

RJC Cagers Win No. 9!

Coach Ron Butler's peppery Ranger Jr. College Rangers thundered over the new hardwoods at the RJC gym Thursday night to rack up their ninth roundball win over Weatherford Junior College. The score: RJC 60, Weatherford 47.

The Parker County invaders pulled a surprise by coming out with a stall offense in order to keep the score low and close.

But Butler's charges outmaneuvered the WJC tactics and wound up with another

win. They've played 12 games and have lost only three.

The Purple and White squad was led by the outside shooting of Bob Hughes and Jerry Chamberlain, 15 and 12 points respectively, and by the inside scoring of 6 foot 6 inch David Nowling who led all scoring with 20 points. Young was high man for Weatherford with eleven.

This is the second conference win for the Rangers in the Texas Junior College Athletic Assn.

Dr. Nicksick To Head 1965 Dimes Drive In Ranger

Mrs. J. A. Bates, Eastland County March of Dimes chairman, announces Dr. Theodore Nicksick, Jr., president of Ranger Junior College, as Ranger's 1965 March of Dimes chairman.

Mrs. Eddie Shinn and the

Jaycee-Ettes will sponsor the Mothers March which will be held in January with the date to be announced within the next few days.

The Eastland County chapter has assumed the obligation of little Hayden Lee Johnson's hospital bill. Hayden Lee is the three-months old son of Mr. and Mrs. James Johnson of Lake Leon. He was born with a birth defect which was discovered and diagnosed at his 6 week check-up. Surgery followed and he is now at home but must return every two weeks for a check-up and further treatment. His mother reported Thursday that he is responding nicely to the treatments.

Mrs. Bates, Mrs. Iris Hummel and Mrs. Ed Shinn of Ranger and Mrs. M. A. Able of Staff attended the first MOD Area meeting in Abilene Thursday night. There were 100 or more present, representing nine of the ten counties in this area. The supper

Officers Check Break-In At Farm Residence

Constable Ralph Veal and Sheriff Lefty Sublett are continuing an investigation of a burglary at a farm home seven miles south of Ranger on the Chaney Highway Thursday morning.

Persons yet unknown broke in the rear door of one of the homes owned by Mrs. Avinger, 78-year-old woman, entered the dwelling and ransacked the residence for about two hours before the owner called Constable Veal.

The Ranger officer reached the rural residence about 3:15 a. m.

Constable Veal said that the culprits did leave some fingerprints at the scene of the burglary.

Large Number Of Entries In For Pee Wee Boxing

There'll be lots of leather-slugging in the first annual Pee Wee Gloves Boxing Tournament to be staged in Ranger Friday and Saturday, Jan. 15-16.

Jack Allen, Ranger Junior College business manager and director of the two nights of fistic action, said late Friday that the large number of entries already signed for participation indicate that the card will be loaded.

Following elimination bouts Friday night, finals will be unreeled Saturday night. Champion and runner-up in each weight division and class will be awarded trophies, and team trophies will be presented to the championship team and runner-up in both novice and open divisions based on the number of points.

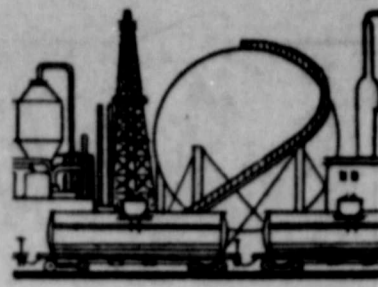

The divisions, according to Allen, will be separated in five pound brackets ranging from 45 to 105 pounds. Contestants must be under 12 years of age to be eligible to compete in the tournament.

The Maroon and Whites cashed their win in the dying minutes of the final period.

Going into the fourth quarter they were three points behind the Bearcats, 44-41, but in the last eight minutes of the contest Duvall's quintet poured 19 points through the mesh and held their foes to five points.

Ranger's Johnny McGee set the scoring pace for the victors with 15 points. Gary

ERNEST HABY, dean-registrar, and Jack Allen, business manager of Ranger Junior College, look over college catalog with E. W. Mince, newly elected dean of the educational institution.

RJC's Regents Announce Hiring of New Registrar

The Board of Regents of Ranger Junior College announces a change in the administrative personnel of the college. E. W. Mince has been appointed Dean of the college, effective September 1, 1965. Ernest Haby, present Dean and Registrar, will assume the duties of Dean of Admissions and Registrar, and Jack Allen will continue in the capacity of Business Manager of the college.

