## Public Hearing On Interstate 20 Bypass, Tuesday, Oct. 15 2 p.m.

How will the construction of the proposed Interstate 20 Bypass affect the economy of Ranger?

What can be done to deter the inevitable?

These were two big questions raised at a citizens group meeting, held at the college cafeteria Thursday night.

The answer to the first ques-

tion is based on the amount of business currently being done on Hwy. 80.

There are 45 businesses on the highway, which derive from 45 to 75 percent of their total income from the highway.

Routing traffic around the town could cut this portion of their business to a fraction of what it is now.

The main purpose of the meeting was to select a spokesman to represent the city at the hearing.

Preliminary sketches were presented to the group showing the proposed route that the bypass will follow.

The primary purpose of the meeting Thursday night was to organize a definite stand to be taken to try and deter or delay the completion of the project.

Men were selected to act as spokesmen for the citizens at the hearing which will be held Tuesday afternoon at the college cafeteria at 2 p. m.

Among those selected are Morris Campbell, Emery Ford, O. L. Cantrell and Curtis Blackwell.

At the public hearing Tuesday the District Engineer will meet with the citizens of Ranger and discuss and all objections that may be raised concerning the bypass construction.

All citizens are urged to attend the meeting which will be held at the College cafeteria Tuesday, October 15 at 2 p. m.

This will be the last hearing before the construction begins and all protests must be made at his meeting.

The new highway will leave the present Highway 80 near the FM2461 intersection and re-enter just east of Ranger Hill.

which annually honors TESCO employees who have served the company for 25 years or more. This year was the first in many that no new members are joining the club from the Eastland District.

Company President Beeman Fisher briefly described progress in the past year, and talked of coming projects including the programed addition of some 500,000 kilowatts capacity by 1967. The public power advocates who would use REA two per cent money for projects, are the greatest dangers to the independent power companies but indications are good that congress is now taking note of these maneuvers, he pointed out.

A second circuit is also being planned for the recently completed "steel pole" line from Fort Worth to Odessa by way of Graham, Mr. Fisher said. Work is progressing too on the connecting of service between four major Texas power companies for added strength and reserve, he indicated.

Following the banquet, bingo and a dance were held in the National Guard Building site in Breckenridge.

Moss of Desdemona; 24 pounds, 4 ounces; D. L. Kinnaird of Eastland, 40 pounds 11 ounces; Dean McDonald of Eastland, six pounds, eight ounces.

The total weight of the catches for the month was 216 pounds, 15 ounces.

## Hussey Murder Case Due For Trial Monday At Palo Pinto

### 150 Prospective Jurors Called

One hundred and fifty prospective jurors have been summoned to appear in the 29th District Court in Palo Pinto at 9 a. m. Monday, Oct. 14, where District Attorney Earl Conner hopes to obtain a jury and try 18-year old Nathan Curry of Cisco for murder with malice.

A murder charge against young Curry was filed in Eastland County on July 5, 1961, for the slaying of Mrs. Florence Hussey in her home in Cisco on June 28, following a purported confession of the slaying by him. Curry, 15 at the time, remained in the Eastland County jail until a hearing in the County Court, August 9, 1961, at which time the murder charge had been withdrawn and he was tried on a substitute charge of breaking into Mrs. Hussey's home and committing an act of burglary. He was declared by the court to be a delinquent and was sentenced to the state reform school at Gatesville.

At that time, Mr. Conner explained that as a delinquent, Nathan Curry could be held at Gatesville until he reached the age of 17, at which time he could be charged and tried for murder as an adult.

The closed door hearing, and the instruction by the county judge to all attorneys and witnesses to make no comment regarding the hearing other than the above mentioned facts, were the first of many contributing factors which have appeared to veil the case with secrecy.

A series of legal actions began when young Curry was not charged with murder following his 17th birthday but remained at the state school at Gatesville. Attorney John Watts of Odessa was employed by the Currys, and failing to gain a hearing in Eastland County on a habeas corpus, he eventually obtained a hearing in the district court in Odessa last winter, where young Curry was ordered released to the custody of his parents.

