RANDALL COUNTY NEWS, CANYON, TEXAS, THURSDAY, JULY 24, 1919.

NUMBER 17

## \$454,598.74 FOR NORMAL IN APPROPRIATION BILL

Largest Appropriation Ever Given Normal College by Any Legislature in the State of Texas—Now Up to Governor

President J. A. Hill returned from Austin Saturday highly pleased with the appropriation bill as passed by both houses of the legislature to provide for the West Texas State Normal College for the coming two years.

The appropriation for the two years carries a total sum of \$454,598.74, which is the largest amount ever passed by any legislature at one session for any normal school in the state of Texas. The bill is now in the hands of Governor Hobby, who has power to veto items, but the needs of the school have been presented so forcefully to the Governor that it is believed he will approve all of the appropriation.

Among the items in the bill as passed by the legislature are the following:

\$150,000 for a girls' dormitory, of which sum \$135,000 is for the building and \$15,000 for the furnishings.

\$30,000 for an engine house. A temporary building was erected for the engines and boilers when the new school building was erected.

\$8,000 for a new engine.

\$8,500 for library books and equipment each year.

Six additional teachers are allowed—one in the mathematics department; two in the education department; one in the commercial department, which is added to the course of study; one in the music department; one in the physical education department.

A new kindergarten department will be started beginning with the fall term of the school. This announcement will be of great interest to the parents in Canyon.

\$2,500 is allowed for extending the water mains on the campus and getting hose for additional fire protection.

\$875 for improving the sewer system.

The legislature passed a bill setting the salary for each of the normal school presidents at \$4,000 per year. The heads of the various departments were raised to a salary of \$2,750.

### REYNOLDS TRIAL STARTS IN LUBBOCK CO. COURTS

The trial of Mrs. Florence Reynolds was started Monday in Lubbock.

Mrs. Reynolds was indicted two years ago in connection with the death of her husband by shotgun wound. The case has been tried twice in the Amarillo court, ending in a mistrial once and a verdict of guilty once. On appeal the case was reversed by the court of criminal appeals.

### Word Buys Mrs. Hutson's Ranch

Judge C. T. Word has bought the three section ranch of Mrs. Kathryn Hutson west of the city, possession to be given September 1st. The price was \$20 per acre.

Mrs. Hutson has not stated what her future plans are.

### Build New Filling Station.

J. C. and Joe Black have bought the lots across from the First State Bank from Mrs. Kathryn Hutson and will erect a modern drive-in filling station. The consideration for the lot was \$2000. Work is expected to start soon upon the station.

Coming to the Olympic, Wednesday and Thursday, July 30-31—"THE UNPARDONABLE SIN." Prices 35c and 20c. Don't miss this one.

### Gas Well Reported.

It was reported from Amarillo this morning that the Amarillo Oil Company's No. 3 Masterson well had struck gas at 1650 feet of two to three million feet.

### Oil Indications Good in Canyon.

Following the report of gas in the Palo Duro well east of Canyon, it was stated yesterday that the indications for oil were good.

### WOULD BUILD ROAD TO THE PALO DURO WELL IN CANYON

There has been a great deal of discussion during the past week of the necessity of building a road down into the canyons to the Palo Duro well. A road leads down on the other side of the canyons, but it is not good, and is much farther away from both Amarillo and Canyon than the road on this side would be.

The people of Canyon should take immediate action and divert the traffic through the city, which is now forced to go the other way.

### Two Residences Sold.

B. J. Steen has bought one residence and the quarter block belonging to T. V. Slack, and located south of the square, while T. J. Morris has bought the other and will move it out toward the Normal.

### Home from Navy.

Crawford Ackerman arrived Friday, having been discharged from the navy. He entered the navy soon after war was declared.

### Spudding In Party Wednesday.

The Happy Oil & Gas Company is going to have a Spudding In Party for the people of the Plains next Wednesday at their well southwest of Happy.

The announcement of the event is in this week's issue of the News.

Frank Hill of Roscoe is here attending the summer normal. He is a nephew of President J. A. Hill, and his father publishes the Roscoe Times. Together with Davis Hill, he paid the News a visit Saturday last; he should forget what ink smell-ed like while away from home.

## CHAUTAUQUA PROGRAM ANNOUNCEMENT MADE

Five Days of Exceptionally Strong Features is Announced for the Chautauqua in Canyon.

The annual Chautauqua program for Canyon will begin on August 14 and close on the night of August 18, giving five days, ten programs of exceptionally good talent.

The following are the numbers on the program:

August 14—

Afternoon—Cartwright Brothers quartet.

Night—Dr. Roland A. Nichols.

August 15—

Afternoon—The Helene Burgess String Quartet.

Night—Dr. L. G. Herbert.

August 16—

Afternoon—Royal Hawaiian Singers and Players.

Night—Sergeant Edwards, Canadian War Hero.

August 17—

Afternoon—DeMillo and M. H. Jackson.

Night—Morris G. Hindus.

August 18—

Afternoon and Night—Navassar Girls.

Look for the announcements in this issue of the News and each week up to the time the Chautauqua begins.

### Hand Grenade Banks Here Soon.

Hand grenades, just like those hurled into the Hunlines by the American soldiers, can be secured as war souvenirs by the boys and girls, men and women of Canyon. These grenades have been made into savings banks and are being distributed locally by the First State Bank.

When the Germans gave up, the United States had a large quantity of these grenades ready to send across. The War Department had no further need of these "weapons of war" so turned them over to the Savings Division of the Treasury Department and they have been transformed into "weapons of peace."

It is a simple matter to obtain one of these grenade banks. The boy or girl obtains one from the local bank so that he or she can save. When enough money has been earned and saved to buy a \$5 War Savings Stamp, and it is purchased, the grenade becomes the property of the boy or girl. Adults may also obtain these grenade banks by saving and investing in at least three \$5 War Savings Stamps of the 1919 issue.

Only a limited number of these grenades could be obtained for Canyon. This will be the only opportunity to earn a real weapon of war as a souvenir. When these grenades are gone, it will be impossible to secure any more. Those interested should arrange today to get their grenades, which can be obtained in Canyon from the First State Bank. Buy War Savings Stamps regularly.

## GOOD RAINS IN MOST PARTS OF COUNTY

Cover Most All Parts of Randall County—No Damage to Wheat Greatly Helps Row Crop

Rain begun falling in Randall County early last week and continued nearly every day throughout the week. The rain variety greatly in amounts over the county, running from three inches down to little more than a shower. But a greater part of the county was reached by a very good rain.

When the rains begun to fall so regularly every day, there was fear that the wheat crop now in the shock might be damaged, but so far no reports would indicate that the rain was sufficient to do any damage. The fact that the rains were followed by good hot sunshine will make the wheat thresh much better than it did before the rains.

The row crops are coming along in very fine shape. Some farmers report that the stand was not so good as it might be, but with this good rain everything point favorably to a bumper row crop as well as a fine grain crop, which will be saved in fine condition if the weather stays favorable to give the farmers a chance to finish threshing.

Threshing machines are just starting since the rains. So few have finished their crops that no definite figures are obtainable as to what kind of an average may be expected from the county.

### Boy Scout Notes.

Eighteen boys met on Thursday evening, and under the scoutmaster's direction organized Troop No. 1 of Canyon, Boy Scouts of America.

Three Patrols were formed, and the following boys were elected as leaders: Pat Britain, Tracy Service and Marvin Reid.

Billy McClure was elected secretary and Claude Newton Harrison treasurer. Considerable other business was done, and a very interesting meeting was brought to a conclusion.

On Monday forenoon the troop made a hike to a point west of the Canyon Club grounds, where several happy hours were spent, and several ideals of the organization were impressed upon the boys. Fourteen boys made the hike, all had a good time and want to make the hike again soon.

On Tuesday evening of this week the Troop met for its second meeting, four new boys were admitted to the Troop, and much excellent work was done by the boys in qualifying for the Tenderfoot test.

Two visitors were present. The Troop is now properly organized with twenty-two boys, and hopes soon to have every member a registered Tenderfoot.

The next meeting is on Thursday, July 31, at 8 p. m., prompt.

Come to Canyon to Live.

## SAMPLES AND PICTURES OF CROPS ARE WANTED

Save Samples of All Grain Crops and Get Good Pictures of Grain in Fields and Threshing in Randall County.

Randall County should have the greatest exhibits this year at the various fairs over the country. Efforts are being made now to get people to save the best samples to exhibit at the different fairs to which Randall county will send exhibits.

The wheat crop is fine this year. Every wheat grower should have pictures taken of his fields and save a bunch of his wheat to place in these exhibits.

The barley and rye crops are making good yields. Pictures of the fields and sample bundles of these grains will be of great importance at the fairs.

Randall county took second in the state on oats two years ago at the Dallas fair. There is no reason why the county shouldn't take first place this year. Get some pictures of that good oats field and save a bundle of the best wheat.

Garden products are great this year. Get busy and lay aside some samples for the big fairs and exhibits.

Everything points to a great exhibit for Randall county this year with a little cooperation. There is no person in the county paid for doing this gathering up work. If some of the business men volunteer, it means a loss for them in their business. Every farmer who cooperates by saving samples and getting pictures is adding to the value of his own property by getting the productivity of Randall county before the world by means of the fairs and exhibits, and it costs him nothing but a little time. The gardener will help bring more people to Randall county and thus increase his business and add to the value of his property by saving these samples for the exhibits.

Cooperation will give Randall County a great exhibit this year. Are you in on it?

### PERRY WILSON HIT BY CAR SUFFERING CONCUSSION BRAIN

Perry Wilson was hit by a car yesterday when he rode on his bicycle from behind another car standing in front of the postoffice. The car was moving very slowly, but the boy was thrown to the ground with such force as to cause concussion of the brain. He did not gain complete consciousness during the night. It is not known how badly he may be hurt, but the physicians believe he will recover without permanent injuries.

The car which hit him was from Amarillo and the driver could not see the boy as he started on his wheel on account of the car standing by the sidewalk.

### Little Interest in Memorial Fund

Practically no subscriptions are being left at the banks of Canyon for the Memorial Fund of \$1000.00 which is proposed to erect a monument in honor and in memory of the ten men who gave their lives to their country during the war.

If a better response it not had in a few more days committees will be named to make a solicitation of the town and county. As first proposed it was thought the people would be enough interested in having the memorial erected quickly and would leave subscriptions at the banks, thus saving the time of men from making a solicitation.

### Tilson Votes for Hobby's Resignation

Representative T. J. Tilson of this district was one of the six who voted for the resolution asking Governor Hobby to resign on account of the Blue Ridge farm matter.