Mince recently resigned his position as Dean and Registrar at Cisco Junior College to accept the post of Dean of the College at Ranger. He holds the Bachelor of Business Administration degree from Southern Methodist University and the Master of Science degree from East Texas State College. He is at present pursuing work on the Doctor of Philosophy degree at the University of Texas and anticipates completion requirements for the degree in another year.

He was associated with Henderson County Junior College, Athens, from March, 1949, to August, 1956. He

started as Director of Evening School and was Assistant Dean of the College when he left Henderson to go to Cisco Junior College, where he served as Dean and Registrar from August 20, 1956, to the present date.

He is married and has two daughters, Karen, thirteen, and Weta, nine.

He is a member of the First Baptist Church, Cisco, serving as a deacon and superintendent of the Sunday School. He is a past president of the Rotary Club.

The Mince will move to Ranger in late summer, and Mr. Mince will assume his duties as Dean of Ranger Junior College on September 1.

City's Hog Ordinance To Be Enforced, Warns Mayor Newnham

The City of Ranger's ordinance regarding the keeping of hogs will be enforced, Mayor Morris Newnham said Friday.

"During the last few months," the mayor declared, "there have been numerous complaints, and the City Commission has attempted to work out the problem with hog owners on a voluntary basis.

"There have been some citizens, however," he added, "who have failed to comply with the city ordinance. The law relating to this nuisance is defined in Section VII, 'Offenses Against the Public Health,' Article II, Nuisances."

Sections 10 and 22 follow: SECTION 10. KEEPING HOGS - Keeping any hog or hogs in any enclosure less than five hundred feet from the nearest residence. SECTION 22. PUNISHMENT - Any person, firm or corporation or association of persons who shall violate or cause, permit or allow to be violated, any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than ten dollars nor more than one hundred dollars and each day that such violation shall continue shall be deemed a separate and distinct offense and punishable as such.

Chamber Members to Elect Five Directors In Mail Vote

Five directors of Ranger Chamber of Commerce are to be elected by a mail ballot which will be sent to members over the weekend, W. T. Eaton, chamber president, announced Friday.

The board of directors is composed of 15 members elected for three-year terms and the tenures of five expire each year.

Effective Dec. 31, 1964 the terms of Eaton, H. G. Adams Jr., Jay Bethany, Emory Ford and Morris Campbell had expired.

Holdover directors include Dr. Theodore Nicksick Jr., Pete Brashier, Dr. John Foster, Joe Collins, R. E. Henderson, W. H. Marslander, O. L. Cantrell, Dewey Cox, Dr. W. P. Watkins and Bill Collings.

In a note to the Ranger Chamber of Commerce membership, members were given the following voting instructions:

"Directors are eligible to succeed themselves; therefore, the names of the five

directors whose terms expired in 1964 are at the top of the enclosed list.

"Please select five and one alternate from the enclosed list of those eligible to be elected as directors and write their names on the enclosed self-addressed card and mail it not later than Thursday, Jan. 14, 1965."

Here is the list of the members eligible to be elected as chamber directors:

Tax Collections Total \$42,121, Says Secretary

City tax collections from Oct. 1 through Dec. 31 totaled \$42,121.24, according to Mrs. Avis Jones, Ranger city secretary.

Payments made in October received a 3 per cent discount, in November, 2 per cent and in December, 1 per cent. Final deadline for payment of city taxes without penalty and interest, Mrs. Jones reminds, is Jan. 31.

During the month of October collections totaled \$36,601.00, in November \$2,318.44 and December's total was \$3,201.71.

City taxes unpaid on Feb. 1 are subject to an interest penalty of 6 percent, on Mar. 1 it increases to 8 percent, April 1 up to 10 percent, and after May 1 the penalty rises to 12 percent.

Jaycees Make Plans For Poll Tax Sales, Rodeo

Ranger Jaycees met for their regular business session and breakfast at the Porky Pig Restaurant Thursday morning.

Plans for the annual Jaycee sponsored rodeo were discussed with chairman and committee to be announced at a later date.

The Jaycees discussed plans for the sale of poll taxes. They will sell poll taxes to Ranger residents beginning Monday, January 11 through January 30 at the Chamber of Commerce office.

Cisco, RJC Battle Here On Thursday

Torrid arch rivals - Ranger Jr. College Rangers and Cisco Jr. College Wranglers - ignite in a cage duel Thursday night in the new RJC gymnasium in a conference roundball scrap.

