

OGDEN'S CAR WASH, owned by Bill Ogden and making a new and convenient do-it-yourself service available to Ranger and area motorists, opens Saturday. And during that opening day, they're offering a special FREE deal. See their advertisement on page five of today's Times.

WITH ONLY 10 days to go, Ranger citizens are being asked to give MORE to the United Fund drive now in progress.

If you haven't given or if you haven't been contacted, clip out the handy form at the top of page five and mail it to "United Fund, Ranger, Texas."

You really benefit your community when you GIVE and GIVE GENEROUSLY. For instance, 25 cents out of every dollar will go to support Teen Town, 23 cents go to aid Boy Scouting, 12 cents to Salvation Army, nine cents to the Community Public Library, and one cent to the Camp Fire Girls.

RJC Hosts Texarkana Thursday

Coach Gerald Williams Ranger Junior College Rangers, with only one victory in five outings, will be out to rack up win No. 2 here Thursday night at new College Stadium when they collide with the Texarkana Junior College Razorbacks.

It will be another Texas Junior College Football Federation contest for the Purple & Whites and kickoff time has been set for 7:30 p.m. sharp.

This will be the third meeting of the two elevens. They haven't engaged in combat since the late 50s. In 1958, in their first duel, the Razorbacks ripped the Rangers, 53-2. Then the following fall—in 1959—they again triumphed over Ranger Junior College, 25-6.

Coach Williams early Wednesday reported that his squad is in top shape—mentally and physically—for the Thursday night tilt, their third home appearance of the season.

"I believe our boys have the will to win," Coach Williams said, "and I'm confident they'll be in the long end of the score at the final gun."

The RJC mentor will continue with the same offensive and defensive combinations. On occasions they have been dazzlingly effective. On many others they have made mistakes in crucial moments. But they have been steadily improving.

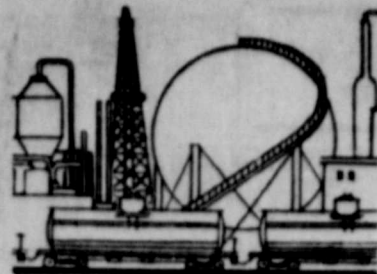

The Rangers have a one win - four lost record compared to Texarkana's season slate of four triumphs against only two defeats.

The Purple & Whites dropped their opener Sept. 19 to the New Mexico Military Institute Broncos at Roswell, N. M., 19-12, upset Tyler Junior College here, 22-9, fell before Wharton at Wharton 28-6, and last Saturday night were shut out in the Peanut Bowl at Eastland, 14-0.

The invading Razorbacks posted a 6-5 record during their 1963 season, appear improved during their current campaign, according to reports. They've defeated Cisco, Blinn, Navarro, Henderson County and Kilgore thus (Continued on Page 2)

Demo Barbecue And Rally To Attract Big Attendance At Eastland's City Park

Barbecue and party unity will be the order of the day at the Democratic Rally in City Park in Eastland tonight (Thursday), it has been announced. Congressman Jim Wright of Fort Worth will deliver the keynote address and hundreds are expected for the gigantic party event. County Chairman and coordinator Mike Collins of Eastland has announced. Serving of the barbecue is scheduled to begin at 6:30 p.m. and the rally probably will kick off at 7:30 Collins said. A pre-purchased ticket will be necessary for the barbecue, but the rally is all free and everyone is invited, he said.

Mary Green of Carbon Buried In Tuesday Rites

Miss Mary L. Green, 43, of Carbon passed away Sunday evening in the Ranger General Hospital suddenly and unexpectedly. She complained of feeling ill and was admitted only for a short time before she expired. Miss Green had been employed as a ticket agent at the bus depot in Ranger, but of late had been living at home in Carbon caring for her grandmother, Mrs. Ella McNeese.

Jury Commission Makes 91st Lists

A 91st District Court jury commission went into deliberation Tuesday morning. Serving are George Boyd of Cisco, Gene Rhodes and E. E. Layton, both of Eastland. Judge T. M. Collier, back in his office following a recent illness, called the commissioners together to pick panels. A grand jury is expected to be selected.

