France Accepts Soviet Proposed Colonies Meet

PARIS, Sept. 9 (UP)—France accepted today a Russian proposal for a meeting of the Big Four foreign ministers on Italian colonies and invited the ministers to meet here.

An announcement from the French foreign office set no date for the meeting. But the Moscow radio reported last night that Russia had proposed the meeting get underway tomorrow.

The French acceptance was delivered to the Soviet embassy this morning. Britain and the United States already had accepted.

In London, authoritative sources said there was virtually no possibility of the meeting getting underway on the Russian side. But they said a meeting probably would be held on disposal of the colonies before the Sept. 15 deadline, when the matter would be handed to the United Nations if the foreign ministers had not reached a settlement.

U. S. Secretary of State Marshall will not leave Washington until Sept. 19, two days before the UN meets in Paris. Marshall indicated he would send a "duly qualified representative" to the colonies meeting.

British Foreign Secretary Ernest Bevin also would be absent from the meeting. The British parliament opens a short session next week and Bevin must report to it on several outstanding issues.

Last Rites For Mrs. Dunham Held Thursday

Rev. J. M. Bond conducted last rites for Mrs. Mary C. Dunham, 82, at Hamner Chapel Thursday (today) at 4:00 p. m. Interment was in Eastland cemetery beside her late husband, F. P. Dunham, who died some time ago. Pallbearers were grandsons.

Mrs. Dunham died Tuesday night at the home of her daughter, Mrs. Pearl Bennett, 104 North Oak Street, where she was making her home, after a long illness.

Mrs. Dunham had lived in Eastland since 1915, and is survived by six children as follows: O. F. Dunham, Carthage; W. V. Dunham, Waco; Guy Dunham, Houston; Mrs. Mand Pearl Bennett, Eastland; Mrs. R. L. Covington, Breckenridge; Inez LeMond, Dallas; 26 grandchildren and 21 great grandchildren.

Mrs. Dunham was born January 28, 1866, married F. P. Dunham in Alabama, October 28, 1883. She had been a devoted member of the Methodist Church since early childhood.

ERROR CORRECTED
Through error it was stated in the Wednesday edition of the Times that nine new members of the Chamber of Commerce had pledged \$22 annually when as a matter of fact they have pledged \$222 annually.

The Times offers its apologies to the new members and to the Chamber of Commerce.

Oil Man Finds Why Others Like Eastland County

"No wonder that oil men are finding Eastland County so attractive," declared James A. Beard, who has long been active in the oil industry, in commenting on the fact that the world's need for petroleum is so great that one major company has built a steel "island," seven and a half miles off the shore of Louisiana, and has thus far spent \$2,000,000.

"To show for this vast outlay, the company has brought in, thus far, one well at a depth of 3,655 feet which flowed nearly 900 barrels a day until placed under 'choke,'" Beard commented. "Fifty-four men composed the drilling crew. The oil has to be conveyed by barges to land."

"Contrast these conditions with Eastland County, its oil easily reached at relatively shallow depths, as production ranges from 2800 feet in the Kirk pool to 4,900 feet in the Kleiner pool. Wells frequently are drilled to the sand in two weeks and the drilling cost in the Kirk pool is around \$25,000 per well, in the deeper Kleiner pool, the cost is of course somewhat more. Many of the wells in these two areas can equal and some can surpass the flow of the well drilled in the Gulf."

"It is any wonder," he concluded, "that the Eastland area is attracting small, as well as large, operators from over the Southwest?"

Beard, an extensive landowner, has widespread mineral interests and is drilling a wildcat in Hamilton County.

Stolen Horses Lead To Seizure Of Houston Meat

HOUSTON, Tex., Sept. 9 (UP)—Sheriff's officers seized 1300 pounds of "boned meat here today after a tip on stolen horses, indicating that the horsemeat racket in Houston had swung toward the surface again after a brief stay underground.

The seizure was made by Deputy Sheriff Bob Hodges and City Chief Veterinarian Dr. J. W. Williamson, who waited at a packing house loading platform. The packer involved is already under indictment for selling horsemeat.

"We'll have to wait for laboratory tests to be certain," Dr. Williamson said, "but I saw it and smelled it, and I'll lay odds that it's horsemeat."

Hodges said he had a tip that horses were being stolen, delivered to a spot outside the city and slaughtered.

Dr. Williamson said he was "just looking for horsemeat sold for human consumption," and that he had a "pretty strong hunch the stolen horses and the horsemeat would get together somewhere."

Truman Route On Trip Outlined

WASHINGTON, Sept. 9 (UP)—President Truman disclosed today that his next campaign swing will take him this month through Iowa, Missouri, Colorado, Utah, and down the length of California.

Mr. Truman told a news conference that a trip through upstate New York is under consideration. But he could give no details.

He laughed when asked whether he would go to Albany, the state capital where Gov. Thomas E. Dewey holds forth.

Mr. Truman said that after speaking at Dexter, Ia., on Sept. 18 he will spend the following day, Sunday, at his home in Independence, Mo., and then speak at Denver, on the night of Sept. 29.

Mr. Truman said he also expected to appear at Colorado Springs, Pueblo, and Glenwood Springs, Colo.

He said he planned to speak in Salt Lake City, Utah, on Sept. 21, appearing the next day in San Francisco for another speech there that night.

Mr. Truman said that from San Francisco he will go to Los Angeles and is considering a stop at San Diego.

Beyond these dates and towns, Mr. Truman refused to enter in further discussion of his campaign plans.

Death Laid To Heart Attack

FORT WORTH, Tex., Sept. 9 (UP)—A heart attack was advanced today as the cause of the automobile crash in which Roy G. Tomlinson died.

Tomlinson, a Fort Worth Star-Telegram advertising representative since 1921, slumped over the steering wheel of the vehicle which was moving only about 20 miles an hour, according to a witness.

R. E. Hancock, a barber, said the car then crashed into the display window of the Southern Maid Do-Nut Co. Damage to the structure was estimated at \$1,900.

Relatives said Tomlinson had complained of feeling ill since last Thursday.

REDS FIRE ON ANTI-COMMUNISTS

BERLIN, Sept. 9 (UP)—Ten Soviet soldiers opened tommy-gun fire late today on a crowd of 500-000 Germans engaging in an anti-Communist demonstration in the British sector of Berlin.

Soviet soldiers firing sub-machine guns came through the Brandenburg gate from the Russian sector of Berlin at 6:45 p. m. (10:45 a. m. CST) as the crowd began a march toward Allied Control Headquarters.

After demonstration before the Reichstag building, the Germans were marching to Allied headquarters to present a petition arguing a solution of the Berlin trouble.

