Marshall Wants Firm Dealing With Russia

Well...
I Dunno,
But...

Of cats and fish:
Pee-Wee, 21 year old cat owned by Mr. and Mrs. Owen Bray succumbed to old age Tuesday after fighting off the handicaps of the gathering years and a number of threats of death during its old age.

Pee-Wee became the pet of the Bray family in the spring of 1927 and has since then traveled widely with the family. Once while the family lived in Houston, the cat lost an eye, how the family never knew, but that nearly got Pee-Wee.

The Brays think the 21 years of the cat's life is something of a record and we guess that they are right. Never heard of one living that long before.

Now fish: Noble Robertson called us yesterday to remind that fish are still biting at Lake Hagaman. He says that his dad, N. Robertson caught a three and a half pound big mouth bass at the Lake Monday morning.

We guess we're in for a spell of bragging from the husband. Once again he claims he's won a victory in predicting the first north winds for fall.
His contention is that the first real break comes between the 9th and 11th of September and this morning when the wind changed from the south to the north, he claimed that it was because this is leap year and with the added day would make today equal to the ninth.
That's close figuring but we can't deny the change in the wind with cooling results. So we'll just put on our coat of armor and take the "I told you so." Our teeth need a little sharpening anyway and a little gritting of 'em might be the cure.

See by the wire that the Weather Bureau is on the husband's side and says that cool northerly winds have moved into Texas to break the heat of summer.
May need two coats of armor now.

Northerly Winds Bring Heat Break

By United Press
The best prospects in weeks for relief in Texas from scorching summer heat was seen today by the U. S. Weather Bureau.
Cooler weather moved into northwest Texas early today with fresh northerly winds reported as far south as Wichita Falls and in the plains country westward to Lubbock. Considerable rainfall was expected in parts of the state today and tonight.
Temperatures yesterday ranged mostly in the upper 90's, with readings in the low 90's and the upper 80's reported around the coast region.

Presidio again laid claim to being the hottest spot in Texas with 105 degrees. Quadelupe Pass reported the coolest temperature of 83.
Today, winds in the panhandle reached guest velocities of 25-30 miles per hour. A few showers had developed in the cool area.
There also were some early morning thundershowers along the Texas coast.

Elsewhere in Texas, the weather was dry and partly cloudy. Temperatures dropped to the lower 50's in the Panhandle, but along the Texas coast, minimum temperatures were in the upper 70's.

Grandfather Of Dr. Straley Dies

Dr. Carl Straley left today for Lemeta where he was called by the death of his grandfather, F. H. Straley.
No details of the death for funeral arrangements were available press time today.

President Harry S. Truman, speaking from a platform in front of Detroit's City Hall, opened his Presidential campaign by addressing an estimated crowd of 125,000. (NEA Telephoto).

Dewey To Open Campaign At Des Moines, Iowa

ALBANY, N. Y., Sept. 8 (UP)—Gov. Thomas E. Dewey will open his campaign for the presidency at Des Moines, Ia., Sept. 20, it was announced today.

The Republican presidential candidate will speak in Drake Stadium over the Columbia and Mutual broadcasting networks from 10 to 10:30 P. M. EDT. The topic of his opening speech was not disclosed.
Announcement of the Des Moines appearance was made by Herbert Brownell, Jr., campaign manager for the Dewey-Warren ticket. It was made public from Dewey's executive offices by James C. Hagerty, his press secretary.

Governor Dewey will open his campaign at Des Moines—that's all that we can make public at this time," Hagerty said.
The governor's special 14 car train will leave Albany Sept. 19 and proceed directly to Des Moines. It was understood that the governor expects to be in California around Sept. 24.

Briggs Strike Causes Layoffs

DETROIT, Sept. 8 (UP)—A walkout by 170 plant guards in auto body plant of the Briggs Manufacturing Company today caused layoffs to be ordered for 50,000 car makers in Detroit.
Briggs closed all his plants, fiddling 25,000, when the striking guards set up picket lines and members of the CIO United Auto Workers Union refused to pass through to their jobs.
Shortly afterwards, the Packard Motor Car Company, which sets all its auto bodies from Briggs, announced the layoff of 6,000 employees at noon because it was unable to keep its final assembly lines going.

EAST WEST RELATIONS AT NEW LOW AS SOVIET PLANES BLOCK LANES

BERLIN, Sept. 8 (UP)—East-West relations here dipped to a new low today as Russian planes wheeled over Berlin and the western air corridors, endangering the aerial flow of supplies to this blockaded city.

The Russians received a vigorous protest against the seizure by treachery of 19 German policemen in the last phase of the battle of the Berlin city hall. Promised safe conduct, they were betrayed. Gen. Pierre Koenig, French military governor, protested directly to Marshal Vassily Sokolovsky.

The Soviets served notice of big scale maneuvers which would pose a hazard to the western air run into Berlin. Promptly, American pilots reported sighting 11 Russian fighters in formation

Herriot Refuses French Cabinet

PARIS, Sept. 8 (UP)—Edouard Herriot, called the Grand Old Man of French Politics, today refused a request by President Vincent Auriol to try to form a new government.

The refusal by Herriot, 76, aging president of the National Assembly, blocked the first attempt by Auriol to haul France out of the grave crisis which was renewed last night by the fall of Premier Robert Schuman's coalition cabinet.

Auriol's office announced that Herriot, several times premier before the war, refused on grounds of ill health. He has been crippled with pleuritis for sometime, and is almost deaf.

Herriot called on Auriol at 3 p. m. He was one of many party leaders who paraded through the president's office during the day as the search for a prime minister went on.

Auriol began consultations with party leaders. Maurice Thorez and Jacques Duclos, Communist chiefs, appeared first to reiterate their party's demand for government leadership. Then Auriol saw the popular Republicans, Socialists and Radicals.

Railroad Unions Open Wage Drive

CHICAGO, Sept. 8 (UP)—Railroad unions opened their big drive for a third round wage increase today.

Leaders of 16 "non-operating" rail unions claiming 1,000,000 members opened negotiations with a 15-man committee representing the nation's railroads.
The unions demand a reduction in the work week from 48 to 40 hours, and a 25-cent hourly pay raise.

3,000 feet over the U. S. corridor.
Authoritative U. S. sources said a number of Russian planes were active over Berlin at high altitudes. Four power agreements forbid formation flights or maneuvers over Berlin at any altitude.

The Soviet attempt to ground the Berlin airlift was disclosed in an official notice to U. S. air force headquarters here that large scale air maneuvers now are being carried out over Berlin and the three western air corridors.

The Soviet maneuvers started on Sept. 6, the notice said, and will continue for another week until Sept. 15.
The maneuvers in the western air corridors will be carried out

Four To Seek Presidency Of Texas Legion

AUSTIN, Tex., Sept. 8 (UP)—The American Legion's next state commander will be picked at a convention opening Sunday at Corpus Christi with four candidates seeking the honor.

The candidates include George Broome, Amarillo; F. E. Elliott, Jacksonville; Joe Spurlock, Fort Worth, and William McCraw of Dallas, a former state attorney general.

George S. Berry, of Lubbock, retiring state commander, has announced that speakers scheduled to address the convention include John Nicholas Brown, navy assistant secretary for air, and Governor Beauford Jester. The Governor will speak on Sunday, while Brown will address the group on Monday.

Other speakers include James F. O'Neil of Manchester, N. H., national commander of the legion, and Perry Brown of Beaumont, candidate for the post of national commander.

1948 Cotton Crop Estimate Boosted

WASHINGTON, Sept. 8 (UP)—The Agriculture Department today estimated the 1948 cotton crop at 15,219,000 (M) bales, a boost of 50,000 bales over its forecast a month ago.

