DR. THEODORE NICKSICK, JR.
President

Dr. Nicksick, formerly Director of the Presbyterian Guidance Center and Professor of Psychology at Austin College, Sherman, is the president of Ranger College.

He did his undergraduate work at West Virginia University and Texas Wesleyan College, and he received the Master of Health, Physical Education and Recreation and the Doctor of Education degrees from North Texas State College. Dr. Nicksick is instructor in education and psychology at North Texas State College from 1951 to 1957, and he served as Associate Dean of Students in 1957-58 at Austin College.

Newnam Dance School to Open September 15

The Newnam School of the Dance will begin fall classes Tuesday, Sept. 15. Registration will be held on Wednesday, Sept. 9 at the American Legion Hall in Ranger from 3 p.m. to 5:30 p.m.

All old and new pupils are asked to please register at this time, as class placement must be made as soon after Sept. 9, as possible.

Mrs. Morris Newnam will again offer a pre-school morning class in tap, toe ballet and acrobatic for the kindergarten age child.

Classes for first through fifth grades are available, for beginners and intermediate students in tap, ballet, theory and technique, and modern jazz.

Mrs. Newnam will this year also offer a beginner course in ballet for fifth through eighth grades, to meet once each week.

Parents are asked to contact Mrs. Newnam at 544, Ranger after Sept. 9, for information concerning future classes, if unable to make the registration period on Sept. 9.

HAROLD W. LITTLE
Dean

Little is the new Business Manager and Dean of Ranger College. He will also serve as Chairman of the Business Administration Department.

He is a graduate of North Texas State College of Denton, where he received both his B. B. A. and M. B. E. degrees, and he has also completed some doctoral study at North Texas.

He is a member of Pi Omega Pi, Delta Pi Epsilon, United Business Education Association, Texas Association of College Teachers, and the Mountain-Plains Business Education Association.

Prior to coming to Ranger College, Little taught in the Business Department of Blinn College, of A & I College, and of Laredo Community College. He will instruct courses in typing, office machines, and bookkeeping.

Bulldogs Open Against Rotan There Friday

The Ranger Bulldogs will get their first test under fire Friday night when they journey to Rotan to take on the Rotan "Yellowhammers".

This will be the first encounter between the two teams. Ranger played Gatesville in the opener last year, but after that schedule ran out they scheduled Rotan in their place.

Rotan is reported to be a strong team in class A, returning 10 starters from last year's squad.

The Bulldogs will go into the game as the underdog due to the more experienced Rotan players. They will have very slight weight advantage in the line and will be four pounds outweighed in the backfield. The Rotan backfield will average 154.2 and the Bulldogs will average 153.2. The Bulldog line will average 165, while the Rotan line will average 158 per man.

Other teams in the TAA District will be the Eastland Mavericks at Hamlin, Ballinger at Brady, Coleman at Anson, Cisco at Dublin and Winters will entertain Crane Friday night.

Final Rites For Charles I. Wolford Saturday, 4 p. m.

Charles Ira Wolford, 65, passed away at 2:15 a.m. Thursday in Ranger General Hospital.

Mr. Wolford, son of H. I. and Eleanor Phillips Wolford, was born in McKinney October 4, 1893. He was married to Betty Davenport on December 24, 1935. He had been a resident of Ranger for 33 years.

He was a retired employee of the Lone Star Gas Company, and a veteran of World War I. He was a member of the First Methodist Church and the American Legion.

Funeral services will be at 4 p.m. Saturday, September 5 in the First Methodist Church in Ranger, with the Rev. Lively Brown, pastor, officiating.

Burial will be in the Evergreen Cemetery, with the Killingsworth Funeral Home in charge of arrangements.

Survivors include wife, Betty; daughter Mrs. Noel Kim of Abilene, and son Charles David, living at home.

Five brothers, Albert M. Wolford, Earl Y. Wolford, G. F. Wolford, and W. P. Wolford of McKinney, and K. D. Wolford of Bonham, and one sister, Mrs. F. Roy Ball of Shreveport, La., two grandchildren, Vicki Ann Kim and David Noel Kim.

Pallbearers will be Gene Bagwell, Bill Stuart, John Haganan, Jerry Cantrell, Lee King, Paul Hinds, Jerry Price, Jerry Basham, Walter Blackwell, Boone Yarbrough and O. C. Warden, and all members of the past and present Ranger High School football teams.

