Bullock School Has Installed Curtain

The Bullock school board has completed their plans for the school stage curtain and it is now installed and in use, it was announced Saturday afternoon by Paul Smith, a member of the board.

The curtain was made possible through the cooperation of the merchants of Ranger, who took advertising spaces on the curtain to pay for its installation. The curtain was painted and hung by Ernest Parks and E. R. Estinger.

The school board Saturday issued the following words of appreciation for the cooperation of the Ranger merchants in making the curtain possible:

"We the undersigned hereby wish to express our appreciation and thank the business men of Ranger who made it possible for us to have this much-needed stage curtain in our school. Will say that it is properly installed and everything has been carried out in detail to the utmost satisfaction.

"Any consideration shown these merchants will be appreciated by us."

(Signed) Paul Smith, Prof. H. A. Reynolds, J. E. Hatton, C. L. Cantwell.

Those who took advertising on the curtain were Burton-Lingo Lumber company, Killingsworth, Cox & Co., A. L. Stiles Service Station, Mrs. Higdon's Eat Shop, Clarke's Radiator & Body Works, Commercial State Bank, C. E. May, Ranger Feed & Grinding company, Adams & Co., Schooley's Bakery, Great Southern Life Insurance company, L. L. Bruce, agent; Texas Drug Store, The Globe, Inc., Oil City Pharmacy, A. J. Ratliff, Clyde H. Davis, Robinson Auto Supply company, Ranger Dry Cleaners, Ranger Furniture Exchange, Swaney's Pharmacy, C. J. Moore Auto Mart, Hassen company, Leveille Motor company, Sinclair Service Station and Joseph Dry Goods company.

LICENSE LAW FOR DRIVERS SEEMS CERTAIN

AUSTIN, April 11.—Texas automobile drivers were a step nearer a license requirement today.

The senate committee on highways and traffic last night approved a license bill sent it by the house, after recommending changes.

Though many of the changes are not such that they will be unacceptable to the house, Representative Otis Dunagan, author, predicted.

In counties under 30,000 population licenses would be issued by the tax assessor and collector. In larger ones the chief of the highway patrol could designate the assessor or a patrolman to issue them.

Government Silver Hoard Is Growing

WASHINGTON, April 11.—The federal government has acquired 413,500 ounces of silver under its silver rehabilitation program, begun nearly a year ago, the treasury reported today.

As of March 29, the figure showed the treasury held and had in circulation 1,104,500,000 ounces of silver. Total monetary value was set by the treasury at \$1,450,000,000.

Lay Pipe to Water Flowers In Plot

Eastland is carrying its beautification program a step further, conversation with Walter Gray, city manager, showed Wednesday.

Water will be piped to the plot in the triangle formed by the new highway towards Cisco and West Main street, the city manager said.

Cactus and flowers have already been planted in the plot.

Flowers will be planted in the rock wall garden south of the city hall. The lot was recently improved by men who worked out their fines.

Boy Scout Makes A Gigantic Kite

EL PASO—A huge kite 13 feet high and 10 feet wide was flown in a contest sponsored by the Boy Scouts here recently.

The kite was made by Lawrence Caulton, had a tail 100 feet long and used a quarter inch manila rope for a string.

EASTLAND BOYS PLACED UNDER PROBATIONARY SENTENCES IN FEDERAL COURT AT ABILENE

Safety Films to Be Presented at Safety Conference

The program of the Oilbelt Safety Conference, which is to be held in Ranger on April 29, is to be given over for the entire afternoon to the presentation of a safety educational program at the Columbia Theatre. Through the cooperation of the theatre management and the Ranger Chamber of Commerce, a splendid showing of pictures in both sound and color, drama and comedy, will be presented to those in attendance at the conference.

Several unusually good films have been secured for this showing, which will extend from 1:00 p. m. to 7:20 p. m. on the afternoon of the twenty-ninth. Among others might be mentioned a picture entitled "Public Enemy Number One," produced by the Commission of Motor Vehicles, State of New Jersey. This picture depicts a series of safe and unsafe practices on streets and highways with regard to automobile driving.

Another interesting picture is that of "Saving Seconds." The sound version for this picture is supplied by Aloise Havrilla, noted NBC announcer.

Still another picture that should prove of particular interest to the people of this community and those who will be in attendance at the Safety Conference is that which delineates the operation and scheme of the City of Memphis Automobile Testing Station. This city has achieved national recognition by virtue of its unusual and outstanding program of street and highway safety. Automobile accidents in the City of Memphis during the past year were reduced to such a great extent by virtue of the program which was adopted that there was a wide-spread demand for a picture which would be instrumental in disseminating the meritorious features of their program. Through the cooperation of the National Safety Council and Vice Mayor Cliff Davis of Memphis, the program committee feels justly proud in having secured this picture.

In order to satisfy the tastes of even the most fastidious, the Columbia Theatre will present "Once Upon a Time," a beautiful arranged film in both sound and color with a fairyland setting. From the moment the gates of "Once Upon a Time" swing open, during an original musical symphony, the film is full of action. Pandora, in a moment of curiosity raises the lid of a box, releasing two goblins, "Carelessness" and "Discourtesy." These goblins cause well-known characters of childhood to become involved in present-day types of street and highway accidents. Furthermore, with witty and timely gestures, they emphasize foolish and sometimes ludicrous actions which today have become common occurrences and thus depict various accident hazards. In a fit of rage, the king of "Once Upon a Time" calls for help in remedying the accident problem. His Wise Man mixes four attributes of safety—common sense, knowledge, attention, and obedience—in a magic elixir and produces two beautiful maidens, "Carefulness" and "Courtesy." These musical fairies recapture the demons, "Carelessness" and "Discourtesy," and "Safety" as demonstrated—again reigns supreme.

Seven Carloads of Potatoes On Way

Seven carloads of potatoes for relief, previously reported as arrived in Eastland, have not been received, H. E. Driscoll, county administrator, said Thursday.

Distribution of the potatoes will be made to six counties in this section of the state after they arrive. The shipment contains 212,000 pounds of potatoes, of which 114,000 pounds will be distributed and the remainder will go to the other counties in this district, Driscoll stated.

Flatwood HD Club To Meet With Mrs. Cloe Clark April 18

Flatwood Help Thy Neighbor Home Demonstration club will meet April 18 with Mrs. Cloe Clark on the Carbon-Eastland highway, it was announced Thursday.

Fifteen members attended the last session of the body held at the Flatwood church when Mrs. Arnold was hostess. Mrs. Minnie Foster, reported, stated.

Two new members, Meses. Kenneth Garrett and Cyrus Lyster, were introduced.

Abilene Presbytery To Meet In Albany

Next meeting of the Abilene Presbytery will be held at Albany in September, Rev. C. W. Estes of Eastland, who attended a two-day meet in Abilene this week, reported Thursday.

Safety Conference Director

After pleading guilty of mailing a letter to Mrs. C. U. Connelley, widow of the founder of Eastland, demanding \$150 last year, Edward Mackall and Windle Williams of Eastland were placed by Judge William H. Atwell in Federal court at Abilene Tuesday afternoon under 90-day probationary sentences.

Mrs. Connelley had signed their bond when the charges were filed. Joe Jones, formerly of Eastland, assistant U. S. District attorney, told the court of his knowledge of the boys' records and of long acquaintance with their families.

Alton Westerman of Rising Star after entering a plea of not guilty to a liquor charge, was sentenced to 60 days imprisonment.

He was convicted on the charge of possession of contraband whisky, distilling equipment and mash, without having paid the federal license.

Sheriff Virge Foster at Eastland Wednesday stated that the raid on Westerman was made near Nimrod last May. In the raiding party were Steele Hill, Loss Woods Everett Foster and Jop Lowe.

All with the exception of Hill testified for the government at Westerman's hearing Monday in Abilene.

New Work Project Supervisor Gives Project Figures

Percentage of completion of relief projects were given Wednesday by R. F. Boston, new county work project supervisor, who succeeded R. H. Jackson.

The Halbray street pipe laying project in Eastland was 82 percent completed, the Lamar street project in Eastland was 90 percent completed, the Kokomo road project 65 percent and the Mangum road project 70 percent, he said.

More applications should be submitted before these and other projects are completed, he requested. Boston, transferred by Austin relief officials from San Antonio, Van Zandt county, where he had just completed a rural rehabilitation project, comes strongly recommended.

He supervised building the chapel at Randolph field in San Antonio, building of 12 officers quarters at Fort San Houston.

The new work project supervisor with Mrs. Boston has made residence at 610 West Plummer street in Eastland.

Feed, Seed Loan Applications to Be Made Saturday

Farmers who want to make applications for emergency feed and seed loans, now being offered by the federal government, should visit the chamber of Commerce on Saturday, it was announced today by R. V. Galloway, secretary.

For a week the Chamber of Commerce had a girl hired to take applications for these loans, but when the number of applications dropped to one and two a day it was decided to have all applications filed on Saturday, when the Chamber of Commerce will be able to take care of all applications.

Julius Wright Dies After Car Accident

Julius Wright of Ranger, who was injured in an automobile accident near Abilene about two months ago, died in a hospital in Abilene this morning at 8:45, according to information received here Wednesday.

Funeral arrangements had not been completed Wednesday, pending return of his brothers and sisters from Dallas to Abilene. They had visited Wright in Abilene and had started on their return to their homes in Missouri and Tennessee.

The decedent was thought to be showing some improvement until about a week ago when he took a turn for the worse and his relatives were summoned.

It was not known today whether he would be buried in Ranger or in Coleman, where his wife was buried.

Deprieve Gus Petros Of His Citizenship
ABILENE, Texas, April 11.—Gus Petros, Greek naturalized in 88th district court at Eastland in 1928, was deprived of his citizenship in United States district court here Wednesday when it was shown he went to his native country on Aug. 24, 1931, and has not since returned.

The court heard evidence that Petros had acquired real estate in Greece valued at \$51,000, including a residence.

Safety Conference Director

A. W. Breeland, chairman, Gulf States division, petroleum section, of the National Safety Council and safety supervisor of the Lone Star Gas System, who has been selected as director and chairman of the coming Oil Belt Safety Conference to be held in Ranger on the afternoon and evening of Monday, April 29.

Five Lettered of Last Year's Mavs Expect to Repeat

Five Maverick lettermen will be back at their positions next football season, according to available information.

Lettermen expected to repeat and improve their performance for the Eastland team are Evan Mitchell, Truman Brown, Troy Taylor, Bob Sikes and Ben Mackall.

Spring training is due to start with the arrival of Johnny Kitchen newly elected coach.

Expected to report in addition to the lettermen are: Clyde Garrett, L. A. Dolberry, Roy Taylor, Charles Van Geem, Harry Taylor, Jim Taylor, James Hill, Cleo Key, Andy Taylor, Howard Simmons, Don Foster, Charles Griffin, Jack Guthrie.

Eastland Stork Is Busy Bird In Month of March

Births in Eastland during March outnumbered deaths seven to one, according to vital statistics filed at the city hall by Mrs. John Matthews registrar.

The only death record filed was for George Washington Fox, 68, who died March 29.

Births, date and name of parents of seven newborns were recorded as follows: Donald Clemens Reed, March 25—Mr. and Mrs. H. L. Reed; Jimmie Rex Harber, March 25—Mr. and Mrs. Edgar Edward Harber; Patrick Deforest Cleveland, March 19—Mr. and Mrs. Fred Deforest; Croeland Larry Lee Covington, March 25—Mr. and Mrs. Walter Paul Covington; Leola Calloway, March 22—Mr. and Mrs. Howard P. Calloway; Elizabeth Ann, March 29—Mr. and Mrs. Felix Arvid; Mary's Philbert Kenrick, March 18—Mr. and Mrs. James Kenrick.

Stolen Car Found Wrecked In Ranger

Jim Ingram, Ranger chief of police Wednesday found a car that had been stolen in Eastland.

The car, 1929 Ford Model A, had been badly wrecked and abandoned on Homer street and Wayland road.

The car belonged to a man who lived at Putnam, and was stolen as the man visited his wife, who is in an Eastland hospital.

Doctors Hold a Meeting In Ranger

The Eastland and Callahan Medical societies met at the Gholson hotel, Ranger, Tuesday night, at which time a good program was heard by the 25 doctors assembled for the meeting.

Drs. Darius and Beavers of Fort Worth were speakers on the program, as was Dr. T. L. Lauderdale of Ranger.

The meeting was declared by the doctors to be one of the best held in this section in some time.

Judgment For Cisco Bank Revived This Week In 91st Court
Ninety first district court Monday revived judgment of Cisco Banking Company vs. J. N. McConnell, originally made June 16, 1928. The judgment for the plaintiff, \$836.25, the order said, had never been executed.

