VOLUME 3

WICHITA FALLS, TEXAS, TUESDAY, OCTOBER 26, 1909

NUMBER 142

MINISTERS MEET AND MAKE PLANS

MINISTERIAL ASSOCIATION IS RE-ORGANIZED—UNITED CHARITIES PROPOSED.

THANKSGIVING SERVICE

Rev. W. T. Morrow Elected President of Re-Organized Association. Work is Outlined.

The following pastors of the city met in the First Presbyterian Church yesterday and re-organized the Ministerial Association of Wichita Falls, the Reverends Morrow, McKee, Hamlin, Farley and Boose.

Owing to the many recent changes in the pastorates of the city, R. E. Farley and W. T. Morrow were the only remaining members of the old organization. The re-organization was completed by electing the following officers for the ensuing year, the association year to be from Thanksgiving to Thanksgiving:

President, W. T. Morrow; Vice-President, R. E. Hamlin; Secretary, R. E. Farley; Treasurer, J. P. Boose.

The Presbyterian church was selected as the place of meeting, the hour to be every Monday morning at 10 o'clock.

The association took up the matter of charities, which under the old organization was handled exclusively by the pastors, and formulated a plan to be submitted to the Union Thanksgiving service for the approval of the citizens. The plan is to elect one gentleman and one lady member from each church, with the pastors and any others they may associate with them, shall constitute a United Charities Association of Wichita Falls, and who shall be the administrators of charity, temporarily, until the Union Thanksgiving service, when the matter will be rendered permanent according to the will of the citizens present. All the citizens will be requested to become

PROHIBITION ELECTION DATES YET UNDECIDED

The time of holding the prohibition election which is now practically certain, is being figured upon by the prohibition committee. Two years are supposed to elapse between the elections, but it is believed that the commissioners' court cannot fix the date for the election until the two years have elapsed and some contend that the election cannot be called until the order announcing the result of the previous election was posted. The last election was held on November 30, 1907, the order being issued some days later. The commissioners' court meets early next month but as the two years shall not have elapsed by that time, it is doubtful whether the election can be called until their next regular meeting, which will be in January. They would have to give fifteen days notice, at least, and this would through the date very near February 1, by which time the new poll taxes would be effective.

ANOTHER RECORD BROKEN.

French Aviator Sails at Rate of Fifty-Four Miles an Hour.

Doncaster, England, Oct. 26.—La Grange, a French aviator in a Blériot monoplane today broke the world's record. He traveled a mile and eight hundred and sixty yards in one minute and forty-seven and one-fifth seconds. This was at the rate of nearly fifty-four miles per hour.

COTTON EXPERT SAYS WICHITA LEADS STATE

Galveston, Tex., Oct. 26.—J. C. Albritton, purchasing agent for the Farmers' Union predicted today upon his return from a tour of the state, that cotton will reach fifteen cents by the 15th of December.

Mr. Albritton states that the cotton in the section immediately south of Wichita Falls, is the best in the state. It is his opinion that the crop will not exceed two million bales, of which all but about four hundred thousand is already picked out and ginned.

regular subscribers to a common fund to be deposited in a local bank, subject to disbursement only after investigation of each case. It is hoped that in this manner no deserving poor or unfortunate person will be allowed to suffer in our midst, and that our business men will be spared the frequent impostor and every applicant for help will be referred to the United Charities. The pastors are sure that by following this plan our people will have less drain for this purpose, and yet more real help will be rendered.

It was decided to hold the Union Thanksgiving service in the new First Methodist Episcopal church at the corner of Seventh and Lamar, and as the Austin conference will be in session here at that time, Bishop William A. Quayle will be invited to preach the Thanksgiving sermon, Thursday morning, November 25th.

R. E. FARLEY, Sec'y.

JAPANESE PRINCE IS ASSASSINATED

ITO IS VICTIM OF KOREAN PLOT, BEING KILLED AS HE STEPS FROM TRAIN

MURDERER IN CUSTODY

Prince Was Formerly Governor-General of Korea, and Revenge Was the Motive.

Harbin, Japan, Oct. 26.—Prince Ito, formerly Japan's President General of Korea and probably the foremost statesman of the empire, was assassinated here this afternoon by a Korean, who is believed to have followed him here for the express purpose of committing the crime.

The motive of the assassination was revenge. The assassin was promptly arrested.

Three of the prince's companions were also wounded. The prince had just left a railroad car at the station here when the pistol shot was heard, followed by several more in quick succession. The bullets struck the prince in the back and he fell mortally wounded.

The assassination is believed to be the outcome of an organized plot. Yesterday three Koreans were arrested at the station and found to be armed with revolvers.

The body of the slain statesman has already been moved homeward, the coffin covered with flowers sent by Russian and Japanese officials. All along the railroad tribute is being paid to the memory of the dead.

Tokio, Oct. 26.—Gloom prevails here following the receipt of the news of the assassination of Prince Ito. The Princess Ito was notified at Oise, her country home, of the death of her husband. The foreign office is besieged with inquirers, these including all the

FIRST FOOTBALL GAME TO BE PLAYED TODAY

Wichita Falls first real football game of the season will be played this afternoon on the high school grounds between the school team and the town eleven and a good game is promised. No admission will be charged and all are cordially invited to be on hand to witness the contest, which will begin about 4:30.

The town team has accepted the challenge of the Vernon team and will try to arrange a game at Vernon for Thursday, November 4. Efforts are being made by the management to secure a game here Thanksgiving Day with Vernon and bring a crowd down from Vernon for the game and opera-house attraction. Challenges are to be issued shortly to the teams at Lawton and Hobart, Oklahoma for games at those places.

AUDITOR SUICIDES.

Caused by Ill Health and Accounts Are Not Involved.

El Paso, Tex., Oct. 26.—Lester C. Stone of Lynn Mass., auditor of the Stone and Webster corporation, was found dead this morning in the company's offices in the Trust building. His hand grasped a revolver. A signed letter says ill health caused him to commit suicide and that the company's accounts are not involved.

