Attorney, J. E. Dryden—Sudan.

Shoe Repairing, J. A. Lilly—Littlefield.

O. H. BROWN FOR SHERIFF AND TAX COLLECTOR

To the Voters of Lamb County: I take this method of announcing to the voters of Lamb county my candidacy for the office of Sheriff and Tax Collector of Lamb County, subject to the action of the Democratic Primary Election to be held in July. I have decided to enter the race for this office after considerable solicitation from many of the best citizens of the county, and especially from my old friends whom I have known for many years and who are now residents of our county.

I feel that my qualifications and past experience as a peace officer in this state justify the very careful consideration of the voters. For the past twenty years I have been either sheriff or deputy sheriff until accepting the position of chief of police in Littlefield. I served as sheriff of Young county for four years, and thereafter served as deputy sheriff in the same county, and at the same time as city marshal in one of the towns of the county. I also served many years as deputy sheriff in Lubbock county. I came from Lubbock to Littlefield where I have been chief of police for the past several months.

If elected to the office, I promise the citizenship of this county that I shall vigorously enforce the laws in a very fair and reasonable manner, and with impartiality, and treat one and all alike, showing special privileges to none.

I earnestly solicit the consideration of the voters in this race, and shall reward any support and influence with faithful performance of the duties of the office which I seek.

Respectfully submitted,
O. H. BROWN.

THE CHURCH OF CHRIST BIBLE STUDY

The ladies met with Mrs. Daniel Tuesday, Feb. 4, with ten present. Had a good lesson, studying the Life of Christ. We also quitted a quilt, which makes two we have quitted. The class meets next Monday, Feb. 10, with Mrs. Wilkins. Each and every one invited to be present.

J. W. (JAKE) HOPPING FOR COUNTY AND DISTRICT CLERK

To the Voters of Lamb County: I hereby take this opportunity of announcing my candidacy for the office of County and District Clerk of Lamb county, subject to the action of the Democratic Primary of July 26, 1930.

I am a native of West Texas, and have resided in Lamb county for the past twelve years. After graduating from high school, I completed two years of college work at the North Texas Agricultural College at Arlington, Texas.

Having been in the Abstract business, I believe that my knowledge of legal documents and of the county records gained through this business will be of invaluable service to me and will greatly assist me in the performance of the duties of the office for which I aspire.

I have never before sought public office, and if the voters of Lamb county see fit to place me in this office, I shall endeavor to perform the duties in a capable and efficient manner to the best of my knowledge. Any support and influence will be greatly appreciated.

Respectfully submitted,
J. W. (JAKE) HOPPING.

MILK FROM TESTED HERD TO BE CONVEYED IN NEW CHEVROLET SEDAN TRUCK

The Hutto Chevrolet Co. this week sold to Mr. A. W. Ormand, the popular dairyman, a new Sedan Delivery Truck for conveying the products of his dairy to customers. Mr. Ormand guarantees that none but dairy products from tested and certified dairy animals will be carried in this vehicle.

Mr. Ormand is now erecting a modern dairy barn on his dairy farm east of town, and with other improvements that are being added, this dairy takes position as one of the very substantial institutions of the Sudan community.

Mr. Ormand contemplates adding materially to his dairy herd. He is a pioneer in the dairy business in Sudan community, having organized the first dairy bull circle in this section. He has labored consistently for the upbuilding of dairying, striving to keep only the best tested and approved animals.

Jim says when the herd outgrows this truck he'll have another ready.

ANNOUNCEMENT

In announcing my candidacy for County Superintendent, I do so with the first hand information from the County Judge that the office will be created and a candidate will be elected in the July primary. With this information I am submitting my name to the voters of Lamb county for their worthy consideration in choosing a nominee for this office.

I am at present superintendent of Spring Lake Independent School and have been for the past two years. For seven years previous to my coming to Texas I taught in Western Oklahoma. All my work except two years as principal of a city ward school, has been with rural schools. I hold a valid first grade certificate and am interested and active in all educational projects for the betterment of our public schools.

Last October I was unanimously elected president of the Lamb County Teachers' Association.

I have no other promise than to say that if I am elected I shall give my best efforts to the office and make it as efficient and worthwhile to the schools of Lamb county as I possibly can.

In the near future I expect to visit over the county and meet as many as I can. I invite you to investigate my record, and any influence or support you may give me will be more than appreciated.

Sincerely,
CARL G. CLIFT.

NEARING COMPLETION CHRISTIAN CHURCH

The new church building of the Christian congregation, situated on Temple street near the school grounds, is fast nearing completion, and the congregation hope to worship in their new home the coming Lord's Day.

The work on the building has been speeded up in order that it could be occupied by classes of the grammar school, these classes being moved from their own building to make room for classes from the high school.

The building when completed will be a substantial addition to Sudan, and the congregation is to be congratulated on the fine spirit evidenced in its promotion.

PUTTING HIM WISE

"You know, dad, he always said he'd never marry until the right girl came along."

"Well, how does he know you're the right one?"

"Oh, I told him I was."—Tit-Bits.

WOMAN'S MISSIONARY SOCIETY

The W. M. S. met with Mrs. Long Monday afternoon in a business meeting, with ten members present.

Next Monday we are to start a study of the W. M. U. Manual. The following Monday we will begin a Bible Study, Rev. McGahey teaching. The fourth Monday is our social and journal day. We will meet with Mrs. Wells for an all-day service at the Rev. McGahey's. Remember these dates and help us with your presence.

EVILS OF HEREDITY

"Chicken stealing again, 'Rastus'?" said the judge. "Have you anything to say, any excuse this time?"