The judgment, the order explained, was for use and benefit of Cisco Mortgage Loan Company.

Driscoll Returns From Austin With Cisco Project Approval, Heartening News for Clients

Rev. Gray, Estes Attend Presbytery Meet In Abilene

ABILENE, Texas, April 10.—Climaxing the first day's program of the two-day conference of the Abilene Presbytery, Rev. Charles W. Estes, newly received pastor, delivered the Tuesday night sermon at the Central Presbyterian church here. The Rev. Mr. Estes, transferring from Denton, has accepted the pastorate at Eastland and Strawn.

Dr. S. I. Smit, of Baird, vice moderator, presided for the service for which Dr. L. B. Gray of Ranger gave the opening prayer. Rev. J. A. Owen, pastor of the Matthews Memorial Presbyterian church at Albany, was named moderator of the Presbytery at the opening session. He succeeds Rev. E. C. Lambert, who is withdrawing to accept the pastorate of the Lampasas church in the Brownwood division.

Dr. L. B. Gray of the Ranger church presided at the morning session, in absence of Rev. Lambert.

Eastland Girl and Breck Man Marry

Miss Julia Elizabeth Davenport of Eastland and R. E. Colvard of Breckenridge were married Tuesday night in Abilene. The ceremony was performed by Justice James Gray Bledsoe, in the office of Taylor County Clerk W. P. Bounds.

The couple will make their home at Breckenridge, where Colvard is associated with the Lone Star Gas company.

Land Title Given Defendant In Suit

Title of land owned by Southern States Finance Corporation was given Farm & Home Savings & Loan Association, defendant, in 91st district court this week, a court on file Wednesday showed.

Southern States Finance Corporation brought the suit, but because of affirmative pleadings and cross motion of the defendant, East & Home Savings & Loan Association was awarded the judgment.

Dope on Rural School Stretch To Be Available

In answer to requests for information for continuation of rural school terms, H. E. Driscoll, county administrator, stated Wednesday that a full outline would be received this week and it would be furnished those interested.

Driscoll endeavored to obtain a full outline of procedure on the program while in Austin this week, where he was told it would be sent soon.

Baseball League Is Now Being Formed

J. F. Cordell of Mineral Wells was in Ranger and Eastland Tuesday afternoon working up enthusiasm and plans for a baseball league for this section of the county.

Plans now call for teams from Eastland, Ranger, Cloen, Mineral Wells, Breckenridge, Strawn, Dublin and other towns in the section, with an eight-team league, Cordell said.

An entrance fee, or earnest money, in the amount of \$25 will be required for a team to enter the league, though this will be returned at the end of the season, Cordell said.

In Ranger plans to form a team from the Lone Star companies were tentatively made, according to announcements, with the \$25 being put up by the chamber of commerce or individuals in the town, and the Lone Star companies furnishing the equipment.

Keel Transferred To Eastland Jail

L. C. Keel, under indictment on several counts in the county, was brought from Breckenridge Wednesday morning and transferred to the county jail.

It is understood Keel will plead not guilty to the Eastland county charges.

Keel, assessed 10 years Saturday in Breckenridge district court on a robbery charge, is under sentence totaling 30 years. Twenty years were given in Palo Pinto county district court recently for alleged robbery of a Metcalf Gap service station.

MANY WILL BE PRESENT FROM A LARGE AREA

Preservation of human life through safety practices and ways and means to successfully carry out accident prevention programs will be the central themes of discussion at the annual Oil Belt safety conference to be held Monday, April 29, in the municipal auditorium at Ranger. Employees of the Lone Star Gasoline company, with the Texas Pacific Coal & Oil company, will be hosts. The one day session will be sponsored by the Gulf States Division, Petroleum Section, National Safety Council. A. W. Breeland, Dallas, safety supervisor of the Lone Star Gas system, is chairman of the group and will preside at the conference.

Local arrangements for the conference are in charge of D. B. Hiatt of the Texas Pacific Coal & Oil company, and H. H. Peacock, field safety engineer of the Lone Star Gasoline company.

Invitations to the safety meeting have been extended to a large number of business and industrial concerns in Central and West Texas. Mr. Breeland pointed out, including independent and major oil and gas companies, and electric, railroad, ice and other public utilities, as well as nearby municipal and civic organizations interested in the program of saving human life.

"Any person interested in accident prevention and safety work is invited to attend the conference," Mr. Breeland said. "Response from invitations sent out indicates that the meeting will be one of the largest of its kind from the standpoint of attendance ever held in West Texas."

Principal speaker for the conference will be Judge James G. Elaine, assistant general counsel of the Missouri-Kansas-Texas railroad, with headquarters at St. Louis. Judge Elaine, accident prevention exponent, was heard recently in Eastland at the Conliffe hotel at a meeting of West Texas employees of the Lone Star Gas system, discussing ways and means to prevent accidents.

The tentative conference program has been announced by Mr. Breeland. Talking pictures, depicting safety in its various phases, will be shown in the Columbia theatre beginning at 1 p. m. Registration of guests will begin at 7 p. m., in the auditorium lobby, simultaneously with a concert by the Ranger high school band.

The main program will begin at 7:30 p. m. with the invocation by the Rev. H. B. Johnson, pastor of the First Christian church at Ranger. Following the address of welcome, Joe Elisinger, manager of the accident and fire prevention department, Magnolia Petroleum company, Dallas, will speak on "Your Home and Mine." D. B. Hiatt and employees of the Texas Pacific Coal & Oil company will present concrete principles of first aid by men on the job. The subject of their part of the program will be "The First Aiders Have It." H. N. Blakelee, manager of the safety section, American Petroleum Institute, Dallas, will discuss "Public Enemy No. 1."

Following a short intermission, prominent visitors will be introduced and entertainment features presented. Judge Elaine's address will close the meeting. He is well known as forceful speaker, having addressed many meetings over various sections of the United States on safety work and accident prevention. In addition to his legal connection with the Katy, Judge Elaine serves as director of public relations and safety activities.

Arrangements will be provided for 1,500 men, women and children, since invitations have been extended to entire families this year.

Mingus H. D. Club Has Call Meeting

The Mingus Home Demonstration club had an all day call meeting at Mrs. Arch Fletcher's, Tuesday, April 9th. Each member was requested to bring their foundation patterns to have them checked and fitted. All members were asked to bring a covered dish.

Present were president, Mrs. Luther Simmons, Elizabeth Haynie, Nell Bogus, Bert Viane, Eunice Waddington, Bernice Boarden, Jimmie Southern, Cyrus Speegle, Mirand Duke, Misses Sue and Billie Hill, also Marie Spaulin. The C. H. D. agent, Miss Pauline Lacey, and hostess, Mrs. Fletcher were present. The next meeting will be held at Mrs. Duke's, April 25, at 2 o'clock. All members and visitors are invited to attend. The agent, Miss Lacey, will be present again.

Assets of Defunct Bank Sales Okayed
Approval of sale of assets of the defunct Texas State Bank by liquidation, was given Monday in 91st district court, court orders on file Wednesday showed.

Purchase of a \$395 note of Ross Moorhead, deceased, by Roger Moorhead for \$50 was approved.

Sale of three-eighths working interest in land of the defunct bank to Neil Moore of Eastland for \$450 was approved. The working interest privilege sale was on the north one-half and southeast quarter No. 12, block number 4, H. & T. C. railway company survey. It applied only to oil and gas produced from the land.

Stolen Car Found Wrecked In Ranger
Jim Ingram, Ranger chief of police Wednesday found a car that had been stolen in Eastland.

The car, 1929 Ford Model A, had been badly wrecked and abandoned on Homer street and Wayland road.

The car belonged to a man who lived at Putnam, and was stolen as the man visited his wife, who is in an Eastland hospital.

Doctors Hold a Meeting In Ranger
The Eastland and Callahan Medical societies met at the Gholson hotel, Ranger, Tuesday night, at which time a good program was heard by the 25 doctors assembled for the meeting.

Drs. Darius and Beavers of Fort Worth were speakers on the program, as was Dr. T. L. Lauderdale of Ranger.

The meeting was declared by the doctors to be one of the best held in this section in some time.

Special Hosiery Designed For Film Showing at Arcadia

A fashion show is a feature of a specialty number staged by Busby Berkeley in connection with the song "I Am Going Shopping With You" sung by Dick Powell in Warner Bros. picture, "Gold Diggers of 1935." The models appearing in the production are all dressed in stunning creations specially designed for this mammoth musical, which is playing at the Arcadia Theatre.

In assembling the costumes worn in this fashion show, as well as those worn by the principals in the picture, Orry-Kelly considered the importance of the slightest detail. He gave considerable attention to the stockings which had to harmonize perfectly with every costume.

"Because the eyes of the entire country are upon them, screen stars must have a sixth sense," declared Orry-Kelly. "They must always wear the advanced fashions without being extreme. In their personal wardrobes, most screen actresses are as conservative as any group of women I know. But they do insist upon distinction, and the realize that distinction in dress is more than a matter of choosing the most outstanding fashions. It is a matter of perfection in the smallest details. It is this attention to every small detail, even to the correct weight and shade of their stockings,

that is winning for Hollywood stars the reputation of the best dressed women in the world."

The stockings used by Warner Bros. in this production are Mojud Clari-phanes, which are featured by J. C. Smith's Store in this city. And Mojud's Screenlites Shades were specially created for Mojud by Orry-Kelly.

"Hosiery chosen for the screen must be specially clear and beautiful," declared Mrs. Smith of this store. "Notice particularly the screen in the picture where Winnie Shaw, after returning from an evening of gaiety, takes off her stockings. In this close-up, it is especially important that the hosiery be sheer and flawless. Only a stocking like Mojud Clari-phanes can pass the exacting test of a screen close-up."

Curley Stringer Is Back On Elks Card

Another double main event on Elks card Monday night, April 15, with plenty of action. Event No. 1 will see another newcomer and a fast and scientific wrestler, Babe Rodrigues of Mexico, who will take on Red Rodgers of Dallas. Red Rogers has appeared on the Ranger mat before and the fans know there will be something doing all the time. Rodrigues comes well recommended and will give Rodrigues a battle worth while. Event No. 2 will see Curley Stringer, who needs no introduction to the fans of this community.

Stringer meets Blacksmith Smith who was disqualified in his bout last Monday night and then tied to the referee, who made him take the count. The same referee, Pat Swanson, will be the third man in the ring. A curtain-raiser will be announced at the ringside by the official announcer, Chief Murphy. Show starts promptly at 8:30 p. m.

UNITY

By MRS. T. E. HALE
The norther which blew up early Sunday morning has caused many to predict a frost.

Everyone is invited to attend the play, "The Absent-Minded Bridegroom," at the Unity schoolhouse Friday night, April 12.

Mr. and Mrs. Tom Caro and children and Mr. and Mrs. Homer Cupp, Charley Wyatt and sons, Cecil and Estil, Bailey Wiley and Jack Foster attended the play at Rush Creek Friday night.

Mrs. Tom Venable and children, Mrs. Charley Venable and Mrs. Bob Blue spent Thursday in the home of Mr. and Mrs. Cub Blue at Russell Chapel.

Mrs. Meda Rampley and son, Bruce, spent the week-end with homefolks at Bluff Dale.

Little Miss Doran Foster of Thurber spent the week-end in the home of her uncle and aunt, Mr. and Mrs. George Foster.

The ball game played between Liberty and Unity Saturday afternoon resulted in Unity being defeated by the score of 25 to 8.

Mr. and Mrs. Jim Calvert visited in the Rush Creek community Friday afternoon in the home of her parents, Mr. and Mrs. Foy Harmon, and attended the play at night.

Mr. and Mrs. Ed Booth moved in our community this week, having rooms with Mr. and Mrs. Tom Sawyers. Mr. Booth has been station at the war veterans' camp at Sweetwater for several months.

Mr. and Mrs. Oliver Hilburn of Thurber visited here Wednesday in the home of her sister, Mrs. Walter Coleman and family.

Several from this place are planning to attend the play at Liberty Tuesday night.

Mrs. Roy Gibson and children of Thurber spent Friday night in the home of her parents, Mr. and Mrs. Will Fuller.

Mrs. Grady Blue and Mrs. Raymond Blue and little son, Alvin Ray, of Dodson Prairie visited

HOW ABOUT THAT KNEE ACTION?

DID THEY GREASE THE DISTRIBUTOR? THAT SPRING STILL SOUNDS SQUEAKY?

IT'S NOT A JOKE!

FAULTY LUBRICATION IS A HAZARD TO EVERY DRIVER

A kingpin goes dry and snaps on a sharp turn . . . a poorly greased universal burns out and breaks on a steep climb. What happens after that is usually serious and can be traced back to the mechanic who did your last greasing job. Our experts, however, fully appreciate the importance of all the greasing and oiling work they do, and they account for the thousands of safety lubricated cars in town today.