### Returned From Y. M. C. A. Work.

H. W. Blaine returned yesterday from Siberia where he has been in the Y. M. C. A. work for the past few months.

### T. A. DOWLEN REPORTS GOOD YIELDS FROM GRAIN

T. A. Dowlen was in the News office Saturday and reported that he got all his grain threshed before the rains.

His wheat averaged 20 bushels, his barley 46 and his oats 75 bushels per acre.

He states that his row crop is in very fine condition.

Mr. Dowlen has a very fine bunch of Herefords and states that he got through the winter without losing any.

### HAVE YOU GOOD PICTURES OF THIS YEAR'S CROPS?

The Panhandle Chamber of Commerce is looking for good pictures of this year's crops and wants all farmers to send in pictures.

J. W. Reid is the Randall County director of the Panhandle Chamber of Commerce, and wants all to assist him in gathering up these pictures.

If it makes it more convenient, just leave the pictures at the News office.

### Land Sales Made.

John Badenhorst has bought a quarter section adjoining his land at \$12.00 per acre.

C. N. Harrison has sold a half section east of town to a Mr. Smisor of Wichita at \$17.50 per acre.

### Happy Forfeits Game.

The Happy White Sox came up Saturday afternoon and played the Canyon bunch. Getting in a squabble in the eighth inning over the decision of the umpires, the game was declared forfeited to Canyon when the Happy team quit the grounds.

The Canyon bunch will go to Happy next week for a game.

Coming to the Olympic, Wednesday and Thursday, July 30-31—"THE UNPARDONABLE SIN." Prices 35c and 20c. Don't miss this one.

SERGEANT EDWARDS.

Sergeant Edward Edwards, escaped prisoner, survivor of the original Princess Pats of Canada; hero of the "Englander Shwein" in the Saturday Evening Post, and "The Escape of a Princess Pat" (Doran & Company) will appear in person at the local Chautauqua on the third afternoon. He will tell how his famous regiment was wiped out; how he was captured by the Germans, of his experi-

ences in the German prison camps; how he and his companion made a daring escape.

Sergeant Edwards is one of the most talked-about men whose war experiences have been published. He has received the widest publicity in the newspapers and magazines, and everywhere he speaks, whether on Chautauqua, Liberty Loan or other speaking tours he is greeted by great crowds.

## The Store of Better Values

When you stop to think how much of your time is spent in your home, you realize how important it is to make your surroundings pleasant and comfortable.

Whether you wish to completely furnish your home, or add a few choice pieces, we are prepared to give you the finest furniture, wonderful variety and toe benefit of convenient credit terms.

### Panhandle Harvesting.

(By Phebe K. Warner)

The busiest place in the world this week is the Texas Panhandle. From one county to another all over our big plains the air is ringing with the song of the reaper. Men are in demand everywhere and even every boy is happy because he has a job. The greatest wheat crop in the history of the Panhandle is being clicked thru the binders and put into the shock. One man watching one of the binders in a field midway between Claude and Conway, Texas, counted forty bundles dumped off the binder to the minute.

The Panhandle wheat crop this year will average all the way from ab-

solutely nothing, where the wind and hail harvested it prematurely, to forty bushels per acre. Sure we had hard winds in February and March, which did some damage and we have had a few hail storms in streaks that cut down some fields entirely and lowered the yield of others. But almost everybody was insured for hail and the hail adjusters and insurance companies have acted like government institutions in their promptness and fairness to their promises. But a visitor going thru our country would never miss what we have all lost, because of the thousands and thousands of acres that are left. There is a queer thing about our country and our crop this year.

Every insurance company has offered to risk \$30 per acre on the crop. Just the 1919 wheat crop; but if you were to try to sell that same acre of land to someone down South, or East, up North, or out West, they would expect you to turn them over a paid-up abstract and a guarantee deed for from \$15 to \$25 per acre. There are men in our part of the country who have collected more hail insurance this year than could sell their land for tomorrow. And there are more men who will make from \$30 to \$80 per acre on their wheat. That's just us all over in the Panhandle. We are used to such ridiculous things. Even our State Legislature thinks one or two representatives is enough for us. Sure we have failure sometimes; so does everybody else. There are a lot of men in this world who would be classed as failures, too, but we must not judge all men by those who fail. One reason the country fails sometimes is because there are so many men failures. But we have proved two things this year in the Panhandle. One is that our soil is unsurpassed by anything in the United States when it has a chance to do its best. The other is that our farmers are at least 90 per cent efficient. There are a few that have not made the most of this year, but generally speaking we know now we have the soil and we have the farmers. We have the finest climate and the best water in the world. All we need is more people who want to make homes in a big, new, clean, healthy country. But do not come unless you are willing to take the bitter with the sweet, and the bad with the good. Don't come unless you are willing to hoe weeds, raise poultry work long hours in the summer time, build schools, and towns, and counties. Vote for good roads and clean laws, join the commercial club and help boost. Don't come unless you are friendly, willing to be and have friends. One grouch or crank can wreck a whole community and make everybody want to move away, no matter how much wheat they can raise. Don't come if you are lazy and pessimistic. A new country is no place for such folks. You are likely to get worse. But if you are good-natured, want to get a home of

your own, want to live and grow with the country, full of ambition and hope for the future; willing to do for others what you would have them do to you, here's the place for you, and we will all be glad to have you move in and help us get better representation for our money.—Star-Telegram.

### Child Killed By Train.

One of the saddest and most deplorable accidents ever occurring in this section happened Wednesday at St. Francis when Lials Haywood Jr., the twenty-one months old son of Mr. and Mrs. Lials Haywood, was instantly killed by the west bound passenger train.

The father who is pumper for the Santa Fe at St. Francis had started to the station to make his daily report and the child followed him unobserved. Mrs. Haywood, missing him and seeing the approaching train started in search of him, but before she could reach him he was on the track directly in front of the train and his little head was severed from the body. The mother was injured in attempting to rescue him, but at this writing the Herald is not informed as to what extent — Panhandle Herald.

### You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

# CLOTHING SAMPLES

We will have our samples for fall and winter clothes on or before August 5th. We will have the snappiest and most up-to-the-minute line it has ever been our pleasure to show.

See these samples before getting that new suit. We will save you money.

## Star Tailor Shop

CHAS. HARTER, Prop.

A neglected baby is a far more serious proposition than a neglected house.

Add a little sugar to the crumbs on which sweet croquettes are to be rolled.

To protect the tables cut sheets of tinfoil to place under flower vase doilies.

