

It's too bad, to see you, but the King King himself has formed. What a view he'd be at meeting home!

CASES ARE SET, TWO DISMISSED IN 88TH COURT

Five cases were set and two dismissed Tuesday as 88th district court called the docket. Included in the dismissals was the case of Mrs. Ethel Bachus et al. vs. Virge Foster et al. Basis of the impending suit was the alleged shooting of Steve Bachus, deceased husband of the plaintiff, during a raid last year. Motion to dismiss the case was made by plaintiff and defendant. Court costs were assessed the plaintiff. Case of C. F. Dennison vs. Standard Savings & Loan Association was dismissed at plaintiff's cost. Cases set by the court were as follows: L. H. Flewelen vs. Howard Johnson et al., July 8 at 9 a. m. H. S. Needham vs. Tom Bruce et al., July 8, 9 a. m. L. C. Owen vs. Bertha May Owen, July 29, 9 a. m. Continental Supply Co. vs. R. H. Murray et al., July 8, 9 a. m. Ruth Herring et al. vs. Larin P. Tilley, July 9, 1:30 p. m.

Peaches Explode, Send Flying Glass In Woman's Wrist

Mrs. Fred Davis, who lives in the Gulf camp in Eastland, has been canning fruits and vegetables many years but never suffered until last night—when an exploding jar sent flying glass into her, necessitating six stitches. Davis had just poured peaches in which was placed in hot water. After capping the exploding contents sent flying peaches and sharp glass face and right arm. Six stitches were taken in arm at the wrist. Davis is unable to explain the incident Monday night.

A School Post Given Ex-Countian

D. Holbrook, former Eastland teacher, who recently has been serving as director and superintendent in the State Department of Education for District Two, which has 17 South Plains counties, has been made acting director of vision in the Austin office. Holbrook was selected by the previous vote of the supervising 22 persons. He will resume his duties as State Department of Education District 2. A brother of Mrs. W. S. Eastland.

Bridge Project Is Status Quo

Estimated \$25,000 of widening the bridge on creek east of Eastland, designed by Leo Ehlinger, designer for the state highway department, stated Saturday project and others awaits release of funds by administration's vast appropriation. Mr. Ehlinger indicated.

Other-In-Law of Anger Woman Dies After Car Accident

Grady Smith has received that her brother-in-law, J. C. Smith was killed in a car accident Friday at Gilmer, Texas. She was buried Saturday afternoon at Vest Mount cemetery. Her brother-in-law was survived by his wife and four sons, J. C. Jr., by Glen, Fruit and David Jack, in addition to his father and her, all of Gilmer. He was well known over the area, as he was a bridge foreman for the state highway department. He was returning home on his day's work when his automobile turned over.

COLLECTS PITCHERS

AMBRIDGE, Mass.—Mrs. Mayhew, has perhaps one of the nation's most unusual table collections—495 pitchers, they range from thimble size to a foot in the forms of animals and men.

Vocational Rehabilitation Supervisor For West Texas, B. E. McGlamery, Back From a Conference in Chattanooga

Two Are Facing Series of Charges

Two Nimrod men were in Parker county jail at Weatherford Monday with charges lodged on two counts for one and three for the other, officers reported. Paul Tomlin, 22, is charged with driving while drunk, cattle theft. J. W. Adams of the same community is charged with forgery, driving while drunk and cattle theft. The forgery charge was made in Tarrant county, the driving while drunk charges in Weatherford and theft charges in Eastland county. The statement of facts made to Parker County Attorney Frank Fulgham recited taking of cattle from a field east of Cisco, their sale at Brad, writing of a check by Adams for an automobile by forging a name; purchase of liquor, collusion with a California woman's automobile. Adams, the statement of facts recited, drove the car purchased with the fraudulent check. Tomlin stated to arresting officers of Fort Worth that he borrowed the trailer from a neighbor to convey the cattle for Adams.

De Leon-Dublin and Eastland Golf Meet Postponed Sunday

Golf match between DeLeon-Dublin at DeLeon Sunday was postponed because of qualifying in the Ranger golf tournament, W. E. Storey, Eastland team captain, stated Monday. Leaders in the Oil Belt association are Eastland and Ranger, who are tied, the Eastland team captain said.

Seymour Coach Is Eastland Visitor

A recent graduate of Baylor university at Waco and athletic coach at Seymour high school, Abe Barnett, was a visitor in Eastland Monday night. He accompanied Johnny Kitchen, Eastland coach, from Fort Worth.

U. S. DEFICIT FOR YEAR REACHES \$30 PER CAPITA

WASHINGTON, June 29—Record-breaking peace-time expenditures in the fiscal year ending tomorrow sent the federal government "in the red" to the extent of approximately \$3,550,000,000—the fifth successive year it has been unable to make income meet expenditures. Heavy relief and recovery costs, as well as a sharp increase in regular government costs, sent expenditures in the 12-month period ending tomorrow to approximately \$7,300,000,000. Although income was bolstered by new and increased taxes, it amounted to only \$3,750,000,000 and was \$3,550,000,000 short of expenses. In the previous fiscal year, covering the first quarter of the Roosevelt term, expenditures amounted to \$7,243,725,625 and income to \$3,277,733,940, leaving the government "in the red" in that period to the extent of \$3,965,991,685.

Estimates on Per Capita Basis

On a per capita basis the federal government in the 12 months ending tomorrow spent the equivalent of \$59 for each man, woman and child in the country. Against these expenditures it was able to collect in incomes only \$29 per capita. The balance was borrowed. The further heavy borrowings carried the national debt to another all-time record peak of nearly \$29,999,999,999, or more than \$3,000,000,000 above the top reached just after the World War. It was \$13,000,000,000 above the low point of \$16,000,000,000 reached in the early days of the Hoover administration. In the 11 years up to June 30, 1930, the federal government's income in each year exceeded its expenditures.

