

Ranger's 1964 United Fund drive closed late Saturday far short of the \$6,856 goal. Incomplete reports indicate contributions of Rangerites totaled about \$5,000. If you haven't given, why not make your donation NOW? Use the handy form below on the front page of today's Times.

RANGER JUNIOR College is the recipient of some attractive molded concrete lawn furniture, donated by Grimmitt Concrete of Azle, Texas. The gift consists of two white moulded concrete benches and two white petal-shaped concrete bird baths. A bench and bird bath have been placed between the new Administration Building and the Science and Classroom Buildings on each side. The graceful lines of the bench and bird bath are in keeping with the lines of the new buildings. The pieces will be marked with small bronze plaques giving the name of the donor.

ENJOYED A VISIT to Southwest Machine & Engineering Co. on North Austin Street, just north of the Ranger post office, Thursday and we'll be featuring this fast-growing industrial enterprise in the next issue of The Times. G. E. (Red) Langford is the owner of this firm which will be an important part of Eastland County's industrialization campaign. Southwest's payroll is now running about \$50,000 annually and Langford hopes to double it to \$100,000 by the end of 1965. Complete details — and pictures — coming next Thursday. Additional good news is that the new owner of Ranger's livestock auction — located on U. S. Highway 80 east — are planning numerous and extensive improvements on their market facility. New owners are Sig Faircloth of Carbon, one of the Southwest's veteran auction marketmen, and Bill Harrison of Eastland. Sale is held there by chanting auctioneers every Thursday. Charles Fox, directing Ranger's oil museum project, made some excellent contacts when he attended the Permian Basin Oil Show at Odessa last week. Fox met many of his (Continued on Page 2)

DeLeon Upsets Bulldogs, 28-20

DeLeon Fullback Johnny Terrill, one of three classy Bearcat backs, powered over from the Ranger High Bulldogs' 3-yard stripe in a tense fourth quarter Friday night at DeLeon to cinch a 28-20 defeat for the Maroon & White charges of Coach Jack Duval. Although the winning Bearcats held a statistical edge, the game was evenly played when it came to penetrating into all-important paydirt territory. Ranger held an 8-0 bulge at the end of the first quarter, were out front at half-time, 14-12. But the battling Bearcats bounced back in the third quarter with a TD and two bonus points to pull into a 20-14 lead but the game RHCers came back with a tally to tie it up at 20-all.

Record Turnout Of Voters Seen For Tuesday's General Election

SEN. BARRY GOLDWATER PRES. LYNDON B. JOHNSON GOV. JOHN CONNALLY

How Will Vote Compare With Former Years?

Will Eastland County be in the Democratic or Republican column after Tuesday's general election.

Right now that's anybody's guess — and basing judgment on past voting records, it could go either way.

In the past dozen general elections the county has voted for Democratic presidents eight times and Republican presidents four times.

Voters picked Democratic administrations in 1920, 1924, 1932, 1936, 1940, 1944, and 1948. The county voted Republican in 1928, 1952, 1956 and in 1960. Recent voting records look like this:

(Statistics for 1920, 1924 and 1928 not immediately available):
 1932 — Demo, 4,958; GOP, 598; Socialist, 47; Communist, 2.
 1936 — Demo, 4,659; GOP, 724; Socialist, 16; and Communist, 2.
 1940 — Demo, 5,818; GOP, 1,963; Socialist, 2; Communist, 1.
 1944 — Demo, 4,697; GOP, 643; Socialist, 5; and Texas Regulars, 809.
 1948 — Demo, 5,121; GOP, 1,177; Socialist, 3; and Dixiecrats, 326.
 1952 — Demo, 3,386; GOP, 4,518.
 1956 — Demo, 2,512; GOP, 3,550.
 1960 — Demo, 3,058; GOP, 3,359.
 1964 — (Like it said in the beginning, it's still a question mark).

Battle Murder Trial Set Nov. 16 In District Court

The trial of James Will Battle, 49-year-old Ranger Negro, on a charge of murder has been set for Monday, Nov. 16, in 91st District Court at Eastland. Trial date was announced Friday by District Judge Turner M. Collie.

Battle was charged July 20 by an Eastland County grand jury with the shooting death of Don Gonzales, 45, in Ranger on July 4. Testimony of seven witnesses was heard by the grand jurors before the indictment was returned. He has since been free under a \$2,500 bond.

