

The Floyd County Plainsman

VOLUME NO. 5

Floydada, Floyd County, Texas, August 30, 1934

NUMBER 36

Marshall Wins District Clerk, Nelson County Supt. And Folley District Judge

George B. Marshall was elected over Robert McGuire in the Floyd County District Clerk's race in Saturday's election by a vote of 1601 to McGuire's 1025. E. C. Nelson was elected over C. A. Cass by a vote of 1461 to 1192 in the County Superintendent's race.

Marshall and McGuire went into the run off after Roy O'Brien, present district clerk, was eliminated in the first primary as was J. J. Davis. Nelson and Cass went into the run off after eliminating Price Scott, incumbent and Floyd Blankenship, former Dougherty school teacher.

A. J. Folley, present district attorney, carried all four counties in the district in the district judge's race over H. A. C. Brummett, of Diskens county. The vote in Floyd County was Folley, 1690, Brummett 938.

Following is the result of the voting in the remainder of the races in the second primary:

For Governor:	
Tom F. Hunter	723
James V. Allred	1926
For Lieutenant Governor:	
Moore	1944
Woodul	859
Attorney General:	
McCraw	1133
Woodward	1256
R. R. Commissioner:	
Pundt	1404
Smith	996
Associate Justice Supreme Court:	
Sharp	956
Lattimore	1353
Congress 19th District:	
Mullican	923
Mahon	1579
Representative 120th District:	
Tarwater	592
Johnston	1916
Constable Precinct 1:	
Campbell	602
Davidson	578
Chairman Precinct 14 Antelope:	
Crawford	9
Poole	21

Voting in the election Saturday was slightly less than in the first primary on July 28, due probably to the rains and inclement weather conditions.

M. F. Hampton, Aged 78, Died Monday Morning Following Illness

M. F. Hampton, aged 78 years, 7 months and 3 days, died Monday morning at 6:45 o'clock at his home, 602 West Virginia street, where he had been ill for several days. A cancer of the liver was given as the cause of his death.

Mr. Hampton was born January 24, 1856. He had been a resident of Floyd County for a number of years.

Surviving Mr. Hampton are the widow and the following children: M. S. Hampton, of Oklahoma City; J. P. Hampton, of Sanger, Texas; Ben Hampton, of Sanger, Texas; Ross Hampton, of Apache, Oklahoma; Mrs. Clarence Snodgrass, of Houston, Texas; and one daughter of Floydada.

Funeral services were held Tuesday afternoon at 5 o'clock from the home. Rev. I. A. Smith, pastor of the First Methodist Church, conducted. Mrs. Boone Hall and Mrs. Geo. A. Linder, sang a special duet. A quartette composed of E. E. Hinson, G. C. Tubbs, T. T. Gollightly and J. G. Wood, sang two numbers.

Pallbearers were: O. T. Williams, Homer Steen, Roy Sanders, Tom Deen, Pleas Nelson, Tom Fields.

Flower girls were Robertine McIntire, Jeanne Williams, Dona Beth Nichols, Nell Patton, Winnie Roba Browning and Mozelle Stephenson. Interment was in the Floydada cemetery.

Mrs. A. B. Clark went to Clovis, New Mexico, Sunday where she visited with Mrs. E. D. Tarpley, her sister.

Leo Jackson, of Center, who promises to make the varsity football team at West Texas State Teachers College in Canyon this year, left Monday for Canyon to prepare for the opening of the fall grid season. He accompanied Coach A. L. Baggett, Canyon coach, who was in Floydada looking for football material.

1501 Farmers Represented In Bankhead Applications Taken For Floyd County

A total of 1501 Floyd County cotton farms are represented in applications, for Bankhead law tax exemption tags, which are being checked over by the Floyd County committeemen in the court house at the present time.

When Floyd County committeemen finish their work the applications will be sent to College Station, Texas, for approval and the tax exemption certificates will be mailed direct to J. S. Porcher, assistant county agent in charge of the Bankhead plan in Floyd County. Mr. Porcher will issue the certificates to Floyd County farmers.

FLOYD COUNTY GREATLY BENEFITTED BY HEAVY RAINS

Floyd County farmers have changed their aspect toward the future, at least partly, since the good rains that fell Thursday, Friday and Saturday and Monday night. Every section of the county received at least two inches and in many places more than that amount.

Much benefit is expected to be derived from the general rains as a good season was left for plowing and preparing wheat land for planting and late feed and cotton was benefited, the latter crop only slightly however.

The rain, first of which fell Thursday night, broke a drouth of several weeks in Floyd County, which had caused crop outlooks to be dim. Farmers say now, however, that some of the late feed will make and that millet and sorghum will make for fodder this fall. Cotton, now advanced to maturity, will not be greatly benefited.

Several wheat farmers in the county have started plowing and others plan to start the latter part of this week as soon as the soil becomes dry enough. Within a short time after this if another rain is received the land will be planted and this will furnish wheat pasturage during the winter for stock.

Rainfall the first days was heavier in the north portion of the county. Irrigation wells in and around Aiken, which had been in full blast for weeks, were shut down after the rains. Monday night the rainfall was heavier in the South East portion of the county.

