THE RANGER DAILY TIMES is the oldest daily newspaper in Eastland County, the first edition appearing on June 1, 1919. World news is furnished the readers through United Press daily wire service.

31st YEAR

RANGER, TEXAS, THURSDAY, SEPTEMBER 1, 1949

PRICE FIVE CENTS

No. 78

Well...
I Dunno,
But...

Those wooden nickels apparently haven't found their way to Utopia yet but they're been reported in Detroit.

In the mail this morning was a clipping from the Detroit Free Press in which there was a story about the wooden nickels.

We quote:
RANGER, Texas (UP)—The old saying of not taking any wooden nickels didn't apply here during the town's annual rodeo. The town was filled with the wooden five-cent pieces that were accepted at face value, at most businesses.

Unquote:
The clipping was sent to us by Mrs. Ven (Ella) White who is in Detroit for a visit with her sister, Mary Jane Van de Putte, and Mr. Van de Putte and their twin sons.

Did you observe that the rains yesterday toppled temperatures 26 degrees and that the maximum temperature Wednesday rose only three degrees above the minimum reading at 8 o'clock in the morning.

Minimum reading at 8:00 A. M. Wednesday was 69 degrees and the maximum for the 24 hours ending at 8:00 A. M. today was only 72 degrees. The day before the maximum temperature had been 98 degrees.

It got down to 60 degrees last night and at 8:00 o'clock this morning was only 66 degrees. A total of 2.57 inches of rain fell Wednesday. And like we said that's more than we had in three preceding Augusts when the total was only 2.31.

We found some more interesting figures this morning. Total rainfall for this year is now 26.17 inches or .83 of an inch within the average (27 inches) for a 12 month period here. And we've got four more months to go. Furthermore to date we've received 9.36 inches more so far this year than we had in the whole 12 months last year.

Yes sir, Texas can sure get dry and then again it can sure get wet.

Long years ago we heard a famous educator give this advice: "It doesn't matter what you do in life so long as you do it well. If you're a filling station attendant, make the job important by doing it well."

The educator must have been preaching his doctrine rather thoroughly because in the September issue of Mademoiselle there's an article by Russell Lynes who writes:

"Salesmanship as a 'folk art' and the 'untrammeled' and natural expression of the people is to be found in its purest form in the gas stations of Texas." He calls it an "ornamental school" of vernacular salesmanship in which "the line is fluid, the color rich, the composition romantic."

"Glad to see you, friend," the lips start and flows along uninterrupted through a stream of affable observations on the weather, the fine new (or old) car you're driving, the baseball scores and the state of the roads.

"The expert artist can not only fill your tank, put in a quart or perhaps two of oil, but also send you off with a new blade for your windshield wiper, a pocketful of candy bars and a sense of well being."

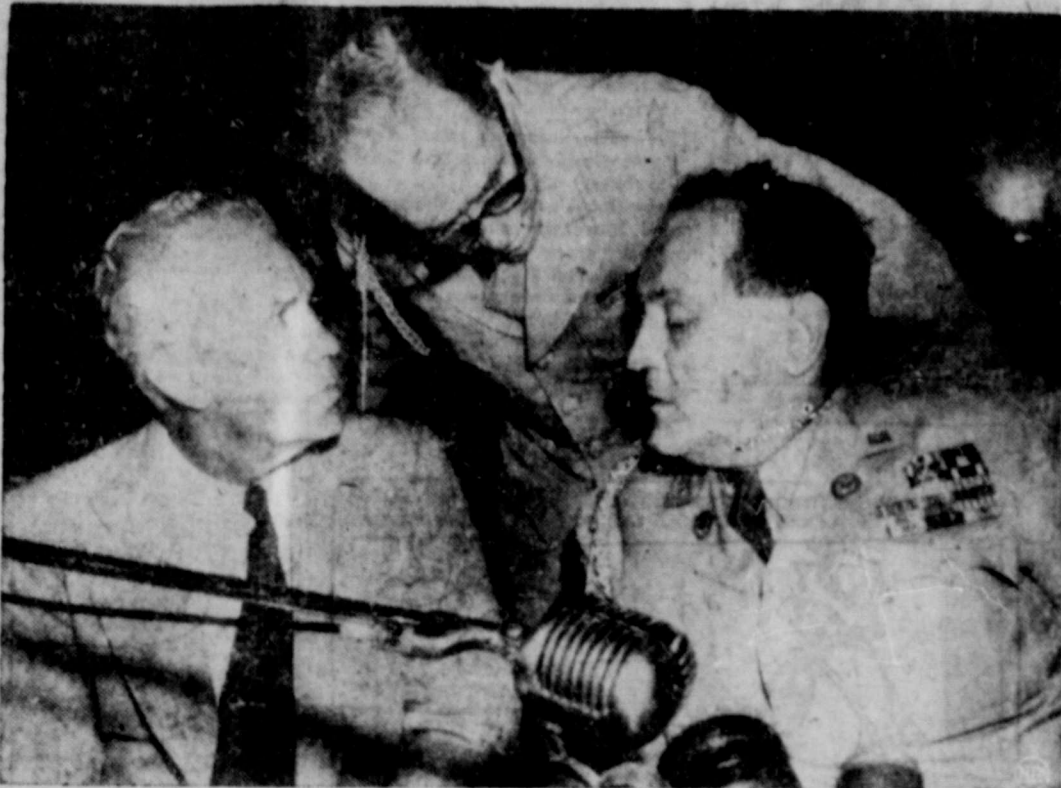

By contrast, the writer says, in Vermont, the folks let you take the top off your tank before they inquire "Want gas? Regular." And if the radiator is steaming they say, "Want Water?" Of the Vermonters he goes on to say:

"You will notice that he never lets the tank run over, but since there is no communication between him and you, he will fill the tank full. Since he makes it quite clear that he is doing you a favor to give you gas at all, that you have interrupted him when he was feeding the chickens, you can do no less than acquiesce. If you need air, he'll show you where the pump is."

Maybe it is what you call salesmanship. But if it is, it's a natural with Texans. They are courteous, like people, like visitors with folks and are interested in how the other half lives. It's not just solely to matter of selling his wares (and makes the Texan a good salesman).

For Good Used Cars (Trade-In on the new Olds) Oldsmobile Motor Company, Eastland

Vaughn Confers With Attorney At Hearing

Maj. Gen. Harry Vaughn confers with his attorney, Carl L. Ristine, left, and his aide, Col. C. J. Mara, center, as hearings on the five percent probe by the Senate Investigating Subcommittee is resumed in Washington. (NEA Telephoto)

SAYS NO CHANGE DUE IN STATUS OF VAUGHAN

By WARREN DUFFEE
United Press Staff Correspondent
WASHINGTON, Sept. 1 (UP)—President Truman said today he contemplates no change in the status of Maj. Gen. Harry H. Vaughn, his military aide, as a result of the Senate "five percent" investigation.

That was the President's answer to disclosures that Vaughn used his White House position to help people like Truman William Hells, Perfumer David A. Bennett, and "expediter" John F. Maragon in dealing with government agencies. Throughout the investigation Vaughn maintained that he gave them only proper assistance and never profited by it.

From Hells and Maragon, Vaughn told the Senate investigating subcommittee, the military aide received thousands of dollars in contributions to democratic campaign kettles.

Several senators, particularly Joseph R. McCarthy, R. Wis., have demanded that President Truman fire his energetic military aide on the basis of committee findings.

Dallas Housing Office Closed

WASHINGTON, Sept. 1 (UP)—The housing expediter's office today announced the closing of the Dallas, Tex., regional office which supervised rent controls in eight states.

The closing resulted from state decontrol of rents of Texas and an economy move by the agency.

The announcement said that supervisory responsibilities heretofore exercised by the Dallas office will be transferred to regional offices as follows:

For New Mexico—to San Francisco office.
For Colorado, Kansas and Missouri—to Chicago office.
For Arkansas, Louisiana and Oklahoma—to Atlanta office.

It also was announced that supervisory responsibilities in Wyoming have been transferred from the San Francisco to the Chicago regional office.

PEACE PLEA MADE ON 10TH ANNIVERSARY OF WORLD WAR II

WASHINGTON, Sept. 1 (UP)—President Truman, on the 10th anniversary of the start of World War II, expressed hope today for a peaceful ending of the war of nerves that Communists are waging against the Democracies.

The President was asked by reporters for his thoughts on the anniversary.

But the President said at his news conference that he does not plan to do that.

The President rejected most news conference questions about Vaughn.

In the light of the hearings and Vaughn's testimony, Mr. Truman was asked if he contemplated any change in his military aide.

Mr. Truman said softly and slowly that he did not. Vaughn was standing behind the chief executive as the President faced reporters.

The first question involving Vaughn was whether Mr. Truman felt that his military aide got a "fair deal" before the senate committee. The President said he had no comment. Later he was asked if he had issued orders barring John F. Maragon, another figure in the Senate investigation and a friend of Vaughn, from the White House. Vaughn said yesterday such action was not only possible, but probable.

Predicts Polio Jump In September

PLAINVIEW, Tex., Sept. 1 (UP)—Miss W. R. Johnson, head nurse at the West Texas Polio Center here, predicted today that September would be the worst polio month of the year in the region.

The prediction came as new polio cases for the last week showed a marked drop and state health authorities at Austin expressed optimism for a continued decline.

New cases at the West Texas Center, however, appeared to be on the upswing, with 16 new patients admitted since last Sunday, seven of them within a single 24-hour period.

This week's new cases brought the total to date this year to 102, as compared to 151 for the entire year of 1948.

Three Held On Marijuana Charges

GALVESTON, Tex., Sept. 1 (UP)—Three Illinois men were held today on charges of possession of marijuana.

Authorities said the three were reporting eight pounds of the marijuana from Brownsville, Tex. to Texas and East St. Louis, Ill. Those charged were Raymond Smith, Eli Cupt and Thomas O'Connell, who gave their addresses as Peoria and East St. Louis.

