VOL. XXIII

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, MAY 1, 1919.

NUMBER 5

AIRPLANE WILL ARRIVE IN CANYON TOMORROW

MAN AND WOMAN BUYING AND SELLING MOST BONDS WILL BE GIVEN A RIDE

To date the subscriptions to the Victory loan in Randall county have been coming in quite slowly, but there will probably be a great acceleration of the subscriptions from now on. Little actual campaign work has been done and many farmers have taken advantage of pretty weather to get in the fields. With the heavy rain, there will probably be many in town the rest of the week.

Tomorrow the airplanes will arrive. It is not known what hour they will reach town, but every one will do well to keep their weather eye peeled skyward from daybreak on. The man and woman selling the most bonds and the man and woman buying the most bonds will each be given a flight in the machines, although each will be required to sign a release taking the trip on their own responsibility. Reports from other towns where the airplanes have visited state that those taking the ride are delighted with the trip and thus far no accidents have been reported. Upon the arrival of the machines it is desired that everyone close their place of business and join the crowd as a rally will be held to solicit subscriptions to the loan.

Monday, at twelve o'clock, the war tanks will arrive on a special train and will make a tour over the principal streets of Canyon. This is the circus day and every one within reaching distance of Canyon should come in and view these tanks and make a day of it and incidentally carry home with them a good supply of Liberty Bonds, as this will be their last chance to purchase bonds like these. And incidentally they should not forget the Baby Bonds, of War Savings Stamps. This county also has an obligation to the Government in these.

Watch for the airplanes tomorrow

Washington, April 30.—The victory liberty loan campaign was one-half over tonight with only one quarter of the total officially reported subscribed. Reports to the treasury up to tonight showed subscriptions of \$1,130,697,000.

Subscriptions by districts and percentages of quota are as follows:

District	Sub.	P. C.
St. Louis	\$101,437,000	52.0
Chicago	228,973,000	35.0
Boston	122,850,000	32.7
Kansas City	58,638,000	27.45
Richmond	53,725,000	25.8
Cleveland	111,089,000	24.46
San Francisco	54,879,000	18.20
Atlanta	26,132,000	18.1
New York	243,700,000	18.0
Philadelphia	66,977,000	17.8
Dallas	14,889,000	15.5

If the victory loan is to be floated successfully subscriptions of \$375,000,000 must be gathered daily until the campaign's end, May 10. At the close of the ninth day of the fourth liberty loan campaign, the time corresponding to the present in the victory drive, the nation had subscribed \$1,591,556,000 or \$461,000,000 more than has been subscribed so far to the victory loan, the percentage of the \$6,000,000,000, total of the fourth loan subscription was 26.52 per cent as compared with 25.12 per cent of the current loan.

Because of lagging subscriptions the U. S. S. Crane, the victory ship, which is making the San Diego-Panama leg of the "victory journey", from San Francisco to New York, has been running slowly down the Pacific coast. Rear Admiral Cowie, navy loan officer, today directed the victory ship to speed up her engines, however.

"The country is beginning to 'match the navy,'" said a radio message from Admiral Cowie to the Crane. "And although you are not yet called upon to make full speed ahead, I expect that this order will be flashed to you within the next few days."

President J. A. Hill returned Tuesday from Austin, Texas where he has been conferring with the Board of Regents. While there Pres. Goeth of the Board inquired into the development Canyon was making in bettering conditions and appeared pleased at the report.

Mrs. G. J. Parsons of Irs, Texas, came in the first of the week to visit with her sister, Mrs. Brent Taylor and left Tuesday morning for Hereford to be with her father who is very low.

Nicolia Thompson, A Pioneer Citizen Passed Away Yesterday

Nicolia Thompson, for nearly thirty years a student of Canyon, died Wednesday, April 30, in Hereford, at the home of a son, Ab Thompson. He has been in failing health for several months and his demise had been expected.

Mr. Thompson ran a hotel in the early days of Canyon and is well known throughout this section. He was born in Norway, in 1839, in early life was a sailor, coming to Randall county thirty years ago. He would have been 80 years of age at his next birthday. He leaves four living daughters, Mrs. Taylor, Mrs. Leverton and Miss Tena Thompson of this city, Mrs. Dr. Parsons of Snyder, and two sons, Ab Thompson of Hereford and George Thompson of New Mexico. All of these except the son in New Mexico were present at the funeral.

The funeral services were held at the Baptist church and interment was held in Dreamland cemetery. An obituary in full will appear next week.

SAMUEL HUNGERFORD, VIOLINIST, SECOND LYCEUM NUMBER AT NORMAL TONIGHT

The second number on the spring lyceum course at the Normal will be held tonight in the auditorium. Samuel Hungerford, a violinist, who has won much popularity in the larger cities of the east, will render the following program:

1. a. Romance ----- Svendsen
- b. The Swan ----- Saint Saens
2. Andante & Finale -- Mendelssohn (E Minor concerto)
3. a. Caprice Viennois --- Kreisler
- b. La Chasse --- Carier-Kreisler
- c. Tombourin Chinois --- Kreisler
4. a. Meditation from "Thaïs" ----- Massenet
- b. Heire Kati ----- Hubay
5. a. Crinoline ----- Stoesel
- b. Serenade ----- Czerwonky
- c. Scherzo-Tarattelle -- Wieniawski

ZANE THOMAS REPORTED MISSING, IS HEARD FROM

Corporal Zane Thomas, who several weeks ago, was reported to be missing after a shipwreck off the coast of France, by his commanding officer in a message to his mother, Mrs. C. M. Thomas, is now said to be alive. Mrs. Leo McDade received a message from a relative in the army in France, who requested that she tell Mrs. Thomas that Zane was alive and all right. Mrs. Thomas, too, recently received a letter from Zane which she believed to have been written after the accident was reported, in which he stated he had been in an accident and was slightly injured but would soon be all right.

