

ROAMING THRU RANGER WITH RON...

By Ronald Waters

ROAMING THRU NORTH FT. HOOD - I observed Ranger Guardsmen at work and relaxation. They all seemed content and well-fed. In fact I was so impressed with life at camp that I considered joining the guard!

FRIDAY AFTERNOON - I had to tear myself away from the celebration at the lake to catch a National Guard plane at the airport. When I got to my car, thru that crowd, it was pinned! Frantically, I rushed to the truck of the Ranger Volunteer Fire Dept. - and they went into action!

Clayton Kuhlman, assistant fire chief, came to the rescue and rushed me to the scene of the awaiting plane. I found a L-19 (observation plane) waiting to fly me down to Camp. With it was a competent pilot - Capt. Jack Sherman - who also flew me back Saturday.

In less than an hour I had flown 85 nautical miles and landed near the city of tents. It was then that I discovered what the Army meant by "Hurry up - and wait!" For about an hour I waited for my jeep escort.

At last - I was off for a new experience - one that I shall not soon forget! I inspected acres of huge tanks, artillery, mobile units, and more acres of tents and camp sites of what must have been hundreds of National Guard units.

Upon finding the site of the 648th Armored Field Artillery Battalion and our Service Battery - I was quickly introduced to Capt. Cecil C. Carr, of the local unit.

Capt. Carr assigned Specialist Third class FRANK JOHNSON a special detail - as a sort of aide in charge of seeing to it that I was comfortable and had most everything I needed. This turned out to be a full-time job for Frank!

I found "RED" CANTRELL happily cooking and waiting on the officers. Also found TERRY YOUNG driving about some of the units trucks. CLIFFORD ESTES is a radio operator. ALONZO STEVENS was in my tent, but I'm not sure what he does at camp!

CORPORAL of the guard was TOMMY SUTTON. His relief consisted of Eates, JIMMY COLLINS, BOB HOGAN, NEAL TANKERSLEY, and PETE TIBBELS. JOE W. HARPER is a clerk-typist at camp, with the official title of battery clerk. He has moved to Austin.

In charge of the unit's tents were Johnson, TIM WOODS, JOE LAWSON, and BILL OGDEN (the cook's tent). SGT. CLAUDE A. KOENIG was a busy man, along with most of the other Rangerites at camp.

DON EDDLEMAN of Strawn and KENNETH JOHNSON of Eastland are mechanics for the local unit. And - of course - there is always KP and guard duty at camp. Most of the time I spent there, however, I found the men off duty.

Saturday, of course, they were getting ready for the tremendous Governor's Day Parade - the most impressive show of might I have ever seen. An all-mobile parade with tanks and more tanks - the mud splashed freely when they passed by the reviewing stand.

On hand were a host of big military officials, generals and the like, the Secretary of State, and the Governor. Also a good number of Unit Sweethearts and Miss 49th Armored Division (and was she armed!). For other details - read story on this page.

Three Men Arrested Here

Ranger's city jail drew its share of drunks over the week-end holidays. Three men were arrested for being drunk, three others were given tickets for speeding, and one man was placed in jail for driving without a license.

A Dublin and an Eastland man were placed in jail Saturday, following arrest for drunkenness. (Continued On Page Four)

Petitions Due At C-C Office

Petitions requesting the county and state to pave a four-mile strip across Lake Leon Dam are to be turned in as soon as possible to the Ranger Chamber of Commerce office, according to an announcement from R. V. Galloway, manager.

Rains Aid Peanut Crop

"We are way on down the road toward making a good peanut crop," County Agent J. M. Cooper said Tuesday after heavy rains had soaked most of Eastland County.

The Ribing Star area didn't get as heavy a downpour as did the Eastland-Ranger-Cisco area, but beneficial moisture fell all over the county.

Lakes in the county re-filled, and farm ponds again are full to the top. The rain was one of the best ever to fall in July, and the 2.84 figure is the most recorded in July since 1953. Last year only .75 fell during the entire month.