Oil Loan Talk With Mexico To Be Resumed

WASHINGTON, Sept. 1 (UP)—President Truman today announced that negotiations for an oil development loan to Mexico will be resumed after having been in suspension for several weeks.

The Mexican government has been seeking a loan of \$200,000,000 (M) from this country for development of Mexican oil resources. The negotiations were suspended several weeks ago.

Mr. Truman told newsmen that the negotiations would continue, but he gave no specific date or details.

He predicted that the two governments eventually would arrive at a mutually satisfactory decision at the current negotiations.

He said he had discussed the loan twice with President Miguel Aleman of Mexico and had been interested since the loan first was proposed.

North Zone Dove Season Opens

AUSTIN, Tex., Sept. 1 (UP)—More than half million doves moved onto the firing line today as the annual hunting season officially opened in the north zone of Texas.

Howard Dodgen, executive secretary of the Game, Fish, and Oyster Commission, said the dove population would be about normal—between 500,000 and 750,000 birds.

The northern zone actually covered some two-thirds of the state.

Hunting in the south zone will open Oct. 1. Regulations limit the bag to 10 birds per day. Repeating shotguns must be plugged to hold no more than three shells, including one in the chamber. A 12-gauge shotgun is the largest that may be used.

For Safe Holiday Observe Traffic Rules, Is Advised

AUSTIN, Tex., Sept. 1 (UP)—The Texas Safety Association said today that "defensive driving" mixed with courtesy and strict observance of traffic rules would be the only assurance of a safe trip for some 4,000,000 Texans planning a trip on Labor Day week end.

The association cited last year's 27 traffic fatalities in Texas over the long Labor Day holiday and expressed the hope that greater care on the part of drivers would result in a lower figure this year.

Truman Call For Management Labor Peace As Holiday Nears

Mrs. Hagaman Appointed To Textbook Board

Mrs. Leslie Hagaman was officially notified this morning of her appointment to the State Board of Education's Textbook committee and advised that an organization meeting of the group will be held in Austin on September 10.

Mrs. Hagaman will be one of a nine member board to select textbooks for the public schools in Texas. The first meeting for the selection of texts will be held November 14.

The nine appointments to the textbook committee were made by the State Board of Education. Mrs. Hagaman was nominated for appointment by Mrs. Joseph M. Perkins, member of the State Board of Education. She is a teacher in Ranger High School.

Mrs. Robert Millie of Sabinal nominated by Board Chairman C. C. Chesser of Junction. Mrs. Mills has served two years on the committee.

Howard Allen, Dallas, principal of the Adamson High School, nominated by Vernon D. Singleton, Dallas.

A. E. Awalt, Woodhouse, who has served before on the committee, nominated by Arthur Temple Jr., Lufkin.

Mrs. Virginia Whiddon, Houston, sixth grade teacher at Montrose School there, nominated by Binion.

Mrs. A. M. Jones, Valley Mills, nominated by Dr. A. M. Long, Valley Mills.

George C. Vidrine, principal of Horace Mann Junior School, San Antonio, nominated by Gilbert M. Denman.

Roy L. Miers Gets 4 Year Jail Sentence

Roy L. Miers of Comanche County pleaded guilty to two felony Grand Jury indictments of swindle by worthless check and theft by larceny before District Judge George L. Davenport in 91st District Court.

Awaits Grand Jury Action

Miers was sentenced two years in the State penitentiary on each complaint, making a total of four years. The terms will run concurrently.

The indictments were in connection with a 1947 automobile belonging to King Motor Company being taken on May 11. Two men representing themselves as prospective buyers, drove the car away from the motor firm on a pretext and were arrested by officers in Winfield, Kans., May 25.

Texas Turning New Leaf Today

AUSTIN, Tex., Sept. 1 (UP)—Texas will turn a new financial leaf today, opening another fiscal year and dipping for the first time into \$78,000,000 of state appropriations.

The day will also mark the official creation of two state boards, and bring a medical school and technological college under state jurisdiction.

In addition to handing over administration of those institutions, the State Board of Control will turn over direction of all other institutions to the new Board for State Hospitals and Special Schools.

Technically, today marked the official date when the Southwestern Medical Foundation at Dallas will become a new medical branch of the University of Texas. Likewise, Lamar Junior College at Beaumont officially becomes Lamar College of Technology.

For state employees, the day marked a change in working hours and the advent — for most of them — of a five day week.

An act of the last legislature continued the old 44-hour work week, but recommended they be held within five days. Henceforth, Saturday will be a holiday for most of the workers.

Soviet Maneuvers May Be Used To Test Tito Nerves

BELGRADE, Yugoslavia, Sept. 1 (UP)—Intelligence circles predicted today Soviet armored forces poised along Yugoslavia's northern border will begin a series of maneuvers shortly designed to wrack the nerves of Marshal Tito.

On this 10th anniversary of the start of World War II, they pointed out that September is the usual month for military maneuvers in Europe, and this year the season will coincide with the Russian war of nerves against Marshal Tito's government.

So far there has been no sign of Yugoslav troop movements designed to forestall possible border violations by the 50,000 men, 500 tanks and numerous warplanes the Soviet Union has massed on the northern frontier.

