Tomorrow and Saturday

This airplane will signify the amount of money raised for the airport improvement. The more money raised the closer the airplane gets to the runway. Let's see the plane land and get Floydada's portion of the grant money for the airport.

The Floydada Speech and Drama club will present two one-act plays May 12 in the high school auditorium at 7 p.m. The two plays they will present are "Where Have All the Lightning Bugs Gone?" and "The Marvelous Playbill." General admission will be \$1 and no charge for children under school age.

School board increases insurance coverage

In Tuesday night's school board meeting David Cates from Cates and Dawson Insurance met with the members of the board. He presented president, Harvey Allen, and his co-workers, Don Hardy, Travis Jones, Bill Orman, Weldon Pruitt, Bud Rainey, and Fred Zimmerman. Superintendent Jerry Cannon, and Tommy Cathey, business manager, with the recommendations made by the company's engineer in regard to five buildings which were currently not insured at 80% of their assessed value as eight other buildings were covered by the current program. The on-site inspection was done by the engineer in early March of the junior high gym, Della Plains, field house and adjacent concession stand, and the central office. His assessed value of the five buildings and their contents increased the cash value by \$135,182. Upon consideration of the recommendations the board voted to increase the coverage on the five buildings to the 80%, at an increase in premium of an annual cost of \$216. Only three quarters of that increase will be incurred this year due to the time factor involved.

Sheree Cannon and Joanne Cagle, the two school counselors, gave a breakdown of the results they obtained when the TABS (Texas Assessment of Basic Skills) test were administered to the third, fifth, and ninth grades in February. The State has set a goal of 85% mastery. Mrs. Cannon explained that in the third grade significant increases were shown. Only three areas in math were recorded below the 85% goal while last year there were eight. In writing only two areas dropped below that level in contrast to last year's four and two in reading opposed to five last year. Spelling showed a 100% mastery

with only eight words being missed in the entire group.

In the fifth grade, Mrs. Cannon went on to explain, the results were not as striking but the total scores were on the increase.

In ninth grade testing, 83% of the students showed mastery, which was a minimal decrease.

The testing is a minimum skills test. Ninth grade students were tested on eighth grade level work. Reading among the freshmen students showed an increase of 13% this year. Writing still showed some low scores, with 86% of the students falling into level 2, being graded from 0 to 4. Mrs. Cagle said some creative writing had been assigned and the results were already paying off.

Those students who had failed to record a mastery score previously were retested on the same type objective test. Among sophomores students seven students took the math test; five mastered it. Nineteen were retested with 14 mastering it. Six of 11 mastered the writing test.

Junior students taking the test for the third time showed the following results: 4 of 4 mastered the math test; 4 of 6 in the reading, and 2 of 3 in writing.

Six seniors took the test for the fourth time with three failing to show mastery.

The teachers received an individual student report so that individual attention can be given to problem areas. Both counselors commented on the positive reaction the teachers have given toward the testing and instruction toward those goals.

A student accident insurance plan was brought before the board. The all-school insurance policy offered by National Federation would provide coverage for all school students enrolled in

the Floydada public schools during all school hours, all school-sponsored activity and the transporting to and from school for grades kindergarten through 12. Coverage would be up to \$10,000 for an additional \$2,000 premium and would serve as a supplemental insurance to those who carried other insurance policies. A catastrophe insurance could also be obtained for an additional \$200 for coverage up to \$5 million on junior high and high school football students. A 24-hour option will be offered to the parents at their expense. The board voted unanimously for the two insurances.

Action was tabled until next month's meeting on June 14 to make a decision on the two paving bids already submitted for repair of parking areas at the schools.

In a tax report given by Cathey as of May 1, \$905,432.57 taxes had been collected for a total of \$91.05% of the budgeted \$941,711 with an additional 2.5% having been collected in discounts. \$26,667.06 of the budgeted \$30,000 delinquent taxes has been received. An overall look of the various funds was reviewed by Cathey with some estimates projected on expenses for the next four months. His comparison of the \$122,300,000 tax base to last year's base of \$128,500,000 showed a decrease of income to the school district of \$48,360 if the tax rate remained at the current 78 cents. He commented that the picture looked a little bleak but that considering everything they were pleased.

