PRICE FIVE CENTS No. 47

Agenda Agreed On To End Fighting

WARNING ISSUED ON UN DUE OPTIMISM OF EARLY PEACE

By Earnest Hobercht
United Press Staff Correspondent
UN ADVANCE BASE BELOW KAESONG, Korea, July 26 (UP)—United Nations and Communist cease-fire negotiators agreed on an agenda today and immediately began formal talks to end the fighting in Korea.
Another meeting was scheduled for 10 a. m. tomorrow (8 p. m. today EDT) in Kaesong.
The advance UN headquarters announcement of an agreement on an armistice agenda cautioned against undue optimism over an early end to the war.
"It is much too early to predict either the success or the rate of progress to be obtained (in the negotiations)," the announcement said.

New Changes In Price Program

New developments in the price stabilization program have been announced by the Fort Worth District OPS.
Bottlers of 6 to 12 ounce size soft drinks have been authorized to raise their wholesale prices a maximum of 16 cents providing the resultant price does not exceed 96 cents for a case of 24 bottles. Retailers have been permitted to adjust their prices to reflect wholesale prices, said Ellis H. Boyd, district OPS director.

Other actions by the OPS, according to Boyd, enabled manufacturers to start pricing under the general manufacturers' order—CPR 22—and related regulations if they had complied with the terms of the regulations and announced new prices before July 1, otherwise they remain under the General Ceiling Price Regulation.
In a companion amendment to General Overriding Regulation 13 the OPS since July 23 has allowed apparel manufacturers to start pricing under the apparel manufacturers' regulation, CPR 45, Boyd said.

OPS also has tested supplementary regulations to the General Ceiling Price Regulation to permit local pick-up, delivery and transfer services and contract motor carriers other than common carriers to apply to OPS for adjustments in rates and charges in instances where increased operating costs warrant such increases.
This indicated that the delegations talked on the question of the demilitarized zone to be established between the opposing armies.
Prolonged debate was anticipated on this item. The UN wants the demarcation line fixed along the present fighting front, which extends 26 miles north of the 38th Parallel in the east.
The Communists, on the other hand, want the Allies to fall back across the 38th Parallel, pre-war frontier between South and Communist North Korea.
The Communists broke last week's stalemate on the agenda yesterday by removing their demand that the withdrawal of foreign troops from Korea be considered at the armistice talks.

In its place, they submitted a compromise proposal which was accepted today by Chief UN Negotiator Vice Admiral C. Turner Joy. Its details were not disclosed.

Communist newsmen in Kaesong predicted that it would take two to three weeks to work out an armistice, and an additional two weeks to put it into effect. Thus a cease-fire might not be reached until September.

Announcement of the agreement on an agenda followed one of the shortest meetings yet held in Kaesong—an hour and 15 minutes, including a 15-minute recess requested by the Communists.
As first business, Chief UN Delegate Vice Admiral C. Turner Joy apparently accepted the Communist compromise proposal on the question of withdrawing foreign troops from Korea.
Chief Communist Negotiator North Korean Gen. Nam Il originally had demanded that the withdrawal be placed on the cease-fire talks agenda as a condition of an armistice.
This the UN delegation refused to do. It contended the withdrawal was a political question which could be considered only as part of a general peace settlement.
Thursday's negotiating session began on schedule in Kaesong at 2 p. m. (Wednesday midnight EDT). The UN negotiating team arrived at the converted restaurant in which the talks are being held at 1:45 p. m. and the Chinese and North Korean delegates appeared 15 minutes later.
The session adjourned at 3:10 p. m. (1:16 a. m. EDT). The UN delegates landed by helicopter at their advance base 1/2 hour later.

"ROCKET AHEAD" With Oldsmobile Osborne Motor Company, Eastland

Ranger Given Setback By A Justice Of Peace

KEMAH, July 25 (UP)—Texas Rangers today were just about back where they started in their attempt to close down Gaiveston County.
Justice of the Peace Paul Labadie yesterday gave them an indirect slap when he reduced felony charges against three Kemah residents to misdemeanor complaints and fined them \$100 each.
Labadie ruled evidence of the Texas Rangers was "insufficient to sustain felony charges" after Ranger Eddie Oliver described how he and three other Rangers raided the Kemah Club July 18, and confiscated dice equipment they found on the tables.
As the result of that raid, the first felony gambling charges to be filed in Galveston County in 10 years were filed against V. E. Dickinson, who operates the club, and two employees, Russell F. Pruett and Harvey D. McCathon. Rangers listed them as the dice dealers in the game they broke-up with the raid.

Dickinson and Pruett were present when the cases were called and pleaded not guilty, but they did not testify. McCathon was not present, but Judge Labadie said he had seen him earlier in the day.
After the trial he sent Dickinson and Pruett to get McCathon, adding: "He may not have known we were going to hold court."
Eight other persons who were arrested in the raid were fined \$1 and cost on misdemeanor charges of gambling. None of those defendants was on hand.

