

Seniors Recall Entire Twelve Years Of School

By MARY LOU WRIGHT

One brilliant morning in the late summer, on the Tuesday after Labor Day, a group of apprehensive children assembled, amazed and curious, as the doorway of their lives for the next 12 years opened.

This class was to gain and to lose members in the next 12 years until it acquired the 51 students that are now together on this stage. There were four different groups: one at Young; one at Hodges; one at Cooper and one at St. Rita's; those at Young were Pete Jameson, Kay Vaughn, Ar-

chie Bill Robinson, Tommy Roy Young, Mary Ellen Deffebach, Jeanette Herring, Harris Tibbels, Stanley McAnelly, Jerry Jones, LeVern Ainsworth, Martha Nail, Barbara Harper, Buford Abies, and Yvonne Hennon. At Hodges were Jerry Bob Greer, Claude Koenig, Shirley Wymer, John Wylie, Evelyn Jones, Otis Jacoby, and Rosa Morales. At Cooper were Barbara Nichols and Tommy Sutton. Meanwhile, Bob Downtain was getting used to school life at St. Rita's.

As the years rolled on, others came and went but our class continued to grow. In the second

grade, Barbara Harper and Yvonne Hennon changed their minds and went to school at Hodges. Like Barbara and Yvonne, Tommy Sutton couldn't decide which school to go to because he started his first year in Cooper, finished it at Hodges and went to Young in the second.

Bennie Robinson, and Howard Oliver came to Young in the second; meanwhile, Elpidia Gonzales and Dorothy Joyner added themselves to the second grade at Hodges, and Patsy Shaffer came to Ranger and started her second year of school at St. Rita's.

In the third grade, Janis Carter

and Mac Jones started at Hodges, and Barbara Nichols came to Hodges from Cooper. During the third grade, Tommy Sutton moved away. As the years continued, Archie and Stan changed their minds at the end of the third grade and went to St. Rita's the next three years. Betty Wells and Jerry Don White joined the class at Hodges in the fourth grade.

Gay Nell Loper came to Hodges in the sixth grade, as Patsy Entler, Beverly Gailey, Jerry Von Wharton, and Mary Lou Wright joined the class at Young. With these members we graduated into junior high, which made us feel

so very grown-up until we saw how complicated having lockers and changing classes was.

The first day in junior high we had a time getting to class on time because we weren't used to changing classes so many times a day. During junior high, Mary Hinds, Johnny Swinney, and Bobby House joined our ranks; and Archie and Stanley came from St. Rita's to join us. Tommy Roy, Bennie, Jerry Von, Mac, Harris, Jerry Jones, and Otis Jacoby played on the junior high "Puppy" football team, while Janis, Shirley, and Yvonne led the cheering in the grandstands.

In the eighth grade, Gay Nell won first place in the Ready Writing Contest for the Junior Division. Toward the end of the eighth grade, the ones of our class who were in the band went to contest for the first time where the band brought back two first places; one in concert playing and one in marching. This was our class as we graduated from junior high into high school looking forward to our freshman year with great anticipation.

Our freshman year was only the beginning of four of the most important years of our lives. Betty Ross joined the class, Bob Down-

ton came from St. Rita's, and Tommy Sutton rejoined us this year. Bennie, Janis, John Harvey, and Pete were the class officers our first year of high school.

Tommy Roy, Jerry Von, Tommy Sutton, Bennie, and Johnny played football their first year. Elpidia, Mary Ellen, and Mary Lou made All-District Band, and Mary Ellen went on and made the All-Regional and All-State Bands. Kay was in the All-School play "Finders Creepers." Patsy Entler and Tommy Sutton were class favorites and Beverly was "Miss Personality." Quite a few attended either the band or football ban-

quets at the end of the year.

Our sophomore year Marie Chambers joined us. The class officers were Bennie, Mary, Johnny, and Jerry Jones. This year we were very proud of the football team because they won the Class 7A State Championship. Bennie, Tommy Roy, Pete, Johnny, Tommy Sutton, and Archie lettered that year and received State Championship football jackets.

Janis and Beverly were cheerleaders, and Kay, Patsy, and Shirley were majorettes. Gay Nell and Marie were on the annual staff. Barbara Nichols and Jerry

✝ SPIRITUAL SYNOPSIS

ATTITUDES
By Rev. Bruce Weaver
Pastor First Methodist Church

"For what is your life?" asked the writer of James in Chapter 4, verse 14. He went right on and gave the answer that seemed to correspond with the pattern of his thinking. "It is even a vapour, that appeareth for a little time, and then vanisheth away." The writer was speaking of the brevity of life and the certainty of death for every individual.

There are other answers to this question. "For what is your life?" We could think in terms of attitudes that we develop. Our life is determined by the attitude we have about the issues of the day. There are three attitudes that seem to be prevalent in the world today. You and I are living our lives by one of these attitudes.

First, there is the attitude "What is mine is mine, I will take it." William Blake once made a drawing of a little man standing at the foot of a ladder and reaching up to the moon crying, "I want, I want." This seems to be the attitude of so many people today. His desire for things and position becomes an obsession. The result is that we are willing to do most anything to satisfy our whims and desires. Biblical characters have been examples of this attitude. Ahab, Cain, Jacob, David and Judas have made miserable failures because they were living by the maxim, "What is yours is mine, I will take it."

Second, there is the attitude, "What is mine is mine, I will keep it." The story is told of an explorer who trapped monkeys in South America. He placed grains of corn in bottles with small necks. The monkey would stick his hand in the bottle to get the corn. His hand and jaws have made miserable failures because they were living by the maxim, "What is yours is mine, I will take it."

Candidates Pay Plenty To Get Names On Ballot

Crime doesn't pay, and neither does politics! At least that's probably the thinking of most Eastland County politicians today after paying their fees Saturday to have their name placed on the Democratic primary ballot.

Eastland County politicians were tapped 7 1/2 percent of one year's salary. The assessments will be used to pay the cost of printing the ballot and holding the election. Most voters apparently believe that poll tax payments pay the cost of all elections, but that isn't true. Only the general election costs come out of that fund.

The County Democratic Executive Committee, which sets the figure each year, changed their tactics this year, as did many other counties. Instead of charging so much an office, with candidates running for that office sharing the expenses, they charged each candidate 7 1/2 percent of one year's pay of the office he is seeking. The only good thing about the entire deal—as far as the candidates are concerned—is that they will share in a refund of all money left after expenses.

District Judge T. M. Collier, the only candidate for 91st District Judge, had to pay a \$675 fee. His office pays \$9000 a year.

Two candidates for county attorney, Joe Nuesse, who seeks reelection, and Earl Conner Jr., each had to pay \$350. The county attorney post pays \$4672.50 a year.

It cost Truly Carter and J. C. Allison, candidates for tax collector or assessor, \$318.75 to get their names on the ballot. The job pays \$4250 a year.

Sheriff J. B. Williams, who is unopposed, also had to pay \$318.75. His post also pays \$4250 yearly.

There are seven candidates (Continued on Page Two)

Father Of Ranger Woman Dies At Ft. Worth

Jessie A. Ashcraft, 70, of Burleson, father of Mrs. Glenn West, U. S. Highway 80 East, was dead on arrival at a Fort Worth hospital following a heart attack at his home Thursday afternoon at 3 p.m.

Mr. Ashcraft had lived in Burleson for the past five years and had previously lived in Fort Worth. He was a retired carpenter. He is survived by his wife; three daughters, Mrs. West, Mrs. J. W. Capps of Burleson, Mrs. O. F. Westbrook of Barstow, Mrs. Glenn West of Ranger; two brothers, C. K. Ashcraft of Houston, C. F. Ashcraft of San Francisco, Calif.; one sister, Mrs. H. E. Smalting of Corsicana and two grandchildren.

Services will be at the Guardian Funeral Home in Fort Worth today at 2 p.m.

SEN. A. M. AIKIN, JR.

College Summer Registration Set May 28-29

Registration for summer school at all branches of Ranger Junior College will be held from 6 until 10 p.m. on May 28 and 29, it was announced today by Dr. Price Ashton, president of Ranger Junior College.

Pat Thomas, director of the college program, announces the following faculty for the summer program: Mrs. H. L. Hamrick, Dr. J. L. Roy Wellborne, Judson Jardy, Dr. George Rushton, Dr. J. R. Tice, and Fred Weir.

Course offerings include biology, chemistry, American history, government, speech, accounting, education, mathematics, English, and courses in business administration.

Classes for summer school will be held in the evening beginning at 6 o'clock. For further details call 629, the registrar's office.

Dr. David L. Norton is in charge of the Breckenridge branch and en Russel Ford Webb supervises the Albany branch of the college.

Weather Reports

Clear to partly cloudy and continued warm Saturday and Sunday. High both days 95. Low Saturday night 65.

College, High School To Graduate 173 Students

Baccalaureate Set Here Sunday Night

More than 173 Ranger High School and Ranger Junior College students will receive their diplomas in graduation exercises here during the next week.

Ranger High School will get the official schedule underway Sunday night at 7:30 p.m. with its baccalaureate services at the high school auditorium. Rev. Calvin Bailey, pastor of the Second Baptist Church will deliver the baccalaureate sermon.

Ranger Junior College graduation services will commence right across the street at 8:30 p.m. at the First Methodist Church. Senator A. M. Aikin, Jr. will be the main speaker for the college event.

Broken down, the college will graduate 123 students which in-

MARY ELLEN DEFFEBACH, Valedictorian; BARBARA HARPER, Salutatorian

Miss Deffebach, Miss Harper Honor Grads

Mary Ellen Deffebach, valedictorian of the senior graduating class, and Barbara Harper, salutatorian, have had varied interests during their four years of work at Ranger High School.

Miss Deffebach, who has a 92.84 average through her four years of work, has been interested mainly in the school's musical organization.

She has been a member of the band for four years and has a long string of accomplishments to her credit.