The resignation of Melony Ross, early childhood teacher at Della Plains, was accepted by the board effective at the end of the term. She has accepted employment in Austin.

County tables airport

After a 50-minute discussion, the Floyd County Commissioners decided to table the proposal of the county's part to obtain funds from the Federal Aviation Administration to repair the Floydada municipal airport.

The city of Floydada asked the county for its help to save the city-owned airport. Although the county has no financial obligations to the airport, the court decided to table the decision to look into the possible revenue sharing funds and to check on the funds that are raised locally.

The condition of the runway at the airport is deteriorating. Municipal engineers estimate \$352,000 is needed to upgrade the runway. The FAA will

provide 90 percent of the needed funds if the remaining 10 percent is raised locally. Faced with the possibility of having the runway closed or being forced into repairing the runway without FAA help, the city decided to try and raise the needed money. The City pledged one third of the \$35,200, if the remaining two thirds are raised elsewhere.

The City suggested one third be raised through individual contributions and asked the county to provide the remaining third, possibly through revenue sharing funds. The court will not be sure of the amount of revenue sharing funds they will receive until later in the year. The county doesn't

have the money in the budget to take care of the necessary one third of the local funds.

S.J. McIntosh presented the proposal to the commissioners. The time frame to get the money was discussed. The FAA is ready to begin the project as soon as the local funds are collected.

"We absolutely just don't have the money," Bob Jarrett, commissioner of Precinct two, said. The possibility of the county borrowing the needed money was discussed but the commissioners decided to wait and see whether or not the revenue sharing funds come through. The Commissioners did indicate if the money was available, they would be able to help.

City makes zoning change

A zoning change on the West 1/2 of Block 1 of the Baker Heights Addition was discussed during the regular city council meeting Tuesday night. The change will be from a single family to dwelling in an R II multi-family construction.

John Key West met with the council, wanting to build some brick and wood duplexes in this part of town. Last month the council turned this request over to the Zoning Commission. Upon their recommendation, the council passed an amendment to the Zoning Ordinance to allow these structures to be built.

The senior citizen's center lacks about \$500 to having enough funds to repair the parking lot. The council decided to donate the balance of the \$2,200 needed (up to \$500).

The council discussed purchasing a new storm warning siren and updating two of the London Aire mosquito fogging generators. The new siren is in the operating budget and will be

installed as soon as it arrives. The cost to update the fogging generators is about \$1,500 each. The city has the money available and decided to have the work done.

Water well sites for the future were discussed. They were tabled until more information is available. The council discussed hiring the firm of Barber-Brandon-Traylor, Inc. to get a U.S. or Texas government grant to purchase a new landfill site. The council decided to negotiate and see if any money was available.

A public hearing to discuss cleanup and demolition of the following property was called for the next council meeting:

- a. Victor Del Toro (Teresa Gutierrez) Lot 7-8, Block 108, Original Location - South 4th and Kentucky Street.
- b. Silveira Soto - Lot 6, Block 21, Bartley Heights addition - 111 W. Jeffie.
- c. Juan R. Martinez, Lot 2 1/2 of 3, Block 8, Honerhea Addition - North 12th Street and East Grover.

The council passed an ordinance to

authorize the city manager and city secretary to assume the duties of building official.

Daverman and Associates were hired to compile an electric rate study. They will recommend the rates the city should set for electricity.

A new sign for the front of the city hall was discussed. The council decided to purchase a sign reading "Floydada Municipal Building."

Six more three cubic yard garbage containers were purchased because the sanitation department was out of them.

A possible flea market in the city limits and how to control its operations was discussed and tabled until the next meeting.

A flea market in the city limits and how to control its operations was discussed and tabled until the next meeting.

An increase in sewer rates to help fund the mosquito control will be discussed next month when an ordinance is drawn up to do so. A penalty clause of \$200 was added to the building permit ordinance.

Baseball fields discussed

The city's policy of charging five dollars per hour for teams to use the lights at the baseball parks was questioned during the city council meeting Tuesday night.

Billy Joe Villareal acted as spokesman for members of the adult softball teams. He said that they couldn't understand that the local teams had to pay for the use of the lights. The council explained this was to offset some of the cost of the electricity and maintenance of the baseball field. The city is charging only for the electricity on a per hour basis.

