BUDDY AARON, agent for the Farm Bureau will be the speaker at the Thursday noon Lions Club meeting, according to George Kloss program chairman. All Lions are urged to be present.

EASTER SPELL is our explanation for the wintry weather this week. Of course, that was our explanation last week and will probably be the same next week. Then, perhaps there will be those balmy spring days to which we all look forward.

FROM GALVESTON comes word that Mrs. J. W. Harman is a patient in John Sealy Hospital. Friends may address her: Mrs. J. W. Harman, Room P-425, John Sealy Hospital, Galveston, Texas 77550.

IN KILLEEN Mr. Curtis Knight, whose son is pitcher for Ranger Junior College baseball team, reads Ranger News since subscribing to the Times this week.

OUR CONGRATULATIONS to Maurice E. Owen who is beginning his 19th year as employee of the Dr. Pepper Company in Ranger. He holds an eighteen year record of no absenteeism due to illness, etc. Few men can claim such a record and Mr. Owen is thankful for conditions which has enabled him to make it. We wish him the same circumstances and success in days ahead.

The MYF of the First United Methodist Church will meet March 30 at 6:00 p.m. in the Fellowship Hall of the church. It was reported. A film will be shown to the group and refreshments will be served to the group following the evening worship services.

Industrial Team Hears Topics On Utilities, Sites—Zoning Tuesday

JR. HIGH 'SPIRIT OF RANGER' GETS A II IN BAND CONTEST

The Ranger Jr. High 'Spirit of Ranger' band competed in concert and sight-reading contests in Cisco Saturday and scored a second division rating in both. Dr. Jo Haddon of Midwestern Univ. of Wichita Falls, Dan Gibbs, of Monahan High School and Bill Carroco of Pecos High School were the three concert judges and Mr. Doug Fry of Abilene Christian College, Abilene, judged sight reading.

In the solo and ensemble contest held the same day, Ranger Jr. High scored equally well. A total of seventeen gold medals were won. Receiving these gold medals were the following:

Clarinet Quartet—four gold medals — Patty Camacho, Weta Mince, Donna Nail, and Patsy Hamilton.

Soloist winners were Melody Bethany and Arden Marslender; flute solos; Patsy Hamilton, Susie Hamilton, Esther Renteria and Carla Templetton. B-flat clarinet solos; D i x o n

'Yellow Tulips' To Be Presented By Stage Group

"Yellow Tulips" is the title of a play to be presented by Ranger Theatre Group during assembly at Young Elementary School at 1:50 p.m. Friday, March 28, according to announcement of Rev. B. T. Tribble, director.

The play, written by Anne Coulter Martens and published by Dramatic Publishing Co. of Chicago, has a cast of six members as follows:

Judy, Cheryl Proctor, Gwen, Kathy Tribble, Marjorie, Debbie Shook; Barney, Kenneth Poyner; Jed, David Meacham; Christine, Carol Wheat; stage manager, Gary Poyner.

Parents and interested friends are invited to attend the program, Rev. Tribble said.

Labor and Education Is Program for April 1

A third meeting of the Industrial Development Teams was held Tuesday in the Community Room of the First State Bank with twenty-seven businessmen present.

Glyn Gilliam, chairman of the Industrial Foundation introduced Bill Collings, manager of Texas Electric Service Company; W. T. Eaton, manager of Lone Star Gas Company; and H. R. "Pete" Tibbels of the Southwestern Bell Telephone Company, who lead the discussion on the Utilities offered in Ranger.

It was pointed out by Collings that the City of Ranger is supplied with water from Lake Leon. The water is treated by Eastland County Water Supply District with a capacity of 3,500,000 gallons per day.

The cost of water for residential use is \$3.50 for the first 2,000 gallons, and a rate of \$4.50 for the first 3000 gallons.

The City of Ranger operates an Imhoff System disposal plant with a capacity of 500,000 gallons per day. Rate for Sewerage Disposal for residential and commercial is \$1 minimum or five fixtures. Waste Disposal charges is \$1. for residential and \$2 for commercial, it was stated.

The City of Ranger receives its electrical power from Texas Electric Service Company. It was stated that Ranger is served with three main feeder lines with some 69,000 volts of electricity.

Natural gas service is provided for Ranger by the Lone Star Gas Company. The city is served by a 16-inch transmission line with a pressure of 300 pounds according to W. T. Eaton, manager of the gas company.

The city is served by Southwestern Bell Telephone Company with a complete modern dial system.

Mac Jones were in charge of the Sites and Zoning portion of the program.

It was stated that Ranger has three potential industrial sites available.

