Floydada Receives First Load New Wheat of Season

"WE ARE READY FOR HARVEST" SAY FLOYDADA GRAIN DEALERS

Floydada grain dealers and elevator men this week are sending their messages to wheat farmers of the county informing them that they are ready to receive the 1933 wheat crop when harvest starts.

"We are ready to go and will be prepared to handle all the wheat that Floyd County farmers will bring in," W. C. Cates, manager of the Farmers Grain Company said.

The elevator here and the elevator at Boothe Spur will be operated by Farmers' Grain Company this year. J. W. Chapman will have charge of the scales at Boothe Spur.

"All our machinery is up in first class shape and we are prepared to start with the harvest," J. F. Boothe, manager of the Boothe Mill and Elevator Company is millers as well as well as buyers of grain.

Lon. M. Davis, manager of the Davis Elevator Company said that his elevator would be in first class shape and ready to accommodate wheat farmers as soon as the harvest started.

Second Half Tax Payment Becomes Delinquent After June 30

Frank L. Moore, Floyd County tax collector, herewith gives some more information relative to tax payments for Floyd County.

"You will notice that the second half payment becomes delinquent after June 30, 1933, and the same is not included in Senate Bill No. 262 and will draw the customary interest and penalty after June 30. The penalty is 10 percent and 6 percent interest."

If a taxpayer paid one-half of the taxes imposed upon him or his property for the year 1932, the remaining half of said taxes can not be held to be due or delinquent until after the 30th day of June, 1933, reads the attorney general's opinion in reference to Senate bill No. 262 which concerns tax payments.

After the 30th day of this month all tax payments become delinquent.

Proceeds Of Food Sale Will Be Used To Send Delegate

A food sale will be held June 17, at 2 o'clock in Floydada sponsored by the County Council of Floyd County. The sale of canned food will be held in front of the old Floydada Drug Company location on the west side of the square.

Proceeds of the sale and others will be used to send a delegate to the annual short course at Texas A. & M. College at College Station. Mrs. M. D. Ramsey, chairman of the County Council, was selected as the delegate in a meeting of the County Council held the last Saturday in May.

All ladies wishing to contribute products for the sale may leave them at Mrs. Merrick's office in the court house.

Members of the committee in charge of the food sale are: Mrs. W. E. Miller, Sandhill, chairman, Mrs. W. B. Jordan, Center; and Mrs. C. J. McCollum, of Lockney.

INSTALL NEW MEMBER

George Sherill was installed Tuesday night as a member of the Floydada Volunteer Fire Department to fill the vacancy left by Dudley Hill.

In other business of the department the age limit was changed from 18 years to 21 years.

Roy and Glod Snodgrass, of this city, made a business trip to Amarillo one day last week.

Improvement South Side Canyon Complete, Work On North Now

A crew of men who have been working through the local disbursement chapter of the R. F. C. this week completed a project for the improvement of the grade on the south side of the canyon south of Floydada. Traffic is now passing over the new road. A crew of men is now working on the improvement of the north grade of the canyon.

All work with the exception of the community garden has been discontinued until further notice.

Equalization Board Appointed For Floydada School District

J. M. Willson, G. T. Assiter and J. N. Johnston were appointed as a board of equalization for the Floydada Independent School District in a meeting of the board Monday night, June 5. A. C. Goen and J. G. Shurbet were named as substitutes.

The board will start work the latter part of this week. Most of the tax renditions are completed to date according to Secretary J. T. J. Dawson of the board.

Elected to Faculty
Miss Eulalia Burrus was elected as a teacher in the Floydada schools subject to assignment in the Andrews ward. Miss Burrus received her B. S. degree from West Texas State Teachers College at Canyon last week. She is a daughter of Mrs. Maud Burrus of this city. Miss Burrus finished high school here in 1930.

Mrs. W. E. Miller, of Sandhill, Furnishes Peas For First Lady

Mrs. W. E. Miller, of Sandhill community, who for the past two years has been awarded the contract to supply black eye peas for A. & M. College, has been given an unusual distinction.

