VOLUME VIII

SUDAN, LAMB COUNTY, TEXAS, THURSDAY, APRIL 27, 1933

NO. 37

## BUSINESS MEN ORGANIZE CLUB

Thirty-three local business men met Tuesday at noon in the Methodist church and organized the Business Men's Association of Sudan. Lunch was served by the Methodist Missionary ladies.

P. E. Boesen, known as the "daddy of Sudan," was the first speaker and made a very interesting speech on "Cooperation." He stressed cooperation between the business men of the community as well as the people in general.

Other interesting talks were made by L. E. Slate, postmaster; R. E. Doss, local groceryman; and Joe T. Salem, local dry goods man. All showed a splendid spirit of cooperation.

The following officers for the club were elected: H. G. Ramby, president; R. E. Doss, vice-president; Reed Markham, secretary; J. C. Barron, treasurer.

The organization will meet each Tuesday at noon.

## REV. THOMAS TO PREACH BACCALAUREATE SERMONS

Baccalaureate sermons for the Sudan High School and the Circle Back High School will be delivered by Rev. Sam Thomas, pastor of the local Methodist church.

The sermon at the local school will be delivered Sunday morning at 11 o'clock in the Sudan high school auditorium. Mrs. J. R. Dean is director of the choir, and will also, have charge of the special music.

The sermon for the Circle Back school will be delivered Sunday evening at 8 o'clock in the Circle Back high school auditorium.

## SENIOR PLAY IS TUESDAY NIGHT

"Closed Lips" is the name of the play which will be presented at the Sudan High School auditorium, Tuesday night, May 2, by the Senior Class of 1933.

Two hours of entertainment is assured those who attend. Admission prices are 10 and 15 cents. The play starts promptly at 8 o'clock.

Everyone is invited to come out and help the Seniors.

## GOOD SHOWS AT GARDEN

G. W. Chesher, of the Garden Theatre is to be commended for the good pictures that he is showing in Sudan. The fact that many of these pictures are shown in Sudan before they are shown in the larger towns, is worthy of note.

These pictures are clean and wholesome, and have much to do with bringing the large crowds to Sudan.

## SUDAN FIRE BOYS RETURN FROM TRIP

The Sudan Fire Boys returned Tuesday from a ten days fishing trip on the Rio Grande. All of the boys report a fine time and state that they caught plenty of fish.

## THE FRIENDS OF SILVER

It is interesting to observe the diverse groups that are seeking means to restore silver as a monetary metal.

The farmer is one. He is joined by a multitude of leading industrialists representing all forms of endeavor. Economists of all faiths enlist in the ranks. Both our major parties have gone on record favoring silver re-valuation. So has the principal business men's organization of the country.

We are beginning to recognize that the problem of silver looms large among the problems of depression. Cheap silver has destroyed world trade, almost destroyed a major industry, thrown the world's monetary in confusion. Finding the solution is a challenge to the intelligence not only of America but of the world.

## TEXAS STILL HAS A CHANCE TO RECORD UNRECORDED BIRTHS

The vital statistics of Texas are the only state statistics in the United States which are not recognized by the U. S. Census Bureau. A check will be made by the federal government in the near future to see if Texas has recorded 90 per cent of her births; if so, she will be recognized by the U. S. Census Bureau.

People in Texas, who have not had the births and deaths in their families recorded, still have an opportunity to get them recorded before the final check begins. Postmasters in Texas have received cards which will be distributed to the people who need them. If these cards are filled out and mailed to the director of the census in Washington, D. C., they will be recorded and will aid Texas in being recognized by the department of vital statistics.

Only 446 births and 109 deaths were recorded in Lamb county in 1932. This, however, is a great improvement over the former years of 1930 which shows 374 births and 84 deaths, and the 1931 report shows 402 births and 89 deaths. The survey will include only 1932. These cards should be filled out by those who have had births or deaths in the family which have not been recorded.

The chief purposes of the registration of vital statistics may be summarized as affording: (1) legal records for the protection of the rights as individual, and especially of the more helpless classes—infants and women—and for court purposes; (2) death records are absolutely necessary for the effective results in all public health work, city, state and national; (3) knowledge of the character and movement of the population, essential for enlightened legislation and study of the growth of the State.

## SUDAN SCHOOLS CLOSE FRIDAY

The Sudan Public schools will close Friday completing only an eight month's term for 1932-1933. Graduation exercises will be held the latter part of this week and the first of next.

Lack of funds necessitated the closing of school a month early.

## DRY GOODS STORE MOVED TO BROWNFIELD

Ed Aryain, owner of the Aryain Dry Goods Store, is moving his stock of goods to Brownfield and will open a store in that city in the near future.

Mr. Aryain and family have been here for the past three years, coming to Sudan from Littlefield. The Aryain family have many friends in this community who regret them leaving here, but wish them well in their new location.

## OUR COUNTY CONTINUES TO GROW

The News representative has been acquainted with the West all his life and has seen any number of land booms but never saw as much activity in the transfer of privately owned lands as at this time in Cochran county. For the past week men have been pouring into town in droves. The Slaughter tract is being rapidly taken up and must be about exhausted but we understand that other large land owners are falling into line on the "bale for an acre" scheme.

If all the folks who contract move in according to agreement, the population of the county will double within the next twelve months.

More home owners is the great need of West Texas. Let them come. The fact that men who take this land must be able to properly handle it assures a pretty good class of citizenship. — Cochran County News.

## Agglutination Is Needed In Sudan

President Roosevelt's New Deal is being effective in our national government. Splendid cooperation is being given Mr. Roosevelt by the whole Democratic party which is in control of both houses of our national legislature. This "New Deal" is being effective in its field.

Our state, county, and city governments must show a willingness to cooperate with the higher government in cutting our government expenses.

Even though these "New Deals" are installed and carried out, they will not end the present situation in Sudan.

Co-operation between the business men and farmers is the only weapon Sudan has to fight her battles with keen outside competition. The Business Men's association which was organized Tuesday should be a step in the direction of promoting the co-operation of the business men with each other. There is need of a similar organization between the farmers and the business men to promote their co-operation.

It is not only necessary for Sudan to be able to sell merchandise to its citizens and the farmers of this territory at reasonable prices, but it is necessary for them to be able to pay the farmers reasonable prices for their products. This is being done to a certain extent, as producers of cream are being paid the same price in Sudan for their product as they could get in larger towns.

Agglutinant efforts should be put forth by every citizen, and agitators should be discouraged.

## COMMENCEMENT EXERCISES WEDNESDAY, MAY 3 IN THE HIGH SCHOOL AUDITORIUM

Dr. Jackson, head of the government department at the Texas Technological college, Lubbock, will deliver the commencement address in the high school auditorium, Wednesday night, May 3.

## REDECORATING CAFE

"Choc" Blanchard is redecorating the Sudan Cafe, located in the Ramby building, this week, and will open the cafe in the near future. He formerly operated the White Rose Cafe. Watch this paper for his opening date.

## OPTOMETRIST WILL BE HERE TWO DAYS NEXT WEEK

F. M. Kester, optometrist of Hereford will be here next Wednesday and Thursday to test eyes and fit glasses. His office will be in the King Drug store.

Mr. and Mrs. R. W. Saunders of Post, were guests of their brother, Sam Saunders and family Saturday and Sunday.