Judge Collie had earlier set Oct. 19 as the trial date, but the magistrate's illness forced postponement until the Nov. 16 date. Prosecutor will be Earl Conner Jr., veteran Eastland County district attorney. The Battle case probably will be

Conner's final murder trial of his career as DA since his term of service ends Dec. 31. Conner was defeated for reelection by Perry Brown, Rising Star attorney.

Adding challenge to the coming trial is the fact that the Ranger Negro will be defended by Bill Hart, a fast-rising young Eastland attorney. Battle was taken into custody by Ranger city police officers a few minutes after the slaying took place on Saturday, July 4, at 2:30 p.m.

Gonzales, the shooting victim, allegedly was creating a disturbance at the Little Gem Hotel, owned by the defendant. Battle, at the rear of the frame building barbecuing some meat, rushed inside to stop the commotion. Gonzales reportedly pulled a

An all-time record absentee vote plus an all-time high in pre-election enthusiasm by both parties indicate a record voter turnout in Eastland County for the Presidential General Election Tuesday.

Polls will open at a dozen voting places in the county at 8 a.m. Tuesday and some observers are guessing that the total number of voters may reach the 7,000 peak.

In 1960 at the last general election, total for the county was 6,417. Record in recent years was in 1940 when 6,881 voters turned out that pre-war year.

By noon Friday, 331 had voted absentee indicating that by closing time at 5 p.m., some 350 might have voted early. Only 267 voted absentee in 1960; 166 in 1962; and 27 in 1958.

Poll tax sales in the county amounted to 4,747 issued, plus 597 exemptions, including some 70 "free" exemptions for national office voting. In Eastland County, unfortunately, poll tax exemptions are not a good indicator at all, simply because all eligible exempt persons aren't required to get exemption certificate.

Under the law it's optional with the exempt voter as to whether he gets a certificate or not. Many don't, but vote, making it impossible to determine before hand how many people are eligible to vote in the county. In the first primary 5,905 voted in the county.

Holders of the special free poll tax will be eligible to vote in only four races — president-vice president, United States senator, congressman-at-large and U. S. representative.

Other voters will make selections for the national, state, district, county and precinct, as well as deciding on three state constitutional amendments.

Indications are that election judges in the various precincts will "tear" the ballot for those persons with free poll tax receipts giving them only that portion which contains the four national races. Democratic candidates nominated in the earlier primaries, unopposed on the Tuesday ballot are as follows:

Ben Ramsey, Ruel C. Walker, Robert W. Hamilton, K. K. Woodley, Clyde Grisson, T. M. Collie, Wayne Gibbons, Perry T. Brown, Edgar F. Altom, E. (Lefty) Sublett, O. L. Stamey, Porter Woods (Eastland), A. W. Dawson (Continued on Page 3)

358 VOTE ABSENTEE
 Absentee vote total at the County Clerk's office at closing time Friday afternoon was 358 — an all-time high, it was reported.

Ranger Officers Pick Up Trio With Burglary Tools; Charges Filed

Three men, believed to be "casing" downtown Ranger for a possible burglary attempt, were picked up for investigation Tuesday at 2:30 a.m. by Patrolman J. C. Rose of Ranger Police Dept. and Constable Ralph Veal.

The two officers saw the trio in a car which emerged from an alley and turned on to Main Street. Rose and Veal followed the speeding vehicle and stopped it at the top of Eastland Hill.

They took the men into custody and placed them in the city jail for investigation. Tuesday morning they were transferred to the county jail at Eastland.

The subjects are Joe Romine Hobbs, 31; J. R. Poplin, 37, and Larry Anderson, 18, all of Hobbs, New Mexico.

First Negro Serves On Jury In This County

A bit of history was made in 91st District Court this week as the first Negro man and Negro woman were seated on juries.

Several had been qualified for jury service before but had never been seated. Monday Mr. Leaman Martindale of Cisco became a member of a jury hearing a damage suit, and Wednesday, Della Lewis of Ranger was seated as a member of a jury which was to have heard an insurance claims suit. Mr. Martindale was also recalled for the second trial of the week.

However neither Mrs. Lewis nor Mr. Martindale got to hear the second trial because the case was settled during the noon hour and the jury was dismissed after assembly.

The second trial involved a Ranger man who was asking damages from the Texas Employment Commission. It was reportedly settled for \$600.

