

Lites
by Bill City

NEXT WEDNESDAY. Friona residents will join those across the USA in observing the 197th anniversary of the signing of the Declaration of Independence.

In just three more years, our nation will be celebrating its bi-centennial, or 200th birthday.

It is our fondest hope that during the three years prior to 1976, we can continue to live with peace in the world, so that our country's anniversary celebration might not be marred.

Hopefully by that time our nation's internal problems may also be solved, or at least softened, so that when the greatest country on the face of the earth celebrates this birthday, it might be the example to the rest of the nations on our globe that it rightfully ought to be.

TO HELP FRIONA residents celebrate Independence Day, the Chamber of Commerce is sponsoring the fifth annual patriotic observance.

We will be fortunate in having as guest speaker for the affair our state representative, Bill Clayton of Springlake.

Clayton, who has announced his candidacy for Speaker of the House of Representatives, ordinarily would have considerable "free time" now that the legislature has recessed.

However, since he is making the race for the speakership, Clayton is making trips to all parts of the state, seeking support for his candidacy.

Last week, for example, Clayton was in Port Arthur and other points near the coast.

Clayton says he is encouraged so far by early indications as to how he may stack up in the race. "I'm getting support from some areas that frankly surprise me," the Lamb County legislator told us recently.

It would certainly be a feather in Clayton's (and the area's) cap to win the position.

THE CHAMBER OF Commerce sponsors the patriotic program and fireworks display as a means of encouraging people to stay at home and off the highways at this busy holiday season.

Since the Chamber and its hard-working July 4th committee (Ralph Shirley and myself) have gone to the time and trouble to line up the program, it behooves residents to take it easy on the Fourth—and stick around for the local observance.

With the Fourth falling in midweek, there really isn't much of a chance to get very far, anyway. So, with the gas being needed to help get the wheat crop out, we're recommending an Old Fashioned Fourth of July. You might even throw in a freezer of ice cream somewhere along the way. And if you have an extra freezer, our telephone number is 247-3053.

REACTION TO OUR switch to a Sunday publication is running about 50-50. Or perhaps 40-40-20 might be more like it. About 40 per cent are in favor, 40 per cent opposed, and the other 20 per cent say "It just doesn't make any difference to us."

This was a matter that we considered for quite a time before jumping into it. As we said last week, there were several factors that prompted us to make the move.

We hope you will all bear with us and give the change a fair trial.

NEWEST TEXANS... During an evangelistic mission to Germany recently, Rev. Charles Broadhurst of Friona's First Baptist Church presented each of the evangelistic group from Friona with a medallion signifying the 100th anniversary of their city. Rev. Broadhurst said of the tour, "God answered our prayers in Germany."

AT CITY PARK

Friona City Marker Dedication July 4th

One of the highlights of July 4th next week will be the dedication of a historical highway marker, according to Nelson Lewis, field representative for the county historical committee.

Lewis said the marker will be dedicated at 11 a.m. in the Friona City Park by Frank Spring. Participating in the ceremonies will be representatives of both the Boy Scouts and Girl Scouts, along with Hugh Moseley, Parmer County Tax Assessor from Farwell.

Sometime following the dedication, the marker, which is a "City of Friona" marker, will be placed at the roadside park at the east edge of Friona on Highway 60.

The field representative said he and the historical committee hoped for a large turnout for the dedication. He added that this will be the first historical marker for Friona and asked as many people as possible to attend the dedication for this 'first' for the area.

The marker will read— "Originally called Frio, after Frio (Cold) Draw, when established by XIT Ranch, in 1898, as a shipping point on recently built Pecos & Northern Texas Railroad.

"In 1906, the George G. Wright Land Co. took options on area lands and initiated a colonization project, promising

fertile land and a healthful climate to attract prospective settlers from Ohio to Kansas, and erecting a hotel, livery stable, and bank.

"Name was changed to Friona when the post office opened, March 16, 1907, with Sarah D. Olson, Postmaster. The first organized church was Union Congregational Church, June 1907. School opened in 1908, and was one of first districts in Texas to use buses, in 1917.

"A controversy between Friona and Farwell over location of the county seat led to an election in 1913, won by Farwell, contested by Friona, and settled in 1916, by a court ruling favoring Farwell. By this time, S.A. Harris was publishing a newspaper, the Friona 'Sentinel'. The city was incorporated in 1928, and John W. White elected mayor.

"Now a regional marketing center for agricultural and beef products, Friona claims the distinction of 'Grain Sorghum Capital of the World.'

The marker will be placed at 0.5 miles east of Friona on U.S. 60. Dedication plans will be announced in the near future.

Made of cast aluminum with Swedish steel effect, the marker measures 27 by 42 inches and is sponsored by Parmer County Historical Survey Committee.

FIREWORKS WARNING

Friona City Police Chief Bill Denney reminds everyone that the shooting of fireworks within the city limits of Friona is in violation of Friona City Ordinance 471.

He said patrolmen will be working fireworks violations and urges everyone to cooperate in keeping fireworks out of the city.

The marking of local historic sites and landmarks is part of the Texas State Historical Survey Committee's program of preservation activities. These include archeological investigations, small museum consultation, and administering the National Historic Preservation Act in Texas. As of 1970 the Survey Committee had erected more than 5,000 official markers.

The name and location of the present marker will appear in the next edition of the "Guide to Official Texas Historical Markers" in order to stimulate tourist travel in this area, to arouse interest in historical tours, and to acquaint the people of this locale with their unique heritage.

LIVELY, PATRIOTIC ENTERTAINMENT... Providing entertainment at the patriotic program scheduled for 9 p.m. on Wednesday, July 4, will be the 'Jackson Four'. This local group of entertainers are the children of Mr. and Mrs. Joe Jackson and they are Carl, Nelson, Ricky and Wennifer. The entertainment will be under direction of Jo Witten. They are boosting the spirit of Independence Day and patriotism. (Staff Photo)

GIGANTIC FIREWORKS DISPLAY

Independence Day Events Are Slated

Patriotic speeches, top entertainment by a young local group, marker dedication and a gigantic fireworks display are planned for Wednesday, July 4 in Friona.

Starting a festive day will be the dedication of a Friona marker at 11 a.m. in the City Park.

A patriotic program will be held at 9 p.m. in the high school auditorium with entertainment for the program under direction of Jo Witten, and will include several numbers by the "Jackson Four" a talented young family quartet from Friona.

Rounding out the program, beginning around 10 p.m. or at dark, will be the fireworks display at the football stadium, under direction of the Friona Volunteer Fire Department.

Special guest speaker at the fifth annual patriotic program will be State Rep. Bill Clayton from Springlake, who is well known nationwide for his work with water conservation.

Another activity will be a swimming and diving contest for Friona youngsters from the age of seven years and up. The contest will begin at 5 p.m. at the Friona Dive-In Pool and the public is encouraged to attend.

Youngsters wishing to enter the swimming and/or diving events are urged to call the pool, or register between now and Wednesday when they are at the pool. Manager of the swimming pool, Ray DeBord,

will serve as director of the contests.

Clayton, a Democrat from the community of Springlake, is an acclaimed leader in the Texas House legislative chambers.

He was born at Olney on September 11, 1928 and moved with his family to Springlake in 1931. Rep. Clayton graduated from Springlake High School and attended prep school at Allen Academy. He is a graduate of Texas A&M University with a Bachelor of Science, Agricultural Economics.

