The Best of Texas is in My Hand

BETWEEN US...

By

Irate Parent: "What do you mean by saying that the hand-printing on the excuse for being absent from school was my son's? I wrote that note!"

School Teacher: "I'm sorry—but it was in the same hand-writing as his home work."

F. P. (Felton) Brashier Sr. and F. P. (Pete) Brashier Jr., owners and operators of Ranger's 28-year-old Ranger Furniture Exchange, are planning a special "open house" to celebrate completion of their current remodeling and expansion. It will be around April 1. Incidentally, despite the remodeling and redecorating activity, the popular Ranger furniture store is still open for business. Pete says "was rumored" round that the firm was closed for remodeling. But that's not so. You should drop in and browse around. The Brashiers have many many new and beautiful additions to their large stock of home furnishings. . . . The March of Dimes drive received the tidy sum of \$378.74 from the Lion-Rotary benefit recently staged at the Recreation Bldg. in downtown Ranger, according to C. E. May, Lions club prexy, and Morris Newham, president of the Ranger Rotary Club. Messrs. May and Newham asked The Times to say "Thanks!" to all who aided in making the benefit affair such a grand success. . . . M. P. Myers called this corner this a.m. "Know what's on my mind?" "Sure," replied the walking meat shortage. "You want me to keep reminding folks who've received their 1953 membership cards to get in their dues—five bucks, to be exact." "That's right!" said Myers. . . . More folks get run down by gossip than by automobiles. . . . Ranger's Rhythmic Five, local ork, played at the big "Jamboree" at Cisco Saturday night where a big time was enjoyed by hundreds during the two-hour entertainment. The Ranger jive crew will start playing Sunday nights at "Mingus" Trio Club. . . . The board of the Ranger Independent School District will meet in an important session tonight. . . . A. W. Warford of the Social Science Laboratories took off on a long business junket to Tennessee, Kentucky and the Carolinas over the weekend. Plans to be back in the Oil City in a few days. . . . Among projects upon which bids were called is proposed work on State Highway 16 in Eastland County.

Rains Drench County Area

Welcome rains pelted Eastland County's thirsty area Sunday night and Monday bringing welcome relief from another long siege of moistureless weather.

The precipitation—slow, drizzling, soaking downpours—averaged about one and one-half inches over the area, according to reports at mid-morning today.

Heaviest rains were reported in the south and west portions of the county.

At Eastland gauges measured the welcome precipitation at 1.25 inches. No water, however, was caught in the Eastland Lake.

Carbon, according to available information, received the most rainfall with gauges in that vicinity registering slightly more than two inches of moisture.

Olden recorded 1.25 and Cisco's rains totaled 1.75.

In Ranger, gauges showed that the Oil City's total rainfall during the period was 1.44 inches.

At mid-morning, cloudy overcast skies gave Eastland Countians hope that more rain might be in the offing.

Some observers expressed the opinion that a total of five inches of moisture would put area lands in excellent condition and also alleviate threatened water shortages in several sections of the county.

4-Year Terms Approved By House Group

Four year terms for county, precinct and district officials was approved by a legislative committee in Austin Monday.

The House constitutional amendments committee reported favorably a resolution by Rep. Floyd Bradshaw of Weatherford. Speaking for it were officials of state association of county judges and commissioners, sheriffs, tax assessor-collectors, county and district clerks and precinct officers.

Main argument for the measure is that it would let officers pay more attention to working and less attention to getting re-elected every two years.

The committee also reported favorably a proposal by Rep. John A. Warden of McKinney to allow homestead exemptions to single as well as married persons.

By voice vote, the committee defeated a resolution by Rep. Marshall O. Bell, to prohibit the state and local governments from adopting an income or payroll tax. A subcommittee had recommended that it be adopted.

"It's unwise to nag ourselves," said Rep. William H. Kugler, Jr., of Galveston. "This amendment also indicates a lack of faith in future Legislatures."

