### HOFFMAN PARAGRAPHS.

The recent rain has enabled the farmers to go to plowing again. An extensive wheat crop is being sown.

Mr. Black who has been teaching school at Paloduro, left Friday for Stony, Texas, where he will teach this winter.

An entertainment was given at the home of Mrs. B. T. Johnson in honor of Miss Lyon, our teacher, who left last week for Hansford, where she will teach this winter. After having music and refreshments and a delightful time all disbanded, wishing her much success in her work. She taught us a fine school.

A. B. Cage and family were guests of T. Lester at Umbarger Sunday.

Joe Rhinehart has gone to the George Day place to live.

E. A. Pierce went to Canyon Monday on business.

Miss Idle Hitchcock visited Miss Beulah Ballard at Canyon last week.

We are very much in sympathy with our bachelor nabor, Jesse Pierce. Think it would be charitable to secure for him either a wife or a calendar so he can reckon time correctly and not mistake Saturday for Sunday.

F. Hoffman and wife left last week for South Dakota to attend the marriage of their son, Ferd.

A certain young man of our community was seen in Canyon last Friday going up and down the streets with chickens in his hands yelling, "friers on this side and broilers on the other." Of course they were with a "Cage." We are told he got a good price for them.

Mr. Meeks and wife of Arkansas, have located in our community, stopping at the Weller place.

D. B. Coghlan went down in the Pecos Valley prospecting.

Will Patterson left last week with his mother for California.

Mrs. B. T. Johnson was made a believer in advertising through our paper, as the lost cape came around all right. Thanks to the finder.

Miss Ora Cage went to Canyon Friday shopping.

Several attended the show in Canyon Wednesday.

Miss Luna Hitchcock, engaged as a milliner at Amarillo, visited her parents Saturday and Sunday.

TASSIE.

### Park Reception Committee.

EDITOR NEWS: The following persons have been appointed as the reception committee of the delegates attending the National Park Convention, to convene here November 12th, viz:

All the county officials, all the city officials: Judge L. C. Lair, A. H. Rife, John Rowan, Sr., J. H. Hall, Joe Garrison, Charles McAfee, B. F. Buie, Dr. Ingham, John Knight, C. T. Word, C. O. Keiser, Wm. Willard, W. T. Moreland, J. C. Pipkin, Chas. Burrow, John Rusk, J. A. Wallace, C. P. Hutchins, L. G. Conner, J. L. Prichard, E. H. Ackley, Dr. J. B. Latham, Dr. D. M. Stewart, Dr. Parsons, C. M. Thomas, U. S. Gober, W. F. Heller, L. E. Cowling, R. G. Oldham, J. D. Gamble, Oscar Hunt, Brent Taylor, A. M. Smith, R. M. Peeler, A. H. Thompson, T. C. Thompson.

Said committee, with such other assistants as it may select, will be expected to convene and adopt and carry out such program for reception as it may deem proper.

JASPER N. HANEY,  
J. C. HUNT,  
A. S. ROLLINS,  
Committee of Arrangements.

Receipt books with stubs at The News office.

## SEEING IS BELIEVING

Are you able to tell the difference between clothes of real value and those of mere appearance of merit. Probably not.

## YOU CAN AVOID

taking chances by buying the R. & W. Clothing which we sell.

## BESIDES The Gratification

of satisfactory wear you will also enjoy the distinction of being well dressed.

## OUR VARIETY

has been selected from over five hundred patterns, linings, trimmings and even the buttons have been chosen with the idea of creating the very best possible values.

Our stock in SHOES has also had the same careful selection as the Clothing and we know that we can please the particular buyer in price as well as in quality.

## CANYON CITY SUPPLY CO.

### OUR NECESSITY FOR GOOD ROADS.

To the Road Overseers of Randall county.

Gentlemen: The time has arrived in our county at which the success and prosperity of our citizens demand good roads. Nothing will so encourage investment, conduce to the encouragement and success of agricultural pursuits, as good roads connecting the farms with the markets. You are made the custodians of the public roads in your precincts and are responsible for their condition.

The Statutes say that "every overseer shall cause the roads through his precinct to be worked twice in each year" and it further makes it your duty to report at the February term of the Commissioners' Court each year, under oath, the condition of the roads in your precinct, the number of times you have worked them, etc. As presiding officer of said court I shall expect full and favorable reports from you. Warn out all the hands required to work and in addition thereto, employ on judicious terms; good teams and hands to put the roads in good condition. Personally superintend the work, keep a correct record of all the outlay of time, expense and labor of yourself and employees, above what you and they would be required to give free under the road law, report the same under oath to the Commissioners' Court for allowance out of the road and bridge fund.

