

The Floyd County Plainsman

North and East Sections of County Received Heavy Rain Monday Night

Although the county as a whole received rainfall varying from slightly less than a quarter of an inch to an inch and a quarter, the north and east portions were covered by a heavy precipitation Monday night of this week.

Apparently the rainfall was the heaviest in the northeast portion where three to four inches of moisture were reported. Some hail damage was reported in the county which during the rain, although not extensive.

More than three inches of rain fell at the S. L. Rushing farm in the Fairview community according to reports from there. In the Dougherty community approximately one inch fell, so state reports.

A fifty percent loss from hail was received at the Harry Christian farm in the Blanco community, five miles southwest of Floydada. Rainfall was light.

Wilbur Matthews said that approximately one and one fourth inches of rain fell at the A. H. Matthews farm in the Center community, seven miles northeast of Floydada.

Slightly over one third of an inch of moisture was had at the A. H. Kreis farm in the Campbell community, nine miles east of Floydada on the Matador highway.

Only slight showers were reported by Mrs. G. L. Snodgrass, of the Harmony community, and Mrs. A. S. Cummings, of Sandhill. The rainfall evidently was much lighter in the west and northwest part of the county.

Mrs. T. J. Gill said that one inch of moisture was had at their farm in the Center community, with no wind or hail damage.

Rainfall was general in the Lakeview community where it is estimated one inch of rain fell. As a whole the rain will benefit growing crops and will be a good asset to the county generally.

Hail Near South Plains

A heavy, damaging hail was reported east of South Plains. G. Milton and Davis indicated that their crops were heavily damaged. Jack Smitherman, on the Solomon place, and Mr. Clark on N. W. Williams' farm, all in the vicinity, said that their cotton had been badly damaged, but not as badly as Milton's and Davis'.

W. T. Stiles, south of Floydada, had some damage to his crop.

Dougherty Community gets Hail

At the Leatherman place 2 miles east of Dougherty a three inch rain was received and some hail but no serious damage was done.

About fifty percent hail damage was done to the cotton at the R. W. Lotspeich farm, four miles north of Dougherty. The rain was heavy.

A heavy rain was also reported from Joe Bailey.

Miss Evelyn Fields, of Lockney, Became Bride of Douglas Hollums

Miss Evelyn Fields, daughter of Mr. and Mrs. W. H. Fields of Lockney, and Mr. Douglas Hollums, son of Mr. and Mrs. John A. Hollums, of Floydada, were married Monday in Portales, New Mexico.

The ceremony was held at the Methodist parsonage at Portales with the Rev. Redman officiating. Alfred Barker and Miss Ida Mae Hart attended the bride and groom.

The bride has been a resident of Lockney for a number of years and is a former student of the Lockney schools, having finished with the class of 1931. The groom is a son of pioneer residents of Floyd County. He is a former student in the Floydada schools. He is employed with Hollums Floydada Florists and the Duncan Abstract Company.

Mr. and Mrs. Hollums have returned to Floydada and will make their home here.

School Board Discussed Plans for Athletic Building at High School

Plans and specifications for the new athletic building at the Floydada High School were discussed in a meeting of the Floydada Independent School Trustees Tuesday night.

A contract for the construction of the building will be let this week.

Dr. Bradford Knapp, Of Tech To Speak At Lockney This Afternoon

Dr. Bradford Knapp, president of Texas Technological College at Lubbock, is scheduled to speak this afternoon from 2 to 2:30 o'clock at the Floyd County farm and home short course being held in Lockney.

The one day short course, conducted by the city of Lockney, and other communities of the county opened this morning at 9:30 o'clock and will close this evening late.

Other features of the short course will be recreation and educational. Others will appear on the program to divulge knowledge of farm and home life, in addition to Dr. Knapp, the main speaker. The short course is being held at the Municipal auditorium.

Jenkins Elected President West Texas Pioneers At Reunion

The largest crowd by far in recent years that has attended the West Texas Old Settlers reunion at Hank Smith Memorial Park near Crosbyton, was on hand for the eighth annual reunion which closed Saturday night. The affair was a success in every way, from a financial one as well as a social affair and an entertainment.

W. T. Dunn, secretary-treasurer, estimated the crowd during the event at between 4,000 and 5,000 with as many more present for the night.