Within a day or two, a murder charge was filed by District Attorney Earl Conner, and Nathan Curry was indicted for murder by an Eastland County grand jury, but remained free on bond. A hearing for a change of venue, requested by Attorney Watts, was granted, and after four days and 150 witnesses the case was denied. Trial was set for June, 1963, in the 91st District Court of Eastland, with Judge W. J. Oxford of Stephenville presiding, but after several days, when a jury had still not been selected, Judge Oxford (Continued on Page Seven.)

## 273 Militant Countians Cheered by USO Service

One of the organizations supported by the Eastland United fund drive is the USO — an organization which serves our military personnel all over the world, as well as stateside.

Two hundred and seventy-three boys and girls from Eastland County are a part of the more than 140,000 Texans in the military service. Texas has over 300,000 servicemen stationed within its borders at 71 military installations. These men and women are being served by 17 USO Centers throughout the state.

Admiral Arleigh A. Burke, USN (Ret.), National Campaign Chairman for USO, states "The current unrest all over the world and our apparent universal involvement causes us to wonder what he future holds. We all hope and strive for peace.

"In the meantime," continues Admiral Burke, "our country must remain strong and alert, dependent upon the young people in uniform in all parts of the world. Their morale and behavior are largely dependent upon us here at home. One of the best reminders we can offer them is the USO service made possible by federated giving throughout the nation."

The USO is a member agency of the Texas United Fund, along with eleven other

## Cisco Couple Purchase Rogers Truck Center

Mr. and Mrs. (Bill and Maude) Meador of Cisco announce they have taken over management and operation of the former Rogers Truck Center, Cafe and Motel, located eight miles east of Ranger on U. S. Highway 80.

The well known Cisco couple, who formerly owned and operated Truck Harbor on Highway 80 west of Cisco, assumed control of the Thurber Hill properties Monday, Oct. 7. The name is being changed to "Bill's Truck Center."

Previously, the firm had been operated by Tom Rogers for a number of years.

"We are highly pleased with our new location," Meador said, "and we're planning numerous improvements in the immediate future. In addition to our usual service station, cafe and motel facilities, we'd like to emphasize our speedy 24 hour road service for the convenience of truckers and motorists."

Bill's Truck Center features popular Mobil gasoline, lubricants and diesel fuels with special discounts for truckers. The station also handles all brands motor oil additives, tires, accessories, etc.

Meador said that improvements planned include butane installation and a new ice cock to service refrigerated trucks.

A native of Eastland County, Meador is an Army veteran of the Korean War. He is the son of Mr. and Mrs. R. M. Meador of Cross Plains and for several years after his discharge from the armed forces he was employed as a truck driver by the Halliburton Company.

His wife, Maude Meador, will supervise management of the cafe which also is open 24 hours daily and offers a complete service—short order sandwiches, fried chicken, sizzling steaks and other fine foods.

The couple has a daughter, Shelley Rae, 5, who will be enrolled in kindergarten in Ranger.

## Eastland County Singing Meet Set

## TESCO TOLD 'The Fabulous Future Depends On Now and You'

"The fabulous future is dependent on the magnificent present and your finding your place of service," Dr. Carl Winters told several hundred Eastland district employees and guests at Texas Electric Service Co.'s annual Quarter Century Banquet Tuesday evening.

The famous national lecturer, a member of the General Motors Lecture Staff, spoke too of the "Space Age," pointing out that the space around us, and the space within us, is equally as important as "outer" space, because the power for the fabulous future is within man.

"Choice add attitude make the difference, he said. The race we're constantly reminded of, he called the race for intelligence, or explosion; the race for growing up, or blowing up.

Frank Sayre, Eastland District Manager, was master of ceremonies for the event

## 60, Not 70, Legal Speed For Pickups

The maximum legal speed limit for pickups is 60 miles an hour, and not 70, Eastland County residents are being reminded.

They are also being reminded that it's best to be a legally licensed driver too, because the Department of Public Safety is currently conducting spot drivers license checks in the county, Sgt. Roger W. Sosebee has announced.