"Deed, yes, Judge," replied 'Rastus', "it ain't mah fault, Jedge, it's de fault of mah high-up ancestors."

"How so?"

"Well, Jedge, mah ancestors dun come over on the Mayflower, an' avah since Ah was born Ah has an uncontrollable desire foh Plymouth Rocks."

Love Will Contest Bar From Primary

AUSTIN, Feb. 1.—The Texas state democratic executive committee today voted overwhelmingly to bar as candidates in the 1930 party primary, persons who bolted the 1928 presidential nominees and at the same time opened the doors for participation as voters to the same erstwhile democrats.

A resolution directing that no one who scratched the democratic nominees in 1928 be permitted to participate in the primary for state offices was carried 21 to 9 and the expression permitting the bolters to take part as voters went over 29 to 1.

The committee had been assembled by Chairman D. W. Wilcox to pass on the application of Senator Thomas W. Love of Dallas, self-confessed bolter of the presidential nominees in 1928, for a place on the 1930 primary ballot as a candidate for the gubernatorial nomination.

Senator Love, one of the leading influences in the bolt that carried Texas for the first time since reconstruction days for republican presidential electors, said that the committee's action was "obviously void and would be held so by the courts."

McCloskey Concedes Fight to Wurzbach

WASHINGTON, Feb. 3.—Approval granting a seat in the house from the fourteenth district of Texas, held by August McCloskey, democrat, to Harry M. Wurzbach, republican, appeared likely tonight after McCloskey conceded his defeat.

Leaders who have followed hearings held by the committee on the long drawn out contest brought by Wurzbach on charges of fraud, agreed that the committee finding would be for the republican who opposed McCloskey.

EASTERN STAR CHAPTER

The Eastern Star Chapter is one of the best organizations, morally, that we have, as one of the visitors to our lodge said, it is the next best to the church. The purpose for which we stand is character building. We must be honest, loyal and just, and we must show our sympathy and kindness to everyone, doing all the good we can at all times.

Our Chapter is not yet two years old, but the membership is now twice as great as it was when organized.

On Monday night, which was our regular meeting night, we had an unusually pleasant evening. Quite a number of visitors from the Muleshoe Chapter was with us. Before opening Chapter we had an hour in which everybody got acquainted. Lively conversations were carried on as we sat around the fire. After the opening we heard several good talks from them. We gained new ideas both in the social way in the work of the Chapter. They probably carried away new ideas with them, too. After closing the Chapter talking and laughing began while cocoa and devil's food cake were served.

Our visiting members were as follows: Mrs. McCarty, Mrs. Arnold, Mrs. Fields, Mrs. Thompson, Mrs. Stone, Mrs. Edmond, Miss Lola Lipscomb and Miss Lela Glasscock.

Our worthy Matron, Mrs. John Robertson, was unable to be with us. We sincerely sympathize with her in her sorrows. Mrs. Robertson was the main worker in getting our Chapter organized. We appreciate her.

Mrs. Dr. Gibbs, who is a Past Worthy Matron, took Mrs. Robertson's place. We judge from the way Mrs. Gibbs took charge and conducted business that she was a splendid Worthy Matron.

This article is not written for the purpose of soliciting members, but if it has influenced you we are glad; we are always ready to take in those who are eligible and want to join us.

Love Will Contest Bar From Primary

The poultry raising industry in the territory surrounding Sudan took a long stride forward during the past few weeks.

At the instigation of the management of the Weimhold Commercial Hatchery, Mr. Chas. M. Steen, certified Texas Baby Chick Inspector, came to Sudan and in company with Forrest Weimhold began the work of accrediting the numerous flocks of fine poultry throughout the territory.

For the past three years Mr. H. H. Weimhold has been working toward the objective of state accredited flocks of poultry for the Sudan territory. During this time much high grade poultry has been placed on farms throughout the county. Last year, with the new 52,000-egg hatchery, something like 118,000 high class baby chicks were placed in the various flocks of the territory, and the hatchery management felt the time was ripe for accrediting.

Be it said to the credit of the flock owners, the large majority have seen the great advantages in having accredited flocks, and cheerfully acquiesced in the work. All flocks have been carefully culled according to the specifications of the American Poultry Association for standard type, production, and vitality, and none but birds passing these tests have been retained in the flocks.

Hereafter the Weimhold Commercial Hatchery will buy eggs from none but accredited flocks, and customers desiring accredited baby chicks can be assured they are getting just what they call for.

Of course, in custom hatching, the customer will be responsible for the quality of his product, and the hatchery will assume no responsibility in this.

Furthermore, from the accredited flocks, eggs must pass the standard of 22 to 28 chicks recently accepted.

Lamb county, and Sudan community especially, has during the last three years taken a position right up in the front ranks in the poultry industry. There are now in the various flocks recently accredited 8,600 choice birds, largely the product of nationally famous breeding yards. Some of the most reliable breeders of these flocks, and the flock owners are now in the way of cashing in on their investments of time and money. At the State Poultry Show last fall, an exhibit of 14 pens of various breeds from Sudan community took many first and second prizes, and this in face of the fact that few of the exhibits had had any special care or attention prior to the opening of the exhibition.

The Sudan News would say to all prospective purchasers of eggs or fowls, they need feel no hesitation in accepting the product of the following flocks:

V. H. Bewley—Buff Orpington.

Chief Justice Resigns; Hughes Appointed

WASHINGTON, Feb. 3.—William Howard Taft resigned today as chief justice of the United States and President Hoover appointed Charles Evans Hughes to succeed him.

Despite failing health, the sudden voluntary ending of the public career of Mr. Taft within a span of 40 years came as a public surprise, but little more so than did the selection of the former secretary of state as his successor.

