## ANOTHER BIG MINE EXPLOSION OCCURS

### MOUNT KIMBIA COLLIERY AT WOLLONGONG THE SCENE OF THE LATEST DISASTER.

## SIXTY-SEVEN BODIES RECOVERED

### Half as Many More Are Yet in the Mine After-Damp Makes the Work of Rescue Perilous Buildings at Mouth of Pit Wrecked—Timbers Set on Fire by Explosion—Advices From Sydney and Melbourne

Sydney, N. S. W., Aug. 1.—An explosion resulting in heavy loss of life has occurred at the Mount Kimbia colliery at Wollongong, a port 100 miles from here. Twenty-seven bodies have been recovered.

The buildings at the mouth of the pit were wrecked. One hundred and forty-nine miners were rescued, but 100 were still entombed. It is feared their rescue is hopeless. A portion of the colliery is on fire.

#### Sixty-Seven Bodies Recovered

At Sydney, Victoria, Aug. 1.—So far 67 bodies have been recovered from Mount Kimbia colliery at Wollongong where an explosion occurred yesterday. The work of rescue is much hampered by after-damp in the mine.

#### STATEMENT BY THE PRESIDENT

Mr. Mitchell Claims Shenandoah Riot Reports Were Exaggerated

Wilkes-Barre, Pa., Aug. 1.—President Mitchell of the Mine Workers has issued the following statement: "Complete and authentic reports furnished by the national officers of our organization located at Shenandoah show that the reports of the riot at Shenandoah were greatly exaggerated and the facts much distorted. It develops that no one was killed or fatally injured. That the entire trouble might have been avoided had the deputies kept cool and used greater discretion. While I greatly deplore acts of lawlessness by any one, particularly by those on a strike, I am naturally pleased to learn that the trouble was not as serious as first reported."

### THE LARGEST IN THE WORLD

#### An Office Building on a Grand Scale Planned for New York

New York, Aug. 1.—The famous Building Green architect, the old Stevens building, probably will be demolished in the near future to make way for a \$3,000,000 office building planned to be the largest in the world.

Plans have been prepared and final negotiations are now being completed by William H. Miller, who owns the Stevens property. He will erect a 22-story structure on a plot which occupies the site of the old building. It covers the great Standard Oil building. The site is valued at \$200 a square foot for the Standard Oil, or \$1,000,000. The new building will be 100 feet high and will cover an area of 100,000 square feet. The construction cost will be \$3,000,000.

The greenway is one half of the plot adjoining the Standard Oil building, an equal square foot area. This is owned by the Manhattan Railway company, which is said to have paid \$1,000,000 to sell for a little under \$1,000,000 under certain conditions, which it is understood, will be met. The top floor of the new structure will be leased to a fashionable caterer. It will introduce an innovation for downtown office buildings in the form of private apartments. The rooms will occupy the entire ninth, tenth, and eleventh floors.

#### QUIET AT SHENANDOAH

Harrisburg, Pa., Aug. 1.—Governor Stone's general order placing troops on duty at Shenandoah was made public today by Adjutant General Stewart. Orders were also issued today by Major General Miller, formally placing General Gobin in command of the troops in the field. The governor's orders from the strike region are that everything is quiet and there are no signs of further trouble.

### CONTAGIOUS EYE DISEASES

#### A Full Fledged Epidemic Among Manhattan School Children

New York, Aug. 1.—Contagious eye diseases have reached the proportions of a full fledged epidemic among the school children of Manhattan, according to a report by Health Commissioner Lederle to the board of education. "A few weeks ago," said he, "in order to learn the extent of eye diseases in the schools of Manhattan, I appointed 12 specialists to go as far as they could in the fortnight of the school year then remaining. They examined 55,479 children in 36 schools, and learned that no less than 9679, or 12 per cent, exhibited contagious eye diseases. "Of these 2235 were of the severest type of trachoma necessitating almost immediate operation. In the opinion of the examiners all these children should be excluded from the schools to prevent further infection."

The commissioner asked that a room be set apart in each building suitable for medical examinations. To this the board agreed. Several of its members expressed an opinion, however, that the reports of the special examiners had been grossly exaggerated.

## FARMERS BROKE DOWN THE HEAD WATER GATE

### Colorado Farmers Resort to Mob Violence to Get Water to Save Their Crops—Human Nature Illustrated

Denver, Aug. 1.—Superintendent of Irrigation Armstrong has received a report from Commissioner Banning of water district No. 2 that 20 farmers, fully armed, marched to the head gate of Fulton ditch and breaking down the head gate allowed an immense amount of water to flow into the ditch, thus saving their crops.

When the gate keeper interfered with them they threatened him with death.

## EARTHQUAKE!

### Latest From Seismic Disturbances in California.

## PEOPLE STILL PANICKY

### THOSE WHO HAVE NOT ALREADY FLED FROM THEIR HOMES ARE PREPARED TO LEAVE

## SOME SERIOUS LANDSLIDES

### Stories of Havoc in the Hills Come from all Outlying Districts—The Earth's Surface Gives Out Sickening Heat

Los Alamos, Cal., Aug. 1.—Although no more severe earthquake shocks have been experienced here since 7.30 last night people are still panic-stricken. Many of those who have not already fled from their homes are prepared to leave in case the disturbances continue.

Parties from Lompere and outlying districts have reached Los Alamos with stories of havoc in the hills. A great landslide carrying down hundreds of tons of earth occurred near Hoover ranch. The road from Lompere is buried 50 feet as far as the eye can reach from this grade to that and there are spots on the mountainside indicating where huge boulders were sent thundering down into the valleys.

A mountain farmer reports a destructive landslide in Drum canyon. The face of the hills discharged noises which he describes as the most terrifying sounds he ever heard.

Oil wells around the town of Los Alamos seem not to have suffered since the beginning of the earthquake shocks the temperature has been most oppressive as much heat, apparently coming from the earth as from the sun which for the most part of the time, has been shining brightly.

Los Alamos is a town of about 600 inhabitants in Santa Barbara county.

## MARKET CONDITIONS IN THE IRON TRADE

### The Iron Trade in its Weekly Review Notes a Very Satisfactory State of Affairs—Large Tonnage on Order Books

Cleveland, O., Aug. 1.—The Iron Trade Review, discussing market conditions in its current issue, says:

July has put a very large tonnage on the order books of furnaces of the mills and has done much to determine the position of the market in the first half of 1902. The past week, while not so active in some centers as the preceding one, has revealed a very general interest among buyers of foundry iron in the possibilities if the transfers and second quarters of next year. This is prompted in part by the embarrassment of some consumers who have needed iron for immediate use and have not been able to get it. Less is heard about the arrears of deliveries of iron to steel workers than of the troubles of foundries, but it is already evident that there will be a great shortage on Bessemer and basic iron, particularly the former, contracted for by large works to be delivered this year.