Russian authorities rejected all protests against the Soviet reign of terror in Berlin today and pressed ahead with apparent plans to drive the Anglo-American air-lift out of the skies.

Russian fighter planes roared over the American sector of Berlin at noon after warning the four-power Air Safety Center that their planes would saturate

Cool Wave Gives Texas Relief From Torrid Heat

By United Press
A cool wave that toppled the mercury to only eight degrees above freezing in the Panhandle moved southward over Texas today, bringing rainfall ranging from a trace to nearly 4 1/2 inches along with it.

Precipitation was general over the state in varying amounts as a late summer heat wave gave way before the cool front from the Rockies.

Thundershowers brought locally heavy rainfall in some spots, 20-ers reporting 4.32 inches, Brownwood 3.85 inches, Junction 2.69, Waco 1.84, Del Rio 1.14 and Decatur 1.11, Cuero 2.47, Mt. Pleasant 2.46, Temple 2.84, Uvalde 1.35, Corsicana 1.73, Hondo 1.50, Linnale 1.17.

Late reports said 1.10 inches fell at Brenham, 1.50 at Balinger, 1.50 at Kaufman.

Elsewhere the fall was less than an inch but showers were forecast during the day throughout almost all but the Panhandle and South Plains areas of the state.

Dalhart was the chilliest spot in the state with a low of 40 degrees.

The mercury dropped to 49 degrees at Amarillo and into the 50's generally over the extreme north-west portion of the state, while readings in the 60's were prevalent elsewhere except along the coast where Galveston reported 78.

High yesterday ranged from 99 at Waco and Bryan to 69 at Clarion.

Other points reporting rainfall during the 24 hours ending at 6:30 a. m. today were Lubbock .90 inch, Dimmit and Columbus .80, Laredo .72, Crystal City .86, Pecos .50, Victoria .43, Hereford .58, Claude .33, Midland .24, Tyler .17, Childress .18, Mineral Wells .16, Palestine .28, Fort Worth .19, San Antonio .28, Houston .08, Dallas .07, Brownsville .12, Wharton .55, Bryan .10, Shamrock .12, and Pampa .02.

Operations In Kirk Pool Brisk

New operations in the Kirk pool, along the Eastland-Comanche boundary, continue in full swing, with four locations just announced.

No. 4 N. E. Dorney of Wrathor, Penn & Walters of Longview; Nos. 4 and 4 G. R. Sanders of J. W. Baldwin, Wichita Falls; No. 6 Ireland Watson of W. B. Johnson Drilling Company of Longview.

More than 60 producing wells have been drilled in the Kirk pool since its discovery last January.

Coast Oil Corporation's No. 1 G. Bell-gauged 336 barrels of 42 gravity oil in six hours on 15-64th choke from 120 casing perforations at 2,775-2,800, in the Kirk pool.

Former Ranger Resident Dies; Funeral Friday

Oliver L. (Squint) Brown of Denver City, formerly of Ranger and son of Mrs. Julia Brown of Ranger, died at the Ranger General Hospital Wednesday at noon, following a two-year illness.

Mr. Brown had been brought overland by ambulance to the Ranger Hospital Wednesday morning, from a hospital in West Texas.

Funeral services will be conducted Friday afternoon, Sept. 10 at 2:30 o'clock at the First Baptist Church in Ranger. Rev. David C. Hans will officiate and interment will be in Evergreen cemetery with Killingsworth in charge of arrangements.

The deceased was born in Rockdale on Sept. 18, 1908 and had lived in Ranger from 1918 to 1935. For the past nine years he had been an engineer with the Shell Pipeline Company at Denver City. He was a member of the First Baptist Church in Ranger and was married July 29, 1932 to Mrs. Opal Davis who survives him.

Survivors besides the wife and mother are two sons, Bobbie and Foster of Denver City; one brother, Chick Brown of Ranger; his father, William F. Brown of Denver City and his grandfather, L. L. Brown of Rockdale.

Pallbearers will be J. L. Latimer, Ira Wolford, W. A. Lewis, George Robertson, A. J. Parker and Bobby D. Nicholson.

Complaints On Texas Primary Are Reviewed

WASHINGTON, Sept. 9 (UP)—The justice department is "reviewing" a number of complaints of irregularities during the vote in the Democratic primary runoff election in Texas, a spokesman said today.

Whether a formal investigation of the Aug. 28 election will be ordered, however, was not announced.

Lyndon Johnson, U. S. representative from the 10th Texas District, led former Gov. Coke Stevenson unofficially by 162 votes in the election, which saw almost 1,000,000 ballots cast.

"We keep getting more complaints all the time," the spokesman said.

He explained that it probably would take "the rest of the week" to sift through the complaints and decide if there is a possible violation of federal laws.

Asst. Atty. Gen. Alexander M. Campbell said that complaints had been received concerning the election, but he would not indicate whether they came from just one or both factions.

Race Plane Pilot Killed In Crash

SAYRE, Okla., Sept. 9 (UP)—Rough flying weather was blamed today for the crash of a prize-winning speed plane and the death of its pilot six miles south of here.

The Oklahoma highway patrol identified the victim as Samson Held, 30, North Hollywood, Calif. who was flying the P-51 in which Jacqueline Cochran won third place in Bendix Air Race last Friday. He was ferrying it to Los Angeles for Miss Cochran.

Al Young, chief aeronautics inspector, said the plane crashed after its right wing fell off, apparently weakened by fighting its way through a storm northeast of here.

The silver racing craft was demolished, but it was identified by its serial number and a large 13 painted in green of its fuselage.

The nation's smallest park is in Salem, Ore. It was set aside to preserve a Sequoia tree. The park is barely large enough to portect the base of the giant tree.

SEEK PEACEFUL SOLUTION BUT WILL STAND UP FOR RIGHTS HE SAYS

W. F. Creager Tells Club About New Credit Curbs

WASHINGTON, Sept. 9 (UP)—President Truman was quoted today by a caller as saying the United States "will not be pushed out of Berlin."

The president's statement was relayed to reporters by David Dubinsky, president of the International Ladies Garment Workers Union.

Dubinsky said that during a talk with the President, he told Mr. Truman steps should be taken to protect trade union leaders in Germany "in the event we are pushed out of Berlin."

"We will not be pushed out of Berlin," Dubinsky quoted Mr. Truman as replying.

Earlier at a news conference Mr. Truman told reporters the United States will stand up for its rights in Germany. He said the United States is trying to find a peaceful solution to the Berlin crisis but that he does not regard the present situation in Berlin as one of justice by the Russians.