Jules Danian, assistant district attorney of Galveston County, asked Labadie to "holdup the fines and send the papers direct to the grand jury," but the justice said he would not change his decision.
"As soon as I have docketed the case, I will send the papers to the grand jury," he said. "I do all cases that way anyhow."
The trial lasted 22 minutes, with but one interruption.

As Dickinson entered his not guilty plea, an unidentified man in the rear of the room said: "Joe Dickinson's fed more hungry people than anybody in Kemah."

Stockholders Of PCA Meet In Stephenville

According to Dick Wesson, Field Representative of Eastland County, the Production Credit Association will hold its 17th Annual Stockholders meeting in Stephenville on Monday, July 30, beginning at 9:45 a. m.
Between 1,000 and 1,500 people are expected to attend from the Erath, Hamilton, Comanche, Eastland, Parker, Hood, Somervell, Johnson, Tarrant and Wise counties, comprising the Association's territory.
This year, the Board of Directors has turned over the entire program to the stockholders who in turn have selected committees to be responsible for all of the activities. Election of directors, financial reports and general discussion of Association business will be included in the business session of the meeting. Immediately after the business session, the stockholders will go to the City Park where a barbecue dinner will be served.
Bewley's Chuck Wagon Gang and Ted Goudy and his Texo Hired Hands will be on hand to furnish part of the entertainment.

Notice

The F&R Oilers will play the Lingerville Soft Ball team here tonight at 8 p. m. at the soft ball field.
Billy Simpson will pitch and Walter Arterburn will catch. Everyone is invited to the game.

FLAG TRANSFER—When an "adopted" Texas tactical unit of the 5th AF, the 27th Escort Wing was replaced by a real, live Texas unit, the 136th Fighter Bomber Wing, the official flag was lowered only long enough for an official transfer, then hoisted back to its regal position. Taking part in the transfer are left to right, Col. Albert C. Prendergast, Dallas, Texas, 136th Wing Commander; Maj. Gen. Frank F. Everest, 5th AF Commander, and Col. Raymond F. Rudell, Buffalo, N. Y., 27th Wing Commander. (NEA Telephoto).

GOING TO COLLEGE? WHY NOT ATTEND THE BEST COLLEGE

Prospective college students will find a hearty welcome at Ranger Junior College when it opens its twenty-sixth college year September 4, 1951. Prospective students and parents of these students and business men in all phases of activity have found that there is no substitute for education. Ranger Junior College was established for a specific purpose—for preparing young men and young women for a useful life. It is located in an atmosphere conducive for wholesome college activities, for the college has taken into account, first, its students, as it has the highest type of student activities: Phi Theta Kappa, Masquers Club, International Relations Club, Delta Psi Omega, Foreign Language Club, Student Council, Rope and Spur Club, Band Council, the Debs for Women, Peregrinity for Men, all phases of sports, Speech Events, and Publications.
The College has a physical plant embracing the following buildings: administration, library, science, cafeteria, music studio, Men's dormitory, women's dormitory, and many housing units for married students. It has one of the most up to date student union buildings to be found on any college campus.
The faculty of Ranger Junior College is second to none and each department is equipped with the best facilities for teaching. The faculty carries out the aim that the hallmark of a real college is liberty of thought and action.
Taking this into consideration it has a very tender understanding of its students which helps the students do a higher type of college work. The music department of the College is headed by Fred Baumgardner. These music people appeared 96 times last year in various types of programs in many sections of the State, going as far south as San Antonio when the chorus appeared before the Texas Association of Colleges for a program at its annual meeting in March. These people are now making plans to make an extended trip to Old Mexico next spring. Mr. Baumgardner is assisted by Charles Kiker who is a pianist and organist of the highest type. Robert Gans, who played with the famous Hardin-Simmons Cowboy Band is also an assistant. Miss Peggy Patterson who is a music major from T.S.C.W. will be in the department. We ask the question of those who are interested in any phase of music if a better group of musicians, more cooperative, more sympathetic, and with a greater appreciation than these professors have, can be found in any college.

