

SEEN OR HEARD

Coach Cooper Robbins at Breckenridge says his team, state champs in their class, is making the poorest showing in spring training he has seen in his coaching.

The Breckenridge grid motor stated that there is nothing more fatal than its realization. Which was his way of saying the team was laying down on the job after taking the state title last year.

We don't know what the Bulldogs would do after they won a state title, we haven't gotten that far yet. But after winning district for three years—they come back and try harder every year to get through bi-district. This year will be their fourth attempt to win the district and go in the state competition, we think they will do better his coming season than they have in the past.

Our reasoning is based on the increase in weight and depth in this line, and possibilities in the backfield.

Coach Sam Allen says every time he gets a good line that Coach "Stubby" Warden comes along and robs him to build a backfield. That may be the case again this year.

The J-Cees are planning on eating fish this Friday evening at Dr. Kuykendall's Lazy K Ranch. J-Cee Chief Charles Milliken turned printer yesterday afternoon and mailed out some cards to notify the members of the big fish eating to be held.

Charlie would admit having caught the fish that are to be consumed, nor would he say that they were being bought, or donated—just that they would have fish Friday evening. There was something else on the card about bringing your wife, along with an exception to that invitation. Charlie, not being married, can make a statement such as "the one on the card."

There was also mention made of music to be furnished. The number of pieces in the band is extremely large for an affair of that kind. Charlie said on the card that the hillbilly band would be 11 pieces. Also mentioned was a "horse." The combined membership of the J-Cees are surely not going to ride on horse?

We sure that they'll eat fish.

Haven't heard much about naming the lake, lately. Maybe the water board is waiting until they know something more definite than they do now.

We have heard a few suggestions, but nothing can be done about them until the board disposes of problems confronting them at this time. Which, we hope, will be soon.

The farther we go into this lake proposition the more they learn about what it will take to complete our plans.

As often as they are meeting, and as hard as they are working, something will break loose within the near future.

Is our face red?—In the story yesterday about the water district hearing at Austin, we said that G. A. Fox had written a letter of protest to the granting of the rights.

Today we found out that J. A. Fox was the originator of that protest.

The other Mr. Fox is a candidate for county clerk. He told us this morning he wholeheartedly approved the water plan, and that he used his car to haul three loads of voters to the polls during the election.

We hope that George Fox will accept our apology for that blunder. And furthermore that he lose no support or votes due to our misprint.

FBI Arrests 2 Bank Robbery Suspects Today

CHICAGO, May 14 (UP)—The FBI has arrested two men in a Chicago hotel on charges of complicity in the \$18,000 robbery of a Medford, Mass., bank.

The two men, Theodore Green and Frank Murray, were taken into custody on a complaint issued by the Federal Commissioner at Boston.

Earlier today another man, Francis Smith, was arrested in Boston on charges of participating in the Medford robbery March 7th.

The FBI said Smith is a licensed flight manager in Massachusetts, New Jersey and New York.

A fourth man is being held in Boston in connection with the same crime.

UN-RETOUCHED—First un-retouched photos of America's newest global superbombers, the Boeing B-52 Stratofortress, top, and the Convair YB-60, bottom. The B-52, taking off on a test flight, like its predecessor, the famed B-29 Superfortress of World War II, was ordered into production prior to completion of test flights. Overhead view of the YB-60 gives some indication of degree of sweepback of the wings. Convair, builder of the sky giant, was authorized by the Air Force to disclose the wingspan of the bomber is 206 feet, length 171 feet, and heights from ground to top of tail, 50 feet. The new plane is 9 feet longer and 3 feet 3 inches higher than the B-36, largest airplane now operating in the Air Force. (NEA Telephoto)

High Winds Are Forming; Rain May Be Result

High wind, have begun forming over Texas and weather forecasters say showers likely will follow.

The wind was hitting 40 miles an hour in gusts in West Texas and is expected to start kicking up dust.

A low pressure system along the eastern side of the Rocky Mountains drifted eastward, and forecasters say it may bring widely scattered showers in the Panhandle along Red River and in the northern part of the south plains to night and tomorrow.

In the last 24 hours the gully rain reported was 20-hundredths of an inch at Marfa. The temperature rose to 104 degrees at Presidio yesterday, making that the hottest place in the state. The lowest maximum temperature yesterday was 77 at Galveston.

Lowes during the night ranged from Galveston's 70 to Dalhart's 52. The majority of overnight readings was in the 60's.

Other lows during the night included: Abilene 68, Austin 63, Dallas 66, Waco 64, Texarkana 60, Wink 61, Junction 60, Tyler 60, San Angelo 65, Corpus Christi 65, Big Spring 65, Lubbock 58, Amarillo 59, Houston 61 and San Antonio 62.

Race Is On To Save Passengers Aboard Schooner

SAN FRANCISCO, May 14 (UP)—A race against time, with 10 lives at stake, is going on off the San Francisco coast.

The schooner "Eclipse" reported she was sinking fast in heavy seas about 30 miles from the Golden Gate.

A Coast Guard rescue plane hovering over the schooner reports the vessel is in fair condition and does not appear to be sinking at the moment. Coast Guard rescue boat was approaching the schooner rapidly at the last report.

