

F. M. NEAL IN FIRST SERMON

THE REAL CHRISTIAN DOES THE LITTLE THINGS.

In his First Sermon, Rev. Neal Points out the Essentials in a Good Christian Life.

The new pastor of the Methodist church, Rev. F. M. Neal, arrived in the city Thursday with his family from Claude and on Sunday morning preached his initial sermon before the local congregation. Mr. Neal made a happy hit with the congregation in his first remarks and in the numerous introduction of himself and family. There was not a member of the congregation but realized before Mr. Neal began preaching that the local church had been given a young man with force and earnestness and that during his ministry here would always have a warm place in the heart of each one of his partitioners and the entire support of the church membership. The great earnestness of his personality and the forcefulness of his words gained him the good will of his hearers which deepened as the service proceeded.

Rev. Neal chose for his text the following words from Matthew, "But whatsoever will be great among you, let him be your minister; and whosoever will be chief among you, let him be your servant." The speaker pointed out the fact that there is a general disposition to pass by the little things of life. Ambition to great things is alright, for without ambition a man is practically nothing, but in our ambition we cannot overlook the little things. To be something should be our desire, even if in the smallest and most despised place. The great river or great mountain is only great simply as it is made up of the individual particles and atoms which all combine to make the whole great. Life is a process, the little things we do going to make up a great life. A church is not great because of its large building, great organ or grand choir, but because of the little something which makes each and every individual member say, "I love Him, He is mine." This little fluttering of the love life is the church.

Mr. Neal said that it was not his purpose to preach the Christ of the Mount of Transfiguration, but the Christ in the valley who cured the sick and the blind and gave help to the distressed. Only a Christ who could do these things could walk to the cross and pull down the glories of Heaven on Him. Christ was the greatest when in the valley, and man is not the greatest when shouting, but when burdened and discouraged he keeps on helping those who need help. "Do you really want to be great or are you hunting a place you can most easily hide from service?" asked the speaker. "I hope that scores and scores will come to me and say, 'Pastor, you count on me; I will work where; I am your servant for Jesus' work.'"

The speaker pointed out the fact that there are thousands of people who would let their bodies be burned for the cause of Christ but would not do a little thing or routine duty of the church. They would do a thousand big things for Christ, but are not a bit of use to Him because they are unwilling to do little things.

RAINFALL DOUBLES LAST YEAR.

Insures Moisture Enough to Produce Large Wheat Crops—Much Has Been Sown.

The rain fall of this year up to and including October has been 26.71 in., or almost double the entire rainfall of last year. This insures moisture enough to give the wheat crop a good start and we may reasonably expect a good crop for next year. According to reports received there will be an unusual crop of wheat planted this fall all over the Panhandle. Much of this has already been planted and thousands of acres are up and looking fine. Experienced farmers say that the outlook for a good wheat crop is fine, and that wheat planted now is almost sure of a good yield.

The recent snows have put the ground in better condition than it has been for several months. It has softened and put a thorough season in it. Many farmers are taking advantage of this fact and are preparing their ground for sowing.—Tulia Herald.

"He that is unjust in the least is unjust in the most." All cannot do big things, but we can do the little things in our Christian life.

Severe Weather Change.

Saturday saw perhaps the greatest weather change ever experienced in the west and middle west. Beginning in the north central states and to the gulf an intensely sudden change swept over the entire section. It is reported that there was a change of 50 degrees in the north central states within a very few minutes. At noon on Saturday the cold wave reached Canyon and the thermometer fell 26 degrees in fifteen minutes. In all there was a 42 degree change during the day, 18 above being the lowest point reached. On Sunday the weather moderated somewhat, the mercury rising to 30 degrees above. The effects of the cold wave are still felt but nothing so bad as on Saturday.

Thanksgiving Service.

The Thanksgiving service will be held at the Baptist church, Thursday, Nov. 30, from 10 to 11 o'clock a. m. The sermon will be preached by Rev. F. M. Neal, pastor of the Methodist church. The following committee was appointed by the pastors to arrange music for the Thanksgiving service: Dr. S. L. Ingham, Misses Anna Lee Howren, Florence Money and Pearl Gilliam. The service will be confined to one hour. Let the people generally attend this service in accord with the spirit and purpose of the day.

Mother's Club Meeting.

The time of meeting for the Mother's club has been changed to the first and third Mondays in each month. On the first Monday the business meeting will be held, while on the third Monday a program will be rendered. On next Monday the following is the program:

Roll call—What I shall endeavor to do for the Mothers' club during the year.

Duet—Mrs. Ingham and Miss Ingham.

Paper—Suggestive influence of home environment, Mrs. Guenther.

Reading—Elnora Cochran.

Solo—Miss Ingham.

Travis Shaw left Friday night for a business trip to Ohio.

POSTAL SAVINGS BANK WILL OPEN

READY FOR BUSINESS ON NEXT MONDAY MORNING.

Local Office has been Designated for Postal Savings Bank—Good Business Expected.

According to instructions from the postoffice department, Postmaster Oscar Hunt is authorized to open a postal savings bank in the local postoffice on next Monday. The necessary blanks and material have been received and the local postoffice will be ready to open business at that time.

