

As I See Ranger

By GENE TOWNSEND

Herman Culp tells of a deer story that almost wasn't a story at all. Herman, Dr. Gohlke and Garland Greenlee had planned to leave for a days hunting not later than 5:15 a.m. Thanksgiving morning. At 6:10 a.m., Herman, who arose at 4 a.m. to prepare for the trip, decided that something must have happened to his two associates. Upon calling their homes he found that something had happened, they had failed to wake up. Although delayed, they finally got off on their trip.

We are afraid Texas Republicans are going to be mighty disappointed with their election protest. The GOP is basing the protest on the fact that many ballots were not counted. They maintain that in some counties ballots were counted even when the voter failed to mark out the two minority parties, thus actually voting for three slates for president and vice-president.

We agree this is unfortunate, but the Republicans are going to find, we predict, that if the law is followed they will lose more votes, not gain ones. For it is plain to see that an election judge cannot allow a vote to stand when it is not clear who the voter was for, just who he was against.

A few days ago Ed Willingham came to work with several shined places on his hands. When asked what had happened, he reluctantly answered, "a fish bit me." It seems that while trying to land a ten and three-quarter pound yellow catfish that he had hooked on a trot line, Ed had put his hand into the fish's mouth. He remarked later that he had found a sure way to land a big fish. He said that if you put your hand into one's mouth, there is no trouble landing him. He won't turn loose.

Studying the 24-page Texas Farm Bureau policies and recommendations we noticed a few things of interest concerning our area, including:

- (1) We commend the peanut industry for the recent enactment of a voluntary program for promotional and research activities for improvement of the commodity, and pledge our support to the success of this program.
(2) We believe that the farm-to-market road program has as yet not been completed, and therefore recommend that no changes be made in the present system of allocation of funds for farm-to-market road construction and improvement.
(3) We favor local control of public schools, especially regarding financing and curriculum.

Area Automobile Dealers to Meet in Abilene

Texas Automotive Dealers Association President F. D. "Bud" Mitchell and Executive Vice President H. C. Pittman will be featured speakers at a dinner meeting of all factory-authorized new car dealers in this area at the Country Club in Abilene on Wednesday evening, Dec. 7 at 6 p.m.

Horace Holly, TADA Director of Abilene, in announcing the meeting stated Pittman's talk will be titled "How Far Is It to Austin?" A former Executive Assistant Attorney General and Chairman of the Texas Industrial Accident Board, Pittman will report on tax trends of the forthcoming Texas Legislative session as well as the status of car dealers under the Federal Wage and Hour Law. A well known entertaining after-dinner speaker, he joined TADA last June.

President Mitchell, of Waco, is the first son of a former TADA President to become President. He was elected to head the statewide organization of authorized new car dealers at their annual convention in Corpus Christi last May. He will report on progress of the 1200 member association under his leadership and will introduce Pittman.

Flower Show Friday, Dec. 2

"Holiday Interpretations" is the theme of the Ranger Garden Club's annual flower show to be held in the Community Club House Friday, December 2, from 2 to 5 p.m.

Commissioners Have Routine Meet Monday

Eastland County Commissioners had a brief meeting Monday and discussed the county hospital, radio and telephones.

Bill Herrington of the Ranger General Hospital board of directors again met with the group to point out needs of the hospital. Commissioners agreed to study the needs.

Eastland Junior High Makes Clean Sweep

The Eastland Junior High basketball team made a clean sweep of the Ranger Junior High teams Monday night as they defeated the seventh grade 12 to 10 and the eighth grade 35 to 14.

In the seventh grade game the Eastland team took the lead early in the second quarter and held on to a two point lead throughout the game.

Stores to Close Monday Following Christmas Sunday

Mrs. May Belle Oyler of the Retail Merchants Association announced today that most of the business in Ranger would be closed Monday December 26, following Christmas day and on Monday January 2 following New Years Day.

