

The Floyd County Plainsman

VOLUME NO. 4

Floydada, Floyd County, Texas, November 23, 1933

NUMBER 50

821,448 BUSHELS IS MAXIMUM WHEAT ALLOTMENT FOR FLOYD CO.; CONTRACTS BEING PREPARED FOR FARMERS' SIGNATURES

The wheat allotment for Floyd County wheat farmers was received Saturday morning by Glen A. Lindsey, county agent. The maximum number of bushels for which Floyd County farmers can be paid on is 821,448.

Following is a brief of the allotment figures and averages as received by Mr. Lindsey for Floyd County: Three year average acreage 175,000.

Three year average production 1,488,000 bushels.

Five year average production, 1,521,200 bushels.

County allotment 821,448 bushels. A adjustment factor 102 percent.

The adjustment factor is for adjusting the three year average production to the five year average production. These figures to be used in determining the individual contracts. Under the allotment plan the average for three years is multiplied by 102 percent to secure the adjustment production. Then 54 percent of the adjustment production is used as the allotment production.

Members of the Floyd County allotment committee and county agent Glen A. Lindsey are busy this week completing contracts for Floyd County farmers. These contracts will be sent to the wheat districts and farmers will go to school houses there to sign.

These contracts are to be sent to Amarillo for approval of the state committee and from there will be sent to Washington, D. C., for final action and where checks will be filled out to farmers. It is planned to have the contracts in Amarillo by Saturday for approval of the state committee.

Miss Esther Tyler And Mr. Ralph Tubbs Married Saturday Night

Miss Esther Tyler, daughter of Rev. and Mrs. N. E. Tyler and Mr. Ralph Tubbs, son of Mr. and Mrs. Arthur Tubbs, of Center, were married Saturday night at 8 o'clock at the home of the bride, with the bride's father officiating.

The bride has been a resident of Floydada for the past three years. She finished Floydada High School. The groom was reared in Floyd County. He is a former student in Floydada High School finishing with the class of 1933.

Mr. and Mrs. Tubbs will make their home in Floydada. He is employed at the Texas Cotton Growers Gin in Floydada.

Mr. and Mrs. B. Hatley spent Sunday visiting with Mr. and Mrs. J. A. Hatley, of Dougherty, Mr. Hatley's parents.

Joe Boothe and C. W. Henderson, of the Boothe Mill and Elevator, made a business trip to Abilene Sunday.

Miss Willie Allen, of Lubbock, spent the past week end visiting in Floydada with her brother, Oliver Allen, and family.

Women's Missionary Society to Sponsor Merchants Pageant Here

The Women's Missionary Societies of the First Methodist Church are sponsoring a merchants pageant to be given Thursday and Friday evenings of this week. The entertainment will be given at the Floydada High School Auditorium.

Eighty-one firms and business institutions of Floydada are to be represented by girls who display clothing representative of the business or give dialogues representative of the business.

Much entertainment is expected to be derived from the pageant. A committee of women from the Missionary organization have been busy this week completing arrangements for the pageant.

Miss Myrtice Radwon And Mr. Roland Flanagan Married Saturday

Miss Myrtice Radwon, daughter of Mr. and Mrs. S. M. Radwon, of Floydada, and Mr. Roland Flanagan, of Fort Worth, were married Saturday night in Plainview. The Rev. Black, minister of the Church of Christ, officiated.

Bernice and Louise Radwon, Billy Ritter and Thelma Covington witnessed the ceremony.

The bride was reared in Floyd County. She attended school in Floydada, graduating from Floydada High School with the class of 1931. She is also a former student in Texas Technological College at Lubbock attending the years 1931-32 and 1932-33.

Mr. and Mrs. Flanagan left this week to go to Fort Worth to make their home. Mr. Flanagan is employed in a drug store there.

Billie Ruth Tinnin Died Monday Night In Fairview Community

Billie Ruth Tinnin, ten year old daughter of Mr. and Mrs. J. B. Tinnin, of the Fairview community, died Monday night at 10:30 o'clock from diphtheria. She had been ill for several days.

Billie Ruth Tinnin was born August 3, 1923, in Ellis County, Texas. She moved to Floyd County with her parents a few years ago.

Funeral services were held Tuesday afternoon at the home at three o'clock. Rev. F. O. Garner, formerly pastor of the Fairview Methodist church, conducted the services. He was assisted by Rev. R. S. Walton.

Pallbearers were: Lee Rushing, L. A. Horton, F. O. Connor and J. C. Crabtree. Misses Grace and Opal McNeill assisted with the flowers. Interment was in the Floydada cemetery following services.

Sam Henry, of Lubbock, visited in Floydada Tuesday with his brother, Jack Henry, and other relatives.