The new crop estimate was based on information as of Sept. 1. It compares with a production year of 11,857,000 (M) bales.
The August estimate was 15,169,000 (M) bales.
The 10 year (1937-46) average production was 12,614,000 (M) bales.
This year's crop is expected to be the largest since 1937.

from treetop level to 36,000 feet, the Russians said. Over Berlin the Soviet planes will maneuver between 9,000 and 36,000 feet.

The Soviet maneuvers over the city were scheduled despite Four-Power air safety agreements, signed by Russia, which forbid formation flights or maneuvers over Berlin at any altitude.

All American and British pilots ferrying food, coal and supplies to Berlin were warned this morning to take extreme precautions against encountering Soviet planes in the air corridors.

American authorities at Tempelhof Airbase said some Soviet fighters have been observed along the air corridors during the past two days, but not in unusual numbers.

Charles Jordan Buried Tomorrow

Funeral services for Charles Jordan 50, of Eastland who died Tuesday morning from burns received in an explosion Monday night, will be conducted Thursday at 2:30 p. m. at the Carbon Methodist Church, by Rev. Kirkpatrick of Mineral Wells and Rev. Lee Fields of Carbon. Interment will be in the new Carbon cemetery.

Survivors are the widow, Mrs. Ina Skinner Jordan, 1510 S. Bassett Eastland, seven children, Jack, of Montana, Mrs. T. W. Irwin, of Oklahoma City, Roy Jordan Eastland, Harry, Don, Mary, Evelyn, and Tommy, at home. His mother Mrs. Julia Parker of Carbon, one brother Arnold of Buffalo, N. Y.

Pall bearers are: Ben Mathews, Artie Lyle, Haywood Flowers, J. R. Powers, Eastland, Claborn Eldredge, Gorman, and Bab Steel of Abilene. Hammers of Eastland are in charge of the funeral arrangements.

Arnold Jordan was to have reached Eastland by Air plane this morning, the married daughter reached Eastland Tuesday night and Jack is to reach here this afternoon.

The deceased was a member of the Methodist church and the Woodmen lodge. He was born, reared in Carbon, married Miss Ina Skinner in Carbon September of 1919, and with his family moved to Eastland, a year last May. He was in the Oil lease business.

Mr. and Mrs. Jordan had planned to move to the home vacated by Mrs. L. Y. Morris Monday, Tuesday. They had sprayed the house in the afternoon or evening and returned late in the evening. Mr. Jordan opened the back door and struck a match which caused an explosion, that caused the fire and burns which cost his life.

Brothers of Mrs. Jordan here with the family are: Roy Skinner, Carbon; J. D. and Ernest of Lubbock; Mrs. T. N. Luckett, Bonham; Mrs. T. P. Drew, Midland; Mrs. Myrtle Ellis, Carleton, and Mrs. M. R. Walton, Carleton.

Pow-wow Held At Scout House

The Comanche Trail Council met in a Pow-wow session last night at the Ranger Scout House at 7:30 p. m.

After a short business meeting presided over by F. P. Brasher, Sr. the Pow-wow was turned over to Steve Potts, Boy Scout Field Director for this district and W. N. Quiri.

Mr. Potts spoke on the preparation of a scout troop for a camping trip and demonstrated the various phases of the work. Mr. Quiri directed his talk to scout masters and how to get the most out of their efforts.

It was announced that the next meeting of the council would be held in Eastland, Oct. 4. Flat lunches of fried chicken were served by Bob's Drive Inn Cafe.

The following men from the surrounding area were present: Grady Slaughter, Breckenridge; John M. Arthur, Breckenridge; Milton T. Gilbert, Breckenridge; R. B. Thomas, Ranger; F. P. Brasher Sr., Ranger; J. C. Massee, Ranger; Frank Pellizzari, Breckenridge; L. C. Russell, Ranger; H. A. Shockey, Ranger; Cecil Ellis, Ranger; N. V. Whittenburg, Breckenridge; Homer Tudor, Breckenridge; W. W. Rogers, Breckenridge; C. G. King, Breckenridge; A. G. Koenig, Ranger; J. A. Winder, Ranger; G. N. Quiri, Brownwood; Steve Potts, Eastland; Pearson Grimes, Eastland; George Lane, Eastland; A. L. Murrell, Eastland; Bill Brown, Ranger; Ted Waters, Cisco; Bill J. Collins, Eastland; C. W. Graham, Cisco; S. E. Hittson, Cisco; Gaston Dixon, Ranger; W. B. Pickens, Eastland; Wm. Jessop, Ranger; Hartan, Phillips, Ranger; and Hugh Smith, Ranger.

A one-watt fluorescent glow lamp is on the market to serve as a night lamp in bedrooms, nurseries, bathrooms, halls or on stairways.

SECRETARY MINCES NO WORDS IN DENOUNCING COMMUNISTS METHODS

NEW MEMBERS TO C. OF C. ARE REPORTED

Nine new members to the Chamber of Commerce were reported last night when F. P. Brasher, Sr., chairman of the membership committee, made a report at the directors meeting at 8 o'clock. The nine new members pledged a total of \$22 annually and \$66 has already been collected from them.

Brasher also reported that \$142 had been collected from old members. The new members are the Morris Funeral Home, Bonner's Flowers, Mission Garage, Superite Aggregate Company, Ranger Jewelry Company, O. G. Lanier, Ranger Produce Company, Frank A. Wieser and Ralph Wagner, both latter of the Gholson Hotel.

J. E. Meroney was introduced as a new director of the Chamber of Commerce, and was named chairman of the highway committee. Meroney will begin working on a list of requests for farm to market roads leading into the State Highway's two year program. The requests will be filed with the Commissioners Court and from there go to the highway department.

R. V. Galloway, manager, read letters from Dr. G. C. Boswell thanking the body for flowers sent to the recent opening of Ranger Junior College and one from L. C. Porter, vice-president of the Texas and Pacific Railway, for flowers delivered to the first Eagle train coming into Ranger.

Those present Tuesday night were Joe N. Graham, who presided, W. A. Lewis, Meroney, J. Bates, W. F. Creeger, H. F. Earnest, David D. Pickrell, B. A. Tunnell, H. C. Henderson, F. P. Brasher, and Galloway.

Precaution Taken For Benes Rites

PRAGUE, Sept. 8 (UP)—Thousands of armed workers from Communist action squads gathered in downtown Prague today with orders to crush any anti-government demonstrations that might develop during the funeral rites of former President Eduard Benes.

Well informed police officials reported privately that more than 200 mourners for Benes were arrested during two demonstrations last night and early today. One demonstration was at Memorial Hall, on Zizkov hill overlooking Prague, and the second was in Wenceslav Square.

LEGION TO MEET
The Carl Barnes Post of the American Legion will hold an important meeting Thursday 8 p. m. at Legion Hall.

WTCC PLANS FIGHT FOR WEST TEX. WATER RIGHTS

ABILENE, Sept. 8—A fight for West Texas water rights will be carried directly into all of the 132 counties of the West Texas Chamber of Commerce territory in a series of project clinics authorized this week by members of the executive committee.

At the same time the committee set the date for the 31st annual West Texas Chamber of Commerce convention to be held in Abilene, Monday, November 8.

Project clinics have been set for the following towns:
Tahoka, Tuesday Sept. 28; Panhandle, Wednesday, September 29; Quanah, Thursday, Sept. 30 and Decatur, Friday Oct. 1.
Monahans, Tuesday Oct. 5; Del Rio, Wednesday Oct. 6; Stephen-

WASHINGTON, Sept. 8, (UP)—Secretary of State George C. Marshall said today Communist efforts to create chaos in Berlin must be resisted firmly.

Marshall made the statement at a news conference amid evidence of deep concern in government circles over the growing crisis in the German capital.