STATE SCORES ANOTHER BIG VICTORY AGAINST OIL TRUST—FINED HEAVILY

Austin, Tex., Oct. 26.—The Security Oil Company and Navarro Refining Company this morning confessed to being in a combine in violation of the anti-trust laws of Texas, and Judge Calhoun in the District Court entered a judgment against them amounting to about one hundred and seventy-five thousand dollars.

The court will immediately prepare a judgment assessing the fines, forfeiture of charters and permits and ouster from the state. The court will name a receiver for each.

Additional fines were assessed against the Standard Oil Company of Indiana, for sixty-five thousand dollars, for the amount garnished and in the hands of the Santa Fe Company.

The Union Tank Line Company was fined the value of sixty-five tank cars in the possession of the state. Action was dismissed without prejudice to the Standard Oil Company of New Jersey, or National Transit Company. All the companies fined confessed to an unlawful combination by working agreements.

When the state's case against the defendants was resumed this morning, the state's attorney finished reading

diplomats accredited Japan. Prince Ito was sixty-eight years of age.

Washington, D. C., Oct. 26.—Official news was received at Washington today of the assassination of Prince Ito, and the Japanese embassy here is plunged into mourning.

WRIT OF ERROR ISSUED.

Poll Tax Payment Case Goes to United States Court.

Austin, Tex., Oct. 26.—Presiding Judge Davidson of the court of criminal appeals, today granted a writ of error to the United States Supreme Court, in the case of Bud Brown, who was convicted in Tarrant County of advancing money for the payment of another's poll tax, to test the Terrill election law, relating to individual payment of the poll tax. Former Attorney General C. K. Bell and Judge W. R. Parker of Fort Worth, obtained the writ.

London's underground tubes have a total length of more than 243 miles.

The depositions presented in the federal suit against the Standard Oil Company of New Jersey. The state rested at 11 o'clock and counsel for the defendants immediately confessed judgment.

WELL PLEASED WITH WICHITA

Citizens of Missouri Here Looking After Their Interests.

Messrs. C. C. Bunnenberg of Montgomery, Mo., and Dr. Busch of Rheinland, same state, are here today for the purpose of looking after their interests, consisting of a 600-acre farm in the Wichita Valley country.

They visited their farm yesterday and were more than pleased with what they saw. A splendid cotton and corn crop was produced; the cotton crop on their farm, they say, will easily average one-half bale to the acre, and some of the crop will produce as much as a bale per acre.

These gentlemen are also enthusiasts over the marvelous growth of Wichita Falls since their last visit here, which was only about one year ago, and will take back to Missouri with them a quantity of descriptive literature of this section of country to distribute among their neighbors.

Mr. Bunnenberg is proprietor of the leading hotel of his home town and is therefore in a most excellent position to do missionary work for Wichita Falls and the Wichita Falls country.

MOTION OVERRULED.

No New Trial is Granted Representative Gaines.

Granbury, Tex., Oct. 26.—Representative E. C. Gaines was denied a new trial on the charge of murdering J. W. Reese yesterday afternoon, by District Judge Oxford. Gaines' attorneys immediately filed notice of appeal. Judge Oxford promptly overruled Gaines motion after a brief argument.

Body Found Deplicated.

Denison, Tex., Oct. 25.—The dead body found deplicated yesterday near Davis, Okla., is today identified as that of Albert Smith, formerly employed by the Denison Fuel Company. According to advices from Davis, two cousins of Smith have been arrested, pending an investigation that is likely to develop murder charges.

WILL SUE COMMISSION.

Louisiana Will Fight Texas on Alleged Discriminatory Rates.

Shreveport, La., Oct. 26.—Attorney General Pleasant this morning declared that there would be no delay in instituting the suit against the five railroads entering Shreveport from Texas as a means of destroying the discriminatory rates favoring the Texas market centers. The procedure is expected to effect the same rate basis now given Galveston, Houston and Dallas, which was established by the Texas Commission on the ground that the railroads would seek to eliminate Shreveport from the Texas trade. Many East Texans attended the mass meeting here last night.

Carter's Mineral Water can be had at the Coney Island Cafe. Phone 326. 127-lfo

NO FREE RIDES ON WICHITA CARLINE

EVERYBODY DIGS UP HIS NICKEL, FROM THE HIGHEST OFFICIAL ON DOWN.

ROAD PAYS EXPENSES

is Quite Prosperous, Considering That it Has Only Been in Operation Six Weeks.

If there is such a thing as a pass-less railway in Texas, the Wichita Falls street railway will come nearer to filling that description, probably, than any other line in the state. Passes and free ticket books are almost unknown on the line, and only one official, the line's attorney, rides without paying for it.

Messrs. Kemp and Kell are excluded from the pass privileges, along with everyone else, and dig up their respective nickels whenever they ride on the cars. The company has refrained from issuing passes because this custom, once started, cannot be stopped, and is generally subject to considerable abuse.

Although the line has been in operation only six weeks, it is, according to the officers, more than paying expenses, which is more than lines in cities much larger than Wichita Falls are able to do when they are first put into operation. The patronage of the line is steadily increasing, it is announced, and the cars are coming more and more into general use.

Greenville Militia Released.

Greenville, Tex., Oct. 25.—The local company of militia today was released from duty in protecting the negro suspects in jail in connection with the result on Mrs. Will Lloyd. The Dallas militiamen are retained. No further arrests have been made and Mrs. Lloyd's condition is improving.

FINE COTTON STALK IS SENT TO DALLAS FAIR

A stalk of cotton raised by George Simmons, within the city limits, was today forwarded to Dallas to become part of the Wichita county exhibit at the State Fair. The stalk is a splendid specimen of the plant, having so less than one hundred and thirty-three bolls on it. The cotton from this one stalk would weigh over a pound and an acre of stalks like this specimen would produce about five bales of cotton, in addition to the seed. It is believed that the stalk will surpass anything of the kind to be seen at the fair.

SAN ANTONIO TO DALLAS.

Endurance Run Starts For 350-Mile Trip Across State.