Mr. Truman said he regards the current Russian blockade of Berlin as only attempted duress. The United States, he said, is standing on its rights in Berlin. And he made it plain that any Russian strong-arm tactics will not force us out.

At first, Mr. Truman told reporters he had no comment on the Berlin situation, that Secretary of State George C. Marshall had covered that yesterday in a statement saying that Communist efforts to upset the four-power negotiations must be resisted firmly.

Then he was asked if there was anything cheerful or hopeful he could say about the Berlin crisis—which other government officials have described as dangerously near the point where almost anything can happen.

Mr. Truman parried the question by saying we are still standing up for our rights in Berlin and doing everything possible to straighten out the problem by negotiation. He said we are going to keep on negotiating in the hope for peace.

The president suggested that recent police disturbances at the Berlin city hall constituted pressure outside the negotiations.

Latimer, Murphy Lease Paramount Coffee Shop

It was announced today that J. L. Latimer and George Murphy have leased the Paramount Coffee Shop from the Paramount Hotel and have taken over the active management of the shop.

Mr. and Mrs. Ray Ward who had been operating the shop will assume the management of the hotel which position Latimer had held prior to taking over the coffee shop.

Latimer is a veteran cafe operator and once before operated the Paramount shop. Murphy has been associated with the shop for a number of months and is thoroughly acquainted with the demands from the public.

The two new operators better known to Ranger as Jimmie and Chief stated today that they expect to put out the best food possible and that they will at all times maintain a courteous and efficient service.

They have extended an invitation to the public to visit the shop.

Two Killed Near Weatherford

WEATHERFORD, Sept. 9 (UP)—Two traffic accidents, only a few hours apart, were responsible today for the death of two persons on U. S. Highway 80 and the injury of another.

Mrs. J. W. Shoemaker, was fatally injured, and her son, Thomas J. Shoemaker, was hospitalized after the car he was driving from Fort Worth to their Parker County farm home rammed a truck. The accident occurred some time before midnight four miles east of here.

Billy John Hardin, 13, son of Mr. and Mrs. John Hardin living five miles west of here, was killed when stuck by a car as he cycled along the highway near his home last night.

C. E. Parker, El Paso, was reported driver of the car, and swerved in an effort to avoid hitting the youngster, according to state patrolmen.

Freight Diverted Because Of Strike

NEW YORK, Sept. 9 (UP)—Incoming freighters are being diverted to Boston, Philadelphia, Baltimore and New Orleans because of the nine-day strike by 10,000 AFL truck drivers and the port of New York is losing millions of dollars in shipping, the Commerce and Industry Association reported today.

The ships are being diverted to North Atlantic and Gulf ports in great numbers, the association said, because of the inability of ships to unload here as long as the strike is in effect.

From where I sit... by Joe Marsh

One Great American Trait

I always think it does a newspaper editor good to get out from behind his desk and see how folks in other parts of America look, and think, and act.

Pennsylvania farmer for the habits of his city cousin; the tolerance of folks who vote one way towards those who vote another; the tolerance of those who prefer spring water towards those who enjoy a moderate beverage like beer.

And that's what I've been doing these past weeks, touring the country from Michigan to Texas, California to Maine. It's a mighty encouraging experience. Not only because of the different points of view you run into—but because of the tolerance which reconciles those different points of view.

From where I sit, it's that great American trait of tolerance—respect for individual tastes and liberties—that makes this country strong. Let's never lose it!

EYES OF TEXAS

By Bob Weddle

United Press Staff Correspondent DALLAS, Tex. Sept. 9 (UP)—"Better late than never" is a time-honored adage, but it doesn't always apply, according to Joe Harris of Kilgore.

Harris runs the Kilgore Hotel. And as every hotel manager knows guests sometimes forget to return room keys when they check out. Just the other day, Harris got a key back through the mail from just such a patron. He opened the envelope and found the key to room 237.

But when he tried it in the lock of that room, it didn't work. Checking further, Harris learned that it was the key to an earlier Kilgore Hotel—that one that burned 10 years ago.

(Ranger editor's note: Joe is here for a visit with his son, Bruce Harris. This story came over the Ranger Times UP wire this morning.)

But sometimes, the old saying really does apply.

Charles A. Ellis, agent-in-charge of the San Antonio Secret Service Bureau received a counterfeit

\$20 bill from a Corpus Christi Bank recently.

He recognized the bogus bill as the work of a ring of counterfeiters which he personally had arrested and jailed in Pennsylvania 13 years ago.

The secret service agent figured that the bill must have been in the hands of a miser for the last 13 years.

Sometimes a fellow has an excuse for being late. Like a Negro arrested in Dallas for stealing a car in Oklahoma.

"It wasn't exactly stealing," he told officers. "I just borrowed it to come to Dallas to see my girl friend."

"Well," the suspect finally admitted, "it was last May sometime, I guess."

Just incidental was the fact that the man had changed his residence from Oklahoma City to Dallas, and that the "gal friend" had become his wife.

AUSTIN, Tex., Sept. 9, (UP)—Funeral services will be conducted tomorrow for Judge Ike D. White, veteran Texas trial lawyer and senior member of a law firm established in 1895. White, 81, died at his home here yesterday after a prolonged illness.

LINDALE, Tex., Sept. 9, (UP)—Funeral services were pending today for Truman Gale Kennedy, 15, who died Tuesday night of injuries suffered in a motor bike-auto collision. His skull was fractured and his right leg broken.

DALLAS, Tex., Sept. 9, (UP)—The state fair of Texas, which likes to do things in a big way, will have its own song this year—its first in its 63 years. Words and music of the song were composed by Alvin Jett of the faculty of Southern Methodist University. The song will be played at several of the fair attractions, but Texans won't have to wait until Oct. 9 to hear the tune. It will be used for advertising purposes within a week.

HOUSTON, Tex., Sept. 9, (UP)—H. J. (Jack) Porter was scheduled to fire the opening gun tonight in a Republican bid to make Texas a twoparty state and to carry it for Gov. Thomas E. Dewey of New York in the general election in November.

Porter was scheduled to make a statewide broadcast over a 14-station hook-up at 7 p. m. The Republicans plan to organize the entire state, down to the last precinct, and campaign vigorously for the election of Dewey and Gov. Earl Warren of California for vice president.

This is the Most Important Sign on Any Street

This is the time of the year when the sign, "School - 20 M.P.H. Zone" becomes the most important traffic sign on the street.

For the next nine months—five days a week and as often as four times a day—school children will place their fates in the hands of motor vehicle drivers on our streets and highways.

Teachers do everything in their power to instill safety habits in our boys and girls, but sometimes, in the excitement of play, little folks forget the dangers of heavy traffic.