Highlight of the night's action will be the presentation of the 1965 Ranger Jr. College "Basketball Sweetheart." Her identity will not be known until a few minutes prior to the colorful halftime ceremony.

Monday night the Rangers journey to Stephenville for a joust with the Tarleton State College Junior Varsity. It will be a non-conference encounter.

Group Considers Co-Op Formation To Dry Peanuts

A group of peanut raisers from the Flatwoods, Pumpkin Center and Carbon areas are considering forming a co-operative to operate a peanut drying facility, it is reported.

An informal meeting was held recently at which growers from those areas met and discussed their mutual problems and needs.

Another meeting is scheduled for Wednesday at 7 p.m. at the Carbon High School Auditorium to explore the possibilities further. Present to talk with the group will be Charles K. Baker of Texas A&M University, and considered an expert on the formation of co-operatives.

A spokesman for the group said that there has been some consideration of buying the

T. C. Wylie interests in Carbon which consists of an eight bin dryer.

Such a co-op would probably handle marketing and the sale of seed and fertilizer in the spring, the spokesman said.

Representatives of the group plan to visit cooperatives over the state to observe their operations and methods.

Mr. Wylie was not available for comment and it was not determined if the sale of the Carbon facilities would also include his shelling plant in Ranger.

Texas has 18.6 billion barrels of oil reserves - 14.6 billion in crude oil; 4 billion from natural gas liquids.

Harry Clark Says . . .

Locating Industry Takes A Lot Of 'Do-It-Yourself' Activities

"Securing industry for your county is a 'do-it-yourself' undertaking," Harry Clark, veteran of 27 years in industrial development and director of the state's industrial commission, told Eastland Countians last week.

Speaking at a joint luncheon of the Eastland Rotary and Lions Clubs held Wednesday in connection with the "EC-65" seminar in Eastland, Clark said that the success of a given town or area in landing industry depends on the ability of its people to "sell" their town or area to industry.

"Putting Facts and Figures To Work" was the topic of his talk and he cited his own experiences while employed as a researcher for a worldwide firm which specializes in finding plant locations for clients. The firm had found, he said, that within a given 200-mile radius, there would be at least eight towns which would be suitable for the lo-

cation of certain industry.

"The ability of one particular town to sell itself to the industry, after the industry had been determined if it can make a profit in that particular area, was usually the deciding factor in the location," Clark said.

His example was the first major plant he helped locate, ironically in his hometown of Gulfport, Miss., where Phillips Company built a milk of magnesia plant. He and the town learned later that the president picked the town "because the fishing was good there."

"Our goal at the Texas Industrial Commission and in the 'EC-65' pilot program is to make available to you information from experts which you can use to 'sell' your county," he emphasized.

The purpose of the seminars is education - touching five points (community betterment, research, sites, financing and prospects) and after

the first four are taken care of, the fifth, prospects will come," he said. "And after you have thoroughly familiarized yourself with the first four you'll be ready to 'sell' the prospects when they come.

Prospects are actually few, (Continued on Page Four)

Love Strikes RJC Campus, Scribe Reports

By JACK TAYLOR
There seems to be a serious malady plaguing the campus of Ranger Junior College currently. This malady is not a killer, nor is it a crippling disease. It can, however, cause great problems that have far-reaching effects and can damage the future happiness and well-being of the afflicted individual.
This affliction is commonly known as love. At least half the occupants of Ranger Hall, as well as quite a number of boys in Newell Hall, have been stricken with this ailment. It reaches its highest level when the individual announces his plans for marriage.
Many RJC students have reached this point, and some have already succumbed—and married. Rumors indicate that several others have made definite plans for marriage in the near future, and sparklers blossomed on the ring finger of several of the occupants of (Continued on page 5)

EDITORS-IN-CHIEF of Ranger Junior College's 1965 yearbook are, left to right, Janice Watson of Ranger, Jack Taylor of Fort Worth, Naomi Bradford of Ranger and Billy Wheeler of Fort Worth.

