

Blood Donor Drive To Be Staged Here Friday

Tomorrow—Friday—is "Pledge Day" in Ranger. During the day, members of the Ranger Junior Chamber of Commerce and civic-minded women will be contacting residents to secure donors for the coming visit of the mobil blood collection unit on next Thursday, April 2.

Ranger's quota in this current drive, sponsored by the local Jaycees, is 150 pints.

The number of donors pledged at noon Thursday is far short of the 200 needed.

The mobil unit will be at the First Methodist Church on April 2, from 9 a. m. to 3 p. m. and Ranger physicians will be on hand to examine donors. No blood will be taken from any man or woman not able to give.

"This drive," James Townzen, president of the Ranger Junior Chamber of Commerce, said today, "is especially important since in addition to being used to save the lives of American fighting men and to aid in local emergencies, our blood can also help in the drive to stop polio."

During "Pledge Day" Jaycee members will contact

business and professional workers in the downtown area and a corps of women volunteers will contact residents by telephone to secure donors.

All donors must be secured by Friday night—final deadline—Townzen said. He urged Ranger men and women to lend their cooperation to this important drive.

PLEDGE A PINT OF YOUR BLOOD FRIDAY!

PLEDGE A PINT OF YOUR BLOOD FRIDAY!

Ranger Daily Times

34TH YEAR

RANGER, TEXAS, THURSDAY, MARCH 26, 1953

PRICE FIVE CENTS No. 109

Heavy'll tell you in four more years.

Wamas Shopper: "Clerk, I'd like to get a gift for a man of 40. What do you think a man of 40 would like?"

Clerk: "A girl of 20."

The other day we learned much to our amazement—and maybe it'll be to yours, also—that our nation's water works are the largest industry in the United States.

The country's water works produce over \$7,000,000 tons of clean water daily.

This is probably of especial interest to us here in Eastland County since we are faced with a very serious water problem. Yes—and the prospect of another acute water shortage—and rationing—is ahead unless our area gets some much needed moisture to fill falling lakes, tanks and ponds.

As little as one may think, an individual's consumption of water is no small item.

For instance, you use 25 gallons for shower, 36 gallons for a bath.

• One-half gallon daily for drinking.

• Five to eight gallons for flushing of a commode.

• Twenty gallons when you shave with the tap running.

• Thirty gallons to wash one meal's dishes with the tap running.

• And 45 gallons for nine pounds of laundry in a machine.

Adding your day's usage up, you may consume eight to 110 gallons daily. And your share of water for all purposes (municipal, industrial, agricultural) amounts to a staggering 1,000 gallons per day.

Despite the fact that seven-eighths of the earth's surface is water, the nation's supply of fresh water has not kept up to modern

(Continued On Page 8)

Watch For Home Accidents Warns Health Officer

Spring is the time for a home hazard hunt, according to Dr. Geo. W. Cox, State Health Officer. Accidents in the home are the second leading cause of accidental deaths in Texas. Each year about one thousand persons die as a result of accidents in the home.

Spring house cleaning time is a good time to remove the common hazards that cause so many home accidents. Attics, basements and closets accumulate piles of junk. Files of paper, magazines, brooms, furniture and other combustible material are dangerous fire hazards. In addition, rats, mice, cockroaches and other pests thrive in trash heaps.

Loose throw rugs are notorious for causing falls. Toys and other objects scattered over the floor and always often cause falls. Check the electrical cords and see that they are in good shape. Frayed electric cords have caused fires and sometimes fatal shocks.

While ridding up piles of junk to throw away, don't forget to look into the garage, backyard and alleys. In your spring clean-up check your garage can. Be sure that it is of metal and see that it has a tight fitting lid. Cooperate with your neighbor in seeing that the community disposes of all garbage and trash in a sanitary manner.

This general clean-up, if carried out all through the year, will reduce accidents and sickness or death from such diseases as polio, typhoid fever, malaria, typhus and others.

HEADS UP!
Here comes the New Rocket Osborne Motor Company Eastland, Texas

Funeral Rites Held Today For Suicide Victim

Funeral services were held in Gorman at 10 o'clock this morning for Mrs. Charles W. Gibbs, 36-year-old woman who killed herself early Wednesday at her home in Gorman.

Interment was in the Glen Rose Cemetery, following the final rites which were solemnized at the First Baptist Church in Gorman.

Mrs. Gibbs killed herself at her home early yesterday by slashing her throat with a razor blade. She was the wife of the superintendent of the Gorman Public Schools.

Mrs. Gibbs, 36, mother of two, was found dead in the bathroom of her home after neighbors, summoned by her mother, broke through the locked door. A butcher knife and five razor blades were found in the blood stained laboratory.

Justice of Peace J. A. Bogrus, who conducted an inquest, said she died of self-inflicted injuries. Her throat had been gashed at least three times with a razor blade, he said.

Members of her family said Mrs. Gibbs had been despondent lately because of illness.

Her husband had left the house only minutes earlier to open up the high school building and had planned to return home to accompany his wife to a hospital. Mrs. Gibbs, in the meantime, went to the bathroom and locked the door.

Her mother heard her fall and summoned neighbors when she couldn't get the door.

Mrs. Gibbs moved with her husband to Gorman about four years ago from Glen Rose, where she was reared. Gibbs was made superintendent of schools here about a year ago after serving as high school principal three years.

Survivors include her husband, Chuck, 7, and Marilyn, 1.

L. T. Rushing's Mother Passes; Rites Friday

Mrs. W. A. Rushing, 79-year-old mother of L. T. (Lem) Rushing of Ranger, died at her home in Quitman Wednesday night. It was announced here this morning.

Mrs. Rushing had been in ill health for some time and in addition to her son of Ranger, she is survived by several other sons and daughters.

Funeral rites for the Quitman woman will be held at the First Baptist Church in that city Friday afternoon at 2:30 o'clock.

Mr. and Mrs. Rushing and their sons, Allen and Jerry, both of Ranger, will attend the funeral rites Friday.

Preview of 1953 RJC Grid Machine—

Plenty of Talent In Saturday Tilt

Coaches Dick Henderson and Sam Aills, who'll guide the 1953 Ranger Junior College Rangers through a new Pioneer Conference grid campaign next fall, are scheduled to wind up a two-weeks' spring training period with a final drill session Friday afternoon.