How's Your Stomach?

If you're troubled with stomach distress, gas, heartburn, why not try Dr. Pierce's Golden Medical Discovery. Mr. J. L. Morris of 521 Rose St., Waco, Texas, said: "I couldn't do a tap of work for nearly two years on account of my digestive organs. I had no strength and my stomach seemed to be completely upset. I had heartburn badly at times, too, but I felt better after I had used Dr. Pierce's Golden Medical Discovery only a short while, so I continued its use and was soon able to resume my work. I have not had any stomach trouble since that was some years ago. All druggists. Write Dr. Pierce's Clinic, Buffalo, N. Y., for free medical advice."

'GOLD DIGGER' CHORUS GIRLS DECLARED MOST BEAUTIFUL

The widest door through the strong but invisible walls that surround Hollywood, is located in Busby Berkeley's office. More girls get into the magic land of motion pictures through that entrance than through any other.

During the past two years Busby Berkeley has picked at least two thousand girls for his various choruses and spectacles. No other person in Hollywood has given so many people their chance in films.

It is too early yet to know how many of the girls originally selected by Berkeley for "42nd Street," "The Kid From Spain," "Footlight Parade," "Wonder Bar" or the forthcoming "Gold Diggers of 1935," the latest First National mammoth musical which comes to the Arcadia Theatre on Saturday and Sunday, will finally become stars or featured players in pictures, but there are any number of likely candidates for such honors.

In pictures, Berkeley's name has come to be associated automatically with beauty, much as the name of the late Ziegfeld was considered synonymous with beautiful choruses on the New York stage.

But where Ziegfeld selected one, or at the most two choruses a year, Berkeley picks four or five groups of two to four hundred girls each, every year he works in pictures. All of which makes his office the most impressive "open sesame" to Hollywood.

When the call goes out that Berkeley is casting for a new musical, there is real excitement in Hollywood. The girls begin to gather, and those who have been in his previous productions immediately make arrangements to apply.

Most of the applicants have sufficient experience to realize that he requires something more than a pretty face and a personable figure. Berkeley's girls have to know how to dance and dance well, because his routines are always difficult and intricate. Many of them sing, too.

All of which makes it a real distinction to be known as a "Berkeley girl."

Berkeley sees all applicants in groups varying in numbers from 50 to 500. He is kindly, efficient and amazingly rapid in making his choice. He culls and sorts, eliminates and arranges and about once in every ten is made happy by the news that she may return a second day.

He has, however, the happy faculty of dismissing the others without hurting their feelings and without intimating by look or word that he thinks they are neither pretty enough nor smart enough to have a place in his chorus.

"Scarce as real beauty is in the world," says Berkeley, "there is still a plentiful supply in and around Hollywood. It would be unfair to urge the pretty girls of other cities to come to California on the pretext that they will find a job in the movies.

The chances are at least ten to one against them. However, enough of them always ignore this advice to keep Hollywood well stocked with acceptable chorus material.

I like new faces. I like to work with new people. When a girl shows ability and intelligence, I am glad to urge her to get out of chorus work and to make a try for something better on the screen.

At least 50 of the girls I have picked for musicals are now stock players with various studios."

The picture has one of the most imposing casts of any First National productions, including Dick Powell, Adolphe Menjou, Gloria Stuart, Alice Brady, Glenda Farrell, Frank McHugh, Hugh Herbert, Joseph Cawthorn, Grant Mitchell, Dorothy Dare and Winifred Shaw.

The music and lyrics are by the famous song team of Harry Warren and Al Dubin with dances created and staged by Busby Berkeley who also directed the entire production from the screen play by Manuel Seff and Peter Milne taken from the story by Robert Lord and Milne.

Bulletin program gave some items of missionary news and had other items given by Mrs. Bruce, Miss Mollie O'Rear, and Mrs. Barron. Those present were Misses Ed Parks, H. H. Nance, G. S. Bruce, W. H. Whitworth, Charles Lee, W. E. Barron, Gifford Acree, S. E. Snodgrass, W. C. Bedford, and Miss Mollie O'Rear. During the business session the committee in charge of the rummage sale reported that \$6 had been made and there were still a number of things to be sold. Sale of cleaners was reported in progress.

Mr. and Mrs. Max Williams of Ranger visited his parents, Mr. and Mrs. M. P. Williams, Sunday. They will likely come down here to live soon.

Lon Quinn came in from Fisher county Monday to visit with his

DESDEMONA

The Methodist Missionary society met Thursday afternoon at the church for the monthly business meeting and program from the Missionary Bulletin, and the main feature of the meeting was the report which Mrs. W. E. Barron gave of the meeting in St. Louis of the Council of the Missionary Societies of the Southern Methodist Churches. The meeting was called to order by the president, Mrs. Charles Lee, and Mrs. S. E. Snodgrass filled her place as secretary. The first one on program was Mrs. W. H. Whitworth, who read a poem, "Calvary." Mrs. Gifford Acree as leader of the

Arcadia Monday and Tuesday

Francis Lister and Ronald Colman in "Clive of India" coming to the Arcadia Theatre next Monday and Tuesday.

brother, J. P. Quinn, and also to see his many old friends. He still owns his home here.

A. C. Robert, O. A. Kountze and C. A. Skipping drove to Austin on business Thursday.

Miss Nell Robert and Miss Romalee Wright, students at John Tarleton college at Stephenville, spent the week-end here with their parents, Mr. and Mrs. A. C. Robert and Dr. and Mrs. J. M. Wright.

A delightful birthday party was given Wednesday night at the home of Mr. and Mrs. Ed Parks in honor of their daughter, Miss Edra Parks, and also that of her chum, Miss Latrelle McGuire. Many games were played and all present had a most enjoyable evening. Delicious fruit punch and cake were served at the close of the evening.

Mr. and Mrs. Bailey Stark visited her parents, Mr. and Mrs. C. H. Everett, at Olden for a few hours Friday night.

Monroe Glass returned Saturday night from West Texas, where he had gone on business. While at Combs, near Big Spring, he accepted a job with one of the oil companies. His wife and son, Donald, will not move out there for some time as there are no vacant houses.

Coach E. E. Mullins has been seriously ill for several days suffering from rheumatism.

Mrs. Walter Henry left Saturday morning for Lanna, Okla., to spend a few weeks with her mother, Mrs. W. M. Ford.

Mrs. W. E. Barron and Mrs. Charles Lee left Monday afternoon for Breckenridge to attend the annual missionary conference of the Central Texas conference. Mrs. Barron went as a conference officer, having served very efficiently as secretary for the Cisco district the past four years. Mrs. Lee went as the delegate from the Desdemona society.

Mrs. G. W. Hicks and her daughter, Miss Delma Hicks, and Mrs. S. T. Stover shopped at Ranger Wednesday.

Mr. and Mrs. Roy Ashburn drove over to Gorman on business Wednesday.

Howard Brewer of Coleman was the guest of his aunt and uncle, Mr. and Mrs. W. H. Davis, Sunday.

Mrs. C. B. Ribblett (nee Mrs. Enoch Henlee) and her daughter, Lorene Henlee, and son, Jabe Henlee, came Friday night from Longview to visit her sister, Mrs. A. B. Henlee, and family for a few days.

Saturday night at the high school the "21" Study club presented a three-act comedy, "Wedding Cake." Preceding the play there was a varied program of music and readings by the expression pupils of Mrs. J. C. Brewer, who came over from Gorman and teacher of expression in the high school. Another very enjoyable feature of the program was the singing of three numbers by Miss Ruth Crenshaw, who is studying voice at John Tarleton college. The scene of the play was a rail-

road station at a country town, with the station man off duty and a girl telegraph operator taking his place. A storm causes a delay of the train and the several waiting passengers re-act to the enforced wait in various ways. Those taking part in the play were Mrs. A. C. Robert as ticket agent; Miss Adell Malthy as Susie Smith, a girl visiting the agent; Mrs. Clarence Ragland, as Edith Eaves, a detective; Mrs. Roy Ashburn, as Peggy Porter, college girl on her way to a wedding; Mrs. W. H. Davis as Elizabeth Lowry, a lecturer; Mrs. David Parks as Rosemary Ross of the film; Mrs. W. C. Bedford as Mrs. Carey, who has hysterics over the loss of her pearls; Mrs. Mattie Henry as Ruth Reed, a private secretary, who aids the secret service; and Mrs. J. F. Hester as Edith Everson, a real detective. The play was directed by Mrs. C. W. Malthy, who not only coached the players but arranged the stage setting so it looked very much like a country station. Due to the fact that there had been several school plays within the past three weeks the attendance was not as large as desired but the house was fairly well filled. Mrs. Malthy deserves much credit for her work in directing the play. The "21" Study club gave the play in order to have money to make a donation to the furnishing of the Sixth District room at permanent headquarters at Austin.

Tuesday morning of last week, funeral services were held at the Methodist church over the remains of Mrs. Sarah Jane Andrews Key, who passed away Monday morning at the home of her son, T. H. Key, one of our leading business men. Her death was caused by old age and a serious affliction from which she suffered for several months. She was 85 years of age, born at Prairie View, Ark., and coming in an ox-wagon with her husband to Texas in the year 1866. They suffered many hardships in the early days but helped in the development of the state. She was the mother of 10 children, six of whom survive her. For 16 years she had made her home with her son, T. H. Key, who came here two years ago to lease the gin and later opened a grocery store. Services were conducted by her pastor, Rev. H. H. Nance, who was assisted by Rev. J. I. Gilley. After the funeral, interment took place at Mount Zion cemetery, four miles north of Lingville.

Dr. Kuykendall and A. Beard Lead In County Election

J. A. Beard, candidate for county school trustee from Precinct No. 1 and Dr. P. M. Kuykendall, candidate-at-large, were leading Saturday night in the school trustee election with the complete count from the Eastland and Ranger voting boxes accounted for.

One peculiarity of the Eastland count was that all candidates for both places received exactly the same number of votes.

The vote from Eastland was as follows:

Trustee, Precinct 1—
J. A. Beard, 45.
O. E. Lyerla, 45.
Trustee-at-Large—
J. T. Poe, Carbon, 45.
Dr. P. M. Kuykendall, Ranger, 45.

The vote in the Ranger box was as follows:

Trustee, Precinct 1—
J. A. Beard, 157.
O. E. Lyerla, 45.
Trustee-at-Large—
J. T. Poe, 15.
Dr. P. M. Kuykendall, 211.

Judge Davenport Improves After Second Surgery

Improvement in condition of Judge George L. Davenport, who recently underwent a second operation at a Ranger hospital, was observed today, Mrs. Davenport stated. The 91st district court head, however, remains in the Ranger hospital until his condition warrants removal to his home at Eastland.

Judge Sam M. Russell of Stephenville presides in the court this week at Eastland.

Held as Texas Outlaw's Aides

Charges of robbery with firearms, carrying possible death sentences, face these three women, held in Jackson, Miss., jail. Left behind by Raymond Hamilton, Texas outlaw, in his flight after a Prentiss, Miss., bank holdup, they are accused as his aides. Mrs. Johnson, skilled artist, once was the wife of a Hattiesburg business leader.

COUNTY HAS AN INCREASE IN ITS FARMS

An increase of 435 farms was noted in Eastland county during the five-year period between the regular federal census of 1930 and the 1935 agricultural census just completed, according to an announcement made by Ernest E. Wood, supervisor of the census. This was an increase of almost 100 farms a year put into cultivation, as the federal census was taken in the late spring of 1930 and the agricultural census was taken the first of the year.

The total number of farms in cultivation in Eastland county, according to the census of 1930 was 1,990, while the 1935 agricultural census showed the number had increased to 2,425. The latter figure is a preliminary count and is subject to correction by the supervisor of the census.

The increase in the number of acres in cultivation was not included in the preliminary report.

U. S. Court Orders Desdemona School Pay Lodge \$3,987

ABILENE, April 9.—Application by Woodmen of the World Monday in United States District Court for a mandamus against O. A. Kountze and other trustees of the Desdemona school district, Eastland county, directing payment of a judgment for \$3,987, was granted.

The judgment, obtained July 1, 1933, in court here was for interest assertedly delinquent on \$75,000 bonds of the school district held by the Woodmen organization.

HAMILTON AND HIS CAPTOR

An hour before this picture was taken, Raymond Hamilton, public enemy and the most hunted criminal in the south, and who is the master of the art of jailbreaking and bank robbing, was taken into custody by Sheriff Schmid, shown behind Ray, and six other officers in a railway yard in Fort Worth. He was arrested with two companions after one of them was apprehended in Dallas and lead officers to the bandit. Hamilton is a product of West Dallas, from whence came the notorious Clyde Barrow and Bonnie Parker.