The College holds membership in the Texas Association of Colleges, American Association of Junior Colleges, Southern Association of Junior Colleges, Texas Association of Junior Colleges, Texas College Music Association, is approved by the Texas Education Agency, and is a member of the Pioneer Athletic Association.
Ranger Junior College won the Junior College State Athletic contest for 1951. It also was winner

\$23,076,900 For Highways

AUSTIN, July 26 (UP)—The largest highway maintenance appropriation in history of the Texas Highway Department—\$23,076,900 for the coming year—has been announced by the Highway Commission.
E. H. Thornton, Jr., of Galveston, commission chairman, said the appropriation will cover maintenance of 25,623 miles of State Highways, 12,691 miles of farm to market roads, and 26 miles of completed expressways in urban areas.
He said those associations are a purely American concept—the idea of people voluntarily joining together to single out one disease, whether polio, cancer or whatever it is, and giving their time and money to combat it.

ably enlarged capacity of their Ranger plant, moved in a maintenance crew of 20 and a district office force of five people. These employees have dependent upon them about 65 persons.
Mr. Howard Lackey of Waco, has recently started operations at the old Hagaman Rock crusher property with some good contracts with the State Highway Department and other concerns. This new business has brought to Ranger 15 employees with 48 dependents.
In January of this year Bill Williams of the American Aggregate Company began operations, and the demand for his product is far exceeding the supply to such an extent that now, as the problem of an adequate supply of gas has been solved, the capacity of the plant will in all probability be doubled within the next 12 months. In fact one block making plant is taking the entire output of his plant. At the present time they employ 21 persons with 63 dependents.
These three new concerns have brought a total of 60 employees who represent 196 people. Their

Light Fighting On Korean Front

8TH ARMY HEADQUARTERS Korea, July 26 (UP)—United Nations forces beat off two Communist probing attacks and ambushed a Red patrol on the central front today.
Ground activity continued to be on a minor scale, however, and an 8th Army spokesman said UN casualties in the past 24 hours were the lightest in more than a week.
The Reds launched their probing attacks west of Chwon, at the southwest corner of the old Communist "Iron Triangle," but failed to dent the Allied line.
At the same time, UN units ambushed a Communist patrol in the pre-dawn darkness west of Kumhwa, former southeast anchor of the triangle. Four Red soldiers were killed and the remainder fled.
Another enemy group was dispersed after a two-hour fight in the same area.

A UN task force Wednesday bulldozed through a heavy mortar barrage above Korangpo on the western front and drove defending Communists off high ground in an hour and a half fight.
A reinforced Communist battalion at the same time attacked west of Kumhwa behind a heavy mortar and artillery barrage, but Allied artillery scattered the enemy.
UN and Communist patrols exchanged small arms fire Wednesday just east of the cease-fire conference city of Kaesong.
UN war planes flew 65 sorties Wednesday against Communist supply dumps, marshalling yards and airfields to disrupt any Communist preparations for a surprise attack.

O'Connor came here yesterday to explain why the National Foundation for Infantile Paralysis will not join the United Fund Drive planned here this fall.
The National Health Association, he believes, are no more fund-raising groups than churches are, although both have to raise money to carry out their objectives.

UT Regents Are Not Interested

PARIS, July 26 (UP)—State Sen. A. M. Aikin of Paris believed the University of Texas Board of Regents should be "interested" in finding out if any Communists are members of the school's faculty.
In an address before the Lamar County Junior Chamber of Commerce yesterday, Aikin, co-author of the Gilmer-Aikin educational reform laws in Texas, criticized attitude of the Regents toward the loyalty oath.
"It seems to me the board should be just as interested in finding out if we have any of these fellows on the staff of the University as is the Legislature," Aikin said.
The Regents recently asked Attorney General Price Daniel to rule on constitutionality of the loyalty oath, which went through as a rider on an appropriations bill.
The law requires all state employees to swear they are not now, and have not been during the past 10 years, belonged to the Communist Party or to any organization labeled by the Attorney General as subversive.
Aikin pointed out that no protest on the oath came from administrators of two other state schools, Texas A&M and Texas Tech.
The Senator deplored what he called a lack of "immediate and wholehearted action" by the University Regents in support of the loyalty measure.

Airman Dies In Veteran's Hosp.

HOUSTON, July 26 (UP)—M-Sgt. John N. Lawson, 41-year-old Ellington Air Force Base airman, died late yesterday in the Veterans Administration Hospital from injuries suffered Saturday in a traffic accident.
Lawson's skull was fractured when he lost control of his car on the Doddville Road near Seabrook, and it turned over twice. His wife and baby were with him, but escaped with minor injuries.
The sergeant was a native of Stoneham, Mass.

Dr. Boswell Will Speak From Graham Station

It was announced today that Dr. G. C. Boswell, President of Ranger Junior College will be a guest speaker of the Graham Station (1330) at 11:15 a. m. Friday.
Dr. Boswell will discuss the college, what it has to offer the students attending here, and other points of interest at the college.

The Senator deplored what he called a lack of "immediate and wholehearted action" by the University Regents in support of the loyalty measure.