GOVERNOR HOBBY WILL NOT BE HERE

President Hill has received a letter from Governor Hobby expressing regret that he will be unable to attend the commencement exercises of the West Texas State Normal College as he had planned. It is probable that A. B. Martin, of Plainview, member of the Board of Normal Regents, will fill the vacancy in the program caused by Governor Hobby's being unable to get away from his work in Austin.

PLANNING TRADE EXCURSION

Porter A. Whaley, the newly elected General Manager of the West Texas Chamber of Commerce, plans to organize this summer a large trade excursion to visit the middle west early this fall.

It is his plan to assemble about three baggage cars of agricultural and mineral exhibits from West Texas. These will be attached to a Pullman train carrying a party of about 200 representative West Texas citizens.

The itinerary of the trip has not yet been made up and will be dictated in some measure by the dates of certain of the larger fairs which are held annually in the middle western states. In a general way it is the plan to visit Tennessee, Kentucky, Ohio, Indiana, Illinois, Wisconsin and Minnesota. The return trip will include Iowa and Kansas.

Arrangements will be made to take along a number of West Texas motion picture reels which have been made during recent years.

Robert Hill, of Plainview, a member of the Normal unit of the S. A. T. C., here last fall who had a long siege of typhoid pneumonia, was through Canyon Monday morning. He was on his way to the Army and Navy hospital in Hot Springs, Ark., where he will receive special treatment. He is still forced to walk with a cane.

BUSINESS MEN'S ASS'N MEETS FRIDAY NIGHT

RANDALL COUNTY MAY BE AFFILIATED WITH WEST TEXAS CHAMBER OF COMMERCE

The regular monthly meeting of the Canyon Business Men's Association will be held in the News office Friday night, May 2, at 8 o'clock. It is earnestly requested that all members and others interested in Canyon's future development be present. The last two meetings have been very lightly attended and it was impossible to take up important work from the lack of interest. It is important, at this time, that the matter of affiliating with the West Texas Chamber of Commerce be taken up. This body will make a trade excursion into the middle western states in the fall and Canyon should have representation on this trip. Plans will also be laid for a greater Trades Day, on Monday May 8. Let's not forget the meeting.

REV. J. W. HUNT TO SPEAK SUNDAY AT CHRISTIAN CHURCH

Rev. J. W. Hunt, of Abilene, will speak at the Christian church Sunday night at 8 o'clock in the interest of the Methodist Centenary Movement of which he is secretary for the Northwest Texas Conference.

Those who have heard Rev. Hunt need no urging to come to hear him. He is witty, eloquent and powerful. And he has this centenary movement on his heart as he has rarely had any cause in the past!

Everybody is cordially invited to come and hear this eloquent preacher on this great cause. The Methodist people are urged to be there especially on account of the movement he represents.

J. C. BAKER TO MERKEL SCHOOL

At a called meeting of the School Board, J. C. Baker of Canyon was elected Principal for the ensuing year. Mr. Baker formerly lived here and has many friends who welcome his return to this city. For the past several years he has been teaching in the West Texas State Normal College at Canyon, and his experience amply qualifies him for the task of principal. He comes highly recommended by the faculty of the Normal, and with their regrets to give him up.

The board is to be congratulated upon securing his services. The teaching line-up so far is ideal and within the next few days every vacancy will likely be supplied.—Merkel Mail.

Mr. and Mrs. Tom Wilson returned Monday morning to their home in Hereford after a visit here with Mrs. Wilson's parents, Mr. and Mrs. J. C. Pipkin.

COMMUNICATION LINES TO BE RETURNED SOON

TELEPHONE, TELEGRAPH AND CABLES TO BE RETURNED TO PRIVATE OWNERS

Washington, April 29.—Control and operation of all American cable systems, taken over by the government last November, will revert to their private owners at midnight Friday.

Postmaster General Burleson today issued an order providing for the return of the properties in accordance with his statement of yesterday announcing that he had made such a recommendation to the president.

The postmaster general's order issued at the direction of President Wilson, follows:

"The marine cable system of the United States and every part thereof, including all equipment and appliances thereto, and all material and supplies, the possession, the control, supervision and operation of which was assumed by the president by his proclamation of the 2nd day of November, 1918, to be exercised by and through the postmaster general, Albert S. Burleson, are hereby returned to their respective owners, managers, boards of directors, or receivers, to take effect on midnight, May 2, 1919.

"Representatives of the postmaster general now operating said properties will take immediate steps to carry this order into effect.

CLARENDON CITIZENS FAVOR STREET PAVING

Clarendon, April 30.—In the election by property owners of the city of Clarendon for determining whether or not the additional paving tax should be levied the tax carried by the vote of 183 to 30. In the morning a parade of decorated automobiles boosting the tax, the cars carrying posters telling of the advantages of city progressiveness, being the feature of the day. The cars also carried posters advertising the victory team. A feature of the parade was the interest taken by the ladies in boosting the election.

BASEBALL GAME ON SATURDAY EVENING

The Normal college baseball team will play the Plainview High School team here Saturday afternoon. Plainview recently lost a game to Tulia high school and will play the Amarillo team on this trip. After Saturday's game the contenders for the championship will be pretty clearly defined.