Saturday night at 8 p. m. at Bulldog Stadium in Ranger, Coaches Henderson and Aills charges will mix it in a big intra-squad clash—"Purples vs. Whites"—as an athletic fund benefit.

The Saturday night pigskin duel will give fans a preview glimpse of Ranger power for the '53 autumn Pioneer Conference title drive and also will be an exhibition featuring a big array of new fresh talent—new names and faces of high school stars who're planning to enroll at RJC next fall.

Duels for the Saturday night tilt are now on sale—50 cents—

RAIN IS DUE FOR EASTLAND AREA TODAY

Rain—promising, overcast skies hung over the Eastland County area this morning as the U. S. Weather Bureau forecast the possibility of thundershowers for the area late today or tonight.

The morning weather communique called for partly cloudy, mild and windy with thundershowers predicted as "likely" by weather men.

This afternoon's highest mercury reading is scheduled in the mid-80s—with a remote possibility that a maximum of 90 might be reached. It'll be a few degrees cooler Friday, however, with the day's high due around the 80-degree level.

Tonight's low temperature—in the mid-50s.

The West Texas forecast: "Partly cloudy Thursday and Friday with scattered thundershowers Thursday. No decided temperature changes."

Farm Ownership Meeting Is Held In Rising Star

On March 18, 1953, the Farm Ownership Annual Meeting was held at the Vocational Agriculture Building in Rising Star. This is a group of Farm Ownership borrowers who have borrowed money from the government with which to buy their farms. There are 18 of these farmers in Eastland County. This FO meeting is an annual get together by all borrowers all over the United States who have obtained their money from the government by this type of program.

George I. Lane, County Supervisor of Eastland County reported that a very fine program is arranged each year for this group, and this year consisted of a review of the year's accomplishments which is illustrated by charts and figures such as:

(1) Source of Income (whether from farm crops, livestock or poultry, farm oil leases, timber, gravel, labor or off the farm income.) (2) The chart shows the percent of income from each source. (3) These statistics or analysis shows cost of production as well as returns of cash from each department or source of returns. This information is compiled from records which are accurately kept.

We have a very interesting comparison which is made at the time of our Annual Checkouts on Jan. 1 of each year. Our Farm Plans are made up on a five year period and at the time of the checkout dates plans are revised and any changes that are necessary are

(Continued On Page 8)

Outdoor Musical Show In Ranger Saturday, April 4

"Rhythm Roundup," a big scintillating two-hour musical variety show, will be staged under the stars in the spacious Ranger Rodeo arena in Ranger on Saturday, April 4, it was announced today.

The coming presentation, modeled along the lines of the national-famous Big-D Jamboree, Saturday Night Shindig, Grand Ole Opry and other popular western and hillbilly musical events, will feature a wide variety of stellar entertainment—popular tunes, hillbilly ballads, western hits, etc., played by orchestras, jazz combos, string ensembles and hillbilly bands. There'll also be plenty of crooning with many vocals and special offerings by voice groups, including trios and quartets.

Several country and round-up musical shows are being presented in other cities in this area, but "Rhythm Roundup" will be the first to be unveiled in a big outdoor amphitheater which offers practically unlimited seating facilities, cool comfort and plenty of free parking space.

All musicians and singers in the area interested in appearing on the first program of the new "Rhythm Roundup" under the stars are urged to contact W. P. (Hatty) Hatfield at Ranger as soon as possible. His mailing address is P. O. Box 154, telephone 48.

Work Started On Brazos, DK Lake Project

Laying of pipe of a 10-mile water line from the Brazos River to Lake Mineral Wells, which will augment the municipal water supply, was started this week. It is estimated the project will be completed in 90 working days.

The line was started from the lake end, where a wide concrete apron was laid at the outlet of the 21-inch concrete pipe. An area has been cleared and excavated at the outlet to provide additional water storage in the lake.

E. L. Dalton & Company of Dallas is the contractor for construction of the line. Contracts for the pump stations have not yet been awarded.

The project was undertaken at a cost of \$700,000. Of this \$350,000 was voted in bonds there last October and the remainder provided in a matching federal grant.

The city already is obtaining supplemental water for the lake through a six-inch aluminum line laid several months ago by the Aviation Engineer Force at Wolters Air Force Base.

1953 County Stock Show at Eastland Friday, Saturday

163 Entries In TESCO's 4-H Lamp Exhibit

The Eastland County boys and girls 4-H Club Lamp Show opened on March 23 with a total of 163 home-made electric lamps on exhibit in the Texas Electric Service Company office in Eastland.

Mr. Tankersley was employed for many years by the Lone Star Gas Company prior to his retirement at the age of 65 in January.

He and Mrs. Tankersley reside on Eastland Hill, Ranger.

Funeral arrangements were pending this afternoon. His body is at the Morris Funeral Home in Ranger.

WTCC Board Meet Is Called

Meetings of the executive board and directors of the West Texas Chamber of Commerce have been called in Abilene for Friday by R. Wright Armstrong, of Ft. Worth, WTCC president.

The executive board will convene at 10 a. m. in the offices of Price Campbell, director at large, in the West Texas Utilities Company Building. Directors, representing affiliated towns throughout the 132-county area, will meet at 1:30 p. m. in Windsor Hotel.

The WTCC state affairs and agriculture and livestock committees will meet in Abilene Thursday.

The executive board includes the officers, immediate past president, 10 regional vice presidents and directors at large. A. C. Bishop of Sweetwater, president of the Chamber of Commerce Managers Association of West Texas, is an ex officio member.

Hessian mercenaries who fought for the British in the Revolutionary War contributed to America's Yuletide tradition. Martin L. Davey, Jr., of the Davey tree experts, says they introduced the Christmas tree idea here.

THINGS YOU SHOULD KNOW ABOUT U. S. DRAFT LAW

Any young married man registered with a draft board had better be on the alert about any expected additions to his family. If his wife is expecting their first child, it is to his interest to tell the board as long as he has only a wife to support, he's eligible for a hitch in the Army as a single man. When he has a child in his family, or one has been conceived and not as yet born, the law provides for his deferment, provided he tells the board about it before he is ordered for induction.

Draft regulations require that a man with an unborn child be deferred if he files with his board, prior to the time his induction order is mailed, certificate of a licensed physician that a child has been conceived.

