Many landlords all over the country have mortgaged their interests in the tenant's crop on debts of their own. This makes sure "waiver" from those who hold it impossible for them to sign a waiver for the tenant, which mean that this tenant cannot borrow dime from the government. If the few who are qualified to borrow this government money meet all the to him? Is he told that before he is qualified to borrow any of this requirements necessary, they will be tied up to where they can hardly turn over and "regulated" for the benefit of those who have not bor. rowed government money. It is a crime for our government to act with such discrimination against the farmers in connection with this government aid and if all of us
