ranger, won second place with his entry of Western Schley nuts.

Doss Alexander, Pioneer, won first on his Halbert and third on his Western Schley.

The Carbon winner was Mrs. A. C. Underwood with first on her Onlow and second on her Halbert pecans.

All three places for the heaviest seedling were from the county with B. M. Bennett, Gorman, first; H. Capers, Gorman, second; and N. B. Eaves, Carbon, third. Eaves also won third on the seedling nuts with the highest per cent kernel.

Wayne Thurman, Cisco, got second on his pecans with the highest per cent kernel, second on his entry with the best kernel, third on his Eastern Schley and (Continued on Page Two)

The Untrained May Become Lifesavers

Usually any dull can kill, but it takes skill to save.

There is an exception, however. It is almost as simple to save a life with the resuscitator that the Ranger Volunteer Fire Department is attempting to raise funds to buy, as it is to take a life with a gun.

Here the operation explained once and you could do it—rather, you could let the machine do it. You might prefer to have it done

by someone with more experience, you might be scared whither than the patient, but there is every chance that you could save a life. Ordinary power failures don't affect it; the only power it needs is the power of oxygen. You can, of course run out of that. But any supply will do. They often hook onto the tanks used for welding in somebody's garage or shop.

Often, whole rows of the unconscious must be treated, everyone constituting an emergency. A hundred workers were trapped in thick, suffocating smoke in a Chicago tunnel fire in 1931; so were 14 firemen who went to the rescue.

It seems agreed that this is one of those cases where a machine can do it better. For one thing, the

County Unit of American Cancer Society To Be Organized

A county unit of the American Cancer Society will be organized in Eastland County, it was decided at a meeting of women from over the county Wednesday morning at the home of Mrs. Joseph M. Perkins of Eastland, a member of the national service committee of the American Cancer Society.

Plans were made to organize the unit at a meeting to be held at 8 p.m. Monday, March 19, at the Texas Electric conference room in Eastland. Letters are now being prepared to send to persons over the county who would form a nucleus for this unit.

Dr. W. P. Watkins of Ranger, president of the Five-County Medical Society, will give the welcome address at this meeting and Miss Joan Daniel of Fort Worth, field representative of District 13, American Cancer Society, will explain the work. Every doctor in the county is invited. The unit will select a county crusade chairman for the annual crusade in April, which probably will be conducted along the same successful lines as in previous years.

At the meeting at Mrs. Perkins' home, Miss Daniel explained that there is a job for every person who would like to do something for the cancer program. "The educational campaign is most important," she said, stressing the educational programs for schools, businesses and the homes.

Of particular interest and inspiration was Miss Daniel's story about a county unit being organized recently at Anson. After Miss Daniel and Mrs. Perkins had told the purpose of the county unit and the value of its functioning in a community, Mrs. Perkins served coffee and Southern Coffee cake from her tea table in her solarium.

Attending the meeting Wednesday to lay the groundwork for the

Column One

good reason for vetoing the bill, nor do I think he even gave a good excuse for vetoing it," said Speaker Rayburn.

Religious

Each denomination will receive the cards of those who belong to their designated church and those who prefer the particular church. All the pastors will assemble on March 26 to compile the cards and give to each church their own membership, and those who prefer that church. The citizens of Ranger are asked to cooperate with the Alliance in this gigantic task.

The Untrained

(Continued from Page One)

resuscitator can be used on persons so badly injured that manual artificial respiration might kill them. This way there is no pressure on the patient's body, not even his own weight, since he can lie on his back. Thanks to "extension cords" developed during the war, the mask can be taken several hundred feet from the machine — into tunnels, on scaffolding, atop telephone poles.

Last

(Continued From Page One)

advantage but had to come from behind three times in the last half before their accuracy at the free throw line helped them to the victory.