I would also urge each County Commissioner to thoroughly examine the roads of his precinct, to direct and supervise the improvement thereof and to urge upon overseers the importance of improving our roads. Let us all work together in this important enterprise in the interest of Randall county.

Respectfully,  
A. N. HENSON,  
County Judge.

Fresh vegetables, beef, veal, pork, bread and butter, dressed hens at Canyon Market. Phone 172.

# Cooking Exhibit'on

OF THE

## Great Majestic Malleable and Charcoal Iron Range

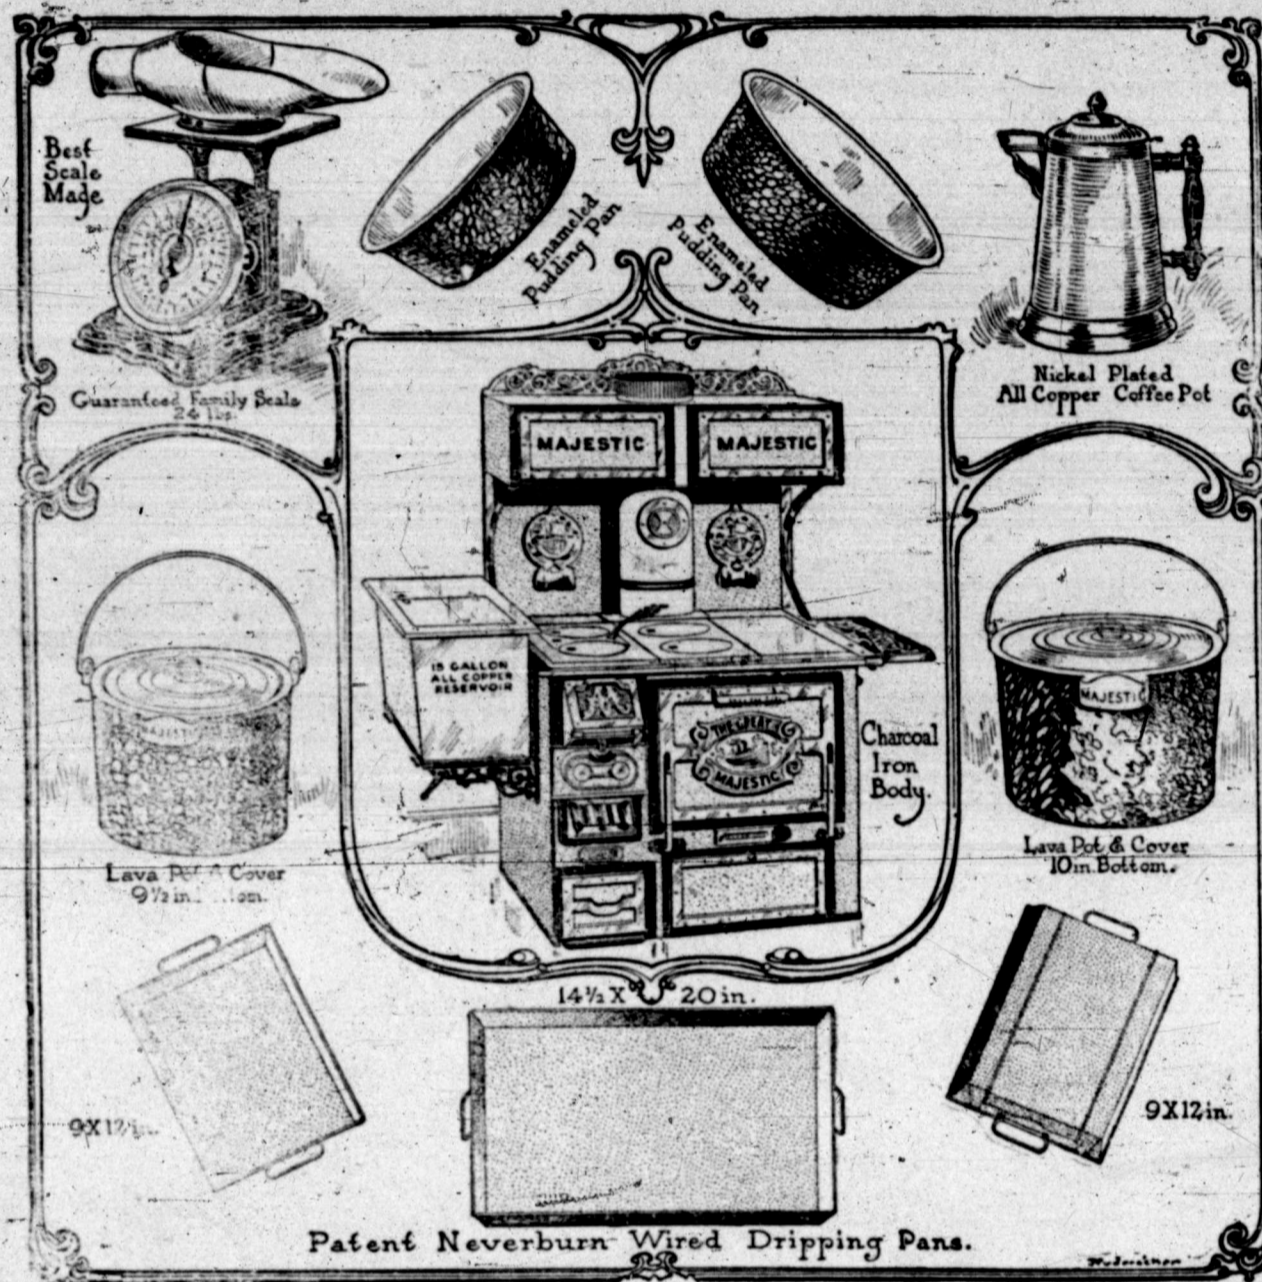

### NOW GOING ON

**FREE!**  
\$7.50  
**Set of Ware**

With every Majestic Range sold during this Cooking Exhibition, we will give absolutely FREE one handsome set of ware as shown. This ware is worth \$7.50 if it is worth a cent. It is the best that can be bought. We don't add \$7.50 to the price of the range and tell you you are getting the ware free, but sell all Majestic ranges at the regular price. You get the ware free. Remember this is for exhibition week only. Ware will not be given after this week. This ware is on exhibition at our store, and must be seen to be appreciated.

Come in any day during the week. Make our store your headquarters. Have coffee and biscuits with us.

**Come if you wish to buy or not; the information gained will serve you in the future.**

#### Facts About The Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickered Reservoir heats the water quicker and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection, not only for a few months, but for all time to come.

A Great Majestic Range lasts three times as long as a cheap range, but it doesn't cost three times as much.

**PROOF**—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic Ranges are made, will prove to your satisfaction, that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

#### A NEW COURTHOUSE.

There is considerable talk in favor of a modern new stone or brick courthouse and jail for Randall county. Such things, when needed, if built of proper capacity and substantially are a good investment for all time.