The resignation of the only man to be both president and chief justice was presented to the president just before noon by a son, Robert A. Taft. He had brought it to Washington from Asheville, where Mr. Taft had been resting for three weeks after a recurrence of an old organic ailment.

Accepting the resignation with reluctance, Mr. Hoover determined as possible so that there might be the minimum of delay in handling the business of the court.

He located Mr. Hughes in New York by long distance telephone, offered him the post and there was a prompt acceptance.

The nomination was prepared and transmitted to the senate soon after 4 p. m. Prompt confirmation is looked for.

Two Fort Worth Banks Close Doors

FORT WORTH, Feb. 1.—Fort Worth bankers and business men met tonight to evolve a plan to pay depositors of the Texas National Bank, which failed to open its doors yesterday after heavy withdrawals yesterday.

Earlier today directors of the First State Bank of Polytechnic, whose doors were closed by order of its officials at 9:35 a. m., announced affairs of the institution had been placed in the hands of the commissioner of banking of the state.

FARM BOARD WILL NOT MAKE LOANS

WASHINGTON, Jan. 30.—Commenting on reports from New Orleans to the effect that cotton prices have declined \$2 a bale there as a result of a statement by him to the effect that the Federal Farm Board will not buy cotton at prices higher than the market, Chairman Legge said Thursday the board was not going to buy cotton or any other commodity at any price.

"Reports of what the board contemplates doing," Legge said, "evidently have been garbled."

"There has been no change whatever in the board's cotton loan policy. The board will continue to make supplementary commodity advances to the cotton co-operative associations on the cotton loan value basis announced Oct. 21, 1929 and has no intention of calling loans already made to these associations."

Legge explained that it was the American Cotton Co-operative Association that conducted market operations and not the Federal Farm Board.

I. G. MORROW ELECTED MAYOR; BARRON RESIGNS

At a meeting of the City Commission this week the resignation of Mayor J. C. Barron was accepted, and I. G. Morrow was elected to fill the vacancy. Mr. Barron resigned on account of poor health, and the fact that his private business demanded his full time.

Mr. Morrow is one of Sudan's foremost citizens having large property interests in the city, and is keenly interested in the progress of the community. He has many friends in Sudan who have confidence in his ability to fill acceptably the position to which he has been called.

FUND IS GROWING FOR FIREMEN'S UNIFORMS

Since our last issue a number of progressive citizens have organized the necessity that our fire company be provided with proper protection from both fire and water. Two more subscriptions to the fund have been had—Fire Chief Hunt, and others will drop around as the necessity impresses itself upon the minds of our people. We all know the city now has heavy burdens to bear. These boys are protecting our property often at great risk to themselves, and our people should see to it that they have protection from both fire and water—as much so as is possible.

Following have passed in their contributions:

Dan Welch \$6.50
A. C. Findley 6.50

Several buried Roman coins were recently discovered on a golf course in Scotland, and that's the way we play, too.—New York Evening Post.

TOWN AND COUNTY

Born to Mr. and Mrs. Elmer Carey of the Bula community, a boy on Jan. 31.

Rady Nichols was thrown from a horse Tuesday and rendered unconscious. Fortunately, no bones were broken.

Grandmother West, who makes her home with her son, H. P. West and family, is confined to her bed this week.

The small son of Mr. and Mrs. Lee Williams died Monday of pneumonia and was buried Tuesday at Lamesa.

Mr. and Mrs. Bill Farris of Sayre, Okla., passed through Sudan on their way to California where they expect to make their home. They visited Mr. and Mrs. F. M. Farris while here.

George Briscoe is erecting three new rent cottages on Temple street, and Jud Briscoe is building one on the same street.

Dan Welch is building a substantial four-room cottage on Second street.

Mr. and Mrs. Jerrell Fulton and Miss Kathleen Lam of Lubbock motored over Sunday and the girls spent the day with their parents, Mr. and Mrs. E. Lam and family, and Mr. Fulton went on to Clovis, N. M.

Mrs. Humphrey and children of Clovis, N. M., spent Sunday with her father, Mr. F. M. Wilson and daughters, Misses Sue and Lula Belle.

Mr. E. C. Barber of the Sudan News spent the week-end in Clovis with his daughter and son-in-law, Mr. and Mrs. T. J. Anderson.

Mr. and Mrs. Claude Tatum of Lubbock were dinner guests Sunday of Mr. and Mrs. B. R. Beck.

J. O. Covington and Vernon Head were transacting business in Amarillo Tuesday. Mrs. Covington and daughter Vivian accompanied them.

Mesdames J. B. Findley and Clyde Robertson visited Mrs. Hugh Brewster who is in the Lubbock Sanitarium. Mrs. Brewster has been there for an operation, but is improving nicely.

Misses Lucille Askew and Katherine Findley, accompanied by Frank Rone and T. P. Wingo were visiting in Littlefield Sunday.

Miss Velma Findley and Melvin Robertson were visiting in Lubbock Sunday.

Mr. J. C. Barron had his tonsils removed at the Lubbock Sanitarium Saturday. He is recovering nicely.

Mrs. J. C. Barron and children and Mr. and Mrs. W. H. Lyles and children visited Mr. Barron at the Lubbock Sanitarium Sunday.

Mr. and Mrs. Buster Hamilton and Mrs. S. L. Rollins visited Mrs. Hugh Brewster at the Lubbock Sanitarium Monday.

Mrs. Harold Griffiths visited in Muleshoe over the week-end.

Mrs. N. B. Hoover of Lubbock is visiting her parents, Mr. and Mrs. Massey, and family.

