Dimes Drive Going Full Steam Ahead

The Ranger March of Dimes drive continued to set a fast pace this week with early contributions pushing the total near the \$5,000 goal.

Three clubs added donations to the growing list. They were the 1947 Club, the Rotary Club and the New Era Club. The '47 Club gave \$54, the Rotary \$17 and the New Era \$53.

Meanwhile plans for the Pancake Supper to be held by the Lions Club Saturday, Jan. 23, and the Elks Dance to be held Wednesday, Jan. 27, and the National Guard and Jaycees dance the 22nd were all reported progressing smoothly.

Test Tube coin collectors have been placed throughout the city.

Early Filing Of Income Tax Returns Asked

Early filing of your 1953 income tax returns will be a big help to Uncle Sam and will put behind you a detail that becomes a bigger headache the longer you put it off. That's the word from Ellis Campbell, Jr., District Director of Internal Revenue.

Campbell, who would be very happy to see a steady flow of letters bearing checks and money orders—no cash, please—reminded taxpayers today that payments should be made to the order of the District Director of Internal Revenue, Dallas.

"The vast bulk of Dallas District taxpayers will find no difficulty in making out their own returns, especially if they use form 1040-A," Mr. Campbell said. "But for those who have a problem or two, our office stands ready to give assistance or advice. If you can present the facts on your problems over the phone, call us at 4-9146. If you need personal aid, visit our office at U. S. Post Office and Courthouse, 3rd and 4th St. on Fine St., Abilene, Texas.

"To obtain help and avoid the rush and pressure of last minute crowds, call or come in now, while our personnel are better able to assist you.

"It's true that the filing deadline is March 15, but little or nothing is gained by waiting until the last minute to pay up. Taking care of your payments now will help your government to carry on its important defense and construction programs and many other activities, and will let you plan your budget for the rest of the year with assurance."

County Dairymen Plan To Attend State Convention

Several prominent Eastland county dairy farmers, merchandisers and representatives of government agencies interested in dairying will attend a three-day meeting in Dallas, Jan. 27-29. The meeting is sponsored by the American Dairy Association of Texas.

Myrick of Cisco, J. M. Sparks of DeSmetona, Joe Hancock Jr. and A. F. McInroe of Stephenville, and Harold Parks of Lingleville. District Board member R. D. Kirkpatrick of Zephyr will also attend.

Eastland County Agent J. M. Cooper also plans to attend the convention. Other county agents from Stephens, Calhoun, Erath, Frio, Comanche and Brown counties have also indicated they would attend.

Olden To Host Strawn Tonight

OLDEN -- Olden's Hornets play host to the Strawn Greyhounds tonight in a twin-bill basketball program. Both the girls and the boys teams will see action, with tip-off time for the girls game set at 7 p.m.

The Hornets put their stinger into Carbon boys and girls team last Friday. The boys won 56 to 28 and the girls took a 24 to 14 win.

Neither game was even in doubt as Olden led 27-10 at half-time in the boys game and 20-4 at the midway mark in the girls bill.

Farm Bureau Makes Plans For New Year

"All eyes are turned on the prospective farm program just now, and consensus of opinion seems to agree that the present House Agricultural Committee is making an honest effort to analyze and help work out a solution to current farm problems."

A. Z. Myrick, president of the Eastland County Farm Bureau, told Farm Bureau directors at a meeting held Thursday night in the county courtroom in Eastland.

Farm Bureau directors meet for the purpose of mapping out a program of work for the current year. Myrick presided over the meeting and appointed committees to help carry out the organization's plans.

The south portion of the highway—from Romney to Rising Star—was restopped two years ago.

C-C Membership Drive Gets Underway Tuesday

Ranger Elks Plan All-Out Drive For March of Dimes; Dance Set

The Elks of Ranger are planning an all-out drive on behalf of the March of Dimes, including a dance to be held Jan. 27, E. E. Arterburn, exalted ruler of the Ranger lodge, said today.