One Youth Killed In Attempted Break From Reformatory

PENDLETON, Ind., July 2—One youth was killed and another wounded today when four prisoners attempted to escape from the state reformatory. Simon Dyer, 24, was shot down just as he was scaling the outer wall and Robert McClister, 21, was wounded in the shoulder as he

Thousands of Acres in Valley Escaped Floods Because of Control

McALLEN, Tex.—Because of the government's giant flood control program, thousands of acres of land in the Upper Rio Grande valley escaped damage in the recent floods. The gigantic flood control system was constructed as a result of the disastrous floods of 1922, when thousands of acres of fertile farm land was devastated. The original construction cost \$1,600,000 but since then the government has spent an additional \$2,000,000 in improving and maintaining the original project. The government also has cleaned and kept virtually bare the floodway channels so that water can pass swiftly and in great quantities into the floodways. The entire levee system has been strengthened and rebuilt throughout its 175-mile length. When the river reaches a stage of about 20 feet, the water starts flowing into Hackney's lake about six miles southwest of McAllen. The lake overflows in turn between the two levees forming the south floodway branch. Water also leaves the Rio Grande and enters the north floodway branch at a stage of about 23 feet at Ojo-de Agua, southwest of Mission. The two floodway branches join south of Pharr, then continue as one to Mercedes, where they again branch. One arm proceeds north from Mercedes, then turns east to the Gulf of Mexico, passing between the towns of Sebastian and Combes in Cameron county. The other arm continues east from Mercedes, emptying into the Arroyo Colorado. The Arroyo also has been improved, straightened and cleaned out to permit faster flow of floodwater as a part of the government's program. It empties into the gulf northeast of Harlingen and Rio Hondo in Cameron county.

Relief Clients Are Learning to Help Themselves Again

SAN ISIDRO (Starr County) Texas—Rehabilitated relief clients are learning to help themselves in San Isidro work center here. Six "units" are represented at the center, where former unemployed clients valued at \$307 at a cost of only \$126. The units producing almost every type of home necessity for rehabilitation relief were divided into canning, mattress, blacksmith, woodworking, leatherworking, and sewing divisions. Women in the sewing unit perform the most important duty, making and renovating clothes and other needed articles for the home.

Shepherd Family Meet at Ranger

Children of Mr. and Mrs. C. P. Shepherd and their children held a reunion this week at Ranger at the home of Mr. and Mrs. Doyle Hubbard, daughter of the Eastland children. All children of Mr. and Mrs. Shepherd were present except Mrs. James Milan of Big Spring and her family. Children of Mr. and Mrs. Shepherd at the reunion were Frank, Mary, Florence, Virginia and Gordon of Eastland; Mr. and Mrs. J. S. Little and two daughters, James and Vera Mae of Eastland; Mr. and Mrs. Otho McGehee and children, Otho, Betty Lou and Helen of Pampa; Mr. and Mrs. Doyle Hubbard and daughter, Margaret Sue, of Ranger; Mr. and Mrs. Bob Cole and daughter, Shirley Frances of Strawn.

Ex-Students of Hankins College Will Reunion At Gorman Aug. 12

Date for annual reunion of ex-students of Hankins College of Gorman has been set for Aug. 12, County Judge Clyde L. Garrett announced Saturday. Program for the annual reunion is being arranged, Judge Garrett, program chairman, stated. He estimated 500 ex-students reside in the county and about 150 in the Eastland territory. Mr. Bender taught in the institution for two years.

AUTO REPLACES FIRECRACKER AS DEATH'S CHIEF AGENT ON FOURTH OF JULY HOLIDAY

"Safe and sane Fourth" and temperance in use of fireworks. Spurred by the tide of sentiment against unsafe and foolhardy observance of the Fourth, the American Medical association, in 1903, began to compile mortality statistics. That year's Independence Day, it found, cost the lives of 466 people. The injured numbered 4249. During the next few years, until widespread pleas for a more sensible method of celebration began to take effect, the slaughter went on. Toll Worse Than War The terrible price America paid for its patriotic hysteria in these days was strikingly shown by Mrs. Isaac L. Rice, president of the Society for the Suppression of Unnecessary Noise, comparing July 4 casualties with the important battles of the American Revolution. Here they are:

Year	Fireworks Fatalities	Other Causes
1910	131	131
1911	57	57
1912	41	41
1913	32	32
1914	40	40

FIGHT AGAINST FLU EPIDEMIC GAINS GROUND

PHILADELPHIA, July 1.—A 32-year-old University of Pennsylvania bacteriologist—Dr. Horace Pettit—who led a research expedition into an influenza-infected area of Alaska, predicts that "the time may be coming" when such epidemics will be brought under control. The immediate aim of tests now being made, according to Dr. Pettit, is to determine whether all influenza outbreaks are caused by the same filterable virus now known to science, but which have never been seen—even under the microscope, and whether protection by vaccine or serum against the virus may afford a future means of control of such epidemics. Virus strains taken from stricken persons in influenza epidemics in Philadelphia, Puerto Rico and London are identical, research examinations have revealed. "More Proof Needed" "If the same virus caused the Alaskan outbreak, this will give encouragement to the effort to develop a vaccine or serum to check the progress of any future epidemic of this disease," Dr. Pettit said. He recalled the world-wide epidemic of 1918-19 which caused 21,000,000 deaths. Dr. Pettit and his associate, Dr. D. Sergeant Pepper, had a three-foot purpose in making their 11,000-mile dash to and from Alaska. "Our first objective was to bring back some serum from convalescent patients, which we did," Dr. Pettit said. "Our second thought was to collect virus in acute cases. This we failed to do, as the epidemic had burned out when we arrived at Kotzebue. Our third objective was to test in mice horse serum as a tentative and accurate agent about half of our supply of a new outbreak."

Mav Head Returns From Fort Worth, Ready For Duties

Returning from Fort Worth Monday night after recently receiving his athletic degree from Texas Christian university, Johnny Kitchen, Eastland coach, expressed gratitude over state plans for a memorial to defray expenses of sending gradsters to an encampment. Kitchen intends to remain in Eastland until the latter part of this month, when he will go to Dallas to the Texas coaching school. Instructors will include Ted Wieman, Princeton line coach, and Ted Cox of Tulane.

Expect Over 300 At Magnolia Meet Slated on July 8

Between 300 to 400 Magnolia company employees of this section will gather at Eastland July 8 to attend an entertainment sponsored by the Industrial Relations Department, Wayne Jones of Eastland, who acts as distributor, announced Saturday. Included in the group who will attend are service station men and pipe line and producing department employees. Points from which employees will attend includes Brownwood, Brockenridge, DeLeon, Eastland, Ranger, it was said. Program for the entertainment which will be presented in the Cornelia theatre for the employees, families and their friends is as follows: 7:30 p. m.—Xylophone solo, Virgie Sue Wyatt of Olden. 7:40 p. m.—Song, 9:49 Bible class quartet of Eastland. 7:50 p. m.—Music, Drago Volin Octet of Eastland. 8:00 p. m.—Short talk, George Witte of Fort Worth, supervisor of retail sales. 8:10 p. m.—comedy and feature pictures. 8:40 p. m.—Address, J. B. Hensley, official, from Dallas office.

District Has New Rural Work Head In Ft. Worth Man

Robert W. Fisher, former district supervisor located at Fort Worth, has assumed the same position for this district with headquarters at Eastland, succeeding C. W. Sherrill, who was named official in an Austin position. Announcement was made Saturday by officials at the Eastland county general relief office.