J.W. Ratliff Attends St. Louis Meeting

James Ratliff, local Purina Dealer, has just returned from St. Louis where he attended the big

JAMES RATLIFF

to sell in the bazaar. The club has over 60 active members and approximately 30 associate members and each member and associate member is urged to place an exhibit in either the Horticulture or Artistic Class or both if possible.

Entries must be made with the class chairman not later than 5 p.m. Thursday. Mrs. David Allsup and Mrs. L. L. Bruce are entries chairman of the Artistic Division and Mrs. W. A. Lewis and Mrs. Robert Jackson are entries chairman of the Horticulture Division.

Ranger merchants are donating gifts to be awarded as door prizes for the Show.

The Garden Club is entering a float in the Christmas Parade which is to be held at 3 p.m. Friday.

Lone Star Gas Co. Announces Pay Increase

Employees of Lone Star Gas Company and Lone Star Producing Company will receive a 5 percent pay increase effective December 1.

In making the announcement, Lone Star President L. T. Potter said the increase represents a direct additional payroll cost of \$1,200,000 annually.

He noted that the pay hike applies to almost all regular and full-time employees. The two companies employ about 6,000 people in Texas, Oklahoma and other neighboring states.

The Lone Star head said individual and collective work performances by Lone Star people was a major factor in the decision to authorize the pay rate adjustment.

Mr. Potter pointed out a portion of the employees are represented by a union and the increase in such cases cannot become effective until accepted by the union.

Lone Star Gas Company is laying an additional 47 miles of natural gas gathering pipe lines in the West Central Texas counties of Palo Pinto, Erath and Stephens.

The extended gathering system provides a market outlet for some 37 recently completed wells in the three counties, a Lone Star official said. The additional gas will be transported to the Dallas-Fort Worth area, he reported.

Cost of the new gathering lines is estimated to be in excess of \$750,000, it was noted. The new pipe lines are being laid as a result of several recently negotiated gas purchase contracts covering more than 200,000 acres in the three counties. Development of this acreage is continuing and is expected to accelerate during the next two years, the Lone Star official said.

The additional gas will be transported through Lone Star's previously announced 52-mile, 18-inch transmission pipe line scheduled for construction from Springtown to Gordon early next year.

Ratlon Purina Company Western Regional Dealer Convention in famous Checkerboard Square. During the meeting Ratliff had the opportunity to hear Purina's top executives discuss the changes in the feed industry in the decade of the 60's.

There were Purina Dealers from thirteen states at this convention. It gave Ratliff an opportunity to meet with feed dealers all across the western United States.

During the convention the group visited the new research facilities both in St. Louis and at their research farm in Grey Summit.

There were approximately 800 Purina Dealers in attendance and Ratliff flew by chartered plane with a group of Purina Dealers from the North Texas Division.

G. L. James, Western Region Sales Manager and Joe B. Scott of Ranger, Sales Manager of the North Texas Division were hosts for the meeting.

'NO HANDS' FLIGHT—Two new supersonic F-105 Air Force jets, above, are shown as they flew from Florida to California under robot control. The 1,400-mile-an-hour fighters bombers flew each of the two 1,600-mile legs in 3 1/2 hours, their pilots handling the controls only during take-off and landings. The nuclear bomb-carrying F-105s have been described as "a reusable guided missile" capable of striking a target anywhere in the world in a matter of hours.

Architectural Publication Boosts Featherlite Corp.

This month's issue of the Texas Architect, a publication by The Texas Society of Architects, is boosting the concrete building materials industry, and one of the industries is the Featherlite Corporation of Ranger.

The publication has a full page advertisement about the Featherlite aggregate plants which are located in Ranger, Aransas, and general offices in Austin. Also a two page advertisement on the Texas Concrete Block company which makes building materials from the aggregate produced by the Ranger plant.

Along with the advertisements is an article telling of the world's largest capacity plant which is located at Ranger.

The Featherlite corporation of Ranger recently installed two large 150 foot long by 10-foot in diameter rotary kilns which doubled the existing capacity of the largest producing plant in Texas and made it the largest capacity plant to produce expanded shale aggregate.