Industrialization Meet In Ranger on Nov. 5

An explanation of Eastland County's pilot industrialization program, in which Ranger will play a major role, will be presented during a public meeting to be held at the office of Ranger Chamber of Commerce Thursday morning, Nov. 5, at 9:30 o'clock. The general public is cordially invited and urged to attend.

Mayor Morris Newnham, chairman of the local committee cooperating to stimulate industrial development and to create more jobs in Ranger and other areas of Eastland County during the coming months.

County Ready To Launch EC-65 Program At Thursday Meetings

Plans for launching the EC-65 Program — a county-wide effort for new payrolls — with a series of public meetings on Thursday, Nov. 5, were worked out by the Eastland County Industry Steering Committee at the county courthouse last Thursday afternoon.

The committee made plans for meetings to be held as follows:
 Ranger — 9:30 a. m. at the Chamber of Commerce office.
 Eastland — 11 a. m. at the White Elephant Restaurant with lunch at noon.
 Cisco — 2:30 p. m. at the new high school auditorium.
 County-wide meeting — Cisco at 7:30 p. m. at the new high school auditorium.

The general public as well as Chamber of Commerce and community leaders will be welcome at any and all of the meetings, according to County Judge Scott Bailey, who heads the steering committee.

Harry Clark, executive director of the Texas Industrial Commission, and Larry Milner, the TIC's West Texas representative, will be in the county Thursday for all of the meetings. Mr. Milner will work closely with the county group during the coming campaign.

All details of the "EC-65" program will be outlined by steering committee representatives at the various meetings. It was emphasized that the entire program was non-political and that it was being planned to launch a new

county-wide era of cooperation. Attending Thursday's meeting were Mayor Walter Smith and James Rutherford of Rising Star, E. E. Todd of Gorman, Bill Collins of Ranger, Frank Deaton of Eastland, A. R. Rutherford and Tom Stevenson of Cisco, and Scott Bailey.

The Eastland County program, which has the blessings of Governor John Connally, was initiated in September when Mr. Clark and Mr. Milner attended a meeting of county leaders. The official beginning was set for Nov. 5 in order to give the various towns plenty of time to complete information needed in industrial work.

Your Obligation of Citizenship Is to Vote Next Tuesday

(An Editorial)

Voters of our city and county will join Texans and the nation next Tuesday in electing officials to serve in offices from the courthouse to the White House. Some 2,500,000 Texans are expected to be among the approximately 70,000,000 who will participate in the general election.

In considering our ballots, we must remember that this is a free country—America, where people can vote as they please. Let's vote our convictions and respect our neighbor's views.

Those who feel that a candidate should have something more than a party's blessings to be qualified for public service are just as entitled to consideration and respect of their views as the party faithful. Their ballots are worth just as much on the tally sheets.

As a small-town newspaper, we don't presume to tell people how they should vote. We have no hesitation, however, in pointing out that Governor John Connally has served our state extremely well during his first term as the chief executive. His administration has been one of unusual progress, and he certainly deserves a vote of real confidence next Tuesday.

Like many Texans, we look upon Lyndon Johnson as a good neighbor whose 30 years of public service have qualified him in every way to serve as our president. His critics will have difficulty in finding flaws in his administration of the nation's highest office since he moved into the White House under trying circumstances nearly a year ago. We feel that he has earned election to the office on the basis of his record in it.

Congressman Omar Burleson, the only county or district official who has opposition, has served the 17th District faithfully and well for many years. He has grown in usefulness to his district and, certainly, he merits a resounding vote of confidence.

The ballot contains three proposed amendments to our State Constitution. You will want to read the sample ballot elsewhere in today's paper. A study of the proposed amendments leaves us with a conviction to vote "yes" on all three of them.

Regardless of the outcome of the election, our country will remain a haven of the free. As we vote Tuesday, let's do so with a renewed pledge to be good neighbors and citizens dedicated to progress without prejudice.

sneak for DeLeon's first score. The try for the extra point, however, fluked.
Later in that quarter, the Maroon & White began to roll and from the Bearcat five, McGee faded and hit Halfback Jesse Renteria with a perfect pitch good for another tally. But the RHS conversion attempt failed.

Before the halftime intermission, the Bearcats uncorked a beautiful pass play—Quarterback Burleson to Tommy Van Zandt, Bearcat end—good for 30 yards and TD No. 2 for the winning DeLeon crew. The extra point try was halted by the Ranger defense.