First elected to the Texas House of Representatives in 1962, he has been re-elected every two years since. Rep. Clayton is the acknowledged water legislative leader in Texas having either authored or co-authored or played a key role in every major water legislation during his tenure.

He currently serves on several water study committees and is now serving as Chairman of the Standing Sub-committee on Water Conservation, Natural Resources and serves on Elections and Inter-governmental Relations Committee, as well as a number of other well-known and recognized committees.

Awards and citations have been numerous for the Representative-farmer-author, who maintains farming and

ranching operations in Lamb County, is director of Olton State Bank and president of both Springlake Enterprises Inc. and Texhold Inc.

Clayton stated, "During the past session, much needed legislation died in the logjam created by what I consider to be an unworkable committee system, but perhaps this was a blessing in disguise. The legislature has finally met the challenge of trying to become less of a distant, untouchable entity, and has recognized the principal to which I have long subscribed—that hard work and effectiveness are directly proportional."

Clayton, a West Texan, is married and has two children.

ORMA FLIPPIN

Postal Worker Ends Career Of 35 Years

Orma Flippin, assistant to the postmaster in the Friona Post Office, retired Friday, June 29, following 35 years of service in the local post office.

She was honored at a retirement party at the home of Postmaster Wright Williams on Saturday, June 30.

At the backyard party, which was attended by all postal employees and their wives, Mrs. Flippin was presented a silver platter with the date 1938-1973 inscribed, as well as a china plate with all employees' autographs.

"Orma is the most dedicated person to her job I've ever known," commented Postmaster Wright Williams of his retired assistant.

Mrs. Flippin had over 2,500 hours of sick leave saved up, as well as 380 hours of annual leave. She will get credit for all her extra hours, according to Postmaster Williams.

When she started working at the Friona Post Office in 1938, Sloan Osborn was postmaster and she was the second inside employee hired for the local post office.

A native of Illinois, she moved to Friona with her family in 1914. Her father, the late John White, established the Friona Star on July 31, 1925.

Most Stores Will Close

A survey of local stores and business firms Thursday indicated that most business places planned to close Wednesday, July 4, for the holiday.

The bank, post office, city offices, and all government offices have scheduled to close as well as Consumer's, Kendrick Oil, Mobil Oil, Herring Implement, Friona Star and all utility companies. Gib's said they would be closed all next week in order to give their employees a vacation.

ORMA FLIPPIN

Although she has variously described herself as a 'general funky,' Postmaster Williams has said she has been assistant to the postmaster for some time.

When Mrs. Flippin started working for the Friona Post Office, the post office was located in the present Ethridge-Spring building on Main Street. Also, in 1938, when she was initially employed, the population of Friona was approximately 800 people.

FIGURES GIVEN
Construction Hits Peak Here In June

By issuing a building permit in the amount of \$35,000 for the Circle K Foods Corporation here Thursday, the total permits issued for the month of June soared to a high point for the year.

Five permits were issued in June, for construction valued at \$181,300, according to City Manager Jake Outland.

The June total pushes the city construction for the first six months of 1973 to a total of \$430,400—almost \$100,000 ahead of the same date a year earlier. The impressive totals come after the slowest of starts—with only \$500 logged for the month of January.

Circle K, a convenience store

chain, has started construction on a building at the corner of Prospect and West Highway 60 (11th Street).

Other permits issued during the month included R.L. Fleming, \$40,000, Ray D. Fleming, \$46,000, J.T. Stone, \$20,000 and \$40,000, all for new residences.

BUILDING COMPARISONS

BY PERMITS			
	1973	1972	
Jan.	\$ 500	\$ 800	
Feb.	105,500	176,850	
March	48,500	39,300	
April	49,700	9,600	
May	44,600	72,000	
June	181,300	34,200	
Totals	\$430,400	\$332,750	

GREET VISITORS...G.B. "Pete" Buske, center, is shown visiting with two of the many guests that attended open house activities for Pioneer Cattle Order Buyers' new building last Sunday. The visitors are Lola and Clyde Goodwine, longtime residents of Friona. Over 500 guests attended the open house during the two-day event.

Agri-Culture HOW'S YOUR?

ONE FARM WORKER NOW PRODUCES ENOUGH FOOD AND FIBER FOR 51 PERSONS AS COMPARED WITH 16 IN 1952...

A RECORD UNMATCHED ANYWHERE ELSE IN THE WORLD OR EVER BEFORE IN HISTORY !!!

Sincerely Yours

By Rev. Albert Lindley

JUST ABOUT the time I get my "thinking process" adjusted to a weekly article to be in by Tuesday, Ole Ye Ed decides to change the publication date to a week-end and now I'll be caught on Tuesday with something to say (?) and no one to whom I can say it....

It would probably help your feelings to know that I was out of town and he didn't ask me either. Not even my opinion. I like to share my opinions. They don't take very often, but I sure do like to share 'em.

As you know, I'm hep on the out-of-doors and just this past week was able to be kinda in charge of a family camp for our Church Conference. I named it "Camper A-Go-Go" and we met at Palo Duro State Park.

This was our second year and I was just a little disappointed in the number who attended from around the Conference but those of us who did, had a grand time.

Of course, the Park is set up for all kinds of camping units—from just a bed-roll on up to the Greyhound Motor Home.

The Park was beautiful and the wind kept us from being hot. All in all, the family fellowship and the intra-family fellowship was just great.

The caves, trails and mud holes are just as much as ever and of course, TEXAS is in full production so it really comes out as a "fun time" in a "fun place."

I suppose that is my commercial for the Park for today as your "foreign correspondent" continues to cover various areas for great things to do and enjoy.

When Ye Ed reads this rough draft, I will be off on a few days vacation. I didn't ask him either...I wonder if I will be able to turn in an expense voucher?...

WELCOME TO FRIONA

Friona welcomes F.X. Plunkett this week. He is a summer intern at Parmer County Community Hospital. Dr. Plunkett is a native of Pittsburgh, Pa., where he has two years left in his medical training at the University of Pittsburgh Medical School. Dr. Plunkett is the oldest of ten children and says "I like West Texas." He plans to become a general practitioner when he completes his medical training, and will possibly be practicing somewhere in West Texas.

From Around The Country

SIERRA MADRE, CALIF., NEWS: "Americans have a ready solution for every problem which confronts us: Pass another law. We heap law upon law, and each new statute seems to dare us to defy it or find a way of evading it. We spend more money to pass laws, and more money to break the laws we pass, than any nation in the world. And we think that the only way to correct all this is to pass another law. The something that makes laws work is definitely missing. We have become so involved in legality that morality is forgotten. And the result is more and more laws in a vain effort to keep us from being inhuman to each other. This is not progress."

STOVER, MO., MORGAN COUNTY PRESS: "No-fault insurance is getting quite a bit of publicity, and if what we read is correct, it costs less and eliminates the delay and expense of investigations to determine who is at fault. They say no-fault insurance provides prompt and fair benefits to all auto accident victims for their injuries and property damage regardless of who was to blame, just like health and life insurance, insurance on your home, collision and comprehensive coverage on your car."

DETROIT LAKES, MINN., TRIBUNE: "Investigators have discovered that one reason student rioters throw rocks at police is because rocks are so often handy. The reason—an increased use of small ornamental stones in campus landscaping around shrubs and trees. Now one university is trying a preventive measure—gluing the rocks down. The University of Illinois at Urbana-Champaign is test-coating the rocks with a plastic which forms a rigid mass. If the experiment is successful, the whole campus will get plastered and fewer police will get stoned during student riots."