These large kilns have already proven a wise investment in improving quality of the aggregate. The raw shale is heated over a longer period, rolls and tumbles longer in the high heat zone, forming a coat that seals the outer surface and expanding to a lighter material. Laboratory and field research is being carried on at the present time, and when completed, new reliable literature will be reissued to Architects and Engineers.

Preliminary results indicate a material more in line with natural sand and stone behavior. Modern architecture has been ever alert to improvements in concrete and concrete products, and Featherlite, in keeping pace, has become the leading supplier of lightweight aggregate used for prestressed concrete, concrete and ready mixed concrete.

Aggregate from Ranger is used in various designs in concrete strengths. These concretes have a multitude of uses such as insulating roof fill, sound insulating fill, and high modulus, low shrinking, low creep structural concrete.

New uses for the loose aggregate are: built up roofs as surface material, valuable for added insulation, lightness and distinctive coloring; and loose fill for architectural landscaping, where color and moisture retention are desirable; and loose fill in masonry walls, filling the cores, increasing insulation and fire resistance.

The addition of the new kilns in the Ranger plant is the greatest improvement in the manufacture of lightweight aggregate since the installation of the first rotary kilns to make lightweight aggregate by the Featherlite Corporation, Texas' oldest and largest producer of quality lightweight aggregate.

The huge volume of aggregate shipped from the Ranger plant is contributing factor to Ranger being the largest railroad shipping centers between Fort Worth and Abilene.

Bulldogs Play In Comanche Tuesday Night

The Ranger Bulldogs basketball team will travel to Comanche tonight to play their second game of the season.

There will be an "A" and "B" team game, with the first game getting underway at 6:30 p.m.

The Ranger boys won their opening game against Eastland 34 to 30 last week. Comanche has also defeated Eastland, 45 to 29.

Annual Scout Banquet Is Set For Tonight

A large crowd of adult scouters are expected for the Annual Northeast District Scout Banquet, honoring the men and women that work in the scouting program, which is to be held in the National Guard Armory in Ranger at 7:30 p.m. tonight.

Bobby Morrow, famous Abilene Christian College and Olympic Games track star will be the inspirational speaker.

Also on the program will be Indian Dances performed by members of Troop 10 of Ranger, which attended the National Jamboree this past summer. They are Ray Newham, Craig Loper, John Hopper, Jimmy Ratliff, Tommy Lenzina, Larry Wilhelm and Jimmy Dreesman. Troop 15 of Ranger will conduct the opening and closing ceremony. Scouts conducting the ceremony will be Eddy Houston, Tommy Brasher and Jimmy Watkins.

The occasion will be honoring Don Mothers, Cub Masters, Scout Masters, and Explorer Advisors who give leadership to over 1000 boys in the four-county district.

Recognition will be given leaders whose Parks, Troops and Posts have qualified in the Roundup Program (new membership drive).

Pecan Entries Can be Given to County Agent

Pecan growers from adjoining counties are invited and urged to bring or send entries to the eighth annual Eastland County Pecan Show, Cisco, December 14th and 15th according to Sam Kimmel, president of the Cisco Chamber of Commerce whose organization is cooperating with the county pecan growers in sponsoring the annual affair.

The show will be held in the Rawson Building, same site as the 1959 show, it was said.

A quart of pecans constitutes an entry according to Hank Sims, Eastland, president of the growers group. Entries must be in by 9 A.M. on the 14th. They may be left at either the Cisco or the Ranger Chambers of Commerce office in those two towns or in the county agents office in Eastland prior to this date however.

Nuts entered must have been grown in 1960 by the person exhibiting them. All first place entries will be sent to A&M College for the state show. Growers are limited to one entry each of the improved or papershell varieties but there is no limit on the number of native seedling entries he may show.

H. G. Hancock, Horticulturist from the A&M College Extension Service will again head a judging team that will begin work on the large number of entries expected, shortly after noon on the 14th of December. Completion of the judging will likely not be until mid-afternoon on the 15th. The show has been rated as the largest in the state.