The location of one of the industrial sites is the Tiffin plant, two miles north of Ranger on the T&P Railway. There is 3.3 acres of land with the building. Also it was stated the Foundation owns 25 acres of land near the rodeo grounds which is near the railways and interstate highway.

Three guests were present for the meeting Tuesday. They were Wayland Nelson, representative of the Small Business Administration of Dallas; James Grigsby, manager of Southwestern Bell Telephone, and Howard Maddox of Texas Electric Service Co., of Fort Worth.

The topics for next week's session will be Labor, under the direction of George Kloss and Charles Arnett. Also Education and Training will be discussed by Dr. E. W. Mince and James R. Clark.

The Range Anns Win Consolation In Amarrillo Tilt

Many fans from throughout the nation gathered in Amarrillo last week to watch the First Annual Women's National Invitational Collegiate Tournament, where the Wayland Flying Queens emerged as tournament champions.

The Range Anns of RJC, hoping to defeat the Flying Queens again, got sidetracked in their opening game but still managed to bring home some laurels by sweeping the tournaments Consolation Bracket.

REV. DON C. JONES

Missionary To Korea Will Speak At 2nd Baptist

Rev. Don C. Jones, Southern Baptist missionary to Korea since 1956, will be guest speaker for both morning and evening worship services at Second Baptist Church on Sunday, March 30.

A former pastor of Strawn Baptist Church, Rev. Jones is a graduate of Howard Payne College and a Southwestern Baptist Theological Seminary and is presently working toward the Th.M. degree.

A resident of Seoul, Korea since 1959, he became Director of Publications and Promotion in 1963 and served in that capacity until this furlough. He will return to Korea in August to re-assume duties as Director of Publications and Church Administration.

He is married to the former Juanita Wheelock. They have two children, Preston Don, 6, and Elizabeth Ann, 2 years of age.

The morning service begins at 11 a.m. The evening service at 7 p.m. will feature showing of slides of the speaker's work in Korea. Area residents are cordially invited to attend the services, said a spokesman for the congregation.

Ranger Schools To Take Week Off For Holidays

Ranger's Public Schools will dismiss all of next week for the Easter holidays, according to Supt. James R. Clark, who said that two days had been put in the calendar for Easter last spring and three days had been put in for sickness or bad weather for a total of five days.

Since none have been used it was decided to take off all week for Easter so as to include two weekends.

Buses will all run one hour early Friday Clark said, so parents with little ones who ride the bus will want to take note.

All schools will resume at the regular time on Monday, April 7.

The present calendar of events calls for Wednesday, May 28 to be the last day of school. Baccalaureate will be on May 25, Sunday.

Mrs. Lauderdale Is Buried In Wednesday Rites

Funeral services for Mrs. Lucy B. Lauderdale, 96, was held at 10 a. m. Wednesday at the Rust Funeral Home Chapel with the Rev. Lloyd Howard, pastor of the First Christian Church, officiating. Burial was in a family cemetery at Wayland in Stephens County.

Mrs. Lauderdale, a resident of Stephens County for many years, died Monday morning at Hickman Nursing Home where she had been a resident for some two years.

Born Nov. 23, 1872, in Murray, Kentucky, Mrs. Lauderdale moved to Stephens County as a child. She was married to the late G. M. Lauderdale on June 6, 1905, in Breckenridge. He passed away in 1905.

Mrs. Lauderdale taught voice and piano and oil painting in Breckenridge for over 50 years. She was a long time member of the Christian Church there.

Surviving are one son, John W. Lauderdale, of Wayland; one daughter, Mrs. L. B. Foreman, of Odessa; four grandchildren and five great grandchildren.

FLOWER TALK

By
OPAL MARSH
THE LILY FAMILY

The lily family is an enormous group, and they often show very perennial herbs in temperate regions, but they also range to tree-like forms in the tropics. Familiar examples include, other than the tree lilies, the tulip, onion, lily of the valley, and asparagus.

Over 3,000 species are known; but only a few of these are of the native kinds. Some of them include the Carrion Flower, the Cat Brier, the Clintonia, the Clintonia umbellata, the Twisted Stalk, False Solomon's Seal and False Spikenard.

We feel we are in a rewarding business, and it would be a pleasure to fill your every floral need. We use a personal touch. Call us at 647-1811.

Great Plain Plan Helps Aaron with Long-time Dream

A dream came true on the Johnnie Aaron farm with the help of the Great Plains Conservation Program. In 1943 Aaron bought 286 acres of land two miles south of Eastland, on the Leon River. Aaron could see the possibilities but where to start and how was the question. Ninety acres of the place was inundated 1 to 3 times each year by flood waters. The upland was stricken by drought each year due to a cover of woody vegetation of oak and mesquite trees.