The Senate state affairs committee reported favorably the loyalty oath revision already approved by the House. It would require an affidavit from any person receiving money from the state, including textbook authors, or publishers, that he had not knowingly belonged to a subversive organization.

The committee postponed action for one week on another bill by Representative Bell which would permit issuance of warrants to search for suspected subversives.

SAFE—Carl Furillo, Dodger outfielder, slides into 3rd base as Boston's Warren Spahn attempts to tag him with the ball. Umpire Larry Goetz called Furillo safe. The Dodgers defeated the Braves in exhibition game at Miami 4-1.

3 Persons Hurt In Auto Crash On Highway 80

Three persons miraculously escaped death in a head-on collision between two passenger cars on U. S. Highway 80 three and a half miles east of Ranger Saturday afternoon.

Both cars involved in the accident were very badly damaged.

Mrs. Katie Ashley of Lamesa, driving alone and headed east, received serious head injuries, cuts and severe bruises in the traffic mishap. She was rushed to a Ranger hospital for treatment.

In the west-bound vehicle, Mr. and Mrs. Herman Reimers of Cisco, also suffered injuries. Mr. Reimers, 52, received a chest injury, cuts and bruises, and Mrs. Reimers, 49, suffered a fractured pelvis and other injuries. Both were taken to a Cisco hospital for treatment.

SETS RECORD—Sture Landqvist, Oklahoma A&M freshman miler, set a new freshmen college division record of 4:23.7 at the 30th Southwestern Recreation Track and Field meet in Ft. Worth. Landqvist, an exchange student from Stockholm, Sweden, sparked a fired up Aggie team that finished the games with 63 1-5 points to more than double their nearest opponents.

A Pro-Am golf tournament will be staged at the Ranger Country Club Saturday, according to officials of the Ranger group.

The play will be on the excellent-shape, five green, greens of the club's nine-hole course, and many entries are expected.

Saturday's event is the club's first Pro-Am competition of 1953. The entrance fee is only \$2.

Many amateur linksmen and a host of pro golfers are expected to participate. Among the pros due to enter are Doug Higgins and several other Fort Worth pro golfers, C. A. DeWees of Mineral Wells, John Lively of Eastland, George Hannah of Breckenridge, and Bill Dill of Weatherford.

They are among one hundred leading women from all over the United States selected to help promote interest in medical education for women throughout the nation. A charter meeting of the board will be held in Philadelphia March 19 and 21 to elect officers and adopt a plan of action for 1953.

The meeting will coincide with the Founders' Day celebration of the 103-year-old medical college.

Careless Use Of Medicine Scored By Cox

The careless or ununiformed use of medicines cause much serious illness and even many deaths in Texas every year, Dr. Geo. W. Cox, State Health Officer, said today in a statement urging the public to use caution in self-medication.

"It is never safe to take medicine in the dark," Dr. Cox warned. "Always read the label carefully to make sure the aspirin you expect to take is not a bichloride of mercury tablet or some other poison. As a matter of fact, poisons and medicines containing poisons should be kept together, well out of reach of children and marked in some distinctive manner. Another thing to remember is that medicines should always be taken exactly as directed by a doctor because many beneficial medicines can do untold harm if taken too frequently or in too large quantities. It is well to stop and think that you may be taking your own life in your hands when you take medicine casually."

The State Health Officer also warned of the danger in the inclination of many persons untrained to diagnose and treat their own ills. Such persons are apt to guess wrong he asserted, and while they may not take medicine that is actually harmful, they are nevertheless postponing an accurate diagnosis and the resulting proper treatment that could help their illness.

The safest rule is never to use medicine, internally or externally, that has not been prescribed by your doctor and for that particular illness with which your are suffering.

Rev. Charles W. Hargrave, Ranger Minister, To Serve As Chaplain; Reports To Fort Bliss, Monday

The Rev. Charles Hargrave, Baptist minister of Ranger, left Sunday for induction into the U. S. Army as a chaplain.

The Ranger clergyman was scheduled to report to Fort Bliss, El Paso, Monday.