Mrs. N. C. Browning was taken to St. Anthony's Sanitarium at Amarillo Saturday where she underwent an operation. She is getting along nicely at present.

Beginning May First City Will Enforce Sewer Ordinance

In an interview this morning, Mayor Jim Gamble told the News reporter that the council men are of one mind in the enforcement of the ordinance requiring those residing in the city to connect up their premises with the sewer. After the next regular meeting Monday night notices will go forward to all who have not complied with this ordinance.

This ruling has been a law for some time but the officials have waited in the hopes that property owners would voluntarily connect up. But there have been a great majority who have failed to do so. Therefore, they will have recourse to the law, to see that this is complied with.

The Board of Normal Regents recently stated that no house would be allowed to keep boarders that was not connected with the sewer. There has been considerable fever here in the last two summers and much of this was due to the unsanitary state of some premises. All possible danger of disease should be removed, and the fly put out of business.

OVER TWO INCHES RAIN HAVE FALLEN THE PAST WEEK

While the rain has been very uneven and it is impossible to give the exact rain fall except in one spot, there has probably been considerably over two inches of rain fall in Canyon the past week. In the southern part of the Plains over three inches fell while in the northern part the fall was lighter. Tuesday evening, about two inches of rain with hail, fell just south of town while it rained very little. A heavy hail fell near Wildorado, but little damage was done, as there was little wind with it and the heavy rain broke its force. This is one of the best years the farmers have seen in this country and crop conditions are way ahead of normal. Really a little dry weather is needed now to permit the farmers to prepare their ground for row crops.

MEMORIAL SERVICES FOR STUDENTS WHO SERVED IN WAR

Following is the memorial exercises to be held in honor of the students of the West Texas State Normal College, who gladly heard their country's call and especially in honor of those who made the supreme sacrifice, at the college auditorium on Sunday morning, May 4, 1919:

- Pres. J. A. Hill, Presiding.
- College orchestra.
- Song by congregation.
- Invocation—Rev. B. F. Fronabarger College orchestra.
- Selection—Miss Frieda Michel, College orchestra.
- Selection—Miss Mary Morgan Brown.
- Violin Solo—Miss Mary L. Clark.
- Memorial Address—Mr. J. W. Reid.
- Song by Congregation.
- Benediction—Rev. R. A. Stewart.
- Local pastors and congregation are earnestly invited to cooperate.

NORMAL DEBATING TEAMS TO COMPETE WITH OTHERS

Keffer, Day and Goodwine will represent the West Texas State Normal College here Saturday night in a debate with the Southwestern Normal College of San Marcos, taking the affirmative side of the question: "Resolved, that the United States Should Own and Operate its own Railroads." The debate will be held in the Normal auditorium beginning at 8 o'clock.

On the same night Condry, Hazelwood and Burns represent the negative side of this question on a debate with the East Texas State Normal College at Commerce.

L. D. Heizer of Abilene was here last week visiting his cousin, S. H. Heizer.

FIUME PROBLEM TO BE PEACEFULLY SETTLED

RELATION BETWEEN ITALY AND COUNCIL MAY BE RESUMED ON QUESTION

Paris, April 30.—There is a slight rift in the Italian cloud, which gives hope of the clearing of the difficulties that have arisen in the peace conference over the Adriatic problem. Overtures for the resumption of relations have not come thus far from either direction, but there are intimations from Rome that overtures from Paris would not be unacceptable, and would receive every attention.

The prevailing sentiment among the delegates, including several of the American delegation is against soliciting a return of the Italian representatives and it was at first believed that President Wilson shared this view. Those nearest the president, however, asserted that if Italy is disposed to relinquish Fiume and accept the suggestion, doubtless, in the interest of harmony make such friendly suggestions as would permit the resumption of relations by the Italians without any sacrifice of dignity or self-esteem.

These personal susceptibilities are felt to be more of an obstacle at present than the territorial merits of the case. While popular sentiment in Italy still insists on holding Fiume the recent official attitude has been less insistent and apparently tends toward acceptance of one of the various plans proposed by the council of three, whereby Fiume would be internationalized and some Dalmatian outposts given to Italy.

It is the declared purpose of the council, as well as President Wilson, not to yield on Fiume, even if the peace treaty is signed without Italy's participation. But, should the recent official tendencies at Rome take the definite form of acceptance of a compromise, the president's friends say they are sure that no feeling of pride will restrain him from taking steps which will fully restore the Italian delegation to its former status in the conference.

NORMAL TEACHERS TO DELIVER COMMENCEMENT ADDRESSES

The schools of the Panhandle will most all finish their year's work within the next month and there have been many calls on Normal teachers to deliver commencement addresses. President Hill will fill the following engagements: May 6th, Claude; 11th, Dimmitt; 23rd, Memphis; 30th, Chillicothe. Prof. H. W. Morelock will deliver the commencement address for Plainview High School May 16th. Prof. J. L. DuFlot left yesterday for Floco, Texas, where he will deliver an address. Many more dates will probably be filled.

INCREASED ACTIVITY IN HAPPY

A News representative was in Happy the first of the week and found much increased activity among the people in that community. Part of this is due to the test well which will be drilled there at once for oil. The derrick timbers were in the railroad yard and the teams were waiting for the roads to dry to permit their transit to the field, which is about four and one-half miles southwest of Happy. The structural iron is already on the ground. The contract calls for the well to go to the depth of 3,600 feet.

There is a greatly increased wheat acreage in that section this year, and the elevators are preparing to handle a record-breaking crop.