The courthouse we need now, not only because, as some truthfully say, the present one is unbecoming when compared to other improvements about the town, but because the present structure is inadequate, unsafe and because further—if we fail to grasp the opportunities now presented, we may never get it. The jail we could, perhaps, dispense with right at present, but we will want that too as soon as our Illinois friend, who was in The News office the other day, gets enough of his Republicans down here to put vote us Democrats. Lots of need for a jail then and as these Republicans are "dead sure to come in force enough to take all

the offices"—so said our Illinois man, why not have the jail also now and be ready for 'em?

In discussing this courthouse question The News editor wants to do it from the standpoint of a citizen—one of those who will foot the bill. He has, at present no other intention save that of making Randall county, in town or country one, his home so long as he may live and when he dies be buried within its confines. He favors the building of the court house as soon as possible for several reasons and among them the following:

**FIRST**—The vaults are insufficient in size and unsafe even as they are. In case of fire the chances are about nine out of ten that all the county records would be lost. Just think for one moment what this would mean to the small real estate owners of the county. How would we show title when we wanted to sell? And if we did not want to sell, how could we show title in ourselves if the same were properly made an issue in court? A satisfactory answer to this question will be thankfully published by this paper.

**SECOND**—As under the present law a majority vote of property taxpayers will be required as authority upon which to issue the bonds if Amarillo continues to swarm over the line as she is now doing, where and how are we going to secure that favorable majority when we must have a courthouse and jail? Surely there is no one among us so foolish as to believe that Amarillo

citizens will vote a tax on themselves for the benefit of Randall county.

**THIRD**—By an offset of credits against liabilities Randall county is practically out of debt and therefore abundantly able to build the courthouse.

