BASEBALL PLAYOFFS will take the spotlight in Friona next week, with all four leagues of the city's Little League program involved in post-season activity of one sort or the other.

Both the Senior and Major Leagues will be involved in all-star playoff action, and tournament action for both leagues is scheduled locally.

The junior and senior minor leagues will have intra-league exhibitions on Thursday the

Local interest in the Little League program has not been what it has been in the past this season, but we encourage the sports fans to attend and take part in the post-season activity next week. A good finish for the current season would be the best dose of medicine toward curing the ills in the program for another year.

ONE OF THE MAIN reasons we have not had mosquito dustings in the city of Friona this summer is because more and more sprays are either being banned by the government, or they are in short supply. The city has not been able to get the dust that it

Fortunately, the mosquito problem has not been a bad one to this point this summer. We're hoping that it doesn't get to be a bad problem, in light of the spray situation.

ON THE SUBJECT of mosquito dustings, we're reminded of the story of two neighbors who were discussing the merits of the routine spraying for mosquitoes.

"I don't believe that spray kills the mosquitoes at all," the first neighbor said.

"Of course not. It just drives the people into the house, so they aren't bothered by mosquitoes," his neighbor replied.

Bank Totals New Record

The regular quarterly statement of Friona State Bank issued on June 30 showed record figures for the call date. it was revealed this week.

Deposits at the local bank as June 30 stood at \$15,932,308.62, compared to \$12,256,683.22 a year ago. This was a net increase of \$3,675,625.40.

Total assets at the bank stood at \$18,365,879.25, an increase of \$4,517,433.69 over the figure a year earlier, which was \$13,848,445.56.

Loans also showed a nice gain according to the statement. from \$9,926,818.88 a year ago to \$12,258,831.06 this year, an increase of \$2,332,012.18.

Robert Neelley, bank president, cited the good crops of the past year, coupled with some of the best prices in recent years as being the contributing factor in the current statement.

DQ Opens In Friona

Friona's Dairy Queen Restaurant opened this week, and already has been tried out by many Friona residents.

Mr. and Mrs. Jimmy Charles, former residents of Tulia, are the managers of the new business, which is owned by Lynn Arnold of Hereford. Arnold owns Dairy Queen restaurants in Hereford, Tulia and Canvon.

The new Dairy Queen will specialize in ice cream, including malts, shakes, sundaes and banana splits. "We claim to have the best

hamburgers in the country. We don't sacrifice quality when we buy the food which goes into the burgers. We take pains in preparing all of our food," says Arnold said he is looking

forward to serving the people of Friona with good food and fast service. The new restaurant will feature a dining room which seats 48 people.

Customers will be served either in the dining room, or as walk-up, drive-in, or take-out customers. The new store is located at the intersection of West Highway 60 and Farm

Now, Friona residents are looking at another shortage possibility for the very near future. This shortage concerns sale in not only local grocery stores, but nationwide.

NO TOMATOES

Have you tried to buy tomatoes during recent days? Couldn't find them, could you? Or, if you did find them in the stores, the supply was scant. Tomatoes are just not there for grocers to buy. And this is not confined to the four grocers in Friona, but is true on a nationwide basis.

Edward White of White's Supermarket, said that on his last order of tomatoes, he only received half of what he ordered.

"I don't know if there might be a supply of tomatoes locally this year," he said. "We have never had a source in the Bovina to Hereford area, but I don't know what may have been planted this year.

35 YEARS AGO-JULY 7, 1938

The new highway 33-60 which has been under process of construction since about the first of the year, has been opened for traffic across the entire portion of Parmer County covered

The opening was made on Monday the Fourth of July, when the last bit of black-top and gravel was laid and made ready for traffie, and as a result Parmer County now has another stretch of hard road, as good and as nice as any to be found in the state, with some of the most beautiful curves and bridges, each draw crossed by it being spanned by pretty and substantial concrete bridges.

31 YEARS AGO-JULY 10, 1942

Some time last Tuesday a long and fairly comfortable bench was placed in front of the Friona Post Office, for the convenience of those who have the spare time to loiter there.

The ladies of Friona and surrounding communities are protesting the presence of the bench at the post office, as during the busy harvest season many of the wives or daughters come for the mail and they claim that there are already too many men loafing there to stare at them. The bench, they feel, invites more loafers.

There are other benches in front of some of the stores, which are always occupied by the men, but the ladies do not need to enter these stores if they do not wish to do so; however, the post office is a public institution, rendering a service of a unique nature to the entire public and has no competing institution so all must patronize it regardless of who and how many may be loitering there. The ladies have no time to use this bench, even if they cared to, which they do not.