The Eclipse, believed to be on a six-month pleasure cruise, is skippered by Capt. Harry Harrell, formerly of Seattle. Harrell served 12 years as a Navy officer and his nine passengers are all amateur sailors.

Duval County Grand Jury To Report Friday

SAN DIEGO, May 14 (UP)—A Duval County grand jury investigating voting irregularities in the county has adjourned after questioning 10 volunteer witnesses.

The jury completed in two days its inquiry into the voting empire of Sheriff George B. Parr, the county's political boss. And district judge Sam Reams, a bitter political opponent of Parr's—will hear the jury's report Friday.

Two of the voluntary witnesses included Texas Ranger Joe Bridges who had been assigned with another Ranger, Charlie E. Miller, to guard the jury against threats and intimidations.

Judge Reams had charged the jury Monday to look into the alleged voting irregularities. But yesterday when the judge notified Reams that it ready to report, Reams said he would be "tied up" for the next three days and to make the report Friday. He is holding court in Alice.

All 50 Aboard Crashed Liner Reported Dead

By United Press
A team of Brazilian parachutists has been dropped at the scene of a Pan American plane crash in the wilds of central Brazil.

It reports no survivors. Fifty persons were aboard the stratosphere when it plunged into the dense jungle two weeks ago. The luxury airliner was flying from Buenos Aires to New York when it disappeared on April 29th.

Jerry Beck Is Promoted First Class Airman

Airman Second Class Jerry Beck, son of Mr. and Mrs. C. E. Beck of Rt. 2, has been promoted to Airman First Class (Sergeant) at Rhine Main Air Force Base, Germany.

Beck has been in the Air Force about 15 months, ten of which has been in Germany.

FSA Bars Use Of Softeners Used In Some Breads

WASHINGTON, May 14 (UP)—The government has barred the use of chemical "softeners" which make bread appear fresh for several days.

Federal Security Administrator Oscar Ewing barred the softeners in new standards he issue for five leading varieties of bread. Ewing says he banned the softeners because the chemicals have not been adequately tested for safety.

The new standards apply only to bread shipped in interstate commerce. But they are expected to have a wide influence on bread produced and sold locally. The regulations become effective August 30th.

A spokesman for the American Bakers' Association says bakers generally agree with the standards and co-operated fully in preparing the new rules.

However, a spokesman for the comparative league of the United States criticizes Ewing for failing to require the listing ingredients on the wrappers of all types of bread.

The five types of bread from which the chemical softeners are banned are white, enriched, milk, raisin and whole wheat.

Clark Confers With Generals Of Koje Prison

TOKYO, May 14 (UP)—Two one-star generals walked into the office of the United Nations Supreme Headquarters in Tokyo today. The door closed. And for more than one hour they talked and listened to the UN Command and General Mark Clark.

Officials refused to reveal what was said in the conference but it's reported Clark gave the generals an old fashioned Army tongue lashing for their part in the Koje Island incident last week.

Clark is said to have demanded explanations from Brigadier General Francis Dwyer, who was seized by the Red prisoners, and from Brigadier General Charles Colson, who reached agreement with the Reds for Dwyer's release.

The wording of Colson's agreement has been used as grist for the Communist propaganda mill, both a Panmunjom and through Red news outlets.

Taft Wins 15 Delegates In West Virginia

Senator Taft is 15 delegates closer to the Republican presidential nomination today. The result of the West Virginia primary.

The senator scored a double victory. He defeated Harold Stassen in the state's popularity contest, and beat Eisenhower for all but 1 of West Virginia's 16 convention delegates. Eisenhower got the remaining delegate.

Latest returns give Taft some 55,000 votes to Stassen's 15,000 in the preferential contest.

Counting 15 in West Virginia, the senator now has 263 G-O-P convention delegates. Eisenhower has 320 and Stassen 22. A candidate needs 604 at the convention to win the nomination.

West Virginia Democrats elected 28 delegates with a total of 20 convention votes. Most of them will be unpledged, but at least one is committed to Senator Estes Kefauver. The state did not hold a Democratic presidential preference race.

OTHER POLITICS

Democrats in Vermont and North Dakota are meeting today to choose their delegates to the national convention in Chicago.

All of the 16 delegates chosen at the state's convention at St. Albans, Vermont, are expected to be unpledged.

Democrats meeting at Minot, North Dakota, will pick 16 delegates. It appears that about 50 per cent of these is in the running for delegate spots are noncommittal, while many of the others seem to favor Senator Robert Kerr of Oklahoma.

San Antonio Police Squad Shakeup Due

SAN ANTONIO, May 14 (UP)—The San Antonio Police Department may have a shakeup.

Police Chief R. D. Allen has announced the probable dismissal of 12 men, including a lieutenant and a sergeant. He says the policemen will appear before the fire police civil service board within 30 days for possible dismissal.

Some of the men are accused of prisoner mistreatment and the disappearance of prisoner property. But Allen says he's "sacking" most of them because they are unreliable and chronic shirkers.

HOP Students To Present Operetta Friday Evening

The music students of the fourth, fifth, and sixth grades of Hodges Oak Park will present an operetta of three acts, entitled "Awake—Tis May", Friday evening at 7:45 in the Hodges Oak Park auditorium. The operetta is by Ruth E. Day.

The production will be under the direction of Mrs. Adda Harris, costumes will be by Miss Vester Wallace, and the presentation will be under the sponsorship of the Hodges Parent-Teachers Association.

