Gene Kelly enacts an American Navy lieutenant assigned to a British project involving the development of a new undersea explosive in M-G-M's excitement-packed drama, "Crest of the Wave", showing on the Tower screen. Here he expounds his theories on the workings of a new torpedo to Freddy Wayne, John Justin and Jeff Richards. Showing Tuesday and Wednesday.

Court Delays—

(Continued From Page 1) set up they were needed because of transportation problems, he said. Now a law officer can reach any part of the county from the county seat in a matter of minutes, he pointed out.

Commissioner Tip Arther questioned a move of that sort, however. He pointed out that his precinct, Number One, is the only one in the county that has two large towns in it. Precinct One includes both Eastland and Ranger. He said he believed a constable is needed in both Eastland and Ranger.

Commissioner V. M. Bennett favored McCanlis' suggestion. He said he believed four constables would be enough, and said, "Something has got to be done." McCanlis pointed out that Ranger probably would need a constable more than Eastland, if only one was to be allotted to Precinct One. Arther said he still believed that one is needed in both towns, since city officers cannot serve papers and have no authority outside of the city limits.

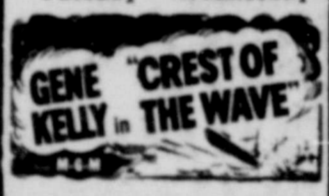

Bennett asked if the sheriff would insist on more than one field deputy if the constables were cut. Arther said he believed that they would. It was brought out that one constable has already told the court that he will have to resign if his salary is cut. The court will hold its next regular meeting next Monday morning.

Baylor President To Head Heart Fund Campaign In February Drive

HOUSTON (Sp.) — Dr. William R. White, president of Baylor University at Waco, has been appointed chairman of the 1955 Heart Fund campaign in Texas, it has been announced.

The appointment marks the second successive year that Dr. White has headed the month-long February drive, which coincides with a nationwide effort against mankind's greatest killer, diseases of the heart system.

In accepting the task, the Baylor president, one of the nation's leading Baptist clergymen, said the "remarkable new medical techniques for heart disease treatment are showing such early promise that I am pleased to do all I can to further them."

Dr. White added that he felt that Heart Fund offered one of the best opportunities for man to enjoy the blessings of the Creator through cooperative efforts to help himself.

His first step as 1955 chairman was to call for volunteer workers, down through every community level.

"These workers who give of their time and energy are the very backbone of the crusade," Dr. White pointed out.

The Baylor educator said he would take a personal hand in the Texas Heart Fund campaign wherever possible. He plans for appearances over statewide television and radio, as well as newspaper messages and talks.

Edgar Brown of Houston, executive director of the Texas Heart Association, said Dr. White's consent to head the campaign again in 1955 signifies its worthiness and appeal.

"The Texas fight to cut down the high mortality rate from heart

disease could have no finer leader than this eminent churchman, who also heads one of our great universities and medical schools," Brown declared.

Last year about \$11,000,000 was raised nationally for research and treatment through the Heart Fund, although no actual goal is set.

Dr. White expressed gratification at the response of the people of Texas to the 1954 campaign, and added that he was taking the helm of this year's crusade with the expectation of even greater support.

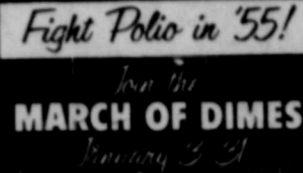

"Texans have always recognized a good cause, and their response is reflected in our many blessings," he commented.

The greater portion of funds raised are retained by local and state Heart Associations to support

their own programs. The remainder goes to nationwide research, education and community service activities of the American Heart Association.

Latest mortality figures show diseases of the heart and blood vessels led their nearest rival, cancer, by more than three to one. More than 52 per cent of all deaths in the nation in 1953 were attributed to ailments of the heart and circulatory system.

In the last generation medical science and new surgery advances have reduced the heart disease death rate by 70 per cent for those under 24 years of age, and by 35 per cent for those between 24 and 44, Dr. White pointed out.

Women's Society Of Christian Service Begins Bible Study

The Woman's Society of Christian Service met at 3:30 p.m. Monday, Jan. 17 at the First Methodist Church to begin Bible study on the subject of "Jesus' Teachings Concerning Women" from the text, "The Master Called for Thee" by Lady Hosea of China.

Mrs. A. J. Ratliff, president, presided over the brief business session and heard reports from circle leaders and officers. She opened the meeting with prayer, after which Mrs. R. L. Willis, secretary, read the minutes of the last 4 meetings.

Mrs. Bruce Weaver had charge of the program and reviewed the first two chapters of the text, exalting women of the Bible and

explaining Jesus' impartiality toward women.

Mrs. Ratliff discussed the work of Sarah; Mrs. G. O. Strong the work of Hanah and Mrs. L. E. Wolfe the work of Miriam. Mrs. M. L. King read Luke 4, 16 to 20. Mrs. Arthur Deffebach discussed "Healing Through the Power of Christ," giving examples of four women visibly healed by Jesus.