INTRODUCING A NEW MEMBER OF OUR BANKING TEAM

Esther Baize

New employee at the Friona State Bank is Esther Baize, a Friona native, who is the daughter of Mr. and Mrs. Ralph Smith. Esther is a graduate of Friona High School and attended Texas Tech University.

Before starting work at the bank, she was employed in Amarillo. She and her husband, Danny, make their home in Friona.

FRIONA STATE BANK

Friona Jaycees Help Alcoholism Program

Because of an increased problem with alcohol, and even though Friona Jaycee President Don Gatlin said he did not believe there was such a 'great' problem with alcoholism in the immediate Friona area, the Friona Jaycees have joined the national Jaycees in a program to help combat alcoholism.

He outlined the concept as follows—
For the first time since prohibition, a national leadership organization has dedicated itself to work for greater awareness and understanding of drinking problems in our society.
The United States Jaycees have adopted a major resolution calling for responsible drinking by those who drink alcohol...and for acceptance of the individual's right not to

drink.
The Campaign will go into action in 6,700 Jaycee communities all over the country. The sensible drinking effort will include public service messages for television, newspapers, radio, and movie theaters as well as posters, bumper stickers, newsletter articles and reproduction prints, and a pamphlet of guidelines for responsible drinking. The pamphlet will include the truth about some popular drinking myths, suggestions for helping friends with drinking problems, and tips on sensible drinking. It will also contain helpful hints for the host and hostess who serve alcohol.

The United States Jaycees is a young men's civic organization devoted to human improvement. Recognizing the growing toll of alcoholism, drunken driving, and other drinking problems, the Jaycees passed this resolution—

Whereas, The United States Jaycees, comprised of 325,000 young men in 6,700 chapters, has undertaken pioneering and historic actions in the area of alcohol abuse and alcoholism prevention, and

Whereas, The United States Jaycees seek to create awareness and understanding about the drug alcohol, and

Whereas, We respect an individual's personal, private decision to drink responsibly if he so chooses; and just as importantly, respect a person's decision not to drink, now

THEREFORE BE IT RESOLVED, that The United States Jaycees, concerned with human personality, growth, and development, faithfully promote Responsible Drinking Principles and Guidelines regarding alcohol's use in our society, and encourage their acceptance by the American people.

By undertaking a campaign to dispel myths about alcohol, alcoholism, and drinking, the Jaycees hope to help reduce alcohol-related problems. The most important myth they hope to shatter is that alcoholic people can't be helped. Alcoholism is a treatable illness, and the Jaycees are convinced that when enough people come to know this, alcoholism recovery rates will zoom.

Although a vast majority of the 100 million Americans who choose to drink use alcohol responsibly, there are about 9 million alcoholic Americans today. And more than half our traffic fatalities involve alcohol.

In their campaign, the Jaycees hope to enlist strong support from young people, elected officials, business and labor leaders, clergy, doctors and other influential groups.

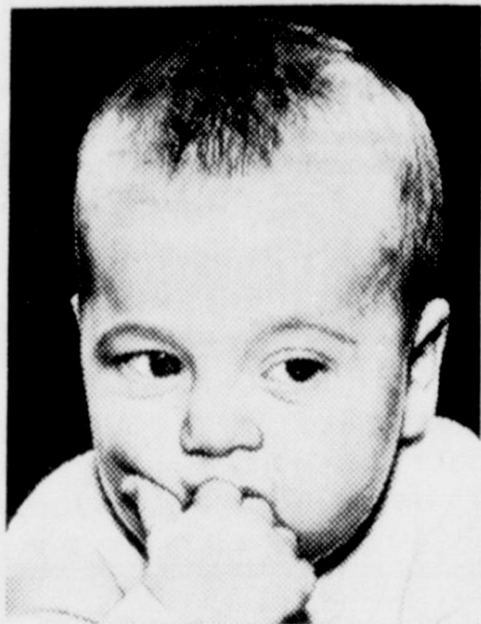

Young people are of special interest. The young are prepared and educated carefully for adult privileges and responsibilities such as driving, voting, and earning a living, but very little attention is given to teaching young people responsible practices and attitudes about drinking. Honest and open discussion before young people begin drinking is a Jaycee goal.

The Jaycees recognize that parents and the family unit can be among the best and early examples of responsible living including responsible drinking.

The United States Jaycees new responsible drinking program is called "Operation THRESHOLD". The alcohol education effort is made possible by a grant from HEW's National Institute on Alcohol Abuse and Alcoholism.

HORSE SHOW WINNERS FROM FRIONA...These four youths were among winners during the Parmer County 4-H Horse Show which was held at Farwell on Saturday, June 16. The four will compete in the District Show in Amarillo on June 28 and 29. Front row, left to right are Holly Hart and Ann Pankratz and back row, Joan Pankratz and Jim Fallwell. All were multiple winners during the county competition.

Wreck Hurts MBP Buyer

Hospitalized at Parmer County Community Hospital in Friona for treatment of facial and rib injuries is **Walt Hackney**, 35, of Plainview, who was injured in a two-vehicle accident seven miles southeast of Friona Wednesday morning.

Hackney, a cattle buyer for Missouri Beef Packers, was the driver of an automobile which was southbound on FM3140 which collided with a Taylor and Son Welding Truck which was east bound on a county dirt road. The accident occurred around 10:30 a.m.

Larry Taylor, driver of the truck was uninjured in the accident.

An ambulance from Parsons-Ellis Funeral Home in Friona was called to the site, but Hackney had been brought to the hospital in Friona by a private vehicle.

The accident was investigated by Texas Highway Patrol officers from Hereford.

An accident the preceding day seven miles north of the Wednesday accident left a Hereford woman slightly injured when she was in a collision with a flying service pickup from Dimmitt.

There were no injuries from the occupants of the pickup, although there was heavy property damage.

THP officers from Farwell investigated the Tuesday accident which occurred around 5:30 p.m.

Great gardening dreams of this time of year often experience a deflationary process before the harvest.

The unrest that plagues the present age is a strange disease that is located underneath the human scalp.

'LIKES TEXAS'

Pennsylvania Doctor Here In Internship

His eyes sparkle, he has a fetching grin, he's young and he's called 'Dr. Plunkett' even though he looks the right age to be a senior in high school.

Student Doctor F.X. Plunkett is in Friona for the summer, in fact, until about mid-August, and the 24-year-old student doctor says, "I like West Texas."

A native of Pittsburgh, Pa., he is attending medical school at the University of Pittsburgh and has two years to go to complete his medical training. This summer, he is a summer intern at Parmer County Community Hospital and will practice here assisting the present doctors until he returns to Pennsylvania to complete medical school.

When asked what brought him from an eastern city with a packed population of one million plus, to a small town in West Texas with a population of probably 3,000 plus, the doctor said he visits friends in Lubbock and liked West Texas, so applied for the summer internship by mail.

On acceptance by the Friona hospital, Dr. Plunkett traveled to Friona from Lubbock via bus and said he was amazed at the topography change between Friona and Muleshoe. Not accustomed to such 'flat' country is one of the more amazing things noted by the young doctor, who said the

vegetation is also so much different from the rangeland and sandy pastureland as noted in the Muleshoe area.

Not having a car here, Dr. Plunkett was asked his mode of travel to and from work. "I live here in the hospital," he noted with a grin. "In room 25. It's really quite comfortable, you know, and I have everything I need."