Some steel plants are now making smaller outputs than usual because iron cannot be had as needed and in the Pittsburgh district several finishing plants have had to suspend because of the shortage of iron.

### CURACAO, HEADQUARTERS OF VENEZUELAN REVOLUTIONISTS.

Curacao is just now very much in the public eye by reason of the fact that it is the headquarters of the Venezuelan revolutionists, who appear to be in a fair way to overturn the government of President Castro. Curacao has a small but excellent harbor well protected from the tropical gales and is admirably adapted to the uses to which it is just now being put.

## A LARGE DEAL

Purchase of the Chicago and Eastern Illinois

## SOUTHERN SYSTEM

THE FRISCO ACQUIRES A LINE SEVERAL HUNDRED MILES DISTANT FROM IT

## AN ENTRANCE INTO CHICAGO

That Is Believed to be the Object Aimed at—President Yoakum Talks—Talk of Illinois Central Control

New York, Aug. 1.—President Yoakum of the St. Louis and San Francisco railroad has confirmed to his intimate friends, says the Herald, the purchase, by his line of the Chicago and Eastern Illinois.

Nothing bearing an official stamp, however has been said as to the reasons for the acquisition of the property. The two roads do not connect at any point, and according to practical railroad men several hundred miles of construction will have to be carried out before the big southwestern system will be able to reap the advantages which the Chicago and Eastern Illinois road can supply in the way of an entrance into Chicago.

When President Yoakum was seen at the Waldorf he refused to discuss the terms of the purchase and would neither confirm nor deny a report that the Illinois Central had practically concluded arrangements for the acquisition or lease of his system. "I am not ready to talk yet" he said.

"When questioned as to the reasons for the acquisition of the Chicago and Eastern Illinois, when his road is several hundred miles away from any point of connection he laughed and said 'Strange things happen don't they?'"

Of the terms by which the Eastern Illinois stock will be acquired by the "Frisco," the Herald attributes to a director of the first mentioned a statement that there had been no lease of the Eastern Illinois but an actual sale. Each shareholder of the road will, he said, receive for 100 shares of common stock \$25,000 in new four per cent collateral trust bonds of the Frisco and which will be a direct obligation against it, standing ahead of all its stock. The terms upon which the preferred stock of the Chicago and Eastern Illinois will be exchanged are not announced.

In well informed banking circles the information was quietly given, concludes the Herald, that the Illinois Central either will become the owner of the "Frisco" as a result of the present deal or will lease that property as a counter move against the aggressions of other interests in the south.

Redmond and Other Irish Nationalist Leaders call on the Colonel and Condone With Him—He Represented Leading American Magazines

London, Aug. 1.—Col. Arthur Lynch, the national member of parliament, who is accused of high treason during the Boer war, was taken to Bow street police court today.

Before court committed him for trial Colonel Lynch made a long statement in which he said he had gone to South Africa under contract with the Paris Journal and had not expected to stay more than two months. He had arranged to serve the Century Magazine, Collier's Weekly and several other American publications. He denied he saw Dr. Leyds, the Boer agent, before starting and declared he had no mission from Leyds to the Transvaal.

New York, Aug. 1.—In the list of decorations and presents given to Americans by the German emperor as a recognition of courtesies shown Prince Henry on his recent visit, the name of Mayor Low appears as the recipient of a portrait of the prince, while other mayors are decorated. This caused some surprise, but Mayor Low said, in explanation:

"I was very courteously asked if I would receive a decoration, and replied that I preferred not to have one."

## THE FLOODED AREA HAS SHIFTED AGAIN

Today the Scene of High Water Has Been Transferred to Northeastern Texas—Railroad Travel is Still Unsettled

Dallas, Aug. 1.—At noon today the flood had shifted to north and eastern Texas where small tributaries were causing Grand Saline river in the bottoms to go on a rampage. At Kilbuck, the Texas and Pacific tracks were washed out and the water is high. There is still some trouble on the Texas Midland east of Dallas in the Pecos valley west and on the Aransas Pass road in the southwest, but other roads are running regularly.

## A TAILORS' STRIKE ENDED

Ten Thousand Men to Resume Work in New York

New York, Aug. 1.—Ten thousand striking East Side tailors will return to work today as a result of a verbal settlement reached between employers in the New York clothing trade association and the Garment Workers' Trade council. Non-association manufacturers to the number of 135 have made settlements with the strikers and signed agreements. The association manufacturers, however, have refused to sign any agreement.

## WORK ON THE CANAL

TREATY WITH COLOMBIA FOR RIGHT OF WAY NEARLY READY.

United States Will Have Complete Control of Six Mile Zone—Compensation For Colombia—Provisions of the Treaty.

President Roosevelt seems to have wasted no time in starting negotiations to carry out the terms of the isthmian canal law, with the result that the treaty is practically completed. The Colombian congress will probably meet in October to ratify the treaty.

Attorney General Knox assigned Assistant District Attorney General Russell to clear up the legal features of the transfer. The exact status of the new and the old canal companies must be ascertained, and Mr. Russell has authority to visit Paris in making his researches.

Secretary Hay and Minister Concha of Colombia have been negotiating the necessary treaty between this country and the Central American state.

It is the expectation that the treaty now in process of negotiation with Colombia will be one of the most comprehensive and important international documents ever issued from the state department. Every possible contingency that may arise in the future will be guarded against so far as that is possible and especially with regard to the rights and interests of the United States.

The protocol signed last winter governed Secretary Hay and Minister Concha to a large extent in the drafting of a treaty. The amount to be paid Colombia for her relinquishment of exclusive rights to the United States will be \$7,000,000 in gold, payable on the exchange of ratification of the treaty.

In addition Colombia is to receive an annuity at the end of fourteen years, to be determined by mutual agreement at that time. This annuity is expected to be \$600,000 a year, as the immediate payment of \$7,000,000 covering the period of the next fourteen years is considered a basis for placing the annual rental at \$600,000.

The territory through which the canal will pass and which will be ceded in perpetuity to the United States will be absolutely under the control of this government, although to avoid possibility of local trouble it is likely that there will be no specific expression of conveyance of "sovereignty."

The treaty, in all probability, will not only authorize the Panama company to convey to the United States all its holdings on the isthmus, including the railroad, but will contain a positive provision insuring exclusive privileges to the United States of con-

PANAMA CANAL, EMPERADOR CUTTING.

structing and operating an isthmian canal. The United States will also be given the right to protect the canal, which right will enable it to erect fortifications and, of course, to garrison the defensive works with American soldiers. The right to protect the property will give the United States the right to defend it even against troops of Colombia in the event of a revolution in that country.