Early Completion Of Highway From Rising Star Seen

RISING STAR, June 29.—Work of placing asphalt surface on the highway from Rising Star to the Country Club, over five miles west of here, will be completed within 10 days, E. F. Bacy, contractor, estimated. One mile sections of the road are closed as work advances, making a minimum distance for motorists to detour. Wide curves in the road are being well banked.

Relief Report Due at Eastland Since New

"All new applications for relief over Eastland county will be accepted in the next edition," District Supervisor Driscoll announced. "Relief reports will be made by officials there that report that epidemic."

BEULAH K. HICKS

RELIGION IN NATIONAL LIFE
Exodus 24:3-8, 12-18
Golden Text—Blessed is the man whose God is the Lord.—Psalm 33:12.

Moses—the word brings many pictures to mind; Moses as a baby in the bulrushes found by Pharaoh's daughter; the royal heir in the palace; with the slaves; the laying of the Egyptian; 40 years as a shepherd, and many others.

Mt. Sinai, and abrupt mass of rock runs from the southeast to the northwest, is almost two miles long and one mile broad. It is 1,500 feet high, terminating in two peaks, Jebel Musa is the southwestern peak, 7,363 feet high. Ras ulafah (Sinai) the northwestern peak, 6,928 feet high. Mt. Sinai stands in a precipice 2,000 feet high and directly facing the plain of S-Rahah, where there is an abundant supply of water from six ever-flowing springs and green pastures. It was here the people camped where they knew that the presence of God was on the mountain which was plainly visible from their abode.

There was a barrier at the foot of the mountain, that the people might not touch it, while a cloud hung over its summit and thunder and lightning played over it.

How great Moses shines out as he ascends into the mountain and talks with God and brings back the messages to the people. The people were ready to receive the message for they had used two days which they had used two days which they had bathed their bodies and washed their garments, realizing that physical cleanliness is an appropriate symbol of purity of soul.

They were awed and shaken by the manifestations of Divine presence on the mountain, but they were entering a life of divine guidance, finding a form of worship and living a system of laws.

Moses' life of 120 years was divided into three cycles of 40 years each. The first cycle ended when he finished his life in the royal court, killed an Egyptian and fled to the wilderness.

He married the daughter of the high priest of the Midianites and became a shepherd. Perhaps it seemed a pity that such education and culture as belonged to Moses should be used to look after sheep.

He returned here that his real education was over blistering in wadies in a vast wilderness, the wailing of the wild beasts, the passion, self-will, and presumptuous recklessness of the first base of character in which we studied his life die down and a renaissance occurs in his way of thinking.

He thought and pictured ideal

SISTER MARY'S KITCHEN

BY MARY E. DAGUE
NEA Service Staff Writer

HOW long since you've taken a kitchen check-up? And by that I don't mean just a tabulation of dishes and pots and pans and canned goods—though I mean that, too. To have the right tools and accessories is important, whatever your job.

But do you ever stop to figure out just how long each kitchen task takes you and whether you could save precious time for the garden and the front porch if you did it an easier, better way? I know women in these modern days who still think they are committing a crime when they take the easiest way and spare themselves a little. I suppose it's our stern New England conscience, which seems not to depend very much upon locality.

Time Saving Rules
Here are a few rules I have found a help:

Never stand to do a task if you can sit. Don't keep things you need every day on high shelves so that it's a strain to get at them. In hot weather, use as many ready prepared foods as possible. Lay out everything you want for a job before you begin it. Keep the things that are used for special operations close together.

There are many modern culinary short cuts that our grandmothers wouldn't have taken, but is that any reason we shouldn't? For instance, I use cracker crumbs for thickening stews, soups and chowders, that used to be thickened with a more laboriously

Tomorrow's Menu
BREAKFAST: Chilled apple sauce, cereal cooked with dates, cream, crisp toast, milk, coffee.
LUNCHEON: Corn fritters, maple syrup, watermelon, cup cakes, milk tea.
DINNER: Broiled lamb chops, scalloped potatoes, buttered carrots, Boston head lettuce and cucumber salad, fresh fruits, crackers and cheese, coffee, milk.

made flour paste. In fact, I use crackers for all sorts of emergencies. They are so handy, always on the shelf and always ready. Crackers make dainty sandwiches. Sardine and anchovy pastes, cream cheese with pimento and nut, mustard and tomato catsup, highly flavored grated cheese worked into creamed butter—these are a few combinations that are good.

Spreads for Sweet Crackers
For slightly sweetened crackers use a mixture of cream cheese and preserves or jam. Chopped dates and raisins combined with peanut butter make a good sweet filling. Chopped nuts added to marmalade is another delectable combination. And, of course, you know about the cracker's uses with cheese. For the convenience of serving cheese, by the way, try sugar tongs or a cheese scoop. It's a good idea to pour a tablespoon of beer or ale or wine into Edam cheese after each meal.

ON TEXAS FARMS

Government reports received here indicate that Texas handled wheat contracts covering 3,674,186 acres which, by Oct. 1, 1934, had brought first rental payments of \$3,726,395.44 to producers.

The average local cost of handling this work in Texas was 1.2 cents per bushel. For the United States as a whole the cost was 1.42 cents.

Parker county with a cost of 4.2 cents per bushel, Ellis with 4.3, Fannin with 4.6 cents, and Hockley with 5 cents, are the highest for the state.

Sherman is lowest with a .7 cents per bushel. Next are Bell, Briscoe, Jack, Knox, and Ochiltree counties with costs of .8 cents per bushel.

Close to them are Grayson, Hemphill, Lipscomb, Roberts and Runnels counties with a .9 cents.

Texas has handled AAA programs in which the aggregate payments amounted to about one-seventh of the total for the United States.

Texas expenses in connection with this work amounted to only one-thirteenth of the total expense for the United States.

NEWTON—J. H. Waterhouse of Newton is convinced that it pays him to care for his 100 peach tree orchard, for there is a heavier set of fruit and the peaches are one-third larger where he fertilized his trees than where he did not, according to J. B. Dorman, county agricultural agent.

Waterhouse sprayed his orchard in late winter with lime sulphur. At the suggestion of the county agricultural agent he also used two to three pounds of 6-12-6 fertilizer around most of his larger trees—those six years old and older. It is these trees that have the heavier set of fruit and the larger size of fruit.

GOLDTHWAITE—At a cost of materials of \$6.30, W. N. Griffin of Ebony in Mills county tanned three cow hides which he made into a set of wagon lines, two bridles, two sets of tugs, four horse strings, two belts, and had a supply of leather left, according to W. P. Weaver, county agricultural agent. The leather is a fair product, Weaver, says, and Griffin probably could not have afforded the harness if he had not made it himself.