Villareal also questioned the midnight curfew of the baseball parks. The

city had been getting complaints of the noise and lights left on until late at night. Both of these policies apply to practice and games.

City councilman Don Green pointed out the electricity is a big factor. Villareal asked that the charges be applied only to tournaments because the practices get started late due to the members that work late. As a compromise, Councilman Boone Adams suggested the teams be allowed to practice until 9 p.m. without charge, but the midnight curfew remain.

In order to avoid any future problems, the members of the soft ball teams suggested the southwest corner of

Annie Taylor park be built into a softball park. They were willing to donate their time to build it. The council agreed and donated the use of some city equipment to help. A Floydada softball league will be formed and the necessary materials will be asked to be donated. This will be for future use probably by next season.

The present baseball fields are designed for hardball baseball. Their use was donated to the youth summer baseball program. Once the softball field is built, the league will be responsible for the use and lights. No curfew will be enforced at this park because it is in a lower populated area.

Grant sought in radio bids

A bid for new radio equipment for the Floyd County Sheriff's Department was opened during the regular meeting Monday. The present system is in an advanced state of disrepair, costing up to \$100 per month for repair and maintenance.
 A new console is needed in the sheriff's office and a new repeater station is needed at the tower site. The console will cost \$4,595 and the repeater will cost \$4,610, a total of \$9,205.
 The county has applied for a grant to help pay for this radio equipment. The grant will pay 75 percent of the cost. The court accepted the bid from Harold Lewis of Motorola radio (the only bid submitted) on the condition the grant being approved. The chances for the approval seem good according to County Judge Choise Smith.
 The court authorized the county judge to make an application for service delivery area destination. This is part of the community action program and will help with the minibuses.
 A report was given on the budget line items. The line item Extra Help in the Library was increased by \$200 from surplus.
 The court approved eleven requests and contracts for the use of county equipment and machinery on private land.

Fire Department News

We have had a comparatively busy month in April. Most of our calls came during the last half of the month. We had six calls, three were grass fires.
 On the eleventh, we responded to a grass fire with no problems in extinguishing it. On the 13th, we were called to a wreck for a rescue. We used the hydraulic rescue jaws to remove the driver from the wreckage.
 We responded to a grass fire southeast of the dumpgrounds, which is southeast of Floydada. We were at the scene for two hours fighting the fire. The high winds were a hindering factor in this fire.
 The only other calls we had this month were a minor grass fire on the Ralls Highway, a smoke scare and a gasoline spill caused by a minor car accident.
 We have had three men receive their Intermediate Firefighter certificates. They were Dinks Eckert, Bobby Welborn and Carroll Sims.
 These firefighters are certified by the State Fireman's and Fire Marshal's Association. This certification is an asset to the community as well as the fire department. The fire department is able to have trained, experienced members. The community gets a key rate credit on fire insurance. Presently our rate is 17 cents.
 Ricky West joined the department May 2. He will begin his training as a rookie beginning this month.
April Fires
 April 11 - 3:40 p.m. Grass fire, 12 miles east of Floydada on Matador Highway. Seven men and two units responded.
 April 13 - 3:05 p.m. Rescue, 1/2 mile east of Floydada on Matador highway. Eleven men and two units responded.
 April 14 - 6:18 a.m. Smoke scare, 514 E. Virginia. Ten men and two units responded.
 April 19 - Grass fire, city dump ground and Hammonds pasture southeast of dump. Nine men and three units responded.
 April 25 - 8:12 a.m. Gas spill, Third and Houston streets. Six men and one unit responded.
 April 26 - 4:45 p.m. Grass fire, five miles south on Ralls highway. Seven men and two units responded.

What's Cooking?

BILL HARDIN

Bill Hardin started cooking when he was a child and since then cooking has become a hobby for him.

"Cooking is a hobby and also a necessity since my wife is a school teacher," he said.

Bill picked up most of his recipes from different people in town. He said that desserts are his favorite because "I like to eat, sweets are my weakness."

His teacakes recipe was given to him several years ago by Peggy Dyess, who was then a resident of Floydada. The Magic Marshmallow Crescent Puffs is the winning recipe from Pillsbury's Bake Off in 1969. He said that this is one of the few recipes he doesn't start from scratch. As a general rule he doesn't use mixes.