San Antonio, Tex., Oct. 26.—Eleven autos three, minutes apart, left this morning for Dallas in the endurance run conducted by the Light-Gasette. The distance is about three hundred and fifty miles. Weather conditions are satisfactory.

FIVE LIVES LOST.

Fire in Orphanage at Lynchburg Results in Fatalities.

Lynchburg, Va., Oct. 26.—Five children lost their lives here early today in a fire which destroyed the girl's college of the Presbyterian church orphanage.

NORTHWESTERN TO RUN TO ELK CITY

THAT CITY, INSTEAD OF SAYRE, DECIDED UPON AS TERMINUS OF THE ROAD.

DEAL HAS BEEN CLOSED

Total Length of Road, When Extension is Completed, Will Be About 140 Miles.

Elk City, Beckham county, Oklahoma will be the northern terminus of the Wichita Falls and Northwestern, by the terms of a deal which was closed with that city yesterday afternoon by General Attorney C. C. Huff. Elk City's claims were opposed by Sayre, the former winning out.

The terminus is forty-two miles beyond Mangum and one hundred and forty miles from Wichita Falls. Work will be started on the new extension at the earliest possible moment after Mangum is reached which will be some time this week.

Elk City gives the Northwestern a connection with the Choctaw division of the Rock Island and the extension will open up a new and valuable stretch of territory for the road. The line will doubtless be in operation to Elk City by the end of the year. When it is recalled that at the beginning of 1909 the line extended to Frederick, slightly over fifty miles, an added mileage of ninety miles during the year is considered an excellent showing.

Elk City is a comparatively new town and was scarcely on the map at all up to a few years ago. Now, however, it is a substantial and prosperous little city, with an enterprising and progressive citizenship that it will do Wichita Falls good to get in closer touch with.

Woodward, Oklahoma, is understood to be the next objective point of the Northwestern after Elk City, but it is not known that the officials of the road are contemplating pushing on to that point at any early date.

PRESIDENT SAILING DOWN MISSISSIPPI

Cape Girardeau, Mo., Oct. 26.—This city was the first step made by the president on his trip down the Mississippi River and when the flotilla stopped here the chief executive was greeted with prolonged cheers. The levee was thronged with thousands of people but the greatest crowd was at the state normal school, where Taft made a brief address.

One of the features of the reception was the planting of a tree. The president was heartily cheered when a gold badge was pinned to the lapel of his coat as a gift of the citizens.

The presidential flotilla departed at 7 o'clock for Cairo, where he will arrive at noon and spend an hour. This afternoon he will reach Hickman and will reach Memphis tomorrow morning.

By Associated Press.

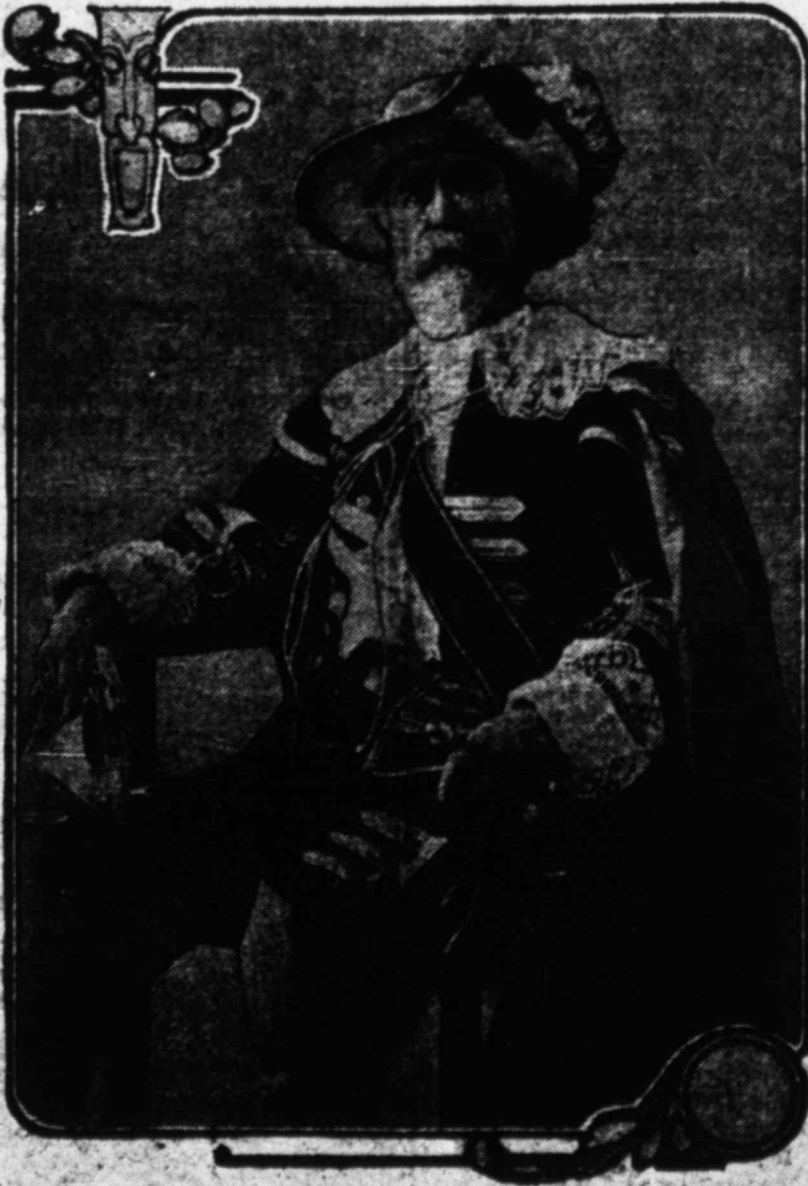

New Orleans, La., Oct. 26.—All arrangements have been completed for the reception and entertainment of the president when he reaches this city the latter part of the week. The United States warships Mississippi, North Carolina, Montana and New York arrived today.

One feature of the parade will be twelve hundred sailors and marines from these warships.

