

School Aid Plan Is Proposed By Blakley

PECAN LEADER—Frank Sims of Eastland was recently re-elected president of the Eastland County Pecan Growers Association. The association was the first group to sponsor a county pecan show in Texas. Now many counties have the show, fashioned after the Eastland County event. (Canaris Studio Photo)

Texas would gain \$100 million a year for its schools under a federal aid to education plan proposed by U.S. Senator William A. Blakley—and get it without new taxes. The Texas senator, who was appointed to an interim term starting in January, is working to provide needed aid without hamstringing public schools with restrictive federal controls. Blakley's plan, incorporated in a Senate bill he is sponsoring, would permit each state to receive five per cent of collected income taxes for educational purposes. The money would be administered by state and local school districts, not by Washington.

Blakley's school plan is attracting Washington attention as a possible alternative to direct-aid education bills. This is the second time Blakley has stirred unusual interest for a freshman senator. The first was his Jan. 9 speech strongly supporting the principle of continued "free speech" in the Senate as opposed to a rules change permitting debate to be cut off by a bare majority. Blakley contended that the Senate is one of the last, great deliberative bodies in the world in which minority opinion—as well as majority views—can be freely voiced. "It is not talk that threatens freedom," he said. "The threat comes from enforced silence."

The proposed rules change was averted by a four-vote margin. Blakley's speech was praised by Senator Russell of Georgia and other veteran members as one of the ablest heard on that subject in many years. Blakley is a freshman member of the 87th Congress but no newcomer. He served an interim term also in 1957, and his previous experience was recognized this session when he was appointed to two major Senate committees—the only such recognition accorded a new member. Appointed by Governor Price Daniel to the seat formerly occupied by Vice President Lyndon B. Johnson, Blakley is a candidate in the special senatorial election to be held in Texas April 4. He is a prominent lawyer, businessman and rancher and lives in Dallas.

Most Farmers Under Self-Employment Tax

Arthur E. Fogle Jr., Administrative Officer of Internal Revenue Service, Abilene, said today that most self-employed farmers and ranchers are now under the Federal social security law and must pay a self-employment tax. Rate of self-employment tax for the year 1960 is four and one-half per cent. This is in addition to any income tax payable.

Under Federal social security S. S. taxes are paid by employees and their employers, and a tax known as the self-employment tax must be paid by persons who are self-employed. These taxes are kept in special funds by the U. S. Treasury. They pay for old-age, survivors and disability benefits under the Federal S. S. program.

A self-employed person is one who operates his own business. Farmers and ranchers who operate a farm or ranch either on their own land or land rented from someone else, are self-employed. This holds even though they may employ someone else to do the work and do not live on the farm or ranch themselves.

The IRS representative reminded farmers and ranchers of this area that they must file a federal income tax return and pay any self-employment tax due, even though they owe no income tax. Normally, no self-employment tax is due unless net earnings from self-employment amount to \$400 or more for the year.

"Farmers and ranchers who have actual net earnings from the operation of their farms or ranches of less than \$400 may, under certain circumstances, elect to pay the self-employment tax placing themselves in line to receive benefits under the S. S. system."

Self-employment tax rules, together with tips relating to the federal income tax, are explained in the instruction booklet which farmers and ranchers will receive in the mail along with their blank forms. For those with unusual problems, copies of the official pamphlet, "Farmer's Tax Guide," may be had by contacting the IRS office at 961 N. Third St., Abilene.

Those needing help in preparing their income or self-employment returns may check with the local IRS office by telephone or in person. Taxpayers are urged, however, to fill out their own returns as far as possible "before" asking Internal Revenue help.

The IRS representative reminded farmers and ranchers that February 15 is the deadline for filing their income and self-employment tax returns if they do not file an estimated return on Jan. 16. If an estimated return was filed and the tax due paid on Jan. 16, farmers and ranchers have until April 17 to file their final return for the year 1960.

David Spindle Is Given Award for Driving Safely

A former Eastland citizen recently received the safe driver of the month award in Hobbs, N. M. He is David Michael Spindle, 17, son of Mr. and Mrs. M. L. Spindle. David attended Eastland schools before moving to Hobbs. He was presented the award by the Lea County Insurers Association.

A Hobbs police officer nominated him for the award after noticing his careful driving habits. Spindle's grandmother is Mrs. M. L. Spindle of Ranger.

Texas Traffic Deaths Down, Nation's Up

CHICAGO—The National Safety Council said today that traffic accidents in 1960 took the lives of 38,200 persons and caused 1,400,000 injuries disabling beyond the day of the accident. It was the highest traffic death toll since 1957, when 38,702 persons met death, the Council said. The 1959 traffic toll was 37,910 deaths and about the same number of disabling injuries as in 1960.

While the toll was rising 1 per cent from 1959, Americans in 1960 were setting a record-low rate of 5.3 deaths for every 100 million miles of motor vehicle travel. The mileage death rate in 1959 was 5.4.

A 2 per cent increase in travel in 1960 more than offset the 1 per cent rise in deaths, the Chicago-based safety organization pointed out. It said highway travel was a record 715 billion miles in 1960, as compared with 700 billion miles in 1959.

The cost of traffic accidents in 1960 was estimated by the National Safety Council at \$6.4 billion. Property damage from traffic accidents was \$2.15 billion. For December alone, the Council said 3,500 persons died in traffic accidents—down 5 per cent from the December 1959 figure of 3,707.