Characters in the play consist of fairies, brownies, flowers, queens, gardeners, campers, and fishermen.

HOME AGAIN—Gen. Matthew B. Ridgway, his wife and 3-year-old son "Matty", arrive at Hamilton Air Force Base from Tokyo. After a short rest, Gen. Ridgway will leave for Europe and his new job as NATO Commander. (NEA Telephoto.)

WSB Proposal Basis For Settlement Steel Of Strike, Tobin Says

Cub Pack Will Meet Thursday

The local Cub Scout Pack will meet Thursday evening at 7:30 in the basement of the First Methodist Church, at which time Cub Scouts who have passed the B-eat requirements at the den meetings will receive the Bobcat award.

All parents and committeemen of the Cub Scouts are urged to attend the pack meeting. Excellent progress has been reported and the boys are working for advancement.

E. F. Webb is Cub Master, Delbey Capps is assistant Cub Master, and the Len Mothers and Cub Scouts are:

Den No. 1—Mrs. E. F. Webb, Den Chief—Dale Dixon, Tim Cavington, Charles Alworth, David Webb, Billy J. Johnson, Wayne Laines, Dean Riskey, Gene Hill, John Perkins and Edward Harrison.

Den No. 2—Mrs. Jack Robinson, Den Chief—Glen Estes, Jay Dell Baker, Walter Blackwell, Alex, Eakin, Macky Craig, Billy Faircloth, Terry Hatfield, Robert Knolly, George Koenig, Wayne Anderson, Dalton Mann, Bobby Fran and Howard Fran.

Den No. 3—Mrs. W. C. Bradshaw, Den Chief—Lanny Smith, Gary Lee Strudshaw, Jerry Riejes, Freddy Grant, Tommy Ford, Charles Ferguson, and Robert Ferguson.

Den No. 4—Mrs. Delbert Capps, Den Chief—Tommy Sawyer, Freddy Green, Lloyd Ferrell, Johnnie Pickle, Bernice Sato, Tommy Campbell, and Ray Dillard.

Den No. 5—Mrs. George Brasher, Den Chief—Archie Bill Robinson, Tommy Robinson, John Robinson, Archie Beck, Timothy Brasher, Johnny Nicholson, Larry Robertson.

Committeemen—Gaston Dixon, Chairman; Archie Robinson, Rev. J. C. Messinger, Glyn Covington and Fred Bonner.

Baruch Assails U. S. Attitude

WASHINGTON, May 14 (UP)—Elder statesman Bernard Baruch has attacked the administration for its handling of the defense program.

Baruch charges the administration is conducting a "fumbling, piecemeal and creeping" mobilization program.

The 81-year-old financier says the nation has been clearly warned by its military leaders that it is heading into its period of greatest danger of war with the Soviet Union.

Yet, Baruch said in a Washington speech, the general attitude "is one of letting up rather than bearing down."

Tobin Speaking Before Union Convention Tues.

By United Press

The secretary of labor gave his ideas on the steel dispute today.

Maurice Tobin told the CIO steelworkers convention at Philadelphia that the only way to settle the steel dispute is for the industry to accept the wage board's recommendation on pay increases for the union.

Tobin said the 20-cent hourly package increase the wage board recommended must be the basis for settlement.

The union is considering a resolution saying the steelworkers "cannot and will not continue indefinitely to work in 1952 for 1950 wages."

The Supreme Court also is in conference on the steel dispute. The justices are expected to have a decision before June 2nd on whether President Truman had a right to seize the steel industry.

OTHER LABOR

The Wage Stabilization Board meets behind closed doors today to rule on six wage agreements already reached in the nationwide oil strike. The settlements call for wage boosts ranging from 13 to 18 cents an hour.

Chairman Nathan Feinsinger says approval of one of the pacts may set up a possible pattern for the entire industry and the 90,000 striking oil workers.

In the Western Union dispute, striking employees have returned to work at Portsmouth, Ohio. A company official says no agreement has been reached on their wage demands, but the employees just said they wanted to work.

Officials of the AFL Commercial Telegraphers Union said the return to work at Portsmouth will have no effect on the nationwide strike which began April 2.

The Co-aster, New York, Transit Co., has fired most of the employees who went on strike two weeks ago because they ignored an ultimatum to return to work yesterday. The company says the number of employees who returned wasn't enough to allow even limited resumption of service. So Rochester's 350,000 citizens are without bus service for the 14th day.

Two Of Four Escaped Cons Are Captured

ANGLETON, May 14 (UP)—Two of four convicts who broke out of Ramsey State Prison last night have been captured.

The two men were taken by officers shortly before dawn today less than three hours after the four had released unharmed a widow and her young daughter they held as hostages. The hunt by scores of county, state and prison officials continues for the other two men.

The two convicts captured are 28-year-old John E. Welch and 29-year-old George Theodorow. Welch was captured about 4 a.m. while hiding in a gondola car of a freight train after it was stopped by authorities in the small town of Liverpool. Theodorow was captured in Alvin near Angleton.

The other two men are Russell H. Fulliam and 25-year-old Robert Arthur Chick.