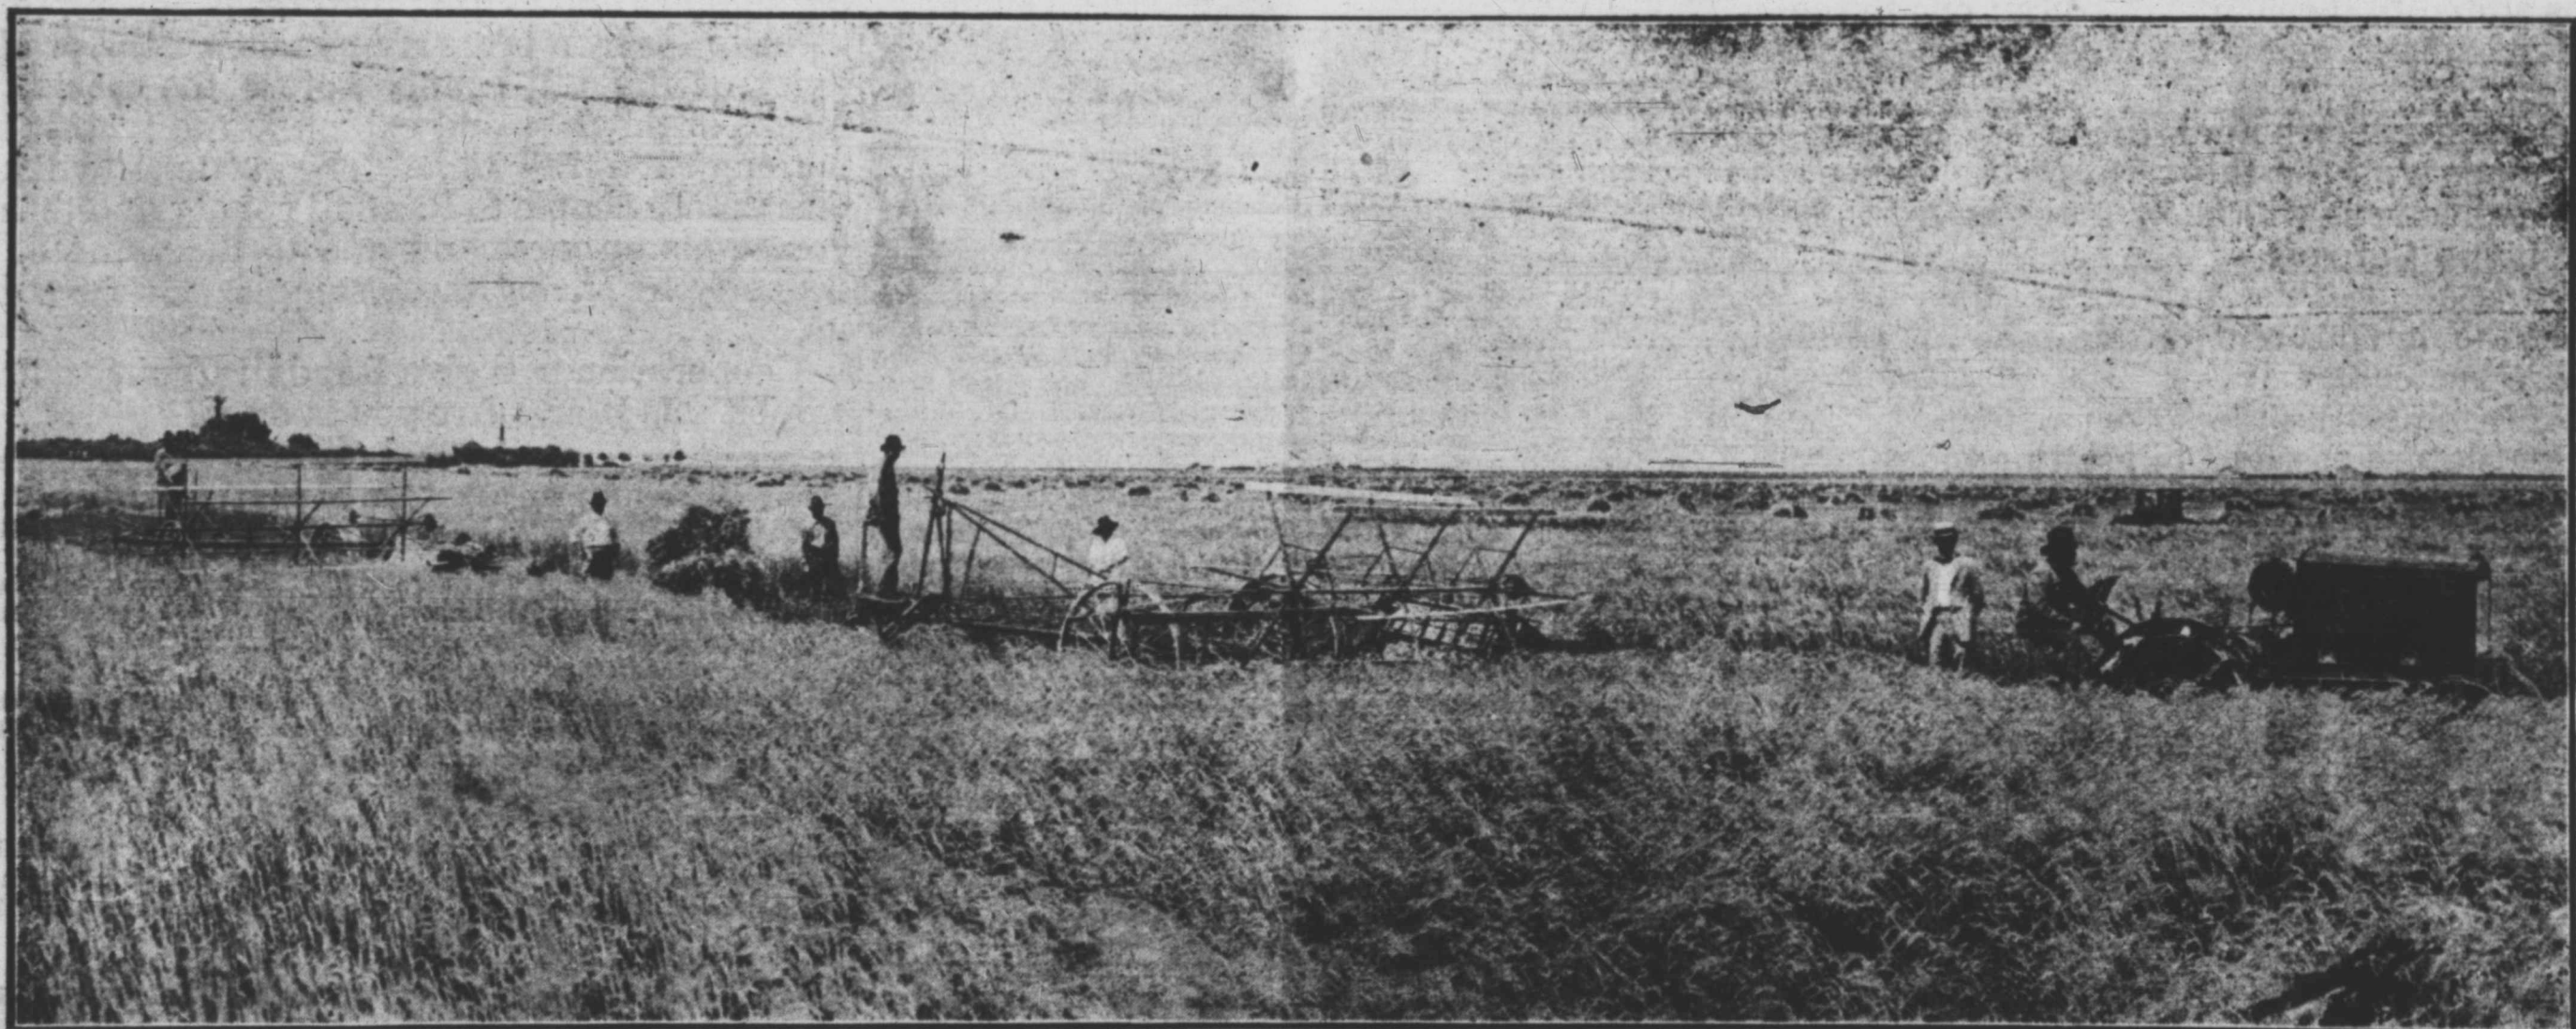

Wash lamp burners in wood ashes and water.

### FLIES NEVER BOTHER.

In the summer flies worry an animal. Get a bottle of Farris' Healing Remedy—costs but 50c—makes a pint worth \$2.00. Apply it to the wound. Flies will not bother it. Get it today. You may need it tomorrow. We sell it.

## The Greatest Harvesting You Ever Saw

Coleman 16-30, Pulling Two Twelve-Foot Binders In Heavy Wheat--Cutting 100 Acres Per Day, on John Wilson's Ranch Near Canyon, Texas

The COLEMAN Is The Famous

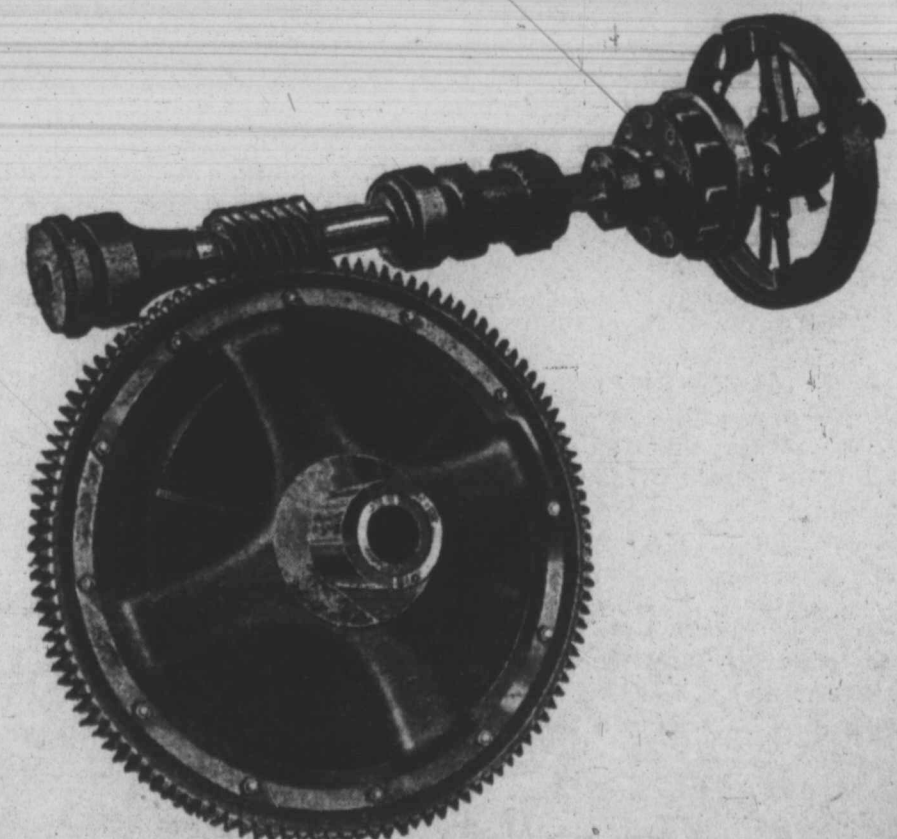

# WORM DRIVE TRACTOR

Which set the pace for popularity in the Kansas City Shows

WESLEY T. GIBSON, Distributor

201 Filmore Street, Amarillo, Texas

JOHN A. WILSON, Randall County Agent

The Worm Drive. The extreme simplicity of the Coleman Tractor is due to the successful and proved application of a well-known power principle, the worm and worm gear. The old-fashioned jack screw is one of the simplest and most powerful mechanisms in existence. The Straight Line Worm Drive of the Coleman cuts fuel consuming, machine-wearing friction, resulting in the least friction of any tractor yet built. Guaranteed for life of the tractor. The worm gear in the Coleman Tractor is simply the jack screw principle applied to the tractor. The most popular high-class trucks have used the worm gear for years. The Coleman is the FIRST tractor using this powerful and simple power transmission.

**"BAYER CROSS"  
ON ASPIRIN**

Always Ask for Genuine  
"Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

**German Honor.**

The Outlook: What do the Germans mean by honor? They say that they are being asked to sign away the honor of the German people and then they proceed to sign. King Albert of Belgium was asked to sign away the honor of the Belgian people, and he refused to sign. If the Germans really meant what they said, they would much prefer to have German territory overrun by the troops of the allies than sign the peace terms. They know very well that Germany would not have any such experience from French, British and American troops as that of Belgium from the soldiers of the Kaiser. We can perhaps judge better what Germans mean by honor from their deeds than from their words.

On Saturday, June 21, German officers and sailors, intrusted on their honor with the care of the German warships which had been surrendered to the allies and were interned at Scapa Flow, in the Orkney Islands off Scotland, opened the sea-cocks of the vessels and let them sink. One

battleship, three light cruisers and four destroyers were beached by British officers and sailors. A few of the Germans were killed. Some of these were sailors who were shot by their own officers when in response to the shouted orders of British officers in boats alongside these sailors started to shut the sea-cocks. Others were officers who were shot by the British for interfering with their orders to save the ship. The German officers and sailors, including the Admiral, Von Reuter, were arrested and made prisoners.

What would have been a heroic and sailor-like act if it had been done during hostilities as an escape from ignominious surrender becomes an act of shame and dishonor after surrender. During hostilities there was nothing to stop the Germans from doing this except the British fleet, and even that could not have prevented it. But now there was something else that ought to have stopped the Germans, and that was their pledged word.

The loss of the ships themselves can be disregarded. Some of them can, and probably will, be raised, if for no other reason than to free Scapa Flow from the obstruction of their presence. Otherwise it really does not matter whether they are raised or not. Naval authorities say that, though they served the German purpose of a fleet that could keep in hiding, with an occasional sally at high speed for short distances, the German war vessels would be of little or no use to a country that uses a navy as Great Britain or America or France does. Indeed, the British proposed sinking the vessels, anyway. The French and Italians wanted these vessels divided up among the allies. The question is solved now, however, and solved, we believe, in a manner that leaves many compensations.

