This is the time of year when college campuses all over the nation are donning the bright, flashy colors of their schools and cheering their football heroes on clear-scarred gridirons. Ranger Junior College is no exception. Rotary Leader To Visit City

Dr. C. J. Dodsworth, of Bowie, Governor of district 579 of Rotary International, world-wide service organization, arrives here Tuesday to visit the local Rotary Club, one of 40 clubs in his district. In addition to addressing Ranger Rotarians at their regular meeting, he will confer with Bill Collings, president of Rotary club of Ranger and other officers on Rotary administrative matters and service activities.

Dr. Dodsworth is a dentist in Bowie and is a member and past president of the Rotary club of Bowie. He was elected a district governor for 1964-65 at Rotary's 1964 convention in Toronto, Ontario, Canada, last June. He is one of 276 district governors responsible for supervising the activities of more than 11,800 Rotary clubs with a total membership of 553,000 Rotarians in 125 countries around the globe.

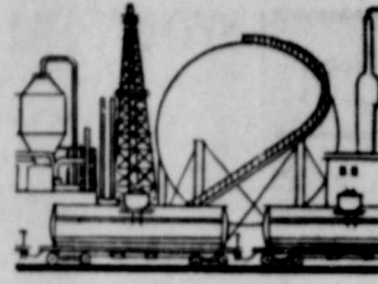

"The governor of this Rotary district," the president of the local club points out, "comes here not as an inspector but as a counselor to discuss such Rotary matters as expansion in membership, attendance at district meetings, and ways and means of implementing Rotary's program of service. He also comes to give Rotarians here in Ranger a better understanding of the global Rotary organization."

As the governor of this Rotary district, Dr. Dodsworth supervises the organization of new clubs in his area. Last year, more than 285 new Rotary clubs were organized in 45 countries.

Before assuming his duties as district governor, Dr. Dodsworth attended a nine-day meeting at Lake Palmd, New York, held to assist Rotary governors to meet the duties of their office.

RHS Bulldogs Sack First Victory With 23-0 Win Over Gorman '11' Friday

Unleashing a slashing ground attack and piling up 85 aerial yards, Coach Jack Duval's 1964 Ranger High Bulldogs notched their first triumph of the year at Brodson Field in Gorman Friday night when they toppled the Gorman Panthers, 23-0.

The Maroon & Whites gained 179 yards rushing during the non-conference contest which was witnessed by a capacity crowd. More than 500 Ranger fans followed the high school squad to Gorman for the RHSers' third tilt of the season.

The Bulldogs scored in the first, third and final quarters and added a total of five points after touchdowns. With just five minutes gone after the opening kickoff, Mel-

ton Kennedy, running the full-back slot, ripped across from the Gorman 6-yard-line, capping a down field march from their own 25-yard line. Halfback Larry Blackwell raced across the double stripes to add 2 extra points. Kennedy, Rnetaria and Quarterback Johnny McGee were the big guns in the drive for the first TD.

Five minutes deep in the third quarter, Kennedy again blasted over for a touchdown from the Panther 6-yard line. Blackwell then shot across for the 2 conversion points on a ground play. The scoring stab climaxed a 45-yard drive with some of the yardage coming off aerials.

Winding up their scoring, with only a little more than a minute left, McGee hit Leroy Pearson from the Gorman 14 with a paydirt pass. End Jerry Watson booted the extra point from placement.

The Bulldogs showed considerable improvement in both offense and defense.

Their passing was fair with 6 completions out of 16 attempts. Two of the Ranger aerials, however, were intercepted. And twice the Bulldogs fumbled. This was minimized, however, by recovery of four Gorman bobbles.

The losing Panthers made only 7 first downs and a total of 95 yards rushing. They attempted three passes all incomplete.

The game but outclassed District 18-B crew never did seriously threaten during the night.

The Bulldogs will be lashed through rugged daily afternoon drills next week, but they'll be idle Friday night. (Continued on Page 2)

Ranger's Pups Beat Ciscoans In Two Games

Ranger's junior high footballers got a measure of revenge for their Bulldogs, who lost to Cisco in the season's opener, in two games at Chesley Field in Cisco last Thursday night.