Scottish Rite Hospital Admits Ranger Patient

Dalton Roy Mann, nine years old, son of Mr. and Mrs. D. T. Mann of Ranger, was admitted to the Scottish Rite Hospital for Crippled Children in Dallas on April 30, 1952.

The hospital was founded 27 years ago by Texas Masons to provide the best treatment for Texas' crippled children at no extra cost to the patient.

Since that time, the Scottish Rite Hospital has treated over 16,000 children in the wards and 68,000 clinical patients. An expert staff of doctors, nurses and therapeutic technicians carry on the best surgical and corrective treatment by means of contributions from the general public.

CORRECTION

The protest filed by letter before the state water commission was by J. A. Fox, not G. A. (George) Fox, who is running for the position of County Clerk of Eastland County.

Ride The "ROCKET" Motor Car, Osborne Motor Company, Eastland

Alert Nurse Averts Near Bus Tragedy

LANCASTER, Penn., May 14 (UP)—The alertness of a young nurse averted what authorities said might have been a tragic bus accident this morning.

The nurse, Mary Bailey of Columbia, Penn., grabbed the steering wheel of a Greyhound bus near Lancaster, Penn., after the driver fainted, then guided the huge vehicle between telephone poles as it careened off the highway.

The bus tore down 126 feet of guard post cable, then rolled down an embankment, through a farm fence and into a field where it stopped.

Three of the 17 bus passengers suffered minor injuries. The bus was damaged extensively. The driver, Edwin Smith, was admitted to a Lancaster hospital for medical observation.

Acheson Warns Russians About Interference

WASHINGTON, May 14 (UP)—Secretary of State Acheson warned the Russians today about their interference tactics in Germany. He told a news conference in Washington that the Allied powers will resist any new Communist blockade moves in Berlin.

He said the United States, Britain and France will not back down on any matter connected with the four-power agreement on Germany's zones.

Acheson's statement was made as Soviet guards again blocked Allied military vehicles from the 110-mile international highway between Berlin and West Germany.

PUBLIC ANNOUNCEMENT

Our intentions are to liquidate a large portion of our huge stock and to give the people of this area the benefit of these unheard of prices.

Inflation goes out the window during this dynamic \$50,000.00 Surplus Stock Sale. Perhaps never again in these days of high prices can you buy so much for so little.

A large crew of clerks have been busy the past week marking down merchandise to the lowest prices in the history of Eastland County. Merchandise is piled sky high on bargain tables and marked in plain figures.

SOCIETY

Methodists Invite Evangelistic Team To Return For Revival Again

A large and enthusiastic crowd attended the closing service of revival at the First Methodist Church on last Sunday evening. At the appropriate time, A. Crawley, chairman of the board of Stewards asked for a vote of confidence for the evangelist and song leader at which the crowd responded and agreed for these two men to return in 1953 to conduct the annual revival. Due to a crowded schedule for next year, a slight change in date will be necessary, but it is promised to be with us for either two weeks' meeting at whatever time will fit into their schedule, stated Rev. Garland Lavender.

This church will never be the same again because of a deep spiritual awakening in the hearts of so many of our people," stated pastor. This feeling was shared by many as the revival drew to a close. The attendance at both morning and evening services

showed a marked increase over those of last year, proving with interest and seriousness with which the people responded. The 24-hour prayer vigil was one of the highlights of the revival. These men received a splendid love offering in which the entire membership of the church rejoiced. The chancel choir was on hand each night for the services, making a splendid contribution with special music and congregational singing.

There were 24 additions to the church—10 by baptism, 6 by vows, and 5 by transfer. In addition to these, there were something like 75 dedications of heart and life to God and His church. "We greatly rejoice in this spiritual awakening in the life of our church and community," states the pastor.

Fifth Study Held Monday By WSCS

The Woman's Society of Christian Service of the First Methodist Church met Monday afternoon at the church for the fifth lesson in the study of "The Family—A Christian Concern."

Mrs. A. J. Ratliff presided over a short business session instead of Mrs. Stanley McAnnelly who was ill.

The program was under the direction of Mrs. Vernon Deffebach and the opening song was "Must Jesus Bear the Cross Alone."

Mrs. G. C. Boswell lead in the opening prayer and Mrs. Garland Lavender gave the chapter "How the Family Serves Its Self," giving points of demonstration of democracy in the home, also creative and conservative values in the home with harmony and mutual respect.

Mrs. M. L. King gave the topic on "The Adolescent Age" with the main theme being striving for independence.

The poem "Helping Your Child to Know God" was read by Mrs. Vernon Deffebach who also gave an inspiring devotional from Gal. 6:2.

The announcement was made that next Monday afternoon the WSCS will enjoy a social hour at the close of the study.

Mrs. A. J. Ratliff lead in the closing prayer.

Ladies Of The Country Club To Have Luncheon

The Ladies of the Country Club will meet Friday at one o'clock at the club house for a luncheon.

All members are urged to be present.

Acker Cemetery Working Friday

A cemetery working will be held Friday, May 16, at the Acker Cemetery in Stephens County.

Everyone is invited to come and bring a basket lunch. The group will clean the cemetery and have fellowship together thereby renewing old acquaintances.

Happy Hour Club Feted At Luncheon Tuesday

The Happy Hour Club met Tuesday for a covered dish luncheon in the home of Mrs. Earl Horton.

After the lunch hour, each member drew a number and exchanged tea towels by the numbers.