FOUR PLANNING EDITORS ARE NAMED FOR RJC YEARBOOK

The Ranger Junior College annual staff is comprised entirely of members of the college journalism class. Though each student is assigned a definite position on the staff, none is limited or confined to any certain task, for the class works as a whole doing various assignments whenever necessary.
The 1964-65 planning editors include Jack Taylor, Billy Wheeler, Naomi Bradford, and Janice Watson. As editors-in-chief the particular job of these students is to plan the annual for all the school activities, make the dummy, and more or less supervise the preparation of layouts.
Jack Taylor, son of Mr. and Mrs. W. A. Taylor, Fort Worth, and Billy Wheeler, son of Mr. and Mrs. M. E. Wheeler, Fort Worth, are both graduates of Polytechnic High who is a sophomore this year, is majoring in English, whereas Billy, who is a freshman, is majoring in history. Both students plan to continue their education and become school teachers.
Naomi Bradford and Janice Watson, both from Ranger, are freshmen. Each plans to continue her education at the University of Texas. After graduation from college, Naomi plans to become a librarian, but Janice prefers to enter the field of journalism.
Naomi, the daughter of Mr. and Mrs. Bradford of Ranger, is a 1964 graduate of Ranger High School. Janice, whose parents are Mr. and Mrs. H. L. Clements, graduated last spring from Eastland High School.

PERSONALITY OF THE WEEK

The RJC Journalism Class has picked one of its own members as Personality of the Week, Don Carter, a versatile, outstanding student.
Carter, a freshman is from Sweeny High School of Sweeny, Texas. He was an end on the 1964 Ranger Junior College football team and he is a sports editor on the college annual staff.
He was voted Most Personable his junior year at Sweeny, and he was the highest ranking boy his sophomore and junior years.
His father is Mr. J. C. Carter of Paris, Texas. His brother, Vernon Carter, is an RJC ex-student, having played on the college football team in 1962-1963.
Don's hobby is photography. He won first place in a picture contest in both Houston and St. Louis. His picture was sent to the World's Fair at New York, where he received a Certificate of Merit.
His major is journalism and his minor is English. Whatever he attempts to, he does well.
He plans to go to Texas A&M University after graduating from Ranger.

Introducing The 1965 RJC Basketball Squad

LEADING Coach Ronald Butler's 1965 Ranger Jr. College Rangers cage crew are these co-captains, Jerry Chamberlain, left, and Richard Hooper.

Football season has come and gone, and Ranger residents have become well acquainted with the various members of the football team through this column.
Since the basketball season has begun with the Ranger quintet's compiling a 3-3 win-loss record through an eleven-game span, we want to present the Ranger basketball team.
Leading the Purple and White this season are three sophomores: Jerry Chamberlain, Richard Hooper, and Joe Ed Dooley.
Chamberlain, a 6 foot 2 inch forward, hails from the East Texas town of Carlisle, where he graduated from Carlisle High School. A physical education major, Jerry likes all sports, especially horseback riding and swimming. When asked about the future, he said that a degree from a four-year school was as far as he had planned. Jerry is a co-captain and is currently scoring consistently in double figures.
Richard Hooper is the other co-captain for this 1964-65 season. A sophomore, he is sophomore class president along with his athletic endeavors in basketball and baseball. Richard stands six feet tall and is the "quarterback" for the Ranger cagers this year. A native of Dallas, Texas, and a graduate of Adamson High School, he plans to continue working towards a degree in journalism at the University of Texas. Reading and sports take up most of his time, but he manages to find time to take part in school affairs.
Joe Ed Dooley, who also hails from Dallas, attended Bryan Adams High School. A business and education major, Joe Ed is a member of Phi Theta Kappa, the national honor society for junior colleges, and plans to continue school at Southern Methodist University. Sports are his hobby. He lettered in both baseball and basketball last year.

In their first post-holiday skirmish Tuesday night, the Rangers invaded Panola County and downed the Panola Jr. College Ponies, 76-64, in a conference basketball tilt.
The Rangers were red hot in the first half and held a long 39-16 lead at halftime. But in the final two periods the Ponies came to life and midway in the fourth period were only five points behind the Purple & Whites. But the Rangers scored seven more in the final minutes to wind up with their 12-point victory.
High scorer for the winning Rangers was Bob Hughes who racked up 26 points. For the losing Ponies high point-maker was Wallace Cutrer, who scored 17 points.

LIBRARY NOTES

There are four interesting new books in Cooper Library which give an insight into early Texas as related to immigrants.

Three of these books are grouped under the title of Texas Immigrant Guide 1840-1841. The authors are Arthur Ikin, George W. Bonnell and Orceneth Fisher. The books cover a wide range of history about Texas from streams and rivers to Indian tribes. Information about the geography, commerce, wildlife and plants native to Texas, towns and settlements are given in the books as the information was introduced to the immigrants in 1840. These books are a rare collector's item and have only recently been reprinted. Their purpose when written was to interest new settlers to move into the then unsettled Texas.