F. E. Miller was attending to business matters in Lubbock Tuesday.

## J. M. CARRUTH IS UNSEATED AS POLICE JUDGE IN SUDAN

J. M. Carruth, who has been police judge of Sudan for the past eight years, was unseated last week, due to the fact that he was holding the office illegally.

This was brought to light recently in a trial here when the defending lawyer brought out the fact that Carruth had been appointed to this office. The law requires that police judges be elected by the people. The mayor will serve in this capacity now.

## MUSICAL PROGRAM AT FRIENDSHIP

A musical program was held at Friendship Wednesday night with both the Friendship String Band and the Depression Busters of Sudan participating. A large crowd attended the program.

## CARPENTER APPOINTED MAYOR OF SUDAN

W. W. Carpenter, who recently returned to Sudan from Plainview, was appointed Mayor of Sudan, by the City Commission, after the resignation of H. G. Ramby, had been accepted last week.

## SIDELIGHTS

By Marvin Jones  
Member of Congress from Texas

Everyone seems to feel that the new administration has gotten off to a good start. This is preeminently a time for action, and the President is certainly a man of action.

The Congress has voted him broad powers along many lines. No doubt other powers will be granted to him in his effort to work out the emergency with which the country is faced.

He is not only endeavoring to secure essential legislation and to carry out the program which he has in mind, but he is trying in every way possible to reduce the expenses of government in accordance with his pre-election pledges. Many bureaus have been abolished and others have been merged in such a way as to do away with overlapping activities.

I have been called into conference with other members of the House, and we have all been amazed at the fine knowledge the President has of the entire situation, as well as his ability to stand the strain of long hours of continuous work. He works day and night, and seems to remain in good health and in good spirits at all times.

It was my privilege to be assigned the task of introducing the President's farm mortgage refinancing bill and of handling the same in its passage through the House. It was passed on April 13 by the record vote of 387 to 12.

I regard the farm mortgage situation as one of the most pressing problems of the hour, and hope the Senate may see fit to pass the bill at an early date, either separately or as a part of the general farm bill to which it has been attached.

The establishment of credit facilities, the adjustment of freight rates which are discriminatory against agriculture, and the adjustment of trade barriers in the interest of markets are also important steps in the farm program. I hope that all of these may be worked out.

For some time a number of us have been urging that the currency be liberalized in such a way as to make the dollar more truly a measure of values. Several methods have been suggested. The result of the adoption of any of these methods have been suggested. The result of the adoption of any of these methods would mean an increase in commodity prices. It seems to me an increase in the price level in farm and other commodities is essential to national recovery.

The day this is being written the President has issued a statement in which he announces his determination to change the basis of our money in such a way as to increase the general price level. I believe that the carrying out of such a program will be in the interest of the entire country.

We are in a great national agency which calls for discarding of selfish interests in an effort to save our institutions. For this reason I expect to continue to support the President in the program which he has planned.

I am glad we have a man in the White House who is unafraid, who is willing to assume responsibility, and who has a program. The American people are thrilling with a new hope under his leadership.

I have every faith that he will lead us forward into the full promise of better times and happier conditions.

Mrs. G. D. Sharrock and Miss Mary Vereen spent the week in Lubbock. Mrs. Sharrock attended the Beauty School and Equipment Show, and Miss Vereen visited with friends.

Jim Vannerson of Tulia was in Sudan Tuesday on business.

## MONDAY IS TRADES DAY IN SUDAN; FREE SHOW

Many Bargains Are Being Offered By Local Merchants

Special entertainment will be offered in Sudan Trades Day, Monday, May 1, in the form of a free talking picture show at the Garden Theatre. Local business men are offering many special bargains for this day, and a large crowd is expected to visit Sudan on this day.

Merchants who have bargains have their advertisements in this weeks News. It will pay you to look over these ads and plan your shopping before coming to town.

Everyone is invited to come to Sudan Monday and enjoy the free picture show, and do their shopping.

Bring the kiddies!

## SECOND BLOCK OF PAVING COMPLETED

The top coat of caliche has been spread on the second block of paving on Main Street, and the street is open for traffic. This makes two blocks of paving and curbing to be completed on the street.

The finishing work on the second block was made possible through the cooperation of C. A. Daniel, local county commissioner, with the city in obtaining the hauling of the caliche. Mr. Daniel is to be commended for his aid in this work, and it is appreciated by the citizens of this community and precinct.

The first block was made possible by RFC relief money obtained from the government, and the help of property owners on Main Street.

The third block of paving will be begun as soon as the RFC money can be obtained for the labor, and it is hoped that the same arrangements can be made with Mr. Daniel for the hauling of the caliche.

## SUDAN TO GET \$2,500 IN BACK TRUCK AID

Lamb county will receive \$10,000.00 worth of bus aid for 1931-1932, which was provided for in a bill which passed both houses of the state legislature last Friday, according to L. D. Rochelle, county superintendent, who visited this office Tuesday.

Sudan's proportion of this aid amounts to \$2,500.00 which is the amount she lacked in getting truck aid for 1931-1932.

The state will receive a total of \$400,000 worth of truck aid for that school year.

## P. T. A. SUMMER ROUND-UP

The Summer Round-Up of the Sudan P. T. A. will have their free examination of the preschool children the mornings of May 4-5, Thursday and Friday. Drs. Ford and Gibbs will make the examinations, assisted by Mrs. Doyle Morrow, nurse; and Mrs. F. C. Broyles, in the store vacated by Aryains Dry Goods.

## MRS. JACK JOHNSON HOSTESS JUNIOR STUDY CLUB GIRLS

Members of the Junior Study Club met at the residence of Mr. and Mrs. G. G. Hazel, Tuesday evening, April 18, when Mrs. Jack Johnson was hostess.

Seventeen members were present, and several guests, including Mrs. G. G. Hazel, and Mrs. R. E. Riley of Littlefield, to whom refreshments, consisting of sandwiches, potato chips, pickles, iced tea and cookies were served.

Misses Lillian Hunt and Charlsie Vereen were in Lubbock Wednesday. Miss Hunt attended the Beauty School and Equipment Show, while Miss Vereen visited with friends.

FEEDER'S DAY, SPUR EXPERIMENT STATION, MAY 5

Since the establishment of the Spur experiment station in 1909 through the act of the Texas Legislature, much attention has been given to the introduction developing and growing and utilization of feeds crops for the drier sections of the West. Development and growing of feed crops make much faster progress than utilization. With this thought in view the Spur experiment station adopted, a number of years ago, as one of its major activities a study pertaining to the utilization of West Texas fed on the farms where they were being grown.

Farm feeding in Texas, and West Texas particularly, is rapidly becoming one of the leading sources of farm revenues. Feeding facts developed in carefully conducted experiments, have done much to reduce the risk element in feeding and to convince the skeptical that the sorghum grains and forages are excellent for production of pork, mutton, beef, butter and eggs.

"Feeders' Day" will be held at the Spur Experiment Station on May 5, at which time the final feed lot results of 186 days feeding tests on five pertinent feeding problems will be announced:

(1) Which is the best variety

of bundle feed? (2) Does it pay to grind feed for yearling steers? (3) Can cotton seed be profitably substituted for cotton seed meal in the fattening of ration?

(4) Is trench silage more profitable in the ration than bundle feed? (5) Is it profitable to add oyster shell flour to the ration of fattening steers?