"The second recipe makes a good Sunday morning breakfast. We like it and it has stayed with us. It is pretty quick and easy to make."

Here is Bill's recipe for teacakes and Magic Marshmallow Crescent Puffs. Try some for your next Sunday breakfast.

Teacakes

- 2 sticks oleo
- 1 1/2 cups sugar
- 4 eggs
- 1 teaspoon vanilla
- 4 cups flour
- 1/2 teaspoon salt
- 2 teaspoons baking powder

Cream sugar, oleo, vanilla. Add eggs one at a time. Do not use mixer. Use wooden spoon. Stir in dry ingredients. Roll and cut out. Bake at 350° until light brown.

Magic Marshmallow Crescent Puffs

(Pillsbury's Bake Off winner-1969)

- 1/4 cup sugar
- 1/4 teaspoon cinnamon
- 2 cans (8 oz. each) Pillsbury Refrigerated Quick Crescent Dinner Rolls
- 16 large marshmallows
- 1/4 cup butter or margarine, melted
- 1/4 cup chopped nuts, if desired

Glaze

- 1/2 cup powdered sugar
- 1/2 teaspoon vanilla
- 2 to 3 teaspoons milk

Oven 375° Yield: 16 rolls

Combine sugar with cinnamon. Separate crescent dough into 16 triangles. Dip a marshmallow in melted butter; roll in sugar-cinnamon mixture. Wrap a dough triangle around each marshmallow, completely covering marshmallow and squeezing edges of dough tightly to seal. Dip in melted butter and place buttered-side down in deep muffin cups. Repeat with remaining marshmallows. (Place pan on foil or cookie sheet during baking to guard against spill overs in oven.)

Bake at 375° for 10 to 15 minutes until golden brown. Immediately remove from pans and drizzle with Glaze. Sprinkle with nuts. Serve warm or cold.

Glaze

Combine powdered sugar and vanilla with enough milk until thin enough to drizzle.

TIPS: Reheat, wrapped in foil, for 5 to 10 minutes at 375°. To make ahead, prepare, cover and refrigerate for 2 to 3 hours; bake as directed.

Puffs may be frozen and reheated from frozen state, wrapped in foil, for 10 to 15 minutes at 375°.

Taxes to be refunded

Due to an oversight, Floyd County Tax Assessor must pay back \$6423.54 for taxes that were overpaid to the county.

After the overpayment was discovered, the records were rechecked from June 1982 to the time they were turned over to the chief appraiser. In June of 1982 the 1981 taxes were checked by Edd Henderson, a local accountant. Rechecking the records verified the county owes \$6,423.54 for overpaid taxes.

To pay back these taxes, a line item in the budget had to be created. This line

item is to be funded by transferring money from the Road and Bridge line item and the Library line item to the general fund. One check will be written to pay out the entities, this will zero out the 1981 tax account.

This new line item will be funded from each of the following line items: General \$3,837.68 - postage; Road and Bridge \$2357.53 - miscellaneous and Library \$232.33 - supplies and postage. Also the Road and Bridge line item was increased by \$2357.53 out of the Road and Bridge Surplus.

Lawrence sends special bird to President

EMMITT LAWRENCE stood smiling with great pride as his 250th owl wall hanging was unveiled in the presence of residents of the Floydada Nursing Home and his daughter and son-in-law, Mr. and Mrs. Luther Lancaster. The president's greeting was attached to the lower left hand corner, which spurred the original idea in Mr. Lawrence's mind. Winona Jackson, activities director, applauds him.

An owl wall hanging, a project of Emmitt Lawrence, 93, was unveiled Monday morning at 10:00 during some special activities at the Floydada Nursing Home. The owl was the 250th Mr. Lawrence had completed. It will be mailed to the President's office in Washington D.C. to express his gratitude in return for a birthday greeting he received from the President last October.

The owl itself is made of carpet scraps in traditional colors of red, white, and blue. Crochet outlines the sections.

Winona Jackson, activities director for the nursing home said he had worked extra hard these past few weeks to reach his goal and complete his owl for the president.

Mr. Lawrence, a resident of the home for five years, began making owls about four years ago. "Darth Westbrook kept trying to get me to make the owls, but I wouldn't do it at first. I finally decided to make one. After I made one, I enjoyed it. It would help pass the time, so I kept making them."