Varieties of nuts with less than three entries will be judged and ribbons and cash premiums awarded. Those with three or more entries will receive both cash and ribbons. Those wishing a copy of the rules and regulations may obtain one from Ben McKinley, Secretary - Treasurer, Eastland County Pecan Growers Association, Eastland, Texas.

There will be more entries of the Burkett than any other variety of nuts it was explained.

D. D. Foster, whose house was destroyed by fire recently, asked that we extend to the people of Ranger his thanks and appreciation for their kindness.

Social Security Representative Here Dec. 14

Social Security benefits may now be paid to survivors of workers who died before January 1, 1940, if the worker had at least a year and a half of social security work after January 1, 1937, when he died, says H. W. Weatherly, Field Representative for this county for the Social Security Administration.

Before the social security amendments of 1960, no monthly benefits were payable to the survivors of a worker who died before 1940.

Under the new law, if a worker had social security credit for at least a year and a half, benefits may now be payable to his widow (and dependent mother if over 62 or older, to his dependent father at age 65, and to his disabled children if they became disabled before they reached age 18. This is true even if the family had collected the "lump sum" at the time the family breadwinner died.

For further information regarding this new provision, get in touch with Weatherly when he is next in or near your community. He will be at Ranger on Wednesday, Dec. 14 at the City Hall at 10 a.m.

Banquet for R. C. Rangers December 16

The Ranger College football banquet is scheduled for Friday, December 16, 7:30 p.m. It will be held in the National Guard Armory, and the public is invited to attend in order that fans may become better acquainted with the Ranger College Rangers, who won the 1960 Texas Junior College Athletic Conference championship.

Guest speaker will be Coach Claude "Cheena" Gilstrap, Arlington State College. Coach Gilstrap has the reputation of being one of the most humorous after dinner speakers in the Southwest.

Tickets will be an eye-opening variety business houses in both Eastland and Ranger. In addition the Rangermen will be downtown this week selling tickets. Tickets are \$2.00 for single tickets or \$3.00 in pair.

Armed Bandit Gets \$130 Cash

A lone armed bandit walked into the Blackwell Gulf Service Station on Highway 80 in Ranger shortly after 1 a.m. Tuesday, pulled a gun out of a paper bag and relieved the station attendant of approximately \$130 in cash.

Frank Maupin, the station attendant, said that the bandit walked in and pulled the gun out of the paper bag and told him to put all the money into the bag. The bandit then asked for Maupin's billfold and Maupin asked him to leave him the papers and cards out of the billfold. The bandit looked into the billfold and seeing that there was only \$7 in it, tossed it back to Maupin and said, "you might need this for your family."

The bandit then took Maupin back to a storage room in the back of the station and tied him up with adhesive tape. Maupin freed himself in a few minutes but the bandit had made his escape before Maupin could get a look at the get-away-car.

Marvin Coleman Funeral Rites Held In Odessa

Funeral services for J. Marvin Coleman, 49, a former resident of Eastland and the brother of Mrs. Don Parier of Eastland, were held Friday at 4 p.m. in Odessa with burial in Dalhart.

Mr. Coleman, a printer for 30 years, was employed by The Odessa American at the time of his death. He was found dead at his home Tuesday.

Mr. Coleman was born Dec. 11, 1910 at Vernon and started his newspaper career when he was 20 years old with the Vernon Daily Record.

He previously was employed by Cornelius Printing Co. here and also worked for newspapers in Clovis, N. M., Borger, and Plainview.

Survivors include his wife; a son, Martin D. Coleman, who is serving with the Army in Japan; a daughter, Judith Coleman of Colorado Springs; two sisters, Mrs. Parker and Mrs. John Gilchrist of Oklahoma City; and two brothers, Irwin of Pittsburgh, Pa. and Floyd of Odessa.

Maupin gave a description of the bandit as five feet ten inches tall, weighing about 145 pounds, and wearing khaki trousers and a slouch hat. He had about a four-day growth beard.