Dear Editor,

July 8, 1973

Our community is interested in any attempts to have a better informed, more educated community. A newspaper is a vital part of a community and an important communication media for its citizens. Your new policies are interesting in this light.

Could you, then explain your advertising policies which permit "Our Sympathy" ads to grooms and similar ones on other occasions which should be private, happy, enjoyable times for young grooms and brides. Sincerely.

Editor's note-Yes, some things are private, but when you have fun-loving friends. sometimes they are made more public. You may have missed the ad this week in the Lubbock Avalanche-Journal in which friends of Jim Carlen ribbed coach "Chubby" Carlen on reaching his 40th birthday. complete with his picture, etc. Some folks just enjoy a laugh more than others, we guess.

WELL, THEY ARE AT IT AGAIN in Pompona, Spain-The annual "run of the bulls" through the city streets with the brave

and foolish young men trying to outrun them in their best Not all of them come so well for sure enough, several were caught by the bull this year and he took out some vented anger

on his helpless objects of scorn. (Actually there are many bulls and many young men) I don't suppose we have anything comparable which is pronounced comparable] to that in the U.S. of A .- and I sure am

not advocating anything. They have had a few bull fights in Texas-(still outlawed in the U.S.) but these fights are the protected type where the bull gets to wear the equivalent of a bullet proof vest ...

Waco is the more recent city where a few are seeking to break down the stronghold of traditional "no bullism" and get a bull fight there I should think the 'ole' bear there would run it off...get it?

Well, I seem to be shooting a lot of "bull" in this article so let me see if I can't come up with something that isn't---

The only really popular advertisement (the NOW pronounciation of that word is advertisement) for bulls today is "Get Bullish On America" which has something to do with stocks and bonds and that I don't understand.

I do think I had one for dinner and the other night (which isn't good info since we live in the midst of what we do) that had been around for some time and may have even made several trips down the streets of Pompona before he got sidetracked...He tasted like it, anyway.

Note how I have moved us around the circle to my favorite topic ever so effortlessly? Eating.

Probably you have noted my trim figure and that I use great distinction in my choice of diets and have been able to discipline my eating habits and all...now we must be back to the beginning again because that was a lot of bull....

EVANSDALE, IOWA, ENTERPRISE-"When people complain about their high grocery bills, are they talking about just the edible articles they buy each week, or do they include all the other items such as aluminum foil, garbage bags, toothpaste, needles, thread and the many, many other unrelated things they carry home? The old time grocery store was just that, but as we know them today they are really sort of department stores built around the old grocery store, and generally known as Super Markets of one chain or another. They're a lot of years advanced from the day of the cracker barrel, the pickle keg and the old coffee grinder, grocery store."

Two new sewer taps and one reactivation were made during the period of June and now the active sewer taps in Friona number 1,272.

Eight fire alarms were answered during the month. Five were outside the city and three inside. The only loss reported was to the Joe Guerra residence west of Hub, at a loss of \$10,000.

During training in June, firemen held a sectionalized session on Maintenance, Ladder operations, use of Pumping and Breathing equipment. Also new protective clothing was issued the firemen.

The Friona water distribution system was checked by a representative of the State Board of Fire Insurance, and following the testing, he approved the water distribution and fire-fighting system.

Three adult interments were held at the cemetery during June and the park was watered twice and mowed during the

Rain on June 12-13 caused a slight increase in routine maintenance and grading, and street sweeping was done on four days.

During the latter part of the month, members of the street department assisted the water department.

Two aerial sprays with Baytex solution were made on June 15 and 24th by Benger Air Park. This is a new larvaecide which is expected to control mosquitos much better than weekly dustings, said City Manager Outland

The mayor, city manager and fire chief attended a meeting in Hereford on June 5, in which K.B. 'Tex' Watson, president of Pioneer Natural Gas, outlined potential natural gas problems n the future.

Methodist Church To Host Speaker

"An excitingly different series of services have been set at the Friona United Methodist Church for July 21 and 22," said Rev. Albert Lindley. "These are different because they are to be led by a layman....not a

"E.H. Tank' Harrison of Memphis, Tenn. is one of the most refreshing and challenging spirits that has come our way in a long time. God is using his unique gifts, abilities, and dedication in a marvelous way. As he speaks, we know that some of God's greatest witnesses are laymen," adds Bishop Alsie H. Carleton of the Northwest Texas-New Mexico

Harrison was a member of the Memphis Police Department for 20 years serving on the vice and narcotics squad, the juvenile squad and the community relations bureau. He has received many service work as a lawman. In 1971, due to an increasing demand on his time, Harrison resigned from the police department and is now engaged in full time evangelistic work.

IMPROPER CARE of chicken, summer's menu delight, can result in poisoning.

Many shoppers don't realize how important it is to store, cook and handle poultry carefully.