Reducing the cost of living is purely a social economic problem. Therefore it is a proper one to be considered by men and women, not alone by men or women—it equally concerns both. It is not to be solved by shifting the burden from one set of shoulders to another—it is to be met by mutual and compensatory sacrifices and denials on both sides.

REACHES ACUTE STAGE IN ADRIATIC PROBLEM

ITALIAN DELEGATES INSIST ON IMMEDIATE DECISION ON ISSUE BY COUNCIL.

HOLD TO THE LONDON TREATY

Head of Italian Army Wires Orlando That Entire Force is Behind Aspirations of Italy.

Paris.—The Italian issue over the Adriatic has reached an acute stage when a decision either way is fraught with serious consequences.

The council of four has continued its sessions at the White House. The Italian premier, Vittorio Orlando, and the Italian foreign minister, Baron Sonnino, were both present and made it known that the opening of the Italian parliament this week has necessitated their leaving Paris with definite knowledge of what is going to be done.

Baron Sonnino continued to occupy the extreme position, insisting upon the integral fulfillment of the secret treaty of London, giving to Italy the entire Dalmatian coast and islands, and also claiming the city of Fiume without internationalization or division with the Jugo-Slavs.

Premier Orlando was rather more conciliating, though a telegram which he had received from the head of the Italian army declared that the entire army was behind him in upholding Italy's aspirations.

President Wilson's position was said to be equally determined against any recognition of the secret treaty of London.

The extent of the guarantee which the United States and Great Britain have given to the French as security against renewed German attacks continues to be the foremost topic in the French press. The French representatives maintain that the guarantee takes the form of an alliance. The Matin says:

"This alliance has already been drawn in the form of a very brief text stipulating that three powers will give each other mutual support if Germany attacks us again. The signature of the stipulation will occur at the same time as the signing of the treaty."

The American officials withhold all comment on these reports. It is known, however, that a number of proposals have been brought forward designed to give more prompt and more effective guarantee of military assistance to the French than the league of nations affords. But none of these proposals had been accepted up to a late hour.

Telephone Operators End Strike. Boston.—The telephone strike that has crippled New England service since last Tuesday, has been settled at a conference of strikers and company officials, according to announcement by the company. "An understanding has been reached, and all employees will return to work and the service will be restored pending detailed consideration of wage schedules." Miss Julia S. O'Connor, president of the telephone operators' department, confirmed the announcement of the company.

American Slain by Bandits. New York.—Edward L. Dufourcq, an American, assistant general manager of the Tezuitlan Copper Mine company, has been killed, and Orme Gaisman, a Swiss subject and business manager of the company, seriously wounded, by Zapatistas, who waylaid them, according to announcement here by the national association for the protection of American rights in Mexico.

German Attempts to Fire Ship. Boston, Mass.—A German agent, allowed on the transport Patricia to look out for German property, attempted to set fire to the vessel as it was nearing Boston with more than 2,000 American soldiers, according to Major Frank W. Cavanaugh of the 192d field artillery, one of the officers on board.

Minister to Czechoslovakia. Washington.—Richard Crane, private secretary to Secretary Lansing and son of Charles R. Crane of Chicago, is understood to have been selected to become the first American minister to Czechoslovakia.

Income Tax Filings Extended. Washington.—Further extension to June 15 of the time for filing corporation income and profit tax returns have been ordered by Internal Revenue Commissioner Roper.

GERMANY'S ALLIES MUST PAY DAMAGES

TURKEY, AUSTRIA-HUNGARY AND BULGARIA NOT CONSIDERED PROMISING DEBTORS.

MINOR CLAIMS ARE TO COME

Smaller Creditors of Teutonic Combination Are Yet to Be Awarded Reparation.

Paris.—Austria-Hungary, Bulgaria and Turkey are not particularly promising debtors, but the reparations commission, with the problem of German compensation for damages out of the way, is taking up the question of the financial responsibility of these states, along the same lines as in the case of Germany.

Germany's former allies will be required to accept the principle that they are responsible for damages to civilian life and property under the same categories as applied to Germany.

Smaller powers which suffered under German invasion and devastation are still to be heard relative to their shares of the reparation fund, particularly Belgium, the claims of which are entitled to first consideration under various pre-conference pledges.

The tentative scheme of distribution which Great Britain and France have advanced apportioned between 80 and 90 per cent, probably 85, of the total sum realized to the three big powers, leaving perhaps 15 per cent to satisfy the demand of Belgium, Italy, Serbia, Roumania, Russia and others. This is a smaller proportion than the secondary powers expected and they are almost sure to be dissatisfied with it.

A share of the reparations fund will, according to the present understanding, be assigned to Russia for damage to invaded Russian territories, but probably will be turned over to Great Britain and France to apply on advances made to the old Russian government during the war.

PLEAD FOR IMPROVED ROAD CONDITIONS

TEXANS AT MINERAL WELLS TO PRESENT ARGUMENTS FOR BETTER HIGHWAYS.

Mineral Wells, Texas.—The intrinsic advantages of improved highways, as well as their social and economic benefits, were pointed out at Monday's session of the United States Good Roads association's convention by perhaps the largest group of authorities that has ever assembled upon one rostrum outside the nation's capital. These included United States Senator J. H. Bankhead, who is popularly credited with having initiated the scheme of federal aid; Governor Ostaviano A. Larrazolo of New Mexico; George W. Norris of Washington, D. C., chairman of the federal farm loan banks board; A. G. Batchelder of Washington, D. C., executive chairman of the American automobile association; B. Harris, state commissioner of agriculture of South Carolina, and Colonel P. L. Downs of Temple, president of the experiment station board of Texas.