Officers were notified within fifteen minutes of the holdup and a description was put on the police radio.

City Police, Constable Ralph Veal and Deputy Sheriff Johnny Boyd are working on the case but no clues have been located at the present time.

**BUY BETTER-THAN-EVER U.S. SAVINGS BONDS**

A new 50-star flag now flies over the capitol of 50 states—symbol of a new America that's bigger and stronger than ever before. And there's a better-than-ever U.S. Savings Bond, too, to help keep our new America strong.

Other advantages of U.S. Savings Bonds

- You can save automatically with the Payroll Savings Plan.
- You invest without risk under a U.S. Government guarantee.
- Your money can't be lost or stolen.
- You can get your money, with interest, anytime you want it.
- You save more than money—you're helping your Government pay for peace.

U.S. Savings Bonds are now better in two ways:

- They mature 14 months faster than before. In E Bonds \$18.75 now becomes \$25 in just 7 years, 9 months.
- They continue to earn interest after maturity. If you hold your bonds for 17 years, 9 months, you get \$1.93 back for \$1 you put in.

You save more than money with **U.S. Savings Bonds**

Buy them where you work or bank

The U.S. Government does not pay for this advertisement. The Treasury Department borrows for the purpose of financing the advertising.

## Around the Campus

**Sixty-Second Profiles**  
By Theodore Yap

Pat Schmidt's favorite pastimes are dancing and water skiing; her pet peeve is her mother-in-law's telling her how to dress; and her ambition is to be a good teacher.

Sonny Oates likes to sleep, play cards, and watch football games on T. V. He does not have a pet

peeve, and he wants to become a multi-millionaire.

Going out with girls is Marvin Agnew's favorite pastime; he can't think of anything that makes him mad; and he hasn't decided on his future profession.

Charles Pelsue and Bob Barbee like to go hunting and fishing. Barbee hates to have people banging around his room while he tries to study, where Pelsue hates to see people who try to be too smart. To become a lawyer is Barbee's ambition, and to be an advertising salesman is Pelsue's aim in life.

Rita Sipes' ambition is to live without breathing; she dislikes people who are two-faced. She likes to sleep.

Both Robert Halenck and Bud Bridges want to become coaches; but Bridges' favorite pastimes are eating and sleeping, whereas Halenck's is watching T. V. Bridges' pet aversion is Button Humphrey's singing across the hall from his room, and Halenck hates people's making noise after 11:00 at night in the dorm.

Mack Allen's favorite pastime is playing cards; he's pet peeve is noise in the dorm; and his ambition is to get out of college.

Delbert Jones enjoys singing with his guitar. He has no pet peeve. His ambition is to get out of Ranger College.

Knicky Arther's and Don Lambeth's favorite pastime is sleeping. Don's pet aversion is Fudge Richardson's waking him up at night and playing the guitar in his room. Knicky especially dislikes people's bothering him while he is asleep. To be a coach is Don's ambition; Knicky wants to set up a business of his own.

Dancing is Nancy Kelley's favorite pastime. Boys are her peeve, and to be a foreign correspondent is her ambition.

### HERE FOR THANKSGIVING

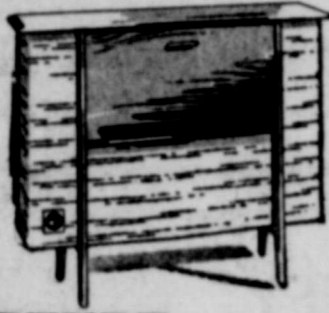

Thanksgiving visitors in the home of Mr. and Mrs. O. R. Erin were Mrs. Myrna Johnson of Killeen, Mr. and Mrs. Dean Ervin and family of Fort Worth, and Mr. and Mrs. Max Ervin of Houston.

CAMP CENTURY, GREENLAND—U. S. Army Engineers install a portable nuclear power plant in a power trench built in Army's camp under the snow. Left, a component of the plant is moved down the snow drive to the entrance of the power trench. Above, a construction unit of the Engineer Corps installs part of the nuclear reactor inside the trench. The nuclear plant will send electricity into Camp Century lines for power, heating and lighting. The plant will also produce steam for melting sub-surface snow for the camp's water supply.