He's Got His New Skates

By Albert T. Reid

Primary Reason For Thanksgiving Day Was For Health

Austin, Texas.—The primary reason for the institution of Thanksgiving Day was health. We know how Governor Bradford called together the people, those few of them who were left after that terrible first year of death and disease, to give thanks to God for all His mercies.

We have come a long way since that time in the matter of health, but now one seldom thinks of Thanksgiving in connection with the health that we enjoy. Most persons have been so accustomed to having these advantages that they are scarcely given a thought until sickness makes its appearance.

The State Department of Health, city and county health organizations have labored for years to secure the measure of health protection that the public now enjoys. They give thanks for the methods that have helped in the saving of thousands of lives each year and look forward to the years to come for greater service.

Since the first Thanksgiving, the mode of transmission of many diseases has been discovered and in many instances the prevention has become common knowledge. Yellow fever, plague, and cholera have practically ceased to exist. Smallpox, diphtheria, and typhoid fever can be eliminated as a cause of death if a person would have themselves and children immunized. Malaria and many other diseases can be controlled if the public would demand that this protection be a part of the every day activities of the government and practice what is known in regard to prevention.

During the past fifty years the expectation of life has increased about fifteen years. This means that a baby born now can be expected to live fifteen years longer than if he had been born fifty years ago. We have much more to be thankful for now than our Pilgrim forefathers, so let each in his Thanksgiving, pledge to assist in furthering the work being done to improve health conditions throughout Texas.

M. L. Fuller visited in Lubbock Monday and Tuesday with his son, Clayton Fuller, and Mrs. Fuller.

Mr. and Mrs. Jesse Massie, and family, are visiting in Rocky, Oklahoma, with her relatives. They will return this mid-week.

Weekly Cotton Grade And Staple Report For Week Ending Nov. 16

There was a marked decline in the proportion of spotted cotton in the cotton classed from Texas this week. Only 34 per cent of the total classed was spotted this week compared with approximately 50 per cent last week and 61 per cent week before last. Thirty-nine per cent of the cotton classed this week was middling and strict low middling while 22 per cent was strict middling and better on the white and extra white standards. About 4 per cent of the cotton was shorter than 7-8 inch in staple length. Slightly more than 83 per cent of the cotton classed this week was 7-8 to 31-32 inch in staple length. Approximately 13 per cent of the cotton classed for Texas this week was 1 inch or longer in staple length. About six per cent of the cotton was untenderable on futures contracts. Ginnings throughout the Edwards Plateau and Rio Grande Plains, the Fort Worth Prairies, and the Mixed black and sandy lands and the coastal prairies of South Texas, (Districts 4, 6, 10, and 11 respectively) is virtually complete. The number of samples received from these sections of Texas this week by the offices of the grade and staple estimates project was insufficient on which to base an estimate of the grade and staple of the cotton.

This week 97 per cent of the cotton classed from district 1, the Trans-Pecos Region, was strict middling and better on the White Standards. 82 per cent of the cotton classed was good middling and better on the extra white standards. 98 per cent of the cotton was 1 inch or longer in staple length. All of the cotton from District 1 was tenderable on futures contracts. Cotton equivalent to the grades strict middling and middling on the white and extra white standards made up 47 per cent of the cotton classed from district 2, the high plains, this week. 27 per cent was classed as equivalent to the spotted standard. Six per cent was untenderable on futures contracts. Approximately 88 per cent of the cotton from that area fell within the staple lengths 7-8 to 31-32 inch inclusive.

T. C. Russell is in Lubbock today where he is attending to business. He went to Lubbock yesterday morning.

\$4,467.21 In Taxes Collected By County Tax Collector Last Week

A total of \$4,467.21 in taxes was collected by Frank L. Moore, county tax collector, last week. Collections have shown an increase this fall.

The total collections were as follows: Current (1933) \$2099.89, supplemental, \$10.50, polls, \$43.75, inventories \$59.38, redemptions (delinquents) \$2253.72.

Distribution was as follows: \$1359 to state, \$1121.56 to county and \$1539.94 to schools.

H. O. Cline, manager of the Magnolia Service Stations, went to Lubbock Tuesday to attend a meeting of the oil code committee of this district. The meeting was held in the Hilton hotel.

Let Cavanaugh do your printing.

"HE'S GETTIN' THAR"

Hiram walked four miles over the hills to call on the girl of his dreams. For a long time they sat silent on a bench by the side of her log-cabin home; but soon the moon had its effect, and Hiram sidled closer to her and picked up her hand.

"Mary," he began, "I've got a good clearin' over thar an' a team an' wagon and some haws an' cows an' I cal-late on buildin' a house an'—"

Here he was interrupted by Mary's mother, who had awakened.

"Mary!" she called in a loud voice. "Is that young man thar yet?"

"Back came answer: "No, Ma, he's gettin' thar."

—Who's Who In The Composing Room.

