

The Floyd County Plainsman

VOLUME NO. 4

Floydada, Floyd County, Texas, October 5, 1933

NUMBER 43

Horace Kincaid Killed In Truck Crash Near Dallas This Morning

Horace Kincaid, aged 30 years 10 months, was fatally injured early this morning when the truck he was driving crashed into a signal light post. The accident occurred seven miles south of Dallas on the highway.

Mr. Kincaid was enroute to Houston with a load of cotton. He was driving a truck belonging to the Davis Gin Company, of Floydada. The accident occurred seven miles this side of Dallas.

Mr. Kincaid had been a resident of Floydada the most of the time for the past thirteen years. He came to Floydada in the spring of 1920. Until a year ago he was employed by the City of Floydada, being driver of truck no 1 of Floydada Fire Department. He was employed by the city for about six years.

Horace Henry Kincaid was born December 20, 1902 in east Texas, near Ladonia, Fannin County. He lived the most of his life in Fannin County and near Wolfe City, Hunt county, until moving to Floydada. He was married this year to Miss Velma DeHart, of Floydada.

Surviving are the widow, his mother, Mrs. Fleming, of Oklahoma and a number of brothers and sisters.

Funeral services are to be held at Ladonia in Fannin County. Arrangements had not been made complete at the time of going to press.

October Term of Floyd County District Court To Open Monday

The October term of Floyd County District Court will open Monday morning, October ninth. The docket for this term is light.

Few new cases are on the docket for the October term. Two bank cases, J. H. Burson vs. Security State Bank at Lockney and W. C. Hune sucker vs. First National Bank of Floydada, will come up for trial.

Several cases left over from the last term will be on the docket.

Funeral Services For Mrs. Grover Pryor Held At Des Moines, N. M.

Funeral services for Mrs. Grover Pryor, who died Tuesday of last week in Raton, New Mexico, after having been ill for more than a week, were held Wednesday afternoon at 2:30 o'clock at Des Moines, New Mexico.

Services were conducted by Rev. Morgan of Des Moines. Mrs. Pryor's body was removed from Raton to Des Moines.

Surviving are the parents, Mr. and Mrs. S. E. Rush and a brother, E. E. Rush, of Carter, New Mexico, Mrs. T. W. Whigham and Mrs. E. E. Hinson, sisters of Floydada. Mrs. Hinson and Mrs. Whigham with Mr. Whigham, of this city, had been at Mrs. Pryor's bedside since being notified of her serious illness. Mr. Hinson and sons and Lorin Leibfried went to Des Moines Wednesday for the funeral services.

Mrs. Pryor was 22 years of age, being born in 1911 at Venus, Texas. She was educated in Floydada High School and Texas Tech College at Lubbock. She taught for one year at a rural school near Tulia and was married April 3, 1932, to Mr. Grover Pryor in Floydada. They moved to New Mexico to make their home, soon after the marriage.

Mr. and Mrs. Whigham, Mr. and Mrs. Hinson and children and Lorin Leibfried returned Friday from New Mexico.

Mrs. Lorraine Britton Underwent Major Operation Wednesday

Mrs. Lorraine Britton of this city, underwent a major operation at the Smith and Smith sanitarium Wednesday of this week.

Mrs. Britton's condition was considered improving yesterday.

Misses Virdeen Snodgrass and Johnny Johnston, students in Wayland Baptist College visited in Floydada over the week end with their parents.

Heavy Football Training Begins

By Albert T. Reid

Mark Wheat Contract Acres Without Cost Has Been Suggested

A plan for marking retired acres withdrawn from wheat production under the adjustment contracts which will cost the farmers has been approved by the production section of the Agricultural Adjustment Administration.

Acres which make up the "contracted acres," representing the 15 per cent reduction agreed to by the grower, must be measured and marked, but the marking can be done by driving stakes or setting posts at the corners of the retired acres.

Land thus withdrawn from wheat production is to be handled in accordance with approved replacement crop practices which will avoid contributing to surpluses in other agricultural commodities.

The marking system is held essential in order that representatives of wheat production control associations and others interested in the administration of the wheat plan can determine definitely and quickly just what acres have been set aside as "contracted acres" on each individual farm, under the wheat reduction agreements.