The main features of the postal savings bank is the receiving any deposits over \$1 on which interest is paid, and the issuing of savings bank stamps which may be bought for 10 cents. The bank in this way tends to assist the small depositor, and the boy and girl who wishes to put their change for safe keeping. The deposits in the bank may be withdrawn at any time, but interest is not paid unless the money remains for the whole year.

On account of the large number of Mexican laborers on the railway, the local bank may expect to do a good business as the Mexican will not patronize any American bank, but rather handle their money through the postoffice.

A representative of the postoffice department was in the city last Saturday and fully explained the workings of the bank to the local postoffice.

Book Club Meeting.

On next Wednesday, the following program for the book has been prepared:

Roll Call—From some soliloquy.

Lesson—Act I, scenes 1 and 2 of Hamlet.

Brief review of Act I, Mrs. Rusk.

Comparison of two of Hamlet's soliloquies, Act I, scene 2 and Act I, scene 2, noting difference of tone, Mrs. Cowling.

QUESTIONS.

1. Is the conclusion of Polonius and Ophelia in regard to Hamlet's madness and its cause unwarrantable?

2. What is likely to have been passing in Hamlet's mind during the interview which Ophelia describes?

3. What is the two-fold purpose of Scene 1?

4. Show the different purposes which the following characters propose to themselves in this scene: king, queen, Polonius, Hamlet.

5. Could not Rosencrantz and Guildenstern have justified their course in assisting the king's kindly purpose?

6. At what point in the scene do we find the first hint of Hamlet's purpose in regard to the play?

Stores Close at 6.

We are a little late with this announcement, but for the past two weeks all of the stores, excepting the drug stores close at six o'clock, and will continue to do so until April 1st. It is a very fine thing for the merchants to get together on such a proposition and to give the clerks an hour shorter work day during the winter.

GRAND JURY MAKES REPORT TO JUDGE

SIX TRUE BILLS WERE RETURNED DURING THE TERM.

Court House and Public Schools in Excellent Condition—Jail Needs Immediate Attention.

On Tuesday the grand jury made its final report to Judge Browning and were dismissed. Following is the report in full: Hon. J. N. Browning, Judge of the 47th Judicial District of Texas:

We the grand Jury empanelled for the November term of the District Court of Randall county, Texas, submit the following as report of our labors:

We have been in session six days and have examined fifty-nine witnesses, and have reported six true bills of indictments, one of which being a felony and five misdemeanors. We are sure there have been other infractions of the law, but the evidence was insufficient upon which to find a bill.

We attribute seventy-five per cent of the crimes committed in our county to the excessive use of intoxicants purchased in adjacent territory and we commend the good people of the Panhandle for the banishment of the evil and here and now pledge our support to the officers to the enforcement of the Local Option laws.

We have examined the county court house and find there are some defects in the roof, and we recommend that they be looked after immediately.

We have examined the county jail and find same in very bad sanitary condition, and we recommend to the commissioners' court that the necessary steps be taken at once to have the proper sewer connections made with the city sewer.

We find the Public School building has had a recent addition made thereto and the old building repaired and renovated, making the same comfortable and commodious. When the plumbing is completed as contemplated, the sanitary conditions will be all that could be expected.

We have also examined the West Texas State Normal building and find same in excellent condition, and upon the completion of the work now in course of construction on the campus, same will add largely to the external appearance of said Normal building, and will not only be a credit to the Panhandle but to the whole State of Texas.

The committee appointed by the foreman to look in to the county finances as follows:

This matter was looked into and reported upon at the May 1911 term of the District Court, and in view of this fact, and summer having just passed, a season when practically no business is transacted by the different county officials, and the very limited time allotted to us for this purpose, we have given the books only a casual investigation and find them neatly kept and properly balanced up to and including the quarter ending July 31, 1911.

We recommend that the commissioners court take immediate action in the matter of recovering the shortage created by the misapplication of funds by the late R. H. Sanford, Tax collector of Randall county.

We wish to extend to the Hon. H. S. Bishop, District Attorney,

REV. JOHN DALY COMING.

Noted Catholic Priest will give Lecture in this City—Rector of Boys' Home in Milwaukee.

Canyon will soon have the privilege of hearing one of the noted members of the Catholic priesthood who has gained for himself a national reputation as rector of a home for homeless boys in Milwaukee and as a public speaker. Rev. Daly has appeared on the lecture platform and before Chautauqua audiences all over the United States, and has never failed to charm his audiences. He speaks upon popular subjects always.

The date of his lecture in Canyon has not been announced, but during the first weeks in December he will visit with Rev. J. A. Campbell in Umbarger and the date of the lecture will then be fixed. Not a man or woman in Canyon can afford to miss hearing this great man.

and Hon. W. J. Flesher, County Attorney, our thanks for their untiring efforts in aiding us in all matters brought before us.

We have made diligent inquiry of all matters submitted to us or coming within our knowledge.

Having completed our labors, and thanking the court for courtesies extended, we respectfully ask to be discharged, this the 14th day of November A.D. 1911.