Legion Post Elects Officers

New officers of the Carl Barnes Post No. 69 of the American Legion were elected Monday night in the legion hall.

Incoming officers, to serve for the year, include N. E. Huffman, post commander; J. S. Hart, first vice commander; and Don Butler, second vice commander. J. F. Byas is adjutant and Max Star is finance officer.

Other elected officers were E. C. Ward, chaplain; Electra Pearson, historian; Ray Williams, service officer; Otto Roscher, child welfare chairman; and Fred Parrish, sergeant-at-arms.

Butler is out-going post commander. Delegates named to attend the state American Legion Convention in Fort Worth Aug. 1-3, are C. K. Williams, Huffman, J. J. Eberger and Lewis Conn.

nut growers from several states gather for their annual meeting.

Two of the highlights of the day will be non-political speeches by Sen. Ralph Yarborough and State Agriculture Commissioner John White. Cong. Omar Burlison, who was to have been on the program, will be unable to attend because of pressing business in Washington, he advised Ross Wilson, SWPGA manager, Monday.

Sen. Yarborough will fly to Eastland by chartered plane from Houston. He plans to land at Eastland airport shortly before the Growers meeting is called to order at 10 a.m. in the air conditioned Majestic theatre in Eastland.

White plans to drive to Eastland Wednesday morning from Odessa, where he is to speak in behalf of his candidacy for re-election as agricultural commissioner.

The public has been issued a special invitation to attend the morning session of the meeting and hear the talks by Sen. Yarborough and Commissioner White. Yarborough will speak on the current farm situation in Congress and White will give the state angle on farm problems.

The Murray Cox farm program, heard daily over radio station WFAA, Dallas, will originate from Eastland City Park Wednesday at noon. Growers will hold their lunch in the park.

A large delegation from Oklahoma is due to be on hand for the meeting, and Texas peanut growers from all sections of the state will be represented.

Eastland Stock Top Market

FORT WORTH, July 7 - Mixed steer and heifer calves consigned by W. H. Cooper of Eastland topped the Fort Worth market at \$35 Monday. The calves weighed nearly 300 pounds, and represented one of the highest sales of the season.

Cooper also had seven calves sold at \$33. The mother cows sold at \$18.25, with ten head at \$17. These 84 pairs of cows and calves from Eastland County demonstrated the strong demand for stocker cattle and calves in Texas and the Southwest as stockmen strive to rebuild herds to normal numbers, a spokesman said.

Recent rains added stock water supplies and freshened pastures to such an extent that veteran stockmen on the market Monday said they were assured good pasture conditions to late summer or early fall in nearly all sections, a situation sure to maintain demand for good stockers.

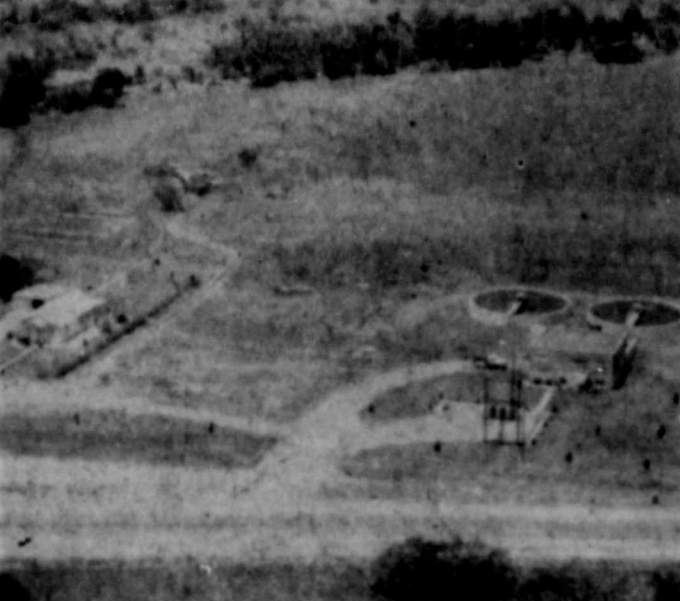

Trade was active in all divisions at Fort Worth, Monday, as supplies were curtailed due to rains and storms in the territory. Many spots on cattle and sheep were strong to 25 or 50 cents higher. Hogs again topped at \$24.50 and \$24.75, and sows sold for \$21.50 down. Feeder pigs cashed at \$21 downward.