In addition, the Hon. Annie Webb Blanton, state superintendent of public instruction of Texas, gave striking examples of the handicaps under which the rural communities labor where good roads are absent, and Miss Minnie Fisher Cunningham, president of the Texas equal suffrage association, eloquently pleaded her cause.

The following committeemen and officers were nominated to represent this state on the official roster of the Good Roads association: Resolutions committee, Judge Adrian Poole of El Paso; membership committee, Sam R. Greer of Pittsburg; directors, M. F. Smith of Palo Pinto and Curtis Hancock of Dallas.

Under the constitution the governor of each state is the vice president from that state. The following steering committee was appointed: Judge Adrian Poole, El Paso; Homer T. Wade, Stamford; B. T. Ridgel, Rockwall; Arthur P. Dyer, Dallas; Sam Miller, Mineral Wells; George O. M. Scott, Mount Vernon; Judge J. A. Penick, Big Springs; E. H. Lilly, Fort Worth; Judge De Armond Midland; B. F. Bennett, Abilene; Mayor F. S. McGee, Daingerfield.

New Ministry Is Formed. London.—The official press bureau has issued the following statement: "General Allenby reports that a new ministry in Egypt has been formed with Hussein Ruchdi Jasha as president of the council.

Bank Robbed at Stratford, Ok. Ada, Okla.—The state bank of Stratford was robbed Tuesday morning by three men who succeeded in making their escape with about \$5,000 in cash and \$14,000 in Liberty bonds.

6,000 Telephone Operators Strike. Boston, Mass.—A strike of more than 6,000 young women operators in the employ of the New England Telephone and Telegraph company and the Providence Telephone company for wage increases has tied up the telephone service in the greater part of New England except in Connecticut. Only chief operators remained at work, the supervisors going out with the operators. There are approximately 630,000 telephone subscribers in the four states affected.

SWAT THE ROOSTER!

Improper methods of producing and handling eggs lead to large losses each year to poultry raisers. One-third at least of this loss is due to the partial hatching of fertile eggs and is easily preventable, say the poultry specialists, Extension Division, Louisiana State University.

The eggs laid by a hen may be either fertile or infertile, depending on whether or not the male bird has been allowed to run with the female. A fertile egg is one in which the germ has been fertilized by the male bird. Except for this process of fertilization, the male bird has no influence upon the eggs which the hens lay. Egg production is equally great in flocks from which roosters are excluded.

A fertile egg does not keep as well as an infertile one because the fertilized germ responds more readily to high temperatures than the unfertilized one. It is impossible to hatch an infertile egg or to cause a blood ring to form in one. Such eggs are much more likely to reach the table in good condition and there is much less spoilage in shipments composed entirely of them than in mixed shipments of fertile and infertile eggs.

After the hatching season, therefore, the male birds should be cooked, sold or confined. In approximately 14 days after this all the eggs laid by the hens will be infertile. These can be marketed much more successfully under the adverse conditions that frequently prevail in the hot summer months.

An interesting experiment to determine the value of fattening hogs on Sudan grass and field pea pasturage is to be conducted at the U. S. Experiment Station here. J. E. Mundell, superintendent, has already planted the Sudan grass and the Chamber of Commerce will furnish the pigs to make the test. After being pastured on the Sudan grass, the hogs will be pastured on field peas, and later given a grain ration. A careful record will be kept to determine the advantage of this plan of fattening hogs.—Big Spring Herald.

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary. Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

THE BEST WAY

No one Woman's Store will ever get all the business, except in a place where there is no other store. The best thing about having many, or several stores for women, is that it enables you, the buyer, to test by comparison the claims of each. We are always glad to show our goods and give you all the information at our disposal. We NEVER urge, never try to induce you to take something you do not want—and you will never detect the slightest sign of displeasure if you say you—"wish to look further".

Chicago Grain

Chicago, April 28. — Pronounced weakness developed in the corn market today owing to a considerable extent to the fact that receipts here were the largest for some time. Prices closed heavy, 1 3-4 to 4 3-8 net lower, with July 165 to 165 1-4 and September 162 1-4 to 162 1-2. Oats lost 5-8 to 1 3-8 and provisions 12 to 15. Oats weakened with corn. Provisions were depressed by the declines in both grain and hogs.

TO HURRY THE MELONS

A new plan for forcing the germination of melon seed is practiced by an advanced thinker in the Arkansas valley. Sprouting is accomplished by digging through a pile of warm manure down to the ground, spreading the seeds in sacks so that they are about one inch deep, covering them with the warm manure and leaving them there until sprouted—4 or 5 days under ordinary conditions — after which they are planted immediately. When manure is scarce a fire may be built on the ground to warm it. The ashes are then scraped away and the seeds buried in the warm earth, being covered as before with manure to prevent the escape of heat. Another grower sprouts his seed by placing them in mason jars and keeping them in warm water. By this latter method it requires on an average about 36 hours to sprout the seed, the time varying with the temperature of the water.—Field and Farm.

Ready-to-Wear Piece Goods Notions

Not a cent's worth of old stock—all of it opened from the Eastern markets this week. This stock will be a revelation to most of the ladies, who have not had an opportunity to shop in an eastern city, as we have picked out the latest novelties shown in the largest markets in the United States. Among them are included the new printed chiffons, georgettes, crepe de chins, taffetas, foulards, and in fact all the new silks, in all the different shades, for mid-summer wear.