The above bit of humor describes very forcefully the position of many of our readers with reference to renewing their subscriptions. Many of them "are gettin' thar", but quite a number are seemingly waitin' for the moon to get in its work on them before they begin to warm up to our special subscription offer. For these we are still sittin' at our log-cabin door and prayin' that they will soon git thar. Come on, folks, we need the lift!

Floydada High Whirlwinds to Play At Olton Friday

Floydada high school's Whirlwinds will go to Olton Friday where they will engage the Olton High School eleven in a tilt on their home field. Olton has a good team this year and is expecting to give the Whirlwinds a battle.

Prospects for a game with the Slaton high school Tigers here Thanksgiving Day has been indicated by school officials who are negotiating for a game with the old time rivals.

Floydada went down in defeat before the Tulsa Hornets football eleven here Friday afternoon in a game on Whirlwind field. The final score was Floydada 7, Tulsa 27. Jenkins, of Floydada, scored on a pass.

County Federation Women's Clubs to Meet Next at Sandhill

The next regular meeting of the County Federation of Women's Clubs will be held at Sandhill in March or April next year it was decided in the regular semi-annual meeting held Tuesday in Floydada. The Federation met at the First Methodist church.

Forty women, representing clubs at Floydada and Lockney and several rural clubs, were in attendance during the day. Mrs. J. B. Jenkins, of Floydada, president, was in charge during the session.

A song, "America," led by Mrs. E. L. Angus, of Floydada opened Tuesday morning's session. Mrs. Stapleton, of Lockney, made the main address of the morning using as her topic "Looking Forward." Mrs. Carl McAdams, of Lockney, acted as secretary of the meeting in the absence of the regular secretary, Mrs. Tate.

A basket dinner was enjoyed in the dining room of the church at the noon hour.

The afternoon program included a reading from Lockney and miscellaneous talks by local women. A reading by Miss Nadine Slaughter, of the speech department of Floydada High School, closed the program for the day.

Floydada Peace Officers Have Busy Week End With Stolen Cars

Floydada peace officers were "on the jump" Saturday night and on through Monday night trying to find stolen cars, stolen money and keep intoxicated negroes straight.

Saturday night a Chevrolet coach demonstrator was stolen and as officers were busy working on this case two young men, residing in the south part of town, reported theft of thirty-five dollars from their room. The young men believe that a third companion knowing where the money was hidden returned to their room stole the money and left town. Monday night local officers, Bob Smith, night watchman, E. S. Randerson, sheriff and G. Scott King, deputy, arrested two negroes in the "flats" and jailed them. One was charged with stealing money and the other with possession of a stolen automobile, a Chevrolet coupe.

All in all this week end was a very busy one for the local officers who are still looking for the Chevrolet demonstrator. The two young men who lost their money are still searching for their supposed friend.

No Trace Found of Demonstrator Chevrolet Stolen Saturday Night

No trace has been found to the present time of a 1933 model Chevrolet coach stolen from in front of the home of Roy Snodgrass, Chevrolet agent, Saturday night. The car was a blue color demonstrator.

It is believed that whoever stole the automobile rolled it down the street from in front of Mr. Snodgrass' house and then started it and drove away. Officers were notified of the theft and in turn notified police in surrounding towns to be on the lookout for the missing machine.

AT SISTER'S BEDSIDE

Mr. and Mrs. A. J. Cline left Sunday morning for Waco to be at the bedside of Mrs. Cline's sister, Miss Coker. Miss Coker underwent a major operation at a Waco hospital and her condition became serious.

Cotton Option Advances Due; \$48,000,000 to Be Distributed to Farmers

Washington, November 20.—Immediate distribution of \$48,000,000 constituting a four-cent a pound advance to cotton producers who are to receive options on 2,400,000 bales of government-held cotton, was announced today by Oscar Johnson, director of finance for the farm administration.

The advance will be made to approximately 600,000 producers as quickly as necessary forms can be signed.

The Reconstruction Finance Corporation notified Johnson today a commitment on the cotton covered by option had been made to the Commodity Credit Corporation which will make the funds available to a cotton pool to be established by Secretary Wallace.

The producers who asked options on government cotton at six cents a pound as part of their consideration for acreage reduction will be required to participate in the 1934 program.

After signing the agreement and transferring his option to the pool, the producer will receive \$20 for each bale upon which he is entitled to an option.

The pool will issue participation certificates to option holders who will retain their beneficial interest and upon sale of the cotton will receive their ratable share of any price above 10 cents a pound after deduction of expenses.

Mrs. Geo. T. Wood, 63, Died In Olney Saturday Morning, November 18

Mrs. Geo. T. Wood, aged 63 years, died Saturday morning at her home in Olney after having been ill for ten days following a heart attack. Mrs. Wood died at 8:30 o'clock.

A son, Jess G. Good, of Floydada, and Mrs. Wood were at her bedside at the time death came. Mr. and Mrs. Wood and daughter, Miss Jesse Mae went to Olney soon after being notified of Mrs. Wood's serious illness.