Cotton Checks Stimulate Business Over Week-End Merchants Indicate

Business in Floydada over the week end was revived by the spending of portions of cotton checks by Floyd County farmers, Floydada merchants and business men indicated. Floyd County received its first allotment of checks last week.

All of the checks with the exception of a very few have been issued from the office of Glen A. Lindsey, emergency farm agent. The remaining checks are expected within the next few days.

A total of 755 cotton checks totalling \$179,551.50 were received in the first payments.

Many Wheat Farmers Are Signing Applications For Gov. Contracts

College Station—A large part of the wheat growers in heavy wheat producing counties in Texas are signing applications for government wheat contracts, but in the remainder of the state the sign-up is scattering, according to reports on the campaign received at extension service headquarters from county agents.

The final date for completing the sign-up for these domestic allotment contracts for wheat has not been named for Texas, but it is understood that the date of September 25th set for the entire country will not apply here. A postponement has been requested of the administration because the completion of the cotton campaign delayed the start of the wheat campaign, and also because a re check of Texas wheat production figures is in process.

Local committees are urged by the Extension Service to complete the signing of applications for contracts as quickly as possible. An early report is desired to determine the counties where total production figures given in applications are out of line with the production figures assigned by the Bureau of Crop Estimates.

NOTICE

Effective Friday, October 6, 1933, and until further notice this post office will be closed at 1:00 p. m., and each Friday afternoon thereafter, instead of Saturday afternoon as heretofore. City delivery service will be curtailed on Friday afternoon instead of Saturday afternoon.

J. D. STARKS, Postmaster.

Martin Dry Goods Co. Celebrates 23 Anniversary Of Establishment

Twenty three years ago this month the Martin Dry Goods Company was established in Floydada, at that time a growing trade center of west Texas. This month C. M. and J. G. Martin, owners of the store, have announced their 23rd anniversary celebration.

The Martin Dry Goods Company has had a part in supporting other business interests which have had a part in the development of Floydada and Floydada's trade territory during their business career here. A home owned and home operated department store, the Martin Dry Goods Company's capital has been invested in Floydada and Floyd County, for the upbuilding of this community.

At this season the Plainsman, one of Floydada's younger firms made up of individuals who have been serving in the community from seventeen to twenty-five years, joins in congratulating the Martin Dry Goods Company on their achievement.

Floydada Rotary Club Presented Program At Amarillo Rotary

Members of the Floydada Rotary Club presented a return program at the regular meeting of the Amarillo Rotary Club last Thursday at noon. Several members from the Floydada club attended.

Ben Ayres, Floydada lawyer, was the main speaker on the program from Floydada. Music was furnished by a string trio from Floydada including C. L. McMurray, guitar, Ernest Holligan, violin, and Dale Self, banjo.

Those attending from Floydada were: J. M. Willson, Ben Ayres, A. D. Cummings, Clifford Tubbs, Clyde Thacker, Rev. S. R. McClung and Glad Snodgrass.

Whirlwinds Defeated Ralls 13 to 6 In Grid Season Opener Here

Showing a rather powerful offensive when the entire squad was clicking the Floydada High School Whirlwinds opened the grid season here with a 13 to 6 win over the Ralls Jackrabbits. The game was played Friday afternoon at Whirlwind field.

Lider, of the green and white crew, pushed over in the first quarter to count for the Whirlwinds. Light-foot chalked up the second touchdown in the second quarter. Floydada made extra point. Ralls made their only touchdown in the third quarter but failed in the attempt to convert extra point.

Board of Directors Of County Association Uses County Average Plan

The board of directors of the County Wheat Production Control Association voted in a meeting held Saturday to ask the Wheat Administrator to grant permission of this county to use the county average plan.

If this plan, as requested by the Floyd County Association is granted, each wheat grower in the county will take the average acreage and multiply it by 7 3/4 bushels to determine the average production.

In order to obtain this permission from the Wheat Administration the association must prove that there is uniform soil and farming conditions all over the county and that this plan will not work a hardship on a substantial minority of producers with high yields.

The meeting of the board of directors was held Saturday afternoon in the district grand jury room.

Mrs. C. D. Kelley underwent a minor operation in Floydada at the Smith and Smith sanitarium Tuesday.