A. H. Kreis reported about two and one-half inches of rain during the four days. Barney Wilkes, who has 2900 acres of wheat land southeast of Floydada about 25 miles, reported enough rain to start plowing during Thursday and Friday and that he had a quarter of an inch Monday night.

Floyd County's rains were part of those that broke a long drouth all over the plains. Rains have been had from the caprock west to Colorado during the time.

Training Camp For Floydada High Schools Whirlwinds Operative

A training camp for prospective members of the Floydada High School Whirlwinds team is under way this week at Roaring Springs parkside and swimming pool south of Roaring Springs, Texas.

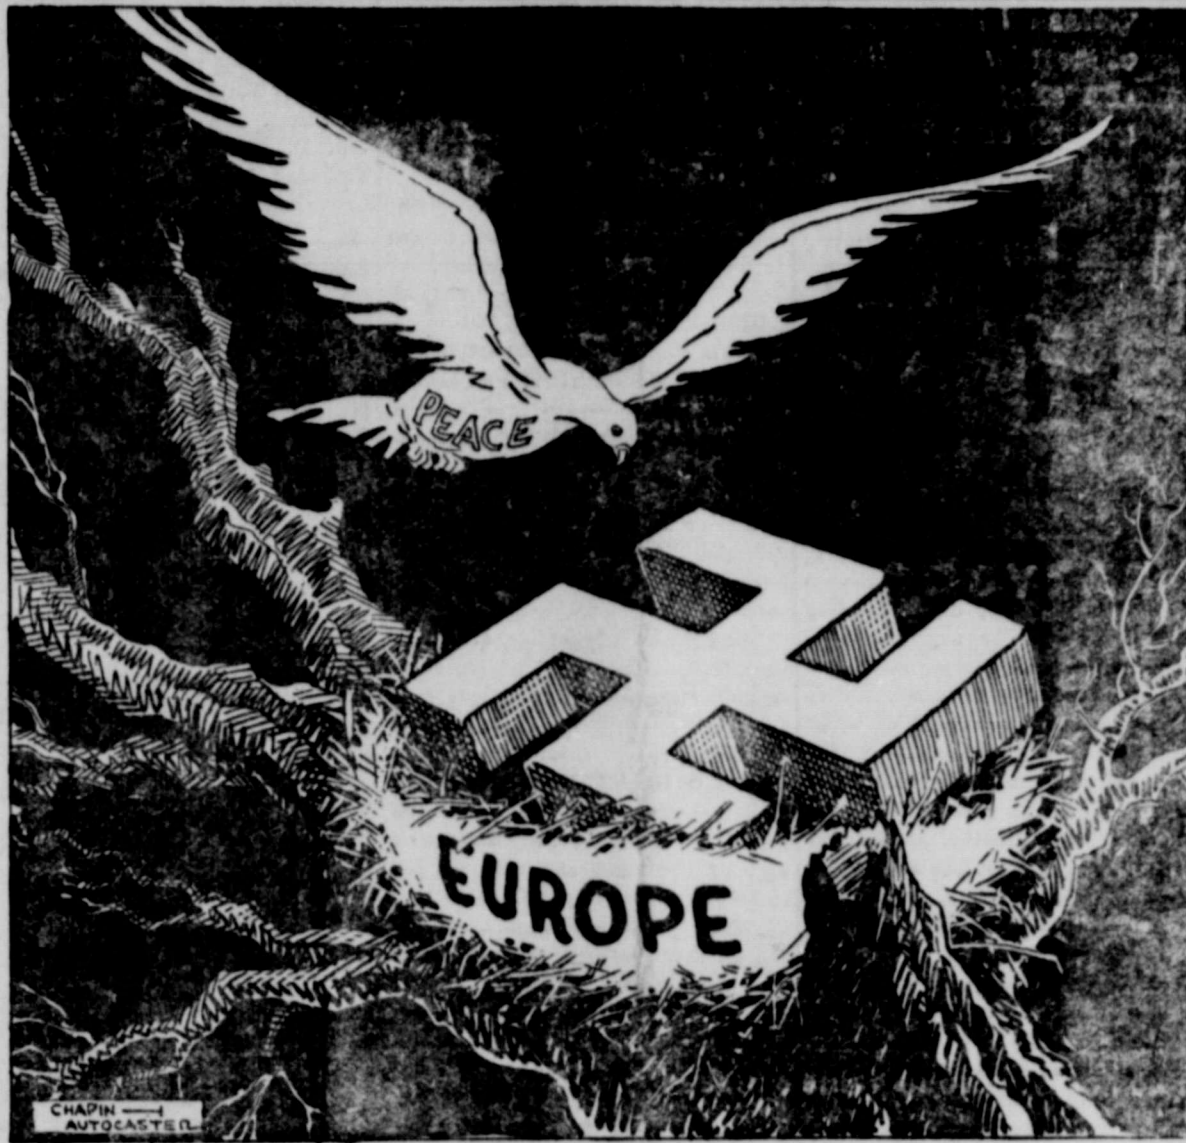

Several young men, together with Coach R. P. Terrell and Assistant Coach E. C. Carter left Monday morning for a week's stay at the springs. They will camp out and go into hard physical training each day, as well as skull practice daily. Prospects are good for a district championship calibre team during this year.