Mrs. Willis gave the devotional from Mark 14, 3 to 9, the theme of which was "She hath done what she could."

Mrs. Ratliff announced her nominating committee as follows: Mrs. Pat Thomas, Mrs. W. F. Creager, Mrs. B. A. Tunnell and Mrs. Walter Daniels.

Mrs. Tunnell closed the meeting with prayer.

Mrs. Geo. Chancellor of Lawton, Okla. visited her parents, Mr. and Mrs. Geo. Rogers over the week end. Her husband is taking jump training at Ft. Benning, Ga. prior to an overseas assignment.

Rangerites Attend Gainesville Rites

Mrs. Izetta Smith and son, R. C. Smith, have returned from Gainesville, where they attended funeral services for her aunt, Mrs. E. E. Ballinger Monday. Mrs. Ballinger died suddenly of a heart attack at her home Sunday.

Services were held at the Calvary Baptist Church in Marysville and burial was in the Marysville cemetery.

Royal Neighbors Have Regular Meeting Monday

The Royal Neighbors of America, No. 9659, met Monday evening, Jan. 17 in regular session with Oracle Tillie Hicks presiding. Routine business was transacted and sick reports given.

The following committees were appointed: Relief, Eleanor Horton, Opal Kelly and Gussie Tankersley; Food, May Weaver, Maudie Ellis, and Alberta Miller; Entertainment, Loya Huffman, Leona Arterburn and May Smith. Marvin Wilson will be initiated Monday, Jan. 31 as a social member. All members of the degree team are urged to be present next Monday night to practice.

The monthly birthday supper will also be held January 31. It was voted to hold the birthday suppers on the third Monday of each month instead of the fourth month.

Opal Kelly was elected Recorder to take the place of Edna Huffman who resigned because of illness. G. A. Guess was appointed as one of the managers.

There were 23 members present.

First Baptist To Continue Bible Study

"Studies in Hebrews" by Dr. Hobbs will be taught again tonight at the First Baptist Church. Rev. Jasper Massee presented the first chapters of the book on Monday night.

Mrs. Ralph Perkins will teach on Tuesday night and the study will close Thursday night.

The pastor will be in the pulpit Wednesday night for the Hour of Inspiration. Just before Mrs. Perkins left for Ft. Worth to meet him, she said "I'm sure he will have much to tell us." He arrived back in Texas via Mexico City, this morning.

This being Eggs Week for the WMS, Mrs. Ronald Pruet, WMU president, will also speak Wednesday evening. Besides telling the church of the program of the WMS, she will extend an invitation for every woman in the church to attend each Tuesday at 9 a.m.

Mrs. Anderson To Host 1920 Club

were read, and the necessary additions were added and approved. The finance committee chairman reported that there were still some cook books to be sold. These can be purchased from any club woman. Mrs. M. M. Sheffield was appointed as council parliamentarian. The EEE Committee recommendations were read, and they will be sent out to each club for approval.

There is a search for something new this year - new methods for teaching, new practices for the home, new and better ways of doing things, new clubs to be organized, and new members to be added to the old clubs. According to Miss Billingsley, any interested person in communities where there are no home demonstration clubs, is welcome to come by the office and see what their possibilities for this work are.

How to Tie a Beau

"Well take a gander at Joan's special guy! How do I know he's special? Look at that tie!"

Pretty slick, this Joan. She's made herself a simple little knockout of a dress, then got an extra quarter yard of the print and made her beau a "beau tie."

You can do it, too. Then all your friends will know you're going steady. It's a cinch to make. If you have any trouble, just drop a note to Bates Fabrics, 80 Worth Street, New York, and slip a dime in the

envelope. They'll send you a pattern for the tie. And, by the way, this dress Joan's wearing is a really disciplined fabric—a very cooperative little cotton that cuts and sews with ease, scarcely needs ironing, washes like a hanky, and looks as keen on Lilly as it does on Joan.

Talk about ideas spreading like wildfire—this one is!

NEWS FROM CHEANEY

Mrs. Bill Tucker

Mrs. J. P. Strickler spent the past week visiting in the E. E. Blackwell home with her daughter and family and in Carbon with another daughter, Mrs. Hollis Snell. She also visited her grand daughter, Mrs. L. A. Bennett and family in Eastland, Sunday.

Mrs. Joe Butler is recovering from a severe bite from a small dog which she was watching her husband extricate from a trap. She misjudged the length of chain on the trap and got too close, to the animal craned with pain. She went to Ranger immediately for emergency treatment and was able to come to church Sunday. Her arm is still bandaged, but healing nicely.

Mr. and Mrs. Milton, formerly employed at Fort Worth, are here for an indefinite stay. At present he intends to do farm work for John Love.

Sharon Brown, daughter of Mr. and Mrs. Kenneth Brown, was carried to the Gorman hospital Sunday afternoon, to have a small object removed from her eye. The work required two hours and proved to be a particle of steel, embedded in the inner membrane, but involving no serious damage.

