S. E. Duncan, City Secretary, Left Monday For Sanatorium

S. E. Duncan, city secretary, left Monday morning for Sanatorium where he entered the sanatorium for treatment of tuberculosis, and will probably be away for ninety days. He was accompanied by his wife, who will return home the last of the week.

C. W. Henderson, who was appointed by the city council last week, will have charge of the office during Mr. Duncan's absence.

Funeral Services Conducted for Jewel Myrul Mooney Tuesday

Funeral services were held Tuesday afternoon at 4:00 P. M. for Miss Jewel Myrul Mooney, who died in a Planview sanatorium Monday morning at 7 o'clock.

Jewell took sick Sunday night while visiting her aunt and was taken to Plainview early Monday morning where she died.

Miss Mooney was born January 23, 1922, and moved to Floydada with her parents when only a child. She was a junior in high school. The deceased is survived by her father and step-mother, Mr. and Mrs. O. R. Mooney; three brothers, Rex Mooney of California; Robert Lee, and Bird Terrell, of Floydada, and one sister, Joe Beth of Floydada.

Funeral services were held in the First Methodist Church by Rev. John E. Eldridge.

The Junior Class of the Floydada High School, attended the funeral in a body, and pallbearers were taken from her class: Elmer Briggs, W. C. Boren, C. W. Denison, Adolph Burgert, Melvin Jarboe, and Edward Wester.

Flower bearers were: Winifred Hodoge, Edna Mae Griffin, Nita Lu Craft, Francis Daniels, Jaunita Luttrell, and Francis Williams.

F. C. Harmon Funeral Home had charge of the arrangements.

Panhandle Speech Arts Festival Held In Amarillo Friday and Saturday

Mrs. Andrews and her pupils returned from the Panhandle Speech Arts Festival at Amarillo, Saturday evening. The pupils who entered the contest received the following grades:

- La Vern Russell, Superior
- Wilma Lois Russell, Superior
- Mary Helen Mickey, Superior
- Dorothy Greer, Superior
- Kenneth Baird Bishop, Superior
- Ruby Tibble, Excellent
- Mary Frances McRoberts, Excellent
- Bruce Foster, Excellent
- Lula Lee Teal, Good
- Frankie Wright, Good
- Eddie Wayne Conner, Good
- Armond Louis Cardinal, Good
- Richard Bradley Boyd, Good

The last five making an average of Good, had only been taking lessons from one to six months. The points of grading are: medium 80, fair 85, good 90, excellent 95, superior 100, and highly superior 100 plus.

At the teachers luncheon Saturday noon, the president, in a very beautiful delivery presented Mrs. Andrews a certificate-rating "Highly Superior" for promptness in enrolling and highest grade average on any single group of the Speech Festival.

Mrs. Andrews was also elected second vice president.

The reception given Friday afternoon at the beautiful home of Dr. and Mrs. Roach in honor of the teachers and their pupils was enjoyed very much by all who attended. It was unanimously voiced, "The Panhandle Speech Arts are growing better and better each year."

Geo. M. Finkner left today for Port Worth to return Friday with his daughter, Miss Fern Finkner, and Miss Margaret Smith, who are in T. W. C. The girls will be home for the Spring holidays which last a week.

Ellis Duncan and son, Billy, of Arizona, spent Monday and Tuesday in Floydada visiting Mrs. A. B. Duncan and family. Mr. Duncan is a son of W. V. Duncan, and nephew of Mrs. A. B. Duncan. They left Tuesday afternoon for their home in Arizona.

Mrs. May Fulbright is making a two weeks visit with her mother, Mrs. W. A. Shipley of this city.

Can't Something Be Done About This?

Leo Waite, educational director of the First Baptist Church in Lubbock, directed the song service at both sessions Wednesday.

Mrs. J. W. Ware of Dimmitt presided at the third session Wednesday night, for the Wayland College and young people's service. Appearing on the program at that hour was Miss Corine Brown, Lubbock; Wayland quartettes; and Mrs. Phil Maxwell, Dallas.

Mrs. W. E. Kirkpatrick of Dimmitt presided over the fourth session, Thursday morning. Among those on the program at that time were Mrs. Leon V. Smith, and Mrs. Vernon Shaw, of Floydada.

Mr. Muncy presided at the closing session Thursday afternoon, after which was dismissal.

