SHOOTIN' STRAIGHT

(By De WITT LAMB)

Yep, war is heck!

Somebody has aptly said you can take a Texan out of Texas, but you can't take the Texas out of a Texan.

Which reminds us of the Texan who went to the West Coast and later wrote back that California never would amount to anything because it was too far from Texas.

The Dallas News says we can't get back to horse and buggy days in a year or two, but we can sure be on the rim in less time than that.

Out of our little home town of Normangee, in east Texas, Leon county, comes one of the truly great heroes of the current war. Oscar Chappell, able seaman on a torpedoed tanker, gave his fellow crewmen their one chance to live by sacrificing his own life. His ship was afire and surrounded by blazing oil. He held it into the wind and held it there until the flames turned away from his escaping comrades, brought death to him. It is one of those deeds to be remembered for centuries. When Texas honors her soldiers and sailors of World War II, the name of Oscar Chappell should have its place among those to whom tribute is paid for giving "the last full measure of devotion."

Boyce House passes this one along from the Sanger Courier:

A child is born; the doctor gets \$25, and the editor gets 0.

The child is christened and the minister gets \$5; the editor 0.

When it marries, the minister gets \$10 and a piece of the cake and the editor gets 0.

Later it dies; the doctor gets \$100, the funeral director \$50; the editor publishes a good story, a two-column-long obituary, lodge and society resolutions, a poem, and a card of thanks, and gets 00.

No wonder the editor dies rich.

Food prices are up 20 per cent over this date last year. Profiteering, such as we had in the last war, has had no part in the rise. Our government, which ought to know more about it than anyone else, explains it this way, and in explaining it has invoked the most drastic war-time regulation of all for civilians—retail price ceilings. There is more money in the hands of the buyers of food than there are food products. This means inflation, it means the civilian wage earner who has been making \$100 a week and more—and millions of them have—has got the money to bid for needed food items while the dependents of soldier boys in the service—and there are millions of them, too—are more or less helpless, on \$21 a month, to bid for needed food and health against the \$100 a week civilian worker. The same thing happens in a boom town with rents when the houses fill up and prospective tenants begin riding around bidding for places to live. The landlords' net always are to blame. We know, because we've had houses bid out from under us. While our government has scared the daylight out of some of our puny grocermen, and a few are tearing their hair and wailing bankruptcy and ruin instead of dressing their windows and buying more advertising space, we think the plan will work out all right—even for the grocer—and obviously it will take more than grocery stores to win this war. We believe our government has licked inflation, at least before epidemics of breadlines, soup kitchens, and perhaps riots come to plague our people, including the food store. We certainly don't think our government anticipates, or will permit, the threat of ruin to demoralize the retail grocery industry which has cooperated so beautifully, and we think successfully, so far during the war emergency. We don't even see the situation as a gloomy one—except for the poor devil who can't be because of low pay, buy enough food for his dependents—and neither the government nor the grocerman ever has been able to do much for him.

State Leaders Team Up For U. S. Navy Relief Campaign

Governor Coke Stevenson has proclaimed the week of Sunday, April 19th, as Navy Appreciation Week for Texas. The week will be devoted to an intensive drive in every county in the state to raise funds for the Navy Relief Society to care for the dependents of men serving on the firing line with the U. S. Navy, Marine Corps and Coast Guard. Texas is asked to give \$210,000 as its share of the \$5,000,000 national quota. Attorney General Gerald C. Mann (center) is state chairman for the campaign. Seated beside the governor as he signs the proclamation is Capt. H. W. Underwood, commandant Naval R.O.T.C. at the University of Texas. Navy men standing with Chairman Gerald C. Mann are (left) Petty Officer Lloyd Bahr and Chief Petty Officer E. H. Grill of Austin.

LIONS TO FETE THEIR LADIES

Dimmitt Lions and their ladies will dine and frolic together in a joint program the club is planning within about two or three weeks, or as soon as graduation season is over. The club voted for the affair Tuesday, but set no date. President T. A. Singer turned arrangements over to the chairman of the program committee, who at this time is Monroe May.

Methodist women served the members fried chicken and hot, fluffy biscuits. The men did an unusual amount of singing. Lion May leading the crowd, and faithful Mrs. Carlos Tucker assisting at the piano.

John Tate reported for the committee which had charge of the meeting in Sunnyside last Friday night.