Mincing no words, Marshall told newsmen procedures followed by the Social Unity (Communist) party in Berlin are pretty clear evidence of methods commonly employed by Communist groups to bring about disruption of Democratic processes preparatory to developing a Communist-dominated form of government.

He said recent events in Berlin recall similar procedures that have occurred in the past. They must be firmly resisted, he added.

Marshall would not comment in response to a question whether the western powers plan military countermeasures to the Communist disturbances which have centered

Caddo Test May Be Big Proucer

Huge in its possibilities is the discovery of a deep pay, the Caddo, of tremendous thickness—300 feet or more of saturated section by McCurdy Brothers No. 1 Lela Pope.

This find is half a mile south of Cross Cut in Brown County and is in an old shallow producing area but the nearest deep production is four and a half miles to the east in the Blake Caddo field and six miles to the northeast in the Pioneer field.

Total depth is 2,520 feet and the bottom of the Caddo has not been reached, it is reported. The operators are preparing to test the well to 110 feet from the north and 690 from the west line of the tract, in the Wm. B. Travis survey.

McCurdy Bros. have approximately 300 acres under lease and have an interest in other acreage in the vicinity. The operators live in Denison but their headquarters are in Gainesville.

The Caddo has been one of the best formations in Eastland County and especially during the big boom of many years ago, a large number of gushers were struck in that "pay" but veteran oil men say the thickness was usually only 25 to 30 feet, therefore the finding of the Caddo with ten times that thickness is something that makes the eyes of old-time operators shine as they discuss it.

Brotherhood Meet To Be Thursday

At a postponed meeting of the Brotherhood of the First Baptist Church will be held Thursday night at 7:30 o'clock at the church. L. M. Seltzer of Breckenridge will be the guest speaker.

Mr. Seltzer is program chairman for Radio Station KTSB in Breckenridge and will play hymn interpretations on the organ, bells and piano.

Ladies of the church will be guests at the meeting at which refreshments will be served. It was pointed out that the nursery of the church will be open so that small children may be taken care of there.

The meeting was postponed because of Monday being Labor Day, the day on which the meeting normally falls.

in the Berlin city hall. Nor would he comment specifically on the Soviet kidnaping of 19 German policemen from the Western sectors of Berlin.

Referring directly to the Soviet Union, Marshall said the disturbances are incidents incited by Communist elements in and out of Germany. However, he did not mention Russia by name.

Marshall was asked whether there could be a settlement of the Berlin problem in the "face of these disturbances."

He said he believed the disturbances were designed to upset the conference.

Marshall would not say whether there will be additional conferences in Moscow on the Berlin among diplomatic representatives of the four powers. These conferences were recessed temporarily pending the talks by the military governors in Berlin.

Marshall said the Communist disturbances in Berlin have not been helpful to the negotiations there. He said it had been hoped that the meeting would take place under quiet conditions. But the contrary has been true.

174 Registered So Far In Draft

R. V. Galloway, chief registrar for the draft in Ranger announced today that through the closing hours last night, 174 Ranger men have been registered for the draft.

This included the men through those born in 1926. Today those born in 1926 were being registered and tomorrow the ones born in 1927 will be registered.

It was also announced that the Chamber of Commerce had employed Mrs. Joe N. Graham as full time employee to assist with the registration of the men. The Chamber of Commerce took this action in order that Ranger men will not be compelled to go to Abilene to register.

Marine Sets Firing Record
QUANTICO, Va. (UP)—Blazing the 1948 Browning automatic rifle record of 234, Corp. Henderson Barkley III, 19, went on to set the existing world's record with a high score of 237 out of a possible 250 at the Marine Corps schools here.

THE WEATHER

BY UNITED PRESS
East Texas—Partly cloudy this afternoon, tonight and Thursday. Widely scattered afternoon thundershowers on the upper coast. Thundershowers and not so warm in extreme northwest portion this afternoon and tonight. Forecast for Thursday: Scattered thundershowers and not so warm in northwest and extreme northern portions. Moderate to fresh south-easterly winds on the Gulf coast.

West Texas—Mostly cloudy with scattered thundershowers and occasional rain this afternoon, tonight and Thursday, except partly cloudy east of the Pecos River. Cooler except in the Del Rio - Eagle Pass area this afternoon. Cooler tonight.

Temperature at 1:30 p.m. today:

Truman Doctrine in Greece Appears to Be Paying Off

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON—(NEA)—Approaching end of the Greek army's campaign against the Communist guerrillas provides a good peg on which to hang a round-up of whether it's possible to win this kind of a war, what it costs and what it will take to finish the job through the Marshall Plan.

It was March 1947—only a year and a half ago—when the President went before Congress to announce what has become known as "the Truman Doctrine" for combating communism in foreign countries that wanted to be free. The President asked for \$400,000,000 as a starter. Military aid for Turkey was to get \$100,000,000. Military aid for Greece was to get \$150,000,000, with another \$150,000,000 for civilian aid.

It was May before Congress finally approved this highly controversial foreign policy. Survey missions went out at once. But it was June and July before any contracts were let, August before the munitions and consumers' goods began to arrive in Greece.

At that time the Communies held or terrorized over half the country. The Greek army was disorganized and the Greek government demoralized. Though the British had succeeded in putting a king on the Greek throne and had poured \$288,000,000 into trying to preserve the monarchy, they had failed. The British wanted to pull out and that was where the United States came in.

The prospect was about as hopeless as anything could be. But as of today, one year later, the business begins to look as though it might eventually pay off. Even the most skeptical critic of the Truman doctrine must admit that if it had not been carried through, Greece today would probably be just another satellite in the Soviet orbit.

The original \$150,000,000 earmarked for military aid in the first year wasn't enough. It had to be raised to \$172,000,000. The extra money was obtained by cutting back the reconstruction program. Even that wasn't enough. An additional \$225,000,000 had to be appropriated by the last Congress to carry operations through June 30, 1949.

It all depends on how much outside pressure there is against the Greek government. The reorganized Greek army, navy and air force of 300,000 men will be able to guard against future Communist campaigns from the North and from within.

BUT the total of \$397,000,000 required for a two-year campaign to wipe out the Communies in a territory not much larger than the state of Louisiana seems kind of high. The followers of the Communist Gen. Markos Vafiadis have been estimated at 25,000 by the Greeks, at about 10,000 by the Americans. Taking even the larger figure, it comes to \$15,800 per head. If that's what it takes to chase all the Communies out of western Europe, the cost may be prohibitive.

The relief and reconstruction part of the program makes much pleasanter reading. The original \$150,000,000, cut back to \$128,000,000 when military operations were expanded, was all gone last June 30. Of this amount \$35,000,000 went for food, mostly grains. Civilian goods ranging from clothing to medical supplies to iron and steel to airplanes for spraying DDT over the malaria areas, took \$65,000,000 more. Reconstruction took \$23,000,000. Administration and expenses of the American missions ate up the final \$5,000,000.

This year's crops have been brought back to 85 per cent of prewar normal. The deficit is due largely to lack of production in areas of active military operations. Industrial production is still only about 75 per cent of prewar.

A start has been made on rebuilding harbors, bridges, canals, 1000 miles of roads, schools, mines, factories. Preliminary estimates for carrying on this work under ECA have been put at \$146,000,000 for the year ending next June 30. After that, three years more at possibly somewhat lesser amounts.

Farmer Holding Own Financially

NEW YORK, Sept. 8, (UP)—The American farmer is holding a firm financial footing despite inflation, a bank survey showed today.

"Although the cost of things the farmer buys are continuing to rise, American agriculture is maintaining a sound financial position," the America Bankers Association announced.

The announcement said a survey by the Association's agricultural commission indicated the farmer is being generally successful in avoiding the dangers of excessive debt.