Sanitary and police regulations will be enforced by a joint commission appointed by both governments. The United States will be asked to construct and maintain at each terminus of the canal a port for vessels, with lighthouses and other aids to navigation, breakwaters, dikes, jetties, coal-stations, docks and other appropriate works, all the expense therefor to be borne by this country.

In addition to this the United States is to maintain drainage and sanitary works and construct hospitals along the canal, while aqueduct and drainage works are to be erected in Panama and Colon. The cost of providing this water supply, however, is not to fall upon the United States without compensation, inasmuch as water rents are allowed to be collected by the United States, provided they meet the approval of Colombia.

In transferring the rights of Colombia to the United States there will be a transfer of such jurisdiction over the six mile zone as will permit the exercise of complete American authority.

Assistant Attorney General Russell is being assisted by Rear Admiral Walker, chairman of the isthmian canal commission, and by ex-Senator Pascoe, also a member of the commission.

## MR. BRYAN'S MOVEMENTS

New Haven, Conn., Aug. 1.—William J. Bryan left New Haven today for New York.

## FARMER DALE'S MISTAKE

(Original.)

I was on a wheeling tour and stopped for supper and all night at a forlorn looking farmhouse. I was surprised to see no woman about, all the work being done by the owner of the place, Ezra Dale. After supper I lighted a pipe and sat on the porch smoking. Dale came and sat beside me. "You have finished your evening chores early," I said. "When my wife is without a servant, she never gets the dishes washed before 9 o'clock."

"Waal, ye see, I don't do it that a-way. I wash dishes once a week. Then I put 'em all on ter the wagon, drive 'em inter the creek, take a mop, an' when I get through they shine like pewter."

"Don't you think a wife would be handy? She could do your mending." "Don't need no wife. I got needles an' thread an' buttons. There's my kit." And he handed me a case containing the articles mentioned and no more.

"Where's your thimble?" I asked. "Don't need no thimble. I tried one once an' couldn't use it. It's handier to git the head of the needle ag'in the wall an' drive it through that a-way."

"Did you never have a love affair?" "Yes, once. It was when I was a young feller—very young an' very green. I used to look on a gal as a heathen would look on a sacred image. There was a little one livin' across the creek, Farmer Owens' daughter Daisy. Purty? Ye bet, an' gentle as a kitten. She tuk a shine to me. I was a fair lookin' young feller then, straight an' slim an' light on my feet. One evenin' I was a-passin' Farmer Owens', and Daisy come runnin' out with her finger a-bleedin' an' asked me ter tie it up fur her. I had ter git her arm under mine somehow an' hold on ter her hand an' wrap the linen strip an' wind the string an' a lot of things all at the same time. While I was a-doin' of it her hair got ag'in my cheek, an'—waal, I lost my head an' 'turnin', put an arm around her an' kissed her."

"Do ye know, stranger, I've since made up my mind she done it all a-purpose. I b'lieve she cut her finger intentionally. I tell ye, women folks is tricky."

"I think that was a very nice feminine way of catching your attention," I remarked. "Go on."

"That's just what I did do. I went on from day ter day, week ter week, till it seemed ter me if anything happened between me an' that gal I'd collapse. Somethin' did happen. Farmer Owens' tuk a farm han' fur the hayin', an' what did Daisy do but take him out in her buggy that her father bought fur her at Christmas an' drive right by that house a-purpose ter show him off ter me. I tell ye, stranger, she had the wickedest eye in her eye ever see."

"Another feminine trait," I observed. "Miss Daisy was evidently a woman." "She was a woman, stranger, an' the worst kind of a one." Dale went on lugubriously. "She broke me all up. I jist rented this farm an' went away. I didn't come back fur ten years. Then I made up my mind that women folks wasn't wuth worryin' about, an' I tuk my farm ag'in an' began ter work it. The first time I went by Farmer Owens' Daisy come out—she had grown ter be a fine lookin' young woman of twenty-six—an' what do ye suppose she did?"

"I can't imagine." "Asked me if I wouldn't tie up a cut finger. She had the same wicked look in her eye she had when she drove that lopsided farm han' by my house ten years afore. Women is the persistent critters I ever see. I jist squared off an' said: 'Ye don't git me that a-way ag'in. Ye done it once, an' that's enough.' But, do ye know, stranger, she was so slick about it that in five minutes I had my arm about her an' she was a-restin' her head on my shoulder. She was a-cryin', too—cryn' crocodile tears, no doubt."

"Waal, we was engaged, but it didn't las' long. The question come up as ter whether we'd be married by a justice or a parson. I don't like parsons myself, an' I wanted a justice. Daisy wanted a parson, an' she was so blame set about it that I reckoned if she was

as obstinate about a small matter like that she'd be wantin' ter run the farm, so I called the thing off, an' I've been livin' alone here ever since."

"Mr. Dale," I said, "you have mistaken natural feminine traits for general cussedness."

# WANT A HOME PRESIDENT

### BOARD OF TRADE DIRECTORY AT MEETING YESTERDAY BALK ON OUT-OF-TOWN OFFICIALS

# SUGGEST RESIGNATION

### Communication from Vice-President Covering Important Matters. Walter T. Maddox Named to act as Secretary Until Paddock's Return

A number of the directory of the Fort Worth board of trade held a special meeting yesterday afternoon for the purpose of giving consideration to a number of important matters pending. There had not been a meeting held for some weeks, owing to the absence of President Paul Waples and Secretary B. B. Paddock. Those present at yesterday's meeting were acting Secretary Walter T. Maddox, Judge W. E. Booth, Joe A. Starling, John C. Phelan, J. W. Spencer and W. B. Harrison.

The first matter to be considered was a proposition from W. R. Booth, seconded by Joe A. Starling, instructing the secretary to address a letter to President Paul Waples suggesting the propriety of tendering his (Waples') resignation, inasmuch as it was understood he was now a citizen of Dallas. Some discussion followed, and the motion prevailed.

Another suggestion was acted upon, that of making Colonel Walter T. Maddox secretary to serve during Secretary Paddock's absence, without pay. The Vice-President, Dr. James L. Cooper, presided, and the secretary read the following communication over Dr. Cooper's signature:

"Fort Worth, Tex., July 31, 1902.