### HERE FOR HOLIDAYS

Children and grandchildren spending the Thanksgiving holidays with Mrs. L. D. Tankersley were Mr. and Mrs. J. S. Bowels of Grand Prairie, Mr. and Mrs. E. E. Paschall and son of Fort Worth, Mr. and Mrs. C. M. Jackson of Frisco, Mr. and Mrs. Jimmy Merritt of Dallas, Mr. and Mrs. C. E. Jackson, Kim, Doug and Keva of Richardson, Mr. and Mrs. S. D. Paschall Sammy, Leba and Pamela of Jacksboro, and Mr. and Mrs. W. W. Caraway of Eastland.

There are many misconceptions about the durability of wood. Any wood exposed to conditions suitable for fungus growth will eventually decay. No wood will decay if it is adequately protected from fungus attack. However, some woods are more durable than others.

Wood cut from dead trees is just as durable as wood cut from living trees of the same species. Also, the season of year during which a tree is cut has no direct effect on its durability or other properties. Similarly, the geographical region from which a tree is obtained bears no relation to its decay resistance. It is the conditions of use which affect durability.

Some of the naturally durable wood species commonly grown in Texas include black locust, bois d'arc, catalpa, cedar, cypress and juniper. However, only the heartwood of these durable species resist fungus attack. When used in contact with the ground, even these woods may fail, since decay fungi eat away the sapwood in a short time. Thus, only the durable heartwood core remains for support and strength. On the other hand, the sapwood of all our construction species, when properly treated with approved preservatives, can effectively resist decay for at least 30 years.

## Space Program Mission Assigned To Air Reserve

The selection of 434th Troop Carrier Wing Air Force Reserve to augment Air Force Space Capsule Recovery Operations is the result of an Air Force decision to use the capabilities of its reserve forces in the space program.

The decision, previously announced by Dr. Joseph V. Charyk, Under Secretary of the Air Force, in a speech to the National Guard Association on October 11, listed three mission areas involved. They are: Space Capsule; Space Surveillance; and, Airlift Support of Missile Site Activities. The 434th Wing commanded by Brig Gen John O. Bradshaw, has its headquarters at Barksdale AFB, Ill. The Wing will continue in its present Troop Carrier role with a wartime assignment to Tactical Air Command and will have Capsule Recovery as an additional Mission.

Under present plans, each of the three squadrons which presently fly C-119 aircraft, will have three or four specially equipped C-119's to be used when the space program includes recovery of capsules over land masses. Aircraft for space capsule recovery will come from the 6594th Group in Hawaii. Remaining crews will be trained at the home stations of the Air Force Reserve Troop Carrier Squadrons.

The 6594th Recovery Control Group received world-wide recognition for its recovery of the Discoverer XIV Capsule on August

19 and the Discoverer XVII Capsule on November 14.

The 69th Troop Carrier Squadron located at the U. S. Naval Air Station (Hensley Field), commanded by Lt Col William J. Crandall, is equipped with C-119 aircraft.

How the local unit will fit into any new mission, such as the 434th Troop Carrier Wing has been assigned, cannot be ascertained at this time, Col Crandall announced. In view of the announced Air Force policy of deriving productive peacetime benefit from the training of its Air Reserve Forces, we look forward to any assignment in this or any other program.

## "Who Says You Need Costly Shots To Relieve 'Hot Flashes' And Irritation From Change-Of-Life?"

(Mrs. A. M., Watonga, Okla., adds, "Middle age was torture. Had costly shots 3 times a week but got no relief. Then took Pinkham's Tablets. They brought me new happiness, comfort!")

Science offers women new freedom from much of the misery of change-of-life, thanks to an amazing new tablet developed especially to relieve these functionally-caused discomforts. Doctors reported sensational results using this remarkable home treatment alone... and no costly injections!

