## Truman Asks Extension Of War Powers

### Deep Gulf Wildcat In S-W Ector To Drillstem Test

**By JAMES C. WATSON**  
Oil Editor

Gulf Oil Corporation No. 1-E-A University-Fogelson, Southwest Ector County deep wildcat, in the Jordan shallow producing area, and 680 feet from west and 662 feet from north lines of section 7, block 35, University survey, was taking a drillstem test at 8,910-25 feet, in an unidentified lime section.

This project has drilled through a considerable section of Simpson, middle Ordovician, and it may have entered Ellenburger. There has been no official information released regarding that question. Neither has there been any reports of any shows of oil or gas having been encountered in the zone which is to be tested. The interval at 8,915-25 feet was coring with a recovery of six feet of lime.

Stanolind to Deepen Young

Stanolind Oil & Gas Company No. 1 Young, wildcat in Northwest Andrews County, 660 feet from south and 1,994 feet from east lines of section 6, block A-48, psi survey, two miles west of the Fullerton field, had reached 9,011 feet in an unidentified shale and was drilling ahead.

Operator has filed an amended drilling application with the Railroad Commission of Texas for permission to carry the prospector to 9,600 feet.

Stanolind No. 1-TT University, Northeast Crockett County Ellenburger exploration, which has already encountered sulphur water in that formation, had reached 8,715 feet in dolomite and chert and was going ahead. It is presumed that operator plans to carry this wildcat to the granite.

1-A S-S Sets Pipe

Stanolind No. 14-A Sealy-Smith, Northeast Ward County development, about three miles northeast of nearest production in the Mounahans field, and 660 feet from south and west lines of section 3, block A-G&M&M&A survey, set 5 1/2-inch casing at 8,833 feet, with 150 sacks of cement, over total depth reached of 9,029 feet.

It is understood that operator will drill out the cement and test shows of log which were logged in the Devonian and in the Silurian.

Phillips Petroleum Company has filed applications to drill two new tests to the Ellenburger on the north side of the TXL field in West Ector County. Both will start at once, and go to around 9,900 feet of production in the Ellenburger.

Phillips No. 3 Alma, (Thomas), will be 665 feet from north and 667.5 feet from east lines of section 6, block 45, TP survey, T-1-S.

Phillips No. 4 Alma will be 661 feet from north and 668 feet from east lines of the west half of section 42, block 45, TP survey, T-1-N.

Big Gasser Completed

Neville G. Pentrose, Inc., and others No. 1 Brown and Altman outcrop to production from the Holt-Permian on the northeast side of the Emperor-Holt field, in South-Central Winkler County, and 1,980 feet from east and 660 feet from south lines of section 25, block B-5, psi survey, completed for a daily production of 8,000,000 cubic feet of gas, from pay at 4,810-23 feet, which had been treated with 500 gallons of mud acid and 2,000 gallons of regular acid. The well also

### Congress Gears For Law Making Work; Federal Body Passed One Bill

WASHINGTON—(P)—Finally organized after a full month in which only one bill was sent to President Truman, the 80th Congress geared itself Monday to the No. 1 business of law making.

"Growing pains" resulting from the Congressional Reorganization Act of last year contributed largely to the slower-than-usual start of the legislative machinery. Among other things, that act completely realigned the committee structure of both chambers.

But with the realignment now complete two major measures may come up for consideration in the Senate and the House during the latter part of this week:

1. Republican leaders are hopeful that the House will get to a vote on legislation limiting the tenure of any president to two terms.
2. Senate pilots are planning a quick showdown on the House-passed bill retaining war time excise tax rates indefinitely on liquor, furs, cosmetics and other so-called luxuries as well as such things as travel tickets and telephone service.

**States To Decide**

Neither branch has considered the presidential limitation measure, but the Republican high command has scheduled it for a House vote Thursday. It proposes that the question of putting a limit on White House occupancy be decided by the

### Model In Miniature

Little Karen Keller, 4, modeled an all-wool "Ducky Robe" at the wool fashion show which closed the 32nd National Wool Growers convention in San Francisco. Karen was scooped up by admiring spectators and invited to parade down the center of the table.

### Admiral Marc A. Mitscher, Boss Of Task Force Which Played Havoc With Jap Fleet, Dies At Norfolk

NORFOLK, VA.—(P)—Adm. Marc A. Mitscher, commander-in-chief of the Atlantic Fleet, died at the Norfolk Naval Station Hospital early Monday of coronary thrombosis.

The war-time boss of famed Task Force 58 which played havoc with the Japanese, died in his sleep at 1:20 a. m. He was admitted to the hospital after suffering a heart attack on his sixtieth birthday last Sunday.

Mitscher entered the hospital last week for what a fleet spokesman said would be a "complete and thorough checkup."

Mitscher, soft-spoken but a hard-hitting, determined fighting man, had a personal hand in many spectacular and important actions against the enemy in the Pacific and his admirers claimed that he put tempo of the war against Japan into high gear with his Task Force 58's first carrier blows at Truk and the Marianas in February of 1944.

In those attacks the Navy tested its newly-built carrier power for the first time against strong Japanese strongholds and exploded the myth of their invincibility.

Mitscher's swift, marauding task force had the entire Pacific Ocean to the gates of Japan as its stamping ground and his carrier planes smashed vital enemy aircraft plants and chased the Japanese air force to cover while pounding at Tokyo and vicinity early in 1945.

He was the skipper of the aircraft carrier Hornet, the "Shangri-La" from which Lt. Gen. James Doolittle launched his Mitchell bombers for the raid on Tokyo and four other Japanese cities April 18, 1942.

From April 1 to July 25, 1943, the period when Army, Navy and Marine fliers won air supremacy in the South Pacific, Mitscher was

commander of aircraft in the Solomon Islands.  
He became a vice-admiral March 21, 1944.

**Weather**  
Becoming partly cloudy, and turning colder in Panhandle Monday afternoon. Much colder Monday night and Tuesday. Lowest temperatures expected during Monday night and early Tuesday, 12 to 18 degrees in Panhandle, 18 to 24 degrees in South Plains, and 24 to 32 degrees elsewhere in West Texas. Maximum temperature Sunday was 59 degrees in Midland, minimum 28 degrees. Minimum temperature Monday morning was 41 degrees.

