

STAR Lites
by Bill Ellis

WE REALIZE that talking about needed highway improvements is almost as useless as reciting nursery rhymes, but anyway, here we go again.

At the last meeting of the Friona City Council, the group was shown a proposal by the Texas Highway Department to widen U.S. Highway 60 from Friona to the Deaf Smith County line.

Hopefully, some day Highway 60 will be four-laned all across Parmer County, to link with the divided highway from Farwell to Clovis. But apparently highway officials are thinking in terms of widening the Friona to Summerfield portion of the road as a "first increment."

Along this line, some money was budgeted some few years back for purchasing "protective right of way" along the highway.

The plans submitted to the Friona councilmen contained two alternatives in the above-mentioned stretch of road. One would require the road to have a loop around the communities of Black and Summerfield. The other would have the road pretty well follow its present course. Councilmen went on record as favoring the latter choice.

The proposal was entitled a "Draft Environmental Statement," and went into great detail to assure that no major environmental changes would be necessary due to the proposed work.

Estimates on the cost of just this portion of the road, which involves 14.6 miles, comes to \$5 million, and this does not include the right-of-way which would be needed.

Since some pretty decent farmland is involved, this could get fairly expensive. Preliminary estimate for right-of-way is \$345,000. Another \$80,000 is estimated for utility and other adjustments.

But the project has not even been programmed as yet, so we may be talking about something for the late 1970s, at the earliest. Meanwhile, the truck traffic on Highway 60 gets heavier all the time.

THE REASON we're a mite pessimistic as to when the above-mentioned highway improvements may be made is that we have had first-hand experience with the Highway 214 project.

We have been personally working for the Highway 214 program for the past ten years, including three years as a member of the Friona city council, and although everything is "ready to roll," we still don't see any visible results.

It's kinda frustrating. By comparison, a group of citizens visited the city council last spring, wanting paving in their respective neighborhoods. The city investigated, proposed a paving program, and this month the paving work was almost completed.

And the city's 10-block program could have been accomplished sooner—if the paver had not been so busy. And the cattle trucks-and school buses—continue to traverse up and down Highway 214 every day, and cross the dangerous railway crossing on South Main.

FRIONA SEEMS to bring out the best in the Muleshoe Mules. Last year, halfback David Wheat was given "Back of the Week" honors for his outstanding performance in Muleshoe's 14-6 win over the Chieftains, including a touchdown run after stealing the football from Friona's Mario Perea.

Wheat did it again this year, and the Amarillo Globe-News chose him as their "Back of the Week" for the past week. Proving that it wasn't a one-man effort, Channel 4 picked Mule quarterback Don Long as their "Back of the Week."

FIRST OF SEVEN. . . Dale Cleveland clutches the ball, and the official goes up with the hands, indicating Friona's first touchdown in Friday night's 46-6 win over

Springlake. The Chiefs scored three times on passes, including this one from quarterback Clay Bandy to Cleveland.

(Staff Photo)

46-6 SCORE

Chieftains Zap S-E Wolverines

Homecoming was never sweeter for the Friona Chieftains than it was Friday, as Friona romped to a 46-6 victory over visiting Springlake-Earth.

The win was the third of the season for the Chieftains, all over class A elevens.

Actually, the final score was not indicative of the game, as Friona had only a 20-6 lead late in the third quarter, and were forced to hold the hard-running Wolverine backs time and again.

The Chieftains took the wraps off their passing attack, and fans found out what they had suspected all along—Friona

has quite a passing attack.

Friona completed 13 of 19 passes during the game, good for 224 yards, including three touchdowns.

Showing good balance, the Chieftains threw in 343 yards rushing just for good measure, 208 by Ted King, for a whopping 567 net yards, their most productive game of the year.

After a scoreless first quarter, Friona broke the ice early in the second. Having trouble running inside the ten, Clay Bandy elected on fourth and goal to pass, and he tossed an easy strike to Dale

Cleveland in the end zone. Davy Carthel's extra point made it 7-0.

Three touchdowns were scored in the last three minutes of the first half.

Bandy found Gene Strickland

behind his defenders for a 29-yard scoring pass. Carthel's kick made the score 14-0.

Springlake scored on the kickoff return, using a little razzle-dazzle. Doug Jones

(Continued on Page 7)

Jimmy Pena Wins Weekly Contest

Jimmy Pena weathered the tide of upsets to correctly pick 14 of the 16 games on last week's football contest, and claim the weekly first prize of \$5.00 in cash.

Pena was the only one of 200 contestants entering the third week's contest to pick as many as 14 games correctly, so he won the first prize money hands down.

All contestants were given the third game, which was listed as Tulia vs Roosevelt, an error on the part of the contest editor, since those two teams did not play.

Pena's only misses were in picking Floydada over Post on the high school side, and Texas University over Miami on the college-pro side. These were two of the games missed by the majority of the contestants.

Three contestants correctly picked 13 games, and two of these took second and third place weekly prize money. Joan Baize took second place and \$3.00 on the basis of her Friona Muleshoe score, which she predicted would be 20-8, Muleshoe.

J.P. Sims edged Charlie Bishop for third place. Sims had the score at 21-18, favoring

Muleshoe, while Bishop went with Friona, 14-6.

After three weeks, Shawn Aguirre and Cindy Carthel of Portales are tied for the lead, each having 35 points to their credit.

One point off the pace are Terry Brown, F.G. Crofford, Diana DeBord and Ronnie George.

Other leaders include—

33 Points
Davy Carthel, Jim Bob Jones, Ann Nichols, Maxine Owen, Redge Priest, Mary Pryor and Andrea Wilkins.

32 Points
Hal Blackburn, Gail Brown, Bobby Drake, Kay Dyess, Morris Garza, Bryan Johnston.

(Continued on Page 7)

New Officers Named For Kiwanis Club

New officers and directors were installed for the Friona Kiwanis Club at their installation and ladies night banquet here Monday night.

J. Lee Witten was installed as new club president. Vice president for the second straight year is Frankie Allen, Mickey Griffin is the new secretary, and Alton Peak is treasurer.

Directors installed include Patrick Pace, James Andrews, Jackie Morgan, J.P. Sims, Ed Corn and Charles Broadhurst.

Gayla Self, who served as club sweetheart during the past year, will succeed herself for

1973-74.

Honored as "Kiwanian of the Year" was Frankie Allen, who was hailed by outgoing president Byron Hardgrove for his service to the club.

Presented perfect attendance awards were Witten and Jackie Morgan.

Bartlett Dowell of Hereford, district lieutenant governor for Kiwanis International, installed the officers.

Jo Witten entertained with several appropriate musical numbers.

Some 40 members and guests were served a meal of roast beef and all the trimmings.

Corn Knocked Down During High Wind

Hard winds Monday began knocking corn down in the fields throughout the area, and harder winds on Wednesday night put a lot more corn on the ground, according to local elevator operators.

Ron Smiley, manager at Friona Wheat Growers, said harvest is off to a slow start due to adverse weather conditions already, and wind is causing some problems at this time.

"Wind the last few days has really put the corn on the ground," he noted. "Some of the damage was during high winds Monday, although lots of producers have said today that more corn fell during high winds through Wednesday night."

Smiley said some milo had been reported as being down, especially dryland milo and some bug damaged milo.

He added that corn which has blown down can still be picked up by the harvester as long as the stalk has not broken or been pulled from the ground.

It is expected that if good weather conditions are noted in the next few days, harvest will be in full swing during the latter part of next week.