Don't fail to see the little Denmore sisters, the greatest juvenile performers on the American stage, at the Empire tonight. 142-2to

DALLAS MILITIAMAN IS ON TRIAL FOR MURDER

Dallas, Tex., Oct. 26.—Although it is known that the grand jury is investigating the death of Louis Hetcherstein, who was stabbed with a bayonet in the hands of Sergeant J. D. Manley, of the Dallas Militia, Saturday, during the Taft reception, Manley will be given a preliminary hearing Thursday. The prosecution will be conducted by County Attorney Lawelling and not by a court martial. Manley has engaged no attorney.

NICHOLAS A. COVARRUBIAS AS GASPARD DE PORTOLA AT FRISCO CELEBRATION.

In casting about for a man to represent Don Gaspar de Portola and reign over the big celebration in commemoration of Portola's discovery of San Francisco by the committee in charge of the Golden Gate City's festival happily hit upon Nicholas A. Covarrubias, who was identified with much of the pioneer history of the city. He is a former United States Marshal, a pioneer sheriff and combination of vaquero and courier such as only the Spanish west could produce. It was during his term as United States marshal under President Cleveland that Covarrubias restored the Island of San Miguel to the control of the United States government and planted the stars and stripes there. He is a splendid horseman and took two fine steeds to San Francisco for his mounts during the parade. One is a coal black animal and the other milk white. This picture shows him in the costume of Portola.

AMUSEMENTS

A theatrical announcement that demands more than ordinary attention is that of Wagner's magnificent special of "Parsifal." This justly celebrated play has attained a degree of unquestioned success that has seldom, if ever, been the fortune of any other production. This success has not been accomplished by any unusual or extraordinary methods, such as occasionally bring some stage celebrity or production into temporary prominence. It's success and enthusiastic reception by the better class of theatre-goers everywhere it has been presented, has been achieved by the drama's intrinsic merit and inherent beauty. This fact, combined with the masterly manner in which it has been staged regarding scenery, costuming and cast, has been the cause of its splendid success. Nothing that would in any manner add to its value has been left undone by its management. A clever, specially selected cast of principals and an equally clever corps of auxiliaries are used in the production, which will be seen at the Wichita Theatre Wednesday, October, 27th.

This production of "Parsifal" is marked by the employment of many of the Balreuth customs. The commencing time, however, has been modified. It has formerly been the rule to begin the evening performance at 5:30, giving an intermission of two hours for dinner. This intermission is now eliminated, and the performance will begin at 7:45 sharp. There will be but five to eight minutes between each act, which is required to set the stupendous scenic display. This time will be devoted to Wagner overtures, and the performance will conclude at 11 o'clock. As at Balreuth, the imperative rule of the spectators being in their seats when the curtain rises on the first act will be in force, as on account of the total darkness of the auditorium none can be seated during the action of the play. A ten-minute warning before the curtain rises will be given in the lobby entrance by trumpeters, who will blow the notes of the last Supper motif.

The Spokane Daily Chronicle of October 6th, says:

PARSIFAL A SUCCESS.

Grand Spectacle—Fine Acting in the Great Wagner Drama.

"Parsifal" appeared at the Spokane Theatre last night and gave the people one of the best shows of the season. With stage settings that were beautiful and with nothing spared to make the stirring scenes of the play seem realistic. "Parsifal" gave the theatre-going public not only superb acting, but a scenic production that approached "Ben Hur."

The story of the search for the Holy Grail and the recovery of the Holy Spear is well brought out in the play and there is an interest maintained throughout the three hours of its recital.

The spectacular features of "Parsifal" surpass any other show that has played at the Spokane Theatre for a long time.

From the first view of the Grail mountains to the fire scene, and to the last scene of the Grail Mountains, the production was brilliant.

A traveler got into conversation with some of the loafers in a country store and at last came to an old farmer sitting on a sugar barrel, waiting for the mail.

"What do you think of the tariff?" he asked.

"What they doin' to it?" was the reply.

"Why, haven't you read the papers?" said the traveler.

"Well, I used to," said the other, "but 'bout a year ago I stopt 'em off. They got to be too frivolous for me. Since then I've been took up reading a book."

—New York Sun.

Turkey Optimist and Pessimist.
The difference is small.
The Optimist sees the doughnuts.
The Pessimist sees the hole.

Some would say the best way to turn an optimist into a pessimist would be to feed him the doughnuts, and this would be true if the doughnuts are fried in lard. Lard is certainly indigestible and many people are deprived of the pleasure of eating doughnuts and other dainties just because of this fact. However, there is a cooking fat—COTOLENE—which can be used in any way and every way that lard can, and yet makes light, rich, delicious food that the most delicate stomach can digest with ease. COTOLENE is making the world cheerier and brighter for thousands who were formerly suffering from the curse of lard-soaked food.

RUNAWAY AT FREDERICK.

Alleged Bootleggers Arrested—Man's Pardon is Approved. Special to The Times. Frederick, Okla., Oct. 26.—While driving to the country in a wagon yesterday afternoon, the horses became frightened and overturned the wagon throwing W. W. Jones and wife to the ground, seriously injuring both. The horses became frightened at a Wichita Falls and Northwestern freight engine, and were uncontrollable. When the wagon overturned, Mrs. Jones was thrown out and Mr. Jones was caught underneath the bed and dragged about 50 yards and was bruised pretty badly. The timely arrival of some men saved his life, as they stopped the horses. Medical aid was at once given the unfortunate people, and it is thought they will recover from their injuries in a few weeks.

Marvin Tysen and Ernest Skinner, two prominent druggists at Davidson, were arrested yesterday by Sheriff Carter on the charge of selling liquor. They were brought to this city and had a preliminary trial before Judge Moore, and were released on bond.

A petition is being circulated for the pardon of Harry Meadows, who is now in the Tillman county jail serving out a 90 days sentence and \$275 fine for selling liquor. When completed the petition will be presented the state board of pardons. Another petition is being circulated opposing such a scheme. Meadows has caused the officers more trouble than any other man in the county, and during this year there has been fifteen cases against him and his employes in the courts of this city. He was justly and legally convicted and should be pardoned it would be considered by many as a slap in the face of the law and the officers who are trying to enforce the prohibition law.