### Prospect Of Sharp Debate Foreseen Over Relations

**By JACK BELL**  
WASHINGTON—(P)—Senator Pepper (D-Fla.), raised the prospect Monday of sharp congressional debate over American relations with Russia.

Pepper, whose foreign policy stand sometimes has conflicted with that taken by the administration with Republican support, told a reporter he plans to criticize specifically the proposal of John Foster Dulles for economic unification of Europe.

Dulles, a GOP leader who served as one of the American delegates to the United Nations General Assembly, suggested linking Germany's economy with that of France and Belgium.

This proposal came under immediate attack in Moscow. M. Marinin, writing in Pravda, the official Communist Party newspaper, said the Soviets were uninterested in any scheme that might prove a revival of "German imperialism."

Any discussion by Pepper of American-Russian relations appears likely to touch off fireworks.

Senator Tydings (D-Md.) gave an indication of what some other Democrats are thinking about the international situation when he said in a radio address Sunday that the United States and Russia appear to be "maneuvering for far northern bases, looking to a future conflict that would be fought over the North Pole."

Tydings' observations came only two days after Senator Bridges (R-N. H.), accused Russia in a statement of plans to turn Germany into a "satellite and ally" and of treating China "like a conquered nation."

### Ellison Will Give Program For Tuesday Geologists' Luncheon

Samuel P. Ellison, Jr., of the geological department of Stanolind Oil & Gas Company's Midland district office will give the program for the Tuesday luncheon of the Midland Geological Society.

He will show kodachrome slide pictures of the Yellowstone National Park and explain some of the geological features of that region.

W. Dave Henderson, society president, will preside at the meeting. The luncheon will be in the Crystal Ballroom of Hotel Scharbauer.

### Dr. Ireland Speaks At Kiwanis Luncheon

Dr. H. A. Ireland, club president, spoke on the theme, "What do you see?" at a meeting of the Kiwanis Club Monday noon in the Scharbauer Hotel.

He pointed out that what a person sees depends on his background, experience, profession and interests; and emphasized the importance of doing something about what is seen to the betterment of mankind.

He urged the citizens to support the schools, city officials, Chamber of Commerce, and the service clubs to make Midland a better city.

**Juvenile Delinquency**  
Juvenile delinquency can be controlled and the situation improved, Ireland said, if parents would stay at home more with their children or provide constructive things for them to do. He urged the club members to put their ideas to work to improve Midland.

Jimmy Edwards and Gilbert Sevier, high school seniors, attended the meeting as special guests.

Mary Fern Bray was the accompanist during the club singing period.

### Sees Shadow

Too bad! The groundhog saw his shadow Sunday morning in Midland and that means six weeks more of winter weather.

### Jerusalem Court Rejects Stay Of Execution Plea

JERUSALEM—(P)—The Jerusalem supreme court rejected Monday a plea for an order staying the execution of Dov Bela Gruner, Irgun Zvai Leumi member for whose life the underground organization kidnapped and later released a British judge and banker.

The ruling, which all quarters believed shattered any hope that Gruner would escape the hangman's rope, came while British authorities hastened the evacuation of British civilians preliminary to the adoption of strong measures to restore order.

A Tel Aviv attorney asked the court for an order staying Gruner's execution for complicity in an attack on a Ramat Gan police station. The court rejected the plea, ruling the death sentence was passed by a military court and confirmed by the highest military officer, Gen. Sir Evelyn Barker.

### National Guard Battalion To Be Formed Monday

Men from this area of West Texas as between the ages of 18 and 34 interested in enlisting in a Midland unit of the Texas National Guard will meet at 7:30 p. m. Monday in the district courtroom of the court-house.

Vernon G. Young, who last week was commissioned a lieutenant colonel of the unit, will explain plans for the technical field artillery observation battalion to be set up in the city.

The unit will become federally recognized and receive technical Army equipment when the enlistment reaches 45 enlisted men—10 per cent of the maximum strength of the unit.

### DESTROYED BY FIRE

BONHAM—(P)—Three business buildings in Bonham were destroyed by fire of undetermined origin early Sunday with a loss of \$8,000 estimated by owner Bob Cline.

### Mason Opposes Further Drop In Income Tax List

WASHINGTON—(P)—Representative Mason (R-Ill.) took up the battle Monday for a 20 per cent across-the-board tax slashing bill, and objected vigorously to proposals to drop millions of small income persons from the tax rolls.

"These millions are becoming 'tax conscious' and constitute the greatest bulwark against 'federal squandering,'" Mason declared. Their votes, he continued, were cast last November "against deficit spending and for tax reductions."

Mason prepared his House speech after Chairman Knutson (R-Minn.) of the House Ways and Means Committee announced he is standing firm on his measure proposing a 20 per cent slash for each tax payer.

The measure has been under an attack led by Representative Engel (R-Mich.), who told the House last week it would give small tax payers slight relief, but benefit persons with high incomes. Engel's own measure proposes larger benefits for smaller incomes, by raising individual exemptions from \$500 to \$1,000.

### Cause Greater Loss

Mason said that Engel proposes to remove 20,000,000 of the approximately 36,000,000 tax payers from the rolls. He pointed out that the tax reduction of 1946 erased 12,000,000 small income persons from the rolls.

Mason said Engel's measure would cause a \$5,000,000,000 annual loss to the treasury, as compared to a tax reduction in Knutson's bill of \$3,500,000,000.

### Father Sacrifices Life To Save Son

NEW YORK—(P)—Police said Monday that Edward Henning, Sr., sacrificed his life to save that of his 14-year-old son after their frail kayak overturned in Little Neck Bay.

"Hang on to the boat, son, and keep kicking," were the last words that Edward Henning, Jr., heard his father say after choppy waves had overturned the single cockpit kayak Sunday.

Police said that Henning, a 200-pound man wearing a heavy sheepskin coat, then let go of the kayak and drowned, knowing that the craft could not support both weights.

Young Henning followed instructions and was rescued by Patrolman Stanley Bukunt, 27, who waded 80 feet through waves that smashed over his head to reach the shivering boy. Men on a police launch later recovered the body of the father.

### SENTENCED TO PRISON

KOKURA, JAPAN—(P)—Pvt. Eugene Hord, Baltimore, Md., was sentenced to 10 years imprisonment at hard labor and dishonorable discharge by a court martial which convicted him Monday of assaulting and wounding two persons with his pistol in a night club quarrel.