The Whirlwinds with their coaches will return the latter part of this week to get ready for school opening Monday morning and prepare for active scrimmage and football experience when the grid season opens.

Mrs. W. O. Jones and children returned Sunday from Jonesboro, Texas, where they had spent a month visiting with Mrs. Jones' parents, Mr. and Mrs. J. T. Watson.

Mr. and Mrs. Glad Snodgrass visited the first of this week in Amarillo with relatives.

Second Applications For Emergency Feed Loans Now Being Taken Here

Second applications for government emergency feed and forage seed loans are being taken at the office of the County Relief Administration, Miss Wilma Fuller, in charge of applications said yesterday.

A total of 50 loans in the second grouping had been applied for up to yesterday. Applications of second loans may be made not before 25 days from date of checks of the first loans. Approximately 275 loans were made in the first loans.

Miss Blanche Ramsey And Mr. Raymond Williams Married Sunday Morning

Miss Blanche Ramsey, daughter of Mr. and Mrs. M. D. Ramsey of Harmony, and Mr. Raymond Williams, son of Mr. and Mrs. L. A. Williams, of that community, were married Sunday morning at 7 o'clock.

The ceremony was held at the home of the bride with the Rev. F. O. Garner, pastor of the Petersburg church, officiating.

Miss Margaret Johnston was the bride's only attendant and Mr. Roy Hale was the best man. Only members of the family were the others present.

The bride was reared in Floyd County and attended the schools in Floydada and Harmony. She finished Floydada High School with the class of 1926.

The groom was also reared in this county. He finished Floydada High School with the class of 1928. He attended Texas Tech College and later Draughton's business college in Lubbock.

Mr. and Mrs. Williams will make their home at 207 West Mississippi street in Floydada for the present time. He is employed at the Consumers Fuel Association.

DR. K. J. CLEMENTS WILL OPEN OFFICE IN FLOYDADA WITHIN FEW DAYS

Dr. K. J. Clements, Osteopathic physician and surgeon, of Plainville, this week announced that he will open office in Floydada for three days each week. Date of his first time here has not been definitely announced but patients are asked to watch the Plainsman for further information.

Dr. Clements, who has an extensive practice in Floyd County, is opening office in Floydada to accommodate patients and also save them expense and time of going to Plainville.

Waterfowl Hunters—Attention; Buy A Stamp Before You Shoot

Every hunter of migratory waterfowl over 16 years of age is now required to have in his possession a migratory bird hunting stamp. This is the requirement of an Act of Congress approved by the President to become effective June 16, 1934, and designed to aid the program for restoration of migratory waterfowl by purchase of suitable breeding, feeding, and resting areas. The stamps will be sold at \$1.00 each, and the proceeds will be used in the important program of waterfowl restoration.

Stamps can be purchased at post offices—in all county seats. In all cities having a population of 2,500 or more. At other points convenient to waterfowl centers.

Stamps are on sale annually on and after July 1. They expire on June 30. They must be affixed to the state hunting license, or, if no state license is required, to a certificate furnished by the postmaster. Form of application will be furnished by the postmaster.

Hunting waterfowl without a stamp is unlawful. It is punishable by a fine of not more than \$500, or by imprisonment for not more than six months, or by both fine and imprisonment.

Miss Maudell Dukeminier And Mr. C. E. Meredith Married At Wellington

Miss Maudell Dukeminier, of Wellington, Texas, and Mr. C. E. Meredith, son of Mrs. C. E. Meredith of Floydada, were married Wednesday morning at 7:30 o'clock at the first Baptist Church in Wellington.

It was a very beautiful church wedding. The groom's mother, Mrs. Meredith, his sisters, Misses Vera and Maudie of Floydada, and brother H. D. Meredith and family, attended from Floydada.

The groom is well and favorably known in Floyd County, having been born and reared here and receiving his elementary education in Floyd County's schools. He finished Floyd High School in 1928 and later attended Simmons University at Abilene, where he finished in 1932 with an A. B. degree. He taught school in Floyd County for two years and in 1933-34 taught at Wellington. Recently he was ordained to the Baptist ministry at the First Baptist Church in Floydada and holds two pastorates in Collingsworth county, near Wellington.

Mr. and Mrs. Meredith will make their home in Wellington where he will teach in the schools.

C. M. Meredith Selected Sec.-Treas. Floydada Nat'l Farm Loan Association

C. M. Meredith Monday morning assumed his duties as Secretary-Treasurer of the Floydada National Farm Loan Association. Mr. Meredith succeeds Joe Breed who has gone to Houston where he is employed in the Federal Land Bank, of which the Floydada National Farm Loan Association is a branch office.