"To the Directors of the Fort Worth Board of Trade:

"Gentlemen:—In the absence of your president and acting in his capacity and in connection with this meeting, I beg to most respectfully call your attention to the following matters which are, I believe, deserving the attention of your honorable body:

"A communication has been received by this body requesting that our program of delegates be appointed to attend a meeting of the Trans-Mississippi congress which convenes in St. Paul, Minn., on August 22-26. When we recall the splendid work that this congress has done in the past for the South and West, a review of the prospects for the coming meeting will convince any one of the importance of all the subjects that will be brought before that body. Fearing that your directory might not have a meeting soon I beg to report to you that I have appointed Messrs. Arthur Goetz, Ben O. Smith, E. H. Keller and A. N. Evans as delegates. I hope this action of mine will meet with your approval.

"There will be presented to you at this meeting a communication from the Tarrant County Citizen and Live-Stock Reporter, together with a letter from parties in Wilkesbarre, Pa. This has been turned over to the board of trade for reply and I regret to say that this body has no character of literature or compiled statistics that would be suitable in such cases. The demand for appropriate literature representing this body and the city must be of frequent occurrence, thus impressing upon you the necessity of providing such literature. Appropriate matter containing pertinent facts and figures and illustrations about Fort Worth and its surrounding section ought to be kept constantly on hand by this body. I would recommend that you have your secretary immediately prepare such literature.

"A certain portion of our patriotic and energetic citizenship are now making arrangements to conduct a street fair or some similar entertainment and will probably at this meeting address your body requesting your cooperation in the movement, to the end that the people from abroad may be brought to visit us, thus increasing all manner of business and securing for this city, at least for a time, reduced railroad rates.

"Any movement of such character that would redound to the best interests of the city should always be greeted with a prompt hearing and receive the earnest cooperation of this body. I therefore recommend that the communication be referred to some appropriate committee and they be instructed to act promptly on same.

"A year ago this body forwarded an invitation to the state stenographers' association then in session at Galveston, Texas, inviting them to hold their next meeting in Fort Worth. This invitation was accepted. The state secretary of the association will appear before you today, and will ask of you towards entertaining the association

favours, that I believe are moderate requests and should be complied with by this body."

Another matter referred to in Dr. Cooper's communication was the suggestion to invite the state Republican convention to meet in Fort Worth, which invitation had already been extended and accepted, however.

Mrs. Hope Harrison, secretary of the state stenographers' association, was present, and addressed the directors. The board was asked to arrange some manner of entertainment for delegates and visitors who are to be here August 8 and 9. A committee composed of Messrs. Spencer, Harrison and Maddox was appointed to arrange such program.

The Knights of Pythias' communication asking the board to aid in giving a street fair in Fort Worth next fall was turned over to the committee on entertainment, who will confer with the Knights and report back to the board.

A communication was read from the firm of Morris, Butt & Muller offering to establish a soap factory here. It was referred to the committee on manufacturing.

A letter from R. E. Burks offering to establish a bridge building plant here was read and filed.

In regard to the communication from Wilkesbarre, Pa., mentioned in Dr. Cooper's address, the board instructed its secretary to forward some literature. The vice-president was also instructed to appoint a committee of three to get up some plan for the issuing of a pamphlet by the board setting forth the advantages of Fort Worth. Messrs. Phelan, Harrison and Starling were appointed on the committee.

A letter was received from T. P. Martin in regard to the opening of 25,000 acres of land in Oklahoma territory for settlement. It was filed without action.

The board unanimously approved the application of J. B. Googins for membership.

Other minor matters were considered, and the board adjourned subject to call of the acting chairman.

**The Cuban Republic**

Conditions in Cuba have been much improved since the Americans took control of affairs, and since they are now free to manage their own affairs the question arises as to their ability to maintain self-government. The experiment will be watched with much interest. In this case it is a worthy experiment, but if you are sickly it is not advisable to experiment with any of the many so-called health restorers that have no merit. The only way to recover your health is to perfect the digestion, keep the bowels open and the blood pure. For this purpose you cannot find a better or more reliable medicine than Hostetter's Stomach Bitters. Try it for heartburn, belching, indigestion, dyspepsia, constipation, biliousness or malaria, fever and ague. It never fails to cure.

**SALE TO HOUSTON CANCELED**

Texas League Managers Decide Franchise Must Remain in Paris

At a meeting of the Texas league managers held in Dallas yesterday afternoon it was decided by unanimous vote that the franchise awarded to Paris at the opening of the season would remain there instead of going to Houston. President Ward, Managers Dawkins of Dallas, Sullivan of Fort Worth and Blair of Corsicana, were present. Manager Eisenfelder of Paris was not in attendance. A number of Paris people were on hand to talk for their town, and presented papers showing that the club was under contract to finish the season there.

Paris lost its place at the head of the percentage list by its defeat in Corsicana yesterday. Corsicana is now the leading team.

**FORT WORTH WON A GAME**

Defeated Dallas Yesterday by a Score of 9 to 7

Fort Worth started its winning gait in the league game with Dallas at that place yesterday afternoon and kept it until the ninth inning was finished. Heavy batting is said to have been responsible for the victory. The score: Fort Worth, 9; Dallas, 7.

**NEW BUILDING PLANNED**

The Hunter-Phelan Savings and Trust Company to Have New Home

John Bardon has secured the contract to erect a new home for the Hunter-Phelan Savings and Trust company on the northwest corner of Houston and Eighth streets. The plans were prepared by Architect S. B. Hazart. The building will be two stories high, of Bedford stone and granite, trimmed with fancy gray building brick. It is estimated the building will cost \$25,000. Excavating and other preliminaries are to be commenced at once, and Mr. Bardon will commence the work of construction in thirty days.

# TWO NEGRO MEN DO BOLD WORK

### HOLD UP A HOTEL NIGHT CLERK ON DUTY IN HEART OF THE CITY

### A Futile Attempt to Rob Money Drawer and Safe—One Held Clerk a Captive While the Other Rummaged—One Arrested Made

Two negroes last night made a bold attempt to rob the office of the Mansion hotel, in which they failed, but the hold-up was a success.

A young man named Joe Young is on duty as night clerk. He had an experience which he does not care to have repeated, and is not thoroughly over his fright to this hour. He tells the following story of the job:

"After midnight he usually gets the office in shape, and then rests upon a couch during the remainder of the night, but keeps awake, usually reading. He put things to rights and turned down last night as usual, and turned his back to the office safe and was watching a cat that was guarding a rat hole. Suddenly he was accosted by a big black negro who had stolen up to his back. The negro commanded silence, displaying a big knife. He could only glare at the negro and remain quiet. He heard a noise over behind the office counter and attempted to raise up, but the negro threateningly maneuvered the knife and insisted on quiet. Young complied. The negro over behind the counter tried the money drawer but it would not yield. He then tried the safe, but the day man had left it locked. After rummaging around for a few minutes the negro gave up his search, and with an oath, commanded the negro with the knife to "come on." The two departed by the Fourth street entrance, making their escape.