In the first place, there will be no further occasion for dispute on the matter. In the second place, the German navy is where it really belongs. In the third place, the act of the Germans in sinking their fleet dishonorable though it was, reveals that there is in the Germans the vestige of a sense of shame and self-respect even if it is atrophied and perverted. In the fourth place, this act serves as a fair warning of what we must expect from the Germans hereafter. The signature to the peace terms has the value only of the spirit and purpose behind it. What the Germans

**AUGUSTA DIAL.**

did at Scapa Flow is in thorough accord with what they have been doing for the last five years, and it will be in accord with what they will try to do hereafter. It is the business of the nations that joined to defeat Germany to see to it that the Germans do not make of the peace treaty of Versailles a scrap of paper.

**The Unprofitable Cow.**

The following letter comes from a man who expresses his ideas in a forceful manner. He strikes straight from the shoulder at the man who continues to live, but makes no progress. He attaches the blame for poor, unprofitable cows where it rightfully belongs. His remedy is extreme, and of course could not be adopted. He does not, we believe, want such an interpretation placed upon it, but he does want to impress upon the minds of men the fact that men, not cows, are responsible for the 15,500,000 unprofitable dairy cows in this country.

I have just read with a great deal of interest your editorial of "The Unprofitable Cow," in your issue of April 1st, and note your invitation to your readers to express their opinions on the subject. No one who is interested in the welfare of his fellow man would be in favor of slaughtering the 15,500,000 unprofitable cows of the United States, and slaughtering a few of them would not do any good, as the few slaughtered of their associates who are allowed to live would not know why the slaughtering was done. Preaching seems to have little effect, as your paper and many other influences have been working in favor of better breeding and care for years with an amount of progress that is certainly disappointing when the magnitude of the task is considered.

I can think of but one remedy. These 15,500,000 cows probably belong to between one and two million dairymen. Why not have some of these men slaughtered? If the worst of them were selected I feel sure that their cows, their families, their neighborhood, their country, and the world in general would be better off. I do not believe this conclusion can be successfully disputed. They could be informed why they are being executed and if the man who pronounces sentence explains the many reasons carefully they would be utterly unable to dispute the justice of his decision. If proper publicity could be secured and this ought not to be difficult, it would probably be necessary to dispose of only a fraction of these men, as many of their associates would probably be induced to reform, and feed and care for their cows in a more decent manner. I also think there would be a very beneficial effect upon the market for desirable, purebred dairy bulls.

In the meanwhile, calf club work might be pushed among the sons and daughters of the men about to be butchered. These boys and girls, with a little instruction, would unquestionably do much better work than their fathers. In fact, I can see no possible objection to disposing of the fathers except the cost of burying them, and the shock that might occur to some people of an over-sensitive nature.

If this suggestion does not appeal to you I can think of only one other to make. Secure a reasonable number of skillful veterinarians, slaughter the least desirable of the male calves, and transfer the brains to the least desirable of the unprofitable dairymen. The balance of the calf's carcass could be used for veal, and no loss would result.

I feel sure that if you can secure the adoption of my program, that great good will result to both the cows of the country and the consumers of their products and that no real harm will be done to anybody, and I trust that you may use your efforts to see that my suggestions are put into use.—Jos. B. Perkins in Kimball's Dairy Farmer.

# SPUDDING IN PARTY

Everybody is cordially invited to spend the day with us, four and one-half miles southwest of Happy,

## Wednesday July 30th

to see the actual spudding in of the HAPPY OIL & GAS COMPANY'S big twenty inch well.

### An Opportunity of a Life Time

You will witness a sight that day which most of you have never seen and which few of you will ever see again. The opportunity of a life time is presented to you on this occasion, so be sure and bring your friends and come. There will be plenty of ice water and a cordial welcome to all who come.

REMEMBER THAT BEFORE GAS WAS STRUCK IN THE HAPGOOD WELL, stock in the AMARILLO OIL COMPANY sold at \$10.00 per share, today it is worth from \$800 to \$1200 per share. Acreage in the vicinity of that well went up in leaps and bounds.

BEFORE THE PALO DURO COMPANY STRUCK THAT WONDERFUL FLOW OF GAS in the Canyon their stock sold at par and acreage sold at a reasonable price, today both are sky high and selling rapidly.

A LIMITED AMOUNT OF STOCK AT PAR and a portion of our acreage at reasonable prices is now offered to the public.

40 ACRES IN THE BURKBURNETT FIELD has been added to the holdings of the Happy Oil & Gas Company on which a well will be drilled at an early date.

**Hand Grenade Bank Free.**  
Do you want a real war souvenir? The Savings Division of the Eleventh Federal District is giving every man and woman, boy and girl, a chance to secure one in the form of a hand-grenade savings bank. Only a limited supply could be secured, however,

to send over to the men who were pushing the Boche back to defeat, and these are being distributed thru the banks in the various towns and cities of the District.

When the Great War ended, the United States had a large number of hand grenades made up, all ready

These grenades were turned over to the Savings Division. The explosives were extracted and the grenades turned into savings banks. Under their agreement with the Treasury Department, the banks will loan these grenade savings banks to boys and girls who agree to earn and save enough money to buy at least one War Savings Stamp. When the Savings Stamp is bought, the grenade becomes the personal property of the boy or girl. Any adult may also obtain one of these grenade banks by purchasing at least three War Savings Stamps of the 1919 issue.

This grenade bank is the most unique war souvenir that has been offered to the public. It is a weapon of war transformed into a weapon of peace. Those interested in obtaining these grenades should make application to their banks immediately, as the supply for the Eleventh District is very limited. Buy War Savings Stamps regularly.

### Comparative Edens.

Plainview News: From all accounts the Garden of Eden was a very pretty place, and was a delight to the heart. But, even if it was all that, it had nothing on the Plainview country this year, for here every vista is as beautiful as an Eden, and pleases the eye and heart of man.

State Press in Dallas News: Oh, Plainview is nothing like Eden was. Eden was tropical and umbrageous, while Plainview is often boreal and sometimes entirely too ardorously sun-kissed. Adam and Eve could not have prospered at Plainview, for one reason, because there are no fig leaves there, and for another reason, because most of the Plainview fruit is canned. Plainview excels in hogs and alfalfa, but is short on shade and serpents. The shade will be provided after a great while, but it is doubtful if serpents ever will like that country. It is not that serpents are to be desired, of course, for their own sakes, but only as making easier the carrying out of the Edenic comparison projected by Editor Adams. If for serpents might be substituted Satans without serpentine disguise, perhaps that could be arranged by importing Satans from Lubbock or Lockney or Amarillo or Abernathy—not that said communities are themselves overstocked with Satans, but that they would be glad to assist so popular a community as Plainview even to the point of self-deprivation. Anyhow, and in short, the real Eden was situated at the bifurcation of two great rivers, and Plainview has no such scenic accessories. There is a dry stream bordering the purlieus of Plainview, and sometimes it is referred to as a river, but it loafs about half the year, and during that time loses of a good deal of characteristics of a water course, being in fact without water. Still, granting all of Plainview's lacks in the way of Edenic attributes, State Press will go on record as one who would rather live there than at the regular Mesopotamian Eden.

### Ordinance No. 37.

An ordinance prohibiting the burning of trash after twelve o'clock m. within the fire limits of the city of Canyon City, Texas, and prescribing penalty for the violation of same.

### Section No. One.

Be it ordained by the City Council of Canyon City, Texas, that from and after the passage hereof it shall be unlawful for any person, firm or corporation, their agents or employees to burn any trash, waste paper or any rubbish or to build any fire for any purpose in the open, within the fire limits of the city of Canyon, City, Texas, between the hours of 12 o'clock m. and 6 o'clock a. m. the next day.

### Section No. Two.

Any person violating the above section, shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not less than One, nor more than Twenty-Five Dollars.

Passed in open Council this the 7th day of July, A. D. 1919.

(SEAL) 15-42  
J. D. GAMBLE, Mayor,  
W. J. FLESHER, Secretary.

### Ordinance No. 38.

Ordinance prohibiting the staking of cows or other animals on the streets or alleys or to where they can get on or across sidewalks within the corporate limits of the city of Canyon, City, Texas, and providing for a penalty for violation of same.

Be it ordained by the City Council of Canyon City, Texas:

### Section No. One.

That hereafter it shall be unlawful for any person to stake out any cow, horse or other animal in any street or alley, or on any lot where the stake rope or lariat will permit said animal to get upon or across any sidewalk, within the corporate limits of said Canyon City, Texas.

### Section No. Two.

Any person violating the foregoing article shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than One Dollar, nor more than Twenty-Five Dollars.

Passed in open Council this the 7th day of July, A. D. 1919.

(SEAL) 15-42  
J. D. GAMBLE, Mayor,  
W. J. FLESHER, Secretary.

Come to Canyon to live.

### Items From Wayside.

Weather is hot and dry. Vegetation is suffering for rain.

S. S. at the usual hour Sunday. D. L. Adams, Supt., and Miss Ella Carter was put in as Asst. Sec'y.

Born to Frank Walters and wife on July 9 a little girl. Mother and babe are doing well. Mrs. H. James of Happy is spending some days with them.

Mrs. J. A. Currie's mother is with her and will probably remain all summer.

Mrs. Mary Williams who has been visiting in Duncan, Okla., returned to Wayside the 14th much improved in health.

W. D., J. T. and M. L. McGehee visited their mother and other relatives in Canyon Sunday.

Wm. Payne, wife and baby, Mrs. Lottie Whittle and Mrs. Ida Sluder spent Sunday visiting relatives in Canyon.

Almost thru cutting wheat in our vicinity. Roy Key is threshing for J. M. McGehee. His wheat is turning out well. Mrs. Bessie Lane is doing the cooking.

Several families spent Monday in the canyons plum hunting. Others went down to spend the night and gather plums. Several bushels of nice plums were brought out. No tame plums any where near that we know of.

Ice cream supper with an abundance of cream at Mrs. Lizzie Schaeffer's Saturday night.

### Sheriff's Sale.

THE STATE OF TEXAS, County of Randall.

By virtue of a certain Execution issued out of the Honorable County Court of Randall County, on the 12th day of May 1919, by O. W. Gano, Clerk of said Court against J. D. Bybee, for the sum of Two Hundred Ten and 50-100 (\$210.50) Dollars and costs of suit, in cause No. 537 in said Court, styled Grover C. Utz vs. J. D. Bybee and placed in my hands for service, I, Worth A. Jennings as Sheriff of Randall County, Texas, did, on the 8th day of July 1919, levy on certain Real Estate, situated in Randall County, described as follows, to-wit:

All of the Southeast 1-4 of Block 10 in Heller Addition, to Canyon, Texas, and levied upon as the property of said J. D. Bybee and on Tuesday, the 5th day of August, 1919, at the Court House door of Randall County, in the city of Canyon, Texas, between the hours of ten A. M. and four P. M. I will sell said property at public vendue, for cash, to the highest bidder, as the property of said J. D. Bybee by virtue of said levy and said execution.