Of the 48 states reporting to the Council for December, 29 had fewer deaths than in December 1959. 17 showed increases and two reported no change. For all of 1960, 20 states had decreases:

Rhode Island	-36 percent
New Hampshire	-15 percent
Nebraska	-14 percent
Virginia	-11 percent
New Mexico	-11 percent
Montana	-10 percent
West Virginia	-10 percent
New York	-9 percent
Iowa	-9 percent
Kansas	-9 percent
Texas	-8 percent
Nevada	-8 percent
Oregon	-6 percent
North Dakota	-4 percent
Illinois	-3 percent
New Jersey	-2 percent
Maryland	-2 percent
Arkansas	-2 percent
Arizona	-1 percent
Wyoming	-1 percent

One hundred forty-nine of the 715 reporting cities had fewer traffic deaths in December 1960 than a year earlier, 449 stayed the same and 117 showed increases. For 12 months of 1960, 287 cities had decreases, 125 no change and 893 increases.

Of the cities with decreases at the end of 1960, there had populations of more than 200,000. In December, 500 cities had perfect records. The three largest were Fort Worth (356,300); Springfield, Mass. (174,500); and Nashville, Tenn. (170,900).

Debs Cake Walk Nets \$35.66 for March of Dimes

The Debs of Ranger College held their traditional March of Dimes sock hop and cake walk Monday, February 6. Despite the snow and bad weather, a large crowd attended. Music was provided by the Teddy Bears. Door prizes of a cake and cookies were won by Charles Peluse and Glen Clark, Ranger College students. The cake walk and cake auction, in which both students and teachers entered enthusiastically, brought total proceeds of the affair to \$35.66, all of which was turned over to the March of Dimes fund.

David Wharton Receives Second Letter at H-SU

The Hardin - Simmons University announced recently that David Wharton of Ranger was among the 22 varsity football players who received letters for the 1960 season. Wharton is a junior at Hardin Simmons and has earned his second letter on the varsity. He was a 1958 graduate of Ranger High School.

Ranger May Be On Economy Run Route in March

The 1961 Mobilgas Economy Run may pass through Ranger on its trip from Los Angeles to Chicago, March 11-16, announced G. J. Gregor, manager of Mobil Oil Company's Southwest Marketing Division.

The more than 2000 - mile course, longest in the 25-year history of the event, will take six days. Overnight stops will be in Tucson, Ariz.; Roswell, N.M.; Dallas, Tex.; Little Rock, Ark.; and St. Louis, Mo. Each day's course nap will be given drivers as they progress over the route.

The annual cross-country competition to test the mileage thriftiness of American-made passenger cars will boast a record field of at least 60 cars, said Gregor. Seven class winners will be determined on their actual miles-per-gallon scores.

Early entrant registrations indicate that compact cars will make up almost half the total field, according to Gregor. And for the first time in seven years, "stick shift" cars will again compete in the Run, in one compact class.

LONG WAY FROM HOME—The motor launch of the Santa Maria rides at her mooring in the harbor of St. Lucia, Windward Islands. Eight crew members of the Portuguese ship were put ashore in the craft after the liner was taken over by pirates who oppose Portugal's present government.

Nine Million Dollars to Be Spent by Gas Company

Lone Star Gas Company and its wholly-owned subsidiary, Lone Star Producing Company, plan to invest more than \$9.3-million in the West Texas area during 1961 to maintain and strengthen natural gas service.

This expenditure is part of a record \$32.6-million initial investment budget approved for Lone Star's service area during the year. The company now serves more than 857,000 residential, commercial and industrial natural gas customers in and around 462 cities, towns and communities in Texas and Southern Oklahoma.

Of the \$9.3-million expenditure planned for West Texas, some \$1.8 million will go for service lines, meters and regulators; extensions, fortifications and replacement of distribution mains; warehouse and office building improvements and numerous other service facilities.

This money will be applied in Lone Star's West Texas Region of Distribution consisting of some 100 towns and cities comprising the Abilene, Ballinger, Brownwood, Childress, Cisco, Colorado City, Eastland, San Angelo, Seymour, Snyder, Stamford, Sweetwater, Vernon and Wichita Falls districts.

About \$4.5-million will be spent on extension and replacement of transmission and gathering pipelines; construction of and additions to gasoline plants, compressor stations and dehydration plants. An estimated \$3-million of this money will be used on construction of a 52-mile 18-inch natural gas transmission pipeline, dehydration plant and compressor station in the West Texas area.

The new pipeline to run from Gordon to Springtown will increase capacity of Lone Star's transmission facilities by more than 100-million cubic feet of gas daily. The pipeline will link at Gordon to a 12-inch pipeline which terminates near the corner of

Abilene Firm Buys Accounting Business Here

The accounting business of O. G. Lanier, Certified Public Accountant, has been purchased by the Knight, Hart and Company, Certified Public Accountants, of Abilene.

The Company is owned and operated by Robert L. Hart, Darrell Knight and George McAulay. McAulay will be the resident partner and operate the Ranger business. He began the operation of the local office Wednesday morning, and plans to make his home in Ranger.

McAulay has a B. S. Degree from Abilene Christian College. He is married, is a member of the Lions Club and he and his wife are members of the Church of Christ.

Lanier announced that he would be working in the office with McAulay until the transfer is completed. He then plans to retire from the accounting business. He plans to remain and continue his real estate business in Ranger.

Lanier came to Ranger in 1923 as a school teacher and taught in the Ranger School system until 1933 when he opened his accounting business. The Company plans to retain the office personnel employed by Lanier. They are Mrs. T. C. Wylie and Mrs. John Wylie. Knight, Hart and Company are members of the Texas Society of Certified Public Accountants and the American Institute of Certified Public Accountants.

Scout Election Results Listed

Over 300 citizens turned out Tuesday night to vote for their candidates in the City-Wide Boy Scout election of officers to serve as city officials on Boy Scout day Saturday, February 11.

Scouts elected to serve in the city offices for Scout Day are: For Mayor, Mike Smith; for City Judge, Jimmy Drennan; for Justice of Peace, Craig Leper; for Constable, John Hopper; for Highway Patrol Sgt., Mike Landtrog; for Sheriff, Larry Wilhelm; for Fire Chief, Jimmy Ratliff; for Water Commissioner, Larry Blackwell; for Street Commissioner, Ray Newnham; for Police and Fire Commissioner, Jimmy Ross Crossley; for Finance Commissioner, Jerry Watson; for City Attorney, Tommy Johnson; and for City Manager, Jerry Bob Warden.