Mrs. W. W. Carpenter visited in Lubbock Sunday.

Mrs. Jim Serratt was transacting business in Oton Friday.

Mr. and Mrs. Frank Farris were visiting in Littlefield Sunday.

A. H. Parish was visiting in Clovis Sunday.

Mr. and Mrs. Tom Alderson and daughter Marjorie were visiting in San Angelo Sunday and Monday.

Marvin Grayhouse, Weldon Findley and Theron Lynch were visiting in Littlefield Sunday.

Mr. and Mrs. Aubrey Holt were visiting in Littlefield Sunday.

Police to Use Machine Guns and Tear Bombs

LANSING, Mich., Jan. 17.—Michigan state police will use machine guns and tear bombs in a determined effort to stop rum running between Detroit, Chicago and the southwest, according to plans announced by Oscar G. Olander, state commissioner of public safety.

The family tree is a unique variety. The others all shed their rotten branches.—Paterson News.

RECOMMEND CLIFT FOR COUNTY SUPT. JOB

The faculty and board of Spring Lake High School are unanimous in recommending to you our fellow citizen and co-worker, Carl G. Clift, Superintendent of the Spring Lake School. Each one of us is intimately acquainted with him. Appreciation of him and his work increases as acquaintance grows.

The office of county superintendent is to be filled by election in July. We believe that Mr. Clift will fill the office efficiently and that he will cause all school people of Lamb county, both county and town, to respect the office and to look to it in time of need. Should he do as well with this office as he has done with the superintendency of the Spring Lake school, then the office will be known far beyond the boundaries of Lamb county.

All who know him speak well of him. Give him an opportunity to form your acquaintance and you will be his friend. Your friendship will cause you to give him your support as he many other friends will do.

(Signed)
FACULTY, SCHOOL BOARD.

BAILEYBORO BUZZINGS

Mr. and Mrs. Lee Howard are the proud parents of a big 8-pound boy, who arrived here Jan. 26th.

The Baileyboro Gin will gin one more day, then close for this season.

A few citizens of this community put on a play entitled "Old Fashion Mother" which proved a great success.

The school is talking of having a literary once a month, and the community also having one once a month.

Little Kenneth Moore, son of Mr. and Mrs. Curtis Moore, is on the sick list this week. He has been showered by many friends.

We are glad to say that Mrs. Bob Shanks is somewhat better this week, after having spent a few weeks in the Lubbock Sanitarium.

The Baileyboro basketball girls played the Millsand girls Thursday night, but were defeated; then the Watson and Bula boys played, Watson beating by several scores.

We are all sorry to hear of the illness of little Kelly Jo Barnett.

Mrs. G. L. Blackshear's daughter, Mrs. C. D. Durham, spent the week-end with her.

Reporter.

SIX BALES ON THREE AND ONE-HALF ACRES

One Lamb county farmer has an outstanding record on cotton the past season. Mr. Jim Templeton, living a few miles east of Sudan on the Oton highway, raised six bales on three and one-half acres of ground. This land had no extra fertilization, the only special attention received being thorough preparation and careful cultivation.

We venture the assertion that is a record for the Plains, if not, we would like to hear of a better yield.

BY THE LIGHT OF THE MOON

Teacher—"Who told you Rome was built?"

Percy—"You did. You said Rome wasn't built in a day."

THE AMERICAN CREED

"I believe in the United States of America and the principles of freedom, justice, equality and humanity upon which it was founded and for which American Patriots have given their lives and fortunes.
 "I believe it is my duty towards my country to love it; to support its constitution; to obey its laws; and to defend it against all enemies."
 Any erroneous reflection upon the character or reputation of any person, company or corporation which may appear in these columns will be gladly corrected upon its being brought to the attention of the management.

"BOOST OR MOVE"

THE CENT IN DEMAND.
 The copper cent still has a place in business, otherwise the Philadelphia mint would not have coined 185,262,000 one-cent pieces in 1929. This was 51 million more than the production of 1928. Yet there is a rather common belief—utterly wrong, of course—that "you can't buy anything with a cent."
 If it is true, as has been heard, that most one-cent pieces find their way into church and Sunday school collection plates, the increased coinage offers the pleasant thought of greater prosperity for religious organizations. But while the cent as a unit of value is next to nothing, we would have a hard time getting along without it.

BAD CHECKS.

The National Retail Credit Association reports that the business men of the United States lost something like 300 million dollars through bad checks last year. And still we swell out of all proportions in our indignation when utter strangers hesitate at taking our checks.

LAUGHTER AS MEDICINE.

A prominent physician insists that laughter is one of the best of heart stimulants. A jest that will invite a burst of real laughter is the best sort of medicine. All we need is plenty of people to laugh at and we may get well. There are several of them left.

The weather and prohibition are two of the most discussed and "cussed" topics of conversation in the world today.

A MANNER OF LIFE.

"In an older day every farmer was more or less of a success," says an exchange. "The desertion of farms began when farmers began to think of making cash money," says the writer "The older generation thought of the farm as a place where they produced eggs and ham and bacon and milk to feed the family and extra calves and hens to sell for the family's shoes and ribbons."

THEY SERVE YOU BEST.

When you spend your money with Sudan merchants, you are not merely spending it but sort of investing it again. Local stores have complete stocks of reasonable merchandise reasonably priced. They will do everything in their power to satisfy your every want. And you can get what you want and see what you buy when you trade in Sudan. I, always has been and always will be safer and more profitable to trade at home.

A FORTNIGHT TRIP.

A Cleveland man proposes to circle the globe in 10 days. Pretty soon the round-the-world trip will come easily within the usual two-week vacation period.