Mitchell's Western Swingsters will furnish the music for the dance and tickets will sell for \$1 a couple. The dance starts at 8 p.m.

In addition to an intensive solicitation among members and their families, Arterburn said that the facilities and manpower of the lodge had been offered to the local March of Dimes organization in support of the campaign.

"While we have always wholeheartedly supported the March of

Dimes, this year we have increased to give it our greatest cooperation," Arterburn said. "More money is needed this year in order to complete tests of a trial vaccine that will prevent polio, the long-sought goal of the National Foundation for Infantile Paralysis that now seems near. Another reason is that Debby Daines, the 1954 March of Dimes poster boy has been a patient in the Lido Elks Convalescent Home at Elsie for most of his four years, and we look upon him as 'our boy'."

"Our Grand Exalted Ruler, Earl James, has promised Leiby that 1,110,000 Elks throughout the country will do their utmost to help him raise the \$75,000,000 needed this year to win the fight against polio, and we are going all out for Debby."

The Elk leader pointed out that \$25,500,000, or more than a fourth of the campaign total, is earmarked for polio prevention, as the 16-year battle against infantile paralysis goes over to the offensive. This tremendous sum, he said, is required to finance innovations with gamma globulin, which gives temporary protection, and to finance the tests of the trial vaccine, which offers strong pro-

Balloon Flight 270 Miles Via

RISING STAR (Sp.)—When Tommy Gibbard, Rising Star grocerman, released several small toy balloons recently with his name attached to them he didn't expect to ever hear about them again. He was wrong though, because he received this letter:

"Kind Sir: I found a balloon with this address on it and thought you might appreciate knowing how far it had traveled. It was found two miles from Granger, Tex. Am returning the balloon."

The letter was signed John Adley, Rt. 1, Bartlett, Miss. Gibbard, who said, "It was a real windy day when I released them, but I had no idea where they would go," was surprised when he checked a map and found that Granger is 270 miles from Rising Star—the way a balloon flies.

BREAKFAST IS HELD TO GET DRIVE STARTED

A membership breakfast of the Ranger Chamber of Commerce was well attended this morning and served as the kick-off for the 1954 membership drive.

Meeting in King's Cafe at 7 a.m., 25 members of the C-C, heard Jim Bartlett, chairman of the membership committee, urge them to set a new membership record. It was agreed that the town would be canvassed to get new members. W. F. Creager, T. J. Anderson, Wilson Guest, R. V. Galloway, Jess Meroney, Floyd Killingsworth and Dr. W. P. Watkins all made talks in behalf of the C-C.

All agreed that Ranger, more than ever before, needs an active chamber of commerce.

The C-C number one target for the year is getting new industries to locate in Ranger.

Twenty-nine business and professional men made the trip.

Dates of the Fat Stock Show are Jan. 29 through Feb. 7. Features include a big parade through the business section of Fort Worth at 2 p.m. opening day; first rodeo performance that night, with two performances daily thereafter; "Battle of Songs," nationally famous quartets; many free attractions and millions of dollars' worth of cattle, horses, sheep, goats, poultry and turkeys.

Women Athletes Add Cheesecake To Sports World

The contribution of women athletes to the growing predominance of cheesecake on the American scene is one of the carefully researched chapters in a new fifty-cent picture book entitled, "Cheesecake, An American Phenomenon" just published by Hillman Periodicals and being sold nationally on newsstands.

Long before Gussie Moran's lace panties became sport page headlines, sports had begun to free American women from their stays and send them into bloomers.

If any one woman has opened the way for others in sports, according to "Cheesecake" it is the Proper Bostonian Eleanor Sears. Born in 1884, she beat men at their own sports—tennis, canoeing, swimming, riding, shooting, sailing, fencing, auto racing, motor boating, golfing, even polo, baseball and football—and at the same time kept up her good looks and social charm. Thirty years later, Mildred (Ibabe) Dirksen Zaharling gave another shock to the world of male athletes (although by this time they were not upset by the female form) by proving she could run, high jump, hurdle, swim, dive, shoot, fence, bowl, box, play tennis, polo and lacrosse.