These teachers need the cooperation of every driver. Let's all help bring our children safely to and from school. Let's all remember that every street crossing is a place where some child may forget to stop, look and listen.

Texas Electric Service Company drivers carefully observe all "School - 20 M.P.H. Zone" signs.

Red Sox Increase Lead Over Yanks

The pennant outlook for the Red Sox today is a new brightness as the form-fitting Bostonians spilled the New York Yankees in the first game of their crucial series.

Boston broke loose with four runs in the seventh to shatter a 3-4 deadlock and take a 10-7 decision. Joe Page who relieved in the fifth was the losing Yankee hurler. Lefty Earl Johnson, ace Sox fireman was the winner.

The third place Cleveland Indians squeaked across in 11th inning to take an 8-7 victory over Detroit. Connie Berry's wild throw allowed Larry Doby to score with the winning run.

The Athletics snapped out of their lethargy to take two from the Senators in a two-night doubleheader. The scores were 10-7 and 5-2, stretching the Senators losing run to eight games.

The Browns and White Sox were rained out.

The surging Pirates gained more ground as they stopped Cincinnati 5-1 behind Ernie Bonham. The Bucs now trail the Braves by 3 and a half games.

The Phils upset the Giants 3-4 as Andy Seminick drove out a 13th inning home run. The Cubs great lefthander Johnny Schemitz hurled two-hit ball as his mates downed the worn out Cardinals 4-2. It was Schemitz's 17th win.

The first place Braves and the Dodgers were not scheduled.

Hope To Uncover New Court Threat

NEW YORK, Sept. 9, (UP) — Experts were hoping today that the wideopen national tennis singles championship which got under way at Forest Hills tomorrow would uncover a new "kind of the courts" to keep the United States tops in international tennis.

The top-seeded players and the favorites were veterans like Frank Parker, Billy Talbert and Gardnar Mulloy, who are ranked one-two-three. But there were a host of promising youngsters, any one of whom might suddenly develop into an all-conquering hero in the style of Jack Kramer and walk off with the main prize.

at Kingsville. She will be remembered as the former Dorothy Jean Eppler.

Miss Bird McNeely of Dallas spent the week-end with Mrs. Leander Bennett.

Mr. and Mrs. Boone Russell and daughter of Victoria visited his brother Whit Russell and family on Thursday night. Whit accompanied them to New Mexico for a visit with relatives.

OIL PROFITS 'TEMPERATURE' IN LIGHT OF LOW DOLLAR, HIGH COSTS

NEW YORK, Sept. 8, (UP) — Although 1947 profits of the nation's petroleum industry registered a marked increase over 1946, that rise was "temperature" when considered in the light of vastly higher capital requirements and the dollar's lower purchasing power, the Chase National Bank said in a study made public today.

The study, entitled "Financial analysis of 30 oil companies for 1947", was prepared by Joseph E. Pogue, vice-president in charge of the Chase Bank's petroleum department, and Frederick G. Coqueron, staff associate.

It provides a continuous series of data for the 14-year period 1934-1947 on the 30 companies, which represent about two-thirds of the petroleum industry's aggregate investment. The 30-page book contains 21 tables and seven charts.

Aggregate 1947 income of the 30 oil companies, the analysis showed, amounted to \$10,453,000,000, an increase of \$2,334,000,000, or 29 per cent, over 1946 costs and other deductions, totaling \$9,264,000,000, rose \$2,478,000,000, or 27 per cent, and net income of \$1,219,000,000 was \$465,000,000, or 60 per cent, higher than the year before.

However, the study stated, the

1947 net income — when expressed in prewar dollars — amounted to only \$648,000,000, an increase of \$139,000,000, or 27 per cent, over the correspondingly-adjusted net for 1946.

"Thus," the analysis pointed out, "the reported net income for 1947 continued a component amounting to \$571,000,000 which represented the extent that the purchasing power of the dollar has declined since the 1934-39 base period."

Cash dividends paid by the 30 oil companies in 1947, the analysis revealed, aggregated \$425,000,000, an increase of only \$14,000,000, or 28 per cent over that 1946 total. The comparatively small amount of dividends, it explained, was necessitated by a rise of \$699,000,000 or 51 per cent, in capital expenditures to \$2,076,000,000 last year — constituting the contribution of stockholders to the process of capital formation.

Last year, the study went on, the petroleum industry was challenged with a rise in demand for its products amounting to 509,

American Citizen Escapes Custody Of Iron Curtain

COLUMBUS, Neb. (UP)—Seventy-year-old Ludwig Huettner and his Austrian-born wife are happy that he never forfeited his American citizenship in 37 years in Europe.
The couple arrived in the United States from Czechoslovakia recently. They fled from Europe after conditions became intolerable for them.
After the Communists came in to control, their 80-acre farm was "nationalized." They could continue to live on it, temporarily at least, and could work it. But they were so longer working for themselves. They were working for the government. They decided to return to Huettner's native America if they could.

Buttons Of Red, White, Blue To Dominate Political Campaign

CHICAGO (UP)—The odds are three-to-one that no matter who the next president is, his campaign buttons will be red, white, and blue, a big barge manufacturer reports.
The Green Duck Metal Stamping Company says it is the nation's biggest maker of colored metal campaign badges and buttons. It plans this year to jut out 30,000,000 pin-on election pleas.
"We have orders from Republicans, Democrats, Dixiecrats and Progressives," Donald Moeberg, the firm's sales manager, said. "For all but one, the colors are a traditional red, white, and blue."
He tossed one button on his desk which read "States Rights Democrats." It was in the approved colors but had two stars as well.
"The stars are well liked by everybody," he said.
From the drawer, Moeberg pulled another metal button, "I'm on the Dewey Team," it said. It was red, white, and blue.
"We haven't got any of the bulk of our usual Democratic party orders yet," Moeberg said. "They're a little slower this year than usual."
"They might put a picture of the White House on a blue background. The White House always has been a favorite with the Democrats. On it, they might say "Truman's Terrific" or something like that in red letters. That way, they'll get in the red, white, and blue."
When the Democrats place their orders the Green Duck plant will run 24 hours a day, Moeberg said. The pin-on kind is the favorite now.
"When things really get hot about September," he said, "all of the parties order a little clip type that just makes fast to the coat lapel."
"Of course it goes without saying they'll probably be red, white and blue too."
Moeberg reminisced a minute about how there always is bound to be a little variety in the buttons, though, which was why the odds this year were three-to-one instead of four-to-nothing on red, white, and blue.
"There were yellow and brown Landon snowflakes in 1936," he said. "And . . ."
He pulled a good sized button out of the desk.