In ready-to-wear we have the latest in georgette and crepe de chine waists, georgette and silk dresses in different styles and shades and a beautiful variety of suits and capes. We have the noblest line of silk underwear to show you that you ever saw.

We want you to come in and see us in our new store. It is the handiest place in town to shop. Right on the corner of Taylor and Sixth streets, in the same block with the postoffice. If the front is crowded with cars, there is always room at the side, and there is a good entrance on Sixth street.

We want to make our store "THE Ladies' Corner" of Amarillo.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

ETERNAL VIGILANCE

In reading over old files in this office we find a Canyon paper, "The Stayer" preaching the doctrine of Cleanliness for Canyon even as it has been done in the past several months. Over twenty years of working for a cleaner Canyon and probably another twenty years hence will find this paper still admonishing the people to keep their town free from filth. And today we find it as necessary as twenty years ago. Cleanliness is next to Godliness and we must ever strive to attain that great ideal.

DREDGE 'EM OR PAVE 'EM!

Canyon might become an American Venice and become a rival of that famous Italian City with a little digging. If that Channel surrounding the court house square were dredged out just a little deeper it would form an excellent waterway for Gondolas and yachts. And if it were not public domain we might consider making a bathing pavilion out of the fish pond in front of the News office. We wonder if this idea has not occurred to others?

IS IT WORTH THE ADDED TAX?

Let us consider the advantages of road improvement in connection with the cost and see if the "game is worth the candle."

This is what is gained through road improvement: (1) A decrease in the cost of hauling produce to town and of hauling provisions and supplies from town to the farm, amounting to about one-half; (2) Use of the road every day in the year, in good weather or bad; (3) An increase in the value of farm lands, ranging from 50 to 500 per cent, the increase being relatively greater for the land farther back from the road than for the land adjoining the road; (4) Opportunity to grow garden vegetables or engage in truck or dairy farming, in which the profits are usually larger, where formerly the farmer could only grow garden crops and non-perishable and non-bulky produce; (5) More money for schools through the increase of farm values enabling the community to have better school-houses and teachers and better attendance of the pupils; (6) Rural mail delivery which puts the farmer in touch with the world every day in the year, bringing the news to his door; (7) An opportunity to become better acquainted with one's neighbors and have some sort of social life in the farming community through the ability to visit from farm to farm; thus shutting out the lonesomeness and drudgery incident to farm life in ram-shackle neighborhoods.

Now as to what is paid:

In the eight counties in which agents of the United States Department of Agriculture made a survey of highway improvement, the annual

taxation to pay the road bonds ranged from thirty to seventy cents per \$100 valuation. Suppose the average to be fifty cents per \$100 valuation; if a farm is worth \$6,000 which is an average for the farms of one of the richest black land counties in Texas, the tax amounts to \$33 per year or \$2.75 per month.

Each tax payer will settle the question for himself as to whether the advantages are worth what he would ordinarily spend for cigar money. Really the above showing is not complete because the increase in farm values and the worth of the decreased haulage costs are not shown in dollars and cents. If they were, there would be no possible doubt as to where the farmer's interests lie.

Texas must invest more in good roads until every road in the State is improved.

WEST TEXAS CHAMBER OF COMMERCE PROGRESS; CAMPAIGN

Rapid progress is being made in the organization work of the West Texas Chamber of Commerce. The membership campaign in Wichita county is now in progress. That county's quota is 300 members. Palo Pinto county was one of the first to raise its membership quota. Along with it was Cisco in Eastland county.

Jones county celebrated its selection as headquarters of the West Texas Chamber of Commerce by raising its quota early in March. Archer county also came in in March as did Knox county. Dickens county raised its quota before the permanent organization was formed. Oldham county came in during April. The membership campaign in Quanah is now in progress.

The membership campaign in Tarrant county is scheduled for early in May. Tarrant county promises 1000 members. The membership campaign in Amarillo will take place during the closing days of April.

As an indication of the extent of the organization work, two of the most recent arrivals in the membership column of the West Texas Chamber of Commerce are Dalhart and Fort Davis.

Miss Vivian Coffman, a former student, spent the week-end in Canyon.

Miss Annie Laurie Smith has finished her school and is now at her home in Canyon.

In chapel Tuesday Mr. Hill asked the different classes and the Y. W. and Y. M. organizations to elect a representative each to a student advisory council. The duty of this council is to meet the president when called and advise with him on questions pertaining to the interest of the student body. So far the following organizations have elected representatives:

Third year—Lucy Goodwine.
Second year—Gary Simms.
First year—Mamie Munaway.
Fourth year—Mary Meador.
Fifth year—Sula Cook.

SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Pretty Frocks for Misses and Little Children

Some in voiles and novelty silks, some in washable materials, but all in clever new styles designed to give the prettiest frocks imaginable—and at prices that really, in many instances, are less than the materials themselves.

Solid shades, combinations of colors and in plaids, these new garments will give a pleasing satisfaction to the wearer.

The wash dresses range in price from \$2.00 to \$7.50; those made of silk are priced from \$14.50 to \$19.50.

FOR COMMENCEMENT DAYS

As the closing school days approach every Miss will need a pretty white frock, or a frock in harmony with her class colors and custom. And in these we have scores of suitable styles from an elaborate gown to a garment of more simple design for class day events.

Prices vary, of course, but we have a garment and a price to meet every individual need.

We would take pleasure in showing you these dainty dresses, which mean so much for these occasions. Priced from \$6.50 to \$22.50.