Mrs. Miller will furnish peas for a dinner for Mrs. Franklin D. Roosevelt, first lady of the United States. The peas will be a portion of a balanced dinner, prepared by the club women of Texas, and canned, which will be given Mrs. Roosevelt.

The request to Mrs. Miller came from Miss Edwards, assistant state home demonstration agent. The food was assembled at Austin and carried to Washington by Miss Campbell who will attend the National 4-H Club encampment at Washington. Miss Campbell left last Thursday to carry the Texas dinner to Washington.

Two number two cans of peas were sent by Mrs. Miller.

Party Enjoys Fishing And Picnic At Canyon Tuesday Evening

A group of young people of Floydada enjoyed a fishing and picnicking party at the Blanco canyon Tuesday evening of this week.

Those in the party: Misses Mildred Strickland, Latane Hale, Nita Merle Hanna, Vela and Verla Blassengame; Messrs. Ernest Carter, T. A. Norman, Alva Hull, R. P. Terrell and Roy Holmes.

Floydada People Make Ways to Cool Spots As Summer Comes

Many Floydada people, young and old alike, are making their ways to cool spots as summer in full fury of driving sun has arrived.

Roaring Springs and Lockney, Silver Falls and other spots are visited by many every week end who seek to find pleasure in swimming or picnicking.

LOOKING FORWARD

Business is starting up again. That is clear and definite. Men are looking ahead and not backwards. And it is our belief that we are going ahead into better times than we have ever known. That has been the history of every past recovery. The deeper the depression, the higher the heights reached after the depression has been passed.

Don't ask us how it is going to be accomplished. We have little patience with people who want precise plans and specifications before they will believe that things can be done. There is an element of faith which is, after all, the chief moving force in human affairs; and at the moment people are regaining faith in the future of their country at a rate which surprises us.

We hear many different explanations of how things will be done under the "New Deal." We've never seen a human project work out as planned. But we, too have faith. We can't explain a lot of things which we have to take on faith. Don't ask us to explain radio or television or even the talking pictures. We don't have to explain them. There they are. And we believe that we are on the verge of a greater and more glorious civilization than we have ever known. Pretty soon, we are sure, everybody will be able to see it.

Nobody has ever been able to stop an Edison or a Ford or a Marconi. There are hundreds of young Edisons just waiting their chance to startle the world. Some of them will turn everything of today upside down, as their predecessors did.

We are going to have a new economic order, beyond doubt; but if it results in giving everybody a chance to buy the things he wants, isn't it going to be better than a system which does not provide customers enough for what we produce?

We really believe that the young people of this day are justified in looking ahead to a time when any human being who really wants anything can have it. And that's "somep'n," as Andy says.

Two Replacements In Floyd County's Reforestation Quota

Two replacements are being sent from the local application branch office to Lubbock where they will be enlisted in the government reforestation project. The two will go to Fort Bliss or Fort Sill.

Bowman Dorsey and Buster Smalley will replace Frank Taylor and Raymond Fields who voluntarily resigned at Fort Bliss at El Paso.

Smalley and Dorsey left yesterday to go to Lubbock for the examination and enlistment. Word received from Floyd County's quota in the reforestation work indicated that a number of Floyd County boys were being sent to Arizona to a grand canyon camp.

Lakeview School Closed Term With Graduation Exercises Friday

Marking the close of the most successful school year in the history of the institution the Lakeview school held graduation exercises last Friday night at 8:30 o'clock. Superintendent A. D. Cummings, of the Floydada schools, delivered the commencement address.

As Miss Merle Scoggin, of the faculty, played the processional the graduates entered. C. A. Cass, principal, A. D. Cummings, Clyde Alexander and E. C. Carter, led the procession. Mr. Alexander said the invocation.

Miss Florence Pratt, daughter of Mr. and Mrs. A. T. Pratt, was salutatorian and made the welcome to the parents, patrons and friends of the school. The class poem was by Imogene Roy, the class grouch by Mildred Luttrell. Class optimist, Fannie Ruth Patton. Violin solo, Mrs. A. D. Cummings.

G. W. Smith, of the senior class, read the class will, and Leonard Alexander read the class history. Deane Nelson gave advice to the juniors and Bonnie McCravy made the junior response. The class prophecy was by Lorene Battey.