Vaughn Horn, Formerly Of Floydada, Weds Miss Francis Odham

Vaughn Horn, son of Mr. and Mrs. Roy Horn, of Crosbyton, and former resident of Floydada, and Miss Francis Odham also of Crosbyton were united in marriage on Wednesday, March 16, in Ralls.

The couple went to Lubbock and purchased the marriage license, and stopped in Ralls on the way back home to be married. They are both home to be married. They are both students in the Crosbyton High School, and are on the debating team representing their school.

Mr. Horn is a grandson of Mr. and Mrs. J. M. Smith, and Mr. and Mrs. S. H. Horn both of Floydada. They will make their home in Crosbyton until the school term is out.

William Hinton, son of Mr. and Mrs. J. B. Hinton, entered business college at Dallas, Texas, March 22.

James Trueman Kirk Among Students of Honor Roll at University

Austin, Texas—Dean H. T. Parlin has announced the fall semester honor roll for the College of Arts and Sciences at The University of Texas. Among the students whose quality and quantity of work entitled them to a place on the honor roll was James Trueman Kirk of Floydada, Son of Mr. and Mrs. O. W. Kirk of this city.

Texas University To Hold Annual Round-Up Of "Exes" April 8-9

Austin—Fathers and Mothers of University of Texas students have received invitations to Round-Up, annual get-together of ex-students and friends of the institution, sent out recently by A. M. McAfee of Port Arthur, president of the Mothers' and Dads' Association of the University of Texas. Other officers of the association are Mrs. E. M. Wise of Houston, vice president, and Mrs. W. L. Eyles of San Antonio, secretary.

With ex-student singleaders urging "exes" to return to the campus, the invitations of students to their families and friends, the "come-on" extended by McAfee, and a letter from President J. W. Calhoun, the 1938 Round-Up promises to be the largest ever held.

Plans for a continuous stream of entertainment will draw many visitors to Austin for the University's biggest annual day of celebration.

An athletic program, including baseball games both Friday and Saturday, April 8 and 9, and a track meet Saturday, has been planned. All who register either as mothers and dads or ex-students will be admitted free. Friday will hit its high after the fourth annual parade when the revue and ball is presented under the direction of Janet Collett, former Broadway dancer and revue director for several years. Blue Bonnet bills nominees as well as the sweethearts from other conference schools, the attendants to the University Sweetheart, and finally the Sweetheart of Texas will be presented as the climax to the stage show.

Other events planned especially for visitors include a luncheon at noon Saturday and an open house Saturday night. Both will be held in the student Union Building.

On Friday afternoon at 4 o'clock the 3-mile Round-Up parade, which promises to be better than ever this year with floats from all fraternities, sororities, and many of the campus clubs, will encircle the campus and move downtown. Preparations have already begun on some of the floats and builders promise they will make those of last year look just like a last year's parade.

BOX SUPPER TO HELD AT LIBERTY SCHOOL HOUSE

A box supper and candidate speaking will be held at Liberty School Friday night March 25. Everyone is cordially invited to attend.

Floyd County Well Represented at N. W. Texas Conference for Education

Floyd County was more than well represented at the Northwest Texas Conference for Education which met at the West Texas State College in Canyon Friday and Saturday, March 18 and 19th. There were 76 teachers including Walter Travis, the county superintendent, present from Floyd County. There were 33 rural teachers, representing 13 rural schools, namely: Dougherty, Sandhill, Erick, Blanco, Liberty, Campbell, Aiken, Cedar Hill, Pleasant Hill, Baker, Fairview, Sterley, and Muncy. Also 15 teachers from Lockney, and 25 from the Floydada Public Schools attended the conference.

The principal speakers on the program were: Dr. A. J. Stoddard, superintendent of schools of Denver, Colorado; Dr. B. F. Pittinger, of the University of Texas; and Dr. Maycie Southall from Peabody College.

The first general session was held at 9:30 Friday morning with President Rogers introducing the Berger High School Band, immediately followed the welcoming address by Dr. J. A. Hill, which was responded to by J. L. Gilmore, superintendent of Wheeler.

The conference was described as being a success, and the teachers came back greatly benefited.