"During 1947, the banks of the United States loaned \$4,969,595,000 to their farm customers," the association said. "At the beginning of 1948, the total agricultural loans outstanding in the banks aggregated only \$2,403,022,000, an increase of less than \$300,000,000 from the beginning of the preceding year.

"This high percentage of pay-offs is considered an indication of the prosperous condition of the nation's agriculture. The overall increase is accounted for principally by the great availability of materials and equipment for capital improvements."

Sixteen ballots were necessary to make Montgomery the capital of Alabama in 1846. Tuscaloosa led the first ballot but couldn't muster a majority.

OUT OUR WAY

By J. R. Williams

Thanks, Son, I'll Not Let You Down, Either

EYES OF TEXAS

BY BOB WEDDLE

United Press Staff Correspondent

The newspapers are full of stories about pilots and endurance.

Such is not the case with Floyd Eaton and Bob Riedel of El Paso. But they performed another aviation feat almost as remarkable.

Eaton and Riedel, a couple of Municipal Airport Control Tower operators, flew from El Paso to Anchorage, Alaska, in a Piper Cub.

They left the Texas border city on Monday, Aug. 3, and, barring mishaps, they should have landed in Anchorage and stretched their weary limbs in preparation to vacationing in Uncle Sam's attic about the time this piece was written.

The flight was scheduled to take about seven days, with the two men setting their plane down at night to unroll their sleeping bags under it.

Eaton and Riedel came across the opportunity to take the inexpensive vacation trip to the far north in the classified ad columns of the El Paso Herald-Post.

The ad was placed by Roy L. Evans, a Texan who left his Fort Davis garage last spring to open a hunting and fishing lodge in Anchorage.

Evans packed a surplus army ambulance with equipment and drove up the Alcan highway last March. He had to leave his plane behind.

So he advertised in the El Paso paper the other day for a pilot to ferry it up to Anchorage for him.

Riedel, who was once stationed in an Alaska control tower, was the successful bidder. He persuaded Eaton to join him.

The two of them will deliver the plane at the end of their 7,000 mile hop, then hitchhike back to El Paso — by air.

If you want a vacation to faraway points had enough — well, what's stopping you?

WTCC Plans . . .

Continued from page 1
vious referendums and annual conventions," the executive board, which was presided over by President C. P. Dodson announced.

In the program as outlined by Manager D. A. Bandoen the project clinics also will receive presentations of industrial reports made by committees of three major West Texas railroads, the Santa Fe, Texas & Pacific and Burlington. These reports will cover surveys now being completed by the respective committees and will represent approximately \$40,000 of factual information.

Already for distribution is the Grain Sorghum report from the WTCC-Burlington industrial committee which was prepared by engineers of the Texas Electric Service. This report deals with factual information on the production and utilization of grain sorghums and will be a handbook for local WTCC directors in an effort at industrialization of this leading West Texas crop.

It was announced the cotton report now being prepared under the WTCC-Santa Fe committee is nearing completion and likewise will be ready for distribution at the project clinics. This is an analysis of the cotton manufacturing potentialities of West Texas. It is being prepared by Mark Wood at Texas Tech.

Another important project to be reported is that of the WTCC-T&P industrial committee, which has under way an economic analysis of the West Texas area served by the T&P. Dr. Sidney L. Miller is preparing this analysis and he has already made three independent reports which include livestock feeding, leather goods potentialities and water needs of the area.

The group also gave its support to the eight constitutional amendments to be voted on at the general election Nov. 2. Members said they found nothing political in the amendments and that each represented good government and would merit support.

Curse of Television
NEW YORK (UP)—Two Salvation Army Captains, Olive McKeown and Luella B. Larder, the "Angels of the Bowery," have started a campaign to raise money for a television set for the liquorless Bowery Red Shield Club. They explained that many men, determined not to drink, were lured into bars by television.

TRYST

By Elswyth Thane

THE STORY: A mysterious locked room on the top floor of Nuns Farming, a rented country home, fascinates dreamy 17-year-old Sabrina. Father and Aunt Effie tell her the room belongs to one of the owner's sons and they are not to have the use of it. Sabrina questions Mrs. Pilton, the housekeeper, who says the room is always kept locked when "he" is not at home. Curiosity overcomes Sabrina and one rainy day she manages to pick the lock. The door opens, the door opens, and she steps inside.

Sabrina, Father and Aunt Effie had arrived at Nuns Farming in March. A damp, chilly wind was blowing off the hills.

It was not a lovely house, at Sabrina's first sight of it, standing gaunt and gray against a barren hillside in the chill early twilight of that March day. Nothing much had been done about the garden, though a few bulbs seemed to be coming up. It was hardly late enough for lights, and the many casement windows watched them blankly as they came round the curve of the drive.

"By the way," said Sabrina, elaborately casual, "have you got a key to that room—the one that's locked?"

"I have," said Mrs. Pilton.

"You and I will use the bathroom at the end of the passage," she said. "Opposite the upper stairs. Father can have the one next door to the big bedroom, all to himself. That will save trouble," she added darkly. "I'll be just across from you, in the green room. Come, Bella, we'll find a place for your basket now." She vanished again.

It was when she went along the passage to look up the bathroom that Sabrina first noticed the other flight of stairs with that locked door at the top, and was caught peering. The house, in its spaciousness and dignity and the simple comfort of its furnishings—what Aunt Effie called good value—was perfect in Sabrina's eyes. This exaltation of arrival was subsiding gently into a sense of deep satisfaction, and a healthy fatigue. But the riddle of the locked room was the finishing touch. And the room was actually mentioned in the lease as not being available for use by any possible tenants.

It was not until several weeks had passed that Sabrina began not to be able to stop thinking about the room all day long. She made a pretext for hunting up Mrs. Pilton, the housekeeper, and then lingered in the passage outside the kitchen.

"I have," said Mrs. Pilton, "I mean?"

"There's nothing much to see," said Mrs. Pilton. "He's got his books there, mostly—and the sort of odds and ends a man collects." "Books?" Sabrina's interest quickened.

"He's a great one to read," admitted Mrs. Pilton.

"So am I," Sabrina informed her eagerly. "I'd like to see his books some time."

TEXAS NEWS BRIEFS

BY UNITED PRESS
AUSTIN, Tex., Sept. 8. (UP)—Sept. 16 has been designated as "national guard day" in Texas by Governor Beauford Jester.

In a proclamation yesterday, the governor called upon all citizens to honor the National Guard on its eight anniversary of entering federal service prior to World War II.

AUSTIN, Tex., Sept. 8. (UP)—New polio cases in Texas are decreasing, it appeared today.

Dr. George W. Cox, state health officer, reported yesterday that cases dropped to 52 last week from a previous figure of 71.

Cases were reported from 27 of Texas' 254 counties. Five of the counties were reporting polio cases for the first time this year. They were Collin, Carson, Coleman and Delta counties, one case each and Franklin county, two cases.

The latest report brought the total for this year to 1,309. In 1946, the last severe polio year in Texas, 712 cases had been reported during the same period.

HARLINGEN, Tex., Sept. 8. (UP)—The first general meeting of the Valley sportsmen's club will be held at Fair Park auditorium here Sept. 14.

The new club, which already numbers 2,000 members, will hear a discussion of Laguna Madre by J. L. Baughman, chief biologist of the Texas Game, Fish and Oyster Commission. Baughman, whose headquarters are at Rockport, has charge of a survey of Laguna Madre.

HOUSTON, Tex., Sept. 8. (UP)—An elderly negro pastor died in a Houston hospital early today from injuries received around midnight when he was struck by a car in the Houston suburbs.

The man was identified as the Rev. H. M. Tate, about 70, of Chicago. Papers on his person indicated he had come to Houston to attend the National Baptist Convention, U.S.A., Inc., which begins today.