Miss Naomi Hodges was valedictorian of this year's senior class and made the address.

Ernest Carter gave the certificates of award and the scholarships, also the seventh grade diplomas.

Members of the seventh grade graduating class were: Ruby Harrison, Murillo Gilbreath, 'Tiny' Patton, Dee Adams and James Roy.

C. A. Cass awarded high school diplomas to: Naomi Hodges, Florence Pratt, Mildred Luttrell, Lorene Battey, Imogene Roy, Fannie Ruth Patton, Dean Nelson, G. W. Smith and Leonard Alexander.

A large crowd of patrons parents were in attendance at the exercises. A brief business meeting of the school board was held following the closing exercises.

MARRIAGE LICENSE ISSUED

Marriage license issued to J. H. Ferguson and Fannie Martin in County Clerks office this week.

Although the 1933 wheat harvest in Floyd County will not get into full way until the first of next week, some of the grain is ripened in the county to the point that the first load was brought in and marketed in Floydada Monday.

John Bell, who is renting the Ralph Thomas place 14 miles west of Floydada in the Carr's Chapel community, brought in the first load of the 1933 wheat crop Monday afternoon at 5:30 o'clock. The grain was bought by the Boothe Mill and Elevator Company.

A five cent premium was paid in addition to the market price which was 58 cents Monday. A total of 63 cents per bushel was paid for the load, which was of medium proportion.

Last year the first load of wheat was marketed by Mark Martin and Fred Zimmerman from their farm, on Saturday, June 11. A premium of ten cents per bushel was paid and the market price was thirty cents on that day. Boothe Mill and Elevator bought the first load last year.

This year's first load was almost a week earlier than last year's and brought 28 cents more per bushel on the market price.

Mr. Bell combined the wheat from a 270 acre field which he has. The yield was estimated at 5 bushels per acre. Mr. Bell said that all his wheat was ready to cut and he would begin harvest immediately.

Marketing of the first load of the 1933 wheat crop indicated the beginning of harvest, although local elevator men did not think that a large amount of wheat would come in this week.

If weather conditions continue as this week the wheat in all sections of the county will be ready for harvesting in a very short while, local grain men said. If no hail is received which will cause a loss on the wheat, the yield this year is expected to equal or exceed that of the 1932 crop. Last year several hundred acres of the crop was a total loss by hail.

Next Week Last One Of May Term Floyd County District Court

Next week completes the May term of Floyd County District court. A heavy criminal docket in addition to the usual civil docket will have been disposed of.

Scott McGehee recovered judgment from the Texas Employers Insurance Association in a suit this week in court. The suit was in connection with an injury sustained by McGehee in working in a gin company, known as Patterson-McGehee Gin.

Melvin Smith plead guilty of highway robbery and was sentenced to 5 years imprisonment. The case was a transfer from Motley county.

The case of J. G. Martin et al vs. W. I. Cannaday et al started Wednesday of this week and is still before the court. The suit is on a breach of contract.

Docket for next week will be light and there will be no jury.

Mark Duncan, of Lubbock, was a business visitor in Floydada for a while Wednesday. Mrs. Joe Pitts and Miss Beth Pitts, who had been visiting here, returned with him for a short visit.

Magnolia Developes New Gasoline

SILENT MOBILGAS PUTS MORE PEP INTO MODERN MOTORS

Dallas, June 5.—Responding to public demand for an improved automotive fuel with higher anti-knock rating to sell at standard prices, "Silent Mobilgas" is announced by the Magnolia Petroleum Company. The new Mobilgas, colored a distinctive shade of purple, has been placed on sale at no premium by over 11,000 Magnolia stations and dealers serving the Southwest.

"Developed in the Magnolia laboratories to meet every requirement of high compression motors, the new Mobilgas was introduced only after rigid testing under actual driving conditions by Magnolia test cars", E. P. Angus, vice president and manager of sales, said. "It has been found that under conditions that

cause ordinary gasoline to knock, silent Mobilgas will give quicker starting, instant pick-up and split-second getaway. Tested for thousands of miles under varying highway conditions—in heat and cold—this new fuel not only gave knockless performance, but proved conclusively to be a longer mileage gasoline.