The eldest of ten children, he said he attended boarding school and college pre-med before returning to Pittsburgh to enter medical school at the University of Pittsburgh and said he has been busy getting re-acquainted with his native Pittsburgh. Dr. Plunkett said he is the only one of his brothers and sisters to have ever visited West Texas, but noted that when he completes school, he tentatively plans to practice in this area, so expects family members to be visiting him.

A bachelor now, Dr. Plunkett said he probably will still be among the 30 percent of graduating medical students who are still single, when they complete school. At one time, he said, most young doctors were still single when they completed school, but, added that approximately 50 percent of his class presently is married, and an additional 20 percent is expected to be married before they finish

school.

Dr. Plunkett lives with 'several guys' and says that during school, he averages only one night out a week because of a heavy study schedule. "But, I'm not studying this summer while I am here," he commented with a grin. "So I do expect to have a bit more social life."

Dr. Plunkett does not have a car, and in response to a question as to how he gets

around, he said in Pittsburgh, all he has to do is ask his parents for the use of their car, but added that in Pittsburgh, a car is generally more trouble than it is worth. He said he and his friends generally rely on walking and public transportation because of parking problems.

In Friona, he walks, bicycles and occasionally uses a hospital pickup for transportation. Dr. Plunkett emphasized that walking and bicycling are good for you.

The doctor said he is delighted with the cool nights and added that in Pittsburgh, summer nights see the temperature generally hovering in the 70s with high humidity. The extremely hot daytime temperatures though, are rather strange to the doctor, who is accustomed to lower temperatures, but high 60-80 percent humidity.

The student doctor will be assisting in general practice here in the hospital as that is the field where he is interested when he completes medical school in two years.

Dr. Plunkett

The rosy glow of beets brightens a plate of food. To keep their rich red color, cook them whole in their skins, suggests Mrs. Gwendolyn Clyatt, consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System.

PTA To Meet In Amarillo

District 8 Parent-Teacher Association council presidents will meet jointly with the area program board of American Lung Association of Texas in a luncheon meeting hosted by ALAT on Saturday, July 7, from 11 a.m. to 1 p.m. at the YWCA in Amarillo.

Purpose of the meeting is to kick off a cooperative anti-smoking education program with the goal of preventing students from taking up the cigarette habit.

Speaker will be Dr. Myron Dees, Director of Health and Physical Education at WTSU. He will speak on plans for a smoking and health seminar to be held for District 8 students and adult trainees at the university in November.

Local directors of the Lung Association, formerly the TB and Respiratory Disease Association, are Mrs. Pearl Cervantez, Mrs. Cordie Vargas and Mrs. Jesse Walling.

BOOKMOBILE

The High Plains Bookmobile Library will be in your area on the following dates—

Thursday, July 5—Oklahoma Lane, 9-10 a.m.; Rhea Community, 10:45 a.m.-12 noon; and Black, 1:15-2:30 p.m.

Friday, July 6—Hub, 9-9:55 a.m.; White's Elevator, 10-11 a.m.; Lazbuddie, 12 noon-1 p.m.; and Clay's Corner, 1:15-2:15 p.m.

Saturday, July 7—Farwell, 9-10:50 a.m.; and Friona, 1-4 p.m.

**Medicare Changes
To Begin Today**

On July 1 many disabled people under age 65 will qualify for Medicare protection, according to Carl H. Thompson, manager of the Clovis Social Security Office.

"No one under age 65 has qualified for Medicare before," Thompson said. "The change was made in the social security amendments which were enacted last October.

"Beginning July 1, the disabled person who has been receiving social security or railroad disability benefits for 24 consecutive months or more will qualify for Medicare coverage. If a person has not been entitled to disability benefits for 24 months by July, the Medicare coverage will begin with the 25th consecutive month of entitlement to disability benefits.

"Young disabled widows who receive 'mother's' benefits because they have minor entitled children in their care

may apply for a disability determination and qualify for Medicare if found to meet the social security definition of disability. The same is true for disabled widows between 60 and 65 who now draw the regular 'widow's' benefits," Thompson concluded.

Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation
Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation. The answer is Preparation H. No prescription is needed for Preparation H Ointment or suppositories.

CHAMBER of COMMERCE and AGRICULTURE

**Farmer's
Crop Reports
Requested**

In early July, over 23,000 Texas farmers will receive an acreage and production questionnaire from Charles E. Caudill, Agricultural Statistician for the Texas Crop and Livestock Reporting Service, Austin, Texas.

Information from this survey will be used to determine harvested acreage and production of early harvested crops for the State of Texas and for each county. There are 254 counties in Texas, and reports are needed from many farmers so that each county will be well represented. Accurate estimates are of great importance to farmers in planning production and marketings and in providing an unbiased picture of Texas agriculture.

The Texas Legislature has provided a program of estimates for each county. Texas covers such a wide area that State totals alone do not provide adequate information on Texas' most basic industry—agriculture. This is a cooperative effort of USDA's Statistical Reporting Service and the Texas Department of Agriculture.

TO BUILD CENTER

PCA Starts Fund Drive For County 4-H Youths

"We are trying to build for tomorrow," said Jacquelyn Langford, secretary-treasurer of the Parmer County 4-H Council, when asked about a newly initiated fund drive to build a State 4-H Educational Training Center at Lake Brownwood.

The statement was made in Friona Monday afternoon as the secretary-treasurer was presented a check by Dale Cary, manager of Production Credit Association. Cary said he had just learned of the proposed building and decided to contribute a check to start a building fund in this county.

Mack Heald, county agent and Jana Pronger, county home demonstration agent, who accompanied Jacquelyn to Friona, gave some information on the proposed building complex for state 4-H youths.

They said youngsters in this part of the state will benefit, as well as those in the immediate Lake Brownwood area. The

complex will house both boys and girls in dorms and will have recreation facilities, meeting rooms, dining areas and training areas.

Construction on the complex is scheduled to begin in September of this year, with a tentative completion date for two years. Open house will tentatively be January, 1975.

According to the county agents, young people and their adult program leaders in Parmer County are literally 'building for tomorrow' as they attempt to make a dream become a reality.

These young people and their program leaders believe that Texas 4-H members need a permanent home where many educational programs and

activities can be conducted throughout the year. Many other states operate year-round centers for 4-H, said Heald.

Thus, youth and leaders of Parmer County are joining with others from throughout Texas to help bring about a 4-H center for Texas. "Put it all together with a 4-H Center" is the theme selected for the current 4-H Center campaign.

Parmer County young people some time ago assisted in the first phase of the campaign to raise funds for a State 4-H Center. They conducted a massive chocolate sales campaign, and with the help of leaders and local citizens, they raised over \$1000 for the project.

The enthusiasm of the

young people and their adult leaders apparently motivated other business and industry groups around the state to join in the project. This spirit of cooperation is again needed," added Heald, "as local citizens move to complete the building fund program.

"A 78-acre site overlooking Lake Brownwood has been selected, and architects have drawn the plans for the proposed center," commented Heald. "So, won't you join Dale Cary and Production Credit Association in Friona with helping with this worthy project?"

Contributions may be made to the 4-H Building Program and mailed to the county agent's office in Farwell.