ALBANY—"During April and May, my 235 hens produced a net income of \$140.56, running a close race with my herd of 16 dairy cows that chalked up a net return of \$110.22 for second place," Robert Bradford, Shackelford county farmer, told D. F. Eaton, county agricultural agent.

The hens had a feed bill of \$44.20 for the two months, while the expenses for the cows were \$72.60.

CANADIAN—Four inches of rain wet chiseled grounds 16 to 20 inches deep on terraced land on the farm of J. L. Duggan, Hemphill county, while unterraced land

Land of Free is Denied as Aim of Puritan Fathers

NEW HAVEN, Conn. — Prof. James G. Leyburn, Yale sociologist, has shattered the popular belief that the Puritan leaders were establishing those parts of it which seemed to them disadvantageous.

Harvard System Cited

"To the Puritan leaders there was a natural aristocracy, composed of the clergymen and the small group of gentlemen who stood squarely with the clergy in this theocracy. This new land, they held, should be ruled only by God's elect. Early magistrates came from this class. Students at Harvard were listed and seated, not in alphabetical order, but according to their dignities.

"Merchants and traders ranked next to the aristocrats, and after these the skilled laborers, generally freeholders, who did most of the work of society. Many of them secured a vote by meeting property qualifications."

Laborers Ranked with Indians
Next in order Prof. Leyburn listed unskilled workers, indentured servants, negroes and Indians.

"These class distinctions," he said, "were carried out in the allotment of town lands, of church pews and even the work of establishing the new settlements on the frontier. Various other practices were based upon them: the punishment of whipping was not administered to the gentry; titles of Master and Mistress were accorded to them only; women of the lower class could not wear silk unless their husbands were worth 200 pounds.

"The whole tradition was against democracy—and yet it prevailed."

Farm Colonies Will Be Built Soon

AUSTIN—Farm colonies to fit the neighborhood will be built by Texas rural communities, V. R. Smitham, general manager of rural relief aid for Texas relief commission, said.

Texas will be marked off into regions, and colonies developed to use the advantages of each. Farmers given government aid to attempt a "comeback" on the cooperative basis, will be placed on farms best fitted to its soil, climatic, crop and livestock possibility, Smitham said.

Court Pondering Woman's Pose of Leg Over Her Knee

By United Press

ISTANBUL.—Whether it is an outrage to the law for a woman to sit with one leg across the other is being discussed by the Tarsus criminal court in Turkish Anatolia.

The offending Turkish woman is Madame Najie Kipchak, a history teacher in the secondary school of the town.

She attended a sitting of the court as a member of the public, and taking a front seat, placed one leg across the other.

The usher called her to order, saying, "that is not how one sits in court." She answered sharply, and the usher instituted proceedings against her for outrage to a magistrate in the exercise of his functions.

Then the case came up, Madame Kipchak defended herself by saying that in her opinion good manners in the twentieth century allowed a lady to place her right leg over her left knee or her left leg over her right knee without constituting any lack of respect for a court of law.

She replied to the magistrate that she was well-grounded in notions of law and sociology as well as etiquette.

The court was adjourned witnesses to give evidence the exact angles at which her legs were crossed.

The papers say Mrs. Kipchak is going abroad shortly. Will she get back?

SCOUT NEWS

BOY SCOUTS OF AMERICA

Hurrah! All scouts will be glad to hear that Travis Foster, that congenial editor, who edited the "Bugle Call" at camp year before last, will be in camp again this year, in the same capacity, Travis says, "Scouts, be prepared to see that something happens in your troop which will be recognized as news by the 'Bugle Call.' To new scouts that have not been in camp, we will explain that the 'Bugle Call' is the daily paper that is put out in camp. Some scouts become so busy that these serve as their letter home each day unless a letter or card is required to get in to the mess hall, then of course the folks at home get a written message.

"Toots," says: "You scouts, who want to get your Merit Badges off in swimming, first aid, life saving, athletics, boating, canoeing and rowing as well as your Junior and Senior Red Cross Life Saving work, meet me down at the 'Ole Swimmer's Hole' at Camp Billy Gibbons.

Jamboree
The scout office would like to inform those who have not registered for the Jamboree that we have just received notice from the national office of an extension of time until July 15, that if the quota is not filled by that time. We cannot promise that an application will go through until it is approved by the national committee. Any scout or scout's parent, who desires further information, please get in touch with the scout office, Box 808, Brownwood, Texas.

Camp Opens July 9
Scouts, if you are going to go to Camp Billy Gibbons, please send in your registration immediately. Tell your parents they have a special invitation to visit on visitor days—Sunday, July 14, and Sunday, July 31.

We understand how why restaurants call it a "strawberry shortcake." It's short and it's berries.

Legal Records

"CARE MAY SAVE LIFE!"

Every time you take the wheel in your hands you become the enemy of countless people. They must exercise caution at every turn, almost every step, in order to prevent the harm that you are potentially able to do. You have an obligation to at least meet them halfway. Avoid hidden dangers by recognizing them as you approach, then drive slower, with both hands on the wheel and your eyes covering every foot of the road ahead.

They drove on to the home of Mr. Calvin Brown in Grandview, where music and instruments were discussed with Mr. Brown and his family.

W. B. May went to Stephenville Monday on business.

He was accompanied by his little grandson, Billy May. Mrs. L. C. Lovelady and baby daughter Annette, returned Sunday from Stamford where they visited her sister for a few days.

Mrs. W. E. Barron attended the silver anniversary tea given Monday by the Gorman Missionary society at the Methodist church.

The silver offering was given to make the only baby of the missionary society a life member. Joe Wedge left Thursday for his home at Whittenburg, near Baur, after having been here a week doing some special work on the power plant being constructed by the Skelly Oil company.

Dr. and Mrs. W. B. Westlake and baby son of Graham, visited Mr. and Mrs. W. E. Barron Sunday.

Mrs. Westlake is a daughter of Mr. Barron. On Saturday night the De Leon Eastern Star chapter had visitors from many towns in this part of the state, the occasion being in honor of a visit from the state worthy grand matron.

UNITY

By MRS. T. E. HALE We are glad to report all on the sick list in this community improving.

J. H. Calvert of this community and Mrs. Florence McCleskey of Mingus were united in marriage Thursday, June 27, at Mingus. We wish for them much happiness during their married life.

Mrs. Charley Venable entertained in her home Thursday afternoon in honor of her daughter, Mrs. Clarence Blue of Russell Chapel. A very enjoyable afternoon was spent during which time the honoree was presented many beautiful gifts.