TWO COUNTY STUDENTS ON HONOR ROLL

James Lewis Roney of Ranger is listed with the Cum Laude Alpha Phi Magna honor students a n d Jan's Virginia Little of Eastland is listed with the Summa Cum Laude students of the University of Texas College of Arts a n d Sciences.

About nine percent of the students enrolled at the college are listed on the spring semester honor roll.

FILTRATION PLANT—Here's an important part of Eastland's and Ranger's water supply that few citizens of the two towns pay any attention to. Postal Increase to Be Effective Aug. 1

Acting Postmaster Mrs. Ella White of Ranger said today she expects plenty of stamps a n d postal cards to be on hand for sale August 1, to meet new postage rates which become effective then.

Mrs. White explained the Post Office Department has been issuing new stamps, stamped envelopes and postal cards to post offices for several weeks in anticipation of the new rate changes.

Large additional supplies of the regular 4c stamp, bearing the likeness of Abraham Lincoln, are being received here to meet the new first-class letter rate of 4c an ounce. In addition, issues of special stamps and commemorative stamps will be available at this time.

4 'Powder Puffs' Land In Ranger

Four "Powder Puffs" flew into Ranger Monday morning, landing at the city airport en route to Charleston, S. C., on a transcontinental race.

Two of the women pilots took off shortly after arriving here, but the other two stayed in Ranger while to rest and to wait for weather conditions to better. They were forced down here, early Monday morning due to severe thunder storms ahead on their route.

They are in competition with other women pilots across the nation, for \$2,500 in prizes to be awarded to the winners.

Mrs. Betty (Joe) Haynes of Long Beach, Calif., and Mrs. Nelsy E. Jones of Arbutle, Calif., stayed in Ranger. They started the race in San Diego, Calif., and stayed Sunday in Abilene, where about 21 planes had been forced down by the weather.

Local Guardsmen Now In Camp's Second Week

By RONALD WATERS

Heavy Rains Flood Area, Ranger Streets

Heavy rains flooded Ranger's streets in a flashing downpour Sunday, as up to 2.9 inches of rain were reported.

Rain reports varied somewhat due to the spotted nature of the fall, and some areas received more rain than others.

Sunday rains appeared to be part of severe thunder storms that hit the area, both east and west of Ranger. Cisco reported 3.70 inches of rain; Eastland, 2.80 inches; Rising Star, .40; a n d Brecksville, 5.85 inches.

No damage, resulting from the heavy rains, was reported and no accidents occurred in the county. Four pilots were temporarily forced down here, Monday morning due to severe weather lying ahead in their path.

Black clouds dumped sufficient moisture on Ranger to flood several down-town streets above curb level, Sunday.

Farmers looked, hopefully, however, at the crop outlook, and it appeared a "bumper" crop of peanuts would be harvested this summer.

Farm to Market Road 717, between Caddo and Ranger, was temporarily closed by the rains. Water was reported knee-deep over US 183 near Cisco, but the road was passable.

A total of seven inches of rain was reported.

Cars Damaged In Collision

A two-car collision east on Highway 80 Monday morning resulted in slight damages. No one was injured.

The accident occurred when William H. Jackson of Rt. 3, Ranger, attempted a left-hand turn driving a '56 Ford while going east on the highway. He collided with Gayle L. Doyal, 20, of Fort Worth, who was going in the opposite direction in a '54 Chevrolet. Doyal failed to see Jackson in time to stop.