Governor Issues Proclamation On 'Food Is Bargain'

WACO — "Food Is A Bargain" time will be observed in Texas October 19 through 31 by official proclamation of Governor John B. Connally. Leslie L. Cisco Blanks Ranger, 14-0, In 5th Annual Peanut Bowl Grid Classic

The Cisco Junior College Wranglers earned their fourth Peanut Bowl trophy in Eastland Saturday night by downing the powerful Ranger Junior College Rangers 14-0 in the annual classic in Maverick Stadium.

A near-capacity crowd watched the grid dual between the defensive giants highlighted by Bowl color with half-time spectacle and pre-game festivities. It was a hard-fought, grueling battle down to the wire as Cisco chalked up 127 yards in penalties and the Rangers were handed setbacks totaling 95 yards. The Wranglers scored twice in the second quarter and held off a last-second Ranger drive that died on the one-foot line to claim the win.

Winning honors in the giant Saturday afternoon downtown parade was the Eastland County 4-H Club Council, which annually sweeps the parade's float honors. Giant, golden replicas of the famous Eastland County "peanut" was float theme for the winning 4-H'ers.

UNITED FUND LEADERS MAP 10-DAY DRIVE

Friday will be "United Fund Day" in the Ranger Public Schools, according to Mrs. D. E. Pulley, new chairman of the city's 1964 UF drive. Students of Ranger High School, Young Elementary and Hodges-Oak Park Elementary are being asked to make contributions in their classrooms on that day.

Mrs. Pulley was appointed to the fund drive chairman post following the resignation of Rev. B. L. McCord, pastor of First Methodist Church, who has been transferred to Comanche.

With the UF campaign still far short of the city's \$6,856 quota Monday at noon, a group of workers met at the Chamber of Commerce office at 2:30 that afternoon to map plans for a final 10-day fundraising push.

Mrs. Pulley announced that closing date of the 1964 drive is Saturday, October 31. Early Wednesday, Don Yarbrough, treasurer of the local UF organization, announced that contributions totaled \$4,336.00 — \$2,518.00 away from the \$6,856 goal.

Ranger, Eastland To Renew Rivalry In Friday Grid Tilt

A torrid, hell-for-leather gridiron rivalry which began 42 thrill-packed autumns ago will be heatedly renewed on the cleat-scattered, memory-laden turf of Bulldog Stadium in Ranger Friday night when the Ranger High Bulldogs host the Eastland High Mavericks. How hospitable the Maroon & White hosts will be remains a moot but logical question.

114 Voted Absentee

Eastland leads by the slim margin of one over towns in the county in absentee voting for the Nov. 3rd general election. At mid-week, a total of 114 votes had been cast in the county clerk's office. Eastland voters accounted for 39, followed closely by Cisco with 38. Twenty-two Ranger voters had cast absentee ballots. Absentee voting began Oct. 14 and concludes Friday, Oct. 30.

Other counts: Oiden, one; Gorman, eight; Carbon, two; Desdemona, two; Rising Star, one; Pioneer, one.

that was in 1945 when both played such stubborn and rock-ribbed defense that neither was able to cross the other's rigidly-guarded double-stripe, the pearly gates to coveted pay territory.

The Ranger High Bulldogs are rated favorites to win the Friday night tussle. But, as followers of both schoolboy grid crews know, that's just paper stuff.

Past history has proven on countless occasions that when the Red & Black Mavericks of Eastland collide with the Maroon & White of Ranger anything can happen — and it usually does.

Despite the fact that the outcome of this Eastland-Ranger pigskin war of '64 won't be determined until that fateful final gun, here's the way, record-wise, the two squads stack up: Ranger's starting offensive team averages 173.4 pounds per man — more than 29 pounds more than the 150.2 pounds average of the Mavericks. But a comparison of backfield weights shows Eastland with a slight advantage.

The Mavs' four starters in the secondary tip the beam at an even 165 pounds while the Bulldog backfield quartet averages 163.5 pounds. The Ranger starting line averages a hefty 179 pounds compared to Eastland's average of 153 pounds-per-man in the forward wall.