Mr. Cleo Rodgers tells us of the recent visit of his children, Carlie Rodgers and his wife, and Mrs. Letty Craddock and son, all from Grand Prairie, Texas.

Willis Weekes, of McCreary,

was a church visitor Sunday night, while here visiting relatives, his sisters — Mrs. Hatley Dean and Mrs. Ben Freeman.

Support Program Expected To Hold Prices

COLLEGE STATION — Wheat growers will reap their 1955 production on an estimated national carryover of some 1,900,000,000 bushels. And, as a result, the government's support program is expected to hold up the price.

Based on current prospects, carryover stocks probably will be reduced during the 1954-55 marketing year with further cuts due the following year.

John G. Haney, extension farm economist says total wheat supplies for the current marketing year will approach 1,884,000,000 bushels, the largest in history.

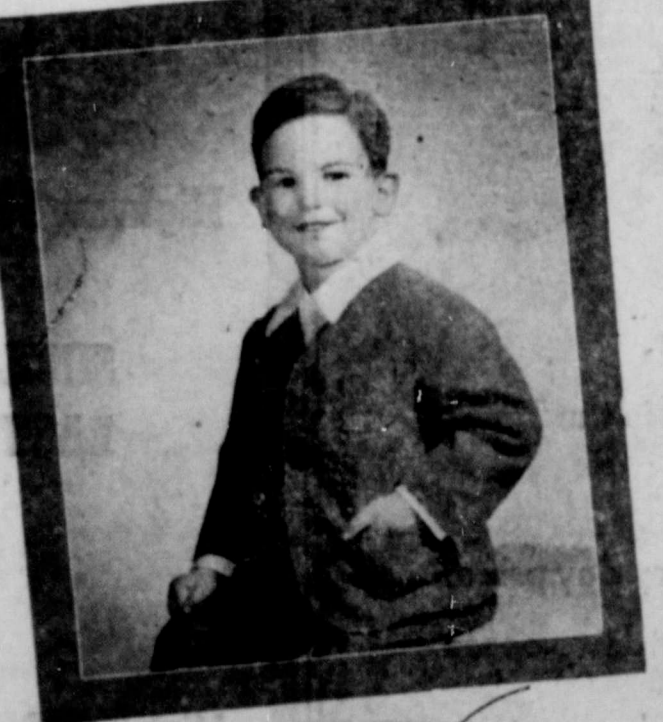

The economist expects wheat exports to rise above last year.

He says domestic consumption and exports are expected to top the \$50,000,000 bushel crop in prospect for '55, making possible the reduction in carryover stocks.

Under the present farm program, wheat grown must be supported by parity between \$2.5 and 90 percent. The national support level for the 1954 crop was \$2.24 a bushel. The support this year cannot go below \$2.06 a bushel.

"He is the greatest patriot who stops the most gullies." — Patrick Henry.

IT'S THE LAW in Texas

NEW LAWS PROVIDE INCOME TAX BREAKS FOR INDIVIDUALS

This is the first of a series of articles outlining changes in the U.S. Internal Revenue Code that favor individual taxpayers.

Under the 1954 revenue act, all persons who have a gross income over \$600 must file income tax returns, except if the taxpayer is 65 or older he need not file a return unless he has gross income over \$1,200. This is because persons who are 65 or older have two exemptions which automatically eliminate any tax liability for income under \$1,200.

The old established date of March 15 by which income tax returns must be filed has been abolished. All federal tax returns for individuals may now be filed on or before April 15. Although many persons believe that a tax return need only be post-dated by the due date, such is not the intent of that statute. Tax returns are supposed to be in the office of the Internal Revenue Service by the due date specified.

Declarations of estimated tax are required from all persons who expect gross income of more than \$400, plus \$600 times the number of exemptions which may be claimed, if more than \$100 of the income will not be subject to withholding. Single persons with more than \$5,000 and married persons with more than \$10,000 expected gross income must file declarations of estimated tax even though all of the income is subject to withholding.

Declaration of estimated tax, except those for farmers, must be filed by April 15. Like the income tax return, this date is one month later than before. However, the quarterly installment dates remain the same — June 15, September 15, and the last one on January 15 of the following year. If a person, other than a farmer, desires to file his income tax return and pay his tax in full, he may do this on or before January 15 instead of paying his last quarterly installment. It does not relieve anyone from filing the original declaration of estimated tax

and making three payments on it. However, in most cases this provision does remove the possibility of a penalty for an under estimate of tax liability. Farmers have special provisions concerning declarations of estimated tax.

The penalty for underpayment of tax liability on the declaration of estimated tax has been reduced. There is now no underpayment if the taxpayer remits at least 70 per cent of his tax as shown on his final tax return. If there is an underpayment, the penalty is only 4 per cent per annum interest on the additional amount which should have been remitted. It is expected that there will be more strict enforcement of this provision in the future by the Internal Revenue Service.

(This column, based on Federal law, is written to inform — not to advise. No person should ever apply or interpret the law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)