### President Seeks Authority To Ration Sugar, Allocate Scarce Foods And Materials

WASHINGTON—(P)—President Truman Monday asked Congress for "limited" extension of the Second War Powers Act, including his authority to ration sugar and allocate scarce foods and a handful of materials.

Though he named only a few items, he left a big field for White House discretion by seeking the power to restrict other materials in case of "a national emergency that we do not now foresee"—such as a coal strike.

Pleading for "immediate and favorable" action on Capitol Hill, Truman asked a one-year extension beyond March 31 for three sections of the act. The major one, Title III, carries the sweeping power of priority and allocation and of export and import control.

Under it, Truman asked continued authority over these items:

- Foods—grain, rice, sugar and related products; export and import control over fats and oils; import controls only over meat, dairy and meat products, peas and beans, canned fish and protein foods.
- Imported materials—rubber, tin, antimony, cinchona bark and alkaloids, manilla and agave fibre.
- U. S. Products—automobiles and tractors (quota limit on export); freight cars; the drug streptomycin.

### Twelve Killed In Texas Accidents Over Weekend

**By The Associated Press**

At least 12 persons were killed in weekend Texas accidents, including eight who died in traffic collisions.

Latest victims were three persons killed in a truck-automobile accident near Pecos Sunday night. They were Erasmo Cadelaria, 34, of Silver City, N. M., Mary Flores, 24, of Pecos, and Manuel Shaves, 24, of Marfa. Three other persons were injured.

Two persons were killed in high-way accidents in the Wichita Falls area. Douglas W. Stout of Nocona was fatally injured in a head-on collision near Ringgold, and E. N. Wood of Vernon died after being struck by a passing automobile north of Vernon as he was working on his parked automobile.

**Dies of Injuries**

A. B. Murphy, 43, died Sunday at Gainesville of injuries received Thursday when the car in which he was riding was struck by a west-bound Missouri-Kansas-Texas passenger train.

M. V. DeLaughter, 23, was killed instantly Sunday when the small plane he was piloting crashed in the Blue Ridge Community six miles south of Hamilton. He was a student pilot.

A hit-and-run driver brought Dallas County's 1947 traffic death toll to 18 when he crashed into and killed David Webster Dial, 37, Sunday night. Dial was a Rockwall farmer.

Near Waco Sunday, George Howard Price, Jr., 21, of Waco and Thornton, will be killed instantly when his car hit a bridge.

**Found in Trinity River**

The body of an 81-year-old man, G. P. Ross of Port Worth, was found in the Trinity River at Port Worth Sunday. He had been missing since Tuesday. Investigators said apparently he slipped off the bank and was drowned.

Saturday's accidents brought death to Walter H. Scholz, 48, of Houston, found electrocuted at the shop where he was working, and E. L. Westfall, 27, of San Diego, Calif., who died in a Brownwood hospital from injuries received in a two-car collision at Blanket Friday night.

### Real Estate Boards Call For Immediate Rent Ceiling End

WASHINGTON—(P)—The National Association of Real Estate Boards asserting Monday that "political reasons" caused President Truman to block a 10 per cent rent boost last week called for:

- Immediate elimination of rent ceiling on new construction; an "across the board" rent increase, and the fixing of a special date for ending all controls on existing rental units.

In a statement prepared for the Senate Banking Committee hearings, Herbert U. Nelson, executive vice president of the association, added that unless there is assurance of action on the decontrol proposals, "we cannot expect to bring on the market sufficient housing to meet the demand."

### TRUMAN SIGNS IMPORTS PROCLAMATION

WASHINGTON—(P)—President Truman Monday signed a proclamation imposing a quota on imports of short harsh or rough cotton.

### REFUSES TO POSTPONE SALE

WASHINGTON—(P)—The Senate Armed Services Committee Monday refused to recommend postponement of the sale of the \$146,000,000 government-owned Big and Little Inch pipe lines.

### SUFFICIENT FOR RESIGNATION

WASHINGTON—(P)—James B. Carey, secretary-treasurer of the CIO, told senators Monday the testimony of Maj. Gen. Philip B. Fleming on a general rent increase was "sufficient to call for his resignation" as chief of the Office of Temporary Controls.

### \$75,000 Fire Damage

Smoke pours from the top floor of the Gardner Building in Utica, N. Y., during a spectacular early-morning blaze which caused an estimated damage of \$75,000. This picture, taken at the height of the fire, shows firemen battling the flames from ladders on all sides of the building.

### LATE NEWS FLASHES

AUSTIN—(AP)—Gov. Beauford H. Jester Monday submitted to the 50th Legislature as an emergency matter the consideration of a supplemental appropriation to increase the personnel of the State Service Office.