Election Judge D. C. Arterburn, announced that tabulation of the votes show the final results were very close in most of the races. For the day, all other Scouts of Troops 10 and 15 will act as city patrolmen. The members of Cub Scout Pack 34 will accompany the boys acting as city patrolmen.

The election was held in conjunction with the Scouts Court of Honor in which 39 boys received advancement badges and 74 Merit Badges were awarded. This was one of the largest Courts of Honor ever held in Ranger and a record number of people attended the Court.

Dr. Theodore Nickick delivered an inspirational speech to the audience as he challenged citizens as well as Scouts to take a look at the Scout Oath. He emphasized each point of the oath and charged each one to guide their daily living by the oath: "On my honor I will do my best to do my duty to God and my country, to obey the scout law, to help other people at all times, and to keep myself physically strong, mentally awake, and morally straight."

This was the second activity that the Ranger Scouts have participated in this 51st Anniversary week of the Boy Scouts. They attended church at the First Methodist Church last Sunday.

Other activities will include a window display, the Scout Day activities on Saturday and will be climaxed Sunday, Feb. 12 when they attend church at the First Baptist Church.

Retired Civil Employees to Choose Officers

Annual election of officers of the Eastland County Chapter of the National Association of Retired Civil Employees will be held at the First Baptist Church educational building Saturday at 8 p.m.

All members of the chapter were urged to attend by Eunice F. Gallagher, secretary-treasurer.

Earnings Limits Raised for Social Security Payees

Beginning last month many more beneficiaries who work will be able to be paid some of their social security benefits according to R. R. Tuley, Jr., district manager of the Abilene social security office.

As before, Tuley said, beneficiaries who earn \$1200 or less in a year still get all their social security checks for the year. But, beginning in 1961, a person earning between \$1200 and \$1500 in a year will have only \$1 in benefits withheld for each \$2 earned over \$1200. When earnings are more than \$1500 a year, \$1 in benefits will be withheld for each \$1 earnings go over \$1500.

Until now, earnings of even \$1 over \$1200 could cost the beneficiary not only his entire monthly benefit, as high as \$120, but also any benefits payable to his dependents.

To illustrate the new provision, Tuley cited the example of the 68 year old worker who receives social security benefits of \$150 a month for himself and his 66 year old wife. Beginning in 1961, this man could work all year, earn \$3100, and he and his wife will still get at least \$50 in benefits for the year. If he works all year, and earns \$2100, they can receive \$1050 in benefits, giving them an income from combined earnings and benefits of \$3150 a year. Under the former law, no checks would have been possible for them, except as mentioned next.

He also indicated that some people who applied for their benefits in years past may have overlooked certain provisions which have been in effect for some time. A beneficiary, regardless of his total earnings for the year, may receive his full benefit check for any month in which he does not earn more than \$100 or do substantial work in his own business. Also, beginning with the month of his 72nd birthday, a beneficiary may be paid all his benefits no matter how much he earns in that month and later.

Tuley urges working people past retirement age (65 for men, 62 for women) who have not yet applied for their social security benefits, to visit their social security office now or meet with a representative of that office when he is in their town. Even though earning fairly substantial annual amounts, many persons may now be able to collect some benefit checks during 1961 and later years. Schedules showing when the representatives will visit the various towns are furnished at post offices.

Oil Try Near Olden in Scott Sand Is Staked

A 1,600-foot Scott Sand test located three miles southeast of Olden in the regular field has been staked by Clark and Cowden Exploration Co. It is the No. 3 E. R. Adams.

Drillite is 1,133 feet from the south and 790 feet from the east line of Block 54, McClennan CSL Survey Abstract 367.

NEW MOTOR—The motor above was designed, built and patented by W. C. Howard of Olden. It has only three moving parts. It is believed by the inventor that this motor, when fully developed, will produce more horsepower than any piston type engine of its size. The inventor also has a patent pending for a third drive system for automobiles. (Canaris Studio Photo).

Guardsmen to Take Part in Texas Alert

More than 100 National Guardsmen of Eastland County are to be involved in the state-wide practice National Guard alert late this month, it was announced here today by Sgt. Charles Arnett, representative for the Ranger Service Battery.

Guard Headquarters in Austin revealed plans for what it called "the most sweeping National Guard alert in Texas since 1953." Local Guard officials said that Eastland County's two units of the 49th Armored Division are to take part in the exercise.

The two units in Eastland county are Btry C, 3d Rkt/How Bn, 132d Arty at Cisco and Service Btry, 3d Rkt/How Bn, 132d Arty at Ranger.

The vast alert, which is to involve more than 20,000 Texas Guardsmen, is known by the code name "Operation Muster."

The exercise is to be similar to last year's "Operation Awake II" when about 80 percent of the Texas National Guard was assembled at local armories Feb. 15. This year's alert is to involve the entire Texas National Guard.

The order for the alert is to come from Austin, headquarters of the Texas National Guard. As soon as the order for "Operation Muster" is out, unit alert plans will go into effect. Included in the alert plan of each unit is a detailed system for chain notification of individuals.

Spot announcements have been prepared for broadcast on local radio and TV stations as part of the alert plan. For a practice such as this one, the announcements will stress the fact that this is a practice alert, so the population will not become alarmed, local officials pointed out.

AUSTIN REPORT

By SCOTT BAILEY
REP. OF 76th DISTRICT

The House of Representatives is now fully organized and in full swing. Committees are meeting and hearings have been set for most of the pending bills. Each committee is allowed to adopt its own rules; most of them have adopted a rule that requires every bill to be automatically referred to a sub-committee. This insures that each measure will receive at least some careful study.