Mr. Meredith is conducting the office as has been the case before. Making loans, collecting and transacting business in regular routine manner, for the Federal Land Bank at Houston, is Mr. Meredith's duties. W. A. Cates, is president of the Floydada National Farm Loan Association. Directors are W. A. Cates, J. H. Shurber, W. C. Hanna, W. F. Weatherly and T. J. Heard. Mr. Meredith's office is located as before, in the rear of the First National Bank Building. Mr. and Mrs. Breed have gone to Houston where, on September 1, Mr. Breed will assume his duties in the Federal Land Bank. Miss Nita Merle Hanna has been employed by Mr. Meredith as stenographer.

Amplifying Device Makes Heart-Beat Audible In Large Lecture Room

Austin, Texas, August 27.—An amplifying device which will make a heart-throb audible throughout a large lecture room is being "hooked up" by Dr. Paul Boner, professor of physics at The University of Texas.

The device will make audible the movement of the molecules in a piece of iron, and the noise created by electrons jostling each other in a piece of wire.

This large amplifier unit is being devised by Dr. Boner as a part of his program for making physics I, the elementary course in the subject of more interest to freshmen students. This piece of apparatus, along with others of almost equally astonishing versatility, will be demonstrated in the lecture room for the first time early this fall.

Some of the devices to be shown will be largely "tricks" of the trade, but others will have serious scientific value, and all will be based on technical fundamentals of the physical sciences.

This amplifying system will also be used in connection with two high quality, wide-range phonograph which the department owns. The maximum amplification of the device will be ten to the eighteenth power, an almost inconceivable ratio for the lay mind, and the distortion will be extremely small, Dr. Boner said.

Government Cattle Buying Program In Floyd Co. Consumes 2780 Head

The United States Government's cattle buying program in Floyd County has consumed a total of 2780 head of cattle up to Saturday night when the week's three day buying was brought to an end. About fifty percent were shipped and the other fifty percent condemned and shot.

Floyd County has been combined with Crosby county in the buying program. The veterinarian and appraiser work in Crosby county Monday, Tuesday and Wednesday and in Floyd County Thursday Friday and Saturday. Floyd County had previously been grouped with Hale county.

FLOYDADA PUBLIC SCHOOLS TO 1934-1935 TERM SATURDAY

The Floydada Public Schools will open the 1934-35 term Saturday of this week with a teachers meeting at the Floydada High School building. Students will enroll Monday, September 3, to receive books and assignments.

Students in grades up to and including the 7th will report to Andrews Ward, and all high school students will report to high school. School will be operated on the six weeks period this term rather than on the four week period.

Four new teachers have been employed to fill vacancies in the faculty, one in the high school and three in the ward school. Miss Mary Wilbanks, of Spearman, will teach home economics in the high school, succeeding Mrs. Richard Stovall, resigned. Miss Gene Smalley will teach in the Andrews Ward. She is a graduate of West Texas State Teachers College in Canyon.

Miss Ruth Wiseman, of Channing, Texas, who holds a B. A. degree from West Texas State Teachers College, and Miss Helen Blythe, who has a B. A. degree from Oklahoma University and a M. A. degree from Northwestern University at Evanston, Illinois, will also teach in Andrews Ward school. Miss Wilbanks, who will teach in the economics department of the high school, is a Texas Tech graduate.

Following is a list of the faculty in high school: A. D. Cummings, superintendent, teaching civics and economics; O. T. Williams, principal, teaching vocational agriculture; W. A. King, science; E. C. Potter, commercial subjects; R. P. Terrell, coach of athletics and teaching mathematics; Miss Lois Freeman, Spanish and Latin; Miss Nadine Slaughter, library and public speaking; Miss Mandie Joe Fields, English; Mrs. Lon V. Smith, English; Miss Daltis Rea, dean of girls and history; Miss Sudie Miller, history.

Following is the remainder of the faculty of Andrews Ward: O. K. Davis, principal; J. H. Myers, Ernest Carter, Miss Lula Belsher, Mrs. J. N. Johnston, Miss Eulalia Burrus, Miss Vera Meredith, Miss Emma Lou McKinney, Miss Fannie Bolding, Miss Ruby Norton.

THANKS THE PEOPLE

I desire to express my sincere thanks to the voters of Floyd County for electing me to the office of County School Superintendent and to my many friends who so ably assisted me and stood by me so nobly.

I shall ever be grateful to you, and according to promise will do all I can for each and every school in Floyd County, giving all an equal and square deal.

When I can be of service to you, call on me.

E. C. NELSON.

THANKS THE VOTERS

I wish to thank the people for their kindness in nominating me for District Clerk.

GEORGE B. MARSHALL.

Mrs. Roy Owen spent last week week end visiting in Sulphur Springs with Mr. and Mrs. D. L. Owens.

Mr. and Mrs. O. P. Rutledge and daughter, Ruth, and son Randolph, left Saturday for a two weeks vacation visit in Ruidoso and other points in New Mexico.

TO THE VOTERS OF THE 19th CONGRESSIONAL DISTRICT:

"This is to thank my good friends and neighbors of Lubbock and all counties of this district for their unswerving loyalty and support in my race for Congress.

"To the victor belongs the spoils, but I assure you that vanquished is equally happy in the knowledge that he fought a good fight and kept the faith and that he has so conducted his campaign as to have nothing to look back upon with regret.