Some women have made tremendous amounts of money from a combination of cheesecake and athletic prowess, says "Cheesecake." Two outstanding examples are Esther Williams, swimmer, and Sonia Henie, ice skater.

By the twentieth century, "womanly dignity" was just a quaint phrase to female athletes. Television—and its demand for fast action—has made it even quainter.

Two roughly similar phenomena have appeared on the video screen—roller derbies and lady wrestlers. TV brought new blood such as Toughie Brashun, Slugger Kealy, and Dottie Gertie Scholt to the roller derbies. World title holder among the lady wrestlers (who add feminine hair pulling and tight tearing to male grunts and groans) is Mildred Burke, pushing 40, who is still billed as the Pin Up Girl Who Pins 'Em Down.

Mildred may have shocked the nineteenth century, but male acceptance of cheesecake in sports today, says "Cheesecake," is complete.

These Indians Like Their Reservations

TUCSON, Ariz. — In years past, the federal government had difficulty persuading Indians to stay on their reservations, but apparently the trend has changed.

A band of Yaquis, driven from Mexico at the turn of the century, settled at Pascua Village northwest of Tucson on land bought for them by the Marshall Foundation. With the passage of years and the growth of southern Arizona, Tucson spread out until today there is industry to the south and west of the village. Recently, the planning and zoning commission received requests to zone land to the north and east for industry.

At this point, the Marshall Foundation asked that the village also be zoned for industry, so that when the Indians were surrounded by factories and shops they would be able to reap financial benefits of the zoning as they were forced to sell out and move.

Now, the foundation's request has been withdrawn at the Indians' request. The Yaquis, despite the smoke and noise that factories would bring, have served notice that they want to stay put.

Inspiration Hour At First Baptist

The hour of "Inspiration" at the First Baptist church each Wednesday evening begins at 7:30 with the gospel hymns being sung and prayers offered. This is an hour that each Christian ought to avail themselves of, that they might have a closer walk with the Master. Too often we walk too far from the Christian path. Make this period of devotion a part of your spiritual life.

The officers and teachers meet at 6:30 with Supt. Wilson Guest presiding, and a period of information follows, during which the Sunday school is briefed upon the essentials of the program and the following Bible school lessons. Choir practice begins at 8:25 under the leadership of Lee Russell. Each person who sings in the choir or who would like to sing should attend these rehearsal periods.

Wednesday night is the workshop night for Baptist Churches and the Inspiration period for discriminating Christians. We are trying to grow and develop, the pastor said, "A faithful group of loyal Christians who will follow, study, read, and believe the Holy Bible. We want a group who are faithful to the Lord and His Day. We believe that those who are 'regenerated' ought to live lives commensurate with the cleansing power of the Son of God."

Everyone is invited to the Wednesday evening service when the pastor will continue the study on the Holy Spirit. Bring your Bibles and attend the hour of inspiration.

Youth Revival At First Baptist Termed Success

The Youth Revival met with great spiritual power in the First Baptist Church this past week-end. Large groups of Young People and Intermediates met for each service and the wonderful challenge presented by Preacher Ross Coggins and Singer Wes Forbis was readily accepted.

Adults attended in great numbers at the sessions. The B.S.U. and the Intermediate Department along with the Young People of the church are to be highly commended for their plans and the work accomplished.

Rev. Ross Coggins had many nice things to say about the young people of Ranger and the B.S.U. at R.J.C., he said, "you have the finest group of 'youngsters' here that I have found anywhere in this state."

There were many conferences conducted and the church plans to cooperate with the Youth Program of the church to see that they have everything that will make for a stronger spiritual character in this our own young folk.

HANDY HOME HINTS

Use a sponge to apply liquid floor wax. You'll find the sponge spreads the wax readily and you also can get at the corners better.