Washington Moundsmen in World Series Play

Above are the four pitchers that American League fans are banking on to haul the Washington Senators to the world championship in their clash with the New York Giants of the National League. The fall baseball classic is now under way.

Floydada High Whirlwinds to Meet Plainview Bulldogs Friday

Floydada High School's Whirlwinds will meet the Plainview Bulldog's in the annual grid tilt between the two squads this week.

The game is to be played on Junior High School field in Plainview Friday afternoon at four o'clock.

Floydada is expecting a hard conflict Friday with the Bulldogs. The bulldogs forward line averages 171 pounds, outweighing the Whirlwinds around 20 pounds to the man. Floydada had only two lettermen to return while Plainview has fourteen lettermen back. Amarillo's Golden Sandstorms defeated Plainview 60 to 0 in a game Saturday at Amarillo.

Floydada fans are expected to follow the Whirlwinds to Plainview for the tilt Friday evening. Officials will be Jack Woodward and Coach Harrison, of Plainview, and J. C. Wester of Floydada. Harrison is coach at Wayland College in Plainview.

INSTALLS BREAD SLICER

The Dandy Bakery this week installed a bread slicing machine and have placed on the market in Floydada sliced bread.

The machine is a German Speed Giant type. This machine slices 400 loaves per hour at full speed.

Let Cavanaugh do your printing.

Several Floyd County Boys Return Home From C. C. C. Camps

Several of the boys who enlisted in the Government Citizens Conservation Corps have returned from the government camps. Most of the group had been gone for about four months.

Floyd County boys were in camps in New Mexico, Holbrook, Arizona, Stephenville and El Paso, Texas. The boys were given the option of enlisting for six months or returning home.

American Legion And Auxiliary Met In Regular Session

A regular meeting of the American Legion McDermott Post and the American Legion Auxiliary was held Monday night at the legion home in Floydada.

Regular committees were appointed in both the auxiliary and legion sessions. The auxiliary made plans for a November 11 celebration.

A membership drive was planned in the meeting of the legion. Post Commander L. G. Mathews named Roy Snodgrass and Bob McGuire as colonels on two sides in a contest for members. The dues for the year were reduced from \$7.25 per year to \$4.25 per year.

Legion committees named by Post Commander Mathews are: Executive committee, L. T. Bishop, chairman; Jake Greer and John Reagan; Membership, Roy Snodgrass, chairman, Elmer Mickey and C. S. Ray; Entertainment, J. C. Gilliam, chairman, J. W. Maxwell and T. P. Collins; Sick members, W. M. Knight and John Gray; Grievance committee, E. C. Thomas, chairman, R. A. Garrett and S. J. Latta; House committee, J. C. Covington, chairman, Jim Curry and John McLeskey.

L. Phillips resigned as regular chaplain and B. Nichols was appointed to take his position.

American Paving Corporation Awarded Contract For Local Job

The State Highway Commission Thursday of last week granted the contract for the Floyd County road construction to the American Paving Corporation of Childress, Texas.

The bid was on 18.3 miles of grading, drainage, caliche base asphalt top road from Floydada to the Motley county line. \$64,888.00 was the amount bid by the company awarded the contract, for the grading, drainage, in the county, and paving in Floydada.

Work on the construction of the road is expected to begin within the next few days, as soon as the work order is issued. Approximately 125 men will be employed for the six months, that it is estimated will be required to complete the road. These men will be selected from Floyd County residents if possible.

Encephalitis Is Kind Of Disease Among Horses Of County

According to symptoms shown by horses with the disease that is now present in sections of Floyd County, they are victims of the disease of encephalitis. This idea was advanced by Emergency County Agent Glen A. Lindsey, who has made extensive study of livestock.

"According to the best veterinary authorities in the country the disease is carried by mosquitoes. These authorities have made extensive study and experiments to determine the source of spread of the disease, which is a malady of the nervous system."

"In view of the fact that it is the theory that the disease is carried by mosquitoes it is a good idea to isolate the horse that is sick with the disease from the remainder of the stock and use a mosquito repellent on the sick and well ones.

"A serum has been prepared against encephalitis which seems to work satisfactorily, providing the serum is administered in the first stages of the disease. This serum may be purchased from any registered veterinary and is very expensive," Mr. Lindsey explained.