Cogburn Residence In Hillcrest Goes Under from Blazes

"Practically a total loss," A. W. Hennessie, Eastland fire chief, commented on the destruction of the Albert Cogburn residence by fire

Tuesday morning. Household possessions, the chief stated, were burned with furniture.

The residence was at 309 South Oak Lawn in Hillcrest. Theory of the fire's start has not been advanced.

Non-observance of the fire's start and the subsequent late report to the department accounted for the large loss, it was said.

MANY BILLS WILL NOT PASS THIS SESSION

WASHINGTON, April 8.—A large part of the Roosevelt legislative program may have to be dropped because of an unmanageable conference, it was indicated today.

Congressional leaders will ask Roosevelt when he returns tomorrow, to trim his program to essentials.

They will advise him of a gloomy situation in both house and senate and ask some of the new deal reform be permitted to go over to the next session.

The president's reception of such tidings will not be a happy one. Some of his favorites such as social security and holding company legislation may have to be surrounded.

Cleaning Plant Entered Sunday

A complete checkup had not been made today of loss suffered by the Modern Dry Cleaners of Eastland when parties entered Sunday night by breaking a side window.

Four suits stolen by the thief or thieves were found this morning on a vacant lot near the Eastland Dairy Products company.

Eastland Second In District Meet

Compiling 35 points Friday and Saturday in the District 6 interscholastic league meet at Breckenridge, Eastland high school took second place, school officials announced Monday.

Though it was not known whether all points had been tabulated, present figures gave Breckenridge 93 points, placing it first.

Federal Nursing School Now Has Enrollment of 50

The federal nursing school of Ranger now has an enrollment of 50 children, ages 2 to 6 years, it was announced today.

The daily routine consists of: Morning inspiration, free play, out of doors when weather permits, tomato juice, directed activities such as story-telling, rhymes and songs. Lunch, quiet period or sleep, milk and crackers, play and construction work for older groups.

A happy time is had by all at the nursery school. It is most surprising to see how quickly very small children learn to follow the routine of the program.

The nursery school offers a well-balanced diet for the children's noon lunch each day. A variety of foods are served as attractively as possible. Remembering the liking for food is usually the result of a pleasing experience. It is most important to keep the lunch hour free from emotional upsets. The children are encouraged to chat cheerfully, as well as to keep busy at the task of eating.

Since, however, habits are built by practice, the child is encouraged to eat their main dish and vegetables before given dessert. After he has finished a serving of every food they may have a second serving of any one food. Thus the child is assured of a balanced meal.

Good nutrition is not a matter of food alone. The nursery school, under the direction of Mrs. R. E. Barker, Mrs. F. G. Yonker, Miss Clara Mae Weaver, strives to offer the necessary sunshine, exercise and fresh air as well as sleep and rest for the child's physical well being.

School Trustees of Ranger Re-Elected

Dr. W. L. Jackson, J. E. Meroney and Felton Brasher, candidates for re-election in the Ranger school trustee election were swept back into office by easy majorities in Saturday's election over Mrs. Rex Outlaw and Lloyd Bruce, candidates on a "Citizens Ticket."

The vote as tabulated Saturday night after the polls closed was as follows:

J. E. Meroney, 179.
Dr. W. L. Jackson, 163.
Felton Brasher, 157.
Lloyd Bruce, 98.
Mrs. Rex Outlaw, 90.

Land Hunters Are After Option Game

Flatwood land option hunters from Eastland, armed with pad and pencils, were additioned by employment of H. A. Collins Tuesday, H. C. Davis, Chamber of Commerce secretary, reports.

The land option hunters aim at blocking up enough acreage, 6,000, to submit a farm maintenance colony project.

What do you mean, three years from seed bed to cigarettes...

I mean simply this—it actually takes about three years to make a Chesterfield cigarette. It all starts with these little plants, called tobacco seedlings. They are grown under cover and transplanted to the open fields in the early spring.

Then the warm Southern sunshine begins to get in its good work and as the plants grow and ripen the mild ripe leaves are cut and sent to the curing barns. The farmer then takes his tobacco to the auction warehouse where it is sold to the highest bidder. All of this takes about a year.

The tobaccos for Chesterfield cigarettes are then stored away for two years or more to make them milder and taste better.

It all takes time—just about three years—but there is no substitute for mild ripe tobacco in making a good cigarette. That's the reason smokers—men and women—say that Chesterfields are milder and that Chesterfields taste better.

For two years or more the mild ripe Chesterfield tobaccos are stored in wooden hogheads to age.

Machines like this—new and modern in every respect—make Chesterfields.

Presenting the new - HUDSON SIX

Only a few dollars more than the lowest priced cars

\$695

Hudson Six Sedan with built-in trunk

Never Before so Fine a Hudson at so Low a Price

It's here... the newest of all Hudsons. It's a history-making car, this great Hudson Six... a car that brings you every traditional Hudson advantage, with every 1935 Hudson advancement. Thousands of families will find in this car exactly what they have been wanting. An ideal combination of beauty, flashing performance, astonishingly small operation and upkeep cost, and low price.

It's a big car—16 feet, 2 inches from bumper to bumper... A powerful car—93 or 100 horsepower... An economical car—more power from less gasoline; 16 to 20 miles per gallon... A rugged car—America's only bodies all of steel... A safe car—big Hudson rotary-equalized brakes... A roomy car—extra wide seats, front and rear... A beautifully styled car—longer, lower bodies; gracefully narrowed radiator; newest upholstery fabrics and body fittings... With Hudson year-round ventilation... With built-in Hudson radio available on all models... With The ELECTRIC HAND—easier, safer driving; faster, smoother shifting, with both hands on the wheel (the Hudson Six is equipped with standard gear shift; Electric Hand is optional at small extra cost).

Also on display—Hudson Eights \$760 and up Hudson-built Terraplanes \$535 and up—all prices f. o. b. Detroit

IT'S HERE! READY FOR YOU TO DRIVE Today!

Hawaii Sets Example of U. S.-Japan Amity

Every nation seems to need some pet enemy to fear—some class or group on whom can be focused all the vague suspicions and distrusts which are a part of nervous and restless modern life.

For modern America that role seems to be filled just now by the Japanese. Some of us can give ourselves the jitters just by repeating the word Japan over and over. Japan as a foreign power, Japanese as dwellers in our midst—either way, we unload our vague uneasiness on them.

Now there is no bit of American soil with as many Japanese residents as Hawaii; and it is worth while, therefore, to see whether this timorousness is shared out there. If it isn't, it ought to be a pretty good sign that our fears are overdrawn.

There is at hand a special edition of the Honolulu Star-Bulletin, printed recently to commemorate the 50th anniversary of the arrival of the first Japanese settlers in Hawaii; and all people who think that trying to get white Americans and Japanese to live harmoniously side by side is like trying to mix oil and water ought to have a look at it.

For this edition presents a glimpse at a Japanese community which is about as thoroughly Americanized as anyone could wish. Living on an island in mid-Pacific, these Hawaiian Japanese are looking toward Washington and not toward Tokio.

The very advertisements have an American ring—as, for instance, a cheery broadside from the "Young Men's Buddhist Association."

And there is in it an article by a Japanese resident of the islands pleading for understanding by white Americans of the Japanese-American's viewpoint. This Japanese—born under the American flag, educated in American schools, proud of his position as an American citizen—says bluntly:

"What more can you expect from a man than that he be willing to sacrifice his life for his country, if necessary? I hope to God that this country will not be involved in another war, but if it does you will find the New Americans fighting among the front ranks for the Stars and Stripes . . ."

"Our blood and our hearts thrill at the sound of the 'Star-Spangled Banner.' We hold sacred the great heritage given us by the framers of the American government."

The moral of all this is almost too clear to need explanation. It has proved possible for the two races to get along in harmony on an isolated group of islands; and since that is true, those of us who never see a Japanese from one year's end to another ought to be able to calm our fears.

These "inevitable enemies" seem to become very good friends, once anyone takes the pains to meet them halfway.

Ernest Thompson on the Firing Line

Chairman E. O. Thompson of the Texas railroad commission is on the banks of the Potomac. Thompson knows where to find his hat. He never closes his eyes or his ears, and when it is necessary to move his tongue he knows how to talk. He expressed the opinion in a formal statement that the Thomas oil bill should be killed in committee "in the interest of the state and the nation, and recognized efforts of the government." Elmer Thomas is the democratic senator from Oklahoma. This is the warning of the red-headed battler:

"If this (Thomas bill) is passed it will serve as an entering wedge for regimentation of all industry. There is no conceivable necessity for this drastic legislation. It is undoubtedly unconstitutional. It will retard the recovery and cause chaos in the third largest American industry. It seeks to change our system of government and violates every principle of sovereignty of the states in expressed contradiction of President Roosevelt's public utterance on the oil question under date of April 3, 1933. An overwhelming majority of the industry in oil producing states are opposed to this legislation."

It would be well for the lawmakers of Texas, senators and representatives, to "place their house in order," so to speak, and to heed the warning of the chairman of their important commission—which is handling the oil and gas treasure wealth interest of this commonwealth. Important bills are pending. They are said to be ready to be beaten into shape and passed on to the governor. There should be no delay. The regular session is marking time, and perhaps the most important of all the measures which concern Texas and Texans are those which deal with state control of the conservation of oil and gas—representing the great money revenue bearing industries of our state. Time is precious. Texans are for state control of their own affairs and these include the treasure wealth passed on by the framers of the first and last constitutions of this empire of the Southwest.

Community progress is synonymous with community effort.

ON TEXAS FARMS

Following a landscape plan, which she has worked out with the home demonstration agent, Mrs. B. H. Smith, Bastrop county yard improvement demonstrator, enlarged her yard to 150 by 60 feet and planted a screen of cedars and privet at the rear between the house and the barn and other service buildings.

Foundation plantings around the house, leveling and sodding the lawn, and terracing the yard to prevent erosion were all a part of this plan and this home demonstration club member's work is typical of that of several hundred who are serving as "demonstrators" to point the way to more beautiful farmsteads.

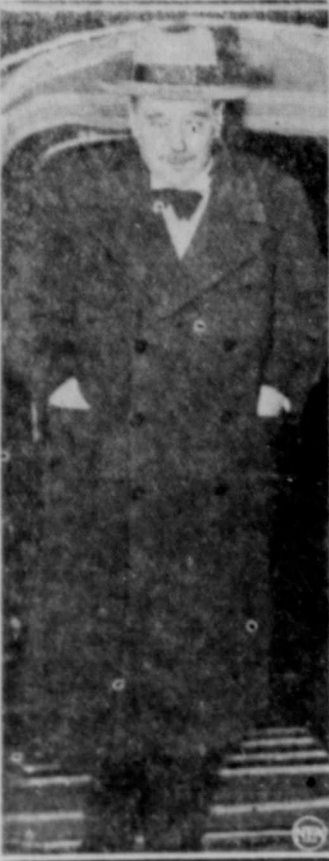

In Dickens county Mrs. Floyd Barnett, yard demonstrator, is using Chinese elms to give shade for an outdoor living room. This is not only for the enjoyment of her own family but to show to all comers that here is a tree which is adapted to that part of the state and no West Texas need go shadeless unless he chooses to do so.

Denton county yard demonstrators so persevered in their work as to interest and enlist the support of the civic organizations and the city of Denton itself. Through this co-operation a place has been set aside by the Denton park board to receive and care for shrubs donated by the other agencies. The shrubs are heeled in by the caretaker until the yard demonstrators come in from their country homes and claim them.

BASTROP—Twenty-seven cut ant hills were exterminated in February on the farm of Mrs. Bob Moore of Bastrop county by the use of five gallons of carbon disulphide, according to W. S. Millington, county agricultural agent. The dirt was scraped away from the center of the main town until a hole was found leading straight down. Thirty gallons of water were poured into the hole and this was followed by a mixture of two gallons of water and one pint of one quart of carbon disulphide. The hole and all other openings were then covered and dirt packed over them. If any signs of ant life are observed the treatment will be repeated, Mrs. Moore said. Cottonseed meal with 100 pounds of rolled barley during the last 30 days.