The eyes of Texas and possibly the nation will be focused on the important Revenue and Taxation Committee. These 21 members will hold the key that will solve our recurring financial problem. We shall all await their decision on a tax bill. It appears that 100 million dollars in new money will be needed each year. If we are to carry out the present program of state services, Texas, compared to our adjoining states, is now getting by fairly tight on taxes. The people will know shortly if the Revenue and Taxation Committee has any surprise for us.

The Texas Constitution places this burden on the House of Representatives. It is a detailed system, for chain notification of individuals. Spot announcements have been prepared for broadcast on local radio and TV stations as part of the alert plan.

The current president of the West Texas Chamber is from the 76th District. He is Mr. J. Carter King, Jr. of Albany.

Isbel Soto, 84, Services Are Held Wednesday

Funeral services were held Wednesday at 3 p.m. in St. Francis Catholic Church in Eastland for Isbel Soto who died in a Wichita Falls hospital Tuesday morning.

Mr. Soto made his home at 300 South Hal Bryan in Eastland. He had lived in Eastland since 1921 when he moved from Gordon. He was a native of Mexico and was 84 at the time of his death. Survivors include his wife; three sons, Felix of Corpus Christi, Naario of Cisco and Floriano of Eastland; and four daughters, Cucca Vasquez of California, Nellie Martinez of Eastland, Belvia Lopez of Breckenridge and Christine Perez of Big Spring.

Burial was in Eastland Cemetery.

Eastland Woman Reports Money Stolen from Home
An Eastland woman reported to city police Wednesday that someone had stolen a purse containing \$85 from her home. The woman told Police Chief Ray Laney that the purse was taken from a downstairs table while she was showing an upstairs room to a prospective tenant. Public hearings have been scheduled. I am happy to call attention to the fact that

IT'S THE LAW in Texas

SMALL BUSINESS AND THE NEW FEDERAL TAX LAW
 The 1958 Federal Tax Law has introduced a new factor in selecting or changing the form of a business organization, a change which can mean substantial cash savings and other benefits for the owners of a business. Every person in business, whether presently operating as a sole proprietorship, a partnership or a corporation, should re-examine his business form in the light of the new federal tax law.
 If a business is now operating as a partnership or a sole proprietorship, it can be incorporated, and still be taxed, substantially the same as a partnership or sole proprietorship. In this way, it can avoid the federal corporation income tax, and pay only the tax on income to the proprietor.

The new tax law, called "Subchapter S" gives the businessman the usual advantages of the corporate form—limited liability, ease in transferring interests and continuity of the business after death—without the double tax burden imposed on both the corporation and the stockholders.

If you are already operating your business as a corporation, in many cases you can cut your taxes substantially by taking the option to be taxed as a partnership or sole proprietorship without giving up the other advantages of the corporate form. Although there is no limit on the worth of the corporation, except for tax loss carry-over, the business must meet several qualifications, the most important of which are: the corporation must have 10 or fewer stockholders; be a domestic corporation; have only individuals and or estates as stockholders; have only one class of stock, and not get more

MANNEQUINS—Likenesses of President Kennedy and his wife, Jacqueline, receive final touches in New York. The mannequins are destined for stores for modeling clothes.

than 20 per cent of its receipts from rents, royalties, dividends, interests, annuities or profit from the stock market.

There are various factors to consider in taking the option to organize as a corporation and make this tax election. First, all the stockholders must agree to the move. The decision must be unanimous and must remain so.

You should also investigate the possibility of putting your business back into its original form in the event that you are dissatisfied with the pseudo-corporation. Certain procedures must be followed to revoke the form. The corporate form of business gives advantages in estate planning not available to the partnership or the sole proprietorship.

In other words, the advantages of taking the option to form a pseudo-corporation should be studied thoroughly before entering into such a business entity. Only with competent advice and thoughtful consideration can you make your business work to the full advantage under the 1958 Federal Tax Law.

This newfeature, prepared by the State Bar of Texas is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.

AS IT LOOKS FROM HERE

Omar Burleson, M. C.
 17th District, Texas
 WASHINGTON, D. C.—Who's looking whom what?

It seems we are becoming a Country of labels and slogans. Perhaps we are depending on someone else to do our thinking for us. There are a number of organizations which will furnish our opinions. There are plenty of them to choose from. One new popular in Americans for Constitutional Action. They decide which Congressman and which Senator is "liberal" or "conservative." They decide whether he follows the Constitution or not when he votes on the numerous Bills in the Congress. Although Courts are established for the purpose and ablest lawyers disagree, the experts of this organization can come to a definite conclusion of what is and is not constitutional, without qualification.

In 1957 and 1959 the House of Representatives had before it a measure known as H. R. 3 by Judge Howard Smith of Virginia. This Bill is commonly known as the States' Rights Bill. It would limit the power of the United States Supreme Court. It reached the heart of the preservation of Constitutional Government. A New York Republican introduced an Amendment to the measure which would have had the effect of rendering it useless. The same Republican is today a leader in opposing Judge Smith's efforts to keep control of the Rules Committee, of which he is Chairman. The A. C. A. rates this Republican six points above Judge Smith as a Conservative.

One hundred Republicans were so rated before they got to a single Democrat. The thought occurs to many that the first qualification of a Conservative is to be a Republican. The next question arises: Do they apply the same yardstick to Weatherford, Snyder and all places between, as they do to New York, Chicago and Los Angeles? Or is a person one thing in one place and something else in another? Is it liberalism to support water and soil conservation—to protect our natural resources, which would insure that small towns in the West will be able to survive, and our Nation be able to feed our millions in the future? (To do so has been called "peck barreling"). Is it "conservatism" to support the huge subsidies paid to the shipbuilders—both for the construction of ships and for their operation guaranteeing a fixed sum of yearly profits—supposedly to have a strong merchant fleet to deliver supplies overseas as if we were going to fight the same kind of war as World War I and II? The fact is, however, that a third world war would be over before a ship could cast of its moorings and leave port.