Humans Can Take It

There have been two cases on record where this disease, encephalitis, has been transferred from horses to humans. One of the humans died and the other was given the horse serum and recovered.

Encephalitis is the disease known as "sleeping sickness" which during recent months has caused several deaths in the United States.

Harley Sadler and His New Company Are Coming To Floydada Again

Harley Sadler and his new company are to play a return engagement for three days in Floydada starting Monday night, October 9th, with all new plays, music and vaudeville. None of the plays will be repeated and everything will be new.

The opening play is "Hot Air," a New York success, said to be a wonderful play and pleasing in every respect. The orchestra is composed of 12 musicians under the direction of Joe Gifford. The Sadler show had a little "bad luck" here on the previous engagement, suffering a blow down and much damage done to the tent, but everything has been put in first class shape, and the show has all been taken to do large business in all West Texas towns.

From here, Sadler will go to Lockney, presenting different plays there. A large crowd is expected to greet Harley Monday night, and one lady will be admitted free when accompanied by a paid adult ticket and the ladies free coupon contained in this issue of the Plainsman.

Mr. and Mrs. R. F. Jackson visited in Lubbock Tuesday and Tuesday night with Mr. and Mrs. J. D. McPhaul and other relatives.

HARLEY AS "TOBY" With Sadler tent theatre here three days starting Monday, October 9th.

SCHOOL DAYS

By DWIG

To Hold Turkey Grading Schools In 36 Counties

College Station, Texas, September 29.—Turkey grading schools for producers in thirty-six Texas counties have been announced for October 12 to November 17, by E. N. Holmgreen, extension service poultry husbandman. Schools will be in charge of county farm agents in co-operation with dealers and co-operatives. H. L. Schrader of the United States Department of Agriculture will assist in the work during November.

More No. 1 Turkeys

Through grading work of the last three years, the percentage of No. 1 turkeys in Texas is estimated by Mr. Holmgreen to have increased from about 60 per cent to 80 per cent last season. Demonstration flocks averaged 90.7 per cent No. 1 birds last year, bringing top prices. The unfavorable price differential between Texas turkeys and those from other areas has been reduced in the last two years.

Texas, which produces 26 per cent of the United States turkey crop, is naturally the leading turkey producing region of the country, but producers must supply the market with uniformly high quality birds to realize the most out of their natural advantages, Mr. Holmgreen said. Knowledge by producers of turkey grades has been found the most effective way of improving the crop.

Turkey production in Texas increased 21 per cent in 1931 over 1930 and 14 per cent in 1932, due to cheap feed, low cotton prices and the relatively favorable turkey price.

SEVERAL FROM FLOYDADA ATTENDED TECH. S. M. U. FOOTBALL GAME

Several football fans and former students of the Texas Tech College or S. M. U., saw the Mustang-Matadors entangle on Matador field Friday night of last week.

The final count in the game was Texas Tech 0 Southern Methodist University 14.

Government Abandons Purchases of Pigs and Sows After Spending Millions

Washington, September 29.—After spending nearly \$50,000,000, the government steps out of its role as purchaser of pigs and sows today at the close of trading in livestock centers.

By nightfall, the farm administration expects to have as a result of a month's purchases nearly 6,000,000 pigs weighing up to 100 pounds and more than 150,000 sows soon to farrow.

In the storage rooms of packing plants which have processed the swine, the administration will have on hand upwards of 100,000,000 pounds of pork prepared for distribution to the needy by the federal relief administration.

Already a new program aimed to control future production of hogs and corn grown principally as hog feed, was nearly completed by the administration's economists and attorneys. It was scheduled to be announced within the next 10 days and contemplates no more government purchases but the payment rather of benefits to both hog and corn growers in return for agreements to cut production during the next year.

Administrators also will make early announcement of the rate of a hog processing tax which will supply the funds for the purchasing program. A tax of a half cent a pound has been under consideration for this purpose. Payments for hog purchases have been made in advances from the treasury which must be repaid from the proceeds of the processing tax.

Today Is Final Day For Wheat Applications In Floyd County

Today is the last day that wheat reduction applications will be accepted for Floyd County, emergency county agent Glen A. Lindsey has announced.