A short business meeting was presided over by the president, Mrs. W. O. Cox, at which time sick reports were made and other items of business discussed.

In closing, Mrs. Horton acting as chaplain, lead the group in repeating the "Lord's Prayer."

Those attended were Mmes. H. E. Shipman, R. A. Jones, O. F. Sides, W. O. Cox, H. P. Flowers, Calvin Warren and Onida, Bettie Carver, Clara Burke and the hostess.

The next meeting will be June 6 in the home of Mrs. H. E. Shipman.

Willing Workers Class Met Tues.

The Willing Workers' Sunday School class of the First Methodist Church met Tuesday evening in the home of Mrs. Charlie Hamilton for their regular monthly meeting.

Mrs. Jack Rawls and Mrs. Linda Forney were co-hostesses for the occasion.

The meeting was presided over by Mrs. Betty Wolford and Mrs. M. L. King gave an interesting book review on "High Calling" by James Street.

There were eighteen members present.

ME Stewards To Meet Tonight

The last regular monthly meeting of the Board of Stewards will be held in the Junior Department of the Methodist Church at 7:45 this evening. Mr. A. E. Crawley, chairman, will preside at the meeting.

"Since this is the last meeting of the Board of Stewards for this conference year, and since we must pass on some important financial matters relative to next year's church program, let every steward be present," states Mr. Crawley.

Local Poet's Works In June Issue Of Magazine

Elizabeth Brice Walker said this morning she has a biography of Owen Whittaker published in the June issue of the American Post.

And that she is to have a poem published in a forthcoming issue of the publication.

Hospital News

It was reported from the Ranger General Hospital this morning that the following are patients:

Mrs. E. A. Beakow, Mrs. Wendell Siebert and baby, Mrs. W. W. Cooper and baby boy and Mrs. L. M. Lane all of Eastland; Mrs. W. D. Richardson of Breckenridge; Mrs. B. E. Robinson and Mrs. G. W. Ray of Abilene; Mrs. D. Wooley of Mingo; Mrs. O. E. Rushing of Strawn and also Mrs. Ray Mahan; Mrs. Lottie Smith, Mrs. Gladys Dempsey, Floyd Smith, J. F. Miltstead, R. B. Needham, Mrs. D. C. Arterburn, Mrs. Louis Brown of Ranger.

Mr. and Mrs. J. W. Horn of Eastland spent Mother's day in the home of their daughter and family, Mr. and Mrs. J. L. Clem.

Mr. and Mrs. J. L. Clem visited in Fort Worth Tuesday with their daughter and family, Mr. and Mrs. Charles Bettinger.

St. Rita's Pupils Entertain Their Mothers Friday

Friday the students of the lower grades at St. Rita's School entertained their Mothers with a special program.

The chorus, accompanied by Mary Ann Wallace at the piano, welcomed the audience with their three songs "Songs to Mothers," "What a Special Name," and "Mother."

Many of the children displayed their talent by recitations. Sherry Ann Pryor was the charming Mrs. Wiggins at tea time. Linda Kay Worford gave everyone a "Surprise" Trials of School Life was told by Billy Willis. Other recitations included those of Verne Nelson Peterson, Ronny Joe Daskevich, Dedece Nuesale, Phyllis Myers, Paula Roberts, Sandra Nichols and James Allen Full.

The square dances caught the admiration of all present. The children did their four dances with facility and grace.

Those playing piano solos were Dedece Nuesale, James Allen Full, and Gay Ann Daskevich.

A boisterous and amusing play, "Mother Goose Shows the Way," concluded the program.

The children then surprised their mothers by serving them refreshments.

RN Elects Two For Membership

The Royal Neighbor Lodge 9059 met in regular session with Orval Laura Todd in the chair. Roll call of the officers was made and minutes of the last meeting read and approved.

Applications for membership for Mrs. Madeline M. Bond of Ranger and Mrs. Oleo Estelle Rice of Cisco were read and approved by the committee. Ballots were prepared and they were elected to membership by the members.

Letters were read from Mable Jentzen and one from the convention committee with a program enclosed with it.

The initiation drills were practiced with twenty-two members present.

It was announced that all those planning to make the trip to Mineral Wells to attend the Convention to please be in front of the Hall ready to go at 8:30.

Penny prize furnished by Ellen Jones and won by Auda Lumnaut.

Aux. To VFW To Meet Thurs.

The auxiliary to the Veteran's of Foreign Wars will meet Thursday evening at 8 o'clock in the VFW hall.

The president, Lottie Davenport, urges all members to be sure and be present in order to get the work of the new year started.

Mr. and Mrs. Bill Cleveland and children of Fort Worth spent Mother's Day in the home of Mrs. Cleveland's Mother, Mrs. Ethel Wright.

Baptist Workers Meet In Cisco

The regular monthly Worker's Conference of the Cisco Baptist Association was held with East Side Baptist Church in Cisco Tuesday. Attendance, from information received here, was good, there being something like 250 workers present. Fourteen from Eastland First Church were there, and some 25 churches were represented.

Theme for the program was "Evangelism." Rev. Alfred Nelson, Oiden pastor; Rev. J. A. Karkitis of Moran; George Thomas, Carbon pastor; Rev. Jerry McBride of Breckenridge and pastor of Calvary Church there, and Rev. Ben Appling of Cross Plains were speakers.