## Here is the Entire Program for Chautauqua

FIRST DAY, AUGUST 14

Afternoon and night concerts by the Cartwright Bros. Quartet one of the best male singing and instrumental clubs in the business. Dr. Roland A. Nichols, for years a Chautauqua favorite, will lecture on "The Man Worth While". Dr. Nichols is a great inspirational lecturer. He speaks at night.

SECOND DAY, AUGUST 15

The Helen Burgess String Quartet of pretty girls in a full afternoon program, and a prelude at night, songs, stunts, readings, orchestra numbers, costumes. Dr. L. G. Herbert at night, lectures—subject "What Next?" a brilliant presentation and discussion of Reconstruction and its problems.

THIRD DAY, AUGUST 16

The Royal Hawaiian Singers and Players, the most talked of attraction in America, playing and singing, in native costume the exquisite love songs of Hawaii, afternoon and night. Sergeant Edwards, Canadian War Hero, in the afternoon gives his great war lecture "The Escape of a Princess Pat".

FOURTH DAY, AUGUST 17

A popular concert afternoon and night by DeWillo, King of the Concertina-Grande. M. H. Jackson lectures on "Shamrock and Heather" in the afternoon; and at night Morris G. Hindus, Russian scholar and exile, gives his address: "Bolshevism—A Social Cyclone".

FIFTH DAY, AUGUST 18

The Fifteen Navassar Girls, orchestral singing stunt band. Finest organization of its kind in the world. Full program in the afternoon and Joy Night program of surprises to close the Chautauqua.

C. W. WARWICK, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

The boy scout movement is taking definite formation in Canyon. Any parent who wants to see his boy a regular attendant on Sunday School, a student of nature, student of characteristics of a good citizen, become a manly young man under the direction of a trained and efficient leader, will lend his influence to the movement. The organization is no experiment. It has been tried and proven a great thing for the boy. Let Canyon have a record organization in points of numbers, and the scoutmaster will see that it is a record organization in point of efficiency.

If you intend building a new house or business block, just as well do it now. Prices of material cannot go down within five years and possibly within ten. The United States is far behind, in fact nearly three years, with her building program. All building in Europe was stopped five years ago by the war, and the ravages of war will put them at least ten years behind with their building. The demands for lumber has never been so great as it will be during the coming five years. Canyon needs more houses. A building program should be started at once in our city.

The English uncorked their usual reserve enough to pull off a monster peace celebration Saturday. General Pershing lead a picked bunch of doughboys in the monster parade and the Americans were wildly cheered. We heard an Englishman in London say last summer: "We are glad the Americans are in the war, but we hate to acknowledge it was necessary for you to come," which is the general feeling toward the United States among the English.

Read the proposed constitutional amendments in this week's issue of the News. They are to be voted upon this fall. Amendments are proposed at every session of the legislature, which is the best of indications that Texas should have a constitutional convention and adopt a new constitution. Attempts are continually being made to get changes made. The old one was alright when it was adopted, but the state has outgrown it. The liquor question has now been settled and a convention could get down to business without this perplexing question bobbing up at every turn.

Great credit is due Representative Satterwhite of Panhandle for the appropriation for the dormitory for the West Texas State Normal College. Had it not been for his persistent efforts the item would have been killed in the finance committees. Mr. Satterwhite fought all the way through for proper appropriations for the schools of Texas. More men like Satterwhite are needed in the legislature.

Secretary Tumulty is slated to take Burleson's place in the cabinet should that worthy see fit to resign. Tumulty will have some job on his hand making peace with all the interests that have been after Burleson and his scalp for his method of doing things.

Ford knows more about the history of cars than of men.

Mr. and Mrs. J. W. Cheney of the Southwest Plainsman are taking a much needed vacation of two weeks and scouting around Colorado. Miss Leta Warren of Clarendon is looking after the destinies of the Plainsman during their absence.

President Wilson has asked that permanent rank of General be given Generals Pershing and March, and that permanent rank of Admiral be given Admirals Sims and Benson.

Practically unanimously the boys who have returned from the service are against the state giving them a bonus of \$300. They are not in favor of presenting themselves as objects of charity, in which light the bill would place them.

Get ready for the Dallas Fair this fall. Begin saving good samples of wheat, rye, barley, oats, in fact all kinds of grain, vegetables, fruit or anything else grown in the county. Randall county should have a great exhibit at the fair.

W. H. Bledsoe has been seated as Senator from this district. He was elected in the special election last week. He is an able man, a friend of the West Texas State Normal College, and will represent the district well in the senate.

The rains were certainly great for the row crops. And they stopped in time to do no damage to the wheat in the shock. The Panhandle is truly a wonderful place when things are given half a chance to make good.

There is not much inspiration in thinking about and talking good roads while the streets of Canyon are in such a horrible condition. Paving will solve the present condition.

A good ferry boat would do a flourishing business around Canyon's public square for about a week after each rain.

Get ready for the big Chautauqua in Canyon August 14-18. It is going to be a fine program.

Which would look better; the present mudhole around the square, or some good paving?

Are you looking for a good investment? Build some rent houses in Canyon.

Let's pave, or get a ferry boat for the public square.

**Out Door Closets Must Be Fly Proof.**

Closets off the sewers and closets on the sewers, not accessible to water must be fly proof, made so by digging a pit not less than 6 feet deep, 2 1-2 feet wide and one foot shorter than the length of closet. Seat must have hinged lids, self closing; ventilating stack 4 by 6 inches in size extending through the roof; two screened openings 6 inches square in seat box front; lime to be used daily in closets.

Persons not complying with this within ten days after notice will be subject to fine of not less than five nor more than twenty-five dollars for each offense.

F. M. WILSON, City Health Officer.  
J. D. GAMBLE, Mayor.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

An appropriation of \$55,000,000 for the air service at Washington does not apply to hot air.—Philadelphia Public Ledger.

**OVER-ACIDITY**  
of the stomach has upset many a night's rest. If your stomach is acid-disturbed, dissolve two or three **KI-MOIDS** on the tongue before retiring and enjoy refreshing sleep. The purity and goodness of **KI-moids** guaranteed by **SCOTT & BOWNE** MAKERS OF SCOTT'S EMULSION 17-24

**WHEAT AT GALVESTON NOW \$2.30 A BUSHEL**

Raise Is Expected to Divert Grain Shipments from Atlantic to Gulf.

Washington, July 16.—President Wilson today signed an executive order increasing the guaranteed price of the 1919 wheat crop to \$2.30 per bushel at Galveston and New Orleans.

At the same time a presidential proclamation was issued declaring that in order "to protect the United States against undue enhancement of its liabilities" under the law guaranteeing wheat prices, that on and after July 1 no wheat or wheat flour should be imported into or exported from the United States except under prescribed limitations to be fixed by Wheat Administrator Julius H. Barnes.

It is expected the higher price established for wheat at Galveston and New Orleans will divert a part of the crop's flow to export from Atlantic terminals and thus relieve the strain on common carriers and terminal facilities. In addition to executive orders the President approved the licensing plan put into effect by Director Barnes providing that all persons handling wheat, with the exceptions of growers, bakers who consume less than fifty barrels of flour per month and common carriers must be licensed.

**Colds Cause Grip and Influenza**  
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

**Young People's Program.**

The following will be the program given by the young people at the Baptist church Sunday evening at 8:30.

Subject—The Whole Armor of God. Song: Jesus the Light of the World.

Devotional: Paul Johnson.

Song: Stepping in the Light.

Annual state report of B. Y. P. U. work: Mrs. B. T. Johnson.

The armor of light: Miss Edna Key.

Reading: Madge Rusk.

Violin Solo: Marie Fronabarger.

This life a warfare: Miss Bessie Foster.

Reading: Vivian Brumley.

Vocal Duet: Miss Annie Smith.

Armor and warfare: Miss Annie Smith.

Male Quartet: Watchful in prayer: Lester Hill.

Reading: Mrs. Shinn.

Closing song.

**Wayside Warblings.**

Generous rains have recently visited our section. Threshing has been hindered on account of it but has been of much benefit to the growing crop, pastures and gardens. Every thing has taken on new life, grass and weeds, no exceptions. With fair weather which looks promising we trust the wheat crop can be saved with but little damage.

Mrs. Vansant of Tioga, Texas, is visiting her daughter, Mrs. Leonard O'Neill and will remain indefinitely. Mrs. M. B. Chapman, and daughter Mesdames Annie and Messie Dennie of Merrill, Texas, with their three children are visiting Mrs. Etta Gillham, may remain two weeks.

Lots of plums have been brought out of Palo Duro and Happy canyons, and all of excellent quality.

A letter from E. C. Clayton of Claude to D. L. Adams informs the Waysiders that our quota for the Salvation Army Drive is \$35.00. After Sunday School Sunday, a public collection was taken to raise the amount, which secured \$25.50. Miss Ruby Lee McGehee and Mrs. Ida Sluder were appointed to finish the amount by private solicitations by next Sunday.

Misses Bonnie and Ada Franklin of near Plainview came in Saturday and are visiting their brother W. R. Franklin and family.

Herbert Franklin has enlisted in the aviation corps for three years. Birdmen from Ft. Worth came for him in an airplane.

The Episcopal Church. Sunday School at 10 a. m. Bible Class conducted by Mrs. Garner at 11 a. m.

A very cordial invitation is extended to all.

Come to Canyon to Live.

**The Man Who Cares for the Woman Who Helps Him**

Whether wife, mother, sister or daughter, she is entitled to the same LABOR-SAVING and HEALTH-PROTECTING advantages as the man who is the bread winner.

The farmer, storekeeper, workman, and even the office man have all been saved useless, tedious labor by improved methods and modern machines.

Yet many of these men are indifferent to the hard work done every day by woman of the house. It has not occurred to them to lighten her burdens—chief of which is the hard, exhaustive labor of washing the scrub board way or the expense and worry of hiring the work done. The last vestige of exertion has withered away.

**Maytag Multi-Motor Washer**  
(A little pressure of the foot starts it.)

This provides a remarkable combination of Maytag Power Washer, the Three-Way Swinging Wringer and the new Multi-Motor. The complete outfit does the same for the rural or town home without electricity that the Maytag Electric Washer does for a home equipped for its use.