Martin Lackey, 30, of Galveston, driver of the car, told officers the man stepped in front of the vehicle.

GALVESTON, Tex., Sept. 8. (UP)—The embargo on grain shipments by rail to Galveston, in effect since July, was no longer valid today and large shipments were predicted for the remainder of September.

The rescinding action was taken yesterday by E. H. Thoutan, general manager of the wharves. The ruling was originally made because of the large rail shipments of grain here following bumper wheat crops in the mid-west.

Sausage bulls mostly 16.00-21.50. Medium and good stocker and feeder steers and yearlings 21.00-26.75, few stocker cows 15.00-18.00.

Calves: 1500. Slow, steady to weak. Good and choice slaughter calves 23.00-26.50. Medium 18.50-22.00, cull and common 14.00-18.00. Medium and good stocker steer calves 21.00-27.00, few choice 28.00.

Hogs: 700. Butcher hogs steady to 25 lower than Tuesday's average, sows and pigs steady. Top 29.00, most good and choice 19.00-24.00 lbs 28.75, good and choice 15.00-18.50 lbs 28.75, good and choice 15.00-18.50 lbs 28.75, few heavy pigs 26.50.

Sheep: 3000. Active. Slaughter spring lambs strong, quality considered, other classes steady. Medium grade slaughter spring lambs 23.99-50. Medium and good yearlings 18.00-20.00. Medium to good slaughter ewes 9.50-10.00, cull and common ewes 8.00-9.00. Medium grade feeder lambs 17.00-20.00.

Texas Dixiecrats Meet To Certify Gov. J. Thurmmond

DALLAS, Sept. 7. (UP)—Texas Dixiecrats met in statewide convention today to certify Gov. J. Strom Thurmond of South Carolina as their presidential candidate for the November 3 ballot in this state.

Some political observers viewed the session as a concession by the states rights group that it will not have enough strength to seize control of the Texas Democratic party machinery at next week's Fort Worth convention.

But some of the optimistic states righters maintained it was just "insurance," a foolproof scheme to get their man's name on the Nov. 2 general election ballot, even if under an independent banner.

Some of them still nurture a hope that they may be able to swing the Fort Worth convention and put Thurmond's name on the ticket as the official Democratic candidate in Texas.

Russian, German Collaboration On Weapons Hinted

LONDON, Sept. 8. (UP)—Russian scientists and designers, working side by side with German technicians, are making progress in work on a weird array of rockets and pilotless aircraft, the new edition of "Jane's All The World's Aircraft" reported today.

The handbook, edited by Leonard Birdman is one of the foremost authorities on aircraft. The new edition is for the year 1948. Of the Soviet research it said:

"Work is known to be progressing on air-to-air rocket propelled missiles, rocket projectiles included advanced V-2 type rockets, pilotless aircraft of the German V-1 flying bomb type, and advanced designs of sub-sonic category."

It said the Russians were making rapid progress in jetcraft designs, with the help of German technicians and factories. Whether any of the new jet planes was yet in quantity production was not indicated.

Desperadoes Captured

Louisiana desperadoes who captured a New Orleans Detective, are searched outside a country store in Galvez, La., where they were captured by State Trooper Albert Mechana, left and Marshal Leslie Bourque, right. Dale Simpson is at left center, and H. E. Miller is at right center. — (NEA Tel photo).

Wife Scooped
CLAREMORE, Okla. (UP)—A story about a local man shaving off a mustache he had grown for a year, was scooped by the Claremore Progress after publishing a scoop of scoops after publishing. The newspaper quoted the man's wife, Mrs. Vernon Taylor, as saying, "I hadn't noticed that he had shaved off his mustache until I read it in the Progress."

Blames Freight Rates For High Costs and Wages

DALLAS, Tex., Sept. 8. (UP)—Increased freight rates, processing costs and high wages rather than the government's crop support plan were blamed today for high food prices.

Defense of the farm price aid program was made in Dallas by Ralph S. Trigg, chief of the Agriculture Department's production and marketing administration.

Trigg said that rather than forcing food costs upward, the support program ended to lower costs to consumers by causing farmers to plant more with the knowledge that they would get a fair price for their crops.

The PMA executive compared crop support with the government's minimum wage laws for other workers.

RANGER DAILY TIMES SPORTS MARVIN GROSS Sports Editor

RANGERS PUT HEAVY EMPHASIS ON TRICKY PASSING ATTACK

By Marvin Gross An outsider stealing glimpses of the Ranger Junior College workouts might come away wondering if the basketball season had started a mite earlier this year.

The Rangers, under the guidance of Coach Boone Yarbrough, have been tossing the ball around as if it were coated in hot ice. The emphasis is definitely on the aerial game. Yarbrough intends to keep his boys pitching until something happens and it probably will.

Top sling shot artist for the Rangers is quarterback Junior Arterburn. Junior, throws what so many passers do not throw—a soft pass. The receivers find them easy to spear and they seem to float right into your reach.

Opening game will Kilgore is still 10 days off but Yarbrough has an idea, still indefinite however, of his starting eleven.

The Jones boys will probably take over one-half of the Ranger backfield. Jimmy will cavort at left half while Dale will do the heavy duty at full. High knee action Jimmy Crawley will handle the other half back slot. Those three will point Arterburn in what appears to be a well rounded coordinated quartet.

Yarbrough has two rangy, hard driving boys for his terminal posts. Red-headed Harold Fraser at right end is a terror on defense and a better than average pass catcher. While Ben Blich on the opposite flank is a fine all-around ball player.

Reading down the rest of the line Yarbrough will probably choose sparkplug Johnny McGlen for the center position. Johnny is a driver and keeps the morale of the team high in the upper brackets.

Bulldog Kickers Impress Warden

With kick-off time a mere two days away Coach Stubby Warden sent his perspiring Bulldogs through a long punting drill at the high school field yesterday.

Raymond Comacho, 150-pound fullback, assured Warden that his 1948 punting chores will be in capable hands. The hard working Comacho left little to be desired with his long accurate punting. Then, too, reserve halfback Billy McKinney was impressive as he got off several 50-yard attempts. S. B. Aills put the boys through the paces in covering kicks and how to glide past those downfield blockers. The Bulldogs, just about rounding into top shape, gave toe safety men little opportunity to cover much yardage in their punt returns.

Warden plans to leave his safety duties entrusted to seatback Kenneth Williams. Williams,ceptively fast, runs with a gliding, loping stride and is difficult to bring down in the open field.

But the extra point department still causes consternation in the Bulldog camp. Experimenting with a half dozen booters, Warden still hasn't come up with a dependable one. If improvement continues at such a negligible speed the Bulldogs will probably take to the air for their conversions.

One gladdening factor made the trip to Olney a trifle less worrisome. Olney will be one of the few squads that will not outweigh the Bulldogs. Except for a slight advantage in the backfield the two elevens will be about even in the beef division.

At tackles Wayne Royce at left and Bob Harrington at right stand a few paces ahead of all other candidates. And along side these boys at guard will be Billy Crum and Jack Townzen.

Of course between now and the starting game any first stringer can find himself getting his walking papers to the reserves. But the squad, 32 strong, has shown a hustling winning spirit that should pay off in an impressive total of victories.

Yanks Face Sox In Crucial Series

NEW YORK, Sept. 8 (UP)—The seething American League pennant scramble reached the boiling point today as the runner-up New York Yankees invaded Boston for a night game that opens a three-game series against the front-running Red Sox.

In order to take over the lead during this series, New York must fill the large order of winning all three games. Boston needs to take only one to be sure of still being in first place when the defending champion Yankees leave town. It was expected that tonight's era-lighter would be a duel of right-handers with Frank Shea (8-10) going for the Yanks and Joe Dobson (15-7) for Boston.