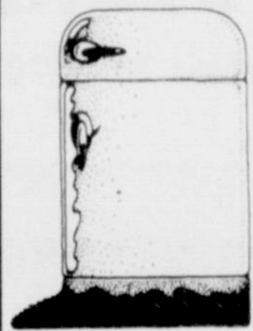

4-H PRESENTED CHECK BY PCA.... Jacquelyn Langford, left, secretary-treasurer of the Parmer County 4-H Council, receives a check presented by Dale Cary, right, manager of Production Credit Association in Friona. The check was presented by PCA to kickoff a county-wide building fund campaign for a 4-H

Educational Training Center at Lake Brownwood. Shown looking on at the presentation are left center, Jana Pronger, Parmer County Home Demonstration Agent and Mack Heald, Parmer County Agent, who accompanied Jacquelyn to Friona to receive the first contribution to the building fund.

The giraffe is so "stiff-necked" that it must spread its legs far enough in order to reach down to drink.

Farm Bureau Seeking 1973 Queen Entries

The 1973 Farmer County Farm Bureau Queen Contest and Talent Find will be held Saturday, July 28, in the Friona High School Auditorium at 8 p.m. Theme of the contest is "Cream of the Crop."

The Farm Bureau is now taking applications for the two contests. Deadline for all entries is Monday, July 16 in the Farm Bureau office or from a committee member.

The purpose of the Queen Contest is to give recognition to the Farm and Ranch girls of Texas. The basic principles of the contest are as follows—

This is an honest-to-goodness Queen contest. The girls are to be judged on grace, poise, charm, vivaciousness, and all the other qualities that go to make up winsome Texas future homemakers. There are three main points on which they will be judged—appearance, poise and personality. Each contestant will be required to speak approximately one minute on "Why Are You Glad Your Family Belongs to Farm Bureau?"

To be eligible to enter the Queen Contest the contestant must be a daughter or sister of a Farm Bureau member. The membership should be in the county of participation. The contestant must be single. (Defined as an unmarried girl or a girl who has never been married.)

Contestants must be between the ages of 16-22. Sixteen by September 1, 1973 and not over 22, September 1, 1973. All employees, dealers and/or servicing agents families and previous state winners.

are not eligible to enter this contest.

Entries in the Talent Find must be between the ages of 17-30 inclusive of December 1, 1973. Participants must be a Farm Bureau member or a member of a Farm Bureau family, and must be amateurs. Time limit for each entry will be five minutes. A penalty of 10 points per minute will be charged for overtime. The Talent Find will be judged for audience appeal and performance.

The winner of the Queen Contest and the Talent Find

\$100 CONTRIBUTED

Burned Out Family Aided By Jaycees

A late Monday afternoon fire engulfed the mobile home of the Joe Guerra family in the Hub community and although the nine member family managed to escape the blaze with no injuries, they lost everything they owned in the sudden fire.

Fifteen year residents of Parmer County, the Guerras are employed on a farm near Hub. They are presently staying with employees of the Billy Dean Baxter farm until they can accumulate clothing and furniture to start over again.

The Friona Jaycees made the Guerras a project and are in the process of starting a drive to assist the stricken family. They are asking for clothing, linens, furniture, food or money for the Guerra family.

Tuesday night, during their regular meeting, the Jaycees voted to contribute \$100 to the family, and the check was delivered Wednesday morning. Members of the family include Guerra, his wife, Lupe,

and their seven children. The children are girls, 6, 7, 8, 10 and 15 and boys, 11 and 16 years of age.

One of the local churches indicated to the Jaycees they would assist in accumulating furnishings for the family and Friona Jaycee President Don Gatlin asked that anyone wishing to make a contribution to the family, contact him at Carrol's Printing at 601 Main St.

By late Wednesday, clothing and other articles had started arriving to help the Guerras.

Firemen said by the time they reached the Guerra trailer home Monday, the structure was already lost. According to one fireman, the average time for a mobile home to be consumed by fire is approximately 13 seconds.

Dress Revue Set For Farwell

About 25 girls are expected to enter the Parmer County 4-H Dress Revue slated for July 13 at the Hamlin Memorial United Methodist Church in Farwell, according to Jana Pronger, home demonstration agent here.

Any member of the 4-H Club here interested in entering the dress revue is asked to contact Miss Pronger in Farwell or Mrs. Dale Hart, local leader, as soon as possible.

Fund Started In Hub Community

Mrs. Clyde Woodard of the Hub community said a fund-raising drive for the Joe Guerra family has been started at the Hub Grocery. The Guerras lost all their belongings in a fire Monday evening at

Hub. Persons wishing to make a contribution to the nine-member Guerra family have been asked to leave it at the Hub Grocery.

A report on two history-making grain movements

Two "Backbreakers" BACK-TO-BACK

1. The huge export grain movement

(Santa Fe can report "mission accomplished" for moving its share of grain to Russia — just one phase of the big export job!)

2. The largest winter wheat harvest in history along the Santa Fe

(Now getting underway)

Moving millions of bushels of grain is a big job. To move it in a limited time period while the economy is booming and all shippers calling for more cars and service, makes these huge transportation projects "BACKBREAKERS."

Santa Fe is setting records meeting current demands for service, but no backs are being broken. For example, since last August Santa Fe has moved over 150,000 carloads of grain, a 50% increase in shipments. That's a staggering amount, but it's only part of the story.

With no prior notice to the rail industry to make special preparations, the Russian grain movement of 400-MILLION bushels was announced last year with a completion deadline of May 31, 1973. At the same time even many more millions of bushels were also being exported to other nations.

What Santa Fe did. Starting with a transportation system in excellent condition, Santa Fe people put their "know how" and all facilities in full throttle position.

2,000 new jumbo covered hopper cars were added to bring Santa Fe's fleet to 12,000, the largest in the rail industry.

4,100 smaller covered hopper cars were drafted for use, too, as well as regular box cars. Open top hoppers not normally used for grain were also employed. In addition 64 new diesels are now hard at work moving the record traffic volume.

Even with all of this, special measures were worked out at considerable expense to the Santa Fe for handling cars to minimize port congestion and keep the railroad fluid.

Santa Fe can report "mission accomplished" for handling its share of the grain to Russia, and we still have other export grain to move, but the big job now ahead is moving this year's harvest.

Largest wheat harvest along the Santa Fe, 687-MILLION bushels The harvest extends from Texas, across Oklahoma, Kansas, into Colorado and New Mexico. It is already started. It is a vast project and the Santa Fe job is to move the wheat to elevators during the brief period of harvest time.

What Santa Fe is striving for principally is more efficient car utilization, faster yard operations and the best possible use of locomotives to move the grain while keeping all freight rolling.

It's a job that can't be done without the help of everyone in the grain industry and cooperation of all shippers. With everyone working together, two of the greatest moves ever recorded in the history of rail transportation will be accomplished . . . the huge multi-million bushel export grain movement and the largest harvest in history along the Santa Fe.

Two "BACKBREAKERS," back-to-back, with Santa Fe putting its best efforts into getting the job done.

Santa Fe employees who have worked long and hard on the export wheat project, are now focusing all efforts on the new harvest.

The harvest moves at a record pace with Santa Fe kept busy hauling the new grain to elevators and making exports.

2,000 new jumbo covered hoppers bring Santa Fe's fleet to 12,000. These grain cars are ideal for moving grain, polish and other bulk commodities.

THE ATCHISON, TOPEKA AND SANTA FE RAILWAY A SANTA FE INDUSTRIES COMPANY

Reeve, Bank Battle For Major LL Lead

Reeve Chevrolet-Olds scored a pair of wins in the Major League the week ending June 22, to tie Friona State Bank for the league lead, each having won-lost records of 8-2.