Another organization known as American's for Democratic Action (A. D. A.) also claims non-partisan sentiment. They are also ready with labels from their own ivory towers. Seemingly they are the counterpart (or vice versa) of A. C. A.

We usually read and believe what we want to hear. To form our own opinions, we could ask or write our Congressman and Senators as to their stand on specific issues. Your Congressman will tell you how he has voted on all issues and his stand on those to be considered. From our own information, we can form our own opinions. It will not be necessary to pay a fee to have someone else tell us what our opinions are or what label to stick on. Who is what, and how much, and is there anything in between?

SPACE CHIMP—Enos, a 31-pound chimpanzee, strikes a strong man pose at Holloman Air Force Base, N.M. The chimp is training for future rocket flights.

considered. From our own information, we can form our own opinions. It will not be necessary to pay a fee to have someone else tell us what our opinions are or what label to stick on. Who is what, and how much, and is there anything in between?

NEWS FROM OLDEN

Mr. and Mrs. Gene Williamson and family of Graham spent the weekend visiting his parents, Mr. and Mrs. Lee Williamson, and his brother and family, Mr. and Mrs. L. J. Williamson.

Mr. and Mrs. Phil Hilliard of Commerce, who are students at East Texas State College, spent the weekend with their parents, Mr. and Mrs. Travis Hilliard and Mrs. W. P. Edwards, Miss Wilton Edwards accompanied them back to Commerce where she will enroll in school.

Mr. and Mrs. H. C. Curtis visited with Mr. and Mrs. Travis Reese Sunday afternoon.

NEWS FROM DESDEMONA

This community has been quite fortunate this winter that despite the bad weather there has been only a minimum of colds and flu.

Mrs. Byrtle Reed spent several days the past week in Wichita Falls.

Mr. and Mrs. Chas. Nieks and Dianne of Mineral Wells spent the weekend here with her parents, Mr. and Mrs. J. D. McMaster.

Mrs. Nora Lane spent last week in Eastland with her mother, Mrs. Amanda Rogers, who has been a bed patient for several months.

Hugh Abel had another heart attack Monday morning. He was rushed to the Gorman hospital, but no late word at this time on his condition.

The Rob Guthery family of Irving was here Sunday to visit his parents, the Roy Gutherys.

Skeeter Koonce and family of Dallas spent the weekend here with a brother, Moody Koonce, and family and his mother, Mrs. Annie Koonce.

Attending the funeral in Gorman Monday held for Howard Bryan were Rev. and Mrs. Moody Smith, Mr. and Mrs. Ferrel Lewis and Roy Guthery.

Dallas spent the weekend here with a brother, Moody Koonce, and family and his mother, Mrs. Annie Koonce.

Attending the funeral in Gorman Monday held for Howard Bryan were Rev. and Mrs. Moody Smith, Mr. and Mrs. Ferrel Lewis and Roy Guthery.

Ranger-
(Continued from Page One)
The United States Auto Club will conduct the competition. Its officials will select all entrant cars at random, then impound them under guard to prevent alterations from stock specifications.

USAC officials will also see that drivers do not use trick driving techniques and that they obey all traffic laws over the course that will offer driving conditions encountered by the typical motorist.

The seven classes will be determined according to car size and price. All entrant cars will be required to have automatic shifts except for those in Class A, compacts with manual shift. Other classes are: (B) compacts with 4 and 6 cylinders; (C) compacts with 8 cylinders; (D) standard size with 6 cylinders; (E) low-price with 8 cylinders; (F) medium price; (G) high-price.

Former Ranger Man Weds Feb. 4 In Fort Worth Home Ceremony

Mr. and Mrs. O. H. Jones of 2011 West College Street, Midland announce the marriage of their daughter, Janice Ruth, to Gene Franklin Deaton of Bartlesville, Oklahoma.

The bridegroom is the son of Mr. and Mrs. W. F. Deaton of Eastland.

The double ring ceremony was held in the home of the bride's aunt, Mrs. Nelson Smith in Fort Worth, at 7:30 p.m. Saturday, February 4.

E. N. Stevens, minister of the Southside Church of Christ, officiated.

Given in marriage by her father, the bride wore an all-over em-

broidery wool sheath in seafoam green. She carried a white Bible topped with a bouquet of Phalaenopsis orchids and white stock. She also wore matching shoes, a single strand of pearls and white gloves.

Mrs. Charles C. Jones of Odessa, sister-in-law of the bride, was the matron of honor and Mr. Deaton was his son's best man.

Mrs. Jones wore a light yellow imported Egyptian cotton styled dress with a full skirt and fitted waistline. Her flowers were yellow daffodils and white stock.

A reception was held following the ceremony. Cakes and punch were served by O'Gene Gill and Mrs. Lorene Edwards of Midland.

Other out of town guests attending were Mr. and Mrs. Charles C. Jones, Odessa; Mr. and Mrs. Robert E. Mahaffey and Scott of Oklahoma City and Mr. and Mrs. Doyle L. Beavers of Wichita Falls.

Following a short wedding trip, the couple will reside at 311 SE Avondale, Bartlesville.

The bride was employed as a secretary with the Midland National Bank. She is a graduate of Midland High School and attended Abilene Christian College.

Deaton was graduated from Ranger High School and attended Texas Technological College. He received a degree in 1957 from North Texas State College.

He is employed in the land and geological department of Phillips Petroleum Company.

Beta Members Attend Dallas Convention

The local chapter of the National Beta Club attended the state convention which was held at the Baker Hotel February 2 and 4 in Dallas.