These legal requirements and others will be topics for discussion when the Eastland County Law Enforcement Officers Association meets at the Spot Restaurant in Cisco Monday, Oct. 14, at 7 p. m.

Business at the meeting will include the election of officers to head the county-wide organization. This will be the group's second meeting, Sosebee said.

# Ranger Bulldogs Surprises Jacksboro, 16-7

A bitter memory hung heavy over the Bulldog camp going into the game with Jacksboro Friday night, recalling a 40 to 0 defeat at the hands of the Tigers on a similar evening one year ago.

By the end of the game, this memory was replaced by one much more palatable, as the Bulldogs pulled a victory out

of the fire by a score of 16 to 7.

As the first quarter wore on it looked as though a repeat performance was in the making, before the Bulldogs were able to dig in on a far from adequate turf.

Jacksboro received the opening kickoff, moving 22 yards before being jarred loose from the ball.

Recovering the fumble on their own 37, the Bulldogs ran three plays for a net loss of 3 yards, before punting to the Tiger 47.

Jacksboro covered the necessary 53 yards to pay dirt picking up two first downs in the process.

The Bulldogs received the kickoff and moved for a total of one yard before Ray Newnam was called upon once again to perform his punting chores.

Receiving the punt, Jacksboro was held to no gain on three tries and was forced to punt.

From this point, as the clock ticked off the final seconds of the first quarter, the Bulldogs

ended with the Bulldogs on the Tiger 31.

Opening the second quarter, Ranger moved to the Tiger 15 before the drive was halted.

Taking over on downs, Jacksboro failed to secure the necessary yardage for a first down.

After a runback of 10 yards by Renteria to the Tiger 45, Ranger began their first scoring drive.

Newnam carried for 7, Drennan for 10 and 3. Edmonds carried for 3, Drennan for 1 and 3. This made it first and ten on the Tiger 18. Pounds carried for 1 and quarterback Johnny McGee passed 17 yards to Drennan to climax the scoring drive. McGee slid off right tackle for

the two point conversion and the Bulldogs led, 8 to 7.

Jacksboro received the kickoff and tallied 16 yards before giving the ball up on the Bulldog 43.

Ranger took over on downs, and picked up two first downs on five plays before the end of the half, left them stranded on the Tiger 34.

The Bulldogs received the second half, opening kickoff, with L. H. Pounds returning to the 30.

After Newnam carried for 5, McGee tried their right end with Drennan following the play. As McGee was stopped he lateraled to Drennan who added to the gain making the collaboration good for 21 yard Pounds carried for 2, Newnam for 6, McGee kept for four and the first down. From the 27, McGee carried for naught, four and minus five to bring up fourth and needing eleven for the first.

Expecting a screen pass, the Tigers cooperated beautifully, shifting their defense to cover for this, allowing ample time for Drennan to shake his fe-

ender before taking McGee's 33 yard pass into the end zone for the clinching touchdown.

The pass for 2 was good and Ranger led 16 to 7.

Jacksboro took the kickoff and drove to the Ranger 15 yard line only to fumble with Ranger led 16 to 7.

On third down after two plays got only two, Newnam quick-kicked to the 50. On an attempt to field he kick, Jacksboro fumbled and Ranger picked up a quick thirty yards and a first down at midfield.

The Bulldogs drove to the

... owners of land as well as prospective owners often discuss with us the many problems growing out of the ownership of real estate. One of the big problems, of course, is the title problem. We remind them that a few dollars invested in an abstract now may save them hundreds of dollars later on. The old saying that "a stitch in time saves nine" is still true and very aptly applies itself to many modern-day, real estate transactions.

Women's fashions may seem fickle, yet to some extent they reflect the state of the world for they tell how we feel about it. And the way we dress influences the way the world looks at us.

The sportive look — most prominent in fashion news for fall — is the climax of a trend that has been building for some time. It is most typical of the casual American way of life. The clothes are designed to suit the action filled lives of most women today. The lines are easy and relaxed.

And sportive fabrics are a natural for the layered look of two piece dresses, skirts, shirt-type blouses, vests, pull-overs and jackets.