It seems that lately there
has been a great rise in the
sell of "how-to" books, and
to be honest, I, too, have
bought a few. But the most
popular of these books is the

Greer, president, and Mrs.

There is a nice stock of good
used, clean apparel priced
worth the money, the ladies
say.

WE ARE GRATEFUL to
Calvin Brown for this inter-
esting little item taken from
a trade bulletin. The three
paragraphs were titled "Santa
Claus Comes Early." They
are to wit:

Two weeks ago we ran a
paragraph in the bulletin to
help locate a former Valley
lumberman, Mr. N. E. Buescher,
who had a dormant ac-
count with the Bank of Com-
merce of Fort Worth, dating
back to the 1930's.

Mr. Buescher was located
and made contact with the
bank not knowing whether the
amount was 15c or \$1,000,000.

We are advised that Mr.
Buescher had signed a contract
back then to purchase shares
in Franklin Life Insurance
Company. He had given up
after a few payments thinking
he forfeited all rights. Today
that account is 506 shares of
Franklin Life Insurance Com-
pany stock and is presently
selling for \$60 per share. A
nice windfall.

Peanut Raisers To Fight Costly Mold Damage

The entire peanut industry
from Eastland County to Ari-
zona and Virginia faces its
greatest challenge in history,
according to J. M. Cooper,
Eastland County Agricultural
agent, who said that mold
damage from peanuts must
be eliminated from all pen-
uts used for feed or food.

A common mold occurs in
peanuts, wheat, corn and other
grains which are improper-
ly handled during harvesting,
curing, storing or processing.
Mr. Cooper stated Aspergillus
flavus, the mold or fungus
involved, produces a toxin
which has caused death to
some fowls and small ani-
mals. Even though there has
been no known cause of hu-
mans affected by this afflic-
tion, the county agent said,
rigid regulations are being
out in force by Food & Drug
authorities to eliminate any
possibility of contaminated
peanuts being consumed, and
an intensive research and ed-
ucational program is being
undertaken by Texas A&M
University.

Fortunately, Mr. Cooper
added, methods of harvesting,
curing and storing of peanuts
can be followed, which will
avoid this mold damage. The
hazard may be reduced by
harvesting promptly when
most pods and kernels are
mature, rapid windrowing of
pods after digging, proper ad-
justment of the combine and
taking care that excessively
green or wet peanuts are not
combined, and following ap-
proved methods of artificial
curing.

Mr. Cooper said that gov-
ernment officials will make a
careful inspection of the 1964
crop as it is marketed in or-
der to assure consumers that
they are getting a safe,
wholesome product.

NO MORE SOCIAL SECURITY IF BARRY GOLDWATER IS ELECTED

???

This is a vicious lie and an insult to the intelligence
of the American people. The Social Security program was
first enacted into law by the Congress (the duly
elected representatives of the people) back in the early
years of the Roosevelt Administration. Its benefits were
increased and its coverage was further broadened under
the Republican Administration of President Dwight D.
Eisenhower.
As long as American citizens want the Social Se-
curity program, we will have it. No one man can deter-
mine its fate in this democratic nation. It can be altered
or changed only by our Congress which is elected by us
and represents every citizen.
Quoting Barry Goldwater: "I favor a sound Social
Security system and want to see it strengthened."
Goldwater opposes socialized medicine (Johnson's so-
called "Medicare Plan") and does not feel that this costly
and insidious regimentation in dictating your choice of a
physician or surgeon should be incorporated into the
Social Security program. It is un-democratic and econ-
omically unsound and could result in the eventual col-
lapse of our present Social Security program which is
benefiting millions of Americans.

Benefit Game Tournaments Are Termed Success

The last of the three benefit games tournaments given by the Ranger Garden Club in the Ranger Junior College Cafeteria was well attended. A large group of both bridge and forty-two players were present, and college boys joined the party for the auction of cakes and pies which followed the games.

The tournaments, planned to raise funds for landscaping the plot in front of the new college administration building, were successful financially, and the Ranger Garden Club members wish to express their appreciation to all who had a part in making the affairs a success.

