## Fire Tuesday Night Destroyed Local Compress And Warehouse

**FARMERS MAY SECURE 10 CENTS A POUND LOAN ON COTTON BY PLEDGING TO REDUCE THEIR COTTON PRODUCTION FOR NEXT TWO YEARS**

### Floyd County Asking For Appointment to Set Allotment

Floyd County has made application for an appointment by the state manager to check over the records of the Floyd County Wheat Growers Control Association's applications for contracts and to set an allotment for the county.

A committee of the Wheat Growers has been busy for several weeks making applications and checking applications of Floyd County wheat growers.

### Experiment Station Advises Not to Harvest Cotton Too Green

In recent experiments at both College Station and Lubbock with the harvesting of cotton machinery, it was found that the cotton should be dry and practically free of green leaves and green unopen bolls, and the harvested cotton should not be placed on damp ground for any great length of time prior to ginning. Cotton which had not fully matured and which contained a high percentage of moisture in the form of green leaves and green unopen bolls when piled in the field was damaged by heating, the temperature in some cases being as high as 249 degrees F. This resulted in the destruction of the germinating power of the cottonseed and the fat content of the seed was lowered. Furthermore, the grade of the lint was lowered from 1 to 4 grades and the strength of the fiber was reduced as much as 35 percent. Matured hand-picked cotton stored in the field at Lubbock sweated slightly but apparently was not damaged by heating.

### Floydada High School Whirlwinds Won 26 to 13 Over Lubbock Cowhands

Showing more pep and winning ability than in any other game of the season the Floydada High School Whirlwinds won 26 to 13 over the Lubbock High School Cowhands Saturday evening at Tech field in Lubbock.

The Cowhands, B team of the Lubbock High Westerns, led in the scoring until the game was advanced. Then in the latter part of the game the Whirlwind star ball totter, took the field to lead the Whirlwinds to victory.

Members of the Floydada High School pep team and several fans accompanied the Whirlwinds to Lubbock for the game.

### Kansas Cow Goes To College

When Charles Hager, of Chase, Kansas went down to McPherson to attend college this fall he tied old Bossie to the rear of his flivver. Bossie spends her days on a grazing space near the college where Charles can milk her night and morning, selling the milk and thus defraying their expenses for the school year. Bossie's supply has so far failed to meet the demand.

Floyd County farmers may secure a ten cent per pound loan on their cotton this year under the government loan and reduction plan.

Under the plan the farmers are loaned ten cents per pound on their cotton, with the cotton as a security. In addition they pledge to reduce their production for the next two years, complying with the national reduction act which will be set out later.

Under the contract to reduce for the 1934-35 farmers pledge to reduce not over 40 percent of the entire crop for the 1934 year and not over 25 percent the next year. The average production for the 1928-32 base period inclusive will be taken as the basis for this reduction.

Loans are being made in Floydada by the Texas Co-Operative Association and by S. W. Ross, representing Eugene V. Smith, Cooperative buyer.

Farmers, who want to secure loans on their crop this year place their cotton in a bonded warehouse and bring the warehouseman's receipt to the loan points where a ten cent per pound loan is given.

On or after July 31, 1934, the government will order the cotton sold and if after deducting expenses for storage, handling etc., there is any money left the farmer gets that. If the cotton increases in price the farmer gets the difference but if it decreases in price the government stands the loss, as the plan is outlined.

**Knows Nothing of Plan**

Glen A. Lindsey, county farm agent, said that the cotton reduction plan for the next two years had not been outlined to him yet but that he would go to College Station November 6, where the State agent will explain the plan.

"I will be in position when I return from College Station on November 13, to explain the plan to Floyd County farmers and they will know then just what they are obligating when they sign the loan contract for the ten cents a pound loan," Mr. Lindsey said.

Under the loan plan to farmers if the cotton price goes up to 15 cents per pound at any time before July 31, the cotton is automatically sold. The plan as a whole is one to secure a good price at the present as possible and yet assure cotton reduction for another two years.