Pipe cleaners are effective for sealing food in plastic freezer bags.

You can use an electric fan to distribute wintertime heat evenly. Set the fan about three feet from a radiator or register, facing the heating unit. Run the fan at low speed.

To make baking sheets easier to clean, grease only the spots to be used, instead of greasing the entire sheet.

You can mash cloves of garlic without getting the odor on your hands. Place the clove between a couple of pieces of waxed paper, and mash with the handle of a knife.

Here Are Welcomed Recipes for Shrimp Lovers

BY DOROTHY MADDOX

SHRIMP are the No. 1 sea-food favorite in all parts of the country. They are available fresh in most cities and towns today. They come frozen, too, and canned.

Therefore, if you and your family enjoy them (they have high nutritional value), these recipes will be welcome at your table.

Shrimp Remoulade
(Makes 3-4 servings)

Clean, cook and chill 1 pound fresh or frozen shrimp. Combine 2 tablespoons vinegar, 6 tablespoons olive oil (or half olive and half salad oil), 2 teaspoons paprika, ¼ teaspoon salt, ¼ teaspoon pepper, 1½ teaspoons prepared mustard and 1 tablespoon grated horseradish.

Add 2 tablespoons minced parsley, ½ cup minced celery and 1 tablespoon minced scallions or onion. Blend thoroughly. Chill.

When ready to serve place the chilled shrimp on a bed of shredded lettuce (about half a small head). Pour the chilled sauce over shrimp.

Shrimp Remoulade, on a bed of shredded lettuce, is a sea-food favorite wherever you go.

Tangy Shrimp Gelatin
(Makes 6 appetizer servings or 4 main-dish servings)

One pound shrimp, fresh or frozen, 1 package lemon gelatin, 1 cup hot water, 1 cup tomato-vegetable juice.

Cook and clean shrimp. Dissolve lemon gelatin in hot water. Stir in tomato-vegetable juice. Chill. Arrange shrimp in tiny fish molds or in 8x8x2-inch pan. Before gelatin mixture begins to gel, pour mixture over shrimp. Serve with lemon wedges and mayonnaise or tartar sauce.

We've been asked for a Coffee Bavarian recipe. Here's one that uses nonfat dry milk. This form of milk is very economical and carries all of the milk nutrients with only fat and water removed.

Coffee Bavarian
(Makes 6 servings)

One tablespoon (1 envelope) plain unflavored gelatin, ¼ cup cold water, 1½ cups boiling water, 3 teaspoons instant coffee, ½ cup sugar, ¼ teaspoon salt, ¼ teaspoon lemon juice, ½ cup water, 1 tablespoon lemon juice, ½ teaspoon vanilla extract, ½ cup nonfat dry milk.

Soften gelatin in ¼ cup cold water in mixing bowl 5 minutes. Pour boiling water over softened gelatin, stirring until dissolved.

Lonely Pitcairners Get Brass Band Concert

WELLINGTON, N. Z. — The 134 inhabitants of lonely Pitcairn Island heard their first brass band concert last October. And by one of the world's finest bands, at that.

Returning triumphant from Britain where it won first prize in an international band competition, the New Zealand National Band, aboard the S.S. Mataroa, paid a visit to the island speak for a few hours.

Playing on shipboard, the New Zealanders gave their best numbers while the Pitcairn Islanders came out in long-boats to circle the ship.

Roomier, Lighter Refrigerators Seen

SCHENECTADY, N. Y. — Refrigerators soon may be mounted on kitchen walls or suspended from the ceiling. The placement is possible because of a light-weight insulation, which the manufacturer says is only one-half inch thick, while conventional refrigerators require three to three and one-half inches of insulation.

The insulation makes possible refrigerators and home freezers with about twice as much storage space for the same amount of outside space now used. Freezers can be made compact enough to fit into hanging cabinets or above counters. (General Electric.)