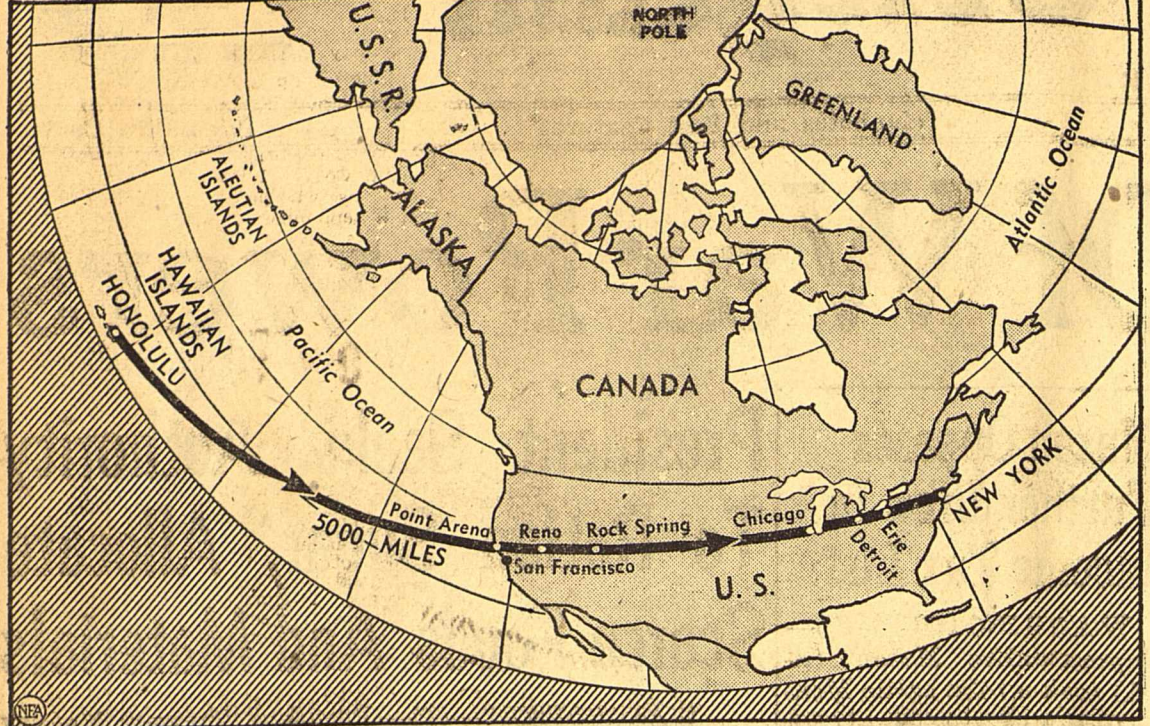

LONDON—(AP)—Deputies of the four-power Foreign Ministers working on German and Austrian peace treaties reported Monday that many problems would have to be left for the meeting of their chiefs in Moscow next month.

WASHINGTON—(AP)—Rep. Walter (D-Pa.) declared Monday that the Supreme Court "ought to recall" the case on which portal-to-portal pay suits have been based and "lay down a clear cut yardstick" to follow in the issue.

WASHINGTON—(AP)—Bernard M. Daruch asserted Monday that scientists had "lambasted" the Army into making public the Smyth Report, since criticized for its disclosure of atomic bomb secrets.

### Fighter Plane to Shoot for Non-Stop Record

Early in February, a U. S. Air Force P-82, twin-engined fighter plane, will attempt the longest non-stop flight ever tried by a fighter—the 8000 miles from Hickam Field, Honolulu, to LaGuardia Field, New York City. Map above shows projected course of the flight, which will test long-range fighter as protection for its new super-bombers on long missions.

### One Billion Dental Jobs Have Piled Up Among Yanks With New Aches Added Daily; Dentists Decreasing

**By ROBERT GEIGER**  
WASHINGTON—Dental statisticians have counted all the toothaches in the United States. They add up to a terrific headache.  
One billion dental jobs have piled up among Americans of all ages. This is in that arise daily. Each year American children have six times as much trouble with their teeth as dentists can repair.  
Besides that, the number of dentists is decreasing, and one authority believes American teeth may be decaying more than before.  
Statisticians of the U. S. Public Health Service say the repair of neglected dental jobs alone—not counting the new tooth troubles discovered day by day—would require 800,000,000 hours of dentist time.  
**3,000 Dentists Needed**  
“At an annual rate of 1,800 man-hours per dentist this is equivalent to the total professional time of 74,000 additional dentists over a period of six years,” says Joseph W. Mountain of the health service.  
The 1940 census counted only 70,601 dentists, or 53.6 per 100,000 population. In 1930 there were 71,055 dentists, or 57.9 per 100,000 population.  
At the same time, Dr. John W. Knutson, dental surgeon for the health service, says:  
“There are no proved statistics available, but it is the general impression of most dental authorities that Americans have more tooth decay now than before,” he says.  
Some authorities have estimated it might take twice as many dentists as exist to give Americans all the dental care they require. But Dr. Knutson says another solution is to increase the efficiency of dentists and to prevent dental troubles.  
Dentists don't know all there is to know about causes of tooth troubles. But they are studying the effects of diet, sunshine, drinking water and heredity, all of which seem important.  
**Sugar Is Blamed**  
Dr. Lon W. Morrey, dental health education director for the American Dental Association, says dental scientists agree that too much sugar in the diet appears “a major factor in dental decay.”  
Dr. Allen O. Gruebel, also of the association, said dentists have successfully retarded “rampant tooth decay” by temporarily eliminating sugar and other carbohydrates from diets.  
Dr. Morrey's theories would involve cutting down desserts, soft drinks, candy and gum.  
“We know we never can popularize that,” he says, philosophically.  
Another way of improving children's teeth is being studied. Several years ago dentists discovered that persons who lived in certain parts of the nation—notably Deaf Smith County, Texas—had fewer cavities than persons in other areas.  
Fluorine, a gas, was found in the drinking water of these areas.  
The public health service, the state of Minnesota and many other agencies have conducted studies that lead to conclusions that fluorine has a beneficial effect.  
Says Dr. Knutson: “It appears that the presence of a small amount of fluorine in drinking water may decrease dental cavities among children as much as 60 to 65 per cent. Experiments now are being made in adding fluorine to community water supplies.”  
Other experiments are being made in applying sodium fluoride to children's teeth. The Journal of the American Dental Association reported recently dental decay in children may be reduced as much as 40 per cent by this method.  
In Minnesota the total cost of this treatment was only \$1.60 per child. Three to eight painless treatments were necessary.  
Dr. Knutson said within a year it may be possible to determine whether nationwide fluorine applications might eliminate a large portion of children's teeth troubles.

### A Veteran Prepares for the Last Voyage

Sold for \$46,000, the hulk of the USS Oklahoma is shown at naval anchorage, Pearl Harbor, being fitted for the last voyage. When ready, the ship will end up on the scrap heap at Moore Drydock, Oakland, Calif. The Oklahoma was sunk in the first 10 minutes of the Jap attack on Pearl Harbor in 1941 and was raised in 1943, but since then has lain idle, stripped of once-mighty guns.

### President Of Baptists Alliance Had Wide Texas Acquaintance

FORT WORTH—Dr. James Henry Rushbrooke, 77, president of the Baptist World Alliance and who died Saturday in Bristol, England, had a wide acquaintance among Baptists of Texas and the South-west.  
He had attended several Texas Baptist conventions and had spoken on many occasions at Southwestern Baptist Theological Seminary. His last visit here was in May, 1943, when he spoke before the Baptist Preachers Evangelistic Conference here. He spoke at the First Baptist Church in Dallas about a year later.  
Dr. Rushbrooke succeeded the late Dr. George W. Truett of Dallas as president of the Baptist World Alliance in 1939. Previously he had served as executive secretary of the organization 20 years.