Mr. and Mrs. Huettner applied to the United States consulate at Prague. They were told they could come to the United States under provisions made for admission of "displaced persons." Their travel expenses were paid by the U. S. government. They were given \$115 to tide them over.
That, briefly, is the story of how Ludwig Huettner returned to the land of his birth.
He and his wife traveled half-way across the country to the home of Mr. and Mrs. Louis Hittner of Humphrey, Neb. Shortly afterward they found employment at St. Mary's Hospital in Columbus.
Huettner told friends that conditions began to get bad during the war when the Russian army came to their home community. Conditions reached a climax when the Russian-instigated Communist regime seized power.
Too Much To Stand
Worst of all was the nationalizing of their homestead, Huettner said. There were many other things that a man American-born could not stand. You had to get a permit to go from one village to another. You were required to sign your name to a ballot in the election.
It was compulsory to vote and the Communist candidates were the only names on the ballot. Cross aid seeped through to the villages he didn't see any of it.
Huettner was born in Piatte County, Neb., near where he now is employed, in 1878. In 1911 he went to Europe with his foster-parents, Mr. and Mrs. Anton Huettner. There they settled on a farm in Austria. The farm later became part of Czechoslovakia when that country was formed after the first World War.

Dr. Sadler Says Europe Fears War

FORT WORTH, Tex., Sept. 9, (UP)—Dr. M. E. Sadler, president of Texas Christian University, was back today after a month in Europe and said the people there appeared to fear the coming of another war, and prayed against it.
However, he said there seemed to be no feeling of pessimism over peace possibilities.
Dr. Sadler, accompanied by his wife, visited in Ireland, Scotland, France, England, Luxembourg, Switzerland, Belgium and Holland. He attended the Council of Churches in Amsterdam, Holland.

Large Doses of B-1 Declared Useless

CHICAGO (UP)—People who take large doses of vitamin B-1 to give them extra pep and energy are only wasting their time, according to a Northwestern University scientist.
Dr. Theodore E. Friedemann, associate professor of physiology, said the vitamin might be a potent energy builder if the body would absorb enough of it.
But he said laboratory tests revealed that doses of more than two ten-thousandths of an ounce—about 1-65th of an aspirin tablet—are largely wasted.
"The body won't take any more than that," he reported. Furthermore, the tests indicated that if the vitamin is taken constantly over a period of time, the body sometimes becomes allergic to it.

Strike May Cause Fuel Shortage

WASHINGTON, Sept. 9 (UP)—Government fuel experts said today there may be many cold homes across the nation this winter if the west coast oil strike last another two weeks or longer.
They said the six-day-old strike at five huge west coast refineries already has cut deeply into gasoline supplies and fuel oil production.
By Friday, they said, the west coast will have to start importing supplies for both military and civilian use from already-tight supplies of east and gulf coast refineries.

Untabulated Votes In Dallas Are Uncovered

DALLAS, Tex., Sept. 9 (UP) —The Dallas County Democratic Committee was face to face today with the problem of what to do with 186 untabulated ballots from the Aug. 28 run-off senatorial campaign.

The legal teaser was uncovered by a recheck board that was rechecking the race for Dallas County democratic chairman. No votes, apparently, had been reported to the county committee from one machine.

Involvement were 113 votes for former Gov. Coke Stevenson and 72 votes for his rival in the senatorial primary run-off Lyndon Johnson. The recheck committee was powerless, however, to verify totals only in the chairman's race between Arthur Stevenson and Dick Hatfield.

The Dallas county totals have been certified to the state executive committee. A 10-day limit for filing recheck petitions elapsed Tuesday.

Johnson led Stevenson by 162 votes, the latest unofficial report of the Texas Election Bureau revealed.

States Rights Electors Named

DALLAS, Tex., Sept. 9, (UP) —The roster of presidential electors and their home counties selected by the states' rights party convention in Fair Park Auditorium yesterday:

R. Huffman, Harrison; Charlie Howell, Jefferson; Dr. E. H. Vaughn, Smith; L. G. Lyon, Kaufman; Charles E. Mergenbacher, Dallas; E. McKinney, Navarro; Austin B. McComb, Montgomery; George Redd, Harris; Dr. M. H. Roberts, Denton.

Mrs. Marion Wiley, Tarrant; A. V. Grant, Montague; J. D. Norton, Navarro; B. C. Mitchell, Hidalgo; Richard P. Brooks, Midland; F. A. Dunigan, Stephens; A. A. Sturgeon, Gray; W. C. The executive committee for Texas includes E. A. Dunigan of Breckenridge and Mrs. Andrew Housley of Albany, representing the 24th Senatorial District in which Ranger falls.

Longshoremen Refuse To Sign Non-Red Affidavits

SAN FRANCISCO, Sept. 8 (UP) —Striking CIO longshoremen in Los Angeles today unanimously rejected an employer demand that their leaders sign non-Communist affidavits.

The longshoremen also turned down the employers' "final offer" which their negotiating committee rejected just before calling the strike.

The results of the Los Angeles balloting were the first announced on the Pacific Coast. Other longshore locals were taking a similar secret vote on the two issues. Indications were the vote would follow the Los Angeles pattern.

Bridges said the longshoremen would handle military cargoes on commercial ships if the men got east coast wages—one of the issues in the strike—or a retroactive settlement when the strike is over.

Houston C. Of C. Gets Deflating HOUSTON, Tex., Sept. 9, (UP) —The Houston City planning commission came up today with a white paper all its own. It doesn't have a name, but it has significance—a plenty—for Dallas. At the risk of vigorous head-shaking from the Houston chamber of commerce, the commission meekly announced that its calculations give Houston a population of only 468,578. Compiled by planning engineer Ralph Ellifrit, the commission's data is based upon the number of occupied dwelling units. The

Drive Opened To Employ Texas Handicapped AUSTIN, Tex., Sept. 9, (UP) —Gov. Beauford Jester today opened a statewide drive to find employment for 5,769 physically handicapped Texans. The Governor, in the presence of Gen. Jonathan M. Wainwright and E. D. Whitley, national and state commanders of the Disabled American Veterans, signed a proclamation halting the drive opening. The campaign will end with observance of "employ the physically handicapped week," Oct. 5-9.