Relief for 8 out of 10 Tested!

Irritability, tortured nerves were calmed. Dizziness relieved. Awful hot flashes subsided. Here's why. Unlike aspirin and such "general purpose" remedies, this new tablet is a unique combination of special medicines... acts directly on the cause of these troubles... works through a woman's sympathetic nervous system to relieve tense feelings and physical distress that bring unhappiness to so many. Clinical tests prove this.

Now this amazing formula is at drugstores without prescription. Ask for "Lidia Pinkham's Tablets". Don't let change-of-life rob you of joy! Get handy Pinkham's Tablets. Contain blood-building iron. See how fast you can feel your happy self again—without costly shots! (Also liquid Lidia E. Pinkham's Vegetable Compound.)

### Overton Stones Will Celebrate Golden Anniversary Sunday

An open house will be held Sunday from 2 to 5 p.m. in the home of Mr. and Mrs. Overton Stone, Carbon in occasion of the couple's 50th wedding anniversary. All friends are invited to call on them at this time.

Mr. and Mrs. Tom Ireland of Lubbock and Mr. and Mrs. J. C. Poe of Eastland will be hosts and hostesses. Mrs. Ireland and Mrs. Poe are daughters of the couple.

Mrs. Stone, the former Leila Bates, was born March 12, 1889 near Rockdale in Milan County. Her parents were Mr. and Mrs. James K. Bates.

Mr. Stone was born January 5, 1888 in the Jewel Community and is the son of Mr. and Mrs. F. M. Stone. Mr. Stone has lived in Eastland County all of his life.

The couple were married Nov. 27, 1910 at Rosebud in the home of her brother and sister-in-law, Mr. and Mrs. C. W. Bates, by the Rev. E. J. Wood. They left immediately following the ceremony for Carbon where they have made their home, except for a few years spent in the Western part of the county near Nimrod community.

They returned to Carbon in 1924 and entered the grocery business working at Carbon Trading

Mr. and Mrs. Overton Stone

Company. He left that place to form a partnership in a grocery store in 1947 and, together with his partner, operated the business until his retirement some six years ago. The Stones are members of the first Baptist Church.

Five children were born into this union, three of whom are still living. One son, Major James S. Stone, is serving with the Air Force in Japan and will be unable to attend the celebration. There are two granddaughters, Mrs. Ralph Green of Midland and Miss Janice Ireland of Lubbock, who will be present. The four grandsons are Rocky, Kenneth, Stoney and Mike Stone, who are with their parents in Japan. One great-granddaughter, Vicki Jo Green of Midland, will also be present.

The tea table will be covered with gold net over gold satin and centered with an arrangement of large bronze mums with gold 50's in them. Appointments will be in crystal and silver.

Members of the houseparty will be nieces, sisters and sisters-in-law of the couple. Registering guests in the gold guest book will be the granddaughters, Mrs. Ralph Green and Janice Ireland.

### Slacks Show Off In High Style For New Season

Although traditionally styled sports slacks are far and away the most popular for those leisure hours away from work, patterned wool slacks styled along casual lines stand out this fall as the most eye-catching.

More and more suburbanites with a yen for fashion are getting fitted with these fancy sport slacks, reports the wool bureau.

This fall, wool slacks have an authentic country look. Men in the suburbs are taking to them because they like the air of refinement about them, and that real wooly look that can be found only in all-wool slacks. Sporty, patterned and without gimmicks, they're in good taste.

For week-end living, there are bold plaids and neat small checks, window pane plaids and wool herringbones, in large district checks in twillweave, worsted, classic glen plaids, compound color worsted, shadow stripes, new all wool patterned trousers all good with blazers and solid color sport jackets.

These provide the right degree of contrast and color essential this year for a well-coordinated outfit.

No matter how fine the quality of a pair of slacks they cannot look well or wear well unless they fit properly. So it pays to be exacting when choosing slacks.

Here are some check points: Wool trousers should hang straight from the waist, showing no wrinkles in front or at the seat when the wearer stands up. Trouser cuffs should hang straight in the back and show a slight break over the instep in front.