Another Burleson to Van Zandt aerial clicked in the third quarter for another six-pointer, and the Bearcat quarterback garnered two bonus points on a scamper across the double-stripe on a ground play.
Halfback Renteria whizzed over into cash country from the four later in the third quarter to knot the score. Again the conversion attempt fizzled.

The DeLeon defense held in the final quarter and their final scoring play from the three gave the Bearcats their third District 10-A win of the season.

night, the Baird High Bears—beaten earlier in the season, 8-0, by the Ranger High Bulldogs—jumped into the No. 1 spot in circuit standings with a smashing 34-6 triumph over the highly-rated Albany Lions.

The Eastland Mavericks, currently tied for the cellar position with the Buffaloes, were idle Friday night.

DAR Chapter Of County Attends Area Workshop

Members of the Charles Crawford Chapter, Daughters of the American Revolution, of which Mrs. Joe Clements of Cisco is regent, attended the DAR Division Workshop which was held in Abilene Oct. 27.

The John Davis Chapter was hostess to the meeting. Mrs. Herman Harper, Regent, introduced Mrs. Walter G. Dick of Columbus, State Regent, who presided.

State officers and chairmen explained the work of their offices and committees and pointed out methods of carrying out these plans. The patriotic, historical, and educational purposes of the organization are carried out by the following committees: Ameri-

can heritage, American Indians, American music, Americanism and DAR manual for citizenship, children of the American Revolution, Conservation, DAR good citizen, DAR magazine, DAR advertising, DAR museum, DAR schools, genealogical records, honor role, junior American citizens, junior membership, lineage research, membership, motion pictures, national defense, public relations, program, student loan fund and scholarships, the flag of the USA, transportation, American history month, and constitution week.

Members of the Charles Crawford Chapter who attended the meeting and the luncheon which followed were Mmes. Homer Slicker, Raby Miller, D. E. Waters, and T. C. Williams, all of Cisco, and Mrs. W. D. R. Owen of Eastland.

Other towns represented were Albany, Abilene, Amarillo, Borger, Breckenridge, Graham, Lubbock, Plainview, Sweetwater, and Wichita Falls all of which have members in Division I.

(Cisco), and Ralph Veal (Ranger).

Reports of a write-in campaign for one county office have been heard.

In their order, the amendments would, if approved:

1. Remove the legislature's authority to transfer up to 1 per cent of the permanent school fund annually to the available school fund.

2. Require notice to the public and to the Texas Water Commission of intent to introduce legislation creating or substantially altering a conservation and reclamation district.

3. Authorize the legislature to enact a program, under the federal Kerr-Mills Act of financial help for Texans 65 and older who are not on the old age assistance rolls but who can't pay for medical services.

DAR WORKSHOP — Conferring with state officers at the DAR division workshop in Abilene last week were, left to right, Mmes. Homer Slicker, Raby Miller, D. E. Waters, and T. C. Williams, all of Cisco, and Mrs. W. D. R. Owen of Eastland, all of the Charles Crawford Chapter, and Mrs. Howell Woodfin, State Registrar, of the Henry Downs Chapter, Waco.

Battle Murder

(Continued from Page One)

knife and lunged toward Battle, a World War II overseas combat veteran, who grabbed a 25-caliber automatic and blazed away at his attacker. The gun spewed out four

fast shots. One bullet plunged through Gonzales right chest, another pierced his left chest, a third ripped through his left jaw and the fourth bullet lodged in his forehead just above the hairline. It was the only slug which remained in Gonzales' body.

Eastland County Sheriff Lee Horn, Ranger Chief of Police Bill Ogden and Justice of Peace M. D. Underwood checked the corpse at a Killingsworth Funeral Home and attested that he had been shot four times.

Justice of Peace Underwood reiterated Friday that still missing since the mid-summer slaying is the knife which Gonzales is alleged to have used at the scene of the shooting.

Gonzales finally fell outside the front of the hotel and died 10 minutes later in Ranger General Hospital following futile emergency treatment. He had been rushed to the hospital in a private car by persons at the scene of the incident.

Battle probably will plead self-defense during his coming mid-November trial.

It'll likely be a colorful duel of legal wits pitting Hart, the defense counsel, against fiery District Attorney Conner, who'll be battling for a conviction.