If You Are Looking For Trouble—

... you are sure to find some of it during the new year. The weather may be bad and speed will increase. Watch out for bombs, walk-outs, government waste, Communism, economic adjustments etcetera. And the person who buys real estate in 1954 without an abstract is headed for trouble. But 1954 will be about what we make it. If we live prayerfully, drive carefully and act thoughtfully, it won't be so bad. Happy New Year!

A New Way To Get Out of Jury Duty

CLEVELAND — Victor Green's intentions were the best. It wasn't his fault the county's facilities were inadequate.

The 39-year-old hammer helper at a drop forge plant here was summoned for jury duty and, like a good citizen, reported.

The hitch developed when Bailiffs Allan Monroe and Walter A. Morsefield told him to take a seat to wait his turn.

Green was unable to find a chair to accommodate his 425 pounds. After searching the building for an appropriate seat to fit his 60-inch girth, the bailiffs gave up.

"What do I do now?" Green asked.

"Mister," Morsefield answered, "you can go home. If we can't provide you with a chair large enough to sit in, then you have no obligation to serve."

Ever add up the TAXES you pay with your TELEPHONE bill?

OUT OF YOUR TELEPHONE BILL last year was paid an average in Texas of \$42.36 per telephone in taxes. Of this amount, almost half — \$18.96 — was Federal excise or "luxury" tax. This tax we simply collected and turned over to the Federal government, at the rate of 15 per cent on your local service and long distance calls costing less than 25 cents, and 25 per cent on long distance calls costing 25 cents or more. If you subtract this tax from your bill, doesn't the actual cost of your telephone service look like an even better bargain than you thought it was? SOUTHWESTERN BELL... Chrysler Shows Shipping Jump During 1953

A record 34 per cent increase in shipments of Chrysler during 1953 over 1952 is reported by E. C. Quinn, president, Chrysler Division, Chrysler Corporation.

During 1953 Chrysler shipped 156,356 cars as compared to shipments of 116,693 cars during 1952 he reported.

"It is interesting to note that the demand for our FirePower V-8's is steadily increasing," Mr. Quinn said.

"In 1952 we shipped 79,293 V-8's and in 1953 increased demand for their high performance resulted in shipments of 80,844, representing an increase of 15.2 per cent."

Quinn contrasted this with the year 1950—the year before introduction of the FirePower V-8 when 40,927 straight-eights were shipped, out of a total of 164,730. This, he said, represented 24.8 per cent of Chrysler Division's total production, the remainder being in six-cylinder automobiles.

This record year is the second highest in Chrysler history, being exceeded only by 1950 in the number of cars shipped, Quinn said.

"That V-8 power and performance are growing rapidly in public popularity is evidenced by the fact that in the past year our V-8 production accounted for 51.7 per cent of our production. In 1953 we shipped 75,512 six-cylinder automobiles," Quinn said.

Pumps Winning Water Fight At Big Hurrah

NOME, Alaska—Modern methods and the know-how of Alaskan miners are winning a battle against water which has seeped into a deep mine pit and sealed off a treasure of Alaskan gold.

T. P. Lane, manager for the famed Big Hurrah gold mine, said large pumps are "licking the water problem."

For half a century, mining men despaired of ever tapping the riches of the Big Hurrah because of the heavy water seepage that flooded the dioxins.

Part-Time Helper Recalls Early Days of Wrights

BOSTON—George Augenstein, 83, recalls helping Wilbur and Orville Wright work on an early model of their flying machine.

Augenstein was employed as a stationary fireman for a Columbus, O., street railway at the turn of the century. On his days off he would help the Wright brothers in their nearby experimental workshop, receiving \$1.60 per day for his efforts.

"They never got the plane so it would get off the ground in those days," said Augenstein, but in less than three years the Wrights made history with their flying machine at Kitty Hawk.

The winter solstice marks the end of the old year and the beginning of the new, for the Zuni Indians in western New Mexico.