### State Employees Pay Hike Bill Promised For Whirl In Senate

AUSTIN —(P)— Salary increases for state employees Monday promised to have another whirl on the Senate floor.  
A bill to increase state teachers' salaries will rate high priority in the order of business. Final reading is due on the bill after a group of eight senators blocked consideration of the bill for final reading and Senate action last week.  
The block followed a squabble over “policy.” After the Senate had voted to freeze \$5,000-or-more annual salaries of judiciary employees under a non-pay-rules rule, it then declined to apply the same rule to teachers' salaries.  
The flurry prompted Finance Committee Chairman James Taylor to put the Senate on notice that it could find itself a new finance chairman if it intended to follow any such non-uniform policy.

### New Italian Cabinet Raises From Bickering

ROME —(P)— A new Italian cabinet, differing little in political balance from its predecessor, emerged Monday under the leadership of Premier Alcide De Gasperi after two weeks of political bickering that had failed to undermine the seven-month-old republic.  
The new cabinet consists of seven Christian Democrats, three Communists, three Socialists and two Independents. In the outgoing government the Christian Democrats held 11 of the 21 posts, but they still hold the premiership and several highly important ministries.  
Five cabinet posts were abolished in the new cabinet and reduced to sub secretariats, or consolidated. There were only four new faces among the 15 men in the ministry.  
De Gasperi, who resigned the premiership two weeks ago, is having his third experience as head of the Italian government. He was the last premier of the monarchy and first of the new republic.

### Broken Leg Delays Wedding, Honeymoon

CHICAGO —(P)— Edward W. Predl, 28, fell downstairs at his home and suffered a broken leg while en route to his church wedding, but he arrived in a wheelchair only two hours late.  
The bride, Miss Betty Conway, 21, and 150 relatives and friends waited at the church Saturday without knowledge of Predl's misfortune.  
After the wedding the bandaged bridegroom returned to Evangelical Hospital in an ambulance. The bride went alone to the wedding dinner and reception.

### Pioneer Airline Has Simple Ticket Form

HOUSTON—Pioneer Air Lines has adopted a new ticket form in its program to simplify air travel procedures, H. Grady Chandler, general traffic manager, has announced.  
The ticket resembles those used by railroads and bus lines; it is printed and does not have to be filled in, and in this way eliminates most of the “paper work” that is necessary for other kinds of airline tickets. The form is used for “ou-line” passengers.  
This innovation augments a new system for making reservations which Pioneer instituted January 15. Under this plan, passengers can telephone Pioneer ticket offices for reservations and can get confirmation instantly. They do not have to go to the company's office to pick up tickets, but can wait until plane departure time and pick them up at the airport.

### COTTON

NEW YORK —(P)— Noon cotton prices Monday were 5 cents to \$1.45 a bale higher than the previous close. March 32.30, May 31.40, and July 29.51.

## Stage Sets Designed For Theater Play

Work on the stage sets for Community Theater's February production, "Papa Is All," is in progress at the City-Country Auditorium. All settings have been designed and preliminary work drawings have been completed. The action takes place in the kitchen of the Aukamp farmhouse, north of Lancaster, Pa., in the heart of the Pennsylvania Dutch Country. All is in readiness for a full stage crew to go to work and the first session will be at 7:30 p. m. Thursday. Anyone is welcome to participate and all members are urged to be present and help in the construction of the stage sets. Rehearsals are underway on the play, which will be produced February 27 and 28.

## Son Of Midlanders Will Appear On Music Symposium

Billy Layton, son of Mr. and Mrs. Roy Layton of Midland, has been chosen as one of the students to represent the New England Conservatory of Music, Boston, Mass., in a Symposium of student works sponsored by the Julliard School of Music.

Each of the five largest schools of music, Julliard, Eastman, Curtis, Yale and New England Conservatory, is sending a program of compositions by their students, played by a string quartet which Layton wrote at the end of last year will be played.

The Symposium, which lasts three days, will be held in March. Attended SMU

Layton attended Southern Methodist University before entering the service. As a student in the SMU school of music, Layton arranged a large part of the music which was played by the Mustang Band in the Piggskin Revue of 1942.

In the Army Layton was a radio operator on a B-29 in the China, Burma, India Theater.

Layton first began arranging music when he was a member of the Teague High School Band, Teague, Texas. During his high school career he won honors in student conducting and as a clarinet soloist.

## Career Tips Help Job Advancements

By ALICIA HART  
NEA Staff Writer

The job advancement of the feminine office worker so often depends upon the way she looks and behaves that these cardinal rules on what not to do, briefed by a movie company expert, are worth clipping out and pasting up by the career-minded girl.

1. Don't overdo makeup. The office is no place for exaggerated effects.
2. Don't tug at a girdle. Or pull up stockings. You don't need to be told why.
3. Don't file nails, or put on makeup at your desk. The powder room is reserved for that.
4. Don't sprawl. Or sit like a letter "S." Besides being ungraceful, such posture undermines efficiency.
5. Don't have a mirror on your wall. Very few girls can resist the temptation to preen.

## HELPS KIDNEYS Remove Harmful Impurities

Backache, loss of the old pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. The kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out... increasing the flow of urine to help relieve that excess acidity and ease that burning sensation when you pass water... helps that bladder irritation that makes you get up nights.

Made of 16 herbs, roots, vegetables, and balsams, Swamp-Root is absolutely non-habit forming. Millions have taken it for three generations... often with wonderful results. Caution: take as directed.

For free trial supply, send to Dept. X, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

Our truck will be in Midland each Wednesday. Leave calls at MIDLAND HDWE. & FUR. CO. or BARROW BLDG. CO.

## Frank Admissions Wanted

Devotion to the status quo is not an emotion peculiar to conservative, comfortably entrenched businessmen. And their cries of protest in the early days of the New Deal were no shriller than those being heard now from comfortably entrenched union executives against the proposed changes in labor laws.

In both cases the sins of the few were charged against the many. In both cases there was strong public sentiment for change. The chief difference is that the union men stand a good chance of making out better than the businessmen did.

But if they do it probably won't be as a result of the reason and realism of their protests. Rather it would seem that if the sharp edge is taken off some of the new labor laws it will be because the Labor Committee of the Republican Senate contains three strongly pro-labor Republicans in Aiken, Morse and Ives, along with four strongly pro-labor Democrats.

There is no black-and-white simplicity about such things as industry-wide bargaining, the closed shop, union shop and maintenance-of-membership agreements. They are complex matters in which both the pros and the antis have persuasive arguments at their disposal. Their merits are a thoughtful, dispassionate restudy in the light of the past decade's experience.