The Bullpup "B" team opened the night's program with an impressive 30-to-0 triumph, and the Bulldogs then won the main event, 20-to-16, in a game with action aplenty.

In the "B" game, Ranger scored twice in the opening quarter — the first on the two opening plays of the game on runs of 43 and 11 yards, and then they returned a punt 78 yards to score. Both extra points were made on line bucks.

In the second period, a 14-yard Ranger pass play added eight more points to the scoreboard and a sustained drive produced six points in the final stanza.

Cisco had two first downs and 52 yards rushing with 18 yards in completing one of (Continued on Page 2)

MINGUS MAYOR, ALDERMAN RESIGN; ELECTION SET

A special municipal election has been scheduled September 6 to elect a mayor and an alderman in Mingus.

Long-time mayor Lawrence Santi and alderman Gene Solignani resigned recently following a dispute over the operation of the town's water department.

Santi, who also served as water commissioner and operated the community's pumping facilities, came under criticism for the condition of the water and his operation of the plant.

When the aldermen voted recently to secure another operator for the water system, Santi and Solignani resigned. Mingus gets its fresh water supply from Thurber Lake.

Only two candidates had announced today, D. A. Heatherington for mayor and Douglas

W. Berden for the vacant alderman's seat.

Rounding out the governing body are Manse Jones, Albert Abraham, Mitch Bullard and Frank Lenzi.

Lenzi is the city secretary-treasurer.

Olden Residents To Discuss FHA Water Loan Thursday

Homer Cole, Farmers Home Administration Supervisor, will meet with the citizens of Olden Thursday, Sept. 24, at 7:30 p. m. in the Olden High School Gym, for the purpose of discussing the possibility of the community receiving a loan to build a water system.

The new Rural Area Development Plan will be explained by Mr. Cole. This plan is for the purpose of making long term loans to the citizens of rural areas of less than 2,500 population.

If a loan is made, the funds may be used to install or improve rural water supply and distribution systems that furnish water for household, livestock, garden irrigation, orchard and crop-spraying purposes and fire protection. A system may include capacity for commercial and industrial use when the cost of such capacity will be less than the cost of the capacity for other purposes.

It is necessary for the residents of Olden to attend this meeting to discuss this system before a definite step can be made in securing fire equipment for Olden. A meeting to discuss the equipment will be held at the Community Center, Saturday, Sept. 26 at 7:30 p. m.

Mr. Cole said organizations operating on a nonprofit basis, such as nonprofit corporations; irrigation, water supply, or soil conservation dis-

tricts; grazing or recreation associations; and small country towns and other rural political subdivisions are eligible for loans when:

They are unable to obtain needed credit elsewhere.

The proposed improvements primarily serve farmers, ranchers, farm tenants, farm laborers, and rural residents either by direct use or by economic benefits. Control of the borrower organization must remain with local rural residents and farmers, however, others may use the facility.

They have legal capacity to borrow and repay money, to pledge security for loans, and to operate the facilities or services to be installed with the loan funds.

They are financially sound and will be effectively organized and managed.

The Baird club is undefeated thus far with a record of three wins and no losses. They racked up victory No. 3 Friday night with a 33-13 triumph over Roscoe in a non-conference battle.

"Sorry I took a nip at that stranger. Now my master is being sued and it may cost him lots of money. It could be a very expensive bite!"
The danger of damage suits is always a possibility. Your dog may bite someone—a tradesman or visitor may be injured on your property, your slice might hit someone on the golf course. Without accidents can happen and you might be held liable for them.

\$1.5 Million Spent Annually For Home Repairs in County

An average of a million and a half dollars is spent annually in Eastland County toward the improvement of homes in alterations, additions and repairs.

This estimate is based on a sampling of dwellings in the area and in other parts of the United States made by the Department of Commerce in connection with the National Association of Home Builders and other agencies.

These authorities report that Eastland County residents spend some \$1,547,000 for repairs yearly or about \$217 per housing unit.

Extensive programs emphasizing the Federal Housing

Administration's Title I Home Improvement loans are conducted yearly by the banks and building material dealers in the three larger towns in the county which is believed to influence the total figure.