On Monday afternoon Mrs. Carl Gibson entertained in her home in honor of her sister-in-law, Mrs. Granville Davis. Games and music was indulged in during the evening and the hostess was presented many lovely gifts.

Boyce Hale, who had been visiting relatives in this and adjoining communities for several weeks, returned to his home at Forsan Saturday.

THURBER

By LAVADA FENNER The young people enjoyed a social affair Monday evening in the home of Miss Lavada Fenner. Dancing and cards were enjoyed.

Mr. and Mrs. Joe A. Tullos and Mrs. Victoria Ferguson of Fort Worth were recent visitors in the home of Mrs. A. L. Leedy, Mr. and Mrs. Tullos also visited Mr. and Mrs. Frank Arrendale of Ranger. Charlie and Clifford Hamilton, S. G. Bridges and Loni Gibson, who have employment in Fort Worth spent the week-end with homefolks.

Mr. and Mrs. Dixie Fenner and children, Lavada, Dixie and Robert, moved last week. They are now located at 310 Hanover street, Weatherford, Texas.

Mrs. Alonzo Leedy is visiting relatives in Oklahoma.

Bill Eyley and James Arrendale of Ranger visited here Sunday. Dixie Fenner Sr. spent several days in Weatherford and Fort Worth.

Mr. and Mrs. B. L. Barton of Fort Worth were week-end visitors in the home of Mrs. Barton's parents, Mr. and Mrs. R. M. Livingston. They were accompanied home by Miss Madeline Livingston.

Sunday visitors in the home of Mrs. McMillan were Mr. and Mrs. Fayette McMillan and children of Caddo.

ALAMEDA

Mr. and Mrs. Shirley Brown and children visited her relatives at Proctor Saturday and Sunday. Mr. and Mrs. Robert Adams of Desdemona visited Mr. and Mrs. J. L. Brown Sunday.

TRADERS GROCERY AND MARKET, We Deliver, PURE CANE SUGAR, WATERMELONS ON ICE, FLOUR, CORN MEAL, BULK BROWN SUGAR, FRESH COUNTRY EGGS, WE BUY CREAM FOR SW.

Jokester Satisfied By Kicking a Cop

BOSTON.—Patrolman John J. Kelley knows how it feels to get a kick out of work.

While on duty with his back turned, Kelley received a terrific kick. He grabbed the kicker, who assured him it was all in fun. The jokester explained, "You know how it is—I've wanted to kick a cop like that all my life. It's a joke." Kelley saw the point and released the man.

STAFF

By MRS. M. O. HAZARD Mr. and Mrs. Frank Williamson and sons, F. C. and Terrell, were recent visitors in San Angelo, visiting in the home of Eddie Williamson.

Mrs. Owen of Olden was a guest of Mrs. L. B. Bourland Sunday. Mrs. L. B. Bourland has been attending the revival meeting at the Church of Christ in Olden.

The Choice of Millions KC BAKING POWDER, Double Tested - Double Action, Manufactured by baking powder Specialists who make nothing but baking powder - under supervision of expert chemists.

SEARCH GOES ON FOR FOUR IN NEW MEXICO

ALBUQUERQUE, N. M., July 1.—Search for the missing tourists extended today from the mountainous Pajaros canyon country of New Mexico to the painted desert of Arizona.

State police and national guards and Arizona's "Navajo patrol" trail riders from the Indian res-

ervations, followed apparently conflicting clues in an attempt to find the bodies of Mr. and Mrs. George Lorius and Mr. and Mrs. Albert Heberer of East St. Louis, Ill., believed slain for their money the latter part of May.

Gov. Clyde Tingley of New Mexico established headquarters here and personally directed the two-state search for the tourists, last reported alive at Vaughn, N. M., May 22.

Central West Texas Oil Field

CISCO Man Strikes In Shackelford Co. CISCO.—The Kleiner H. Y. Oil Company and West W. D. Baker No. 1 in the western Shackelford county area, was drilled in Monday for a production of 20 barrels per day. The well is producing from the Bluff Creek pay, topped at 1648 and drilled to 1660.

Small Well Bright In Young County GRAHAM.—Nash & Windfohr report that their Graham-Vick No. 18 is good for a small well from the upper pay. They are swabbing and cleaning out after opening the well last week.

Casing Set For Kirk's Gowan Well GORMAN.—Six inch casing was set in the Gowan well of Kirk et al north of town and drilling is in progress toward the anticipated pay depth. Should the well show gas or oil it will be shot with acid to make it a paying proposition. The Thompson test being drilled by Northrup and Campbell is past 2500 feet and they should be at the pay level within the next few days. Pay is expected around 2,700 feet.

Texas has always been famous as a cotton state; but in recent years this crop has taken second place to another "crop". In 1932 the value of the oil business was \$50,000,000 more than cotton.

Quilt Has Autograph Of Five Presidents

OMAHA, Neb.—Miss Grace McCarron of Omaha has a quilt bearing the embroidered autographs of many nationally and internationally famous persons. Among the signatures are those of Mrs. Mary Lloyd Harrison, wife of President Benjamin Harrison; Thomas A. Edison; Archbishop Joseph F. Rummel of New Orleans; Charles A. Lindbergh; Alfred A. Smith; former Presidents Taft, Coolidge, Hoover and Theodore Roosevelt; Alice Roosevelt Longworth; Thomas N. Garner; President Franklin D. Roosevelt and Mrs. Roosevelt, and former Governor Charles W. Bryan of Nebraska.

person asking for a stenciled autograph in the corner. They then were embroidered and "pieced." CHICAGO, July 1.—The wheat market went booming into high ground today on the Chicago board of trade. Stimulated by the black rust scare and hot sultry weather, both of which would be considered bullish factors, the market rallied in all markets.

Use only one level teaspoonful to a cup of flour for most recipes.

Efficient and Economical

KC BAKING POWDER

Same price today as 44 years ago 25 cents for 25c

Manufactured by Baking Powder Specialists who make nothing but Baking Powder.

POINTS OF POUND HAVE BEEN USED BY OUR GOVERNMENT.

NINE WOUNDED IN GUN FIGHT IN LOUISIANA

LAKE CHARLES, La., July 1.—A gun battle between 800 members of rival longshoremen's unions resulted in nine casualties, two of whom may die. Sheriff Henry A. Reid, who with one deputy managed to stop the shooting, estimated that at least 500 shots were exchanged.

Reynolds Heir Is Carefully Guarded

KENNEBUNKPORT, Me., July 1.—Z. Smith Reynolds Jr., posthumous son of the late tobacco heir and Libby Holman Reynolds, is under a constant and heavy guard against kidnapers. Mrs. Reynolds has availed herself of all means of keeping her son from being kidnaped. He will receive \$7,000,000 from his father's estate.