It takes Mr. Lawrence about an hour and a half to complete a wall hanging. He gets others to do the crochet work for his projects. All of the stitching had been done with a single strand of crochet thread until the last 100. They have been done with a double thread, creating a deeper quality.

Mr. Lawrence came by owl making partly by chance and maybe partly from a fondness he carried through the years. Quail hunting used to be one of his favorite pastimes.

He has owls scattered all over from Michigan to California and even into Canada. His 100th creation and his 200th creation are framed and hanging on the wall of the lobby of the nursing home. Others are on display for sale.

Mr. Lawrence enjoys ceramic painting at the home also.

Mr. Lawrence was from an original family of 12 children, raised in Collin County in East Texas. Some of their favorite time was spent singing gospel songs and Mr. Lawrence's strong base voice can be heard in devotionals at the home even yet.

He was a farmer by occupation near Matador from October 15, 1915, when he moved to Motley County from Collin County and farmed in that community until he was 80 years old. A son Givens and a daughter, Lorene Lancaster, reside in Matador. He has two other sons Jewell of Mineral Wells and E.D., Jr. of Wichita Falls. His descendants number nine grandchildren, 11 great grandchildren, and four great-great-grandchildren.

Last year the nursing home staff presented Mr. Lawrence with a gold watch and an appreciation plaque for his contributions to the nursing home.

IN A DEVOTIONAL service immediately following the unveiling Mr. Lawrence joined in the gospel singing heartily. According to members of his family, he and his family always sang when they got together.

Their unanimous sentiments were expressed by Mrs. Jackson when she said, "He has really been an inspiration to all of us."

On August 26 of last year, Mr. Lawrence was the oldest man at the Motley County/Dickens County Old Settler's Day parade.

The following letter was written by friends of Mr. Lawrence to accompany his gift to the president:

Mr. Ronald Reagan
President of the United States
Washington, D.C.

Dear Mr. President:

On October 12, 1982, Mr. Emmitt Lawrence, a resident of Floydada Nursing Home, received a birthday greeting from you, Mr. President, his 250th "owl". In Mr. Lawrence's own words, "Words just can not ever express how much receiving your birthday greeting has meant to me." The tears in Mr. Lawrence's eyes, as he expresses his thoughts and appreciation, are more meaningful than any words could ever be.

Mr. Lawrence is ninety-three years of age. He is a warm, friendly and delightful person. He is caring and helpful to all the other residents here in "their home". As a pastime, Mr. Lawrence makes "Owl wall-hangings" from carpet samples. These he sells almost as fast as he makes them.

After receiving your card he decided he wanted to do something for you. He made this his goal to work toward this past year...he would send the 250th "owl" he made...to you.

Mr. Lawrence has worked hard these past months. On days when he isn't feeling well, he wants to "make an owl" so he will be working at something and can forget himself and feel better.

This is a beautiful and inspiring attitude which Mr. Lawrence reflects. Even though he is ninety-three and living in a nursing home, he still can have goals to work toward...and reach.

It is with much pleasure that during this Nursing Home Week--Mr. Lawrence sends to you, his President, his 250th "owl". In Mr. Lawrence's own words, "Words just can not ever express how much receiving your birthday greeting has meant to me." The tears in Mr. Lawrence's eyes, as he expresses his thoughts and appreciation, are more meaningful than any words could ever be.

Mr. Lawrence says, "Thank you, Mr. President". We here at the Floydada Nursing Home say thank you also for helping to give Mr. Lawrence a dream...a purpose...and a goal...reach! May God bless you and our Country. Floydada Nursing Home Floydada, Texas

The couple plan a June 11 wedding at First Baptist Church.

In the receiving line were the honoree, her mother, Mrs. Betty Wright; the prospective groom's stepmother, Mrs. Edna Duke and her daughter Lana Batey. The honoree's corsage was an assortment of blue silk flowers.

1934 Study Club meeting held

The 1934 Study Club met May 3rd at Plains Baptist Assembly for the last meeting of the season. Faye Benson, who lives on the Assembly Grounds was hostess for the meeting.