How was the \$1½ million in this county spent? Hard to say, the authorities report, but national figures indicate that some 41 per cent of it went for alterations and additions to the homes.

Painting accounted for another 17 per cent; plumbing, 8 per cent; roofing, 6 per cent and central heating and air conditioning, 5 per cent.

Miscellaneous costs for repairs, replacements and extensions made up the balance.

The authorities report that much more money is spent on homes that are occupied by their owners than on those occupied by tenants. The Census Bureau tabulations show that 74 per cent of the county homes are owner-occupied which is higher than the national average of 61.9 and the state average of 64.8.

JUDGE AND MRS. ELZO BEEN ... to mark 50-year marriage

Golden Wedding ... Judge and Mrs. Been to Observe Anniversary

Former District Judge and established in '18 and Elzo Mrs. Elzo Been, now of the Long Branch Community, will in 1924 and served until he elected not to seek re-election in '32.

He and Mrs. Been retired to their home on their Long Branch farm to raise their family, grow livestock and oversee their acreage.

In grandmother's day the burning of a sulphur candle was a regular part of the housecleaning that followed every case of scarlet fever, measles, or other contagious disease.

The beloved Judge Been retired as judge of the 88th District Court in 1932 after having served two terms. "I just don't like it. I worried too much about other people's problems — whether or not I had made a right decision in a case. And nobody comes to a court except in trouble," he said recently in looking back at his retirement.

He and his wife have made their home on a 700-acre farm in the Long Branch Community south of Carbon in the southern part of Eastland County for many years.

Judge Been is a trans-planted Arkansan, of Georgian and Mississippian stock. Born in 1883 on a farm about 20 miles south of Little Rock, he was twice an immigrant to this county — the first time in 1891 when he made the trip with his parents in a covered wagon and settled in what is now the Kokomo Community (then known as Simpson). The Been clan stayed two years, trekked back to Arkansas and spent seven years there before coming back for a permanent tenure. They settled in the Long Branch community upon their return and young Elzo went to school in a one-teacher classroom there and later attended Howard Payne College and Hankins Normal at Gorman. He met Fannie Cannon while both were students at Rankin Normal and the two were married in 1914.

As a girl, Mrs. Been had lived on a farm south of Rising Star. She taught school in Comanche County and at May after finishing Hankins Normal. She was teacher at May when she and the judge-to-be said their vows.

After completing his schooling, Mr. Been taught the one-teacher Long Branch school for two years and decided he wanted to be an attorney. A term as deputy tax collector had whittled his legal curiosity. He completed the studies at Cumberland University at Lebanon, Tenn., in 1913 and came back to Texas to hang out his shingle, locating first at Rising Star. In a year he was elected district clerk the same year Joe Burkett moved up as district judge. Clerk Been served one term, was elected to another and was appointed county attorney by the commissioners court after the death of George Vaught. And it was as county attorney, that the young Been saw the oil boom hit the county and "made the count."

Democrats Had Good Meeting, Hogue Reports

The State Democratic Party convention in Dallas Sept. 14-15 was one of harmony and produced good results, according to Grady C. Hogue of Cisco, who headed the Eastland County delegation.

Mr. Hogue, who had been sponsored by a group of friends for the office of state committeeman from the 22nd Senatorial District, said he considered it a fine honor to be considered for the place that went to Dave Clemons of Mineral Wells. Mrs. Macon Boddy of Henrietta was named the 22nd district committeewoman.

'Governor Connally's program and service to the state has been so outstanding that there were many of his friends, myself among them, who would have been honored to work with him as a party official,' Mr. Hogue said.

'This is a very expensive honor and I am better off financially without it. East-

land County did receive two appointments out of the seven places to be filled in the 10-county district. This might be interpreted as an indication that the Governor felt that we have been doing a good job here in our county and needed to do everything possible to carry some of the larger cities near Cisco.'

Mrs. Jeannette Harris and Mrs. Ann Justice, both of Eastland, were named to committee posts in the district.

The district committeeman post became vacant when Randall Jackson, formerly of Baird, moved to Abilene some months ago.

Mr. Hogue said that the convention made plans to work hard for a Democratic victory in the November general election.