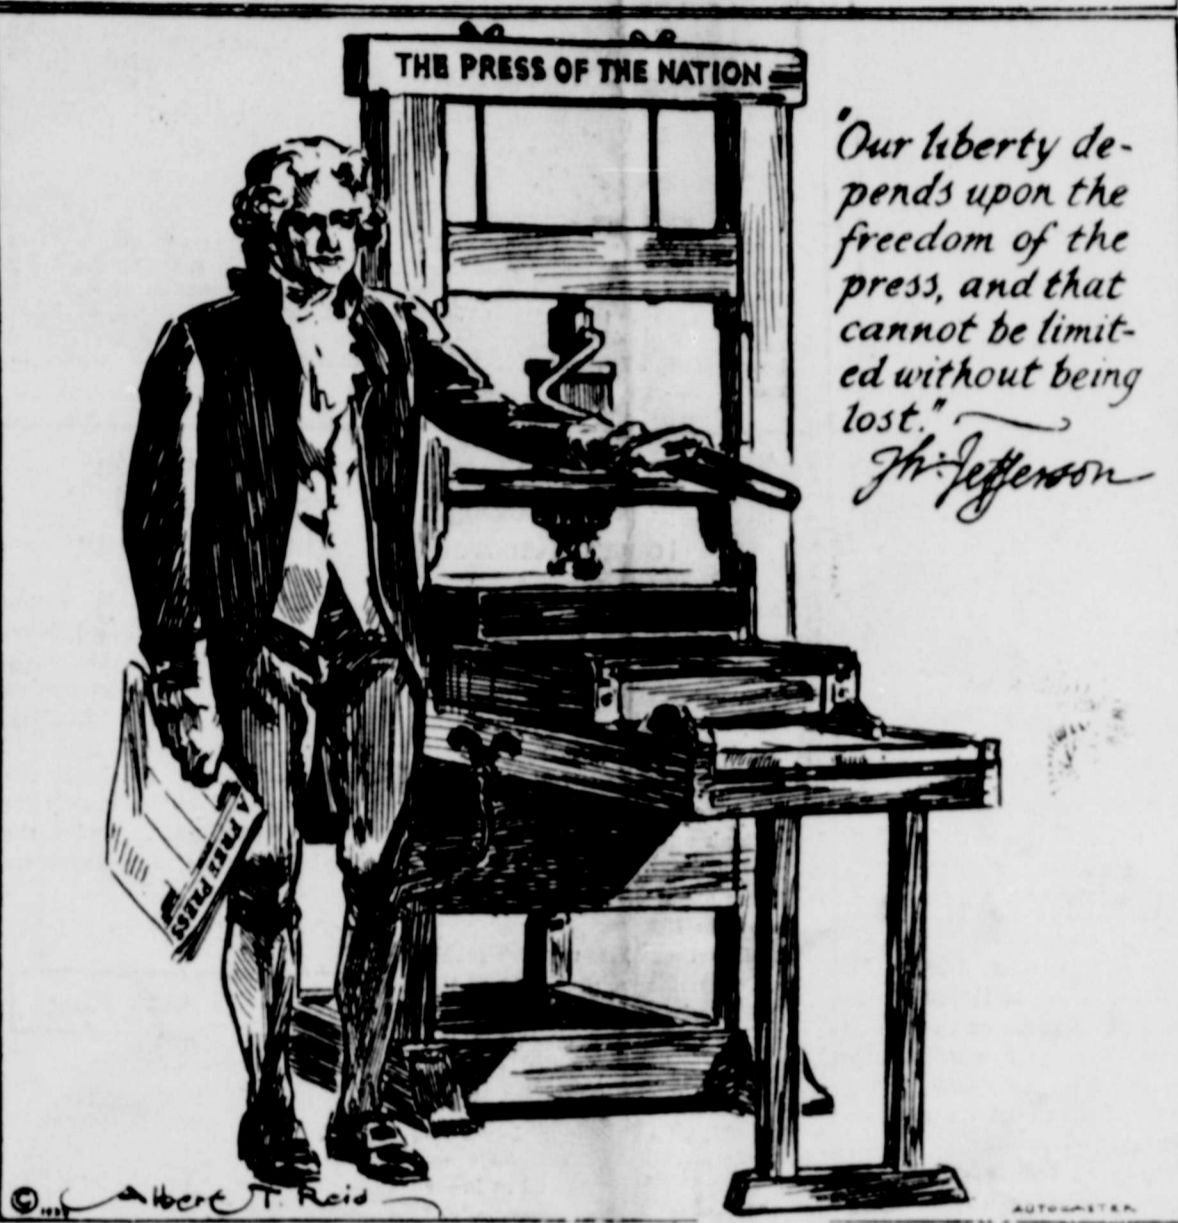

**Finkner Motor Company to Make Two Factory Deliveries**

Finkner Motor Company, of this city, will make two factory deliveries on automobiles next week. L. C. McDonald, city, has bought a Plymouth coupe and Les Page, of Quitaque, has bought a Dodge truck.

Mr. and Mrs. McDonald left this morning for Chicago from where, after seeing the World's Fair, they will go to Detroit, Michigan, for their car. They plan to visit in Illinois and at Enid, Oklahoma, before returning home.