W. T. MORELAND, Foreman.

Some Big Beets.

H. C. Dolcater was in the city Wednesday and reports that he has a beet at his place which weighs 27 pounds. He intended bringing it to the city, but left it out of doors Saturday and it was badly frozen and consequently spoiled. Mr. Dolcater has a patch 60x275 feet planted to Long Red Mangle beets, and from this patch he raised 8 tons of beets. Mr. Dolcater says that these beets are fine cow feed and he raises them every year for his milch cows.

Professors Appointed.

At the meeting of the Synod of Texas of the Presbyterian church, Profs. J. W. Reid and H. W. Morelock and Rev. J. N. Ivy were appointed to look after the religious welfare of the Presbyterian students in the West Texas State Normal.

VanHolt Arrested.

J. W. Van Holt was arrested Tuesday on indictment of the grand jury on the charge of aggravated assault. Three bills were returned against him for beating his children. He appeared before Judge Scott and gave bonds to appear at the next session of the county court.

Rev. Webb to Hubbard.

Rev. L. A. Webb, pastor of the Methodist church last year, has been appointed to Hubbard station in the Hillsboro district. Hubbard is a town of 1800 and is reported to have a very good church.

Coleman-Keelar.

Joe Keelar and Miss Dolly Coleman were married Sunday afternoon at the home of L. A. Pierce, Rev. C. Kilbourn officiating. Mr. Keelar is from Hereford and Miss Coleman from Umbarger.

J. E. Winkelman left Friday night for Canada where he was called on matters of business.

SECOND WEEK OF DISTRICT COURT

BOB MULLINS IS ACQUITTED WEDNESDAY BY JURY.

W. A. Coole is Dismissed—Trial Now on for Mexican who Shot Tom Cooper at Umbarger.

The principal case of the docket this week was the State of Texas vs. Bob Mullins, charged with raping Dewey Adams in Amarillo. The case required a special venire of 82 jurors, from which the following were selected: James Vetesir, E. W. Reynolds, E. Edmonds, I. L. Hunt, J. C. Black, G. E. Mason, R. L. Robeson, T. S. Trobridge, J. P. Anderson, J. B. Greenfield, J. W. Gates and H. E. Muldrow. The trial lasted from Tuesday morning until 10:30 Wednesday night, and verdict of not guilty was returned after 15 minutes of deliberation.

The case of State of Texas vs. W. A. Coole, for bootlegging, was dismissed on motion of the state.

The State of Texas vs. W. H. Harris was dismissed.

The case of State of Texas vs. Louise Hernandez is now being tried. He is the Mexican who shot Tom Cooper at Umbarger recently. Mr. Cooper is unable to appear at the trial. J. C. Hunt was appointed by the court to defend the Mexican.

The following civil cases were disposed of this week:

In the case C. O. Keiser vs. Henry McCandless, the plaintiff recovered the sum of \$4700, principal and \$235 attorney's fees and interest.

J. D. Glover vs J. P. Glover was continued at request of plaintiff.

On Nov. 8, the grand jury reported five indictments to the court, four of which were transferred to the county court for trial, the same not coming under the jurisdiction of this court.

Jasper N. Haney vs J. F. Berry was dismissed, having been settled.

In the case Fulton Lumber Co. vs J. F. Berry et al, the suit against J. F. Berry was dismissed. The plaintiff recovered from Jasper N. Haney \$166 on notes and \$1714.70 on account and J. L. Prichard and J. M. Harder recovered \$173.25 from defendant.

A motion to transfer H. H. Smith vs. Mollie C. Guerre to Potter county was overruled.

On Monday morning the petit jury for the second week was empaneled.

First Basketball Game.

The first basketball game of the season will be played next Monday night between the Canyon bunch and the Tulia team. Canyon had the championship team of the Panhandle last year and the Tulia bunch is reported to be fast this year. The game is promised to be very fast. The game will be played at the opera house at 8 o'clock.

M. M. Olin, of Davenport, Ia., arrived in the city last week to spend a few weeks looking after his land north of the city. Mr. Olin says he is very optimistic concerning the Panhandle and thinks we have a mighty fine country. He has done much improving on his section during the past year.

The Mothers' club will meet next Monday afternoon. All mothers are urged to be present.

NORMAL WINS IN GOOD GAME

**BEAT GOODNIGHT TEAM 3 to 0
LAST FRIDAY.**

**Black's Drop Kick Wins Game.—Team
Played by far the Best Game
of the Season.**

The Normal football team was the winner of their game last Friday against Goodnight by a score of 3 to 0. Black's drop kick winning the game in the last few minutes of play. The game throughout was close and every inch of ground contested. Both teams had a strong line through which but a few gains were made. During the first half Goodnight made long end runs, which many times looked disastrous, but during the second half the Normal ends succeeded in breaking these up. The game put up by the Normal was the best seen on the local grounds this year. The line-up had been shifted materially and the new men played the game