Rev. Hargrave, son of Mr. and Mrs. E. L. (Tex) Hargrave, received his bachelor of divinity degree from Southwestern Theological Baptist Seminary, Fort Worth, last May, and served as pastor of the First Baptist Church, Strawn, until last August when he resigned to await orders to report for active duty with the armed forces.

Recently he had served as supply pastor for the Second Baptist Church prior to the recent appointment of Rev. D. D. Brian as pastor.

The young minister is a former student of Ranger High School and graduated from Ranger Junior College in May, 1943.

In the fall of that year he entered the U. S. Navy as a physical instructor. Following 30 month service with the Navy, Rev. Hargrave was discharged in December, 1946, and in February, 1947, he entered Hardin-Simmons University, Abilene, graduating with a bachelor of arts degree in 1948. A short time later he began his studies at Southwestern Theological Seminary, a Baptist ministerial school at Fort Worth.

Rev. Hargrave was ordained as a Baptist minister at the First Baptist Church in Abilene in 1944 and prior to his resignation last summer he had been pastor of the First Baptist Church, Strawn, since 1950.

Married, he is the father of two sons and a daughter—Wallace, age 7, Thomas Lister, age 18 months, and Marsha Charlene, 4. His wife is the former Miss Ruby Slaton.

Mrs. Hargrave and their three children will make their home in Ranger during Rev. Hargrave's period of service in the armed forces.

8 Candidates Seek Council Posts At Cisco

Applications for the Cisco City Commission had been filed by three candidates for mayor and four candidates for the commission Saturday, the deadline, City Secretary Hal Lavery announced.

Petitions in the mayor's race were filed for Mayor G. C. Rosenthal, seeking re-election, for Police Commissioner Joe Britain and for H. V. Kirby.

The four candidates for the commission were Ace Lucas, R. R. (Bob) Harper, John M. Dunn and Albert A. Hanson. Retiring commissioners James P. McCracken and Don Rupe will not run for re-election.

The ballot for the election will be arranged tonight at the semi-monthly meeting of the Cisco city commission. Candidates will draw for places on the ballot.

Frank Penn Is Optimistic For City's Future

E. F. (Frank) Penn, well known Ranger farmer and ranchman said Monday that he had entered his candidacy for the office of city commissioner, place 2, in response to the numerous requests of many friends.

"I feel that I am fully qualified to exercise the import duties as Ranger street and parks commissioner," he said, "and I humbly solicit the influence and support of the voters of the city."

"I am," he continued, "a firm believer in Ranger and its friendly folks. And I sincerely believe that by working together and carrying out sound and progressive principles and constructive ideas we can build a bigger and a brighter future for our beloved community and its people."

Penn said that if elected as Ranger's street and parks commissioner he would try to be ever alert and see that proper maintenance is carried on and that a program of constant street improvement is initiated for the benefit of all citizens.

Penn, who resides on East Main Street, has been a resident of the Ranger area since 1936.

He is a member of the First Baptist Church.

They are Mrs. Volney W. Taylor, Menger Hotel, San Antonio; Mrs. Joseph M. Perkins, of Eastland; and Mrs. Alvin E. Greer, 1715 North Blvd., Houston.

9 Candidates File For Five City Offices

Nine candidates had filed for places on the official ballot in the coming city election by the final deadline Saturday night, Lester Crossley, city manager, said today.

Ranger voters will go to the polls on Tuesday, April 7, to elect a mayor and four commissioners.

Only candidate to be listed on the municipal election will be Dr. Calvin W. Harris, Ranger physician, who is seeking the office of mayor.

Mayor Price Crawley, present chief executive of Ranger, is not a candidate for re-election. His recent appointment to the directorate of a state educational institution bars him from continuing in the office of mayor.

All four races for commissioners' posts — places 1, 2, 3 and 4 — have two candidates for each spot.