Those attending were: co-sponsors, J. S. Wilhelm and Mrs. L. H. Hagaman, and Ronnie Daskevich, Tim Covington, Gary Bradshaw, Alex Eakin, Loreta Love, Janey Adams, Jill Watkins, Donna Drennon, and Shellene Scott.

On the Friday program were various business meetings, election of state officers, and a talent show. A business meeting and a breakfast were held Saturday morning. For entertainment the convention gave a banquet and a ball Saturday night.

Everyone attending stated that they had a lot of fun and learned a great deal about the organization of the Beta Club.

Crispy Chicken Cumberland

During the cool weather, when outdoor exercise slows down, you're likely to put on unwelcome pounds. Low-calorie chicken is a pleasant way to combat the calorie count.

Take Crispy Chicken Cumberland, for instance. It looks like fried chicken and tastes like fried chicken, but it has added virtues. It bakes in the oven, needs no watching or turning, and requires no extra fat in the cooking. Crispy Chicken Cumberland can be prepared in advance for company, popped into the oven when guests arrive, and forgotten until serving time.

With the chicken goes an elegant sweet-and-sour fruit sauce, which may be omitted if you're watching your weight.

Chicken With Cumberland Sauce

- 1 broiler-fryer chicken, cut in serving pieces
- 1 cup packaged corn flake crumbs
- 1 teaspoon Ac'cent
- 1 teaspoon salt
- 1/2 teaspoon pepper
- Heavy duty aluminum foil
- 1/2 cup evaporated milk

Combine corn flake crumbs with Ac'cent, salt and pepper in pie plate or shallow dish. Line shallow baking pan with aluminum foil. Dip chicken pieces in evaporated milk then roll immediately in seasoned corn flake crumbs. Place chicken pieces, skin side up, in foil-lined pan; do not crowd. Bake in a moderate oven (350°F.) about one hour, or until tender. No need to cover or turn chicken while cooking. Yield: 4 servings.

Cumberland Sauce

- 1 cup currant jelly
- 1 can (6 ounces) frozen undiluted concentrated orange juice.
- 1 teaspoon dry mustard
- 1/2 teaspoon ginger

Combine all ingredients in saucepan; stir and heat until mixture is smooth. Yield: 1 1/2 cups.

New Slate of Officers Presented At 1947 Club Meeting Tuesday

The nominating committee, composed of Mmes. F. P. Brashier, Jr., Carl Black, James Ratliff, and Joe Collins, with Mrs. Black reading the slate of officers for the coming year, presented the following list of names to the 1947 Club when it met in the home of Mrs. W. P. Watkins, Tuesday, Feb. 7: President, Mrs. J. P. Morris; First Vice President, Mrs. James Ratliff; Second Vice President, Mrs. Harry Weldon; Recording Secretary, Mrs. Edwin Lummus; Corresponding Secretary, Miss Mary Joy Wilson; Treasurer, Mrs. W. P. Watkins; Reporter and Historian, Mrs. Erren Haby; Parliamentarian, Mrs. Luthie Gohlike; and Federation Councilor, Mrs. Charles Gann.

Co-hostess with Mrs. Watkins was Mrs. Gohlike.

Mrs. Collins, president, called the meeting to order, and Mrs. Ratliff led the invocation. Roll call and minutes were read by the secretary, Mrs. Charles Milliken. Mrs. Charles Gann gave the report on the Mother's March for the

March of Dimes. Mrs. Black gave an interesting talk on the Federation. In her report she reminded the club members that November is Public School week and she urged each one to visit school during that time.

Mrs. Collins introduced the program leader, Mrs. F. P. Brashier Jr. The program theme was "Thoughts on Censorship" and Mrs. Brashier's talk was entitled "The Fight on Filth." She stated that 1 1/2 million dollars were earned last year on the sale of smutty literature, and that the post office must rely on the patrons and parents who receive the mail to report it.

Mrs. Ray Lilley dismissed the meeting with the reading of the club collect.

Refreshments were served to one guest, Mrs. A. G. Hudgins, mother of Mrs. Brashier, and the following members: Mmes. H. C. Adams Jr., Sam Aills, Carl Black, Brashier, Collins, Gann, Gohlike, Haby Roscoe Hopper, Lilley, Milliken, Morris Newsham, Ratliff, Watkins, and Miss Mary Joy Wilson.

Garden Club To Meet Friday

Mrs. R. L. Hamrick will be the speaker at the meeting of the Ranger Garden Club Friday, February 10 at the Community Club House. The program theme is "Landscaping" and the topic is "A Rose." Hostess will be Mrs. D. C. Arterburn. Arrangements will be brought by

I Give You Texas

By BOYCE HOUSE

Can you remember the days when there were real political speakings? They were held in the daytime, in the inadequate shade of a grove on a blistering day in

July. Can't you see, in your mind's eye, the speaker seated on the platform as he waits to be introduced? He was a portly man and wore an alpaca coat. He pined a palm-leaf fan vigorously and, to keep his standing collar from wilting, he tucked around it a handkerchief which was removed when he began to talk.

On the table was a white pitcher and, of course, a glass—for a speaker spoke for an hour in those days and he spoke with great force so that his brow and bald head glistened with perspiration

and his voice grew husky and he shed that alpaca coat; and, in spite of his precautions, his collar wilted.

Present-day political speakers use a microphone and never march up and down the platform or lean over and point a finger in the face of those on the front row—why, they never even stomp one stomp or hit the table with a fist for, if they did, they'd lose their place in the manuscript they are reading from—and chances are they didn't even write the speech themselves.

Back in 1928 or 1930, I ven-

tured into politics, purely involuntarily. You have heard the expression that "the office should seek the man" and that this or—that candidate was "drafter." Well, I really was.

When I was the editor of the Ranger Times, a primary was held for State and County offices. No one filed for public weigher and so one of the linotype operators launched a write-in campaign (unknown to me) on my behalf, with the result that I received three votes.