very well. Their offensive playing was a marked improvement over any game they have yet played. They carried the ball well but were slow in getting the play started, and time after time were caught behind the line by the Goodnight ends before the play was under way. Excepting a number of long end runs in the first half the Normal team had their opponents far outclassed. Turner and Black at ends displayed good judgment in breaking up interference and went down the field well on punts. Only a very few times were the opponents able to carry back the punt any distance. Conner ran the team better than ever before. Cowling at full was an improvement to the team, although he has not become acquainted with his position. The halves played good ball, Ackerman being able to smash the interference time after time and get his man. The line allowed but few gains on line smashes. The Goodnight team knew the game well and played fast clean ball. Stansell and Barnett at halves got away for a number of long end runs and were responsible for smashing many Normal plays and caught the players be-

hind the line very often. The Normal kicked west to Goodnight. They were held for downs. Ball changed hands twice. Conner returns punt 10 yards, Cowling makes 5 yards through line forward pass from Conner to Black nets 15 yards. Ball lost on downs. Goodnight gets her ground gaining marching to work, makes 40 yards, then 15 yards, lost ball on Normal 20 yard line. Time called. Second quarter. Normal punted. Goodnight makes 15 yards, forced to punt. Normal fumbled on punt. Ball changed hands twice. Cowling makes 8 yards through center. Normal punted and recovered ball on Goodnight 20 yard line. Turner, Cowling and Conner carry ball to 1 yard line where it is lost on downs. Goodnight punted to the 20 yard line and time was called. Third quarter. Normal kicked to Goodnight. Ball changed hands twice. Normal punted from own 25 yard line and recovered on Goodnight 40 yard line. Ball lost, Goodnight punt blocked on 20 yard line. Conner threw away good chance on 15 yard line by punting rather than calling for drop kick. Ball punted over line and put into play on 25 yard line. Time called.

Fourth quarter. Goodnight has ball on own 30 yard line. Normal fumbled and recovered on 35 yard line. Black failed on drop kick. Goodnight lost ball on downs. Drop kick fumbled. Goodnight lost ball. Normal punted over line. Ball changes hands and Normal again punted over. Normal recovers ball on 20 yard line. Black makes successful drop kick from 25 yard line. Score Normal 3, Goodnight 0. Only a few minutes remained and no more scores were made. Normal's line-up was: Rudolph, center. Priddy, Holt, guards. Prichard, Smith, tackles. Black, Turner, ends. Conner, quarter. McLaughlin, Ackerman, halves. Cowling, full. The Goodnight line-up was: Barnett, center. Moor, Bruce, guards. Smith, Blanton, tackles. Gerner, Henry, ends. Stanrell, Barnett, halves. Elkins, quarter. Howard, full. FOR SALE—50 White Leghorn pullets and number of crystal white orphingtons for sale. 33ptf T. J. Cochran.

Prizes for Essays.

The Atchison, Topeka & Santa Fe Railway Company has offered a prize of \$50 for the best essay written by a school boy or girl in any district, town or city on the company's lines, through which the demonstration train passed. The subject of the essay is to be "The Value of the Demonstration Train from an Educational Viewpoint." Twenty-five dollars will be paid for the essay which ranks second and \$10 for the essay which ranks third. There will be five prizes of \$5 each for the essays which rank fourth to eighth inclusive; and ten prizes of \$2.50 each for the essays which rank from ninth to eighteenth, inclusive. The superintendent of schools, or the principal, or the teacher, or whatever the head of the school system is called, will select the best essay submitted by pupils in his or her district, town or city, and send it to J. F. Jarrell, publicity agent of the Santa Fe in Topeka, Kansas. The essays then will be judged by Albert MacRae of Chicago editor of the Santa Fe Employees' Magazine; Phillip Eastman, managing editor of the Topeka Daily

Capital, and L. E. Kienne, managing editor of the Topeka State Journal. Prizes will be paid upon the report of the judges. Essays must not run over 1,000 words. The demonstration train which is now in Texas, will return to Topeka, November 25, when the tour of ten weeks will end. It is estimated that a million and a half people have seen the train. The Mallet locomotive which attracted so much attention will go to Arizona for freight service. **Circle C. Ranch.** Beautiful scenery forms one of the most important adjuncts in theatrical productions, and without it, no play can give thorough satisfaction. When the curtain goes up on the first act of "Circle C. Ranch", one is carried, as it were, right into the atmosphere of ranch life. Each of the four acts has a different stage setting and each setting is true to nature. Oscar Graham and his excellent company will be seen here in "Circle C. Ranch" tonight at the Opera House. THE MENACE FROM SOUTH AMERICA.

The following editorial appeared in last week's issue of Wallace's Farmer, of Des Moines Iowa. It is written by the editor, Henry Wallace, chairman of the County Life Commission appointed by President Roosevelt to investigate county life conditions. The article bears directly upon the cattle raising industry in our country and will be read with great interest since many of our readers are acquainted with this large cattle company and the managers of it are taken from the Panhandle:

Farmers as a rule know little about South America, and still less about its resources. They have but little conception of its magnitude, of its agricultural possibilities. They look upon the United States as the great, big agricultural country. They have been told so long that they are to feed and clothe the hungry nations that they really believe it. Our readers may be surprised when we tell them that the single country of Brazil is larger than the entire United States, leaving out Alaska, and that to fill it up we would have to throw in one or two more states like Iowa. Then Argentina is another tremendously big country with great possibilities.