In the only open commission seat (incumbent Hershel Angus is not a candidate for re-election), two Ranger citizens have filed for the office of police and fire commissioner — places 1, 2, 3 and 4. They are L. T. (Lem) Rushing, owner and operator of the Ranger Steam Laundry, and Dewey Cox Jr., young Ranger attorney.

In the other three commission races, the three incumbent office-holders have opponents.

R. O. (Owen) Bray, present streets and park commissioner who is seeking his first full elective term to that office, is opposed by Frank Penn, well known Ranger farmer and ranchman, for a three place 2 spot on the commission.

Finance Commissioner O. G. Lanier of place 3 is opposed by A. G. Koenig of the Ranger Public Schools. Lanier is seeking re-election to a third term in that office.

A. H. (Addie) Williams, incumbent water works and sanitary commissioner who is running for a third term on the commission, place 4, is opposed by O. L. (Lee) Castrell, Ranger service station operator.

Members of Eastland County A&M Club will meet at 7:30 Wednesday morning in the club room of the Texas Electric Service Co., in Eastland.

Important business will be transacted, and all members are urged to attend.

Average Adult Eats 8 Times His Weight

The average American adult eats his weight in food every six to eight weeks. But, warns P. O. Davis, director of the Alabama Extension Service, many people are eating improper foods in the wrong amounts.

"Poor diets do not always show themselves through tooth decay, anemia, rickets, pellagra, or other deficiency diseases," writes Mr. Davis in April Farm and Ranch. "There are some 'hidden' signs of poor eating. A person with low energy, constant fatigue, digestive unctions, aches and pains may drag on day after day without realizing that wholesome breakfasts, lunches, and dinners would make him feel like really living."

Seven basic rules to guide in supplying the body's food needs, recommended by Mary Hulsey, specialist in foods and nutrition for the Alabama Extension Service, are:

- (1) Milk: one quart a day per child and one pint a day per adult.
- (2) Leafy, green and yellow vegetables (such as turnip greens, mustard, kale, collards, cabbage, green beans, asparagus, carrots, squash, rutabagas, yellow corn): one serving of at least one daily.
- (3) Tomatoes, oranges or grapefruit, raw cabbage; one serving of one daily.
- (4) Potatoes, other vegetables not listed above, fruits: two servings of one or two daily.
- (5) Meat, poultry, fish, eggs: one or two servings daily. (Dried beans and peas may be substituted at times for either of these.)
- (6) Bread and whole grain cereals: Some each day.
- (7) Butter or margarine: Some each day.

Methodists To Observe Family Nite Wednesday

Methodists feel that it is a "good thing" to get together at least once a quarter for food, fun, and fellowship. On Wednesday evening at 6:30, the 3rd such meeting for the year will be held in the basement of the local church in what we choose to call — Family Night. This social get-together will begin with a covered-dish dinner, with arrangements for the evening being sponsored by members of the Woman's Society of Christian Service. Each family unit is asked to bring along about what food it would consume under normal conditions.

The program will consist of Movie Slides of our Youth Camp at Glen Lake. By this time, we are familiar with the enlargement and improvement program that is under way at Glen Lake, and the part that our church is asking us to play in that program. These movie slides will give us a wonderful insight into the year round program that is being carried on by our church for the benefit of our youth," states the pastor. Another feature on Wednesday evening's Family Night program is a series of Movie Slides, entitled "The Things Unto Peace."

As It Looks From "Here"

OMAR SUBLESION
Congressman
17th District

In a number of letters during my service in the Congress, people have quoted the 14th Verse of the 7th Chapter of II-Chronicles.

A few days ago I had a letter from a friend in Cross Plains who is devoted to her church and to all good causes, who sent me the admonition contained in this Scripture. Her letter was written with deep insights as to the direct need of this anxious day in the life of America. She likely senses that the problems which cry to Heaven for solution are so central and crucial that they must be solved or catastrophe awaits.

In these desperate days, from newspapers, magazine, radio and pulpit we are being admonished that the fundamental questions are what might be called moral, spiritual, religious. We have come to such a plight that the choice which must be made involves the blessing or the curse, life or death, for our nation and our boasted way of life.