From West Friona Grain, Donald Huckabee, manager, said all his reports indicate the situation is getting "pretty bad"

with lots of corn on the ground at this time. Huckabee's statement was in agreement with the statement by Ron Smiley that corn that isn't broken off or pulled from the ground can still be harvested, although the harvest may be a little slower as harvesters have to take more time to pick the corn up from the ground.

Huckabee also said that a lot of farmers are finding their yield is not as high as had been expected and the corn is still too wet to harvest.

(Continued on Page 5)

Rites Set For Bill Teel

Funeral services will be held at 4 p.m. Sunday at Friona's United Methodist Church for W.E. [Bill] Teel, who died Friday following a heart attack.

Teel, a Friona resident for nine years, was manager of Cattle Town Feed Yard, and previously had managed PACO Feed Yard at Hub.

Survivors include his wife Jeanette, two sons, Dwan of Tishomingo, Okla., and Jerry of Friona.

Also surviving are a sister, Mrs. Leon Williamson of Grand Prairie and a brother, L.H. Teel of Drummond, Okla.

HOMECOMING QUEEN. . . Pam Lewellen was crowned Homecoming Queen for Friona High School in pre-game activities Friday night.

Stores Schedule Grand Openings

Grand Opening for the new Ruthie's store is scheduled for next week. The beautifully-decorated new Friona business is located at 801 Main.

Featuring name brand clothing for women and children, Ruthie [Mrs. Marion Fite] has been serving the people of the Friona area for a number of years. The new store gives her about twice as much space as in the former location.

"We are proud of the new store, and invite everyone to visit us," Ruthie says.

During the week of Grand Opening [October 1-5], customers will register for a free "Separate Thought" pant suit by Nardis and five \$25 gift certificates.

Also opening on Monday on Main Street [506 Main] is a new gift store, Gifts 'N Goodies, owned and operated by Mrs. Lee [Karen] Britting.

The store will feature gift and party goods. Further details on the two openings can be found in advertisements inside this issue of the Star.

Scout Building Fund Drive Gets Underway

"Let's Do It Now!" emphasize members of the Friona Boy Scout Building Fund Committee.

Beginning October 1 (tomorrow) a month long fund drive will be held in Friona for funds to build Boy Scout facilities here.

Last week, members of the fund drive committee started a special account at Friona State Bank and deposited around \$2,000 to start the drive.

Chairman of the building fund drive is Steve Bavousett and members of the committee include Wayne Johnson, J.C. Blankenship, Mrs. Milton Evans and Pete Hollis.

Chairman Bavousett commented, "The public has been good to the Boy Scouts in the past."

"Now, the boys and the committee are asking for your full support this month in getting our building constructed. We have worked hard in the past and will work even harder to accomplish our goal," continued the chairman.

"We have many Boy Scouts without a home away from home and we have a working committee, dedicated den mothers and a desire to make our program strong in Friona," he added.

"We hope the public will be as dedicated to our cause as we are."

"Let's all work together to make a boy's dream come true and help him be a better citizen and live a better life."

"Here are our thoughts on boys, and the author is unknown to us," said Bavousett.

WHAT IS A BOY?

Between the innocence of babyhood and the dignity of manhood we find a delightful creature called a boy. Boys come in standard sizes,

weights, and colors, but all boys have the same creed. To enjoy every second of every minute of every hour of every day and to protest with noise (their only weapon) when their last minute is finished and the adult males pack them off to bed at night.

Boys are found everywhere—on top of, underneath, inside of, climbing on, swinging from, running around, or jumping to. Mothers love them, little girls hate them, older brothers and

sisters tolerate them, adults ignore them and Heaven protects them. A boy is Truth with dirt on its face, Beauty with a cut on its finger, Wisdom with bubble gum in its hair, and the Hope of the future with a frog in its pocket.

When you are busy, a boy is an inconsiderate, bothersome, intruding jangle of noise. When you want him to make a good

impression, his brain turns to jelly, or else he becomes a savage, sadistic jungle creature bent on destroying the world and himself with it.

A boy is a composite—he has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the

(Continued on Page 6)

KIWANIS LEADERS...Bartlett Dowell, left, lieutenant governor for Kiwanis International, looks on as Byron Hardgrove [center left] presents a gavel to incoming Kiwanis president Lee Witten [center right],

while Witten in turn presents Hardgrove a past president's plaque. On the far right is Frankie Allen, who was honored as "Kiwanian of the Year."

Open House Monday Night

All parents of grade school students have been issued a special invitation to attend "Back to School" night at the Friona Elementary School Monday night, October 1, according to Mrs. Clyde Woodard, president of the Friona Parent-Teacher Organization.

Open house for kindergarten, first and second graders will be 7-8 p.m. and 8-9 p.m. for third and fourth grade parents.

Mrs. Woodard added that babysitters will be available for toddlers through 10 years at the school and has urged that all parents visit their child's classroom and see what type of work has been scheduled for the student for the year.

Hardgrove Heads 1973 UF Drive

The Friona Area United Fund board of directors met Monday to elect officers for 1973-74, and set the goal for the 1973 fund drive.

Named as general chairman for the 1973 drive was Byron Hardgrove. Don Gatlin was named city chairman, and Darrell Simpson is the rural chairman. Hollis Horton and Andy Hurst will be in charge of advance gifts.

The goal for the 1973 United Fund drive was set at \$7404.00. This is up \$1604 from the 1972 goal, due to increased requests from some of the UF agencies.

Due to the increases for the regular agencies, the board of directors turned down requests from a couple of organizations which asked to be included in the 1973 drive.

Five new directors were elected to the local United Fund board. They are Don Gatlin, Byron Hardgrove, A.L. [Jake] Outland, Fidel Madrid and Cecil Maddox. Directors whose terms were expiring were Steve Bavousett, Ron Davenport, Bill Ellis, Jake Outland and Pearl Shelton.

The 1973 drive is to be kicked off on October 16.

Sincerely Yours

By Rev. Albert Lindley

DISAPPOINTMENT-DISAPPOINTMENT—wouldn't you know—"The best laid plans of mice and men often go astray." (I don't know who to give credit for that and I'm not sure he had a Gallup Poll to inform him about the actions and plans of mice anyway.)

Well, on to my misplaced event. I have never had a car to surpass the 99,999 mile mark so I could get the joy and thrill of seeing all those 9's on the odometer turn over to 0's.

I did own a car once that had already flipped before I got it but I had never seen it happen myself.

Now I know there are many of you who have probably seen this many times and it isn't any big deal for you at all-but I haven't and it was an experience I had looked forward to having.

Well, mile by mile I continued to drive my '66 Mustang until just this past Wednesday morning, the event occurred.

Now I had been building up in my mind for the great moment. I didn't drive to Amarillo on a hospital call the other day because I would be too far from home when it happened.

I thought of the grandeur of the event and wondered about even getting my family in the car to watch all those 9's turn over.

It was just to be a short trip over to Hereford-again to the hospital and I thought-why not? Why not just take the trip and just let it happen-the time was at hand.

As I drove along I figured that I would be in the vicinity of Summerfield on the return trip when it would flip.

Entering Hereford I noted it was 99,990, but I had to go across to the hospital and then back out of town again...and there it happened. I became so pre-occupied with other things that were happening that I never once again looked at the silly thing until I drove into Friona and it was already 00015-disappointment-disappointment-so, what now? I really don't think it will make it another "turn over" and I still haven't really had the experience of "seeing" it happen.

Hm-m-do you suppose I can do it on my bicycle? Just so this won't be a complete loss-remember this-"Money isn't everything, but it does keep you in touch with your children."