Attending the Sunnyside meet were Lions Singer, Tate, Lewis, Harrison, McCollum, and M. U. May. Others attending, some of whom appeared on the program, were Claude Farley, Miss Helen Estes, Mrs. Mignon Frazier, Mrs. Carlos Reynolds, Mrs. John S. Horner, Mr. and Mrs. Barber Eubanks, Harlan Redwine, Horace Trainer, Miss Hazel Merritt, and a number of Dimmitt Boy and Girl Scouts, all of whom joined in helping with the entertainment program.

J. H. Wagley, farmer and stockman of the Sunnyside community, welcomed the Dimmitt visitors as local chairman. Everyone said the meeting was helpful and most enjoyable.

HD Club Women Meet, North Edge

The North Edge Home Demonstration Club met April 16, in the home of Mrs. Paul Howell, and with 10 members present.

Roll call was answered by each member, with a dessert made a day in advance.

Miss Ava Grindstaff, county home demonstration agent, gave a very interesting demonstration on gelatin salads and a suggested variety of food sandwiches.

Refreshments were served and the club adjourned to May 7, next meeting date. Next meeting will be at the home of Mrs. Raymond Hance.

From last week's Tullia Herald. We took a trip into the country Sunday and I never have seen wheat look as grand as it does at this time. They say we don't need any more moisture to make a bumper crop, and with less sand storms this year than ever before, everyone should be in good spirits.

CLUB WOMEN MAKE APPEAL

Home Demonstration Club Women of Castro County met with the Commissioners Court, with the following reasons presented to prove the real worth of home demonstration work:

Mr. Claude Mixon told the commissioners that the calls for whole wheat flour and whole wheat products had tripled after home demonstration club whole wheat demonstrations last year. Mr. Mixon also said that sales of garden seeds to date this year already have passed the quantity sold all during the year of 1941. Extension Service is sponsoring "Gardens for Victory" this year.

Mrs. Elmer Caudill told the court that she could tell home demonstration club people by their careful selection of merchandise. "Club women," said Mrs. Caudill, "know what they want in quality and suitability, and do not buy merchandise unsuited to their needs."

Mrs. L. A. Hudson told the court how worthwhile girls' 4-H club work is. Mrs. Hudson, a former 4-H girl, said prizes she won in 4-H work enabled her to go to college. Otherwise, she said, she probably would not have gone.

Mrs. Alfred Grant, who is Dimmitt Junior 4-H club sponsor, told the court that without a home demonstration agent's services, the 35 junior girls whom she sponsors could no longer participate in 4-H club work.

"Hidden Hunger" is not found only in homes that do not have plenty, but also is found in homes of people who have everything, but do not understand the value of proper nutrition, said Mrs. Howard Scoggin.

"In no way will the discontinuance of the home demonstration appropriation help in the war," said Mrs. Sawnie Carroll, who, while in Amarillo last week, went to the City Library and read the Smith-Hughes act, under which demonstration work is carried on. Twenty counties in Texas are waiting for the aid of the federal appropriation to begin home demonstration work. One of these 20 counties will be given the appropriation formerly allotted to Castro county.

Mrs. Willis Hawkins told the court there are many persons whose only form of recreation is their association with friends in home demonstration club work. "There are persons who express themselves in club work who never would find a place to air most worthwhile ideas outside these clubs," Mrs. Hawkins said.

Mrs. Hubert Maple brought out the fact that the county appropriation would cost farm families only six and one-half cents a month, and for this small amount per capita an agent can be maintained. She figured the cost for each taxpayer in the county is 27 cents a year.

The following persons were present:

Mrs. W. A. Hawkins, Mrs. T. R. Davis, and Mrs. Hubert Maples, Hart;

Mrs. Alfred Grant, Mrs. Edna Ray, Mrs. George Shepard, Mrs. Frank Shepard, Mrs. Edgar Noble, and Mrs. Dave Shepard, North Edge;

Mrs. Melton Lile, Mrs. Labon Galloway, Mrs. Sawnie Carroll, Mrs. Howard Scoggin, Mrs. Barber Eubanks, Mrs. L. A. Hudson, Mrs. Ray Cowser, and Miss Hazel Merritt, Midway;

Mrs. Lon Woodburn, and Mrs. B. J. Brannan, Westside;

Also B. J. Brannan, Barber Eubanks, Claude Mixon, E. S. Parks, Mr. Moore, and Mrs. Elmer Caudill.