Young at once set about in a very excited manner to see if anything was missing, but so far has missed nothing of importance.

He claims the negroes could not have entered by the front way without discovery, nor by the rear, for everything was securely locked, save the toilet rooms and a storage room, the outer door of the latter being locked, but the door leading into the office was ajar. He thinks the negroes secreted themselves in there early in the evening and awaited an opportunity. He recognized the negro who had the knife as a negro who for two weeks or more has been working at a nearby restaurant. The other negro he claims he would recognize on sight, but does not recall that he ever saw him before.

Smallwood & Anderson, Anderson & Smallwood.

**FOUR YEARS' WORK**

Rev. I. Z. T. Morris Tells of His Work in Providing for Children

Rev. I. Z. T. Morris, who finds children for homes and also finds homes for children, requests publication of the following:

This closes the fourth year of my work. Children have been rescued from over 60 counties in Texas, and over 400 homes have been made happy by this method, to say nothing of the benefit coming to the children. I hardly ever go into a county now but I see a bright face to greet me with "Thanks for the good home you found for me."

Institutional work is good so far as it goes, but it does not begin to compare with a Christian home. During this month (August) I want to have an anniversary at one of the leading churches, and have selected a prominent citizen of Fort Worth to make an address on Christian citizenship. Then I will make a detailed statement of my work for the last four years.

July has been a very busy month. More children have been reported and less funds been received than in any month this year, and our expenses a little more, so I will thank any person for help just now.

We have the beautiful girl babe who was left on the doorstep in Glenwood last week. Then a few weeks past a woman engaged board for a 12-month-old baby boy, and from all we can learn has left the city for good. I am very anxious to get a home for these little ones. They are both healthy children.

I have also two little Mexican children, a girl of 10 and a boy of 8. They are smart, good children. Why can not some good Christian seize upon this chance to do good? Take these children, educate them and let them go as missionaries to their people. I think this as good a way as to send a man to Mexico to do that work.

Let any one who will call me up, and I will take pleasure in opening this door of home missions for them. Call phone 908.

Mr. Morris tells of an experience with the placing of children orphaned by the Gollad statement. Some of the papers printed a statement that he would find homes for negro children as well as whites. Fifty-three applications came in for these children, three being from negro families. In every case the

request for children was accompanied by the condition that none under 12 years were wanted. Mr. Morris accepted this as evidence that these people were after children to work for them, and were looking out for their own interests rather than providing homes for orphans.

**Pure Cow's Milk,** made sterile and guarded against contamination, from beginning to baby's bottle, is the perfection of substitute feeding for infants. Borden's Eagle Brand Condensed Milk has stood first among infant foods for more than forty years.

**BRICK MASONS ARE WORKING**

Not Holding for Advance Price in Packing House District

Swift & Co., this morning put to work about thirty-five brick masons on the construction in North Fort Worth, and the contractors on Armour's works about thirty.

A statement was made in the district yesterday that the men were not holding out for a greater rate per hour than the contract calls for. A number of them were taken to Shreveport at an advance price, but \$52,000 taken had nothing to do with the scale paid in Fort Worth, so the leaders say.

Many persons in this community are suffering from kidney complaint who could avoid fatal results by using Foley's Kidney Cure. Sold by Reeves' Pharmacy, Ward's Pharmacy, Arlington Drug Co.

**ELECTION TOMORROW IN ARLINGTON PRECINCT**

To Vote on a Wet or Dry Proposition—Much Interest Manifested Over Probable Outcome

Complying with a recent order of the county commissioners there will be an election held tomorrow in the Arlington precinct, which includes the county voting boxes of Arlington, Johnson's station and Little's school house, to decide whether or not intoxicating liquors shall be sold in said precinct.

Quite a number of anti and pro will go out from Fort Worth to take part in influencing a result to their liking.

Foley's Kidney Cure is a medicine free from poisons and will cure any case of kidney disease that is not beyond the reach of medicine. Sold by Reeves' Pharmacy, Ward's Pharmacy, Arlington Drug Co.

**DAY IN THE COURTS**

County Court

Although the county court is not in session, Judge Harris puts in much of his time about the court house, and scarcely a day passes but that one or more pleas of guilty are heard. The last two are those of John McCarty, who pleaded guilty to simple assault, and was taxed \$5 and costs, and Jim Cummings, who pleaded guilty to aggravated assault. He was taxed \$25 and costs.

**Brought Over From Dallas**

Henry Clark was brought in from Dallas last night by Sheriff Clark's chief deputy, Eugene Brock. Clark is charged with having had in his possession a horse belonging to Murph. Cockrell, residing near Birdville, this county. The horse was stolen two weeks ago. Clark was arrested in Dallas by Chief Winfrey's men and was being held as a suspect. The horse is in Dallas, and Mr. Cockrell has gone over for it.

**Wanted in Ohio**

Danville, O., is an applicant for D. W. Gerhart, now in jail here, when the state of Texas is satisfied. Gerhart with another man was brought from Cleveland, O., to Fort Worth by Sheriff Clark two months ago, wanted here on forged charges. A letter has been received by County Attorney Lattimore from the cashier of a Danville, O., bank saying Gerhart is wanted there on a similar charge. He enclosed a photograph of the prisoner as an evidence of good faith.

# PLANS LAID IN FORT WORTH

### WARNING OF MEXICAN CENTRAL TRAIN ROBBERY GIVEN FROM HERE

### VISIT OF LEE SMITH

### Bill Taylor, Once a Bandit in Texas, Identified and Confessed His Part of the Crime. Story of the Death of Bud Newman

Plans to rob the Mexican Central railroad near the town of Bermejillo, in the state of Durango, Mexico, which were successfully carried out on the night of July 23, and \$52,000 taken from the express car are believed to have had their inception in Fort Worth. It is known that information went to the City of Mexico from a former railroad man in Fort Worth whose name is being withheld, telling of the contemplated hold-up, giving date and point of operation.

The authorities have found where the man in question early in June was in company with one Lee Smith, believed to be the same captured at Conchos Sunday night charged with the robbery. Smith has an alias, Roy Huder. The Fort Worth man and Smith left here soon after June 1 for Mexico, the former returning alone about July 4, and the following day is said to have moved with his family to Arkansas. He is not believed to have participated in any way.