Third-place Cleveland, fourth-place St. Louis and fifth-place Philadelphia are also in the race.

Today's action in the National League won't be quite as hectic with Boston's sneaking Braves and the third-place Brooklyn Dodgers enjoying a day off. The second-place Pirates attempt to tighten their hold on that slot in a night game at Cincinnati.

The only action in the majors yesterday was in the National and the outstanding development was the Pirates' seizure of second place by a half-percentage point over idle Brooklyn.

It was old Fritz Ostermueller, the canny lefty who will be 41 years old on Sept. 15, who hurled the Pirates to a 6 to 2 night win over the St. Louis Cards at Pittsburgh. Pitching a seven-inning, Ostermueller lost his shutout in the ninth inning when Don Lany homered with Stan Musial aboard.

Sid Gordon was the hitting hero as the Giants swept a doubleheader from the Phillies, 6 to 1 and 8 to 6, in Philadelphia.

CLARK TAKES GOLF CROWN

HARLINGTON, Tex., Sept. 8 (UP)—Jake Clark of Pharr today held the Rio Grande Valley amateur golf crown.

Clark nosed out F. E. Amers of Beaumont one up on the 37th hole to win the championship yesterday.

The 18th annual Rio Grande amateur Golf tournament was held at the Harlingen Country Club. It had a record entry of 249 players.

In the match play, Clark was trailing Amers by one hole at the beginning of the 36th hole. But Amers missed a short putt to carry the match into the extra hole play.

Dim Your Lights—Save A Life

THE SCOREBOARD Czech's Great Distance Star Would Be Big Hit Over Here

BY HARRY GRAYSON NEA Sports Editor

BERLIN—(NEA)—Emil Zatopek wins another 5000-meter race in Prague, and again you think of what a tremendous lift the Mad Czech would give the indoor season in the United States.

That is provided Gil Dodds' strained Achilles tendon heals, and America had someone to send against the most vivid personality of the 1948 Olympic Games.

A two-mile battle between Zatopek and Dodds would be something to see. Zatopek would be coming down, Dodds going up. It would be an intermediate distance.

Zatopek, who in London barely missed duplicating the five and 10 triumph recorded by Hannes Kolehmainen, the first of the Flying Finns, in Stockholm in 1912, has the crowd appeal that makes an American attraction. And, of course, he is a runner from Runnersville. But he says no, so far, to an American trip.

Zatopek, who hung up a new Olympic record of 29:59.6 in the Olympic 10,000 meters and also carved plenty of the 5000-meter mark with 14:17.8 behind the Belgian, Gaston Reiff, was described as being unorthodox.

Nothing could be farther from the truth. From the waist down, Zatopek's form is perfect, and there's no flaw in it from the hips up either.

What makes the layman suspect Zatopek's form is out of the ordinary is his dropping his right arm to full length about every 20 yards, and making a motion as though he were scratching his knee. This mannerism, which is all it is, adds to his showmanship. If it helps him to scratch his knee, what in the world is wrong with it? His form can't be too bad.

ZATOPEK from Milovice, near Prague, was graduated from Czechoslovakia's Military Academy. He did not start running until he was 19, so hardly obtained a flying start. That could account for no small measure of his stamina now. He didn't burn himself out at an early age.

Ruddy-faced, good looking, and with hair thinning on the sides up front, and built like a blocking back, he plays English football, or soccer, and basketball. He has done 29-40 in the 10,000-meter, 14:08.2 in the 5000. He runs rather heavily, so the chances are he would not be hampered on the boards as have some of the floating Swedes.

With Zatopek a member of the Czechoslovakian army, it shouldn't be too difficult for the Amateur Athletic Union to get him to change his mind about visiting America. Karel Kladnik and the Czech Davis Cup tennis players, Jaroslav Drobny and Vladimír Cernik, are in the United States. The AAU might just as well invite Reiff, too.

The only trouble is that all the worthwhile competition America has to offer is Gil Dodds, and the parson has that bum gam.

TEXAS DIAMOND DOINGS

TEXAS LEAGUE

By United Press

The top three places in the Texas League calendar were determined today, but San Antonio and Shreveport were still in a neck and neck for the other play-off berth.

The league-leading Fort Worth Cats clinched first place last night but had to go 13 innings to do it with a 4-3 margin over Oklahoma City. The Cats now boast a 5-2-2 game lead and have only five games left to play. The winning run came on Homer Matney's long outfield fly after George Schmees had tripled to open the inning.

Tulsa salted away the runner-up berth by downing the Dallas Rebels 5-3 behind Bud Byerly's ninth-inning hurling. The Rebels broke the Oiler hurler's consecutive scoreless-inning streak at 26 by scoring in the second inning, but couldn't match the 14-hit barrage his mates collected on Hooks lot.

The Missions and Sports both lost last night to leave San Antonio a bare half game ahead of the Louisianaans as the season neared the end.

Beaumont rallied to knot the score at 2-2 in the ninth and went on to nose out the Missions 4-3 in 12 innings with ten runs in the 12th while the home club could do no better than one. Bill Deining'er's home run with one on knocked the count in the ninth.

Cloyd Boyer held the Sports to four hits as the Buffs breezed along in third place with a 9-1 victory.

Dallas remains at Tulsa tonight, Fort Worth at Oklahoma City, Beaumont at San Antonio and Shreveport at Houston.

BIG STATE LEAGUE The Wichita Falls Spudgers nosed out the Waco Pirates for second place in the Big State League's last night of play and the four first division clubs rest.

WEST TEXAS-NEW MEXICO LEAGUE Albuquerque and Amarillo will be host cities tonight as the West Texas-New Mexico League opens its playoff round.

Third-place Lubbock opens at Albuquerque with fourth place Pampa at Amarillo.

Two games will be played at tonight's sites, then the teams shift to Lubbock and Pampa for three games and back to Albuquerque and Amarillo for any other games needed.

LONE STAR LEAGUE The opening round of the Lone Star League playoff opens tonight at Kilgore and Longview—the one-two clubs over the regular season route.

Kilgore plays host to fourth-place Henderson, while third-place Tyler invades Longview for the first two games of the best four-out of seven series.

The clubs will rest Friday and resume their series in Tyler and Henderson Saturday night.

YESTERDAY'S STAR Sid Gordon of the Giants, who drove in a total of six runs in the Phils, including the 19th-inning homer that won the nightcap.

Bilbrey Winner At Wichita Falls

WICHITA FALLS, Tex., Sept. 8 (UP)—Don Bilbrey, 19-year-old Hardin-Simmons Lishman, today held the crown for the 22nd annual invitation golf tournament of the Wichita Falls Country Club.

Bilbrey won his 99th yesterday by defeating T. P. Duncanson, Jr., 2 and 1. He went two up on his fellow townsmen at the 16th hole in a morning round and never lost the lead during the close afternoon battle.

Sept. 15 Deadline For Acceptance

AUSTIN, Tex., Sept. 8 (UP)—Dr. Rhea Williams, athletic director of the Texas Interscholastic League, issued a reminder today that Sept. 15 is the deadline for schools to accept the league football plan for the coming year.

Schools failing to send in their notification card by that time will be ineligible to join in league competition, he said.

Fort Worth Protests

FORT WORTH, Tex., Sept. 8 (UP)—J. Alvin Gardner, president of the Texas League, held a telegraphed protest today from the president of the Fort Worth Cats over the circuit's "time limit" rule on games.

The protest was sent by John Reeves, Cats president, in connection with calling off the second game of a Labor Day double-header here after four innings in order to permit the Dallas club to board a train for Tulsa.

Reeves said it was "definitely unfair" to the 12-171 paid fans who "came expecting a double-header."