To enjoy both beauty and eye comfort in the living room, you need three kinds of light: (1) general lighting for overall room illumination; (2) local lighting at chairs and sofas for close visual tasks; (3) accent lighting for decorative purposes. Your lighting dealer will gladly help you choose the lamps and fixtures you need for modern Light for Living. Or call our office and we'll send a lighting specialist to help you with suggestions.

Garden Club To Landscape RJC Administration Building Area

Ranger Garden Club committee members met Wednesday morning at 9:30 a.m. in the home of the president, Mrs. Jesse White on Lake Leon Road, to discuss ways and means to finance the club's landscaping project at Ranger Junior College.

The club had voted last spring to landscape the area at the entrance to the Administration Building, as the civic project for the year.

Present for the Wednesday meeting were Mrs. A. W. Brazda, chairman of the landscaping committee, R. L. Hamrick and David Allison, of the civic committee, and D. E. Pulley, chairman, Joe Rippy and G. C. McGowan, all of the budget committee.

The area to be landscaped is approximately 30' x 40', lying between the walks leading to the double entrances of the building. A flagpole centers the area and a 12' high curved wall of natural stone, forms the background.

The club has determined the cost of the project and at the committee meeting decided to hold game tournaments to raise the necessary funds. The tournaments will be held on September 29, October 6, and October 13, at 7:15 p.m. in RJC Cafeteria. Door prizes will be awarded each night and winners' prizes given in each category.

Mrs. White said donations for the landscaping would be accepted by Garden Club

American Red Cross Gets Boost From United Fund Contributions

The American Red Cross, Eastland County Chapter, is another of the seven local agencies that benefit from the United Fund proceeds. The Ranger Chapter's request for funds this year is \$1200. The local Red Cross board is composed of Don Yarbrough, Mrs. D. E. Pulley, and Mrs. G. A. Fyffe.

Home Service is the outstanding feature of the Red Cross in Eastland County, for it serves not only the armed forces, but veterans and their dependents as well. Home Service is the link between the home and the armed forces all over the world. Messages are sent by the Red Cross to notify the boys that an emergency exists in the home, and to verify the need for emergency leave. In turn, through Red Cross, they ask for health gear through the Home Service and \$48 was to servicemen's family in Ranger.

The Red Cross assists with government benefits when it and welfare reports on their families. A total of 76 families were served in this way this past year, that ended

June 30, 1964. Twenty one families were served in Ranger, as well as to make reports for the veterans and their dependents.

He was assisted by Miss Kay Wallace and Miss Peggy Hailey of Cisco. The two girls were trained as Swimmers' Aides, and helped the instructor as volunteers, with the swimming classes. There were 129 swimming certificates issued from beginners through senior life guard.

Theme of the exhibit is "We'd Rather Switch Than Fight". The creation contrasts a cluttered, uncomfortable sewing center, at left, to a well-planned, organized unit which is not only attractive but functional. Annual Pecan Orchard Tour Is Planned For Sept. 25th

Six orchards will be visited Community, 10 miles south of Eastland County Pecan Growers Association on Friday, Sept. 25, according to C. E. Smith, Rising Star grower and president of the group.

Starting from the El Rancho Cafe in Ranger at 9 a. m. on the above date the first stop will be at the B. B. Freeman orchard in the Cheaney Community, 10 miles south of that city.

The second scheduled stop will be at the E. A. Walker orchard followed by the orchard of Joe Bob Browning, both south of Gorman.

After lunch and a short business session of the organization at the Brown Jug Cafe in Gorman, the group will inspect the Charley Underwood, the Les Wallace and the C. D. Simmons orchards. Somewhere Someone

Needs Your Old Glasses

AND THANKS TO THE
GENEROSITY OF
EASTLAND COUNTY PEOPLE

Many, many pair of discarded glasses will soon be helping poor-visioned, less fortunate people see again. Because many pair of unused glasses have been donated for this worthwhile cause since we made our first appeal.

As a public service, we are collecting these useless eyeglasses for New Eyes for The Needy, Inc., a non-profit, non-sectarian charitable organization which distributes your donations wherever they are needed. We feel sure that these people who will be helped because of your generosity would want us to publicly thank you. And so we do, and solicit your continued support for this program.