SEYMOUR—More than 4,000 feet of subirrigation tile were laid by 18 farmers in Baylor county in January and February of this year, according to P. C. Colgin, county agricultural agent. In addition to Hereford calf, weighing 696 pounds, belonging to Eugene Walden Jr., Andrews county 4-H club member, took first place in the class for calves at a local livestock and poultry show, according to H. D. Atkins Jr., county agricultural agent. A liberal valuation of \$15 put on the calf at the start of feeding, plus \$40 spent on feed and labor were his only expenses, while the calf sold for 15 cents per pound and brought \$10 in prize money. This gave him a profit of \$49.10 on his feeding venture. The calf was fed chiefly on ground the amount already laid, 2,015 feet of tile are still in the hands of three local men who are making tile for sale and in the hands of three farmers who have not yet laid it in their gardens. During 1934, 10,600 feet of subirrigation

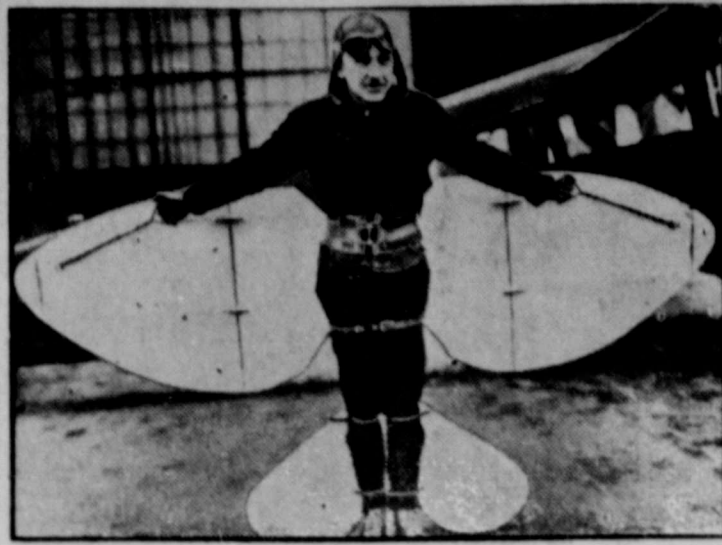

Wells See Revolt

"I think there will be a revolution in this country," H. G. Wells, British writer pictured on the gangplank, asserted as he sailed from New York after spending a month interviewing political leaders. "It won't be communist or fascist, but typically American."

ANDREWS—A 10-months-old Hereford calf, weighing 696 pounds, belonging to Eugene Walden Jr., Andrews county 4-H club member, took first place in the class for calves at a local livestock and poultry show, according to H. D. Atkins Jr., county agricultural agent. A liberal valuation of \$15 put on the calf at the start of feeding, plus \$40 spent on feed and labor were his only expenses, while the calf sold for 15 cents per pound and brought \$10 in prize money. This gave him a profit of \$49.10 on his feeding venture. The calf was fed chiefly on ground the amount already laid, 2,015 feet of tile are still in the hands of three local men who are making tile for sale and in the hands of three farmers who have not yet laid it in their gardens. During 1934, 10,600 feet of subirrigation

Dives to Death in Bat Wing Flight

Dream of Floyd Davis, 22-year-old Detroit stunt flyer, of soaring through the air on "bat wings," ended in death, when the youthful airman, shown here before the start at Flint, Mich., fell 6000 feet after he stepped from a plane and glided for a few seconds on his wings. In his descent, his parachute fouled on the wings and he plunged to earth in view of his parents and hundreds of horrified spectators.

tile were laid by Baylor county farmers.

WICHITA FALLS—Using parts of old clothes to hook into a gunny sack foundation, Mrs. Leon Rankin, home industries demonstrator for the Freberg Home Demonstration club in Wichita county, made a top for a foot stool, according to Miss Bessie Lee Sikes, home demonstration agent. Mrs. Rankin made the foot stool from a piece of waste lumber and four discarded stove legs and a bit of left over black enamel. Her only cash expense was 10 cents for black upholstery tacks which she used to fasten the top to the stool.

COOPER—A sandwick bedspread has just been covered for 20 cents cash by Mrs. T. A. Mosley, member of the Enloe Home Demonstration club in Delta county, according to Miss Mary Louise Ramsey, home demonstration agent. As a foundation, Mrs. Mosley used heavy feed sacks which were permanently crinkled and resemble homespun. The thread used for the embroidery was the kind used by milling companies for sewing up sacks. When this was doubled it was heavy enough. Mrs. Mosley's only expense was for the thread.

A design of interlocked circles 10 inches in diameter was used, and as the design was close enough

to cover a large portion of the spread, the seams where the sacks were sewed together did not show.

FALFURRIAS.—At a cost of \$3.75 for lumber and labor, Mrs. J. T. Sharp, 4-H pantry demonstrator of the Falfurrias Home Demonstration club in Brooks county, put 21 feet of shelving in her kitchen to store her canned goods conveniently and systematically, according to Miss Louise Hogue, home demonstration agent.

Although the canning season for vegetables has not begun, Mrs. Sharp has 108 jars and cans labeled with the 4-H pantry labels to place on her shelves. Of the 108, 61 containers were citrus fruit products made from the fruit of a few citrus trees in her own back yard and from two bushels of grapefruit given her. The cans are organized on the shelves according to the plan recommended by the extension service.

Eastland Boy Runs 220-Yard Dash For Record at Tourney

Aiding his teammates to break three Texas conference records, Elmer Brown of Eastland, student at Abilene Christian College, Friday in the school's meet with Central Texas Teachers of Edmond, Okla., ran the 220-yard dash in 21.9.

His run of the 100-yard dash in 9.8 equaled the conference record. Delmer, his twin brother, did not participate in the events due to an injury.

To relieve Eczema Itching and give skin comfort nurses use Resinol

Charges Filed In Parks and Cisco Robbery Cases

FORT WORTH, April 6.—Charges of robbing the post office at Parks twice and stealing and rifling mail pouches at Cisco were filed against James W. Corbin, before U. S. Commissioner L. Newnam here today.

The complaint was issued by Capt. C. W. E. Long, postal inspector. The robberies occurred January and November of 1934. Corbin was arrested at Breckenridge for the holdup of a drug store at Baird.

Students of Morton Valley Visit City

On an industrial tour, 18 Morton Valley students, accompanied by Sam Jones, faculty member, were in Fort Worth Saturday. The students were assisted by the Fort Worth Chamber of Commerce.

YOUNG WOMANHOOD

FOR young girls growing into womanhood, for women in middle life going through the "change," or those who suffer from headaches, weakening drains, backache, Dr. Pierce's Favorite Prescription is a dependable tonic. Mrs. A. L. Turnbull of 112 Roosevelt St., Hot Springs, Ark., said: "Dr. Pierce's Favorite Prescription has been used in our family over a period of years. Both my grandmother and my mother found it an excellent system builder. Before using the 'Prescription' I was so weak, but after taking this tonic I felt just fine." New size, tablets 50 cts., liquid \$1.00. Large size, tabs. or liquid, \$1.35. All druggists.

You don't have to remind the MAYTAG to be careful with the clothes

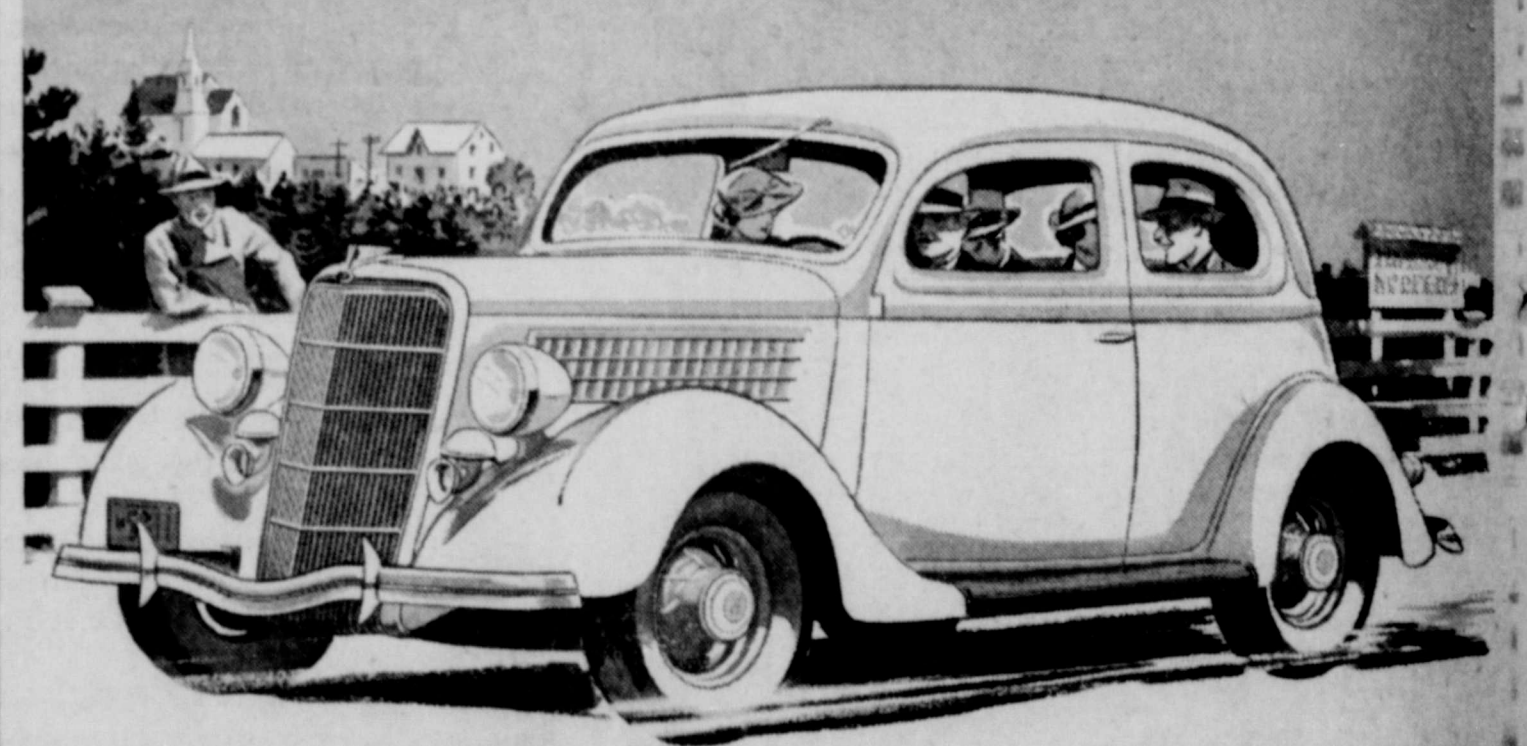

The Maytag washes everything beautifully clean in quick time, and keeps the clothes at home where conditions are sanitary and free from contagion.

The Maytag saves the clothes from the usual harsh methods or careless handling, and it's so easy and simple to operate. The one-piece, cast-aluminum tub keeps the water hot for a whole washing. The Gyrotator water action washes fast, thoroughly and gently. The Maytag offers many advantages found in no other washer.

ONE name comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service. . . . That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists. . . . Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile. . . . The Ford V-8 combines fine-car performance, comfort, safety, beauty and convenience with low first cost and low cost of operation and up-keep. There is no other car like it.

FORD V-8

\$495 up, f. o. b. Detroit. Standard accessory group, including bumpers and spare tire extra. Easy terms through Authorized Ford Finance Plans of Universal Credit Company. All body types have Safety Glass throughout at no extra cost.

LEADERS SEEK GAG RULE ON LEGISLATION

WASHINGTON, April 8.—House leaders decided today to ask President Roosevelt to intervene and help settle the fight now disorganizing house party ranks over the question of gag rule for consideration of the economic security bill.

Democratic members of the ways and means committee planned to confer with the president tomorrow. If he gives approval to the security bill as drastically redrafted by the committee, a gag rule to protect the measure will in all probability be sought.

House consideration of the bill has been put off for several days due to the gag rule fight. The rules committee postponed a hearing on the rule today and the ways and means committee democrats delayed a vote on whether to ask a gag pending a White House conference.

HAMILTON TO BE EXECUTED ON MAY 10TH

HUNTSVILLE, April 8.—Ray Hamilton by nightfall tonight will be hanged with Joe Palmer, his companion in crime, for electrocution on May 10.

District Judge Dean said he would call a special term of court here late today to sentence Hamilton to die as a habitual criminal for the murder of Major Crowson, Eastham prison farm guard, during an escape.

Palmer, convicted in the same slaying, was sentenced by Judge Dean Saturday. Date of his execution was set for May 10.

Palmer, loyal to the end to his friend, tried to shoulder the blame for Crowson's death in a statement before he was sentenced.

"I killed Major Crowson and I killed him because of mistreatment

Boy Is Human Jigsaw Puzzle

All this poking, prodding, and peering is a big pain to Wallace Rosall, 6-year-old Glendale, Calif. lad, but what chance has he to skip out and play when he's such a fascinating subject for inquisitive doctors? Wallace always seemed a normal lad, but the X-ray photo above shows what prying methods found wrong with him. His heart is on the wrong side, he has only one lung, his intestines are in his chest and on his hip, and he has no alimentary canal.

of convicts. Regardless of the break I would have killed him anyway," he told the court.