Hurst Funeral Held Tuesday

Funeral services for Mrs. Bertha Alice Hurst, 76, were held Tuesday afternoon in the

First Baptist Church of Friona. Mrs. Hurst died around 2:30 p.m. Sunday in Parmer County Community Hospital following a lengthy illness.

Born in St. Jo, she had been a resident of Friona for the past 35 years.

Survivors include two daughters, Mrs. Christeene Mann of Friona; and Mrs. May Green of Pampa; a son, Leo Hurst of Pampa; four sisters, Mrs. Maud Russell and Mrs. Grace Ridings, both of Pampa; Mrs. Ruby Sullivan of Anton and Mrs. Sylvia Shaw of Victorville; two brothers, Elmo Dean of Bovina and Tommy Dean of Las Vegas, Nev.; six grandchildren and four great-grandchildren.

Letters To The Editor

Dear Editor,

We returned home from college eagerly anticipating the Maize Days parade. As we stood awaiting the highlight of the whole parade-the class floats-we soon found that we were in for a big disappointment. It seems that the Jrs. and Srs. had neither the time nor the inclination to build a float this year.

We realize that every class has its share of loafers who won't pitch in to help and there are those who really are not able to work on it, but surely there were a few Jrs. and Srs. willing to spend a little time on a float.

One of the main reasons for building a class float is to show off your class pride. Apparently the Jrs. and Srs. don't have any class pride. The Jrs. are just a big fat nothing and the Srs. are the laughing stock of the Maize Days celebration.

Class floats have been a long tradition at FHS and we hope to see it continued for many more years. Good work Sophomores and Freshmen. Carry on!

\$24,000 Is Presented To Manor

ADMISSIONS-

Benny Clifton, Friona; Sylvia Cervantez, Hereford; Alice Snodgrass, Bovina; Mrs. James Lara and baby boy, Bovina; Luke Graham, Friona; Katie Stowers, Friona; Martin Galvan, Hereford; Heath Dickenson, Friona; Onie Bradshaw, Farwell; E.T. Dement, Canyon; Mrs. Thomas Weatherley and baby girl, Friona; Rosie Galicia, Friona; Margarita Garza, Friona; Anthony Brady, Friona; Tasha Northcutt, Hereford; Richard Deel, Farwell; Joe Menefee, Friona; Erma Schilling, Friona; Cindy Aguilar, Bovina; Brenda Davis, Hereford; Bobby Armstrong, Friona; Cipirano Pena, Friona; Helen Abeyta, Friona; Daisy Dopp, Friona; and Iona Cook, Friona.

DISMISSALS-

George McKinney, Daniel Saiz, E.T. Dement, Onie Bradshaw, Mrs. Adolfo Rocha and baby boy, Sylvia Cervantez, Martin Galvan, Heath Dickenson, Katie Stowers, Rosie Galicia, Alfonso Avalos, Anthony Brady, Benny Clifton, Erma Schilling, Bertha Hurst, Luke Graham, Jackie Crisp, Joe Menefee, Tasha Northcutt, Brenda Davis, Mrs. Thomas Weatherley and baby girl.

PATIENTS IN HOSPITAL-

San Aldridge, Cindy Aguilar, Bobby Armstrong, Helen Abeyta, Iona Cook, Marie Delgado, Richard Deel, Angie DeLa Cerda, Margaret Garza, T.C. Gardner, Mrs. James Lara and baby boy, Cipirano Pena, Alice Snodgrass, T.F. Taylor, T.E. Wood, Lisa Whiteside and Daisy Dopp.

Gifts totaling \$24,000 were presented Kings Manor Retirement Home at Hereford during the past year, according to an announcement made at the eighth annual Founders Day Dinner last Monday.

Chosen president was Jimmie Alfred, with Pete Buske of Friona as vice president, and Mrs. H.K. Kendrick chosen secretary-treasurer to replace Mrs. J.T. Gee, who had served two terms in that office.

The dinner was served in Lanor Memorial garden room, the newest wing of the Manor building, with Dr. Jordan Grooms, pastor of First United Methodist Church of Hereford as speaker. Association members and visitors from West Texas and several adjoining states attended the dinner where 377 persons were served.

Life memberships, for gifts totaling \$1,000 or more were announced by S.L. Garrison, outgoing president. Donors were Mrs. C.M. Hicks, Alma Cross, Mr. and Mrs. Hugh Clearman, Mr. and Mrs. Everett Wiseman, Pitman Industries, Friona Feedyards and Dimmitt Feedyards.

Appreciation was expressed to Cattletown Inc., Fred Bruegel Jr., Neil Cooper and Bill Walden for donations of beef or pork and to Jake Diehl Contractors for donations on paving and parking area work which will begin soon.

"Helping one another through investments in hope, faith, love and peace" was the theme of Dr. Groom's talk during the evening.

The Truth Will Make You Free

Sixth Street Church of Christ

Perhaps no doctrine is more central to the New Testament than the doctrine of the incarnation of God in Jesus of Nazareth. Incarnation means to be invested with a fleshly nature or form. "The Word became flesh and dwelt among us" (John 1:14). "Christ Jesus...taking the form of a servant, being born in the likeness of men." (Philippians 2:6). The God of heaven came down to earth in human form in the man Jesus of Nazareth.

What is the teaching that the doctrine of the incarnation is teaching? Emil Brunner speaks of the incarnation as "the self movement of God toward men." Another way to put it is, "the involvement of God with men." Certainly modern man is asking "Is there a God?" and, if there is, "What is God like?" The New Testament language of incarnation is a resounding and hopeful affirmation of these human longings.

The New Testament doctrine of the incarnation says more than "There is a God." It says that God is concerned about us men. We are not alone in this silent and lonely universe.

Such an understanding of the incarnation is a joyful belief of hope. It says "yes" to all of men's loveliest and noblest longings. It affirms his quest for ultimate truth, ultimate beauty, ultimate goodness, brotherhood and justice. It acknowledges that these are attainable through divine grace. The incarnation of Jesus teaches the gracious self movement of God into the lives of men to summon them to the realization of their potentialities, to summon them to the Kingdom of God.

TEXAS SIZE TOMATO PLANTS... Joe Moyer of 1207 Pierce is dwarfed by 12-foot tall tomato plants in his backyard. He illustrated how he pruned and trained the giant tomato plants on 4-inch reinforcement wire as they started to grow. An unusual feature of the plants are the tomatoes, which tend to grow in clusters, not unlike gigantic clusters of grapes. Many of the tomatoes

weigh above a pound each when they are ready to be picked, he added. The Moyers have approximately one half of their spacious back yard in garden and orchard growth. Grapevines in the backyard are also in the process of producing a second crop this year. Following recent slow rains, the grapevines bloomed again, and grape clusters are back on the vines. [Staff Photo]

**NYHA Week Observed
By Local Chapter**

The Friona Young Homemakers have completed several projects in observance of National Young Homemakers Week.

Gifts were presented to Annette Reznik, State FHA President and to Mrs. Ernest Osborn and Mrs. Dale Gober, advisors to the Friona chapter.

On Sunday, red carnations representing members were placed in each church in town in addition to flowers being sent to the hospital and local rest home.

Tray favors were made by the members and presented to patients in Parmer County Community Hospital.

The next monthly meeting

will be Thursday, October 4, at 4 p.m. in the High School Cafeteria. Baby sitters will be provided and visitors are welcome to attend.