If he does not take this high-

Lon Tankersley Dies Of Heart Attack At Noon

Lon Tankersley, 66-year-old long-time resident of Ranger, dropped dead of a heart attack about 12:15 o'clock this afternoon.

Tankersley was fatally stricken while delivering a special delivery letter to Lola Harris' Little Gem Hotel in the colored section of the city.

He was employed as an extra worker by the local postoffice and also was custodian of the First Baptist Church, of which both he and his widow are members.

He and Mrs. Tankersley reside on Eastland Hill, Ranger.

Funeral arrangements were pending this afternoon. His body is at the Morris Funeral Home in Ranger.

Many Entries Expected For Annual Event

The annual livestock show of the Eastland County Livestock Raisers Association will be held Friday and Saturday at the airport one mile northeast of Eastland.

C. M. McCain of Eastland, treasurer of the ECLRA, is general superintendent of the 1953 show. Other officers of the livestock association include Sutton Crofts of Cisco, president; Johnny Aaron of Eastland, vice president; and T. D. Wheat of Eastland, secretary.

The show will include beef and dairy cattle, goats, sheep, fat lambs, and hogs exhibited by area livestock raisers with entries of Eastland County 4-H Club and FFA boys and girls to be featured during the two-day event.

N. B. Eaves is superintendent of the swine division. Assistant superintendent is F. L. Spurlen.

Other officials include: Dairy Cattle—Marshall Berry, superintendent, and Lloyd Freeman, assistant.

Beef Cattle—Henry Fry, superintendent, and R. E. Harrell, assistant.

Sheep and Goats—Homer Boyd, superintendent, and H. C. Wilkerson, assistant.

Boys and Girls Fat Stock Division—Boyd Hilley, superintendent, and Ed Harrison, assistant.

All livestock must be on the ground, properly entered and in respective places Friday morning by 11 a. m., according to show officials.

Judging of entries will be held Saturday on the following schedule: 8:30 a. m.—Judging Angora Goats. 9:00 a. m.—Judging Breeding Classes of Sheep. 9:30 a. m.—Judging Fat Lambs. 10:00 a. m.—Judging Breeding Classes of Swine. 10:30 a. m.—Judging Fat Barrows.

1 p. m.—Judging Breeding Classes of Beef Cattle. 2 p. m.—Judging of Fat Steers. 3 p. m.—Judging Dairy Cattle.

The following general rules and regulations have been announced for the 1953 show: 1. All animals to be shown must be in their places by 11:00 a. m. on Friday, March 27, 1953. 2. No animals may be removed from the show until 4:00 p. m. on Saturday, March 28, except sick or injured animals which must be taken out immediately. 3. The judges' decision will be final. 4. Exhibitors will furnish necessary straw for bedding and all feed for their animals. 5. The Eastland County Livestock Raisers Association shall not be liable for injury, theft, or loss of any animal. 6. The Eastland County Livestock Raisers Association shall not be liable in any manner for injury, and/or accident to any person at or during the show either exhibitor or spectator. 7. All exhibitors are expected to keep their part of the aisles clean and neat at all times. 8. All animals in the breeding classes must be representative of their breed but do not need to be either purchased or registered. 9. All breeding classes are open to both adults and juniors.

11. In classes with less than 3 entries the judge will decide what place money the animal will receive.

12. The superintendent and assistant superintendent of each division is responsible only for his particular division.

Due to draw top interest in this year's presentation is the fat stock division of the show which is limited to 4-H Club and FFA boys and girls.

Boyd Hilley is superintendent of the fat stock division, and he will be assisted by Ed Harrison, assistant superintendent.

All general rules and regulations regarding the livestock show, also apply to the boys and girls division.

Any boy or girl under 21 years of age who has owned the animal he or she is exhibiting prior to January 1, 1953, and who has fed, fitted and cared for the animal under the supervision of the Vocational Agriculture teacher or County Agent or Assistant County Agent, is eligible to show.

Entries in this division open to boys and girls from Eastland and adjoining counties.

Each exhibitor is limited to three fat steers, three fat barrows and five fat lambs. Except FFA Chapters or 4-H Clubs may show 10 fat animals of any kind as a club project.

Fat lambs may be either sex and any breed.

The animals are to be judged on a packer basis only.

FAT STEERS: Prime, \$15.00; Choice, \$9.00; Good, \$6.00; Medium, \$3.00.

FAT LAMBS: Prime, \$6.00; Choice, \$4.00; Good, \$3.00; Medium, \$2.00.

FAT BARROWS: Choice, \$6.00; Good, \$4.00; Medium, \$2.00.

FAT YEARLING LAMBS: Prime, \$6.00; Choice, \$4.00; Good, \$3.00; Medium, \$2.00.

These animals will not be auctioned off but each exhibitor is eligible to sell his or her animals at a special sale on the first Tuesday afternoon at 2:30 p. m. following the show at Faircloth Auction, Sales Barn at Eastland, Texas. Exhibitors do not have to sell at this special sale. FFA and 4-H members enrolled in other counties are not eligible to sell.

The Eastland County Livestock Raisers Association will provide free transportation for a one day trip through the Fort Worth Stockyards, Zoo and perhaps other places of interest on a suitable date following the spring show. See your Vocational Agriculture teacher or County Agent for details of this trip. Only those who fed and exhibited fat animals are eligible to go on this trip.

Singers Invited To Indian Creek

There will be a county-wide singing at the Indian Creek Methodist Church in Comanche county, beginning at 2 o'clock Sunday afternoon. The church is located five miles east of Comanche, and the public is invited to attend.

This is one of our regular conventions and large crowds usually attend.

CHURCH NEWS

Revival Opens Friday Night At Nazarene

Revival services will begin at the Church of the Nazarene in Ranger Friday night, March 27, and will extend through Easter.

Post Card Will Do
MAICO
Hearing Service
Batteries & Repair Service
Tim Spurrier, Owner
Eastland Hotel
Phone 709-J

Sunday, April 5 with services held nightly at 7:30 o'clock.

The evangelists will be Rev. and Mrs. J. M. Gleason of Kansas. There will also be special singing and music at each service. Rev. Gleason plays the piano, accordion, Hawaiian guitar and trombone. Mrs. Gleason is a pianist and sings with Rev. Gleason who once was director of a western cowboy band.

Rev. Gleason is a dynamic preacher of the Gospel. He has conducted revivals in Texas, Oklahoma, Kansas, Nebraska, and New Mexico.