During her freshman year, Miss Deffebach placed on the district band, regional band and all-state band. She was also first in flute and piano solos at the state contest.

She repeated the accomplishments in 1955 and picked up another first with a flute trio. Her accomplishments were practically identical during her junior and senior years.

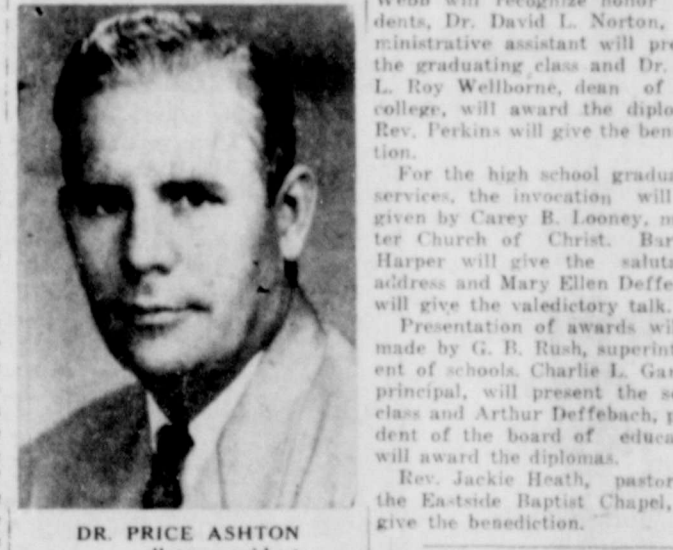

Miss Deffebach is a Sub-Deb and worked with the senior play cast.

She has chosen Ranger Junior College for her first two years work and says that it will probably be McMurtry or Southern Methodist University after she completes her work here. She will major in music.

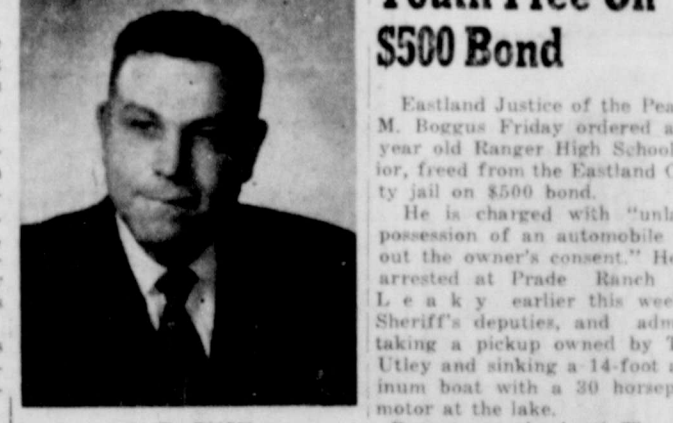

Miss Harper, who maintained a 90.73 average during her four years of high school work, plans to enter Hardin-Simmons University this fall where she will major in religious education.

Miss Harper was parliamentary on the FHA club here during her senior year, was ticket manager for the senior play and was in the play cast for the junior stunts in 1955.

She was awarded the Daughters of the American Revolution history award in 1955 and also the group's good citizenship award in 1956.

DR. PRICE ASHTON, college president

G. B. RUSH, school superintendent

Youth Free On \$500 Bond

Eastland Justice of the Peace J. M. Boggus Friday ordered an 18-year-old Ranger High School senior, freed from the Eastland County jail on \$500 bond.

He is charged with "unlawful possession of an automobile without the owner's consent." He was arrested at Prade Ranch, near Leakey earlier this week by Sheriff's deputies, and admitted taking a pickup owned by T. A. Utley and sinking a 14-foot aluminum boat with a 30-horsepower motor at the lake.

Boggus set the bond Thursday afternoon.

Dodgers And Giants Both Win With Two Sixth Inning Scores

The Premier Dodgers shoved across two runs in the bottom half of the sixth inning to give the Killingsworth Yankees their first defeat since the 1954 season in a Little League twinbill Monday night while the Commercial State Bank Giants also used two sixth inning scores to give the Art's Tool and Supply Indians their second defeat of the year.

All four teams thrilled Little League fans in two of the tightest contests ever played here.

Nip-and-tuck though the six innings of both contests, the Dodgers actually let the contest slip further from their grasp before back-to-back doubles by Richard Cooby and Danny Kirkpatrick and an error on Joe Barker's infield dribble with two outs in the bottom of the sixth inning, gave the Dodgers their tying and winning runs.

First two batters in the inning had struck out for the Dodgers.

The Dodgers trailed until the fourth inning giving up two runs in first inning, one in the second, then held the Yankees scoreless until the sixth inning when they tallied two more runs.

The Dodgers took their first lead in the third inning with four big runs in the fourth inning on four hits which included a triple by Cooby.

But the Yankees pulled away again with their two runs in top of the sixth inning before the Dodgers managed their winning tally in the bottom of the sixth.

The game gave the Dodgers an (Continued on Page Two)

Ward Schools Set Graduation Saturday, May 26

The Ward Schools of the Ranger School District, Hodges Oak and Young Schools, will hold joint graduation ceremonies at the High School Auditorium Saturday morning, May 26 at 10 a.m.

More than 69 students are expected to receive diplomas promoting them to Junior High School. Rev. Calvin Bailey, pastor of the Second Baptist Church here, will speak to the graduating group.

G. G. Warden and Morris Jefferies will present the diplomas to the graduates of their respective schools.

Eighth grade graduation will be conducted at 11 a.m. following the ward school ceremonies. Charlie L. Garrett, high school principal, will present the diplomas to those who will be eligible to enter high school next fall. No speaker has been named for this occasion.

Health Officer Urges Cleanup In Resident Areas

"Since the Chamber of Commerce has sponsored a cleanup and paintup campaign, it is advised that individuals and property owners in the residential districts should clean up tall grass and weeds around their property," Dr. A. W. Brazda, city health officer, said today.

He noted that mosquitoes have increased in enormous numbers since heavy rains fell here and that they harbor in tall weeds and grass as well as water holes that are partially filled with water that has become contaminated in various locations within the city.

It is a known fact that mosquitoes are carriers of various diseases.

Along with the beautification program set up by the Chamber of Commerce, the health of the community is equally as important. Dr. Brazda stated.

Salvation Army To Send Two To Summer Camp

The Ranger Chapter of the Salvation Army will send two boys, Mickey Craig and Joe Grissom to the group's Camp Hobbilzeile at Midlothian, Mrs. P. M. Kuykendall, chairman for Ranger said today.

The camp will be held from June 3 through June 10, Mrs. Kuykendall said.

Mickey is the son of Mr. and Mrs. Jack Robinson, 412 Terrell St. and Joe is the son of Mr. and Mrs. Joe Grissom of Glenn Addition.

The camp will consist of swimming, boating, all types of outdoor activities and handcraft.

National Salvation Army Week will begin May 20 and run through May 27, Mrs. Kuykendall said.

PROCLAMATION

WHEREAS, The Salvation Army has long symbolized the spiritual and humanitarian values which are an important part of American life, and

WHEREAS, it has rendered untiring and devoted service to those unfortunate and needy in our community, and given physical as well as spiritual comfort to men, women and children, regardless of race or creed,

NOW, THEREFORE, I, Lee Dockery, Mayor of The City of Ranger do hereby proclaim the period of May 20th through May 27th as Salvation Army Week in Ranger, and do urge all citizens to give their full support and active cooperation to this effort to the end that our community may learn more about The Salvation Army and its services to our community. The uniform of The Salvation Army workers and officers is in the highest sense an emblem of unselfish and devoted service, and our tribute to this great organization has been fully earned and is well deserved.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of Ranger to be affixed, this Nineteenth day of May, 1956.

Lee Dockery
 Mayor

 L. Crossley, City Secretary-Manager

Seniors—

(Continued from page One)
 Jones were the class favorites, Mary was "Best Date," and Beverly Gailey was FFA Sweetheart. Jerry Bob, Tommy Sutton, and Barbara Nichols were in the state band. Mary Ellen and Elpidia went to all-district band and Mary Ellen made the All-State Orchestra.

Toward the end of the year the band went to band contest and received two first places; one in concert playing and one in marching. We now were settled in school and hardly believed we had only two years to go.

As we entered our junior year, we were still very carefree after a summer of taking it easy, but we soon settled down and went to work. This year we were joined by Peggy and Robert Watson, and Edna Halliday. The football team didn't do so well this year, but Pete, Bennie, Tommy Roy, Johnny, Tommy, Archie, and Jerry Van, all lettered. Beverly, Shirley, and Janis were cheerleaders.

As the year passed, we started raising money for the Junior-Senior Banquet by having a concession stand at a few of the basketball games. Marie, Mary, and Gay Nell were on the annual staff. This year Elpidia, Jerry Bob, Mary Lou, and Mary Ellen were in the stage band and enjoyed a trip to the Stage Band Festival.

Yvonne, Bob, Stan, Janis, Marie, Patsy Shaffer, Archie, Edna, and Pete were the members of the play cast which when given, raised most of the banquet money. Mrs. Robinson and Mr. Koenig worked very hard and made the play a success. We worked very diligently on the banquet and had lots of fun working on the decorations. The class favorites were Beverly and Mac. Bennie and Mary were voted the Best All-Round Boy and Girl and Janis was the girl "Most Likely to Succeed." Shirley and Jerry Jones were elected the "Most Friendly." Patsy Entler was the Band Sweetheart, and Johnny Swinney was the FHA Beau. In February we all enjoyed helping the March of Dimes Drive by helping put on a talent show to raise money. In the spring we ordered our class rings. Mary Ellen went to All-State Orchestra and Claude went to All-State Youth Orchestra.

In September when we received our rings we really felt like the seniors were. We soon realized being a senior was expensive — first came the class rings, the annuals, invitations, senior trip, fees and many other things. Bennie, Tommy Roy, Mary, Janis and Archie were the class officers. The football team whose captains were Bennie, Tommy Roy, and Johnny Swinney, won Class A Regional Championship. Jerry Van, Bennie, Tommy Roy, Pete, Johnny, Tommy Sutton, Archie, John Harvey, Harris and Robert Watson lettered.