**FOURTH**—An issue of bonds, running say thirty years at five per cent, can easily be floated at par and as we must have a courthouse in a few years and in waiting for then patch the old one now, why not go the whole hog at once so that those of us who are here to stay can enjoy the thing as we go along?

Amarillo, in a county not half as good as Randall in quality, can and does point out her magnificent courthouse and jail to all comers as an evidence of county thrift, county pride and county progressiveness. Can we do it, and if not why not?

"It benefits the town most," said a county ranch owner in the presence of The News man last week. The News denies this in a general way, but say that it does, is it not a fact that at the present time Canyon City, like Amarillo and Hereford, is about the whole thing as compared to their counties when votes are counted?

This courthouse and jail matter, as The News now conscientiously sees it, is a golden opportunity—not likely to come again soon—for Canyon City, and a good thing for Randall county, and the right time to go after it is now.

The News is not unmindful of

the fact that some excellent Randall county citizens oppose its views on this question. To such it would say, in all kindness, come enter our columns over your own signatures and let us reason together.

#### KEEP A-GOING.

Of all the central Plains towns not one is so blessed naturally as Canyon City.

We have water, good water and to spare.

The townsite rolls enough that with a very small expenditure of money, as compared to other Plains towns, we could have perfect drainage.

We have cement sidewalks around the public square, from there on to the depot and going along up the two principal streets to a connection with the churches and public school buildings. More are talked of and with a very little encouragement will be laid. A good example is catching here as in other lines of civic improvement.

The business portion of the town, around the square and a block each way out, has been graded by the city government and this good work is even now being extended westward and is to be pushed, so the city authorities say, as far as public money will reach.

An electric light and ice plant, a home enterprise of ample capacity and of the first class of its size, is being installed and other things equally modern and useful are under serious considera-

tion by practical men.

The things mentioned along with the substantial brick business houses erected last year show to the world that we have confidence in one another, in the town and above all in the fertility and productiveness of the surrounding country. Strangers comment on these things, on our general cleanliness and consequent freedom from sickness. True we have not reached the high mark in these respects attained by towns of our size in the middle States, but in comparison with other Panhandle towns and age considered, we are getting there and we ought to and must—keep a going.

As already stated, nature has done much for Canyon City but nature alone never made a modern town—the citizens must lend a hand. We have made a good beginning and must stick together like wax and keep a going for all that tends to make Canyon City one of the most healthful, most progressive and most beautiful towns on the Texas Plains.

#### For Chronic Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says Geo. M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief until Mr. A. W. Miles of this place persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by S. V. Wirt, druggist.

#### Even Ministers and Teachers Subject to Indictment.

It seems not to be generally known that a law came into effect Sept. 4, 1907, requiring "Churches, schools, opera houses moving picture shows, hospitals, hotels, boarding houses, restaurants, meat markets bakeries, confectioneries," and all public buildings of every kind, to be swept daily as used. And to kill disease germs, and keep down dust floors must be sprinkled before sweeping with a disinfectant solution approved by the State Health Department. The law makes all "teachers," "ministers," "stewards," "Trustees," "officers," "agents," "managers," "owners" et al., "severally and jointly responsible," "guilty of a misdemeanor," and subject to a penalty of \$50 to \$200 for non-compliance. Ask your county attorney or health officer.

N. B. Don't misunderstand us. We are not going about filing complaints against those who violate the law. Our business is the drug business, but the demand from our customers requires that we handle a disinfectant. Our aim being to "give better goods for the same money, or the same goods for less money" we offer you the Crescent Disinfectant to help you out of your dilemma. Cheap, Efficient, Safe.

Yours for Service,  
THE CITY PHARMACY.

James McCord died Saturday at his Missouri home.

**TOWN & COUNTY**

PERSONAL AND OTHER MATTERS  
THAT CONCERN OUR CITIZENS.

I. L. Hunt has been visiting relatives at Lubbock this week.

Mrs. A. H. Brown of Dallas, is visiting her brother, E. H. Ackley.

Halloween last night. At least one party was given—at the Methodist parsonage.

Mr. and Mrs. F. M. Lester returned Saturday from a long visit to Plainview.

J. M. Cooper and family will leave us this week or next for Lake Arthur, New Mexico.

Thompson Hardware Co. are giving free a handsome set of ware, well worth \$7.50. See advertisement in this paper.

The next meeting of the Woman's Book Club will be on Wednesday, Nov. 13, at 4 p. m. at the home of Mrs. S. L. Ingham.