Hard Times Taboo

"I have not heard a single word about hard times," said Mrs. W. T. Dunn, who had charge of the registration. She reported in excess of 380 old timers of West Texas as registering by 6 o'clock Saturday night.

J. B. Jenkins, Floydada business man and former cattleman was elected president of the association. He succeeds Col R. P. Smythe, mayor of Plainview, after having served as vice-president last year. Jeff Spikes, Cone, a resident of Crosby county for 43 years, was named vice-president and W. T. Dunn, who has served as secretary-treasurer during the entire time, was unanimously re-elected. Dunn gave notice of declining the post but Jenkins refused to serve unless the secretary did, so the directors made it unanimous.

Directors Are Named

Directors named were: N. Y. Bicknell, Crosbyton; R. L. Travis, Ralls; R. L. Bowman, Lorenzo; Pink L. Parrish, Lubbock; Oscar Kelley, Post; Hamp Collit, Spur; John McDermott, Silver City, N. Following is reproduced an exact copy of the principal section of the Senate Resolution submitting the proposed constitutional amendment authorizing the legislature to issue relief bonds. The most significant clauses are printed in capitals for the information of our readers:

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, NOT TO EXCEED the sum of Twenty Million (20,000,000) Dollars, bearing interest at a rate not to exceed Four and a half (4½) per centum per annum; and payable serially or otherwise not more than Ten (10) years from their date, and said bonds SHALL BE SOLD FOR NOT LESS THAN PAR and accrued interest, and NO FORM OF COMMISSION SHALL BE ALLOWED in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be FAIRLY DISTRIBUTED OVER THE STATE and upon such terms and conditions as may be provided by law, and the Legislature shall make appropriations as are necessary to pay the interest and principal of such bonds as the same becomes due. The power hereby granted to the Legislature to issue bonds hereunder is expressly LIMITED TO THE AMOUNT STATED AND TO TWO YEARS FROM AND AFTER THE ADOPTION of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof FROM SOME SOURCE OTHER THAN A TAX ON REAL PROPERTY, and the indebtedness as evidenced by such bonds SHALL NEVER BECOME A CHARGE AGAINST OR LIEN UPON ANY PROPERTY, real or personal, within this state."

Petitions Asks Opinions On Home Demonstration Work Appropriations

Petitions are being circulated in each of the school districts in the county to secure the names of voters and their opinion in regard to the county appropriation for Home Demonstration club work. The petition contains spaces for signatures of both those who favor and those who oppose the appropriation.

Members of the county women's council, and of the former home demonstration clubs, met with the commissioners court Monday and the court asked that they submit petitions in the county. The petitions will be returned completed to the court at the next regular meeting, August 28th.

The home demonstration agent's office in the county was discontinued several months ago as an economy move of the county government.

Showers In Parts of County Tuesday Night, No Rain In Others

Light showers to as much as one half an inch of rain was received in sections of Floyd County Tuesday night of this week. The heavier portion of moisture was in the west and slightly southwest parts of the county.

The heaviest rain was reported by Mrs. W. E. Miller, of Sandhill, who said that they received one-half an inch. In the north and northeast part of the county where a heavy downpour was had Monday night, only a light shower fell.

Floyd County Schools Make Plans To Open 1933-1934 School Terms

Several Floyd County schools have completed plans for the starting of 1933-1934 school term and are ready to open soon.

The Fairmont school opened Monday, August 7, for the term and classes will be continued until officials think it advisable to discontinue school for a few weeks for crop gathering. Edgin and South Plains schools opened Monday of this week for the fall term with short programs and opening exercises.

A general overhauling has been given the Starkey school building where roof repairs, classroom repairs and other improvements have been completed.

That the most of the schools in the county would open in September was indicated by County Superintendent Price Scott but he said that there was a possibility that some schools would not open until after crop harvest was over.

Mr. and Mrs. W. E. Stone and son, Harley, left this morning for Stamford for a two or three days visit with relatives.

Virginia Seipel, of Tipton's Orphan's Home in Tipton, Oklahoma, is visiting in Floydada with Mr. and Mrs. W. E. Stone.

They visited Mussell Shoals in Alabama and points of interest in Mississippi and Missouri.

Vice President Garner Will Vote to Repeal The Eighteenth Amendment

Dallas, August 16.—Because it violates a fundamental principle of government and has not produced a satisfactory or effective solution of the temperance problem, Vice President John N. Garner calls upon the people of Texas to vote for the repeal of the Eighteenth amendment.