Charles Elliot R.N. 1801-1875 is the story of an Englishman who fought for Texas to remain an independent state. He wished England to be part of the force controlling Texas, and to accomplish this, he promoted the settlement of immigrants because he realized that a state could not be strong without people.

Texas can be viewed in these books as it appeared to those foreigners coming to a new land. By reading these books, one can see how very much Texas has changed and grown.

SPOTLIGHT On the RJC Faculty

This week's Spotlight on the Faculty is focused on Miss Dorothea C. Linn, who has been serving as librarian of Cooper Library for the past two years.

Miss Linn, a native of Gainesville, is a graduate of Gainesville High School. She received her Bachelor of Arts degree from North Texas State College and her Master of Library Science degree from Texas Woman's University.

INTRAMURAL CAGE ACTION EXPLODING ON RJC CAMPUS; EIGHT TEAMS IN COMPETITION

The Ranger Junior College intramural basketball season is now in full swing. The program was set up and is being conducted by Coach Chuck Malone.

There are eight teams, six from Ranger Hall and two from Newell. In Ranger Hall each team is composed of residents of a particular ramp.

The season will be played in a round-robin fashion. That is, every team will be played twice. There will be four games with double-head-

ers every Monday and Wednesday nights. Plans are being made for an all-star game at the end of the season.

In the first week of action Newell Hall's quintets remained undefeated. The Playboys, mostly residents of the south of Newell, defeated Ramp C. The lobby ramp was defeated by Newell's other group. Other games saw Ramp F defeat Ramp E and Ramp A lose to Ramp B.
Enthusiasm about the games has increased rapidly, and about forty fans saw last week's games.

Advisory Council Offers Ideas On Social Security

Following some 18 months of study, a 13 person Advisory Council has reported its findings and recommendations to the board of trustees of the social security trust funds, says R. R. Tuley, Jr., social security district manager, Abilene.

Major recommendations, some or all of which may be considered by Congress, included these:

1. A program of hospital insurance for the aged and for those with long-term total disabilities, using the method of contributory social insurance. (One member dissented from this proposal.)
2. A change in the benefit formula for retirement, survivor, and disability benefits, with a resultant increase of from 7 to 15 per cent in present social security checks.
3. Increase the maximum creditable for social security purposes from \$4800 to \$6000 per year, and later increase to \$7200.
4. Change the tax schedule for social security to a final top rate of 5.7 per cent (including 4 for hospital insurance) for self-employed. Pres-

ent law calls for a top of 4.625 per cent, each, for employees and employers, and 6.9 per cent for the self-employed.

5. Improve benefits for men who retire before 65 so that their rates will be the same as women's.

6. Continue children's benefits past age 18 to age 22 if the child is still in school and unmarried.

7. If a widow is disabled before her husband's death, or before her youngest child reaches age 18, or becomes disabled shortly thereafter, begin her benefits prior to age 62.

8. Extend social security coverage to self-employed doctors of medicine; also extend coverage to interns as employees of hospitals.

Persons desiring more detailed information about the recommendations of the Advisory Council may write the Abilene Social Security Administration district office as Tuley will have a limited supply for distribution on a first come, first served basis.

Early Vehicle Inspection Urged For Area Motorists

AUSTIN — Col. Homer Garrison, director of the Department of Public Safety, has encouraged Texas motorists to "start the new year with a safe vehicle" by securing the 1965 vehicle inspection sticker without further delay.

The Public Safety Director said that approximately one-half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. He added that unless the inspection pace is stepped up, motorists may expect to find the usual waiting lines at the inspection stations when the April 15 deadline approaches.

"The inspection stickers for 1965 have been available since September 1," Garrison said, "allowing ample time for all vehicles to be inspected without delay prior to the dead-

line. There can be no extension of the deadline and vehicles not displaying the new sticker will be in violation of the law after April 15."

There are 14 public inspection stations and one fleet station in Eastland County, Carl Boustead of Eastland, Motor Vehicle Inspection Patrolman, has announced.

They are:
Gorman: Smith Brothers Chevrolet; Rising Star: Butler Motor Co.; Cisco: Rutherford Chevrolet, Graham Motor Co., Huffman Motor Co., and Booth's Garage; Eastland: Allen Auto Repair, Hood King Motor Co., Muirhead Motor Co., City Garage, and Fullen Motor Co.; Ranger: Anderson Chevrolet Co., Crawford's Garage and Mission Garage.

The Lone Star Producing Co. station at Ranger is the

one fleet center and does not accept public vehicles for inspections.