This year we were joined by Dorothy Stagner, who will graduate after only three years, and Robert Maddux, who joined our class because he missed a year of school due to polio. Wanda Langhening also joined us this year. Janis, Beverly, Shirley, and Bob were cheerleaders. Robert Watson and Patsy Entler were class favorites this year. Robert Watson, Jerry Van, Bennie, Archie, and Claude played basketball this year.

Robert Watson and David Wharton and Edna and her sister won the district tennis doubles championship; and John Wylie was on the golf team which won the Class B State Championship. Mary Ellen again made the All-State Orchestra. Elpidia, Mary Lou, Jerry Bob, and Robert Maddux were in the Stage Band. On March 2nd we were treated to a

wonderful time at RJC's Ranch Day.
 Betty Wells, Kay, Patsy Shaffer, Barbara Nichols, Janis, Tommy Sutton, Yvonne, Marie, Edna, Stan, Bob, Archie, Jerry Bob, Claude, and Pete were in the play cast which raised the money for the transportation for our senior trip. Miss McEver and Mrs. Hagaman were patient with us as they directed our senior play. The second week after the play on April 2nd, our class celebrated Kid Day with the traditional short pants, short skirts, bubble gum, and water guns.

We took a sack lunch and had a picnic at the park. That night we got together and went to the show in Eastland dressed in our kid day clothes. April 19th, we went to the Breckenridge Career Day and enjoyed it, although it rained nearly all the time we were there. May 8th, we were the guests of honor at the Junior-Senior Banquet at which we all had a wonderful time. On May 15th, we left on the senior trip to Parade Dude Ranch in north Texas, where we had looked forward to all year.

Our senior year is almost over, we have Class Day, the Baccalaureate and Graduation yet before the doors of our school day will close and which can only be opened by the memories we, as individuals have. This is the history of the Senior Class of 1956. Although we are parting, we will never forget the memorable events that we as a class have shared. As we go our separate ways, only God knows exactly what lies ahead. We can only pray to Him that our lives will be as He would want them to be and that the life ahead will be as good as the life we are leaving. Thus we will finish our last class — The Class of 1956.

There is an Old Chinese Proverb—
 ... reminding us that every long journey begins with the first step. Likewise all achievements require the act of starting. He who never tries, never does, never enjoys, never grows, never really lives! And failures usually follow wrong starts. For example, those who are buying real estate for the first time should get an abstract. In this they not only find themselves in harmony with the wisdom expressed in the proverb, but also following the course of generations past who knew the Chinaman was right.

Dodgers—

(Continued From Page One)
 disputed possession of the loop led to all other teams now have been defeated at least once.

In the initial contest, the Indians appeared headed for an easy victory as they marked a 7-1 lead in the first three innings. The Giants pushed across four runs in the fourth inning and added two in each the fifth and sixth frames however, for their first win of the season.

Two Indian hurlers, Roland Goodwin and Butch Owens, allowed the Giants only three hits, two of them by Shortstop Ronnie Hinds, but a combination of nine walks and errors helped the Giants to their initial victory.

Wiry, little 70-pound Third Sacker, Alec Garcia, led the Indian batting attack with three singles. Tommy Smith and Charles Wesson both poked doubles for the Indians.

Dean Richey was the winning pitcher for the Giants.

In the nightcap of the twin bill, Tommy Camacho, who gave up only three hits in the last three innings, received credit for the victory. For the winning Dodgers, Cozy and Kirkpatrick got the only extra base hits.

Tommy Robinson blasted two doubles for Yankees, while Buddy Harper and Bob Koenig also got two-basers for the losers. Koenig also had two singles with his double to lead the Yankee batsmen with three hits in four trips to the plate.

people. "What is mine is mine, I will keep it."
 Third, some people have learned that the real life is wrapped up somewhere in this sentence: "What is mine is yours, let's share it." If we could recall the physical Jesus and ask him the question, "For what is your life?" I believe he would answer, "It is more blessed to give than to receive." He proved that when he gave his life on the cross for the salvation of man's soul. Dr. Jonas Salk made a discovery that may ultimately save the lives of millions of children. He chose to share it with the world. We experience our greatest moments when we share with other people. Deep down in our hearts there are hunger that can be satisfied only as we are willing to give of our selves to others. Tennyson, in his poem, "Maud" said,

"And, ah for a man to arise in me,
 That the man that I am may cease to be."
 "For what is your life?" We shall experience the true joys of life if we open our heart's door to God and give him our loyalty, our hearts, our souls. The amazing thing about it is that no one is going to force us to choose one or the other of these attitudes toward life. We are free to make our own choice. An anonymous poet has written these highly descriptive words:

To every man there openeth
 A way, and Ways, and a Way,
 And the high soul climbs the
 high way,
 And the low soul gropes the
 low,
 And in between on the misty
 flats,
 The rest drift to and fro.

But to every man there openeth
 A high way and a low,
 And every man decideth
 The way his soul shall go.

Candidates—

(Continued From Page One)
 seeking two county commissioner positions which will be filled. Yearly pay is \$3547.50 and J. B. (Tip) Arthur and W. J. Herrington had to pay \$266 to get their names on the ballot in the Precinct 1 race, as did R. L. Carter, Moss Alexander, E. M. McCollum, Mark Clark and R. M. Earp in the Precinct 3 race.

There are five constables posts to be filled and eight candidates have filed. The positions pay \$900 a year and each candidate had to pay \$67.50 to get his name on the ballot.

Omar Burkett and Paul Brasher each had to pay \$10 to get their names on the ballot in the State Representative race, as did Herman Fitts and Floyd Bradshaw in the race for State Senator. Omar Burleson and Dan Kralis paid \$50 as candidates for United States congressman.

Synopsis -

(Continued From Page One)

Senator and Mrs. A. M. Aikin, Jr. will be guests of honor at a dinner Sunday evening at six o'clock at the home of Dr. and Mrs. Price R. Ashton.

Other guests include the officers of the Ranger Junior College board of regents and their wives. They include the president, Mr. Morris Newham and Mrs. Newham; the vice-president, Mr. Joe Nusselle and Mrs. Nusselle, and secretary of the board, F. P. Brasher, Jr. and Mrs. Brasher.

Monday night is Brotherhood council meeting, time 7:30 in the library.

Come worship with us, there is always a welcome.

Senators Aikin and Wife To Be Honor Guests

Girl's Recital Due At College Monday Evening

The Department of Fine Arts, Ranger Junior College announces a Girl's Recital, Monday evening, at 8:00 o'clock in the Music Building.

The following students will participate: Cathy Covington, Nancy Hoen, Carol Phillips, Regina Parrott, Jill Guest, Sue Woods, Mary Helen Koenig, Peggy Neeley, Cookie Falls, Jan Watkins, Judy Bais, Glynda Wilson, Lucille Nusselle, Diana Cantrell, Sharon Hovington, Kaye Hopper, Frances Veal, Karen Alexander, Sue Watson, Donna Kirk, Anna Beth Deffenbach, Jill Watkins, Lynda Ferguson.

First Methodist Sunday Service Announcement

Rev. Bruce Weaver will preach on the subject "A Divine Discipline" at the 10:50 p.m. worship service Sunday, May 20. The sermon will commemorate the Pentecost experience of the early disciples and the "birth" of the church in London, May 24, 1738.

The Chancel Choir will sing "The Lord's Prayer" by Albert Hay Malotte. Mr. Fred Baumgardner will direct the choir. Nursery facilities will be available for all services of the church. The Church School will begin at 9:45 a.m. with classes for all ages and interest groups.

First Baptist Announcements

The pastor, Rev. Ralph Perkins, will bring the 11 a.m. message at the First Baptist Church based on the first chapter of first John. The theme, "God's Plan, Man's Provision." Drifting, and living loose and fast will not fit in the plan of God's holy way of living. The provision God has made for man is all that man needs to fit in to God's plan.

Sunday school at 9:45 with all departments showing a great increase in attendance. This is the highest attendance in the month of May in several years.

There will be no evening services. No Training Union, No evening worship hour.

Visitors will find a warm Christian welcome in the "air-conditioned building." All departments are air conditioned and arranged for the particular age group meeting in the various buildings.

Monday night is Brotherhood council meeting, time 7:30 in the library.

Come worship with us, there is always a welcome.

Rebekah's Met Tuesday Night

Members of the Ranger Rebekah Lodge No. 244 met in regular session at the Odd Fellow's Hall Tuesday evening.

The meeting was presided over by noble grand Mable Greer. Routine business was transacted, and sick reports were made.

An invitation was received from Eastland Rebekah Lodge No. 177 for a joint meeting with assembly president Jewell Coldwell of Waco on May 30. Breckenridge Lodge No. 97 and Good Will Rebekah Lodge No. 102 of Cisco were also invited. Plans will be made to attend this meeting Tuesday night.

The Degree Team practiced the initiation work, and are asked to meet at 7 p.m. Tuesday evening.

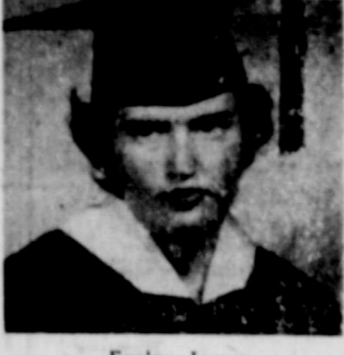

Several members visited the Eastland Odd Fellows Lodge for an open house social and program last Monday evening.

Talks were made for the good of the order and the penny prize was furnished by Laura Todd and won by Louie Calder.

The chapter was draped for T. L. Wynne, Grand Messenger, who passed away recently.