The Vice President's plea was contained in a letter addressed to Roy Miller, Texas Director of the Democratic National Campaign, and released from committee headquarters yesterday. The letter in full follows:

"In response to your inquiry as to my position concerning the Eighteenth Amendment, I beg to remind you that I voted against its submission when it was first presented to Congress because I believed it violated a fundamental principle of government. Since then I have availed myself of every opportunity to assist in bringing about its repeal.

"In obedience to the platform of the last Democratic National Convention and on the first day of the session of Congress following, as Speaker, I submitted the question of repeal to a vote of the House of Representatives. I considered it my duty to do so because the American people, by overwhelming vote, had ratified the party platform which demanded repeal.

"That the Eighteenth Amendment has not accomplished the results expected of it, even by its advocates, all will agree. That it has not produced a satisfactory or effective solution of the temperance problem is the judgment of a vast majority of the people of this Republic.

"I shall exercise my duty as a citizen on the 26th of August by voting to repeal the Eighteenth Amendment and trust that every citizen of Texas likewise go to the polls and perform a similar duty. I especially urge my fellow Democrats to thus support the party and its leadership.

Very cordially yours,
JOHN N. GARNER."

Commissioners Court In Meeting Monday And Tuesday This Week

In a regular meeting of the Floyd County commissioners court this week on motion and second the court authorized Sheriff E. S. Randerson to charge 75c per day for board and care of prisoners, beginning August 15, 1933.

The reports of Justice J. S. Solomon, of Floydada, and of D. C. Lowe, of Lockney, were approved and other business of minor nature transacted.

Formal approval of the county tax rolls, as compiled by County Tax Assessor Roe McCleskey, was given by the Floyd County Commissioners Court yesterday afternoon. The total tax rendition for 1933 is \$9,014,311.00.

The audit, as recently completed by the Rankin Audit Company, was also approved as further business of the court.

Mr. and Mrs. Dave Standifer, of Lubbock, visited in Floydada last week end with Mrs. Standifer's parents, Mr. and Mrs. E. C. Nelson.

New State Aid School Plan Outlined By State Deputy Superintendent

Explanations on the new state aid laws and other rulings affecting rural education plans were given by G. D. Holbrook, deputy state superintendent of schools, in a meeting in Floydada Thursday afternoon.

About 100 teachers, trustees and county school board members were in attendance at the meeting for Hale and Floyd County which was held in the district court room starting at 2 o'clock. Price Scott, county superintendent, was in general charge of the session.

A new system, differing a great deal from the plan that has been the custom for the past 15 years, has been instituted for the state of Texas. Instead of a rural school inspector, who in the past visited the schools one time a year, deputy state superintendents have been appointed.

The state has been divided into districts with a deputy state superintendent over each district of 15 counties. These deputy superintendents make periodical trips into each county in their respective districts and others on special call. Floyd County is under the supervision of Mr. Holbrook, deputy superintendent of district 2. He has headquarters at Lubbock. Mr. Holbrook will work out of Lubbock with and through county superintendents, trustees and school boards. All matters pertaining to state aid, transportation, and special aid funds will be under the direction of the deputy state superintendents.

Several Changes This Year

Several changes in the State Aid plan for schools will be instituted this year. The objective of the new state aid law is to assist in maintaining, if possible, an eight months term of school in every school district. There is no positive guarantee of this length term, however, it was explained.

In slight variance from the past plan, this year schools will be expected to follow the state aid schedule for teachers salaries, and schools are forbidden to pay above it and it will not be to their advantage to pay salaries below the schedule outlined by the state.

The annual teachers institute which had been a legal requirement for many years has been discontinued. In the case of Floyd County the teachers either held a county institute in Floydada or Lockney or attended a consolidated institute at Canyon. No county institute will be required this year.

Another change is the allowance of \$2.00 per month for individual transportation for every child who is attending high school who has finished the grades in his or her home school district. This plan will greatly assist rural students in attending independent district high schools.

Schools who participate in state school aid must qualify by having an average daily attendance of at least 70 percent of the total enrollment.

"I, personally, feel greatly encouraged over the prospects of the school operations under the new state aid plan and believe that the new system is an improved method over the former," County Superintendent Price Scott, said.

All of the Floyd County school board members were present for the meeting in addition to local district trustees and teachers. Several were here from Hale county.