Auto-Truck Crash Injures Two

DALLAS, July 26 (UP)—An auto rammed the rear of a truck trailer in west Dallas early today, seriously injuring both occupants of the car.
Police said Jesse L. Hill, 28, and Virginia Katherine Armer, 31, both of Dallas, were in a 1950 Hudson when it rammed the truck, which had stopped at a traffic signal light on Fort Worth Avenue.
Hill suffered a leg fracture and head lacerations. Miss Armer suffered a fracture of the right leg, a deep face puncture and possible internal injuries.
Attendees at Methodist Hospital said both were in "fair" condition.

Seabees Hold National Meet

FORT WORTH, July 26 (UP)—The 73rd Seabees Association's National Convention opens in Ft. Worth tomorrow with 35 to 40 states expected to be represented.
The members served in the 73rd Naval Construction Battalion in the Pacific during World War II.
The convention ends Saturday with election of officers.

\$215,000 To County Citizens Under 1951 SS

Eastland County residents will receive more than \$215,000 in retirement and death payments under the Old-Age and Survivors insurance system during 1951, according to an estimate made by Ralph T. Fisher, manager of the Abilene office of the Social Security Administration.
During the month of February the monthly checks for 574 persons in the county totaled \$17,729. At that rate the total for the year would be \$212,748. Additional persons are becoming eligible each month, however, so the actual 1951 payments will be considerably above this figure.
For the 16 county area served by the Abilene office, payments in February went to 3557 persons and totaled \$104,312. Total for the year figured at this rate would be just over one and one quarter million dollars. Fisher estimates, however, that the annual total for the Abilene area will be one and one half million dollars when the regular increases and the lump sum payments are considered.

Long's Nephew Dies In Austin

Mrs. P. C. Long, of 218 South Austin, received word today of the death of her nephew, George Weldon Cunningham.
Cunningham died in Austin, after a short illness. He was thirty-five years old and was a band instructor in the San Angelo Schools. He was attending the State University at the time of his death.
Cunningham received his degree from Hardin-Simmons University and then entered the service of his country. He served overseas during World War II. After returning from the service he received his M.A. degree in Chicago.
He leaves his wife and three small sons.
Other survivors include his father and mother, Mr. and Mrs. George Cunningham of Abilene, and three sisters, Mrs. Hoyt Conine, Midland; Mrs. Charlie Black of Houston, and Mrs. Vernon Richardson of Tulsa, Okla. Also he is survived by one nephew, Jim Conine, Midland.
The funeral services will be conducted in San Angelo Friday. Mrs. Long will be unable to attend because of illness.

State Will Be Represented

AUSTIN, July 26 (UP)—Adjutant General K. L. Berry and Secretary of State John Ben Shepperd will represent the state government at the funeral of Sgt. Travis Watkins, only Texas Congressional Medal of Honor winner in the Korean War. Next Monday at Gladewater.
Gov. Allan Shivers delegated the two officials to represent the state at the rites.

Narrow Perch

Milton Samlof, 26, perched on the roof of his home, nude and chained to part of a bed he ripped apart before he climbed to the roof, remained there for half an hour threatening to jump before police captured him and took him to a hospital for questioning. He told police his parents had chained him to the bed for six days because he "had bad thoughts." (NEA Telephoto).

Bradley Coach Under Fire By Sports Writer

PEORIA, Ill., July 26 (UP)—Forrest Anderson, Bradley University Basketball Coach, today declined comment on the suggestion of a Fort Worth Sports Columnist that he withdraw from the lecture staff of the Texas High School Coaches Association, which opens its annual coaching school Monday at San Antonio.

Worth Star-Telegram wrote that if Anderson "doesn't" withdraw voluntarily the association should cancel his part of the program, pay him off and excuse him, if necessary.

Anderson said there had been no change in his plans to appear so far as he knows.

Hall wrote that while Anderson took no part in any point "fixes" by his players, he "failed in the first principle of coaching when he didn't influence his players away from selling out."

Rudolph Halley, former Senate Crime Investigation Committee counsel, "We must make it possible for a man with a 9 to 5 job to take more part in local politics."

Legion Chief Plans To Stay

EDITOR'S NOTE: The assassination of King Abdullah of Jordan shocked—and provided a source of possible danger—to his close friend and military adviser, the almost legendary Maj. Gen. John Bagot Glubb Pasha, British commander of Jordan's Arab legion. Glubb seldom gives interviews but he spoke freely in the following dispatch to a veteran United Press Correspondent in the Middle East who covered the legion's activities during the Palestine war.

By SAM SOUKI
United Press Staff Correspondent
AMMAN, JORDAN, July 26

(UP)—Maj. Gen. Bagot Glubb Pasha sipped a cup of bitter Arab coffee and spoke huskily about his affection for the late king Abdullah of Jordan.

He was visibly affected by Abdullah's assassination in old Jerusalem last Friday. But the slight, blue-eyed Briton said he had no intention of resigning as Commander of Jordan's Arab Legion because of the tragedy—no matter what lies ahead.