On the extreme views on these subjects, for and against, approach hysteria, with the champions of the labor status quo naturally making the most noise. Yet one examines their protests in vain for any admission that the actions of certain union leaders may have aroused a great many people to the extent of influencing their vote last November and prompting them to demand some curb of economically disruptive powers.

Rather we hear from Philip Murray of the CIO that unidentified "powerful monopoly interests" are out to "destroy American unionism." Louis Hollander, New York state president of the CIO, credits Senator Ball personally with the same desire. The United Mine Workers Journal taking another tack, sees in any effort to curb unions the regimentation of business and eventual destruction of the profit system.

Henry Mayer, counsel for independent unions of telephone and utility workers, dismisses the moot question of the closed shop thus: "The insistence that the so-called closed shop is an infringement of an individual's liberty is completely insincere, since . . . the freedom of the individual worker depends upon the collective bargaining strength acquired through association with other workers."

Hollander counters, but does not refute, the charge that there are labor monopolies by saying that "the real monopolies in this country are the giant corporations ruled by a handful of financiers."

Name-calling and ignoring charges by hurling counter-charges are old political tricks. They can easily become a habitual method of argument. But they will not solve our present economic problems.

They can be solved the leaders of our great labor unions have to admit that all their actions have not been perfect and to the public interest. They will have to recognize their public duties and responsibilities as well as their "rights." They will have to concede that those rights have been abused on occasion, and that others besides "powerful monopoly interests" would like to see the power of our labor unions somewhat curtailed.

WASHINGTON—The people in Siam hadn't seen an American magazine in five years. Then State Department officials in Bangkok, the Siamese capital, learned that thousands of bags of U. S. mail, most of it magazines, some of it newspapers, had been dead-lettered in Calcutta, India, when U. S. Army forces moved out and that this mail was going to be destroyed. They wangled 150 bags of the mail—five tons in all—and had it shipped to Siam. They set about to issue it, with the compliments of the U. S. Information Service, to government offices, schools, libraries, editors, and to a limited group of prominent citizens and private organizations.

Assisting our people in Bangkok were about 20 of their Siamese friends.

"Siamese princesses worked side by side with their hairdressers," one American official reported, "and with university students, a reporter, an architect and an attorney."

**Sorted Into Three Groups**  
 The magazines were sorted into three general classifications: A full list of all periodicals reserved for higher officials.

A partial list to be given lesser officials. A special list for schools and libraries.

"Compliments of USIS—not to be sold" was stamped on each magazine, both in English and Siamese.

Complete packets went to the editors of the 55 publications in Bangkok—the Siamese, English and Chinese language papers.

Packets were sent to the 33 government ministers, offices, officials and government libraries in Bangkok.

**Sent To Schools**  
 Twenty-five packets, especially selected for library use, were sent to schools and other libraries.

The governors general of Siam's five provincial districts received complete packets, as did the governors of about 70 other communities out in the "sticks."

Schools and hospitals, military and naval bases, the American legation and the American University Association received other packets.

More than 4,000 magazines were distributed.

Officials in Bangkok reported that as the distribution to the approved lists progressed they were swamped with requests for "some of the magazines that USIS is giving away."

**Plans Are Made For Establishment Of Nurse Registry**

Plans were made for establishing a Nurse Registry at the Western Clinic Hospital for all persons engaged in nursing when approximately 15 registered nurses met Friday evening at the hospital.

Agnes Foelker, superintendent of nurses, directed the meeting.

The registry planned will classify all applicants in the different classifications of nursing ability.

Also discussed at the meeting was an official registered nurses' organization that will bring discussions of new nursing methods and techniques to both active and inactive nurses.

Mrs. Tom Potter was appointed temporary organization chairman with Mrs. Cleo Brown Petosky and Mrs. Lorraine Suchman on her committee.

There was also an informal discussion of hospital problems.

**British And American Naval Cadets Plan Series Of Exchange Visits**

ANNAPOLIS, MD. —(AP)— In the first of what is expected to be a series of exchange visits, 180 Cadets of the British Royal Navy will spend eight days as observers at the Naval Academy in March.

Rear Admiral James L. Holloway, Jr., superintendent of the Academy, announced they will stop here from March 5 to 13, while the training ship, H. M. S. Frobenius, is on its annual winter cruise.

**Texans Can Expect Freezing Weather Within 24 Hours**

By The Associated Press  
Texans can expect freezing temperatures during the next 48 hours but, unlike the January freeze, there is no indication of rain, sleet or snow.

The U. S. Weather Bureau Monday predicted that low temperatures Monday night will be in the upper 20s but will drop even lower by Wednesday morning.

Sunday night's minimums ranged from 28 degrees at Salt Flats to the lower 50s along the Gulf Coast. Maximums ran from the middle 50s to a high of 70 at Brownsville.

Other low readings Sunday night included Lubbock 34, Austin, Wichita Falls, Big Spring, Dallas and El Paso 41.

**Have You Seen Blondie, She's Wanted At Home**

Blondie, won't you please come home?  
Or can you?  
Blondie is a reddish-blondie female cocker spaniel, six months old.

Blondie is dear to Mr. and Mrs. Bill Coleman of Midland. Almost like losing a member of the family, they say.

The Colemans think Blondie is being held captive.

Mrs. Coleman is sobbing. Mr. Coleman is very concerned. In to the newspaper office he came and asked if we have any human interest.

The Colemans had Blondie for only a day. In that short span they became so attached to the dog that when Blondie disappeared, they searched frantically for her. When they couldn't find her, they advertised and had pleas broadcast.

But Blondie still is missing.

**Mother, This Home-Mixed Cough Relief Is Wonderful**

**Saves Real Money. No Cooking. Quick Results.**

To get the most surprising relief from coughs due to colds, you can't prepare a medicine, right in your own kitchen. It's very easy—needs no cooking, and tastes so good that children take it willingly. But you'll say it's hard to beat for results.

First, make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. Or you can use corn syrup or liquid honey, instead of sugar.

from any druggist, and pour it into a pint bottle. Fill up with your syrup. This gives you a full pint of really splendid cough syrup—about four times as much for your money. It never spoils, and lasts a long time.

And for real, quick relief, it's very effective. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages.