Turkeys Are On 'Plentiful List'

COLLEGE STATION — The most important ingredients for a traditional Thanksgiving dinner will be especially plentiful this November, reports the Texas Agricultural Extension Service.

Look for an abundance of turkeys, cranberries and apples—all needed for that special dinner.

Also designated plentiful by the U. S. Department of Agriculture's Marketing Service are beef, peanuts and peanut products.

Bigger turkey marketings during the three months preceding Thanksgiving and a larger cranberry crop than last year indicate heavy supplies of both of these foods. The apple crop estimated at 145.9 million bushels promises to be the largest since 1937.

Relatively attractive beef prices likely will continue through November, as beef supplies are expected to remain fairly large. A good peanut crop will probably send production slightly above last year, with heavy movement to market during November.

For the TRUTH on SOCIAL SECURITY Look at the Record

Senator Goldwater's Answer on Social Security:

"I can think of no other word but lie, to describe the statements that I am opposed to Social Security, or as President, would take any action to wreck or destroy the Social Security System. My record is clear. I have had to do more than just talk about Social Security. I have had to vote on it; and I say again — that the record is perfectly clear."

"President Eisenhower, in his statement the other day, pointed with pride to his administration's record in supporting and improving Social Security. I share his pride in those accomplishments. I was there. I voted and worked right down the line on behalf of Social Security. Anyone interested in the truth just has to check this record. On July 17, 1956, I voted for the Omnibus Social Security Act — the administration's program to extend and increase Social Security coverage. In the same month, I voted with the administration right down the line to resist unsatisfactory amendments to the Social Security Bill and finally during those historic days of voting, I stood with my party in voting for the significant liberalizing amendment that lowered the retirement age for women from 65 to 62. On August 16, 1958, I voted in favor of the administration's program to increase benefits and improve the actuarial status and improve the public assistance benefits to provide for greater maternal and child welfare health programs. Therefore, anyone who says I am against Social Security lies — and I say the record proves it."

HOSPITAL News

The following were patients in Ranger General Hospital Saturday morning:

Mrs. Charles Massagee, Mrs. Betty Turnbow, Mrs. J. H. McKelvin, Mrs. J. C. Rose, Mrs. John T. Robinson, Mrs. James A. Smith, Mrs. Kenneth Williams, Mrs. Emma Green, Miss Eunice Toone, Mrs. Lether Buckbee, Mrs. Mary Fullum, Mrs. H. F. Brown, Mrs. Mary Koffman, and Mrs. E. W. Williams.

Also Alvin Mayhall, A. Rogoski, Riley Robertson, Luther Burnett, Jesse Todd, Elmer Abernathy and W. H. Milliken.

peau de soie. The bodice was designed with a bateau neckline and notched elbow length sleeves. A hand rolled fabric cord edged both sides of the contour midriff. The simplicity of the bell-shaped skirt was relieved by pearl beaded alencon lace appliques. A pillow of tiered peau trimmed with pearls and lace held her layered veil of silk illusion. She carried a cascade of Dutchess roses. Her jewelry consisted of a pearl necklace.

Nuptial music was presented by soloist Marvin Soward, singing "The Wedding Prayer" and "The Lord's Prayer," and organist Charles Barnett, presenting selections from Bach.

The altar was decorated with four standing candelabra with intertwined white mums and lemon leaf around the base and stem.

Matron of honor was Mrs. Marh Mosley of Buna. Other bridal attendants were Mrs. John Travis of Austin and Mrs. Ron Werner of El Paso. They were attired in moss green dresses of imported silk with matching pillbox hats and shoes. They carried nosegays of bronze miniature mums with leatherleaf fern.

Best man was Paul Hinds of Bowie, and honorary best man was Tom Grom of Dallas. Ushers were B. M. Bonney of Dallas, brother of the groom; Dain Whitworth of Austin and Jeff Menn of Austin, brother of the bride.

Mrs. Menn chose a sauntering side paneled sheath of silk and chiffon with matching shoes and hat for her daughter's wedding. Her gloves were bone kid. A green orchid completed her outfit. Mrs. Bonney wore a green wool crepe sheath with a side panel, matching shoes and hat, and bone kid gloves. Her corsage was a green orchid.