The pastor, Rev. C. D. Buchanan, pastor, and lay members of the Nazarene Church extend the public a very cordial invitation to attend each service of the revival series.

Rev. and Mrs. J. M. Gleason

Big Banquet At First Methodist To Honor RJC Students, Faculty

Students and faculty of Ranger Junior College will be the guests of the First Methodist Church at a full course banquet in the church social rooms Thursday evening, March 26th at 6:30 o'clock.

According to an announcement by Rev. Garland Lavender, pastor of the host church, the banquet is being sponsored for the entire student body (freshmen and sophomores), and the members of the faculty and their wives or husbands. Rev. Lavender will be the toastmaster.

Speakers for the program will include the Rev. Bill Hogue, pastor of the New Hope Baptist Church who has achieved an enviable reputation as a speaker for young people's meetings, and Rev. Robert Sanders pastor of Wesley Methodist Church, Cisco, who is also much in demand for speaking engagements at programs for and by young people. Interspersed between the brief talks and introductions will be musical numbers by Mrs. Frost and Mrs. Biedson of Eastland, Rhelda Reed of Cisco, and Maxine and Bill McCotter from Olden. A fast moving, enjoyable evening has been planned for the enjoyment of our Ranger Junior College friends.

Catering will be done by the Women's Society of Christian Ser-

Rev. Robt. Sanders

vice of the local Methodist church. The student committee who participated in making preparations for the banquet was headed by Florence Ashcraft and included Gaylia Carter, Nella Colvin, Cooke Kirkpatrick, Rusty Talbot and Berry Sullivan.

SMALL FRY

HASTINGS, Neb. — A first grade teacher has recently graded one of her pupils low on citizenship but said on his report card, "I find Jimmie very interesting." The boy's parents then asked the teacher: "Is there anything we can do to make Jimmie less interesting?"

Protestant Hour Program Will Be Under Direction Methodist Bishop

Bishop John W. Branscomb, Jacksonville, Fla., will be the featured speaker on the Methodist Series of The Protestant Hour for the next six Sundays.

Appearing as guest choirs on the 190 station network radio program will be choirs from LaGrange College and Emory-at-Oxford; Grace Methodist Church, St. Louis Mo.; First Methodist Church, Topeka, Kansas; Randolph-Macon College, Ashland, Va.; Centenary College, Shreveport, La.; and the Salem Methodist Church, near Seward, Nebraska.

Bishop Branscomb's subjects for these next six Sundays will be "The Great Commission", "The Great Invasion", "The Great Affirmation", "The Great Obsession", "The Great Vision" and "The Great Decision".

Formerly pastor of The First Methodist Church, Orlando, Fla., which is recognized as one of the greatest Methodist Churches in America, Bishop Branscomb was elected to the episcopacy in June of 1952. At the request of Florida

Bishop John W. Branscomb

Methodists he was assigned to the Jacksonville Area of The Methodist Church. He now has episcopal supervision over the Florida and the Cuba Conferences.

The Protestant Hour will also present a special broadcast on May 24th which will originate in England and will be in commemoration of the Aldersgate experience of John Wesley which took place on May 24th, 1738. It was out of this experience that Methodism had its beginning. Bishop Branscomb's sermons will be on the theme "Christ Can Change the World... with your help," which is also the theme for the present world-wide program of evangelism. Now being presented over more programs than any other time in its existence the Protestant Hour may be heard in this community on Sunday mornings over three stations: WOAI San Antonio and KPRC Houston at 7:30, and WFAA 820 Dallas at 9:30.

Foreign Cars Cut Gas Bills

At least eight makes of foreign sedans retailing for less than \$2,000—under-selling most American cars—can now be purchased in this country. This does not count the sports car types also available.

In a review of the invasion of the American market by foreign manufacturers, the April issue of Popular Science Monthly lists 15 small cars being sold here. During 1953, says the publication, American cars will spend \$53,000,000 for some 25,000 foreign-made small cars.

Seven makes sell for between \$2,060 and \$3,000 and only one for more than \$3,000. Their chief attraction, however, is not price but economy of operation—they get up to 46 miles on a gallon of gas.

Hello, Central, Give Me St Treas

A telephone operator at the

state house at Charleston, W. Va., was puzzled over a long distance call for "Mr. St. Treas."

She asked the long distance operator to confirm the name. "That's right," long distance said. "It's written on a piece of paper. His first name is Ansel—Mr. Ansel St. Treas."

After that it took only a second for the state treasurer, William Ansel, to receive his call.

Forty varieties of vegetables are grown in commercial quantities in the Lower Rio Grande Valley of Texas.

Ranger Girl Receives D.A.R. Good Citizenship Award

The Charles Crawford Chapter of the D.A.R. and guests met in the home of Mrs. Alex Spears of Cisco on March 22 at 7:00 p.m. and enjoyed a buffet supper.

After the meal, the Regent, Mrs. Nancy McCrea, called the group to order and opened the meeting with prayer and the salute to the flag.

A program of music was given by a trio of Cisco High School girls, Misses Joan Ravencraft, Norma Schaefer and Frances Self, singing, "The Old Woman Who Lived in the Shoe" and "Moonlight and Roses", accompanied by Johnny Turner. Johnny then played a piano solo, "The Pastel Sonata". This group then led everyone in singing "America."

Honor guests of the occasion were the Good Citizenship senior girls from Ranger, Eastland and Cisco High Schools and their mothers, and the daughters of the chapter members.

Mrs. T. C. Williams introduced the Good Citizenship girls: Ann Dorris from Ranger, Eloise Warden from Eastland, Betra Donham, and their mothers, Mrs. Williams explained that the qualifications

required of a good citizen were dependability, service, leadership, patriotism and scholarship. The D.A.R. organization sponsors Good Citizen selection all over the nation. Each girl is awarded a pin and the names are sent to a committee which chooses, by district and states, from this group for further honors and awards. The award pins were pinned on the girls by their mothers.

The chapter members then introduced their daughters and other guests.

Mrs. Homer Slicker talked on the subject, "United to Safeguard Our Children's Future." Following this talk, Mrs. Rosalie Leslie Loretto, of New York, told of a recent visit to Washington, D. C., when she and her husband had been guests at a breakfast, which President Eisenhower attended. She told some interesting and encouraging facts concerning the administration.

After reports pertaining to the work of the chapter the meeting adjourned.