The Fort Worth Record indicates that representatives from that city will be here to attend the National Park convention on the 12th.

Read The Thompson Hardware Co's advertisement in this paper and you will not wonder why they have such crowds every day.

The News is of the opinion that the new courthouse proposition should be discussed at our next Commercial Club meeting.—Why not?

Mrs. Frank Simms called in Tuesday to get some extra copies of last week's News containing Keiser Bros & Phillips picture of the T. C. Simms place.

S. G. Moore was in town Saturday. He is teaching school now near Groom in Deaf Smith county. Prof. Moore is a good teacher—his record here was alright.

Dr. W. S. Grimes, of Wapello, Iowa, is here visiting his son-in-law and daughter, Dr. and Mrs. Ingham. He arrived Saturday and departed for home yesterday.

You are cordially invited to attend our exhibit any day this week. Come and have a cup of coffee and hot biscuit if you intend to buy or not. Thompson Hardware Company.

Dr. Black on Monday bought from Judge J. M. Vansant his residence and acreage property north of the railroad at \$2500 cash. This is a nicely improved place and a bargain at the price.

Keiser Bros. & Phillips are having a deep well put down on their office property and are otherwise materially improving the place including the lots recently purchased from L. G. Conner.

T. H. Rowan on returning from his northern trip last week went to bed sick. He was reported as having a mild case of typhoid fever. He is out this evening. Geo. Hutchins who has had this fever for sometime, is getting well.

Good roads are as essential to the public welfare as good public buildings and referring to the County Judge's instructions to road overseers elsewhere in this paper we urge that they be carried out both in letter and in spirit.

The big Majestic Walking Cake was baked, crushed down by ladies as advertised, rose up as promised and then cut and distributed to an admiring audience at the Thompson Hardware store yesterday evening. The News Missouri reporter, present to get the full particulars, became so infatuated with the scene generally and the inspiring beauty of some of the young ladies present that the only details he succeeded in returning with to this office was a good slice of the cake in question. It was good.

I. W. McClure has engaged himself to build a residence for John Vonholt, an Iowa man, who owns 160 acres four miles southwest of town.

Mr. and Mrs. Frank Ames left here Wednesday of last week for a visit to their farm near Cordell, Oklahoma. They may move to Cordell later on.

Mrs. J. T. Jowell, her daughter, Miss Annie, and son, Roy, of Hereford, visited Mr. and Mrs. L. S. Carter a few days this week, returning home yesterday.

A. B. Axtell left yesterday evening for Floydada. He says preparations for the building of the railroad, of which he is chief engineer, are going right along.

J. H. Jowell has purchased the interest of J. M. Gorman in the King & Gorman grocery and from now on the business will be conducted under the firm name of King & Jowell.

A canning factory enterprise as referred to by Judge Haney elsewhere, is alright, but a packing enterprise would find the hogs ready and be a fair better investment.—Both wouldn't hurt.

Another Iowa settler came in Saturday with his car, E. M. Cornwell from Franklin county. He owns a quarter section 10 miles southwest of town and will move on it as soon as he can build a house.

"The Hereford Democrat" is the name of a new paper at Hereford. The plant was moved from Texico and if any town in the Panhandle will furnish nourishment for two print shops Hereford is the place.

Hereford went to the Dallas Fair last week in pretty fair force and armed, too, with field products and advertising material. Among the latter was 5000 folders talking up Hereford and surrounding country.

We notice with satisfaction that the Memphis ladies have with one accord decided to go to the theater without those wide spreading hats. This is modern and clever.—Hall County Herald.

And why not the same cleverness and consideration be carried to church also?

J. D. Gamble's driving mare got scared at the circus parade on Wednesday and attempting to run over the fence broke down a post and so tore up a forearm on some big nails as to be disabled for some time if not permanently injured.

The Hereford Brand, usually so unselfish about Panhandle progress had not one word to say about the National Park question. Many other Plains papers, much less interested than is Hereford, had a good deal to say and all favorably, but "nary" a word from Hereford.

Mrs. M. A. Scott left on Saturday evening for Memphis where she will visit her daughter Mrs. Bradley a few days and then go to New Hope where her son, Elder A. K. Scott resides. She expects to be away several months and relies on The News to keep her informed of what is going on here.

Publishing the Park resolution providing for the convention to be held here Nov. 12th, the Clarendon Banner, Stockman says:

We believe all the people adjacent to the section under discussion will be in favor of the bill being passed, and the Banner-Stockman trusts that the meeting called in the above resolutions will be well attended and that something may be done which will aid in the establishment of the park.