Moved.

I now have associated with me W. F. Turner from the Vernon Abstract Co., who is a thorough abstract man; also M. L. Brittn, and am in a better position to serve you in the abstract business than ever before. We have moved our office from the court house to the old city hall building, on the corner of 7th and Indiana. We will appreciate your business. 132-tfc T. T. FELDER.

AN ANALYSIS BY AN OLD TIME DEMOCRAT.

The Houston Chronicle prints this letter:

To the Editor of the Chronicle: A few remarks anent Senator Bailey's tariff speech, and especially from the standpoint of the consumer, might not be amiss from an 'old time democrat.' I was among those who listened to the senator last night, and am yet far from convinced that the strange doctrine he preaches should be accepted by the democrats party. At best his argument is sectional, and could not in any sense be accepted as outlining a national policy.

To those who heard the senator, it was apparent that his argument was all from the standpoint of the producer of the raw material and the manufacturer of the finished product, and not in any sense from the standpoint of the consumer. He did not undertake to explain in any satisfactory manner, the obviously irresolvable conclusion that whenever a tariff is placed on raw material, the manufacturer, adds it to the price of the finished product, thus making the consumer pay a double tax being taxed first on raw material, and then when the raw material is made up into finished products, then paying a tax on the finished product. When it is considered that the largest per cent of the people are consumers, the eloquent plea of our junior senator for our great lumber kings, wool growers and manufacturers will carry very little weight with the great American people, who pay this tribute. The senator admits that a tax on raw material is added to finished product, thus making double taxation, when he says that the best remedy is to take the tax off of the finished product and leave it on the raw material. This has never been done, as it would not be the best means to obtain revenue, and furthermore, the senator knows that it never will be done, and therefore he advocates a fallacy as a cure for the one paramount objection to the wisdom of taxed raw material, to-wit: That such tax on raw material is added to the finished product. I can not blame a great lumber manufacturer, or an opulent wool grower, or the owners of iron ore, for thoroughly agreeing with the senator in his eloquent plea in behalf of their products, but how a plain everyday American consumer can get in that bunch will always remain a mystery to me, and when you find one doing so, if you raise his hat, you will find his head is not bigger than a south Texas pecan. You see there are three classes: The producer, the manufacturer, and the consumer. The consumer has no place in either the other classes, and his chief interest now is to keep our senator from getting his in between them, and grinding him to death in tariff tribute to both. The interest of the consumer is necessarily diametrically opposed to a taxation for protection of either the producer or the manufacturer, and his interest insis-

ently demands that he oppose a tax for protection of both raw material man and the finished article man, and he can not hold out long in trying to protect both, with any regard to his own interest. The only position for the consumer to take, so long as the government's revenue is to be collected through the customs house, is to be for a tariff on the finished article for revenue only, and, at best, for incidental protection, which means unintended protection. When a consumer gets off of this ground and goes to boasting about protecting the raw material and the manufacturer, with no regard to protecting himself and family, he is fit, as our junior senator would say, for the 'witches.'

The senator's argument that public servants are above instructions of the platform made by their constituents in convention assembled is a rather novel one to be made in a representative form of government, wherein the only method by which the people who enter into a contract with the representative obligating him to carry out their wishes is by presenting him with a platform and asking him will he accept a nomination on such platform and abide by it. The senator seeks ingenuously to justify his conduct in repudiating the Denver platform on the tariff question, but his argument amounts to no more than that a public servant can carry out his own desires in the matter of legislation without regard to the instructions of his party and his constituents. This is a strange argument from the man who but a couple of years ago, when brought to the bar of public judgment before the legislature at Austin, cracked the party lash with all the fore of his command, and made the air vocal with a demand that any democrat who had been elected to the legislature on a platform endorsing Senator Bailey should either vote for Senator Bailey for United States senator or go home and resign and run over again, so that the people could determine whether they would elect him when they knew he would repudiate their platform. They even got poor Hawkins to resign in northwest Texas and then dumped enough money in his district to beat him. How treacherous is the memory of man when it is convenient to disremember!

Personally I regret that Senator Bailey has taken this new stand as against the people, for we can no longer follow him in view of this new effort to repudiate the democratic party. He may have a fine head, and is unquestionably a man of brilliant parts, but it may be reasonably doubted that his heart is right with the people. Mr. Bryan is a man who, in intellect is the equal if not the superior, of Senator Bailey, and it can not be doubted that his heart beats warmly and truly to the interests of the great masses of our country. Granting, therefore, that Mr. Bryan and Mr. Bailey are intellectually a standoff, it yet behoves the people to be with that one whose heart is right. Therefore, let the fight go on; with Senator Aldrich looking after the protected interests of the manufacturer of the north and east, and with Senator Bailey protecting the lumber king and the cattleman of the south and west, the great body of consumers of the American people will be willing with the utmost fidelity and trust to rest their case in the hands of their great commoner, Mr. Bryan, relying on him to do justice to all sections, without any endeavor to bestow special privileges upon one class as against the other. OLD-TIME DEMOCRAT.

MERELY A SUGGESTION.

Chief of Police Gwinn requests the Times to say that beginning tonight the curfew law will be strictly enforced, and all boys under 16 years of age found on the streets after 9 o'clock at night will be placed in the jail, where they will remain until their parents or guardians call for them. The fire bell on the city hall will be used to announce the time, for all boys to go home.—Wichita Times.

Better put the fathers of the boys who are found on the streets after 9 o'clock at night in jail and send the boys home. That sort of a curfew law might entirely end the trouble that comes from thoughtless boys on the streets when they ought to be at home. But where are some of the fathers when the curfew bell rings?—Star-Telegram.

The conviction of a Texas legislator for manslaughter will doubtless prove very surprising to those outsiders who have always supposed that members of the Texas legislature were model men in every way.

The Mensural fight is now being made on Uncle Joke Cannon. The fight will be about the same and the result will be about the same, but it's worth while to keep hammering just the same.