The meeting theme "The Beauty of the Outdoors" was dramatically reinforced by the surroundings and perfect weather. Members gathered in the sheltered picnic area, and after the invocation by Leona Warren, they had "sack suppers" as they enjoyed the beautiful evening in the marvelous canyon setting. As the evening became "chilly" the group adjourned to the senior citizens cottage for the remainder of the meeting.

In the business meeting presided over by the president, Mamie Bunch, letters of resignation from two members, Jo V. Bingham and Leona Warren were read and accepted with regret.

Opal Ashton introduced the guests, Bobbie Weir, PE teacher at Duncan Elementary School. Bobbie finished high school at Crosbyton, attended Wayland Baptist University and received her degree in P.E. at Texas Tech. She has coached six years in high school and is in her fourth year of teaching in Floydada, and is working on her Master's Degree.

She and her husband Bill are both SBOA officials and referee high school, Jr. College and Southwest College Womens' Basketball games. She has taught several aerobic classes and her hobbies are crocheting, knitting, bicycling and water skiing. Her grandparents reside in Floydada.

Bobby developed the topic "Slimming Your Lines" by first suggesting that exercise is just as terrific for the mind as it is for the body. It may be only a few stretches, or contracting one's abdominal muscles several times a day, but it is the fact that it is doing "something nice for myself" that makes it worthwhile.

For more enjoyment while exercising,

joining a group might be the answer, or a friend to walk with or using a record or tape with proper music.

After they were all convinced of the importance of it, Bobbie led them in an aerobic dance routine.

The hostess served fresh strawberries and various drinks to our guests and Mesdames: Milton Ashton, Allen Benson, Wilson Bond, W.H. Bunch, Dennis Dempsey, Garland Foster, Kyle Glover, Anthony Latta, Floyd Lawson, W.O. Newberry, L.D. Simpson, W.W. Trapp, J.R. Turner, Wade Warren.

Floydada Nursing Home Happenings

By Winona Jackson

Last week was filled with nice "happenings". We have another new resident, Mr. J.C. Wester. It is very good to have Mr. Wester with us...and we do need his ability with dominoes. Welcome, Mr. Wester!

A group of five-year olds from the Texas Migrant Council Headstart program brought "spring" to us by bringing huge paper peonies, which they had made, to the residents. They also brought happiness to us with their smiling faces and the songs they sang for the residents. Everyone enjoyed them so much.

Jack Rosson, representing the Sunshine Sunday School Class of First Baptist Church brought refreshments for all the residents on Wednesday afternoon. As Addie Lindley so graciously remarked as Mrs. Rosson visited and shared the treats with her "Everyone is so nice to us!" Thank you, Sunshine Class for caring.

"Someone else" was kind to think of the residents when they brought the lovely centerpiece of flowers from the All-Sports banquet. Everyone appreciates the flowers that are shared with us.

The rest of the week was filled with...devotions...exercise class...bingo...Bible Study...and the Friday afternoon movie. This week's movie was a Walt Disney film: "The Wetback Hound". Many of the movie fans remarked that this was "Our best movie." Our movies are made possible by the Floyd County Library. Thank you, Sandra for choosing a "fun" movie for us. It was appreciated!

On Thursday, Evelyn Pierce was here with the Senior Citizens van for another "outing." Evelyn took Addie Lindley, Una Clark, Iva Simpson, Emmitt Lawrence, Bennie Wilson and myself to the site of Ronnie Smith's underground home. This was so interesting and seeing the country-side in the beginnings of spring was a lovely experience for the residents.

We were saddened by the death of one of our dear residents, Mr. Efford Parrish. Mr. Parrish was a sweet and lovable man...everyone loved him.

Sunday, May 8, Mother's Day, begins Texas Nursing Home Week and open house here at "Our Home". The owners, staff, and residents would like to invite everyone in the community to visit with us and share in the activities during this week. We want to make this week enjoyable for everyone...especially the residents. If anyone thinks a Nursing Home is a place to go and die, then come out and discover that "a lot of living" goes on in "Our Home." It is a home of lovely, caring and "living" people with so much love to share with one another and the community.

Sunday: Open House (just come and visit): 10:00 a.m. Children's Sunday School Class visit. First Methodist Church: 3:30 p.m. Church services.

Monday: 9:30 a.m. Emmitt Lawrence's 250th "Owl" presentation to the president of the United States; 3:30 p.m. Ceramics class.