World's Biggest Baby Is Elephant's Young, Weighs 150 to 200 Pounds at Birth

Calvin Brown of the Ranger Lumber and Supply Company stated today that he received word this morning that title one loans under the FHA program have been extended for another 60 days.

FHA Title One Loans Extended

The provision for the loans was due to expire on Aug. 31 but was extended to give the Senate time to act on housing legislation already passed by the House. Brown had been previously advised by Sen. Tom Connally that the extension of the loan was before the President and his approval expected momentarily.

Sen. Lyndon Johnson had also advised Brown as to the status of the loan's extension.

Minister Gives Classification Talk At Club

The Rev. Cecil Ellis gave a classification talk at the regular meeting of the Rotary Club Wednesday at noon at the Gholson Hotel.

In discussing his classification as a minister, Reverend Ellis used a list of beliefs and objectives which he compiled about 20 years ago just before taking up active ministerial work. He stated in his talk Wednesday that fundamentally his beliefs and objectives are the same today.

He stated that he went into the ministry because he believed that he could do the most good for the greatest number of people in this capacity. He entered the ministry, he said, with a firm belief that man is God created and that God's love flows to all people.

Preceding his talk, Reverend Ellis introduced Fred Baumgardner, head of the fine arts department of Ranger Junior College, who sang one solo accompanied at the piano by Mrs. Baumgardner.

Guests at the luncheon were A. B. Youngblood and daughter, Margaret of Abilene, Lloyd Chapman, Pearson Grimes and J. C. Poe, all of Eastland, Dr. R. R. Rush of San Marcos and L. T. Newlin of Houston.

Typhoon Kills 68, Injures 223

TOYKO, Sept. 1 (UP)—A 9.0-mile-an-hour typhoon raked central Japan today, killing 68 persons and injuring 223 others. The storm left 39 persons missing, 150,000 homeless and \$70,000,000 in property damage.

The Japanese government called an emergency meeting to draw up relief plans.

Twenty-one Japanese ships were sunk in Toyko and Yokohama Harbors, 10 others were stranded or grounded and at least 28 were badly damaged.

A force of 100,000 men stood guard along the banks of swollen rivers today, watching for possible breaks in the levees. Fears that Tokyo's Big Tone River would overflow its banks were allayed when the waters receded.

The Weather

EAST TEXAS—Partly cloudy and cooler today and tonight. A few scattered showers in north-east and extreme south portions this afternoon. Friday partly cloudy and cool. Moderate to locally fresh mostly northeast winds on the coast.

WEST TEXAS—Partly cloudy and cooler today and tonight. Friday fair warmer in Panhandle and South Plains.

TELLS LABOR OCCASION MORE THAN HOLIDAY

WASHINGTON, Sept. 1 (UP)—President Truman appealed to management and labor today for a sober settlement of their differences.

His appeal came as union and industry leaders were locked in a bitter wage controversy which could take 3,000,000 workers out on strike in the next 30 days.

In his Labor Day statement, Mr. Truman did not refer specifically to the log-jam of wage disputes in key industries. But he reminded workers that labor day is more than a holiday for celebrating their achievements.

"This year, more than ever," he said, "it is a time for a sober evaluation of the problems that labor, together with all other groups in our country, faces in our complex world, and of our mutual responsibility in meeting them."

A board appointed by Mr. Truman is writing recommendations designed to settle the controversy between the United Steelworkers (CIO) and the steel industry over wages, pensions and insurance. The report is due Sept. 10. The union threatens to call 1,000,000 (M) workers out of more than 800 steel and other manufacturing plants on Sept. 14 if a satisfactory agreement is not reached.

Government officials feel that a settlement without a strike would go a long way toward averting walkouts in coal, auto, rubber, ship-building, electrical manufacturing, shipping, long shoring and copper industries. In those fields, upwards of 2,000,000 (M) additional workers will be free to strike in the next 30 days.

Mr. Truman said that labor is a full partner in the economy. He proposed that it be made a full partner "in all our undertakings."

Sen. Lyndon Johnson had also advised Brown as to the status of the loan's extension.

Brown explained today that it is under titles one, two and four, of the Federal Housing Authority that loans have been secured by him for persons who wish to build homes and who wish to have homes remodeled and repaired.

He said that he expects favorable action by the Senate when the question is brought before that body.

The world's biggest baby is the elephant's young, which weighs from 150 to 200 pounds at birth.

With apparent unconcern, Mrs. Sandra Peterson 23, a Boston, Mass., divorcee, smokes, plays cards and reads as she awaits grand jury action in her cell in the Brownwood, Texas jail. Mrs. Peterson has been charged with the murder of a Brady, Texas real estate man, Lewis E. Patterson. (NEA Telephoto)

THAT'S WHY WE ASK HUNTERS NOT TO SHOOT AT BIRDS ON TELEPHONE WIRES OR POLES. THANK YOU
AND HERE'S WHAT HAPPENS A TELEPHONE CALL IS CUT OFF

Don't Shoot At Birds On Phone Lines

"Please don't shoot at birds on telephone lines," is the plea of W. H. McAnally, manager of Southwestern Bell Telephone Company, who says that each year thousands of telephone wires are broken by stray shots during the hunting season.