Any baby show is a howling success.

Fashion decrees and woman bows.

MORE PATRICKS NEEDED.

(Amarillo Daily News)
 Conservative optimism is as necessary to the successful conduct of modern business as is a good grade of crank case oil to the modern automobile.
 Without either, the machine heats, bearings are impaired, efficiency is destroyed.
 Business men with vision plan operations over a series of years in advance, allowing for depressed periods, and carry out their schedules regardless of temporary setbacks.
 Business men without vision have no plan. A temporary financial stringency, an unexplained falling off in receipts, cause them to pull in their horns, curtail their necessary expenditures, take a gloomy view of the future.

The recent stock market crash is an excellent illustration. Big business men over the nation instantly realized the situation and have made extraordinary efforts to steady the pulse of the men of restricted vision.

W. H. Patrick, pioneer Clarendon banker, and member of the Federal Reserve Board for the Eleventh district, emphatically classified himself in an address at the Memphis Chamber of Commerce annual banquet Tuesday night. Judge Patrick said, in part:

"There is plenty of money in the Panhandle of Texas to promote all legitimate business operations. And the present calm in the business world, which came as a reaction to the recent stock market crash will not last longer than three or four months.

"This country is just as prosperous as it ever was and there are fewer banks in the eleventh district in poor shape than there were a year ago.

"The situation is due largely to the work of the federal reserve banks. In this district, banks were advised not to make loans even on government bonds, where the money was meant for speculation. The result is that the country as a whole is not badly hurt by the market crash.

"Just as the pendulum swings to the other extreme, business will return to normal conditions, or better, within a very short time."

More Patricks, more men of vision, are the crying need of the hour.

It Used To Be Drudgery

To do the housework, and to keep everything clean and bright. The lamp chimneys were smoked, and the kitchen was dingy from the smoke of the coal stove, but it's

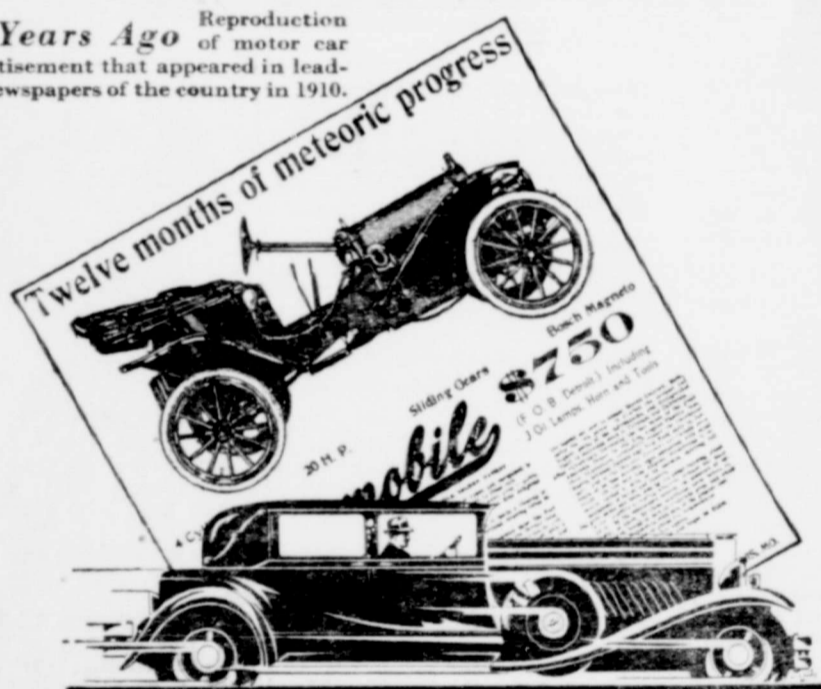

Different Now

Electricity has taken the drudgery all out of house-keeping. The electric lights, sweepers, irons, curlers, stoves, washing machines, and everything around the house can be easily kept going with electricity, and no smoke or fumes. It's the clean, quick and practical way to heat, light and do the work about the house, the office and the shop. Our big plant is at your service.

Texas Utilities Co.

R. E. McCASKILL, Manager. Littlefield, Texas.

20 Years Ago
 Reproduction of motor car advertisement that appeared in leading newspapers of the country in 1910.

Is the gasoline you use as advanced as the car you drive?

No matter what price you pay for a car today, you get a car that climaxes all past achievements of the maker—a car built to new high standards of beauty and performance. But remember this. Unless the gasoline you use is as advanced as the car you drive, your car can give only a fraction of the performance the maker built into it. Gasoline, too, can be "out-of-date."

One gasoline—Phillips 66—has

kept pace with the striking progress in motor car manufacture. It is perfectly geared to the requirements of the modern high-speed, high-compression motor.

Its volatility is scientifically controlled to fit season and climate. Results? Quick starting, regardless of weather! Flashy pick-up. Able-bodied power. Long mileage. Year-round sweet performance. Fill up with Phillips 66, or Phillips 66 Ethyl.

Phillips 66

THE GASOLINE OF CONTROLLED VOLATILITY

WHEN THE THERMOMETER GOES DOWN THE VOLATILITY GOES UP
 Gasoline must vaporize before it can be fired in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. With volatility controlled, Phillips 66 vaporizes as quickly in cold as in warm weather.

Orders for baby chicks should be placed at least 4 weeks in advance of the date wanted. Remittance in full with each order is required.

We do not sell mixed or table chicks.