### Work Well Under Way On Grading of Highway 28 East of Floydada

Activity is underway this week on the first grading of highway 28 improvement east of Floydada. Grading was started 12 miles east of Floydada this week.

Concrete culverts are being poured at the east end of the line. One elevating grader has been put in operation on the grading section.

The American Paving Corporation is employing two crews of men, 24 to the shift, 30 hours per week. Seven trucks are operating, hauling supplies needed in the work.

Guard fences along either side of the fill ins along the road have been removed by the maintenance department of the highway. A detour from the main road was established last week.

### Employed In Office

Miss Alice C. Egan, of Omaha, Nebraska, arrived this week to be employed in the office department of the American Paving Corporation, located on West Missouri street.

A total of 367 names had been registered for men who want work on the project with Burl Bedford, relief administrator for the county.

### Collections Are Fair In Drive For Floydada Cemetery Funds

Mrs. Bob Smith, chairman, reported fair collections in the drive made Thursday for funds for up-keep of the Floydada cemetery.

The annual drive was conducted by Mrs. Glad Snodgrass, Mrs. N. W. Williams, Mrs. Geo. A. Linder, Mrs. Nora Cox and Mrs. Smith.

"We are asking that those people either away from Floydada or in Floydada, whom we did not see, send in their dues and donations," Mrs. Smith said.

Truett McClung and Carroll McClung, students in Wayland Baptist College in Plainview, spent the past week end visiting in Floydada with their parents, Rev. and Mrs. S. R. McClung.

### Paving Cases Hold Attention of Floyd County District Court

Pavement cases in which O. M. Murray, Receiver of North Texas Trust Company, is plaintiff, and several property holders of Floydada are defendants, have been holding the attention of Floyd County District Court this week. Judge Charles Clements, of Plainview, is on the bench this week in the cases where Judge K. E. Bain is disqualified. Judge Bain is in court in Castro county.

The jury for this week was excused to appear back next Monday morning for court duty.

In the case of J. H. Burson vs. Security State Bank of Lockney. An agreed judgment favoring the plaintiff was reached.

In the first paving suit in which R. Fred and Edd Brown were defendants the instructed verdict was in favor of defendants.

In Mrs. Dora Reagan's paving suit the judgment was for plaintiff. Decision was in favor of defendant in the case of Mrs. Slaughter.

Yesterday's court closed with the case of Mrs. R. L. Glascock, also a paving suit, in progress. This case will be renewed this morning.

Pat Howe, of Dallas, is in Floydada representing the paving firm and Judge H. D. Payne is representing the Floydada property holders who are interested in the cases.

### Miss Bernice Stephenson Was Hostess at Hallowe'en Social

Miss Bernice Stephenson entertained Tuesday evening with a party, in which the hallowe'en motif was carried out. The house was attractively decorated in keeping with the idea.

Those present were: Misses Inas D. Fyffe, Evelyn Hicks, Mary Emma Collins, Mary Loper, Merle Fagan, Mattie Fern Fields, Floy Conway and Worth Gwendolyn Shipley.

### EXPECT FULL HOUSE TO HEAR MISS CECILE MITCHELL'S CONCERT

Expectations are for a large audience at the vocal concert to be given Friday evening at the Floydada High School Auditorium by Miss Cecile Mitchell, of Plainview.

Miss Mitchell, soprano, has had several years of American study and abroad. She has given several concerts both in the United States and in Europe which brought praise of many.

The concert, which starts at 8:15 o'clock Friday evening, is being sponsored by the McDermott Post American Legion and Auxiliary. Miss Mitchell's accompanist will be Mrs. Guy Jacobs, of Plainview.

### Floydada High Whirlwinds to Meet Matador In Crucial Grid Test

Whether a football eleven who have been giving strong competition to class A teams can defeat a hard fighting Whirlwind eleven will be determined Friday afternoon when the Bullfighters from Matador come to Floydada for a contest on Whirlwind Field.

The Bullfighters will invade the local grid with a strong determination to clinch a quadrant championship and with the expectations that they "have the game in the bag". This season has been unusually successful for the Bullfighters who have given class A teams such as Childress and Vernon a hard battle to win.

Floydada High School's Whirlwinds have been working on strong offensive plays which, if they click effectively, will defeat the Bullfighters. Slightly underrated as a result of the defeat handed them by the Paducah Dragons the Whirlwinds will go against a confident team Friday. Last year the Whirlwinds defeated the present Matador team by a touchdown margin in a good game. The game has been called at 3:30 o'clock.