W. H. Hicks, who left Thursday of last week for the State Fair at Dallas, returned home Sunday. He says the Fair is well worth going to if the bigger part which he had not time to take in is in keeping with what he did see. He was on the fair grounds two days only and regrets that business engagements prevented his remaining for a week or even more.

Mrs. R. A. Sowder who accompanied her father, Mr. Earhart, to the Dallas Fair last week returned home Saturday.

The News estimates that seven-eighths of the population of Randall county went to the Sells-Floto shows Wednesday. In point of size it was the best thing that has ever visited Canyon City; its menagerie was good, the animals being in fine condition and the acting in the show proper, especially of the six large, well trained elephants and the trapeze performers, was excellent. The show people themselves, a big crowd too, are a nice lot. It was well worth the money and Canyon City will be glad to have them come back another season.

**Of One Mind.**

The Amarillo Daily Panhandle of Oct. 24th, after publishing the resolutions of our Commercial club touching the Park Convention call for this place on Nov. 12, says editorially:

A large delegation from Amarillo should attend the convention in Canyon City on Nov. 12, when steps will be taken to urge the purchase of Palo Duro canyon for a national game and park reserve.

The Daily Panhandle is heartily with us—all Plains papers and towns should be of one mind on this question.

**Local Weather Record.**

Pleasant this morning. Light wind from the north, clear and cool. Yesterday and indeed the past six days excepting "circus day," has been rather troubled weather; not to say cold or bad, but "rainified" and threatening and not altogether threatening either, for we have had some rain, more in fact than welcome just at this time.

Some alfalfa and other hay stuff yet to save.

Wheat is doing well and looks fine.

Bryan's Commoner and The News, both one year \$1.75.

**Plant Trees! Plant Trees!**

The News from time to time has considerable to say about the value of trees in a town like Canyon City. You really cannot get out too many nor can you do it any too soon.

Nothing will so beautify the home as trees and shrubbery and nothing for the money invested and the pains taken will yield so great a return.

Of all times of the year the fall is the very best time in which to set out trees. While the body rests during the winter months the roots go down and laterally and when spring opens there is something for the body of the tree to draw from.

The recent rains have put the ground in excellent condition for the planting of trees and those of our citizens who take advantage of it and set them out without delay will never regret the small outlay of cash necessary or the time spent in doing the work.

If you take this question up now, even for passing notice, remember that one tree planted right now, under prevailing conditions of moisture, may well be worth two or three set out in the spring of the year.

**Fifty Years a Blacksmith.**

Samuel R. Worley of Hixburg, Va., has been shoeing horses for more than fifty years. He says: "Chamberlain's Pain Balm has given me great relief from lame back and rheumatism. It is the best liniment I ever used." For sale by S. V. Wirt, Druggist.

**Christian Church Services.**

Elder Giddens of Claude is to preach at the Christian Church Sunday morning and at night. Elder Sam T. Shore, of San Angelo, who conducted services there Sunday Oct. 20th, has been engaged as pastor but writes that he will not be able to come until Jan. 1st.

**GET THIS BY HEART.**

You may not be able to distinguish the man who makes good when walking down the street with thousands of his fellow citizens. But the moment you step into the office where he is employed, the factory in which he works, the church in which he preaches, or the bedside by which he practices, you recognize him at once.

He may be a little, insignificant-looking fellow, but there is a breezy manner about him that compels attention. He may weigh like a Taft, but you forget his obesity in his ability to make the wheels go round. He has a swing and a step born only of accomplishment. He is neither gay, gaudy nor garrulous. He is neither sleepy, sloppy nor slimy. He is manly, mannerly and methodical. He knows when, where and why. He has the happy faculty of arriving at exactly the right time and place. When he lands he lands squarely with both feet pointing forward. "The man who makes good is master of the situation! He is not compelled to ask privileges or make apologies in order to hold his position. He is not treated as an inferior by those who hold more responsible positions, paying larger salaries, for these men know that he is using the actual talents of mankind for the accomplishment of usual work. Unusual mental power, unused, does not equal unusual mental power used! The man who makes good never whines! He is never compelled to do the baby act or work the sympathetic racket.

His work speaks for itself. It is the testimony of the faithful fidelity of a conscientious worker. The man who makes good is not content to rest on past accomplishments. Every act of making good is an incentive to further attempts in the same direction. The past, therefore, gives impetus in the present and strength for the days that are to come.