They visited a daughter and family, Mr. and Mrs. Kenneth Hill in San Bernardino, a son and family, Mr. and Mrs. Charles E. Mills in Los Angeles and another daughter and family, Mr. and Mrs. Tom Watson in Sacramento.

The group all spent Mother's Day in Disneyland. They ate the evening meal at the Knott Berry Farm, an outstanding restaurant in California.

Last Will And Testament

(Editor's Note: See individual wills under each picture.)

We, the 1956 Senior Class of Ranger High School, being in full possession of all our mental faculties and having no fear of anyone before our eyes, not even the Superintendent, the Principal, and the other teachers, We do hereby devise, will, bequeath and convey our various possessions, to the persons hereinafter mentioned, to be by them held in undisturbed possession through the length of their school life.

First, to the world at large the commodity, which we have had in great abundance, and which the world most sorely needs, our entire stock of common sense.

Second, to the teachers of Ranger High School we convey our ability to know a good thing when we see it. As this ability has been largely created by their instructions, we are merely returning to them their own invaluable gift.

Third, to the juniors, who will soon become the Seniors, we bestow all the mistakes, blunders, inaccuracies, and lapses committed by us during the last exciting year of our most exciting lives.

Fourth, to the freshmen class we bequeath our good will and ability to persevere through all unfavorable circumstances. Our wonderful intellectual powers, which have brought us to our present enviable position, we bequeath to the sophomores, and to the juniors all our indifference to criticism and our sublime self-conceit. All these qualities we now feel we can get on without in the busy world into which we are entering.

Fifth, our well-known capacity for exaggeration we bequeath to the community at large, whose favorite tonic of conversation is, "What I Would Do if I Were a Member of the Board of Education."

Sixth, to the following students we bequeath our individual possessions in the following manner: Last, we leave to the Senior Class of 1957 not only our places in the auditorium but also all the

Surprise Wedding Shower Honors Mr., Mrs. Gray

A surprise wedding shower honoring Mr. and Mrs. Johnny Gray was held at the Lacasa Community Center recently.

Mrs. Gray was the former Miss Virginia Scott, daughter of Mr. and Mrs. Dillard Scott of Straun.

The bride's table was laid with a cloth of lace over blue, centered with a giant hydrangea of pink, decorated with midget butterflies the same color. Gifts were opened by the bride and groom and displayed on the table.

Mrs. Wilson Watson met the guests at the door and showed them to the registry table.

Refreshments of cake and punch was served by the hostesses: Miss Frank Bargesley, Robert Jackson, Wilson Watson, Vallie Jones, Gaylord McGowan and Mrs. Joe Jackson.

Many useful gifts were received and approximately fifty guests were present.

CRITICALLY ILL

It has been reported that Mrs. Ruth Reeves, a former resident of Ranger, who is now living with her son Byron Reeves, 6933 Wood Hill Road, Dallas 17, is critically ill.

Persons Innoculated With Salk Polio Vaccine Six Times Safer

Persons innoculated with Salk vaccine have a chance of escaping paralytic polio at a rate of six times greater than those who have not been vaccinated, statistics just released state office of the National Foundation for Infantile Paralysis, indicate.

During 1955 only four cases of paralytic polio have been reported in the vaccinated group, compared to 143 cases of paralytic polio in the unvaccinated group. Between April 15 and October 1 of last year, 477,000 persons in the 5-9 age group received their first shot of the vaccine. In the vaccinated group, only 13 cases of paralytic polio developed, a rate of 2.7 cases per 100,000. In the unvaccinated group, containing 375,000 persons, 60 cases of paralytic polio developed, a rate of 16 per 100,000 and six times the rate of the vaccinated. The Salk vaccine, while not preventing polio, does prevent death and crippling and that is what we are trying to do.

Under the Polio Voluntary Assistance Act of 1955 Texas has available \$1,500,000 for the purchase of vaccine for use among susceptible age groups, which include all persons up to the age of 20 and all pregnant women. This means that your local Health Officer might request a quantity of

Lacasa Lines

by D. B. Raney

Non-residents attending the working at Veale cemetery were Mrs. Fronia Ames and two grandchildren, of Ranger; Mrs. Fanny Mitchell, Mrs. Rogene Green, and Miss Verna Lacey, San Antonio; Mr. and Mrs. Lewis Pratt and two daughters, Mineral Wells; Mrs. Jim Stewart and daughter and Mrs. B. W. Mitchell, Pampa; Mr. and Mrs. Bill Kennedy, Odessa; Mr. and Mrs. Elmer Madding, Flower Grove; Mr. and Mrs. Matt Fisher, Mrs. Charlie Sutton and Mrs. Luna Lane, Ranger.

Mrs. Ida Raney returned home with her daughter, Mrs. D. W. Mitchell and niece, Mrs. Jim Stewart for a visit with them at Pampa.

Mr. and Mrs. W. R. Leonard attended the funeral of her uncle, Mr. George Landar in Dallas Monday. Their son, Stephen, accompanied them, the other children visited with their aunt, Mrs. H. L. Caraway.

Mr. and Mrs. Albert Bradford, Jr., of Port Arthur spent Mother's Day with their parents, Mr. and Mrs. A. N. Bradford.

Mr. and Mrs. Vernon Stuard, Fort Worth, spent the weekend with his parents, Mr. and Mrs. Martin Stuard.

There was a singing at New Hope Baptist Church Friday night. Refreshments of sandwiches and cold drinks were served to the singers. Special numbers were a quartet: Mrs. G. V. McGowan, Mrs. A. E. Howton, Jackie Taylor and A. N. Bradford; a trio, Linda Mitchell, Ann Raney, and Peggy Leonard; and a trio of children, Nancy and Robert Wayne Bradford and Ricky Mitchell.

Mr. and Mrs. John Barefield, Ranger, visited New Hope Baptist Church Sunday morning.

Mr. and Mrs. Kenneth Sledge of Lockhart visited in the D. B. Raney home Sunday afternoon. Charles Raney, who had come home from A&M for the weekend, accompanied them back to Lockhart.

James Stuard who has been working at Glenrose has returned home.

Officers of the adult Training Union of New Hope Church met in the home of the training union director, Mrs. Zelma Herrington Monday night for a planning meeting.

Mr. and Mrs. Norman Morrison of Fort Worth May 15, died at the Ranger General Hospital a few hours later. He was the grandson of Mr. and Mrs. H. L. Caraway. Great grandparents are Mr. and Mrs. J. A. Caraway and Mrs. Ida Raney.

Eastland Man Named Air Academy Cadet

Two Eastland County men are among the 11 Texans to be selected for admission to the U.S. Air Force Academy this year, it was announced this week.

The two are Billy Smith of Eastland and Jim Branton of Cisco.

Smith is the son of Mr. and Mrs. Taylor Smith of Eastland and has been a student at Texas Tech this year. A 1955 graduate of Eastland High School, Smith attended school at Wichita Falls before moving here with his parents. His major at Tech, where he has been an honor student, has been engineering.

Branton is the son of Mr. and Mrs. H. G. Johnson of Cisco. He is a 1956 graduate of Cisco High School.

Congressman Omar Burleson,

who nominated the two men, said the 17th District is the only district in Texas with two cadets this year.

College Fine Arts Program Given Here Tuesday

Ranger Junior College's Fine Arts Department presented its annual Student Recital Tuesday evening at 8 p.m. at the Fine Arts Building.

The building, artistically decorated with spring flower arrangements, furnished a fitting background for the beautiful array of pastel formals, and the young ladies and young men who presented the musical renditions.

Dean Fred Baumgardner and Al Lopsch were in charge of the program.

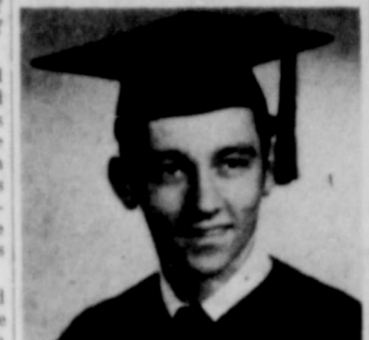

MOTHER'S DAY GUESTS

Mr. and Mrs. Carl Taylor and son Travis, of Sherman and Mr. and Mrs. W. H. Bearden and daughter Kathy Jo of Aledo spent Mother's Day with their parents, Mr. and Mrs. C. C. Bearden. Mr. Bearden has been very ill the past week from a spider bite.

Distribution of College Yearbook Made Friday Nite

The college yearbook, "The Ranger," was distributed to the students Friday night at the graduation party.

Mrs. H. L. Hamrick, faculty sponsor of the publication, distributed the annuals at the party.

Christian Science

The vital importance of understanding the true nature of God and man will be emphasized at Christian Science services Sunday in the lesson-sermon "Soul and Body."

The scriptural readings will include Paul's statement to the Philippians (3:13, 14): "Brethren, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read the following (203:13): "Spiritual perception brings out the possibilities of being, destroys reliance on sight but God, and so makes man the image of his Maker in deed and in truth."

A nationwide audience will hear a program entitled "Finding True Security", to be broadcast by the CBS Radio "Church of the Air" series, in cooperation with the Christian Science Church on Sunday, May 20.

Originating from New York City, the program will be heard at different times in the various time zones. The speaker will be Gordon H. Smith, Committee on Publication for Wisconsin. Music will be furnished by a quartet.

This program will be heard locally on Sunday, May 20, at 10:30 p.m. on Station KWPT, 620.

College Adapted To Present Day Needs

Ranger Junior College, established in 1926, has completed its thirtieth consecutive year offering 104 years of higher education to students in this area.

Ranger Junior College graduates continue to fill important positions in the state and nation. Outstanding ministers, attorneys, engineers, and teachers have taken

their places in society after beginning their college work at Ranger Junior College.

Ranger Junior College points with pride to her sons and daughters of the last three decades as it strives to meet the ever-changing demands of today's complex society, and to expand its physical plant enough to adequately accommodate the increased enrollment.