Mrs. Hamrick is also Director of the Ranger Evening Division and Director of the Summer School.

High Winds Hit Lake Leon Tues.

Winds estimated at about 80 miles an hour hit Lake Leon late Tuesday.

For about 20 minutes, wind of tornado velocity, tore at the cabins and boat docks on sections of Lake Leon.

Ed Richardson, lake warden, reported that there was no evidence of any boats being sunk in the wind storm.

The wind tore about half of the roof off of the Charlie Rose house which is under construction. Boat docks belonging to Jim Townsend and Morris Newnam were reported to have been broken loose from their moorings.

All reported damage seemed to be on the north bank of Lake Leon.

MRS. NINA IKELER
Registrar

Mrs. Ikeler is Acting Registrar of Ranger College. Coming to Ranger from Anson, the Ikeler's have been living here for six months. Mr. Ikeler is shop foreman of the American Aggregate Company.

The Ikeler's have two married sons, Larry, who lives in Hamlin, and Gary, who lives in Rankin.

Rangers Begin Grid Workouts

Workouts started Tuesday morning before breakfast for the 37 prospective Rangers.

They received their equipment Monday and took the practice field early Tuesday to start toughening up for the coming season.

Calisthenics, running and formation drills is the call of the day in the early workouts. They are holding four workouts a day in order to try to get into shape in the short time before season play, which starts Sept. 12 against Paris.

Coach Jim Puryear said that they would probably drop to two workouts a day when they start scrimmaging.

Eleven lettermen from last year's squad showed up for practice, plus six returning from spring training, giving a total of 17 boys with college experience. Returning lettermen are: Jimmy Brock, quarterback; R. E. Doggan, fullback; Jack Waggoner, quarterback; Wayne Gravely, center; Jerry Blakely, halfback; James Hoskinson, guard; Jesse Prestridge, tackle; Dean Faulkenberry, end; Wayne Cromer, end; James Stanford, guard; and Jimmy Knick-enbocker, halfback. The six men

Ralph Yarborough Report

Forty-four is a critical age for American workers today.

Once a man or woman passes that age many businesses and industries consider him or her "too old" and will not hire them.

This is a terrific waste of manpower and brain power and the situation grows worse as the person grows older.

Because of compulsory retirement policies, many people are forced out of jobs in which they have long experience. And, to add to the tragedy, people 20 years younger than the usual retirement age often find they cannot change jobs because many companies consider 44 a hiring cutoff age.

At the beginning of this year, 1.2 million workers past 44 were unemployed. And 30 per cent of the companies questioned in a recent survey admitted they have a policy of not hiring a worker who is past 44 years of age. The Labor Department ran another survey and in 70 per cent of the cities considered, more than half the jobs listed were employment agencies set an age ceiling on hiring.

People need the assurance they can change jobs, or — if retired — find other employment to help them remain useful citizens and to earn money to pay for necessities. We have done a great deal to assist our retired people — helping them obtain medical assistance and other types of aid — but we need to do more to help them help themselves. One way we can do this is to assure that age will not be a major factor in consideration of an individual for a job.

For this reason, I am co-sponsoring a proposal which would prohibit discrimination because of age against a person applying for a job with any company which holds government contracts. The measure is now being studied by a Senate Committee.

Older workers have statistically proven records of high production, good attendance and other assets. Men and women who are 40 years of age and older have a great deal of ability and experience to offer our nation. It is a tragic and ridiculous to blindly refuse to use this great national resource of people past 44 years of age.

CONSTIPATED? Medical reports show how folks over 35 can establish regularity

After 35, irregularity often becomes a problem. What you need is something that aids nature and helps establish regularity. Such an aid to regularity is the daily use of SERUTAN. Here's medical evidence: A group of men and women took SERUTAN daily under medical supervision. In one after case SERUTAN, taken daily, helped establish regularity. So, for real relief from constipation after 35, try SERUTAN, powder or granules.

N-A-T-O
 4 letters
 that spell peace

What is NATO? It stands for North Atlantic Treaty Organization, an alliance of 15 free nations, including the United States, which have banded together to protect themselves against aggression. These nations are Belgium, Canada, Denmark, France, Germany, Greece, Iceland, Italy, Luxembourg, Netherlands, Norway, Portugal, Turkey, the United Kingdom and the United States.