Five cents a week pays for the gas or gasoline used for the washing of an average family. We also have the regular Maytag Power Washer for use where a separate gasoline engine is at hand. The Multi-Motor is of the greatest utility in that it will also operate the churn, sewing machine, food chopper, and any other small machine—several at the same time if need be.

While the Multi-Motor works other duties can be looked after. Clothes can be washed and wrung at same time with the Three-Way Swinging Wringer. So quickly is the washing over that the clothes are usually dry by noon, ready for ironing same day.

Try a MAYTAG—any kind—four Mondays on the thirty day trial plan. Complete outfits within the means of any family. Call or phone for one on trial.

**THOMPSON HARDWARE COMPANY**

**Lakeside School Notes.**

Harvesting is about over. Mr. Dowd started his thresher at home last week and the Fulton Bros. started at Skeet Fulton's. Have had some delay on account of showers.

Still needing rain as we only had some light showers last week. The row crops are beginning to suffer.

Last Sunday a week ago as the stork was passing, he left a baby girl at the home of Lawrence Fulton.

Mrs. D. N. Redburn was visiting at the home of her daughter, Mrs. Skeet Fulton last week.

Grace Foster has returned to her work in the training school after two weeks work in the harvest field.

F. E. Hains left this morning for C. O. Keiser's ranch where he will help with the harvesting.

Mr. and Mrs. Roy Wall, also Miss Gipson visited at the Grimes home Sunday.

George Grages and family and Miss Clara Hains visited the Grimes family Sunday and helped with the harvesting of the wheat.

**Pleasantview Items.**

The farmers are all rejoicing over the fine rains. The crops are growing fast and there is a good prospect for a good row crop. A little hail fell last week-injuring the crops some.

W. J. Taylor and family visited J. W. Taylor Sunday.

Miss Edith Gibson attended the Tutia picnic Saturday.

Mr. and Mrs. R. I. Wall are working their crop at Ed Gibson's home this week.

Mrs. Lois Nobles spent Sunday with her parents in Canyon.

Cold cereal with cream is an excellent summer dish.

Young carrots scraped will cook in a very few minutes.

**Buy Furniture Now!**

Our buyer who has just returned from the furniture markets of the entire country tells us that the market was never in such a deplorable condition and furniture has never in the history of the trade been so hard to obtain. Factories are over sold as much as a year ahead and many manufacturers will accept no more orders. We have the good fortune to have kept a general buyer in the factories and our orders have been placed for many months and our goods are now arriving daily. Much of it bought at prices much less than if we had to buy today. So if you want furniture, don't wait. Come down and see us at once. We are taking many orders for goods, which are enroute and will not arrive for some days, but you can buy anyway. Above all, don't delay too long.

J. E. Walker of Clarendon was in the city Monday on business.

Sheriff Jennings went to Lubbock Sunday as a witness in the Reynolds case.

**SHOOT a DOLLAR**

What's a dollar, anyhow? It used to be a day's pay, but now it won't buy a dinner pail and plain grub enough to fill it. However, that lonesome dollar may be made to grow but you have to take a chance of losing it. But, what if you do lose it? You'll only have lost the price of an hour's fun and you'll have had days of fun watching what we do. And we may make you a lot of money. It's a gamble. We don't want to mislead you. You may lose. But if we win, we'll win big. It's a Giant. 100 PER CENT SURE IF YOU'RE QUICK.

Giant is an oil company, organized to drill a well on the company's 8500 acres in the Texas Panhandle. We believe we'll get oil. We want you to share the expense of drilling and take a proportionate share of the profit if we get oil. It's ten cents a share and you can buy ten shares for a dollar but we won't let any one person have more than \$100 worth of the stock. We only want you to put in that dollar or two that you'd spend for foolishness today anyway. Stake it on a big chance. A few shares might make you independent for life if we get a big well. Now! To hurry matters, the first ones in will be given 100 per cent stock dividend—in other words one extra share free for every share you buy. If you buy ten, we'll send you an extra ten. All stock will be issued between Aug. 2 and 5th. Receipts will be sent at once. Hurry and get the bonus. Double stock means double profit—Hurry.

**Get Trucks Soon.**

Judge C. R. Flesher expects to get the two trucks from the government for road purposes any day now. The trucks are in Amarillo and will be distributed as soon as the government agents arrives to look after the matter.

All of the trucks are new, having been run but a few miles. All are the Quad-Nash, which were such a fine machine in hauling ammunition in France during the war.

**New Office Fixtures.**

The bank fixtures which were in the old First State Bank Building have been sold and moved to Groom for the First State Bank of that town. C. N. Harrison has had new fixtures built for the room. He recently moved his abstract office into the old bank building and has it commodiously arranged.

**Moving to Amarillo.**

U. S. Gober has bought a home in Amarillo and will his family there about the first of September. Miss Frankie has accepted a position with the Green Bros. Company and went to Amarillo Monday.

The Gober family has lived in Canyon for a long while, being among the real early settlers here. They will be greatly missed by their many friends in Canyon.

**Former Students Married.**

Elmer F. Luttrell of Mobeetie and Miss Lelan Fee of White Deer, both former W. T. S. N. C. students, were married Sunday, July 6, at the home of the bride. They will make their home in Mobeetie.

If human nature would only work as hard for pay as for more pay.—Boston Herald.

## Cancelled Checks

Often we are called on to produce cancelled checks which settle an account in dispute.

There is no arguing about the evidence—the check—its amount, endorsement and date are final.

Is it not strange that there are still some people who do not apply this insurance against double payment to their own personal bills? And it does not cost anything either.

**L. T. LESTER**  
CANYON, TEXAS

**PERSONAL INVITATION FROM FAIR OFFICIALS**

TO VICTORY EXPOSITION, DALLAS, TEXAS, OCTOBER 6TH TO 19TH, 1919.

JNO. N. SIMPSON, President W. H. STRATTON, Secretary

After two years, during a part of which time the grounds and buildings were patriotically turned over to "Uncle Sam" during the war, the gates of the State Fair of Texas will again open for the thirty-third session on Oct. 6th. This will be known as the "Victory Fair."

For many months our beloved State has been blessed with copious rains. These have transformed our fields into modern, variegated Gardens of Eden. Business is good. All conditions favor the most comprehensive, representative and largely attended Fair we have ever held. We hope to bring two people here where only one was here before.

Golden grain from fertile fields, luscious fruits from fragrant orchards, succulent vegetables from well-kept gardens; lowing herds of fattened cattle; magnificent thoroughbred horses, and all the other faithful, lowly friends of man; as well as riches from the marts of trade; modern creations of the inventive wizards' brain; the wonders of science; the beauties of art—in a word, our Twentieth Century Texas civilization will be typified, visualized at the Victory Fair!

It takes time to prepare displays. Are you seeing that your county, your home town, will be properly represented. Little display space is left.

In the spirit of fullest confidence, therefore, in the extent of our preparations, we most cordially invite the people of Texas, and of the entire Southwest, to accept this, our hearty invitation to be present Oct. 6th to 19th, so that you may enjoy to the utmost the benefits and pleasures that we have provided for you at the Victory Fair.

STATE FAIR OF TEXAS,  
Jno. N. Simpson, W. H. Stratton,  
President. Secretary.

**\$60,000.00 IN PREMIUMS FOR LIVE STOCK ALONE**

**PRESIDENT SIMPSON INCREASES APPROPRIATION TO THAT AMOUNT FOR VICTORY FAIR**

President Simpson, of the State Fair of Texas, believes thoroughly in the live stock industry. He is doing everything he possibly can to encourage it.

To this end, at President Simpson's urgent request, the Board of Directors has appropriated the largest amount in its history, and the largest amount offered by any Fair anywhere, for live stock at the Victory Fair this fall. The amount is apportioned as follows:

For Beef Cattle: Herefords, \$15,000.00; Aberdeen-Angus, \$5,000.00; Shorthorns, \$15,000.00; Red Polled \$1,250.00.

For Dairy Cattle: Jerseys, \$3,000.00; Holsteins, \$3,000.00; Gurnseys, \$500.00.

In addition to this, the number of special premiums has been largely increased.

**FARM PRODUCTS WILL BE FEATURED AT VICTORY FAIR**

A MAGNIFICENT AGRICULTURAL SHOW—\$10,000.00 IN PREMIUMS OFFERED.

The Victory Fair will have the most extensive agricultural show in America. Ten thousand dollars will be offered as premiums in this department. Of this amount \$5,000.00 will go to County exhibits and \$5,000.00 to individual farm exhibits. This is the largest amount ever offered by the State Fair Directors, and covers a wider range of the products of the farm, the orchard, the garden, and the ranch than ever before.

The wonders performed by the tractor, diversification, rotation of crops, soil study, adaptability of crops for certain localities, and many other vitally important subjects will be explained and demonstrated at the Victory Fair, for the benefit of the man who handles the hoe, follows the plow or drives the truck.

Advices are being received by Secretary Stratton that local contests are being held to select the choicest products for the State Fair. The irrigated districts, the dry sections, and all the other areas of Texas will have magnificent displays. It will be a veritable wonderland of agricultural and horticultural products in rainbow hues.

**A Triumph of Toughness**

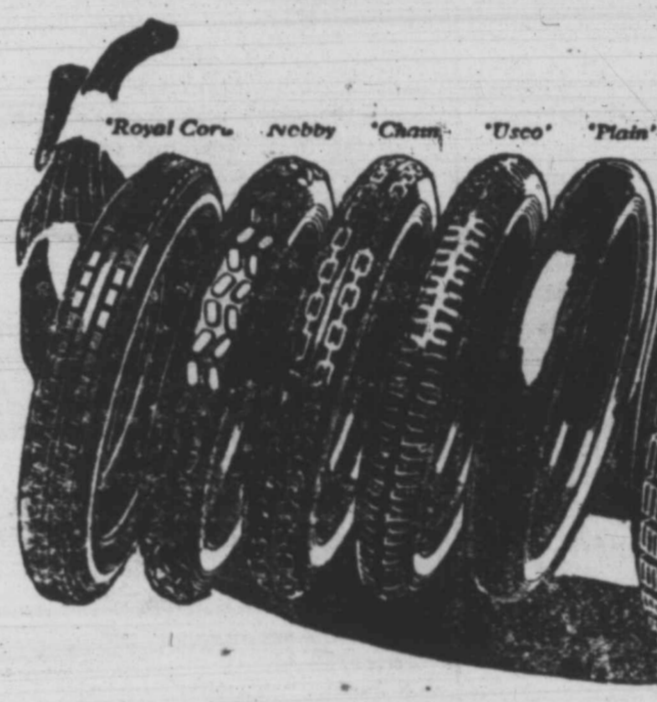

And yet, the 'Royal Cord' possesses amazing buoyancy and life.