Ranger Junior College employs a staff of 32 instructors who offer courses leading to degrees in business administration, secretarial studies, accounting, education, English, industrial arts, journalism, mathematics, science, social science, speech, music, music education, and agriculture.

Courses for students who desire pre-medical, pre-medical technology, pre-nursing, or pre-pharmacy are available.

Popular demand has necessitated a revision of course offerings. Dr. Ashton said. New courses will replace those for which there is little or no demand.

Many new facilities and a great deal of equipment have been added this year. Probably the most urgently needed was a new dormitory for men. The new structure, which will be completed before the fall semester begins, will provide housing for over eighty men students. Room deposits for next year have been pouring in.

Indications are that enrollment for the 1956-57 school year will reach an all-time high. The greatest increase is expected in the Ranger day program.

Texas Council To Be Host At National Meet

The 20th Annual meeting of the National Home Demonstration Council will be held in San Antonio, September 23-25 with the Texas Council as host. Mrs. Bill Tucker, vice president of District 8 is a member of the Texas Board, which met recently in San Antonio and made plans for the September meeting. All board members were present.

The national theme "Prepared unto every good work" is taken from I Timothy 2:21 and will be carried out in work and inspiration of the national agenda.

Congressman Omar Burleson will be one of the featured speakers.

Presentation of the song contest awards will be made at the opening session on Monday, September 24, by contest chairman.

Mrs. Tucker's song "Anthem of Freedom" has been named as Texas entry in the national song contest.

Spring Designed by Nature For Boatman; It's Outfitting Time

From the boatman's point of view, spring was designed by nature especially for him, for this is "fitting-out" time.

Fitting-out takes on a different form for each type of boat, but outdoor enthusiasts are among the luckiest in that their labors needn't be long or arduous.

Assuming that a 16-foot runabout is typical of the nation's outboard fleet, only two weeks' ends are required to put the boat and motor into condition, according to Harry Enald, chief engineer of Evinrude Motors, Milwaukee, who outlined the general procedure.

The first step, of course, is to remove the covers which have protected the boat from winter weather. Inasmuch as these wraps were not tied too tightly to prevent air circulation, dry rot will not be a problem.

Cobwebs, silt and other dirt can be generally be removed by the application of scouring powder and arm power.

Where the paint is cracked, chipped or peeling, in a small area, it is not usually necessary to repaint the entire hull. Loose or blistering paint should be removed with paint remover, steel wool, scraped or sanded off down to the bare wood. The edges of the bare spot should then be faired so that no break in the surface

can be felt when running a hand over it.

If the boat is constructed of plywood, it is generally unnecessary to prime bare wood. When the boat is to be used extensively in salt water, one or two coats of anti-fouling paint below the water is recommended.

The interior of the boat should also be washed down and where grease has collected, a detergent should be used to cut it. Varnished surfaces should be checked for scratches and scrapes and should be sanded smooth and refinished with a good grade of marine varnish.

Brass hardware is easily polished with many preparations currently used for copper pans. Brass polishes easily and retains a high luster. Where brass is pitted or highly corroded, application of very fine steel wool will generally bring it back to life.

Remote controls should always be checked at the beginning of a new season. Connections should be tight and cables firmly in place. Steering cables should also be checked for fraying and replaced when necessary. Since many fuel lines are of rubber, they should be carefully inspected for breaks, cuts or necks which can cause serious inconvenience later in the season as fuel is forced through them under pressure from the tank.

Where storage batteries are used for electric starting outboard motors, they should be brought to an automobile or outboard repair shop for a specific gravity check and a charge. Even though not used, the storage battery "soaks" its charge. If a storage battery purchase is indicated, a unit providing about 100 ampere hours should be used. Smaller bat-

teries rapidly reach the stall speed of most electric starting motors and can melt battery-motor connections.

The outboard motor should also be serviced to assure continued efficient operation throughout the year. Less than a half hour is required to perform all the service steps necessary.

Since most difficulties arising from gasoline engine use center around the ignition it is well to start here. Spark plugs should be cleaned, adjusted or replaced if pitted or highly carbonized. Spark plug connections should also be inspected for corrosion and rubber insulators should be checked. Torn or cracked insulators should be replaced.

The carburetor sediment bowl protects the carburetor from gummy deposits present in all gasoline. This bowl should be kept clean. A few turns of a thumb-retaining screw releases the bowl for cleaning.

Linkage and steering gears should receive a good coat of grease to keep them operating smoothly and to protect them from the weather and corrosion.

The first time the motor is operated, a few drops of thin lubricating oil should be squirted through the air silencer to keep the carburetor in top condition.

Cutter and shear pins should be inspected and if the shear pin is nicked or bent it should be replaced. The propeller should also be checked for cracks and balance. A damaged propeller should be brought to the attention of an outboard serviceman.

The lower unit lubricant should be drained and replaced if this was not done prior to winter storage.

A clean motor is a delight to the eyes as well as an efficient recreational tool. A thin coat of oil or wax applied with a soft cloth will help maintain the motor's finish and will protect it against extremes of weather.

we all say

Test In Major Discovery Due

Completion of the No. 1 Crawford Thorman, being drilled by the Jack Grace Drilling Co. of Wichita Falls, is still in the "cleaning stage" but has produced some oil.

The well was shut down Thursday when available storage was used up, but more storage has been brought in. Official test on the well, located about 16 miles southeast of Eastland on the Leon River banks, is expected early this week. The new test has been described as a "major discovery."

In other area oil news: Moore and Gilmore of Midland have staked their No. 1 H. W. Wooten as a wildcat try. The test is located 1650 feet from the north line and 2310 feet from the west line of Section 62, L. A. L. Survey, seven miles northwest of Putnam on a 320 acre lease. Proposed depth is 2500 feet to the Moran sand with rotary.

Jack Carter's No. 1 N. H. Williams, et al, has been spotted as a wildcat. Location is 1650 feet from the south and west line of Section 301, S.P.R.R. Survey, two miles west of Putnam on a 320 acre lease in the east central part of the county. It is spotted one-half mile south of a 3312 feet failure.

The No. 6-A G. A. Bowden, being drilled by E. Denny Jackson of Brownwood, is located five miles northwest of Cross Plains on a 100 acre lease. Due to go 1800 feet with rotary, the try is located 1050 feet from the north line and 1625 feet from the west line of the G. M. Vical Survey 798.

Chapman Oil Company of Cisco has staked the No. 7 Schultz-Turner as a wildcat try 12 miles southeast of Abilene on a 160

acre lease. Elevation is now 2185 feet and proposed depth is 3990 feet with rotary to the Strawn sand. The try is spotted 1260 feet from the south line and 2289 feet from the east line of Section 5, Block 7, on SPRR Survey, 12 miles southeast of Abilene on a 150 acre lease.

Gilliland and Co. of El Paso have staked the No. 1 R. D. Williams Est. "B" 450 feet from the north line and 1124 feet from the east line of Section 2269, TE&L Survey, three miles northeast of Putnam on an 83.5 acre lease in the northeast part of the county, one-half mile east of a 4115 feet failure, and west offset to shallow marginal producer. The test is due to go 2290 feet to the Strawn sand with rotary.

SHACKLEFORD COUNTY Kendrick Oil Co. of Abilene has spotted the No. 9 Hooker Trusts Lee Reynolds "A" as a regular field try three miles southwest of Albany, on an 80 acre lease. Location is 200 feet from the north line and 1000 feet from the east line of the southeast fourth of Section 23, Block 11, T&P Survey. Proposed depth is 1500 feet with casing tools.

The No. 2-C W. F. Newell "C" has been staked by James F. Evans Jr. of Breckenridge six miles west of Albany on a 160 acre lease. The well spots 1150 feet from the north line and 150 feet from the west line of Section 13, Block 11, T&P Survey. Proposed depth is 1400 feet with rotary.

A wildcat try 10 miles south of Albany has been staked by Barron Kidd of Dallas. It is the No. 1 Fryer Estate lease, which spots 150 feet from the south and west lines of Section 84, Block 12, T&P Survey on a 40 acre lease. The well is three-fourths of a mile west of a 900 feet producer. Proposed depth is 2000 feet to the Tanehill sand with casing tools.

JONES COUNTY Nelson and Adreus have staked the No. 1-W. D. Baker 510 feet from the north line and 1470 feet from the east line of Section 215, ETRR Survey, 3 1/2 miles southeast of Luella on a 100 acre lease. Proposed depth is 1700 feet with casing tools.

COLEMAN COUNTY The No. 1 L. O. Garrett has reached 1585 feet. Proposed depth is 1850 feet with rotary. The Marshall Pipe and Supply Co. test spots 650 feet from the south line and 150 feet from the west line of subdivision 76, G. W. Mahoney Survey 138, 4 1/2 miles southwest of Santa Anna on a 100 acre lease.

BROWN COUNTY H. O. Watts and J. D. Franklin of Bangs are drilling the No. 1 J. D. Franklin as wildcat test. 3 1/2 miles west of Bangs on a 59 acre lease. Proposed depth is 1500 feet to the Fry sand with rotary. The well spots 697 feet from the north line and 2490 feet from the west line of the J. H. Grimes Survey 352.

The No. 3 W. G. Thomas has been spotted by T. G. Burgess, et al, of Fort Worth as a shallow regular field try. The well spots 1050 feet from the south line and 1780 feet from the east line of the James H. Grimes Survey 611, four miles southwest of Brownwood on a 123 acre lease.

Eugene Talbert of Tyler has received permission to drill a 1500 foot rotary test three miles west of Bangs. It is the No. 1 Thompson and Amberson and spots 876 feet from the south line and 150 feet from the east line of C. B. Jennings Survey 355.

Around the Town At Olden

By Mrs. Dick Yielding

Mrs. Neeta Jacobs and baby daughter have returned to the home of her parents Mr. and Mrs. Bob Sellers. The baby girl was born May 4 at 8:27 p.m. in Ranger General Hospital. The baby, Margaret Ruth, was named for her grandmother and great-grandmother.