"When I started operating the bottom land was shaded with hackberry and elm trees and bloodweeds were 10 and 12 feet high," Aaron remarked.

Aaron started to work clearing land and put 70 acres of bottomland into cultivation. He planted small grain, grain sorghum and alfalfa on the land. Aaron said, "I tried 15 consecutive crops without harvesting a single one in the river bottom. One crop of speltz had an estimated yield of 70

bushels per acre. A combine pulled in one afternoon and the next morning, when harvest was to start, the crop was covered with water."

In January, 1963, the Great Plains Conservation Program was activated in Eastland Co. Aaron immediately made an application for assistance through the Soil Conservation Service for a G.P.C.P. contract. On March 15 of the same year he signed a cost-share contract with the Department of Agriculture. The contract was based on Aaron's conservation plan developed with the assistance of a soil conservationist from the local work unit. By the middle of May two acres of critical area located in over-flow area had been shaped and sodded to coastal bermuda. 70 acres of former cropland had been sprigged to coastal bermuda. A cross fence of 1465 feet was completed. During the following two years 1964 and 1965 Aaron completed an additional 21 acres of pasture planting, 123 acres of range seeding, 3630 feet of cross fencing and 1070 feet of pipe line for livestock watering. "Converting the bottomland to permanent pasture has put a new complexion on the destructive floods. Overflows are beneficial to coastal bermuda. To make the job more complete, a small watershed program on the South Leon River would prevent my fences from washing out every time we get an overflow," commented Aaron.

Aaron hired heavy equipment to root-plot mesquite on the 123 acres of range land. He piled the brush and grubs by hand. He prepared a seed-bed with his own equipment and seeded it with a grass drill to mixture of sideoat grama and K.R. bluestem.

The place now carries 45 animals units where 15 were run before the program was applied. The cattle are rotated on 6 pastures of coastal bermuda from May through November. 2500 bales of hay are put up each year. "I sell enough hay to pay my fertilizer bill. The rest I store for feed in cases of emergency," says Aaron. He made one cutting on his coastal in 1968 and it averaged 104 bales per acre. The cattle are run on reseeded native grasses during the winter and spring months.

By experience he has found coastal makes good winter grazing if it has 12" or more height to it when frost kills it and then supplemented with cotyledon cake.

Since the job has been completed Johnnie Aaron said, "It would have taken a long time to meet my objective if it had not been for the Great Plains Program."

RAPE CASE POSTPONED
District Clerk Mary Lee of Stephens County announced Monday that the trial of three Cisco men on charges of rape has been postponed from April 7. No new date was set immediately. The trio, LeRoy Mangum, Kendall Seaborn and Charles W. Raper, are free on bond.

 During our Carrier Air Conditioner Trade-In Sale

Trade in your old condensing unit, cooling tower, room air conditioner or furnace.

Call us today. Let us make a professional air conditioning survey of your home and start enjoying dependable Carrier comfort. Your old air conditioner is worth big money to you during this limited time sale.

SPECIAL \$75 TRADE-IN OFFER ENDS MARCH 31, 1969.
 CONDENSING UNIT Model 38GF004 (36,000 B.T.U.)
 Suggested Retail \$520.00
 Less Trade-In \$ 75.00
 Your Net Cost \$445.00
 (Plus installation)
 Upon completion of your installation, Carrier-Back Company will send you a check for \$75.00

If you already have central air conditioning, regardless of the brand, you'll probably just need a new condensing unit. If you have central heating, you'll need the condensing unit, a thermostat control and an inside expansion coil, which, of course, will raise the total cost. If you don't have central heating, you'll need the above units plus ductwork at additional cost.

WEIGHT RESULTS — Fat cattle point up the proper utilization of Weeping Lovegrass in January, 1968 on the B. D. Yancey farm.

COASTAL DISCUSSION — E. E. McAlister, District Conservationist, and J. M. Yancy discuss management of 1965 planting of Coastal Bermuda grass.

Coastal, Weeping Love Keys To Pastures Here

by RAY YOUNG
 SOIL CONSERVATIONIST
 What is Pasture Management and its purpose? It is the proper treatment and use of pastureland to prolong the life of desirable forage species; maintain or improve the quality or quantity of forage; provide soil protection and reduce water losses.