Plans for the landscaping are in the making, and the actual work of planting and landscaping will begin soon, according to Mrs. J. W. White, president of the Ranger Garden Club.

McCords Feted With Reception

The Women's Society of the First Methodist Church honored Rev. and Mrs. B. L. McCord Sunday evening immediately following the evening service in the fellowship hall with a reception. Rev. and Mrs. McCord left Wednesday to assume his duties as pastor of the Methodist Church in Comanche.

Cookies, sandwiches, punch and coffee were served to approximately 200 members and guests.

The serving table was covered with a linen cutwork cloth and the centerpiece was a miniature moving van filled with an arrangement of Chrysanthemums. Appointments of silver and crystal were used.

Hostess was the committee on local church activities, Mrs. J. B. Craig, Mrs. T. C. Wiley, P. T. Smith, John Robertson, Bate, Hamilton, Killingsworth, Matthews, McAnelly.

Ranger Citizens Thanked For Help and Support

The co-operation of Ranger citizens contributed greatly to the success of the Games Tournaments held recently at the Ranger Junior College Cafeteria by the Ranger Garden Club.

Mrs. Jesse White, club president, wishes to thank the Ranger Times and Mrs. Pete Miller, KERC reporter, for the fine publicity given about the tournaments. Dr. Theodore Nicksick for the use of the RJC cafeteria, Mrs. Mildred Bonney for helping serve refreshments, the civic budget and Landscape planning committees and the 100 per cent club participation; also to the merchants of Ranger for the donations of gifts for prizes and to each individual who attended or contributed in any manner.

The money that was made from the tournaments will be used to landscape the area in front of the new administration building at RJC.

Mrs. White stated that she hopes that this civic project will remind each person that has had a part in it that the contribution they made will help to make their college, their city and their community a better place in which to live.

RHS REPORT

By SARAH COOPER

The game against Rising Star was just great last Friday night, Bulldogs. The spirit is high at RHS this week for the upcoming Eastland game. It should be a big battle to the end.

Last week the football princess chosen was Cathy Rogers, a junior at Ranger High. She is a member of the Future Homemakers and has been a cheerleader for two years, has lettered for the past two years on the girls basketball team and served her class her freshman year as reporter. She is the daughter of Mr. and Mrs. Alton F. Rodgers of Ranger. The last princess of the year will be chosen this week and a sweetheart will be crowned at the homecoming game, chosen from the four princesses.

Also last week the FFA selected as their sweetheart, Jane Anne Bradford. She was Ranger's entry in the recent Peanut Bowl contest and is now reigning as Rodeo Queen. A freshman, Jane Anne is a member of the FHA and is the daughter of Mr. and Mrs. Don Bradford of Ranger.

At the FHA meeting last Monday a program was presented with Ray Newnam, Tommy Lenzini, Don Burton, Johnny McGee, Verganna Goswick, Janice Black, Dixie Hodges, Jan Watkins and Sherry Sullivan forming a panel which discussed dating and its problems. Some of the ideas conflicted but the program was very interesting.

Students from RHS who helped beat up the car furnished by RJC hand students really did a bang up job on it. I wouldn't advise punishing your own car like that though, no matter how disgusted you might be.

Leroy Duke is organizing the girls' basketball team, of which he will be coach. Girls showed up for first practice

Monday afternoon. A team of fifteen girls will be chosen at a later time.

With the upcoming presidential election, it seems everyone has political views on the subject. Students at RHS are no different.

Tommy Lenzini, a senior, is for Johnson, the Democratic candidate. In his words, "I feel that Johnson is the most capable candidate and I do not wish to have a John Birch type of government, which Goldwater would bring."

Junior Lawana Eddleman still remains undecided for, as she puts it, "They both have good points and bad ones."

Larry Herrington, a senior, is for Johnson because he is for Social Security.

Sherry Sullivan, junior, says, "I want Goldwater because I think that we need an honest man in the White House. I agree with most of his policies and think he is the best man for the job."

"Even though Johnson has experience, Goldwater will still make a better president," Lewis Pounds, a freshman says, "because he is someone they can trust, who thinks before he acts, and who doesn't change his story in every other speech he makes."