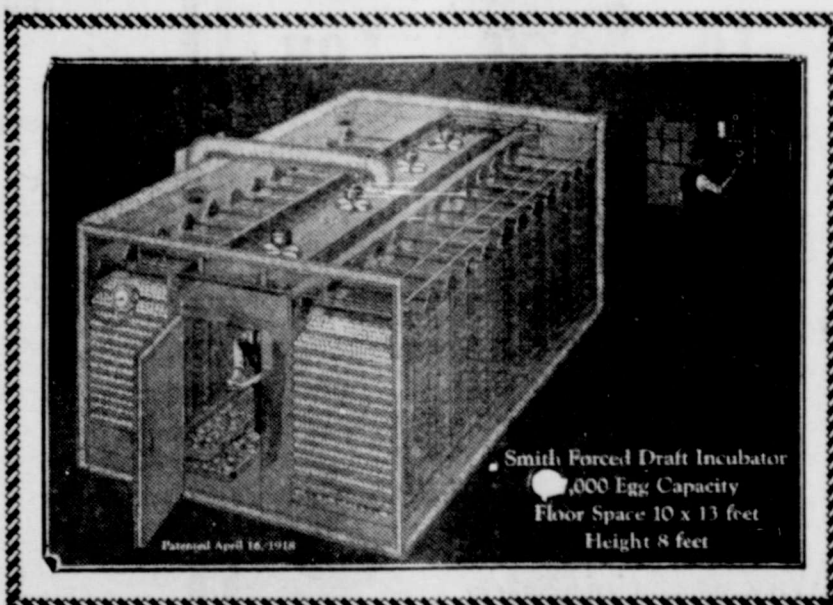

We sell only state accredited chicks. No mongrel or mixed chickens leave our Hatchery.

We have no cheap chicks. Our chicks are guaranteed worth the price asked.

5,600 Standard Bred, State Accredited Chickens Supply Hatching Eggs

Mr. Chas. M. Steen, Texas Baby Chick Inspector, has just finished accrediting flocks that will furnish eggs for our Hatchery this season. These flocks have all been culled closely for Standard Type and Egg Production, and we are proud to offer you this year, chicks that will be second to none in the State. Our prices are reasonable and our service is first class. So far as we know,

our Hatchery is the only one in the Panhandle selling only accredited chicks, this year; and we are glad to state that we have no cheap or mongrel chicks to offer. See our Price Card in this advertisement, and place your order as early as possible, so that we can make delivery on date wanted.

We handle a full line of Brooder Equipment and Poultry Feeds.

More Wear From Every Pair

—that's why I always choose
Wolverine Horsehides!

THREE years' wear from one pair of work shoes! To the man accustomed to wearing out a pair of shoes in a few months, this may seem impossible. Yet there are many actual cases on record where Wolverine shoes have worn two and three years. Here's the reason—Wolverines are made of Shell Cordovan Horsehide (the part over the hips of the horse), recognized as the longest wearing leather because it has two wearing surfaces.

Wolverines also stay soft despite rain or snow, slush or water. You'll find they stand up longer against acids, rips and tears. And you can't scuff the uppers. That's why Wolverines always look dressy. Whatever style you wear—for whatever purpose—we have a wide range of Wolverine styles to show you—at prices that save you money in the long run.

Chevrolet Forced to Speed Up Production

DETROIT, Mich., Jan. 20.—Chevrolet will sell more cars this month than in January a year ago, according to H. J. Klingler, vice-president and general sales manager of the Chevrolet Motor Company, who announced on Saturday that the month's schedule had to be increased in response to the greatest reception a new Chevrolet model has received in the nineteen-year history of the company.

Directly on the heels of the first showing of the new car on Jan. 4, a flood of congratulatory messages poured into the home office from every quarter of the country. Every message told of unprecedented public interest in the new car and a consequent increase in retail sales, with the result that the January schedule had to be revised upward to meet dealer requirements for immediate delivery, Mr. Klingler said.

That the step-up in the schedule resulted directly from the number of orders taken for the new car when it made its public bow, rather than upon an estimate of the month's requirements is indicated in a statement from the Chevrolet sales executive:

"Our policy for some time," Mr. Klingler explained, "has been to keep our production facilities to the anticipated needs of our sales organization so that dealers might not become over-stocked. On this basis we set our January schedule to parallel the sales forecast but so many dealers, upon noting the public attitude toward the new car, have asked to have their quotas increased that our output for the month will now exceed the figure for January."

Messages from our dealers relating to public attitude toward the new car have come to us in reater numbers this year than heretofore, and every message radiates a note of complete confidence over the year's prospect. Large dealers are increasing their commitments for cars, and many small dealers, who formerly sold six or eight cars in a year, have asked to have the new 1930 car shipped to them in carload lots.

The reduced prices on the new car contributed materially to the increased public interest shown this year, as did the mechanical improvements. The price reduction resulted directly from manufacturing economies effected by our record output in 1929 and our policy of passing on to the consuming public the savings effected by volume production are reflected in the low price of the new car.

"On the basis of present indications we expect the early months of this year to prove exceedingly satisfactory, and look to the year 1930 to compare very favorably with 1929 when we built 1,350,000 Sixes, a new high record."

Messages received by Mr. Klingler indicate that the national attendance the first day of the showing of the 1930 models, and the favorable comments of the public, exceeded even that which marked the first appearance of the Chevrolet Six a year ago. Typical of many messages received by Mr. Klingler is one from the Los Angeles dealer organization: "Reception of new car by public, dealers and salesmen best for last four years. All amazed at price reduction. Many thousands of people attended showrooms. Even greater attendance than last year when we first introduced the Chevrolet Six."

Expressions of confidence that their sales for this year would

exceed any previous year come from dealers in all parts of the country. At Great Falls, Mont., rural prospects drove to the showrooms in sleighs to see the car. Chicago wired: "We will require in our territory more cars for the next three months than we received last year same period."