What is its purpose? Primarily, NATO is a military alliance, but its great purpose is peace, not war. The 15 members of NATO have pledged that they will regard an attack upon any one of them as an attack upon all. They have also pledged to work together politically and to increase their ability to defend themselves by self-help and mutual aid.

How does NATO function? Each of the 15 member nations is represented in important discussions held regularly. Their main function is to defend a line which stretches from the Aleutians to the Middle East. A line which is manned by Greek patrol boats, Norwegian ski troops, French engineers, Canadian jet pilots—strength to which every NATO country contributes.

What has it accomplished? Before NATO Russia had seized country after country—enslaved 90 million people. The Soviets threatened to engulf the whole of Europe . . . ultimately to dominate the world. Since NATO not an inch of territory has been lost in the Atlantic area. And by sharing our obligations this 10-year watch has cost us less than a few months of the cost of World War II.

What is its future? So long as there remains a threat to liberty, NATO has a job to do. Slowly a strong shield of freedom has emerged. Secure behind this shield, the peoples of the Atlantic community are working together toward greater political, economic and social well-being.

NATO needs your support.

New challenges face NATO every day. It can meet them and grow even stronger . . . but only if all NATO nations continue to work together in that spirit of co-operation that first made NATO possible. NATO deserves your support to this end. For the full story on NATO write for the free booklet. Write:

Starting to school is a big event in every child's life, and the experience will be a happy one, if your youngster is physically, mentally and emotionally ready for it.

Children should not be entered in school unless they can meet certain practical tests to show they are ready: First of all, a child needs to know his own name and address well enough to repeat to others if necessary.

Physically, he needs to be fairly independent and well-trained. He should be able to dress and undress himself, take care of toilet needs, and eat wholesome food without assistance. If he is able to run, climb and use his hands easily in simple construction a n d

play, he will be more at ease with others. Check on his intellectual readiness. . . He should talk readily using sentences, understand and carry out simple directions, . . . show a healthy curiosity and desire to experiment. It will help if he knows the names and uses of the common objects in his environment.

Health check-ups are very important. Be sure to include eye, ear, nose and throat examinations and dental check. Plan for the necessary vaccinations and immunizations. . . Build up general health with lots of rest and nourishing foods during the remainder of the summer.

School will mean a new social situation. He will be happier if he has learned to play with other children, respect their possessions and assumes some responsibility for his own belongings.

The emotional adjustment is difficult for a child who is still very dependent on others, shows marked fears, temper outbursts or moodiness. If he looks forward to school as a happy experience, and has learned to stay contentedly in another home or school for limited periods, he is ready to go. Check safety training, too. . . Make certain your child knows the danger of passing autos, and how to walk safely on the streets or highways. He needs to realize the danger of sharp instruments, matches, electricity and machinery in motion.

Only a few weeks to go before school starts. . . Have your beginner get off to a happy start.

MISS DELORES FOSTER . . . to wed

Miss Delores Foster to Become Bride of Don Underwood Oct. 10

Lacasa Lines
By Mrs. D. B. Raney

Mr. and Mrs. Dick Foster of Gorman have announced the engagement and approaching marriage of their daughter, Delores, to Don Underwood, son of Mr. and Mrs. Henry Underwood of Gorman.

The couple will be married at 6 p.m. Oct. 10 in the Gorman Church of Christ. The double ring ceremony will be performed by Milton Underwood, minister of the Carson Church of Christ and also brother of the prospective groom. Delores would have been a junior in the Gorman High School this year. She was very active in basketball and was Drum Major of the Panther Band.

Don is a 1959 graduate of Carson High School and is now employed by the Coca-Cola Bottling Company in Abilene.

All friends and relatives are invited to attend the wedding and the reception which will follow immediately at the home of the future bride's parents.

Shrinks Hemorrhoids Without Surgery
Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "I feel as though I have been cured!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters—money back guarantee.

Times Are Changing Fast—
and so are governments, economic conditions, ways of life and even human nature itself. Likewise revolutionary changes have taken place in the field of land titles. Not so long ago title chains were short and simple but today the records in this county are voluminous and the changing times have wrought havoc to many titles. The abstract is about the only answer. Do you have one?