Here's good news. Wool slacks now come with permanent-creases. Over one million pairs were sold last year. New technical developments keep trouser creases razor sharp, even in the rain. Whether you choose country slacks or continental slacks, just look inside for the permanent-crease label.

### Wed. Schedule Announced for First Baptist

Teacher-Officer training for the Sunday School Department of the First Baptist Church will be highlighted by a covered dish supper Wednesday night at 7 p.m. in the lower auditorium. The Extension Department will be in charge of serving. The supper and program is open to any one who wishes to participate.

A film strip, "Building a Sunday School" will be previewed by I. B. Bell, associate in charge of training.

Choir rehearsal will be at 6:30 p.m. and Lee Russell urges all of the choir members to be present to practice for the Christmas Music that will be presented Dec. 18th.

The pastor will bring the prayer meeting message.

"Many people have the prayer-meeting habit and are blessed by worshiping at the mid-week service," said Rev. Ralph E. Perkins.

**Thanksgiving Dinner Honors Mrs. J. H. Phelps**

Mrs. J. H. Phelps (Mamma Emma) celebrated her birthday with a Thanksgiving Dinner in her home at Carbon on Thursday.

Families attending were Mr. and Mrs. M. H. Byrd, Pfc. Jack Byrd, Mrs. Gerald Hooper, Jerry, Donna, Kathy and Steve, Mr. and Mrs. Bill Carlton, Billy and Brenda, Mr. and Mrs. Clyde Benton and Nancy, Mrs. Glynn Garrett and Teresa, Mr. and Mrs. Roy Thackerson and Rex, Mr. and Mrs. Bill Newcomb and Dianne, Mr. and Mrs. L. L. Murray, Dale Murray and Gary Dale, Mrs. Virginia Gwielick, R. L. Raymond, Emma Jane, Mrs. Jack Myers, Tony Allen, and Janet.

Mrs. Dru Richardson, Mrs. Virginia Phelps, Mr. and Mrs. D. G. Hogan, Danny, Kay, Elton, and Travis, Mrs. Pat Justice and Johnny Chris, Mr. and Mrs. Delbert Justice, Ernest Phelps, Mrs. Toby Drake, Ronnie Frank Phelps, Mrs. Lavelle Profax and Sammy, Mr. and Mrs. Charles Brooks, Lewis, Jackie, Danny, Cathy and Jane, Mr. and Mrs. Bill Hill, Mr. and Mrs. Frank Lassiter, Chuck and Sissie, Mrs. Don Simmons, Terry Don, Mrs. Winford Lindley and Kelley, Mr. and Mrs. Bud Fox, Elizabeth and Carol, and Lorena Phelps.

### W. T. Hagers Entertain with Dinner Thursday

Mr. and Mrs. W. T. Hager of Ranger entertained their family and friends with Thanksgiving Dinner in their home Thursday.

Those attending from Ranger were: Mr. and Mrs. Tom Hagar, Mr. and Mrs. W. O. Cox, Mrs. Reese Rodgers, Mr. and Mrs. J. C. Hagar, Mr. and Mrs. Loy Hagar and B. J. Cox.

Out of town guests were: Mrs. Fanny Hagar, Mr. and Mrs. W. E.

Cox and family and Mr. and Mrs. D. C. Hagar of Eastland; Mr. and Mrs. H. L. Smith and Dan, Miss Brenda Mates, Mr. and Mrs. C. B. McGough, all of Abilene; Mr. and Mrs. Dag Mace, and Mike, Mrs. Nell Green and children of Breckenridge, Mr. and Mrs. Bracke Andres and children of Fort Worth and Mr. and Mrs. James Cox of Dallas.

**HOLIDAY GUESTS**  
Mr. and Mrs. F. S. Pearsall had as their guests over the holidays, his mother and sister, Mrs. G. Pearsall and Mrs. Elsie Easterwood of Mineral Wells and Miss Ruth Hightower of Colorado City.