Food poisoning can mean diarrhea, nausea, abdominal pain and vomiting-not a very pleasant situation.

What many people sometimes assume is a 24-hour virus is frequently an attack of salmonellosis—an infection of he intestinal tract caused by salmonella bacertia which have contaminated foods such as fresh meat, poultry, fish, eggs and dairy products.

Homemakers can follow eight

steps to avoid this illness.

-Refrigerate poultry and other perishable foods to be used within a few days at 35-40 degrees F. For longer storage, freeze poultry.

-Clean all surfaces on which raw poultry was prepared. Treat wooden cutting boards that absorb juices with chlorine laundry bleach after washing. Never place cooked food on surface used to prepare raw poultry unless you've carefully cleaned it.

 Wash knives, spoons, other utensils, dishes-and handsafter contact with raw poultry.

-Defrost poultry in refrigerator. If you must thaw it more quickly, put poultry in a waterproof plastic bag, seal tightly and place under running cold water.

-For turkey, cook to an internal temperature of 185 degrees F. Never partially cook and finish cooking later. On stuffing, do so right before roasting.

-Heat poultry leftovers until they are HOT throughout. Bring gravy to a full rolling

-Never allow cooked poultry to stand at room temperature after serving, as food may not be safe to eat if held more than an hour or two at temperatures where food poisoning bacteria grow rapidly—and that includes preparation, storage and serving time.

-A good rule-keep hot foods hot (above 140 degrees F.) and cold foods cold (below 40

This prevents bacteria like

An Encouraging Person Is Always A Joy To Know

Read Acts 4:36-37; 11:19-26

Joseph, a Levite born in Cyprus, whom the apostles called Barnabas (which means "One who Encourages") sold a field he owned, brought the money, and turned it over to the apostles.

The apostles gave Barnabas his new name because of the life he lived. He encouraged Saul of Tarsus, and succeeded in getting the church to receive him. The apostles sent Barnabas to Antioch to encourage the new Christians there to stand fast.

What a joy it is to know an encourager! I entered first year preparatory school at Birmingham College in September 1915. I wanted an education. So I quit my job for a part-time job which paid one third of what I had been making. The slow pace of the college discouraged me. I wanted to go back to the business

One morning I stood in the Chapel looking out the window trying to decide what to do. An upper classman came and stood by my side. "Harry, we are glad you have entered school. We are going to stay by you. You have our prayers and help." He walked away. I decided to stay. He was a son of encouragement.

PRAYER-Dear Father, we thank You for those who have encouraged us with faith and love. Give us the spirit and encouragement for the discouraged. In the name of our blessed Lord. Amen.

THOUGHT FOR THE DAY-What a joy to know an encourager!

Hereford Planning Diamond Jubilee

Citizens of Hereford are currently preparing for the town's upcoming Diamond Jubilee Celebration scheduled August 25-September 1.

Serving as living memorials of the past, such enterprises as the "Brothers of the Brush" and the "Celebration Belles" kindle sparks of yesteryear by adopting the fashions of the late 1800's. Those clean-shaven and short-skirted citizens who are and Mrs. J.R. Varner, that they skirt with a dark chocolate not animated by the Jubilee's hubbub are promptly given their due at the local Kangaroo

Court. A summer spiced with promenades, caravans and special exhibits will precede "Hustling Heritage Week" at the end of August.

The week will be kicked off on the 25th with a huge historical parade, presided over

by the Governor of Texas, Dolph Briscoe, That night will unveil the Diamond Jubilee Coronation Ball and Miss Hereford Jubilee.

The 26th, Religious Heritage Day, will constitute worship and an afternoon of church socials and class reunions.

Old Fashioned Bargain Days will come to life on the 27th with tempting sidewalk sales and treasure hunts. A teenage street dance will complete the day's agenda.

August 28th is Industry and Agriculture Day, accenting tours, displays and a country hoedown.

The ladies will be distinguished on the 29th with a variety of recipe contests, luncheons, style shows and an antique show. That evening will present the first spectacular outdoor performance of "Hustling Heritage 75," the historical chronicle of Hereford.

The activities on the 30th will be devoted to the community's youth. The day will offer contests, picnics, parades and talent shows. That night will contribute the second episode of "Hustling Heritage 75" which will be preceded by an old fashioned fiddlers' contest.

August 31, Mexican-American Day, will be flavored with Spanish music, costume and fiestas. Evening will boast the continuing saga of "Hustling Heritage 75."

Rounding up the week on September 1st. Diamond Jubilee Day will sponsor the cutting of the huge birthday cake and a presentation of awards. Afternoon will bring a civic club barbeque and the burial of a time capsule. The grand finale performance of "Hustling Heritage 75" will conclude the