Gorman Soldier Prevents Huge Fire, Fort Ord

A possible million dollar fire was averted one night recently when a Fort Ord, Calif., sentry from Gorman — discovered flames leaping from a clothes hamper in the post quartermaster laundry. The quick action of Private Cecil J. Collins in summoning fire fighting equipment to the scene saved the laundry from extensive damage.

Colonel Clark A. Barker, Fort Ord Quartermaster, estimated the damage at \$276. The fire apparently started when the heat from a huge safety pin, used to tie laundry together, caused spontaneous ignition in a clothes hamper.

Collins spotted the fire while walking on guard duty at the laundry. Seeing flames through a window, Collins ran to the nearby military police booth and called the post fire department. The Fort Ord fire department quickly extinguished the blaze.

County

(Continued from Page One)

third on the San Saba Improved variety.

Guy Parker, Eastland, with his seedling entry, got second on the best seedlings.

Martha Wende, Cisco, received first place on the nuts with the best kernels with her Eastern Schley entry.

Pecan growers at their annual spring field day will determine where the county show will be held in December. The county show for the past three years has been held in Cisco in December.

Groupings For Draft Listed By Authorities

Official advice has been mailed to Texas draft boards by state Selective Service headquarters which direct the boards to divide files of all I-A men into six groups in the new order of calling men up for service.

This directive will cause younger men to be taken and virtually will relieve fathers and men above age 26 from chance of being drafted, as long as service quotas are as low as they are, Colonel S. Schwartz, state Selective Service director, said.

Here, it was announced, is the way draft boards will divide the I-A files in the new order of liability for service:

The first liable group: Draft delinquents who have reached 19, with the oldest being selected first.

The second liable group: Volunteers up to the age of 26, in the order in which they have volunteered.

The third liable group: Non-volunteers 19 through 25 who do not have a child, with the oldest being selected first.

The fourth liable group: Non-volunteers 19 through 25 who do have a child, with the oldest being selected first.

The fifth liable group: Non-volunteers 26 or above, with the youngest being selected first.

The sixth liable group: Non-volunteers between 18½ and 19,

Parker, Bond Chief, Tells About Sales

Guy Parker, U.S. Savings Bonds chairman for Eastland County, announced today that Savings Bonds sales amounted to \$32,948.00, during January.

"This is 5.4 per cent of our 1956 quota," Mr. Parker stated. "We are especially pleased with this sales report," he said. "Savings Bonds are the backbone of individual savings and this is proof that more and more people are turning to this type of investment."

Two Counties Catch Calves In Scramble

Two counties caught calves in the annual calf scramble for club youngsters at the Houston Fat Stock Show, according to County Agent J. M. Cooper. The last two counties — were Bob Leveridge, son of Mr. and Mrs. John Leveridge, and Robert Bostick, son of Mr. and Mrs. Cecil Bostick.

Both boys are members of the 4-H Club and the FFA Chapter. Ten calves were turned loose in the rodeo arena and 20 club boys were in the race. Both Cisacos caught calves early in the scramble, Mr. Cooper said.

Ronnie Bostick, twin brother of Robert, caught a calf in last year's show, and it was in Houston for this show.

with the oldest being selected first.

Colonel Schwartz pointed out there will be hardly any in the first liable group because there are not many delinquents. He said that 29 per cent of inductees in December and January were volunteers and predicted at least that percentage, if not more, in the months ahead.

Colonel Schwartz said that the majority of inductees would now come from the third liable group, consisting of single and childless married men. He said that, without a doubt, calls would be filled from this group and the volunteers.

He predicted that, unless calls go much higher, no one in the fourth, fifth, and sixth liable groups would be drafted.

The new draft regulations will operate to take younger men into service, but not the youngest on the draft rolls, Colonel Schwartz said.

Bill Swink New Associate T. U. Director

Bill Swink has been elected as Associate Training Union Director of the First Baptist Church. Mr. Swink is manager of Duke and Ayers. Coming to Ranger last year the Swinks have fit right into the program of the city and have become actively engaged in church work.