Four H Club Boys Of Floyd County Will Attend Lubbock Rally

Plans are being formulated this week by County Agricultural Agent, D. F. Brodthauer and the local Four H Sponsors from the Aiken, McCoy, Sandhill and Erick organizations, to have as many Floyd County four H boys to attend the rally day on April 6 at Lubbock which is being held in connection with the Lubbock Fat Stock Show.

Invitations have been sent by the Lubbock Chamber of Commerce to 36 counties in Texas and three in New Mexico, it has been indicated. A huge parade will assemble and step off in time to music at 10:30.

The show committee has done everything possible in making the first annual four H and F. F. A. boys rally a huge success. The entire day will be turned over to these boys and it will be an educational as well as a pleasure trip for the boys, it has been indicated by those in charge.

Mr. and Mrs. C. Alexander left Thursday for Hillsboro, Texas, where they will spend a few days visiting and looking after business interests, after which they will go to the Rio Grande Valley and other points in South Texas.

Miss Louise Hyatt left Sunday for Menard, where she plans to spend a week with Mr. and Mrs. Reese Carmack and family. Miss Hyatt, who has been located in the Redhimer building, has moved her shop to the Sarginer building, and will open for business immediately on her return from South Texas.

Shakespeare's "Merchant Of Venus" Dramatized At Plainview High School

Funeral Services Held For Mrs. McCollum Sunday Afternoon

Funeral services were held Sunday afternoon, March 20, for Mrs. C. R. McCollum, 76 years of age, of Lockney, who died Saturday night. Services were held at the family home in Lockney.

Mrs. McCollum was born in Tennessee, but moved to Texas a number of years ago, and had made her home in Lockney since 1898.

Survivors of the deceased are her husband, C. R. McCollum, four daughters, Mrs. Louetta Tanner, Clayton, New Mexico; Mrs. Daisy Hadley, Lockney; Mrs. Maude Whitley, Pasadena, California; and Miss Alice McCollum, of Kress; four sons, Tab, and George Merriweather, Kress; O. R. McCollum, Amarillo; and C. J. McCollum, Lockney. One sister, Mary Blackwell, of Lockney, also survives.

Pallbearers were the deceased's sons and sons-in-law, and the flower bearers were relatives.

Services were conducted by Elder J. E. Black of Plainview.

Harold Merrick and Mother Attend Funeral Of His Grandmother

Harold Merrick and mother, Mrs. Maud Merrick went to Clyde, Texas, Tuesday where they attended the funeral of Harold's grandmother, Mrs. J. W. Merrick, who passed away Monday morning at 3:30.

Funeral services were held Tuesday afternoon at 3 o'clock at the family home, and burial was made in the Eula cemetery.

Mrs. Merrick is survived by her husband, three sons, and six daughters. The sons are: Dr. E. H. Merrick, San Antonio; H. D. and Ira Merrick, of Garden City, Kansas. The daughters are: Mrs. Jim Youag, Lubbock; Mrs. Oscar Pyce, Clyde; Mrs. Bon Nunn, Clyde; Mrs. Lora Lyles, Clyde; Mrs. Wesley Patton, Big Spring; and Mamie Bell Merrick of California.

F. W. Merrick, a son, preceded his mother by about 18 years in death. He was the father of Harold Merrick of Floydada.

Mrs. Edd Johnson Entertained 1922 Study Club Thursday

The 1922 Study Club met in the home of Mrs. Edd Johnson for a St. Patrick's Day Program Thursday afternoon, March 17, at 2 o'clock. The president, Mrs. R. E. Fry, presided over the short business session in which it was voted to give \$5.00 to the P. T. A. Convention. Roll call was answered with current events of Ireland.

An interesting program was rendered with Mrs. Edd Johnson giving two readings on Ireland.

Mrs. O. P. Rutledge gave a skotch of Ireland's presidents.

Mrs. Geo. A. Lidder talked on "Folk Loaf of Ireland."

Margarette Leonard gave two musical numbers on the accordion, one being "Mother McRea."

The club adjourned to meet April 7, with Mrs. Lon M. Davis.

LION'S CLUB MET TUESDAY

The Lion's Club met Tuesday in their regular weekly luncheon at the First Christian Church Annex with a good crowd present. Lewis Norman had charge of the program, and the speaker of the hour was John Stapleton, on "Tuberculosis and its treatment."