Members and guests present were: Mrs. F. E. Harrell, Jos. Perkins, Bob Perkins, Sterling Drumright, Frank Castleberry, W. P. Leslie, A. F. Taylor, Loretta, Warden, McCrea, Wesley Isenhour, M. H. Hagaman, Dorris, Donham, Homer Slicker, Coy Warren, W. C. McDaniel, W. B. Wright, Williams, W. W. Wallace, Robert Parker, of Tulsa and Misses Ann Dorris, Betra Donham, and Eloise Warden and the hostess, Mrs. Spears.

Mrs. Creager Is Hostess To Child Welfare Club

The Child Welfare Club met Wednesday, March 25 at 9:30 a. m. in the home of Mrs. W. F. Creager. The meeting was presided over by the president, Mrs. D. D. Pickrell.

Reports were given by the following: Mrs. Charlie Owen, treasurer; Mrs. A. W. Brande, investigating committee; Mrs. Saunders Greer, rules chairman and Mrs. B. A. Tunnell, Membership chairman.

Mrs. A. N. Larson and Mrs. James Rathoff were elected to membership in the club.

Members present were: Mrs. Brande, Greer, Roy Jameson, M. L. King, P. M. Kuykendall, C. E. May, Sr., Stanley McAnelly, J. P. Morris, Owen, L. R. Pearson, Pickrell, Tunnell, T. C. Wylie and the hostess, Mrs. Creager.

Members present were: Mrs. Pete Braschler, Joe Collins, Jolly, Earle Pittman, Ronald Pruet, Rainwater, Paul Rogers, Buford Waggoner, S. B. Zucarro, Ted St. Clair, Luther Fambro, Bill Anderson, Misses Mildred Balch and Mary Joy Wilson and the hostess, Mrs. Kirk.

Hunter Deaths Show Decrease

The Chief Clerk of the Game and Fish Commission said that an incomplete tabulation of accident reports from the last hunting season indicates a sharp drop in casualties.

He emphasized that this occurred in the face of a record number of hunting licenses issued, and suggested safety measures might be responsible.

The Chief Clerk said tabulations from gunfire compared to thirty to date show only fifteen deaths for the previous year. He explained that this total doubtless will be increased by belated statistics from the state's 254 counties.

Significantly, according to the Chief Clerk, the present reports include the killing of only one person when mistaken for wild game. And this happened before

the legal season opened.

The Chief Clerk said principal causes of fatalities last fall were the old mistakes. One man died when he pulled his shotgun wire fence. Another died when he pulled his shotgun wire fence toward him in a duck boat. Another killed himself while using a gun to dispatch a crippled duck. Another was fatally shot by his own rifle when he stumbled and fell while chasing a wounded deer. One man killed himself while hunting rabbits when the trigger of his cocked gun caught in some brush. A dove hunter suffered the same fate.

One hunter killed his companion when brush caused his gun to discharge. A fourteen year old boy was killed when he tried to help another boy clear a jammed shotgun. One man was killed while seated in a hunting camp when a comrade's gun was discharged as he tried to eject shells from it.

FARM—

(Continued From Page 1)

made at this time. This is done from year to year.

At our meeting in Rising Star, each borrower had his individual farm analysis in his program book, this information was furnished by our office and is personal and confidential. On a county wide basis this information is interesting to see and know.

At the noon hour the group enjoyed a very fine lunch and hot coffee. Mr. W. W. White, Farm Ownership Specialist, of the Dallas office, gave a constructive talk on "Farm Outlook" for 1953 this talk was based on potential prices on what farmers have to sell as well as buy. Ray Brown, County Supv. of Wise County, showed a film produced by the Texas Jersey Cattle Growers Association which it was said cost \$25,000 to film. This film gave an interesting study of types and breeds of Jersey cows. Constructions of all types of silos were shown and discussed

as well as what to put in them. Mrs. Elizabeth Hoffman of our Home Management department of the Farmers Home Admin. office in Dallas, presented an educational part of the program on Home Management. Colored slides illustrated the technique of preparing gardens for fertilizing, planting, irrigating, and then the processing of vegetables and the kinds of vegetables to plant.

Our District Supervisor, Herman F. Myatt, also from the state office in Dallas made a summary of what the days program was intended to accomplish. The attendance was light but all who did attend will not ever miss any of the Annual Meetings hereafter.

Present were Mr. Chester Ervin, Damon D. Jones, Leonard Lewis, Roland Earp, Mr. and Mrs. Ira Bostick, Rocky Erwin, Nick Duggan.

Present from the local office were George I. Lane, Co. Supv., William B. Beeson, Ass't. Co. Supv., Elmer L. Purdie, Ass't. Co. Supv., and Miss Betty Pickens, Ass't. Co. Clerk.

Since June 30, 1952, the Farmers Home Administration office in Eastland County has loaned \$93,915.00 for disaster loans and \$90,770.00 for regular operating loans. This gives you an idea what the FHA office in Eastland means to Eastland County.

Little Known Facts about your navy

Additional Tax On Gas Would Be Unfair, Is Claim

The rising threat of increased taxes on natural gas brought a sharp protest today from Chester

ficiary of the ranch lands of her estate. The proceeds from the sale of this property, which is in excess of 500 acres, will be used to establish the Chris and Emily House Memorial Fund. Under the terms of her will the principal will remain intact with only the interest accruing from the investment of the fund to be expended for the operation and maintenance of the Foundation.

In discussing the bequest, Boothe said, "It is gratifying to the Board of Directors of the Foundation that more and more people throughout Texas are looking at Gonzales Warm Springs for the opportunity of creating a memorial which will work 24 hours each day in improving the lot of the crippled child. We are deeply grateful."

L. May of Dallas, Lone Star Gas Company vice-president who called for "a broadening of the tax base so that other sources would more nearly carry their share of the tax burden." His action was reflected in a letter cautioning Lone Star industrial consumers that "additional taxation of Texas natural gas would further discriminate against industry of the state."

May contends that gas going into interstate pipelines cannot be taxed without the same tax being imposed on the gas consumed in Texas. "Considerably more than half the gas produced in Texas is consumed in Texas," he said, "and our own Texas people are therefore paying more than 50 per cent of the natural gas taxes. Many people seem to think that gas is leaving Texas free of taxes. This is untrue, because for every \$100 paid for purchased gas by these interstate companies they must pay to Texas the heavy tax of \$12.15."