Mr. Swink has had a wide range of experience in religious work. He has served as general superintendent, music director, Sunday school teacher and youth worker. His college work was in Texas Wesleyan and Jacksonville Baptist College.

Mrs. Swink did her college work in Durant, Okla., at the Southeastern Teachers College. She is working in the Adult Training Union department and in Sunday school. The Swinks have two children, James Leo, and Cathy.

Woman's World society, clubs, churches

WSCS Meets for Bible Study And Election of New Officers

The WSCS of the First Methodist Church met February 27 at the church for the conclusion of the Bible Study featuring the Five Classics taught by Rev. Bruce Weaver.

The opening prayer was given by Mrs. J. L. Turner. The first topic of the program was "A Serious Call to A Devout and Holy Life," by William Long. William Long refused to give allegiance to the king for his first allegiance was always to God and because of this he was defrocked and banished from the Church of England. He liked to live alone, away from the world, so he could live a devout and holy life.

The second part of the program was entitled "Testament of Devotion" by Thomas Kelly. This book told of the authors' devotion and hunger for the truth. He was an outstanding lecturer in America.

Rev. Weaver gave the closing prayer.

The following new officers were elected for the ensuing year: Mrs. A. W. Brazda, president; Mrs. Stanley McAnelly, vice president; Mrs. R. L. Willis, recording secretary; Mrs. W. F. Weaver, treasurer; Mrs. W. F. Weaver, secretary of promotion; Mrs. Arthur Deffenbach, secretary of missionary education; Mrs. J. E. Matthews, secretary of Christian social relations; Mrs. P. M. Kuykendall, secretary of student work; Mrs. Roscoe Hopper, secretary of youth work; Mrs. Jane May, superintendent of child work; Mrs. A. J. Ratliff, spiritual life work; Mrs. T. D. Stewart, supply work; Mrs. B. A. Tunnell, status of women; Mrs. J. L. Turner, literature and publication; Mrs. F. S. Pearsall, Mrs. Lee Dockery, and Mrs. W. M. Brown, circle leaders.

Mrs. McAnelly and Mrs. Weaver were elected delegates to the annual conference in Waxahachie March 20 - 22.

Mrs. A. W. Brazda was elected as a delegate to the district meeting in Graham March 7.

PULLETS and PROFITS grow together when you feed RED CHAIN GRO-MO

RED CHAIN GRO-MO

GRO-MO is well fortified with the necessary antibiotics to give complete protection to the Vitamin and Mineral needs of Pullets.

RED CHAIN Gro-Mo is a special feed designed for pullets, pullets bred for intensive egg production after the bird becomes an egg producer, an inherent egg-laying capacity cannot be improved. The bird can only be managed, or maintained as a layer. But as a pullet that bird can be developed to utilize to the fullest its native egg-laying ability.

RED CHAIN Gro-Mo is a 20% protein feed, which permits greater use of RED CHAIN Alcomo or oats. It is rich in fish and milk growth factors. Gro-Mo is fortified and perfectly balanced with vitamin and mineral needs. It provides the necessary nutrients for continued healthy growth, and the protection and development of inherent egg-laying capacity.

Graham Says Publicity Will Cut His Ministry Short

By George Burnham
Chattanooga News-Free Press
Staff Writer

OSAKA, Japan — Billy Graham intended to talk on evangelism but never got around to it.

About five hundred missionaries from every city and village in southern Japan were gathered at Osaka to hear the young preacher most of the missionaries had prayed for but few had seen. A large majority of the missionaries were from America.

Billy announced his text and then started talking about something else. It was very informal. He was among home folk who loved God enough to leave their loved ones for Him.

"Bless your hearts. You should be preaching to me. Your devotion and sacrifices have been far greater than mine." He told them about great crowds that came to hear the Gospel of Christ in Great Britain, Europe and India.

And then he said: "I want to

tell you something that I haven't told others on this trip around the world. I feel tonight as if my ministry is going to be very brief. My name has appeared in too many newspapers. It has been placed on too many posters. There has been too much praise given to a man and the Bible says God will not share His glory with any man."