According to investigating officers, the Chevrolet sidwiped the Ford, breaking out a rear light. Damages to the Chevrolet were estimated at about \$150, while the Ford incurred slight damage.

Olden Man Wins Boat

Winner of the boat, given away at Lake Leon Saturday, was Richard Robinson of Olden.

Robinson, who is a truck driver for Borden, won the boat given by the Ranger Volunteer Fire Dept.

Volunteer firemen plan to purchase rain coats with funds raised in a recent project.

No Steaks Won In Camp Match

Capt. Cecil C. Carr of the local service Battery of the National Guard was challenged by another battery commander to a .45 pistol match at North Fort Hood last week.

They agreed that the loser would buy steaks for the competitor and his seconds. Capt. Carr chose the pistol, but his opponent shot with bow and arrow.

On hand to judge the event was the Public Information Officer. Final score was 81-81 out of a possible 100, fired with a standard military pistol and a bow and arrow from 15 yards, with 10 rounds.

At last report, the tie left Guardsmen debating who was going to buy steaks for whom.

Hayden Neal, 91, Dies Saturday

Hayden Neal, pioneer Eastland County resident, died at 11:10 a.m. Saturday at Ranger General Hospital.

Funeral services were held at 3 p.m. Sunday at Killingsworth Funeral Home Chapel with Rev. Ralph E. Perkins, pastor of the First Baptist Church, officiating. Burial was in Pioneer Cemetery.

Mr. Neal, 91, was a retired farmer. Born June 26, 1867, at Mt. Enterprise, his family moved to Cisco in 1883 and to Ranger in 1894.

He married Julia Antoinette Dunham in January of 1897. She died Nov. 24, 1957.

A member of the First Baptist Church, Mr. Neal moved to a farm three miles southeast of Ranger in 1903.

Survivors include one son, Presley K. of Fort Worth; two daughters, Mrs. Lillian N. Eastland and Mrs. Herman Stroud, both of Ranger; four grandchildren and five great-grandchildren.

Ballbearers were James Ratliff, John Tibbels, V. V. Cooper Jr., Lloyd Bruce, Morris Newnam and E. E. Blackwell.

Ranger Baseball In Last Lap

Baseball in Ranger is going into its last lap, as the season draws near a close.

Junior leaguers play their last game on Tuesday, July 29, and senior leaguers take their last trip to Cisco to round out the season on Thursday, July 31.

Little League boys play their last game here on Thursday, July 24. According to results of recent games it's going to be a close race to the finish - with the Giants, Indians and Dodgers going down the "home stretch".

Interest and attendance has been picking up in Teen-Age Baseball - according to recent reports. And the senior league boys are playing better ball with every game.

A secret committee will meet within the next two weeks to determine trophy and plaque winners in both leagues. Awards will go to the outstanding players in the Teen-Age and Little League, as well as to runners-up.

Delivery Zone Numbers Urged

The Postoffice Department is presently promoting a nationwide program to encourage the use of delivery zone numbers and earlier mailing.

Through July 12, a special effort is made to direct the attention of every mailer to the service advantages of these two measures in assuring prompt delivery of mail.

The Postal Bulletin of June 12 - "Promotion of Delivery Zone Numbers" - directed all postmasters to distribute notices to every addressee in the nation in a limited period of time. This effort constitutes the largest single saturation mailing ever attempted.

The zone number is an important part of the address including the return address. It is to be encouraged in advertisements, stationery, and on printed envelopes, Mrs. Ella White, Acting Postmaster said.

MRS. DON JOBE

Alice Cushman Is Wed to Don Jobe

The First Methodist Church was the scene Saturday evening of the wedding of Miss Alice Joyce Cushman and Don Jobe of Fort Worth.

The bride is a daughter of Mr. and Mrs. Adria E. Cushman of 109 North Ostrom, Eastland. Mr. and Mrs. Bryan Clinton of Cisco are the parents of the bridegroom.