MRS. BOB SMITH RETURNED

Mrs. Bob Smith returned Monday night from Denver, Colorado, where she had been to attend the funeral services for her brother-in-law, J. E. Kemp, who died Tuesday morning of last week in Denver.

Funeral services for Mr. Kemp were held Thursday morning at ten o'clock in Denver and interment followed there. Mrs. Smith left to go to Denver Tuesday afternoon.

YOU CAN'T HELP GETTING BARGAINS

It is an ancient belief that the woman is the bargain-hunter of the family and that man must be dragged reluctantly, if at all, to where goods can be purchased cheaply.

If that is true, the man of the family must be having a good time now, for there is very little else but bargains, at prices unheard of a few years ago.

Those prices won't be with us much longer—economic law doesn't allow "distress" sales to go on forever. Everything from shirts to cement is going to cost more very soon, at a higher price and wage levels will be on us before we know it.

It's about the last chance to buy needed household articles, and make property improvements and additions, at depression costs. The chances are that you, the reader of this, have been lax about keeping up your house and grounds, in order to save. But you had better start your building and repair work now if you don't want to dig deep into your pockets in the near future.

Providing jobs and purchasing power is better and cheaper than charity.

THE MAIN TENENT OF SAFETY

Safety on the highways is principally an attitude of mind.

Better cars and roads won't attain it. Indeed, they tend toward the opposite result. It has long been the experience that when a stretch of poor road is converted into a broad, straight, smooth highway the number of accidents increase—because motorists overestimate the safety factor. They lose the sense of caution that a poor road naturally creates—and the death and injury rate booms.

The same thing is true of automobiles. The manufacturers give us cars with better brakes, surer steering, more perfectly balanced bodies—and we abuse them to the point where the automobile accident rate breaks all records.

The "safety attitude" isn't a particularly difficult one to develop. It is simply to drive as we'd like the car approaching us to drive. Don't cut corners, nor pass on curves or hills, nor drive on the wrong side of the road, nor fight for the right-of-way, nor drive so fast you cannot stop in the assured distance ahead. Almost every accident, minor or severe, occurs because someone violates these simple rules.

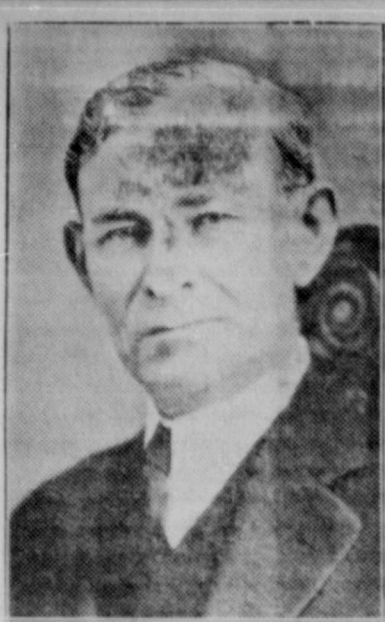

Possibly a better phrase for safe driving would be "courteous driving." Discourtesy on the highway is always the friend of accidents. If you'll make up your mind to drive the way you think the other fellow should drive, the accident rate will be due for a severe beating in the future.

RAILS LOOK TO THE FUTURE

The railroad industry, according to the Railway Age, is feeling optimistic.

General business conditions are on the upgrade. Railroad freight business and earnings show material improvement. Public sentiment is wholeheartedly behind the lines in their fight for fair treatment. Railroad managements are showing a new spirit of aggressiveness. The government is about to embark on an important program designed to increase the efficiency of the rails and better their financial position.

This means dollars in the pockets of every citizen, even though he has no connection, in any capacity, with any railroad. Millions of railroad dollars will be spent for supplies, and will filter down to every kind of producing business, every type of worker. Railroad dividends will be paid—to the benefit of banks, insurance companies, endowed institutions and private investors which have been heavy buyers of railroad securities.

LEUTENANT GOVERNOR EDGAR WITT OF WACO, FAVORS VOTING RELIEF BONDS

Austin, Texas, August 8.—Lieutenant Governor Edgar Witt of Waco, an original opponent of the proposed constitutional amendment permitting the legislature to issue relief bonds, today announced that after acquainting himself with the relief situation he believes it would be a tragedy not to adopt the proposal.