85 head of steers divided into 8 feed lots are doing their part to answer these questions. Their answers in terms of pounds gained, finished and cost of grain is exceedingly interesting. A day at the Spur Experiment Station inspecting the feed tests and other experiments, and swapping experiences with other feeders from other sections should be profitable and enjoyable. Advance reports indicate representative delegations from 40 or 50 West Texas counties will attend. Representatives from the Texas A & M College, Texas Technological College, U. S. Department of Agriculture, and other institutions and industries will be in attendance. Also those interested in farm problems are invited.

FARM NOTES

By D. A. Adam, County Agent.

Merril Brigance, Olton 4-H Club, reports having gotten Hereford calves from the John Gist herd for feeding this year. R. B. McQuarters, Jr. of the Spade 4-H Club has gotten on feed one senior calf for next year's herd also, from the John Gist herd of Midland.

75 calves have been spoken for by 4-H Club boys for feeding purposes, reports D. A. Adam, county agent. Halsell Cattle Co. of Amherst is furnishing a good part of these. Cut worms can be controlled by the following formula:

Coarse wheat bran, 3 lbs; Paris

Green or White Arsenic, 3 oz. Cane or sorghum molasses, 1 pt; Lemon, both juice and rind after crushing through fine meat chopper, 1; Water, 2 qts; After thoroughly mixing dry portions and liquid portions together, unite the two and stir to evenly moist mixture. Place quantity at base of each plant or hillside crops or strew in light streams along the row. Cut worms work at night, and can be killed with this formula.

Mice of all kinds can be killed with the following formula: Strychnine (sulphate) 1 oz; Boiling water, 2 qts; Laundry Starch, 2 tablespoonsful; Cold water, 1 pt; Threshed grain, 1 bu. Dissolve strychnine in the boiling water. Add the starch to the strychnine solution and boil a few minutes until the starch is clear. Pour the solution over threshed grain in a metal tub and stir thoroughly until each grain is covered. Spread this over your infested area, being careful not to put over a teaspoonful in a place to protect birds, cattle and other livestock.

Earl Miller, Amherst, reports that he is contemplating building a trench silo on his farm this fall.

Specification for a trench silo can be obtained from the county agents office, as well as, blue prints for all other farm building operations.

Those desiring to put in applications for Crop loans, must have them in not later than April 30, for that is the last date allowed by the government.

Poison Grain for killing ground squirrels etc. can be obtained at the county agent's office at all times.

G. D. Lair, Amherst, reports getting a new variety of grapes for his vineyard. The Grecian grape.

107 Head of Cattle (dairy) were treated for Tuberculosis last week by a recognized veterinarian, through the efforts of the county agent.

16 horses were treated for bots and other internal parasites by the following men: R. L. May, Amherst; M. M. White, Sudan; Harry Phelps. All interested in this work should get in touch with the county agent, for a large program in this work has been planned for the future.

Golden Benton, 4-H feeder of Sudan, reports having paid \$225.00 for ten beef calves, and that he had a total feed bill and other expenses of \$89.36, making total expense of demonstrations \$314.36. Total income from this demonstration was \$400.22 leaving a net return or profit of \$85.86. Average receipts per animal were \$40.02; average expense per animal was \$30.83; Average net return per animal was \$9.18; per pound of gain was 2 1-2c; Average daily gain per animal 1.8 lbs.

A FACE POWDER YOU'LL LIKE better AT half WHAT YOU USUALLY PAY

When you find a face powder you like better that costs but half what you've often paid isn't it sensible to use it. Smart women everywhere agree so they are turning to Jonteel. For Jonteel is soft, satiny, invisibly clinging and fragranced with the odor of twenty-six flowers.

How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or baby.

**A STORY OF MY 4-H PANTRY**

By Mrs. H. A. Sheffield,  
Spade Club

My first aim was to fill one-half of the suggested budget for a family of five. When I had finished I had 468 quarts, not counting a beef and two hogs we intended to can later. This consisted of 74 quarts of leafy vegetables, 50 quarts of starchy vegetables, 43 quarts of other vegetables, 75 quarts of tomatoes, 84 quarts of other fruits, 71 quarts of pickles and relishes, 59 quarts of preserves and jellies, and 55 quarts of time saving or muscle onions. I also have turnips, sweet potatoes, onions, carrots, and beets stored in the ground.

I have five different kinds of dried peas and beans, also pop corn and peanuts. A part of our flour is produced from our own wheat and meal is ground from home grown corn.

I was short of fruits so I traded tomatoes to my sister in Hill county for peaches, plums and grape juice.

I did not have any storage space for my dried peas and beans. We had a good many twenty-five pound cup grease cans around the house so I gathered them up and put them in a pot of hot lye water and cleaned them. I painted the cans white and put the new T. H. D. emblem on them. Then the name of the product at the bottom of the can in black. Then placed them under the shelves. They are a job to clean but very attractive when finished.

I have everything stored in order as leafy vegetables, fruits and, etc. so I can easily fix a balance meal in a very few minutes. Our grocery bill has been less this year than ever before and we have had more to eat.

I have not spent money for jars, sugar or anything that is in my pantry. I traded eggs, cream and garden products for what I needed. I believe filling a pantry comes as near to meeting the present economic needs as any other way.

Filling my pantry has taught me not to be easily discouraged. I didn't get to can anything out of our early garden. We had lots of company and three families were using out of the garden all of the time. It was awful dry and four families were using water out of our well all the time. Therefore we couldn't water it like we should. When our fall garden came on we had to move. I was boarding a school teacher and couldn't go back to the garden, which was four miles, until afternoon. Mother was batching until she got her things, and was cooking in a coal stove and we didn't have room to can on

it. We gathered and preserved. We canned almost everything that way. Every one would say, "You are just killing yourself sitting up every night and you won't get anything out of it but a lot of hard work. There were a lot of other things that were discouraging. But now I have my pantry filled and am sure proud of it, and after a few nights of rest the hard work was easily forgotten.

I appreciate my bulletin and receipt file as much as anything I have, and wonder every day how I ever got along with them.

**MY 4-H CLUB PANTRY**

(By Mrs. L. L. George, Sandhill)

I entered the 4-H pantry work again this year because I enjoyed the work so much last year, and I know that I would get my adequate budget for my family correctly, and it makes the work more interesting to work against competition and friend rivalry.

In planning my garden in the spring, I had before me the budget so I planted enough vegetables for our use during the summer and fall, and to fill my budget for the six non productive months. I also sold enough to buy the fruits I know I had to have for my budget and to buy the sea foods.

My pantry contains 671 quarts of vegetables and fruits, and 100 cans of beef and pork products. I still have a calf and two hogs to put up and when I get through canning I'll have 900 or more quarts of canned fruits and vegetables and meats. I put up nine more different kinds of fruits and vegetables than I did last year. To me the filling of my pantry shelves is like playing a game. I like to watch my shelves grow with good things every day.

There will be no monotony for me this winter in preparing well balanced meals for my family. Old man depression is still at our house, so I made a menu file, of course it isn't as attractive as you would buy, but it answers the purpose and I'm proud of it because I made it myself, and it saved me 94c.

To me my pantry is a great help, and I know when I prepare a meal from this pantry that I am giving my family the choicest of foods. To my husband and three grown sons this pantry is the most valuable item on the place, and they are as proud of it as I am, and they realize that there is \$338.72 worth of canned and cured foods which we won't have to buy this winter.