Up to Saturday of last week a total of 300 applications had been received from Floyd County wheat farmers in the twelve wheat districts, into which the county has been divided.

Minorities' Demands Endanger Government, Congressman Claims

Congressman Joseph Weldon Bailey Jr., with characteristic vigor and frankness, declared Friday that the great need of the day is for public officials who can say no.

Addressing the Dallas Round Table in the Baker Hotel, Mr. Bailey criticized members of Congress for voting for bills they don't want and for bills they know are wrong simply because minority groups are demanding them.

"There is too much nonsense of this sort in public life," he declared. "That is an utter waste of the people's time."

"You can stop it by rewarding men who do public service and by punishing those who don't."

"The big danger in public life today is that representatives of the people vote for what organized minorities of the people clamor for without regard to the merit of those demands rather than being brave enough to advise them, out of their greater and more intimate knowledge of public affairs, what is best."

"This Government and our people are facing a crisis. The only solution is for every citizen to take an active interest in public matters. Don't abuse your public officers. Get in and try to help preserve a government that started from nothing and became in 150 years the greatest in the world because it is the best conceived by man. Else you will not much longer enjoy the blessings of liberty."—The Dallas Morning News.

OF INTEREST TO WHEAT FARMERS WHO ARE NOT DECIDED ON REDUCTION

College Station—Farmers in some places are said to be withholding the signing of applications for government wheat contracts because they think they must have complete authenticated records of their farm production for 1930-31-32, according to reports of county agents to the Extension Service at Texas A and M College. This is a mistaken notion, Extension Service officers say. Complete records to prove production statements made in wheat contract applications are desirable but not absolutely necessary, they point out.

It is to a farmer's own advantage to furnish threshermen's and buyers' records or any other documentary evidence to support his claims of production. Farmers who have such evidence are expected to be given special consideration by county allotment committees when adjustments are made in the bushels allotted each farm.

F. B. Norman and family, of Amarillo, arrived Friday for a visit in Floydada with his parents, Mr. and Mrs. W. I. Norman. Mr. Norman is on a twenty day vacation.

Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right liquid laxative brings a perfect movement, and there is no discomfort at the time, or after.

The wrong cathartic may keep you constipated as long as you keep on using it! And the habitual use of irritating salts, or of powerful drugs in the highly concentrated form of pills and tablets may prove injurious.

A week with a properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin will tell you a lot. A few weeks' time, and your bowels can be "as regular as clockwork." Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given to the youngest child. Member N. R. A.

Foils Kidnapers

Helen Bateheller, society heiress of New York, planning for wedding, was threatened with kidnaping. Careful plans trapped the suspects, a nurse, 23, and filling station manager, 25.

Farm Girls in Championship Tests

California farm girl championships were competed for at the Pomona Fair, which included hay raking, milking, butter churning, corn husking, and tractor driving. The contests brought out a large field of girls who knew all about hay, cows and butter. Photo shows part of the churning champs. Inset is Miss Helen Goedhart, 17, who won highest honors and was crowned Queen of Farm Girls.

PLANS RUSHED TO FREE MUCH FROZEN MONEY

Institutions Now Must Carry Out Government Program Before Licenses Are Given

Washington, Sept. 29.—Pushing the Administration's plans to reopen banks of the Nation and expand purchasing power, the Treasury has completed details for reorganization of 375 national banks in 37 States.

The action followed the recent Administration announcement that it would hasten the reopening of banks to release nearly \$2,000,000,000 still tied up in the closed institutions.

Announcement of the approval of the reorganization plans was made by J. F. T. O'Connor, Comptroller of the Currency, whose department has been expanded to speed up the re-opening program.

O'Connor did not say how soon the banks would be open for business, contenting himself with making public the list and saying the plans for reorganization had been approved by his office. It is now necessary for the banks to follow the plans, as outlined, before they can receive licenses to reopen.

2,575 Banks Unlicensed

The last report on the general banking situation showed 13,980 banks of all kinds were operating September 22 on an unrestricted basis with deposits of \$31,930,275,000. At that time 2,575 banks with deposits of \$1,765,669,000 still were unlicensed.