Verganna Goswick wants Johnson for president because, "Goldwater thinks he already has it made, and Johnson has had the experience of the Presidency and knows how to do everything."

When asked his viewpoint, senior Gilbert Nail replied, "I'm for Goldwater because in my heart I know he's right—they finally convinced me."

I think it's time for a Republican anyway. If the people don't like him, they can get a Democrat in '68," and states-rightist says, "I favor Goldwater's ideas because it is my belief that only by some strong conservative influence can our National government be restored to its proper place and our states be restored to their proper positions of authority."

Doctors Launch Educational Program To Inform Public Of Health Programs For The Elderly

The Texas Medical Association, and the state's 114 county medical societies and their 2,200 member physicians have launched an intensive educational program to acquaint the people of Texas with the broad range of health care available to the elderly.

Locally, the program is being coordinated by L. R. Gohike, M.D., Ranger, president of the Eastland, Callahan, Shackelford, Stephens & Throckmorton Counties Medical Society, his doctor, or the Texas Medical Association.

The educational program in Texas is being conducted in conjunction with a national program inaugurated by the American Medical Association. Dr. Gohike said that "Any one over 65 who wants information on programs in Texas is invited to contact the Eastland, Callahan, Shackelford, Stephens and Throckmorton Counties Medical Society, his doctor, or the Texas Medical Association."

Texas Medical Association is also actively supporting the passage of Texas Constitutional Amendment Three this November, in order that health care benefits may be provided to those not on Old Age Assistance but who are unable to pay for needed medical services.

Dr. Gohike said that "Any one over 65 who wants information on programs in Texas is invited to contact the Eastland, Callahan, Shackelford, Stephens and Throckmorton Counties Medical Society, his doctor, or the Texas Medical Association."

30 Peanut Tourers Find Crops Almost Up To Par

An interesting and educational tour of six peanut farms in the Gorman area of Eastland County was attended by 30 people last Thursday.

The tour was planned and led by County Agricultural Agent J. M. Cooper with the assistance of two members of his crop Improvement Committee, D. B. Warren of Gorman and Oscar Schaefer of Rising Star.

Although only 21,000 acres or 57 per cent of Eastland County's allotted acreage was planted this year, due to an extremely dry spring, it is felt that the big rains of August and September may bring the overall county production close to that of recent years.

The tour began at Vernon Files' farm, 2.5 miles south of Gorman.

The visitors, representing all parts of Eastland County, as well as Callahan and Comanche counties, observed a crop which was planted the last few days of July. It was determined that this crop was 79 days old and seemed to be in excellent condition from the standpoint of growth of vines and progress of fruiting.

B. C. Langley of the West Cross Timbers Experiment Station, Stephenville, predicted that this extremely late crop could, in another five or six weeks, develop an average or better yield of peanuts, providing a killing frost is delayed this long. Mr. Files' peanuts are of the Argentine variety.

The next stop was the farm of Bill Andrey, approximately one mile west of Gorman. His crop was predominately of Argentine Spanish variety, developed with assistance of an irrigation system installed by Andrey in the late summer.

The group was particularly interested in the installation and operation of the irrigation system.

Many similar systems for uses in production of peanuts and Coastal Bermuda are expected to be installed on area farms next year.

The last morning stop was at the farm of Mitchell Campbell, four miles west of Gorman. Campbell displayed his crop of certified Spanish Starr peanuts, being grown under the registered seed program of Texas A&M University.

He explained the regulations and requirements pertaining to farmers who produce seed under contract with the university.

Those on the tour lunched at the Brown Jug Cafe compliments of Southwestern Peanut Growers' Association.

After lunch, Ross Wilson, manager of the association, discussed the quality control program being carried on this year by the association, in cooperation with the USDA, the peanut shellers, growers and inspection service.

Following lunch, those on the tour visited the farms of D. B. Warren, Claude Fuller, and Wayne Eaves, north of Gorman.

The group observed the test plots for nematode control at the Warren farm and observed peanut production under irrigation sprinkler systems at the farms of Wayne Eaves and Claude Fuller.