## \$40,000.00 Loss In Floydada Warehouse Fire; 600 Bales Of Cotton Destroyed

Approximately \$40,000.00 was done Tuesday night when the Floydada Compress and Warehouse and 600 bales of stored cotton were left a smouldering wreckage by a fire which spread rapidly over the entire structure.

### Northwest Texas Methodist Conference to Meet at Clarendon

Appointments will be announced for another year and other important business transacted in the annual meeting of the Northwest Texas Methodist Conference to be held in Clarendon next week. The meeting opens Thursday morning of next week.

Bishop Hiram A. Boaz will be in charge of the conference. Rev. I. A. Smith, pastor of the First Methodist Church in Floydada, Rev. F. O. Garner, pastor of the Floydada Methodist Circuit and J. M. Willson will attend from this county.

### Boothe Tailor Shop Reopened In Floydada After Remodeling

The Boothe Tailor Shop, closed for the past several weeks while the building and fixtures were being repaired and remodeled, has been reopened this week and business resumed.

During the remodeling and repair work the building, which houses also the White Kitchen Cafe and Roberts Shoe Shop, was renewed on the interior and stuccoed on the exterior. The cleaning plant was moved from the rear of the shop up under the same roof as houses the pressing plant.

R. A. Burchfield, who has been in charge of the tailoring department for five years, has returned to this position. During the time that the shop was being remodeled Mr. Burchfield was employed in a shop at Houston. He will also have charge of the hat cleaning and blocking department.

### Opens Beauty Shop

Mrs. Anna Marie Boothe has opened her beauty shop in the building with the tailor shop. She will be assisted in her work by Mrs. Allene Moore. The beauty shop compartment has been attractively arranged for this purpose.

### Waldo Houghton, student in Texas Technological College, spent the past week end visiting in Floydada with his parents, Dr. and Mrs. W. M. Houghton.

## Floydada Quartette To Sing At Quanaah Sunday, November 5

The Floydada Men's Quartette are making plans to go to Quanaah Sunday to render a gospel song program. Much demand is being made for this singing group.

The program will be given at the First Baptist Church in Quanaah.

The two-piece wool dress illustrated above is one of the models to gain in popular favor as the season advances. For sport wear it adds comfort and slips easily under heavy wraps for football games and autumn outdoor adventures.

It can be as colorful as desired, the warm colors predominating in all showings. In browns, rusts, and tangerine shades up to bright reds additional smartness is attained by vivid contrasting trims.

The above two-piece dress is colorful. It is tailored of soft lightweight wool and in color is an oak leaf autumn red, with black leather belt and bone buttons. . . . Gloves and shoes of suede; hat of crinkly velvet.

## New Curls Approved

"Park Avenue Night" is the name given the attractive coiffure shown above at the New York Fashion Show and which received votes of approval from the hairdressers in convention that week. The high curls is the big feature of the coiffure.

## Automobile World Sees First Streamline Queen

You may not see the exact car design above at the automobile show this winter or on the roads at an early day but it is a design shown by the Briggs Company at an early Detroit show this month. It marks a radical change in design to eliminate every possible ounce of wind resistance; get stream line; increase seating space by having no running board; and, amongst other things, a front wheel drive with engine in rear of car.

## Federal Land Bank Is Meeting The Challenge Toward Recovery

Houston, November 1.—Moving at a record rate with a greatly enlarged staff, the Federal Land Bank of Houston is meeting the challenge of recovery with an unprecedented volume of farm loans. During the past two weeks 4,273 loans totaling \$12,435,120 were approved by the Federal Land Bank and Land Bank Commissioner. This represents more than twice the amount approved throughout the year 1932.

"During the past three weeks," said A. C. Williams, president of the Federal Land Bank of Houston, "we have reached a volume of loans which will be felt through the various channels of trade. A large percentage of the money going to Texas farmers is to refinance on much more liberal terms and at lower rates of interest farm mortgages held by banks, insurance companies and individuals. This money will help thaw the frozen assets of many institutions which must resume their activities as a part of the program for improvement in agriculture. In many instances our borrowers are paying their debts to individuals who will in turn use the money to pay their obligations to others."

"Since the Federal Land Bank and the Land Bank Commissioner were given the task of meeting the demand for emergency farm credit, we have expanded every department in the bank, have trained scores of new appraisers and office employees, and have been disposing of a steadily mounting volume of applications. We are now handling applications in greater number and with greater dispatch than ever before. During the past week we have approved loans by the Federal Land Bank and the Land Bank Commissioner at the rate of approximately \$1,000,000 for each working day. This is our response to the emergency call for service to agriculture, and shows what may be expected in the months to come."