That's the secret of this famous tire's success.

Hardihood that means many extra miles, combined with the luxury of easier riding.

COMING—WM. S. HART

**"Dip That Chick."** It isn't done just for the sake of making a rhyme for "nip that tick," either. Dipping chickens is likely to become more general than dipping cattle, because the chicken louse is a more widely-distributed insect than the cattle tick. The "dip" consists of 1 ounce of sodium fluoride to the gallon of water, which should be at a temperature of 70 to 85 degrees. The dipping should be done on a clear, warm day—never on a cold day. The old way of getting rid of chicken lice was by dusting with dry sodium fluoride. It was effective, but in the case of large flocks it was slow and wasteful a great deal of the dusting material being inevitably lost. Experiments in dipping were begun by the United

States Department of Agriculture in the laboratory of the office of Insects Injurious to Domestic Animals, Bureau of Entomology, at Dallas, Texas. The experiments proved successful, and the results promise a sure and speedy means of getting rid of one of the worst pests of poultry.

Coming to the Olympic, Wednesday and Thursday, July 30-31—"THE UNPARDONABLE SIN." Prices 35c and 20c. Don't miss this one.

## NINE INCHES OF RAIN FLOODS GAINESVILLE

WATER STANDS FOOT DEEP IN BUSINESS HOUSES AND TRAINS ARE DELAYED.

### ROADS ARE BADLY WASHED

Loss Resulting From Damaged Merchandise and Buildings Heavy, But No Deaths Reported.

Gainesville, Texas.—This section was visited by a veritable waterspout Saturday, which caused the greatest flood in Gainesville's history. A large portion of the city being inundated by the overflow from Pecan creek, which spread out for several blocks at some points.

Many families had to be carried from their homes, and small buildings were washed from their foundations. Large numbers of chickens, hogs and other small animals were washed away. The water was about 12 inches deep in the passenger station, and reached a depth of several inches in quite a number of business houses, which caused a suspension of business. The City Hotel was flooded with water to a depth of a foot and over. Many buildings were badly undermined by the washing of the water.

All of the city bridges on Pecan creek remained in place, although the water ran over the floors of several bridges and the approaches were badly damaged. The city suffered very heavy damage on a number of streets, some having great holes and gullies washed out and some for a block or more having been scooped out to a depth of a foot or more.

The ice plant was flooded and had to shut down, as was also the Texas Power and Light plant. No estimate has been given of the damage to these two plants. Railroads entering the city sustained heavy damage, although traffic is now resumed.

The combined loss in damage to merchandise, buildings, streets and farms will run into tens of thousands of dollars. Water poured several feet deep through homes in the lowlands and this was coated heavily with crude oil that wastes at the refinery and industrial plants north of the business part of town. Everything which it touched was ruined and houses will have to be repainted to remove the oil stains.

The storm was accompanied by many flashes of vivid lightning and nerve racking thunder. The longer it rained the harder became the down-pour. This is attested by the fact that hundreds of birds roosting in trees were drowned. In one block on Denton street 500 dead sparrows were found, over 100 being in one man's yard.

### Peace Conditions Given to Austrians

Paris.—The full peace terms of the allied and associated powers are now in the hands of the Austrians. The first section of the terms was presented to the Austrians at St. Germain on June 2; the final sections were delivered to them at the same place Sunday without ceremony by M. Dutasta, secretary general of the peace conference. The terms comprise the whole treaty, which Austria is asked to sign, including the reparation, financial, military and other minor clauses.

### North Penn Bank Closes

Philadelphia, Pa.—The North Penn bank, a state institution, has closed its doors. The bank's last report, issued in June, showed that it had deposits of \$2,066,643, resources \$2,695,252 and loans and investments of \$2,304,533.

### Asks Statement of W. O. W. Finances

Austin, Texas.—By a viva voce vote the house adopted a resolution asking George Waverly Briggs, state commissioner of insurance and banking, to furnish the legislature a statement showing whether or not the Woodmen of the World is insolvent.

### German Shares Sold for \$4,000,000

New York.—Eight thousand German-owned shares of the three chemical companies formerly controlled by the Roessler & Hasselacher interests have been sold at public auction by the alien property custodian for approximately \$4,000,000.

### Killed in Mine Explosion

Bluefield, Va.—Six men have been killed in an explosion at the Carswell mine at Kimball, 20 miles west of Bluefield. The cause of the explosion is unknown. About 50 men were in the mine at the time of the explosion.

### Airplane Mail Rate Reduced

Washington.—Postmaster General Burleson has reduced the postage rate on airplane mail to 2¢ an ounce, the regular rate for first class mail matter.

### Pacific Fleet on Way to West

Old Point Comfort.—The Pacific fleet is well on its way on the first leg of its long voyage to the west coast. None of the pomp and ceremony which marked the departure of the world-girdling Atlantic fleet from Hampton Roads in 1907 attended the sailing of the armada under Admiral Hugh Rodman. That is being reserved for the triumphant entrance of the ships into the Golden Gate about the middle of August, when President Wilson is expected to review them.

# JULY CLEARANCE SALE

## Boys' Department

In every instance the merchandise in this department that is involved in this sale is marked at exceptionally low prices.

### A CLEARANCE OF BOYS' SUMMER CLOTHING

Boys' summer suits of blue serge, Palm Beach, cotton and wool Khaki, and also suits of worsted, tailored in the very latest styles and colors will also be interesting when selecting this important article of wearing apparel.

Tan, Navy Blue, Plain Greys, Khaki Browns and mixed colors. Sizes run from 10 years upwards.

#### EXAMPLES—

Regular \$3.50 Suits, July Clearance Sale Price	\$2.62
Regular \$4.50 Suits, July Clearance Sale Price	\$3.38
Regular \$5.00 Suits, July Clearance Sale Price	\$3.75
Regular \$8.00 Suits, July Clearance Sale Price	\$6.00
Regular 10.00 Suits, July Clearance Sale Price	\$7.50
Regular 12.50 Suits, July Clearance Sale Price	\$9.38

### BOYS' SHIRTS REDUCED

A shirt is an article of wearing apparel that is necessary at all seasons of the year. In line with all else, it is very reasonable to expect higher prices on boys' accessories, and prices which we quote here will sound cheap six months later.

These shirts are made of Madras and Silk, in good looking patterns, some solid colors, others in striped designs. The workmanship is of the best, being standard made.

#### EXAMPLES—

Regular \$5.00 Shirts, priced on this sale	\$3.75
Regular \$4.00 Shirts, priced on this sale	\$3.00
Regular \$3.50 Shirts, priced on this sale	\$2.62
Regular \$3.00 Shirts, priced on this sale	\$2.25
Regular \$2.00 Shirts, priced on this sale	\$1.50
Regular \$1.50 Shirts, priced on this sale	\$1.12
Regular \$1.25 Shirts, priced on this sale	94c

Regular \$1.50 Blouses on sale for	\$1.12
Regular \$1.75 Blouses on sale for	\$1.31

These Blouses have collars attached.

# MOORE, MATHIS & CO.

"The Store With the Goods," Corner of Seventh and Polk Sts., Amarillo, Texas. "We buy 'em for less and sell 'em for less"

### Harvest in Deaf Smith.

The wheat acreage is not nearly so large as some people predicted earlier in the year, but is fair enough, while the yield will run from 15 bushels up, according to good judges. One well-informed grain man Thursday placed a conservative estimate of 100,000 bushels in this immediate territory, while other estimates are higher. The grain all seems to be fine and well rounded out. It is estimated that the price will be somewhere around \$2.00 to \$2.07 to the grower. — Hereford Brand.

Coming to the Olympic, Wednesday and Thursday, July 30-31—"THE UNPARDONABLE SIN." Prices 35c and 20c. Don't miss this one.

### To Vote on County Seat.

Citizens of Ochiltree county are to decide at the polls August 23rd whether or not the county seat is to be moved to Perryton or to remain in Ochiltree. The election was ordered on a petition circulated since it was announced the new railroad being built into that county would touch Perryton, 8 miles northwest of Ochiltree. Steel is being laid into Perryton this week, and rolling stock will

be provided in time to move the wheat, it was stated yesterday on good authority.—Amarillo News.

### Wheat Fires.

Friday night of last week a wheat field on the Stump place was discovered to be on fire, and with the assistance of a big number of neighbors, the fire was extinguished with but little damage. Just what started the fire, looks rather suspicious, as it was started near the middle of the field.

A farm near Pampa had a fire this week destroying near 100 acres of wheat, and the report from Hansford County are that fires have been springing up in wheat fields in that section the past few days. Farm-

ers are becoming suspicious, and making a close lookout for the cause such.—The Miami Chief.

It strikes us it is going to be tough on the milkman when the increased demand for water reaches proportions it is bound to.—Philadelphia Inquirer.

Salt nasturtium blossoms and spread with mayonnaise and use thin sandwiches.

## Nature and the Indian

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work and let him hunt, therefore he dug peopos root for her, for that was their great remedy for female weaknesses.

Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription" skillfully combined with other ingredients to make it more effective.

Women who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription.

Send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

JACKSON, Miss.—"Dr. Pierce's Favorite Prescription is a good medicine and I have recommended it many times to women who suffer. This medicine was a great comfort to me after motherhood. The doctor seemed unable to give me any relief or help, but I had very promptly secured as soon as I started to take the 'Prescription.' It cured me of my troubles and restored me to a perfect state of health, and that is why I do not hesitate to speak a good word for Doctor Pierce's Favorite Prescription whenever I have an opportunity."—Mrs. K. G. SUTHERLAND, 205 Poindecker Street.

### Oil Man Arrives in Airplane

S. E. J. Cox of Houston, president of the General Oil Company, which has started a big oil development campaign in this and adjoining counties, arrived in Big Spring in an airplane, owned by himself, about noon Saturday.—Big Spring Herald.

### Grasshoppers in Comanche County

The grasshopper situation in Comanche county is very critical. The loss in wheat, oats and barley has been tremendous in places where you will be disappointed. The majority of those present are native and do not fly. Some of those present are the migratory kind but there is no assurance that even they will leave as they have been breeding and feeding in the state for forty years.

Over a carload of materials have been ordered for poisoning the hoppers in this county. Since every farmer helps pay for this material, with his taxes, he should get in on the benefits to be derived from its use.—Coldwater Talisman.