With such a willing demonstrator as we have in Lamb County, and a home bunch to cooperate with you as I have you can't help but have a well filled 4-H pantry.

**MUSIC WEEK TO BE OBSERVED BY P. T. A.s**

Mrs. J. M. Crain, Claude,  
State Publicity Director

Observance of Music Week, the first week in May, is one of the projects of the National Congress of Parents and Teachers. The celebration this year should consist of more simple and less expensive forms of entertainment due to economic conditions. For this same reason more time and thought should be expended because people need wholesome and thought provoking entertainment to help keep up the morale.

Mrs. Laura M. Jaccard, Fort Worth, chairman of music in the Texas Congress, suggests that the following program with leadership and co-operation may be carried out: Monday May 1, assemble the home musical instruments and have the piano tuned if possible. Perhaps the local tuner will cooperate with the reduced group-price.

**Home Night.**

Home night should be observed Tuesday evening, May 2. Every member of the family should contribute his talent on this program. The children should be featured so parents can hear them play and demonstrate any musical ability.

Church night is designated for Wednesday, May 3. Old hymns are to be sung and the history of these precious and glorious old gems is to be given. Most pastors will gladly cooperate in devoting the entire evening to the study of the familiar hymns.

**Other Programs**

Choir night is assigned for Thursday evening. An extra effort should be given to secure the attendance of all singers for this choir rehearsal so that an interesting program may be presented in the churches the following Sunday.

Community night will be cele-

brated Friday. Joint program of community and school orchestras, bands and choruses is to be featured, interspersed with special instrumental numbers.

Neighborhood sings will prove enjoyable for May 6. The town should be divided into groups, having each group to meet at some central home with a song leader and pianist or any musicians available. A program consisting of greeting songs, patriotic selections, sacred and old familiar hymns, graces at meals, yells, singing games setting-up exercises and pep songs, will spread an atmosphere of harmony in any locality.

**Union Service**

Union vesper service, featuring the mother singers and father singers, is to climax the musical festivities on Sunday afternoon, May 7. This occasion is to be the leading parent-teacher feature of the week bringing in all special talents, particularly of the association. The best numbers available are to be presented so that the close will be a real musical event.

**ABOUT FOLKS  
YOU KNOW**

Mr. and Mrs. A. K. Cocanougher and daughter, Geraldine have returned home after several days in hot Springs New Mexico.

Charlie Rhea Crawford is improving from a case of the measles.

Mr. Jones, five miles south of town had the misfortune of losing his barn, harness, cotton seed and a lot of baby chicks. The barn caught fire from a brooder. Mr. Jones resides on the Camp farm.

Mr. and Mrs. Simmons and Mrs. Edgar Wright from Bula were guests of Mr. and Mrs. Chas. Crawford Tuesday evening.

Mr. and Mrs. Frank Ormand accompanied by Grandpa Ormand, left the first of the week for Longview their future home.

Mrs. J. R. Dean and Mrs. C. E. Cole attended the annual conference of the fourteenth district, Texas Congress of Parents and Teachers, held in Brownfield last week.

Mr. and Mrs. Newt Harkey of Brakenridge, spent the week-end with their daughter, Mrs. Joe T. Salem and family. Mrs. Salem accompanied them on their return trip as far as Lubbock and visited awhile.

Pay Cash and Save at Worth Grocery. We want your eggs too.

*If you have*  
**RHEUMATISM**  
*do this*

Get some genuine tablets of Bayer Aspirin and take them freely until you are entirely free from pain.

The tablets of Bayer manufacture cannot hurt you. They do not depress the heart. And they have been proven twice as effective as salicylates in relief of rheumatic pain at any stage.

Don't go through another season of suffering from rheumatism, or any neuritic pain. And never suffer needlessly from neuralgia, neuritis, or other conditions which Bayer Aspirin will relieve so surely and so swiftly.

V. M. Jones was unable to be at his place of business several days this week on account of illness.

Mrs. F. M. Farris attended the Wes-Tex New Mex Spring Beauty School and Equipment Show held in Lubbock this week.

Jack Foust of Littlefield, was assisting his uncle, F. M. Farris, in the Drug store several days this week.

Robert Wilson is visiting relatives in Oklahoma.

Mrs. H. M. Lyle returned to her home in Sudan Sunday. Mrs. Lyle underwent an operation a few weeks ago and her many friends are glad to learn that she got along so nicely, and was able to return home so soon.

Donald Robertson, who has been working in Abeline returned to his home in Sudan, Monday.

Miss Ida Lynn Harrell, who has been attending "Tech" is visiting her sister, Mrs. A. K. Boyd.

Born to Mr. and Mrs. L. S. Bates, who resides seven miles northwest of Sudan, a boy on April 18th.

Dinner Bell Coffee at Worth Grocery, 25c per Lb. Try it. Free set cups and saucers.

Mrs. W. W. Kittley and Mr. and Mrs. U. Kittley and children of Rule, visited the L. T. Hunt family last week-end.

A. L. Means and son, H. G. Means and family, of Mission, have located in Sudan, and Mr. and Mrs. H. G. Means are assisting their brother, T. L. Means in the store.

Mr. and Mrs. Robertson and Claude Means, of Ontario, California visited their brother, T. L. Means and wife, and their father, A. L. Means, and Mr. and Mrs. H. G. Means, last week.

**Get Up Nights?**  
Make This 25c Test  
Use this easy bladder, psychic to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights. BU-KETS, the bladder psychic, containing buchu, juniper oil, etc., works on the bladder pleasantly and effectively as castor oil on the bowels. Get a 25c box 15 grain size from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep.

**HOME DEMONSTRATION NOTES**

Ruby Mashburn, C. H. D. A.

First scoring of the fifty-two demonstrations being conducted by the demonstrators in fifteen clubs was done last week by Mrs. Jay McGee and Mrs. Deb Knox of Amherst. These demonstrations are: Improved bedroom, yard, and wardrobe class one and two, one demonstrator in each for each club. The second scoring will be done when the demonstrations are completed.

The winners in the Farm Supply Demonstration for 1932 are as follows: Mrs. H. A. Sheffield, Spade Club, 1st; Mrs. L. George of the Sand Hill Club, 2nd. These women preserved enough food to furnish their families one year with a balanced diet. In addition to this they had good storage space, containers and shelves labeled to save time in planning meals, and emergency shelves to provide for the unexpected guests who come in just at meal time. In addition to this each woman writes a narrative of her demonstration.

The following delegates from Lamb county left Sunday morning for Austin where they will meet a central committee to appear before the State Legislature in the interest of higher education: Mr. and Mrs. W. C. Squires, Hart Camp; Mrs. Ben McGee, Amherst; Mrs. I. V. Fent Sand Hill; Mrs. H. A. Sheffield, Spade.

Mrs. U. H. Mileur and little son Max, accompanied Mrs. Joe Woods to Amarillo, Wednesday, where Mrs. Mileur and Max will visit Mr. Mileur who is connected with one of the Hatcheries there.

# The Sudan News

VOLUME VIII

SUDAN, LAMB COUNTY, TEXAS, THURSDAY, APRIL 27, 1933

NO. 37

## BUSINESS MEN ORGANIZE CLUB

Thirty-three local business men met Tuesday at noon in the Methodist church and organized the Business Men's Association of Sudan. Lunch was served by the Methodist Missionary ladies.