Dewey Urged To Fight Communists High Living Cost ALBANY, Sept. 9 (UP) —Republican leaders today urged Gov. Thomas E. Dewey to "hammer away at the high cost of living and the alleged "coddling" of Communism" when he carries his presidential campaign to the midwest. Dewey, who will open his White House drive with a speech at Des Moines, Iowa, Sept. 20, is reported to have incorporated many of their suggestions in addresses he has prepared for his trip to the west coast. Sen. Kenneth S. Wherry, of Nebraska, joined GOP leaders urging Dewey to make the fight against Communists a major issue. He said he was confident that midwesterners were more interested in that issue "than anything else." The Senate whip said he believed the high cost of living was

Political Job Seeker Gets Wrong Number

MILWAUKEE (UP) — William Abbot, a Socialist candidate for assemblyman, walked into an

east side tavern seeking signers for his nomination papers. "How about you?" he asked one customer. "No," was the reply. "For two reasons. First, I'm not a Socialist. And second, ... running against you on the Republican ticket."

It was Philip Jaffe, GOP candidate for the office.

ARMY GIVES SHOW OF POWER CIVILIANS CAN SEE

FORT SILL, Okla. (UP)—Any civilian with a desire to see America's military power in action can get a good view by taking the scenic highway to the top of Mount Scott. The peak is the highest nob of the Wichita Mountains in Southwestern Oklahoma. The Fort Sill field artillery school has announced that peeking by the public during battle maneuvers in the huge reservation is not objectionable from the Army's standpoint. That word may save the little twinges of conscience suffered by the average tourist when he stands atop the mountain and, like a Peeping Tom in broad daylight, watches military proceedings which may be of restricted nature. The civilian's view of the Fort

Sill firing and attack practices is limited only by his eyesight and knowledge of modern ground force tactics. A pair of binoculars helps. With glasses the civilian on Mount Scott can see the big guns fired across the Wichita hills, see the target areas pocked with shellbursts, and see at least some of the maneuverings by soldiers engaging in an imaginary enemy infesting in the hills. "We don't invite people to climb Mount Scott to watch the training tactics," a responsible officer said "and neither do we discourage them." Mount Scott, which rears its bulk off the southwestern Oklahoma prairie to the height of 2,640 feet, offers a grandstand seat overlooking the Fort Sill firing range. Visibility from the top extends 30 miles on clear days. From the viewpoint of the uninvited guests atop Mount Scott, artillery barrages are the most interesting part of the show. After the artillery units stop shooting, troops from the 38th infantry regiment move in with their light weapons to polish off the phantom enemy. An aerial show accompanies the ground maneuvers. Jet-propelled air force planes zoom around Mount Scott during most of the demonstration as pilots learn the art of artillery spotting. The high-speed Jets are replacing slower and lighter observation planes of

World War II. If the "enemy" gives fanatic resistance, flame-throwing tanks are put into the demonstration. Official visitors on the firing range hear a running account of the maneuvers over a loudspeaker set up at the command post on the range, but the curious public, sitting atop the mountain several miles away, must do without the experts' analysis.

GROSS UNDERSTATEMENTS

Brings back Army memories when we hear Coach Aills dish out those exhortations to the Bulldogs. The former New York Giant worthy makes a drill sergeant sound like a cub Boy Scout as he dishes out those commands.

But those push-ups and head stands pay-off in fit and ready football players. The Bulldogs are in top shape — lean and hungry for 10 scalps starting with Olney.

Stubby Warden thought he had about the tinnest thing in moleskins around in 115 pound Weldon Cunningham. But Olney Coach Marshall does him one better or rather five pounds better. Ray Lunn reserve end nudges the scale at but 110 pounds. Weldon feels like a bruiser now.

See where Breckenridge is getting reams of publicity in Fort Worth papers. Scribes nominate the Buckaroos to be all-powerful in their conference. We seem to recall where a few days back a team called Ranger sort of roughed up the boys from Breckenridge a bit. Maybe the Buckaroos have short memories.

Each year the experts bemoan the Davis Cup selections and each year they are forced to eat crow. When Ted Schroeder was picked to handle a singles assignment the boys who claim they know said Ted wasn't the boy to do it. But Schroeder came through with two ridiculously easy wins and who's laughing now.

Insiders claim vendors at the next World Series will be selling cherries of baked beans instead of the traditional hot dogs. The two Boston clubs have experienced their slumps already and look like pretty good risks to come off with the respective buntings.

Bulldogs Run Olney Plays

Skull exercises took over for body drills yesterday at the Bulldog practice session.

Stubby Warden prepped his boys with a lengthy blackboard discussion. Warden outlined the Olney offense and instructed the team on how to set up their defenses. Like Ranger, the Olney club runs from a T-formation. Then the boys put the theory to practice. Practicing in slightly cooler weather the Bulldogs showed a sturdy defense in beating back the Olney formations.

Comparing the two lines the Ranger boys will probably have a slight weight advantage barring line-up changes before game time. The Bulldog forward wall averages 158 pounds as compared with 156 for Olney. In the backfield the Bulldogs will be outweighed by just a single pound.

Warden's lightweights will stage their final workout today prior to the opening game. The team is expected to leave Ranger at 2 p. m. tomorrow. Game time at Olney is 8 p. m.

TIGERS HOLD EDGE

The University of Texas' opening 1948 football opponent—LSU is one of the few teams to hold a series edge on the Longhorns. The Tigers have won five, Texas has won four, and one tie completes the 10-game list. No other 1948 opposition tops Texas.

With Richie Ashburn of the Phils out for the season the National League rookie-of-the-year probably will narrow down to the Braves Alvin Dark or Bob Chisness, Pirate flinger. We like Dark to the title will at all odds go to Chisness.

The Bulldogs will have a two week lay-off after the Olney tussle. They open the home season against Albany on the 24th. And let's hope they'll be pointing toward their second win at that date.

PEP RALLY TONIGHT

All loyal Ranger fans will have their opportunity to get behind the rejuvenated Bulldogs tonight at 7:30 when a pep rally will be held in front of the Gholson Hotel. Following the rally a snafu dance will wind it's way down Main St. A winning team needs support and the Bulldogs have a lot of potential victories stored up. They should have the support of everyone. They deserve it.

Texas Shortstop Joins Chicago

CHICAGO, Sept. 9, (UP) — Danny Lynch, 21-year-old Texas shortstop joins the Chicago Cubs today at St. Louis.

The hard-hitting right-handed batter was freed from a Pittsburgh Pirate contract by Commissioner A. B. Happy Chandler last week and signed by the Cubs on Tuesday. Terms were not disclosed.

Lynch, a former Southern Methodist diamond star, was married last night to his SMU sweetheart, a Dallas girl.

The Cubs said Lynch was "not a bonus player." Chandler freed Lynch last week because he said the Pirates had hired Lynch's father for a sum which brought the bonus payment above the league limit.

T. C. U. Expecting More Than 6,000

FORT WORTH, Tex., Sept. 9, (UP)—Total enrollment at Texas Christian University this fall is expected to exceed 6,000 for the first time in history, it was announced today.