Blanton to Make Commission Race

Another candidate for political office in Castro county threw his hat into the ring this week. He is George Blanton of Dimmitt, who announced for county commissioner, precinct two, which is in the southwestern part of the county.

Mr. Blanton has lived in the county about 14 years, and is well known. He is engaged in general farming in the Flagg community.

TSCW Freshman Buys \$1000 Bond

Texas State College for Women nominates Jean Knox, freshman interior decoration major from Pampa, Tex., for the Southwestern collegian buying the largest war savings bond. In her hands Jean holds the \$1,000 bond she is purchasing with money her father saved for her and presented her on her eighteenth birthday.

COUNTY COWS WEAR RIBBON

Morgan Dennis, Castro county owner of a fine herd of milking shorthorns, walked away with a bag of the dairy show winnings at Plainview last week.

Dennis, according to County Agent M. U. May of Dimmitt, placed first with his two-year-old cow, first with his pair of cows, first again with his three generations of females.

Other winnings this owner had posted included second place for aged cow, and second for three and four year old cows; third in his graded herd exhibit; sixth for his senior yearling heifer; eighth place for his heifer calf, and fourth for his aged bull.

Dennis also entered two head in the sale. He and other local owners took winnings at the Panhandle-Plains Dairy Show before. This is the first time, however, that Castro county Jersey owners have participated in the Plainview exposition.

Other dairy herd owners who showed their prize animals there this year included Emmett Dixon, milking shorthorns, Dimmitt; and John Lilley and Bill Hochstein of Nazareth, two other shorthorn fanciers.

Frank Huseman is the Jersey owner whose entry attracted so much attention.

Woman of Year Is Coming Here

The Rio Theater is advertising a feature picture, "The Woman of the Year," for Sunday, Monday, and Tuesday. The inimitable pair, Spencer Tracy and Katherine Hepburn, are starred in the film, said to have been the picture of the year.

"Spence" plays a hail fellow sports writer, named Sam. "Kate" plays as a highbrow political columnist, named Tess.

It's either love or fight between the two—and they're good at both.

Tomorrow and Saturday The Rio shows Royal Mounted Patrol, featuring Charles Starrett and Russell Hayden.

Next Wednesday and Thursday the program will be "That Night in Rio," with Don Ameche.

Mr. and Mrs. Jimmy Snipes and Mr. and Mrs. R. E. (Soapy) Holland have returned from what they describe as an enjoyable fishing and camping trip to Buchanan lake, near Austin. The pleasure-bent party was gone several days, reported all the fish they cared to eat while away, and a surplus of 80 pounds brought home to friends.

COUNTY GROUP FORMED HERE

The government is regimenting its manpower all over the nation today.

Dimmitt and Castro county are not excepted. At the court house this afternoon is being formed the County Agricultural Victory Council, county leaders forming the group in such a way as to provide an endless chain of men in the county to serve during the war in all domestic and civil matters, such as the dissemination of news, the coordination of farm or other productive industry for war victory.

Members, whose names are being chosen today, will serve as "Community Victory Leaders," and in turn will each appoint a sufficient number of "Neighborhood Leaders" to break the units down into eight families each.

Sheriff Brown, County Agent Monroe May, and other county officials have been busy for several days laying the skeleton foundation for the government's program of county organization here, and a meeting is being held at the court house this afternoon to put the plan to work.

It is believed in this way the war government can immediately feel the pulse or sound the sentiment of its population in any given area almost immediately. Such an organization is said to be forming today in every one of the thousands of counties in the United States.

4-H Club Girl Here Will Be Rewarded

Thelda McRee has been selected as Castro county Four-H club girl nominee for a Talent Club which is being sponsored by the Texas Extension Service, in cooperation with the Producers Grain Corporation for areas served by the corporation.

From the nominees in the area, the directors of the corporation will select five boys and five girls who will be presented at the annual stockholders' meeting to be held in Amarillo May 13, and will receive an award of \$25 each. The awards are to be invested by the recipients in some production or home improvement demonstration. All who are nominated will be invited to attend the stockholders' meeting and luncheon as guests of the corporation, and the awards will be presented at the luncheon. The purpose of the plan is to give recognition to outstanding work being done by Four-H club boys and girls, and interest them in cooperative activities.

Selection of Castro county Four-H club girl nominee was made by Miss Hazel Merritt, county home demonstration council chairman, and Mrs. Barber Eubanks, chairman of the Education committee of the home demonstration council. The selection was based on outstanding work being done by the nominee on Home Food Supply and Bedroom demonstrations and other significant home improvement and productive activities.