Mrs. Wood is survived, beside Mr. Wood of this city, by the following daughters and sons: Mrs. Will Leach, of Colorado, Mrs. Ben Hunt, of Goree, Texas, Mrs. Tom Body, Mrs. D. B. Wood, Miss Merle Wood, and Elmer Wood, all of Olney. She is also survived by eleven grandchildren and a number of brothers and sisters.

Funeral services were held Sunday afternoon at 2:30 o'clock from the First Baptist Church in Olney with the Rev. Townsend conducting. Beside members of the family from Floydada Mr. and Mrs. A. B. Clark, and daughter, Jane, and Miss Oleta Jackson, of Floydada, attended the funeral services.

Mrs. Wood had visited in Floydada a number of times with her sons, J. G. Wood, and Elmer Wood, formerly a resident of this city. Her more recent visit was this past summer.

Interment, following the funeral services, was in the Olney cemetery.

Damage to Willis Estate Building From Fire Estimated at \$700.00

Damage, estimated at \$700.00, was done to the building, belonging to the Willis estate, located on the West side of the square by a fire Sunday night. Origin of the fire, which was discovered at 9:30 o'clock, is unknown.

Insurance to the amount of \$2,500.00 was in effect on the building, a brick and plaster structure on the exterior and finished inside with wood. Some water and smoke damage was done to the stock of the Felton-Collins grocery company located beneath the rooms where the fire was the heaviest.

The fire was extinguished by a truck crew from the Floydada Fire Department.

Miss Ruth Rutledge, student in Texas Tech College, and a friend, Miss Jean Dudley, of Big Spring, spent the past week end visiting in Floydada with Miss Rutledge's parents, Mr. and Mrs. O. P. Rutledge.

Mr. and Mrs. Oliver Allen and daughter and son attended the Baylor University - Texas Tech College football game in Lubbock Friday afternoon.

PLAINS AND PANHANDLE FARMERS TO RECEIVE \$6,000,000 IN U. S. PLAN

AMARILLO, Texas, Nov. 17.—Texas farmers will be paid approximately \$6,000,000 for their part in the government's wheat control campaign.

Of this amount, \$5,000,000 will go to 23 north and west Panhandle counties, where the bulk of the state's wheat crop is grown. Sixteen South Plains counties will receive \$141,000, and the balance will be allotted to the other wheat-growing counties of the state.

Figures released here by Carl H. Robinson, state senior agricultural statistician, revealed that the farmers will be paid on the basis of a five-year average production for the state of 41,082,448 bushels, an increase of 10,000,000 bushels over government census figures. The three-year average production was in excess of 44,000,000 bushels from 4,346,000 acres.

28 Cents a Bushel
The farmers will be paid 28 cents a bushel on 54 per cent of the five-year average. If all wheat farmers in the state sign contracts the total allotment will be \$6,211,666. If only 90 per cent participate the total will be \$5,590,499. About two cents a bushel, or \$400,000 will go for administration expenses. Each county financing its own setup.

Checks from the government will be mailed to the farmers during December, Robinson said. No contracts will be accepted after Dec. 1. Checks will be mailed within two weeks after all the farmers in any county sign contracts. Some of the Panhandle counties will be ready to report early next week.

Free Use of Money
Wheat control officials here explained that there are no limitations on how the farmers spend their money.

Complying with their part of the contract, Texas farmers next year will reduce their crops by 650,000 acres, or 15 per cent. It was not necessary to plow up any of this year's crop.

The 23 Panhandle counties receiving the bulk of the allotment money are Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hemphill, Roberts, Hutchinson, Moore, Hartley, Oldham, Potter, Carson, Gray, Armstrong, Randall, Deaf Smith, Parker, Castro, Swisher, Briscoe, Hale and Floyd.

The 16 South Plains counties are Wheeler, Donley, Collingsworth, Bailey, Lamb, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, King, Hardeman, Foard, Terry and Dickens.

WEST TEXAS JUDGE OPPOSES TINKERING WITH CONSTITUTION

Dallas, Nov. 17.—District Judge A. J. Fires of Childress, who likes to contemplate the skyscraper cities and farming communities which have grown up where he once saw buffalo paw the sod, took time out Friday to express opposition to any tinkering at present with the Texas Constitution.

Judge Fires, who practiced law in West Texas 49 years before he was made a judge five years ago, was positive that "conditions are not right" for remaking the Constitution.

"There is too much Bolshevism now," he explained. "If we undertook to change our Constitution we might emerge with a document that would make later generations shudder. Furthermore, I don't want to make any predictions as to a time in the future when conditions might be right for making the change."

"Another thing, I'm opposed to any division of Texas into more than one State. That is a lot of poppycock and I don't think the people ever will stand for it."