One of the wins was over the Bank, 9-5 on Tuesday. Mike Hutson was the winning pitcher. Hutson also collected a pair of hits—both doubles, to help spark the offensive attack. Rolando Caballero had three hits for the winners.

The score was tied, 0-0, 1-1, 3-3, 5-5 and 6-6 before Reeve scored three in their half of the sixth and limited the Bank to a single run for the win.

Other Major League games saw the Friona Star score its second win of the season, 11-10 over Friona Feed Yard on

Monday. Then on Thursday, the Bank topped the Star, 20-7 to regain their winning form.

The Star had a 7-5 lead before the Bank sent 19 players to the plate in the second inning, scoring 15 runs and breaking the game wide open.

On Friday, Reeve scored a forfeit win over Friona Feed Yard, when the Feed Yard failed to field nine men by 6:30 p.m.

Basketball Camp Here

A total of 57 young ladies, of varied sizes and from a number of towns and cities, are spending their days working out at the Friona High School gym, during the summer camp for basketball players.

Coordinator of the special five-day session for basketball players is Coach F.G. Crofford. Coach Tommy Waldrop, who is one of the instructors in the special summer session for potential basketball stars of

tomorrow, said the 57 are representatives from Friona, Vega, Midway of Waco, Adrian, Panhandle, Olton and Farwell. The largest number of girls from one city are from Vega, where 19 were registered for the session.

Also assisting with the instruction are Coach Doug Chaveaux, who is head coach at McCamey, along with assistants Karen Crofford, a 1971 graduate and Diane Day, 1972 FHS graduate.

Coach Waldrop said the state-winning Midway of Waco school sent one girl for the summer camp, Lesa La Moine. She is the daughter of Mitch La Moine, head coach of the Midway School.

THE LONG AND THE SHORT OF IT...Elizabeth Isaac, 13, at the left and Carri Dodgin, 12, were among the tallest and the shortest represented at Friona Coach F.G. Crofford's basketball summer camp this week. Elizabeth, who is five-seven, is from Muleshoe and Carri at four-seven, resides in Vega. They are among the 57 girls from several towns and cities who attended the special five-day session. [Staff Photo]

Babe Ruth Meet Set

Top athletes from across Texas will be participating in the State 16-18 Babe Ruth Baseball Tournament beginning Tuesday, July 17, 1973 in Babe Ruth Park in Olton.

Selected for the tourney site for the second straight year, Olton is one of the eight towns comprising the host tournament team. ALMO League Senior Babe Ruth teams are from Amherst-Sudan, Littlefield, Muleshoe, Olton, Morton, Dimmitt, Nazareth and Anton.

Other teams competing in the State Tourney will be All Stars from Northside San Antonio, Southside San Antonio, Graham, Lubbock, South Plains (teams from Brownfield, Levelland, Tahoka, Post and Lamesa.)

The double-elimination tournament will be played in Olton's Babe Ruth Park which is located at 6th Street and Avenue L.

Game number one will get underway at 4:30 p.m. July 17 between Northside San Antonio and Graham.

Benger Continues As Senior LL Pacesetter

Benger Air Park scored a pair of wins last week in the Senior Little League, to run its season record to 6-1, and give the Flyers a two-game lead over second-place Pioneer Cattle Company.

On Monday the 18th, Benger had to score seven runs in the fifth inning to come from behind for a 14-9 win over Hi-Plains Feed Yard. The Feeders had built a 9-2 lead after three innings, and still led, 9-7 after four innings. But the seven-run fifth inning pulled out for Benger.

Three doubles in the inning were socked by John Seright, Robin Baize and Paul Ortiz.

In other games, Pioneer scored a 19-9 win over Cattle Town. Jody Menefee's three hits paced the winners.

On Thursday, Benger shaded Cattle Town, 11-3, scoring four runs in the fourth and six in the sixth. Baize hurled a no-hitter for Benger, as Cattle Town's

runs scored because of errors. Hi-Plains Feed Yard bested Pioneer Cattle, 15-6 on Friday, as the Feeders erupted for nine runs in the first two innings for a 9-1 lead and were never headed.

Trust God And He Will Never Forsake You

Read I Corinthians 10:13-22

God keeps faith, and he will not allow you to be tested above your powers, but when the test comes he will at the same time provide a way out, by enabling you to sustain it. (I Corinthians 10:13, NEB)

This text has been precious to me because the promise has been proved to be true. I think particularly of one occasion in my life during World War I when the heavens were as brass and my faith was almost gone. I thought I was in a blind alley and that there was no escape. But the darkest hour was before the dawn, and the way of escape came. It did not come a second before it was necessary.

God knew my breaking point and did not allow me to be tested beyond my strength, and He made a way of escape. When Mr. Fearing, of "Pilgrim's Progress," got to the edge of the dark river of death, he cried, "Oh the hobgoblins will have me." But we read that the river was flowing shallower at that particular time. Mr. Fearing with all his fears got across, the water being but ankle deep.

PRAYER--Our heavenly Father, help us to trust Thee for all that is to come. In Jesus' name. Amen.

THOUGHT FOR THE DAY--God never forsakes one who trusts in Him.

Pre-Nuptial Shower Fetes Holly Welch

Holly Welch, bride-elect of Joe Bill Jones, was honored with a bridal shower last Saturday in the home of Mrs.

D.C. Herring. Table appointments of crystal offset a sheer white organdy cloth featuring a centerpiece of apricot roses, baby breath and greenery, displayed in silver.

The hostesses presented Holly a gift of dutch blue cookware and a crystal water pitcher.

Special guests other than the honoree were her mother, Mrs. Louis Welch; the mother of the prospective groom, Mrs. Robert L. Jones and grandmother, Mrs. Lucy Welch, Mrs. Louisa Wilson and Mrs. Jim Shafer.

Hostesses for the shower were Peggy Bryant, Mrs. Eaton Nichols, Mrs. Marion Fite, Mrs. D.C. Herring, Mrs. Truett Johnson, Mrs. David Grimsley, Mrs. James Procter, Mrs. W.R. Riethmayer, Mrs. W.D. Buske, Amy Mason, Mrs. Bearl Dean Broyles, Mrs. Jimmy Mabry, Mrs. Eugene Bandy, Mrs. John Renner and Mrs. Elvin Wilson.

Teels Welcome New Daughter

Mr. and Mrs. Jerry Teel welcomed their first child at 4:41 a.m. on Monday, June 25. Trisha Ann weighed six pounds, five ounces and was eighteen and a half inches long. Grandparents are Mr. and Mrs. W.D. Buske and Mr. and Mrs. W.E. Teel, all of Friona and great-grandparents are Mr. and Mrs. W.F. Buske of Friona and Mr. and Mrs. Neff Turner of Abernathy.

Canipe Funeral Held In Clovis

Funeral services were held at 2 p.m. Tuesday for Mrs. May Canipe, 56, who died Saturday night in Parmer County Community Hospital in Friona after a lengthy illness. Mrs. Canipe, a resident of Friona, had lived in Clovis for 49 years.

Services were held at the First Assembly of God Church in Clovis, where she was a member. Reverend C.L. Bates of Friona and Reverend Melvin Sasse of Clovis officiated. Burial was in Lawn Haven Cemetery.