Following the ceremony a reception was held in the Green Pastures Club where a buffet luncheon was served. Laize silver candelabra holding silver candles, intertwined with bronze mums and fern, graced the main table. Two smaller silver candelabra rested on the other tables.

For a wedding trip to Mexico City, the bride wore a three-piece wool suit in a blend of lemon yellow and avocado, accented with olive green shoes and bag, olive beaver hat and bone kid gloves.

Mrs. Bonney graduated from the University of Texas with a Bachelor of Science degree in Interior Design. She was a member of Alpha Chi Omega Sorority, Cap and Gown Society and other clubs.

Mr. Bonney received a BA degree in history and government from the University of Texas and his LLB from the University. He was a member of the Delta Theta Phi Law Fraternity. He is presently employed as a briefing attorney for the Court of Criminal Appeals of Texas.

The couple will be at home at 1208 S. Elm St., Austin.

Texas Water Commission Checking County Resources

The Texas Water Commission recently launched a regional study of the ground-water resources in Central Texas, including Eastland County. The study will be conducted from a field office established in Waco.

The study is designed to determine the quantity and quality of underground water available in the region with initial emphasis on the prolific Lower Cretaceous Trinity Sands. Personnel of the Commission's Ground Water Division will conduct intensive field investigations of the area including the collection of information on municipal, industrial, irrigation and selected domestic wells.

A major goal of the study will be the construction of a model of the aquifer system from the data collected in the field. The model will enable estimates to be made of the potential amounts of ground water available to communities and cities in the study area.

This detailed study will require at least three years of field investigation for completion. It will provide valuable information to all cities, industries, and other water users in this important area. Shortly after the study is completed, the Commission will publish a report of the findings which will be available to the general public.

In making this announcement, County Judge Scott Bailey emphasized that this ground-water study will furnish valuable information concerning our water supply and added that this study will be of real interest in determining the possibility of further agricultural and industrial development of our county.

Seven Students From Hamlin - Stamford Area Attending RJC

Seven students from the Hamlin - Stamford area are attending Ranger Junior College this year. The four from Hamlin include Anna Adams, Tommy Jay Brown, Lanny Foster, and Butch Holland. From Stamford come Dickie Cooper, Bill Lackey, and J. T. Wisener.

Miss Adams, the daughter of Mr. and Mrs. J. D. Adams of Hamlin, is a freshman majoring in home economics. She is a graduate of Hamlin High School, where she participated in basketball, tennis, and band. She belonged to the FHA and the Library Club, and she was majorette in the Hamlin High Band for four years.

Brown is the sophomore son of Mr. and Mrs. J. E. Brown of Hamlin. Tommy's activities in Hamlin High School included band and FFA membership. He is majoring in business administration.

Foster, a freshman, is the son of Mr. and Mrs. Bill Foster of Hamlin. A graduate of Hamlin High School, he played tennis and golf and belonged to the Library Club. He is a business administration major.

Holland, also a freshman, is the son of Mrs. Juanita Holland of Hamlin. His activities in Hamlin High School were football, track, tennis, band, stage band, and membership in the FFA. He is majoring in agriculture.

MISS DOROTHA LINN, RJC librarian, is shown receiving six new books, concerning the Mormon religion, for the Ranger Junior College library. Making the presentation on behalf of the Church of Jesus Christ of Latter-Day Saints are Elder John H. Curfew, left, and Elder Alma G. Anderson, Jr.

RJC Fine Arts Department Is Moving Into Former Ad Building

The Fine Arts Department of Ranger Junior College is moving its quarters to the former administration building of the college. The arrangement of space in the building, which has ample room for offices, classrooms, and practice rooms, is well adapted to conversion into a music building.

The auditorium on the third floor is being converted into a band rehearsal hall. Band Director Roger C. Martin will have an office on the main floor.

The former administrative offices will be used by Kenneth E. Alford, Chairman of the Fine Arts Department, for his office and studio, and one of the classrooms will be made into a choir rehearsal room.

The arrangement of the building, according to Mr. Alford, makes the building well suited to use as a music building.

Ranger Junior College has dropped its lease on the Texas National Guard Armory, which has been used for the last year and a half as the Fine Arts Building of the institution.

SPOTLIGHT On the RJC Faculty

MRS. CHARLES MALONE

The journalism spotlight on the faculty is turned this week to a person whom all the boys in Ranger Hall have grown to appreciate very much. She is very active in college activities and is the sponsor of the Ranger Junior College Cheerleaders. She has worked very hard with this group and has made great steps in helping the cheerleaders with their routines.