Rev. Richard R. Smith III, pastor of the First Methodist Church, performed the double ring ceremony amid a nuptial setting of white asters accented with satin bows and illusion and white candles in two tier candelabra. White kneeling pillows were noted at the altar.

Miss Sidney Hultgren of Boise, Idaho, accompanied Keith Burns at the organ as he sang "I Love Thee" and "O Perfect Love." Al Lotzpeich of Ranger played a cello solo during the ceremony.

Back's prelude, "Trumpet Tune" and Mendelssohn's wedding march were among the nuptial selections.

Given in marriage by her father, the bride wore a white Alencon lace and slipper satin princess line gown accented with black godet with appliqued lace flowers

and pearls. She wore a white pearl necklace as jewelry. The bride signed and fashioned her wedding gown.

Her white illusion elbow length veil was attached to a satin bow headpiece. She carried a crescent bridal bouquet of white baby calla lilies with lace leaves and pearl ropes.

Mrs. Martha Baker of Austin was matron of honor. Miss Sandra Russell of Crane and Miss Pat Eagle of Dallas were bridesmaids. They wore identically styled cotton blue peau-de-soie necklines dresses fashioned with barrel skirts caught at various intervals at the hemline with bows. Miss Cushman also designed her attendants' dresses.

Complementing their dresses were headpieces of small blue bows with shoulder length veils of white illusion. Yellow baby calla lilies formed their crescent bouquets.

Don Jobe served his brother as best man. Mike Cushman, brother of the bride, Robert Johnson, Neil Van Geem, and Calvin Baker of Austin were ushers.

Mrs. Cushman chose a blue embroidered sateen dress with white

Rita Bennett to Represent Group At Embassy

Mrs. Marcus Matthews has received word that her niece, Miss Rita Bennett of San Antonio, has been selected as one of the six chosen from the 39 students on tour in New York City to represent the group at the Russian Embassy. Miss Bennett is being sponsored from San Antonio by the L.O.O.F. Lodge.

Her tour will take her on to Canada during the week of July 7 before she returns to San Antonio.

Her brother, Wayne Bennett, and her grandmother, Mrs. Anna Robinson, are house guests of Mrs. Matthews and family.

Hospital News

New patients in Ranger General Hospital are:

Jim Littlefield, Ranger, medical; W. R. Hooton, San Antonio, medical; Mrs. B. S. Day, Dallas, medical; H. L. Gibbs, Ranger, surgical; George Hamilton, Ranger, medical; and Mrs. Wesley Stiffler, Ranger, surgical.

accessories for her daughter's wedding. The mother of the bridegroom wore a blue linen with chiffon overskirt with blue and white accessories. Both mothers wore corsages of white gardenias.

The reception was held in the church parlor with Mrs. James Horton, Mrs. Clarence Cooper of Alta Vista, Kan., Mrs. Jess Moffit of Kansas City, Kan., Mrs. Louie Corbell, Misses Lou Ann Corbell, Sarah Lovelace, Gail Moffit and Mary Moffit as the house party.

A six tier bridal cake was served with frosted punch, blue and white mints and nuts by Misses Horton and Cooper from the bride's table, laid with a white illusion cloth over blue de soie. An arrangement of baby calla lilies centered the bride's table. Napkins of white and blue bearing the inscription of "Don and Alice" in silver further carried out the bride's chosen colors.

Miss Corbell presided at the registration table which contained a white, bride's book and a lovely arrangement of blue carnations and white candles.

For a wedding trip the bride wore a white sharkskin middy suit trimmed in black and a corsage of red rosebuds.

The couple will be at home in Fort Worth after July 14.

Mrs. Jobe, an Eastland High graduate, was in the top three percent of the student of University of Texas her Junior year. She was a member of Longhorn Band and Alpha Lambda Delta Honor Society.