Mrs. Canipe is survived by her husband, Lawson Canipe, of Friona; three daughters, Mrs. Dorene Morrison, Bedford, Texas; Mrs. Gitana Bonds, Las Vegas, Nevada, and Mrs. Judy Shubert, Beege, Arkansas; three sisters, Mrs. H.E. Thomas, Clovis; Mrs. M.J. Smothers, Amarillo, Texas, and Mrs. S.G. Chumley, Jacksonville, Florida; three brothers, L.W. McDowell, Lubbock, Texas; Vaughn McDowell, Las Vegas, Nevada, and E.R. McDowell of Clovis.

Parsons-Ellis Funeral Home of Friona was in charge of arrangements.

Future Bride Party Honoree

A Tuesday morning breakfast in the home of Mrs. Clyde Woodard honored Holly Welch, daughter of Mr. and Mrs. Louis Welch, and bride-elect of Joe Bill Jones.

With the invitation reading, "bring a gift you have conjured up" the gift presentation was homemade gifts for the honoree.

The breakfast table was laid with linen cloth featuring an orange and hot pink centerpiece and place cards of white rocks decorated with orange silk flowers, baby breath and hot pink star flowers.

Special foods served at the breakfast included cantaloupe ring with watermelon balls and frosted grapes; sausage links, baked ham, yeast crown and lemon pepper loaf.

Special guests were the mothers of the honored couple, Mrs. Welch and Mrs. Robert L. Jones, and two grandmothers, Mrs. Lucy Welch and Mrs. Louise Wilson.

Mrs. Bobby Gene Sutton

Mr. and Mrs. Bails Have Ohio Visitors

Visitors in the Leo Bails home during the past week were his sister and husband, Mr. and Mrs. Delbert Sager of Toledo, Ohio.

First Child For Byars

Mr. and Mrs. Tom Byars became parents of a baby boy, Thomas Scott, who was born Thursday, June 21, at Hereford.

The new arrival weighed six pounds, five and one-half ounces.

Paternal grandparents are Mr. and Mrs. C.H. Byars of Enochs, and maternal grandparents are Mr. and Mrs. O.G. Smith of Port Arthur.

Thomas Scott is the first child for the couple. Byars is manager of the Friona Farmers Co-op Gin.

Mrs. Vance Rites Held Wednesday

Funeral services were held in Hereford Wednesday for Mrs. Adeline M. Vance, 57, of Hereford, mother of a former Friona resident. Mrs. Vance died at 2:20 p.m. Sunday in St. Anthony Hospital in Amarillo.

Her son, Tyler, who presently resides in Amarillo, is a former employee of the Friona Star and her husband, Elbert Vance, formerly operated a restaurant in Friona.

Susan Reed, Bobby Sutton Wed In Oklahoma Ceremony

Susan Beth Reed exchanged marriage vows with Bobby Gene Sutton of Forgan, Okla., Tuesday evening with Rev. Wayne Huckaby reading the ceremony at the First Baptist Church in Keyes, Oklahoma.

Susan is the daughter of Mr. and Mrs. George Reed of Keyes, and granddaughter of Mr. and Mrs. G.E. Reed of Friona, and Bob is the son of Mrs. Georgia Sutton of Forgan and Carl Sutton of Gage.

Given in marriage by her father, she was attended by Cathy Hood as maid of honor. Best man was Steve Sutton of Forgan and wedding music was by Candi Rhoton of Amarillo and Norma Hitchings of Griggs. Mrs. Jim Reed of Friona registered guests.

The bride's gown was of

snowflake crepe, with bands of Venice lace edging the short sleeves, tracing the empire waistline and trimming a back skirt panel. The same lace bordered the long veil of French illusion which extended into a full circle train. She wore a white dove pin owned by her great-grandmother. The bridal bouquet was carried on a white Bible.

The couple will be at home in Aggie Villa Mobile Park, Goodwell, Oklahoma.

Out-of-town guests included Mrs. Georgia Sutton, Forgan; Carl Sutton, Gage; Mrs. Sadie Trumbell, Beaver; Mr. and Mrs. Rod Taylor, Greensburg, Kan.; Steve and Bill Sutton, Forgan; Gala Gall, Liberal, Kan.; Mr. and Mrs. Dee Panter

and Jo Jean of Elkhart, Kan.; Mrs. C.H. Horner, Mr. and Mrs. Jim Reed and Todd and Mr. and Mrs. G.E. Reed, all of Friona.

Youths Attend Church Camp

Several Friona youths are attending the Assembly of God Kid's Camp at Roaring Springs this week. Included are Glendora Appling, Margo Davis, Cindy Auburg, Glenda, Linda and Sam Bates and Ricky Wiggins.

Ronnie and Mike Bates attended the camp during the first week in June.

Mr. and Mrs. Mills Are Honor Students

Mike Mills, who was a student at Texas Tech University, was named to the Dean's Honor List. He is majoring in pre-pharmacy and is the son of Mr. and Mrs. Wayne Mills.

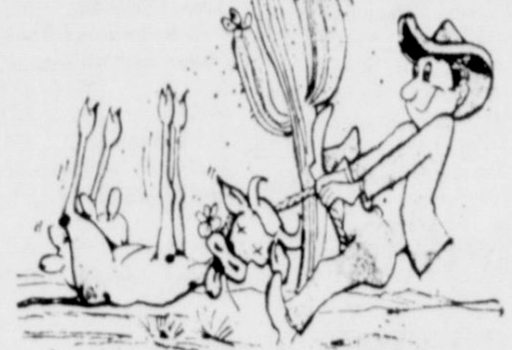

Sharon Crofford Mills, daughter of Mr. and Mrs. F.G. Crofford, was also listed on the Dean's Honor List at Texas Tech. She is an elementary education major.

Pioneer Services Held Wednesday

Services for Mrs. A.S. Curry, 87, who died at 12:02 a.m. Tuesday in Deaf Smith Memorial Hospital in Hereford, were held at 3 p.m. Wednesday in First United Methodist Church in Friona.

Officiating were the Rev. Albert Lindley, pastor, assisted by Rev. R.C. Hester of Calvary Baptist Church. Burial was in Friona Cemetery by Parsons-Ellis Funeral Home.

Mrs. Curry, a native of Sardis, moved with her husband, Arthur, to Friona in

1918. She and her husband had married in Sardis in 1913. He preceded her in death in 1953. Also, Mrs. Curry was preceded in death by a son and two daughters. She was a Methodist.

Survivors include two daughters, Mrs. Thelma Jones of Friona and Mrs. E.J. Johnson of Nocona; three grandchildren, Mrs. J.O. Wall of El Paso, Glendel Jones of Friona and Don Brecht of Canyon; six great grandchildren and one great-grandchild.

**On The Farm
In Parmer County
MACK HEALD
County Agent**

DURING THE past week a white, fluffy substance was seen on several ornamental plants. This white material is the covering over a small insect called Eucyrtus scale. It may also be found on some fruit trees. The tiny insect is a sap sucking type, feeding primarily on branches and limbs. The scales spread from plant to plant by wind, birds and other insects. Control can be obtained by using malathion or diazinon. If using on fruit trees be sure to read the label as to the amount to use and the number of days before harvesting. Two or more applications should be made at 2 week intervals.

TOPHONORS will be the goal of some 185 4-H horsemen when they assemble for the District 14-H Horse Show June 28-29 in Amarillo. Only 29 will win and go on to state competition.

Putting their horsemanship abilities on the line, the 4-Hers representing 22 Panhandle counties will gather at the Bill Cody Arena for two days of competition. Halter classes and showmanship will be judged June 28, and the performance classes will be judged on June 29.