"The people have made their choice. The Democratic Voice has spoken. Now let all of us cast aside our campaign prejudices and feelings and unite behind the young man who assumes the mantle of responsibility, to the end that he may achieve for the common good.

"I salute the first Congressman from the 19th District. I extend sincere congratulations and all good wishes, together with my warm personal friendship.

"To those who have worked and traveled and labored so faithfully and untiringly in my behalf, I express undying thanks and appreciation. You have been my friends; I assure you I am yours, now and forever.

"To those who opposed me, I have only the highest admiration for your sportsmanship and your fairness. With few exceptions you have been a gallant and friendly bunch, and I have enjoyed the contest of 'thrust and parry' with you immensely. There are no scars to heal and no regrets to offer.

"I salute you all, and wish for our united people the hope of the future, which is the attainment of happiness and contentment as our goal of life."

Sincerely,
CLARK M. MULLOAN.

MAHON'S STATEMENT

From his home in Colorado City, George Mahon gave the following statement to the Floyd County Plainsman:

"I feel under everlasting obligation to the people of the 19th Congressional district for the vote given me Saturday. I find myself incapable of fully expressing my appreciation.

"In the great task that is before us, I solicit the support and good will of all our people throughout the district.

"Signed: GEORGE MAHON."

Expect Immediate Action On Less Than \$25.00 Loans From Government

Geo. Susens, acting director, emergency crop and feed loan section of the Farm Credit Administration, has advised by wire the following:

"Federal emergency relief administration indicates immediate action where amounts under twenty five dollars are needed in Texas."

"In accordance with the above we are of the opinion that the local county administrator will be notified by the state director of the Texas Relief Commission regarding loans of less than \$25.00 per month needed and applied for by farmers and stockmen for feed requirements," Miss Wilma Fuller in charge of taking applications for loans, said.

HOUSE JOINT RESOLUTION NO. 14

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That there be added to Article IX of the Constitution of the State of Texas a new section to be numbered Section 2-A and to have five (5) lettered subdivisions and which sections shall read as follows:

Section 2-A.
 (a) General management and control of the affairs of the County shall hereafter be vested in the Commissioners Court, provided that in the exercise of powers not specifically granted to the Commissioners Court by the Constitution and Amendments thereto, the Court shall be subject to the authority of the Legislature of the State, and the Court shall also be subject to all general laws of the State now in force not in conflict with the provisions of this Amendment until such laws are modified or repealed.

(b) All duties heretofore performed by the Clerk of the District Court and the County Clerk shall hereafter be performed by an officer to be known as Record Clerk; all duties heretofore performed by the County Tax Assessor and the County Tax Collector shall hereafter be performed by one officer known as Tax Clerk; and in the counties where the sheriff performs the duties of the Tax Collector he may hereafter perform the duties of the Tax Clerk. The Record Clerk and the Tax Clerk shall be elected to hold office for a term of two (2) years and until their successors shall be elected and qualified. The Commissioners Court shall have authority to combine the office of County Treasurer and the office of County Surveyor, or to combine either, or both, of said offices with any county office. Within the maximum and minimum limits prescribed by the Legislature the Commissioners Court shall have authority to fix the compensation of all county and precinct officers except County Auditor, County Judge and County Commissioners. The Legislature shall fix the compensation of District Judges, District Attorneys, County Judges and the County Commissioners and may provide for a County Auditor and prescribe his duties and fix his compensation and the number and compensation of his assistants. The Commissioners Court shall fix the compensation of and determine the number of deputies, assistants and clerical personnel of all precinct officers and county officers except the county auditor.

(c) City and county officers and employees may, in addition to their duties as such city and county officers or employees, be required to perform such other similar duties for cities, towns and districts within the county, or for the county, as may be mutually agreed upon and contracted for between the Commissioners Court of said county and the governing board, or boards, of such cities, towns and districts; and the cost of such service shall be provided for in said contracts and paid by such county, cities, towns or districts into the Treasury of the county or city, town or district, as provided for in said contract. All such contracts shall be approved by the Attorney General of this State and such contracts shall not cover a period longer than two (2) years.

(d) The Legislature shall have authority, by general law, to provide for complete forms of county government and organizations different from that provided for in this Constitution to become effective in any county when submitted in such manner as may be prescribed by the Legislature to the qualified voters of such county in an election held for such purpose and approved by a majority of the qualified voters voting in said election. Provided, however, that no such law shall impair the authority of the Commissioners Court to determine the compensation of county and precinct officers other than the County Auditor, to fix the number of assistants, deputies, and clerical personnel which said officers may employ; nor shall such general law change the present constitutional limitations as to particular and total tax levies for any or all county purposes; nor shall such general law change the present constitutional limitations on counties to incur public debts.