In this letter referred to was quoted this most monumental sentence. It was quoted in a prayer during the last Congress and is ever-repeating in hope as glorious rainbow. But sounding in it is also a doleful solemnity sug-

SHARE IN VICTORY—When a US Air Force F-86 Sabrejet pilot shoots down an enemy MIG over North Korea, ground crewmen as well as the pilot share in the victory. In the case of Col. Royal N. Baker of McKinney, Tex., commander of the 4th Fighter Interceptor Group, his 10th MIG kill brought credit to S-Sgt. William Parrot of College Park, Ga., left, his armorer, and Airman Donald K. Pifer of Marlinton, W. Va., his crew chief. The third double jet ace of the Korean war, Col. Baker also has one propeller-driven LA-5 destroyed and one MIG damaged.

gesting those for whom the bells toll. "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear their cry, and will forgive their sins and will heal their land."

from heaven, and will forgive their sins and will heal their land." In this awe-inspiring covenant, the two mighty monosyllables to write in letters of fire across the sky are "if" and "when" for they are rooted in the inexorable law of cause and effect.

"If" is one of the shortest and biggest words in the Bible. It is written across every promise of spiritual guidance and enrichment.

From Genesis to Revelations we are constantly assured that certain things will happen sure as the rising sun if—if—the conditions are fulfilled. "If with all your hearts ye truly seek Me, then ye shall surely find Me." That is not just a nice motto. It is a law of the universe.

President Eisenhower in his recent address to the Congress said that we must be strong in arms and strong in productivity but above all, strong in our spiritual resources. These are the needs of this nation, and of us, the people who inhabit it. I am glad that President Eisenhower is opening his cabinet meetings with prayer. In the Cabinet Room where these meetings are held, the likenesses of George Washington, Thomas Jefferson, James Madison, Andrew Jackson and Woodrow Wilson look down upon the group. The first three did much to give us a Republic; the latter two did much to preserve it. The problems facing President Eisenhower today are no less grave.

It would be encouraging to people all over these United States to know that on each Thursday morning at 8 o'clock, a group of Members of Congress come together in a devotional to admit that the wisdom of man alone is wholly inadequate to meet the responsibilities of running this government and pray for Divine Guidance. Christ's rule was that "If you do His will, you shall know."

N.Y. Preacher Credited With Saving Potato

A clergyman named Chauncey Goodrich in Utica, N. Y., is credited with making the potato plentiful, cheap food it is today in the United States.

Goodrich, according to New York state agriculture historians, was the one who imported a healthy stock of seeds from South America after blight rendered the United States crop worthless in

the 1840s. Lacking farm and scientific knowledge, the Utica clergyman thought the blight, which was brought to this country from Ireland, was caused by "vegetative reproduction." Unaware of bacteria, fungus and viruses, Goodrich theorized that planting potatoes year after year from cutting or "eyes" weakened the stock.

The historians say he apparently learned that potatoes originated in South America and asked authorities there to send him some in hopes of getting a new strain. The annual meeting of the Texas Safety Association will be held at the Rice Hotel in Houston, on March 20-21. The Farm and Ranch Section meets at 2 p.m. on the afternoon of March 20. Featured will be 4-H Safety demonstration teams from Brazoria County.

Long before Eisenhower was president he said to a great company of religious leaders that "without a spiritual renaissance, America is doomed." The sharpest sword America has is the sword of the spirit. That is the implement which totalitarianism has thrown away and the weapon it fears most. It seems necessary that we be militarily strong but the final hope of America and all the world is not alone in the Pentagon but in Pentecost.

We call ourselves a Christian Nation. Are we really? "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from Heaven, and will forgive their sins and will heal their land."

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Wednesday Nite Easy One For First Baptists

Wednesday evening in the First Baptist Church is an important one. With Officers and Teachers meeting, prayer meeting and Bible study, and the church choir practice the evening is busy with preparation for the following Sunday's service.