P. E. Boesen, known as the "daddy of Sudan," was the first speaker and made a very interesting speech on "Cooperation." He stressed cooperation between the business men of the community as well as the people in general.

Other interesting talks were made by L. E. Slate, postmaster; R. E. Doss, local groceryman; and Joe T. Salein, local dry goods man. All showed a splendid spirit of cooperation.

The following officers for the club were elected: H. G. Ramby, president; R. E. Doss, vice-president; Reed Markham, secretary; Barron, treasurer. The organization will meet on Tuesday at noon.

## REV. THOMAS TO PREACH BACCALAUREATE SERMONS

Baccalaureate sermons for the Sudan High School and the Circle Back High School will be delivered by Rev. Sam Thomas, pastor of the local Methodist church.

The sermon at the local school will be delivered Sunday morning at 11 o'clock in the Sudan high school auditorium. Mrs. J. R. Dean is director of the choir, and will also, have charge of the special music.

The sermon for the Circle Back school will be delivered Sunday evening at 8 o'clock in the Circle Back high school auditorium.

## SENIOR PLAY IS TUESDAY NIGHT

"Closed Lips" is the name of the play which will be presented at the Sudan High School auditorium, Tuesday night, May 2, by the Senior Class of 1933.

Two hours of entertainment is assured those who attend. Admission prices are 10 and 15 cents. The play starts promptly at 8 o'clock.

Everyone is invited to come out and help the Seniors.

## GOOD SHOWS AT GARDEN

G. W. Chesher, of the Garden Theatre is to be commended for the good pictures that he is showing in Sudan. The fact that many of these pictures are shown in Sudan before they are shown in the larger towns, is worthy of note.

These pictures are clean and wholesome, and have much to do with bringing the large crowds to Sudan.

## SUDAN FIRE BOYS RETURN FROM TRIP

The Sudan Fire Boys returned Tuesday from a ten days fishing trip on the Rio Grande. All of the boys report a fine time and state that they caught plenty of fish.

## THE FRIENDS OF SILVER

It is interesting to observe the diverse groups that are seeking means to restore silver as a monetary metal.

The farmer is one. He is joined by a multitude of leading industrialists representing all forms of endeavor. Economists of all faiths enlist in the ranks. Both our major parties have gone on record favoring silver re-stabilization. So has the principal business men's organization of the country.

We are beginning to recognize that the problem of silver looms large among the problems of depression. Cheap silver has destroyed world trade, almost destroyed a major industry, thrown the world's monetary in confusion. Finding the solution is a challenge to the intelligence not only of America but the world.

## TEXAS STILL HAS A CHANCE TO RECORD UNRECORDED BIRTHS

The vital statistics of Texas are the only state statistics in the United States which are not recognized by the U. S. Census Bureau. A check will be made by the federal government in the near future to see if Texas has recorded 90 per cent of her births; if so, she will be recognized by the U. S. Census Bureau.

People in Texas, who have not had the births and deaths in their families recorded, still have an opportunity to get them recorded before the final check begins. Postmasters in Texas have received cards which will be distributed to the people who need them. If these cards are filled out and mailed to the director of the census in Washington, D. C., they will be recorded and will aid Texas in being recognized by the department of vital statistics.

Only 446 births and 109 deaths were recorded in Lamb county in 1932. This, however, is a great improvement over the former years of 1930 which shows 374 births and 84 deaths, and the 1931 report shows 402 births and 89 deaths. The survey will include only 1932. These cards should be filled out by those who have had births or deaths in the family which have not been recorded.

The chief purposes of the registration of vital statistics may be summarized as affording: (1) legal records for the protection of the rights as individual, and especially of the more helpless classes—infants and women—and for court purposes; (2) death records are absolutely necessary for the effective results in all public health work, city, state and national; (3) knowledge of the character and movement of the population, essential for enlightened legislation and study of the growth of the State.

## SUDAN SCHOOLS CLOSE FRIDAY

The Sudan Public schools will close Friday completing only an eight month's term for 1932-1933. Graduation exercises will be held the latter part of this week and the first of next.

Lack of funds necessitated the closing of school a month early.

## DRY GOODS STORE MOVED TO BROWNFIELD

Ed Aryain, owner of the Aryain Dry Goods Store, is moving his stock of goods to Brownfield and will open a store in that city in the near future.

Mr. Aryain and family have been here for the past three years, coming to Sudan from Littlefield. The Aryain family have many friends in this community who regret them leaving here, but wish them well in their new location.

## OUR COUNTY CONTINUES TO GROW

The News representative has been acquainted with the West all his life and has seen any number of land booms but never saw as much activity in the transfer of privately owned lands as at this time in Cochran county. For the past week men have been pouring into town in droves. The Slaughter tract is being rapidly taken up and must be about exhausted but we understand that other large land owners are falling into line on the "bale for an acre" scheme.

If all the folks who contract move in according to agreement, the population of the county will double within the next twelve months.

More home owners is the great need of West Texas. Let them come. The fact that men who take this land must be able to properly handle it assures a pretty good class of citizenship. — Cochran County News.

## Agglutination Is Needed In Sudan

President Roosevelt's New Deal is being effective in our national government. Splendid cooperation is being given Mr. Roosevelt by the whole Democratic party which is in control of both houses of our national legislature. This "New Deal" is being effective in its field.

Our state, county, and city governments must show a willingness to cooperate with the higher government in cutting our government expenses.

Even though these "New Deals" are installed and carried out, they will not end the present situation in Sudan.

Co-operation between the business men and farmers is the only weapon Sudan has to fight her battles with keen outside competition. The Business Men's association which was organized Tuesday should be a step in the direction of promoting the co-operation of the business men with each other. There is need of a similiar organization between the farmers and the business men to promote their co-operation.

It is not only necessary for Sudan to be able to sell merchandise to its citizens and the farmers of this territory at reasonable prices, but it is necessary for them to be able to pay the farmers reasonable prices for their products. This is being done to a certain extent, as producers of cream are being paid the same price in Sudan for their product as they could get in larger towns.

Agglutinant efforts should be put forth by every citizen, and agitators should be discouraged.

## COMMENCEMENT EXERCISES WEDNESDAY, MAY 3 IN THE HIGH SCHOOL AUDITORIUM

Dr. Jackson, head of the government department at the Texas Technological college, Lubbock, will deliver the commencement address in the high school auditorium, Wednesday night, May 3.

## REDECORATING CAFE

"Choc" Blanchard is redecorating the Sudan Cafe, located in the Ramby building, this week, and will open the cafe in the near future. He formerly operated the White Rose Cafe. Watch this paper for his opening date.

## OPTOMETRIST WILL BE HERE TWO DAYS NEXT WEEK

F. M. Kester, optometrist of Hereford will be here next Wednesday and Thursday to test eyes and fit glasses. His office will be in the King Drug store.

Mr. and Mrs. R. W. Saunders of Post, were guests of their brother, Sam Saunders and family Saturday and Sunday.

F. E. Miller was attending to business matters in Lubbock Tuesday.

## J. M. CARRUTH IS UNSEATED AS POLICE JUDGE IN SUDAN

J. M. Carruth, who has been police judge of Sudan for the past eight years, was unseated last week, due to the fact that he was holding the office illegally.