(Recent unconfirmed Middle East dispatches said an attempt had been made on Glubb's life a few weeks before Abdullah was assassinated.)

"Although I served Abdullah for 21 years and felt I lost a personal friend, I also feel my greatest obligations is towards the entire Hashemite family," Glubb said.

"Before coming here, I served under Feisal of Iraq for 10 years—so today I feel my obligations are greater than ever before. I have no intention of retiring."

The 54-year-old commander, whom the Arabs call affectionately "Father of the Little Jaw," pledged to serve under Abdullah's successors with the same devotion "unless they dispense with my services."

Quiet, unimpressive Glubb received his Arab nickname because of World War I injuries while serving with the British Army in France. Thrice-wounded he was shot through the jaw in one encounter. Surgeons were forced to remove part of his jaw bone.

June Bride Has New Troubles

The June bride, so recently concerned with getting her man, is now returning from her honeymoon with concern of a different sort; how best, through all the years ahead, to keep him.

Understanding sympathy and kindness play an important part in continuing compatibility, but of equal importance is the degree to which a house or an apartment can be made a Home, Sweet Home, instead of merely living quarters.

A recent survey shows that the so-called average bride chalks up a bill of \$1,750 to set up her home, and knowing that the shortest cut to a man's heart is through his stomach, she concentrates a good share of this sum in the kitchen and diningroom.

Any husband will be tolerant, at least for awhile, of imperfections in such specialized fields as baking and roasting, but as the blushing bride if she serves him a poor cup of coffee, he feels, and rightly so, that while his wife can't immediately measure up to "mom's cooking," she certainly should be able to serve a good cup of coffee.

Since many of today's brides are apt to have been working girls right up to the date of the wedding, even in so simple a department as coffee brewing, she takes heed, young madam; here's a checklist of general recommendations for winning the everlasting approval of that Coffee-Loving Lovable Guy.

First, keep your coffee maker immaculately clean by washing it thoroughly after each use and rinsing with clear hot water. Always scald it before using.

Measure coffee and water ac-

curately to guarantee consistency of flavor. Use one National Coffee Association standard measure of coffee—or its equivalent of two level tablespoons—to each six ounces of water (3-4 of a standard measuring cup). For best results, start with freshly drawn cold water, brew at full capacity of your coffee maker, and serve as soon as possible. Coffee that has been allowed to cool can't be reheated without loss of flavor, and boiling it imparts a bitter taste; so hold it at serving temperature by placing the pot in a pan of hot water or over a low heat on an asbestos pad.

Never allow cloth filters to become dry and never wash them with soap or chemical cleaners. Keep the filter clean and sweet by immersing it in cold water and leaving it there until needed again.

A delicious cup of coffee, a good-morning kiss, and a sunny smile—the combination is guaranteed to lend special enchantment to the crucial breakfast hour that sets the tenor of each day.

Ft. Worth Has Traffic Death

HOUSTON, July 26 (UP)—Arvil Thomas, 34, of Fort Worth, died yesterday of a head injury he suffered in a traffic accident at Willis Sunday.

A truck driver for the Trinity Lumber Company, Thomas had gone to Willis for a load of lumber. He was backing into a driveway when an automobile struck his truck, tossing him to the pavement.

His wife, Vera, 38, escaped with minor head cuts.

Slammin Sam In St. Paul Open

ST. PAUL, Minn., July 26 (UP)—Jim Ferrier and Lloyd Mangrum renewed their fight for top-money winning honors among professional golfers in the \$15,500 St. Paul Open today.

Ferrier, defending champion in the tournament, teed off for the first 18 holes just \$97 ahead of

Mangrum in the 1951 money winning race. He already has pocketed \$16,795 prize money this year.

But the favorite of the fans—the golfers themselves—was Slammin' Sammy Snead, the erratic putter from West Virginia who holds the PGA title. Fans and players alike figured that whoever could beat Snead would win the \$2,500 first prize.

The Pacific Ocean extends farther east than New York State.

hit 'n miss

According to Wes Poyner all you must do to become a member of the Jaycees, is; desert your wife, home, family, and quit your job to devote all your time to the Junior Chamber of Commerce. There may be more truth than fiction in that, when the Jaycees go to work on a project they spare no effort.

New York City better bask in the glory while they are able. From the semiannual report released by the Chamber of Commerce, Ranger will be running their tight race in the next few years.

Ranger Junior College under the direction of Dr. Boswell, is getting prepared for the forthcoming year by adding more members to the staff. The college has gone a long way since it was moved from the High School building.

Yesterday's rain amounted to 31 of an inch. Tuesday, Oiden was reported to have gotten 1.3 inches. That is quite some difference in rain in a four mile area.