Warm Weather Turns The Fancy to Gardening And Vegetables

With the present warm weather many home owners are talking in terms of a garden and as vegetables play an important part in our daily diet it would only be fitting that some time should be given in preparing the soil and another very important step in gardening is to be familiar with the varieties of vegetables that have produced somewhat abundantly in this section in the past. In many cases the gardener selects his seed for planting by the most decorative pictures on the package or in the seed catalog, without thought of just how acclimatable this seed might be for this locality. In most all cases acclimated varieties can be purchased in bulk at your local merchants and most all of this seed has been collected by reliable seed men.

The county agricultural agent lists the following varieties of vegetables for this section: Beans (bush) B-e-fuges and giant stringless; green beans (wax) pencil black wax (dry) Pinto; Broccoli (Italian green sprouting); Mustard, tender green, Florida broad leaf; Spinach (bloomsdale long standing); Swiss chard (excellent summer planting); Lucullus, Lettuce, Los Angeles and New York Number 12; Carrots, Oxhart and Nantes Sweet; Radish, scarlet globe; Turnips, purple top globe; onions, Yellow Globe Spanish; peppers, Washington; rhubarb, giant red leaf; beets, Crosby-Egyptian; okra, dwarf prolific and white velvet; egg-plant, purple beauty; squash, yellow straight neck and fardhook; cucumber, snows pickling and stay green; parsley, moss curl; parsnip, Hollow crown; English peas, Alaska and little marvel; tomatoes, early anna, June pink and porter; sweet corn and honey pink; potatoes, Irish cobbler; pumpkin, small sugar; kohlrabi, Vienna type; field peas, cream; cantaloupe, perfecto.

In this section it has been called to the county agent's attention by gardeners that considerable trouble is confronted each year in regard to blossom in rot of tomatoes. This is largely due to the plants needing moisture; under ordinary conditions tomatoes growing in soils rich with humus do not have this trouble. Some growers have planted sorghum and corn beside the row of tomatoes and have tried to water the tomatoes during the late evening or at night, thereby having the rows of corn or sorghum to help protect the plants from the hot summer winds. Some have overcome this difficulty by sprinkling the entire vines with water late in the evening and early in the morning before the sun comes up. This is a problem that will have to be worked out on each garden more or less individually. A heavy application of well-rotted barnyard manure will also have a tendency to overcome this difficulty. Numerous gardeners have called on the county agricultural agent each season in regard to the English peas which have died and have not produced peas in sufficient quantity. In most of the cases this trouble has been overcome by the use of nitrogen inoculation; for those having trouble with English peas, gardeners might find the use of nitrogen very successful.

Regular Fourth Sunday Singing Will Be Held at Starkey Sunday

Next Sunday the regular fourth Sunday Singing will be held at Starkey beginning promptly at two o'clock in the afternoon. A nice crowd is expected and some fine singing can be looked forward to.

Last Sunday, March 20th, the regular third Sunday Singing was held at Campbell with a good attendance and singing.

Thursday night, March 24th, there will be song practice held at the Missionary Baptist Church in South Floydada on Highway 28. Everyone interested in singing is urged to attend.

MRS. W. P. DAILY ILL

Mrs. W. P. Daily has been ill since Friday with erysipelas, but is thought to be recovering from the ailment satisfactorily, according to reports late Wednesday afternoon.

HELP KIDNEYS

To Get Rid of Acid and Poisonous Waste

Your kidneys help to keep you well by constantly filtering waste matter from the blood. If your kidneys get functionally deranged and fail to remove excess impurities, there may be poisoning of the whole system and body-wide distress.

Burning, scalding or too frequent urination may be a warning of some kidney trouble.

You may suffer nagging backache, persistent headache, attacks of dizziness, swelling up nights, swelling, puffiness under the eyes—feel weak, nervous, all "aged out."

In such cases it is better to rely on a medicine that has won country-wide acclaim than on something less favorably known. Use Doan's Pills. A multitude of grateful people recommend Doan's. Ask your neighbor!

HALL-PARMER ROAD PUSHED

Tulia, March 17.—Enthusiastic and concerted action was taken to rush projects of building Highway 86 from Hall County to Farwell, in a meeting in Tulia this week by delegates from five counties through which the highway passes.

A number of NAWK projects in the several counties have been completed and others are in progress. From Silverton past the Cap Rock east, work is progressing on drainage and grading structures. In Swisher, the highway has been widened, the grading and draining structures completed entirely across the county, and work is half done laying caliche base from Tulia to the Castro County line.