The man who makes good is always in demand. He need not worry about positions. If, through necessity, he must make a change, other men in the same line are only too glad to give him employment. There is only one class of people who should be compelled to hunt for work—those young men who have not yet had opportunity to make good and show their worth to employers who will appreciate their ability in the work that is congenial to their tastes.

The majority of men who knock from pillar to post are men who failed to make good in the days when the currents of life flowed swiftly in their veins. Every once in a while you hear a man of 60 and upward called to the superintendency of some business establishment or tendered a position where brains are required rather than muscles. Such a call is a living witness to the truth. In the days of youth he made good.

When you hear of men complaining that they have no chance, explaining, they are life's unfortunates, sitting down and letting children support them, you may hang it on your walls as a truth that they have wasted life, been querulous, insubordinate, impractical, or have not used their brains for the men for whom they worked in the days of opportunity. There is no necromancy about life! It proceeds on definite and prescribed rules, obeys laws and accomplishes practical results. He who obeys life's law need not fear the long, cold, barren and unproductive years between 60 and 80. Take time to study the lives of men who have not made good! You will find they failed to lay strong foundations of education, missed opportunities, and esteemed selfish interests and pleasure of more moment than employers' work. The man who makes good knows that his employer has a

right to every minute of his time, his best work, his highest endeavor. He does not watch the clock! He does not dally! With him the greatest thing during the working hours is his employers' interests. The man who works in that spirit never fails to make good.—John Anderson Jayne in St. Louis Times.

**Another Railroad for Canyon City.**

The Daily Panhandle talks of the chartering of another railroad from Kansas via Amarillo coming south. It may be after the manner of other Panhandle lines "talked of," a boom scheme, but if not and a sure enough railroad is projected it is bound to come by Canyon City and in that event it would be the very making of the town. The Amarillo Panhandle account reads on this wise:

A Guthrie, Okla., dispatch in the Dallas News gives the following account of the chartering of a new company in Oklahoma to build a line of road to Amarillo: The Kansas & Texas railway was chartered today to build several hundred miles south from Garden City, Kan. via Guymon, Okla., to Amarillo, Tex., thence southeast to Houston, Texas. The estimated cost is \$5,000,000, for which sum the road is capitalized.

In Kansas the road, will cross the counties of Finney, Haskell, Frank and Stevens, in Texas the counties of Hansford, Hutchinson Moore, Potter, Randall, Swisher, Floyd, Dickens, Stonewall, Jones Calahan, Brown, Comanche, Hamilton, Coryell, Bell, Milam, Washington, Wallace and Harris.

John H. Barnard, of Boston, is the principal incorporator associated with him are J. L. Gilson, C. M. Funk, G. W. Gilson, J. R. McCullow, W. C. Crow and Earl Gilson, of Guymon.

In connection with the account given in the News, it is stated on local authority that moves have been made toward securing right of way for this latest railroad project and that guarantees for part of the route are already made. To most people here, however, the Guthrie report comes as an entirely new proposition. From here to Garden City, Kan. the road would traverse a rich and rapidly developing territory, now without railroad facilities. South from here the proposed line makes thro' a new country for the same terminus as that for the contemplated Brownwood Texico extension of the Santa Fe. It would give, on a shorter mileage and more favorable grades than any other route in existence, an outlet for middle and western Kansas and for all of western Texas to Galveston.

**Why Colds Are Dangerous.**

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases Diphtheria, scarlet fever, measles and whooping cough are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by S. V. Wirt, Druggist.

It is confidently expected that Amarillo will be running over with Methodists next week. The Northwest Texas Annual Conference convenes there Tuesday and as the territory covered includes Brownwood on the south, Corsicana on the east and all this way to the New Mexico line the number of representatives is bound to be "legion." Good for Amarillo that Methodists don't require "much water."

**LOCAL GRAIN MARKET**

The quotations here given are from the Canyon City grain dealers and show the market the day before the issue of this paper. The prices are for grain in sack unless otherwise stated.

Wheat, No. 2, bushel	\$00 85
Oats, best, bushel	55
Corn, best	60
Maize, threshed, bushel	50
Kafir corn, threshed, bu.	50
Maize and Kafir in heads, new crop, ton	10 00
Millet hay, per ton	10 00
Johnson grass hay, ton	10 00
Alfalfa, per ton	12 00
<b>Chickens and Eggs</b>	
Fryers, per dozen	\$3 00
Eggs, per dozen	25

**A Canning Factory.**

Mr. Editor: The people of Canyon City and surrounding country could in no other way develop the prosperity of all interests by an investment of seven to ten thousand dollars as could be done by erecting a canning factory sufficient to properly put up all the vegetables and fruits that could be produced by five to ten thousand truck farmers and fruit growers.