May charged that the natural gas industry—and consequently the users of natural gas—has been and is now taxed beyond the rate at which other major natural resources are taxed. "By comparison," he said, "the

state tax levied on the occupation value while the oil industry pays 4.60 per cent and sulphur 8 per cent of producing and gathering natural gas averages 12.15 per cent of

Howard Payne To Dedicate Walker Library

Dedication of the Walker Memorial Library, Howard Payne College, Brownwood, will be held March 21, at 10 a. m. Construction on the \$300,000 library began January, 1951, and was completed in July 1952.

In connection with the dedication, honorary Doctor of Divinity degrees will be conferred upon six men among whom are former students and trustees of the college. In conference with the annual District 16 Music Week observed by the college music department, two leaders in the music field will be awarded honorary Doctor of Music degrees.

Music for the occasion will be rendered by Wilbur F. Martin, professor of music, Golden Gate Seminary, Berkeley, Calif.; Professor Shelby Collier, dean of music, Wayland College, Plainview; the Yellow Jacket Band and Howard Payne Choir.

Dr. Thomas F. Mayo, professor of English, Texas A&M College, and Rev. W. M. Turner, pastor of First Baptist Church, Pecos, will be the principal speakers.

Tribute will be paid to Mr. and Mrs. J. A. Walker, as Dr. Thomas H. Taylor, president of HPC, unveils a bronze plaque of J. A. Walker in the library building. Mr. Walker was the outstanding benefactor of Howard Payne College. Other bronze memorial plaques, perpetuating the memory of friends who have rendered enduring service to Howard Payne College, will be dedicated.

Those who will be awarded the honorary Doctor of Divinity degree are: Rev. R. Earl Allen, pastor of First Baptist Church, Floydada; Rev. W. M. Turner, pastor, First Baptist Church, Pecos; Rev. Russell Dennis, pastor, First Baptist Church, Yaleta; Rev. Clyde Childers, pastor, Riverside Baptist Church, San Antonio; Rev. Vernon Shaw, field secretary for Texas Baptist Children's Home, Round Rock; and Rev. Charles P. Pitts, pastor, First Baptist Church, Cleburne.

The honorary Doctor of Music degree will be conferred upon Wilbur F. Martin, professor of gospel music, Golden Gate Seminary, Berkeley, Calif., and Shelby L. Collier, professor of music and chairman of the Department of Fine Arts, Wayland College, Plainview.

The campaign to retire the approximate \$60,000 debt against the furniture and equipment of Walker Memorial Library has been entered into by HPC alumni, together with the friends, pastors and churches throughout District 16.

Traffic Deaths Show Decline

Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety, recently released the State's final traffic fatality figure for 1952.

Complete tabulation of motor vehicle accidents for last year show that 2,498 persons were killed, according to Garrison. This is 48 below the figure for 1951 and sets the death rate at 7.0, the lowest point since the creation of the State Department of Public Safety in 1925. The death rate is based on the number of fatalities per 100 million motor vehicle miles traveled. The national death rate for 1952 was pegged at 7.3 by the National Safety Council.

"This means," said Garrison, "that for the first time Texas fared a little better than the national average." Total number of accidents was up some 31,000 over the preceding year and the estimated economic loss from traffic accidents was set at over \$154 million, up \$21 million dollars over 1951.

Egyptian Art On Capital Mosque

Two Egyptian artists are laboriously chiseling interior designs here as the finishing touches for Washington's first Moslem mosque.

The master craftsmen already have completed 15 of the intricate designs, which they chisel rapidly into moist three-foot slabs of plaster. They have worked on the designs for seven weeks and estimate that the entire job will take eight or nine months.

The exterior of the mosque, whose minaret already dominates the uptown section of Massachusetts Avenue's "embassy row," is almost completed. The mosque itself and the Islamic Institute in front of it will be completed by American workmen.

The two artists, Ahmed Aly Khalid, 49, and Ahmed Moursi Mohammed, 55, handle only the delicate sculpturing. Other artists will fill in the background of many of the designs with a blue which has been described by the Egyptians as "the color of our sky and water."

Guests were ushered to the dining room where three lovely granddaughters were stationed to make the "Anniversary Table" complete. Mrs. George Griffin of McAdoo, Texas, Mrs. W. B. McMillion of Brownfield and Mrs. Donald McMillion of Lubbock.

1952 Second Best Year For Building

The number of houses built in

FOUR-LEGGED MINE DETECTOR — "Teddy," 16-year-old British army dog, knows that Communist non-metallic mines planted in Korea really smell. He is one of 12 dogs attached to the 1st Commonwealth Division in Korea, that are used to detect mines which cannot be located with a regulation detector. His master, Sgt. Stanley Barker, of Melton, England, above, is congratulating him on his latest find.

1952 far exceed estimates made a year ago.

The quarterly letter of the United States Savings and Loan League said government statistics will show more than 1,100,000 new houses and apartments were started last year, making it the second best building year in history, exceeded only by 1950.

Norman Strunk, executive vice-president, and Arthur M. Weimer, League economist, who wrote the letter, predicted that industrial building in 1953 will decline, commercial construction will increase with the expiration of materials controls and residential building will decline, probably by about 10 per cent.

save up to 25¢ per pound

... yet enjoy the richest coffee of all.

Smart housewives know that the true cost of coffee is measured by the number of cups a pound of coffee makes... not by the price they pay for it in the store.

Good coffee today costs at least two cents per cup. But with Maryland Club, because of its extra richness, you can use less to make each flavorful cup... thus, as many people tell us, you can get 10 to 15 more flavorful cups out of every pound... actually save up to 25¢ per pound.*

Try Maryland Club and discover for yourself how really good coffee can be economical, too! Buy coffee that saves up to 25¢.

NOW... NOW... NOW... it's more important than ever to use the coffee that gives you 10 to 15 more cups per pound! MARYLAND CLUB!

The meeting was held at the Woman's Club and Library Building with the various clubs of Eastland as hostesses. During the short business session, presided over by the president, Mrs. Bill Tucker, the group elected Mrs. C. W. Maltby of Beaumont as delegate to attend the Sixth District convention at Colorado City, April 6-7-8. Mrs. A. J. Olsen of Cisco was chosen alternate.