Supreme Court Is Not to Review a Contempt Case

WASHINGTON, April 8.—The supreme court today refused to review a 90-day contempt of court sentence imposed on N. S. Locke, Texas oil producer, for violation of the oil code which inadvertently had been dropped from the code at the time of his violation.

Locke was convicted of producing oil in excess of the amount allotted under Section 4, Article 3 of the constitution of this state in violation of an injunction.

The section involved was omitted through an error when President Roosevelt modified the code on Sept. 13, 1933. It was not reinstated until Sept. 25, 1934.

The court found Locke had violated the injunction on Jan. 16 and 17, 1934.

Federal Agents On Trail of Karpis

SAN FRANCISCO, April 8.—The federal agency that wiped out John Dillinger, "Baby Face" Nelson and "Pretty Boy" Floyd intensified its search in the west today for Alvin Karpis, last "big shot" gangster remaining at large.

Department of justice agents, proud of their previous record, were scattered between Reno and San Francisco with orders to get the man who figured in the Bremer kidnaping and later shot his way out of a trap at Atlantic City.

"OUT OUR WAY" By Williams

KEEL GIVEN 10 MORE YEARS FOR ROBBERY

L. G. Keel, candidate for the senate on the communistic ticket last fall, entered a plea of guilty in the Ninetieth district court at Breckenridge to robbery of the Pittman filling station at Breckenridge, and was assessed 10 years in the penitentiary by Judge Carl Hamlin.

The case was heard Saturday morning, three witnesses being introduced by District Attorney Ben Dean to establish identity, who in turn were briefly questioned by Robert Bowers for the defendant. They were J. S. Sutter, attendant at the station at the time of the robbery; J. A. Smith of Olden, whose car was used in the robbery, and Owen Pinson, who was

Cisco Leads In Payment of Poll Taxes In County

With 3,757 poll tax receipts issued in the county, according to the official tabulations of the tax collector's office, Cisco voting boxes still maintain their lead with 943. Cisco leads Eastland by 83; Ranger is third in the list. The poll tax voting strength, so far as the larger precincts are concerned, are: Cisco, 943; Eastland, 858; Ranger, 663; Gorman, 279; Rising Star, 225.

The official tabulation, as certified by the tax collector's department, shows the following poll tax payments by voting boxes:

No. 1, Eastland	382
No. 2, Ranger	319
No. 3, Tudor	11
No. 4, Sabanno	19
No. 5, East Cisco	214
No. 6, West Cisco	729
No. 7, West Rising Star	138
No. 8, Desdemona	111
No. 9, Pioneer	45

Eastland and Ranger Represented at Hi-Y Meet In Breckenridge

Eastland and Ranger Hi-Y club boys with organizations from Graham and Cisco were represented at a fellowship meeting at the Breckenridge club Sunday afternoon.

About 28 members and boys interested in the organization attended from Eastland.

One Open Date On Bulldog Schedule For 1935 Season

Coach O. M. (Red) Moore of the Ranger Bulldogs, is looking for a football game for his charges for the only open date left on his schedule. He would like to have a game for Sept. 27 or 28. If anyone wants to take on the Bulldogs on that date they can make a deal with the coach very easily. The schedule for the Bulldogs for the 1935 season will be as follows:

Sept. 20—San Angelo at San Angelo.
Sept. 27 or 28—Open.

Oct. 5—Polytechnic at Fort Worth.
Oct. 12—Cleburne at Ranger.
Oct. 18—Eastland at Eastland.
Oct. 25—Abilene at Abilene.
Nov. 2—Sweetwater at Ranger.
Nov. 11—Cisco at Cisco.
Nov. 22—Brownwood at Brownwood.
Nov. 28—Breckenridge at Breckenridge.

Boy Scout Makes A Gigantic Kite

EL PASO.—A huge kite 13 feet high and 10 feet wide was flown in a contest sponsored by the Boy Scouts here recently.

The kite was made by Lawrence Cauble, had a tail 100 feet long and used a quarter inch manila rope for a string.

THIS CURIOUS WORLD By William Ferguson

IF A BEAVER BREAKS OFF A TOOTH, IT GROWS OUT AGAIN WITHIN A FEW WEEKS.

THE RINGS OF THE PLANET SATURN ARE MADE UP OF TINY MOONS, HELD IN PLACE BY GRAVITATION.

THE four sharp incisors of the beaver are of utmost importance in this animal's battle for life. Each tooth is so arranged that it meets the tooth of the opposite jaw, and thus is kept ground like an "edge." Without this arrangement, the constant wood-cutting soon would dull the teeth and make them useless.

To loneliness....I bring companionship

I'm your best friend

I am your **Lucky Strike**

I am a friend indeed. A better friend than others, because I am made only of mild, fragrant, expensive center leaves. I don't permit a single sharp top leaf nor a single coarse bottom leaf to mar my good taste or my uniform mildness. I do not irritate. To loneliness I bring companionship. I am the best of friends.

LUCKIES USE ONLY THE CENTER LEAVES... CENTER LEAVES GIVE YOU THE MILDEST SMOKE

They Taste Better

TAKEN BACK MORNING AFTER HIS CAPTURE

DALLAS, April 6.—Raymond Hamilton started, today, on his return to the Texas penitentiary to await the setting of a date for his execution.

He left here at 10:30 a. m. in custody of Lee Simmons, manager of the prison system, and Warden W. W. Ward, of the penitentiary, with three Dallas deputies as guards.

A crowd of several hundred persons gathered in front of Dallas six-story jail building, shouted, "Good-bye, Ray," and the West Dallas bank robber and killer smiled and waved.

Hamilton rode in the rear seat of one of the two automobiles, with a deputy on either side of him.

The desperado who had declared he would "shoot it out" the next time he met officers, surrendered in a Fort Worth railroad yard last night.

Simmons said Hamilton was "pretty downcast."

Hamilton insisted last night that he was innocent of the robbery of a Prentiss, Miss., bank, but shortly before leaving he changed his story and admitted he and a companion robbed the bank.

"But I didn't get \$1,100 like they said I did. I only got \$500," he said.

Two women friends captured still are held in a Mississippi jail.

DALLAS, April 6.—Raymond Hamilton ran the gamut of crime from petty theft to murder before he was 22 years old.

From a curly-haired youngster whose first punishment was a night in jail, he developed into a desperate outlaw who amassed prison terms totaling 362 years and earned a sentence of death in the electric chair for murder.

During his career he recurrently outwitted juvenile officers, city police, sheriffs, state officers, jailers and federal agents in half a dozen states. Scores of times he

escaped capture when posses were upon him and broke jail and prison repeatedly after those occasions when the law did lay hands on him.

Hamilton was graduated from the category of petty offenses when he teamed up with the Barrow brothers, Clyde and Buck, both of whom subsequently were slain by officers.

The list of his crimes runs through theft of a toy wagon, automobile theft, post office burglary, kidnaping, hijacking, bank and payroll robbery and murder.

Hamilton was born in Weleetka, Okla., in 1912.

Juvenile officers became acquainted with him at an early date. He stole junk, practiced shop-lifting, and pilfered trifles. He was "jailed and released," the juvenile records show, over and over again.

When his parents moved to West Dallas he met the Barrow brothers. In 14 months time he committed enough crimes to acquire prison sentences totaling 263 years.

Later another 99-year sentence brought the total to 362 years.

Of slight build—police records describe him as five feet six inches tall and weighing 136 pounds—Hamilton needed the "difference" supplied by pistols and machine guns, obtained for the most part in raids on national guard armories.

His first prison sentence was in Dallas county in 1931. He was given three years for automobile theft. He was about 19, and the judge, because of his youth, suspended the sentence.

His first prison break was at McKinney, Texas, where he had been imprisoned for automobile theft. He escaped before he could be tried.

Less than a year after this escape he was captured at Bay City, Mich., on Dec. 6, 1932, and returned to Dallas. In the interim he and Barrow had killed two men, kidnaped an officer, robbed a post office and were involved in numerous other crimes.

On Oct. 20, 1933, he was sentenced to prison for 263 years. He served fewer than three months. Clyde Barrow and Bonnie Parker delivered him from the Eastham farm on Jan. 16, 1934. Major Crowson, a guard, was killed.

It was after this that he often was accompanied by Mary O'Dare of Wichita Falls. Again he team-

ed up with Barrow and Bonnie Parker. Joe Palmer, too, was with the gang until he and Hamilton quarreled with Bonnie and Clyde. In open letters Barrow called Hamilton a "yellow rat;" Hamilton called Barrow a "dirty skunk."

Hamilton again was captured following the Grand Prairie bank robbery in which he obtained \$1,600. The jury couldn't reach a verdict, so he was not sentenced for this crime.

Tried in Denton county for robbery of the Lewisville bank, he was given the 99-year sentence which brought his term total to 362 years.

Then he was tried for the killing of Guard Crowson in his escape from the Eastham prison farm. For this crime he was condemned to die.

On July 22, 1934, Hamilton, in company with Irvin (Blackie) Thompson and Joe Palmer, escaped from death row.

On Feb. 4, 1935, Raymond and his brother Floyd narrowly escaped from a police trap in West Dallas after robbing a bank at Buffalo, Texas. Floyd's wife, Mildred, and Katie Jenkins, another woman, were taken prisoners.

Floyd later was captured in Shreveport, La., and sentenced to two years in the federal penitentiary for harboring members of the Barrow-Parker gang when they were fugitives from justice.

For the same crime on Feb. 27, 1935, Mary O'Dare was sentenced to one year in the Alderson, W. Va., prison. Hamilton's mother and step-father, Mr. and Mrs. Steve Davis, received short sentences, and Floyd's wife, Mildred, was sentenced to one hour.

His last brush with the law before his capture Friday night in Fort Worth, was when he robbed a bank at Prestite, Miss., and kidnaped two men, who later escaped from the rumber seat of the bandit car in the outskirts of Memphis, Tenn.

Eastland Boy Wins 1st In Declaration

First Place was won by Jerry Railey in Ward school declaration at the district meet in Breckenridge Saturday, school officials announced Tuesday. Railey, son of Mr. and Mrs. R. S. Railey of Eastland, is a student at South Ward School.

Committee Told Of Effects of the Rayburn Measure

WASHINGTON, April 6.—Analyzing various phases of the Rayburn bill which he termed "draconian," S. R. Inch, president of the Electric Bond and Share company called to the attention of the house interstate and foreign commerce committee that no plan has been presented as a substitute for the present locally-regulated, privately operated public utility system.

"Certainly nothing so drastic as this bill should be enacted into law, unless and until those who would destroy what now exists have prepared and submitted a definite and workable plan of procedure," Mr. Inch said.

Effects of the Rayburn bill would ultimately increase the costs of electric and gas service to the consumer and by demoralizing local companies would impair service, Mr. Inch also stated.

"A large number of operating companies receiverships would inevitably follow the passage of this bill because necessary financing now obtained from holding companies, would not be forthcoming," said Mr. Inch. "This would result in general demoralization and would increase the cost of money necessary for continuance and expansion of the utility business."

Mr. Inch brought out that the electric and gas industries, if accorded fair treatment and co-operation from government, could be great leaders in the drive for business recovery.

"The way back to prosperity is through the re-establishment of business confidence which will permit private tax-paying capital to go to work again," he said.

"Then the next five years, instead of seeing the demoralization and destruction of these great industries as private enterprises under this bill would see them again engaged in constructive expansion."

"The same five years instead of bringing about the ruin of millions of investors would bring recovery to their investments and the restoration of their income, from which new taxes would accrue to government."

Mr. Inch brought out that in

1930 these two industries spent more than a billion dollars on construction alone in an effort to help stem the depression.

"Our own associated companies are now spending \$25,000,000 a year for construction," said Mr. Inch. "In normal years they spend a hundred million dollars a year. This is just an indication of what these industries mean in the drive for business recovery."

"During the depression years the Electric Bond and Share company and its associated holding companies invested \$144,000,000 in building and unifying two natural gas systems. This created employment for thousands, with benefits to their communities and protected investors who would have suffered severe losses unless we had come to their aid."

"These developments represent real and outstanding contributions to social stability and business recovery during the worst years of the depression and they could not have been carried out and put into successful operation without the financial assistance of our company."

Mr. Inch said that the money they put into these projects is still in them and he said, "the reward now offered to our stockholders is that their property shall be taken from them without compensation."

The same can be said of their efforts to develop the foreign market, Mr. Inch said.

"If this bill becomes a law, we must sacrifice \$250,000,000 we have invested in foreign countries," he said. "Our government which now would force us to get rid of our foreign holdings, urged us to enter the foreign utility fields as a means of creating closer ties between the United States and various foreign countries and as a means of creating new markets for American-made goods."

Mr. Inch warned that if his company was forced to give up their foreign investments, it would be acquired by foreign interests, closing these important markets to American goods.