Mr. and Mrs. Edd Colburn and daughter of Wichita Falls spent the week end visiting the Walter Colburns and Mr. and Mrs. W. L. Wharton of Eastland.

Mr. and Mrs. Raymond Stark and Sonny of Odessa spent Mothers Day here with Mr. and Mrs. Lee McGuire and Mr. and Mrs. Will Stark.

Mrs. Dick Yielding spent Thursday and Friday of last week with Mr. Yielding in Abilene. Mr. Yielding is employed there at this time.

Week-end visitors in the home of Mrs. Myrtle Warren were Mr. and Mrs. Armon Warren and Marvin Warren of Fort Worth, Bobby Warren of Midland and Mr. and Mrs. J. W. Warren of Ranger.

Mrs. Howard Lester of Big Spring is visiting this week with her parents Mr. and Mrs. J. L. Turpin.

Mrs. Bill Hicks and children of Abilene visited her parents Mr. and Mrs. Clyde Garrett over the week-end.

Visitors in the home of Mr. and Mrs. I. W. Talley were his parents Mr. and Mrs. U. E. Talley and Mr. and Mrs. Leroy Seelye of Denison.

Miss Sandra Herrell, bride-elect of Durwood Smith, was honored with a bridal shower last Friday evening at the home of Mr. and Mrs. Archie Kelly. Gifts were displayed in the bedroom and refreshments of frosted punch and white cake squares were served.

Mrs. Mary Evelyn Fisher and daughter of Ft. Worth, spent Sunday here with her mother, Mrs. Deanna Edwards and family.

Mr. and Mrs. Billie Kelley of Colorado City spent Sunday here in the home of Mr. and Mrs. Joe McKelvin.

Kenneth Holt and Miss Patsy Pogue, were united in marriage last Saturday evening at the Church of Christ in Eastland.

Mr. and Mrs. Johnny Marlow and baby of Electra, spent the weekend here with Mr. and Mrs. D. O. Moffett.

Mr. and Mrs. Jim Berry and Jo Ann of Jackboro, and Mr. and Mrs. Millard Herwick and family of Ranger spent Sunday with their mother Mrs. C. A. Strong and Mr. Strong.

The Senior Class enjoyed a pic-

For College Grads

GRADUATION WEEKEND FESTIVITIES SET

A full graduation weekend has been scheduled for the sophomore students at Ranger Junior College.

Festivities begin Friday evening with a graduation dance to be given in the Union Building. The freshman class and faculty sponsors, Mrs. David L. Norton and Stan Burnham, will be in charge of the affair. Music will be furnished by Al Lotzpeich and the college orchestra.

A floor show arranged by Vi-

vian Simmons and Colonel Don Brasher will highlight the evening.

Refreshments for the party will be provided by Mrs. J. P. Morris, Mrs. H. L. Hamrick, and Miss Mary Jo Duck. Chaperons will consist of all other faculty members and their wives or husbands.

Saturday and Sunday the Union Building will remain open to receive the many parents and guests. The cafeteria will serve three meals on Saturday.

Mrs. Jameson and girls at the dormitory will serve as hostesses to out-of-town guests and parents.

A musical program will be presented at 2 p.m. Sunday at the Fine Arts Building, followed by an hour of "get-acquainted" in the Union Building from 3 until 4 p.m. All faculty members will be on hand to meet the parents of the graduates.

At 4 p.m. all campus activities will terminate. Graduation exercises will be held at 8:30 p.m.

Sabanna Valley Game Preserve May Get Deer

Hopes of Sabanna Valley Game Preserve Association members that the State Fish and Game Commission will stock the area with deer improved this week after a survey by Robt. G. Maverman, State wild life biologist.

Maverman told Association members he would improve the area for deer, but that he would require an absolute minimum of 15,000 acres of solidly blocked land to be signed up with the state before deer could be brought in.

"So it is up to the people of the area," a spokesman said. "If they want deer they can get them. If they don't want deer they won't get them."

At the last meeting of the Association, guest speakers were E. E. McAlister and W. L. Garner, of the Eastland Soil Conservation work unit.

The Association will celebrate its first birthday with a barbecue June 12. Details will be announced later.

Bids On Crawler Tractors Called For By County

Eastland County Commissioners Wednesday called for bids on "one or more" new crawler type tractors.

Bids will be opened at the regular meeting of the Court June 11. The machinery will be used for Precincts 2 and 3.

The county plans to trade in one used tractor and a used garwood scraper.

Tarleton State College Enrolls Seventeen From Eastland County

STEPHENVILLE (Spl.) — Seventeen Eastland County youths have been enrolled this year at Tarleton State College.

Four of these are listed as graduation candidates. This year's graduation class is the largest at Tarleton since 1941 with 111 students slated to receive diplomas May 20 at Tarleton's Memorial Field.

Eastland County students who are candidates for graduation are Floydene Gilbert, Jack Neal Gilbert, Donald Eugene Mauney, and Patricia Ann Morrison, all of Gorman.

A breakdown of the Eastland county enrollment at Tarleton shows three from Eastland, seven from Gorman, four from Ranger, two from Rising Star, and one from Desdemona.

Nine Eastland County Boys To Get Sears Pigs

Nine Eastland County 4-H Club boys will receive Sears pigs Saturday morning May 19. The presentation will be at 9:30 at the Eastland County Livestock Show Barn.

All the pigs to be given away are registered Duroc pigs. Eight of the pigs are gilts and one is a boar. R. S. Higgins Jr., assistant county agent, obtained the boar from George Blackburn at Throckmorton. The boar will go to Jerry Graham of Cisco.

Those receiving gilts are as follows:

Joel Graham, Cisco; Gerald Dunlap, Cisco; Jerry May, Carbon; Kenneth Eaves, Carbon; Jerry Morgan, Scranton; Frank James, Scranton; Charles Rodgers, Gorman; and Roger Woodall, Gorman.

The gilts are from litters of pigs raised by Sears pig winners from last year.

All nine of the boys will feed their animals to show condition. The gilts will compete against each other in the County Sears Gilts Show. The boar will just be there for exhibit, but will be shown in competition at the District Sears Pig Show along with the winning gilt of the county show. The boys with the gilts are required to raise a litter of pigs and give the best gilt back to the county Sears Pig Program. When the pig is returned the boy has completed his obligation and the gilt is his.

The public is invited to attend the presentation of the pigs and see the type of pigs 4-H Club boys in the county are raising.

SAVE EXTRA ICE CUBES

When you take just a few ice cubes from the tray, put the extras into a plastic bag and return it to the freezer.

The cubes won't stick together and are handy for the future when you want only one or two cubes, says the Better Homes & Gardens magazine. The tray is then free to freeze additional ice cubes. Plastic bags are also handy containers for cracked ice.

GETTING UP NIGHTS

If worried by "Bladder Weakness" (Getting Up Nights too frequent, burning or itching sensation, or strong, cloudy urine) due to common kidney and bladder irritations, try CYSITEX for quick, gratifying, comforting help. A billion CYSITEX tablets used in past 25 years prove safety and success. Ask druggist for CYSITEX under satisfaction or money-back guarantee.

Ranger Junior College Graduates

Mary Carolyn Berry of Cisco Is 4-H Dress Review Winner

Mary Carolyn Berry, 15 year old 4-H girl of Cisco, was the first place winner of the Senior Division of the 4-H Dress Review held in Eastland Tuesday night. She is the daughter of Mr. and Mrs. Elmer Berry of Rt. 2 Cisco. She will enter the District 4-H Dress Review. Other Senior Division winners were: Rose Mary Berry, 17, of Cisco, second; Kathleen Ziehr, 17, of Cisco, third.

Mary Tonne, 11 year old Scranton — 4-H member was first place winner of the Junior Division. She is the daughter of Mr. and Mrs. Walter Tonne of the Nimrod Community. Other Junior Division winners were: Jerry Jordan, 10, of Carbon, second; Beverly Bostick, 11, of Nimrod.

"The Corner Drugstore" was the theme for the Dress Review. The stage was decorated to resemble a drugstore and the girls entered the stage in pairs to sit at the "drugstore" counter. Each girl modeled her dress as comments were given by LaFaye Mason, Assistant Home Demonstration Agent.

Other 4-H girls to enter were: Elizabeth Fox, Olden; Jean Berry, Cisco; Carole Jean Hagan, Cisco; Judy Chick, Cisco; Christina Strobel, Nimrod; Janice Day, Gorman; Venita Coats, Cisco; Linda Johnson, Scranton; Patsy Lenz, Cisco; Lottie Darlene Townsend, Cisco; Charlene Denton, Cisco; Kathleen Denton, Cisco; Charlene Stacy, Desdemona; Annette Biles, Cisco; Linda Kay Denton, Cisco; Vickie Morgan, Scranton; Yvonne Green, Eastland.

Miss Loretta Morris, Home Economics teacher of Eastland and Mrs. Louise Raney, Home Economics teacher of Carbon, were the appearance judges. Miss Barbara Shuman, Erath County Home Demonstration Agent judged the construction.

Miss Charlotte Vaught of Eastland was the pianist.

Lovely prizes were given to all of the girls entering. These were donated by merchants from Cisco, Eastland, Ranger, and Rising Star. In charge of the stage decorations were: Mrs. Carl Strobel, Mrs. Cecil Bostick and Mrs. Walter

Tonne all of Nimrod. Helping with other phases of the dress review were Mrs. D. D. Sandlin of Carbon and Mrs. Joe Butler of Rising Star.

SENIOR PROPHECY

By ARCHIE BILL ROBINSON

Last night as I sat alone in my study enjoying the twilight and my own most wonderful thoughts, I heard a soft rustling behind me and turning I saw near my chair a queer little creature which I could not classify. It wasn't strictly human and yet I had never before in all my study of natural history seen any creature, even distantly, resembling it. Before I had time to ask the customary question, "When and where were you born? Are you white or black? Single or married? What is your favorite breakfast food?" the strange visitor asked in a mighty voice, the first notes of which made me leap out of my chair. "Are you the student who has been selected as the prophet of the class of Ranger High? If you are," the creature went on quickly, before I had time to utter a word, "I see by your looks that it is indeed necessary that I should help you. It was a wise act when I was sent to you."