Bridge Started: Work began today building an \$11,000 bridge and approaches across Tule Creek west of Tulia, and plans are complete to begin another NRWE project east from Tulia to the Briscoe County line as soon as the west end is finished about June 30.

Castro County has completed drainage and grading structures on 86 from Swisher County line as far west as Dimmitt, and a contract job of hard surfacing 4.2 miles east from Dimmitt, to begin soon.

It is understood that hard surfacing the entire length of Highway 86 is set up in the state highway commission and is scheduled to be completed as soon as finances are available.

Enthusiasm High: The assembly prepared and sent resolutions to the commission asking the following project of contract job for building hard surfaced road from Dimmitt to Swisher County line; a contract or NRWE job for completing the road from Tulia east to the Briscoe line, and early erection of bridge east of Tulia; and a contract or NRWE project from Silverton west to the Swisher County line.

This was the largest and most enthusiastic meeting of the association ever held since its organization. A delegation of county officials and business men from each of the counties will appear before the commission concerning these projects at an early date.

DEALER ANNOUNCES NEW SAFETY TIRE

Says Tire Will Stop Quicker Than Any Ever Built

A new automobile tire, incorporating a revolutionary development in tread design engineered to give the most positive non-skid and braking effectiveness so far developed, is announced by Ernest Carter. The tire was produced after three years of research and test by The B. F. Goodrich Company, Akron, Ohio, America's oldest tire manufacturer.

"This new tire, we believe, is one of the most outstanding contributions ever made to greater safety on the streets and highways," Mr. Carter said. "The special tread design adopted after more than 100 types had been tested and rejected, will do much to prevent those accidents caused by skidding or inability to stop quickly enough when an emergency arises.

"There were several hundred thousand accidents last year resulting from skidding and in many of these mishaps one or more people paid with their lives. This toll is constantly increasing according to insurance company figures.

"The new tire is now in stock and may be inspected at any time," Mr. Carter said.

IT'S HOME TOWN SERVICE ...

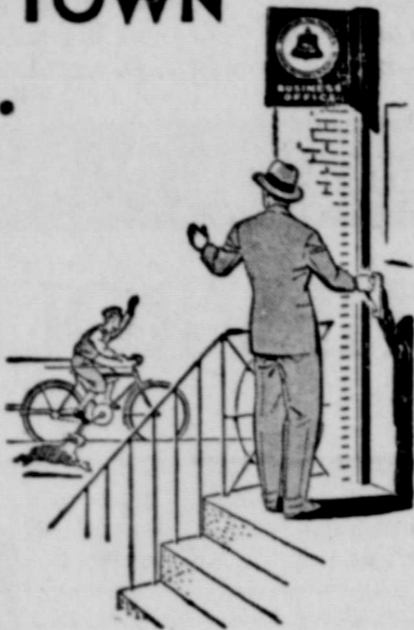

THE best thing about your telephone service is that it's home town service—tailor-made for you at the switchboard by people who live and work here.

Experts can develop better methods of giving you service. Scientists and engineers can contribute new inventions and developments. Western Electric can buy and manufacture economically for the operating companies of the Bell System.

And all of these things can—and do—help tremendously at the job of giving you good telephone service at a fair cost.

Yet not one of them could replace the qualities of friendliness and neighborliness which grow out of the fact that the men and women who operate the telephones here belong to and are part of this community.

FARM TOPICS

USE FIELD STONES IN FARM MASONRY

Rocks Have Value in Making Walls, Yards, Roads.

By E. R. Gross, Agricultural Engineer, New Jersey Agricultural Experiment Station.—WNU Service.

Stones, a nuisance in the field, have a value in masonry or concrete work, but whether it is worth while expending the energy and time necessary to remove them from the land depends upon conditions on individual fields.

Complete stoning is necessary for growing vegetable crops but, land used for tilled field crops, grain crops, meadows, pastures or forestry need only be partially stoned in most cases. Land used for pasture or forestry sometimes does not need stoning at all.

If stoning is advisable, the only way to do it is by hand. Transportation may be by means of the old stone boat, if there is a tractor on the farm, or the stones may be hauled away in a low-built, sturdy wagon. The stone boat is not recommended where there is no tractor because it is too hard on horses. The wagon permits moving a much larger load at each haul. Removal should be preceded by breaking the larger stones with dynamite, reducing them to a size which may be handled by one or two men.