More than 4,000 full-time day students were expected for enrollment, of which 1,594 pre-registered in August. Evening classes are expected to draw more than 2,000.

Veteran enrollment also is expected to hit a new high, probably passing 2,300.

TEXAS DIAMOND DOINGS

By United Press TEXAS LEAGUE

Rain helped strengthen the San Antonio Missions' hold on fourth place in the Padres' close battle for a Texas League playoff berth with the Shreveport Sports last night.

The Missions' scheduled doubleheader with a Beaumont Export was rained out while the Sports were bowing to Houston. As Pete Bryant kept 10 Shreveport hits well scattered. Solly Lemus kicked in with the telling blow—a seventh-inning double that broke a 3-3 tie.

The Sports lost a half game and are now a full game back of the San Antonio club.

In weather more suitable for football, the Dallas Rebels trip to the Tulsa Oilers 5-4 in Tulsa as Marty Errante outpitched a pair of Oiler hurlers. Although nipped for 10 safeties while his record got only six off Dave Jolly, Errante was tight in the clutch.

The Oklahoma City Indians and Fort Worth Cats struggled through a lackadaisical contest in the former's park with the Indians finally emerging on top 6-5. The clubs close out their present stands tonight with Beaumont and San Antonio attempting to make up last night's rained-out contest.

LONGHORN LEAGUE

Rain broke up half the opening schedule of the Longhorn League playoffs last night as the Vernon Dusters surprised the league-leading Big Spring Indians behind right-hander Gerald Fabr. Midland's game at Odessa was rained out. The opening game will be played tonight with the second game in Odessa Saturday night. Officials decided to lay off tomorrow night rather than conflict with the opening of the high school football season in West Texas.

Fabr limited the Big Spring Brones to four safeties last night to take a 2-0 victory. His scratch single through short in the fifth inning scored catcher Morris Gower from third with one of the winning tallies while first basemen Cotton McCaskey's sixth inning bonder over second scored Harry Scherting from second. An error put Scherting on base.

WEST TEXAS-NEW MEXICO LEAGUE

The Albuquerque Dukes, first place club over the full season route, found themselves one down to the Pampa Oilers in the West Texas-New Mexico League playoff round today.

The Oilers broke in front with a three-run burst off Frank Shone in the second inning and, after seeing the Dukes tie it up with single runs by the fourth, pulled away for a 7-3 victory in the eighth and ninth.

Lubbock's scheduled opener at Amarillo was postponed because of rain and cold weather as a norther dropped the mercury in

Quijano Regains Texas Heavy Boxing Crown

EL PASO, Tex., Sept. 9, (UP) —Adolfo Quijano, 179-pound El Paso fighter, held a renewed grip on the Texas heavyweight title today and for the second time became the only man to hold both the state heavyweight and light-heavy crowns at the same time.

Quijano knocked out Wilkey Berlier, 185-pound News-Collins prize, last night, 1-53 of the fifth round of their scheduled 10-round bout. Berlier had dethroned Quijano in Houston four months ago.

Berlier started fast and easily won the first round, severely damaging Quijano and knocking him down for the count of nine.

The Texan survived the storm, however, and fought safely and carefully through the second round, which he also lost.

In the third, the tide began to turn as Quijano scored repeatedly with sharp lefts to Berlier's chin and terrific hooks to the champion's body.

The fourth round was a rerun of the third except that Berlier visibly began to tire.

The fifth, Quijano caught the champ with a series of straight lefts straightened him with another left and scored the knock-out punch with a right cross. A crowd of 6,000, one of the largest in El Paso history, saw the bout.

Quijano first won the Texas heavyweight title by knocking out Bob Sikes in the Coliseum last winter.

Quijano first won the Texas heavyweight title by knocking out Bob Sikes in the Coliseum last winter.

LONE STAR LEAGUE PLAYOFFS

The four leaders in the Lone Star League will try again tonight to launch their playoff for the league championship. Rain washed out last night's opening round games which were to have seen Tyler at Longview and Henderson at Kilgore.

BIG STATE LEAGUE PLAYOFFS

The Sherman-Denison Twins, who walked away with the Big State League regular season leadership, open their bid for the playoff title tonight against fourth-place Austin.

In the other game, third-place Waco invades Wichita Falls. Two games will be played at the site of tonight's games, then the clubs shift to Austin and Waco for three games. If additional games are needed, the clubs move back to the original sites.

Tournament of Champs Has Sewn Up Today's Top Boxers

BY HARRY GRAYSON
NEA Sports Editor

BERLIN—(NEA)—In Germany the GI asks: "How come old Gus Lesnevich blew that one to Freddie Mills?" And "What is this Tournament of Champions outfit that is putting on all the big fights?" Well, the weight hurt Lesnevich, a British referee interfered, and the Tournament of Champions is a group of seven wealthy men headed by George Kletz, New York plastic and metal man who has more money than Mike Jacobs. The sponsors were brought together by their hustling matchmaker, Andy Niederreiter.

The latter knows his way around, Sol Straus doesn't, and with Uncle Mike Jacobs unable to function fully because of his health, the 20th Century Sporting Club appears to be in a bad way. Kletz and his organization are muscling into Madison Square Garden just as Jacobs did, after first showing the strength of his hand with Joe Louis and at the old New York Hippodrome.

This observer, who has been close to the New York boxing situation since the present Garden was built, would not be at all surprised to see the Tournament of Champions take over the best-busting business there this winter.

The Tournament of Champions has Tony Zale, Marcel Cerdan, Gus Lesnevich, Jersey Joe Walcott and Freddie Mills, and before you know it Niederreiter will have some more. THIS new organization is not afraid to stick up its money. It guaranteed Rocky Graziano \$120,000, Tony Zale \$60,000 for their third edition at Ruppert Stadium, Newark, made \$30,000, and kept Zale, now boxing's most magnetic single attraction.

While stand-in Straus was pudding around, Niederreiter flew to Brussels and signed Cerdan for Zale and a crack at the crown, guaranteeing the champion \$120,000 and Cerdan \$50,000. Then, when Mills so unexpectedly lifted Lesnevich's title in London, Handy Andy landed the rematch, and promptly coupled it with the Zale-Cerdan shindy.

This despite the fact that he guaranteed Mills \$50,000 and Lesnevich \$70,000. When Mills bobbed up with a recurrence of a spinal injury, Walcott was substituted for him at Jersey City's Roosevelt Raceway, Sept. 21. Lesnevich and Walcott are to collect \$50,000 each, swelling the total outfit for the first old-time fight card since 1937 to \$270,000.