He added, "If there are any newspapers in heaven the name of Billy Graham will not be on the front page. Headlines will be about some unknown missionary back in the jungles who has been faithful."

After telling about the big crowds attending the meetings he discussed some of the reasons for his unusual ministry. He said: "The Number One thing has been prayer. People around the world have prayed. God answers prayer. The great need on the mission field today is not a new method or more money even though we don't give enough. The big need is more prayer from folks at home. They should join you in saturating the work with prayer."

"The second reason for our success has been the power of the Holy Spirit. A human being can take another just so far toward heaven. God's spirit must do the rest. All of us need to be filled with the Holy Spirit. There were only 120 people at Pentecost but they went out and shook the world in one generation. We have more of everything than they had, except one. They were filled with the Holy Spirit."

"The message is important—not the messenger. The trouble with many preachers today is that they are too proud to preach the simple Gospel that people can understand. I used to be too proud myself. I have found that I cannot win anybody for Christ unless I preach about the cross on which He died. There is a power in the cross that is found in no other place in the Bible. And I have found that I must preach the resurrection. Christ didn't stay in the grave. He rose again. I worship a triumphant, living Christ. Some of us Christians go around with long faces as if we are attending a funeral."

"Another thing that revolutionized my ministry was the day I accepted the Bible as God's inspired word. Back in 1946, '47 and '48 I had doubts about some parts of the Bible. And when I preached I had no power. I fell on my knees and told God I was going to get out of the ministry unless I found a message with power. From that day I have accepted the Bible as God's inspired word to man and have preached it with authority."

"These are unusual days. The Spirit of God is moving across the nations of the world in a way never before seen. It is easier to talk with people about Jesus Christ today than any time in living memory. I wouldn't trade places with the Apostles. Paul or any of the others who lived in the past. This is God's hour for the church. Let's be faithful to the task God has called us to do."

He seemed to be a different Billy Graham as he talked with the missionaries. Maybe they can hear the address or evangelism on his next trip around the world... unless his ministry is out short.

NEWS FROM DESDEMONA

By Anell McMasters

Word has been received that Mr. and Mrs. Gid Tarpley were in a car wreck Saturday near Ellenville. No one was injured seriously.

Mr. and Mrs. W. M. Shipman of Lamesa entered the Ranger Hospital Monday. She is in a critical condition.

Jeanette and Drenda Sharp, daughter of Mr. and Mrs. R. L. Sharp, are sick with measles.

Jerry Buckley, son of Mr. and Mrs. Ruffus Buckley, was married Sunday in Kermit to Miss Pat Williams.

Mr. and Mrs. Elton Cooke of Levelland visited Mr. and Mrs. Hugh Abel. She is the sister of Mr. Abel.

Mr. and Mrs. John Arnold visited the last of last week with their son, Paul Arnold, and family.

Mr. and Mrs. Darwood Ragland visited the Raglands here this week. They are from Mexico.

Mrs. Hugh Abel went to Tulsa.

Look What He Will Lose—

... if the buyer fails to get an abstract when he buys real estate. What will happen when he gets ready to sell or get a loan? Chances are he will be stuck for the price of an abstract and if the title proves to be faulty, an additional expense for legal services. It is customary for the seller to furnish the abstract and convey a merchantable title. It is the buyer's hard luck if he don't get both, without cost to him.

J. H. Bransford Taken By Death; Rites Thursday

John Henry Bransford, 69, who resided north of Eastland, member of a pioneer Eastland County family, died at 2:15 p.m. Wednesday at Ranger General Hospital following an illness of several months.