That situation was laid before President Roosevelt at a White House conference last Sunday night. At that time it was said reorganization plans for more than 200 banks had been approved and they would be permitted to resume operations when they had made the required additions to their capital.

Plans Are Approved

The number of unlicensed banks with approved plans for reorganization, by states, were:

- Alabama 1, Arkansas 1, California 5, Colorado 4, Delaware 1, Florida 1, Georgia 1, Idaho 2, Illinois 33, Indiana 13, Iowa 22, Kansas 3, Kentucky 7, Maine 5, Maryland 9, Massachusetts 7, Michigan 23, Minnesota 5, Montana 1, Nebraska 4, New Hampshire 4, New Jersey 22, New Mexico 1, New York 44, North Carolina 2, North Dakota 2, Ohio 27, Oklahoma 3, Oregon 3, Pennsylvania 76, Tennessee 1, Texas 4, Vermont 7, Virginia 5, Washington 7, West Virginia 10 and Wisconsin 9.

The banks to be reorganized in Texas are: Belton National, Belton; First National, Dalhart; First National, Lovelady; First National Santa Anna.

Truck Shipments of Hay Are Increasing

Truck hauling of hay has shown a marked increase in the last four years, with the result that 46 per cent of the hay marketed from four leading shipping areas last season was moved by motor truck, a survey of the Bureau of Agricultural Economics shows.

Trucking of hay has reduced hauling costs and losses and has encouraged cash marketing at farms, but truckers frequently oversupply the daily market and depress prices, due to lack of storage facilities. The survey also indicated that they frequently buy low-grade hay, sell it at a loss and lower the market for higher grades. Receipts of hay at terminal markets have decreased in recent years and hay shipping has shifted from terminal points to country points in surplus areas—The Dallas News.

New Ruling Affects Tenant Wheat Farmer Who May Move to New Land

College Station—A tenant who participates in the premiums paid on the 1933 wheat crop by signing a government contract with his land lord, and who moves to another farm will not be permitted to seed more wheat on the new farm than was grown there last year, according to a new ruling by the Agricultural Adjustment Administration. This is different from the previous understanding, extension service officials at Texas A and M College point out.

Another recent ruling at variance with former interpretations concerns wheat farmers in counties where very little wheat is grown. It was previously understood that isolated wheat farmers in such areas might sign individual contracts which would be forwarded by the county agent direct to Washington via the extension service. As it now stands every farmer who signs must be a member of a wheat production con-

Polo Ball, Striking Adam's Apple, Renders Army Man Speechless

Shreveport, La., Sept. 29.—Major Millard F. Harmon, commander of Barksdale Field, Army Air Corps, was rendered speechless Thursday when a polo ball during a game at the field flipped freakishly and struck his Adam's apple.

He was not seriously hurt but is expected to be speechless for several days, meanwhile giving his field orders by visual signal.

It is suggested that a county association be formed in such places even though there may be no more than half a dozen members. Officers might serve without pay and the heaviest cost would be inspection next spring. Another way out for isolated wheat farmers is to get the county attached to a neighboring county association, or to help organize several adjoining counties into a district association.

Mr. and Mrs. C. A. Cass will return Friday from Dallas where Mrs. Cass had gone to purchase merchandise for the Style Shoppe, of which she is part owner.

Miss Hattie Thorpe left Sunday to go to Abernathy where she will be bookkeeper during the fall at the Stone Gin Company.

For Pain Relief In Minutes

Demand And Get

GENUINE BAYER ASPIRIN

Because of a unique process in manufacture, Genuine Bayer Aspirin Tablets are made to disintegrate—or dissolve—INSTANTLY you take them. Thus they start to work instantly. Start "taking hold" of even a severe headache; neuralgia, neuritis or rheumatic pain a few minutes after taking.

does not harm the heart. So if you want QUICK and SAFE relief see that you get the real Bayer article. Always look for the Bayer cross on every tablet as illustrated, above, and for the words GENUINE BAYER ASPIRIN on every bottle or package.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. ©1931 C. M. Co.

Methodist Missionary Society Held Meeting Monday at the Church

The Methodist Missionary Society met Monday afternoon at the church in their regular monthly business meeting. Mrs. Wilson Kimble, president of the society, was in charge of the meeting.