WHEN YOU PLANT TREES

The most important matter in all tree planting is to make the earth thoroughly firm in and around the roots. A tree should be as firmly set as a post. The dirt should be put in a layer at a time and each layer made as solid as a good heavy man can make it with all his weight on top of a number twelve boot. Of course, some pains should be taken not to bark or break the roots, as this is being done; but there will be much more danger of being too careful of the roots and not careful enough in firming the soil. This firming is as important for small plants, such as strawberries and raspberries, as it is for trees. And even garden and farm seeds have their chance of germination greatly improved by being firmed as they are planted. Peter Henderson always had much to say of the "use of the foot" in seed sowing, and the old man knew more about it than anybody. We have no doubt whatever that more than half of the trees that fail to grow and seeds that do not germinate, owe their death to the lack of proper firming when planted.—Field and Farm.

THE STUDENTS' LOAN FUND

The charter of the Students' Memorial Loan Fund of the University of Texas was recently filed in the Secretary of State's office. The purpose of this organization is to provide a students' loan fund of \$1,000,000 or more as a memorial to the former students of the University who were killed, wounded or maimed in the great war. The fund will also be used as a memorial to the former students of the University who were in service during the war. The Students' Memorial Loan Fund is a private corporation without capital stock. Among the prescribed duties of the board of directors is that it shall provide for lending in moderate amounts to worthy students of the University the income of the loan fund in its hands. It may, whenever it shall have in its hands in excess of \$1,000,000 funds of sufficient amount to form the endowment of a scholarship of reasonable value, set apart such excess for a memorial scholarship to encourage special research and investigation. The holders of such scholarships shall not be expected to repay any part of the money received from this source.

BOYS BATTLE WITH EAGLES

While out hunting rabbits this week about half a mile east of the Coburn ranch on Bear creek, Cleve Jordan and Harry Bottorff came across an eagle's nest in a Cottonwood tree. They climbed the tree and found three eggs in the nest considerably larger than hen eggs. As they descended the tree they espied an eagle perched on a limb of an adjoining tree. One shot brought him down, but did not kill him. By this time the mate arrived on the scene and a lively battle ensued between the boys and eagles. The female bird made its escape while the boys succeeded in killing the male. They were young eagles, and the one killed measured five feet from tip to tip.—Springfield (Col.) Democrat.

A STATE FARM BUREAU

Colorado now has a State Farm Bureau. It was organized early in March, at Fort Collins, during the annual conference of the county agricultural agents. Nineteen counties were represented by farmer delegates, and while the county agents participated in some of the preliminary discussions, the real work of organizing was performed by the farmers themselves. Farmers are to keep the organization going and make it of real help to agriculture in the state. The State Farm Bureau is the logical outgrowth of the County Farm Bureau. The National Farm Bureau, when it comes into being, is the next step in a big movement that may be the long heralded body to speak for all the farmers of the nation.—Western Farm Life.

ADMINISTRATOR'S SALE

No. 122.

Estate of A. E. Burns, Deceased, D. R. Burns, Administrator. In County Court of Randall County.

Notice is hereby given that I, administrator of the estate of A. E. Burns, deceased, by virtue of an order of the County Court of Randall County, Texas, will, on the 29th day of April, A. D. 1919, at the farm of the late A. E. Burns, in the County of Randall, State of Texas, sell at public auction, certain personal property belonging to the estate of A. E. Burns, deceased, as follows, to-wit:

- 1 horse and 4 mules.
- 3 cows and one calf.
- 1 wagon.
- 1 wagon frame.
- 1 14-hole drill.
- 1 cultivator.
- 1 lister.
- 1 disc plow.
- 1 row binder.
- Harness and saddle.
- 2 stacks of bundle maize.
- 1 Ford car.
- Household and kitchen furniture.

The terms on which I will sell said above described personal property are as follows, cash or on credit for six months. The purchases will be required to give notes for the amount of such purchase with good and solvent personal security before goods are removed from place.

WITNESS My Hand, this 15th day of April, A. D. 1919.

D. R. BURNS,

Administrator of the estate of A. E. Burns, Deceased. 3-12

WHALEY TO HEAD W. T. C. OF C.

It is gratifying to the many friends of Porter A. Whaley, formerly secretary of the Board of City Development to know that he has been elected manager of the West Texas Chamber of Commerce.

His election to this position will give the people of this section greater confidence in the equitable distribution of the benefits to be derived from the organization, since Mr. Whaley has always shown the greatest interest and been aggressively active in every movement furthering the development of the Panhandle. There can be no question that he is the man for the place and the people of West Texas, who may not be so well acquainted with his qualifications can take it from us that there will be something doing from now on.

One of the first things that Mr. Whaley will undertake to bring to pass will be a trade excursion to the middle western states when cars will be arranged with displays of the agricultural and mineral products of the Panhandle and West Texas and, accompanied by more than a hundred boosters, will make the rounds of those sections from which we hope to obtain new settlers.

AUCTIONEERS WILL MEET

The next regular meeting of the Northwest Texas Auctioneers Association will be held at Hereford on May 3rd, at which time needful and needless legislation as effecting the auction sale business will be discussed as well as general matter pertaining to the profession.

The officers of the Association are looking forward to a good attendance and a profitable program as well as a pleasant time in the Deaf Smith county metropolis.

Coming Events

Cast Their Shadows

Prepare Now to Withstand the Crisis.

Do not anticipate with a shuddering dread the beautiful event of childbirth. You can avoid discomfort during the period and strain of the crisis by preparing your system and putting yourself in splendid condition to meet the time.