The judge let it be known that he is "strong for the present national administration." He said his own West Texas—and the possessive was spoken in a fatherly way—had benefited remarkably from efforts of the Agricultural Adjustment Administration; the cotton acreage reduction campaign has put cash into circulation and "things are looking up out there."

Mrs. A. J. Welch, Mrs. Cella Ross and Mrs. J. C. Dickey and Miss Merle Scoggin visited in Lubbock Friday and attended the Baylor Texas Tech Football game. Tech won by a score of 13 to 0.

Mr. and Mrs. A. L. Scoggin and daughters, Charlotte and Lou, of Lubbock, visited in Floydada Sunday to Monday with Mrs. A. J. Welch, Mr. and Mrs. J. C. Dickey and Mrs. A. P. Horn.

Mr. and Mrs. Jesse Massie, and family, are visiting in Rocky, Oklahoma, with her relatives. They will return this mid-week.

Byrd Expedition "Perfectly" Organized

Ready for the Antarctic Trail

NORFOLK, VA.—When Rear Admiral Byrd sailed the other day for the South Pole, old-time explorers called him the most perfectly organized and equipped expedition ever to leave American waters.

By actual count, there were more than 12,000 separate items of exploration equipment aboard the two Byrd ships, but this in itself did not impress the Polar veterans. What did impress them, however, was the fact that every article of equipment carried by the expedition had been selected only after months of experiments and painstaking research.

The special ski boots which Admiral Byrd and his men will wear on their second dash to the South Pole are an illustration. Knowing that men's lives in the Polar wastes depend upon strong footwear, the admiral personally collaborated with the experts of the Thom McAn shoe factories in New England in designing these unusual boots. With the experts he discussed the extreme weather conditions in Antarctica, where temperatures of 90 degrees below zero are frequent, and winds of 200 miles an hour not uncommon, and how best to avoid the hazards of frozen feet. Above all, he insisted, boots for Polar wear must be BIG. For if the explorer is to be efficient on the trail, his footwear must be large enough to permit the use of a thick felt insole, have toe room for a big wad of Arctic moss to absorb moisture, and still admit feet clad in several pairs of heavy woolen stockings.

Subsequently they experimented, designed and discarded until they were agreed on a model which offered maximum protection to the explorers. The ski boot pictured above represents the fruit of their collaboration. It weighs 2½ pounds and Admiral Byrd calls it the strongest boot ever manufactured for Polar wear.

Admiral Byrd (above) and the ski boot he designed for service at the bottom of the world. It weighs 2½ pounds and is called the strongest boot ever made.

HERE'S TWO MORE SCALPS FOR YOUR WOLF STORY COLLECTION

"Who's afraid of the big bad Diamond T?" said the wolf as he sauntered across the road directly in the path of the Panhandle truck driven by Dee Garner, of Floydada. But those were the last words for the truck ran him down and another wolf scalp was added.

Garner, who regularly makes trips to Wichita Falls to the refinery there on the same trip killed another coyote and hit still another. Two killed and one injured on the same trip, that's Garner's record. The first wolf was killed between Matador and Paducah and the second was run over between Paducah and Crowell.

The coyotes apparently were blinded by lights of the truck and were unable to dodge out of the way. Garner brought the pelts of the animals home and is making two rugs of them.

MRS. Y. ONSTOTT LED LESSON FOR ADULT MISSIONARY SOCIETY MEETING

Mrs. Y. Onstott led the lesson at the regular meeting of the adult missionary society of the first Methodist Church Monday afternoon. Further plans for the two nights entertainment this week were made. A regular meeting of the society will be held next Monday afternoon at the church when a regular study of the bible will be held.

Mr. and Mrs. C. C. Reynolds, of Hart, Texas, visited in Floydada Monday night with their daughter, Mrs. Chas. Harris and Mr. Harris. They were enroute to east Texas on a vacation visit.

\$1.00 PAID ON STATE SCHOOL ALLOTMENT
Austin, November 17.—The State Department of Education today announced the payment of \$100 on the 1932-33 scholastic per capita apportionment, leaving a balance of \$1.50 due on the allotment for the last fiscal year.

Officials said they expected to pay the remaining \$1.50 by December 15 and to make the first payment on the 1933-34 apportionment of \$16 by January 15.

The apportionment of 212 independent school districts is being withheld. They have failed to meet the requirements of the aid law by not selecting their depositories, the department announced.

"WINTER-PROOFING" IS SCIENTIFIC METHOD OF PROTECTING AUTOMOBILES

Dallas, Texas, November 22.—While manufacturers of modern motor vehicles have made much progress in designing automatic adjustments to compensate for climatic changes, no method except a complete change of lubricants has been found to protect cars against the excessive wear that follows the use of summer grade lubricants in winter, J. M. Harnan, technical engineer for the Magnolia Petroleum Company, warns automobile owners.