**P-T-O Meeting
This Week**

The first regular monthly meeting of the Friona P.T.O. for the 1973-74 school year will be on Thursday, October 4 at 3 p.m. in the office of J.T. Gee, Friona Elementary School principal.

All interested parents and individuals have been invited to attend the meeting.

**TGSP Tells
Vote Results**

AUSTIN—Farmers in 29 Texas High Plains counties re-elected three directors and elected one new director to the Texas Grain Sorghum Producers Board to serve six-year terms.

Texas Agriculture Commissioner John C. White certified the election results in which 791 votes were cast. The results were canvassed September 18 by the Lubbock County judge and representatives of the Texas Department of Agriculture, the Texas Agricultural Extension Service and the Texas Grain Sorghum Producers Board as required under the Texas Commodity Referendum Law.

Don A. Nelson of Tulia was elected to his first term on the 12-member board; A.W. (Dub) Anthony of Friona; John Gilbreath of Hart, and E.C. Whitten of Edmonson were re-elected. There were seven candidates for the four places.

The board administers a fund contributed by grain sorghum growers for education and research, insect and disease control and promotion of grain sorghum products.

There are six agriculture commodity groups who have programs under the Texas Commodity Referendum Law, Commissioner White said.

Feedlot Classes Continue At FHS

The Friona High School Agriculture Feedlot Employment course is still going strong with the enrollment of eight students for the 1973-74 school year.

Benny Pryor is the instructor of the course that meets during the first two periods of the school day.

Areas of instruction in the course includes-Feedlot facilities, purchasing feeder livestock, receiving and initial care of animals, animal health, principles of feeding, marketing livestock, feedlot records, also care and maintenance of equipment and facilities are included.

As much time as possible is spent in the field where practical experience is learned. The theory of learning by doing is applied in the course.

USDA Announces Change In Program

The U.S. Department of Agriculture has announced changes in food distribution program regulations which permit the use of Federally donated foods in nutrition programs for the elderly, funded under Title VII of the Older Americans Act.

The recently announced rule changes will permit nutrition programs for the elderly to get the same foods which USDA donates to charitable institutions, but without regard to whether the elderly people served are needy.

The Nutrition Program for the Elderly is administered by the U.S. Department of Health, Education and Welfare (HEW) in cooperation with state agencies on aging. The Food Distribution Program is administered by USDA's Food and Nutrition Service (FNS).

The revised USDA regulations implement amendments to the Older Americans Act contained in Public Law 93-29 which the President signed May 3, 1973. They were

scheduled for publication in the Federal Register on Monday, September 10, and will become effective upon publication.

Wind Batters . . .

[Continued from Page 1]

He expects harvest to get underway in about the next ten days if the weather clears and some not or at least very warm days precede the harvest attempts.

Wednesday night, a cool front pushed through the area, with accompanying high winds and cloudiness. Low clouds and intermittent drizzle continued Thursday.

TEMPERATURES

Date	Hi	Low
September 22	90	59
September 23	85	59

Moisture-.05 on September 24.

GETTING READY...Peter Watrous, standing, and Esty Foster, under the truck, are busy getting ready for area custom harvest. The Snyder, Okla. residents are part of large crews in the area waiting for grain and corn to mature enough for harvesting. They are employees of Coy Nichols, also of Snyder.

Moisture Up To 15 Inches

With the last day of September, a little more than 15 and a quarter inches of moisture has been recorded with the official weather gauge in Friona. The total stands at 15.29 for the year to date.

September ended with 1.41 inches being recorded as compared to only .58 for the month of August.

July has been the wettest month so far this year, as 3.80 inches of rain fell and the next

wettest months have been April with 2.73; June 2.31 and March, 2.22. In May, only .86 was recorded and January and February tied with .69 each month.

October, November and December are usually fairly dry months in this part of the country, so the moisture count is not expected to be raised to any extent during the final three months of the year.

Lowest temperature since May 15 was recorded early Friday morning when the low was 37, the same as the temperature recorded in mid-May.

Tomatoes were not expected to have been endangered by frost which showed up on some rooftops in the area early Friday morning.

Lazbuddie Election Scheduled

The Parmer County Soil and Water Conservation District's Board of Directors has set October 9th for the directors election in zone five. The time is at 9 o'clock in the morning. The place is the Lazbuddie elevator.

Zone five is generally considered to be the southeast part of the county or the Lazbuddie School District. Alton Morris is now serving this zone. Election notices will be posted next week with accompanying map showing the area in zone five. These notices will be in the Court House, Lazbuddie Post Office and Lazbuddie elevator.

Life Sentence Given Rapist

A former Friona resident, Leland Bruner, was given a life sentence for the rape of a young girl near Friona.

His trial was held in District Court this week in Farwell. It was reported that the jury deliberated for approximately an hour before assessing the life sentence for Bruner who had earlier been found guilty of the 1972 rape.

He had been returned from Danville, Ill. approximately six months ago to face charges filed on him in April, 1972 following the alleged rape that took place just outside Friona, involving a ten year old girl.

Bruner's attorney said he would appeal the case, however, Bruner was to be transferred to the state prison at Huntsville to begin serving his sentence pending the appeal.

He had been sought for apprehension for slightly more than a year prior to his arrest in Illinois.

Club Sponsors Mini-Nursery

A Mini-Nursery, sponsored by Progressive Study Club will be in Friona, Saturday, October 6, 10 a.m. to 8 p.m., and Sunday, October 7, 12 noon until 8 p.m.

The nursery will be located in the city park and will be stocked by Wolf Nursery of Lubbock.

Trees and shrubs available include Burford Holly, Japanese Box Elder, Youpon Holly, Red Barberry, Boxwood, Mulberry, Sycamore and Maple. Also, other plants may be ordered by request.

Mr. Taylor, landscape architect, will also be here to draw up a landscape plan for your residence or answer questions you might have.

Club members invite you to come by and see the nice selections available for fall planting.

It's easier to sit back and criticize the do-gooders than to good.

"What is true by lamplight is not always true in the sunshine." (Joseph Joubert)

natural energy HOME

CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource . . . natural gas.

That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost.

So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

On The Farm In Parker County

By R. MACK HEALD
County Agent

TEXAS LIVESTOCK PRODUCERS will be faced with new regulations on brucellosis control following a statewide public hearing in Austin on October 1.

The changes are being proposed by The Texas Animal Health Commission so that Texas will be able to move toward a "certified-brucellosis free status" and thereby be able to comply with the standards of other states to which cattle are shipped.

The major changes in the brucellosis testing program are as follows—

1. Testing of all animals two years of age and over at local auction markets rather than just testing those that terminate at slaughter.
2. Maintaining cattle in groups until they are tested and found clean or are quarantined, with testing expense to be paid by the seller.
3. Herds found to have the disease will be tested until they have two negative tests, not to exceed 120 days apart.
4. Retesting must be done within 60 days.
5. Animals may move from ranch to ranch owned by the same individual within a county or similar certified area without testing.
6. Animals moving and changing ownership must be tested.

THE FALL ARMYWORM is being found in several wheat fields throughout the county. It would be a good idea to check your fields regularly for this pest. The worms can do a great deal of damage in a short period of time. The following description and life cycle may be useful—

The full grown caterpillar is from 1 to 1-1/2 inches long and varies in color from light brown or green to black. There are several lines extending down the back and on the sides of this insect. The larvae have a prominent white inverted "Y" shaped suture on the front of the head. The adults resemble cutworm moths having dark gray forewings mottled with light and dark spots and grayish-white hind wings.