These countries will in a few years have a great deal more to do with feeding the world than the United States has now or ever did have. The big interests that practically rule our country are not so blind as the farmers. They are preparing to develop this country and feed the nations of Europe and the cities lying alongside our Atlantic and Gulf coast, not merely with grain, but with cattle, sheep and hogs.

There is one company in South America, the stock of which is all owned in New York, and by the most powerful group of capitalists in America and the world, that has a ranch in Brazil comprising five million acres, or about one-seventh the area of the state of Iowa. They are shipping from one ranch in Texas this winter six hundred Short-horn bulls, to grade up the cattle on this ranch, which is believed to

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Canyon City People to Neglect.

The great danger of kidney troubles is that they gain firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, and Bright's disease, follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in Canyon City.

C. P. Shelnut, of Canyon City Texas, says: "Our experience with Doan's Kidney Pills which we got at the Cassles' Drug Co. some two months ago proved that they are very effective in curing kidney trouble, especially in children's cases. We have used only one box of Doan's Kidney Pills so far but are continuing their use in view of the benefit they have already brought."

be capable of grazing five hundred thousand head of cattle. In addition, they expect to raise about the same number of hogs, largely on alfalfa. They have their own railroad and steamship lines, and expect to build three packing houses and pack their own meats. They have employed one of the ablest cattlemen in the United States, and pay him a salary of fifty thousand a year in American gold, or equal to about twice that much in South American currency.

Now what does all this mean? It means simply that capital is getting ready to feed the nations and to feed our Atlantic and Gulf coasts with meat cheaper than it can now be produced in this country, as cheap, in fact, as it was produced on the plains and in the Mississippi valley twenty or thirty years ago.

Here is the danger point to American farmers: that the men who control the railroads in the United States will soon control the railroads in Argentina, and do now in part. The men who control the packing houses here will control packing houses there; and if any of our readers suppose for a minute that they will retain the tariff on beef products from the Argentine, we can assure them that they are very greatly mistaken. The men behind this have such power over legislation that just as soon as it is necessary or profitable to bring these products to feed our own people, your tariff walls will melt away like a snowflake during the hot weather of last August. They have influence enough backed by hungry people, to have ship subsidies to South America, so as to bring these products to our coast at the lowest rates. We would be negligent of our duty if we did not tell our readers of these facts, of which we happen to have absolute knowledge.

In all this the big interests are pursuing a very shrewd and world-wide policy, namely, of securing food at the lowest possible rate, in order to build up great manufactories and great cities; for the city can grow only in proportion to the cheapness with which it can be fed. As we have already pointed out, the latter half of the last century was noted for the wonderful development of great cities, because of the cheapness with which their citizens could be fed, and that again was due to the rapid opening up of the Mississippi valley before the crops were needed at a paying price.

They were perfectly willing to give us paper tariffs, which could not possibly be effective while we are exporting food to other nations, in return for tariffs which would protect these great industries. Men who do big business in Canada are pursuing exactly the same policy, and they have persuaded the foolish farmers of the prairie provinces to refuse reciprocity, simply because they wish to make Ontario the New England of Canada.

Canada can furnish wheat to feed the people who are employed by these great interests, but she cannot furnish the corn nor sufficient beef or pork. Hence they turn to South America, and are simply getting ready to feed the world without the slightest regard for the people in the prairie states, who have been forced by the policies adopted to farm extensively and waste the fertility of the soil, just as Canada will be compelled to do for the next twenty years.

We therefore regard as the greatest menace to the farmer of the west that menace from South America, and he must do one of two things: Either follow the example of Germany, for instance, and build up tariff walls that will be effective in shutting out these importations from cheaper countries, or he must insist that the freedom from tariffs which will be urged on natural products shall be given to manufactured products

shall be given to manufactured products also; one of the two. The first method is not practicable, and for obvious reasons. The only thing that remains to do, therefore, is to insist when considering the agricultural and manufacturing interests, that the gander shall have the same sauce that is fed to the goose.

There has been some disposition over the Panhandle to make complimentary remarks as to the benefit of the Panhandle exhibit at the Chicago land show and to plead that there would be more benefit derived from a district fair in the Panhandle. The district fair is a good thing, but who will see it other than Panhandle residents? A few will come, but if the Panhandle is to be advertised we MUST take our products where the outside people are located and where they have easy access to these products. This is the purpose of the Panhandle exhibit at Chicago. If the exhibits were displayed alone in the Panhandle possibly fifty people would come here to see them, but at Chicago during December thousands of visitors will look at our products every day. Don't be a knocker on the Chicago land show. It is the best opportunity for the Panhandle to interest home seekers in our immense land of opportunity.

Since Amarillo flunked out on the Panhandle Press association which was to meet there this fall, Editor A. G. Richardson, of the McLean News, has taken it upon himself to set the date of meeting for April 13, 1912, and invited the Panhandle editors to meet with him at McLean. Richardson is a live wire and we are glad he has taken this step. The meeting of the association should not have been neglected as it was this fall.