Nicaragua is violating some sacred traditions in her revolution. There was a battle there the other day and some people were actually killed.

This is the season of the year when the turkey begins to have his suspicions as to why such lavish attentions are being thrust upon him.

Texas possums are such delicacies that somebody went so far as to swipe one from the president of these United States. The 'possum, however, will probably enjoy himself just about as much.

There are no boll weevils in Wichita cotton. If Wichita cotton ever has anything the matter with it, it will be some fashionable cotton disease like anthracnose.

Cleveland's children and Bryan's grandchildren are to be educated in Germany. Roosevelt has not yet decided where he will educate his grandchildren.

Three sweet potatoes weighing a total of twenty-five pounds, are on this desk, making our editorial mouth water as we write. Come to Wichita.

It is hard to understand how Roosevelt ever came to admit that somebody else, and not himself, killed that leopard with his bare hands.

Judge Gaynor is now engaging in telling what a moral town New York is. After that, mayoring New York will be child's play.

Our advice to the anti-appendicitis-operation agitators would be to cut it out.

THE ALARMING INCREASE OF BRIGHT'S DISEASE.

"He died of Bright's Disease." Hardly a week passes that this statement is not made in reference to some prominent citizen.

The increasing prevalence of this disease makes the present time seem most opportune for discussion in the hope that some who are unconsciously afflicted with this dreaded disease may receive timely warning.

A prominent citizen residing in a nearby town informs us that he suffered for nearly a year from Bright's Disease, but that he recently affected a complete cure.

"What seemed to be the first indications of the trouble," was asked. "They seemed hardly worth noticing. My digestion bothered me at times, my stomach seemed out of order, and I had occasional backaches, but I thought it was due to too much work."

"Did you take anything?" "I did not. Later, my strength failed me, I had severe pains in the back and noticed some irregularities of the urine, I couldn't sleep well at night. I then used some simple remedies, but without benefit."

"Did you realize that your trouble was Bright's Disease?"

"I never thought of such a thing. Finally, my condition became serious. My back ached all the time, I had shooting pains in my joints and a weak tired feeling at the knees, a little work played me out completely. I then began doctoring for kidney trouble but did not improve very much."

"Did you have any trouble with your heart?"

"Yes. I had spells of heart throbbing and a nervous faint feeling. I thought I had heart disease and treated awhile for that. Nothing seemed to help me. I had to give up trying to work."

"How did you affect a cure?"

"A friend of mine persuaded me to try Prickly Ash Bitters. I bought a bottle of my druggist. After taking it a week I began to feel some better, my urine became more natural and there was a gradual lessening of my misery. I kept on taking Prickly Ash Bitters for several weeks and I could feel my strength returning—slowly at first—but increasing daily. I am now entirely cured of my trouble and able to do a full day's work without the least fatigue. I consider Prickly Ash Bitters the grandest kidney medicine in the world."

Thousands of people attest in like manner to the wonderful benefit derived from Prickly Ash Bitters. It is a time tried and successful remedy for Bright's Disease or any disorder of the kidneys.

Prickly Ash Bitters is in every sense a system tonic and regulator. It possesses important properties for curing ailments of the stomach, liver and bowels in addition to its great power in the kidneys. It is a valuable article to keep at home where a dose or two can be taken when ever needed. When used for any disorder in the kidneys, stomach, liver or bowels it is the right medicine in the right place.

Get the genuine with the figure 'S' in red on front label. Sold by druggists. Price \$1.00.

Fancy, Fat and Meaty Prunes

The ones we have in mind when writing this are the 40 to 50 size and for that size they are a big bargain at 12 1/2c.

Prunes like raisin grapes were of fine quality this year although the crop was rather small—at least that is the present report.

These are very fancy for their size and are better than you have been getting usually at that price.

INFERNAL MACHINE FOUND.

Attempt to Wreck Court House at Lawton is Frustrated.

Lawton, Okla., Oct. 26.—An attempt to carry out the threats against County Attorney J. A. Fain contained in an anonymous letter two weeks ago—an attempt which failed of its purpose—was discovered yesterday morning when F. B. Swank, deputy county attorney, entered the office of Mr. Fain on the third floor of the Keegan building, opening the door to which was attached the string designed to fire the death trap. A large artillery sharpshell copper shell, containing dynamite and something near a quart of loose explosive, so arranged in a small wooden box that a match and fuse and cap, ignited by the pulling of a string attached to the door knob would explode it, was lying in a chair near the door. The match had ignited and had burned some loose cotton by which it was surrounded, but paper, in which the outside box was wrapped, so effectively excluded the air that it flame went out before the two-inch fuse caught fire.

The death engine had been placed in the room some time during the night before, evidently with the hope that Mr. Fain would be caught in the explosion.

For some time past he has been the first to the office, arriving during the court term, usually about sunrise. This morning he was late.

Had the explosion occurred, expert dynamiters declare, it would have torn the whole front end of the three-story Keegan building, killed practically every person within the building, and scattered destruction along the street below.

Both County Attorney Fain and Undersheriff E. A. Elrod were threatened in the letter which was received two weeks ago today, threatening the death of each unless all prosecutions against persons in Lawton be dismissed and all injunctions against a building containing joints be dismissed. At that time nothing of consequence was attached to the letter by Mr. Fain. No arrests have followed.

Parties wishing Carter's Mineral Water can have it delivered to them in any part of the city by phoning 326, Casey Island Cafe. 127-tfc

It's good—it's pure sweet cider, at King's, 60 cents per gallon. Phone 261. 137-tf

Haskell & Wall Street.
Governor C. N. Haskell of Oklahoma has made public the following letter on the bank guarantee law:
Sir—In your issue of October 1, referring to the closing of the Columbia Bank and Trust Co. of Oklahoma City by our state board, I extract the following:

"The bank is confronted with the necessity of paying its depositors in full irrespective of the indebtedness of the depositors to the bank, and to do so it is necessary to call upon other banks of Oklahoma, who do not show that alacrity in paying up that Governor Haskell would doubtless like."