Messages from big and little towns struck the same note. Clovis, N. Mex., registered 500 in the showrooms the first day out of a population of 7,500. Minneapolis reported the largest first-day crowd in ten year experience, and Baltimore the sale of 105 cars before 5:00 p. m.

"At no time has the financial future looked better," said the Paterson, N. J., dealer. "If there's such a thing as a one hundred per cent car I feel I have it." And from Seattle: "All dealers expect more business in January and February than last year."

Works Hard, Dances, Gains 3 Lbs. a Week

"I work hard, dance and have gained 3 pounds a week since taking Vinol. My nervousness is almost all gone."—Mrs. F. Lang.

Vinol is a delicious compound of cod liver peptone, iron, etc. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very first bottle often adds several pounds weight to thin children or adults. Tastes delicious.—H. G. Ramby, Druggist.

South Plains Banks Show High Standing

LUBBOCK, Texas, Jan. 27.—A check up recently made reveals the information that 43 banks in the South Plains have total assets of \$24,655,849.43 with \$21,949,286.43 deposits, showing the best financial condition that the banks have ever had.

The check up was made by G. P. Kuykendall, auto dealer, a director of the Lubbock Chamber of Commerce and a former banker, with the assistance of Roy Riddle, cashier of the First National Bank here. Banks at Muleshoe, Sudan, Amherst, Littlefield, Anton, Lubbock, Slaton, Post, Plainview, Hale Center, Abernathy, Wilson, Tahoka, O'Donnell, Lamesa, Crosbyton, Falls, Idalou, Ropesville, Meadow, Brownfield, Seagraves, Seminole, Levelland, Lockney, Floydada and Petersburg were called.

The statement shows the section to be in the most healthy financial condition it has ever been in, Kuykendall declares.

The statement as compiled by Messrs. Kuykendall and Riddle follows:

Loans	\$10,791,530.15
Real estate, furniture and fixtures	1,299,087.00
Other assets	264,608.23
U. S. bonds, bills of exchange, bankers' acceptances, etc.	5,386,700.00
Cash and due from banks	6,913,924.00
Total	\$24,655,849.43
Capital surplus and profits	\$ 2,696,563.00
Money borrowed	50,000.00
Deposits	21,949,286.43
Total	\$24,655,849.43

LIFE IS LIKE THAT.

NEW FIRE INSURANCE RULES IN EFFECT NOW

AUSTIN, Texas—New orders and revisions in fire insurance schedules promulgated by the State Fire Insurance Commission after a hearing on Jan. 10 became effective on February 1. It was announced. The revised schedules have been mailed to agencies.

The commission revised the definitions of brick and frame "experience" classes to conform with the national board classifications used by companies in making annual reports on premiums and losses to the insurance departments; revised rates on fireproof, sprinkler and brick classes based

upon loss ratios for those classes; revised co-insurance credit on fireproof and sprinkler classes and extension of optional 80 per cent co-insurance clause with reduced rate to apply to brick buildings and contents rated with key rate of 40 cents or less; adopted new leasehold insurance schedules and forms now being used in a majority of the states; revised the method of effecting short rate cancellations and reduced rates on overall factories, woodworkers and hay barns.

Italy has a new Princess, but will continue to do business under the same old management.—Dallas News.

Cottonseed Flour Is Pronounced Wholesome

COLLEGE STATION, Texas, Jan. 25.—Wholesome flour for baking pies and cakes is the latest marvel science has produced from the Texas cottonfield, it was announced here before a class in chemistry at A. & M. College by T. J. Harrell of Fort Worth, president of the Texas Cottonseed Crushers Association.

This discovery, he said, would be added to the more than 150 uses science already has found for cottonseed, once discarded as a polluting waste. Cottonseed flour, he said, is being developed for use principally by diabetics and others ill from disease which forbids use of elements contained in ordinary flours. Refined oil from cottonseed already has become nationally recognized as a popular cooking oil and shortening.

In discussing the increasing value to the state of the annual Texas cottonseed crop, Mr. Harrell told the students in chemistry that upon their future labors and scientific research depends the development of basic Texas industries.

"So wide are the present day uses of Texas cottonseed products that the crop in this state now

reaches approximately \$90,000,000 a year," the association head said. The next important scientific step in the advancement of the cottonseed industry, according to Mr. Harrell, will be in the method of grading seed.

"Most of us think that it is only a short time until cottonseed will be sold upon its grade, and these grades will be established by the U. S. Department of Agriculture. When this is done, the better oil bearing cottonseed, the clean, dry, sound seed, will bring a premium over low oil content, high moisture, dirty, bolly, sticky cottonseed, and this rightly should be."

"The government for several years has been working on the proper method of sampling and analyzing that will readily determine standardized grades of cottonseed, thus revolutionizing the present method of buying and selling cottonseed."

A Medicine You Have Waited Many Years For

THE NEW KONJOLA

Being introduced in our store for the FIRST TIME. This celebrated new remedy is for the stomach, liver, kidneys and bowels and rheumatic and neuritis troubles. Chicago, Philadelphia, and other large cities have gasped at the wonderful accomplishments of this remarkable medicine.

This remarkable compound is destined to bring new hope, happiness and glorious health to Sudan people. Thousands of seemingly hopeless cases of health troubles have been conquered in larger cities, by this advanced compound, Konjola, the medicine made

from extracts of 22 plants of Nature, containing over 30 beneficial ingredients, works with the sufferer's own food, bringing more normal healthy action to the important organs of the body—the stomach, liver, kidneys and bowels.