(e) In any and all cases where provisions of the Constitution of this State are in conflict with the provisions of this Amendment, the provision of this Amendment (Section 2-A, Article IX) shall control; provided, however, should any county adopt a Home Rule Charter under authority of any provisions of the State Constitution or Amendment thereto, this Amendment shall not be applicable to such county.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State,

qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November A. D. 1934, at which election each ballot shall have printed thereon the words:

"For the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government and different than as now provided by law."
 "Against the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government, and different than as now provided by law."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

SENATE JOINT RESOLUTION NO. 2

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That the Constitution of the State of Texas, Article 16, be amended by adding thereto another Section, Section 61, which shall read as follows:

"Section 61. All district officers in the State and all county officers in counties having a population of twenty thousand (20,000), or more, according to the then last preceding Federal census, shall hereafter be compensated on a salary basis. In all counties of this State the Commissioners' Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis; and in counties having a population of less than twenty thousand (20,000) according to the then last preceding Federal census, the Commissioners' Court shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis. All fees earned by district, county or precinct officers shall be paid into the County Treasury where earned, for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where pauper's oath is filed, shall be paid to the County Treasury, when collected, and provided that where any officer is compensated wholly on a fee basis, such fees may be retained by such officer, or paid into the Treasury of the county as the Commissioners' Court may direct. All Notaries Public, County Surveyors and Public Weighers shall continue to be compensated on a fee basis."

Section 2. The foregoing Constitutional Amendment shall be submitted to vote of the qualified voters of this State and the next general election to be held on Tuesday, after the first Monday in November, A. D. 1934, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners' Court to determine whether County officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

"Against the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners' Court to determine whether county officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

HOUSE JOINT RESOLUTION NO. 41

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Section 5, of Article XI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 5. Cities having more than five thousand (5000) inhabitants may, by a majority vote of the qualified voters of said city, at an election held for that purpose, adopt or amend their charters, subject to such limitations as may be prescribed by the Legislature, and providing that no charter or any ordinance passed under said charter shall contain any provision inconsistent with the Constitution of the State, or of the general laws enacted by the Legislature of this State; said cities may levy, assess and collect such taxes as may be authorized by law or by their charters; but no tax for any purpose shall ever be lawful for any one year, which shall exceed two and one-half per cent (2½%) of the taxable property of such city, and no debt shall ever be created by any city, unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and creating a sinking fund for at least two per cent (2%) thereon; provided further, that no city charter shall be altered, amended or repealed oftener than every twelve (12) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at the next general election, to be held on the first Tuesday after the first Monday in November, 1934; at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months;" and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months."

FATHER AND SON ELECTED TO OFFICES ON SAME DAY IS E. C. NELSON'S RECORD

Like father, like son is true in elections as well as life, so demonstrated E. C. Nelson Sr., of Floydada, and E. C. Nelson Jr., of Amarillo. On the same day they both were elected to offices in Saturday's election.

The father, E. C. Nelson, was elected as county superintendent of public instruction of Floyd County and the Junior, was elected as district judge in the Amarillo district, composed of Potter, Armstrong and Randall counties. Mr. Nelson of Floydada won over C. A. Cass, and Mr. Nelson of Amarillo won over Henry S. Bishop present judge of Amarillo district.

Mr. Nelson of Amarillo is a former resident of Floydada and was formerly judge of Floyd County.

APPROXIMATELY \$235,000 HAVE BEEN MAILED OUT TO REHABILITATION PROJECTS

Austin, August 27.—Checks totaling approximately \$235,000, representing the Federal Government's allotment to Texas counties for rural rehabilitation projects, were being made out today for administrators in 146 Texas counties.

The bulk of this money, according to J. E. Stanford head of the rural rehabilitation department of the Texas relief commission, will be used to lease and repair farm houses with sufficient tillable land to produce food and feed requirements of the families who will occupy them. A part of the fund also will go for such capital goods as milk cows, laying hens, meat hogs, brood sows, and supplementary feed for livestock. Still another part of the money will be used in the rebuilding of rural work centers, where citizens of the community may find employment during their spare time.

The "big push" in the rural rehabilitation program, Stanford said, will be in September and October, at which time most of the constructional work will be done in order to have clients established in their homes before winter. The rural rehabilitation program hopes to take thousands of families from relief rolls and establish them permanently in these new rural homes.

Mr. and Mrs. A. P. Horn returned Saturday from a week's visit in New Mexico and Colorado where they had been on a vacation visit.

MILLIONS OF DOLLARS

are held in old gold, platinum, silver and diamonds, that could be turned into cash today. The U. S. Government is paying \$35 per ounce prices no one ever dared to dream a few years ago. Every where, over the U. S. in every home, there is some old piece of gold, platinum, silver or diamond that could be turned into cash—irrespective of the shape or form these valuables may be.

It is of general knowledge, that the government will buy gold to a certain quantity—and thereafter, all buying will be done at the old prices only. If you have anything of value, old jewelry, broken bits of gold, silver, platinum or diamonds; old dental work containing gold—in fact anything, send it today without fail to the GOLD SMELTING & REFINERY CO., 253 South Broadway, Suite 221, Los Angeles, Calif. (If not satisfied with check sent for shipment, return it and you can have your shipment returned at once.)

TEETH FREQUENTLY CAUSE OTHER DISEASES OF THE HUMAN BODY

A fact that is not generally understood, according to Dr. John W. Brown, state health officer, is that diseased teeth frequently may be associated with diseases in other parts of the body. The inter-relationship and inter-dependence of the various parts which comprise this miraculous bodily mechanism are so sensitive that in many instances when matters go amiss, not only is the location of the infection affected but other parts become involved also.