The two most common grasses found on our pastures in Eastland County are Weeping lovegrass. Coastal Bermuda is a vigorous growing warm-season perennial sod-forming grass which reproduces from both rhizomes and stolons but not from seed. It was developed and released from the Coastal Plains Experiment Station, Tifton, Ga., as an intraspecific hybrid, of a vigorous strain of Common Bermuda called Tift and a tall growing strain of Common Bermuda from South Africa.

Weeping lovegrass is a perennial warm-season bunch grass that was developed in South Africa and can be planted by seeds at the rate of about 3 lbs. per acre.

High quality green pasture is the most economical method of beef production. The type of grass, rate of fertilizer application and specific management practice necessary for improved pasture programs will usually pay good dividends. Although there are differences among grasses in their actual response to fertilizer, they require four major plant nutrients which are nitrogen, phosphorus, potassium, and calcium.

One should not attempt to establish improved pasture plants on low fertility soil without application of fertilizers, and it should be recognized that soils too poor to grow desirable plants produce low quality forage.

Rotational grazing is recommended for improved pastures, and a stocking rate to graze-off the forage in three to five weeks will usually give the highest yield of beef. For rapid recovery, a stubble of 6 inches should be left on Coastal Bermuda and 6 to 8 inches on Weeping lovegrass. Coastal and Weeping love should not be grazed until it reaches a minimum height of 8 inches and should be maintained at a minimum height of 6 inches.

A 6 to 8 inch stubble height produce about 8 to 10 thousand lbs. of forage per acre. A 2 inch stubble height will hardly produce enough forage per acre to pay for the fertilizer applied.

Highlight of the program was an address by Roger Spiller, District Director. Spiller gave a report of the recent directors meeting held in Midland, the gist of which was updating the society, creating renewed interest on the part of the workers and encouraging attendance at unit meetings.

County Cancer Society Has Monthly Meeting

The monthly meeting of the Eastland County Unit, American Cancer Society, was held in Eastland on Thursday evening, March 20, with the president, Sam Kimmell in charge.

Christian Science Program Announced

The Golden Text that will be read at services in all Christian Science churches Sunday, March 30 is from Psalms: "Great is the Lord, and greatly to be praised in the city of our God, in the mountain of his holiness."

Passages to be read from the denominational textbook, Science and Health with Key to the Scriptures by Mary Baker Eddy, will include the following: "In the material world, thought has brought to light with great rapidity many useful wonders. With like activity have thought's swift pinions been rising towards the realm of the real, to the spiritual cause of those lower things which give impulse to inquiry."

The subject of the Bible Lesson-Sermon is "Reality" and services at First Church of Christ Scientist, corner Plummer and Lamar Street, Eastland, will begin at 11 a.m. All are welcome.

This is the cast of the 1st place entry in the Share-the-Fun Contest at the County Elimination Contest. They are Jane Krantz, Dollie Moseley, Keith Kellar, Sherrill Whiseman and Ralph Underwood. Title of their skit is "A Tale of Whoa."

DEBBIE WHEAT and CARYN LEE with their 1st place Safety Demonstration. They competed in the County Eliminations Contest.

CYNTHIA CLABORN with her 1st place Clothing Educational Activity Method Demonstration. It was presented at the County 4-H Eliminations Contest on March 22. (Photos by Bob Cohen).

Three Demonstration Teams In 4-H Contest

Three demonstration teams participated in the Eastland County 4-H Eliminations Contest at the Farm Bureau Building in Eastland, March 22. Each team received a first place ribbon in their division. Those individuals and demonstration were as follows: 1st place Clothing Educational Activity by Cynthia Claborn was entitled "Before You Sew Ask Yourself This Question - Is Your Fabric Animal, Vegetable or Chemical." 1st place Safety Demonstration by Caryn Lee and Debbie Wheat was entitled "Discover the Magic of Ice", and 1st place Share-the-Fun by Jane Krantz, Dollie Moseley, Keith Kellar, Sherrill Whiseman and Ralph Underwood was entitled "A Tale of Whoa".

Also taking place on Saturday March 22, Eastland County 4-H Livestock Judging teams composed of Steve Blair, Frank Claybor, Suzanne Harbin, Bobby Lee, Caddy Lee Scott Miller, and Lynne Pippen judge in the Howard Payne Livestock Judging Contest in Brownwood. Frank Claborn was the high individual judge in the sheep division.

According to the County Extension office, these boys and girls, in both demonstration and judging, are competing so they might enter the District Eliminations Contest in Stephenville on April 19. Those who are in the Sr. division age group (14 yrs. old and older as of Jan. 1) will compete at district for the opportunity to attend the state eliminations during the State 4-H Roundup in June. The top two demonstrations in each subject matter area will attend the state contest from this 20 county, District 8.