Mrs. G. F. Kleiboid gave the devotional. The society voted to give a carnival the first Saturday night in December. Following the business meeting the lesson on "Four Daughters in China," was studied.

The next meeting of the society will be held Monday at 3 o'clock at the church.

Comic Characters Start Arriving In Floydada For Convention

Major Hoople, Lord Plushbottom and Emma Schmaltz arrived this morning to be present for the comic convention to be held tonight at the high school auditorium. Other characters will be in attendance from all the funny sheets.

Others will be Moon Mullins, Jiggs, Mutt and Jeff, Walt, Maggie, the Gumps, Barney Google and several more.

The play, "Comic Characters Convention" with an all star local cast is to be presented under the sponsorship of the Women's Missionary Society of the First Methodist Church.

Mrs. J. C. Parker, of Hereford, was a visitor in Floydada with Mr. and Mrs. Oliver Allen, Tuesday, for a short time.

Miss Genave Shipley And Mr. Charles P. Webber, of Denver, Wed Here

Miss Genave Shipley, daughter of Mrs. Bob Smith of Floydada, and Mr. Charles P. Webber, both of Denver, Colorado, were married in Floydada Monday evening at six o'clock.

Rev. I. A. Smith, pastor of the First Methodist Church, read the simple ring ceremony. The bride and groom were unattended. The wedding was held at the home of the bride's mother in Floydada.

The bride and groom stood before an altar of greenery. Fall flowers, dahlias, cosmos, fern and rosebud decorated the house.

The bride wore a blue flannel sport suit with accessories to match.

The bride is from a pioneer family of Floyd County, being born and reared in Floydada. She finished Floydada High School in 1926, later attending business college in Plainview. She was employed for some time in the Floydada exchange of the Southwestern Bell Telephone Company. She moved to Denver four years ago and is employed by the Bell Telephone Company there.

Mr. Webber is a native of Billings, Montana. He was educated in the Grand Junction, Colorado, High School. At the present time he is a motion picture operator in Denver.

Guests were: Mr. and Mrs. Grover Smith, Rev. and Mrs. I. A. Smith, Mr. and Mrs. Ham Smith and children, Mary K. and Ham Jr., Mrs. Nora Cox and daughter, Thomasine, Mrs. Hal Drace, Mrs. Edith Rogers and daughter, Jo Ann, Misses Charabelle Carter and Worth Shipley and Mr. and Mrs. Bob Smith.

A plate lunch was served by Misses Mary K. Smith, Charabelle Carter and Worth Shipley, consisting of chicken salad sandwiches, coffee, fruit salad and olives. Plate favors were pink queen wreath and fern. The bride cut the pink angel food bride's cake.

Mr. and Mrs. Webber will leave about the tenth of this month for Grand Junction to visit his relatives before returning to Denver where they will make their home.

Will Pay Vouchers on Floydada School District Back Of 1932-1933

The Floydada Independent School District Board of trustees, in regular meeting Monday night, voted to order the secretary to pay any vouchers back of 1932-33 in numerical order as fast as the money is available.

In a meeting called Thursday night of last week it was voted that the legally issued warrants of the Floydada Independent School District for the 1933-34 term be accepted by the school board as collateral in lieu of the government bonds now deposited with the school board by the First National Bank as collateral covering the sinking funds now carried in said bank.

Several bills and accounts were allowed in the meeting Monday night.

Tinkling Bells, And The Click Of Silver

In a Chinese fairy story one reads about the Emperor's garden, where rare and colorful plants from all over the world were constantly flowering.

It was the duty of the honorable head gardener to watch for the most beautiful of the blossoms and tie to the stem of each a little silver bell. As the flowers swayed in the breeze, the bells tinkled with sweet music. Thus the courtiers and the distinguished visitors, strolling along the paths, were sure to see the finest specimens.

This was the Emperor's way of saying "I have something extra fine that you should see: Look this way and you'll be repaid."

In the advertising columns of this paper are similar messages addressed to YOU. Read them and you will hear the clink of silver. Our merchants are saying "We have some extra values. We have some especially seasonable articles that you should see. Come to our stores and you will be repaid."

You have nothing to lose when you accept this invitation. In fact, when you fail to do so, you're missing some of the very news for which you bought this paper!