Thus diseased teeth or gums may directly develop an infection of the nose, eye, head sinuses, the stomach and even the intestinal tract. Again, germs from a diseased mouth may be transported by the blood stream to the kidneys or heart, thus causing serious trouble frequently ending fatally. Even such extremely painful and tenacious conditions as neuritis and arthritis can often be directly traced to infections in and around the teeth.

The man or woman who respects health as the greatest of all earthly assets will do well to heed the ordinary principles of mouth hygiene; being conscientiously adhered to, they can be relied upon to protect against the conditions that take such a tremendous and unnecessary toll.

Thoroughly to cleanse the teeth daily by toothbrush and dental floss, and religiously to seek a periodic dental examination at least semi-annually, oftener if required, is merely practicing a common sense procedure which returns incalculable dividends.

ABLE TO VOTE

E. S. Randerson, Floyd County sheriff, who has been confined to his home for several weeks while recovering from injuries sustained in an automobile accident, was able to be in the courthouse Saturday and voted in the second primary election.

Mr. and Mrs. Frank L. Moore and family spent last week-end in Lubbock visiting with relatives.

MR. AND MRS. T. C. RUSSELL RETURN FROM LONG TRIP THROUGH CENTRAL U. S.

Mr. and Mrs. T. C. Russell returned Sunday night from a month's visit in Paragould, Arkansas, and many other points in Central United States. Misses Nella Frances and Marcella Faulk accompanied them on the trip, returning to Floydada after a two and a half month's visit with their mother, Mrs. Dove Faulk.

The party visited the World's Fair in Chicago and saw other interesting sights in that city. They visited with Mr. Russell's two sisters and brother in St. Louis, Missouri. After leaving the fair they toured Kentucky and Tennessee, visiting the Mammoth Cave in the former state. D. E. Wells, of near Lockney, joined the party at Paragould and went to the World's Fair with them.

TEXAS RELIEF COMMISSION ESTIMATE 30,000 FAMILIES MAY BE TRANSFERRED

Austin, August 27.—Thirty thousand Texas families will be included in the rural rehabilitation program by the end of the year, it was estimated by J. E. Stanford, head of the Texas Relief Commission Rural Rehabilitation Department.

The estimate was based on a survey in progress since April which also revealed that the department will be able eventually to secure approximately 15,000 vacant farm houses, premises and sustenance plots which will be made tenable for families approved for the rural rehabilitation lists. Of these houses, about 80 per cent will be in approximately 100 counties located in the eastern half of the state.

Leasing of these houses, together with sufficient tillable land in each case to produce the major food and feed requirements of the families occupying them now is under way and hundreds of executed leases, contracts of tenure for selected clients, and applications for capital goods are being received daily, Stanford said. Repair work actually has been started on several hundred of these leased houses and a small number of selected families have already been moved from towns to improved rural homes.

As soon as clients are placed in the repaired houses, the relief agency furnishes them with such capital goods as milk cows, laying hens, meat hogs, brood sows, seed and supplementary feed for livestock. It is estimated that some 35,000 to 40,000 dairy cows will be needed for families in the process of rehabilitation between now and the end of the year, while approximately 50,000 meat hogs and brood sows and around 400,000 laying hens will be required. Purchase of these farm animals and fowls already has been started.

The department already has approved four rural work centers, the Friendship community in Houston county, the Tennessee colony in Anderson county, a center at Rio Grande City, Starr County, and an emergency center in Cochran County.

Additional work centers in several South Texas counties suffering from the effects of last week's storm, were expected to be finally approved shortly. Stanford explained that projects will be approved for the building of farmers' markets, rural parks and playgrounds, subsistence or farm homestead colonies, roadside markets, the terracing of farm lands and other rural projects. He said he expected to have 25 to 50 work centers under construction within the next 30 to 60 days.

Stanford estimated it required roughly \$250 to repair a vacant house, buy the requisite capital goods and get a family off toward a self-sustaining basis. This is not a gift but is repaid in work on one of the rural projects.

To date, 31 rural supervisors, whose territories include 107 counties, have been placed in the field to work with the families approved for rural rehabilitation projects; however, it is expected that this force will have to be increased shortly to around 75 men.

The department's allotment for August is \$250,000, all from federal sources. This is expected to be gradually increased.

Ernest Patton spent the past week end visiting with his parents in Crowell, Texas.

Mr. and Mrs. H. H. Hatchett, of Clinton, Oklahoma, returned home visiting in Floydada while enroute home from points in New Mexico and Colorado where they had been vacationing.

Mr. and Mrs. W. M. Cauley have returned to Comanche where they make their home. Mrs. Cauley will be remembered as Miss Virginia Welch who was married to Mr. Cauley August 19 in Lubbock.

LABOR DAY 1934

The increased tempo of industries' revolving wheels is being heard throughout the land . . . Idle factory gates have again been thrown open and labor streams through, as the Nation's business shows general increase all along the line . . . It is Labor Day . . . The hour when America's millions pause to pay tribute. . . When labor is idle all business slows down. When labor earns, labor spends and business is good . . . Depression taught this lesson well, therefore the reason for rejoicing is good . . . This bank will be closed all day Monday, September 3, 1934.