Mr. Inch brought out also that if this bill is passed "investors generally will regard it as the first step toward nationalization of the industry."

"Many believe that its purpose is to accomplish government ownership or at least government management, without compensation," Mr. Inch continued. "With this weakening in the investment field I see little hope that private enterprise can survive in this field."

Mr. Inch branded as false, securities will lose nothing if this bill passes. He said these statements are incorrect and misleading to the security owners.

Mr. Inch championed diversity in business. He said diversity is the principle upon which most kinds of successful business is based. He used insurance companies as an example. The results of diversity as one of the principal contributions to social progress he brought out by showing how metropolitan utility service was brought to village, hamlet and farm.

"The Electric Bond and Share company is not a 'paper' organization," Mr. Inch said. "We furnish our client companies with necessary expert service at a charge which represents less than one-fourth of one cent per kilowatt hour sold. The advent of our company has always brought about improved service and lower rates. The customers of our associated companies have been saved over \$64,000,000 in rate reductions since 1929."

Since service has been good and rates reasonable, how can the present demand for the abolition of the holding company and the drastic federal regulation of local operating companies be for the well-being of the public utility user, Mr. Inch brought out.

J. C. Pratt Killed In Car Accident Near Fort Worth

FORT WORTH, April 6.—J. C. Pratt, 57, of Abilene, died in an ambulance early today while being taken to a Fort Worth hospital after suffering injuries in an auto crash north of Burleson, near the Tarrant county line.

His father, D. C. Pratt, of Mineral Wells, and a brother, escaped injury.

Pratt suffered a skull fracture and died without regaining consciousness. Funeral services will be held in Abilene Sunday afternoon.

D. C. Pratt, father of the accident victim, lived in the Caddo valley for more than 40 years, where he was a prosperous farmer, before moving to Mineral Wells.

Three Unopposed in Eastland Voting Elected to Office

A total of 94 votes was cast in the Eastland school board election held Saturday, and all three candidates for re-election to positions on the board were elected. There was no opposition for any candidate in the election. Not a candidate was scratched.

Those re-elected were: Frank T. Crowell, 94 votes, John M. Mouser, 94 votes, K. B. Tanner, 94 votes.

Cisco Schools to Have Board 'Ma's'

Three Cisco women were victorious in the trustee election Saturday. The three, Mrs. P. R. Warwick, Mrs. N. A. Brown and Mrs. Fannie Chesley Kimmell, polled more votes than F. D. Wright, Dr. E. F. Clark and J. E. Spencer.

Results of the voting: Mrs. P. R. Warwick, 397; Mrs. N. A. Brown, 383; Mrs. Fannie Chesley Kimmell, 341; F. D. Wright, 319; Dr. F. E. Clark, 288; J. E. Spencer, 253.

Night Sessions Are Voted In House

AUSTIN, April 8.—Two night sessions each week to speed work of the legislature were ordered today by the house of representatives. Tuesday and Wednesday nights were designated.

New bills were read for the last time today. Deadline on filing bills expired Saturday. Because no session was held then the house admitted the bills today. A governor's message or a four-fifths vote will be required to admit others.

Market Demand Left In Bill By Vote In Senate

AUSTIN, April 8.—Texas senators today refused to strike the market demand definition of waste from the oil conservation bill by a vote of 19 to 6.

"This is just a question of price fixing, that's all the market demand clause in this bill is for,"

Buy them at the WORLD'S LOWEST PRICES. Save on operating costs, too!

Chevrolet Trucks give maximum dependability, as well as maximum economy, because they're powered by VALVE-IN-HEAD SIX-CYLINDER ENGINES

The most important consideration of all, in buying and operating trucks, is economy. Economy of first cost and operating cost. And the most economical trucks on the market today are—Chevrolet Trucks. They sell at the world's lowest prices. They give maximum operating economy, too, because they're powered by valve-in-head six-cylinder engines. And they will keep on saving you money, day after day and year after year, because Chevrolet builds so much extra quality and rugged reliability into them that their service is as carefree as their prices and operating costs are low. You get top economy when you buy Chevrolet Trucks, and that's exactly what you want in a truck—particularly today. Phone or visit your nearest Chevrolet dealer and get the right truck for your job at the world's lowest prices.

Senator Tom DeBerry of Bogota, asserted. "There never was any oil produced that couldn't be sold," he said. Senator Clint Small of Amarillo, sponsoring the bill, said that "one of the troubles in the Panhandle today is that gas is being produced in excess of market demand. I don't want to disguise anything," he said. "If I can make Texas oil bring a better price I will do it. If I can pass a bill making live-stock worth more, I would do it." Judging from his recent antics, "Old Man River" must have heard of the Townsend plan.

A WORK OF LOVE

In all times Craftsmen have needed a goal beyond immediate worldly gain. Medieval artisans consecrated their talents to the service of king, patron or religion. We choose no single master today, but consider each obligation placed upon us as worthy of a perfect service, individually adapted to the needs of the family. And this perfection, today, is within the reach of all who must call upon a funeral director.

Brownsville May Get Deep Water Port This Year

BROWNSVILLE.—The city of Brownsville will be provided with a deep water port before the close of the year, making it an important shipping point for the first time since the Civil War.

It will be the ninth deep-water port in Texas.

Like Houston, Brownsville will be an inland port. The channel will be extended from Brazos de Santiago Pas across Laguna Madre, a distance of three miles, and then fourteen miles across the coastal plain to within a few miles of Brownsville.

The channel is to be 25 feet with a bottom width of 100 feet and a surface width of 250 feet. It will be large enough to permit the entrance of all but the largest of ocean-going vessels.

A turning basin is to be excavated near Brownsville. The jetties at Brazos de Santiago Pass have been completed and work on the excavation of the channel and turning basin is under way.

The total cost of the project will be \$5,500,000, borne jointly by the Brownsville Navigation district and the Federal government. The canal is to be ready for ocean traffic in December.

Since the Civil War Brownsville has not been a port of any importance. During the Civil War, however, a large narrow-gauge railroad was built from Brownsville to Point Isabel (now Port Isabel) and there was considerable commerce through the shallow harbor there.

Citrus fruits and garden vegetables which are shipped from the Rio Grande Valley in considerable quantities, will be the chief export through the new port.

It is expected that much freight consigned to Mexico will be cleared through the new harbor.

"Summer-izing" Is Begun by Magnolia

DALLAS, April 6.—Armed with new knowledge gained through attendance at the spring course of Magnolia Institute, field service men of the Magnolia Petroleum Company have left Dallas to assist dealers and station men throughout Magnolia land in launching their annual "Summer-ize" service activity. Magnolia's "Summer-ize" program is of particular significance this spring as it marks the introduction of the new improved Summer Mobiloil made by the revolutionary Clearosol process.

"Introduced several years ago as a simple, but certain precaution against summer driving troubles, Magnolia's "Summer-ize" service has gained steadily in popularity as motorists have learned the economic value of having their cars checked at Magnolia Dealers and stations and lubricants changed to the proper grades to match changes in the weather," Fred M. Lege, Jr., Vice President in charge of marketing, said. "Each fall Magnolia performs a corresponding service for its customers known as "Winter-Proof" at which time heavier summer lubricants are changed to lighter grades for winter driving.

"Magnolia's "Summer-ize" service as developed and taught at Magnolia Institute consists of seven distinct operations including draining, cleaning and refilling with summer grade lubricants such

It Seems That Food Prices Are Going Up

vital parts as the crankcase, transmission and differential, a thorough greasing, flushing and cleaning of the radiator, battery check and a tank of Mobilgas adjusted for summer driving. Magnolia dealers and stations throughout the Southwest are now performing this service for motorists in preparation for hot weather driving."

Mobiloil made by Socony-Vacuum Clearosol process was made available to the public for the first time last fall only in the "Arctic" grade. The proven advantages of motor lubricant made possible by this revolutionary process of manufacture are now found in the entire line of Mobiloils for summer. The Clearosol process actually washes away all the gum, sludge and tarry elements not essential to good lubrication and produces a totally new kind of motor lubricant impossible to obtain by old methods of refining.

Magnolia, the oldest petroleum producing, refining and marketing company in the South, is celebrating its twenty-fourth birthday in April with the annual observance of Pioneers Month and the "Summer-ize" activity at Magnolia Dealers and Stations.

Hot Gasoline Is Object of Drive

AUSTIN, April 8.—Seventy-four cases were filed against truck haulers of alleged "hot" gasoline as a result of a week-end drive by the railroad commission agent, Chairman Ernest Thompson said today.

About 100 employees were mustered to "dry up" truck movement of "hot" gasoline at request of Houston oil jobbers and others.

Name Officers of Colony Committee

Members of the Eastland county farm colony committee in session at Eastland Friday elected County Judge Clyde L. Garrett as chairman and Albert Taylor of Eastland as secretary.

The board will submit a farm maintenance project in the next two weeks to Texas Rural Communities through William Boaz, engineer employed by the county. Projects for the location of the farm colony will be submitted from Cisco, Ranger, Eastland and Rising Star.

It is a possibility, Boaz states, that one of the sites will be approved for the project which will mean the expenditure of \$375,000. Members of the Eastland county farm colony committee are C. E. Williams, manager of a lumber company at Rising Star; Frank

Kirk, oil operator of Gorman; F. E. Harrell, manager of a Cisco lumber company; R. V. Galloway, secretary of the Ranger Chamber of Commerce; L. A. Hightower of Eastland, farmer, rancher and stockman, and Judge Garrett, and Albert Taylor, Eastland banker.

Philippine Storm Causes 33 Deaths

MANILA, P. I., April 8.—Known casualties in a freak typhoon which lashed southern provinces of the Philippine Islands increased to 33 today as workers sought additional victims and repaired storm damage.

The heaviest death toll was reported by Red Cross workers from Borongan, where 25 bodies were recovered. Eight were reported dead in Samar province. Eleven others were injured.

The Red Cross reported 90 per cent of the houses in Borongan were destroyed.

Spring is in the Air

READY for Your Spring Oil Change
A REVOLUTIONARY NEW
Summer Mobiloil

(MADE BY THE SOCONY-VACUUM CLEAROSOL PROCESS)

DURING the past winter millions of motorists made a startling discovery. They found that the new Mobiloil Arctic, made by the Clearosol Process, surpassed any motor oil ever made. It wasn't simply an improved oil. It was a totally different kind of motor oil, made by a revolutionary new process that actually washed away all the gum, sludge and tarry elements not essential to good lubrication.

Now all grades of Mobiloil are made by this Clearosol Process. The new Summer Mobiloils are here, ready for your spring oil change. You can expect much better oil mileage. Your motor will stay cleaner—free of sticky gum and hard carbon. In every way you'll get smoother performance and better economy.

WE ASKED NEWSPAPER PEOPLE:

"IS THIS FACT IMPORTANT TO YOU?"

"CAMELS ARE MADE FROM FINER, MORE EXPENSIVE TOBACCOS—TURKISH AND DOMESTIC—THAN ANY OTHER POPULAR BRAND."

(SIGNED) R.J. REYNOLDS TOBACCO COMPANY

WINSTON-SALEM, NORTH CAROLINA

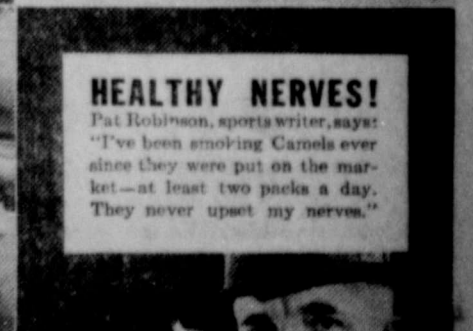

FLAVOR! "Camels have a great taste—rich and pleasing," says Herman J. Lamkin, linotype operator. "I've smoked them for many years. Camels don't ever affect my nerves."

SO MILD! Miss Margaret Nichols, woman reporter, says: "Camels have a mild flavor—delicate and pleasing—entirely different from any other cigarette. Camels taste better!"

ENERGY! An editor's experience: "Smoking Camels is the way to ease strain," says Ray Baker. "Camels bring back my pep, and I can tackle the next big story with renewed energy!"

HEALTHY NERVES! Pat Robinson, sports writer, says: "I've been smoking Camels ever since they were put on the market—at least two packs a day. They never upset my nerves."

VALUE! "Camels are made from costlier tobaccos. They're the real 'extra value' cigarette," says E. E. C. Pickwood, ace news-photographer, who often uses fast airplanes to get "front page pictures" for a great New York newspaper. "I'm loyal to Camels," Pickwood continues. "They taste so much richer and smoother—never frazzle your nerves. I have smoked Camels for years and I, too, would 'walk a mile for a Camel.'"