"While a material increase in the anti-knock rating is the most noteworthy improvement in the new Mobilgas, it's distinctive qualities of 'Climatic Control' have been increased," Mr. Angus said. "Through the readjustment of manufacturing specifications Magnolia produces a Mobilgas a fuel adapted to the climatic and operating conditions of the locality in which it is used. This quality of Mobilgas is called 'Climatic Control'."

In the introduction of the improved Mobilgas, Magnolia has adopted as its slogan, "Full Speed Ahead," and is providing automobile owners with attractive windshield stickers carrying that phrase. The stickers, picturing Uncle Sam piloting an automobile to prosperity, are a part of Magnolia's contribution toward business recovery.

CLASS WILL

By Latane Hale

We, the Senior Class of nineteen hundred and thirty-three of the Floydada High School, City of Floydada, County of Floyd, State of Texas, to make, publish, and declare this our last will and testament. That is today we give, bequeath, and devise all our interests, rights, and property in the Floydada High School with which we are parting to our friends as is indicated below:

To the Juniors, we bequeath the privilege and duty of assisting the harassed and over worked faculty of Floydada High School in directing the hitherto ill managed affairs of said high school. P. W. Bell leaves Wilford Cothern his over-worked privilege of courting in the halls, as well as his book on, "How to Dodge the Faculty."

Mary Louise Thurmon wills Louise Gound her copy of Dr. Miles' Pamphlet on "Are You Too Thin?" Florine Jeter leaves to Florine Dorrell her ten leather bound volumes on "How to Reduce Gracefully to Music." Lowell Gambin bequeathes the Hugh Jeff Ayres his ability for splitting the breeze in his well known mile run with the admonition to retire early to win.

To anyone who can fulfill the requirements Irene Kreis leaves her refreshing charm, rippling laughter, and hope that they will be as successful as she in managing the opposite sex.

Floyd Murray leaves to L. V. Asister his interest in the feminine blond members of the Freshman class. We give Latane Hale's golden silence to Maxine Fry, with the ardent hope that she will make use of the same. Sam Teague and Leroy Green and Kinder Farris generously will their gracious 'heartone' and their irrepressible giggling to Rex Brown, Morris Moore and Wendell Jenkins.

Evie Cruise wills her ability to become a famous debater to Mabel Tubbs. To Cloyd McClung we bequeath Verne Eastridge's crowning mop of golden curls, knowing that he will adopt them to his best advantage. Harold Salisbury leaves his reckless hands in driving a car to Emil Onstott. Otho Johnson bequeath to Hermas Olson the honor of being a student in Floydada High School six years. Mary Anne Kimble and Virginia Welch will Edelle King and Markaret Smith the privilege of loafing in Mr. Cummings' office. To anyone desiring to follow in their footsteps Marion Heald and Pat Stansell leave their treaties on "Work."

To Rolene Smith we give the privilege, formerly held by Elton Goen of throwing erasers without the knowledge of the teachers. To James Badgett we assign Waldo Houghton's condescending attitude to the lesser subjects of the Freshman and Sophomore classes. Ray Chapman and Virgil Crawford bequeath their mud-slinging column to Wilburn Dennis and Grady Connor. Malcolm Bridges wills his track suit that he became so devoted to during play practice to Hershel Hammonds.

Adelle McRoberts, Clarabelle Go. lightly, Nannie Lou Williamson, and Bennie M. Lester leave their singing ability to Lois Covington, Reba Duncan, Mary Katherine Smith and Bonnie Fyffe.

In testimony whereof we have hereunto set our hands this the twenty-fifth day of May, in the year of nineteen hundred and thirty-three. We appoint Mr. and Mrs. Odus Stephens as executors of this will.

Signed,
The Senior Class.

RIGID GAS TAX AND CIGARETT LAWS ARE PLANNED TO BE ENFORCED

Houston, Texas, May 29.—On the last leg of organizing new statewide special tax-collecting machinery under the emergency laws passed during the current legislative session, State Comptroller George H. Sheppard is in Houston setting up his sixth district office.