Wednesday evening has for scores of years been designated as "Church Night" and is regarded as such except for the non-church going organizations. New Testament Churches regard this mid-week service as essential in maintaining the high spiritual life of those who carry on the "Great Commission."

The Officers and Teachers meeting under the direction of Wilson Guest is given over to special planning, promotion, and growing a greater Sunday school department. Each of the seven departments with their superintendents and officers and teachers maintain a still further breakdown for specialized planning and work for the particular groups to be planned for. A full hour is given over to Sunday school planning each Wednesday evening.

Prayer meeting embraces congregational singing of the "good old gospel hymns" that have challenged Christian forces through the centuries. Much prayer is offered each Wednesday evening for the many causes supported and aided by the church.

There is always a period given over for Bible study, where in the pastor teaches through exegetical interpretation the scriptures. Following the work presented in an entire book. The Book of Romans is being studied at the present time.

Choir practice is always a high hour with Mr. Bullock directing the church choir. Special music is prepared for following Sunday's worship services. The choir is one of the great forces in making for a greater spirit in the worship services. The choir always leads out and enables the congregation to both enjoy and to participate in the general song service.

The Wednesday evening service is open for every one and is a worship service that strengthens those who attend. You are always welcome at all services.

Doris Perlestein, who is employed in Dallas, was here this week for a full hour is given over to Sunday school planning each Wednesday evening.

Book Reviewed At WMU Meet

Members of the WMU of the First Baptist Church met Monday, March 9 for Mission Study. Mrs. Lloyd Clem presided over the meeting. The song, "Showers of Blessings" was led by Mrs. E. K. Pittman with Mrs. F. P. Brasher, Sr., at the piano.

Mrs. A. W. Warford led in prayer, after which the missionary book, "Adventuring With God" by Eva R. Inlow, was reviewed by Mrs. Bill Bullock. This was followed by a prayer by Mrs. T. J. Anderson. Following the announcements, Mrs. Pittman closed with prayer.

Those present were Misses Ralph Perkins, Bullock, Hugh Smith, O. L. Robinson, Jessie White, W. W. Jowers, Warford, L. D. Tankersley, W. A. Reuser, Brasher, Lee Mitchell, R. F. Webb, Anderson, J. B. Houghton, Sr., Pittman, Clem and Miss Ethel Adams.

Cheating has become so prevalent in American schools that it is increasingly difficult for a student to stay honest. This is the opinion of George Weinstein, a New Jersey high-school teacher writing in the issue of Look magazine on the newsstands today.

Widespread cheating in both school and colleges has been confirmed by numerous surveys such as the Purdue public-opinion poll for young people, the Character Education Inquiry, and surveys

made in Corvallis, Ore., Brigham Young University, San Jose (Calif.) State College, the University of Texas, and others, Mr. Weinstein says.

As a child advances in school, the likelihood of cheating increases, the surveys reveal. By the fifth grade, one third of the class may already be habitual cheaters; in junior high, 40 per cent; in senior high, 50 to 55 per cent. In some colleges, two-thirds to 85 per cent of the students may be occasional or habitual cheaters.

College students, asked to write anonymously their reasons for cheating, blamed pressure for high

marks, public posting of marks, unfair exams, and classrooms so crowded that it is almost impossible to avoid copying or being copied from.

Mr. Weinstein says in the Look article that "practically no one blamed his own lack of morals, laziness, neglect or incapacity for college work. It was the 'system' which was responsible—their parents, the schools, the kind of work they lived in."

Parents play a tremendous part in the cheating picture, according to Dr. Jesse S. Nirenberg, psychologist at the New York University School of Education. Parental pressure for high marks, maladjustment, low ethical standards in the home, are cited as the leading causes. Parents who set an example of petty cheating on income tax returns, expense sheets, and in lying about their children's ages to get them into movies at half-price and getting traffic tickets "killed," establish a pattern of cheating for their children, Mr. Weinstein declares.

The worst thing about history is that every time it repeats itself the price goes up.