A pleasant and profitable day was spent, returning visitors say.

Kathrine Howell Circle Met With Mrs. Anderson

The Kathrine Howell Circle of the Woman's Missionary Society of the First Baptist Church met in the home of Mrs. T. J. Anderson Monday afternoon.

After the short business session, Mrs. Mamie Ruth Hamrick gave the second chapter from the current mission study book, "Helping Others to Become Christian."

Those present were Mmes. Joe Tullos, Mamie Ruth Hamrick, W. W. Smith, Bob Hodges, and T. J. Anderson.

Mrs. Lucy Brogdon of Fort Worth is visiting with friends in Eastland.

Mr. and Mrs. Tom Ziegler and Tommy Ray of Odessa spent the week end here visiting in the home of J. M. Whites, M. Stevenson and Mrs. M. B. Ziegler.

Mrs. Mary E. McNeely of Killeen is spending the week ending with her mother, Mrs. M. B. Ziegler.

Mrs. Ross Hodges had as her Mother's Day guests her son, Bill Hodges and sister and husband, Mr. and Mrs. J. F. Kendall, both of Fredericksburg. Mr. Hodges and Mr. Kendall are attending the shoe convention in Dallas this week.

Mrs. R. L. Watson visited Sunday with her niece, Mrs. W. L. Sumner of Fort Worth. She was joined there by her daughter, Mrs. Addvance Stansell and little daughter, Brenda, of Gladewater.

Mr. and Mrs. W. F. Creager are in Galveston this week attending the Banker's Convention.

Mother's Day was a happy occasion for Mrs. R. J. Taylor in a two-fold way—she had her daughter, grandson and family home with her and also visited her Mother.

Mr. and Mrs. Marcus Matthews had as their Mother's Day guests Mr. Matthews' parents, Mr. and Mrs. W. E. Matthews of Oiden.

Economy In Government Present Need

COLORADO CITY, Tex., (Ranger Times)—Government must come to its senses about the value of a dollar, spending only the dollars it must spend and making those dollars do a better job, Mr. H. Kelley, president of the West Texas Chamber of Commerce, declared today.

"We need to call a halt," he said, "to the whole philosophy that has taken hold of our federal government—spending on things that are not vital to our defense, but that merely reflect the new willingness of our politicians to surrender to socialism in return for votes." He warned that Administration officials are using the present emergency as a means of advancing programs on the grounds that they are essential to the nation's welfare. The great size of present military outlays, moreover, were drawing attention away from the billions being spent in non-essential fields, he added.

Kelley asserted that in the five years between V-J Day and the outbreak of Korean hostilities, while America's armed strength was rapidly declining, the federal government still spent more than \$200 billion; a sum greater than had been spent in the first 40 years of this century. "As a nation rebuilds its military strength," he said, "it is imperative that the government be called to account for reckless spending policies."

In this regard, he concluded that the American people were now far more mindful of socialism at home than of the dangers of militarism abroad. "They are feeling the pinch of our terrific taxes," he said, "and are not only by rearrangement but also by the inroads of British-style socialism. They are tired of the government taking away their right to decide how their money should be spent. They are feeling the load of inflation. They know we are in for a period of hard work, had saving, had sacrifice, and they want to see Washington spenders take a share of it."

Kids Express Wrongs Of Mom And Dad In Poll

What America's teen-agers think of their parents is revealed in a thought-provoking survey published in the current issue of Pageant Magazine which commissioned a research organization to poll thousands of teen-agers in the 13-19 age group all over the country. The results of Pageant's poll will shock and dismay a great many parents.

Almost 25 per cent of the boys and fully 41 per cent of the girls feel that mother doesn't give enough of her time and interest to their affairs, while even higher percentage of both groups has the same criticism of Dad. To about 5 out of 10 sons, fathers have poor disposition are unkind and inconsiderate; with 1 out of 3 daughters they are resented because of disposition, over-strictness or nagging.

One of the major difficulties, according to the Pageant poll, involves bringing friends home. The complaints: Mom makes snap judgments on whether she approves of friends, creates embarrassing situations and often is plain nosy; Dad is abrupt, disinterested, frequently distrustful. "He thinks bad of them, just generally," says a 17-year-old girl. A boy, 14: "He never says hello or anything." A girl, 15: "She won't give out refreshments." A boy, 17: "He acts unfriendly." A girl, 15: "She always embarrasses me in front of my friends."

In general, the unsigned questionnaires returned to Pageant showed that teen-agers and parents just don't get along. Almost every other teen-ager reported quarrelling "often" with his father and mother. Causes of the family friction are, in order of frequency, curfew on weekends, choice of friends, dating and money.

As an indication of their respect for parental authority, both boys and girls were asked whether they smoke. More than one-third of the boys 15 and under—and 77 per cent of those 16 and over—admit they smoke. Sixty percent of the smokers do it without parental approval. Aged 15 and under, one girl in 5 smokes; 16 and over, the ratio is better than one in three. Two out of five do not have parental permission.

Another shocker turned up by Pageant's poll is that over 25 per cent of the teen-agers replying accused their parents of having failed to give them proper religious guidance. This damning indictment out of the mouths of the children should give many parents cause for thought.