## Governor Morgenthau, Jr., Will Attend to Business In Texas This Week

Houston, November 2.—Governor Henry Morgenthau, Jr., and other officials of the Farm Credit Administration will be in Houston this week for the purpose of establishing the regional Bank for Cooperatives and the Production Credit Corporation as authorized under the Farm Credit Act of 1933.

When this work is completed, the Tenth Federal Land Bank District, comprising the State of Texas, will be served by agencies comprising a complete agricultural credit system of the Farm Credit Administration. Long term, farm mortgage loans will be available from the Federal Land Bank. The Production Credit Corporation will help establish numerous Production Credit Associations, from which farmers may borrow for crop and livestock production purposes, discounting the farmers' notes with the Federal Intermediate Credit Bank of Houston. There will be a regional Bank for Cooperatives in Houston to lend to cooperative marketing and purchasing associations of this district.

Members of the Farm Credit Administration who will be in Houston with Governor Morgenthau are Deputy Governor William I. Myers, and Commissioners Albert S. Goss, George M. Brennan, S. M. Garwood and Francis W. Peck.

## \$7,509.00 In Cotton Checks Received In Floyd County

A total of \$7,509.00 in cotton checks was received by Floyd County farmers Tuesday of this week. A total of 24 checks for distribution were received by Glen A. Lindsey, county agent.

A total number of 52 checks are yet to be received in this county for cotton plowed under, under the National Cotton Acreage Reduction Movement.

## Why Doctors Favor a Liquid Laxative

A doctor will tell you that the careless choice of laxatives is a common cause of chronic constipation.

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and even affect the liver and kidneys.

Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be controlled. It forms no habit; you needn't take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin has the average person's bowels regular as clockwork in a few weeks' time. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in big bottles. Member N. H. A.

**Common School District  
Taxes May Be Paid  
Exclusive of Others**

Attention of Floyd County people  
in common school districts is called  
to the fact that in the last session  
of the State Legislature a law was  
passed whereby people in common  
school districts might pay their  
school district taxes without paying  
county and state tax.

This new ruling will greatly bene-  
fit schools as some taxes may be  
paid to them by property holders who  
cannot afford to pay the entire tax.

Mr. and Mrs. H. G. McChesney and  
family visited in Olney, Texas, over  
the week end with Mrs. McChesney's  
parents, Mr. and Mrs. Frank Wag-  
goner. Mrs. P. A. Smith accom-  
panied them as far as Knox City,  
where she visited.

**Wake Up Your Liver Bile  
—Without Calomel**

**And You'll Jump Out of Bed in the Morning Rarin' to Go**  
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in pimples. Your head aches and you feel down and out. Your whole system is poisoned.  
It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.  
But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 50c at drug stores. ©1911 C. M. Co.

**General Rain Over Floyd County Will Benefit Wheat Farmers**

Bringing to an end a period of ideal weather for cotton and feed crop harvest, a general slow rain fell over Floyd County last night and this morning. The rain started about nine o'clock last night.

The moisture, approximately one-half an inch over the county, will prove beneficial to wheat farmers, both to those who have already sowed and to those who needed moisture before they could sow. Although causing the gathering of cotton to be suspended temporarily this crop will not be badly damaged by the rain. Feed, not yet cut and standing in the fields was not damaged by the rain. The rain was accompanied by cooler weather. According to the recording thermometer at the West Texas Gas Company the lowest temperature was at 8:30 o'clock this morning when the gauge registered 41 degrees. The temperature, however, was falling at that time.

Mr. and Mrs. A. D. Cummings, Misses Eulalia Burrus and Audrey Farris, were among those from Floyd County attending the home coming at West Texas State Teachers College in Canyon last week end. Mr. and Mrs. Cummings and Miss Burrus are ex-students of W. T. S. T. C.

**SIX LOST DAYS**

If you're one of those merchants who believe the Christmas shopping season does not start until after Thanksgiving Day, you are going to be in for a big awakening this year. Because on that out-moded method of figuring there are six less shopping days than usual—Thanksgiving being the very last day of November.

"But these six selling days are not lost . . . there is one sure way to make them up. For years you have told people to do their Christmas shopping early. Why not start your Christmas selling early this year—in mid-November or even earlier? You have a tremendous advantage. Newspapers are being read more thoroughly, more eagerly than ever before. Vital world changes occur so quickly that the only way people can keep informed is through careful reading of their papers. Your advertising shares this great news value . . . should be more responsive than it has been in years.

"Intensify your selling this season as you never have before. Hit the line hard with newspaper advertising, full of the goods people want and need . . . full of the goods people can buy again for the first time in years . . . and you will make up these six lost days."