"When the legislature submitted the proposed amendment last spring," said the lieutenant governor, "I was hopeful that we would not need Federal aid in Texas. But there have been developments since then, and I have learned the true and dark picture of suffering in Texas and I now believe it would be sheer tragedy to defeat the relief bonds."

"In the first place the drought and crop failures in certain sections change the picture from what it was three months ago. I am told authoritatively that before the end of this winter there may be as high as 80 per cent of all the inhabitants of some Panhandle counties who will have to be publicly fed. So much Texas cotton has been plowed up and crops are so short that the usually dependable labor of cotton picking will be reduced by more than half of normal."

"Twenty per cent of our population is now on relief rolls, but that is only a part of the picture. More than that proportion are unemployed, using the last of their reserves or savings, but not yet on relief rolls. This class will be the first absorbed in the re-employment provided by the National Recovery Act, leaving those on the rolls still to be publicly maintained."

"Some people don't like what they term setting a precedent in voting bonds. I don't like it either, but we are confronted with a condition and not a theory. Two years ago the people, by a direct vote, authorized the legislature to spend money on a Centennial celebration but it has taken cognizance of the depression and has not appropriated any money for that purpose. I am certain if the people vote to trust the issue of relief bonds to the legislature, no one dollar more than needed will be issued and the whole issue will be thoroughly safeguarded against waste, extravagance and corruption."

HUSBAND PLEASED

AFTER WIFE LOST BULKY FAT
Reduced 21 Pounds—Skin Clear and Feels Much Better

"I've lost exactly 21 lbs. with 3 jars of Kruschen and am so happy to get rid of that bulky fat. My husband is very pleased with me. My skin is clearer and I feel so much better since I'm not so heavy on my feet. Friends say I look much better." Mrs. Norman Spickler, Mangansville, Md.

To get rid of double chins, bulging hips, ugly rolls of fat on waist and upper arms SAFELY and without discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

One jar lasts 4 weeks and costs but a trifle at any drugstore the world over. Make sure you get Kruschen because it's SAFE. Money back if not satisfied. Adv.

Appraiser Gives Information On Home Owner's Loan Corporation

There has been a set-up for the operation of this corporation in several cities of the State; but the set-up has not been completed in Floyd County.

At this time, applications are made directly to the Corporation at Amarillo, Texas. This is a division branch of the Corporation. Any one who wants a loan should apply to the Mortgagee and have the Mortgagee sign the acceptance of the bonds issued by the Corporation, the interest on which is guaranteed by the United States.

At the present time, the Corporation does not loan cash but loans bonds and the Mortgagee should sign an agreement to accept the bonds for his mortgage. Then the acceptance is sent in with the application for consideration and if the loan is granted, the appraiser will be instructed to appraise the property and the local attorney for the Corporation will be instructed to examine the title. If the appraisal and the opinion of the attorney are favorable, the loan will be closed immediately.

The borrower will pay the expense of the appraisal and the attorney's fees and the recording fees and such incidental expenses that should be paid by the borrower. These fees have not been fixed by the Corporation Board. An applicant should deposit a dollar with the party who makes out the application and pays the postage of all papers and the abstract.

These bonds draw per cent interest which is guaranteed by the United States Government for a term of 18 years and the mortgage on the real estate bears interest at 5 per cent for a period of 15 years unless terms should be arranged otherwise.

This is one of the relief measures enacted by Congress under the suggestion of the President. Only home-owners in distress or that have been foreclosed in the last two years are eligible for loans. The applicant must show by the records of the county that he or she was the owner of the property on May 13, 1933. This provision is made in order to prevent speculation in order to take advantage of this loan.

The Johnston Land Company will forward any applications and give such other information as the applicant needs.

J. N. JOHNSTON.

DANGERS TO BE AVOIDED

Writing in his magazine, The New Outlook, on certain phases of the new Industrial Control Bill, Alfred E. Smith states that he has always advocated governmental supervision of business when public interest demanded it, but that he would be unfavorable to a permanent policy which would tend to make us all civil servants of government.

Mary Ella Tarpley, of Clovis, New Mexico, is visiting in Floydada this week with Jane Clark, in the home of Mr. and Mrs. A. B. Clark.

Gasoline Tax Enforcement "Army" Report Their Results For June

Austin, Texas, August 7.—Comptroller George H. Sheppard's gasoline tax enforcement "army" of detectives and auditors, created by the Legislature last March, recovered the record sum of \$330,000 in "missing" gasoline taxes during June, at an expense of but \$15,600.