Hard starting on cold mornings, difficult steering and heavy gear shifting are only a few of the symptoms that indicate the need to prepare your car for cold weather driving by changing to the proper grade fuel and lubricants, Mr. Harnan said. These are the more apparent results of improper lubrication and do not reveal the excessive wear and damage to moving parts that goes on unknown to the car owner.

To safeguard motor vehicles against winter trouble and damage Magnolia provides a 7-point service which has been popularly designated "Winter-Proof" service by the thousands of motorists who have profited by its use in the last few years. This service provides a complete check-up of those parts of the car most likely to give trouble in cold weather and a change to winter grade lubricants recommended by the car makers. It also includes inspection of the radiator and battery, the addition of Socony anti-freeze solution where necessary and a tank full of Mobilgas now adjusted for quick winter starting.

The value of "Climatic Control," that attribute of Mobilgas which adapts it to conditions of temperature and altitude, is again being proven by the "Under Three Flags" expedition of the Socony-Vacuum Corporation which is now in Mexico following a gruelling trip from the northernmost highway point in Canada. The twelve stock cars of different makes comprising the "Three Flags" cavalcade are being punished on every type of highway to test the qualities of Mobilgas, Mobiloil and Mobilgreases which are used by Magnolia stations in providing "Winter-Proof" service. The makes of cars in the test tour represent ninety percent of all automobiles in use in the United States and they are being piloted by only "average" drivers.

Why Liquid Laxatives Do You No Harm

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right liquid laxative will bring a perfect movement, and with no discomfort at the time, or afterward. The wrong cathartic may keep you constipated as long as you keep on using it!

An approved liquid laxative (one which is most widely used for both adults and children) is syrup pepsin. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as they do in the case of cathartics containing mineral drugs. Ask your druggist for Dr. Caldwell's Syrup Pepsin. Member N. R. A.

CANDY FOR YOUR HOSTESS

Mount Blanco Baptist Church to Be Dedicated Sunday, November 26

Rev. R. E. Harrison, of Rails, will preach the dedication sermon for the Mount Blanco Baptist church Sunday morning at 11 o'clock. A full day program dedicating the church, which was recently cleared of debt, will be had Sunday Rev. G. W. Tubbs, pastor has announced.

Members and visitors are invited. Members are urged to bring lunches and spend the day. Music will be furnished by the Floydada Male Quartette. Regular Sunday school services will be held at ten o'clock and B. Y. P. U. at 8 o'clock, the latter in the evening. Dedication prayer will be given by Rev. H. M. Reed of Rails.

South Zone B. Y. P. U. Met At Cone Church Sunday Afternoon

A meeting of the South Zone of the Floyd County Association B. Y. P. U. was held in Cone Sunday afternoon.

A good program was had. Several from Floyd County churches attended.

S. H. Shipman Died Here of Apoplexy, Funeral Sunday Afternoon

Funeral services for S. H. Shipman, who died in a local camp ground Sunday morning at 12:15 o'clock, were held Sunday afternoon at 4 o'clock at the Floydada cemetery chapel. Rev. S. R. McClung, pastor of the First Baptist church, conducted.

Mr. Shipman, aged 67 years, supposedly died of the stroke while riding in a trailer-truck enroute to Floydada just as the truck reached the edge of town. He came to Floydada from Bowie County, Texas. Leaving there about a month ago he worked along the way until reaching here.

Samuel H. Shipman was born August 28, 1866 in Missouri. He is survived by four sons: James E. Shipman, of Tulsa; R. T., of Clinton, Oklahoma; S. H. Jr., of Tulsa, and Le Roy, of Tulsa. James E. and Le Roy Shipman and the former's wife and four sons were traveling with the man at the time of his death.

Interment was in the Floydada cemetery.

SEE TECH BAYLOR GAME

Walton Hale, O. P. Rutledge, Richard Stovall, Bill Daily, J. B. Bishop and J. C. Wester, of Floydada, were among those from Floydada attending the Texas Technological College-Baylor University football game in Lubbock Friday afternoon.

Tech won the game over Baylor by a score of 13 to 0.

C. A. Cass, principal of the Lakeview school, underwent a tonsil operation at the Smith and Smith sanitarium Thursday. He was able to return to his work Monday.

W. B. Trice Sustained Painful Burns When Stove Caught Fire

W. B. "Marble Top" Trice sustained painful burns on his hands and arms and neck Friday morning early when the gasoline store in his sand-

wich shop caught fire. The accident occurred when Mr. Trice started to light the stove.

The interior of the building was also slightly damaged by the blaze which was quickly extinguished. The sandwich shop is located across the street west of Davis Gin Company.

Wake Up Your Liver Bile — Without Calomel

And You'll Jump Out of Bed in the Morning 'Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a black, bad taste and your breath is foul, skin often breaks out in pimples. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. See at drug stores. ©1931 C. M. Co.