"Sent to me?" I ejaculated, my curiosity overcoming my fear. "By whom?"

"Ah," said the shape, "I perceive that you have not heard of the new movement among the curricula."

"The curricula?" I repeated stupidly.

"Yes," was the quick reply, "the curricula of all the schools in the United States."

"Then," I exclaimed, "I suppose you are a curriculum?"

"Of course. I see you know a little Latin," was the angry reply, and the creature continued: "We have united together to help the poor overworked teachers and superintendents at commencement time. So I was detailed to assist you in a prophecy for the Ranger High School graduating class. So here goes."

First and foremost, Jerry Jones is to be president of the United States.

Bobby House will take Elvis Presley's place as the idol of millions of teen-age girls all over the United States.

Shirley Wymer will be writing all of Charlie's sermons. Poor Charlie had better watch it because she will rule over him with a club.

Beverly Galley, poor girl, never did get off the ranch. She is still down there in the backwoods chasing goats.

Tommy Roy Young will be head of all the armed forces, with Johnny Swinney as the head of the Air Force Division.

Yvonne Henson will be head of the chemistry and math department of M.I.T. She has just written a new chemistry and another new algebra book.

Bob Maddux will take over Mrs.

Robinson's English. He lets his students sleep during class period.

Bennie Robinson will make a big hit up at General Motors and will be President before 1976.

Mary Hinds will marry Bennie and she will be kept busy entertaining the socialites of Detroit, Michigan.

Mac Jones is still working at Pealey's Service Station. Maybe he will get that red Ford paid for sometime before 2000.

Mary Ellen Deffebach will take over the Liberace Show, and will be the world's greatest pianist.

Barbara Harper will be secretary to the superintendent of the Ranger School System. The superintendent will be Buford Ables. Buford will really run the schools well. There will be no demerits.

Marie Chambers will still be trying to finish the Bulldog for 1956. That poor girl just lacks one page now.

John Wylie has become a world famous evangelist and author. He took over Norman Vincent Peal's columns.

The biggest, the strongest of all, history teachers will be Bob Downham who will take Mr. Koenig's place. Bob puts on a demonstration of his strength every day.

Gay Nell Loper will be the famed author of many books. She will probably write books on how to write essays.

Tommy Sutton will still be lost.

Gay Nell Loper will be the famed author of many books. She will probably write books on how to write essays.

Tommy Sutton will still be lost.

This time it will be as an interpreter for the United Nations. He will get the different languages mixed up and will be the general cause of much confusion.

Pete Jameson will own a huge ranch and on the sideline will ride a few wild horses. Pete also will be a very famous cook.

Kay Vaughn will have all that a preacher's wife could want. While John is gone, she will stay home and take care of her four little red-headed boys.

Mary Lou Wright will be lab technician for the famed scientist, Jerry Don White, who will have perfected a growing pill. Whizzer will increase his height by ten inches.

Jerry Wharton is head coach at Ranger Junior College. He will have a perfect season in '76. No wins, 10 losses. That is pretty good considering he only had ten players and had to play with ten men all season.

Betty Wells will become the world's champion cowgirl. She will have to have a special trailer to carry all of her medals and trophies in.

Peggy Beck will be the author of a prize-winning book entitled Ten Reasons Why Not to Take Plane Geometry.

Robert Watson will become a famous architect. He will design outstanding buildings. He will still be a carpenter on Saturday, though.

Twister Polston has taken over the pool hall now. He lets you play five games for a nickel now. His chief helper is Claude Albert Koenig, who will have a cot down there in the back corner.

Betty Ross and Evelyn Jones will be rivals in the clothes designing field. Betty will design for Neiman-Marcus in Dallas, while Evelyn will design for a firm in Paris.

Harris Tibbels will take over the Figgly Wiggly Corporation. He will have 119 stores in the state of Texas.

The most famous modeling school will be managed by Patsy Shaffer. She will be noted for the fine teachers in her school.

Barbara Nichols will co-star with Rock Hudson in a reproduction of Stars in Their Eyes. She will make 20 pictures between 1970 and 1974. She will also walk off with three Oscars in 1975.

Jerry Bob Greer will have his own band. It will lay the bands of Glenn Miller, Harry James and others in the shade. Elpedia Gonzales will be the featured singer of this band.

Howard Oliver will be punching cattle on the largest ranch in Texas owned by Dorothy Joyner and Dorothy Stagner. These two girls made a mint of money on the \$5,000,000,000 program. They purchased this large ranch and hired James to run it for them.

Janis Carter (Mrs. Bobby Bullard) will operate a thriving grocery business. Her best customer will be Bobby, who will have to buy groceries for all the little Bullards.

Le Vern Ainsworth will be the owner of a famous restaurant. She will specialize in broiled octopus.

Wanda Langehennig will be the owner of an automobile race track. She will be a famous driver of racing cars.

Stanley McAnelly will catch the eye of everybody as he becomes a famous movie star.

Martha Nail Goldsmith will be the secretary to the president of the General Motors Corporation.

Rosa Morales will be the envy of millions as she acquires a prince of a foreign country for her husband. She will exhibit her fabulous collection of jewels all over the world.

Edna Halliday will be the world's champion tennis player. She will be entertained by all the courts of Europe and will be ac-

State Trappers To Collect Spare Antelope

AUSTIN — Approximately 350 head of far west Texas antelope NOT harvested during the past open season are being trapped for restocking purposes, said the assistant director of Wildlife Restoration for the Game and Fish Commission.

Less than 1000 permits for antelope hunting were taken up and overpopulation had become so acute in some restricted areas that herd reduction had to be placed on an emergency basis.

The assistant director said the surplus antelope, comprising both bucks and does, are being released on ranches whose owners made formal application for the fleet game animals and whose lands fulfilled the requirements governing such releases.

He explained that antelope require vast areas of habitat in which to roam and that a minimum of ten thousand acres of open

country is a basic requirement to receive the two-toned colored game for restocking.

The assistant director said such tracts are available generally in the western portions of the state beyond Fort Worth and the hill country.

claimed as the greatest of women of this half-century.

Patsy Entler will become a registered nurse and will receive the honor of being Mrs. Registered Nurse U. S. A.

Otis Jacoby will become a world famous milliner. The hats he designs will be wanted by women from all over the world.

Jeanette Herring will become an airline hostess. Her airplanes will always be loaded with handsome men.

"O, you mix me up so dreadfully; I think I could have done better myself. But now, how about my good fortune?"

"Alas, that is too sad to relate," the creature said with a wink and a grimace, and in another moment I was alone in the twilight.

country is a basic requirement to receive the two-toned colored game for restocking.

May future days fulfill your fondest dreams

Area Oil Activity Continues Active

Drilling has reached 1428 feet in a new wildcat well 3 1/2 miles northeast of Desdemona in Eastland County. The well is the No. 1 Sam S. Powers being drilled by Tennessee Gas Transmission Co. of Wichita Falls. Location for the well is 330 feet from the east and 200 feet north of the southeast corner of Section 1, T&NO Survey, A-612, but in J. H. Wormack Survey A-650; on 445.5 acre lease, east central part of city, one mile northwest of Desdemona - Strawn area. Proposed depth is 3800 feet with rotary.

Here is a round-up of other area oil news:

Stephens County
Eight new tries have been staked in Stephens County. The No. 1 Ridding-Mills, being drilled by Ehrhart and Arnot, is a wildcat venture, with proposed depth of 2900 feet with rotary. Location is 990 feet from the south line and 330 feet from the east line of the southwest fourth of Section 6, Block B, T&NO, 16 miles south of Breckenridge.

Texota Oil Co., No. 2 C. K. West has also been spotted as a wildcat. Location is 330 feet from the south line and 1510 feet from the east line of Section 11, Block 3, SPRR Survey, seven miles north of Caddo on 640 acre lease in the northeast part of the county. Proposed depth is 4200 feet with rotary.

The No. 2 C. K. West is a wildcat try being drilled by Texota Oil Co. of Fort Worth. The well spots 330 feet from the south line and 2350 feet from the east line of Section 11, Block 3, SPRR Survey, seven miles north of Caddo on a 640 acre lease, 1-2 mile south of a depleted 3300 foot producer and 1-2 mile west of a 3800 foot gas well. Proposed depth is 4200 feet with rotary.

The No. 2 Sorgree Estate is a wildcat being drilled by Roy Morris Drilling Co., et al. of Odessa. It is located 330 feet from the north line and 990 feet from the east line of the northwest fourth of Section 5, Block 6, T&P Survey, 13 miles northeast of Breckenridge. Proposed depth is 2900 feet with rotary.

Brown County
The No. 1 J. A. Swenson is a regular field try 2 1-2 miles west of Bangs. Elevation is now 1583 feet and the well spots 2490 feet from the south and west lines of Juan Hernandez 351 on a 201 acre lease.

Eugene Talbert is drilling the No. 2 J. A. Swenson as a regular field try. The well spots 2490 feet from the south line and 1256 feet from the west line of J. Hernandez Survey 351, 3 miles west of Bangs. Proposed depth is 1500 feet.

Ernst Is Named Outstanding Sr. in Fraternity

DENTON (Spl.) — Joe B. Ernst of Eastland has been named the outstanding senior member of Theta Chi social fraternity at North Texas State College.

Ernst, the son of Mr. and Mrs. John L. Ernst, Eastland, has served as pledge trainer, house manager and treasurer of the fraternity. He is a senior marketing major and a member of Gamma Theta Upsilon geography fraternity.