This was the gist of a summary of June activities released to the Texas Good Roads Association today by J. W. McRaynolds, division chief at the request of the comptroller.

Comptroller Sheppard, elated saw in the figures "proof" that if the people will help, Texas can save the predicted \$4,000,000 a year in gas taxes heretofore not paid.

"Consider what this means to the taxpayers," the Comptroller said. "It means that in February, the month before this new law was passed, we were headed for a \$2,500,000 decrease in annual gas tax revenue; but now we have wiped that out and are moving at the rate of \$1,500,000 increase."

"Here's how: the state's gas tax income in February was \$207,514 short of the same month a year ago, or nearly 10 per cent. March was almost as bad. Thousands of cars were not being used, and bootleggers were running wild.

"Then this new law, making a felony, went into effect March 21. Our staff went to work. In April the decrease over 1932 was very small, in May it had been turned into a small increase. These June figures show we collected \$122,379 more gas tax than in June, 1932."

"The motorist nearly always pays this tax at the filling station, whether it's passed on to the state or not. When it's not, the schools, the bond fund, the highways are being robbed. So is the taxpayer who must make up the difference. That's why we are asking the public to look for evaders."

Miss Selma Linder Elected President Of District Young People

Miss Selma Linder, of Floydada, was elected secretary for next year of the District Nine, Baptist Young Peoples organization, in an annual meeting held in Plainview Monday.

The annual session of Y. W. A., and R. A. members was held at Monday morning. Mrs. Charles Harter, of Happy, presided over the meeting.

Mrs. Leigh, State W. M. S. Superintendent, of Dallas, was the main speaker of the morning session. She used as her topic, "The Invincible Army." Mrs. Lon V. Smith, of Floydada, was another outstanding speaker of the day.

153 young people registered during the day. Floydada had the largest number in attendance with 21 present from here. The next meeting of the young peoples group will be held next June.

Other officers elected were: President, Miss Francis Wynn, of Lubbock and vice president, Miss Lena Wimberley, of Plainview.

Those attending from Floydada were: Mrs. Lon V. Smith and Emma Louise Smith, Misses Bernice Patton, Opal Patton, Johnny Johnston, Virdeane Snodgrass, Amy McRoberts, Babel Tubbs, Mrs. Edwin Heald, Florine Jeter, Hazel Borum, Buelah Francis Shirey, Messrs. Ray Chapman, Cloyd, Carol and Bud McClung, Miss Jesse Golightly, Mrs. Joe Breed, Mrs. Geo. A. Linder and Misses Francis Buchanan and Selma Linder.

Mr. and Mrs. Truett Butler, of Amarillo, and children, arrived Saturday to visit for a week in Floydada with his parents, Mr. and Mrs. H. D. Butler and other relatives.

Wake Up Your Liver Bile — Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in pimples. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware a substitute. 25c at drug stores. ©1931 C. M. Co.

35 Cents Per Hundred Proposed As Ginning Rate Is Proposed By McDonald

Austin, Texas, July 21—Suggestion was made Thursday by Commissioner of Agriculture J. E. McDonald, that a uniform price of 35c per hundred pounds for ginning picked seed cotton be made during the 1932 cotton season. McDonald estimated that the cost and wrapping of each bale of cotton will approximate \$6 on the recommended price scale.

A request has been made of McDonald by farmers and ginners for a suggestion of a reasonable and uniform ginning price in view of the unsettled agricultural conditions.

"Naming prirrees to be charged for ginning does not come within my province," McDonald said, "and it is only because of repeated requests that I have compiled some figures."

The 35c rate was suggested after considering capital invested in gins, operating expenses and other overhead. Wholesale prices indicate a charge of \$1 per pattern for two-pound new baggage and ties.

McDonald said that during the last two years Texas' 4,100 cotton gins generally had operated at a loss.

"The objective of the national administration is to equitably advance commodity prices and wages, and the farmer who is now realizing a materially higher price for his product is willing to pay a fair price for labor and service in order to assist the government in reaching its objective," he said.

A ginning rate of 35c would give an 8 per cent return to the average ginner under normal conditions, departmental statisticians said.

STATE SCHOOL ALLOTMENT IS AGAIN SET AT \$16.00 PER CAPITI IN TEXAS

Austin, August 7.—The Texas state board of education last week set the scholastic apportionment for 1933-34 at \$16 per capita, the amount to be paid on the basis of 1,570,365 scholastics.