The person, as you have already surmised, is Mrs. Mary Lou Malone, the wife of Mr. Charles Malone, assistant football and assistant track coach at Ranger Junior College. Mrs. Malone is the secretary of the Dean-Registrar, Mr. Ernen Haby.

Mrs. Malone was born in San Angelo. Her parents, Mr. and Mrs. Rufus A. Beard, later moved to West, Texas, where Mrs. Malone attended West High School. She met Mr. Malone when he was a coach in West High School.

She has been in secretarial work for six years. This is her first year here at Ranger. She resides in Ranger Hall, where Mr. Malone is Dorm Director.

Mrs. Malone finds that being at Ranger Junior College is very enjoyable and likes the friendly atmosphere here. She has found the town itself very friendly. She and her husband both attend St. Rita's Catholic Church.

SHORT SHOTS ON SPORTS

From little James Sneed (143 lbs.) and Phil Wiggins (145 lbs.) to huge Dickie Le Doux (235 lbs.), Arnold Jaseo (230 lbs.) and Tony Jackson (230 lbs.) the average weight for the Ranger Junior College football squad is 193 pounds. But the value of an athlete is not measured in pounds or inches as any coach will tell you, but rather in the size of one's heart and the amount of courage he has. The members of our football team have hearts and courage that far exceed the size of their frames.

Acting football captains this week were Larry Lee of Grapevine, Lawrence Helton of Bridge City and Tony Jackson of Kilgore.

The tallest of the sophomores on the basketball squad are Leon Bowman and Jerry Chamberlain, 6-2. Park Davidson and Richard Hooper are both 6-0. Joe Ed Doolley, the other sophomore and the shortest man on the roster, is 5-10.

The National Junior College track and field meet has been moved from Big Spring, Texas, to Coffeyville, Kansas.

College Males' Hobbies - Some Zany, Man, Zany

Everyone has outside interests and hobbies. The students of Ranger Junior College enjoy all the more widely known hobbies such as reading, swimming, skating, skiing, hunting, and watching TV. In addition to these, a few students say they have adopted some very unusual and interesting pastimes, unless they are just "tellers of tall tales."

Among the more interesting is Ken Parish's. Ken, a freshman from Breckenridge, enjoys sewing. He began sewing a few years ago and has become very proficient at seamstress work.

Another very unusual hobby is that of Bobby Davidson, of Fort Worth. He practices the almost lost art of canoeing. Charles Brazeel, of Graham, enjoys breeding rats for fighting. He has turned out some very ferocious and cunning rodents. Very few of his subjects have been defeated.

Terry Logan, another Grahamite, has recently taken up this sport, but his creatures have not yet reached the de-

Mormons Donate Six New Books To RJC Library

Elder John H. Curfew and Elder Alma G. Anderson, Jr., on behalf of the First Presidency of the Church of Jesus Christ of Latter-day Saints, recently presented the RJC library with six new books.

These books include The Book of Mormon; Jesus the Christ, "a study of the Messiah and His Mission according to Holy Scriptures both Ancient and Modern"; Articles of Faith, which gives the principle doctrines of the Mormon Church; Essentials in Church History, by Joseph F. Smith, a history of the Church from the birth of Joseph Smith to the present time; Gospel Doctrine, a book of sermons and writings of President Joseph F. Smith, the sixth president of the Mormon church; A Marvelous Work and a Wonder, by Le Grand Richards, Presiding Bishop of the Church. This book relates the missionary work being carried on by the Mormon church.

Elder Curfew, an animal husbandry major from Jensen, Utah, attended Utah State University in Logan, U.tah, for two years before beginning his two years of missionary duties. Elder Anderson, of Burley, Idaho, is a student at Brigham Young University in Provo, Utah, where he is majoring in mathematics.

These young men are presently assigned to Eastland, where they are carrying on missionary duties for their church.

RJC Cage '5' Humbles Quint 'Tired' Jaycees

Wednesday night the Ranger Jaycees took on the RJC intramural team in basketball. The game proved to be one of fun and excitement with the "Magnificent Seven" of RJC coming out on top.