Bids Received On School Lands

AUSTIN, Tex., Sept. 7 (UP)—Bids totaling \$186,777 were received today by the State Land Board on 14,663 acres of public school lands.

Of the bids received, the highest was submitted by the Sun Oil Company which offered \$29,294 bonus on an 87-acre tract in Jefferson county.

It was expected that it would be several days before any bids would be awarded.

The board is composed of Bacon Giles, General Land Commissioner and chairman; Gov. Beauford Jester, and Attorney General Price Daniel.

Surveyed tracts were offered in Hansford, Jefferson, Darr, Fecos, Presidio, Stonewall, Webb, Eastland, Jim Wells, Yukon and Howard counties. Submerged lands included tracts in Garbott, Nueces and Aransas counties. River lands were offered on high bid in Goliad, Karnes, Matagorda, Colorado, Palo Pinto, Anderson and Leon counties.

Dallas Police Cleared Of Blame In Ambulance Case

DALLAS, Tex., Sept. 8 (UP)—The city council has cleared the Dallas police department of any blame for the alleged delay in getting an ambulance to the scene of an accident where an eight-year-old boy lay injured.

The boy, Leon Cole, Jr., was struck on Aug. 17 by an automobile as he was riding a tricycle given him for a birthday gift. He died before he reached a hospital.

Mr. and Mrs. Leon Cole, Sr., parents of the boy, appeared at the council session, in which the contract ambulance service system was put on the griddle yesterday.

The tearful mother protested to the councilmen that she stood over her dying son for 45 minutes waiting for an ambulance to arrive to take him to a hospital.

He'll Be "Man-Under"

Dick Harris, center of the Texas Longhorn team, hands the ball to Paul Campbell who'll replace Bobby Layne in the "man-under" position. Replacing Layne has posed many questions in the conference, but reports are numerous to the effect Campbell will handle the job nicely. — (NEA Telephoto).

\$100,000 For Legs To Pay For Study For Opera

MINNEAPOLIS, Sept. 7 (UP)—A young railroad brakeman who lost his legs trying to prevent a wreck was awarded \$100,000 today and said he would use the money to launch a career as an opera singer.

James Clark, 22, of Cato, Okla., was awarded the money in an out-of-court settlement with the Rock Island Railroad. His lawyer, Irving Green, collected the money and said he would turn it over to Clark at the Clinton, Okla., hospital where he is recovering.

City manager Rod Thomas defended the ambulance system, saying it provided Dallas with its best service in history, and the council backed him up.

Clark lost his legs at Clinton July 18 when he climbed aboard a string of runaway boxcars. He was thrown beneath the wheels before he could bring them to a halt.

Green said Clark told him he would use the money for singing lessons in the hope of becoming an opera star.

ALL NATIVE SONS

Not a single member of the 1948 University of Texas football team is a non-Texan. There was one last year—end Dale Schwartzkopf but he changed his legal residence from Kansas to Texas this year.

GILROY TINY TEXAN

For the fourth straight year, little Byron (Pup) Gilroy holds the title of the University of Texas smallest football player. The largest in 1948 is mountaineer Bud McFadin, a 239-pound sophomore lineman.

READ THE CLASSIFIEDS

Nearly 100,000 Idled By Strikes

BY UNITED PRESS More than 80,000 workers were idled by labor disputes in American industries today and the number appeared likely to hit 100,000 by tomorrow.

The walkout of 170 plant guards in a contract dispute with the Detroit Manufacturing Co. at Detroit stopped the work of 25,000 persons, and in turn, automobile companies announced plans to lay off 25,000 more within the next 24 hours.

Three walkouts already were in progress on the east and west coasts, with about 55,000 participating. They were the walkouts of oil workers and longshoremen on the west coast and truck drivers in New York and New Jersey.

Walkouts threatened in the telephone and flour-milling industries.

Biggest of the impending strikes was that of 25,000 CIO Communications Equipment Workers in 45 states, set for Sept. 17.

Western Electric is the supply division for the Bell Telephone Company.

AFL grain processors in the twin cities of St. Paul and Minneapolis were set to strike this afternoon.

A spokesman for General Mills, Inc., one of the companies involved, said a strike would "shut down tight" the twin cities milling industry.

On the west coast, five California oil producers agreed to resume negotiations with the striking CIO Oil Workers at a day-long session yesterday between the union and the Shell Oil Company.

Meanwhile, 30,000 striking members of the CIO Longshoremen's union were taking a secret ballot to determine whether their leaders should sign non-communist affidavits and whether they should work on army vessels during the strike.

Charges Against George Parr Are Pushed By Press

HOUSTON, Tex., Sept. 8 (UP)—The Houston Press, in the second of a series of front-page "exclusives" on the political situation in Duval County, charged today that George Parr had managed to keep the county administration under his thumb by filling offices with other important posts with Latin-American names.

Press Staff Writer Ben Kaplan, who visited the 47-year-old multi-millionaire politician at his elaborate home in San Diego, reviewed Parr's vast holdings in South Texas, including one 50,000 acre ranch, royalties from 75 producing oil wells, etc.

"But most of all," Kaplan wrote, "he owns the loyalty of a population 80 per cent Latin-American. It was Archie Parr, the late senator, who saw to that. And it has been his son, George P. Parr, who continues to see to that."

The loyalty of the population was explained simply. "Look," said San Diego Mayor C. G. Palacios, "He is our friend. He is good to the poor. He built schools and roads."
 The Parr Domain, embracing the 18 south Texas counties comprising the 27th Senatorial District, came under surveillance after recent run-off primary election. In an about-face, the district went almost 2 to 1 for Johnson, and in Duval county Stevenson received only 40 of the 4622 votes cast.

In Alice, Tex., where George's older brother, Givens, is a political power and holds down the vice-presidency of the Texas State Bank, Givens expressed his idea to Kaplan about the Duval county election.

Women's Fashions To Take Trend Toward The Past

DALLAS, Tex., Sept. 8 (UP)—Women's costume trends this fall will delve into the past for the variations and avoid radical departures from present fashions.

So say the experts at Neiman-Marcus, Dallas specialty store whose eleventh fall fashion exposition ended last night.

The show closed with a peek at fashion details which it predicted would be evident in fall costumes. Gowns modeled were suggestive in the Edwardian manner, rather than revealing illusion and lace, bengaline, and broadcloth, typical Edwardian fabrics, were used for the gowns.

Castillo, Spanish designer who won one of the Neiman-Marcus awards for his contribution to the fashion industry, presented a pink satin gown with black velvet leaves scattered toward the back. He also showed a paper thin shiny brown and black taffeta creation, with a black bustle in apron effect and zig-zag drapery.

Last night's program also demonstrated the use of a new "niamsted" fabric, cranyl, in a black raincoat. Cranyl, the French version of our nylon, has puckered, slightly leather-like appearance and is quite attractive.

Graham Couple Wed Here Monday

Mrs. William Butterwhite of Craham has announced the marriage of her daughter, Pauline Wade to Rob R. Cox of Graham, son of Mrs. C. E. Parrish of Ranger.

The ceremony was performed in the home of the groom's grandparents, Mr. and Mrs. J. C. Walker, on Monday, September 6. O. G. Lanier, minister of the Church of Christ performed the ceremony.

The young couple will reside in Graham where the groom is employed by the Continental Supply Company.

VFW To Meet At 8 Thursday Night

The regular meeting of the 1-10th Auxiliary of the Ralph McKinley Post of the Veterans of Foreign Wars will be held Thursday night at 8 o'clock at the VFW Headquarters. All members are urged to attend.

Personals

Mr. and Mrs. James Pepper who are students at NTSC in Denton are here to spend the vacation between semesters with their mother, Mrs. J. E. Pepper and sister, Mrs. Lloyd Landtroop.