Greater Beauty - Finer Performance

Never has a Chevrolet car won greater praise for its appearance than the new Chevrolet Six. Its new Fisher bodies reveal in every detail the artistry that has made the Fisher name famous throughout the motor car world. In beauty of line and color, in balance and harmony of design, they represent one of the greatest style triumphs in Fisher history. Upholsteries are richer and more durable. The instrument panel carries a new and more attractive grouping of the control instruments. Seats are wider and deeper. In fact, not a single feature has been overlooked that would add to the comfort and convenience of both driver and passengers.

In addition to its new beauty, the new Chevrolet Six represents a remarkable advance in every phase of performance. Its improved six-cylinder valve-in-head engine has been increased to 50 horsepower—giving faster acceleration, and greater reserve power. Steering has been made safer and easier. Four Lovejoy hydraulic shock absorbers provide exceptional riding comfort. Fully enclosed, internal-expanding, weather-proof brakes give positive braking control. And numerous structural improvements add to the car's dependability, endurance and long life. Come in today and see this car. And remember, it is now available—

Marvelous Work Of New Konjola Medicine Told

Ramby Drug Store to Introduce
Advanced Remedy for First
Time in Sudan.

If you were told that one single medicine put hundreds of men and women back to work in Chicago, Philadelphia and other large cities after they had been idle for months with health trou-

G. H. MOSBY
Discoverer of Konjola

bles, it would sound impossible wouldn't it? And that countless people were completely relieved of rheumatism and neuritis, and that they were able to walk again without cane or crutches, and that this same medicine restored health to men and women who had suffered with stomach and kidney troubles for years, that complete relief has come in case of misery where health resorts, expensive treatments and medicine upon medicine had failed—indeed, it seems impossible! Yet it is all true, and the medicine that has done all these things is the new Konjola, which is being introduced, starting today at the Ramby Drug Store, this city.

Wherever introduced, this Konjola is vastly different and more effective in thousands of cases of ill-health than any previously known medicine. It is a remarkable liquid compound for the following well-known troubles:

RHEUMATISM Especially severe cases where pains are intense, muscles swollen, joints stiff and rigid. In the milder cases of this disease, Konjola relieves almost at once, and this medicine brings the same results to the neuritis victim that it does for the rheumatic sufferers.

STOMACH, LIVER, KIDNEYS and BOWEL TROUBLES. Nearly all forms of misery that arise from these unhealthy organs have been so quickly relieved by Konjola that men and women sufferers everywhere were surprised. It is the action of this medicine on the organs of the inner-system that removes toxic poisons from the system and brings quick relief in so many cases. The secret of this Konjola is the way it acts on the important functioning organs of the body, namely: the stomach, liver, kidneys and bowels. So many diseases and long standing disorders of these organs were so completely conquered and entirely banished by this new compound that thousands of people in larger cities were able to give up taking medicine for time to come.

After the great accomplishments and wonderful work of Konjola in other sections, it is declared that this medicine is what hundreds of sufferers in Sudan and vicinity have long needed to actually reach their cases, and preparations are being made to introduce Konjola for the first time at the Ramby Drug Store, where this medicine will be sold and explained to the public daily.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable
of Lamb County, Greetings:

You are hereby commanded to summon Rex Morton by making publication in this Citation once in each week for four consecutive weeks previous to the return date hereof, in some newspaper published in your County, if there is a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lamb County, to be holden at the court house thereof in Olton, Texas, on the 4th Monday of February, A. D. 1930, the same being the 24th day of February, A. D. 1930, then and there to answer a petition filed in said court on the 13th day of November, A. D. 1929 in a suit, numbered on the docket of said Court No. 503, wherein Eva Lena Morton is plaintiff and Rex Morton is defendant, and a brief statement of plaintiff's cause of action, being as follows:

Plaintiff alleges on January 7, 1923, she was married to defendant, and continued to live with him until April 1, 1929 when because of cruel treatment of defendant toward her she separated from defendant. Defendant struck and beat plaintiff and called her vile and vicious names, and on the day of separation the defendant struck plaintiff a violent blow inflicting serious bodily injury, cursed and abused her and called her a vile name. Plaintiff's maiden name was Eva Lena Terry. Plaintiff prays judgment for divorce, restoration of maiden name and general relief.

Herein fail not but have before said Court at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Olton, Texas, on this 21st day of January, A. D. 1930.

A. H. McGavock, Clerk.
(SEAL)
District Court Lamb County, Texas.

Married Woman Fears Gas—Eats Only Baby Food

"For 3 years I ate only baby food. Everything else formed gas. Now, thanks to Adlerika, I eat anything and enjoy life."—Mrs. M. Gunn.

Just ONE spoonful Adlerika relieves all GAS so you can eat and sleep better. Acts on BOTH upper and lower bowels removing poisons you never knew were there and which caused your stomach trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you!—H. G. Ramby, Druggist.

Quit chopping cotton— quit wasting seed!

Pay for a new
AVERY Hill-Drop
Plainsman Lister
Planter

out of your savings in labor and seed!

Every practical farmer knows that "chopping" is one of the most expensive operations in making cotton. Now comes the Avery Hill-Drop Planter, which makes

"chopping" not only expensive but wasteful, because with the use of this Planter it is to a large extent unnecessary. Planting is positively

50% to 100%
elimination of chopping
50% to 75%
saving in seed—users say!

controlled so that the saving in seed is great. Users also report getting better stands and yields.

You can't afford to plant any other way! Let us give you the names of enthusiastic users who have already paid for their Hill-Drop Planters out of the savings effected.

Come in to see the AVERY today!