Territory covered by Boustead includes Eastland, Callahan, Stephens, Shackelford, Brown, Coleman and part of Taylor counties.

Patrolman Boustead urged county residents to have their vehicles inspected early for their own convenience as well as the inspection stations, to avoid the last-minute rush.

Texas now has more than 5,200 authorized inspection stations over the state. According to Garrison, these stations are ready and capable of handling the remaining uninspected vehicles without delay provided vehicle owners do not wait until just a few days before the deadline.

He pointed out that the basic function of vehicle inspection is to detect and correct vehicle defects that might cause an accident. He said that last year vehicle defects contributed to fewer traffic accidents than ever before in Texas.

Harry Clark Says —

(Continued from Page 1)

he said, and the thing is to be really ready when one comes along. Those who are, win. He cited Marshall, Tex., as an example, where one man has led the industrialization program so successfully and done so much for the town that he can't afford to leave even for better pay because he has so many good "suspects" working.

Clark briefly outlined the function of the state commission, pointing out that it is a small-budgeted, small-staffed organization, whose goal is to coordinate the work, efforts and ability of the some 217 professional industrial developers and hundreds of civic-minded individuals such as those at the meeting, in working toward the common goal of bringing industry to the state.

"We're in the information, not action, business," he said. The state's broad advertising program, only recently begun, resulted in 275 inquiries last year, with three definite plant locations resulting. This week a Texas film, financed by private enterprise, will be previewed. It's called "Bob Hope Talks Texas," and features the national-comedian as narrator and is expected to be distributed by a major film distributor and will eventually be seen in over 5000 theaters across the nation.

Jim Horton, vice president of the Rotary Club, and Leon Musgrove, Lion president, presided at the joint meet. Invocation was by the Rev. Lester Davenport, pastor the First Methodist Church, Eastland.

Larry Milner, West Texas coordinator for the TIC, announced that the third of the five seminars will be held Feb. 4, and it will be a tour of the county, beginning at Cisco at 8:30 a.m., and the theme will be sites. Visits will be made in Cisco, Eastland, Ranger, Gorman and Rising Star, with lunch in Rising Star with a critique by experts of the sites seen.

Approval was given to the "EC-65" steering committee to select an appropriate membership lapel pin, and the replacement of the organization's secretary - treasurer, who has resigned and moved from the county.

O. P. Leonard of Fort Worth has announced plans to drill his No. 2 WSW Martin Unit as an oil test in the regular field one mile west of Eastland. Permit application called for 1,800 feet with location on a 789-acre lease in the George Haig (J. P. Douglas) Survey, A-169.

FARM AND RANCH INCOME TAX SCHOOL IS PLANNED JAN. 12

The annual Farm and Ranch Income Tax and Social Security School has been scheduled for January 12th in the courthouse in Eastland, according to County Agricultural Agent J. M. Cooper, who is in charge of arrangements for the affair.

Billy Freeman, Stephenville, Area Farm Management Specialist of the Agricultural Extension Service of A&M University will discuss and explain the new changes in the income tax laws as they apply to farmers and ranchers.

Several changes are in the new law particularly in regard to averaging the income, investment credit, charitable contributions, medicine and drug costs, sale of a residence, personal casualty and

theft loss, gain on depreciable property and other items, it was said.

R. R. Tuley, Abilene, District Supervisor of the Social Security Administration, or his representative, will discuss changes in the social security laws as they apply to farmers and ranchers.

There is no charge to attend the school. Women as well as men are cordially invited to attend either one or both sessions. It will begin at 9:30 a.m. on the above date in the county courtroom on the third floor of the courthouse in Eastland. With time out for lunch at noon, the meeting is expected to be concluded at 3 p.m., according to the County Agent's office.

ARBOR DAY IS PROCLAIMED FOR TEXANS ON JAN. 15th

Arbor Day, by official proclamation of Governor John Connally, will be observed in Texas, Friday, January 15.

Governor Connally in his proclamation said, "By resolution of the 51st Legislature, the third Friday in January each year was designated as Arbor Day. It was set aside as a day to encourage the planting of trees throughout the State, for pleasure and use of its citizens.

Trees provide Texans with many benefits. From our forests come fibre and wood for our daily needs, with employment and payroll important to the economic growth of our State.

Trees also supply food and cover for wildlife, aid in regulating stream flow, protect soil against erosion by water and wind, and provide scenic beauty to our landscape.

The economic progress of our State is, to a large extent, dependent upon the forests, a renewable resource.

To perpetuate this gift of

nature our forests need protection from wild forest fires, insects and diseases.