LIFE CYCLE

The eggs are laid at night on grasses or other plants in masses of as many as several hundred. These eggs hatch into larvae in two to ten days and become fully grown in about 20 days. After this they enter the soil and transform to pupae. This inactive pupal stage lasts about ten days after which the adult moths emerge and often migrate many miles before the females lay their eggs.

In the southern part of the United States, there may be several generations, whereas in the northern part of its range only one or two generations may occur.

When larvae are abundant and the food supply becomes exhausted, they migrate as do true armyworms.

There are several important natural enemies of the fall armyworm, including parasitic flies, wasps and predatory beetles. However, with the heavy population pressure of worms this year, these insects have been unable to keep this pest in check.

If the infestation is rather uniform throughout the field, it will be necessary to spray the entire crop. However, if the larvae are migrating from grass and weeds in fence rows or from adjacent crops, a chemical barrier can be applied to reduce migration into uninfested fields.

If a heavy infestation is present in adjacent fence rows, or on other crops, it might be wise to apply a heavy chemical barrier before wheat emerges from the ground.

SOYBEAN GROWERS annually lose an average of 10 percent

SAYS SCS

Minimum Tillage Has Advantages

Harvest time is here. This is the time to start planning your upcoming tillage program. Increased costs for equipment and fuel is a big factor in every farmer's operation. Many farmers find minimum or no-tillage farming helps keep a fair profit in their pocket. J.R. Euler, Charles Hough and Frank Hinkson have tried minimum tillage and plan to use this method again.

Minimum tillage varies from conventional plowing because crops are planted directly into undisturbed mulch from the previous crop. Planting equipment such as fluted coulters, chisels openers, or common drills is used to place the seed in an otherwise undisturbed seedbed. Volunteer and weed

competition is controlled with contact, pre-emerge, or post-emergence herbicides when needed.

Euler, Hough and Hinkson have found several advantages with minimum tillage. They find that minimum tillage—

*Saves time and costs by eliminating 3 to 10 tractor trips per crop.

*Conserves moisture
*Cuts wind and water erosion

*Reduces air and water pollution

*Reduces soil compaction

Food and cover for pheasants and quail are also increased by minimum tillage. Stalks and leaves which otherwise would be plowed under are left for cover.

of their crop through improper harvest practices and management.

With October prices of \$6 to \$7 per bushel on the present soybean market, growers are anxious to harvest as many soybeans as possible.

At an average yield of 40 bushels per acre, harvesting losses could amount to \$25 an acre. Most of this loss can be saved by proper combine operation and adjustment.

The first step in saving more beans is to prepare the combine ahead of harvest. Follow the operator's manual to make adjustments and then add any attachment or accessory you think will help you harvest more beans.

Here are some harvest reminders—

—Begin harvest when moisture in the soybean seeds reaches 13 percent; higher moisture content may result in mold in the bin; lower moisture content will result in increased losses due to shattering, lodging and cracking. Your local elevator can probably arrange to give you a moisture test.

—Cut soybeans as close to the ground as possible. From a half to one-and-a-half bushels per acre are lost for every inch of cut above ground.

—A floating flexible cutter bar extension, mounted below and about 10 inches forward of the original cutter bar, will follow the contour of the land and save more beans.

—A variable speed reel permits feeding the beans to the cutter bar with minimum shatter loss.

—A hydraulic reel height control to feed tall or short beans into the auger is necessary to lower or raise the reel while the combine is moving.

—Some combines use an automatic height control on the header. Its sensing fingers operate a hydraulic lift for controlling cutting height.

You can quickly figure your own soybean loss by measuring 10 square feet in an average area that has been combined and counting the beans left. For every four beans per square foot, there is a loss of about one bushel per acre.

For a better look at harvest efficiency, measure an area one foot wide and 10 feet long across the direction of travel of the combine. A count of 40 beans or less in this 10 square foot area indicates a good job of combine operation. More than 40 beans means corrective operation and adjustment is necessary.

Fund Drive

(Continued from Page 1)

imagination of a Paul Bunyan, the shyness of a violet, the audacity of a steel trap, the enthusiasm of a fire cracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, woods, water (in its natural habitat) large animals, Dad, trains, Saturday morning and fire engines. He is not much for Sunday School, company, schools, books with pictures, music lessons, neckties, barbers, girls, overcoats, adults, or bedtime.

Nobody else gets so much fun out of trees, dogs, and breezes. Nobody else can cram into one pocket a rusty knife, a half eaten apple, 3 feet of string, an empty Bull Durham sack, 2 gum drops, 6 cents, a sling shot, a chunk of unknown substance, and a genuine super-sonic code ring with a secret compartment.

A boy is a magical creature—you can lock him out of your work shop, but you can't lock him out of your heart. You can get him out of your study, but you can't get him out of your mind. Might as well give up—he is your captor, your jailer, your boss, and your master—a freckle-faced pint-sized cat chasing bundle of noise. But when you come home at night with only the shattered pieces of your hopes and dreams, he can mend them like new with two magic words "Hi Dad."

Friona, Lockney To Renew Hostilities

The Friona Chiefs will make their first road trip outside of Parmer County next Friday, when they journey to Lockney, to battle the dangerous Longhorns of District 4-AA. Gametime will continue to be 8 p.m.

With several returning players from 1973, Lockney is rated as having one of its best teams in recent years.

Although losers of two of their first three games, one of the losses has been to powerful Post, which upset Floydada, and the other was to explosive Olton. Lockney played Dimmitt Friday.

Heading the Longhorn backfield are such returning stars as John Matbis, Dart Carthel, Robert Delgado and John Clark, Clark, at 6-4, 200 pounds, can run the 100 in 10.0. He keys the Lockney defense at safety.

The Longhorns have a great kicking game, built around [who else] Dart Carthel, who punts, kicks extra points and field goals. So there will be two Carthels trying to put points on the board next Friday.

Lockney is one of the three teams on the 1973 schedule over which Friona has a winning record, having won nine of the 14 games played to date.

This includes five straight wins during the mid-1960s, when the two teams were district mates.

Friona wins have tended to be close, including 12-7, 13-12, 14-12 and 14-13, while Lockney usually has had a larger margin when they win.

The last time the teams met at Lockney, 1971, the Longhorns soared to a 41-21 win, in a game in which the two teams advanced the football an amazing 1042 yards, a single-game record at FHS, including 496 yards for Friona and 546 yards for Lockney.

The Longhorns dropped a 28-7 decision to the Dimmitt Bobcats Friday, for their third loss of the season. Dimmitt looms as a power in District 3-AA.

TWO COMPLETIONS. . . The above photos show two of Friona's 13 pass completions in Friday night's game. At the left, Dale Parsons gets set to haul in a pass, and was

tackled immediately by Springlake's Jacob Miller. At right, Gene Strickland is about to catch one of his four receptions, one of which was for a touchdown. [Staff Photos]

Chiefs Bomb Wolverines . . .

[Continued from Page 1]

fielded the kick, at about the 20, then handed off to Pete Rodriguez, who sped 75 yards up the east sidelines virtually untouched. A kick try failed, and the score was 14-6.

Four plays following the S-E kickoff, Bandy called a screen pass. Carthel caught the short pass at about midfield, and sped 63 yards in all, with a gang of blockers out front. His kick was wide, but the score had become 20-6.

A Friona threat was stopped in the third quarter by a pass interception at the Springlake five, and a 60-yard return. Bandy had to save a touchdown by tackling the pass thief at the Friona 35. The Chiefs then dug in and held.

Ted King's number came up late in the third quarter, and he powered his way seven yards for a TD, and Carthel's boot attempt was blocked.