PUT YOUR CAR IN OUR HANDS for a 3-week "Tank Test"

A Sporting Offer
Unless you've made friends with Gulf gas recently, you can't know what a really great fuel it is! Just try it 3 weeks. Then see if you don't check with the motorists who've already made this "tank test."

750 "takers"
These 750—average owners of average cars—agreed to try That Good Gulf and judge it themselves. They drove it 3 weeks—comparing it against their regular brands for mileage, starting, pick-up, power, all-around performance.

555 converts
555—more than 7 out of 10—found Gulf definitely better in one or more of the 5 ways. Many chose it on all five. Reason? Gulf is 5 good gasolines in one. Controlled refining gives it not merely 3 or 4, but all 5 important gasoline qualities. Try Gulf 3 weeks—and you'll never leave the bandwagon!

GULF REFINING COMPANY
What free Gulf tire service can boost your gas mileage? You'll find the answer in this Gulf booklet, plus 14 other valuable economy hints. Free—at the Sign of the Orange Disc.

THAT GOOD GULF GASOLINE

Follow the HUMBLE Route

TO Sea AND Sunlight ON THE Texas Coast

From the farthest tip of the Panhandle to the Piney woods of East Texas, fine highways lead Texans to the Texas coast. It's a marvelous place for your vacation—blue sky, a bluer sea, cool winds from the Gulf, bathing and fishing for exercise. The Texas coastline is one of the longest in the world and every foot of it is interesting. From the Louisiana border to the mouth of the Rio Grande, you can find it easy, convenient to reach—only one day of driving from where you live, accommodations fit every purse, resorts meet every taste. It's an ideal spot for a Texas holiday—why not spend your vacation there? This summer, Texans—let's tour Texas!

Let Humble Touring Service Plan Your Trip

Without obligation on your part, Humble Touring Service will gladly help you plan a vacation on the Texas coast. Write for free road maps, free booklets, highway information of any kind. Humble Touring Service is in daily telegraphic communication with all parts of the State, the information it gives you is up-to-the-minute. Address: Humble Touring Service, Houston, secure a post-paid Touring Service card from any Humble Station, or use the coupon. This service is free.

Use Humble Products on Your Way

Humble products are public-tested. This means that they have been thoroughly tested in actual use by the motoring public—by drivers like you in cars like yours. On the basis of their unqualified approval, we recommend these products to you. Humble motor fuels and Humble motor oils are known throughout Texas for their superior performance; they are continuously improved, they are always

WHY MOTHERS GET GRAY.

"The battle is already on," Dr. Inman said. "We have gotten to the point where we cannot live with anyone who does not agree with us. The world must check itself and learn that there must be harmony." During his trip to Latin-America Dr. Inman made contacts with the governments of many nations, seeking to find places for refugees from the Nazi regime.

Included among these refugees, he said, are 100 of the most famous scientists in the world. Germany's loss, he said, will be Latin-America's gain.

The American public does not realize the number of political refugees in the world, Dr. Inman said. Those who have fled from Russia, Germany, and Italy are almost countless.

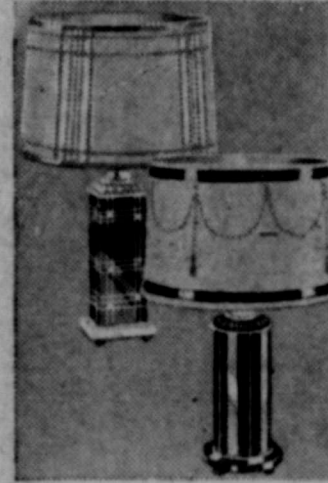

Missionary work in Latin-America would make greater progress, he said, if all churches would band together and have a single goal. Individual, unco-ordinated efforts result in much waste, he said.

Roosevelt Social Security College Talks Reveal

F. D. R. never hesitates. He never deserts his must program. His important measures are given the right of way. His vast social security plan, calling for the largest tax in the nation's history, was pushed through the senate by a 76 to 6 majority and thereby assured final enactment.

Five republican senators and one democratic registered against the enactment of the measure. It was a record vote. Several pairs were announced. Although it excludes farm labor, domestic, casual, governmental and charity workers, the bill creates a huge national reserve. Its backers are assured that it would cover nearly 25,000,000 people who would draw \$10 to \$25 a month after they reached 65 years of age.

Beginning next month, July, it would offer \$15 of federal money a month if matched by state funds, for every individual over 65 years of age, or needy blind persons of any age. States without pension plans would not have to match the federal fund for the first two years. Another important provision would appropriate about \$50,000,000 for dependent or crippled children, mothers aid and other welfare work, all of which must be matched by the state. Eventually the social security bill contemplates that about 25,000,000 workers will be covered by state unemployment funds to take care of them in periods of idleness.

The old age pension fund will be financed by taxing employers each 3 per cent on the payrolls of employes up to \$3,000 a year. This is estimated to yield almost \$2,000,000,000 annually by 1950. Companies with approved pension plans would be exempt. Altogether the measure contemplates eventual expenditures between four and five billion dollars annually, more than the present cost of running the entire government. A reminder that the house has enacted the measure and conferees will be named by house and senate to report a compromise measure and then the approved bill will be sent to the President. It is perhaps the most important as well as the most far reaching social justice ever enacted by the congress or the parliament of any nation in the history of the world. It must be true revolutions never go backward.

Society Gets Problem of Woman Kidnap

What is Mrs. Waley like, this woman who admits a part in what the United States has come to regard as the most heinous of all crimes—kidnaping?

Is she a heartless creature, utterly unmoved by a mother's agony, deaf to a little child's pleas? Or is she coldly calculating, defiant of society and its rules?

Apparently none of these. Once more, as has so often been proved before, crime in real life lacks the glamour attached to it in fiction. Margaret Waley, plain, unimaginative, married a thief and gunman and helped him in a desperate crime. Then stepped into the traps set by the law.

Mothers with babies of their own in their arms will have scant sympathy for Margaret Waley, branded, by her own admission, "woman-kidnaper." Mothers and fathers and thousands of others will remember her as the girl who could plot to steal a curly-haired child from his home, hold him for ransom, and with the money gained buy soda fountain drinks, cheap finery, a tin cigaret case.

Margaret Waley is a mystery of the times. Unraveling the mystery of her life, the environment and the forces that made her what she is, might indeed throw interesting light on the solution to many of society's baffling problems in criminology.

Kingfish Long Scores Another Defeat as a 'Buster'

Kingfish long led a filibuster movement in the senate against the enactments of the so-called new NRA recovery measure. It was a remarkable performance.