Assisting in the protection of our useful and beautiful forests is the Texas Forest Service, a part of the Texas A&M University System; this year it is celebrating its Golden Anniversary.

"THEREFORE, I, as Governor of Texas, do hereby designate Friday, January 15, 1965, as ARBOR DAY in Texas, and urge all citizens, especially the public schools, to appropriately observe this oc-

WORLD'S TALLEST — This is the preliminary proposed design of the tower structure which will be located in the center of the 1968 "Fair of the Americas" to be held in San Antonio. It will be the tallest concrete structure in the world, with a minimum height of 550 to 700 feet stretching almost 70 stories in the air. It will be constructed with a capital investment of \$45 million and have observation decks and restaurant at the top and intermediate levels. The illuminated tower will be visible for 100 miles when seen from the air at night. Hemi-Fair architects are now working on the exact design and specifications which will bring to reality the future permanent Texas landmark.

Arbor Day was first observed in Nebraska, January 4, 1872. In Texas the occasion was first celebrated February 22, 1889, in the community of Temple. Now, 72 years later, this tree-lined city is a memorial to all men who protect and replenish rather than destroy the natural resource for future generations. This year, as in the past the Texas Forest Service will assist schools and other organizations in arranging special Arbor Day programs.

ministration in Temple, the V. A. Hospital in Oklahoma City and Fort Bayard in New Mexico. Her most rewarding experience was acting as a librarian for the Social Services of the United States Army of Europe. For three years she lived in Eurur, Germany.

While working in Germany, she toured Great Britain, Scotland, Ireland, West Germany, Holland, France, Switzerland, Italy, and Spain. Her favorite country was Ireland. Being a master of the Irish dialect, Miss Linn found the Irish most friendly. She says the Irish countryside is very scenic and has an air of freshness.

Her second favorite European country was Italy. She visited the beautiful cities of Florence, Rome, Vienna, Naples, and Capri. She stated that Rome is a magnificent city with well-preserved architecture. However, Florence is her favorite Italian city.

Financially and materially, the German people have recovered and forgotten Hitler, according to Miss Linn. To them, Hitler never existed, and rarely does a German admit that he was a Nazi. All in all Miss Linn found her life in Europe most educational, and she feels that travel is broadening.

She enjoys library work thoroughly and likes working with students. She believes that to be a successful librarian, one must fit library service to the individual client.

Eagle Scouts To Be Honored January 14

Four Eastland and two Ranger boys will be among the Brown Troop and Explorers who have earned the rank of Eagle Scout during 1964 and will be recognized for their achievement when the Comanche Trail Council, Boy Scouts of America, holds its annual recognition dinner Thursday, Jan. 14, 1965 in Brownwood, Carl Anspiger, chairman of the advancement committee for the eight county Boy Scout council announced this week. The dinner program will be held in the Starlight Roof of the Browntowner Motor Inn.

The Eastland Eagles are Steve Lund, 613 S. Seaman St.; Chris Pryor, 504 S. Daugherty; and Jerry Franklin, 1003 W. Plummer; all of Troop 103; and Charles Moseley, 306 S. High St., of Explorer Post 23.

Both Ranger boys are from Post 10. They are Richard Herweck of 203 N. Austin St. and Jimmy Ratliff of 301 Summit St.

Driver Injured When Truck Spins, Overturns

Alford W. Stephenson, driving a 1963 International truck tractor, lost control of the truck Thursday while traveling on Interstate 20, two and a half miles west of Ranger. The vehicle turned over, causing Stephenson to receive multiple lacerations around the head and shoulders. Patrolman Jack Therwanger reported.

Owner of the truck, Jerry Plumlee, a passenger, received minor bruises. Therwanger said.

The accident occurred near the home of Pete Tindell.

Firemen Meet At Mineral Wells

The North Central Texas Firemen's Association met in Mineral Wells last Tuesday night for their quarterly convention.

Ranger firemen won the six-man pumper races, and Breckenridge won for the women. Cisco won the trophy for the best time, 21 seconds, for six-man pumper races for the year. Included in officers elected was W. L. Darr of Cisco, first vice president.

The next convention will be held in Eastland in April.

SHOP RANGER FIRST!
The quarterly WMU meeting of the Cisco Association was held at East Cisco Baptist Church, Thursday, January 7, from 9 to 12 a. m. Theme of the meeting was "Ye Shall Receive Power".

The devotional, entitled "The Promise Endurement and Evidence of Power" was brought by Mrs. H. B. Terry.