Thelda is a member of the Dimmitt Junior Four-H Club. This is her second year in Four-H club work, and she is bedroom demonstrator for her club. Thelda is the daughter of Mr. and Mrs. M. F. McRee.

Dimmitt Laundry Will Move Friday

The Dimmitt Laundry will move into new and finer quarters, beginning tomorrow (Friday).

"We will have more room, a more comfortable and attractive building, new boilers, and more hot water and a new water softener," said T. A. Clark, the proprietor, whose announcement is in another part of today's paper.

Mr. and Mrs. Clark have operated a laundry here for two years, always a growing concern, and the reason for moving at this time is to get into larger and better quarters, they said.

The new location is in the same block, but south, Miller Hardware old location.

FARMERS VOTE WHEAT QUOTA

Castro county wheat growers, in line with those of the nation, gave an overwhelming vote of approval to the wheat marketing quota last Saturday, with only 22 votes against the proposal, and 365 in its favor.

In the county's 10 voting places, three went unanimously for the proposition. In only one community was there any pronounced opposition, and this was at Bethel. That voting precinct, small in numbers, went against the quota number, went against the quota.

McMurry Honors Dimmitt Student

Elmer Watson of Dimmitt is one of the two candidates for president of the Student Association, 1942-1943, of McMurry College, Abilene.

Elections will be held on next Thursday.

Watson, who is a candidate for reelection to the honor, also is a member of the Indian-head Association, member of the IHR social club, vice-president of his sophomore class, and assistant cook at the dining hall. He is a business major in college.

Watson is the son of Mr. and Mrs. Elmer C. Watson.

Nell Reynolds, unopposed candidate for editorship of the War Whoop, college paper, is a freshman and has served as assistant editor of the paper this year.

Other activities of Miss Reynolds include: Member of McMurry Maidens, president of the Press Club, TIP Gobbette, and president of the Scribblers.

Miss Reynolds is the daughter of Mr. and Mrs. C. E. Reynolds of Dimmitt.

Library to Close During Saturday

The librarian, Mrs. Ola Murphy, says the Dimmitt Public Library will remain closed all day Saturday, May 9.

Those who have books due to be returned Saturday may bring them to the library tomorrow, (Friday), or if that is not convenient, Mrs. Murphy said "just bring them in Monday and we'll not charge for that day."

DEAR SUE:

Visited in Riverside this last week. Saw Theodore Roosevelt's old home, which modestly displayed the sign: "Rooms and Board." Also, the first Washington naval orange tree brought to the United States from Bahia, Brazil, in 1873, and planted by Mrs. Elisa Tibbetts, which is said to be the most wonderful introduction of fruit into this country. This tree still lives, and looks quite proud and haughty behind its white picket fence and bronze plaque; and well it should, if offspring is anything to be proud of. Only 69 years a parent, and head of a family of thousands of orange groves. Its family record can only be beaten by that of a Jerman or Gap.

Made my first trip through the famous Mission Inn of Riverside. I loved the chapel especially, with its beautiful gold altar extending from floor to ceiling, its exquisite stained glass windows, made by Tiffany's for Dr. Parker's church, and later sold to Mission Inn, and one of Murillo's most noted paintings. Many weddings, both Catholic and Protestant, are solemnized there.

The Inn is a mammoth thing, and for the most part, very interesting. Many authors have made their homes there while writing some of the best sellers.

I believe the bell collection is supposed to be the largest in the U. S. One huge bell, about 400 years old, had been pounded from a solid piece of copper. It was larger than the old fashioned iron wash kettle. This bell was made in Japan, and by some unknown reason landed in the U. S., where Mr. Miller bought it.

For some time, Japan has been trying to get it back. If that is

at old "Toe Joe" is coming over after, I'm in favor of giving it back to him in small round pellets, even if it does have a marvelous tone.

One room is called the Presidential Suite, and although they can't boast "George Washington slept here" several of the others have. It was so cluttered with depressing, musty old black furniture and monstrosities, that I couldn't have slept a wink in it.

Mr. Miller, the founder, collected from all over the world every thing imaginable, and, to me, a good deal without imagination.

My next tour will be through the rooms from the lobby on—Those underground, together with the narrow passages which look and smell more like dungeons than anything else, housed some of the most atrocious things I ever have seen. I feel that anything hideously ugly, regardless of age isn't worth collecting.