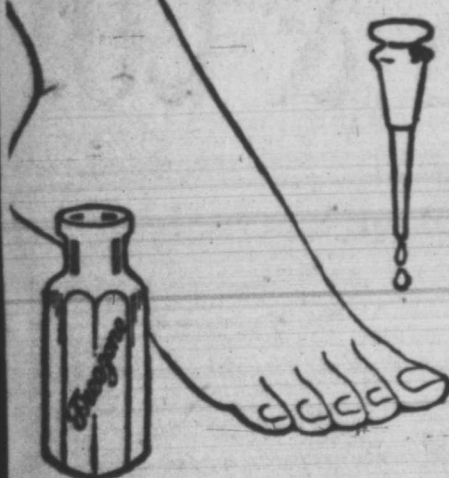

### MARKETING HOGS

beats burying them. Steve Hoover, Mt. Pleasant, Iowa, writes, "Commenced feeding my herd of about 100 hogs B. A. Thomas' Hog Powder over two months ago. Fifty were sick and off feed. Nearby herds had cholera. I did not lose one—they are well and growing fast."

W. H. HICKS.

### LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little essence on an aching corn, instantly it corn stops hurting, then you lift right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the bluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

## AMERICAN SAILORS ROBBED BY MEXICANS

IS REGARDED AS MOST SERIOUS OF RECENTLY GROWING ACTS ON AMERICANS IN MEXICO.

Washington.—The most serious of the recently growing lists of attacks on Americans in Mexico, has just come to light. A boat load of American sailors from the U. S. S. Cheyenne were held up in Temesi river on July 6, within nine miles of the city of Tampico, and the sailors were robbed. The American flag was flying from the boat at the time.

Closely resembling the attacks on American sailors which led to the occupation of Vera Cruz in 1914, the state department did not hesitate to regard it as a most grave affair and immediately dispatched urgent representations to the Carranza government and the authorities at Tampico.

Official Statement issued.

The department issued this statement: "The department of state has been advised that on July 6 a boat from the U. S. S. Cheyenne occupied by enlisted men of that vessel who were on a fishing trip, was held up near Tampico by armed men. The sailors were robbed.

"Urgent representations have been made by the department of state to both the local Mexican authorities at Tampico and to the federal government at Mexico City and the authorities there have promised to investigate."

Later Secretary Daniels sent the following telegram to Commander Finney at Tampico:

"Wire fuller report and result of investigation of robbery of motor sailing launch of U. S. S. Cheyenne. Have parties been identified or apprehended?"

Although the sailors were fishing, they were on official duty, bringing in food for their ship and the American flag flying from the boat denoted that it was official business.

### Coal Shortage Faced in England

London.—A shortage of more than 70,000,000 tons of coal, as compared with the 1913 output, is faced by Great Britain in the coming year, according to Sir Auckland Geddes, president of the board of trade. He announced in the house of commons that for the 12 months from July 16 next, when the miners' seven-hour day comes into effect, the production of British coal is estimated at between 214,000,000 and 217,000,000 tons. In 1913 the output was 287,000,000 tons.

### Pershing Honored by British

London.—London has honored General Pershing by presenting him the freedom of the city and a sword of honor in the presence of a distinguished company of Britons and Americans gathered within the historic Guild Hall. John W. Davis, the American ambassador, the embassy staff, Rear Admiral Harry S. Knapp and his staff, members of the British government and a number of British generals participated in the ceremony.

### Fight on Daylight Saving Falls

Washington.—Renewed attempts of house republican leaders to repeal daylight saving through a rider to the 1920 agricultural appropriation bill were defeated in the house when republican opponents of repeal joined with the democrats in voting to eliminate the repeal provision. Immediately afterward, without a dissenting vote, the agricultural bill, carrying \$33,900,000, was passed and sent to the senate.

### Dutch Will Surrender Kaiser

Paris.—The Norddeutsche Allgemeine Zeitung of Berlin, the mouthpiece of the government under imperial regime, declares it has information that Holland will consent to the extradition of former Emperor William, according to a Berlin dispatch to Paris newspapers. The formal handing over of the former emperor to the allies, it adds, will take place at The Hague.

### Giant Steel Corporation

Brussels.—Out of the ruins of Belgium's steel industry, which was systematically destroyed by the Germans, will spring one of the biggest steel combinations in the world. Ten or twelve of the most powerful corporations whose plants were laid waste have decided to pool their interests into one immense undertaking.

### Tried to Remove Trade Restrictions

Washington.—An amendment to the sundry civil appropriation bill designed to end enforcement of the trading-with-the-enemy act was rejected in the senate 33 to 27. It was offered by Senator Fall (Rep.), New Mexico, who said there should be no restrictions on trading with Germany.

### W. O. W. Officers Are Re-Elected

Chicago, Ill.—All officers of the Woodmen of the World, from Sovereign Commander W. A. Frazer down, were re-elected at the annual convention in session here.

### Coastwise Embargo Caused by Strike

New York.—A freight embargo on traffic is announced by the coastwise steamship companies operating under federal control, as a result of the strike of seamen and engineers along the Atlantic and gulf coasts.

### Coming Back Nicely in Texas

Kansas City is expecting initial runs of fat grass cattle from the Panhandle of Texas to start in August, a month earlier than usual. Besides, it is counting on continued runs from the South Texas country until at least Aug. 1, although the movement from that section usually comes to an end with the opening of July.

Texas is blooming, having exceptionally good grass, with the result that her cattle conditions are unusual. Her cattle as a whole are now in better flesh than usual, and the excellence of the grass means that they will be heavier than in normal seasons when moved. Also, they will come earlier.

"Texas cattlemen are in good spirits," said C. T. McCoun, vice-president of the Kansas City Live-stock Exchange, on returning from a trip to the Rio Grande recently. "The changes recently witnessed in poisoning was not done systematically. And now the alfalfa stripped and corn and other row crops are beginning to suffer. Unless the hoppers are killed at once there will be still greater losses left this fall and next spring in the next year's wheat crop.

Three considerations deserve our attention:

First—The saving of the spring crops and the alfalfa.

Second—Destroying the hoppers before their eggs are placed in the ground for next year.

Third—The protection of the fall sowing of wheat.

These matters will all be attended to by poisoning NOW. Sow poison bait according to formula published by the Farm Bureau and the agricultural college on alfalfa fields and all other infested areas, especially roadsides, weed patches, about stacks and in the edges of corn fields and other row crops—in short wherever the hoppers are abundant. Do not expect the hoppers to fly away, for cattle prices were not wholly unexpected. In fact, many Texans expected the market to change. They have more feed than cattle. In the southern part of the state, corn is practically made. Texas can use more stock on ranges; but where is the state to go to enlarge holdings? Outside states have no surplus to offer. The only cattle that have moved from Mexico are those that were sent across the international

line during the drouth the last several years.

"Many remarkable things are accomplished in Texas. One which now stands to her credit is her ability to recover from unfavorable weather. The improvement in ranges and the changes in cattle of the state are really remarkable. Texans are going to hold back many heifers that are not fat, because they will need them for breeding purposes.

"Nothing speaks better for the determination of the Texans to advance their cattle-breeding operations than the movement which the Cattle Raisers' Association of Texas is now pushing for the establishment of a cattle-loan agency. The Texans plan to start an agency with a capital of \$2,000,000. They are subscribing liberally to this organization, and I believe they will succeed in launching the enterprise."—American Hereford Journal.

### J. H. Pettit Sells Ranch

J. H. Pettit this week disposed of his fine ranch property northwest of Lubbock composed of about seven sections of fine plains land, well improved. Also 350 head of fine cat-

# PAIGE

The Most Beautiful Car in America

## Pride of Ownership

YOU share with every other man and woman a common instinct—Pride of Ownership. It is not enough to merely hold personal possessions. You must be proud of them; you must trust them; you must respect them—or you cannot be satisfied.

There, in a nutshell, you have a fundamental principle and the complete explanation of Paige success.

Our cars have always satisfied a man's sense of pride. As fine mechanical products they have gained and held his respect and confidence. As artistic creations they have appealed to his good taste and appreciation for the beautiful.

Because Paige cars are worthy of Trust and Respect they are trusted and respected in every section of the nation.

## Delicate Mechanism

Despite its scope Swift & Company is a business of infinite details, requiring infinite attention.

Experienced men must know livestock buying with a knowledge of weight, price, the amount and quality of meat the live animals will yield.

Each manufacturing operation must be done with expert skill and scientific precision. A highly perishable product must be handled with speed and care to avoid loss.

Chemists, engineers, accountants, and other specialists are required to take care of our intricate problems.

Alert wisdom and judgment must be used in getting stocks of goods into the open channels of demand through our four hundred branch houses. Branch house organizations must show activity and energy to sell at the market in the face of acute competition from other large packers, and hundreds of small ones.

All these requirements of intelligence, loyalty, devotion to the task, are met in the personnel of Swift & Company. Yet the profit is only a fraction of a cent per pound with costs at minimum.

How can the workings of this delicate human mechanism be improved upon?

Do you believe that Government direction would add to our efficiency or improve the service rendered the producer and consumer?

Let us send you a Swift "Dollar". It will interest you.

We wish to thank our friends who so earnestly inquired of and helped us with our dear husband, father and brother.

MRS. J. S. CHRISTIAN and CHILDREN.  
MRS. M. C. DeGRAFFENREID.

Canyon July 26.

The Mexican war situation is the thing of most importance now before the public, so the news that "A Texas Ranger," is soon to be seen in our city is of great interest to all, as the show depicts life along the Texas-Mexican border and gives an insight into conditions there at the present time. The character of the Mexicans, the Texas Rangers, the U. S. Soldiers, the Indians, and the Cowboys are all shown true to life. A big battle is staged during the show between the Mexicans and Indians attacking the stockade fort and the U. S. Soldiers and Texas Rangers defending it. The scenes in the Indian village; the Council of War; the Apache War Dance; the sports and pastimes of the Cowboys and Cowboy Girls; and the patrolling of the border along the Rio Grande by the Texas Rangers is also shown. This performance takes place in the big tent, which has seats for more than 2,000 people and lasts over 2 1-2 hours. The Cowboy Band plays a concert in front of the tent at 7 p. m. and the show starts at 8:30 p. m.

The Quinine That Does Not Affect the Head  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

A wet woolen cloth will pick up fragments of glass.

Orange is a far better dessert flavor than lemon.

Dry flour applied with newspaper will clean tinware.

Kerosene will remove stains left on clothes wringers.

In this time, if a man keeps his head level and his feet upon the ground he must expect to be called a reactionary.—Albany Journal.

And swearing they would ne'er consent, consented.—New York Morning Telegraph.