Tuesday: 9:30 a.m. Cake decorating demonstration by Charlene Langley; 2:30 p.m. Stained glass demonstration by Sara Probasco; 6:00 p.m. Francis Mitchell will show slides of her China trip.

Wednesday: 2:30 p.m. Bingo with Senior Citizens; 6:00 p.m. West Side Church of Christ Choir.

Thursday: 2:30 p.m. City Park Church of Christ will host "The Birthday Party"; 4:00 p.m. West Wind Band.

Friday: 9:00 a.m. Della Plains Vocational School visits; 2:00 p.m. Della Plains Vocational School visits; 6:00 p.m. Hamburger cook-out for residents, their families and the staff.

There will also be visits and programs during the week by several school classes and the 4-H clowns will entertain for everyone. Please come out anytime during "Our Week" and enjoy "living" with some delightful and beautiful people!

A group of children from St. Mary's Magdalen Church brought cookies and Sunshine Cards to all the residents. Thank You, for sharing your time and love with everyone on your Saturday afternoon.

Ida Mae Smith baked two huge pound cakes for the residents. Thank you, Ida Mae. This was so appreciated. Evelyn Pierce took Bennie, Addie, Iva, Emmitt and myself to Georgia Mae Smith's solar home in Blanco Canyon on Thursday afternoon. This was really a treat for all of us.

Bits of Humor, Trivia, and an occasional Word of Wisdom

Education is what you get when you listen to a group of teenagers for a couple of hours.

To err is human, but when your erasers keep wearing out before your pencils do, watch out!

The Golden Rule is of little value, unless you realize that YOU must make the first move.

Sign in a store window: "Drop off your clothes at our cleaning shop and receive prompt and individual attention."

Confession may be good for the soul, but it sure can be bad for the reputation.

Quite often when a man thinks his mind is getting broader, it's really just his conscience stretching.

Notice in the newspaper: "Youth choirs of St. Paul's Church has been disbanded for the Summer with the thanks of the congregation."

Good sermon: One which hits the man who wasn't there.

A burglar is also one who hits the man who wasn't there. Be sure that your home and business are secure whether you're at home or away. Install quality deadbolt locks NOW, while the "horse is still in the barn".

By Mrs. Murray Julian

South Plains, May 10th
Mothers Day was a beautiful day on the plains, and there was visiting with mothers who live away from here, and visiting with those who are near.

It still is very dry here, and we are all wishing for rain. Farmers are ready to plant their cotton and some are planting their cotton ground dry, and will water it up, if the rains do not come. We have had lots of wind this spring.

Mr. and Mrs. Bill and Rhonda Parker from Marrero, Louisiana, came here Thursday for the Mothers Day week end to spend it with her parents, Mr. and Mrs. Leighton and Juanita Teeple here at South Plains. They flew here and Saturday in the Teeple home to visit with Rhonda and Bill were Mrs. Edna Gilly, Mrs. Mildred Hamm, Mrs. Clara Redd of Floydada and Mrs. Jeaneva Huff of Amarillo.

Mrs. Letha Mulder had Mothers Day dinner in Floydada with her children, Mr. and Mrs. Nathan Mulder, Cindy, Penny, Cory and Jimmy.

The South Plains Hobby Club which was to have had the May meeting in the home of Mrs. Neta Marble, was postponed last Wednesday because of a death in the family. The new time of the luncheon which has become a ritual with Mrs. Neta Marble as hostess. The

South Plains News

program will be, "Color Me Beautiful," by Mrs. Glynne Earle Cummings. Remember the day, May 18th at 11:00 a.m. for your Hobby Club meeting.

Mrs. Fred Ray passed away in Haskell on Monday of this week. She was the aunt of Mrs. Oleta Wilson and Mrs. Billy Staniforth. Funeral services will be held this Tuesday, at 10:30 a.m. in Haskell, at the Church of Christ. Mrs. Ray was in a convalescent home at the time of her passing. She was the mother of Mrs. Evelyn Marr. Those going to the services from our area are Mrs. Billy Staniforth, Mrs. John Wilson, and Mrs. Letha Mulder.

Mrs. Ruby Hingginbotham went to Amarillo this Monday to visit her sister, Mrs. Edith Guggenheim and her husband who has been ill.