During a blackout this past week, a stupendous boat slipped quietly into the harbor with evacuees from Hawaii. No name could be seen, but I was told it was the Queen Marv, and also it was large enough to transport 70 thousand troops, which sound like a fair-sized "boat story," even if it did shrivel almost every other large ship in the harbor to canoe size.

Tried terribly hard to recognize someone from home when the soldiers paraded in Riverside on Army Day. My address is 327 E. Mt. View, No. Long Beach, and if I can be of some assistance at any time to any of the Dimmitt boys located here I will be glad to do so.

Since time, space, and the editor, I'm sure, won't permit any more, it's goodbye, now.

Now that the United Nations have bombed Tokyo, the Gaps may retaliate by making a visit to the West Coast. Ouida, my sister-in-law from Dimmitt, who has been visiting here for the last two weeks, is ready to be "Deep in the Heart of Texas." The prospect of an air raid, or even a black-out, seems to hold no anticipations of enthusiasm or pleasure for her.

Bicycles are getting to be as plentiful as palm trees here. The streets are cluttered with cyclists, tall, short, skinny, and fat. Many persons are using this means of transportation to and from work.

Three months ago I decided I would like to have a bicycle, but only a month ago got around to the point of doing anything about it. Then I found the supply was exhausted. Every bicycle shop in Los Angeles county had sold out. Then, three weeks ago when bicycles were "frozen," I felt life just couldn't go on without one. Finally, after considerable trouble, I managed to "wangle" one for \$50, which, with a little foresight, I might have bought for \$25 a couple of months ago. It does not pay to procrastinate these days.

I felt quite relieved and satisfied, however, even if I didn't find time to give it a work-out for three days. Possibly by fall I'll be quite able to do a little cross-country pedaling for a visit in Dimmitt, providing, of course, I can evade both Gap bombs and reckless motorists until that time. Any way, either by bicycle or by wheelchair, I'll be seeing you.

Bye, now,
ALLIE MAE.

Buffalo Lake, playground of the Southwest, will be officially opened this year on May 24, with a big water carnival, amateur boat racing, swimming meets, and other outstanding nautical events, lake officials have announced.

A MESSAGE FROM THE SECRETARY OF THE TREASURY

THE SECRETARY OF THE TREASURY
WASHINGTON

May 1, 1942

TO THE PEOPLE OF TEXAS:

This week a new campaign for the sale of War Bonds and Savings Stamps is under way throughout the Nation. It is the War Bond Quota Campaign.

It is urgently necessary that you double the rate at which you are now buying War Bonds and Stamps. This will mean the sale direct to individual Americans of War Bonds and Stamps to the amount of not less than one billion dollars every month.

One billion dollars a month is the National quota. It is equal to one-tenth the combined incomes of all Americans.

This money is needed to buy the tools of war for your fighting forces. It will not pay for all of them. There are not enough goods to go around — the things we buy with money. If we go on spending at the 1941 scale, we'll be robbing the fighting men to add to our own comfort or pleasure. We'll be driving up the cost of living for all of us. We'll be imposing dire hardships on our neighbors.

It is desperately needed for another reason. We can't fight a war and at the same time live and spend as usual. There are not enough goods to go around — the things we buy with money. If we go on spending at the 1941 scale, we'll be robbing the fighting men to add to our own comfort or pleasure. We'll be driving up the cost of living for all of us. We'll be imposing dire hardships on our neighbors.

What is asked of you is ten per cent of your earnings — a tithe for Liberty. It is not a tax; it is not even a contribution; it is a loan at interest, for your use and protection later.

Your Government asks you to cut down your expenditures, TO SAVE — your boys on the firing line and in the training camps, through your Government, ask you to save so that they may have what they need to win THIS WAR for you — America asks you to save; to SAVE TO WIN THE WAR; to buy War Bonds and Stamps up to not less than ten per cent of your income.

Is Liberty worth it? Is Democracy worth it? Is America worth it? I think I know your answer.

Sincerely,
H. Morgenthau, Jr.

The above letter was sent to this newspaper by Secretary Morgenthau in Washington. We publish it in the interest of the War Bond Quota Campaign and earnestly recommend that all our readers do their share in the tremendous job ahead of financing the War effort.

Sure, every acre's raising more... Now what's upping the mileage from this oil?

How does prize wheat or corn at the county fair get that way? Sure, man-made soil improvers — modern synthetics — were added to improve on nature.