A moment later, in was King's time again. Friona held a drive at its own seven, and on the first play, the Chieftains sprung King into the open. He broke into the secondary, found the west sidelines and sped 93

yards for a touchdown. Carthel's kick ran the count to 33-6.

Nor were the Chieftains through for the evening. A pass to Dale Parsons for 20 yards, a pass interference penalty, and Carthel's eight-yard blast up the middle ran the score to 39-6 midway through the period, as the game suddenly took on the appearances of a rout.

The Wolverines elected to take to the air, but David Hutson was ready.

Hutson gathered in an interception at about his own 35, and raced 65 yards for a defensive touchdown. Carthel's fourth kick gained the final margin of 46-6.

Reserves played the remainder of the game, and Friona threatened as time ran out. Dee King completed a pair of passes, and had the ball at the visitors' five when the gun sounded.

The Chiefs had the unlikely total of 28 first downs, running up 567 total net yards. The visitors had only six first downs and 147 net yards.

Mustangs Fall To Strong S-F

It must have been a moral victory for Bovina Friday night, as the Mustangs held high-scoring Sanford-Fritch to a 28-8 lead late in the game before bowing, 34-8.

The injury-riddled Mustangs got their score in the third quarter when Ray Martinez ran three yards for a TD. Dennis Willard passed to Tony DeLeon for the two-pointer.

WHITEFACE OUTSCORES LAZBUDDIE 28-6

Held to only an 8-6 first quarter lead, the Whiteface Antelopes went on for a 28-6 win over Lazbuddie Friday night.

David Brentello's 93-yard run gave the Longhorns an early 6-0 lead, but Whiteface retaliated with four TDs before the game ended.

BONFIRE SCENE. . . Shown is a portion of the huge crowd which braved chilly weather to attend the first Homecoming Bonfire at

Friona in several years. The bonfire was held Thursday night at Reeve Lake. [Staff Photo]

Frosh Fall To Morton

Friona's freshman Chieftains dropped a 16-6 game at Morton Thursday night. Morton scored in the first and third quarters. Friona scored in the final quarter.

Friona recovered a fumble at their 48 to begin the fourth quarter. The Chiefs had to punt, but on Morton's first

offensive play, Joe Lafuente intercepted a pass.

On the very next play, a reverse from Leslie Broadhurst to Kelvin King worked for 58 yards and a touchdown.

A last-ditch passing effort by the freshmen failed to get the tying touchdown.

MORTON, 19-0

B-Chiefs Beaten For First Time

It was a cold night at Morton Thursday, and Friona's B-Chiefs just never did get warmed up.

The team suffered its first loss of the 1973 season, a 19-0 decision to the Morton B-team.

Morton scored with 40 seconds left in the opening quarter, on a plunge from the one-foot line. An extra point kick made the score 7-0. This also turned out to be the halftime score, as neither team threatened in the second quarter.

Kent Miller carried for a first down in the third quarter, only the team's second of the game, but the team had to punt the ball away. With 2:19 left in the

third quarter, a 44-yard run put Morton on the scoreboard again. The kick failed, but Morton led, 13-0.

A fumbled pitchout by Friona at its four-yard line gave Morton an easy touchdown, which they scored in two plays. Robin Baize blocked the extra point kick, but the score had mounted to 19-0 with only 3:04 left in the game.

The B-Chiefs took to the air in their last series, and quarterback Dusty Peters completed two passes, but time ran out before the drive could be completed.

The team gets a chance to redeem the loss next Thursday, when they host the Morton B-team at Chieftain Field.

STUDENTS AT STORY HOUR...Ten Homemaking III students from Tonya Gober's Homemaking Department at Friona High School are pictured here as they help with Story Hour at the Friona Public Library

Thursday morning, Mrs. Gober explained that the students are receiving actual practice with youngsters during the Thursday morning sessions this semester. (Star Photo)

Assistance Is Received From Students

Ten Homemaking III students from Friona High School are putting part of their classroom work into actual use as they spend an hour each Thursday morning at the Friona Public Library assisting with Story Hour.

Tonya Gober's homemaking students read to the Story

Hour children, teach them songs and poems and do skits for entertainment. This is part of their studies for this year. Mrs. Gober said the students would be working with Story Hour until around Thanksgiving.

Thursday morning, the ten

students assisted at the library with fourteen youngsters.

The students include Jeanine Jarboe, Janice Hayes, Diane Hamilton, Luann Francis, Cindy Crump, Teresa Baca, Janie Bautista, Terry Fallwell, Connie Lindeman and Cindy Gammon.

Baptist WMU Holds Installation Rites

Installation services were conducted Tuesday night in the home of Mrs. Mae Magness for the new officers of the First Baptist Church WMU.

Using "Keys" as her theme, Mrs. Magness displayed a giant master key and each officer candidate wore a corsage featuring a smaller key attached by ribbon to the master key.

The installing officer encouraged the new officers to unlock the doors of opportunity during the coming year.

A total of 27 persons were served during a salad supper following officer installation. They included Mrs. George

Brock, Mrs. Spencer Hough, Mrs. Ralph Taylor, Mrs. Bob Knight, Mrs. O.B. Moyer, Mrs. S.N. Keener, Mrs. Claude Osborn, Mrs. Vernon Roberts, Mrs. Joe Talley, Mrs. John Baker, Mrs. Johnny Mars and Mrs. Sam Mears.

Also, Mrs. Jerry Hinkle, Mrs. Charles Hough, Mrs. Jackie Hight, Mrs. Davy Thompson, Mrs. Jerry Teel, Mrs. Phillip Weatherly, Mrs. Charles Allen, Mrs. George Frye, Mrs. Charles Bell, Mrs. Clarence Monroe, Mrs. Dee Clark, Mrs. C.W. Dixon, Mrs. Doyce Barnett and Mrs. Curtis Murpree.

POSY PRINT—Soft comfortable cotton in a petit-fleur print interprets fall's easy-going smock dress. Bordered skirt and sleeves distinguish the Tiny Town design.

CowBelles Relate Varied Activities

Parmer County's Riata Cowbelles met Thursday, Sept. 13 at the First State Bank in Bovina for their monthly meeting.

Fourteen members were present, including two new members, Mrs. Bill Teel and Mrs. Redge Priest. The group was served beef dip by the Bovina members.

Items discussed included the end of the year state convention, slated in Abilene October 17-18.

Saturday, September 22, the Cowbelles had the booth at the Tri-State Fair in Amarillo. They sold cow bells, Cowbelle

stationery, cookbooks, and beef fact-finders. The girls also handed out pamphlets, and gave away three cuts of beef in drawings.

The first winner was a Friona man, Jimmy Bynum.

The organization was to sell cookbooks and cow bells Friday during Friona's homecoming activities.

Next meeting of the group is slated to be a salad supper on October 11 at Karen Britting's residence in Friona.

The organization welcomes new members, and would be glad to talk with anyone concerning Cowbelles.

LIBRARY CORNER

Keeping up with the books checked out by five daughters and one husband does not require any special system, according to **ANN OSBORN**. Somehow books are returned when due, others checked out and the reading goes on.

Fiction based on history is the favorite novel that Paige selects. At thirteen, **PAIGE** reads novels by Betty Cavanan and likes all of the Loula Grace Erdman books. She also lists Grace Livingstone Hill as a favorite author.

Bobbsey Twin books by Laura Lee Hope are chosen by **SHAWN**, age 10, as good reading. These books have been enjoyed by boys and girls for several generations. Shawn also likes books by Laura Ingalls Wilder.