It will be interesting to follow legislation in New Jersey this year. Woodrow Wilson will have a republican legislature, but he says they are progressive men and he thinks much good legislation will be enacted. The success of his work this year will largely determine his future standing in politics.

For the past two years there has been wonderful gains by the democrats in the state elections. If the tide does not turn before next year, the nation will go democratic by a very large majority. The republicans are losing their hold on the people. It is all over for the "grand old party."

---BAIT---

Before placing your orders, look over our stock.

Always the neatest up-to-date stock to be found in town.

It has proven profitable to many to change their place of trading and try THE LEADER.

Too many take it for granted that they are getting the best prices that are being given to any one, and are being treated right. If you never seek you will never find, it is possible that you could get a better class of merchandise and at the same time receive more courteous treatment. We believe we can save you money and give you better service than any concern in town.

For the past month each Saturday we have been giving to our customers a small token of appreciation of their trade. This has been so styled by some of our competitors as BAIT. It is given by this house to show our appreciation of your patronage.

Why we give this small token of appreciation, 1st. Our experience in the mercantile business places our buyers equal to any in the markets, our acquaintance with the trade places us in position to know their requirements, both in price and quality, thereby eliminating a bunch of hard stock that has to go to someone, or be carried over from year to year thereby reducing the margins of profit. 2nd. We own our business, manage same ourselves, saving the salaries of high priced men. You know that you look after your business better than some one you could employ, likewise we look after the interest of our customers in the same manner. It costs us less money to market our goods than others. With the above before your eyes you can readily see why we are in position to give the small tokens which were heretofore styled BAITS by competition.

This is the first trip Mrs. Begrin has ever made back to the old country and she enjoyed it greatly. She went by the way of Galveston and across the Atlantic to England. On her return she came through Spain and Cuba.

GROCERIES

Our last months business in this department was the heaviest in the history of the Company, for which we want to thank the buying public very kindly, and show you our appreciation by continuing to give you more for your money than others do. Realizing the depression in money matters and knowing that during such times people are going to trade where they can make the purchasing power of a dollar go the farthest, we are going to make it to your interest to give us your business for the next 45 days. We want to cut our stock down by invoicing time and in order to do this we are going to make some exceptionally low prices. Have just unloaded 600 cases of new crop canned goods that we bought several months ago and would today cost at least 10 per cent more than the price we paid at that time. Tomatoes that we quote you at \$2.50 per case would today cost us \$2.57, and in fact most everything in the canned goods line has advanced accordingly. Coffee that we offer you for \$1.00 per pail would now cost \$1.03. You can't make a mistake in laying in a supply of these goods before we have to rebuy, for we know we can save you at least 15 to 20 per cent. Below we quote you prices on a few items:

Honey Bee flour, per 100 lbs.	\$3.20	Blankes coffee, per pail	\$1.00
White Lilac flour, per 100 lbs.	3.25	Breakfast Call coffee, lb. 35c 3-lbs for	1.00
Honey Bee meal, per sack	.45	Leader brand peas, per can	.10
Premium and Diamond C hams	.18	Apex brand peas, 2 for	.25
Premium and Diamond C. E. bacon .27	1-2	California apricots, per can	.15
Banquet Breakfast bacon	.20	Lindale Blackberries, per can	.10
Fancy Rockdale brand tomatoes, case	2.50	Cane sugar, per 100 lbs.	7.25
Terrapin brand (small size) tomatoes doz	1.00	California plums and grapes, 3 cans for	.50
Rose Mary corn, per case	2.25	1 gallon apples	.35
Home brand corn, per case	2.00	1 gallon blackberries	.50

We appreciate your business; give it to us. Bring us your produce, we buy everything you have to sell and sell everything you have to buy.

O. E. S. Report of Grand Chapter.

The following is the report of Mrs. R. G. Oldham of the O. E. S. Grand Chapter which met in Houston in October:

There are 25,000 O. E. S. members in the state of Texas.
 Dispensation to Organized Chapters.....\$2,584.00
 Special dispensations... 75.00
 Warrants..... 13,271.78
 Receipts for dues..... 13,259.33
 Bal. from last year..... 761.15
 Present chap. fund... 15,415.00

Mrs. Oldham reports that Canyon Chapter No. 105 ranks among the highest in the report of their work in the state.

The Houston chapter entertained the Grand chapter loyally, giving a trip to Galveston, a delightful ride on the sea wall and luncheon at Galvez Hotel. Our local chapter very much appreciated this fine report from the Worthy Matron and is very much encouraged in its work.

Normal Notes.

The winter quarter will open on November 28th. The fall examinations are in progress at the present time. The quarter has been very satisfactory to both faculty and student body.

Miss Hill has been appointed to the position of assistant librarian.

The freeze of last Saturday bursted the pipe leading from the standpipe of the waterworks. The leak has been remedied and the pipe is being wrapped.