This was brought to light recently in a trial here when the defending lawyer brought out the fact that Carruth had been appointed to this office. The law requires that police judges be elected by the people. The mayor will serve in this capacity now.

## MUSICAL PROGRAM AT FRIENDSHIP

A musical program was held at Friendship Wednesday night with both the Friendship String Band and the Depression Busters of Sudan participating.

A large crowd attended the program.

## CARPENTER APPOINTED MAYOR OF SUDAN

W. W. Carpenter, who recently returned to Sudan from Plainview, was appointed Mayor of Sudan, by the City Commission, after the resignation of H. G. Ramby, had been accepted last week.

## SIDELIGHTS

By Marvin Jones  
Member of Congress from Texas

Everyone seems to feel that the new administration has gotten off to a good start. This is preeminently a time for action, and the President is certainly a man of action.

The Congress has voted him broad powers along many lines. No doubt other powers will be granted to him in his effort to work out the emergency with which the country is faced.

He is not only endeavoring to secure essential legislation and to carry out the program which he has in mind, but he is trying in every way possible to reduce the expenses of government in accordance with his pre-election pledges. Many bureaus have been abolished and others have been merged in such a way as to do away with overlapping activities.

I have been called into conference with other members of a House, and we have all been amazed at the fine knowledge the President has of the entire situation, as well as his ability to stand the strain of long hours of continuous work. He works day and night, and seems to remain in good health and in good spirits at all times.

It was my privilege to be assigned the task of introducing the President's farm mortgage refinancing bill and of handling the same in its passage through the House. It was passed on April 13 by the record vote of 387 to 12.

I regard the farm mortgage situation as one of the most pressing problems of the hour, and hope the Senate may see fit to pass the bill at an early date, either separately or as a part of the general farm bill to which it has been attached.

The establishment of credit facilities, the adjustment of freight rates which are discriminatory against agriculture, and the adjustment of trade barriers in the interest of markets are also important steps in the farm program. I hope that all of these may be worked out.

For some time a number of us have been urging that the currency be liberalized in such a way as to make the dollar more truly a measure of values. Several methods have been suggested. The result of the adoption of any of these methods would mean an increase in commodity prices. It seems to me an increase in the price level in farm and other commodities is essential to national recovery.

The day this is being written the President has issued a statement in which he announces his determination to change the basis of our money in such a way as to increase the general price level. I believe that the carrying out of such a program will be in the interest of the entire country.

We are in a great national agency which calls for discarding of selfish interests in an effort to save our institutions. For this reason I expect to continue to support the President in the program which he has planned.

I am glad we have a man in the White House who is unafraid, who is willing to assume responsibility, and who has a program. The American people are thrilling with a new hope under his leadership.

I have every faith that he will lead us forward into the full promise of better times and happier conditions.

Mrs. G. D. Sharrock and Miss Mary Vereen spent the week in Lubbock. Mrs. Sharrock attended the Beauty School and Equipment Show, and Miss Vereen visited with friends.

Jim Vannerson of Tulia was in Sudan Tuesday on business.

## MONDAY IS TRADES DAY IN SUDAN; FREE SHOW

Many Bargains Are Being Offered By Local Merchants

Special entertainment will be offered in Sudan Trades Day, Monday, May 1, in the form of a free talking picture show at the Garden Theatre. Local business men are offering many special bargains for this day, and a large crowd is expected to visit Sudan on this day.

Merchants who have bargains have their advertisements in this weeks News. It will pay you to look over these ads and plan your shopping before coming to town.

Everyone is invited to come to Sudan Monday and enjoy the free picture show, and do their shopping.

Bring the kiddies!

## SECOND BLOCK OF PAVING COMPLETED

The top coat of caliche has been spread on the second block of paving on Main Street, and the street is open for traffic. This makes two blocks of paving and curbing to be completed on the street.

The finishing work on the second was made possible through the cooperation of C. A. Daniel, local county commissioner, with the city in obtaining the hauling of the caliche. Mr. Daniel is to be commended for his aid in this work, and it is appreciated by the citizens of this community and precinct.

The first block was made possible by RFC relief money obtained from the government, and the help of property owners on Main Street.

The third block of paving will be begun as soon as the RFC money can be obtained for the labor, and it is hoped that the same arrangements can be made with Mr. Daniel for the hauling of the caliche.

## SUDAN TO GET \$2,500 IN BACK TRUCK AID

Lamb county will receive \$10,000.00 worth of bus aid for 1931-1932, which was provided for in a bill which passed both houses of the state legislature last Friday, according to L. D. Rochelle, county superintendent, who visited this office Tuesday.

Sudan's proportion of this aid amounts to \$2,500.00 which is the amount she lacked in getting truck aid for 1931-1932.

The state will receive a total of \$400,000 worth of truck aid for that school year.

## P. T. A. SUMMER ROUND-UP

The Summer Round-Up of the Sudan P. T. A. will have their free examination of the preschool children the mornings of May 4-5, Thursday and Friday. Drs. Ford and Gibbs will make the examinations, assisted by Mrs. Doyle Morrow, nurse; and Mrs. F. C. Broyles, in the store vacated by Aryains Dry Goods.

## MRS. JACK JOHNSON HOSTESS JUNIOR STUDY CLUB GIRLS

Members of the Junior Study Club met at the residence of Mr. and Mrs. G. G. Hazel, Tuesday evening, April 18, when Mrs. Jack Johnson was hostess.

Seventeen members were present, and several guests, including Mrs. G. G. Hazel, and Mrs. R. E. Riley of Littlefield, to whom refreshments, consisting of sandwiches, potato chips, pickles, iced tea and cookies were served.

Misses Lillian Hunt and Charlsie Vereen were in Lubbock Wednesday. Miss Hunt attended the Beauty School and Equipment Show, while Miss Vereen visited with friends.

Fresh Fruits and Vegetables at Worth Grocery.

THE SUDAN NEWS

Entered as second class mail matter July 2, 1925, at the Postoffice at Sudan, Texas, under the Act of March 3, 1879.

Published every Thursday by H. H. Weimhold & Son At Its Office In Sudan, Texas

Reading Notices, Obituaries, Card of Thanks, Resolutions of Respect, Etc., 10c per line.

FEEDER'S DAY, SPUR EXPERIMENT STATION, MAY 5

Since the establishment of the Spur experiment station in 1909 through the act of the Texas Legislature, much attention has been given to the introduction of developing and growing and utilization of feeds crops for the drier sections of the West. Development and growing of feed crops make much faster progress than utilization. With this thought in view the Spur experiment station adopted, a number of years ago, as one of its major activities a study pertaining to the utilization of West Texas fed on the farms where they were being grown.

Farm feeding in Texas, and West Texas particularly, is rapidly becoming one of the leading sources of farm revenues. Feeding facts developed in carefully conducted experiments, have done much to reduce the risk element in feeding and to convince the skeptical that the sorghum grains and forages are excellent for production of pork, mutton, beef, butter and eggs.

"Feeders' Day" will be held at the Spur Experiment Station on May 5, at which time the final feed lot results of 186 days feeding tests on five pertinent feeding problems will be announced.

(1) Which is the best variety

of bundle feed?

(2) Does it pay to grind feed for yearling steers?