Heartened after years of ineffectual efforts by the rigid gasoline tax and cigarette laws put into effect last month, the comptroller is making record progress in the pursuit of tax evaders who, he estimates, have been robbing the state of more than \$4,000,000 in gasoline taxes and \$1,500,000 in cigarette taxes each year.

FORgasolineseset eta sh sh sh hr As soon as the governor signed the new gas tax law, which for the first time appropriated funds with which he might hire an enforcement force, Comptroller Sheppard hastened to the east Texas oil area, recruited a "flying wedge" and began the check up of refineries.

The new law requires the keeping of complete interlocking records which permit state agents to follow gasoline from refiner to retailer and check it for tax payment. It also forbids adulteration with kerosene, naphtha and other tax-free fuels unless the filling station posts a sign, "Inferior Motor Fuel," because many dealers have been collecting tax on such blends and turning in tax on only the gasoline portion of them. Violation is now a felony under the new law.

From east Texas, where the comptroller's men preferred many charges which are now being heard by grand juries and established permanent offices in Longview and Tyler, the "flying wedge" visited Dallas, Fort Worth and San Antonio before coming to Houston. In each they augmented their force and established an office.

"This is every good citizen's fight," Comptroller Sheppard said. "These men are really tax thieves, for they collect taxes from motorists at their pumps even when they do not turn

it into the state. Each year gasoline bootleggers have been robbing us of over \$1,000,000 in public school money, \$1,000,000 in money topay off county bonds, \$2,000,000 in road money, for that is the way the gas tax is appropriated. In the same way, cigarette bootleggers have been stealing \$1,500,000 yearly in school money.

"When these funds are lost, they have to be made up through some other form of taxation. That's why I say it's every good citizen's fight." Because the law is now, the comptroller's men are not arresting on their first visit. They are instructing violators on the law and clean-

ing their premises. The second offense, however, means charges. Every filling station in each district will be visited, the comptroller said, and samples of fuel taken for analysis.

MISS BLANCHE GARY AND MR. ELMER WILLIAMS, OF HARMONY MARRIED

Miss Blanche Gary, daughter of Mr. and Mrs. R. B. Gary, and Elmer Williams, son of Mr. and Mrs. L. E. Williams, were married Saturday afternoon at two o'clock at Petersburg.

Rev. C. W. Mathis, of the First Methodist Church officiated. Ceremonies were held at the parsonage. Miss Annelida Tipton and Sherwood Ramsey accompanied the couple and witnessed the ceremony.

Both the bride and groom are of the Harmony community and both have spent most of their life in this county. They are former students of the Harmony schools and of Floydada High School.

Mr. and Mrs. Williams will make their home in the Harmony community.

Given Chiravaree

Mr. and Mrs. Williams were given a chiravaree by the young people of the community Saturday night at the home of Mr. and Mrs. Gary. About 40 were present for the social affair.

Mr. and Mrs. J. M. Willson and family left the first of this week for Fort Worth for a visit.

MISS OLETA RANDOLPH BECAME BRIDE OF MR. BOB CARTER

Miss Oleta Randolph, grand daughter of H. C. Randolph, of seven miles northeast of Fairview, became the bride of Mr. Robert Carter, son of R. L. Carter of Fairview community, in ceremonies solemnized Saturday.

Rev. J. F. Nix, pastor of the First Baptist Church of Clovis, New Mexico, officiated. The wedding was held at the parsonage at 4 o'clock Saturday afternoon. Miss Mildred Strickland and Ernest Carter accompanied the couple to Clovis, Miss Strickland visiting with her uncle, L. H. Stone, there.

The bride was reared in Floyd County. She is a daughter of H. C. Randolph, pioneer Floyd County ranchman. She has made her home with the elder Mr. and Mrs. Randolph for the past several years. She graduated from the Albuquerque, New Mexico, high school in 1931.

Mr. Carter has spent most of his life in Floyd County and attended school at Fairview before coming to Floydada High School to finish in 1931. He was an outstanding member of the Floydada High School Whirlwinds football team for three years and manager of the basketball team.

Mr. and Mrs. Carter will make their home in the Fairview community. They returned to Floydada Sunday evening.