Such an enterprise would aid the land agents, land owners, merchant, consumer and the laborer. The time and opportunity is now at hand. What will Canyon City do? If the people are disposed to develop such industry will submit facts, statistics and program as to the results in other places no more favorably situated for such enterprise than is Canyon City. What say you?  
JASPER N. HANEY.

**Call Meeting of Commercial Club.**

President Geo. A. Brandon: Please call a special meeting of the Commercial Club and citizens of Canyon City to convene at the court house Saturday, Nov. 2nd, at 2 o'clock p. m. to assist in devising ways and means for entertaining the delegates attending the Palo Duro National Park convention to be held here Tuesday, Nov. 12, 1907.

JASPER N. HANEY,  
J. C. HUNT,  
A. S. ROLLINS,  
Committee.

Responding to above request the special meeting is hereby called and a full attendance is earnestly solicited.

GEO. A. BRANDON,  
President C. C. C.

**Plains Good Enough.**

"I lived down in Ford county before I came here," remarked Mr. J. M. Harris to us yesterday, "and when I told my wife I was going to move to the plains, she was uneasy for fear we would come to want. I said, 'You have never wanted anything since we've been married, have you?' 'No,' she replied. 'Well, I said, 'trust me and we will go to the plains, and you'll never want there either.' 'I have been here several years and have always made plenty. Had I sold every year the maize, cane and kaffir I have raised on my 85-acre farm, I am safe in saying, I would have realized more than \$1200 or something like \$15.00 per acre. No, I don't want to sell; the plains are good enough for me.' —Silverton Enterprise.

The kickers on the farm are by no means as hard to get along with as the kickers in town. On the farm there is the kicking cow and our long eared friend, the mule, while in town there is the old mossback who wants all the municipal improvements without paying for them. The cow may be sold for beef, the mule traded for a shotgun, but nothing but a funeral will get rid of a town kicker, and then when this event comes the editor is duty bound to tell how sorry all were that he was called away, when just in the prime of life—  
Ex.

**REMEMBER!**  
If you are in the market for anything in the way of Lumber, Doors, Sash, Moulding, Lime, Cement, or anything else usually kept in a first-class Lumber Yard,  
**THAT WE MAKE THE PRICES**  
and are at all times pleased to serve you most courteously.  
**Fulton Lumber Co.**

**Electric Lights**  
**WILL BE ON IN NOVEMBER**  
For a limited time all necessary wiring will be put in business houses and residences free. When the fights are ready you will pay only for what time you use them. Make arrangements now.

Canyon City—the place for a great city. Abundance of running water; natural drainage; located on the Santa Fe, now being made the trans-continental line from Chicago to California. The Santa Fe (Gulf line), is now building South from Canyon City. Randall, is the best county in the Panhandle. The general price of land is from \$7 to \$25 per acre. Property in town a specialty. Don't fail to see me.

"We Walk On Stars. So Can You"  
**The Family Shoe Store**  
That is what we are. One reason is because in the "OUR FAMILY" line of "STAR BRAND" shoes we have a shoe for every member of every family. Think what it means to have all your family shod economically in well-made, well-fitting and service-giving shoes. "OUR FAMILY" shoes are made by experts in big specialty factories from soft, pliant, good wearing, box calf leather. The men's and boys' are Goodyear Welts which means that the soles are flexible and that there are no tacks, wax or threads inside to hurt, burn and blister the feet. Being reinforced under the instep with a brass clinch fastening, they cannot rip. Prices are reasonable—Men's \$3.00 to \$3.50, Boys' \$2.50 to \$2.75, Youths' \$2.25 to \$2.50, Little Gents' \$2.00. The women's, misses' and children's shoes have a metal clinch sole retainer; the soles can't pull apart. "OUR FAMILY" shoes for Women are \$1.75 to \$2.00, Misses' 12 to 2, \$1.50 to \$1.65, Children's 8 1/2 to 11 1/2, \$1.35 to \$1.50, 5 to 8, \$1.10 to \$1.25. The star on the heel and the name "OUR FAMILY" on the sole of each shoe is a guarantee that they are honestly constructed and full of satisfaction.  
"STAR BRAND SHOES ARE BETTER"  
To see them is to like them. Come see them.