AND MODERN SYNTHETICS in Conoco Nth motor oil make it yield mileage that outscored all other brands tested in the sensational Death Valley Certified Competition. Five big-name quality brands got every fair chance against Conoco Nth oil. All were run till engines failed and none came closer than 58% of the mileage totaled by Conoco Nth!... the oil you can have for your needed Spring oil change that's now overdue... the oil whose best known man-made extra substance—at no extra premium—gives your engine OIL-PLATING.

OIL-PLATING backs up the familiar fluid type of oil film with a surfacing of lubricant close-bonded to inner engine parts. Every cylinder wall, for instance, becomes a wall of OIL-PLATING that doesn't all drain dry during all the time you use Conoco Nth. Even after all-day parking, the OIL-PLATING is still up to the topmost piston rings, ready to lubricate before any oil can circulate. That's one plain way of foiling excess

wear, and keeping up mileage with your engine OIL-PLATED.

But Conoco Nth oil also includes Thiakene inhibitor... another synthetic... invented to inhibit or restrain the dangerous "jelling" of oil under excess strain. Engine heat and pressure can even gum up oil into something like fly-paper coating—only dirtier, and not much better for mileage. Against this threat, Thiakene inhibitor was created for Conoco Nth (U. S. Pat. 2,218,132). And Conoco Nth out-mileaged the others in the Death Valley Test—from 74% all the way up to 161%. You can get real optimistic about your own mileage. Conoco Nth will come through for you. Change at Your Mileage Merchant's Conoco station. Continental Oil Company.

JUNIOR GOSSIP

As everyone knows, the juniors aren't to be left out of this mad social whirl. It seems Hart is just the place for skating, for seen there Saturday night were Joy Cluck and L. J. Rice. (But it's nothing unusual for them to be seen together.) Speaking of skating at Hart Saturday night, who were the two escorts seen with Jo Ella and Mary Evelyn? (confess, girls.) The basketball picnic given last Wednesday night was greatly enjoyed by our little couple, Hazel and Raymond. What is this we hear about Natalie stepping out on W. A. Tuesday night? Has Johnny something W. A. hasn't? Nancy and C. C. were seen at the concert Friday night. Callie, Joe, Harriet, and Gene really seemed to enjoy the party at Wagley's Wednesday night. But they enjoy being anywhere, as long as they are together. Rex Sheffy doesn't like this Travis a little bit. Could it be because Melba Jean Core does anyway, Rex and Melba are seen at the show, usually, every Saturday night. Robert Copeland is a new boy around here, but evidently it doesn't take him long to get acquainted, for he is seen frequently with Aenes Behrends. Bill Graham is a junior who

F. H. T. Officers Are Installed At Sunup-Breakfast

The following officers were chosen for the Homemaking Club for the following year: President, Beatrice Ferguson; Vice-president, Billy Jean Durant; Secretary and Treasurer, Thelma Shepard; Reporter, Harriet Huckabay; and Program Chairman, Allorah Byrnes. Out of these officers three are junior girls. These officers were installed at a sunrise breakfast on Saturday morning at the Roadside Park. The juniors have held a very prominent place in the homemaking club for the past year. They held the offices of Secretary, Treasurer, Program Chairman, and Vice-President for the last year.

Salute to Seniors

Even though we have been friendly rivals this year, as has always been a tradition in DHS between the juniors and the seniors, we want to wish you the best of luck and "smooth sailing" in the years to come. We also are wishing that you, the seniors, get to take your annual trip this summer. We are looking forward to our senior year and hoping that we may have as good a class as you have had this year. Although you are graduating, you always will be welcome at DHS. —THE JUNIORS.

Two Junior Girls Win War Stamps

The following girls were chosen to go to the Rally for this year, but due to the war, they will be unable to attend. Instead, they were given war stamps. These girls are Thelma Shepard of the first year class, Harriet Huckabay of the second year class, and Jo Ella Broadstreet of the third year class. Two of these three girls are juniors.

Not only many young men are graduating from A. and M. College at College Station this year as last, there being 741, as compared with 763 last year. Mrs. E. F. Sadler. Class Officers

The Junior Class has very prominent students for class officers. Joe R. Hastings is President; Eugene Watson, Vice-President; and Sue Sheffy, Secretary and Treasurer. They also have a capable Sponsor, Miss Mary Nelle Jennings. The Juniors are proud of their officers and sponsor for helping to make the class a success.