He held the senate in session Wednesday and until a late hour Thursday morning. Then defeat came to him and by a vote of 43 to 33 the senate enacted the measure and sent it to the house where it passed. Kingfish was at his ugliest. He denounced the President, "as Franklin the Little." He branded the NRA as a measure that should be thrown into the waste basket and one of the reasons he advanced was that not a democratic voter in the State of Louisiana approved of either the old NRA or the new. Kingfish will come up for re-election in 1936. It is for the voters of the Creole State to organize their forces in all the precincts of the Pelican commonwealth and retire the Kingfish to private life. He has had his day. He is one of the political pests of the country. He is "agin" everything that does not carry the brand of the Kingfish. The red-blooded voters of Louisiana are entitled to a senator who believes in the people some of the time and not himself all the time.

As a filibusterer Long has had his day. Why are rules, which prevent an important branch of the legislative government from doing business without interruption and the country in constant turmoil as well as a threatened defeat at all times of legislation, which a majority of the people appear to demand, allowed to stand?

Named to High Lutheran Post

First change in the presidency of the Missouri Synod of the Lutheran Church in 24 years occurred during the denomination's triennial convention at Cleveland, when the Rev. Dr. J. W. Belknap, above, of Houston, Tex., was elected to the post. The Rev. Dr. Frederick Fichtenhauer of Chicago, president for nearly a quarter of a century, failed of re-election by a narrow margin.

BOY CHARGED WITH MURDER OF HIS FATHER

DALLAS, July 1.—Dunne Kellum Martin, 18, was charged with murder today in connection with the shooting last night of his father, W. A. Martin, 50, former leader of a notorious gang of outlaws in Denton county. The elder Martin, a paroled convict, was assessed a 99-year term in 1925 for the murder of R. B. Parsons, Denton county deputy sheriff. Detectives said the youth told them the father had been drinking and started to abuse a daughter, 14-year-old Duane knocked him down. Martin left the house, muttering threats. Later the elder Martin returned and threatened him with a hammer. Duane retorted, Mrs. Martin seized his gun, and as Martin turned to strike her Duane shot his father five times.

Girl Displays Feats of Mind

PARIS, Fr.—The metaphysical Institute of Paris has just announced after extensive tests that it has discovered the most accurate mathematical memory on record in the brain of a girl of 22 named Mile. Osaka. Mile. Osaka can raise a number to its tenth power by mental arithmetic, and can extract the root of a number of the same power in less than a minute. Twenty persons may each give her orally a number running into billions or trillions, and after she has heard them all, she will repeat, in any order desired, their numbers. If you would like to know the number at 49 1/2 hours, minutes and seconds you have lived, give her the date of your birth, and she will tell you almost instantaneously, with due allowance for leap years.

All-Time Record Public Debt Shown By the Treasury

WASHINGTON, July 2.—An all-time record public debt of \$28,700,892,625 was reported by the treasury department today in complete figures for the government's 1935 fiscal year, which ended Sunday. Total government expenditures

Services Held For A. & M. Extension Service Director

COLLEGE STATION, July 1.—Funeral services for O. B. Martin, director of the Texas A. & M. College extension service, will be held today in the college auditorium. Martin died last night in a Bryans hospital of a stroke of paralysis suffered yesterday morning. The body will be sent to Greenville, S. C., Martin's former home, for burial Wednesday afternoon. In the 12 months set a peacetime record high of \$7,375,825,100, compared with expenditures of \$105,050,085 in the preceding fiscal year. Offsetting these expenditures were revenues in 1935 of \$10,467,202, compared with \$15,554,030 in the preceding fiscal year.

ATHLETES SAY: 'THEY DON'T GET YOUR WIND!' NY CARL HUBBELL, star pitcher of the N.Y. Giants: 'Camels are so mild, they never get my wind or ruffle my nerves.' GEORGE BARKER, the former intercollegiate track star: 'A cross-country runner has to keep in shape. I've learned one thing about cigarettes - Camels are mild. They don't get my wind, and they never bother my nerves.' GEORGE M. LOTT, JR., tennis star, says: 'Camels never take the edge off my condition or get my wind, because they are mild. I understand more expensive tobaccos are used in Camels. That accounts for their mildness!' SAM HOWARD, the high-diving champion, says: 'I can smoke Camels, all I want to do is keep in perfect condition. Camels are so mild. They never get my wind. And when tired a Camel gives me new energy.' BILL MEHLHORN, the star golfer, adds this timely word: 'I've got to keep fit to compete in tournament golf. I can smoke Camels steadily. From years of experience I know they won't get my wind or jangle my nerves.' CARL HUBBELL, a Camel smoker for many years, caught in action on the diamond! He says: 'Camels have flavor, plus mildness—a rare combination. And they never get my wind. I'd walk a mile for a Camel!' SO MILD YOU CAN SMOKE ALL YOU WANT camels COSTLY TOBACCO Camels are MORE EXPENSIVE — Turkish than any other TOBACCOES

You Can't Advertise Today and Quit Tomorrow

*You're Not Talking to a Mass
Meeting . . . You're Talking
to a Parade . . . !*

BRUCE BARTON

Ceaseless hammering on the same spot helps win prize fights . . . it is the essence of advertising success. Not until enough individuals in the same neighborhood have been sufficiently saturated with a certain slogan, say, to cause them to react on one another does advertising become a social phenomenon.

The modern business man realizes that his best customers wear out at a rate of nearly 3 per cent a year. Advertising-made prospects disappear far faster. Casual impressions, however favorable, dry like dew in the heat of competition.

"Cumulative" effects of advertising come not from one advertisement paving the way for another. This is negligible, to say the least. Cumulative effect, on the contrary, comes from salvaging as customers half-finished prospects.

Each advertiser is in much the same plight. If he quits successful, he loses money. If he quits unsuccessful, he tosses away an equity in public recognition far more valuable than the money: So many thousand partly manufactured customers. The second group are spending as little money as they can and still keep their names before the public. They believe themselves wise spenders because they spend so very cautiously—or perhaps reluctantly is a better word . . . THE BALD TRUTH IS THAT THESE RELUCTANT SPENDERS ARE, AS A CLASS, THE REAL OVER-SPENDERS IN ADVERTISING!

RANGER TIMES

BLACK RUST KILLS WHEAT IN MIDWEST

KANSAS CITY, Mo., June 25. Black rust, dreaded plague of the wheat country, today threatened the nation's granaries.

Prevalent in fields from Texas to the Dakotas the fungus which kills the growing grain became a menace as sinister as last year's drought and dust.