The bridegroom is a graduating senior at Texas Wesleyan College and was a student at Texas A&M for two years. He is a sociology major.

Homeowning Can Be Hazardous Too!

No matter how long the bronc-buster has been riding, he can never be sure the next horse won't throw him.

Such is the case with the homeowner. No matter how careful he tries to be, an unnoticed frayed electric cord, overloaded circuit, or smoldering cigarette can leave his home in cinders.

It's too late then to realize his insurance is "too little—and the wrong kind."

Be sure when you insure. Call on your local independent agent for a thorough appraisal of your needs.

I GIVE YOU TEXAS

By BOYCE HOUSE

Well, I finally made it. I had been to Los Angeles and San Francisco — to Jacksonville, Miami — to St. Paul and Chicago but not to New York City; probably the only person of my age in the United States who had never been there.

It was quite a thrill to see at the marvelous skyline and to visit the scenes whose names were familiar—Wall Street, Central Park, Harlem, the Bowery, Chinatown, Times Square, St. Patrick's Cathedral, Greenwich Village, Madison Square Garden, Radio City, the Tomb, Brooklyn Bridge, the Statue of Liberty, the Little Church around the Corner, and Broadway.

I saw five stage shows and watched the Yankees lose a double-header—a glorious experience.

Yes, I took in the town—and conducted my own tour. The procedure, effective in smaller cities, worked well. That procedure is to take one of the sight-seeing trips so as to get your directions and a knowledge of the city and thus be able to return to scenes that appeal to you for a more leisurely visit.

I never once got lost; even

Water Sports Can Be Dangerous

COLLEGE STATION — Texans own a lot of pleasure boats—256,000 in 1957—and their interest in water sports continues to increase, reports Ed Cooper, extension wildlife specialist. Each year about 10,000 new fishing licenses are bought by fishermen in the State and crowds continue to grow at popular lake, river and seashore spots.

But, warns Cooper, fun and enjoyment can end in disaster as it did last year for 293 Texans who were drowning victims. This needless loss of life can be prevented, points out the specialist, if water sport participants would only observe the rules of water safety.

Learn to swim. It is a good sport and may save your life. But Cooper advises swimming with another person and in a safe place. Know the area where you intend to swim and before diving make sure the water is deep enough and that no hidden objects such as submerged rocks are present.

Respect the water and don't try to perform beyond your own limitations. Water can be a deadly enemy or a friend. Try to remain calm should you experience trouble while in the water, says Cooper. Don't swim immediately after eating or when overheated or tired and always keep safety equipment available, he cautions.

It is wise to wear a life vest when riding in a small boat. Should you be involved in a boating accident, don't leave the boat. Most small crafts will float even when filled with water or overturned.

Finally Cooper advises against overpowered boats. Motors too powerful make a boat hard to control and may cause upsets or other accidents.

A NEW RECORD—MAYBE—Herb Elliott, Australia's miler, gets kissed by Evelyn Pohl, "Queen of the Meet," after he cracked the recognized mark for the mile with a clocking of 3:57.8. The record is 3:58, by another Australian, John Landy. It is expected that Elliott may have some trouble getting recognition because the times are counted by fifths of a second instead of tenths. Counting by fifths, Elliott's mark would be the same as Landy's—3:58. The AAU meet was at Bakersfield, Calif.

A Mustang man was released from jail, upon paying a \$35 fine for being drunk in a car. He was arrested at 3:20 a.m. Monday.

A Midland and an Odessa driver were given tickets for speeding, here, early Monday morning. A Waxahachie man posted a \$10 bond, upon receiving a ticket for speeding, and a Grandfalls driver also posted a bond for driving without a license.

No serious accidents occurred in the county over the weekend.

Why Can't Johnny Read? TEN MILLION YOUTHS HAVE TROUBLE SEEING PROPERLY

By Arthur Edson
WASHINGTON — If Johnny can't read, it may be because he can't really see what he's supposed to be reading.