Discomforts Of Childbirth Can Be Made Easier

Having a baby is the most exciting and wonderful thing in the world, but for many women the discomforts of pregnancy keep it from being the deeply satisfying experience they expected. For the modern mother-to-be, however, the business of having a child is becoming safer, more predictable and more enjoyable, according to a report on new medical relief for the discomforts of pregnancy in the current issue of Pageant Magazine. Here is a check-list of common pregnancy complaints which need no longer give trouble.

Morning Sickness As many as 50 per cent of all pregnant women suffer from nausea and vomiting. Recently 165 patients with morning sickness were given tablets of Dexamidrin. Ninety per cent were completely relieved.

Heartburn: This burning, scalding sensation, is the past, often interfered with proper diet and needed rest. Now a drug called prostigmin is eliminating this unpleasant aspect of pregnancy in women who had not been helped by any other methods.

Skin Troubles: This annoyance for women during pregnancy is being eliminated by daily doses of the hormone progesterone.

Toxemia: The more serious toxemias start with rapid and excessive weight gains accompanied by excessive accumulation of fluids in the body. Blood pressure begins to rise and the kidneys may become involved. Modern medical science is now able to save 87 out of every 100 such victims if a case of toxemia develops today, it is probably the fault of the woman who has failed to see her

doctor at regular intervals. Miscarriage: One of the late and most effective methods of preventing miscarriage, employed recently with 82 women with histories of previous miscarriages, to give moderate doses of ethyl lestradiol and thyroid extract until the 35th week of pregnancy. Seventy-six of 82 women so treated bore full term babies.

Labor: A new drug to ease pain in childbirth is Nisential, which according to the University of Buffalo Medical School, is the most successful childbirth pain-killer yet found. Tested on 1000 women it was found to relieve anxiety and even to shorten labor.

Texas Buys Half Of Pork Out Of State; Breeders Are Told

COLLEGE STATION, May 13.—"Every other day you eat pork raised in another state," Jay Taylor, of Amarillo, chairman of the National Livestock & Meat Board told members of the Texas Swine Breeders Association at Texas A&M College Monday.

"Texans eat 4,000,000 pounds of pork annually, but they only raise 2,500,000 pounds," he said.

Taylor spoke at the spring meeting of the association during dedication ceremonies for the new \$144,000 Swine Center at Texas A&M College.

More than 170 persons attended the dedication.

John H. Adams, president, presided at a morning session at which Dr. M. T. Harrington, president of Texas A&M, gave the welcome address.

Lucian T. Jones, vice president of the Alamo National Bank of San Antonio, presided at a luncheon.

A. L. Ward of Dallas, said that the new swine center is a "great tool for future use—and a monument for Texans who have passed on, for their accomplishments."

"The greatest progress," Ward said, "is in the improvement of the breed of hogs and in manage-

NTSC Students Like Eisenhower

College students like Ike. A majority of North Texas State College students of voting age recently polled indicated that they would vote for Dwight D. Eisenhower on the Republican ticket even over a Democratic nominee.

Of a cross-section of 210 students, 173 indicated that they will vote, and 121 of the 210 preferred Ike on the Republican ticket over a Democrat. Fifty-three were against the general, and 19 were undecided, most of them waiting to see who would get the Democratic nomination.

Asked whom they would prefer as the Democratic nominee, Estes Kefauver got the nod from 102 of the 210 students. Richard Russell with 21, Adlai Stevenson with 20, and Harry Truman with 20 were Kefauver's closest competitors. W. Averell Harriman trailed with six.

For the Republican nominee, Ike carried a landslide of 152 out of the 210 students. Earl Warren polled 16, and Robert Taft got 14. Trailing were Douglas MacArthur with eight and Harold Stassen with five.

Clovis Leading WT-Nm; Blue Sox In Number Two

By United Press

Clovis and Abilene clung to their one-two spots in the West Texas-New Mexico League today after both teams racked up victories in games played last night.

Clovis won a 12 to 5 decision over Amarillo at Clovis and Abilene took a 7 to 5 game from the Hubbers at Lubbock. Abilene's Art Fowlard and George Corona hit home-runs to contribute to the victory.

Other league games last night saw Albuquerque defeat Borger 8 to 1 at Albuquerque and Panpa triumph 8 to 5 over Lamesa at Pampa.

The league plays the same schedule tonight.

FLASHBACK

Sometimes it's a fleeting moment, sometimes weeks' months and years in the headlines—Then they drop from sight—For instance, whatever happened to Rudolf Friml?

Friml, at his height in the 1920's, composed such operettas as "Rose Marie" and "The Vagabond King." In recent years, little has been heard from Friml.

Where is he now?

Friml now is in Hollywood working on a film version of "Rose Marie." He recently was married to his Chinese secretary, Kay Ling Friml, who has been married four times, gave his age as 47. The bride is 39.

Flashback—a United Press spot check on the people who made yesterday's headlines.

Colonial Field Now Completed

FORT WORTH, May 14 (UP)—The Colonial National Invitation golf tournament field was completed today with the entry of a 1951 Walker Cup amateur star and the withdrawal of South African Bobby Locke.

The latest entry, bringing the field to 47, was that of William C. Campbell, Jr., of Huntington, W. Va., who is skipping the British amateur this season to join four other Simon Pure linksmen in the Colonial event which starts May 21.