This was a tie with the town drunk—let's call him "Bud"

Brown (which isn't even close to the actual name). Before the second primary, however, the linotype operator found out I was not for his candidate for governor and so threw his support to "Bud" who won unanimously with six written-in votes.

As the office had no duties, and therefore no compensation, I bore up philosophically.

Stage Band. She served as president of the band, vice-president of the senior class, and secretary-treasurer of the Commercial Club. She enrolled in an elementary education major at A. C. C. the summer after her graduation from high school. After the completion of this semester at Ranger College, she plans to finish her college education at Texas Tech.

Miss McWhorter chose Ranger College because of the individual attention it is possible to receive in a small school. Gloria says, "Being on a small campus will also give me a greater opportunity to enjoy my leisure-time activities, dancing, swimming, and cooking."

RETURNS HOME

Mrs. T. E. Hale and daughter, Lenie Hale have returned home after a two month trip to Houston, Deer Park, San Antonio and New Braunfels.

In New Braunfels they visited with Mr. and Mrs. Udell Hale, Eddie and David, and in Deer Park they visited with Mr. and Mrs. T. man Hale and Phyllis.

HERE FOR WEEK END

Mr. and Mrs. B. C. Townzen of Royalty spent the week end with Mr. and Mrs. J. B. Shirley.

Around The Campus

Gloria McWhorter, an attractive coed transfer from Abilene Christian College, has enrolled in Ranger College for the spring semester. She is the daughter of Mr. and Mrs. Guy Huston, who have ranch and oil interest at Throckmorton, Texas.

Gloria graduated from Throckmorton High School in 1959. During her high school days she participated in basketball and was a member of the Commercial Club and of the Greyhound

Murals Of Vinyl Plastic New Adventure In Decorating

A mural of Venice is hand screened on vinyl plastic, part of a spring trend of beautiful designs in durable, washable wall coverings.

Two new trends in home furnishings are going to make spring decorating adventurous and practical. One is the result of more foreign travel by Americans that has brought about a new appreciation of the grand old designs of palaces and kings. The other is modern American technology that translates all of this grandeur into washable plastic materials.

Vinyl plastic wall coverings and floor coverings are now winning beauty awards as well as merit badges for scrubbing. At the recent International Home Furnishings show in Chicago, vinyl wall coverings that looked like silk brocades, and vinyl floor covering that caught the textured beauty of old cobblestones were cited for design honors by the American Institute of Decorators. While leading decorators gave a new recognition to elaborate designs of things past, early American as well as Versailles and Florence, they were just as quick to point with pride to today's mass produced home furnishings that make all this grandeur available in our home town.

This spring if you're looking for something French for your bedroom and bath walls, consider a new fleur de lis "flocking" that looks like velvet. It is actually a polyester fiber, much more practical, on white vinyl that looks like silk brocade but can take a scrubbing. There are damask patterns in rosy reds of Victorian vintage and handsome moires in the new dark rich colors. One gray moire pattern has a raised design of white bow knots and flowers. It looks fragile but it is made to be hardy.

Murals, formerly available only in expensive and perishable papers or fabrics, are now screen printed right onto vinyl. You may have seen a few in luxury hotels. You'll see more in the dining rooms of your friends who will be looking at Venice or the gardens of Versailles from their own dinner tables. One considerable wall covering manufacturer has laminated vinyl murals and allowed prints to a wall paper backing. These are easier to hang.

Eastside Church of Christ

Corner Young and Strawn Road

Will the disobedient believer be saved? If the doctrine of justification by "Faith Only" is true, then the disobedient believer will be saved. This is a necessary conclusion to the "Faith Only" doctrine.

Some will ask, do the churches believe and teach that the disobedient believers will be saved? Yes, and the proof is found in the Disciplinary (doctrines) of two Ranger churches. First, "We believe, teach and firmly maintain the Scriptural doctrine of justification by faith alone." Second, "Wherefore, that we are justified by faith only is a most wholesome doctrine, and very full of comfort." These doctrines are in my possession. You may read them if you care to. What is wrong with the above doctrines? They make void the teaching of Jesus Christ "And being made perfect, he became the author of eternal salvation unto all them that obey him." (He 5:9) What is the Lord the author of for those that "teach, and firmly maintain justification by faith alone?" See (Gal. 1:6-9) for the answer.

Faith is a commandment of God. (1 John 3:23). Repentance is a commandment of God. Mt. 10:32-33; Rom. 10:9-10). Baptism is a commandment of God. (Mk. 16:16; Acts 2:38; Acts 10:48). Living by the Scriptures is a commandment of God. (Mt. 4:4). Faithfulness unto death is a commandment of God. (Re. 2:10). "All scripture is given by inspiration of God..." (2 Tim. 3:16), therefore the above, and all scripture, are God's teaching. You must face the Lord in the judgment (2 Cor. 5:10), and be judged by His words (John 12:48). You will not be judged by the doctrine of men, but by the doctrine of the Lord. The disobedient believer is lost.

Officers and members are urged to be present. Visitors welcome.

Monday, February 13
The Rebekah Lodge will meet Monday, February 13 for a regular meeting. All members are urged to attend.

Texas Cattle Population Trend

A marked shift occurred in the Texas cattle population between the 1954 and 1959 U. S. Agricultural Census.
Figures just now being released from the 1959 census show some areas in the Lone Star State have more cattle than five years previously, and some have fewer. More often, however, there was considerable variation within an area with some counties showing decided increases and neighboring counties showing definite losses.
The cattle population of Texas was 8,507,658 when the 1959 agricultural census was taken in the fall of that year. This compares with a count of 8,235,535 in the census of 1954. Historical records show that Texas had an all-time high of 9,800,000 cattle in 1891 and dropped to a low of just under 6,000,000 on Jan. 1, 1928. USDA will report the number of cattle on hand on Jan. 1, 1961, the middle of this month.