Mills isn't running out on Lesnevich. They'll probably have it out again this winter. He doesn't even know how to hold up his hands. Freddie Mills' inability to keep the Sept. 21 appointment with Gus Lesnevich puts off a frightful ordeal for American ringworms who fall for anything.

fall. Conley, handicapped by bad vision, is wearing contact lenses this season.

J. W. Thompson, Odessa sophomore, last fall lettered at full-back for Tech and is giving Conley a battle. Both men are fast starters and linemen have found them hard to down.

Earl Jackson, Phillips sophomore, and Keith Butler, Ring Star Junior, also are competing for the plugging post and have been drilled on speed. Both are adept at keeping their feet when tackled and should see a lot of action.

FROM GRID TO GOLF

By all means the most popular hobby of University of Texas football players is golf. Some 27 members of the squad list it as their favorite non-football sport or hobby. Two of the Steers Paul Campbell and Ray Borneman, show consistently near par.

Yesterday's Star — Andy Semick of the Phillies, whose ninth inning homer with one on gave Philadelphia a 5 to 4 win over the Giants.

MARKETING with Marjorie

Are you planning to pick up and picnic this week end? Then I know you're hoping, as I am, for warm, sunny weather. But if it should turn out to be chilly or rainy, don't let that interfere with your plans. Go ahead and have your picnic anyhow... at home. That way your family won't feel let down, and you won't have to rustle up a regular meal at the last minute.

THIRST AID

It's no picnic being thirsty on a picnic, so be sure to take plenty of refreshing soft drinks on your outing! You'll find a big variety of "whistle wetters" at your A&P... each as enjoyable as the other, and all at a low price. Make A&P your thirst aid headquarters!

QUICK AND SLICK

If you go in for campfire cookery, you'll get yards of enjoyment from ENCORE Prepared SPAGHETTI. It's mighty good cooked at home on the range, too, so get a few cans at the A&P. Made with a tasty sauce of tomatoes, spices and cheese, all you have to do is heat it. And if you want an extra hearty dish for 8 hearty eaters, combine 2 cans of this swell spaghetti with 2 cans of red beans; mix well in a skillet; add 2 tps. of chili powder, and heat thoroughly. Add green pepper and onion rings if you like 'em. Grand indoors or out!

SWANK FOR SALADS

For the best-dressed cole slaw or vegetable salad that ever went a-picknick, try this tangy dressing made with WHITE HOUSE MILK, the creamy-rich evaporated milk sold at the A&P. Just blend 1/2 tsp. prepared mustard, 1/2 tsp. salt, 2 tps. sugar, a dash of cayenne and 1 cup undiluted WHITE HOUSE EVAPORATED MILK. Add 1 tps. vinegar gradually, stirring till thick. Enough for 8 servings of salad.

KING-SIZE SANDWICHES

Where there's a grill, there's a way to enjoy MARVEL HAMBURGER ROLLS in their special role of partners for sizzling hamburgers. But even if your picnic equipment doesn't include a grill, these delicious, freshly baked rolls from the A&P can have their innings on your outings. They're perfect for big he-man sandwiches of all kinds because they hold so much filling.

The Ladies Club of the Ranger Country Club will meet Friday afternoon at 2 o'clock at the clubhouse, for the monthly social and business meeting.
 All members are invited to attend.

Thurman, Wright Names To Go On Texas Ballot

DALLAS, Tex., Sept. 9 (UP) — The way was paved today for the names of Gov. Strom Thurmond of South Carolina and Gov. Fielding Wright of Mississippi to be entered on the general election ballot in Texas as the states rights nominees for president and vice president of the United States.
 Thurmond told some 1,000 states rights last night that the other political parties advocated "amalgamation" of the races and said that his fight was "a fight for local self-government, for preservation of individual freedom."

The tanned, balding Carolinian and his running mate were certified as the new fourth party's nominees at the state's rights convention, held here yesterday. The new party, by its action, took the only sure way of getting its nominee's names on the Nov. 2 general election ballot in this state.
 Secretary of State Paul H. Brown had ruled that names of the new party's nominees must be filed with his office by Sept. 17 to be eligible for a spot on the ballot. Thurmond and Wright will go on the ballot as independent candidates.

Furmakers To Be Investigated

WASHINGTON, Sept. 9, (UP) — Chairman Max Schwabe said today his house labor subcommittee intends to find out whether certain New York fur manufacturers are "playing footsie" with Communist union bosses.
 The Missouri Republican said he had heard reports that some furmakers were "convinced" with union leadership in order to gain advantages over the rest of the industry.
 The subcommittee is investigating complaints that the CIO fur workers union and its affiliates dominated New York city's billion-dollar fur industry. The complaints also charged that the leadership comprised active Communists.

Socialists Join French Premier

PARIS, Sept. 9, (UP) — French Socialists agreed late today to support Premier Designate Henri Queuille, clearing the way for him to form a coalition government of all political elements except the Communists.
 Premier Queuille called on the wrangling French political parties today for a truce in their warfare so he could form a "crisis government" including all factions except the Communists.
 Crowded by the Communists who moved in on the crisis with a bid for power, Queuille summarily rejected their feelers. He pleaded with all other groups to bury their differences and join him in a government that would haul France back from the brink of national disaster.

Talmadge Leads In Georgia Race

ATLANTA, Ga., Sept. 9, (UP) — Herman Talmadge, son of the late Eugene Talmadge, today conceded nomination to the Georgia governorship as returns from yesterday's democratic primary gave him an overwhelming lead in a five-way race for the office.
 Late returns from Yesterday's Democratic primary gave Herman a big lead over Gov. M. E. Thompson in both popular vote and the county unit vote that is peculiar to Georgia.

Returns from 1,368 of the state's 1,734 precincts gave Talmadge 206 unit votes to 112 for Thompson. Talmadge's popular vote majority was not as big, but was substantial. He had 259,828 votes to Thompson's 218,378.

Thus it appeared that Herman had won the governorship denied him by the state supreme court in 1947 when it sought to fill the term left vacant by his late father, who died before he could be inaugurated.

Butter, Beef, Lamb Prices Decline

By United Press
 Butter, beef and lamb lead a downward trend in retail food prices during the past month, dropping more than five cents per pound on the average, a survey of ten cities across the nation showed today.

The survey was prompted by a report that the wholesale price index which was at its lowest level since April, should be reflected in lower retail prices.
 Dun & Bradstreet reported that its wholesale price index dropped to 86.56 for the week ended Sept. 7, the lowest level since April 27.
 The price drop on butter was uniform across the country, the survey showed each city showed a decline close to the five cent per pound average.