"Birds can fly away," McAnally said, "but telephone wires just have to sit there and take it. It's not that the hunters deliberately try to hit the wires, and I don't think sportsmen would shoot at a sitting bird on a wire, but I guess they just don't realize that a hasty shot, might cause serious damage to telephone lines and disrupt long distance service."

Explaining the yearly dilemma, McAnally pointed out that each hunting season money, man-hours and telephone calls are lost through gunfire damage to telephone lines. "It would help a lot," he said, "if hunters would be very careful when they are in the vicinity of telephone lines. Even if a bullet or shot only nicks the wire, when cold weather comes the wire contracts and the added stress may cause it to break."

One solution advanced by the manager was that telephone engineers might try to develop a type of wire that would wear when shot at. "In the meantime," he said, "all we can do is to ask hunters to be careful when shooting at birds near telephone wires."

News From Olden And Community

OLDEN, Sept. 1 (Sp.)—Mr. and Mrs. Will Stark spent the week end in Comanche visiting his mother.

Ennie Hamilton has returned home after a visit with Mollie Green of Graford.

Mrs. Gorman Martin of Ranger spent Sunday with her sister, Mrs. Virgil Hamilton.

Mrs. C. C. Martin visited with Mrs. Edna Jones during the weekend.

Mr. and Mrs. Joe Crawford of Snackover, Ark., are here for a visit with her parents, Mr. and Mrs. Dick Yielding.

Mrs. John Bennett of Gorman and Mrs. Jewel Reeves of Eastland were visitors in Olden Monday.

TEXAS News Briefs

DALLAS, Sept. 1 (UP)—Texas school children will have three days specially set aside for them at the 1949 Texas State Fair.

L. A. Woods, state superintendent of schools, said Oct. 14 will be grammar school day, and Oct. 21 will be high school day. Negro pupils at grammar and high schools will have their day Oct. 10. The children and teachers accompanying them will be admitted free.

GALVESTON, Sept. 1 (UP)—A three-day statewide search ended here yesterday with the arrest of a 31-year-old Beaumont negro. The negro, identified as Abbie Houston, is accused of beating an-

OPPOSES WINNIE—William Brooks, above, has been named as the Communist Party candidate who will oppose Winston Churchill in the British general elections next year. They will contest for votes of the city of Woodford, in the Essex County constituency.

IMPERIAL ONE—Lyncurgus Spinks, above, has been named Imperial Emperor of a new Ku Klux Klan organization in Montgomery, Ala. Spinks, who last year was defeated in his race for governor of Mississippi, has been making speeches at Klan rallies in Alabama.

other negro to death and splitting his head with a hatchet.

DALLAS, Sept. 1 (UP)—Page Boy Co., manufacturers of maternity clothes, will open a new \$200,000 plant showroom here Sunday.

The new shop, most recent of seven, is owned by Edna, Elsie and Louise Frankfort.

HOUSTON, Tex., Sept. 1 (UP)—The polio fighters, an independent organization of persons interested in battling the dread disease, will be formally organized by Sept. 14.

D. A. Starks, Jr., director and founder of the Houston group, said 20 or 30 more members were needed before active work can begin. Though still in a formative state, the fighters group conducted a successful clean-up campaign in the city last month.

BENHAM, Tex., Sept. 1 (UP)—Permanent buildings will be erected at the Washington County Fair Grounds—under terms of an \$1800 loan approved by the Washington County Commissioners Court.

The plan is to buy two buildings from Camp Swift and move them to the fair grounds.

HOUSTON, Tex., Sept. 1 (UP)—Funeral arrangements were incomplete today for Joe E. Litterst, 53-year-old commercial photographer, who died at his home last night.

Litterst was a native of Rochester, N. Y., and had been in photography most of his life.

Greta's Big Feet Not Huge After All

FLORENCE, Italy, Sept. 1 (UP)—The secret is out. Greta Garbo wears a size 7-AA (7-double-A) shoe.

Salvatore Ferragamo, the world famed Florentine shoemaker offered this information after Miss Garbo ordered 7 pairs of his renowned handmade shoes during a two-day visit here. "Contrary to world-wide rumors that Miss Garbo has very big feet," Ferragamo said, "seldom

have I found among my clientele a person with such well-proportioned feet.

"She wears an Italian 38, which is the equivalent of an American 7-AA."

Bible Yields Hoard

FORT WORTH, Tex., (UP)—A Bible provided a bountiful yield for a thief who entered the home of John Moore. The thief took \$110 that had been placed in the book.

Opal McLean v. Douglas L. McLean, judgment.
Louise Holder v. B. J. Holder, judgment.
Ruby Wood v. Clark Wood, notice in contempt proceedings.