Dates of blood typing and donations of April 1, were stressed. Refreshments were served to the following: Meses Maud Stueblefeld, Tucker, M. H. Haseman, A. J. Olsen, Alice Baron, Corbell, Thura Taylor, Clyde Young, D. Kinniard and Brashier.

NEWS FROM STAFF

A gloom of sorrow came over this community when word was received of the passing of Mrs. John M. White, who passed away on Thursday, March 19, at 9:00 p.m. in Ranger General hospital. She will be greatly missed by her many friends, for to know her was to love her. "Billy", as she was affectionately known, had been a

teacher in several Eastland county schools, and was very highly esteemed in this community. She was a devoted wife, and a kind and thoughtful neighbor and friend. She is survived by her husband and a host of friends who mourn her passing.

Rev. H. D. Blair of Cisco, was visiting in the community Monday.

Mrs. John W. Thurman and Mrs. Bessie Bennett were Ranger visitors Wednesday.

Mr. and Mrs. Maurice Hazard and Donald of Eastland, were guests Tuesday evening of Mr. Hazard's parents, Mr. and Mrs. M. O. Hazard.

Mr. and Mrs. Jed Blackwell of Cheaney, were guests Monday of Mr. and Mrs. T. E. Pope.

Alfred Fox and family moved recently from Eastland to their farm home in this community.

Quite a number of people from this community attended the funeral of W. G. Gammill in Ranger Wednesday afternoon. Mr. Gammill was a brother of Mrs. Walter Duncan, who resides in this community. Friends extend sympathy to the bereaved family.

Cpl. E. G. Henderson from Carlwell Air Base, Fort Worth, spent the week end with his parents, Mr. and Mrs. C. L. Henderson.

Mr. and Mrs. Allen Crosby visited in Eastland Saturday.

Mr. and Mrs. T. E. Pope visited with Mrs. Mollie Webb in Eastland Saturday afternoon.

Mr. and Mrs. Maurice Hazard and Donald from Eastland and Mr. and Mrs. M. O. Hazard were visitors Sunday afternoon in Gorman and Stephenville.

Mr. and Mrs. H. D. Gammill and sons from Rochester, and Mr. and Mrs. J. C. Myrick from Port Lavaca, were guests Tuesday night of Mr. and Mrs. Walter Duncan.

College Prof Seeks Dignity For Law Office

Versatile Robert E. Stockdale took over as sheriff of Portage County, Ohio, the first of the year with the idea of revitalizing the office.

The stocky, 36-year-old World War II Marine Corps veteran ran on a reform ticket, as a Republican—although he was shunned by the party regulars—and resigned his job as assistant professor of speech at Kent State University

when elected. Stockdale, who has worked with "good-government" groups for several years, explained his venture into politics as a desire to "raise the level and dignity of this county office to the prestige I should command."

"I have no political ambitions. And I don't intend to make the job of sheriff a career," he added.

Stockdale is also a lay preacher for the Methodist Church and intends to hold the post until a permanent replacement can be had.

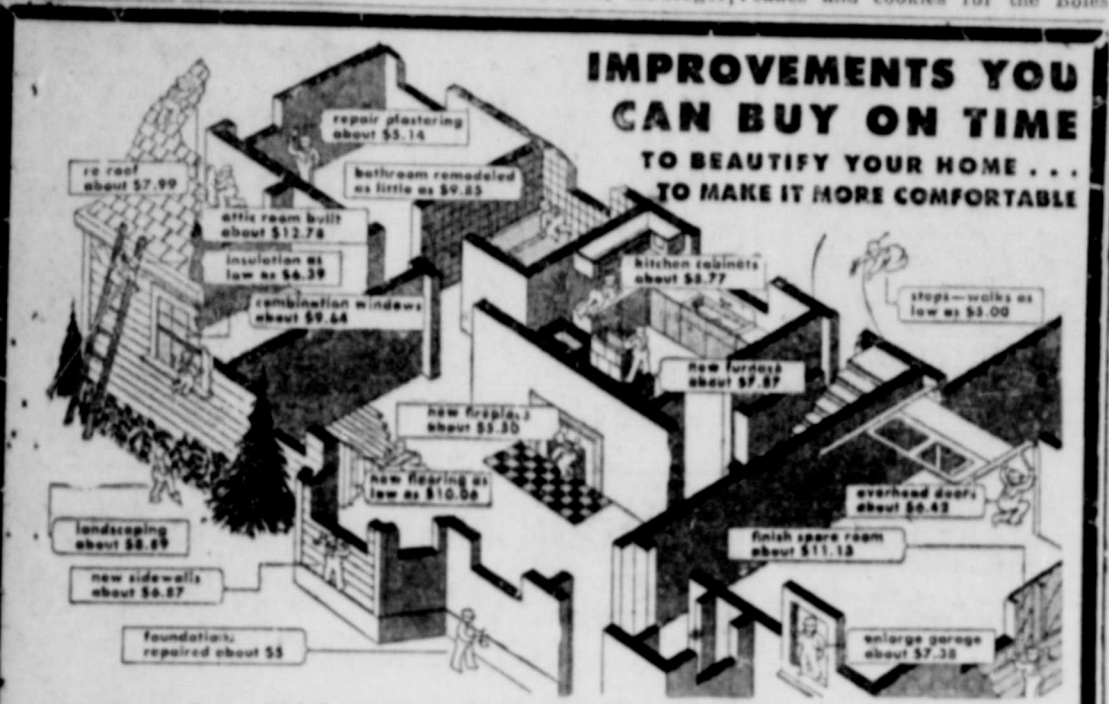

3-City Commuter Runs Up Mileage

A Louisville, Ky., resident, who works in Pittsburgh and New York City, is believed to be Pittsburgh's No. 1 "commuter." Theodore E. Mueller, president of American Radiator and Standard Sanitary Corp., has traveled millions of miles by railroad on his jaunts between the three cities. Mueller's schedule goes like this: Sunday night he leaves by train from Louisville to Pittsburgh and arrives there Monday morning. He stays until Thursday night when he departs by train for home 15 miles from Louisville. Every other week he leaves Pittsburgh Monday night and spends Tuesday and Wednesday at his executive office in New York. "I've traveled more than 3,000,000 miles on the Pennsylvania Railroad alone," he said. "I don't know how many on other lines." His work also has taken him to Europe 10 times.