The cotton crop for this area this year was estimated at 1500 bales. If that holds true it will be 1300 more than was baled last year. The increase will be due to the acreage control lifted by the government.

The only trouble reported by the police was some lady calling in regard to ten visitors in her yard that she wanted removed. The visitors were ten cows that had dropped in for a light stack.

Eastland Doesn't have a rodeo, but they are having a Horned Toad Derby that is getting nationwide publicity. There are over one hundred entries in the Derby now. "Old Rip" the famous horned toad of the Eastland County Courthouse was the instigator of the race.

Ranger fishermen should push a movement to bluestone the Ranger lake. From all the fish stories that were coming from Eastland after they had put bluestone in their lake, that is just what we need to make the fish bite here.

Okla. Badman Is Coming Home

MUNICH GERMANY, July 26 (UP)—Homer Cook, 28-year-old former GI who broke jail three times for the sake of his sweet-heart, will be returned to the United States Friday, it was announced today.

The announcement was made by the Munich military post's public information officer as Cook met reporters in the office of the U. S. provost marshal, Lt. Col. Arthur T. Kirby.

The husky former boxer from Muskogee, Okla., said the Oklahoma State Treasurer had written that he would pay passage back to the U.S. for Cook and his German bride, the former Annie Sporer.

Cook got to Germany by stowing away on a ship from Brooklyn. He was released from prison two days ago and ordered expelled from Germany.

Columnist Carey Williams: "Acheson is as hard to get of as a summer cold."

Strictly QT

FORT WORTH, July 25 (UP)—A 51-year-old west Texas cattleman, the victim of an attack and attempted robbery after a round of night clubbing, wanted no publicity about the incident today.

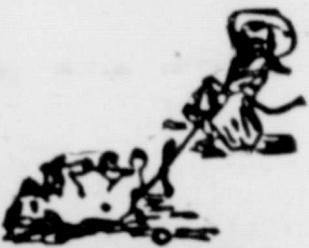

The reason: He was showing his secretary the sights in Ft. Worth and would just as soon the folks back home didn't know about it.

New "Wetback" Storage Needed

WASHINGTON, July 26 (UP)—Another detention center at Brownsville, Tex., for handling illegal Mexican immigrants, has been requested of Congress by the Justice Department.

In a letter to House Speaker Sam Rayburn, Deputy Attorney General Peyton Ford said "tens of thousands" more wetbacks are expected to enter the Southwestern States soon.

He asked Congress to authorize a detention center at Brownsville and several places in California.

Ford said an estimated 50,000 illegal aliens entered the United States last year and "beginning this month illegal entries will increase by tens of thousands."

IOCC To Meet

AUSTIN, July 26 (UP)—Summer meeting of the Interstate Oil Compact Commission will be held

in Fort Worth Sept. 10-11, Gov. Allan Shivers announced yesterday.

Prospective College Students

There's No Substitute For Education

Ranger Junior College

Fully Accredited

Ranger Junior College opens its twenty-sixth annual college year September 4, 1951. Ranger Junior College is a member of the Texas Association of Colleges, the American Association of Junior Colleges, the Southern Association of Junior Colleges, and is approved by the State Education Agency. It is a member of the Pioneer Athletic Association and Texas College Music Association.

Ranger Junior College is a college with a purpose, preparing young men and young women for a useful life. It is located in an atmosphere conducive for wholesome college activities. It is a college with a physical plant embracing the following buildings: administration, library, science, cafeteria, music studio, men's dormitory, women's dormitory, and many housing units for married students. It has one of the most up to date student union buildings to be found anywhere. It is a college with a faculty second to none, and each department equipped with the best physical facilities for teaching.

Ranger Junior College has taken in consideration, first its students, for it has high type student activities: Phi Theta Kappa, Student Council, Masquers Club, International Relations Club, Delta Psi Omega, Foreign Language Club, Rope and Spur Club, Band Council, the Debs for Women, Peregrinity Club for Men, Sports, Speech Events, and Publications.

Ranger Junior College has a most outstanding music department. It is headed up by Fred Baumgardner who is "tops" in the music field. The college feels fortunate to have Charles

Kiker, who is one of the best musicians in the South. Robert Gans, who has played in the famous Hardin-Simmons University Cowboy Band will assist Fred Baumgardner and Charles Kiker. Also there will be another teacher for the department.

We ask students who are interested in any phase of music if they can find a better group of musicians, more cooperative, more sympathetic, and with a greater music appreciation than these professors.

The college offers the following semester hour courses. Each prospective college student is asked to compare these courses with other municipal junior colleges.