For the tired Jaycees Ronald Butler led the scoring with 18 points. Dr. Ted Nick-sick played a good floor game, as did several others. For the "Magnificent Seven" Louis Stroud had 13 points with Ron Sneathers and Ken Hefner putting in 10 points each.

There will be another game next Wednesday night at 8:00 in the RJC Athletic Building.

Of 441,000 self-employed persons retiring since 1957, 58% did so for health reasons.

PERSONALITY OF THE WEEK

GEORGE KING

Because of his outstanding personality, George King has been selected by the RJC Journalism staff as Personality of the Week. George is the son of Captain George D. King III of El Paso. A graduate of Sidney Lanier High School, George's major field in college is physical education. While in high school he played baseball and football, and was a member of the Thespian's organization.

George has made a big hit with the students at RJC. He adds a great bit of enthusiasm towards school spirit since he has been a cheerleader. George is planning to play baseball in the spring.

For his hobbies George enjoys hunting, fishing, and bird-watching. Earlier this year he was given the nickname of Birdman because as a bird watcher he kept all the athletes informed on the names of the birds around Ranger.

George plans on attending a major college after finishing at RJC, but he has not yet decided upon which one.

Council Votes Issue Monthly Events Schedule

The Student Council held its second meeting of the year, Monday, October 26. President J. T. Wiesner called the meeting to order. The Council voted to put out a monthly calendar so that the various clubs can plan their activities without having conflicting dates. Glenda Wilson was put in charge of the calendar and various money-making projects were discussed, but nothing certain was planned. It is also planned for the future that the council will put out a weekly news sheet for the benefit of the student body.

ed in the game. The final score was Poly 30 and Smiley 14. There were witches and goblins everywhere as the RJC students enjoyed the Halloween dance in the RJC athletic building Friday, October 30th. The decorations of the gym varied from autumn leaves to orange and black crepe paper hanging from the basketball baskets. The students danced while the witches' brew boiled in the pot, and beside corn stalks a scarecrow watched the entire festivities with a smile. Dim light came from the jack-o-lanterns around the room. A real skeleton added to the spookiness of the occasion. Committee chairmen were Woody Hinson, Jane Spears, Janice Watson and Billy Wheeler.

The refreshments consisted of cake, decorated in Halloween spirit, and a bowl of witches' brew. The dance was sponsored by Miss Nancy Coody, and masquers students had charge of decorations. Guests wore masks and costumes that varied from that of a tacky boy to that of a dance hall girl. RJC students were more

successful Thursday night in their feud with CJC students over Homecoming bonfires than Cisco was. Ranger students with the aid of several cans of gasoline ignited half the CJC bonfire collection about 4:30 a. m. Friday.

The Debs Club met Wednesday, October 28, to elect a new student council representative is the recipient of some at-was elected Student Government vice-president. Naomi Bradford of Ranger was chosen.

gree of success and fame of Brazee's, but he hopes his stock will improve with experience.

Ronald Austin, of Fort Worth, has become very interested in the sport of target shooting. He has won many medals and awards since taking up this sport.

William McKinley Samuel Rayburn Robert Edward Lee, of Breckenridge, enjoys acting as a hobby. He performs occasionally for the boys in his dormitory.

Pete Martinez, of Fort Worth, probably has the most unusual hobby of all. He actually enjoys janitorial work. He volunteers to clean up other students rooms and will not accept compensation for his work.

Another Ranger sophomore, who does not want his name

revealed at this time, actually pursues lying as a hobby. He tries to convince young girls that he cares for them very much, and when he has them thoroughly convinced, he breaks the news to them on a humorous note.

Attend M. C. Demo Club

Morton Valley's Home Demonstration Club met Wednesday, Oct. 28, for its regular scheduled meeting. Eleven members and one visitor were present.

Mrs. Leta Breckman, president, brought the meeting to order and Mrs. Bertha Harrison led the group in the club's motto, pledge and prayer.

FB Extension Dept. Officers Have Meeting

The monthly business meeting of officers and visitors of the Extension Department of First Baptist Church was held on Tuesday afternoon at the church.

Mrs. K. F. Kirk led the opening prayer. Dept. Supt. Mrs. Lee Mitchell brought the devotional on the theme: "Thanksgiving." Reports were given and there was a discussion of plans for November.

Mrs. Kirk served refreshments to Mmes. Mitchell, R. E. Barker, W. A. Adamson, C. M. Martin, O. R. Gafner, and Anice Locke.