THE "Laxative Question"

DOCTORS SETTLED IT, LONG AGO.

UNDER the doctor's care, or in the hospital, you would get a liquid laxative. And the liquid form is what you would use at home, if you knew what a doctor knows!

A liquid laxative can always be taken in the right amount. You can gradually reduce the dose. Reduced dosage is the secret of real and safe relief from constipation.

The right liquid laxative gives the right kind of help, and the right amount of help. When the dose is repeated, instead of more each time, you take less.

Once you have experienced this comfort, you will never return to any form of help that can't be regulated to suit the need.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, and these are natural laxatives that form no habit—even with children. It

action is gentle, but sure. It will clear up a condition of biliousness or sluggishness without upset. You'll like its taste, and like its action. It's pleasant to take, and won't sicken you like a violent cathartic.

So, try Syrup Pepsin. Take regulated doses until Nature restores regularity. Those who have made the "liquid test" know why most doctors favor a liquid laxative like Dr. Caldwell's Syrup Pepsin. Get a bottle today.

BE CAREFUL
If any laxative makes you feel thirsty, affects your appetite, seems to burn, or requires larger doses than when you first began its use—change to a liquid laxative!

Dr. Caldwell's SYRUP PEPSIN

Dr. Caldwell's

BRIGHT-EYED AND BIB-ULOUS—BRING ON MORNING MILK!

Their best bibs and tuckers—well, in their best new bibs, anyway—th their names proudly blazoned on the front of the crisp white fabric, the Dionne quintuplets give you a bright good-morning. Not that each little girl has her own idea of how to handle a doll. But each of the five sets of starry eyes is equally bright.

Dusting the Covers of Texas History
For the Texas Centennial Celebrations of 1936

The Texas Telegraph and Register was liberal in its praise of Lorenzo de Zavala. After his death November 15, 1836, an editorial said, "Texas has lost one of her most valuable citizens, the use of liberal principles one of its most untiring advocates, and society one of its brightest ornaments."

Lorenzo de Zavala, only forty-eight years old at the time of his death, although a Mexican, had been one of the guiding men in the affairs of the new Republic. Coming to Texas after having been exiled from his home country, Lorenzo de Zavala arrived some time after the Texas Revolution, in the year that he participated in the Texas government, his work was characterized by quick, enthusiastic energy and dependable judgment. Immediately after his arrival he took up the cause against Santa Anna and made an address against the centralization program.

Alarmed at the rapidity of his acquaintance with the Texans, and

his genuine friendship for them, General Cos issued an order from Matamoros August 8, 1835, asking the political chief of Brazoria to arrest de Zavala: "and if not attended to as required you will march immediately at the risk of losing all your cavalry to complete the intended project." Gail Borden and his co-editor Gray responded with an editorial: "The order is only a pretense on a blind device by Mexican authorities to introduce military forces to subjugate Texas" and paid no further attention to the command.

At the Texas convention in November, de Zavala was appointed on a committee to draw up the Declaration of Causes of Texas Opposition; he was to be official translator for the Mexican citizens; he was appointed to a committee to set up a provisional government. He was immediately elected Vice President at the convention held the following March.

An unhappy experience preceded Zavala's death. He was assigned with others to take Santa Anna back to Vera Cruz. When the New Orleans volunteers took charge of the boat and forced Santa Anna off, President Burnet and Lorenzo de Zavala were severely criticized. He felt deeply about the matter, and offered to resign his position at once. Austin, Wharton, and other friends dissuaded him, but he did resign October 21, instead of waiting until November 1, when other temporary officers gave up their positions.

Lorenzo de Zavala had an important part in shaping the life of a new Republic, and he should not be forgotten at the Texas Centennial Celebrations of 1936.

MISSISSIPPI DEATH TOLL IS PLACED AT 32

The lower Mississippi Valley today counted at least 32 dead and nearly 100 seriously injured amid the rains left by devastating tornado which struck Saturday night.

Property damage was estimated at millions of dollars. The trail of destruction extended 100 miles across Southwestern Mississippi and into Eastern Louisiana. Nine persons were drowned when a house boat was blown over in the Mississippi near Lake Providence, La.

National guards patrolled Tloster, Miss., a sawmill town of 1,200 persons, where the winds reached their greatest fury. Seven were killed and 40 injured there. An estimated 750 were left homeless in the town. Only one telephone was in operation. An undertaker, who is also the jeweler, piled the bodies in his showcases.

The Hudson six, it was announced, will come in five body models—sedan, coach, business coupe, coupe with rumble seat and convertible coupe. It augments the line of eight-cylinder cars made by the company and the six-cylinder Hudson-built Terraplanes.

Honors of "Old Rip" Endangered

OKLAHOMA CITY, April 6.—Mrs. Arthur Severance "never believed any of those stories about toads living for years in foundations until I saw this one," she stated after discovery of an insectivorous creature in the foundation of her home.

Workmen who discovered the frog said it had undoubtedly been imprisoned in the mortar 13 years.

Dancer Ted Shawn is trying to evolve a typical American dance by studying the movements of athletes. For ideas on a tango, we'll suggest he watch a heavy-weight fight.

Prison Probe Is Left to Board

AUSTIN, April 8.—Governor Alfred today referred an investigation of reported brutality in the prison system to the prison board.

"They are the ones to investigate," the governor said. "If the legislature is interested it can investigate too. After all the governor has little to do with the prison system. He appoints three members of the board. I believe their terms start in June," Alfred said.

ANNIVERSARY OF WORLD WAR IS CELEBRATED

WASHINGTON, April 6.—Mobilization of 50,000 men for "army day" parades commemorating the eighteenth anniversary of America's entrance into the World war, contrasted today with a little ceremony of tribute to members of congress who voted against the war.

In the capital are statues of three late members of congress who opposed the declaration of war April 6, 1917—Sen. Robert M. La Follette, Wisconsin; Speaker Champ Clark, Missouri, and Representative Claid Kitchen, North Carolina. At the feet of each was placed a wreath with a card saying "placed by the National Council for the Prevention of War in gratitude for his stand against war."

A few blocks away units of the regular army, reserves, cadets, veterans and members of patriotic societies, gathered with 40 bands to pass in review before Vice President John Garner and other dignitaries.

If that Chicago woman who has been sleeping four years happens to wake up during a congressional campaign, it might be wise to keep her away from a radio, just to prevent a relapse.

Wisconsin judge suggests heavy drinkers use a "handicap" system, counting the first drink their fourth. They're not, of course, supposed to try for the course record.

Hudson Six Is Added to Line

A new automobile was being unveiled in this territory today as Hudson Motor Car company formally presented a six-cylinder car, the Hudson six.

Heralded as a low-cost auto offering the most sensational performance ever built into a six-cylinder car by Hudson, this new six is being introduced in an unusual manner by Hudson dealers throughout the Ranger section. Rather than merely show the new car in showrooms, most of the models are being parked on the streets and the motoring public is being urged to inspect this car by actually driving it.

"As three of the big things being featured in this Hudson six—performance, riding qualities and safety of operation—can only be judged by driving the car, we decided to introduce this automobile—can only be judged by driving the car, we decided to introduce this automobile by giving as many motorists as possible the opportunity to drive it," said C. J. Moore, local Hudson and Terraplane dealer.

For two weeks, Hudson dealers in this section will hold "open

Bullock School Has Installed Curtain

The Bullock school board has completed their plans for the school stage curtain and it is now installed and in use, it was announced Saturday afternoon by Paul Smith, a member of the board.

The curtain was made possible through the cooperation of the merchants of Ranger, who took advertising spaces on the curtain to pay for its installation. The curtain was painted and hung by Ernest Parks and E. R. Estinger.

The school board Saturday issued the following words of appreciation for the cooperation of the Ranger merchants in making the curtain possible:

"We the undersigned hereby wish to express our appreciation and thank the business men of Ranger who made it possible for us to have this much-needed stage curtain in our school. Will say that it is properly installed and everything has been carried out in detail to the utmost satisfaction.

"Any consideration shown these merchants will be appreciated by us."

(Signed) Paul Smith, Prof. H. A. Reynolds, J. E. Hatton, C. L. Cantwell.

Those who took advertising on the curtain were Burton-Lingo Lumber company, Killingsworth, Cox & Co., A. L. Stiles Service Station, Mrs. Higdon's Eat Shop, Clarke's Radiator & Body Works, Commercial State Bank, C. E. May, Ranger Feed & Grinding company, Adams & Co., Schooley's Bakery, Great Southern Life Insurance company, L. L. Bruce, agent; Texas Drug Store, The Globe, Inc., Oil City Pharmacy, A. J. Ratliff, Clyde E. Davis, Robinson Auto Supply company, Ranger Dry Cleaners, Ranger Furniture Exchange, Swaney's Pharmacy, C. J. Moore Auto Mart, Hassen company, Leveille Motor company, Sinclair Service Station and Joseph Dry Goods company.

German "Show Boat" Will Visit Houston

HOUSTON.—The battleship Karlsruhe, "show boat" of the German navy will dock in the Houston ship channel April 26 and will remain eight days, according to official announcement here.

Karlsruhe, "show boat" of the German navy taken her to the West Indies, Brazil, Uruguay, Chile, Vancouver, San Francisco, and the Canal Zone.

The ship is of 6,000 tons displacement and was launched in 1927. Captain Zur See Leuchters is her commander.

Hauls Calf For 500 Miles to Exhibit It

EL PASO.—Sammie Hoerster of Mason, Texas, brought his prize calf 500 miles in a trailer to enter it in the fifth annual Southwestern Baby Beef, Hog and Sheep show here.

When he arrived he refused to take a hotel room, but bedded himself in the straw beside his calf in the show building.

Last year Hoerster won the grand championship prize with his entries at the Fort Worth livestock show.

SUNNY LIVING starts at the table

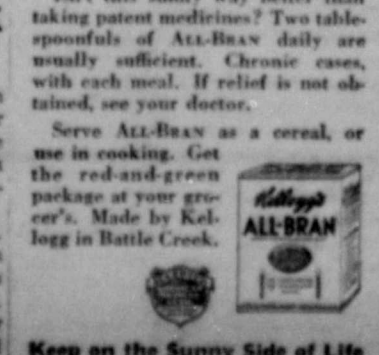

How you feel and how you look depend largely on the foods you eat. The balanced menu provides the "bulk" to prevent common constipation—caused by lack of this essential fiber.

Common constipation frequently causes headaches, loss of appetite and energy. Yet, in most cases, it can be overcome pleasantly and safely by eating a delicious cereal.

Kellogg's All-Bran is a natural food for normal individuals. It furnishes "bulk" in convenient and concentrated form. All-Bran also provides vitamin B and iron.

Isn't this sunny way better than taking patent medicines? Two table-spoonfuls of All-Bran daily are usually sufficient. Chronic cases, with each meal. If relief is not obtained, see your doctor.

Serve All-Bran as a cereal, or use in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Keep on the Sunny Side of Life

Funeral Is Held For Mrs. R. C. Peck

Funeral services for Mrs. Ruth C. Peck, 42, who died in Ranger Sunday morning at 5 o'clock, were conducted Monday afternoon, with interment in the Evergreen cemetery in Ranger.

The decedent was the wife of E. W. Peck. She was born in Los Angeles on Nov. 7, 1892, and was for a time a resident of Ranger. Burial services were conducted by Killingsworth, Cox & Co., funeral directors.

POWER ZONE COMFORT ZONE ECONOMY ZONE

V-8 POWER **Comfort Zone Riding** **FORD ECONOMY**

With the introduction of the V-8 engine, Ford brought a new standard of performance to the low-priced field.

Gives the ease, smoothness and comfort of a "front seat ride" even to back seat passengers—an important engineering advance.

The 1935 Ford V-8 gives you the most economical car to operate Ford has ever built.

Why take less?

FORD has always aimed to make the automobile-buying dollar go as far as possible.

This year, the 1935 Ford V-8 gives you traditional Ford low prices, traditional Ford operating economy—and, in addition, riding comfort, body roominess, new beauty and new safety features that will satisfy the requirements of almost everyone.

Consider some of the major improvements in the Ford V-8 for 1935. Take Comfort: From this standpoint alone, what a completely rounded car this is! Comfort Zone Riding that gives "front seat comfort" even to rear seat passengers. Deep cushioned, high-backed, wider seats. Big, air-balloon tires. Easier steering and a newly-designed clutch that responds to the touch of your foot.

Consider safety: There's safety glass all around—on all models—at no additional cost. A new, welded all-steel body. New, more powerful brakes, with an unusually high ratio of braking surface to car weight. And a lower center of gravity that gives increased safety and stability on curves!

Why be satisfied to receive less than this for your money? Examine this new 1935 Ford V-8. Ride in it. You'll realize that it is truly a new automobile value.