Locke asked for permission to withdraw so that he might be examined by a New York City specialist next week.

Mrs. Marcus Matthews has received word that her nephew, Jimmy Bennet, age 8, has been bitten by a dog in San Antonio and has been rather sick. He is taking preventive shots while the dog is under observation.

Jimmy is the son of the former Alpha Leo Robinson of Ranger, and lives at 511 Delmar St.

Rotary Chopper Saves Expenses Hoeing Cotton

COLLEGE STATION, May.—Cotton chopping and hoeing rank next to harvesting as top labor consuming operations in the production of cotton. In some sections of Texas, almost one-fourth of all the man hours required to produce a cotton crop are spent on chopping and hoeing. Fred C. Elliott, cotton specialist for the Texas Agricultural Extension Service, says the use of rotary hoes will reduce the item and increase the income from cotton.

He says farmers last year reported savings up to 60 per cent on these two items by using the rotary hoe. The number of rotary hoe equipped farm tractors has increased from 7,000 in 1949 to almost 10,800 in 1951. Last year such equipment was used in 111 counties.

Elliott is a strong believer in using the rotary hoe for early weed control. He is quick to point out that the ground speed of the tractor must be right and the hoe must be properly adjusted. A common mistake often made by the tractor operator is driving the tractor too slow. For best results, he says the tractor should be operated in third gear at speeds up to five or six miles per hour and even faster under favorable conditions and with an experienced operator.

As for the picker wheel adjustments, he says the wheels should be set so they will break the surface crust to a depth of one-half to three-fourths of an inch. This not only breaks up the surface crust but also tears up the soil so that seeding weeds and grass are exposed to the action of the sun and wind before they have a chance to come through the ground, or before their root systems become established.

He reports that many farmers reduce the ground speed of the tractor because they are afraid of covering up the small cotton plants or damaging them as a result of the thoroughly torn up soil surface. Tests made by the Texas Agricultural Experiment Station and the results of demon-

Spraying Now May Save A Pecan Crop

COLLEGE STATION, May.—The pecan nut casebearer is a bad actor. The insect is a small olive green worm that annually takes a heavy toll of the state's pecan crop especially when control measures are not applied at the right time. According to A. C. Gunter, entomologist for the Texas Agricultural Extension Service, now is the time, in most pecan producing areas, to start the control program.

ations conducted by farmers, he says, have proved that such damage will not occur if the rotary hoe is properly adjusted. The cotton seed was planted well below the regulated depth at which the picker wheels should be run and thus very little or no damage will occur.

Cross-cultivating or using a mechanical cotton chopper are two other mechanical practices which have been successfully used in some sections of the state for cutting the hoeing and chopping bill. About the latest thing for early grass and weed control in cotton is the use of special oils. These oils are more commonly known as post-emergence non-floridic oil and di-nitro. Elliott reports that research is continuing on this project but sufficient information is available to indicate that the use of post-emergence oil and pre-emergence di-nitro sprays are practical weed and grass control measures in some sections of the state.

After the insects hatch, the small worms move down the twig to a cluster of nuts and begin feeding on the second or third bud below the nuts. This feeding process continues for four or five days and then the casebearer bores a hole in the pecan case and moves inside to destroy the kernel. Gunter points out that control measures must be applied during a 10 to 12 day period if they are to be effective. Once the worm enters the pecan, control is not possible.

For the control, Gunter recommends the use of three pounds of 50 per cent wettable DDT per acre and six to eight pounds of wettable sulphur in 100 gallons of water. He says a thorough job of wetting each limb from top to bottom with the spray must be done. A power sprayer that will put out 20 to 35 gallons of spray material per minute at a pressure of 200 to 600 pounds should be used.

Engineered for low cost **SPEED HAULING**

Ford now brings you THREE completely new engines... with short stroke, high-compression, overhead valve design that can save you up to 1 gallon of gas in every 7! These three new engines, plus the famous 239 cu. in. V-8 (now 196 h.p.), the 112-h.p. Big Six, the new Courier Custom Delivery, mean that there's a Ford Truck that's exactly right for your kind of job—at a rock-bottom per-mile running cost!

LOW-FRICTION DESIGN SAVES UP TO 14% ON GAS!

Ordinarily, engine friction alone can steal as much as 30% of the power your engine develops. Ford's new short piston stroke cuts piston travel, reduces gas sacrificed to engine friction, delivers more of the power developed!

Availability of equipment, accessories and tires an important factor in determining an economical pickup installation.

F.D.A.F.

Completely **PROVED** under toughest conditions! High-compression punch with regular gas!

- 101-H.P. COST CLIPPER SIX: New LOW-FRICTION design. 215 cu. in. Series F-1 thru F-5.
- 106-H.P. V-8: 239 cu. in. Proved in over 2,000,000 trucks. Available Series F-1 through Series F-6.
- 112-H.P. BIG SIX: 254 cu. in. Available in Series F-6 only. 110-h.p. in Series C.O.E.
- 145-H.P. CARGO KING V-8: New LOW-FRICTION design. 279 cu. in. Standard in Series F-7 Big Jobs.
- 155-H.P. CARGO KING V-8: New LOW-FRICTION design. 317 cu. in. Standard in Series F-8 Big Jobs.

Cost still less to run!