1622 Register For Sugar Rationing

The people of the Dimmitt school district came to the high school building to register for the sugar rationing last Monday and Tuesday. Sup't. R. A. McCollum announced that 1,622 persons had registered thus far, of whom 1,057 came Monday. He also said the rationing would be finished Thursday afternoon between 3:45 and five o'clock. Those who did not register during these four days must wait two weeks before they now can register.

Budgeting Study By F. H. T. Girls

The homemaking III girls have been studying budgets for furniture and linens. They have figured the percentage and cost for their furniture and linens to go in their future homes. In connection with furniture, the girls had furniture refinishing projects. They had their choice of refinishing chairs, tables, and even bedroom suites. Some of the girls made dressing tables and stools with the printed percale skirts. Next, the girls took up interior decorating. They learned that the five principles of decorating are harmony, balance, proportion, rhythm, and emphasis. This class learned how to choose furniture and the points to consider in choosing it so it would be balanced. In choosing furniture, they learned how and where to use different colors. In studying curtains, the class learned there are four qualities of curtains which are daintiness, gaiety, formality, and domesticity. The third year class has learned much about home management and consumer education.

Review of The Junior Highlights

The junior class, a very active class in school, presented "You're Telling Me," one of the most successful plays ever presented in Dimmitt High School. The Junior-Senior Banquet, which was carried out in Navy style, was said by critics to be one of the most attractively decorated banquets that has ever been given in DHS. Allorah Byrnes, Betty Jean Brown, Jo Ella Broadstreet, and Joe Richard Hastings are the most studious in the junior class. Mrs. H. L. Leal and son, Leonard Lee, and Mrs. T. F. Finley and little daughter, Patsy Jean, spent Tuesday of last week visiting in Amarillo. George Barwell and Kay Roberts attended the sale at Amarillo Monday.

CARD OF THANKS

We wish to express our sincere appreciation and thanks for the many kind expressions shown us during the long illness and death of our husband, father, son, and brother, E. F. Mr. and Mrs. Ezelle Sadler and family. Mother Sadler. Mr. and Mrs. E. G. Sadler and family. Mr. and Mrs. F. L. Weaver and Frank. Mr. and Mrs. R. Y. Buchanan and family.

Five Boys and 22 Girls Make This Year's Juniors Up

The junior class of '41 and '42 is a peculiar class, meaning that there are just five junior boys and 22 junior girls. Out of this class there are only eight members who started to school together. This class started to school in 1932, under the instruction of Mrs. L. A. Stringer. At that time there were 35 brilliant young students. The first important events that came to this class were in their seventh year of school. At the Halloween Carnival that year they gave the operetta "Tom Sawyer," under the direction of Mrs. Coy. Next came the "Seventh Grade Banquet," which was a semi-formal affair. Of course the girls thought they were quite grown up, since was their first occasion for evening frocks. At this banquet they were given their diplomas signifying that they were ready to enter their high school days. By this time, several of the original '32 class members had moved, failed, etc. but they were replaced with students from the rural schools in Castro county. Life with the juniors was much the same as with the classes of the years before. But this year has been an exciting one for them. The first main event of the year was the junior play, "You're Telling Me," directed by Mrs. Radnev. The cast of 10 contained seven of the eight original members of the class. Then on April 12, came the Junior-Senior banquet, which carried out a patriotic scheme, using the red, white, and blue as decorations. The event they now are looking forward to is the ordering of their senior rings. They feel that the next year will be even more eventful than all the years before.

Girls' Sports

Of course there would not be much of a basketball team without the juniors. Five junior girls enrolled in basketball and three of them were on the main string. They also received medals at the tournament. Beatrice Ferguson was high point girl of the year. Other junior girls who played basketball this year are Mary Evelyn Behrends, Hazel McMahon, Jo Ella Broadstreet and Joy Cluck. Neal Cooper made a trip to Canyon and Amarillo for the West Texas Tele... with whom he is employ...

Junior Highlights In Sports World During the Year

Raymond Mobley, that flashy back field man, has been with DHS for three years. He has been improving every year and shows great promise for the next season. When Merle (Hot) Matthews goes through the line from guard our opponents know that a tornado has been through the country. "Hot" has played on the football team for three years. G. D. Caison was called the "fifth man in the opponent's back field" when he thrashed across the line from end. He came to DHS last year. Rex Sheffy, although he was not among our ranks on the grid-iron this year, but he will be in there scrapping next season. He has been here three years. Billie (Pee Wee) Walker is little but mighty. He is a handy man and is at home at center or in the back field. Joe R. Hastings has been here three years, at center, and will be back next year. The juniors are going to help make the best football team in Dimmitt High School history next year.