NIKKI is age 6 and chooses Easy to Read books. These books have lots of nice pictures and just enough reading to encourage those children in kindergarten who are wanting to read and those who are new readers. Her favorite is "The Little Bear" by Else Holmelund Minarik.

LACYE, who will be five on

Tuesday, had no trouble answering when asked about her favorite book. "Jellybeans for Breakfast" is the one she checked out so many times that Ann searched bookstores until she found one to buy.

TIFFANY, age 3, likes books that have just pictures and no words. That way she can read the story to her mother. And later Lacye can read to her and it isn't the same story at all! And you can go as fast or as slow as you please.

For **M.C. OSBORN**, Ann enoses books dealing with the history of this area and of north New Mexico. He enjoyed "The Flamboyant Judge" by Haley and Golden. "6000 Miles of Barbed Wire" was an interesting history of the XIT. Books by author Ben K. Green are always enjoyed by M.C.

As soon as one of the girls is eligible, they enter the summer reading program. And each year they have started the program, each has finished. Which makes for a busy summer for their mother. Ann says she loves reading but somehow does well to finish each month's Readers Digest.

"Lil Abner" To Be Presented By Troup

The Thespian Troupe, under the direction of Miss Joy Morton, will present a musical version of "Lil Abner," October 8 and 9, at 8 p.m. in the High School auditorium.

Mrs. Betsy Cook is serving as choreographer and Mrs. Deke Kendrick is in charge of the music for the production.

Playing the part of Abner's Cronies are Joe Jones, Brad Beene, Robin Renner, Harrell Mays and Trip Horton.

Lonesome Polecat is played by Danny Holley; Mickey Harrelson is Hairless Joe; Romeo Scraggs, Noel White; Clem Scraggs, Gary Reator; and Al Scraggs is played by Loren Walters.

Moonbeam McSwine is played by Jeanine Jarboe; Danny Simpson is Marryin' Sam; and the part of Earthquake McGoon is played by Terry Thompson.

Pam Lindley plays the role of Daisy Mae; Gary Stone is Lil Abner; Cris Beck is Pappy Yokum and Dorothy Johnston plays the role of Mammy Yokum.

Brian Witten is Mayor of Dogpatch; Phillip Duggins is Available Jones; Stupefyrin

Jones is played by Janice Hayes, and Charles Fleming is Evil Eye Fleagle.

David Hardgrove plays the role of Senator Jack S. Pnogbound; Carol Bayousett is Dr. Finsdale; Pattijon Talley, Dr. Smithborn, Lisa Edelman is Dr. Krogmeyer and Pam Veazey is Dr. Schleifitz.

The Government Man is played by John Jones. Mark Snackelford is the Colonel; and Trip Horton is the President.

General Bullnose is played by Kyle Shelton, and his secretaries are Gail Graham, Jana Robertson, Marilyn Jones and Iris Stephenson. The role of Appassinate is played by Annette Reznik.

The Dogpatchers are Hope Mays, Cinda Johnson, Glenda Reeve, Lisa Taylor, Julie Johnson, Pam Wilcox, Kevin Welen, Roy Don Reator, Dusty Peters, Clay Bandy, Mitchell Wiseman, Davy Carthel, Dale Parsons, David Clark, Ronnie McLellan, Gene Strickland, Dale Cleveland, Chris Sanders, Shannon Taylor, Marie Morrison, Karen Merrell, Leesa Mervor, Susan Garner, Diane Hamilton, Tammy Williams, Donna Ruzicka, Regina Walters, Kay Cochran, Tammi Shelton, Janice Peak and Beverly Senueler.

Jerri Benge, Renae Charles and Janet Rodgers are in charge of the lighting and Mark Snackelford, Joe Jones, Noel White and Gary Reator are in charge of sound.

Mark Snackelford, Harrell Mays and Paul Wyly are in charge of sets, and Pattijon Talley and Pam Veazey will handle the curtains.

Ticket sales will be handled by Glenna Holt, David Renner, and Kenna Moore. Admission will be seventy-five cents for children and a dollar for adults.

Miss Morton urges you to make plans now to attend this musical production on Monday, October 8 or Tuesday, October 9.

SCOUT FUND STARTED. Pat Evans and Wayne Johnson are shown as they opened an account for the Boy Scout Building Fund recently at Friona State Bank. A total of \$2,000.00 was placed in the fund to start

with Shirley Ferguson is shown accepting the deposit. The month of October has been designated as fund drive month, during which leaders hope to raise an additional \$7,500 for the building fund.

Scout Leaders Will Have First Meeting

Monday, September 24, Mrs. Saran Terrill, field advisor from Lubbock, instructed the leaders of the Friona Girl Scout Neighborhood Council the proper way to complete new computerized registration forms.

The leaders were also taught some new games and songs as well as the art of working with dried flowers, seeds and foliage.

During the business session, with Mrs. Ralph Wilson, chairman presiding, a resolution was passed to install a phone in the scout house, and suggestions for projects for the troops for the coming year were discussed.

This first meeting, a covered dish luncheon, was attended by ten leaders and one guest, Mrs. Terrill of Lubbock.

WATER

When you need it,
Where you need it,
Profitably--
with **HIGROMATIC HI-TRUSS!**

The new '73 Hi-Truss irrigator features reliable water drive from powerful ten-foot spinner arms that provide exceptional torque and water distribution. The drive system is easy to maintain requiring no special skills or special tools. Water drive is the most economical drive system available.

To insure reliability and structural integrity, we use the most unique truss system ever developed. Our special bridge truss design absorbs the stresses and side thrusts that the farmer faces when irrigating row crops, plowed fields or rough terrain.

Check the rest of the features below and you'll see why HiGromatic's Hi-Truss and profitability go hand-in-hand!

*6-5/8" pipe for low pressure loss.
 *15" wheelbase for stability.
 *Seven towers irrigate a quarter-section.
 *Reversible.
 *Variable speeds.
 *Choice of tires to suit your soil.
 *Flexible coupling of unique design.
 *Crop clearance-Standard 8'9"-Low Profile Model 5'9".
 *Towable.
 *Electric Drive available.
 *New pivot design.
 *Galvanized pipe and trussing.

TIE-BREAKER: (Pick Score) Friona _____ Lockney _____

NAME _____

ADDRESS _____

**Members Attend
ESA Workshop**

District IX of ESA International held its September workshops recently at Sudan, Texas in the Fellowship Hall of the Sudan United Methodist Church. Iota Eta of Sudan was nostess chapter. Theme for the workshop was "Leaping Out For ESA" and very clever frogs were used for name tags and decorations.

The business meeting was presided over by president, Mrs. James Andrews of Friona, District President. Mrs. Andrews presented her acceptance speech, "Make Your Own Music".

Attending the workshops from Friona were Mrs. James Andrews, Mrs. Ronald Hawkins, Mrs. Keith Blackburn and Lois Norwood.

**Home Arts Club
Meets At Rhea**

Thirteen members of the Friona Home Arts Club met in the home of Mrs. Cordie Potts in the Rhea community last week and welcomed three new members at the meeting. New members included Mrs. D.C. Herring, Mrs. Jack Patterson and Mrs. Ralph McBroom. Mable Hartwell was a guest at the meeting.

Louisa Wilson demonstrated how to make dried centerpieces using cones and candles and Mrs. Joe Johnson demonstrated the method of making yarn flowers.

Next meeting of the Home Arts Club will be in the home of Mrs. A.L. Outland on October 18.