Two of the Gang Are in Jail  
The railroad people say they believe the warning received under postmark of Fort Worth to have been a hoax, which accounts for no preparation to prevent the hold-up. The robbery was committed by three men, two of whom are in Mexican jails. The first arrest was that of West, who is none other than Bill Taylor with a Texas history, and confessed bandit in the Santa Fe robbery at Coleman, Tex., several years ago. He was taken Thursday last, and remained secure under the name of West until two days later when identified by Captain Dodge, chief operative for the Wells-Fargo Express company. It was like the greeting of old friends, as the latter had not seen Taylor since he made his third escape from the Coleman jail more than two years ago. When identified Taylor made a confession, giving the names of Lee Smith and a man named Parish as his accomplices, and "refunded" to the Fargo \$15,000, which he said was his part of the haul. Parish is an American and has not been apprehended.

**Bill Taylor Has a Record**

Taylor has a long record for train robbery, and being an all around bad man. He with "Black Jack" Ketchum, Bud Newman and another, stopped a Santa Fe train near Coleman, Junction several years ago and attempted to loot the express car. In the hold-up one of the train crew was killed. Taylor was arrested, made his escape, was recaptured and placed in jail. He escaped a second time and headed for the Rio Grande. In the meantime Newman turned state's evidence on the gang, securing his release, and knew he would be remembered for it by both Ketchum and Taylor. In order to settle matters, he armed himself and set out in quest of Taylor, intending to kill him on sight. The men met near Sonora, an old overland stage town in Sutton county. Taylor, who was traveling by easy stages, saw a horse coming and fortifying himself behind a large soulder lay in wait. Newman rode up and opened fire wounding Taylor, who returned a shot through Newman's heart. A posse following Newman captured Taylor and placed him in the Coleman jail again. He made a third escape, remaining free until a few days ago when taken for the Mexican Central job.

**Probably Taylors Last Job**

Ketchum, another of the Coleman gang, was arrested nearly two years ago for robbing a Fort Worth and Denver train and wounding Conductor Harrington. Ketchum was hanged in Clayton, N. M., a year ago last spring. Taylor after leaving Texas is said to have led a strenuous life in the republic, traveling between mining camps, gambling and robbing. About two weeks ago when an attempt was made to arrest him for killing a watchman at the San Luis mines he resisted and was shot. The odds are that Taylor has turned his last job. In Mexico the penalty for train robbery is death and he stands confessed.

# AN OLD SORE

### Will sour the sweetest disposition and transform the most even tempered, lovable nature into a cross-grained and irritable individual.

### If impatience or fault-finding are ever excusable it is when the body is tortured by an eating and painful sore. It is truly discouraging to find after months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever.

### Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the drugs of these diseases remain in the system; or, it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.

### The blood must be purified before the sore will fill up with healthy flesh and the skin regains its natural color. It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and keep it irritated and inflamed. S. S. S. will purify and irrigate the stagnant blood when all sediment or other hurtful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.

### S. S. S. is the only blood purifier that is guaranteed entirely vegetable. It builds up the blood and tones up the general system as no other medicine does. If you have a sore of any kind, write us and get the advice of experienced and skilled physicians for which no charge is made. Book on Blood and Skin Diseases free.

TRUST A MAN WHO KICKS A DOG

Trust the man who dogs trust. Have confidence in the man in whom little children intuitively have confidence.

A real man is he whose kindness is not a garment to be put on before his friends and superiors, and thrown aside in the presence of strange children and dogs. His goodness must be a part of himself. His kindness must pervade the very atmosphere about him, and reach out to every creature, not through any special effort, but because he takes a lively and a kindly interest not merely in himself, but in every living creature.

The man who wantonly kicks an offending dog to vent his feelings will be unfeeling and cruel to his wife when his temper happens to be ruffled.

The man who is unattractive and cruel to the weak and the dependent ones will be found usually to have two most unmanly traits. He is an overbearing tyrant to the weak, whom he feels no necessity for either fearing or courting, and he is a truckling sycophant to those above him, whose favor he seeks. Lacking the quality known as big-heartedness, generally unstable and self-seeking, he is not a man whom it is safe to "tie to."

A man who ill-treats a horse, kicks a dog or is boorish and repellent to children is an unsafe man for any gentry bred girl to marry. Though he may display all the outward polish and seeming of a gentleman, deep down within his nature he conceals enough narrow selfishness and cruelty and meanness to turn home into bedlam.

A gentleman is always a man who is gentle. Gentleness, exhibited not merely to her but to every created thing, is the most powerful and persuasive argument with woman. Someone says that a gentleman is solid mahogany. You may veneer rotten wood as beautifully as you please, the child and the dog will see beneath the veneer. The child will refuse to be

wheeled into making friends with such a man, and the dog will snap and growl in his presence. Let women take counsel of the growl of the dog and the distrust in the heart of the child when Mr. Blase Indifference sits in the parlor. An intelligent dog and an unspooled child read character instantly and correctly. You may trust their judgment.

Never trust a man whom a dog or a child won't trust.

Unkindness to a dog or a child is a great offense. The constant mental attitude of kindness to the helpless is the surest index to a big, wholesome, loving nature.

Recently at the depot in a hot valley town, a passenger from a little distance, witnessed an instance in point. As is usual in California towns, no provision had been made for supplying dogs with drinking places. A beautiful Irish setter, half frantic with thirst, was struggling vainly to climb up to the water basin of a stone fountain.

Half a dozen well-dressed young men stood about, laughing at the poor beast's unsuccessful efforts. A beautiful young woman, moved to pity, brought her traveling bag and placed it by the fountain so that the dog by standing on it might be able to reach the water. The intelligent setter stood on the portmanteau, but the basin was still just out of reach of his panting jaws.

Some of the cigarette-smoking dudes looked interested. Others nudged one another. A crowd began to collect. Then a sun-browned young tramp pushed his way to the fountain, threw down his blanket-roll and, picking up the red dog, held him high in his strong arms while the thirsty animal eagerly lapped up the cooling waters.

The young men stopped laughing. Two or three people clapped their hands. The tramp put the setter down, stroked the beast's head and picked up his bundle. The grateful animal pressed his wet muzzle into the wanderer's hand.

The young lady approached the tall tramp and laid her hand on his faded sleeve. Her glance swept the group of fashionable young men, and then rested on the flushed face of the tramp.

"Thank you," she said. "You are a gentleman."

Stone in the Bladder.

My son has suffered with stone in the bladder eight years. I have taken him to several watering places, also to Cincinnati, New York, Chicago and Nashville, where he was put under eminent physicians, with no improvement, on the contrary, it was gradually getting larger, until I lost all hope of getting him cured, when I was told of Smith's Sure Kidney Cure. I had him to try it, and to my surprise he began to improve at once, and he was cured with two bottles. His general health has improved wonderfully.