For just this purpose women all over the land, in every walk of life, have used for over half a century the time-honored and famous remedy, Mother's Friend. It is prepared to give the mother-to-be that direct help she needs. The muscles, nerves, tendons and cords are made and kept soft and elastic. Thus strain is avoided, and as a result nervousness, nausea, bearing-down and stretching pains are avoided.

The abdominal muscles expand easily and gently when baby is born. Naturally, pain is less and the hours are fewer. The system is prepared and the crisis is one of much less danger. Write the Standard Regulator Company, Dept. M, Lamar Building, Atlanta, Georgia, for their Helpful Motherhood Book, and obtain a bottle of Mother's Friend from the druggist today. It is just as standard as anything you can think of. And remember, there is nothing to take the place of MOTHER'S FRIEND.

"my daughter's pains—"

Every mother who has a daughter will be interested in the following letter. It answers the question that thousands of mothers have been asking for years—"What can I do to relieve my daughter of her severe headaches and periodical pains?"

"I have used DR. MILES' ANTI-PAIN PILLS for years and they have always given me prompt relief. My daughter who has been a sufferer of periodical pains and nervous headaches has never failed to obtain relief from these wonderful little tablets. We both thank you from the bottom of our heart for having enabled us to obtain prompt relief from our sufferings. DR. MILES' ANTI-PAIN PILLS have never failed us and we would not be without them." MRS. WINIFRED JONES, Stockton, Md.

For more than 30 years Dr. Miles' Anti-Pain Pills have been relieving suffering women, men and children from tormenting pain—Headache, Backache, Neuralgia, etc. Ask your druggist for them—keep a box always on hand. They contain no injurious habit forming drug. They give almost INSTANT relief. Cost but a few cents a box.

CANDY THAT KEEPS THE BOWELS RIGHT

Chocolate Flavored Wafers Instead of Nauseating, Gripping Drugs.

Sickening, nauseating calomel and oil are dreaded by so many people that the evils of constipation are often preferred to these drastic drugs that act with such violence. But it is no longer necessary to subject the system to such heroic treatment. The bowels can be kept regular and all the ill effects of constipation avoided by the use of LAMARINE WAFERS,

a delightful chocolate flavored wafer that has all the necessary medicinal efficacy to cleanse the system thoroughly. Yet their action is mild and gentle without the slightest unpleasantness. Simply dissolve one of these Wafers in the mouth at bedtime, and thorough results will follow with absolutely no unpleasant effects. LAMARINE WAFERS are sold at all drug stores, at thirty cents a package. Get a package today. Lamarine Laboratories, Atlanta, Ga.

Why They Quit

In November last a message was flashed from the German Front to Berlin that it was useless, hopeless, to fight any longer. America was ready to smash the German armies.

It was true. For every ton of mustard gas the Germans possessed America had ten tons ready for shipment. Soon America would have had a tank on every seventy-five feet of front. Thousands of batteries of guns would soon have been placed, where we had none before.

By making these preparations and letting the Kaiser know what was coming we ended the war, and saved the lives of thousands of American boys, who would otherwise be fighting and dying in the trenches to-day.

This is what we want you to pay for by lending your money to the Victory Liberty Loan--American boys' lives. You will not fail to respond to this kind of appeal. From a sense of duty, and in a spirit of gratitude,

you will invest in

HAPPY HAPPENINGS.
 Rain, rain, rain! We are surely having lots of rain now. Too wet for farmers to get in the fields for some time now.
 There will be a pie supper at the school auditorium Saturday night, May 3. Everybody invited. It is being given by the Epworth League.
 Mr. Randolph, manager of the farmers' Exchange, of Lockney stopped off here between trains Friday. He was on his way to Amarillo on business.
 Miss Cecil Sanford was on the sick list last week.
 A. J. Gazaway has bought the house on the home place of Mrs. Finley. He will have it moved to his farm just south of the W. H. Belles farm. The consideration was \$500.
 The year old daughter of Mr. and Mrs. Culp was quite sick last week.
 W. T. Townsend returned Thursday from Tulsa where attended court.
 Mr. and Mrs. M. B. McManigal and daughters, Misses Mildred, Margaret and Joy Dale were shoppers in Canyon and Amarillo Wednesday.
 Misses Frances and Viola Hill of Wis., came in Thursday night to visit with their sister Mrs. N. W. Usleding. They are here for Miss Frances' health. They will probably spend the summer here.
 A number of the friends of Miss Ida Zoellers surprised her Tuesday afternoon with a kitchen shower. Miss Ida is to be married soon to Mr. Albert Fonken. She received a number of useful presents. Mrs. H. M. Baggarly made the presentation talk. There was about 60 present. Ice cream and cake was served. All report a nice time.

No Worms in a Healthy Child
 All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or diaspel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Miss Addie Hicks and Mrs. P. Frank Hicks were shopping in Amarillo Friday.

TO SAVE BABY CHICKS, PUT THIS IN THE DRINKING WATER
 Most people lose half of every hatch and seem to expect it. Chick cholera or white diarrhoea is the trouble.
 This loss is needless and easily stopped, by putting Avicol in the drinking water. We prove it by this offer:
 Call at our store for a 25c or 50c package of Avicol. If you don't find that it promptly stops your chicks dying, cures white diarrhoea and all other bowel diseases of poultry, your money will be refunded.
 Avicol revives the drooping chicks and helps them grow and develop rapidly. Shows positive results in 48 hours. Easily used and inexpensive. CITY PHARMACY, The Rexall Store