Mrs. Paul Sanders read the calendar of prayer. Following the Promotional period and coffee break, conferences led by associational officers were held for various leaders of local churches. The group then reassembled in the auditorium for the main message "In Weakness-

Strength", brought by Rev. Jesse Casse, pastor of First Baptist Church, Cisco, who reported feeling like a lion in a den of Daniels, since he was the only man among the 60 or so ladies present.

Mrs. H. W. Sims, Association president, presided over the morning's program.

Representing Ranger churches were: Mrs. L. E. Orms, Second Baptist; Mrs. Jeral Hays, Dalton Hatton, Bill Beck, J. A. Caraway, Eastside Baptist Church; Mrs. Pete Miller, J. B. Houghton, Avery Sullivan, W. A. Reeves, Byron White, Lloyd Kennedy, and Albert Williams, First Baptist Church.

A concert was to be presented in the McMurry auditorium at 1:15 p. m. Saturday by the McMurry Band, followed by rehearsal of the All Region Band. The All Region Band was to present a concert at 7:30 p. m.

Ranger students were to go to Abilene Saturday morning in private cars, according to Bobby Bingham, band director.

TOWN TALK

(Continued from Page One)

Co. in these parts, is on the verge of hating up his bow and arrow. Twice, he joined the B&A people for deer hunting expeditions into the wilds of the Possum Kingdom country. And twice he returned home to show his wife and two daughters an empty game bag.

The discouraging matter, however, took place last B&A season. Bill hunted for a couple of days with no luck. Finally, he saw a big jack rabbit. He shot and the arrow went true to the head — through it. But the rabbit didn't slow down... kept on running with the arrow intact.

And for all Bill knows, the rabbit still has his arrow.

LOVE STRIKES

(Continued from Page 2)

the girls' dorm during the Christmas holidays.

This so-called malady, love, is not contagious, and it is not caused by a virus, though some people say that those afflicted have been bitten by the "love bug". The condition can be cured, although the solution requires much backbone.

Mature thinking on the part of the young person can limit or curtail many of the bad effects; actually if he exercises mature judgment, he might find that he is not affected as much as he thinks he is by the malady. It is possible that in three-fourths of the cases, the afflicted one is not actually smitten with this disease called love; he only thinks he is.

It presents a serious problem, especially when young people who have not completed their education are concerned, but the problem can be solved through mature thinking if the desire to solve it is there. Marriage can wait until after one finishes his education.

Circle IV Meets In Deffebach Home Monday

Circle IV of the Women's Society of Christian Service of the First Methodist Church met Monday January 4 in the home of Mrs. Vernon Deffebach with Mrs. P. M. Kuykendall as chairman.

During the business session, Mrs. W. M. Brown, program chairman, presented the study — "The Desecration on the Book of Ruth" was given by Mrs. C. E. May.

Mrs. Vernon Deffebach assisted Mrs. Brown in presenting the subject, "Women of Other Cultures." The aim of the subject was to encourage young mothers in their understanding of mothers of other countries. A round table discussion followed on the "Changing Role of Woman."

The hostess served desert plates to the following: Mrs. P. M. Kuykendall, T. D. Stewart, Lois Effie, David Pickrell, C. E. May, W. M. Brown, P. J. O'Donnell, and Stanley McCannelly.

Mrs. Pulley Is Guest Speaker For Lions Club

Mrs. D. E. Pulley was guest speaker at the noon luncheon and business meeting of the Lions Club Thursday at the Ranger Junior College Cafeteria.

Mrs. Pulley spoke on "Diamonds," and showed a film entitled "Diamonds, King of Gems." Buddy Bills was elected a new member.

There were twenty-six members and three visitors present. Visitors were Don Renfro of Abilene, E. W. Mince of Cisco, and the guest speaker, Mrs. Pulley.

Rifle Theft

W. R. Nash, who resides on Highway 60 east, reported theft of a rifle from his pickup this week.

Nash told Ranger Police Dept. the weapon was a .250-3000 Savage lever action with 3x-9x variable scope. Latest gun theft is one of a number which have occurred in recent weeks.

Guest Speaker For Rotary Club

Dr. David Allsup gave the program at the noon luncheon and meeting of the Rotary Club Wednesday at the Ranger Junior College Cafeteria. Dr. Allsup brought the program to the club in behalf of Mrs. D. E. Pulley. The program was presented on "Diamonds, the club. John Adair was welcomed as a new member of the club. Felton Brasler presided over the business session.