The above statement is false. Depositors are paid only the balance of their account, after deducting their indebtedness to the bank, which is the same as a solvent operating bank would do. The state bankers pay assessments promptly on sight draft.

Again you say:
'It has been said in these columns before that the guaranty of bank depositors is either a premium on bad banking or a humbug. In Oklahoma it is a premium on bad banking. The suspended bank actually had on deposit one-sixth of the guaranty fund.'

Oklahoma has over 600 state banks. Our present banking law was passed two years ago next December, during which time we had a small bank failure in May, 1908. The creditors were all paid within forty-eight hours. The draft on the guaranty fund was replaced within five weeks, and within seven weeks the stockholders had 55 cents on the dollar on their stock, and thus that incident was closed.

The closing of the Columbia Bank and Trust Co. took place on September 29 this year. Immediate payment was begun, and every claim presented and sworn to was paid in the order in which it has been presented during the ten banking days that have ensued and the Columbia Bank and Trust Co. under the charge of the state banking board and commissioner, has been open regular banking hours or longer every day and will so continue to the end. That gives you two bank failures in twenty-two months.

Now, kindly advise me on what theory you claim that the Oklahoma banking law is a humbug and promotes bad banking? Have you got any record anywhere else where out of over 600 banks you have less than one failure per year? If you are analyzing banking for the purpose of finding reckless bankers or humbugs, I beg that you will begin by explaining the Walsh failure in Chicago and the Biglow failure and dozens of others within the shadow of your printing office, where a bank failure means a riot on the street, a locking up of patrons' funds, a depression of subleshrdu spread disaster throughout the entire sphere of influence of your failed institution.

The examples to which I refer under your present national banking law (which is a relic of barbarism, grows stale with age and proven inefficient by a hundred examples), is certainly not a model that you would recommend to the state of Oklahoma or any other state or nation.

Your reference to a portion of the guaranty fund being on deposit in this bank was either purposely or ignorantly unfair, and ignorance of the facts does not excuse an editor who takes the freedom of discussing a question of fact. You should have told your readers the truth, that what guaranty fund there was on deposit in this bank, in compliance with our law, had its legal protection which enabled us to convert into cash in six hours.

Again you state:
'A dishonest director, exercising the necessary power on the finance committee, could discount his worthless note of hand maturing a year ahead, with his bank, credit his deposit account with the amount, suspend the bank and receive in full the amount of his fictitious deposit from the other banks.'

Now, Mr. Editor, under separate cover I am sending you a copy of the Oklahoma bank law. No such condition could be accomplished under our law. You have simply been reading the national banking law and have gotten our state law mixed in your mind by comparison.

Of course, men can rob a guaranteed bank just as they can any other class of property, but under the Oklahoma law they have to do it on very short notice to even get started away with the goods.

Regarding your general statement that the Oklahoma law encourages weak banking, I would ask you to advise yourself.

There has never been a quarterly report since the Oklahoma law was passed that does not show conclusively

that the state banks of Oklahoma are stronger than any other class of banks in the state. I do not mean to say that the other class of banks are not sufficiently strong, but I do mean to say that the Oklahoma state banks are exceptionally strong.

There is but one thing to add; theorise all you will about the virtue of a national banking law; criticise all you like about the policy of the Oklahoma banking law, but the fact remains that in Oklahoma state banks, creditors can get their money any day on demand. In a failed national bank he can't get money anywhere in the union short of several months, and in many instances in several years, and then only of ordinary interest per annum on his deposit, with no hopes of ever getting the principal.

Oklahoma can handle a failed bank without the slightest disorder on the street or in the bank; policemen are not required to preserve order. Local business is not suspended by the tying up of bank funds. We need no antidote for fever throughout the state on such occasions.

Very truly yours,
C. N. HASKELL, Governor.

Let Us Give You a Pointer

RIGHT NOW is the time to build that new house that you've been figuring on. We are overstocked on just the material you'll need, so are in position to quote you very favorable prices.
As a matter of fact, we have large stocks and a good assortment of lumber, sash, doors, mouldings, and building materials of all kinds. And while 'quality' is our long suit, still we will not allow ourselves to be undersold. If our price is not always lower than you can get elsewhere, it is at least as low. Anyway, it will pay you to get our figures.

MOORE & RICHOLT, Lumber and Building Material

A home bank; a substantial bank and a big bank is

The First National Bank

Wichita Falls, Texas

- It aims to be abreast of the times and still be conservative.
- Its losses have been small and its profits sufficient during its corporate existence.
- We are prepared to take care of your wants in our line.
- It has accumulated a surplus and undivided

profit account of \$ 70,000 00
its capital is 75,000 00
its total assets 587,579 46

It merits your confidence and invites your business whether you are a depositor or a borrower.

Your Ad Should Be There

When the Ad Reader Gets a Pair of Scissors

When the ad-reader gets busy with a pair of scissors, and begins to clip out ads-- YOURS OUGHT TO BE THERE.

For these clipped ads. serve as memoranda on little trips--little buying excursions--shopping, house-hunting property-hunting, servant-hunting trips. They decide the trend of the day's quests. They influence the day's business deals--more than that; they initiate them. Many of the day's deals, sales and purchases would not have been made at all but for them. So, have your ad. there when the ad-reader looks for a pair of scissors.

You will get satisfactory results by advertising in

The Wichita Daily Times

NOW ON STRIKE

Millions of Stomachs Refuse to do Their Work Properly.

All over this broad land millions of stomach owners are being held in humiliating subjection just because they are so stubborn that they will not accept a fair, square and broad minded offer.

Life is short for all of us; it will be shorter for those who let their stomachs go from bad to worse.

Mater-Walker Drug Company have a famous prescription called MI-o-na and they believe so thoroughly in its remarkable curative power that they say to every owner of a distressed stomach that they will guarantee MI-o-na tablets to cure acute or chronic indigestion and all stomach ailments or money back, and the price is only 50 cents a box.