Pinex is a special compound of proven ingredients, in concentrated form, well known for quick action in coughs and bronchial irritations.

Money refunded if it doesn't please you in every way.

# Love Has Two Faces

By Irene Lonnen Ernhart

THE STORY: Leni goes to New York. Papa and Mama move out to Parker's farm as caretakers. On the day she is to leave the hospital after her baby, Ellen, is born, Cassie learns that Parker's machine works will not reopen because of "insufficient funds."

THEY were consultations every evening in the library once again. Not with engineers and promotion men this time, but with lawyers.

Cassie overheard things. "If you hadn't let them turn that deal on you at the bank, Parker, your father would have made short work of that."

"Look, Parker, here's an obligation you can squeeze out of legally!"

Parker's voice, low, embarrassed, saying "I'd rather see the thing through, all the way. If I can save the farm out of the whole smashup I'll be satisfied. I've been a sucker. I can see that."

Cassie thought of the expensive gifts Parker had showered on her so recently, the money wasted on flowers, the enormous expense of Sid in the Academy in Florida, the money she had spent too, on the house, as though it were water pouring from an everlasting spring.

Giving up the house on the hill, seeing all his mother's lovely things going on the auction block, trying to keep her balance in the shifting sands of such an enormous change, wasn't half so disturbing to Cassie as Parker's attitude, his dejection, and bewilderment, and unending silence.

She couldn't find out exactly where they stood financially in the light of his evasions and silence.

THE ways and habits of Carson Street had followed Mama to the farm. The sink was always

full of dirty dishes, and half the time there were dirty cups and saucers on the table, where she and Papa had had a snack.

Cassie had the baby to care for, an endless round of feedings, and diaper washing, and naps and airings.

Dust lay in rolls under the unmade beds and over the furniture. Mama creaked around laboriously, complaining of not feeling well, that her feet hurt, the range didn't draw like the one on Carson street, the farm was too far away from any neighbors!

Cassie still felt weak, but someone had to take hold and bring some order out of the confusion. She set aside one of the small bedrooms for a nursery, bought a small heater for it, scrubbed the floors, persuaded Papa to put on fresh wall paper, and installed the nursery furniture saved from the house on the hill. The rest of the house could wait, but Ellen must be cared for right.

And one day she cornered Parker. She had built a fire in the living room fireplace, so that they could have some privacy. Mama and Papa never budged from the warmth of the kitchen.

"Parker, let's get things straightened out. How much money have we got, exactly? I mean—just how many resources have we besides this farm?"

"Not much," he admitted. His eyes had grown like a spaniel's again, morose. His mouth no longer turned up in the quizzical half-amused way. The broad shoulders seemed to droop.

"How much money exactly have we left?"

The fire in the grate cracked and snapped for a second or two. "Five hundred dollars," Parker said at last. "But of course there's the car, and this farm."

"But that's quite a lot!" she cried.

IT wasn't. She was really appalled. It seemed impossible there could be so little when there had been so much. "If I manage right we can live on two hundred a month easily, even with the baby's special formula and the allowance we send Sid. You'll find a job before long."

"Yeah, I'll find a job." "Why do you say it that way, Parker? I can't understand why you're so horribly down in the dumps. After all—"

"Do you think anyone up town will give me a job after the fiasco I made of the Machine Works? I sank the entire fortune my father left in the thing. They laughed in the bank till their sides split. 'Hamilton's folly,' that's how they speak of it."

"Couldn't you get work in—in one of the plants?"

Parker bridled. "Doing what? What am I good for?"

Cassie didn't answer. She hadn't realized that Parker had such a peculiar brand of pride.

"Well," she said after a moment, "we can manage on a hundred and fifty a month perhaps. Five hundred will last quite a while."

"I bet you're glad you married me!" he said suddenly.

"Oh Parker!" She came to him, where he stood with one elbow leaning on the mantel. She touched his arm, and he cringed. "All the things I was going to do for you!" he said wildly. He ran a hand through his hair, fiercely. "I was going to make you so happy!"

"But Parker, you have. You—"

her mouth shook at once, and a lump of tears rose in her throat. "The things I was going to do for your family too! I thought I knew how to fix everything up! I knew how to make everybody happy, just like I knew better than Father about opening the Machine Works. It would have been better for both of us if I'd never phoned you that night Lon and Leni were eloping. It didn't accomplish anything, anyway—stopping them that night. He's set her up in an apartment in New York!"

# McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY, America's Card Authority

Although some people insist that husbands and wives should not play bridge together, there are many famous married couples in bridge. In 1945 the national open pair championship was won by Mr. and Mrs. Lewis M. Jaeger of New York. Last December at Hollywood, Fla., Mr. and Mrs. David Carter of Kansas City, Mo., came

Mrs. Carter	N	95

within 31/2 match points of winning this title, finishing second to Sidney Silodor of Philadelphia and B. Jay Becker of New York.

It was rather surprising that many pairs went down at four hearts on today's hand, and Mrs. Carter said they did so because they failed to count their tricks.

The opening lead was won in dummy with the ace of clubs, three rounds of trumps were taken, then three rounds of spades, hoping for a spade break.

When spades did not break, declarer led the jack of diamonds, East won with the queen and returned a club. West won and played the fourth spade, which declarer ruffed with his last trump, and he still had to lose two tricks.

Mr. Carter made the diamond play before picking up the trumps. She led the jack of diamonds from dummy immediately after winning the first club trick. East won with the queen and returned a club. West won this with the queen, but there was no way to stop Mrs. Carter from getting her club ruff and establishing the diamond for the spade discard.

## Midland Gun Club Shooters Beat San Angelo, 507-498

Shaking off a touch of "buck fever" in the early rounds, Midland Gun Club shooters rallied and won 507 to 498 out of 600 over San Angelo Gun Club shooters in competitive matches here Sunday at the MGC West Highway 80.

Six-man teams competed. Midland was behind four birds at the end of 75 rounds but rallied strongly on the last 25 birds to win.

Capt. Jim Mascho and Sody Harrell were high shooters for Midland with 87 out of a 100. Wright Cowden scored 86. Capt. E. R. Haydon was high for San Angelo with 94 out of a 100. Jack Wright scored 92 for the visitors.

**White Cracks 28**  
Bob White shot 28 straight birds for Midland. Haydon broke 44 birds straight and Wright popped 31 straight.