Feels Much Better

"June 28th, 1932, I started taking Kruschen Salts. Have lost 20 pounds from June 28th to Jan. 10. Feel better than have felt for four years. Was under doctors care for several months. He said I had gall stones and should have operation. Kruschen did all more than I expected." Mrs. Lute Bright, Walker, Minn. (Jan. 10, 1933).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.—Adv.

Class Prophecy . . .

By Irene Kreis

One morning early in the spring of 1933, Mr. and Mrs. Odus Stephen and family flew into Floydada in their new Tri Motored aeroplane for a visit. They parked near the court house and the first sight that met their eyes as they clambered from the plane was an old dilapidated car driving past with the following sign attached: "How to become more beautiful in three days," proprietors, Mr. Parks Wayland Bell and Patrick Henry Stansell.

Mr. and Mrs. Stephen walked slowly down the street until they came to the new Lindsay Theatre where they topped to admire the beautiful structure.

Mr. Stephen finally recognized his old pupil Marion Heald now plump and bald-headed and they talked over old times and Marion told the visitors that the store was owned and operated by Leroy Green and Sam Teague. After leaving there Mr. and Mrs. Stephens went on down the street until they came to a grocery store on which this sign was displayed: "Glover and Henry Grocery," "See Our Specials Today."

A few doors down the former sponsors saw another sign, "Murray and Murray Attorneys at Law". They commented on Lloyd and Floyd's success, but as it was near noon they did not have time to stop and talk with them, but went back to get the children, after which they went into a neat little restaurant and were met by none other than Otho Johnston who was now happily married to Hazel Borum and the couple were well known in the social life of Floydada.

After lunch Mr. and Mrs. Stephen walked down one of the minor streets of this large city, they noticed the following on a window "Branch Office of the Jackson Union Farm," "Free Information Here." The visitors went in to see Leo and to ask him about some other students. This is what he told them: Harold Salisbury was an automobile salesman and Walton Henderson was in the life

insurance business, having taken over Mr. Fry's enterprise and his younger daughter, Evelyn Roy taught English at Texas Tech and Ernie Cruise was becoming famous in politics through her clever debates. Burnice Rawdon was a book agent, and Opal McNeil had become a celebrated artist through the help of her assistant Zella Battey. Latane and Irene were old maid school teachers still living happily in Floydada.

Adele McRoberts, Clarabelle Goughly, Benny Lester and Nannie Lou Williamson were with a vaudeville show and sang the popular songs of the day. Mary Louise Thurman was a toe dancer and Ray Chapman was a great speaker, holding people practically spellbound for ten minutes with his favorite subject, "The Donkey and What He Has Done to Aid Civilization". Lowell Gamblin was a famous aviator and he and his wife were good friends of the Lindberghs. Alta Lloyd was a fine seamstress and Florine Jeter ran a boarding house in Floydada, famous for its meals. Elton Goen was peddling flea powder and chewing gum.

As Mr. and Mrs. Stephens left the little office they ran into a little boy and girl each drinking a bottle of soda pop. Their mother was none other than another Senior of '33, Virginia Welch, who was now married and helping her husband to become a success. Mrs. Bell told the visitors that Mary Anne Kimble was now the dean of a large university in Chicago and was celebrated as a great essayist.

The former sponsors and their children now again climbed into the plane and as they ascended in the air Mr. Stephen remarked, "Well, I always said that was an illustrious group of students."

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. E. NO. 3.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the State and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of home-steads as established by this Constitution and the Statutes relating thereto.

"(3) a. A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, under such plan of re-election, and upon such conditions of tenure and compensation as may be provided by any such Charter. The term of service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In no event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of provisions hereof, would devolve upon County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitutions or by statute, defined the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as hereinafter specified), all terms of county officers and all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified services, to be in lieu of the

then existing Constitutional and Statutory provisions of this State; and, provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinafter provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the

then existing Constitutional and Statutory provisions of this State; and, provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical gov-

ernment within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the adoption of a Home Rule Charter by the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more efficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Each voter shall scratch out one of the above listed clauses on such ballot, leaving unscratched that particular clause which expresses his vote on the proposed Amendment to which it relates.