Piling the stones along fence lines is taboo on a well managed farm, for it takes up valuable space and becomes a weed-breeding nuisance. Burying stones in a trench involves much digging and is not a complete means of getting rid of them, since stones left above the frost line tend to come to the surface again. However, filling a gully with stones and covering them with soil has advantages since it provides additional well-drained field area.

When using stones for concrete work, all those measuring more than three inches should be crushed. At least two-thirds of the concrete mixture should be occupied by stones, otherwise too much cement is needed. When not crushed, the best use for the larger stones is in a masonry wall, the stones fitted closely together and imbedded in cement mortar.

Small stone crushers operated by farm tractor power can be obtained and the crushed stone may be used in concrete work, surfacing roads, lanes or barnyards. In some localities there is a market for crushed stones of this type.

Try Close Inbreeding in the Domestic Fowl

Studies with White Leghorn test birds at Iowa State college, through a ten-year period, indicate that close inbreeding may be practiced in the domestic fowl, providing careful and rigid selection for certain characters is maintained at all times, particularly for high hatchability. For most characteristics, the birds retained to a remarkable degree the excellent qualities possessed by the foundation individuals—four males and seven females, states a writer in Wallace's Farmer.

The college workers hope that the favorable results obtained from their tests will encourage other investigators to undertake the development of good inbreds. If the problem of the utilization of inbreds for poultry improvement is to be tested adequately, it is likely that a good many different inbred lines must be developed and inter-crossed before superior combinations are found.

Semi-Scalding Poultry

The water for semi-scalding broilers should be 126 to 128 degrees Fahrenheit, roasting chickens 128 degrees, fowl 128 to 130 degrees, young turkeys 125 to 127 degrees, old turkeys 128 degrees. The thermometer should be carefully checked for accuracy. The time that birds should be left in the water is 30 seconds. Birds should be killed by bleeding through the mouth and by sticking the brain.

Storing Canvases

In putting away canvases for binders and combines, it is very important that they be protected from mildew and from mice, according to a farm correspondent. When through for the season, they should be spread out in the sun on a fence or hayrack until thoroughly dry, then rolled up and hung with wire from rafters or joists so that mice can not get to them. If put away in this manner, they will be found in first class condition for next season.

The Black Sumatra

The Black Sumatra apparently originated in Sumatra. It is a bird of fair size, slightly larger than the Leghorn, and is characterized by having a long, drooping tail which is abundantly supplied with smaller sickles and coverts. There are no standard weights for the breed, but the body is of good length and fair depth. The comb is V shaped; the color of the beak is black, and the shanks and toes black or dark slate. The ear lobes are red.

Miss Jimmie Poore Visits Sister and Brother Here Last Week

Miss Jimmie Poore returned to her home Friday after spending the past week here with her sister, Mrs. J. C. Odam and family, and her brother, O. E. Poore and family.

It was her second venture out since she sustained serious injuries in an automobile accident November 13. Her first time to be away from home was in January when she went to Canyon to enroll for the Spring semester but finding herself unable to attend, she returned home the latter part of the week. Miss Poore has not completely recovered as yet. Internal injuries still force her to visit the doctor regularly. She is looking forward to being able to walk without a limp, and, in fact, being my old self again, she told a friend this week. Miss Poore was a journalism major at W. T. S. T. C. in Canyon at the time of the accident, and is the daughter of Mr. and Mrs. J. H. Poore, of the Lakeview community.

Mrs. Miles Frost and little daughter, Norma Jean, of Pampa are visiting friends and relatives in Floydada this week.

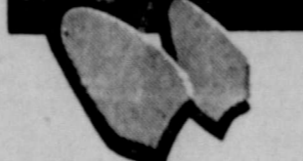

Mrs. Russell King, Mrs. A. B. Keims, Mrs. F. L. Moore and son, Joe Dick spent Saturday in Lubbock on business.

Mrs. Delbert Jones, of Carlsbad, New Mexico, arrived Friday afternoon for a few days visit with her parents, Mr. and Mrs. C. B. Sims.

Mrs. Flavil Hodge and daughter, Lavelle, of Memphis, are visiting with Mrs. Hodge's mother, Mrs. Lula Moore.