The amount allotted was the same as that appropriated for the current term. Of the current appropriation, however, \$6 remains unpaid, although it was estimated that \$3 of this amount would be liquidated before September 1.

Action of the board followed several hours of argument.

Defy Ruling

W. A. Morrison of Cameron urged that the board set aside all moneys accruing to the available school fund during the fiscal year to the payment of the 1933-34 apportionment in defiance of a ruling of the attorney general's department holding that before any of the amount allotted for next year could be paid the unpaid balance on this year's apportionment must be liquidated.

Morrison's recommendation included a proposal that taxes now due to the available school fund be set aside in a separate trust fund to pay off the unpaid balance on the 1932-33 apportionment. This recommendation was disregarded and a substitute motion to set the apportionment at \$16 carried six to three.

\$20,486,571 Available

Figures prepared by the state comptroller showed the board would have available during the next fiscal year for the scholastic apportionment approximately \$20,489,571. The tabulation showed an estimated deficit in the fund on August 31, 1933, of \$7,704,505. The comptroller estimated that on the basis of the revenues in sight, the apportionment would be \$13.04 if the delinquencies did not amount to more than 20 per cent. If the delinquencies amounted to 25 per cent, the amount that would be available would be \$12.33 per scholastic, the comptroller estimated.

Challenges Ruling

Morrison contended that the attorney general's construction of the statutes and construction was in violation of the constitution and that all revenue accruing to the fund during the fiscal year should be "available" for that year and that none of the revenue could be used to pay off past obligations.

Under the ruling of the attorney general all of the unpaid portion of the 1932-33 apportionment must be paid before any of the 1933-34 apportionment can be made available.

Mrs. N. B. Biles and Miss Eula Biles, of San Antonio, arrived Tuesday afternoon for a two weeks visit in Floydada with Mrs. Biles' sister, Mrs. V. Andrews and Dr. Andrews.

P. W. Bell returned Saturday from a ten days visit in Fort Worth with relatives and friends.

"BUY IN AUGUST"

It's Decidedly to Your Interest

Do you know there is a tax of over 4c per pound placed on all cotton goods, which each retail store must pay September 1 . . . This tax will be an added cost to all merchandise made of cotton.

Do you know that wages now being increased will add to the cost of production and distribution and that you will soon have to pay more for merchandise?

Do you know that shortening the hours of labor will cut down production and you will soon, as a result, have to pay more for goods?

Do you know that prices of commodities, such as cotton, rayon, wool, etc., have already advanced from 20 per cent to 100 per cent?

Fall merchandise already received and more which is on order will be sold just as long as possible at the low prices based on its cost, because it was purchased on early markets before costs were advanced.

Surely you will agree that NOW IS THE TIME TO BUY. This applies to ALMOST every item of merchandise you may need now or in the near future.

COACH R. P. TERRELL URGES PROSPECTIVE WHIRLWINDS GET IN CONDITION

"Since there is only three letter men back on the Whirlwind squad this year, every new man will have an equal chance to make the team if he is in good condition," Coach R. P. Terrell, of the Floydada Whirlwinds said.

Terrell is urging that every boy who is planning to work out for football this fall to start training now as there is only a few days until practice starts.

Everything in the way of equipment will be furnished with the exception of football shoes and these will be furnished by the individual. Shoes may be ordered through sporting goods company catalogues at the Westers' Bakery and City Drug Company.

In order that rural school boys may be assisted to attend school here next year Terrell is asking that anyone who has a house or apartment rooms to rent, suitable for light housekeeping for two or more boys, notify him.

Football equipment will be issued August 31, and practice will start September first, Coach Terrell has indicated.

"BUY IN AUGUST"

MERCHANDISE AT THE PRESENT LOW PRICES IS THE BEST INVESTMENT YOU CAN MAKE...

Prices on most everything are like the Old Black Mammy's cakes: "Dey's dun rose."

However, almost every merchant and business man will manage to keep the prices at a low figure in an effort to meet every demand. This however, will last only for a short time as everything points toward the rise in prices.

But there's a limit to what any store can do in the face of "Sky Rocketing" prices, and we honestly believe that it won't be long until many buyers in this community will look back and say:

"OH! IF I HAD ONLY BOUGHT IN AUGUST"