Chemistry 14, Physics 8, Biology 6, Zoology 8, Math 36, Mechanical Drawing and Descriptive Geometry 6, Social Science 24, Speech 18, English 24, Education 25, Business Administration 44, Office Machines 19, Music 24, Chorus 12, Band 12, Violin 12, Foreign Language 12, Journalism 12, Psychology 12, Agriculture 12, a new course in Photography will be offered and many other courses in different fields; in addition to the above courses many technical and vocational courses.

Ranger Junior College Won the Junior College State Athletic Contest in Denton last May. Also it was winner in both singles and doubles in Tennis.

Ranger Makes —

(Continued From Page 1)
tioned in or near Ranger. This company has by far the largest payroll in Ranger.

The 65 employees of the Premier Oil Refining Company and their dependents comprise 205 persons. This company is one of the largest purchasers of crude oil in this section, buying 320,000 barrels of oil per month. Figured at \$2.65 per barrel this represents an outlay of approximately \$850,000 per month, or \$11,375,000 per year. Much of this money of course, goes to land and royalty owners in this immediate section.

The Gulf Pipe Line Company has 29 employees, with a total of 116 dependents, and we understand that the company plans an expansion program here in the future.

The Ranger Peanut Company has in season 28 employees, with about 100 dependents. Last season this company bought 3,000 tons of peanuts and expects to buy more this year. All these

peanuts are grown by farmers in the area surrounding Ranger and much of this money is spent with local merchants.

The 12 employees of the Sinclair Pipe Line Company represent about 40 persons.

These five industries, which are well established and have been here for some years, have on their payroll a total of 310 people with a total of 1024 dependents. Total monthly payroll is \$95,800, and total annual payroll of \$1,149,600.

There are other concerns in Ranger with large payrolls, but we have only picked out a few to prove our point. For instance employees of two railroads, the T.P. Coal & Oil Company, the mercantile establishments, the cafes, hotels, filling stations, automobile agencies and garages and city employees, are not included in these figures.

Too many of us take our school system for granted from a commercial standpoint, not realizing the importance to our economy of these institutions. Besides being the main force in educating and

building citizenship, with the possible exception of our churches, they represent a large part of our economy. There are 73 people on the payroll of the Ranger Independent School District, which includes both the College and public school system, and these 73 people represent some 250 dependents. The combined payroll of these institutions is approximately \$19,500 per month.

A recapitulation of the figures pertaining to all the institutions I have mentioned show a total of 383 employees who represent 1220 people. A total monthly payroll of \$115,300, and an annual payroll of \$1,383,600.

We have considerably more electric meters now than we had on January 1st, and approximately 100 more telephones are in use than were in use at that time.

A majority of us would be agreeably surprised if we had statistics and figures regarding the number of people from a wide area in this section who come to Ranger to take advantage of its clinical and hospital facilities. Ranger occupies a unique

position in that it has two very modern hospitals and a corps of doctors which includes specialists in almost every branch of the medical profession. A town with adequate hospital facilities never wants for good doctors. In the past six months we have had two young doctors join clinics already established in Ranger. At present our hospitals can accommodate approximately 65 patients, and we have in addition, three medical clinics composed of six outstanding doctors, a dental clinic and an optometrist. These facilities are worthy of a city two or three times the size of Ranger. We can be justifiably proud of our superiority in this most important field.

I believe that these statistics will show you that Ranger is more than holding her own, and probably doing better than the average town in this section, and I feel that all of us should be proud of the progress we are making, and rededicate ourselves to the task for continuing progress by accepting our part of civic responsibilities and doing our job if and when we are asked to help on some particular project.

If our business gets dull for a few days we are inclined to take a pessimistic view of the general conditions, and some of us even think the town is slipping fast. But we have only to look at the overall picture of a few months, and by comparison, we will find that we certainly have a stable condition here which will compare favorably with many towns of more than twice our population.

It is true that there is plenty room for improvement, but by the coordinated efforts of our citizens this will come. In the last analysis the town is composed of individuals, and it is what the individual is doing to help his town that counts. I don't mean in a financial way but in self service. Do you act on the committee you are appointed on by the organization to which you belong, or do you just say "I am too busy, let the other members of the committee handle it?"

A town has to be pushed just as you have to push your own business, or it will slip as your business will slip if you neglect it.

Who is to boost your town except its citizens? You are the town and your individual efforts will be reflected in the advancement or retarding of its progress. Therefore, it behooves all of us who live in Ranger to pull together and forget petty prejudices, if any, and when you are given a civic assignment of any nature make up your mind to get the job done or ask to be relieved of the assignment in order that someone can be appointed on the committee who will act. You

can't live by yourself. You are dependent on us the same as we are on you.

I ask you business men to not wait until some progressive competition comes in and awakens you to the fact that your store front is badly in need of modernizing, or the interior of your building has almost become an eye sore. Let's improve our places of business, our service to the public and you, as well as I, know that it will pay off.