And still there are stubborn people right in Wichita Falls who won't accept this offer, but continue to suffer from gas on the stomach, belching of sour food, stomach pains, foul breath, dizziness, biliousness and headaches, just because--just because--that's all, there is no other reason.

MI-o-na tablets stop dyspeptic agony in five minutes; they cure obstinate cases of indigestion and turn the old stomach into a new one in a few weeks--or money back.

Sturdevant Fish, Jr., began in the Illinois Central shops in Chicago at a salary of \$25 a month. Later he worked at station agent at \$60 per month, and thus learned all the work from bottom to top.

SHERIFF'S SALE.

STATE OF TEXAS, County of Wichita.

By virtue of an Order of Sale of issued out of the Honorable District Court of Wichita County, on the 12th day of October 1909, by the Clerk thereof, in the case of R. E. Nutt versus J. L. Mears, Walter Brown and A. B. Taber, No. 3809 and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on Tuesday the 2nd day of November, A. D. 1909 at the court house door in Wichita Falls in Wichita county, Texas, between the hours of 10 a. m. and 4 p. m. the following described real property, to-wit:

All of the Jesse Mumford Survey, Abstract No. 483, about 2 1/2 miles northeast of Wichita Falls and one acre out of the southeast corner of the E. Morrison survey in Wichita county, Texas, levied on as the property of J. L. Mears, Walter Brown and A. B. Taber to satisfy a judgment amounting to \$944.46 in favor of R. E. Nutt, together with interest thereon at the rate of eight per cent per annum from the 24 th day of July 1909, and cost of suit.

Given under my hand, this 12th day of October 1909.

J. W. WALKUP, Sheriff.
By B. M. Bullard, Deputy.

SHERIFF'S SALE.

STATE OF TEXAS, County of Wichita.

By virtue of an Execution issued out of the Honorable District Court of Wichita County, on the 6th day of October 1909, by the Clerk thereof, in the case of J. Markowitz vs. S. Shwartzberg, No. 3807 and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's sales, on Tuesday the 2nd day of November, A. D. 1909, at the Court House door in Wichita Falls, in Wichita County, Texas, between the hours of 10 a. h. and 4 p. m. the following described real property, to-wit:

Lots 21, and 22, block 27 and lots 7, 8, 9, 10, 11 and 12, block 37 situated in the town of Burk Burnett, Wichita County, Texas; out of the T. J. Redmond survey, levied upon as the property of S. Swartzberg to satisfy a judgment amounting to \$361.00 in favor of J. Markowitz, together with interest thereon from the 1st day of June, 1909, and cost of suit.

Given under my hand, this 7th day of October 1909.

J. W. WALKUP, Sheriff.
By B. M. Bullard, Deputy.

FLORAL HEIGHTS

Wake Up and Buy Some Lots In Floral Heights

Can't you see that delay means a loss to you. Don't you know that lots in Floral heights will soon be higher? Why not? They are certainly the cheapest and best located lots in and about Wichita Falls. They have the highest elevation, the purest atmosphere, the most picturesque view. They have the city water, graded streets, five cent car fare and, in fact, will soon have every modern convenience out to the bend of the car line. Wide concrete sidewalks are now being put down and several nice residences are under construction.

This is the only way the town can grow and the only way we will have street car service for several years. The Floral Heights addition is not a real estate man's proposition, but is an addition backed by over fifty of the leading citizens of Wichita County, who have the interest of Wichita Falls at heart and who are determined to make Floral Heights the swellest residence section of the city. Floral Heights is spending more money to boost Wichita Falls than all the concerns in the city put together, with the exception of the Chamber of Commerce.

Any agent in the city will be glad to give you prices and assist you in selecting your lots. Make your purchase today before the good lots are all sold. Cars leave the corner of 8th St. and Indiana Avenue every ten minutes for Floral Heights. Lots are sold on terms of one-third cash, balance in one and two years, 8 per cent interest.

If you have friends and acquaintances who would like to know more about Wichita Falls, call at our office, 617 8th Street, for nice literature to mail them.

Benjamin Clothes

You'd be surprised if we'd tell you the number of men in this city who come to us, quite worried because of the fear that they can not obtain a suit of exceptional attractiveness, and one not having that flippant "air" which characterizes so many makes of clothes. We quiet their fears in a moment and do it very easily, too. In our long experience we have found that freakishness is not style, nor are the clamorous patterns. Acting upon our real knowledge of a gentleman's needs we are always prepared to exhibit rare styles and fascinating patterns; BUT NOT boisterous clothes. The Seabright Sack, made by Alfred Benjamin & Co., in New York, is a remarkable style, which is so "up-to-the-minute" that it fairly sparkles. The fabrics are soft and rich; the tailoring is of the kind which only expert workers can give. It is a clean, good, "Made in New York" style which men of taste desire.

Fresh Fall Styles

Daily new arrivals are shown in every line. The winter season is approaching its busiest period. Purchasers in increasing number are frequenting every section. The great assortments could not be better equipped for every demand. Many unusual strong values are striking points in every department. :: :: ::

While this store always proposes to give its patrons the best values in woman's wear obtainable anywhere, the price from the buyers point of view should not, and is not always the first consideration. The important features are these—to the garment individual, is it graceful and of a character suitable to one's particular style; if lacking only in some slight degree it will never impart satisfaction and contentment in the knowledge of being well gown'd. For this reason we have devoted much time and thought to the matter of perfect tailoring and exclusive style ideas which will readily be recognized by woman who look through our magnificent assortment of suits and coats and try them on. Daily arrivals by express keep this ready-to-wear stock up to the highest standard of perfection.

Hart, Schaffner & Marx clothes every captivating feature which fashion has decreed correct is embodied in Hart, Schaffner & Marx clothes. They demonstrate a degree of distinction and correctness demanded by the smart dressers. Judicious buyers know Hart, Schaffner & Marx qualities and recognize their intrinsic worth.

We are the only distributors of Hart, Schaffner & Marx clothes in Wichita Falls. Suits from \$10 to \$40; Overcoats from \$12.50 to \$30.