The 1959 census showed that a 31 county area in far East Texas had a loss of approximately 10 per cent in total cattle population between 1954 and 1959. However, the census does not differentiate between dairy and beef cattle, and much of this decrease may have been in dairy type cattle. Milk cow numbers in this area decreased 30 per cent during the five-year period.

The majority of counties in the blacklands—and areas long considered as one of the top farming sections of the state—showed an increase in cattle numbers, and cattle raising there appears to be steadily gaining in popularity.

Maps of these areas and other maps showing movement of cattle population within the state of Texas are included in a comprehensive analysis of the Texas cattle industry which appears in the February issue of The Cattleman magazine, official publication of the Texas and Southwestern Cattle Raisers Association.

Second Baptist Youth to Have Banquet Saturday

The Young People and Intermediates of the Second Baptist Church will have a Sweetheart Banquet, Saturday, February 11 at 7:30 p. m. in the Fellowship hall of the church.
A Queen and King will be selected on the basis of their Training Union record. Candidates for the Young People are June Loper and Charles White, and for the Intermediates, Sandra Tibbels and David Sutton.

NEWS FROM CARBON

FINAL RITES HELD
Wade Clark, 80, resident of Carbon for many years, passed away at 1:30 p. m. Saturday in the Gorman hospital after a lengthy illness.
Born Feb. 4, 1880, in Rising Star, he was married to Dollie Hamlett on April 21, 1901, at May. He was a member of the Carbon Baptist Church at the time of his passing and was also a member of the Odd Fellows of Gorman and Rising Star.
Survivors include his wife and one daughter, Mrs. Chris John of Brenham; three sons, Albert L. Clark of St. Joseph, Mo., J. T. Clark of Albany, and Wade Earl Clark of Plainview; one brother, Jim Clark of Miles; ten grandchildren and six great-grandchildren.
Funeral services were held at the First Baptist Church, Carbon, at 2 p. m. Monday with the pastor,

Rev. Jim Turner, officiating, assisted by Rev. Ross Grace, pastor of May Methodist Church, friend of the family and former pastor of the Carbon Methodist Church. Interment was in the Rising Star cemetery with Higginbotham's of Gorman directing.
Pallbearers were Vern Jackson, Heppy Jackson, Dick Gober, Gene Butler, Mack Stubblefield and Dulan Sandlin.
Mrs. Monnie Faye Warren, local chairman for the March of Dimes, announced the Mothers March which was held Friday netted \$70.92. Mrs. Warren expressed sincere thanks to the ladies who worked in the March and listed her helpers as follows: Mmes. Billye Stacy, Lenis Rice, Lillian McDaniel, Ima Jean Norris, Bertha Dunn, Elizabeth Sandlin, Verda Eaves, Ruby Norris, Margie Lasater, Lavene Stubblefield, Bessie Garrett, Gwen Garrett, Ima Reynolds and daughter, Pat.
A benefit basketball game will be played Friday night in the Carbon gymnasium between Carbon and Olden men and women (outsiders). The entire proceeds from the game will go to the March of Dimes. The game starts at 7:30 p. m. Admission, adults 35c and children 15c.
The ladies who will be playing are Ima Jean Norris, Cleo Duncan, Ruby Norris, Juanita Spence, Monnie Faye Warren, Marcell Justice, Margie Lasater, Donna Brown, Mary Nicholas, Wanda Pack, Maxine Morgan, Wanda Bryant, Lavene Stubblefield, Jean Harbin, Patsy Hogan, Coach Elizabeth Sandlin.

Guaranteed by Uncle Sam:

A retirement plan that will return \$1.93 for every \$1.00 you put in

Would you like to be sure that every dollar you put aside for retirement will pay you \$1.93 later on? It can be done, and here's an example:

Buy a \$100 Savings Bond (for \$75) each month for 17 years and 9 months. (This is exactly ten years longer than the official

maturity period for Bonds, and means extra interest earnings.) At the end of that time, you can cash in a Bond every month for the next 17 years and 9 months, and each one of them will pay you \$145.

This works out to \$1.93 for every \$1.00 you put in Bonds—and please note—the \$75 figure is only an example. You can put as little or as much as you like into this retirement plan. See the chart.

SOME ADVANTAGES YOU MIGHT THINK ABOUT

You can save automatically with the Payroll Savings Plan. Tell your company how much to set aside from your pay for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3 3/4% interest, at maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E Bonds now mature 14 months earlier than before—in just 7 years, 9 months. Bonds bought before June 1, 1959, earn more, too—an extra 1/4% from then to maturity.

You can get your money, with interest, any time you want it. Bonds are a ready reserve that you can cash any time at any bank. But it pays to keep them.

Your money is guaranteed by the U.S. Government. Bonds are an absolutely riskless investment. The Government promises you that the cash value of your Bond will not drop—it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace with every Bond you buy. Peace costs money—money for science, education, military strength. And the money you save helps keep our nation's economy strong.

Pick the amount you would like to receive each month for 17 3/4 years

	\$36 ²⁵	\$72 ⁵⁰	\$145 ⁰⁰	\$290 ⁰⁰	\$725 ⁰⁰
You save each month for 17 years, 9 months	18 ⁷⁵	37 ⁵⁰	75 ⁰⁰	150 ⁰⁰	375 ⁰⁰
At maturity, 7 years, 9 months from issue date, each bond will be worth	25 ⁰⁰	50 ⁰⁰	100 ⁰⁰	200 ⁰⁰	500 ⁰⁰
You collect each month for 17 years, 9 months	36 ²⁵	72 ⁵⁰	145 ⁰⁰	290 ⁰⁰	725 ⁰⁰

Tables based on assumption that 3-3/4% rate will be in effect 17 years 9 months from original purchase date of each bond.

You save more than money with
U.S. Savings Bond
Buy them where you work or bank