DIXIE WILKINS...Mr. and Mrs. Waymon Wilkins announce the engagement and approaching marriage of their daughter, Dixie to David Spears, son of Mr. and Mrs. E.G. Spears, Hempstead. Wedding vows will be exchanged Saturday, November 3, 7:30 p.m. at Calvary Baptist Church.

**Ladies' Society Has
Regular Meeting**

The St. Teresa Ladies' Society met Thursday, September 20 in the Parish Hall,

following the 8 o'clock service. Sylvia Ross conducted the business meeting. The Parish Council report included an offer by the CYO of St. Teresa's to babysit during the 10:30 mass on Sundays.

A report of the garage sale was given, with plans made to conclude the sale on Thursday, Sept. 27.

Final plans for the church's sausage dinner, to be held in the Parish Hall October 7 were made. A dinner will be served from 11:30 a.m. to 2 p.m. that day. Price will be \$2.00 for adults, and \$1.25 for children under 12.

Cleaners for the month of October were appointed. They are Angela Bermea and Matilde Caballero.

At the October 23 meeting, Susie Perez and Evelyn Ball will serve as hostesses. All ladies were to attend the sausage-making Tuesday, September 25.

The meeting closed with Hortencia Bermea and Ofelia Diaz serving refreshments to Father John Coppinger, Sylvia Ross, Evelyn Ball, Tony Castillo, Susie Perez, Irene Bermea, Matilda Caballero, Olivia Ortez, Angela Bermea, Helen Fangman and Lydia Marinex.

**Cleta's
Comments**

by Cleta Williams

Wouldn't you know! They have changed UIL rules for photographers [and to be fair, also others] on the football field.

As of this year, photographers, sidelined players, cheerleaders and others are not allowed to be closer than six feet to the boundary lines during a game.

Following last Friday night's game, I was reminded the announcement had been made over the P.A. system (but not listening, I failed to hear it).

At any rate, someone... somewhere, decided they had to take care of foolhardy photographers and keep them away from boundary lines for their own protection.

We are in the same boat as most small newspapers and depend on being close to the action to take pictures. Time will tell what effect the new ruling will have on the quality of pictures we can produce at future games. Very few smalltown newspapers can have sophisticated telephoto lens for their cameras.

Heard Mrs. Charles (Martha) Russell had skin grafting at High Plains Baptist Hospital in Amarillo this week and is still undergoing treatment and therapy for burns she received approximately three weeks ago at her home in Friona.

My father, W.F. (Buck) Creamer, of Muleshoe, was transferred from West Plains Hospital in Muleshoe to Lubbock Methodist Hospital Friday morning.

He has been seriously ill for approximately a week now, and I have been commuting from Friona to Muleshoe each night on treacherous Highway 214. I would be one of the greatest boosters to get something done to improve the narrow, rough highway.

Frost showed up Friday morning for the first time this fall, with the official temperature showing a drop to 37 degrees.

Heard Publisher Bill say the house across the street from where he lives looked like it had snow on the roof due to a heavy upper frost.

Couldn't be too long now until winter will officially be here, whether the calendar says so or not.

I happened to be at the hospital in Muleshoe early Wednesday morning, shortly after 8 a.m., when nurses started running with wheel-

chairs and carts to the emergency entrance. The dread words "school bus accident" really set things moving in a hurry.

They took five injured children and the bus driver in for treatment. One thing that stuck in my mind was the terrific responsibility faced by a school bus driver. As it turned out, despite several broken bones, the accident was no worse than it was, considering that a gasoline transport truck had struck the left front of the bus.

It was a 60 passenger bus, and was loaded with 57 students and the driver.

Lots of spirit was noticed Thursday night as I accompanied a caravan that left high school and traveled down Fifth Street and Main to Reeve Lake where a pep rally and bonfire heralded homecoming.

Friona is a sports minded town and turned out in good support of the Chieftains. This was also the first bonfire in several years, and bouquets to the Friona Volunteer Fire Department for standing by and helping the school athletic program.

**Rhea 4-H Club
Elects Officers**

Officers for the coming year were elected at the September 18 meeting of the Rhea 4-H Club.

Officers elected were as follows--Donnie Gustin, president; Gary Don Schueler, vice president; Stephanie Schueler, secretary-treasurer; Glen Schueler, reporter. Mike Schueler was elected Council Delegate with Diana Gustin elected alternate.

Until October 9, the club members will be selling Tom Watts products. These products are a collection of assorted gifts. The proceeds from the sales will be used for the state 4-H Youth Center to be located at Lake Brownwood.

**Judge Tarter Speaks
To Rhea HD Meeting**

County Judge Archie Tarter conducted a question and answer program for the Rhea Home Demonstration Club, Monday, September 24.

Miss Jana Pronger, County Home Demonstration Agent, was a special guest as well as Judge and Mrs. Archie Tarter of Farwell.

Hostesses, Mrs. Jack Patterson and Mrs. Herman Grissom served refreshments of cake, coffee and hot chocolate to the guests and the following members--Mrs. Norman Taylor,

Mrs. C.V. Potts, Mrs. Herbert Schueler, Mrs. Keith Stephens, Mrs. Floyd Schlenker and Mrs. Leland Gustin.

It was announced that the next meeting will be held October 8 at 8 p.m. in the Parish Hall of Redeemer Lutheran Church. Mrs. C.V. Potts will present a program on crafts, and each member is to bring a craft idea for Christmas to display.

The members extend an invitation to anyone interested, to attend their next meeting.

**FRIONANS
HOSPITALIZED
OUT-OF-TOWN**

Mrs. Charles Russell is hospitalized at High Plains Baptist Hospital, Amarillo.

Mrs. I.V. Moseley is also undergoing treatment at High Plains Baptist Hospital in Amarillo.

Tammy Fairchild is a patient at High Plains Baptist Hospital, Amarillo, and J.P. Sims is hospitalized at Deaf Smith County Hospital, Hereford.

**HOSPITAL AUXILIARY
Annual Fall Rummage
Sale**

The Hospital Auxiliary will hold its annual Rummage Sale in the old McCaslin Lumber Company Building--Main Street near the highway.

Dates--September 28th and 29th and each Friday and Saturday through October

Times--Fridays 2-5 p.m.
Saturdays 2-6 p.m.

Profits made from this rummage sale will be used to buy new TV sets for hospital rooms.

**Faith Grows Through
Suffering And Need**

Read Psalm 93; Matthew 8:23-27

The Lord on high is mightier than the noise of many waters. (Psalm 93:4)

Fresh in memory are the terrible floods of the Chemung and Susquehanna rivers, which ravaged parts of upstate New York and Pennsylvania and inundated cities, leaving thousands homeless and in need.

Many people from our town of Amsterdam went to help. Others in Amsterdam worried about the Mohawk River, which came perilously close to overflowing its banks and the flood walls. Talk of the floods was on the lips of everyone.

It made me think of the psalmist who wrote about floods. He said that the floods had lifted up their voice and their waves, and that the Lord is mightier than the noise of many waters.

The floods or any other adversity make clear our dependence upon God and the rock-like strength one finds in this dependence. Even the catastrophic floods are dwarfed before the might of God. Many who suffered through the floods realized with the psalmist the truth of this,fe.

PRAYER: Lord, teach us to use adversity to that we can see more clearly Your strength and our need of You at all times. In the spirit of Jesus we pray. Amen.

THOUGHT FOR THE DAY

Times of need and suffering can be times of insight and growth in faith.

--Robert M. Haven, Amsterdam, New York