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State

Secretary of State.

WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results.

Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,—color, good taste, quality, ease, safety, roominess and convenience.

JUDGE ARTHUR B. DUNCAN

DUNCANS TO HAVE CORNER IN HISTORICAL MUSEUM AT CANYON

A listing is being made this week of the historical collection of the late Judge Arthur B. Duncan, of this county, preparatory to its shipment to the historical museum at Canyon, Texas, where it will be put on display. The collection will probably be sent next week.

According to L. F. Sheffy, field secretary for the Panhandle Plains Historical Society, this will be a valuable addition to the museum. The collection is an outstanding assembly by one of west Texas and the plains most colorful pioneers, Judge Arthur B. Duncan. The collection shows the pioneer growth and history of the plains.

Claude V. Hall, historian, early editor of Floyd County, and family relative, expresses his appreciation of the placement, believing, however, that so valued a collection should be placed in the state capital at Austin.

The collection is being loaned to the historical museum at Canyon, it being the hope of Mrs. Duncan and her children that at some future date, Floyd County may own a memorial building of her own at which time the collection will be returned.

Is Interesting Exhibit
Among the articles and documents listed in the collection and of very special interest are the following:

A very old scrap book, property of Dr. William B. Duncan, father of Judge Arthur B. Duncan, dating from 1800 a part of it written in the Doctor's quaint and beautiful long-hand.

A box of knitting needles, an old time tatting shuttle and a bit of dirty lace used in the early days by Elizabeth Vaden Duncan, mother of Judge Duncan, herself a very early settler in Floyd County.

A series of newspapers published in Floyd County, dating back to the year 1893, which contain in themselves a minute history of those early days in Floyd County.

Original papers preparatory to filing on the first homestead in Floyd County, also a record of the personal brand used by Judge Duncan, 'AD' on the right, and 'T' on the left.

An old charm string begun in Judge Duncan's boyhood and containing hundreds of charms and keepsakes, one a crystal button from the dress of Melie Knight, the Judge's very first sweetheart.

Old books, the oldest being a book of baptism by Peter Edwards published in 1841. "Christians and her Children" published in 1850, "Thought on the Book of Daniel" by Uriah Smith, "The Southern Psalmist" a book on very ancient poems, and a Holy Bible (of unknown date, having been in the family for generations).

Has Panhandle Interest
Perhaps the item of greatest interest to panhandle people, will be a series of letters to Judge Duncan from his attorney, G. M. Swink, in a

suit then pending in the courts at Austin, connected with the attaching of Floyd County to Crosby County for judicial purposes.

Floyd County at that time being attached to Donley county. Colonel Goodnight and others making a stiff fight to keep it so. In this connection is included the original petition headed by Judge Duncan, nineteen signatures, which was presented to the Legislature asking that said change be made. This was one of the first victories won by the settlers against the big cattle interests.

A very old bookcase, a filing cabinet, and 'Dad's Old Arm Chair' these, with a valuable walking cane and a rare old vase, all of which are family heirlooms, together with valuable documents will complete the showing. All bears witness to an early day and of the struggles of Floyd County's first family.

The listing is being made and completed in the abstract office of the late Arthur B. Duncan by Mrs. Maud E. Hollums, assisted by Mrs. J. I. Hammonds, of Floydada and Mrs. Edith S. Pitts, of Canyon, Texas, daughters of the judge.

ARE YOU PAYING GOOD MONEY FOR "FALSE BARGAINS"?

Whenever outstanding quality makes any packaged product popular with you and other shoppers, somebody soon offers you something "just as good" at a "bargain" price.

Before you even think of buying it, look at the label. When the brand is unfamiliar—when you know nothing of the maker's reputation—isn't it folly to take a chance on unknown quality just to "save" a few cents?

There are too many genuine bargains today to waste good money on false ones! Prices are down. Many reliable brands, long-known to you through your own experience or by their advertising, now cost far less than they have in years.

Ask for them by name. And insist on getting them. It is the best way to avoid buying merchandise in which quality has been sacrificed to make a low price still lower!