Mike Drennan of Meade, Kansas, will serve as official judge for the two-day event. Superintendent for the show will be Gaines Franks, Potter County Extension Agent.

The quota of entries is based on the number of active 4-H members with horse projects in each county.

The district-wide show will determine who will compete in the State 4-H Horse Show at Odessa August 1-4.

Youngsters attending from Parmer County will be Joan and Ann Pankratz, Holly Hart, Dianna and Kim Naegle, Terri Clark and Russell Windham.

HOME GARDENERS can make good use of vegetable matter, grass clippings and other refuse left after harvesting and mowing to build a compost pile.

Composting has two advantages—it disposes of unwanted plant matter and at the same time it provides a mixture high in organic matter that is good for the soil in gardens, flower beds and other locations.

To compost plant material, all that is needed is a three-sided structure made of wood, chicken wire or hardware screen. One end is left open for convenience in turning the mixture from time to time.

Prepare the compost pile by alternating layers of vegetable matter or grass and soil, each layer being four-to-six inches thick. Sprinkle a commercial fertilizer such as 12-12-12 or 8-8-8 on each layer of vegetable matter at the rate of a half pound or one cup to each 10 square feet of surface area. The fertilizer speeds up the decomposition process.

Soil should always serve as the top layer of the compost pile. Leave it low in the center to catch water. Water a new compost pile thoroughly when completed and add water during long periods of dry weather.

Turn or mix the compost pile with a fork every few months to speed up the decomposition process. If watered and turned adequately, should be ready to use in about six months. A commercial compost activator may be added to speed up decomposition.

Once the material in the compost pile is thoroughly rotted, use it to improve the soil in much the same way that peat moss and humus are used. Compost is a cheap means of improving your soil, and it can be prepared in your own backyard.

12 Accidents During May John Key Funeral Held

The Texas Highway Patrol investigated 12 accidents on rural highways in Parmer County during the month of May, according to Sergeant W.E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed and eight persons injured.

The rural traffic accident summary for this county during the first five months of 1973 shows a total of 47 accidents resulting in no persons killed, and 16 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for May, 1973 shows a total of 550 accidents resulting in 21 persons killed and 318 persons injured as compared to May, 1972 with 517 accidents resulting in 25 persons killed and 329 persons injured. This was 33 more accidents, 4 less fatalities, and 11 less injured in 1973 at the same period of time.

The 21 traffic deaths for the

month of May, 1973 occurred in the following counties—Gray, 5; Lubbock, 4; Bailey and Hartley, 2 each; Castro, Knox, Montague, Palo Pinto, Randall, Swisher, Wise, and Young, one each.

What Makes Agriculture So Essential?

Agriculture is the only essential business. All other activities are possible only to the extent that food and fiber are produced in excess of the producer's needs.

These facts are pointed out by Glenn C. Klingman of the Weed Society of America. He notes that cultural and technological advances as well as high living standards directly parallel the successes of agriculture.

"And if agricultural technology is to continue, the benefits and risks of any chemical must be kept in perspective," Mr. Klingman adds.

Funeral services for John H. Key, 85, father of Mrs. L.R. White of Friona, were conducted at 2 p.m. Wednesday, June 20, in United Methodist Church of Branch, Ark. with Rev. Hawkins, pastor, officiating. Burial was in Garden of Memories at Charleston, Ark. by Smith Funeral Home.

Key died Monday, June 18, at Boonesville Hospital at Boonesville, Ark. He was a member of United Methodist Church of Branch and an Arkansas resident for the past 24 years. He was a retired farmer, rancher and oil

DEPUTY HOME
Parmer County Deputy Sheriff Garland Freeman returned to his home this week to recuperate from recent surgery at St. Anthony's Hospital in Friona.

Deputy Freeman said he feels "just fine" but is getting tired of just sitting around.

pumper. He was a former resident of Friona.

Survivors include his wife, Ruth and three sons, Marvin, Belen, New Mex.; John of Levelland; D.E. Bratt of Archer City (Tex.); two daughters, Mrs. L.R. White of Friona and Mrs. Charles Council of Charleston, Ark.; 14 grandchildren; 21 great-grandchildren and two great-great grandchildren.

Stomach Upset by Gas and Acid?

Di-Gel with Simethicone quickly relieves both acid and gas.

This unique discovery breaks up and dissolves trapped gas bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

The Truth Will Make You Free

The earliest Hebrew manuscripts of the Old Testament date from 900 to 1000 A.D. These are the basic witnesses to the text of the Old Testament. The reason copies of the Hebrew Bible are late in comparison with the New Testament materials is the almost superstitious respect Jewish scribes had for copies of their Scriptures. Any copy which became old or worn was given a ceremonial burial. This was to prevent the improper use of the material on which the sacred name of God had been inscribed. This custom has deprived us of the early Hebrew manuscripts and has lengthened the gap between the available copies of the text and the Old Testament autographs.

A group of scribes called the Massorettes came into being about 500 A.D. These scribes were dedicated to the preservation of the Old Testament text. Since all the letters in the Hebrew alphabet are consonants, the Massorettes devised a system of vowels and accents for the Hebrew text. These vowel points were added to insure the correct pronunciation of the text.

These Massorettes also sought ways of eliminating scribal slips of addition or omission in the text. They did this through intricate procedures of counting. They numbered the verses, words, and letters of each book. They even counted the number of times each letter was used in each book. They calculated the middle verse, the middle word, and the middle letter of each book. These were safeguards which a scribe could use to check the accuracy of his work.

Thus, the Massorettes were textual critics of the first rank. They examined and appraised carefully all the textual materials available to them, and on the basis of their abundant evidence set down in writing the form of the text which had been received at least several centuries before their time.

NEXT WEEK—More On the Old Testament Text

ONE INJURED IN COLLISION...Walt Hackney, 35, of Plainview, a buyer for Missouri Beef Packers, was the driver of this late model automobile which was in collision with a truck six miles southeast of Friona Wednesday morning. Hackney received facial and rib injuries and was hospitalized at Friona. Larry Taylor, driver of the welding truck from Friona, was uninjured in the wreck. (Staff Photo)

Area Blisters During 100-Degree Temperatures

Friona had a minor heat wave Monday and Tuesday of this week when the highs went for the top. In case you thought it was extremely hot Tuesday afternoon, you were absolutely right! At 3:30 p.m. Tuesday, the thermometer officially reached 100 degrees for the first time this year.

sneak preview of what was to come when the thermometer edged up to 95 officially for the day and hovered near that mark until late in the date.

In the area and on the Panhandle during the two day period of time, several 100 plus temperatures were officially tabbed before cloudy skies and sputtering, intermittent sprin-

kles temporarily cooled things off.

At mid-day Wednesday, the temperature was 82 and although a sunny sky prevailed during most of the afternoon, the temperature failed to reach the top figure it had during the previous day.

In the area, Amarillo stayed consistently approximately 10 degrees above the highest recorded in Friona on Wednesday, and with high humidity, the muggy day sent the thermometer into the 90s for the day.

During this week, Amarillo has reached temperatures higher than Friona, with several cities logging temperature above 104 degrees on Tuesday.

On Tuesday, at the same time the thermometer showed 100 degrees for the official temperature, a thermometer on the back parking lot at Parmer County Community Hospital showed 104 degrees and that went up a couple of degrees during the rest of the afternoon.