Mrs. Alvin Nichols and her daughter, Mr. and Mrs. Glen and Ruby Jewel Whitfill of Sweetwater came to Lockney Friday for the funeral services of Mrs. Nichols' brother, William Johns Cox, who died Wednesday in the Central Plains Hospital in Plainview after a lengthy illness. Mrs. Nichols formerly lived here at South Plains, and we extend our sympathy to her and her family.

Mr. and Mrs. Harold and Mildred Hamm went to Arlington on Friday the week end before this to spend with their

youngest daughter and family, Arlaine and husband Mike and baby son, Aaron. Later on after the week end they went on to the Sam Rayburn Lake, then to Toldedo Bend, and all around there where they enjoyed the spring flowers, and the trees, and seeing all that part of Texas. This Mothers Day they were here at home and had a daughter, Mr. and Mrs. Jeaneva and Pat Huff and Duane from Amarillo, and another daughter, Mr. and Mrs. Annelda and Howard Staples, and their three children with them for Mothers Day.

Mrs. M.M. Julian left Friday for Roscoe where she spent the week end with her son Mr. and Mrs. Terry and Leona Julian. Sunday morning she attended church with relatives at the First Presbyterian Church in Sweetwater, and went to night services at the Roscoe First Baptist Church. Sunday

she had Mothers Day dinner with a host of relatives and loved ones at the home of Mr. and Mrs. Harold Althof. The weather down that way is dry and windy, also, and they are hoping for rain.

Having Mothers Day dinner and the day with Mr. and Mrs. Dwight Teeple, Bryan and Keith were Dwight's mother and father Mr. and Mrs. Leighton and Juanita Teeple, and his sister, Mr. and Mrs. Rhonda and Bill Parker visiting here from Marrero, Louisiana. Dwight prepared the barbecue dinner for his parents.

Women's Fellowship met

The Christian Women's Fellowship of First Christian Church met Monday night, May 9, in a regular meeting that will close this church year. The fourteen women present enjoyed a bountiful salad supper and fellowship before participating in a service to install the officers for the next year, 1983-84.

Karen Bunjes conducted the impressive installation service, stressing the theme of The Ministry, Past and Present. She paid tribute to the ministers who have served the church, to the members of the congregation as lay ministers, and to the CWF officers and members in their responsible role of ministering and witnessing.

In a beautiful candlelight ceremony, the following officers were installed:

Diann Lobban, President; Lorrie Farris, Vice-President; Mattie Wester, Secretary; Ethel Carmack, Treasurer; Hazel Bradley, Study Chm; Nancy Hagood, Worship; Pauline Pierce and Lucille Lobban, Service.

Karen closed with prayer and a communion service.

In the business session, the group voted to help the Christian Men's Fellowship with the purchase of the new lawnmower for the church. Summer projects were considered; and, a Tasting Bee and a Harvest Bazaar were discussed.

The CWF will resume regular meetings in the fall, beginning with the first meeting on September 12th.

May 9, 1983: Mothers Day has come and gone and I am still getting Mothers Day cards.

At church we had beautiful new babies, and all kinds of corsages for most ages. Beautiful.

I had a nice surprise Saturday. A granddaughter and family of Lubbock came over - My Mothers Day visit. And my children did not forget to call-three of them on Sunday another in person. Thanks children! I know I speak for all those mothers a good sermon, too.

Thirty-three players entered and formed eight teams which played to a close finish. The tournament was concluded with a tie breaker and the winning team was Clay Simpson, Brad Hagood, Kerry Pratt and Floyd Starkey. Pony Langton won the \$15.00 gift certificate from Hale's Dept. Store for being closest to the No. 2 pin. Brad Hagood won the other \$15.00 gift certificate from Anderson's Dept. Store for being closest to the No. 8 pin. Johnny Harris supplied the barbecue, various board members donated the trimmings, and Caprock Hospital donated utensils and misc. The American Heart Association would like to give special thanks to Ronnie Rosson for donating his time for organizing the teams and donating golf balls, and also thanks to Jay Plunkett, his assistant. Thanks also to Hale's, Anderson's, Ponderosa and Caprock Hospital for their help. Of course the volunteers who worked Saturday helped make it an enjoyable project.