Private and official estimates indicated the wheat crop in America's bread basket would be reduced by nearly 30,000,000 bushels because of rust and excess moisture.

Throughout the south and midwest the wheat harvest was weeks behind time.

In thousands of fields the wheat lay beaten to earth by hail, wind and rain.

House Kills the Holding Company 'Death Sentence'

WASHINGTON, July 1.—The house today rebuffed President Roosevelt in his demands for a mandatory "death sentence" for

Gasoline Company Gives Motorists 15 Gas Saving Tips

"unessential" utilities holding companies.

Before packed galleries the house, without recording the vote of individual members, defeated an effort to assert the senate death sentence in the less drastic house bill.

The vote was counted by tellers who did not record the names of individual representatives.

Defeat of the "death sentence" came after direct pleas by Mr. Roosevelt that it be enacted.

The vote was 216 to 146.

Mexican President To Pardon Political Prisoners In Mexico

MEXICO CITY, July 1.—President Lazaro Cardenas intends to sign today a decree granting amnesty to all persons charged with revolutionary activities during the last 20 years, it was said today.

Roman Catholic clergymen, exiled from the country, including Archbishop Ruiz y Flores, papal delegates to Mexico, will be included in the decree.

The decree will represent a concession of major importance in the religious dispute.

Statistics reveal that consumption of flour in the United States has dropped considerably in the last 30 years. Let's see, wasn't it about that time they invented face powder?

Hunted for Quiz in Murder Case

When William Sweetzer, above, cashed a bad check he became the object of a police search for questioning in the murder of Howard Dickinson, New York attorney, mysteriously slain in Detroit. The taxi driver who received the check reported Sweetzer, also known as William Lee Ferris, had plotted a "party" with Dickinson.

STATE CONSTITUTION WILL GET A NEW FACE LIFTING AT THE POLLS AUGUST 24

AUSTIN.—Texas' much amended constitution goes up for another face-lifting at the polls August 24 with the old age pensions threatening to displace prohibition repeal as the most controversial issue.

Since its adoption in 1876, Texans have amended their constitution 74 times. Latest changes were in 1933. Last year eight amendments were defeated.

No. 1 on the list of seven proposed changes which Texans will decide is the old age benefit amendment, empowering the state legislature to provide \$15 monthly pensions to citizens in good standing who have reached 65 years of age.

Pensions promised to lure most voters to the polls, although early indications point to a small vote.

Texans have voted upon the liquor question numerous times since statehood, but the amendment adopted in 1919 making the state "dry" was the only prohibition proposal ever to carry a statewide election. Two years ago voters liberalized it, legalizing sale of 3.2 per cent wines and beer. They also ratified the 21st amendment to the national constitution.

Wet and dry forces organized early this summer, but popular enthusiasm is yet to be greatly stimulated.

Adoption of the amendment would return Texas to a local option status, with the "open saloon" forever barred. Legislators would define "open saloon."

Texans also will decide August 24 if seemingly insane persons may be committed to state hospitals for 90 days observation without trial.

An amendment to allow submission of emergency constitutional amendments at special sessions of the legislature also will be considered.

Another proposal is to allow judges to suspend sentences. Sentences now may be suspended only by the jury.

Another much-discussed subject to be voted upon is abandonment of a fee system of paying public officers.

Six other amendments will be up for a vote Nov. 3, 1935. Included are proposals to allow a state monopoly on hard liquor sales and to raise salaries of major state administrative officers. Under the

Mayor Breaks Desk Rapping For Order

DALLAS.—Mayor George Sergeant is now looking for a new sounding block to strike with his gavel.

During a recent heated session of the city plan commission, Mr. Sergeant banged so hard on marble top of his desk that it broken in several pieces.

LET US VACATION SAFER MAKE YOUR TRIP SAFER

BEFORE you start on your holiday trip, let us completely inspect your car. There is no charge for this service and it will assure you of a safer and more enjoyable trip.

For the convenience and safety of car owners Firestone has established more than 500 Auto Supply and Service Stores throughout the country, and thousands of Firestone Dealers are also equipped with complete Auto Supplies and complete Service Departments, to test and service your tires, brakes, batteries, spark plugs, in addition to power lubrication and crank case service.

AVOID THE DANGER OF BLOWOUTS

Firestone removes the danger of blowouts by preventing their main cause—internal friction and heat. This is accomplished by Gum-Dipping.

THERE ARE THREE QUESTIONS AND ANSWERS THAT WILL SOLVE YOUR PROBLEM OF WHAT TIRES TO BUY:

1 "Will the tread give me the greatest traction and protection against skidding?"

—Recent tests by a leading University show that Firestone High Speed Non-Skid Tires stop a car 15% quicker than any other of the leading makes.

For eight consecutive years Firestone Tires have been on the winning car in the dangerous Pike's Peak Race where a skid means death.

2 "Are they blowout-proof?"
—Firestone Gum-Dipped Tires have the most amazing records for being blowout-proof of any tires ever built. In the gruelling 500-Mile Race at Indianapolis, May 30th, every one of the 33 cars was equipped with Firestone Gum-Dipped Tires. Not one of the 33 drivers had tire trouble of any kind.

At Jenkins drove his 5,000 pound car on Firestone Gum-Dipped Tires over the hot salt beds of Utah, 3,000 miles, averaging 127.2 miles per hour, with temperatures as high as 120°, without tire trouble of any kind.

3 "Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

—Firestone High Speed Tires not only give you more than 50% longer wear, but also lowest cost per mile. In fact, unequalled mileage records of thousands of car owners add undisputed evidence of the longer wear and greater economy of Firestone High Speed Tires.

Equip your car with a set of Firestone Gum-Dipped Non-Skid Tires, the safest tires ever built and avoid the dangers of skidding and blowouts.

be controlled by the motorist. The second part is given over to economies which can be secured at no cost at reputable service stations or dealers, such as Gulf's stations. And the third section consists of savings which can be obtained through enlisting the help of competent garage mechanics.

To announce this new booklet, "15 Ways to Save Gasoline Money," to the motoring public, the Gulf Refining company has undertaken an advertising campaign which is outstanding in many ways, including the number of newspaper to be used. More than 1,200 newspapers from Maine to Texas, the largest journalistic army in the modern history of petroleum advertising, will be employed. The offer of the free booklet to any motorist who will drive into Gulf's 40,000 dealers is allied with an interesting "sporting offer" to car owners.

Rabbit Drives Are Renewed at Dalhart

DALHART, Texas.—Rabbit drives, which were discontinued during the drought, have been resumed.

The posts were allowed to run unmolested during the drought because many families depended upon them for food.

Now, however, they have become so thick that several drives have been organized in efforts to exterminate them.