Mrs. R. E. Mahaffey has returned to her home in Tulsa, Oklahoma, after a visit with her parents, Mr. and Mrs. W. F. Deaton.

Jack Moudy has returned from San Angelo where he attended a meeting for Montgomery Ward and Company managers.

Mr. and Mrs. C. L. Maedgen of Troy have announced the birth of a baby girl at the King's Daughters Hospital in Temple on August 30. The baby has been named Karen Sue. Mrs. Maedgen is the former Caroline Robinson, daughter of Mr. and Mrs. George Robinson of Ranger.

Mr. and Mrs. Marvin Edwards and daughter, Donna Jean, have returned from Lubbock where they were the week-end guests of

Mr. and Mrs. Homer Wright, formerly of Ranger.

Dorothy Henry returned today to her duties at Neiman-Marcus in Dallas after a visit with her parents, Mr. and Mrs. Harry Henry.

Mrs. B. R. Bryant has returned to her home in Shreveport after a visit with her sister, Mrs. Fred Vonker.

Deanne Sanders who has been employed with Leonard's Store in Fort Worth during the summer has returned to her home at 521 Main Street. She has registered for her first term in Ranger Junior College.

B. F. Ricker of Big Spring, formerly of Ranger, is here for a visit with friends.

Baylor U. And Branches To Get Biggest Money

DALLAS, Tex., Sept. 8 (UP)—Baylor University at Waco and its Dallas and Houston branches will get the major portion of a \$10,000,000 budget for Texas Baptists next year, the denomination's state executive board said today.

The committee's recommendations for allotment of the record-breaking budget must be confirmed by the Baptist General Convention in Houston two months from now, but in the past these actions have been approved.

Baylor's main school and its medical, nursing and dentistry division will get \$1,000,000 of the total, while Hardin-Simmons University, Abilene, was allotted \$500,000; Howard Payne, Brownwood, \$400,000; East Texas Baptist College, Marshall, \$366,666; Mary-Hardin-Baylor College, Belton, and Wayland College, Plainview, \$333,333 each; San Marcos Baptist Academy, San Marcos, \$166,666; Decatur Baptist College, Decatur, \$133,333; and University of Corpus Christi, \$100,000.

The committee was told that 14,000 students attended Baptist schools last year.

Margaret To Take Stump For Her Father

WASHINGTON, Sept. 8, (UP)—Margaret Truman is going to quit painting the kitchen furniture and go in for some serious campaigning with her father.

The 24-year-old blonde daughter of the President accompanied him on his June trip to the West Coast. It was then that the rather middle-aged and unromantic advisers to the President discovered that Margaret was a big favorite with crowds.

So, Miss Truman made the Labor Day swing through Michigan with the President earlier this week. She got such a terrific hand from crowds along the way that the President described her as "my greatest asset."

Between trips this summer, Margaret has been home in Independence, Mo., with her mother, painting kitchen and porch furniture, grubbing in a little flower garden by the house and practicing for what she hopes will be an opera debut after the election.

Relaxing on the sunny south portico of the White House after she returned from Michigan with her father yesterday, Miss Truman said she was a trifle awed, but completely pleased, over the way people greeted her during the campaign trips.

Area OIL News

Seen in the Connellee Hotel lobby Tuesday, H. J. Waldrop of Gainesville and the McCurdy Brothers, also of Gainesville. McCurdy Brothers, own the well below Pioneer, six miles, which has struck a remarkable thickness of the Caddo in a new deep area.

The Tex Harvey oil well northwest of the city near Lake Eastlanu has been acidized and they are swabbing the well. Another acid test is to be made soon.

Wrather, Penn and Walters have set pipe on their No. 4 lombo which they bottomed at 2880 feet. They are rigging up on the No. 3 location which they skipped in setting on the No. 4. The No. 4 has as good if not even better show than the No. 1 and No. 2 on this same lease.

Mrs. Shugart (of Shugart Picture Studios) is in receipt of a letter from Hatley Sadler Monday morning (Labor Day) in which Mr. Sadler sent instructions for having slush pits, etc., dug and everything made ready for the rigging up on Mrs. Shugart's mother's place (the Kinney lease). As has been reported, this outfit intends trying to spud in on this location not later than the 13th of September which gives them just one week to get ready.

George and Wrather will the gentlemen who stood this reporter down that those rigs were in the name of George Wrather piece take a back seat! Mr. Wrather's name is John Wrather and he made more money out of oil which he found along the railroad right-of-way in East Texas than most of us can even count — Now — George and Wrather are drilling a well for E. F. Roche et al, of Austin, on the No. 1 Grisham which is about 1 1/2 miles south of Okra. This well is now down to about 2615. They topped caddo at 2577.

Owby No. 1 Lindley will acidize Monday afternoon. They intend to test the oil structure first even though they seem to think that the gas encountered is more promising.

Kirk and Gregg et al, have hit

the Ellenberger on the No. 1 house. This operation is not looking too promising and they have about fulfilled their contract as to depth.

J. R. Hunter et al No. 1 Blackwell have set pipe and are WOC. Man and Griffin No. 1 Bryan drilling for Coast Oil on The Bryan lease are drilling at about 2500 feet.

Coast Oil No. 5 Della Graham gauged 290 bbls. crude oil of 42 gravity on Potential test through 16-64 choke on a 24 hour test.

Coast Oil Della Graham No. 8 drilling at 60 feet below surface.

W. B. Johnson No. 5 Iroland Watson drilling at 2783 and just now topping pay.

Gillespie No. 1 Waller drilling at 2983 with a gas showing so far as only sign of a pay off.

Meiland and Kirk No. 1 Mosely was gauged over the week end with an official gas Co. Test. It made 5,100,000 cubic ft. more than Mr. Meiland had guessed it would make.

J. R. Hunter No. 1 Blackwell are drilling the plug on today (Tuesday) and will acidize Wednesday. This is being watched with a great deal of interest in our area since this will be an Ellenberger test.

J. R. Hunter et al No. 1 Choate drilling at 700 feet.

Roy Parker No. 1 Daniels are drilling ahead at 400 feet after having had some difficulty in getting started.

Coast Oil No. 1 H. H. Richardson acidized Tuesday morning — perforated late Monday afternoon.

Claim Find Of Copper Detector

ST. LOUIS, Sept. 8, (UP)—Two chemists today revealed a new technique for detecting traces of copper, so sensitive that it can even show the metal's presence on the fingers of a person who had handled a penny.

The method, described by Prof. Phillip M. West and Maria Compere of Louisiana State University at the 114th national meeting of the American Chemical Society, can be used to find poisonous traces of copper in drinking water.

West and Miss Compere said their process would make a quick operation of one which used to take long hours of tedious work by analysts.

The researchers said they had overcome the fact that the detective, a compound called dithiooxamide, also responds to other metals, including iron, which is always present in water.

They said they combined dithiooxamide with malonic acid. That acid converts metals other than copper into colorless compounds which do not react as the original metals do.

After the acid acts on the metal, the dithiooxamide turns all copper present into a greenish color. Analysts can determine the amount of copper present by the shade of the green.

Brownwood Judge Asks Recount

BROWNWOOD, Tex., Sept. (UP)—Incumbent Brown Co. Judge A. E. Wilson has filed a petition in 35th district court contesting the results of the Democratic primary runoff in which Wilson, in a bid for re-nomination, lost to Frank A. Loudermilk by 12 votes.

The petition filed yesterday asks that the ballots in three boxes be recounted. District Judge A. O. Newman set the recount for Sept. 15.

Loudermilk currently is justice of the peace of Precinct 1.

The petition alleges that the votes in the three boxes were miscounted due to the inexperience of the election clerks and officials.