Midland scores: Mascho 87, Harrell 87, Cowden 86, George Glass 84, Bob White 84 and Luke Thomas 79.

San Angelo scores: Bob Carr 78, Grady Matheson 72, Leslie Cosner 86, Haydon 94, Wright 92, and Billy Upton 76.

A large crowd witnessed the shoot. San Angelo brought a small-bore rifle team but Midland did not have the facilities to stage rifle competition.

## Bulldogs Play Broncs Friday

Full of ginger after having knocked off the high-riding San Angelo Bobcats, the Midland Bulldogs go to Odessa Tuesday night for a 3-AA game with the mighty Bronchos.

"A" and "B" Bulldogs will play. Varsity game is scheduled at 8 p. m. after the warmup tilt.

Midland needs the victory to keep in the running for top-four honors in the conference. Odessa could keep pace with Midland if it got victory.

Odessa rode high at the first of the season with the Moorman twins and Haydon Fry in the lineup but these men have graduated since and the Odessa stock went down.

**Beat San Angelo**  
Saturday night the hustling Bulldogs rapped San Angelo, second ranking team, in a thriller, 19 to 18. The night previous San Angelo had beaten Odessa.

Here is the 3-AA standing:

Team	Won	Lost
Big Spring	7	2
San Angelo	5	3
Abilene	4	4
Lamesa	4	4
Midland	3	4
Odessa	2	4
Sweetwater	0	8

## Conference Title Race Between Arkansas, Texas Is Possibility; SMU Player Injured

By MAX B. SKELTON  
Associated Press Staff Writer

Southern Methodist's Mustangs have sustained the first major injury of the Southwest Conference basketball season and as a result the long expected two-way title race between Texas and Arkansas looms more than a possibility.

Southern Methodist, with only a loss to Texas in four conference starts, is the only team holding more than a mathematical chance at the title, other than undefeated Arkansas and Texas, and next Saturday's Dallas struggle between the Mustangs and Longhorns has been tabbed as the first of five crucial February tilts that should determine the 1947 champion.

Texas became an even stronger favorite Monday, however, with the announcement that Roy Pugh, SMU, center, received a badly sprained ankle Saturday as the Dallas team defeated Texas Christian, 55-36.

**Arkansas Entertains Baylor**  
Texas, however, must overcome two other opponents before moving into Dallas Saturday. The Steers tangle with Texas A&M Monday night at Austin and meet Texas Christian Friday at Fort Worth.

Meanwhile, Arkansas entertains Baylor on Friday and Saturday at Fayetteville. Baylor bounced back last week to defeat Texas A&M, 44-39, and Texas Christian, 58-46, to move into fourth place in conference standing.

Rice meets SMU in Dallas Friday and TCU in Fort Worth Saturday. Two non-conference games will find TCU playing Oklahoma Monday night at Norman and A&M tangling with Houston YMCA at College Station Saturday.

Should Texas and Arkansas win all their games this week, interest would then center on a two-night stand of the Porkers in Dallas with SMU, February 14-15, and their invasion of Austin two weeks later to meet Texas.

**Leads Conference Scoring**  
Jackie Robinson, all-conference Baylor forward, took over the conference scoring leadership with a total of 81 points. He is followed by George Kok, Arkansas center, with 74, and John Hargis, Texas forward, with 69.

Al Williams, Arkansas forward, maintained his full-season leadership with a 240-point total. Hargis follows with 238.

## Seven Changes Made By Football Rules Committee

KERRVILLE —(P)—Seven changes will be carried in the football rules book next Fall but their application will bring little notice from the fans.

The Rules Committee of the National Collegiate Athletic Council wound up its first meeting in Texas Sunday with few important revisions. The Major ones were:

Liberalization of the substitution rule whereby each team may send in a player while the ball is dead although time still is in.

Barred the so-called running shift by ruling that a shift play which simulates a regular play will be penalized as a false start.

Other rule changes were: The ball will be moved in from the sidelines after out-of-bounds plays to one-third the width of the field.

**Rewrote Hands Use Rule**  
On a try for point after touchdown if the kick is blocked the ball will become dead and can not be run over or passed.

On disqualification fouls, the player will be removed from the game but instead of a penalty of half the distance to the goal line it will now be 15 yards.

The committee rewrote the rules governing illegal use of the hands and arms for clarification and to tighten up on their enforcement for prevention of injuries.

It also decided that on fouls that occur after the ball has been kicked across the line of scrimmage but not yet touched by a player, penalties except for unnecessary roughness and illegal use of the hands will be inflicted at the point of the foul.

## Softball Meeting Is Called Monday

## 27 THOROUGHBREDS NAMED FOR SAN ANTONIO RACE

ARACADIA, CALIF. —(P)—An out-sized field of 27 aged thoroughbreds were nominated Monday for the \$50,000, mile and one-eighth San Antonio Handicap Saturday, traditional stepping-stone to the famed \$100,000 Santa Anita 'Cap.

Topping the nominees were Fred Astaire's Triple, winner of the 1946 Hollywood Gold Cup; W. D. Rorex' Texas Sandman, Maine Chance Farm's Lord Boswell, and Allen Drumheller's Hank H.

## MCCARTHY MAY JOIN BOSTON RED SOX

NEW YORK —(P)—The hottest rumor at the baseball writers' dinner which climaxed the weekend meetings of the major league executives, was that Joe McCarthy, former manager of the New York Yankees, would join the Boston Red Sox this coming season either as a coach or in the front office.

## JIM BENTON NAMED NO. 1 PRO PASS RECEIVER

NEW YORK —(P)—The No. 1 pass receiver in the National Football League last season was Jim Benton of the Los Angeles Rams, who preserved the title for Pine Bluff, Ark., by mounting the throne vacated by his fellow-townsmen, Don Hutson, now retired.

Statistics released Monday by headquarters of the professional circuit show that the Los Angeles end snagged 63 forward passes in 1946 for a total gain of 981 yards and six touchdowns, averaging 15.5 yards per catch.

## DISTRICT BOXING WINNERS SOON TO BE KNOWN

FORT WORTH —(P)—District winners to compete in the eleventh annual Texas Golden Gloves State Tournament here February 12-17 will be completed this week.

Tyler, Beaumont and Harlingen will start their matches and Dallas and Abilene will hold finals Monday night. Tournaments will start at Houston Tuesday, at Brownwood Wednesday and at Big Spring and Waco Thursday.