Amarillo Pastor Dies Of Injuries

MUSKOGEE, Okla., Sept. 1 (UP)—Rev. C. W. Lipsey, 38-year old Amarillo, Tex., pastor, died

in a hospital here today after his car collided with another vehicle on a Muskogee street.
Lipsey's vehicle collided yesterday with a car driven by Claude Henson, 35, Muskogee electrician. The victim was thrown from his car beneath the wheels of Henson's car.

Hospital attendants said he died of internal injuries.
Lipsey was pastor of the West Amarillo Christian Church. Before moving to Amarillo in 1947, he had been pastor of the First Christian Church here.

SPORTS

AS The Sideline Sees It

long before that word "possible" is erased from that statement. Junior slings one of the meanest passes that have ever been around here and if the rest of the Tech boys can catch 'em, there's just no telling how far he can go. Junior left for Lubbock Monday and has written home that he has checked in, received his football equipment and that he likes his roommate very much. In fact he likes the whole deal and everybody has been so "nice" to him, he says.

Workers were out today selling the Bulldog season tickets for the five home games. The tickets are a bargain, costing only \$4 for the five games.

As one of the workers stated this morning, every one of those tickets should be sold before the opening game. We all cry for good football teams and it looks like our cries will be answered this year. Now it's time to do our part about that good team. The season tickets are available at the Texas Electric Service Company office and a number of other places in downtown Ranger.

Open Bowling To Be Available At Ranger Bowl

A schedule for League and Open Play has been announced by Ted Babin for the Ranger Bowl which opens its League season on Thursday September 8th.

Under the system outlined, local and transient bowlers will find plenty of time for practice as well as team competition.

Three leagues will begin play the week of the 12th at 8:00 P. M. on the days indicated; Premier Oil League on Monday evenings; Mixed Doubles League on Wednesday evenings; and the City League which will alternate between Thursday and Friday evenings until the close of the football season. A few openings are still available in the Mixed Doubles and any couple desiring to bowl should contact Ted Babin.

Open play will prevail each afternoon Monday through Friday until 8:00 P. M. on the days league play, at approximately 10:00 P. M.

On Tuesday and Saturdays, all alleys will be available for open play from noon until closing time. On Sundays, the establishment will again cater to open play with family groups, especially acceptable. Mother and Dad, plus Junior and Sis, find Sunday afternoon the best time for family bowling.

R. R. Station Prettiest Up
WAKEFIELD, N. H. (UP)—Dozens of potted geraniums, begonias, petunias, coleus and other plants grown by the station agent, Clarence O. Martin, beautify the Boston & Maine Railroad Burleyville station here.

WHOPPER—Record dolphin for the North Carolina coast is this 35 1/2-pounder which Barbara Jean Deans has a tail-hold on at Morehead City. This species ordinarily come in 10 to 20-pound sizes. Paul Dixon of Greensboro took the big one.

SOUTHWEST CONFERENCE OPENS WITH 436 PLAYERS

By ED FITE
United Press Sports Writer
 The whistle blew on Southwest Conference football practice fields today and 436 athletes began the long get-ready grind for the 1949 season.

Limbering up, in the first of the regular two-a-day workouts were 155 lettermen and 46 regulars from 1948 teams.

Coach John Barnhill had the longest roll call at Fayetteville, and issued jerseys and padded pants to 80 prospective Arkansas Razorbacks.

The familiar face of Gil Johnson was conspicuously absent as defending Southern Methodist University's Matty Bell sent 61 players out for their first session, but Doak Walker and Kyle Rote were still around.

Texas Christian lined up 66 men, Texas A & M 65, Baylor 64 and Rice and Texas 50 each.

Arkansas' largest squad also produced the most lettermen, 80, while TCU sported 28. Baylor counted 25 wearers of the big "H," SMU produced 21 lettermen, Rice 19 and Texas and the Aggies 16 each.

Light regulars answered the whistle on the Arkansas and Rice fields, seven turned up at TCU, SMU and Baylor, while Texas had only five who had seen not quite enough action to earn a "T" in 1948.

There will be a speed-up in training on the Texas, Texas A & M and TCU fields, because they have only 17 days to prepare for their season openers.

The Longhorns will line up Sept. 17 against the Red Raiders of Texas Tech at Austin, while the Aggies will meet Villanova at College Station and TCU will open against Kansas at Lawrence.

One week later the other teams will work for their first victory, with six of the seven outfits playing under the lights.

SMU will start its season against the Wake Forest Deacons in Dallas, South Carolina's Gamecocks will peek away at Baylor in Waco, TCU will entertain Oklahoma A & M, Clemson will make the long

Journey from South Carolina to Houston for a tussle with Rice and Texas A & M will face Texas Tech at San Antonio, all in night games.

Arkansas plays North Texas State at Fayetteville in the only day game.

Texas will go east for an inter-sectional joust with the Temple Owls at Philadelphia.

The comparatively mild pastime of touch football deprived two teams of probabe starters. Baylor's end Harold Riley broke a leg in a touch game and probably will be lost for the season. Bill Allen of Texas broke a finger playing touch football and may be out four to six weeks.

Bobby Goff of Texas A & M recently underwent a knee operation, but it was possible he would recuperate in time for the opening game against Villanova. His doctors, said, however, he might not be ready for rough contact again until October.