Ten million youngsters in school today have vision problems, and Dr. Lois B. Bing of Cleveland thinks half of these will stumble along without anyone ever detecting their handicaps.

The American Optometric Assn. has been holding its 61st annual congress here, and Dr. Bing has been around preaching her favorite doctrine.

It's up to everyone—parents, teachers and the community—to make sure that youngsters have a seeing chance at the printed word, she says.

The difficulty is that, although we use our eyes constantly, few of us know much about them. We figure that if the customary letter chart is held up in front of a youngster, and he reads it first with one eye and then with the other, he is seeing splendidly.

"Yet school achievement," Dr. Bing says, "requires clear, comfortable and efficient vision at 15 inches, not 20 feet."

Many who pass the 20-foot Snellen letter test—that is still the one given at most schools—fall miserably at close range.

"We were born without the ability to use our eyes together. Many children who can see perfectly well when tested one eye at a time have trouble focusing when using both eyes," Dr. Bing says.

What with one thing and another, the result is gloomy. At least half those who fail in reading have vision handicaps.

Fortunately, the problem can be solved.

Dr. Bing thinks that parent-teacher groups can be taught to screen youngsters and find those who are not nearly enough in being done.

who may be having trouble. Teachers can be alert to spot those who may be in difficulty—and to help those whose eyes are not perfect.

"There's no reason," Dr. Bing says, "why a youngster who is near-sighted should sit at the back of the room simply because he happens to be good."

Although some communities have programs to keep an eye on eye problems, Dr. Bing is convinced that not nearly enough is being done.

Miss Patricia Gallagher spent the holidays with her parents, Mr. and Mrs. C. D. Gallagher. She is a student at St. Joseph's School of Nursing in Fort Worth.

"Many industries long ago realized," she says, "that it pays, in dollars and cents, to make sure their workers see properly. It burns me up that we can't do as much for our children."

One final statistic which causes little joy except maybe to the nation's 21,000 optometrists and those in allied work: Sixty per cent of all adults in this eye straining nation wear glasses.

Happy bifocals to you, sir and madam.

Rising Star Track Star Signs ACC Agreement

ABILENE—(Spl.) — Two Texans and two Californians have signed track athletic agreements with Abilene Christian College.

The announcement comes on the heels of Coach Oliver Jackson's decision to stay at ACC though sought by Texas A & M. The quarter he has just signed up includes half-mile Thaddeus Crooks of Hooks, and sprinters Robert Needham of Rising Star, Jim Garner of Turlock, Calif., and Earl Young, San Francisco, Calif.

The top high school sprinter in Northern California this spring, Garner clocked a 9.8 century and 21.7 for the 220.

Only 17 year old and standing 6-3, Young ran the 100 in 10.6, the 220 in 21.6 and the open 440 in 49.5.

Needham breezed to a 9.7 this spring and ran on the Rising Star relay team.

Crooks ran the half mile in 1:59.0 and also competed in the 440.

Can your home pass this HOUSEPOWER test?

Do your lights dim when major appliances start up? YES NO

Do you have to replace "blown" fuses frequently? YES NO

Do your electric toaster and iron take too long to heat up? YES NO

Do you have to unplug one appliance to plug in another? YES NO

IF YOU CHECKED "YES" one or more times, it's an indication of low HOUSEPOWER. You may need larger wire, additional circuits and more outlets to get the most efficient and convenient service from your electrical appliances.

You see, home wiring designed for the appliances used by the average family only a few years ago may be inadequate for the many additional electrical conveniences you enjoy today. As a result, lights may dim, appliances may operate sluggishly and fuses may blow frequently due to overloads. These symptoms are usually most noticeable during hot weather, when electricity does so many more jobs for you.

Your electrical contractor will gladly check the wiring in your home and suggest the additional wiring you may need. Call him about it today. Live Better Electrically with full HOUSEPOWER.