Accent on Health

J. E. PEAVY, M.D., Commissioner of Health

Your PH is showing . . . it always does.

PH (personal hygiene) always shows, whether you've brushed your teeth or combed your hair. And whether or not you've had a bath is quite obvious, too, to those people who work or play around you.

Not only is PH — call it cleanliness if you like — an investment in success but it's a definite investment in health and a disease deterrent.

How is this so? With good PH you can often break the chain of disease transmission. Diseases don't just happen. The circle of disease transmission — simply means that germs which cause disease are permitted to enter your body by some process. For example, if you cut yourself and the wound is not properly cleaned, germs may enter the body and multiply, causing an infection. Or someone with the flu may cough or sneeze in your face. The virus, inhaled into your system, may cause you to have a case of the flu.

The circle, or spiral as it may become, continues when you pass the germ on to someone else.

Handwashing — thorough scrubbing with soap in hot running water — is one of the very best known ways of preventing the spread of disease.

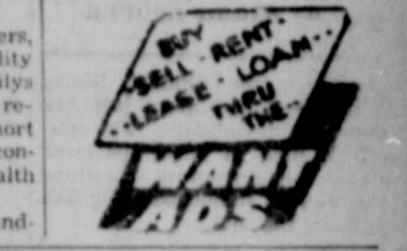

A mother who does not wash her hands before fixing baby's bottle may quite unknowingly precipitate a case of diarrhea.

Or if you are eating out and visit a public restroom without thoroughly washing your hands you may be inviting a case of infectious hepatitis, diarrhea or worse.

The kitchen at home is certainly not immune. Food-handlers especially need to be

ard of PH through a daily bath, tooth brushing after meals, frequent hand washing and good sanitation in your home.

Sparkling PH will pay off with health and happiness for you and your family.

Road Work Seen As Benefit For Deer Hunters

AUSTIN — Texas hunters, poised for what could be the greatest deer harvest, were admonished by J. B. Phillips, law enforcement coordinator for the Parks and Wildlife Department "to begin getting in their road work."

He cautioned that "all too many" nimrods spoil the sport of going afield for lack of condition.

"Each year," he advised, "our snowballing soft way of life sends more people after their favorite target in increasingly poor physical condition."

"Of course, it's too late now, what with the regular season opening at mid-November, to get all muscled up. But as your physician will agree, you can work off some of the rough edges."

"I am told that plain, old-fashioned walking may do the job. At least, it can ease the transition from routine chair calisthenics to the rigors of the hunt."

Phillips said nowadays, with more and more people having year - round air conditioning at home as well as at offices, the mere "exposure" to fresh air can be a trial for some hunters. "Then," he said, "if you blend in a wet Texas norther, the average inactive person really gets the crucial test."

He added statistics show that heart attacks are a major cause of hunter ailments in the field.

"Our best advice then is," he said, "for the hunter to begin in re-acclimation routine. And we are told if he does nothing better than 'get his legs in shape' he will have automatically enhanced his own physical welfare for the big hunt. Of course, simple deep breathing exercises will help."

Phillips continued the best counsel is to have a checkup before the annual field invasion particularly for those over-weight and past middle age.

T. played football and was a member of the FFA and student council. Six feet two inches tall and weighing 170 pounds, Wisener has chosen the University of Houston for his senior college where he will finish majoring in engineering and his minor in mathematics. J. In her freshman year she was the 1963 Peanut Bowl Queen nominee from Ranger. Planning to attend North Texas State University, she has chosen business education as a major.

Secretary - treasurer for RJC's student body is Jane Spears from Clyde. Jane is a feature twirler in the RJC band. At Clyde High School Jane played basketball and volleyball, was drum major, and was in FHA. Jane's parents are Mr. and Mrs.

Rufus P. Spears. During her freshman year at RJC Jane was kept very busy as she was in the band, was freshman favorite, freshman secretary - treasurer, and band secretary - treasurer. Jane's interests take in twirling, basketball, and most outdoor sports. She plans to be a teacher or an airline stewardess and is majoring in elementary education.