HOUSE JOINT RESOLUTION NO. 30

Be It Resolved By The Legislature Of The State Of Texas:
 Section 1. That Section 16, Article VII of the Constitution of the State of Texas be amended so as to hereinafter read as follows:
 "Section 16. All land mentioned in Sections 11, 12 and 15 of Article VII of the Constitution of the State of Texas, now belonging to the University of Texas shall be subject to the taxation for county and school district purposes to the same extent as lands privately owned; provided they shall be rendered for taxation upon the values fixed by the State Tax Board and that the values fixed for school district purposes shall not exceed the values fixed for county purposes on the same land; and provided that the University of Texas from the University Available Fund, shall remit annually to each of the counties and school districts in which said lands are located an amount equal to the tax imposed upon said land for county and school district purposes."

Uses for Camphor

China uses camphor for embalming purposes. India burns vast quantities in its temples. But western countries are its largest consumers; and the United States takes about 50 per cent of the world's total supply. The demand for camphor increases not only when there is a severe epidemic of influenza, but when war breaks out or the moving picture industry is booming. Modern scientific research has found a score of new uses for it. Perfume bases, paint thinners, sterilizers, medicines and deodorants are made from various grades of camphor oil. Smokeless gun-powder calls for camphor in its manufacture. Celluloid, used for all kinds of articles, from the baby's rattle to moving picture film, is manufactured from some vegetable fiber like cotton or wood pulp; and camphor is the only substance that can make this cellulose base plastic.

Potash

The name potash was derived from the early method of producing the commodity. Wood ashes were placed in a pot and water poured over them from time to time. Then the mineral was extracted from the liquid. This method has even survived the mining of the large deposits of potash which were discovered in Germany in the middle of the last century, and which have since been the world's most important source. Before the World War the Strassfurt and Alsace deposits gave the kaiser control of much of the world's agriculture.

Wolverine Is Disliked

The wolverine is a despicable character, according to a zoologist. Larger than a shepherd dog, he prowls alone. He is such a greedy thief that by common repute he is known throughout the Canadian northwest as "the glutton" and "the devil." The wolverine raids cabins and systematically destroys. He will follow a trapper's line of traps and destroy every animal he finds in them. The wolverine is the only animal known which deliberately spoils property and fouls foods which he cannot eat or carry away. He is exceedingly sly and clever; it is almost impossible to keep a wolverine in confinement.

Curfew, English Custom, Still Observed in Places

The well-known recitation, "Curfew Must Not Ring Tonight" was written about the curfew bell of Chertsey church, near the Thames in Surrey, where it rings every night through the winter until March—as it has done for centuries, notes a writer in the Montreal Herald.

Chertsey is not the only place where the curfew can be heard, for these ancient bells are still rung in many towns and villages. This shows how general the custom was once, and one of the most important customs. Wherever there were people living, there the curfew had to be rung. These were the king's orders.

William the Conqueror was the first king to make this custom a strict law, and every night at eight o'clock the curfew bell was rung, which means that all fires and lights had to be put out, and everybody had to go indoors. Those found outside by the king's soldiers after the bell had rung were severely punished. As the years went by the rules were made less strict, and the hour of bedtime grew later.

It is said that only in one place was the curfew allowed to be rung later than anywhere else. This was at St. Mary-le-Moor, at Wallingford, in Berkshire, where the people rang the bell to welcome William after his victory at Hastings. As a reward for this welcome the new king granted permission for the curfew to be rung at nine o'clock at night.

Romance of Wedding Ring Dates to Egyptian Times

The Egyptians of old said that a delicate nerve runs from the fourth finger of the left hand to the heart, writes a correspondent in the Weekly Irish Times. So this finger is adorned with the wedding ring, the left hand being chosen to show that the woman is to be "subject to the man."

Ring posies or motifs were inscribed inside the rings given by men to women in the Sixteenth century. The "posies were" composed of rhyming lines, such as:
 "In thee, my choice, I do rejoice,
 "My heart and I until we die."
 "When this you see then think of me."
 "Not two, but one, till life is done."

The old Mispah ring—a gold ring bearing the word "Mispah"—was exchanged between lovers when they were to be parted for any length of time, the word Mispah being interpreted as "The Lord watch between thee and me when we are absent one from the other."

In ancient Rome special star-rings, dedicated to the Goddess of Health, were worn as protection against diseases and plagues. Part of the design of the ring was a coiled snake, the viper having been regarded as a symbol of healing. Perhaps this was the origin of the so-called "Hallowed Rings" of the Middle Ages—rings made from nails taken out of old coffins, which were supposed to cure cramps in the muscles.—Montreal Herald.

Mr. and Mrs. Clarence Foster, and son, Bruce, and W. B. Clark left Tuesday morning for Bentonville, Arkansas, where they are visiting with Mr. Clark's son and Mrs. Foster's brother, W. A. Clark. They will be gone a week.