Women who wear the sportive clothes may be of any age, may live in town or in the country. One thing she must remember is to coordinate her outfit carefully from head to toe. For although the sportive look is casual, it is far from careless.

Accessories complementing the easy lines and bulky fabrics of garments are shoes of fine leathers and low stacked heels to be worn with darker toned hosiery; smaller, more compact handbags in matching leathers or colors of fabrics, and gloves that go to all lengths.

The sportive look features a four-button glove that disappears smoothly under long sleeves, and the short sleeve glove to complement the sleeve that stops at the elbow or half way down the arm.

The bare space of the arm may be filled with bracelets. When the arm is covered, omit the bracelets.

Hats complement the sportive look both in shape and texture and have much importance in the fall fashion picture with the passing of the beehive hair style. Hair of the wind is part of the coordinated sportive look.

**Farm Bureau To Stage Annual Member Drive**

Ten dollars is a small fee to pay to protect an investment amounting to thousands of dollars, but that's all a membership in Farm Bureau costs, according to Jack Cozart of Cisco, president of the Eastland County Farm Bureau.

Mr. Cozart announced that the local county organization is staging its annual clean-up membership drive beginning October 14 and continuing through October 18.

The county farm leader declared that membership in Farm Bureau is the best assurance that a farmer or rancher has that his economic future is protected.

Farm Bureau is owned and controlled by its members and is primarily designed to safeguard and promote agriculture.

al interests on the local level, in Austin and in Washington," Cozart said. He explained that one of the benefits a membership in Farm Bureau buys is full-time representation in the Texas Legislature and national Congress.

"Three out of every four organized farmers and ranchers in this nation belong to Farm Bureau," he explained. "And our organization spares no effort to obtain maximum membership participation in the development of policies that guide the organization on all levels."

The Eastland County Farm Bureau has set a quota of 575 member families for 1963. Last year the organization had 562 enrolled.

## NEWSPAPERS ARE TOP SALESMEN

Television, like radio before it but to a far greater degree, has brought about major changes in the advertising picture. It has been an aggressive competitor with the other media, and its appetite for the advertising dollar, with the cost of producing even Grade B programs running to comparatively astronomical sums, seems insatiable.

But the power of the written word still gets top recognition. An announcement from Sears, Roebuck and Company will interest those who like to read as well as to stare. Last year the figure was \$58 million, which represented 71.2 per cent of Sears' total retail media expense. The balance went to advertising through circulars, magazines, radio and television, and other media.

A spokesman tells the story: "This is tangible evidence of our continuing faith in the potency of newspaper advertising. From the day Sears opened its first retail store, the company has made greater and greater use of newspapers. It is obvious that Sears store managers continue to regard the newspaper as their major medium for more than historical reasons. Their evaluation is based on the day-to-day results in their stores."

Television advertising is a catch-as-catch-can affair — you have to be looking at the set at the moment and it's gone in an instant. Print is durable and the prospective buyer can scan and consider it at his leisure.

### RANGERS-

Continued from Page 1.

The Rangers led almost the entire second quarter following Bolton's score from the seven.

With only five seconds left to play in the half, Abilene came on to score the go-ahead touchdown, taking the lead into the half time.

On three consecutive occasions, when the Rangers were driving, they drew penalties of 15 yards each. This killed the drive and forced the Rangers to give up the ball after having it on the Cowboy's 30 yard line before the penalties began to set them back.

I was Abilene's ball game from the half time on, although the Rangers came back to score once again half way through the fourth quarter.

The touchdown came on a 34 yard dash by John McKee, following excellent downfield blocking, paving the way for the score.

Going to the air once again, Abilene iced it a way with a 24 yard pass play, Parks to Underhill, for the final score of the ball game.

The Ranger's leading ground gainers were John McKee and Gene Bolton. McKee carried 14 times for 76 yards and Bolton had 41 yards on 13 trips.

Five members of the defensive team played both offense and defense.

Outstanding on defensive play were Bryon White, Wayne Thresher, Albert Pozzi, Rudy Ramirez and Eddie Franz.