(3) Can cotton seed be profitably substituted for cotton seed meal in the fattening of ration?

(4) Is trench silage more profitable in the ration than bundle feed?

(5) Is it profitable to add oyster shell flour to the ration of fattening steers?

81 head of steers divided into 8 feed lots are doing their part to answer these questions. Their answers in terms of pounds gained, finished and cost of grain is exceedingly interesting.

A day at the Spur Experiment Station inspecting the feed tests and other experiments, and swapping experiences with other feeders from other sections should be profitable and enjoyable. Advance reports indicate representative delegations from 40 or 50 West Texas counties will attend. Representatives from the Texas A & M College, Texas Technological College, U. S. Department of Agriculture, and other institutions and industries will be in attendance. Also those interested in farm problems are invited.

FARM NOTES

By D. A. Adam, County Agent.

Merril Brigance, Olton 4-H Club, reports having gotten Hereford calves from the John Gist herd for feeding this year. R. B. McQuarters, jr. of the Spade 4-H Club has gotten on feed one senior calf for next year's herd also, from the John Gist herd of Midland.

75 calves have been spoken for by 4-H Club boys for feeding purposes, reports D. A. Adam, county agent. Halsell Cattle Co. of Amherst is furnishing a good part of these.

Cut worms can be controlled by the following formula: Coarse wheat bran, 3 lbs; Paris

Green or White Arsenic, 3 oz. Cane or sorghum molasses, 1 pt; Lemon, both juice and rind after crushing through fine meat chopper, 1; Water, 2 qts; After thoroughly mixing dry portions and liquid portions together, unite the two and stir to evenly moist mixture. Place quantity at base of each plant or hillside crops or strew in light streams along the row. Cut worms work at night and can be killed with this formula.

Mice of all kinds can be killed with the following formula: Strychnine (sulphate) 1 oz; Boiling water, 2 qts; Laundry Starch, 2 tablespoonsful; Cold water, 1 pt; Threshed grain, 1 bu. Dissolve strychnine in the boiling water. Add the starch to the strychnine solution and boil a few minutes until the starch is clear. Pour the solution over threshed grain in a metal tub and stir thoroughly until each grain is covered. Spread this over your infested area, being careful not to put over a teaspoonful in a place to protect birds, cattle and other livestock.

Earl Miller, Amherst, reports that he is contemplating building a trench silo on his farm this fall.

Specification for a trench silo can be obtained from the county agents office, as well as, blue prints for all other farm building operations.

Those desiring to put in applications for Crop loans, must have them in not later than April 30, for that is the last date allowed by the government.

Poison Grain for killing ground squirrels etc. can be obtained at the county agent's office at all times.

G. D. Lair, Amherst, reports getting a new variety of grapes for his vineyard. The Grecian grape.

107 Head of Cattle (dairy) were treated for Tuberculosis last week by a recognized veterinarian, through the efforts of the county agent.

16 horses were treated for bots and other internal parasites by the following men: R. L. May, Amherst; M. M. White, Sudan; Harry Phelps. All interested in this work should get in touch with the county agent, for a large program in this work has been planned for the future.

Golden Benton, 4-H feeder of Sudan, reports having paid \$225.00 for ten beef calves, and that he had a total feed bill and other expenses of \$89.36, making total expense of demonstrations \$314.36. Total income from this demonstration was \$400.22 leaving a net return or profit of \$85.86. Average receipts per animal were \$40.02; average expense per animal was \$30.83; Average net return per animal was \$9.18; per pound of gain was 2 1-2c; Average daily gain per animal 1.8 lbs.

A FACE POWDER YOU'LL LIKE better AT half WHAT YOU USUALLY PAY

When you find a face powder you like better that costs but half what you've often paid isn't it sensible to use it. Smart women everywhere agree so they are turning to Jonteel. For Jonteel is soft, satiny, invisibly clinging and fragrant with the odor of twenty-six flowers.

How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or baby.

**A STORY OF MY 4-H PANTRY**

By Mrs. H. A. Sheffield,  
Spade Club

My first aim was to fill one-half of the suggested budget for a family of five. When I had finished I had 468 quarts, not counting a beef and two hogs we intended to can later. This consisted of 74 quarts of leafy vegetables, 50 quarts of starchy vegetables, 43 quarts of other vegetables, 75 quarts of tomatoes, 84 quarts of other fruits, 71 quarts of pickles and relishes, 59 quarts of preserves and jellies, and 55 quarts of time saving or muscle onions. I also have turnips, sweet potatoes, onions, carrots, and beets stored on the ground.

I have five different kinds of dried peas and beans, also popcorn and peanuts. A part of our flour is produced from our own wheat and meal is ground from home grown corn.

I was short of fruits so I traded tomatoes to my sister in Hill county for peaches, plums and grape juice.

I did not have any storage space for my dried peas and beans. We had a good many five-pound cup grease around the house so I gathered them up and put them in a pot of hot lye water and cleaned them. I painted the cans white and put the new T. H. D. emblem on them. Then the name of the product at the bottom of the can in black. Then placed them under the shelves. They are a job to clean but very attractive when finished.

I have everything stored in order as leafy vegetables, fruits and, etc. so I can easily fix a balance meal in a very few minutes. Our grocery bill has been less this year than ever before and we have had more to eat.

I have not spent money for jars, sugar or anything that is in my pantry. I traded eggs, cream and garden products for what I needed. I believe filling a pantry comes as near to meeting the present economic needs as any other way.

Filling my pantry has taught me not to be easily discouraged. I didn't get to can anything out of our early garden. We had lots of company and three families were using out of the garden all of the time. It was awful dry and four families were using water out of our well all the time. Therefore we couldn't water it like we should. When our fall garden came on we had to move. I was boarding a school teacher and couldn't go back to the garden, which was four miles, until afternoon. Mother was batching until she got her things, and was cooking in a coal stove and we didn't have room to can on

it. We gathered and preserved. We canned almost everything that way. Every one would say, "You are just killing yourself sitting up every night and you won't get anything out of it but a lot of hard work. There were a lot of other things that were discouraging. But now I have my pantry filled and am sure proud of it, and after a few nights of rest the hard work was easily forgotten.

I appreciate my bulletin and receipt file as much as anything I have, and wonder every day how I ever got along with them.

**MY 4-H CLUB PANTRY**

(By Mrs. L. L. George, Sandhill)

I entered the 4-H pantry work again this year because I enjoyed the work so much last year, and I know that I would get my adequate budget for my family correctly, and it makes the work more interesting to work against competition and friend rivalry.

In planning my garden in the spring, I had before me the budget so I planted enough vegetables for our use during the summer and fall, and to fill my budget for the six non-productive months. I also sold enough to buy the fruits I know I had to have for my budget and to buy the sea foods.

My pantry contains 671 quarts of vegetables and fruits, and 100 cans of beef and pork products. I still have a calf and two hogs to put up and when I get through canning I'll have 900 or more quarts of canned fruits and vegetables and meats. I put up nine more different kinds of fruits and vegetables than I did last year. To me the filling of my pantry shelves is like playing a game. I like to watch my shelves grow with good things every day.

There will be no monotony for me this winter in preparing well balanced meals for my family. Old man depression is still at our house, so I made a menu file, of course it isn't as attractive as you would buy, but it answers the purpose and I'm proud of it because I made it myself, and it saved me 94c.