Jake and Dudley Hill Are Called to Sick Sister's Bedside at Ft. Worth

Jake and Dudley Hill, of Floydada, went to Fort Worth Saturday night to be at the bedside of their sister, Mrs. R. L. Estes, who was in a hospital there. Mrs. Estes underwent a major operation Monday of last week.

Mrs. J. L. Taylor, of Oklahoma City, mother of Mrs. Estes, and Jake and Dudley, was present at her daughter's bedside. Mrs. Estes' condition was improved at the time Jake and Dudley returned home Wednesday morning and she was to be dismissed from the hospital today. They were accompanied to Fort Worth by Virgil Shaw.

MR. AND MRS. L. G. MATHEWS ENTERTAIN WITH SERIES OF PARTIES

Mr. and Mrs. L. G. Mathews this week are entertaining with a series of "42" parties at their home, 720 South Wall street. The Thanksgiving motif is being carried out in the invitations, tallies, decorations and refreshments.

In the games Tuesday evening high score was held by Mrs. A. P. Horn for the ladies and Mr. Edd Brown for the men.

Guest list included: Mr. and Mrs. D. D. Shipley, Mr. and Mrs. F. C. Harmon, Mr. and Mrs. Edd Brown, Mr. and Mrs. J. M. Willson, Mr. and Mrs. G. C. Tubbs, Mr. and Mrs. Roy Snodgrass, Dr. and Mrs. W. M. Houghton, Dr. and Mrs. Geo. Smith, Mr. and Mrs. Wilson Kimble, Mr. and Mrs. R. E. Fry, Mr. and Mrs. Geo. A. Linder, Mr. and Mrs. A. P. Horn, Mr. and Mrs. J. C. Newsome, Mrs. A. J. Welch, Mrs. Alma Smalley.

Last night high score in the games was held by Calvin Steen for the men and Mrs. Frank L. Moore, Mrs. J. C. Gilliam and Mrs. Luther Fry, tied for high score for women.

Guest list included: Dr. and Mrs. V. Andrews, Mr. and Mrs. E. L. Angus, Mr. and Mrs. Homer Steen, Mr. and Mrs. Bob McGuire, Mr. and Mrs. Calvin Steen, Mr. and Mrs. Walton Hale, Mr. and Mrs. Harry Morekel, Mr. and Mrs. A. D. Cummings, Tom Goslee, Mr. and Mrs. Luther Fry, Mr. and Mrs. T. P. Collins, Mr. and Mrs. J. C. Gilliam, Mr. and Mrs. L. T. Bishop, Mr. and Mrs. Frank L. Moore, Mr. and Mrs. Claude Martin, Mr. and Mrs. Jess Covington.

Mr. and Mrs. Mathews will conclude their series of parties with the one this evening.

COUNTY RELIEF COMMITTEE MEMBERS ATTEND C. W. A. MEETING IN AUSTIN

Discussions of the rules and regulations of the Civil Works Administration were heard in Austin this week by delegations from counties all over the state. Judge Jeff D. Ayres, chairman, of the county relief administration and Burl Bedford, county relief administrator, attended officially from Floyd County.

Lawrence Westbrook, director of the Texas Relief Commission, was in general charge of the session and explained rules and regulations and plans of the Civil Works Administration of Texas.

No C. W. A. projects have yet been set for Floyd County although there has been slight discussion of several. Public projects will be submitted to the state through the local relief administrator and if granted will be allotted funds through the state commission. \$24,000,000.00 has been allocated to the state of Texas for Civil Works Administration.

Further instructions as to Floyd County's participation in the Texas C. W. A. will probably be given by Judge Ayres and Mr. Bedford after their return from Austin. They are expected to be here today.

J. W. Howard, county judge, and W. C. Hanna, mayor, also attended from Floydada. C. J. McCollum and Mayor Henry Hohlaus, of Lockney, represented that town.

Mr. and Mrs. O. G. Tumlinson, and family, of Lubbock, and Miss Edna Tumlinson, visited in Floydada Sunday with Mr. Tumlinson's mother, Mrs. P. C. Tumlinson who is ill at the home of her daughter, Mrs. J. L. Fuller.

Mr. and Mrs. John A. Hollums left Saturday morning for Fort Worth where they visited on business.

RED CROSS ROLL CALL STARTED THIS MORNING AT NINE O'CLOCK

Committees under the direction of Mrs. Geo. A. Linder, roll call chairman for Floyd County, this morning at nine o'clock started the annual drive to raise Floyd County's quota for the American National Red Cross.

The quota for Floydada and the south half of the county is \$350.00 and that for Lockney and the north half of the county is \$250.00. This amount is to be raised today and Saturday in two drives.

Floydada and this half of the county has been divided into four zones for the drives. Mrs. Geo. Smith, Mrs. O. P. Rutledge, Mrs. J. B. Jenkins and Mrs. Walton Hale are zone captains.