The contractors for the screen work are in the city and work will be started at once. The contract calls for heavy screen netting which will turn the flies and stand hail. All of the windows of the building will be screened and the gymnasium windows will be protected from the inside also.

The new well is now 350 feet deep. When the well is completed the school will have two wells and plenty of water for irrigation purposes.

The irrigation contractors are proceeding rapidly with their work.

Within a few days it is hoped that the trees may be set out. Between 600 and 700 will be planted on the campus and with plenty of water, they will make the campus look fine within a short time.

The gymnasium is receiving its finishing touches and is now the most complete of any in this part of the state. All kinds of the best and most up-to-date apparatus are to be found here. They are being placed into position very substantially.

An electric clock was installed this week, which rings the gongs for the classes.

The gas plant for the laboratories is being installed.

The library is being rearranged this week. Librarian, Miss Malone is doing excellent work in arrangeing the room in regard to convenience and beauty.

A bust of General Sam Houston was received this week and has been installed in the library.

Congressman John H. Stephens spoke at chapel last Friday.

Coach J. G. Miller is making arrangements for a Thanksgiving football game with Hereford.

OFFICES:

KEOTA, IOWA
CANYON, TEXAS

I have a choice collection of farms in Randall and adjoining counties. These farms range from eighty acres up, improved and unimproved. The improved farms are rented to good northern farmers and will pay good interest on the investment. They are all within easy reach of markets and railroad, are all of the same deep and fertile soil characteristic of this section of the Panhandle, and every acre of each farm can be put into cultivation.

These lands are all clear of encumbrance and I can sell them on terms to suit the purchaser, at a low rate of interest and at a price which is bound to make him money.

For any further information desired, write either of my offices, or call on the local agent in your vicinity.

TWO MILLION YEARS OLD.

An important discovery recently
 made in Spain appears to place
 beyond doubt the existence of primi-
 tive man in the Pliocene period—
 say between one million and two mil-
 lion years ago. Simple and rough-
 ly fashioned tools were found asso-
 ciated with rocks and fossils which
 undoubtedly belong to this period.
 Modern discoveries have greatly ex-
 tended knowledge of man's antiquity,
 and have shown that the human
 race was in existence long before the
 Ice period which succeeded the Plio-
 cene era.

"SONGS WITHOUT WORDS."

Mendelssohn's "Songs Without
 Words" are said to have originated
 in an idea in a letter sent to his
 sister, whom the composer loved
 most devotedly? He wrote: "I wish
 I were with you; but as that is im-
 possible I have written a song for
 you expressive of my wishes and
 thoughts." Then followed what
 many conclude was the germ of the
 "Songs Without Words."

Saved Many From Death.

W. L. Mock, of Mock, Ark., be-
 lieves he has saved many lives in
 his 25 years of experience in the
 drug business. "What I always
 like to do," he writes, "is to re-
 commend Dr. King's New Dis-
 covery for weak sore lungs, hard
 colds, hoarseness, obstinate coughs
 la grippe, croup, asthma or other
 bronchial affection, for I feel sure
 that a number of my neighbors
 are alive and well today because
 they took my advice to use it. I
 honestly believe it is the best
 throat and lung medicine that's
 made." Easy to prove he's right.

NOT SO FAR FOR MAD TO GO

Hewitt—Which can get more an-
 gry—a thin man or a fat man?
 Jewett—It's much easier for a
 thin man to get mad clear through.

Starts Much Trouble.

If all people knew that neglect
 of constipation would result in
 severe indigestion, yellow jaun-
 dice or virulent liver trouble they
 would soon take Dr. King's New
 Life Pills, and end it. Its the
 only safe way. Best for bilious-
 ness, headache, dyspepsia, chills
 and debility. 25c at Cassles

MANY DO.

"Now, there's Pipp's. He never
 bets on a horse race."
 "May be not, but he does worse."
 "In what respect?"
 "He bets on the outcome of mur-
 der trials."

There is little danger from a
 cold or from an attack of the
 grip except when followed by
 pneumonia, and this never hap-
 pens when Chamberlain's Cough
 Remedy is used. This remedy
 has won its great reputation and
 extensive sale by its remarkable
 cures of colds and grip and can
 be relied upon with implicit con-
 fidence. For sale by all dealers.

SAVING THE YOUNGESTERS.

Mrs. Boo'er T. Wash'g says
 that the idea of the juvenile court
 grows very slowly in the south. She
 says that boys and girls are sent to
 prison for slight offenses and there
 associating with older prisoners learn
 much evil. Local colored women's
 clubs in Alabama have taken the
 matter up, she says, and have suc-
 ceeded in establishing reformatories
 where bad boys and girls may be
 taught as well as punished. The
 governor of the state found the re-
 formatory of so much good that he
 took charge of it. In Pennsylvania,
 Arkansas and Kentucky colored
 women's clubs have been working
 along the same lines.

"I am pleased to recommend
 Chamberlain's Cough Remedy as
 the best thing I know of and
 safest remedy for coughs, colds
 and bronchial trouble," writes
 Mrs. L. B. Arnold of Denver,
 Colo. "We have used it repeat-
 edly and it has never failed to
 give relief." For sale by all

"Look Before You Leap"

Is an old saying that holds good in starting
 a bank account.