"We feel that our quarterback has come of age," said assistant coach Parker. "He played a fine game and we think he will continue to do so for the remainder of the season."

ford ordered the case transferred to the 29th District Court in Palo Pinto and trial was set for 7 a. m. Monday, Oct. 14.

More than two years and three months have gone by since Nathan Curry was first charged with crime which he now denies. The state has subpoenaed about 30 witnesses, Mr. Conner said, and the prosecution plans to present the evidence as speedily as possible. Sam Cleveland, district attorney of Erath, Hood and Palo Pinto counties will assist the prosecution, and Mr. Conner said "We are certainly hopeful that we will obtain a jury."

Jury selection was expected to take from a day and a half to two days. When questioned concerning the sentence the state will ask, Mr. Conner replied, "All we can get. Under the law, if a juvenile commits a murder while under 17, the most we can get is 99 years. I will be very disappointed if we don't get a conviction."

Attorney Watts has not appeared in the county in recent months in connection with the case. Observers expected him to seek another change of venue as he did not appear enthusiastic about Palo Pinto when the announcement was made last June.

Young Curry has spent a quite summer at home with his parents, the F. P. Currys, in Cisco. Efforts to enroll him in school were defeated in 91st District Court last month.

## Annual Texas Prison Rodeo Set For Sundays In October

HUNTSVILLE — There'll be entertainment and thrills galore at the 32nd Annual Texas Prison Rodeo in Huntsville during each of the four Sunday performances in October.

In addition to exciting rodeo contests featuring the prison system's toughest inmate riders, this year's special guest stars will include four of the nation's foremost celebrities. For the opening event on Oct. 6, the stellar attractions were Minnie Pearl of Grand Ole Opry fame, and Eddie Anderson, Jack Benny's popular "Rochester." Minnie Pearl will return to the rodeo arena

on Oct. 20 as the star attraction.

Terry Wilson, who portrays the role of Bill Hawk in the weekly Wagon Train television series, has been booked for a personal appearance for the second Sunday, on Oct. 13.

Winding up the 1963 Prison Rodeo series will be Dizzy Dean, former baseball pitching ace and currently a prominent television sportscaster.

As an added highlight, Linda Loftis of Fort Worth, Miss Texas for 1961-62, a singing sensation, will appear on the program each Sunday in October.

Inmate cowboys will contest the wildest prison-produced rodeo stock ever assembled in any rodeo arena, said Albert Moore, veteran director of these annual events. The in-

mate contests include a mad scramble, bareback and saddle bronc riding, wild horse race, Brahman bull riding, and the prison's famous chariot race.

The Prison Rodeo is held in the prison's \$1 million stadium which has a 30,000 seating capacity. The show begins at 2 p. m. and moves at a fast pace for two hours.

Net proceeds from ticket sales go into a special fund for the benefit of more than 12,000 inmates of the Texas Department of Corrections. The money is used to furnish religious, educational, recreational and health services not supplied by legislative appropriations.

Reserved seat tickets are \$2.40, \$3.75 and \$4.40, tax included, may be obtained by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order.

Dear Editor:

Federal control of property without title or waiver of the owner's rights is in violation of law, a willful and false conception, which is causing so much hell as of now.

Under the Constitution of the United States the individual is exempt from arbitrary interference by the government with his liberty, his property or his opinion. This is not true of the Kennedy Administration... that which is not true is false and that which is false is a lie — a stranger in the eye of the law.

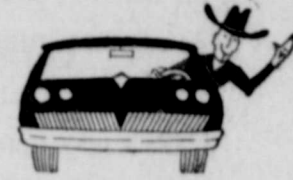

A beautiful thing may be ugly. A thing may be ugly yet beautiful, but a lie is a baseless thing; base though it be, the work of a warped mind bent on doing what is wrong.

The Bill of Rights, in the plain words which plainly express their meaning, corrupt that Bill of Rights, as is being fought for, and you substitute the rule of man for the rule of law and man, as free, has answered the last roll call.

Any person or group of persons attacking the Constitution of the United States is an enemy of freedom, an enemy of America — my enemy, here, up to here, and hereafter the enemy of all mankind.

A thing is as be, the evidence of the facts decide that which is determined.