Hillbilly goes longhair: Tennessee Ernie, the popular singer of hillbilly tunes, will be the first such singer to play in the famed London Palladium. His engagement over there begins next month ... Remember when you used to tie a horse to a hitching post when you wanted him to stand still? Nowadays, a Breck reader reports, you just place a bet on him!

John Lindsey of Lometa, Okla., one of the clowns booked to provide hilarity at the Jaycee's coming 8th annual "Ranger Round-up" rodeo on July 25, 23, 24 and 25, has a new and zany act with a sway-backed horse. It promises to wow local rodeo fans. Lindsey has a rep as one of the greatest rodeo comics in the country ...

MDs report that GIs who contracted malaria during service and who still suffer with the malady can safely give blood. This sharply contradicts an old rumor. How many vets with malaria in Ranger want to give a pint of the precious red stuff—to help a buddy—next Thursday, April 27 ... George Scott, Crowell's all-state high school football tackle who'll play in our "Whites" vs. "Purples" game here Saturday night is 6 feet 2 and tips the old beam at a leaden 210 pounds. But—get this—he wears size 32 (that's no typo error) pants and—(wow)—a 1 1/2 shoe! Ah, what a funny earth we dwell on! If the sun were a hollow ball, it would contain 1,331,000 globes the size of the earth ... Heavy's pipeline: All is not well within the royal family in England—Rita Hayworth faces more headlines—Tito will follow his visit to Britain with a trip to Washington ... Weather experts forecast a hot and a late summer!

You're very aware of the facts, when a woman wears slacks!

ON THE TAKE
VINEYARD HAVEN, Mass.—A goat in this town is apparently all mixed up on the adage that it's better to give than receive. Paul Marcell discovered the animal in his sleeping child's bed after it had helped itself to the milk in the baby's bottle.

The Newport (R.I.) Mercury, a weekly newspaper founded in 1758, still is published.

Visitors visiting Berlin this year increased 10 per cent over 1951 and were six times as numerous as in 1950.

IT'S THE LAW
in Texas

Who will inherit your property? Your husband, wife, mother, father, children, your wife's relatives? The best way you can say who will have it is to provide a will which will protect your beneficiaries and dispose of your property in accordance with your wishes.

When a decedent has no will, or dies "intestate" as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it—but in many cases it is not.

The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated, and all of the possibilities cannot be covered by a general statement.

There are different rules for real estate and for personal property, for community property and for separate property, for homestead property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your death.

If your husband or wife survives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are surviving children or descendants of deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half.

Of course, grandchildren do not share in the estate unless their parents who would inherit is deceased. And when descendants of a deceased child do inherit, they receive only the portion that the child would have received, regardless of the number of such descendants.

An odd note, perhaps, is that the surviving spouse already owns one-half of the community estate prior to your death, and the law adds nothing to this share unless there are children surviving.

HITCH-HIKING GRANDMA—Mrs. Fern Woods, of Escondido, Calif., arrives in Boston, Mass., via the hitch-hike route. The 55-year-old mother of 12, and grandmother of nearly twice that many, gives the hand signal which has brought rides for herself and luggage throughout the United States, Alaska and Canada. She hopes to reach Hawaii before the end of the year.

When there are only children and their descendants surviving, they divide the entire community estate between them.

Other statutory provisions for the distribution of estates of deceased persons will be explained in succeeding columns.

Later columns will also show how property drawn wills may save expense and litigation, in addition to distributing your property exactly according to your wishes.

(This column, based on Texas law, is written to inform—not to advise. No person should ever rely on or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

WITCH AT SWITCH
HATTIESBURG, Miss.—Residents of an eight-unit apartment house here spent Halloween night indoors and in darkness. Unidentified high school youths pulled the central electric switch in the hall and held would-be repairs at bay with firecracker grenades for four hours.

BETTER FROZEN FRYERS
Cut-up broilers preserved in farm freezers may come out of the skillet with better flavor in the future, says Capper's Farmer. Science has come up with a covering that keeps the fat from becoming rancid. The covering is a gelatin containing an antioxidant.

Morton Valley HDC Meet

The Morton Valley Home Demonstration Club met March 20th, with Mrs. L. W. Leach.

During a short business session it was voted that the members would repair their club house in Morton Valley. Also several members signed pledge cards to donate blood in Eastland April 1st.

Mrs. Leach conducted a most interesting program on "Social Etiquette."

The next meeting will be in the home of Mrs. Bobby Emfinger, Tuesday, April 6th, 2 p.m.

Refreshments with Easter Tea were served to Meses. John Nix, Raymond Beck, Wince Brown, Betty Morris, Chifton Beck, E. A. Drey, Robert Kincaid, Charles Harris, Alvin Kincaid, Les Taylor and J. C. Butler.

"Suffered 7 years - then I found Pazo brings amazing relief!"
says Mr. M. W., Los Angeles, Calif.
Speed amazing relief from miseries of simple piles, with soothing Pazo! Acts to relieve pain, itching, itching—soothe inflamed tissues—lubricates dry, hardened parts—helps prevent cracking, soreness—redness swelling. You get real comforting help. Don't suffer needless torture from simple piles. Get Pazo for fast, wonderful relief. Ask your doctor about it. Suppository form—also tubes with perforated pile tape for easy application.

Bowie Man Sells Gravel, But— Gives Away Gold

O. W. Watson of Bowie deals in sand and gravel, old fossils and gold. He sells the sand and gravel, keeps the fossils for souvenirs, and gives away the gold.

The gold is liberally sprinkled on a 271-acre tract north of Bowie where Watson operates a sand and gravel company. There is 50 cents worth of gold in every ton of gravel and it stays there because the cost of cracking the gravel to get it out would be prohibitive.

Watson, a former banker and grocer, bought the land in 1929, and when workmen excavating for the building of U. S. Highway 81 ran into gravel deposits, Watson went into the gravel business and discovered the gold and fossils later.

"All material that comes out here has some gold, traces of silver, and other minerals," Watson explained. "In the 44 miles of paving material we have furnished, about \$22,000 worth of gold has gone with it."

The first big fossil remains were discovered in 1944. University of Texas geologists said they were the bones of dinosaurs that roamed the country a million years ago.

One fossil bone found was that of a rear leg of a prehistoric monitor. It was 40 inches long, 10 inches in circumference and weighed 99 pounds.

All the fossil remains were found 15 to 17 feet below the surface, packed between layers of dirt and sand.