Members of Mrs. Smith's committee are: Mrs. Paul Jacobsen, Mrs. R. L. Henry, Mrs. N. W. Williams, Mrs. B. P. Woody, Mrs. Billy Daily, Mrs. Bob Eubank, Mrs. Geo. McAllister, Mrs. Thurmon Bishop, Mrs. E. P. Nelson, Mrs. W. I. Cannaday and Mrs. S. W. Ross.

Mrs. Rutledge's Group: Mesdames Homer Steen, E. L. Angus, J. D. McBrien, L. G. Mathews, Virgil Williams, Bill Sharp, Joe Breed, and E. S. Randerson. Included in Mrs. Jenkins zone are: Mesdames Edd Brown, Fred Brown, J. N. Farris, W. M. Houghton, R. E. Fry, John Hammonds and E. L. Norman.

Members of Mrs. Hale's group are Mesdames Jeff Welborn, J. A. Arwine, Calvin Steen, J. U. Borum, C. L. Minor, A. D. Cummings, John McCleskey, Luther Fry, Roy O'Brien and Tom McClung.

Superintendent A. D. Cummings is in charge of the Red Cross drive in the Floydada High School and O. K. Davis at the Andrews Ward. Members of the above named committees met at the Chamber of Commerce office this morning at nine o'clock to begin the drive.

Members of the Lockney and the North half of the county committee are: Mrs. Olin Ridings, Mrs. Luther Cooper, Mrs. R. C. McGilvary and Mrs. Carl McAdams.

THREE MILES OF HIGHWAY 28 ARE 75 PERCENT COMPLETE, WORK PROGRESSES

Work on the highway 28 grading and drainage construction by the American Paving Corporation is progressing in rapid order this week. Three miles of the 18 are 75 percent complete. Six culverts have been completed and excavations for 2 more started.

The last payroll list completed in the office of the American Paving Corporation in Floydada showed 23 employees on the project with \$1000.00 a week average payroll. Two shifts of men are being used on the job. The list is expected to increase to 75 or 80 men on the next two weeks payroll.

David H. Orand, field representative for the National Relief Service, was in Floydada the first of this week and apparently was well pleased with the work now underway in the county.

WILL FLOYD COUNTY LAND MAKE TWO BALES OF COTTON PER ACRE?

That's the question that John Hollums intends to be able to answer next fall. Mr. Hollums has bought a bushel of Cosgrove seed, from Alvarado, Texas, and will plant it on his farm below the caprock and see if he gets any better results.

Mr. Hollums bought the seed from C. H. Park & Company at Alvarado, Texas, for \$12.50 for the bushel. In and around Alvarado the seed produced two and one-half bales to the acre.

Mr. Hollums decided to experiment with the seed when he was in Alvarado last summer and saw fields of cotton grown from it.

Smart buyers ARE PUTTING ON NEW GOODYEARS Now!

FIRST for non-skid safety and protection against trouble on winter's slippery, darker, colder roads.

SECOND for greater mileage. New rubber wears longer on cool roads. Goodyears put on now will still be almost new next spring.

THIRD for low-cost economy. Most Goodyears today are still lower-priced than a year ago.

Good reasons, these, for buying now. Why not trade up your troubles before they happen?

Most sizes as low-priced as a year ago — yet you get a 20% thicker tread with Full Center Traction and greater mileage.

HIGGINBOTHAM-BARTLETT COMPANY BUILDINGS HERE SOLD TO PLAINVIEW FIRM

The frame structures, located on West Missouri street, which formerly housed the Higginbotham-Bartlett Lumber Company in Floydada have been sold to the Texas Land and Development Company of Plainview.

Workmen are busy this week tearing down part of the property prior to moving it to Plainview where other buildings will be constructed or repaired. Only a part of the buildings will be moved at the present time, the remainder to be sold or moved later.

Frank Howell, whose feed grinding mill is located in the yard, said that he planned to secure another location in a few weeks.

This Month Is The Last For Payments On Split-Tax Plan

This month is the last that taxes may be paid using the split tax payment plan. If one-half of the taxes are paid by the end of this month the remaining half will run to June 30 without interest on 33 taxes.

Frank L. Moore, county tax collector, reported tax collections improving this fall.

THE VERY LATEST

It took a few weeks for designers and manufacturers of women's coats to learn the outstanding successes of the year and this was gleaned only through the sale of winter coats to Miss and Mrs. America.

It is the elaboration of the scarf in the flat supple types of furs that caught madame's fancy. There are butterfly scarfs, ascot scarfs and vertical scarfs. As illustrated above, the vertical scarf, adjustable with brown bone ring, tells the story of how fur scarfs are treated on the popular coat models.

In fabrics the dull woolsens, imported diagonals and ribbed boucles are the favorites... and colors too if one wishes to get away from black for a change.