Mrs. Katia White, Mrs. Carl White and children, and Mrs. Hatfield have returned from a visit with relatives in Fort Worth.

Stormy Weather Hits Gulf Coast

By United Press
Thunderstorms and stormy weather moved southward across Texas yesterday and last night, and today the coastal section from Corpus Christi to Galveston received morning down-pour.

The U. S. Weather Bureau predicted at least another 24 to 36 hours of relatively cool weather for the state.

Sweetwater got two inches of rain in 30 minutes yesterday afternoon from a violent thunderstorm. Lightning struck several power lines, but there was no serious fire damage.

However, the city's telephone and power service was crippled temporarily in some sections.

More than two inches of rain cascaded upon San Angelo in a similar violent, brief disturbance. Gusts of wind up to 45 miles per hour unroofed several livestock barns at the San Angelo Fair Grounds.

Fort Worth had similar winds, but only a trace of rain, and two people were injured there by flying glass, shattered by the light rain.

Children received 1.19 inches of rain in less than 12 hours yesterday, highlighted by a torrential downpour during the noon hour.

Temperatures skidded sharply for summertime in West Texas this morning hitting a low of 53 at Guadalupe Pass. The minimum at Clarkton was 56. Dalhart and Lubbock snoozed happily in 58 degree weather, and Amarillo had a low of 59.

In the coastal and extreme southern sections, the overnight lows were in the low and mid-70's. Presidio and Brownsville reported 75.

Yesterday's high was 102 at Laredo. Alice and Wink recorded 101's and Presidio had an even 100.

Wind Blacks Out Part Of Austin

AUSTIN, Tex., Sept. 1 (UP)—A short-lived squall with wind gusts exceeding 50 miles per hour temporarily blacked out the north west section of the city last night.

Some 15 transformers were out of commission during the two and one-half hour blow. Temperatures dropped from 95 to 81 degrees as the wind and dust storm swirled across the city.

GOOD PROVIDER—Bob Lemon feeds the family with his home run club. Six circuit clouts at home add up to as many baskets of groceries, and the Indians' pitcher collects at a Cleveland store. The missus and 15-month-old Jeff lend a hand.

Interest On School Lands Due Nov. 1

AUSTIN, Tex., Sept. 1 (UP)—Land Commissioner Bascom Giles today notified some 20,000 persons who purchased Texas school lands on credit that interest would be due on their unpaid portions in one month.

The interest, Giles said, will be paid into the permanent school fund. He estimated that total collections would increase the school fund by more than \$400,000.

Payment of interest, Giles noted, will be due Nov. 1.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg aches, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or nearly constant urinating and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

No Smoke, No Fire

Lincoln, Neb. (UP)—During a rain, a resident near the Nebraska capitol telephoned the fire department to report smoke coming from the state-house tower. A general alarm was sounded. Firemen discovered the "smoke" was rain, illuminated by the building's floodlights.

Metaloscope Used In Search Of Old Gold Mine

ST. LOUIS, Sept. 1 (UP)—A scientist was trying to track down gold today in an old Spanish mine with a nelectronic "metalscope."

Charles M. Bootman, 46, a St. Louis geophysicist is probing an ancient gold mine first worked by the Spaniards centuries ago.

He located the mine, called the Madre Veda (mother vein) which has its mouth in Arkansas and the remainder in Missouri, near the hamlet of Pineville.

Legends claim that the Spaniards overlooked the mine's richest treasures. A previous owner learned from his father that a dying Indian said gold would be found in the mine "but water must be moved."

"Legends often are based on fact," Bootman said, "and in checking the Madre Veda I came across facts justifying a metaloscope test."

The metaloscope reports electrically when metal is near.

Bootman is also hauling modern machinery to attempt to drain a lake deep in the mine's tunnels and caves. At the bottom of the lake he hopes he will find the legend is really fact.

Indictment Of Sandra Awaited

BRADY, Tex., Sept. 1 (UP)—Sophie Anagerous Peterson, a tough-talking hijacker, today awaited indictment on a charge of murdering a friendly motorist who offered her a ride on a Texas highway.

The murder charge was to be placed in the hands of a McCulloch County grand jury today.

The young woman, who first gave her age as 23 but later said she was 17, admitted that she pumped a bullet into Lewis F. Patterson, Bradly real estate dealer a week ago after he had stopped his automobile to give her a ride into town.

District Attorney Ralston P. Haun awaited arrival of a copy of her birth certificate from authorities in Somerville, Mass., her home town.

As the grand jury convened, police in Oakland, Calif., were looking for Mauritz Peterson to notify him of the action being taken against his youthful wife.

She said she last saw Peterson in Oakland last February. When she was arrested in San Angelo, Tex., she said she was a divorcee. Later she claimed she and Peterson were married in Nashua, N. H., Nov. 1, 1948, and that they had not obtained a divorce.

Senate Taking 7-Day Vacation

WASHINGTON, Sept. 1 (UP)—Ninety-six weary senators began a one-week "breather" today before plunging into a battle over the administration's reciprocal trade program.