PART OF CASTRO'S CONTRIBUTION

Castro County has sent about 120 young men into the armed service of the country for Uncle Sam's war effort. These men are in the Army, in the Navy, in the Air Corps, in some in combat, some in camp—all in training somewhere, if not already in combat.

In the list of names printed alphabetically below The News has so far been able to obtain the names of only 80 local service men, and of these 80 men we have the mailing addresses of only 67, which means there are about 50 or more Castro county men in the armed service who are not receiving their home paper every week free of cost to anyone because the editor does not have their addresses. We will be happy to add these names if relatives or friends of the men will bring them in. The list is being published so as to provide any of the boys' friends an opportunity to write them. We urge this be done. These men are far from home; many are lonesome, some will be gone a long time, some may not come back at all. Write your buddies a letter. The boys will enjoy hearing from you, just as they enjoy getting their home paper.

E. F. (FREEMAN) SADLER TAKEN BY DEATH

The News last week was forced to omit or curtail news matter that ordinarily would have appeared. The following account of the death and burial of Freeman Sadler, beloved Castro county man, was prepared by a friend of the family, and is accurate and thorough. It is welcomed because of our necessarily brief account of the event last week.

E. F. Sadler, prominent Sunday-side resident, was taken by death Monday morning, April 27, at 9:30 at his home, 13 miles south of Dimmitt, after a long illness. Mr. Sadler's health had been failing for some two years, and after a serious operation about 15 months ago, fought a brave fight to regain his health, but gradually grew weaker and his condition became critical Saturday night or early Sunday morning, before he passed away Monday.

He was born October 29, 1884, in Taylor county. His age was 57 years, five months, and 28 days.

Mr. Sadler was the son of Mr. and Mrs. E. E. Sadler, and grew to manhood in Taylor county, near Abilene.

He was converted and joined the Baptist church in boyhood. He attended Simmons University and Denton College.

He was married to Miss Martha

Pearl Henslee of Abilene in 1911. To this union was born two sons, Embree Roy, and Ezelle, and one daughter, who died in infancy.

He moved to this community from Abilene in the fall of 1924, and improved his farm home and reared his family here.

He is survived by his widow, Mrs. Pearl Sadler; two sons, Embree Roy and Ezelle; and four grandchildren, Gale, Myles, Patricia, and Larry Sadler, all of this community. His mother, Mrs. E. E. Sadler; two sisters, Mrs. R. Y. Buchanan and Mrs. F. L. Weaver, all of Abilene, and one brother, E. G. Sadler, of Tulsa, also survive. All were at his bedside as he passed away. He also is survived by a host of other relatives and many friends. Funeral services were conducted Tuesday afternoon at 2:30, at the Sunnyside Baptist church, where he had had a part in building this little church. He contributed his money and time willingly in its erection, and on through these many years he had lived here.

Rev. Frank Randall, his pastor, was in charge of the service. Rev. W. H. Hughes of Petersburg, brought the main message, and was assisted by Rev. G. I. Britain of Plainview; Rev. Clarence Howell of Kress; and Rev. Marcus Exrode of Summerfield; all of whom formerly were his pastors.

Mr. Sadler was a friend to everyone, and was always ready to help in any charity or the upbuilding of his community. Of these things he never wanted any public mention.

Mr. John Turner and Mrs. Clury Phillips rendered the music with a choir, also two duets by Mr. and Mrs. John Turner, and Mrs. Howard Cummings, and Mrs. Howard Bridges.

Palbearers were close friends of the family, as follows: M. H. Fowlkes, W. E. Louder, R. E. Duke, Marvin Boyd, Hoyle Robertson, and R. A. Ferguson.

Flower bearers were Ruby Branton, Louise Boyd, Mary Frances Hestand, Irene Fowlkes, Inez Fain, Ernestine Louder, Irene Bradley, Ruby Maude Ferguson, Mattie Mae Shockley, Lena Dale Garrett, Erin Sadler, and Beatrice Ferguson.

Burial was in the Dimmitt cemetery, Roy G. Wood, undertaker, Plainview, in charge.

His life will live on for years as an example.