Blight of Texas Cities

(Beaumont Journal.) A Topkapi (Kas.) paper says that George Sharritt, clerk of the United States court in that city, has just returned from a visit to Houston, Tex., which place he says "is one of the pleasantest towns I have ever visited." Mr. Sharritt says, however, that the pleasant surroundings are marred to a very great extent by the looseness of the management of the city affairs that permits the numerous hold-ups and the promiscuous shooting scrapes. After reciting a number of such affairs Mr. Sharritt winds up by saying: "It is such affairs as these, which there seems no effort to prevent, that make it distasteful to live there."

We people who are accustomed to living in cities where discipline is lax, and where things are run wide open in direct violation of the law do not realize, or don't care, that this is the sentiment of almost every visitor who hails from a city where the laws are enforced. These things hurt us and retard our growth, but instead of trying to stop them we keep on inviting people to come and live with us. Houston is only one such place. Beaumont's skirts are not by any means clear, nor is Waco's, nor Fort Worth's, nor Dallas', nor San Antonio's; in fact there are none of our Texas cities that are not capable of improvement. We have enough of inducement to draw the whole world to us if our laws were enforced and our people law-abiding.

Mr. Sharritt is right in placing the blame on the city's bad management, for it rests altogether with the city officials. They don't do their duty and the result we know. Take Beaumont, for instance, with six or eight policemen to cope with the lawbreakers turned out by her 120 saloons and her many gambling houses. Can we expect anything but violations of the law, shooting scrapes, stabbings, etc.?

The Main Street Paving

To the editor of the Telegram: I wonder if it has occurred to the people of this city that it has within its limits one of the finest paved and most beautiful streets of any city in the United States. Main street should be the pride and glory of Fort Worth, and is a lasting monument to the wisdom and good judgment of the present city administration. Especial credit should be given to the city engineer, Mr. Hawley, for his efficient work in rearranging the grade of the entire street and requiring a high quality of product as well as a high class of workmanship in laying the brick. It gives every evidence of lasting durability, and the experience of those best acquainted with this charac-

ter of pavement would indicate that it will be a good street twenty years from today. The majority of the people of the city, no doubt, will be highly gratified to see the work so auspiciously commenced proceed until Houston street, Jennings avenue and all the cross streets are as well laid and handsome in appearance as Main street. Nothing could inspire greater confidence, nor could a greater inducement be offered to investors than seeing those streets conforming with Main street in the character of its paving.—Property Owner on Houston Street.

A CHANCE OF A LIFETIME

For Invalids to Get Cured Free of Charge by Calling on the British Doctors at the Dundee Building, Fifth and Houston Streets, Before August 28

A staff of eminent physicians and surgeons from the British Medical Institute have, at the urgent solicitation of a large number of patients under their care in this country, established a permanent branch of the Institute in this city, at Rooms 2 and 3, Dundee Building, corner of Seventh and Houston streets.

These eminent gentlemen have decided to give their services entirely free for three months (medicines excepted) to all invalids who call upon them for treatment between now and August 28. These services consist not only of consultation, examination and advice, but also of all minor surgical operations.

The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted, and under no conditions will any charge whatever be made for any services rendered for three months, to all who call before August 28.

The doctors treat all forms of disease and deformities, and guarantee a cure in every case they undertake. At the first interview a thorough examination is made, and, if incurable, you are frankly and kindly told so; also advised against spending your money for useless treatment.

Male and female weakness, catarrh, and catarrhal deafness, also varicocele, rupture, goitre, cancer, the morphia habit, all skin diseases, and all diseases of the rectum, are positively cured by their new treatment.

The chief associate surgeon of the Institute is in personal charge. Hours, 9 to 5; Sundays, 10 to 1.

SPECIAL NOTICE—If you can not call, send stamp for question blank for home treatment.

Notice to Taxpayers.

The City Assessor's books are now ready and the Board of Equalization will convene on Monday, June 23d, in the City Assessor's office in the City Hall and continue in session every day thereafter, excepting Sunday, from 10 to 12 o'clock in the forenoon and from 2 to 4 o'clock in the afternoon.

All owners of real estate are requested to bring descriptions of their property with them when coming to inquire values.

It is very important that all owners of real estate should appear before the Board of Equalization as a great many changes in values have been made since last year. Many improvements have been made since January, last, that may possibly appear on the tax rolls for this year and all mistakes of this or any other character will be corrected by the Board of Equalization on application of the owners.

Be sure and bring descriptions of your real estate with you.

G. H. DAY, City Tax Assessor and Collector.

His Sight Threatened

"While picnicking last month my 11-year-old boy was poisoned by some weed or plant," says W. H. Dibble, of Sioux City, Ia. "He rubbed the poison off his hands into his eyes and for awhile we were afraid he would lose his sight. Finally a neighbor recommended DeWitt's Witch Hazel Salve. The first application helped him and in a few days he was as well as ever." For skin diseases, cuts, burns, scalds, wounds, insect bites, DeWitt's Witch Hazel Salve is sure cure. Relieves piles at once. Beware of counterfeits. Smallwood & Anderson, Anderson & Smallwood.

A WORM KILLER.

J. A. J. Montgomery, Puxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c at H. T. Pangburn & Co.'s.

The Famous Shoe Store has been incorporated under the laws of Texas for a term of 50 years. Its original owner, Mr. A. J. Rogers of Arlington, Texas, Mr. W. R. Harris of Dallas, Texas, and Mr. W. E. McIlhenny of Fort Worth, Texas are the incorporators of the New Famous. The management remains as it has been since its establishment here.

A. J. ROGERS, President.  
W. E. McILHENNY,  
Vice-President and Manager.

**SATURDAY MORNING AT 9 O'CLOCK  
WE BEGIN OUR GIGANTIC**

# REORGANIZATION SALE!

IT LASTS UNTIL SATURDAY NIGHT, AT 10 O'CLOCK, AUGUST 16. This will be a history-making Shoe Sale; \$25,000 worth of as good Shoes as the best makers in America produce will be offered at prices never before dared to be made. This is not a sale to get you over-excited and cause you to buy without thinking. It is a stock-lowering sale of high-class Shoes, at prices unmatched. A sale for just cause; it is a first imperative order from the new owners of the New Famous. It is a sale in appropriate keeping with this store's proud record already made. It is a farewell sale of your old Famous. AN INTRODUCTORY SALE OF NEW AND BETTER FAMOUS. The store will be closed Friday afternoon to arrange stock for the REORGANIZATION SALE.