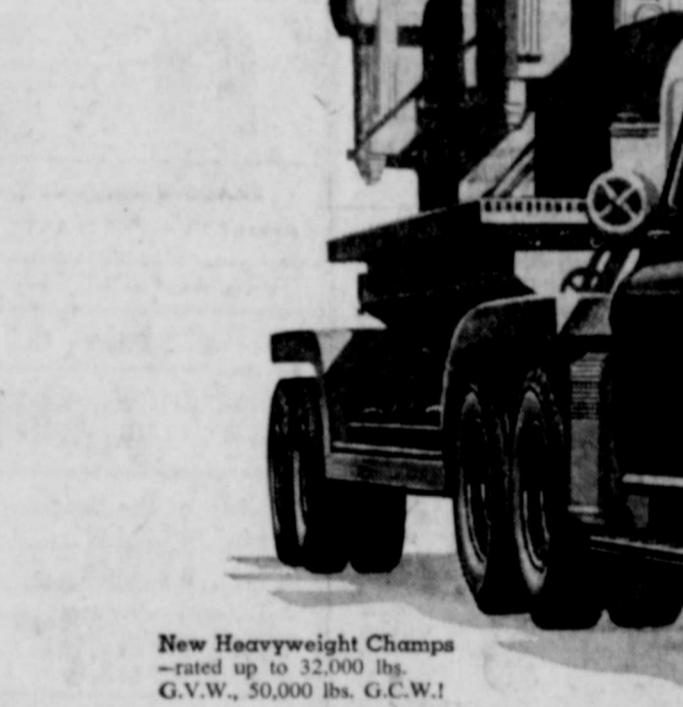

Mr. Bransford was born at Mangum, five miles southwest of Eastland, and had been connected with the States Oil Company, now the M. E. Daniel Oil Company, for the past thirty years.

Surviving are his wife, Edith, and two sons, Kenneth J. Bransford of San Antonio, and Glenn Bransford of Fresno, Calif., and four grandchildren. He also leaves a brother, Murdock Bransford, and a sister, Mrs. June Jones, both of San Diego.

Funeral services were arranged for 3 p.m. Thursday at Hamner Funeral Chapel, with the Rev. Lee Fields, Baptist pastor at Olden, and the Rev. Land of Ranger conducting.

4-H CLUB
ACTIVITIES - SUGGESTIONS
BY JULIA LaFAYE MASON
Assistant County Home Demonstration Agent

According to leading nutritionists, breakfast is the most important meal of the day. They advise us to eat 25 to 33 per cent of the day's food at this early morning meal.

You know the sad truth however. This meal is the most neglected meal of the day. Medical men blame poor breakfast habits for such common complaints as irritability, difficulty in concentration and fatigue.

Is it lack of time to eat? It could be. Yet most of us find time for the things we want to do, the things we consider really vital. But what is more vital than good eating habits to maintain health?

Is it lack of interest? Breakfast boredom no doubt takes a high toll of early day appetites. Sameness of menus morning after morning certainly does little to excite interest and appetite.

There is little defense for serving and eating the same breakfast day after day, not with the wide variety of breakfast foods to choose from. You find scores of breakfast cereals, meats, and fresh, frozen and canned fruit and juices. And think of the many ways you can cook an egg, or fix toast.

Never before has there been such wide variety and availability of the foods that make healthful breakfasts. Let's all determine to wage our own good breakfast campaign.

Jack Dunlap as next friend for Winston Dunlap v. Alvin T. Peters & Noble eters, damages.

LOW COST HOT WATER
... clear and sparkling as fine crystal!

the really modern **bryant** Crystalglas automatic gas water heater

GLASS-LINED

\$149.00 including installation

It's a happy Southwest Modern who enjoys hot water convenience at its finest... the Bryant Crystalglas automatic gas water heater. Always plenty of piping hot water, pure and crystal-clear because the tank is fully glass-lined to resist rust and corrosion. Enough to keep your automatic washer running continuously and still easily meet all other needs. Gas-fired to heat 3 times faster; thick glass fiber insulation keeps water really hot for greater fuel savings. Many more matchless built-in features plus a 10-Year Written Warranty. The Bryant Crystalglas gives dependable, low-cost, lasting service year after year.