With the House already on vacation until Sept. 21, the Senate called it quits until next Wednesday. Party leaders warned members not to be late getting back to the capitol.

Democratic Leader Scott W. Lucas, Ill., said he would hate to have so many late-comers next week that the Senate couldn't muster a quorum to do business. Republican Leader Kenneth S. Wherry agreed.

Texan On Atomic Commission Staff

WASHINGTON, Sept. 1 (UP)—The Atomic Energy Commission today announced the appointment of Dr. Paul E. Pearson as chief of its biology branch. He succeeds Dr. James H. Jensen, who has resigned. Pearson came to the commission March 1 from Texas A. & M. College.

Many Photographs In Hunt's Office

Among the many autographed pictures on the wall of James V. Hunt's office in Washington, is one of Senator Margaret Chase Smith, Republican from Maine, a member of the Senate Committee which is investigating Hunt and other alleged five percenters. Roger Q. White, Hunt's attorney, points to the picture of Senator Smith. (NEA Telephoto)

TRAFFIC STOPPER—Boston beauty Brik Tona took over as a traffic cop at Hampton Beach, N. H. She did the work so charmingly that the Hampton Beach Police Department made her an honorary chief. Here she shows what a well-dressed flat-foot wears for stopping traffic.

"HIGH TIDE"

Life-Termer May Get Out To Hear His Cantata Played First Time

MEMPHIS, Tenn., Sept. 1 (UP)—A life-term convict who composed a 75-page musical composition in his cell without the aid of a piano may get a few days of freedom so he can hear his work for the first time.

Frank M. Grandstaff, 47-year-old former piano salesman jailed for life under Tennessee's "habitual criminal" law, composed the 11-movement cantata mentally, tapping a pencil on his cell wall to get the time right.

He called it "Big Spring" after the Texas town of the same name a town he used to visit during his salesman days.

Big Spring is observing its centennial anniversary on Oct. 2, and the townspeople want Grandstaff to be there when his cantata is presented.

Gov. Allan Shivers of Texas wired Tennessee's Gov. Gordon Browning, asking for help in granting Big Spring's wish.

"All we want is for Tennessee to let Grandstaff out of prison long enough for him to go to Big Spring and hear a presentation of his cantata," the Texas governor wired. "We'll see that he gets back."

Browning, attending the American Legion convention in Philadelphia, was not immediately

Jailed Preacher On Fasting Spree

HOBART, Okla., Sept. 1 (UP)—Ernest Wesley Cain, a tall lay preacher jailed for child abandonment, today began his ninth day of fasting and said he had "no desire for food."

Sheriff Leon Jennings of Kiowa County emphasized that Cain, 45, was not on a "hunger strike."

He said the Holiness Pentecostal preacher, dressed in blue denim overalls, was just "fasting."

Jennings reported Cain had been offered three meals a day but refused to eat.

Cain said he was drinking about half as much water "as I usually do."

When asked how he expected to live without food, Cain answered: "God will take care of me."

The sheriff said his prisoner's health appeared good, but Cain added that he felt "fine."

He has read half of the New Testament since he was jailed for failing to pay \$10 monthly to the support of his child, Nina Mae, 14.

Cain was ordered to help support the child when he obtained his second divorce from his wife in 1945. His former wife since has remarried.

Are YOU Going Thru CHANGE of LIFE?

causing you to suffer from HOT FLUSHES?

Does the functional "middle-age" period peculiar to women (35-52 yrs.) make you suffer from hot flushes, feel so nervous, high-strung, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this!

Taken regularly—Pinkham's Compound helps build up resistance against such "middle-age" distress. It's what Doctors call a uterine sedative. It positively contains no opiates—no habit-forming drugs. Pinkham's Compound helps nature (you know what we mean).

It's also a great stomachic tonic! Any druggist.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

available for comment.

Grandstaff was sentenced in 1940 after having served terms for burglary and larceny in other states.

He began composing his hour-long cantata while in solitary for breaking a prison regulation. He has never heard it.

The Texas and Pacific Railroad had the music copyrighted for Grandstaff. Authorities said the composition is so nearly perfect that only three notes were off pitch.

About 65 per cent of all the feldspar mined in the U. S. comes from the Spruce Pine area of North Carolina.

Heart Disease Worst

SAN FRANCISCO (UP)—Statistics released by Dr. J. C. Geiger, city health director, showed heart disease accounted for 33 per cent of all deaths here last year. Cancer, No. 2 public enemy accounted for 17 per cent of San Francisco fatalities during the year.

Polaris, the Pole Star, is at a distance of 470 light years from the earth. (A light year is the distance a ray of light will travel in a year, approximately 6,000,000,000,000 miles.)

You Who Own Real Estate —

... and have never filed the deed at the County Clerk's Office should do so at once for your own protection and safety. Especially is this true if you bought tax titles at sheriff's sale after June 23, 1947. On and after that date the redemption period does not start until the filing of the deed and the former owner in any event has two years to exercise his right of redemption. Any kind of recordable instruments should be filed promptly.