It seems that the people of Australia are thinking much more about their own affairs than about those that concern the empire at large. While this is perfectly natural, it is suggestive of future independence for Australia rather than of imperial federation.—Denver Republican.

**RAILWAY TIES.**

The failure of the high speed experiments on German railroads has been attributed to the lightness of the rail.

Trolley lines in the western states do a large freight business and carry milk and garden truck for the farmers.

Five hundred foot rails are in use on the Michigan Central railroad. The road has been experimenting with them for years, and other lines are watching the result with great interest.

The experimental underground electric railway of Paris, which, although but eight and three-quarters miles in length, handles 140,000 fares a day, has been so satisfactory that two important branches will be added to it during the current year.

IS EXPECTING NOTHING

Santa Fe System and Other Property Being Watched by the Moores, so Rumor Says, Is to Remain Independent and Free

the state is not as satisfactory, although a notice was given today that through connection would be established by night. The track is yet in a bad condition in the vicinity of Grand Saline. Another rain fell in and around Atlanta yesterday, causing a small washout at Lodi. A transfer of passengers and express was made and the train started west. It is expected here some time this afternoon.

Notice was given connections yesterday afternoon by the Texas and Pacific that the line west was open for all character of business.

Material for Dallas-Cleburne Road Ben P. McDonald, Jr., material agent of the new Dallas, Cleburne and Southwestern railroad, projected from Dallas to Cleburne was here last night. He says the company is receiving material in large quantities at Eagon, about half way between the two points.

FORT WORTH WAS AN EASY WINNER

State Republican Convention Secured Through Judge F. B. Stanley, Committee From This Senatorial District—Harmonious Gathering With Much Roosevelt Sentiment

Judge F. B. Stanley, member of the State Republican committee from this senatorial district, returned from Waco last night. It was through his efforts in presenting the board of trade's telegram yesterday that Fort Worth secured the state convention, September 9.

The sentiment of the committee during the morning was in favor of Galveston. Judge Stanley nominated Fort Worth and had it seconded by Green of Dallas, Hunt of Eastland, Hannay of Hempstead, McDaniel of Houston and Brown of Houston. Dwyer or Brennan presented Galveston, Wab Flannigan named Austin and C. M. Boynton nominated Waco. A telegram was before the committee from El Paso inviting the convention to go there, but was not considered. Fort Worth won easily.

"I look for a good attendance at the convention," said Judge Stanley to the Telegram this afternoon. "There will be a state chairman to elect and probably a national candidate to endorse. The Waco meeting was very harmonious, and there seemed to be much Roosevelt sentiment. As to state nominations there was some talk, but no state made."

Division Commander John M. Adams of the Sons addressed the Veteran association yesterday afternoon, and created much enthusiasm in outlining to them the work he proposed to do before the next reunion in the way of organizing new camps over the state. He asked the earnest cooperation of every Veteran camp in the state in this work, and received their promise to place him in touch with the most active Sons in their respective communities that he might at once take the matter of organization up with them. There are now sixty-eight camps of Sons enrolled. He modestly proposes to double this number in twelve months, and materially increase the membership of those already organized.

The Sons here, and in fact all over North Texas, are much elated that the next annual reunion will be held so close to them, Sherman having been selected.

Judge R. E. Beckham of the veteran camp, and a member of the committee appointed by Major-General Van Zandt to investigate the affairs of the State Confederate Home at Austin, has returned from Dallas. Readers of the Telegram have been apprised of the action taken with reference to that committee's report, and the discourtesy shown Judge Beckham when he attempted to speak to the report yesterday afternoon, when the effort was made to withdraw it after it had been approved the day before. Judge Beckham is feeling none too good over the action, and is emphatic in his denunciation of said action, brought about by the friends of Capt. King, superintendent of the home. The association at the first day's session, after two hours of heated debate, approved the report. Following this a resolution prevailed to appoint a special committee of five to act with the legislative committee in framing rules and regulations for the home, and to be submitted to the legislature. This committee was given until the morning of the second day to report. It was then, on the morning of the second day that the trouble arose, which resulted in such contrary action to that what the Confederate Veterans of the state had been fighting for. Judge Beckham declares that the committee, acting under authority, went to Austin and found at the home, especially with reference to one case in point, most damning evidence of neglect, a case that makes a blot on the state's good name, on the institution and its management which time cannot obliterate. With reference to another case in point, there was he says, nothing to report. The committee went there he says and put in three days in the investigation, at its own expense. Major Van Zandt paid a stenographer, but \$295 for an official report. He has these records, but after obtaining the floor and attempting to speak to this report, debate was shut off by what he claims to have been an unwarranted withdrawal of the report, which action was influenced by the special committee appointed at the first day's session, and he was not permitted to read one line of the report because of such withdrawal, leaving nothing before the house on the proposition.

The judge, whom every one knows to be conservative, a man who weighs every word uttered or action, declares that for once he is loaded with bottled-up indignation, and declares that it was the expectation of those soliciting the investigation on the part of Major General Van Zandt to have the Home matter "whitewashed." When the report failed in this, the brush was applied in the session, but this, he says, does not wipe out the evil.

SMALL GRIST TODAY IN THE LEGAL MILLS

One Habeas Corpus Hearing in Seventeenth District Court—Three Dismissals in Justices' Courts

Aaron Williams, who claims his right name is Jesse Miller, was given a habeas corpus hearing before District Judge Smith today. He is charged with burglary, and pleaded he was unlawfully restrained from his liberty. He was removed to jail. There was no other business in the courts of general interest aside from the justice courts proceedings. There were three acquittals in the two justices' courts.

Upon examination before Justice Terrell this morning, Maurice Smith was declared not guilty of a charge upon which he was arrested. Professor Shirling was also declared not guilty of using abusive language. A man named McCracken was given an examination before Justice Mullins on a charge of theft, and was acquitted.

COLONEL WATTERSON SPENT A QUIET DAY

Would not Give an Expression on Politics—He Is Much Fatigued From Long Journey and Last Night's Work

Colonel Henry Watterson returned this morning from Waxahachie where he addressed the Chautauqua last night. There were between 4000 and 5000 in the audience. "I have nothing to say," said the colonel to the Telegram at the World this afternoon. "I am a tired man. After traveling from San Francisco, where I spent my vacation, to Fort Worth, which was fatiguing enough, I lectured in Waxahachie last night, and was up early this morning to take the train back here. That in itself makes me weary."

Colonel and Mrs. Watterson leave tonight for Louisville by the way of Kansas City. All attempts to draw the colonel into an interview regarding politics proved fruitless. He requested to be let alone, assuring that if the situation justified a statement he would readily give it. He spent a quiet day in his hotel, resting for the night trip.