There is an Old Chinese Proverb—
... reminding us that every long journey begins with the first step. Likewise all achievements require the act of starting. He who never tries, never does, never enjoys, never grows, never really lives! And failures usually follow wrong starts. For example, those who are buying real estate for the first time should get an abstract. In this they not only find themselves in harmony with the wisdom expressed in the proverb, but also following the course of generations past who knew the Chinaman was right.

Dallas fashion center

Nothing could be more care-free for busy mothers than this no-iron crepe "Magic Crepe" batiste play-suit by Green Brothers of Dallas. The dots come assorted in color and shape and are scattered about the romper pants and backless bib. Self-ruffles make a heart pattern at the base, halter neckling.

HOW TO PLANT
HOUSE PLANTS

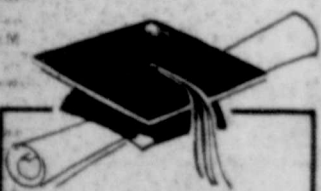

House plants should be planted carefully to ensure good growth. A layer of coarse sand or gravel in the container bottom is important in providing proper drainage.

Next, add a layer of potting soil. Mix your own, using equal parts of sand, soil, and peat or compost, or use one of the special potting mixes now available at most garden centers, suggests an article in the April Better Homes & Gardens magazine.

To remove the plant from its original pot, turn the pot upside down, place your fingers under the soil ball, and give the pot a sharp tap on the edge of a table. The plant should drop out.

Don't disturb the roots more than necessary. Remove the soil gently when needed to fit the plant into the space, the article says. Fill in around the plant with loose soil only after it is placed, then firm the soil with your fingers. Thump the container on a planting surface once or twice to sift the soil about the roots, and water thoroughly.

Bible Comment:
Pentecost Marks Birth of the Christian Church

THE birth of the Christian church is usually dated from the Day of Pentecost. Hitherto, Christianity had its growth in the fellowship of the Teacher and His disciples moving about from place to place. But now, with their Master ascended, the disciples became organized into a more definite fellowship.

Originally, Pentecost was a festival held 50 days after the Passover. A Jewish festival, it became a symbol in the Christian church of the outpouring of spiritual power. We speak today of a "Pentecost of grace," a "Pentecost of blessing," a "Pentecost of power."

What did it mean to receive the Holy Spirit? What do we mean by the Holy Spirit? There have been various forms of definition and interpretation, even among those who have accepted the belief in three persons in the Godhead—Father, Son and Holy Spirit. Some have thought of them as three manifestations of the one God.

It is obvious that in considering the Trinity we are in a realm of mystery, where definitions and explanations are exceedingly difficult and where any one man's human conception may fall far short of reality.

Perhaps we may say that the Holy Spirit represented to the disciples the same Presence that Jesus had represented when He was among them.

The baptism of the Holy Spirit is the baptism of God—the power of God manifest in the hearts and lives of men.

Firm Shapes Model Haven For Anglers

AUSTIN — Three years from the time it was stocked in May, 1953, a lake created by Aluminum Company of America for industrial purposes has been converted into a fisherman's dream, according to reports to the Executive Secretary of the Game and Fish Commission.

He said a principal attraction is a traffic restriction which bars promiscuous motor boating and gives the angler "some semblance of privacy."

The lake, which is in Milam County near Rockdale, was made originally as a cooling unit for ALCOA's huge plant which produces aluminum with electric power generated through use of local lignite.

Since the water was not contaminated through this particular industrial process, company officials called on the commission for fish management counsel. The

make the lake available to the general public subject, however, to strict regulations designed to aid the angler as well as to safeguard the new Milam County recreation spot. Motors are limited to ten horsepower. Racing is banned.

The 750-acre lake has provided vast material for aquatic biologists since each fisherman registers and reports on such vital statistical data as to time spent angling and the results. For example, records showed that as of January 1, the first year and one half angling yielded 32,500 fish, mostly bass to 30,000 fishermen, and that the prize for the first five-pound bass had been claimed.

Also beneficial from the commission viewpoint was the 38 brood bass taken from a small "off limits" spawning lake connected with the main body of water by a narrow channel. The fighting blacks, averaging three pounds were used to reinforce the stock at San Marcos State Fish Hatchery.

Regulations appealing to dyed-in-the-wool fishermen include: no firearms or intoxicating liquors permitted; swimming only in designated areas; youngsters under sixteen must be accompanied by parents when fishing from boat; each boat must carry a life preserver for each occupant and no boat may be over-loaded with passengers.

Mulch is Ancient Device To Reduce Garden Work

Tomatoes Should Always Be Mulched to Keep Weeds Down and the Soil Moist.

Of all modern devices to make home gardening easy—in this era of power tools and chemical weed killers—none eliminates more labor than the ancient and inexpensive practice of mulching.

Originated in the stone age as a means of stimulating plant growth, research scientists are discovering today virtues about which its inventors never dreamed.

Dictionary defines mulch, or mulch, as straw manure or compost used to cover soil near plants, to conserve moisture. Modern practice applies the term to a long list of materials, which may be used to cover soil or plants for any beneficial purpose.

Any home gardener who can get suitable materials will save much labor in cultivation by covering the soil around his plants with a layer deep enough to shade the ground and prevent weeds from growing.

Dried lawn clippings make an excellent mulch. They are a waste product of gardening and when heavy should always be removed from the lawn. If piled up, they heat and ferment, destroying vegetation beneath.

When spread thinly and occasionally aired they quickly and become safe to use.

Sawdust and ground corn cobs are used extensively where available. As they decay rapidly they may take nitrogen from the soil to feed the bacteria that break them down, unless some nitrogen fertilizer is mixed with them when they are spread.

When a mulch is applied to the vegetable garden the soil should first be well cultivated, and a thin layer of the mulching material worked into it. On this foundation the rest may be spread to the desired thickness.

The soil around tomato plants should always be protected by a heavy mulch. The disease called blossom-end rot, black spots opposite the stem, is caused by changes in the moisture content of the soil, which mulching tends to stabilize. In watering tomatoes, avoid shallow sprinkling; apply a good soaking when needed.

Mulches as a means of preventing erosion are recommended by researchers. They increase the percentage of rain which enters the soil, decreasing run-off. They prevent splattering caused by rain falling on bare soil.

Tips On Better Garden Vegetable

How do your home garden vegetables grow? Can you compete, for instance, with the professional gardener who produced 1600 pounds of clean, ripe tomatoes on 25 plants from July to November? Well, maybe you can't beat a high-production record like that, but here are some tips that will make your vegetable garden the showplace of the neighborhood.

First of all, plant your rows north and south for maximum sunlight. Tests show you will get much better results this way. And remember vegetable gardens should get at least six hours of sun daily, and plants receiving morning sun and afternoon shade yield the most, the biggest and best vegetables.

Next, get the very best seed you can buy, and check into some of the new, improved varieties—for instance, the heat-resistant types of lettuce. When planting, follow the directions of a planting chart to get best results. For instance, vegetable seeds should be planted at shallow depths, ranging from 1-4 to 3 inches. After planting, apply liquid plant food in shallow rows weekly to give your vegetables the starting boost they need. This makes plants grow fast, and the faster garden vegetables grow, the more tender.

NEWS FROM DESDEMONA

Mrs. Sally Eaton is going better after a short illness.

Mrs. Tody Watson is doing better after being sick.

The Homemaking girls of Desdemona went on a field trip Monday and went through Mr. and Mrs. Shell's new home (which is being built) in Gorman.

Mr. and Mrs. Pug Guthery and Karen of Kermit and Mr. and Mrs. Bernard Keith and daughter of Odessa, who are here on vacation, spent the weekend with relatives in Louisiana. While there they attended the Louisiana Hay Ride Saturday night.

Mr. and Mrs. G. E. Redwine

Services For Mrs. W. L. Coates Held Sunday

Mrs. W. L. Coates, 82, passed away Friday afternoon at her residence, 122 S. Oak, Ranger.

Funeral services were held Sunday afternoon at 4 o'clock at the Killingsworth Funeral Chapel with Rev. Calvin Bailey, pastor of the Second Baptist Church, and Rev. L. E. Snow, Assembly of God, officiating.

Interment was at Evergreen Cemetery. Mrs. Coates was born April 4, 1874 at Warren, Pa., and lived at Bartlesville and Ardmore, Okla., before moving to Ranger 37 years ago. She was married to W. L. Coates in 1893.

What to WATCH for when selecting the most modern truck for your job!

If you're in the market for a new truck, you can start your "shopping tour" right on this page! The salesman shown here is pointing out modern features that increase efficiency on the job and give you more truck for your dollar.

So take a moment to follow him around in this on-paper demonstration. Then you'll know what to look for—and you'll find it right here, at your Chevrolet dealer's!

WATCH for advanced Work Styling

The long, low, forward-sweeping lines of new Chevrolet trucks provide modern truck beauty that's good advertising for your business. Each weight class has its own distinctive styling.

WATCH for automatic transmissions

In 3000-4000 Series models there's famous HYDRA-MATIC. And for 5000 through 10000 Series models there's exclusive, revolutionary POWERMATIC! Both are extra-cost options.

WATCH for Ball-Gear steering

Modern Ball-Gear steering, featured in all Chevrolet Task-Force trucks, makes your job easier at every turn! In this precision steering gear, scores of polished steel balls minimize steering friction.

WATCH for modern short-stroke V8's

There's a new V8—either standard or optional at extra cost—for every model. They're compact, efficient engines, too—the leaders in their respective classes for horsepower-per-pound!

You'll find modern features everywhere! For example, there are famous Chevrolet high-compression 6's—the world's most popular truck engines! A great new 5-speed transmission, optional at extra cost, handles tough jobs with ease in a wide range of models. New Triple-Torque tandem options for heavy-duty trucks hike G.V.W.'s up to 32,000 lbs. . . . G.C.W.'s up to 50,000 lbs. Certainly, there are many things that point up Chevrolet truck modernity . . . many reasons why anything less than Chevy is an old-fashioned truck!

New Chevrolet Task-Force Trucks

Drive with care... EVERYWHERE!