**Before You Place Your Money in a Bank Look
 for the Following Safeguards:**

Notice the character and ability of the men
 who have charge of the bank; see that the
 officers are experienced bankers and the
 directors are responsible business men.
 The bank should have ample capital, the
 larger the capital, the greater protection
 for the depositor. A large surplus and
 profit fund is also an additional protection.
 Read the bank's statement; notice whether
 or not they carry a good reserve in cash
 and demand loans; also notice if the bank
 is prospering—if a bank don't make
 money, it is not a safe bank.

All the above mentioned security is afforded our customers; if safety
 for their funds, with liberality and courtesy is what they want.

Herrmann-Peterson Recital.

The program to be given at the Normal auditorium Monday evening, Nov. 20, by Fred'k A. Herrman, pianist, and Eugene W. Peterson, basso-cantanta, will include the works by such well known composers as Chopin, Grieg, Sinding, Brahms, Liszt, MacDowell, Homer and Hawley. These two performers are giving a series of four recitals this month and will arrange dates for another series in the early spring in north Texas and Oklahoma. The Sesame and Cousins societies are fortunate in securing such a high class program for their initial one.

Wayside Items.

Farmers are using to the best advantage the good weather now prevailing, quite a lot of feed stuffs yet in the fields. Threshers are busy and will be for some time.

Mrs. Minnie True and baby from McAllister, N. M., came in Saturday and will visit the parental home for a month. Ed True of same family followed Sunday p. m. He works "as separator man" with the Currie thresher.

Mrs. Fannie Butler and children, W. C. Marshall and Susie of Tuttle, Okla., reached Armstrong Co. Saturday. Mrs. Butler will make her home with her parents, Mr. and Mrs. I. A. Sluder. The young men found work at once, while Susie has entered school at Benla. We welcome this family in our midst.

I. C. Baucom, Oscar Thomas, accompanied by Mrs. L. J. McGehee, Miss Anita Garrett and Kelly made a visit to Canyon Saturday returning Sunday.

W. J. Sluder and wife made a trip to Canyon Wednesday returning Thursday. Anona.

Resolutions.

Whereas it has pleased Almighty God in His infinite wisdom and love, to remove from our midst our sister, Mrs. A. L. Christian, therefore, be it resolved by Canyon Chapter No. 105, O. E. S. that we bow in humble submission to Him who doeth all things well;

Be it further resolved that we extend our heartfelt sympathy to the bereaved members of the family and loved ones of our departed sister,

Be it further resolved that a copy of these resolutions be furnished the family, a copy spread on the minutes of this chapter and a copy furnished the Randall County News for publication. Committee:

Ordinance No. —

An ordinance prohibiting the peddling and selling of merchandise, candies, fruits and other foods of like nature or the auction sale of town or city lots upon the streets, alleys or sidewalks of the City of Canyon City:

Be it ordained by the City Council of the City of Canyon City:

Section No. 1. That it shall hereafter be unlawful for any person, firm or corporation to peddle or in any other manner sell any kind of merchandise, patent medicines or nostrums, or any fruits, candies or other foods of like nature or to sell town or city lots by auction on any street alley or sidewalk within the limits of the City of Canyon City.

Section No. 2. Any person, firm or corporation who shall violate any provision of this ordinance shall, upon conviction, be fined in any sum not exceeding Twenty Five Dollars for each offence and each and every sale in violation hereof shall constitute a separate offense.

Section No. 3. This ordinance shall be in full force and effect from and after its passage and publication as provided by law.

Passed by the City Council of Canyon City this the 10th day of November A. D. 1911, and ordered published.

A. N. HENSON, Mayor.
C. R. FLESHER, City Secretary.

Wedding Anniversary.

There was quite an enjoyable day at the home of Mr. and Mrs. W. B. Campbell, Nov. 9, in honor of the 18th wedding anniversary of Mr. and Mrs. C. M. Houser, of Kress, Texas. The table was fairly loaded with good things to eat consisting of roast turkey, fried chicken, salads, cakes, pies, preserves and jellies and numerous other things to eat. The guests were Mr. and Mrs. C. P. Money, Mr. and Mrs. J. L. Prichard and daughter, Thelma, Mr. and Mrs. C. M. Houser, Mrs. R. B. Campbell and D. W. Wallace. Laughter and jokes were the entertainment of the day till the small hours of the evening called each one home to their duties. Each departed wishing Mr. and Mrs.

Houser many more happy returns also many returns of the 6 birthdays celebrated with the same dinner. A Guest.

Hoffman Notes.

Several good snows and rains have fallen here the past week.

Miss Caddo Garmon visited at her home in Canyon over Sunday.

J. M. Emery is in Canyon on the jury this week.

Will A. Miller of Amarillo has been spending several days on his ranch here.

Mrs. Stratton's quilting was a very pleasant affair, much more so than the ride home through the rain and sleet. There were fifteen ladies present, and nearly finished the second quilt besides enjoying a social day and fine dinner.