Mysterious lights appearing nightly on Brown Mountain in North Carolina never have been satisfactorily explained.

Baileys Receive An Unusual Gift

Mr. and Mrs. W. M. Bailey of the Modern Courts received an unusual gift Wednesday.

Mrs. Virginia Small of Miami Florida sent the Baileys a coconut that was growing. Several weeks back Mr. and Mrs. Small were guests at the Modern Courts and were talking about the coconuts in Florida and they said when they got home, they would send one.

Mr. Bailey was wondering what to do with it, he did not know how to go about setting it out. The coconut had a sprout about twelve inches high on it with about eight leaves. The original old hull was still around the nut.

Luncheon Wednesday Julia Alexander Grove

The Julia Alexander Grove No. 1984 of the Woodmen Circle met with Mrs. W. C. McDonough Wednesday at noon for a covered dish luncheon.

The following members were present: Mrs. F. C. Williamson, Mrs. Laura Melton, Mrs. Ruby Greer, Mrs. Beadie Harris, Mrs. Eula Blackwell, Mrs. Lee Graham, Mrs. Lulu Williams, Mrs. Sadie Strong, Mrs. Gussie Tankersley and one visitor, Mrs. Joe Bussey.

The regular meeting will be at the hall Wednesday, August 1.

Personals

Mr. and Mrs. Felton P. Brasher, Sr., have had in their home for the past six weeks their niece and nephew, Charlette and Charles Clark of New Mexico. Mr. and Mrs. Brasher are going to take them home tomorrow.

It was reported today that Happy Harrison who is in the Pennsylvania Avenue Hospital at Ft. Worth is doing as well as could be expected. He has not undergone surgery yet, because all of the tests have not been finished. As far as can be determined at the present, his condition maybe some better than was expected.

Mr. and Mrs. Pete Brashier, Alex and Tommy returned home last night from their vacation. They visited Mrs. Brashier's mother, Mrs. Alex Hudgins at Hungerford, Texas, and Alex and Tommy stayed with her while Mr. and Mrs. Brashier visited in Houston. They spent the week end at the Shamrock Hotel in Houston. They report a "fine" trip.

Mrs. Brice Elizabeth Walker received an award through the mail this morning for her completion of a jingle in the Proctor & Gambell jingle contest conducted recently.

Mrs. H. C. Martin of Refugio, Texas, and Mrs. Luke Hunt of Kosse, Texas, are here in the home of their brother and family Mr. and Mrs. J. D. Faircloth, to be at the bedside of their father Jeff Faircloth, who is 90 years old and very ill.

Mr. and Mrs. E. I. Martin are in Fort Worth this week making preparation for the opening of their new store there. Their store that was in Eastland is being moved to Fort Worth.

Mrs. W. D. Evans had as her guests Sunday her son, Rev. and Mrs. Jack Redford and children Charlette Ann and Kenneth. Rev. Evans is a student at the Southwestern Theological Seminary of Fort Worth and is pastor of the Bethel Baptist Church in Graham.

Detroit man, explaining why he burned down his home: "I didn't like the neighborhood."

E. J. CARTER HONORED ON 89TH BIRTHDAY

Mr. Z. J. Carter was surprised Sunday when he arrived at the Eastland park to find all of his children, and most all of his grandchildren there to celebrate his 89th birthday.

The birthday party had been arranged and all of his relatives were present except one grandson and his family, James A. Hart, Jr., of Snyder, whose family was away visiting their relatives in England.

Mr. Carter was presented with

a beautiful birthday cake with 89 candles on it and many gifts.

The following children and their families were present: Luke A. Carter, and E. H. Carter, Eastland; J. C. Carter, Ranger; Mrs. Eula Hart, Rt. 1, Ranger; Mrs. Virginia Vandiver, Dallas.

There were about forty relatives present and some old friends from DeLeon, Mr. and Mrs. Grover Gilbreath and T. J. Gilbreath.

The group enjoyed swimming, games of dominoes and canasta and "just visiting together."

Bible Study Held Monday Afternoon

The Ladies of the First Christian Church met Monday afternoon at 3 o'clock for their weekly Bible study.

Mrs. R. G. Pirkle was the leader for the meeting. Those attending were Mrs. Susie Crider, Mrs. E. A. Jones, Mrs. Lowe Wallace, Mrs. E. T. Matthews, Mrs. B. H. Clifton, Mrs. Lynn Robbins, Mrs. F. M. Moffett, Mrs. Pirkle and Mary and Melody Robbins.

"This is my Property— . . . and I can prove it" was an announcement displayed on a signboard placed in front of a farm home which all motorists could see as they passed that way. As we read the words we wondered why it was necessary to have such a notice anyway. If this man really owned the place and could prove it, he had a good title, probably a title policy, both based on an abstract. No other proof or notice would be necessary.