To me my pantry is a great help, and I know when I prepare a meal from this pantry that I am giving my family the choicest of foods. To my husband and three grown sons this pantry is the most valuable item on the place, and they are as proud of it as I am, and they realize that there is \$338.72 worth of canned and cured foods which we won't have to buy this winter.

With such a willing demonstrator as we have in Lamb County, and a home bunch to cooperate with you as I have you can't help but have a well filled 4-H pantry.

**MUSIC WEEK TO BE OBSERVED BY P. T. A.s**

Mrs. J. M. Crain, Claude,  
State Publicity Director

Observance of Music Week, the first week in May, is one of the projects of the National Congress of Parents and Teachers. The celebration this year should consist of more simple and less expensive forms of entertainment due to economic conditions. For this same reason more time and thought should be expended because people need wholesome and thought provoking entertainment to help keep up the morale.

Mrs. Laura M. Jaccard, Fort Worth, chairman of music in the Texas Congress, suggests that the following program with leadership and co-operation may be carried out: Monday May 1, assemble the home musical instruments and have the piano tuned if possible. Perhaps the local tuner will cooperate with the reduced group-price.

**Home Night.**

Home night should be observed Tuesday evening, May 2. Every member of the family should contribute his talent on this program. The children should be featured so parents can hear them play and demonstrate any musical ability.

Church night is designated for Wednesday, May 3. Old hymns are to be sung and the history of these precious and glorious old gems is to be given. Most pastors will gladly cooperate in devoting the entire evening to the study of the familiar hymns.

**Other Programs**

Choir night is assigned for Thursday evening. An extra effort should be given to secure the attendance of all singers for this choir rehearsal so that an interesting program may be presented in the churches the following Sunday.

Community night will be celebrated Friday. Joint program of community and school orchestras, bands and choruses is to be featured, interspersed with special instrumental numbers.

Neighborhood sings will prove enjoyable for May 6. The town should be divided into groups, having each group to meet at some central home with a song leader and pianist or any musicians available. A program consisting of greeting songs, patriotic selections, sacred and old familiar hymns, graces at meals, yells, singing games setting-up exercises and pep songs, will spread an atmosphere of harmony in any locality.

Union Service  
Union vesper service, featuring the mother singers and father singers, is to climax the musical festivities on Sunday afternoon, May 7. This occasion is to be the leading parent-teacher feature of the week bringing in all special talents, particularly of the association. The best numbers available are to be presented so that the close will be a real musical event.

**ABOUT FOLKS  
YOU KNOW**

Mr. and Mrs. A. K. Cocanougher and daughter, Geraldine have returned home after several days in hot Springs New Mexico.

Charlie Rhea Crawford is improving from a case of the measles.

Mr. Jones five miles south of town had the misfortune of losing his barn, harness, cotton seed and a lot of baby chicks. The barn caught fire from a brooder. Mr. Jones resides on the Camp farm.

Mr. and Mrs. Simmons and Mrs. Edgar Wright from Bula were guests of Mr. and Mrs. Chas. Crawford Tuesday evening.

Mr. and Mrs. Frank Ormand accompanied by Grandpa Ormand, left the first of the week for Longview their future home.

Mrs. J. R. Dean and Mrs. C. E. Cole attended the annual conference of the fourteenth district, Texas Congress of Parents and Teachers, held in Brownfield last week.

Mr. and Mrs. Newt Harkey of Brakenridge, spent the weekend with their daughter, Mrs. Joe T. Salem and family. Mrs. Salem accompanied them on their return trip as far as Lubbock and visited awhile.

Pay Cash and Save at Worth Grocery. We want your eggs too.

*If you have*  
**RHEUMATISM**  
*do this*

Get some genuine tablets of Bayer Aspirin and take them freely until you are entirely free from pain.

The tablets of Bayer manufacture cannot hurt you. They do not depress the heart. And they have been proven twice as effective as salicylates in relief of rheumatic pain at any stage.

Don't go through another season of suffering from rheumatism, or any neuritic pain. And never suffer needlessly from neuralgia, neuritis, or other conditions which Bayer Aspirin will relieve so surely and so swiftly.

V. M. Jones was unable to be at his place of business several days this week on account of illness.

Mrs. F. M. Farris attended the Wes-Tex New Mex Spring Beauty School and Equipment Show held in Lubbock this week.

Jack Foust of Littlefield, was assisting his uncle, F. M. Farris, in the Drug store several days this week.

Robert Wilson is visiting relatives in Oklahoma.

Mrs. H. M. Lyle returned to her home in Sudan Sunday. Mrs. Lyle underwent an operation a few weeks ago and her many friends are glad to learn that she got along so nicely, and was able to return home so soon.

Donald Robertson, who has been working in Abeline returned to his home in Sudan, Monday.

Miss Ida Lynn Harrell, who has been attending "Tech" is visiting her sister, Mrs. A. K. Boyd.

Born to Mr. and Mrs. L. S. Bates, who resides seven miles northwest of Sudan, a boy on April 18th.

Dinner Bell Coffee at Worth Grocery. 25c per Lb. Try it. Free set cups and saucers.

Mrs. W. W. Kittley and Mr. and Mrs. U. Kittley and children of Rule, visited the L. T. Hunt family last week-end.

A. L. Means and son, H. G. Means and family, of Mission, have located in Sudan, and Mr. and Mrs. H. G. Means are assisting their brother, T. L. Means in the store.

Mr. and Mrs. Robertson and Claude Means, of Ontario, California, visited their brother, T. L. Means and wife, and their father, A. L. Means, and Mr. and Mrs. H. G. Means, last week.

**Get Up Nights?**  
Make This 25c Test  
Use this easy bladder, physic to drive out impurities and excess acids which cause irritation that results in leg pains, backache, burning and getting up nights. BUCKETS, the bladder physic, containing buchu, juniper oil, etc., works on the bladder pleasantly and effectively as castor oil on the bowels. Get a 25c box 15 grain size from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep.

**HOME DEMONSTRATION NOTES**

Ruby Mashburn, C. H. D. A.

First scoring of the fifty-two demonstrations being conducted by the demonstrators in fifteen clubs was done last week by Mrs. Jay McGee and Mrs. Deb Knox of Amherst. These demonstrations are: Improved bedroom, yard, and wardrobe class one and two, one demonstrator in each for each club. The second scoring will be done when the demonstrations are completed.

The winners in the Farm Supply Demonstration for 1932 are as follows: Mrs. H. A. Sheffield, Spade Club, 1st; Mrs. L. George of the Sand Hill Club, 2nd. These women preserved enough food to furnish their families one year with a balanced diet. In addition to this they had good storage space, containers and shelves labeled to save time in planning meals, and emergency shelves to provide for the unexpected guests who come in just at meal time. In addition to this each woman writes a narrative of her demonstration.

The following delegates from Lamb county left Sunday morning for Austin where they will meet a central committee to appear before the State Legislature in the interest of higher education: Mr. and Mrs. W. C. Squires, Hart Camp; Mrs. Ben McGee, Amherst; Mrs. I. V. Fent Sand Hill; Mrs. H. A. Sheffield, Spade.

Mrs. U. H. Mileur and little son Max, accompanied Mrs. Joe Woods to Amarillo, Wednesday, where Mrs. Mileur and Max will visit Mr. Mileur who is connected with one of the Hatcheries there.
